ELIGIBILITY CRITERIA

For full definitions of the capitalised terms in this section, please consult the Glossary in the Schedule.

1. Common Eligibility Criteria

To obtain a PCS label the following criteria need be met by all securitisations:

(a) Balance Sheet Asset

- (i) In the case of a regulated bank or insurance company, the Underlying Assets must be at or before the Specified Date on the regulatory balance sheet of the Protection Buyer or one of its affiliates;
- (ii) In the case of any other type of Protection Buyer, the Underlying Assets must be owned by the Protection Buyer or a member of the Protection Buyer's group.

(b) Alignment of Interests Standards

- (i) The Protection Buyer shall retain a material net economic interest sufficient to meet the requirements of Article 405 of the EU Capital Requirements Regulation; and
- (ii) The Protection Buyer shall undertake in the Risk Transfer Securitisation Documentation that it shall not further hedge its exposure to the Underlying Assets beyond the Risk Transfer Securitisation in such a manner as to result in the double hedging of the same risk.

(c) No Iterative Credit Tranching

The Risk Transfer Securitisation is not part of a Re-Securitisation.

(d) No Embedded Maturity Transformation

Each Underlying Asset was underwritten (a) with full recourse to an Obligor that was an individual or a corporate that is not a special purpose entity and (b) on the basis that the repayment necessary to repay the relevant Underlying Asset was not intended, in whole or in part, to be substantially reliant on the refinancing or re-sale value of the security for that financial obligation.

(e) Transparency Standards

- (i) The Protection Buyer and the SPE (if any) shall provide access to data on static and dynamic historical default and loss performance,

such as delinquency, default data and recoveries, for substantially similar exposures to those being securitised to investors before investing. Those data shall cover a period no shorter than five years. The basis for claiming similarity shall be disclosed.

- (ii) The Protection Buyer and/or the SPE (if any) shall provide the investors, on at least a quarterly basis, with relevant information on the performance of the securitisation throughout the life of the Risk Transfer Securitisation. Such information should include:
 - (a) for pools where the identity of the Obligors is undisclosed, an update on the loan-level data of the reference portfolio;
 - (b) for pools where the identity of the Obligors is disclosed, summary statistics on the Underlying Assets; and
 - (c) coupon payment information and the method of its calculation.

The information provided shall reflect the status of the pool at a date no earlier than 45 days from the date the report is provided to investors.

- (iii) The Protection Buyer and SPE (if any) shall be jointly responsible for compliance with information reporting obligations. The Protection Buyer and SPE (if any) shall undertake to and shall make available the final documentation (directly or indirectly) to investors shortly after the Closing Date.
- (iv) The Protection Buyer undertakes that it will disclose to investors and potential investors:
 - (a) loan-level data to enable investors or third party contractors to build a cash flow model setting out the Risk Transfer Securitisation cash flows and detailed summary statistics on the underlying exposures. Such data should include, for each Underlying Asset;
 - (i) the notional amount of the Underlying Asset;
 - (ii) the country of business of the relevant Obligor;
 - (iii) the economic activity sector of the relevant Obligor;
 - (iv) the maturity date of each Underlying Asset;
 - (v) the amortisation profile of each Underlying Asset;
 - (vi) where the identities of the Obligors is undisclosed the rating and/or (regulatory) PD estimate for the Underlying Assets;

- (vii) where the identities of the Obligors is undisclosed the (regulatory) LGD estimate of the Underlying Assets;
 - (viii) the currency in which each Underlying Asset is denominated;
 - (ix) the payment frequency of the Underlying Assets;
 - (x) the availability and/or value of collateral (if applicable) for each Underlying Asset;
 - (xi) the loan type of each Underlying Asset (if applicable);
 - (xii) any FX rate (if applicable) for Underlying Assets denominated in more than one currency; and
 - (xiii) any FX date used for fixing FX rates for any Underlying Asset (if applicable);
- (b) details of the information relating to the Risk Transfer Securitisation and the Underlying Assets which will be made available for so long as the Risk Transfer Securitisation is outstanding, when such information will be made available and where such information will be made available (including how investors will be able to access it);
- (c) all material Protection Buyer (and SPE, if any) undertakings, representations and warranties;
- (d) a description of the underwriting criteria, process and standards applied in originating the Underlying Assets;
- (e) a description of processes and standards (i.e. administration, collection, recovery and back up servicing) applied in servicing the Underlying Assets;
- (f) the ratings which will trigger:
- (i) a requirement for the provision of Collateral; or
 - (ii) the replacement of any entity involved in the Risk Transfer Securitisation; or
 - (iii) the transfer of any bank accounts; or
- confirms that no such triggers exist;
- (g) the method or methods by which the Risk Transfer Securitisation shall amortise and, if there is more than one method of amortisation, the circumstances in which each method shall be applied;

- (h) the identity of the Verification Agent, together with a statement that the Verification Agent is an entity independent of the Protection Buyer and that the Verification Agent's appointment is effective or shall be effective on or prior to the Closing Date;
- (i) the nature and extent of the verification process that the Verification Agent shall perform;
- (j) in Risk Transfer Securitisations where some or all of the Underlying Assets are denominated in a currency other than the Transaction Currency, the exchange rate or rates at which the currency of the Underlying Assets shall be converted into the Transaction Currency and the circumstances, if any, in which these exchange rates may change;
- (k) the duration of any replenishment period, and any circumstances in which that replenishment period may be extended or may end earlier than expected;
- (l) the loss trigger events that may result in a protection payment being made by investors;
- (m) the length of any grace periods that are to apply following a failure to pay by an Obligor before a "failure to pay" loss trigger event occurs;
- (n) the method of calculation of protection payments;
- (o) the timing for any protection payments;
- (p) if interim protection payments are provided for:
 - the timing of such interim protection payments;
 - the method of calculation of such interim payments;
 - the timing of any adjustment payment following an interim payment;
- (q) the date after which final losses on Underlying Assets would be subject to an estimation;
- (r) the Protection Buyer's average work-out period for assets of a similar type as the Underlying Assets;
- (s) any events that allow the Protection Buyer to exercise Call Rights;
- (t) the Maximum Protection Amount;
- (u) any mechanism for increasing or decreasing the maximum protection amount in respect of any Underlying Asset;

- (v) any payments due from or to investors following the termination of the credit protection provided by the Risk Transfer Securitisation;
- (v) The Protection Buyer (and, if applicable, the SPE) shall undertake to provide and shall provide to investors the information referred to in (iv)(b) above until no amounts falls to be paid by or to investors under the Risk Transfer Securitisation.
- (vi) The Risk Transfer Securitisation Documentation shall clearly specify:
 - (i) the contractual obligations, duties and responsibilities of the trustee (where applicable) and any other Risk Transfer Securitisation parties (including any ancillary service providers), (ii) provisions that ensure the replacement of any Risk Transfer Securitisation party (other than the Protection Buyer and investors) upon their default, insolvency, and other specified events, where applicable.
- (vii) the Risk Transfer Securitisation Documentation shall clearly specify:
 - (a) The servicing procedures that apply at the Closing Date to servicing the Underlying Assets;
 - (b) The circumstances in which these procedures may be modified;
 - (c) The servicing standards that will apply to the Servicer in servicing the Underlying Assets for so long as the Risk Transfer Securitisation is outstanding.
- (viii) For Public Risk Transfer Securitisation only, the Protection Buyer undertakes that it will disclose in the first investor report the amount of the Securities:
 - (a) Privately placed with investors which are not in the Protection Buyer Group; and
 - (b) Retained by a member of the Protection Buyer Group.

(f) Additional Risk Transfer Securitisation Quality Standards

- (i) The Protection Buyer is incorporated in a jurisdiction in the European Economic Area or Switzerland.
- (ii) The Underlying Assets shall meet predetermined and clearly defined eligibility criteria in order to be eligible for credit protection.
- (iii) An Underlying Asset may only be removed from the securitisation where it:
 - (a) has been repaid or otherwise matured;
 - (b) the Protection Buyer has disposed of its interest in such exposure to an entity which is not an affiliate;

- (c) where the Underlying Asset did not meet the eligibility criteria at the time it was included in the securitisation;
 - (d) the Underlying Asset is subject to a refinancing or amendment that is not credit driven and which occurs in the ordinary course of servicing such asset; or
 - (e) the amount of regulatory capital that would otherwise have had to be held against the Underlying Asset increased.
- (iv) Where the Risk Transfer Securitisation includes a replenishment period, additional exposures may be added to the securitisation provided that such additional exposures meet the eligibility criteria and any other clearly defined replenishment conditions.
 - (v) The Underlying Asset shall be homogenous in terms of asset category.
 - (vi) The Underlying Assets shall not include derivatives (other than derivatives entered into for commercial hedging purposes in connection with the Underlying Assets).
 - (vii) Following the occurrence of an enforcement or acceleration event, sequential amortisation should apply to all tranches so that as the Underlying Assets amortise, such amortisation should be applied to reduce all tranches in order of seniority.
 - (viii) As tranches amortise, where investors have provided Collateral for those tranches, Collateral should be returned to investors in line with such amortisation.
 - (ix) Underlying Assets should be serviced in the same way as other assets of the Protection Buyer which are not securitised and to the standard of a reasonable prudent lender/financier.
 - (x) The Servicer shall have expertise in servicing assets of a similar nature to the Underlying Assets and shall have performed servicing of this nature for at least 3 years.
 - (xi) The Verification Agent shall be independent of the SPE and the Protection Buyer and shall have been validly appointed (and shall have accepted its appointment) on or before the Closing Date.
 - (xii) The investors shall not be required to make any final protection payments under the Risk Transfer Securitisation unless the Verification Agent has verified at least the following:
 - (a) that the relevant Underlying Assets complied with the eligibility criteria at the time they were included in the securitisation;
 - (b) that replenishments complied with the replenishment conditions;
 - (c) the occurrence of loss trigger events;

- (d) that relevant exposures were included in the securitisation at the time of the occurrence of the relevant loss trigger events;
- (e) final loss and credit protection amounts in respect of loss trigger events; and
- (f) that the Protection Buyer was in compliance at all times with its risk retention requirements.

Such verification by the Verification Agent may be performed on a sample basis rather than for each individual Underlying Asset for which a protection payment is sought BUT in all cases, any investor must have the right to require an asset by asset verification if it is not satisfied with the sample verification.

- (xiii) The Protection Buyer shall undertake in the Risk Transfer Securitisation Documentation that it shall provide to the Verification Agent all the necessary information to verify the requirements set out in the paragraph above.
- (xiv) The Transaction Currency shall be an Eligible Currency.
- (xv) Where Underlying Assets are denominated in a currency other than the Transaction Currency, any losses and recoveries in respect of those Underlying Assets should be converted into the Transaction Currency at one or more pre-determined exchange rates.
- (xvi) If the Protection Buyer is able to reset the exchange rate for individual Underlying Assets to reflect movements in the currency rate, where such resetting results in an increase in the maximum protection amount for that asset, such increase must be treated as a replenishment or inclusion of a new Underlying Assets into the reference portfolio.

(g) Risk Transfer Securitisation Standards

- (i) the credit protection is direct.
- (ii) The amounts payable by investors under the Risk Transfer Securitisation are:
 - clearly defined;
 - capable of calculation in all circumstances; and
 - limited in amount.
- (iii) The circumstances in which investors are required to make payments under the Risk Transfer Securitisation are:
 - clearly defined;

- objective or subject to a determination by the Verification Agent; and
 - Limited in number.
- (iv) The rights of the Protection Buyer to receive protection payments under the Risk Transfer Securitisation are enforceable.
- (v) Where Collateral is provided the Collateral shall be in the form of:
- (a) Cash deposited in an EEA regulated credit institution (or an EEA branch of a third country credit institution);
 - (b) OECD sovereign securities;
 - (c) IFI securities;
 - (d) Senior secured obligations of an EEA credit institutions;
 - (e) Senior tranches of securitisations with a PCS Label; and/or
 - (f) Investments that are nominally and specifically agreed on a case by case basis during the life of the transaction between the Protection Buyer and investors.
- (vi) The rights of the Protection Buyer to use the Collateral to meet protection payment obligations of the investors shall be enforceable.
- (vii) The rights of the investors when the Risk Transfer Securitisation is no longer outstanding to the return of any Collateral that has not been used to meet protection payments shall be enforceable.
- (viii) Where Collateral may be invested in securities, the Risk Transfer Securitisation Documentation sets out the eligibility criteria and custody arrangement for such securities.
- (ix) Where the investors remain exposed to the credit risk of the Protection Buyer, this must be clearly disclosed in the Risk Transfer Securitisation Documentation.

Loss trigger events:

- (x) The Risk Transfer Securitisation may only include the following four loss trigger events:
- (a) Bankruptcy;
 - (b) Failure to Pay;
 - (c) Restructuring; and
 - (d) Unlikely to Pay.

Credit protection payments:

- (xi) Save where paragraph (xiv) applies, credit protection payments following the occurrence of a loss trigger event should be calculated based on the actual realised loss incurred by the holder of the Underlying Asset determined in accordance with its standard recovery policies and procedures for the relevant type of exposures.
- (xii) Where the protected amount is less than the Protection Buyer's total exposure to the relevant Underlying Asset, the credit protection payment should be in the same proportion to the protected amount as the Protection Buyer's realised loss bears to its total exposure, subject only to the rule on interim payments.
- (xiii) The final credit protection payment should be payable within a specified period following the end of the workout process for the relevant Underlying Asset.

Calculation of credit protection payment following termination of the Risk Transfer Securitisation:

- (xiv) Where the workout process following a loss trigger event has not been completed by the end of a specified period of time following the scheduled maturity or early unwind of a Risk Transfer Securitisation, an estimate should be made of the final realised loss amount to be used for the purpose of the final credit protection payment.
- (xv) The estimate should be of the final loss the Protection Buyer is expected to suffer.
- (xvi) Where the estimate is made by the Protection Buyer or a related party, this estimate should be verified by the Verification Agent.
- (xvii) The estimate should be made in a commercially reasonable manner consistent with the workout policies of the Protection Buyer.
- (xviii) Following any termination by investors of the credit protection under the Risk Transfer Securitisation the workout process should continue in respect of any outstanding loss trigger events which occurred prior to such termination in the same way as for any other termination of the Risk Transfer Securitisation.

Call Rights:

- (xix) Protection Buyer Call Rights should be limited to:
 - (a) regulatory events;
 - (b) a time call; and
 - (c) a clean-up call when the securitised portfolio has reduced to 10% or less of the initial portfolio.

Protected amount:

- (xx) The Maximum Protection Amount is to be calculated either by reference to the individual Underlying Assets or to the Obligor(s) in respect of those assets.

Interest rate risk:

- (xxi) Interest rate risk associated with the Risk Transfer Securitisation should be mitigated and measures taken to that effect shall be disclosed.
- (xxii) In the case of a Risk Transfer Securitisation involving an SPE the securitisation special purpose entity's interest liabilities to investors should be equal to or less than its income from the Protection Buyer and any collateral arrangements.

Additional SRT Provisions

- (xxiii) The Protection Buyer must set out in the Risk Transfer Securitisation Documentation whether it has requested from its supervisory authority permission to calculate the risk weighted amounts in respect of the portfolio of Underlying Assets in accordance with the securitisation framework, based on the relevant risk transfer securitisation meeting the applicable "significant risk transfer securitisation" requirements.
- (xxiv) If the Protection Buyer has indicated that the Risk Transfer Securitisation is expected to meet the "significant Risk Transfer Securitisation" requirements, the Risk Transfer Securitisation Documentation must clearly set out how the following requirements shall be met:
 - (a) The Protection Buyer has no rights or obligations to extinguish the rights to receive protection payments in respect of defaulted Underlying Assets;
 - (b) Any premia payable by the Protection Buyer to investors under the Risk Transfer Securitisation may not be modified by reference to the performance of the Underlying Assets;
 - (c) If the Maximum Protection Amount has been reduced as a result of loss trigger events in respect of the Underlying Assets, the amount of premium paid by the Protection Buyer to investors under the Risk Transfer Securitisation shall reduce pro rata;
 - (d) Any use of "excess spread" for the benefit of investor is to be limited to no more than the actual excess spread generated by the Underlying Assets;
 - (e) Upon the exercise of a time call or a clean-up call by the Protection Buyer, the Protection Buyer shall continue to be entitled to receive protection payments in respect of such

Underlying Assets to the extent of their Regulatory Impaired Value.

Investor Termination Rights:

- (xxv) Investors should be able to terminate the credit protection if there is a payment default by the Protection Buyer in respect of any premium or other amounts payable by the Protection Buyer to investors under the Risk Transfer Securitisation.

(h) General Underlying Asset Standards (excluding the Netherlands and UK Residential Mortgage Loans)

In order for a Risk Transfer Securitisation (other than where the Underlying Assets are (i) Dutch – for which alternative rules can be found in Sections 2 (h) and 3 (b) – Dutch Criteria; or (ii) UK Residential Mortgage Loans – for which alternative rules can be found in Section 2 (n) – UK Residential Mortgage Loans) to be eligible for the PCS label, the Underlying Assets must meet the following criteria:

- (i) the Obligors are:
 - (a) Other than for Corporate Loans, all domiciled in the EEA or Switzerland; and
 - (b) for Corporate Loans, either:
 - (i) all domiciled in the EEA or Switzerland; or
 - (ii) form part of a Geographically Diversified Pool; and
 - (c) not part of the same corporate group as the Protection Buyer.
- (ii) the Underlying Assets have been originated in the ordinary course of the Originator's business pursuant to underwriting standards that are no less stringent than those the Originator applies to origination of similar exposures that are not securitised.
- (iii) No broker intermediary or similar party (other than a multi-brand auto dealer) was involved in the credit or underwriting decisions relating to the Underlying Assets.
- (iv) Each Underlying Asset and its Related Security is valid, binding and enforceable in accordance with its terms and non-cancellable.
- (v) Each Underlying Asset – other than Corporate Loans – was originated in, and is governed by the laws of, an Eligible Jurisdiction.
- (vi) No Non-Retail Underlying Asset shall be included in a Risk Transfer Securitisation where, at the Specified Date:

- (a) the Obligor is in material breach of an obligation owed in respect of that Underlying Asset or Related Security, (other than an obligation referred to in sub-paragraph (b), below) and steps have been taken by the Protection Buyer to enforce any Related Security as a result of such breach;
- (b) with respect to payment obligations:
 - (i) the Obligor is assessed to be unlikely to pay its credit obligations in full without realisation of collateral; or
 - (ii) any payment is more than 90 days in arrears; or
- (c) the Obligor is in default under another financial obligation owing to the Protection Buyer.

(vii) No Retail Underlying Asset shall be included in a Risk Transfer Securitisation where, at the Specified Date:

- (a) The Obligor is in material breach of an obligation owed in respect that Underlying Asset or Related Security, (other than an obligation referred to in sub-paragraph (b) below) and steps have been taken by the Protection Buyer to enforce any Related Security as a result of such breach;
- (b) In respect to payment obligations, no Underlying Asset has more than one scheduled payment outstanding and unpaid OR is more than 30 days overdue.

This requirement shall not apply to Credit Card Receivables (where specific criteria are set as in the relevant section).

(viii) At the time at which a securitised exposure is included the securitisation:

- (a) an individual Obligor or Obligor from each Obligor Group has made at least one scheduled payment under the Underlying Asset Agreement to which it is a party; or
- (b) where no Obligor or member of an Obligor Group has made at least one scheduled payment, there has been a lending relationship between the Originator and such Obligor Group for at least 12 months.

This requirement shall not apply in the case of Corporate Loans, Credit Card Receivables, Residential Mortgage Loans, Consumer Loans (where specific criteria are set out in the relevant sections) or exposures payable in a single instalment.

(ix) As at the Specified Date, in relation to each Underlying Asset, no Underlying Asset Agreement has been subject to any variation, amendment, modification, waiver or exclusion of time of any kind

which in any material way adversely affects the enforceability or collectability of all or a material portion of the Underlying Assets.

- (x) As at the Specified Date, each Retail Underlying Asset Agreement has been concluded in compliance with either (a) all applicable consumer protection legislation or (b) specific named consumer protection legislation which has the same scope as the blanket reference to “applicable consumer protection” in (a) above, in both cases to the extent that failure to comply would have a material adverse effect on its enforceability or collectability.
- (xi) No Underlying Asset Agreement has been entered into as a consequence of any conduct constituting fraud of the Protection Buyer and, to the best of the Protection Buyer’s knowledge, no Underlying Asset Agreement has been entered into fraudulently by the relevant Obligor or, if the Protection Buyer is not the Originator, the Originator.
- (xii) As at the Specified Date, no Obligor which is not an individual is subject to an insolvency event.

(i) General Representations, Warranties and Undertakings (excluding the Netherlands and UK Residential Mortgage Loans)

For Risk Transfer Securitisations to be eligible for the PCS label, the Risk Transfer Securitisation Documentation must contain the following representations, warranties and undertakings (other than where the Underlying Assets are (i) Dutch – for which alternative rules can be found in Sections 2 (h) and 3 (b); or (ii) UK Residential Mortgage Loans – for which alternative rules can be found in Section 2 (n)). For Existing Risk Transfer Securitisation, such representations, warranties and undertakings may be explicit or implicitly contained in other, wider, representations, warranties and undertakings.

The Risk Transfer Securitisation Documentation discloses (or, for Existing Risk Transfer Securitisations only, either the Risk Transfer Securitisation Documentation discloses or the Protection Buyer undertakes in the Protection Buyer Certificate that all subsequent Investor Reports will disclose) representations, warranties and undertakings given by the Protection Buyer in respect of the Underlying Assets on the following matters:

- (A) **Exposure:** Where the Protection Buyer is a bank or insurance company, the Protection Buyer must account for the credit risk of the Underlying Assets in its regulatory balance sheet OR, where the Protection Buyer or a member of the Protection Buyer’s Group is not a bank or insurance company, the Protection Buyer has full right, good and valid title to the Underlying Assets and their associated ancillary rights, if applicable.
- (B) **Compliance with Eligibility Criteria Set Out in the Risk Transfer Securitisation Documents:** Each Underlying Asset meets the eligibility criteria, representations and warranties or other conditions for the payment of a protection payment.

- (C) **Financing Agreements' Validity and Enforceability:** Each Underlying Asset Agreement contains a legal, valid and binding obligation of the Obligor, enforceable in accordance with its terms, to pay the sums of money specified in it (other than an obligation to pay interest on overdue amounts).
- (D) **Origination:** The Underlying Assets meet the standard origination and underwriting criteria of the Originator (subject only to such exceptions as would be acceptable to a reasonable, prudent lender).
- (E) **No Borrower Default:** The Protection Buyer is not aware of any Obligors in material breach or default of any obligations under any loan agreements (other than with respect to monthly payments) to the extent it would have a material adverse effect on the Underlying Assets.
- (F) **No Untrue Information:** There is no untrue information on the particulars of the Underlying Assets contained in the Risk Transfer Securitisation Documentation.

2. Asset Specific Eligibility Criteria

(a) Auto Dealer Floorplan Loans

Risk Transfer Securitisations where the Underlying Assets are Auto Dealer Floorplan Loans must comply with the following additional criteria:

- (i) Each dealer is an Eligible Dealer.
- (ii) As at the Specified Date, the weighted average maturity of the Underlying Assets does not exceed 12 months.
- (iii) As at the Specified Date, there are at least 300 Underlying Assets.
- (iv) As at the Specified Date, the aggregate outstanding principal balance of the Underlying Assets due from:
 - (A) the largest Obligor is equal to or less than 4 per cent. of the aggregate outstanding principal balance of all the Underlying Assets;
 - (B) the ten largest Obligors is equal to or less than 15 per cent. of the aggregate outstanding principal balance of all the Underlying Assets; and
 - (C) any Obligor, other than the largest Obligor, is equal to or less than 2 per cent. of the aggregate outstanding principal balance of all the Underlying Assets.
- (v) As at the Specified Date, no Obligor is in default under another financial obligation owing to the Protection Buyer.

(b) Auto Loans and Auto Leases

Risk Transfer Securitisations where the Underlying Assets are Auto Loans and Auto Leases must comply with the following additional criteria:

- (i) As at the Specified Date, the number of Underlying Asset Agreements is not less than 15,000.
- (ii) As at the Specified Date, the aggregate outstanding principal balance of the Underlying Asset(s) due from:
 - (A) the largest corporate Obligor is equal to or less than the lesser of:
 - (I) 0.25. per cent. of the aggregate outstanding principal balance of all the Underlying Assets; and
 - (II) €2,000,000 or its Currency Equivalent Amount;
 - (B) the ten largest corporate Obligors are equal to or less than the lesser of:
 - (I) 0.75 per cent. of the aggregate outstanding principal balance of all the Underlying Assets; and
 - (II) €7,500,000 or its Currency Equivalent Amount;
 - (C) the largest individual Obligor is equal to or less than the lesser of:
 - (I) 0.25 per cent. of the aggregate outstanding principal balance of all the Underlying Assets; and
 - (II) €500,000 or the Currency Equivalent Amount; and
 - (D) the largest ten individual Obligors are equal to or less than 0.60 per cent. of the aggregate outstanding principal balance of all the Underlying Assets.
- (iii) The Risk Transfer Securitisation Documentation discloses:
 - (A) the aggregate outstanding principal balance, as at the Specified Date, of the Underlying Assets in the form of loans which include balloon payments; and
 - (B) such aggregate outstanding principal balance of Underlying Assets in the form of loans which include balloon payments expressed as a percentage of the aggregate outstanding principal balance, as at the Specified Date, of all the Underlying Assets.

- (iv) Either:
 - (A) there is no Residual Value; or
 - (B) as at the Specified Date, the aggregate Residual Value does not exceed 65 per cent. of the aggregate outstanding principal balance of all the Underlying Assets.

(c) Auto Fleet Leases

Risk Transfer Securitisations where the Underlying Assets are Auto Fleet Leases must comply with the following additional criteria:

- (i) As at the Specified Date, the number of underlying client agreements is not less than 2,000 and the number of vehicles covered by Underlying Asset Agreements is not less than 15,000.
- (ii) As at the Specified Date, the aggregate outstanding principal balance of the Underlying Asset(s) due from:
 - (A) none of the top 5 lessees measured by their outstanding amount accounts individually for more than 3.50% of the aggregate discounted balance;
 - (B) none of the top 6 to 10 lessees measured by their outstanding amount accounts individually for more than 3.00% of the aggregate discounted balance;
 - (C) none of the top 11 to 15 lessees measured by their outstanding amount accounts individually for more than 2.50% of the aggregate discounted balance;
 - (D) none of the top 16 to 30 lessees measured by their outstanding amount accounts individually for more than 1.50% of the aggregate discounted balance;
 - (E) none of the top 31 and above lessees measured by their outstanding amount accounts individually for more than 1.00% of the aggregate discounted balance;
 - (F) the top 15 lessees measured by their aggregate outstanding amount do not account for more than 30% of the aggregate discounted balance;
- (iii) Either:
 - (A) there is no Residual Value; or
 - (B) as at the Specified Date, the aggregate Residual Value does not exceed 65 per cent. of the aggregate outstanding principal balance of all the Underlying Assets.

- (iv) Information must be provided in the Risk Transfer Securitisation Documentation as to the industry sector of the top 15 accounts as measured by their outstanding amounts.

(d) Consumer Loans

Risk Transfer Securitisations where the Underlying Assets are Consumer Loans must comply with the following additional criteria:

- (i) As at the Specified Date, the number of Underlying Assets or Obligors is not less than 10,000.
- (ii) As at the Specified Date
 - (A) no Underlying Asset has an outstanding principal balance greater than (i) if denominated in sterling, £85,000, (ii) if denominated in Euro, €100,000, or (iii) if denominated in any other currency the Currency Equivalent Amount of €100,000; and
 - (B) the aggregate outstanding principal balance of Underlying Assets greater than £51,000, €60,000 or the Currency Equivalent Amount of €60,000 as the case may require shall not exceed 7.5% of the aggregate outstanding principal balance of all Underlying Assets.
- (iii) Either,
 - (A) As at the Specified Date, each Obligor has made at least one payment of no less than the required minimum amount payable under the Underlying Asset Agreement to which it is a party; or
 - (B) In the case where the Underlying Assets are retail store credits, as at the Specified Date, either (1) at least one payment has been made on the customer account associated with the securitised receivables, or (2) the securitised receivable arises from a customer who has made at least one payment on another receivable generated by the Originator.

(e) Credit Card Receivables

Risk Transfer Securitisations where the Underlying Assets are Credit Card Receivables must comply with the following additional criteria:

- (i) As at the Specified Date, the number of Underlying Assets or Obligors is not less than 100,000.
- (ii) As at the Specified Date, no more than 20 per cent. of the Underlying Assets are overdue for 30 days or more AND for each addition, no

more than 20 per cent. of the Underlying Assets being added will be, when added, overdue for a period of 30 days or more; or

- (iii) As at the Specified Date, no more than 20 per cent. of the Underlying Assets are overdue for 30 days or more AND as at the Specified Date and in respect of each addition date thereafter, the Underlying Assets being added to the securitised portfolio were and will be selected on a random basis from non-defaulted assets in the non-securitised portfolio of the Protection Buyer without reference to the number of days they may have been overdue AND there is a restriction on the number and/or the amount outstanding of Underlying Assets being added to the securitised portfolio on any addition date of non-more than 20 per cent without a rating agency confirmation of the then current rating of the Risk Transfer Securitisations taking into account the proposed addition of Underlying Assets.
- (iv) As at the Specified Date, either:
 - (A) each Obligor has made at least one scheduled payment under the Underlying Asset Agreement to which it is a party; or
 - (B) at least 60 per cent. of the Underlying Assets are more than 12 months old.

(f) Non-Auto Leases

Risk Transfers where the Underlying Assets are leases which include Non-Auto Leases must comply with the following additional criteria:

- (i) As at the Specified Date, the number of Obligor Groups is not less than 500.
- (ii) As at the Specified Date, the aggregate outstanding principal balance of the Underlying Assets due from any single Obligor Group does not exceed 1.00 per cent. of the aggregate outstanding principal balance of all the Underlying Assets.
- (iii) The Risk Transfer Securitisation Documentation discloses:
 - (A) the aggregate outstanding principal balance, as at the Specified Date, of the Underlying Assets in the form of loans which include balloon payments; and
 - (B) such aggregate outstanding principal balance expressed as a percentage of the aggregate outstanding principal balance, as at the Specified Date, of all the Underlying Assets.
- (iv) As at the Specified Date, each Obligor has made at least one scheduled payment under the Underlying Asset Agreement to which it is a party.

(g) Residential Mortgage Loans

General Residential Mortgage Loan Criteria

Risk Transfers where the Underlying Assets are Residential Mortgage Loans (excluding Dutch, Spanish, UK and Belgian Residential Mortgage Loans) must comply with the following additional criteria:

- (i) Where Responsible Lending Rules and Guidance do not apply in the relevant jurisdiction at the time of origination, as at the Specified Date:

- (iv) Each Underlying Asset (including any further advances thereunder) is secured by:
 - (A) a first ranking mortgage; or
 - (B) a first and sequentially lower ranking mortgage; and
 - (C) (if applicable) a right of pledge.
- (v) The Underlying Assets do not include Self-Certified Mortgage Loans or Equity Release Mortgage Loans.
- (vi) As at the Specified Date, each Obligor has made at least one scheduled payment under the Underlying Asset Agreement to which it is a party.

(i) Dutch Residential Mortgage Loan Representations, Warranties and Undertakings

In addition to the representations, warranties and undertakings required for all Risk Transfer Securitisations to be eligible for the PCS label, where the Underlying Assets are Dutch Residential Mortgage Loans, the Risk Transfer Securitisation Documentation must contain the following representations, warranties and undertakings. For Existing Risk Transfer Securitisations, such representations, warranties and undertakings may be explicit or implicitly contained in other, wider, representations, warranties and undertakings.

The Risk Transfer Securitisation Documentation discloses (or, for Existing Risk Transfer Securitisations only, either the Risk Transfer Securitisation Documentation discloses or the Protection Buyer undertakes in the Protection Buyer Certificate that all subsequent Investor Reports will disclose) representations, warranties and undertakings given by the Protection Buyer in respect of the Underlying Assets on the following matters:

- (A) **Origination:** The Underlying Assets meet the standard origination and underwriting criteria of the Originator (subject only to such exceptions as would be acceptable at the time of origination to a reasonable lender of Dutch residential mortgage loans to Borrowers in The Netherlands, which is acting as a reasonable creditor in protection of its own interests).
- (B) **Underwriting:** Underlying Asset Agreements entered into in accordance with underwriting criteria of the Originator at the time of origination.
- (C) **Regulatory Compliance:** Underlying Asset Agreements offered in accordance with laws and legal requirements.

- (D) **Compliance with Mortgage Code of Conduct:** Loans granted in accordance with the applicable mortgage credit code of conduct at the time of origination.
- (E) **Property Location:** Each Property is located in the Netherlands.
- (F) **Currency Denomination:** Each Underlying Asset is denominated in Euro.
- (G) **Valid, Legal, and Enforceable:** Each Underlying Asset is valid, legal, and enforceable.
- (H) **No Prior Liens:** Each loan is secured by a first ranking right of mortgage or first and sequentially lower ranking right of mortgage and, if applicable, right of pledge.
- (I) **Valuation:** Each loan benefits from a valuation of the property in accordance with the Dutch Code of Conduct for Mortgage Loans.
- (J) **Originator Appointed as Beneficiary:** For Underlying Assets combined with a mixed insurance policy, the Protection Buyer is appointed as the beneficiary under the relevant insurance policy or, if another person has been appointed as beneficiary, under an irrevocable payment instruction from such person to the relevant insurer.
- (K) **Investments are Held in Bankruptcy Remote Vehicle:** In respect of an investment mortgage loan, the investments are held in the Borrower's name and are Wge securities and/or required to be held through a beleggersgiro or a separate depositary vehicle.
- (L) **Nationale Hypotheek Garantie (NHG):** If NHG, the guarantee was granted for the full amount of the relevant loan part at the time of origination.
- (M) **Compliance with NHG Terms and Conditions:** All NHG terms and conditions were complied with at the time of origination.
- (N) **NHG Claim:** If NHG, the Protection Buyer is not aware of any reason why a claim under the NHG guarantee scheme should not be honoured.
- (O) **No Default:** Other than with respect to monthly payments and to the best of its knowledge, the Protection Buyer is not aware of any Obligor in material breach or default of any obligations under any Underlying Assets.
- (P) **Building Insurance Policy:** The related Obligor was obliged to obtain a building insurance policy for the full reinstatement value of the property at the time the related loan was advanced.

- (Q) **Compliance with Eligibility Criteria:** Collateral (i.e. Underlying Assets, Related Security and the Underlying Asset Agreement) meet the eligibility criteria, representations and warranties or other conditions for the payment of a protection amount.
- (R) **Entire Loan:** Each Mortgage Loan constitutes the entire loan granted to the relevant Borrower (in respect of the relevant residential property) and not merely one or more loan parts.

(j) Spanish Residential Mortgage Loans

Risk Transfer Securitisations where the Underlying Assets are Spanish Residential Mortgage Loans must comply with the following additional criteria:

- (i) Where Responsible Lending Rules and Guidance do not apply in Spain at the time of origination, as at the Specified Date:
 - (A) the weighted average original LTV of the Underlying Assets is not greater than 75 per cent.; and
 - (B) no individual Underlying Asset has an original LTV greater than 100 per cent.

Where Responsible Lending Rules and Guidance apply in Spain at the time of origination:

- (A) these were followed in the origination of the Underlying Assets and, as at the Specified Date:
 - (i) the weighted average original LTV of the Underlying Assets is not greater than 85 per cent.; and
 - (ii) no individual Underlying Asset has an original LTV greater than 100 per cent.; or
- (B) these were not followed in the origination of each Underlying Asset and, as at the Specified Date:
 - (i) the weighted average original LTV of the Underlying Assets is not greater than 75 per cent.; and
 - (ii) no individual Underlying Asset has an original LTV greater than 100 per cent.
- (ii) As at the Specified Date, the number of Obligors or Underlying Assets is not less than 1,000.
- (iii) As at the Specified Date, no Underlying Asset has an outstanding principal balance:
 - (A) of more than €1,000,000; and

- (B) which exceeds an amount equal to 1.00 per cent. of the aggregate outstanding principal balance of all the Underlying Assets AND the sum of those Underlying Assets with an outstanding principal balance greater than 0.25 per cent. of the outstanding principal balance of the Underlying Assets shall not exceed 5 per cent. of the outstanding principal balance of the Underlying assets.
- (iv) Each Underlying Asset (including any further advances thereunder):
 - (A) is subject to a first ranking mortgage; or
 - (B) is a Second Ranking Residential Mortgage Loan.
- (v) The Underlying Assets do not include Self-Certified Mortgage Loans or Equity Release Mortgage Loans.
- (vi) As at the Specified Date, each Obligor has made at least one scheduled payment under the Underlying Asset Agreement to which it is a party.

(k) Spanish Residential Mortgage Loan Representations, Warranties and Undertakings

In addition to the representations, warranties and undertakings required for all Risk Transfer Securitisations to be eligible for the PCS label, where the Underlying Assets are Spanish Residential Mortgage Loans, the Risk Transfer Securitisation Documentation must contain the following representations, warranties and undertakings. For Existing Risk Transfer Securitisations, such representations, warranties and undertakings may be explicit or implicitly contained in other, wider, representations, warranties and undertakings.

- (i) The Risk Transfer Securitisation Documentation discloses (or, for Existing Risk Transfer Securitisations only, either the Risk Transfer Securitisation Documentation discloses or the Protection Buyer undertakes in the Protection Buyer Certificate that all subsequent Investor Reports will disclose) representations, warranties and undertakings given by the Protection Buyer in respect of the Underlying Assets on the following matters:
 - (A) **Compliance with Current Laws and Regulations:** The mortgage loan certificates (mortgage participations and/or mortgage transfer certificates) will be issued in accordance with current laws and legal regulations.
 - (B) **Mortgage Loans Only Subject to This Issuance:** The mortgage loans are not subject to any issue of mortgage securities, mortgage shares, or mortgage transfer certificates other than this issue.

- (C) **Duly Established and Registered:** The real estate mortgages have been duly established and registered in the relevant property registers.
- (D) **Loan Existence:** Loans exist and are valid and enforceable in accordance with legislation.
- (E) **Loans Clearly Identified:** Loans are clearly identified.
- (F) **Property Ownership:** The mortgages have been established on properties the full and complete ownership of which is held by the respective mortgage obligor, and the Protection Buyer is not aware of the existence of litigation regarding the ownership of those properties capable of impairing the mortgages.
- (G) **No Setoff Right:** The Protection Buyer has no knowledge that any of the obligors on the mortgage loans has any credit against itself or the Originator that entitles the obligor to a right of setoff.
- (H) **Preferred Right:** Nobody has a preferred right over the fund in and to the mortgage loans.
- (I) **Enforcement of the Mortgage Guarantee:** The Protection Buyer has no knowledge of the existence of any circumstance preventing enforcement of the mortgage guarantee.
- (J) **Secured Loans:** The Mortgage Loans are secured with a real estate mortgage on the legal and beneficial ownership of each and every one of the mortgaged properties ranking senior, or, as the case may be, (provided the Protection Buyer has documents regarding cancellation of debts originated by previous mortgages, even though their registration cancellation procedure is pending) ranking junior.
- (K) **No Litigation:** To the best knowledge of the Protection Buyer, there is no litigation whatsoever in relation to the Mortgage Loans that may detract from their validity or that may result in the application of Civil Code Article 1535, nor do any circumstances exist which may result in the purchase agreement of the home mortgaged as security for the Mortgage Loans being ineffective.
- (L) **Term to Maturity and Interest Rate:** The mortgage participations and/or mortgage transfer certificates are issued with the same term to maturity and interest rate as the underlying mortgage loans.
- (M) **Accuracy of Information:** The mortgage loan information contained in the Risk Transfer Securitisation Documentation is accurate, complete, and not misleading.
- (N) **Fully Disbursed:** The principal of the loans has been fully disbursed.

- (O) **Currency Denomination:** Loans are denominated and payable exclusively in euros.
- (P) **Direct Debit Repayment:** The mortgage loan payment obligations are satisfied by directly debiting a bank account.
- (Q) **Underwriting:** Loans have been granted in accordance with market criteria and credit granting policy of the Originator.
- (R) **Maturity:** The maximum term of the loans do not exceed the maturity of the security issued.
- (S) **Property Valuation:** The mortgaged properties have been appraised by entities duly authorised for that purpose and the appraisers are duly registered in the corresponding Official Register of the Bank of Spain.
- (T) **Viviendas de Proteccion Oficial (VPO) Properties:** For VPO properties, the appraisal value considered for calculation purposes is the maximum legal value.
- (U) **Loans Administered According to Customary Procedures:** All loans have been and will be administered by the Originator according to the customary procedures it has established.
- (V) **No Notice of Full Repayment:** The Protection Buyer has received no notice of full repayment of the mortgage loans.
- (W) **Individuals:** Obligors are all individuals.

(I) UK Residential Mortgage Loans (excluding Buy-to-Let Residential Mortgage Loans)

Risk Transfer Securitisations where the Underlying Assets are UK Residential Mortgage Loans (excluding UK Buy-to-Let Residential Mortgage Loans) must comply with the following additional criteria:

- (ii) Where Responsible Lending Rules and Guidance apply in the United Kingdom at the time of origination:
 - (A) these were followed in the origination of the Underlying Assets and, as at the Specified Date:

- (i) the weighted average original LTV of the Underlying Assets is not greater than 85 per cent.; and
 - (ii) no individual Underlying Asset has an original LTV greater than 100 per cent.; or
- (B) these were not followed in the origination of each Underlying Asset and, as at the Specified Date:
 - (i) the weighted average original LTV of the Underlying Assets is not greater than 75 per cent.; and
 - (ii) no individual Underlying Asset has an original LTV greater than 100 per cent.
- (iii) As at the Specified Date, the number of Obligors or Underlying Assets is not less than 1,000.
- (iv) As at the Specified Date, no Underlying Asset has an outstanding principal balance:
 - (A) of more than £1,500,000; and
 - (B) which exceeds an amount equal to 1.00 per cent. of the aggregate outstanding principal balance of all the Underlying Assets AND the sum of those Underlying Assets with an outstanding principal balance greater than 0.25 per cent. of the outstanding principal balance of the Underlying Assets shall not exceed 5 per cent. of the outstanding principal balance of the Underlying Assets.
- (v) Each Underlying Asset (including any further advances thereunder) is subject to a first ranking mortgage by way of legal mortgage (or first ranking standard security in Scotland) (subject only in certain appropriate cases to applications for registration or recording, in relation to which the Protection Buyer is not aware of any matter that would prevent such registration or recording), subject to statutory priority (for example, under a right to buy loan) to the extent that this is not material.
- (vi) The Underlying Assets do not include Self-Certified Mortgage Loans or Equity Release Mortgage Loans.
- (vii) As at the Specified Date, each Obligor has made at least one scheduled payment under the Underlying Asset Agreement to which it is a party.
- (viii) No securitised exposures shall be included in a Risk Transfer Securitisation where, at the time of the proposed inclusion of the relevant exposure:

- (a) the obligor is in material breach of any obligation owed in respect of the relevant underlying exposure or under any Related Security, other than an obligation referred to in sub-paragraph (b), below;
- (b) with respect to payment obligations:
 - (i) any payment is more than 30 days in arrears; or
 - (ii) there is more than one scheduled payment outstanding due and unpaid.

(m) UK Buy-to-Let Residential Mortgage Loans

Risk Transfer Securitisations where some or all the Underlying Assets are UK Buy-to-Let Residential Mortgage Loans must comply with the following criteria:

- (i) As at the Specified Date:

 - (B) no individual Underlying Asset which is a Buy-to-Let Residential Mortgage Loan has an original LTV greater than 100 per cent.
- (ii) As at the Specified Date (but only where all the Underlying Assets are Buy-to-Let Residential Mortgage Loans), the number of Obligor is not less than 750.¹
- (iii) As at the Specified Date, no Underlying Asset which is a Buy-to-Let Residential Mortgage Loan has an outstanding principal balance of more than £5,000,000.
- (iv) Each Underlying Asset (including any further advances thereunder) is subject to a first ranking mortgage (other than further advances that rank behind existing mortgages granted to the Protection Buyer or granted to the Originator and validly transferred to the Protection Buyer).
- (v) The Underlying Assets do not include Self-Certified Mortgage Loans or Equity Release Mortgage Loans.
- (vi) As at the Specified Date, each Obligor has made at least one scheduled payment under the Underlying Asset Agreement to which it is a party.

¹ Where both (A) Residential Mortgage Loans which are not Buy-to-Let Residential Mortgage Loans and (B) Buy-to-Let Residential Mortgage Loans are included in the Underlying Assets, criteria 5(e)(ii) applies.

(vii) No Underlying Asset shall be included in a Risk Transfer Securitisation where, at the time of the proposed inclusion of the relevant exposure:

(a) the obligor is in material breach of any obligation owed in respect of the relevant underlying exposure or under any Related Security, other than an obligation referred to in sub-paragraph (b), below;

(b) with respect to payment obligations:

(i) any payment is more than 30 days in arrears; or

(ii) there is more than one scheduled payment outstanding, due and unpaid.

(n) UK Residential Mortgage Loans (Buy-to-Let and non-Buy-to-Let)

Risk Transfer Securitisation where the Underlying Assets are UK Residential Mortgage Loans must comply with the following additional criteria:

(i) The Underlying Assets are denominated in Sterling.

(ii) As at the Specified Date, each of the Underlying Assets has a positive net present value or outstanding principle balance.

(iii) The Underlying Assets have been originated by the Originator and -if the Protection Buyer is not the Originator – acquired by the Protection Buyer, in the United Kingdom in the ordinary course of the Originator’s and, if relevant, the Protection Buyer’s business and in accordance with the Originator’s underwriting procedures at the time of origination and the Protection Buyer’s underwriting procedures at the time of acquisition.

(iv) Each Underlying Asset and its Related Security is valid, binding and enforceable in accordance with its terms and non-cancellable.

(v) As at the Specified Date, each Underlying Asset Agreement has been concluded in compliance with either (a) all applicable consumer protection legislation, or (b) specific named consumer protection legislation which has the same scope as the blanket reference to “applicable consumer protection” in (a) above, in both cases to the extent that failure to comply would have a material adverse effect on the enforceability or collectability of any Underlying Asset.

(vi) As at the Specified Date, no Underlying Asset Agreement has been subject to any variation, amendment, modification, waiver or exclusion of time of any kind which in any material way adversely affects its enforceability or collectability.

(vii) No Underlying Asset has been entered into as a consequence of any conduct constituting fraud of the Originator and, to the best of the

Protection Buyer's knowledge, no Relevant Mortgage Loan has been entered into fraudulently by the relevant Borrower or, if the Protection Buyer is not the Originator, the Originator.

- (viii) Where the Portfolio contains Underlying Assets which are Buy-to-Let Residential Mortgage Loans with corporate Obligor, no such corporate Obligor is subject to an insolvency event.

(o) UK Residential Mortgage Loan Representations, Warranties and Undertakings

For Risk Transfer Securitisations where the Underlying Assets are UK Residential Mortgage Loans to be eligible for the PCS label, the Risk Transfer Securitisations Documentation must contain the following representations, warranties and undertakings. For Existing Risk Transfer Securitisations, such representations, warranties and undertakings may be explicit or implicitly contained in other, wider, representations, warranties and undertakings.

The Risk Transfer Securitisations Documentation discloses (or, for Existing Risk Transfer Securitisations only, either the Risk Transfer Securitisation Documentation discloses or the Protection Buyer undertake in the Protection Buyer Certificate that all subsequent Investor Reports will disclose) representations, warranties and undertakings given by the Protection Buyer in respect of the Underlying Assets on the following matters as at the Specified Date:

- (A) **No Untrue Information:** The particulars of each mortgage loan are complete, true and accurate in all material respects.
- (B) **Origination and Currency Denomination:** Each loan was originated by the Originator and is denominated in Pounds Sterling.
- (C) **Property Location:** All mortgaged properties are located in England, Wales, Scotland or Northern Ireland.
- (D) **Standard Mortgage Documentation:** All mortgage loans have been made on the terms of the standard mortgage documentation which has not varied in any material respect (subject to exceptions on a case by case basis).
- (E) **Prior Liens:** Each Underlying Asset (including any further advances thereunder) is subject to a first ranking mortgage by way of legal mortgage (or first ranking standard security in Scotland) (subject only in certain appropriate cases to applications for registration or recording, in relation to which the Protection Buyer is not aware of any matter that would prevent such registration or recording), subject to statutory priority (for example, under a right to buy loan).
- (F) **Property Deeds and Loan Files:** Save for title deeds held at the Land Registry of England and Wales or Registers of Scotland, all property

deeds and loan files are held by (or under the control or to the order of) the Protection Buyer (including, where applicable, in electronic form), subject to any completion of any registration or recording pending at the relevant registry.

- (G) **Property Valuation:** A valuation was conducted prior to the granting of the mortgage that would be acceptable in accordance with the Originator's policy to a prudent lender.
- (H) **Proper Accounts and Books of the Originator:** The Protection Buyer keeps or ensures the keeping of full and proper accounts, book, and records, showing all material transactions relating to the loan.
- (I) **Setoff:** No lien or contractual right of setoff (excluding set-off in relation to off-set or flexible mortgage loans, which are specifically dealt with in the Risk Transfer Securitisation structure) or counterclaim has been created or arisen which would reduce the amount payable under the mortgage loan between the Protection Buyer and the Obligor.
- (J) **Lending Criteria:** Prior to any further advances, the lending criteria of the Originator and all preconditions were satisfied in all material respects subject to exceptions as would be acceptable to a reasonable, prudent mortgage lender.
- (K) **Mortgage Loan Legal and Binding:** Each Underlying Asset and its Related Security is valid, binding and enforceable in accordance with its terms and non-cancellable.
- (L) **Title and Ownership:** The Protection Buyer is a bank or insurance company and accounts for the Underlying Assets in its regulatory balance sheet OR, the Protection Buyer is not a bank or insurance company, and it, or a member of its Group, has full right, good and valid title to the Underlying Assets and their Related Security.
- (M) **Compliance with Eligibility Criteria Set Out in the Risk Transfer Securitisation Documentation:** Collateral (i.e. Underlying Assets, Related Security and financing agreements) meets the eligibility criteria, representations and warranties as at the Specified Date.
- (N) **Financing Agreements' Validity and Enforceability:** Each Underlying Asset Agreement contains a legal, valid and binding obligation of the Obligor, enforceable in accordance with its terms, to pay the sums of money specified in it (other than an obligation to pay interest on overdue amounts).
- (O) **Origination:** The Underlying Assets and their Related Security meet the standard origination and underwriting criteria of the Originator (subject only to such exceptions as would be acceptable to a reasonable, prudent mortgage lender).

- (P) **No Borrower Default:** The Protection Buyer is not aware of any Obligors in material breach or default of any obligations under any loan agreements (other than with respect to monthly payments) to the extent it would have a material adverse effect on the Underlying Assets and their Related Security.

- (vi) As at the Specified Date, in relation to each Underlying Asset transferred, no Underlying Asset Agreement has been subject to any variation, amendment, modification, waiver or exclusion of time of any kind that in any material way adversely affects its enforceability or collectability.
- (vii) No Underlying Asset Agreement has been entered into as a consequence of any conduct constituting fraud of the relevant Protection Buyer and, to the best of the relevant Protection Buyer's knowledge, no Underlying Asset Agreement has been entered into fraudulently by the relevant Obligor or, where the Protection Buyer is not the Originator, the Originator.
- (viii) As at the Specified Date, no Obligor which is not an individual is subject to an insolvency event.
- (ix) No Non-Retail Underlying Asset shall be included in a Risk Transfer Securitisations where, at the time of the proposed inclusion of the relevant exposure:
 - (a) the Obligor is in material breach of any obligation owed in respect of the relevant underlying exposure or under any Related Security, other than an obligation referred to in subparagraph (b), below;
 - (b) with respect to payment obligations:
 - (i) the Obligor is assessed to be unlikely to pay its credit obligations in full without realisation of collateral; or
 - (ii) any payment is more than 90 days in arrears; or
 - (c) the Obligor is in default under another financial obligation owing to the Protection Buyer.
- (x) No Retail Underlying Asset shall be included in a Risk Transfer Securitisations where, at the time of the proposed inclusion of the relevant exposure:
 - (a) The Obligor is in material breach of any obligation owed in respect of the relevant underlying exposure or under any Related Security, other than an obligation referred to in subparagraph (b) below;
 - (b) In respect to payment obligations, no Underlying Asset has more than one scheduled payment outstanding and unpaid OR is more than 30 days overdue.

This requirement does not apply to Credit Card Receivables (for which specific criteria exist in the relevant section).

(b) Dutch Representations, Warranties and Undertakings

For Risk Transfer Securitisations whose Underlying Assets are Dutch to be eligible for the PCS label, the Risk Transfer Securitisation Documentation must contain the following representations, warranties and undertakings. For Existing Securities, such representations, warranties and undertakings may be explicit or implicitly contained in other wider representations, warranties and undertakings.

The Risk Transfer Securitisation Documentation discloses (or, for Existing Securities only, either the Risk Transfer Securitisation Documentation discloses or the Protection Buyer undertakes in the Protection Buyer Certificate that all subsequent Investor Reports will disclose) representations, warranties and undertakings given by the Protection Buyer in respect of the Underlying Assets on the following matters:

- (A) **Title and Ownership:** Where the Protection Buyer is a bank or insurance company, the Protection Buyer must account for the credit risk of the Underlying Assets in its regulatory balance sheet OR, where the Protection Buyer is not a bank or insurance company, the Protection Buyer or a member of its group has full right and legal title to the Underlying Assets and their Related Security, if applicable.
- (B) **Compliance with Eligibility Criteria Set Out in the Transaction Documents:** the Underlying Assets, Related Security and the Underlying Asset Agreement meet the eligibility criteria, representations and warranties.
- (C) **Underlying Asset Agreements' Validity and Enforceability:** Each Underlying Asset and its Related Security is valid, binding and enforceable in accordance with its terms and not subject to annulment (vernietiging).
- (D) **No Borrower Default:** Other than with respect to monthly payments and to the best of its knowledge, the Protection Buyer is not aware of any Obligors in material breach or default of any obligations under any Underlying Assets.
