On 24 June 2024 (the **Issue Date**), Brignole CO 2024 S.r.l., a limited liability company (*società a responsabilità limitata*) organised under the laws of the Republic of Italy, having its registered office at Corso Vittorio Emanuele II, 24-28, 20122 Milan, Italy, fiscal code and enrolment with the companies' register of Milano - Monza Brianza - Lodi no. 13498650962, enrolled with the register of the special purpose vehicles (*elenco delle società veicolo*) held by the Bank of Italy pursuant to the regulation of the Bank of Italy dated 12 December 2023 with no. 48550.8 and having as its sole corporate object the realisation of securitisation transactions pursuant to the Securitisation Law (the **Issuer**), will issue the Euro 243,000,000 Class A Asset Backed Floating Rate Notes due February 2042 (the **Class A Notes** or the **Senior Notes**), the Euro 17,500,000 Class B Asset Backed Floating Rate Notes due February 2042 (the **Class B Notes**), the Euro 17,400,000 Class C Asset Backed Floating Rate Notes due February 2042 (the **Class C Notes**), the Euro 13,700,000 Class D Asset Backed Floating Rate Notes due February 2042 (the **Class D Notes**), the Euro 7,600,000 Class E Asset Backed Floating Rate Notes due February 2042 (the **Class E Notes** and, together with the Class B Notes, the Class C Notes and the Class D Notes, the **Mezzanine Notes**), the Euro 4,600,000 Class F Asset Backed Floating Rate Notes due February 2042 (the **Class F Notes**), the Euro 6,000,000 Class X1 Asset Backed Floating Rate Notes due February 2042 (the **Class X1 Notes** and, together with the Senior Notes and the Mezzanine Notes, the **Rated Notes**) and the Euro 3,000,000 Class X2 Asset Backed Floating Rate Notes due February 2042 (the **Class X2 Notes** and, together with the Class F Notes and the Class X1 Notes, the **Junior Notes**; the Junior Notes, together with the Senior Notes and the Mezzanine Notes, the **Listed Notes**). In connection with the issuance of the Listed Notes, the Issuer will also issue the Euro 20,000 Class R Asset Backed Variable Return Notes due February 2042 (the **Class R Notes** or the **Residual Notes** and, together with the Listed Notes, the **Notes** and each of them a **Note**).

This Prospectus constitutes also the admission document of the Listed Notes for the admission to trading on the professional segment (**Euronext Access Milan Professional**) of the multilateral trading facility "Euronext Access Milan" (**Euronext Access Milan**), which is a multilateral system for the purposes of the Market in Financial Instruments Directive 2014/65/UE, managed by Borsa Italiana S.p.A. (**Borsa Italiana**). The Class R Notes are not being offered pursuant to this Prospectus and no application has been made to list or admit to trading the Class R Notes on any stock exchange.

Neither the Commissione Nazionale per le Società e la Borsa (CONSOB) nor Borsa Italiana have examined or approved the content of this Prospectus.

The principal source of payment of interest or Residual Payments (as applicable) and of repayment of principal on the Notes will be the collections and the recoveries made in respect of a portfolio of monetary claims and connected rights (the **Receivables**) arising out of consumer loan agreements and personal credit facility agreements (the **Loan Agreements**) entered into by Credis Servizi Finanziari S.p.A. (the **Originator** or **Creditis**) and the relevant debtors (the **Debtors**), and purchased by the Issuer from the Originator pursuant to a receivables purchase agreement executed on 14 June 2024 (the **Receivables Purchase Agreement**). Pursuant to the Receivables Purchase Agreement, the Originator has assigned and transferred without recourse (*pro soluto*) and in block (*in blocco*) to the Issuer, which has purchased, pursuant to the provisions of articles 1 and 4 of the Securitisation Law, a portfolio of Receivables (the **Portfolio**), the purchase price of which will be paid by the Issuer out of part of the proceeds from the issuance of the Notes (see the section headed “*The Portfolio*”).

The Portfolio does not consist, in whole or in part, actually or potentially, of: (a) tranches of other asset-backed securities; or (b) credit-linked notes, swaps or other derivatives instruments, or synthetic securities.

The Notes have the benefit of the provisions of article 3 of the Securitisation Law, pursuant to which the Issuer’s rights, title and interest in and to the Portfolio and the other Issuer’s Rights are segregated (*costituiscono patrimonio separato*) from all other assets of the Issuer (including any other receivables purchased by the Issuer pursuant to the Securitisation Law) and, therefore, any cash-flow deriving therefrom (to the extent identifiable) will be exclusively available, both prior to and following a winding up of the Issuer, to satisfy the obligations of the Issuer to the Noteholders, the Other Issuer Creditors and any other creditors of the Issuer in respect of any fees, costs and expenses in relation to the securitisation of the Portfolio (the **Securitisation**). The Notes have also the benefit of the Security. The Portfolio and the other Issuer’s Rights may not be seized or attached in any form by creditors of the Issuer other than the Noteholders and the Other Issuer Creditors, until full discharge by the Issuer of its payment obligations under the Notes or cancellation thereof. The Noteholders and the Other Issuer Creditors have agreed that the Issuer Available Funds (as defined below) will be applied by the Issuer in accordance with the application of the orders of priority of payments of the Issuer Available Funds set forth in Condition 6 (*Priority of Payments*) and the Intercreditor Agreement (the **Priority of Payments**).

Interest on the Listed Notes will accrue from the Issue Date on a daily basis in Euro and will be payable on 24 July 2024 (the **First Payment Date**) and thereafter monthly in arrear on 24th calendar day of each month in each year (provided that, if such day is a Saturday or Sunday or a bank holiday or a public holiday in Milan, Genoa and London and not a TARGET Day (a **Business Day**), then interest on such Listed Notes will be payable on the next Business Day) (each, a **Payment Date**, provided that, following the delivery of a Trigger Notice, a Payment Date will be any day on which any payment is required to be made by the Representative of the Noteholders in accordance with the Post-Enforcement Priority of Payments, the Conditions and the Intercreditor Agreement). The rate of interest applicable to the Listed Notes (the **Interest Rate**) for each period from (and including) a Payment Date to (but excluding) the following Payment Date (each, an **Interest Period**, provided that the first Interest Period (the **Initial Interest Period**) shall begin on (and include) the Issue Date and end on (and exclude) the First Payment Date) shall be:

- (A) the rate per annum equal to the Euro-zone inter-bank offered rate (**Euribor**) for one-month deposits in Euro as determined in accordance with Condition 7.5 (*Rate of Interest*); plus
- (B) the following respective margins, from (and including) the Initial Interest Period and in respect of any Interest Period thereafter: (i) for the Class A Notes: 0.78 per cent. per annum; (ii) for the Class B Notes: 1.20 per cent. per annum; (iii) for the Class C Notes: 2.00 per cent. per annum; (iv) for the Class D Notes: 4.00 per cent. per annum; (v) for the Class E Notes: 5.75 per cent. per annum; (vi) for the Class F Notes: 7.48 per cent. per annum; (vii) for the Class X1 Notes: 4.00 per cent. per annum; (viii) for the Class X2 Notes: 5.00 per cent. per annum,

provided that, for the above purpose, if any Interest Rate on the Listed Notes falls below 0 (zero), such Interest Rate will be equal to 0 (zero). The holders of the Class R Notes will have the right to receive the Residual Payments (if any) in accordance with the applicable Priority of Payments.

Calculations as to the estimated weighted average life of the Listed Notes (other than the Class X2 Notes) can be made based on certain assumptions. See the section headed “*Estimated weighted average life of the Listed Notes (other than the Class X2 Notes) and Assumptions*”. Payments of interest and other amounts in respect of the Notes may be subject to deduction or withholding for or on account of taxes, duties and similar charges including, without limitation, a deduction provided for by the Italian Legislative Decree no. 239 of 1 April 1996 (**Decree 239 Deduction**). In such circumstances neither the Issuer nor any other person will be obliged to pay any additional amount in respect of the Notes of any Class as a result of any Decree 239 Deduction or any other deduction or withholding for or on account of taxes to compensate a Noteholder of such Class for any reduction in the amounts received. For further details, see the section headed “*Italian Taxation*”.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under Regulation (EC) no. 1060/2009 on credit rating agencies, as subsequently amended (the **EU CRA Regulation**), unless such rating is provided by a credit rating agency not established in the European Union but is endorsed by a credit rating agency established in the European Union and registered under the EU CRA Regulation or such rating is provided by a credit rating agency not established in the European Union which is certified under the EU CRA Regulation. In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the UK and registered under Regulation (EC) no. 1060/2009

on credit rating agencies, as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the **UK CRA Regulation**), unless such rating is provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or such rating is provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation. As at the date of this Prospectus, each of the Rating Agencies is established in the European Union and is registered under the EU CRA Regulation, as evidenced in the latest update of the list published by ESMA on its website (being, as at the date of this Prospectus, www.esma.europa.eu). As at the date of this Prospectus, each of the Rating Agencies is not established in the UK but the ratings assigned by each of DBRS Ratings GmbH and Fitch Ratings Ireland Limited (*Sede Secondaria Italiana*) are endorsed by DBRS Ratings Limited and Fitch Ratings Limited respectively, each of which is registered under the UK CRA Regulation, as evidenced in the latest update of the list published by FCA on its website (being, as at the date of this Prospectus, <https://register.fca.org.uk/s/>). **A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal by the assigning rating organisations.**

The credit ratings assigned to the Rated Notes reflect the Rating Agencies' assessment only of the likelihood of: (a) with respect to the Class A Notes, the timely payment of interest on each Payment Date and the ultimate repayment of principal on or before the Legal Final Maturity Date; and (b) with respect to each of the other Classes of Notes: (i) as long as the relevant Class is the Most Senior Class of Notes then outstanding, the timely payment of interest on each Payment Date and the ultimate repayment of principal on or before the Legal Final Maturity Date; or (ii) as long as the relevant Class is not the Most Senior Class of Notes then outstanding, the ultimate payment of interest and repayment of principal on or before the Legal Final Maturity Date. These ratings are based, among other things, on the Rating Agencies' determination of the value of the Portfolio, the reliability of the payments on the Portfolio and the availability of credit enhancement. The ratings do not address the following: (a) the likelihood that the principal will be redeemed on the Rated Notes on each Payment Date prior to the Legal Final Maturity Date; (b) the possibility of the imposition of Italian or European withholding taxes; (c) the marketability of the Rated Notes, or any market price for the Rated Notes; or (d) whether an investment in the Rated Notes is a suitable investment for a Noteholder. **A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal by the assigning rating organisations.** There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any of the Rating Agencies as a result of changes in or unavailability of information or if, in the sole judgement of the Rating Agencies, the credit quality of the Rated Notes has declined or is in question. A qualification, downgrade or withdrawal of any of the ratings mentioned above may affect the value of the Rated Notes. The Issuer has not requested a rating of the Rated Notes by any rating agency other than the Rating Agencies. However, credit rating agencies other than the Rating Agencies could seek to rate the Notes and, if such unsolicited ratings are lower than the comparable ratings assigned to the Rated Notes by the Rating Agencies, those shadow ratings could have an adverse effect on the value of the Notes. For the avoidance of doubt and unless the context otherwise requires, any references to "ratings" or "rating" in this Prospectus are to ratings assigned by the specified Rating Agencies only. No rating will be assigned to the Class F Notes, the Class X2 Notes and the Class R Notes.

The Notes will be limited recourse obligations solely of the Issuer. In particular, the Notes will not be obligations or responsibilities of, or guaranteed by, any of the Originator, the Servicer, the Back-up Servicer, the Representative of the Noteholders, the Calculation Agent, the Account Bank, the Paying Agent, the Corporate Servicer, the Quotaholder, the Co-Arrangers, the Joint Lead Managers, the Quotaholder or any other person. None of such persons accepts any liability whatsoever in respect of any failure by the Issuer to make payment of any amount due on the Notes.

The Notes will be issued in dematerialised form (*in forma dematerializzata*) on behalf of the ultimate owners, until redemption and/or cancellation thereof, through Monte Titoli S.p.A. (**Euronext Securities Milan**) for the account of the relevant Euronext Securities Milan Account Holders. The expression **Euronext Securities Milan Account Holders** means any authorised financial intermediary institution entitled to hold accounts on behalf of its customers with Euronext Securities Milan and includes any depository banks appointed by Clearstream Banking S.A. (**Clearstream**) and Euroclear Bank S.A. /N.V., as operator of the Euroclear System (**Euroclear**). Euronext Securities Milan will act as depository for Clearstream and Euroclear in accordance with article 83-bis of Italian Legislative Decree no. 58 of 24 February 1998 (as amended, the **Financial Laws Consolidation Act**), through the authorised institutions listed in article 83-quarter of the Financial Laws Consolidation Act. Title to the Notes will at all times be evidenced by book-entries in accordance with the provisions of: (i) article 83-bis of the Financial Laws Consolidation Act; and (ii) the regulation issued on 13 August 2018 by the Bank of Italy together with CONSOB (the **CONSOB and Bank of Italy Joint Resolution**). No physical document of title will be issued in respect of the Notes.

The Notes have not and will not be registered under the United States Securities Act of 1933, as amended (the **Securities Act**) and are being offered only outside the United States (the **U.S.**) to persons other than U.S. persons in compliance with Regulation S of the Securities Act (**Regulation S**), or U.S. persons (as defined in the final risk retention rules promulgated under Section 15G of the United States Securities Exchange Act of 1934, as amended (the **Securities Exchange Act**)). See the section headed "*Subscription, Sale and Selling Restrictions*".

The Issuer has represented that it is: (i) neither an "investment company" under the Investment Company Act of 1940, as amended (the **Investment Company Act**) since it will be relying on an exemption contained in Section 3(c)(7) of the Investment Company Act; nor (ii) a "covered fund" for purposes of the Volcker Rule under the Dodd-Frank Act (both as defined in this Prospectus).

The Notes will be subject to mandatory redemption, in whole or in part, from time to time on each Payment Date during the Pro-Rata Amortisation Period or the Sequential Amortisation Period (as applicable), in accordance with Condition 8.2 (*Mandatory Redemption*). In addition, on any Payment Date following the occurrence of a Clean-up Call Event and provided that no Trigger Notice has been served on the Issuer, upon exercise by the Originator of its call option on the Portfolio, as set out in the Intercreditor Agreement, the Issuer shall redeem the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) at their Principal Amount Outstanding (together any accrued but unpaid interest thereon) and to pay any amount to be paid in priority to or *pari passu* with such Notes to be redeemed in accordance with the Post-Enforcement Priority of Payments and in accordance with the provisions set forth in Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*). Unless previously redeemed in full in accordance with the Conditions, the Notes will be redeemed on the Payment Date falling in February 2042 (the **Legal Final Maturity Date**). If any amounts remain outstanding in respect of the Notes on the Cancellation Date (as defined below), such amounts (and the obligations to make payments in their respect) will be deemed to be released by the Noteholders and the Notes will be cancelled.

Creditis, in its capacity as Originator, shall retain on an on-going basis, a material net economic interest of not less than 5 per cent. in the Securitisation in accordance with article 6(1) of the EU Securitisation Regulation and article 6(1) of the UK Securitisation Regulation (as such article is interpreted and applied on the Issue Date). As at the Issue Date, such retention will consist of an interest in 5 per cent. of the principal amount of each Class of Listed Notes (other than the Class X1 Notes and the Class X2 Notes) in accordance with article 6(3)(a) of the EU Securitisation Regulation and article 6(3)(a) of the UK Securitisation Regulation (as such article is interpreted and applied on the Issue Date). Creditis, in its capacity as Originator, has undertaken to the Issuer, inter alia: (i) not to change the manner in which the net economic interest is held until the Notes are redeemed in full and/or

cancelled, save as permitted by the EU Securitisation Regulation and the UK Securitisation Regulation; (ii) to ensure that any change to the manner in which such retained interest is held in accordance with paragraph (i) above will be promptly disclosed in the Sec Reg Investor Report; (iii) prepare and provide (or procure the preparation and provision of) all applicable information required to be provided pursuant to article 7 of the EU Securitisation Regulation to the Noteholders, any other holder of a securitisation position, the relevant competent authorities and, upon request, potential investors, including (without limitation) the information under article 7(1)(d) of the EU Securitisation Regulation; and (iv) to ensure that the material net economic interest retained by it shall not be subject to any credit-risk mitigation or hedging, in accordance with article 6(1) of the EU Securitisation Regulation and article 6(1) of the UK Securitisation Regulation (as such article is interpreted and applied on the Issue Date).

The Originator does not intend to retain at least 5 per cent. of the credit risk of the Issuer for the purposes of the U.S. Risk Retention Rules and the issuance of the Notes was not designed to comply with the U.S. Risk Retention Rules, the Originator intends to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that: (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as Risk Retention U.S. Persons); (3) neither the sponsor nor the issuer is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

Each prospective Noteholder is required to independently assess and determine the sufficiency of the information described in this Prospectus for the purposes of complying with article 5 of the EU Securitisation Regulation and article 5 of the UK Securitisation Regulation, and none of the Issuer, the Originator, the Joint Lead Managers, the Co-Arrangers or any other Transaction Party makes any representation that the information described in this Prospectus is sufficient in all circumstances for such purposes. In addition, each prospective Noteholder should ensure that it complies with any implementing provisions in respect of article 5 of the EU Securitisation Regulation and article 5 of the UK Securitisation Regulation. Investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction should seek guidance from their regulator. Please refer to the section headed “*Risk retention and transparency requirements*” for further information.

IMPORTANT – EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (UE) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of article 4(1) of MiFID II; or (iii) not a qualified investor as defined in article 2 of the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (UK). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of article 2 of Regulation (EU) no. 2017/565 as it forms part of domestic law by virtue of the EUWA; (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of article 2(1) of Regulation (EU) no. 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in article 2 of the UK Prospectus Regulation. Consequently no key information document required by Regulation (EU) no. 1286/2014 as it forms part of domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II product governance / target market – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer’s target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

UK MiFIR product governance / target market – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (**COBS**), and professional clients, as defined in Regulation (EU) no. 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended by the European Union (Withdrawal Agreement) Act 2020) (**UK MiFIR**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer’s target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels.

Benchmark Regulation (Regulation (EU) 2016/1011) – Interest amounts payable in relation to the Listed Notes will be calculated by reference to the Euribor, which is provided and administered by the European Money Markets Institute (**EMMI**). As at the date of this Prospectus, EMMI is included on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (**ESMA**) pursuant to article 36 of the benchmark regulation (Regulation (EU) 2016/1011) (the **Benchmark Regulation**). The Benchmark Regulation could have a material impact on the Listed Notes, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmark Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the benchmark. Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmark Regulation reforms in making any investment decision with respect to the Listed Notes.

STS Securitisation – The Securitisation is intended to qualify as an STS securitisation within the meaning of article 18 of the EU Securitisation Regulation. Consequently, the Securitisation meets, as at the date of this Prospectus, the requirements of articles 19 to 22 of the EU Securitisation

Regulation (the **EU STS Requirements**) and will be notified, on or about the Issue Date, by the Originator to be included in the list published by ESMA referred to in article 27(5) of the EU Securitisation Regulation (the **STS Notification**). Pursuant to article 27(2) of the EU Securitisation Regulation, the STS Notification includes an explanation by the Originator of how each of the EU STS Requirements has been complied with under the Securitisation. The STS Notification will be available for download at the ESMA website (being, as at the date of this Prospectus, https://registers.esma.europa.eu/publication/searchRegister?core=esma_registers_stsre) (the **ESMA STS Register**). The Notes can also qualify as STS under the UK Securitisation Regulation until maturity, provided that the Notes remain on the ESMA STS Register and continue to meet the EU STS Requirements. For further details, see the section headed “*Risk Factors – The STS designation impacts on regulatory treatment of the Notes*”.

The Originator has used the service of Prime Collateralised Securities (PCS) EU SAS (**PCS**), as a third party verifying STS compliance authorised under article 28 of the EU Securitisation Regulation in connection with an assessment of the compliance of the Notes with the EU STS Requirements (the **STS Verification**) and to prepare an assessment of compliance of the Notes with the relevant provisions of article 243 of the CRR (the **CRR Assessment** and, together with the STS Verification, the **STS Assessments**). It is expected that the STS Assessments prepared by PCS will be available on the PCS website (being, as at the date of this Prospectus, <https://pcsmarket.org/transactions/>) together with a detailed explanation of its scope at <https://pcsmarket.org/disclaimer/>. For the avoidance of doubt, this PCS website and the contents thereof do not form part of this Prospectus. **No assurance can be provided that the Securitisation does or continues to qualify as an STS securitisation under the EU Securitisation Regulation or the UK Securitisation Regulation as at the date of this Prospectus or at any point in time in the future. The STS status of a transaction is not static and investors should verify the current status of the Securitisation on the ESMA STS Register.** None of the Issuer, the Originator, the Co-Arrangers, the Representative of the Noteholders, the Joint Lead Managers or any other Transaction Party makes any representation or accepts any liability for the Securitisation to qualify as an STS securitisation under the EU Securitisation Regulation or the UK Securitisation Regulation as at the date of this Prospectus nor at any point in time in the future.

Eurosystem Eligibility – The Class A Notes are intended to be held in a manner which would allow Euro-system eligibility pursuant to and for the purposes of the Guideline (EU) 2015/510 of the European Central Bank of 19 December 2014, as amended (the **Guideline**). This means that the Class A Notes are intended upon issue to be held in dematerialised form, settled and evidenced as book entries with Euronext Securities Milan – acting as depository for Euroclear and Clearstream – that constitutes a securities settlement system which has been positively assessed as eligible pursuant to the Eurosystem User Assessment Framework. However, this does not necessarily mean that the Class A Notes will be recognised as eligible collateral for the purposes of the Guideline by the Euro-system either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of all the Euro-system eligibility criteria provided for by the Guideline. It is expected that the Mezzanine Notes, the Junior Notes and the Class R Notes will not satisfy the Euro-system eligibility criteria provided for by the Guideline.

The assessment and/or decision as to whether the Class A Notes qualify as eligible collateral for Eurosystem monetary policy and intra-day credit operations rests with the relevant central bank. None of the Issuer, the Originator, the Co-Arrangers, the Joint Lead Managers or any other Transaction Party gives any representation or warranty as to the eligibility of the Class A Notes for such purpose, nor do they accept any obligation or liability in relation to such eligibility or lack of it of the Class A Notes at any time.

For a discussion of certain risks and other factors that should be considered in connection with an investment in the Notes, see the section headed “*Risk Factors*”.

Capitalised words and expressions in this Prospectus shall, except so far as the context otherwise requires or otherwise specified herein, have the meanings set out in the section headed “*Glossary*”.

LIMITED RECOURSE

The Notes will be limited recourse obligations of the Issuer. The Notes have the benefit of the provisions of article 3 of the Securitisation Law, pursuant to which the Issuer’s rights, title and interest in and to the Portfolio and the other Issuer’s Rights are segregated (costituiscono patrimonio separato) from all other assets of the Issuer (including any other receivables purchased by the Issuer pursuant to the Securitisation Law) and, therefore, any cash-flow deriving therefrom (to the extent identifiable) will be exclusively available, both prior to and following a winding up of the Issuer, to satisfy the obligations of the Issuer to the Noteholders, the Other Issuer Creditors and any other creditors of the Issuer in respect of any fees, costs and expenses in relation to the Securitisation. The Notes have also the benefit of the Security. The Portfolio and the other Issuer’s Rights may not be seized or attached in any form by creditors of the Issuer other than the Noteholders and the Other Issuer Creditors, until full discharge by the Issuer of its payment obligations under the Notes or cancellation thereof. The Noteholders agree that the Issuer Available Funds will be applied by the Issuer in accordance with the relevant priority of payments as outlined in Condition 6 (Priority of Payments).

OTHER BUSINESS RELATIONS

*In addition to the interests described in this Prospectus, prospective Noteholders should be aware that each of the Co-Arrangers and the Joint Lead Managers and their respective related entities, associates, officers or employees (each, a **Relevant Entity**) may be involved in a broad range of transactions including, without limitation, banking, dealing in financial products, credit, derivative and liquidity transactions, investment management, corporate and investment banking and research in various capacities in respect of the Notes, the Issuer or any Transaction Party, both on its own account and for the account of other persons. As such, each*

Relevant Entity may have various potential and actual conflicts of interest arising in the ordinary course of its business. For example, a Relevant Entity's dealings with respect to the Notes, the Issuer or any Transaction Party may affect the value of the Notes as the interests of this Relevant Entity may conflict with the interests of a Noteholder, and that Noteholder may suffer loss as a result. To the maximum extent permitted by applicable law, no Relevant Entity is restricted from entering into, performing or enforcing its rights in respect of the Transaction Documents or the interests described above and may continue or take steps to further or protect any of those interests and its business even where to do so may be in conflict with the interests of Noteholders. The Relevant Entities may in so doing act without notice to, and without regard to, the interests of the Noteholders or any other person.

SELLING RESTRICTIONS

No action has or will be taken which would allow an offering (nor an "offerta al pubblico di prodotti finanziari") of the Notes to the public in the Republic of Italy. Accordingly, the Notes may not be offered, sold or delivered, and neither this Prospectus nor any other offering material relating to the Notes may be distributed, or made available, to the public in the Republic of Italy. Individual sales of the Notes to any persons in the Republic of Italy may only be made in accordance with Italian securities, tax and other applicable laws and regulations. Except with the prior written consent of the Originator and where such sale*

falls within the exemption provided by Section 20 of the U.S. Risk Retention Rules, the Notes offered and sold by the Issuer may not be purchased by, or for the account or benefit of, any U.S. person (as defined in the U.S. Risk Retention Rules). Neither the Issuer, the Originator, the Co-Arrangers, the Joint Lead Managers nor the Representative of the Noteholders or any other Transaction Party gives any representation or warranty as to whether the Securitisation complies with the U.S. Risk Retention Rules.

*The Issuer has not been and will not be registered under the United States Investment Company Act of 1940, as amended (the **Investment Company Act**).*

FORWARD-LOOKING STATEMENTS

This Prospectus contains statements that constitute forward-looking statements. Words such as “believes”, “anticipates”, “expects”, “estimates”, “intends”, “plans”, “will”, “may”, “should” and similar expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements. These statements include those regarding the intent, belief or current expectation of the Originator and its officers with respect to, among other things: (a) the financial condition of the Originator and the characteristics of its strategy, products or services; (b) the Originator’s plans, objectives or goals, including those related to products or services; (c) statements of future economic performance; and (d) assumptions underlying those statements.

Forward-looking statements are not guarantees of future performance and involve risks and uncertainties and actual results may differ from those in the forward-looking statements as a result of various factors. Accordingly, prospective purchasers of the Notes should not rely on such forward-looking statements. The information in this Prospectus, including the information set out in the sections headed “Risk Factors”, “The Portfolio” and “The Originator and the Servicer” identifies important factors that could cause such differences including, inter alia, a change in the overall economic conditions in Italy, change in the Originator’s financial condition and the effect of new legislation or government regulations (or new interpretation of existing legislation or government regulations) in Italy. Such forward-looking statements speak only as at the date of this Prospectus. Accordingly, neither the Issuer, nor the Co-Arrangers, the Joint Lead Managers nor any other Transaction Party undertakes any obligation to update or revise any of them whether as a result of new information, future events or otherwise. Neither the Issuer, nor the Co-Arrangers, the Joint Lead Managers or any Transaction Party makes any representation, warranty or prediction that the results anticipated by such forward-looking statements will be achieved and such forward-looking statements represent, in each case, only one of the many possible scenarios and should not be viewed as the most likely standard scenario. Moreover, no assurance can be given that any of the historical information, trends or practices mentioned and described in the Prospectus are indicative of future results or events.

Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer’s target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.*

RISK FACTORS

Investing in the Notes involves certain risks. The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with the Notes are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may, exclusively or concurrently, occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding the Notes are exhaustive. While the various structural elements described in this Prospectus are intended to lessen some of these risks for holders of the Notes, there can be no assurance that these measures will be sufficient or effective to ensure payment to the holders of the Notes of interest or repayment of principal on the Notes on a timely basis or at all. Additional risks and uncertainties not presently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations.

Prospective Noteholders should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

1. RISKS RELATED TO THE AVAILABILITY OF FUNDS TO PAY THE NOTES

Noteholders cannot rely on any person other than the Issuer to make payments on the Notes

The Notes will be limited recourse obligations solely of the Issuer. In particular, the Notes will not be obligations or responsibilities of, or guaranteed by, the Originator, the Servicer, the Representative of the Noteholders, the Paying Agent, the Calculation Agent, the Account Bank, the Corporate Servicer, the Back-up Servicer, the Swap Counterparty, the Co-Arrangers, the Joint Lead Managers, the Quotaholder or any other person. None of such persons accepts any liability whatsoever in respect of any failure by the Issuer to make payment of any amount due on the Notes.

The Issuer has a limited set of resources available to make payments on the Notes

The Issuer's principal assets are the Receivables. As at the date of this Prospectus, the Issuer does not have any significant assets other than the Receivables and the other Issuer's Rights as described in this Prospectus.

The Notes constitute direct, secured limited recourse obligations solely of the Issuer. The assets available to the Issuer for the purpose of meeting its obligations under the Securitisation are the Receivables comprised in the Portfolio acquired by the Issuer from the Originator pursuant to the Receivables Purchase Agreement, any amounts standing to the credit of the Issuer's Accounts and the Issuer's rights under the Transaction Documents to which it is a party (including rights to receive payments made by the Swap Counterparty under the Swap Agreement). If the funds received by the Issuer from such assets are insufficient to meet the Issuer's payment obligations under the Notes (including in respect of interest or principal) and/or, if there is delay between the scheduled payment dates provided under the Loan Agreements and the actual receipt of payments from the Debtors and/or the Guarantors, the Noteholders may not be repaid in full and/or on a timely basis. The limited recourse nature of the Notes also means that the Issuer shall not be required to pay, and the other assets of the Issuer will not be available for payment of, any shortfall in funds available for such purpose after the realisation of the Issuer's Rights in full by the Representative of the Noteholders following the occurrence of a Trigger Event or on the Legal Final Maturity Date, all claims in respect of which shall be extinguished. For further details, see the section headed "*Selected aspects of Italian Law*" below.

There is no assurance that, over the life of the Notes or at the redemption date of the Notes (whether on maturity or upon redemption by acceleration of maturity following the service of a Trigger Notice or otherwise), there

will be sufficient funds to enable the Issuer to pay interest when due on the Notes and to repay the outstanding principal on the Notes in full. If there are not sufficient funds available to the Issuer to pay in full interest and principal, as well as any other amounts due in respect of the Notes, then the Noteholders will have no further claims against the Issuer in respect of any such unpaid amounts.

Following the service of a Trigger Notice, the only remedy available to the Noteholders and the Other Issuer Creditors is the exercise by the Representative of the Noteholders of the Issuer's rights under the Transaction Documents. After the service of a Trigger Notice, the Issuer (or the Representative of the Noteholders on its behalf) could attempt to sell all, or part, of the Receivables, but there is no assurance that the amount received on such a sale would be sufficient to repay in full all amounts due to the Noteholders.

Liquidity and credit risk arising from any delay or default in payment by the Debtors may impact the timely and full payment of amounts due under the Notes

The Issuer is subject to the risk of delay arising between the receipt of payments due from the Debtors and the scheduled Payment Dates. The Issuer is also subject to the risk of default in payment by the Debtors and failure by the Servicer to collect or recover or transfer sufficient funds in respect of the Receivables in order to enable the Issuer to discharge all amounts payable under the Notes. Individual, personal or financial conditions of the Debtors may affect the ability of the Debtors to repay the Loans. Unemployment, loss of earnings, illness (including any illness arising in connection with an epidemic) and other similar factors may lead to an increase in delinquencies by the Loans and could ultimately have an adverse impact on the ability of the Debtors to repay the Loans.

These risks are mitigated by the liquidity and credit support provided: (a) in respect of any particular Class of Notes, by the credit enhancement provided by any subordinated Class of Notes in the applicable Priority of Payments; (b) in respect of each of the Class A Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes, by the availability of certain Principal Available Funds to cure any Interest Shortfall; (c) in respect of each of the Class A Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes, by the Cash Reserve, which will be available: (i) to cover any Uncured Interest Shortfall, and (ii) to reduce the debit balance of the Principal Deficiency Ledgers on the Payment Date on which the Class A Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes are redeemed in full and/or cancelled; and (d) in respect of each of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes, by the application of the Interest Available Funds in accordance with the Pre-Enforcement Interest Priority of Payments to cure amounts debited on the Principal Deficiency Ledger. There can be no assurance that the levels of liquidity and credit support provided by the subordination of the Notes, the funds standing to the credit of the Cash Reserve Account, the availability of certain Principal Available Funds to cure any Interest Shortfall and/or the allocation of Interest Available Funds to Principal Available Funds through the Principal Deficiency Ledgers will be adequate to ensure punctual and full receipt of amounts due under the Notes. For further details, see Condition 4 (*Status, Segregation and Ranking*).

Interest rate risk arising from the mismatch between the interest rate applicable on the Loans and the Notes may affect the ability of the Issuer to meet its payment obligations under the Notes in case of termination of the Swap Agreement

The Receivables have interest payments calculated on a fixed rate basis, whilst the Listed Notes will bear interest at a rate based on Euribor (as determined in accordance with the Conditions). Therefore, there could be a rate mismatch between interest accruing on the Listed Notes and on the Portfolio.

As a result of such mismatch, an increase in the level of Euribor could adversely affect the ability of the Issuer to make payments on the Notes. In order to reduce the risk arising from a situation where the level of Euribor increases to such an extent that the Collections are no longer sufficient to cover the Issuer's obligations under the Listed Notes (other than the Class X1 Notes and the Class X2 Notes), the Issuer has entered into the Swap Agreement with the Swap Counterparty in respect of the Listed Notes (other than the Class X1 Notes and the

Class X2 Notes). In addition, it should be noted that under Condition 7.5 (*Rate of Interest*) it is provided that in any case the Interest Rate applicable to the Listed Notes may not become negative.

Nonetheless, should the Swap Counterparty fails to provide the Issuer with all amounts owing to the Issuer (if any) on any payment date under the Swap Agreement, or should the Swap Transaction be otherwise terminated, then the Issuer may have insufficient funds to make payments of principal and interest on the Notes.

The Swap Agreement contains certain limited termination events and events of default which will entitle any of the Swap Counterparty or the Issuer (as applicable) to terminate the Swap Transaction. If the Swap Transaction is terminated for any reason, the Issuer may be required to pay an amount to the Swap Counterparty as a result of the termination. Any termination amounts payable by the Issuer to the Swap Counterparty will be made in accordance with the applicable Priority of Payments.

Under the Intercreditor Agreement, the Issuer has covenanted with the Representative of the Noteholders that, if the Swap Transaction is terminated early and no Trigger Event has occurred, it will use its best endeavours to find, with the cooperation of the Originator, a suitably rated replacement swap counterparty who is willing to enter into a replacement swap transaction substantially on the same terms as the Swap Transaction. However, no assurance can be given that the Issuer will be able to enter into a replacement swap transaction with a suitably rated entity that will provide the Issuer with the same level of protection as the Swap Transaction.

For further details, see the section headed “*Description of the Transaction Documents – The Swap Agreement*” and “*Description of the Transaction Documents – Intercreditor Agreement*”.

Commingling risk may affect availability of funds to pay the Notes

The Issuer may be subject to the risk that, in the event of insolvency of Credis, acting as Servicer, or the Account Bank the Collections would be lost or be temporarily unavailable to the Issuer.

Indeed, although article 3, paragraphs 2-*bis* and 2-*ter*, of the Securitisation Law, provides that the sums credited to the accounts opened in the name of the issuer or the servicer with an account bank (whether before or during the relevant insolvency proceeding of such account bank) will not be subject to suspension of payments or will not be deemed to form part of the estate of the servicer or the account bank, as the case may be, and shall be immediately and fully repaid to the issuer, without the need to file any petition (*domanda di ammissione al passivo o di rivendica*) and wait for the distributions (*riparti*) and the restitutions of sums (*restituzioni di somme*), such provisions of the Securitisation Law have not been the subject of any official interpretation and to date they have been commented by a limited number of legal commentators. Consequently, there remains a degree of uncertainty with respect to the interpretation and application thereof. In addition, pursuant to article 95-*bis* of the Consolidated Banking Act, the liquidation and reorganisation proceedings of an account bank would be governed by the laws of the member state in which the relevant account bank has been licensed; therefore in the event that an account bank is a foreign entity, there is a risk that the insolvency receiver of the same may disregard the provisions of article 3, paragraph 2-*bis*, of the Securitisation Law.

Prospective Noteholders should also note that, in order to mitigate any possible risk of commingling: (i) the Servicer has undertaken to transfer Collections received by it into the Collection Account held by the Account Bank within 2 (two) Business Days from the relevant reconciliation date, which limits the amount of Collections that may be held by the Servicer at any given time; and (ii) pursuant to the Cash Allocation, Management and Payments Agreement, it is required that the Account Bank shall at all times be an Eligible Institution.

Furthermore, in case of termination of its appointment pursuant to the Servicing Agreement, the Servicer has undertaken to notify the Debtors to pay any amount due in respect of the Receivables directly into the Collection Account and in the event the Servicer fails to do so such steps may be taken by the substitute servicer (including the Back-up Servicer). However, no assurance can be given that all data necessary to make such notifications will be available and that the Debtors will comply with such payment instructions.

Failure by any Noteholder or Other Issuer Creditor to comply with non-petition undertakings may affect the ability of the Issuer to meet its obligations under the Notes

By operation of article 3 of the Securitisation Law, the Portfolio, any monetary claim accrued by the Issuer in the context of the Securitisation, the relevant collections and the financial assets purchased through such collections are segregated (*costituiscono patrimonio separato*) under Italian law from all other assets of the Issuer and from the assets relating to any further securitisation transaction carried out by it pursuant to the Conditions and are only be available, both before and after a winding-up of the Issuer, to satisfy the obligations of the Issuer to the Noteholders, to the Other Issuer Creditors and to any other third-party creditors in respect of costs, fees and expenses incurred in relation to the Securitisation and in order to preserve the corporate existence of the Issuer, to maintain it in good standing and to comply with applicable legislation. The Notes have also the benefit of the Security over certain assets of the Issuer pursuant to the Deed of Charge.

Pursuant to the Conditions and the Intercreditor Agreement, until the date falling 2 (two) years and 1 (one) day after the date on which the Notes and any notes issued by (or loan advanced to) the Issuer under any further securitisations undertaken by the Issuer have been redeemed (or repaid, as the case may be) in full or cancelled in accordance with their terms and conditions, no Noteholder and no Other Issuer Creditor (nor any person on its behalf, other than the Representative of the Noteholders when so directed by an Extraordinary Resolution of the Noteholders and only if the representatives of the noteholders (or lenders, as the case may be) of all further securitisation transactions carried out by the Issuer, if any, have been so directed by appropriate resolutions of their respective noteholders (or lenders, as the case may be) under the relevant transaction documents) shall initiate or join any person in initiating an Insolvency Event in relation to the Issuer, other than in the circumstances expressly referred to in the Rules of the Organisation of the Noteholders. However, there can be no assurance that the Noteholders and the Other Issuer Creditors will comply with non-petition obligations set out in Condition 9.1 (*Noteholders not entitled to proceed directly against Issuer*) and the Intercreditor Agreement.

If any Insolvency Event were to be initiated against the Issuer, no creditors other than the Representative of the Noteholders on behalf of the Noteholders, the Other Issuer Creditors and any other third parties creditors in respect of any taxes, costs, fees or expenses incurred in relation to such securitisations and in order to preserve the corporate existence of the Issuer, to maintain it in good standing and to comply with applicable legislation would have the right to claim in respect of the Receivables. However, there can in any event be no assurance that the Issuer would be able to meet all of its obligations under the Notes.

2. RISKS RELATING TO THE PORTFOLIO

Yield and payment considerations: performance of the underlying Loans

The yield to maturity, the amortisation plan and the weighted average life of the Notes cannot be predicted. Calculations as to the estimated weighted average life of the Notes are based on, inter alia, assumptions on various rates of prepayment (for further details, see the section headed "*Estimated weighted average life of the Listed Notes (other than the Class X2 Notes) and Assumptions*"). However, the actual characteristics and performance of the Loans will differ from such assumptions and any difference will affect the amount outstanding of the Notes over time and, therefore, the weighted average lives of the Notes.

The yield, amortisation plan and weighted average life of the Notes may be adversely affected by a number of factors including, without limitation, a higher or lower rate of prepayment, delinquency and default on the Loans and the timing of the receipt of any proceeds of enforcement or any insurance policy assisting the Receivables. Prepayments may also arise in connection with refinancing. There is often little disincentive for borrowers to prepay early as lenders have a limited ability to charge early prepayment fees (as to which see the risk factor entitled "*Italian consumer protection legislation – Prepayment right*" below).

The yield, amortisation plan and weighted average life of the Notes may also be adversely affected by any decision by the Originator to exercise its faculty to repurchase the Receivables in lieu of indemnifying the Issuer under the Receivables Purchase Agreement.

Assignment of Receivables and payments made by the Issuer upon disposal of the Receivables may be subject to claw-back upon certain conditions being met

The Issuer is subject to the risk that the assignment of the Receivables made by the Originator to the Issuer pursuant to the Receivables Purchase Agreement may be clawed-back (*revocato*) in case of insolvency of the Originator.

Indeed, assignments of receivables made under the Securitisation Law are subject to claw-back (*revocatoria*): (i) pursuant to article 166, paragraph 1, of the Italian Insolvency Code, if the petition for admission to judicial liquidation (*liquidazione giudiziale*) of the relevant originator is filed within 6 (six) months from the purchase of the relevant portfolio of receivables, provided that the value of the receivables exceeds the sale price of the receivables for more than 25 (twenty-five) per cent. and the issuer is not able to demonstrate that it was not aware of the insolvency of such originator; or (ii) pursuant to article 166, paragraph 2, of the Italian Insolvency Code, if the petition for admission to judicial liquidation (*liquidazione giudiziale*) of the relevant originator is made within 3 (three) months from the purchase of the relevant portfolio of receivables, and the insolvency receiver of such originator is able to demonstrate that the issuer was aware of the insolvency of the originator.

In order to mitigate such risk, according to the Receivables Purchase Agreement and with respect of the assignment of the Portfolio, the Originator has provided the Issuer with, inter alia, a certificate of the competent companies' register, stating that no insolvency proceeding is pending against the Originator and a solvency certificate. Furthermore, under the Warranty and Indemnity Agreement, the Originator has represented that it is solvent as at the Transfer Date of the Portfolio and as at the Issue Date.

In addition, the Issuer is subject to the risk that the disposal of Receivables made by the Issuer to the Originator or third parties pursuant to the Receivables Purchase Agreement and the Intercreditor Agreement may be clawed-back (*revocato*) in case of insolvency of the relevant purchaser.

In order to mitigate such risk, pursuant to the Intercreditor Agreement, in case of sale of the Portfolio following the service of a Trigger Notice or in the event of an early redemption of the Notes pursuant to Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) or 8.4 (*Optional Redemption for taxation reasons*), the relevant purchaser shall provide: (i) a solvency certificate signed by an authorised representative of the purchaser and dated the date of the payment of the relevant repurchase price; and (ii) a good standing certificate issued by the competent companies' register dated no earlier than 10 (ten) Business Days (or, in the case of the Originator, 2 (two) Business Days before the date on which the relevant Receivables will be sold), stating that the purchaser is not subject to any insolvency proceeding.

Payments made to the Issuer may be subject to claw-back upon certain conditions being met

The Issuer is subject to the risk that certain payments made to the Issuer by any Transaction Party may be clawed-back (*revocato*) in case of insolvency of the latter.

More in detail, payments made to the Issuer by any Transaction Party in the 1 (one) year or 6 (six) month suspect period, as applicable, prior to the date on which such party has been subject to insolvency proceedings, may be subject to claw-back (*revocatoria fallimentare*) according to article 166 of the Italian Insolvency Code (or any equivalent rules under the applicable jurisdiction of incorporation of the Transaction Party). In case of application of article 166, paragraph 1, of the Italian Insolvency Code, the relevant payment will be set aside and clawed back if the Issuer is not able to demonstrate that it was not aware of the state of insolvency of the relevant Transaction Party when the payments were made, whereas, in case of application of article 166, paragraph 2, of the Italian Insolvency Code, the relevant payment will be set aside and clawed back if the receiver is able to demonstrate that the Issuer was aware, or ought to be aware, of the state of insolvency of the relevant Transaction Party. The question as to whether or not the Issuer had actual or constructive

knowledge of the state of insolvency at the time of the payment is a question of fact with respect to which a court in its discretion may consider all relevant circumstances.

Pursuant to the Securitisation Law, claw-back risk does not apply to payments made by assigned debtors, which are exempted from claw-back (*revocatoria*) pursuant to article 166 of the Italian Insolvency Code and from declaration of ineffectiveness (*declaratoria di inefficacia*) pursuant to article 164, paragraph 1 of the Italian Insolvency Code.

The performance of the Portfolio may deteriorate in case of default by the Debtors

The Portfolio is exclusively comprised of Loans which were “performing” as at the Valuation Date (for further details, see the section headed “*The Portfolio*”). However, there can be no guarantee that: (i) the Debtors will continue to perform under the Loans; or (ii) the Guarantors will continue to perform under the Collateral Security.

The recovery of amounts due in relation to any Defaulted Receivables will also be subject to the effectiveness of enforcement proceedings in respect of the Portfolio which, in the Republic of Italy, can take a considerable time depending on the type of action required, particularly if it is necessary to obtain a payment injunction (*decreto ingiuntivo*) or if the Debtor raises a defence or counterclaim to the proceedings. For further details, see the section headed “*Selected aspects of Italian Law*” below. Furthermore, in some circumstances (including following the delivery of a Trigger Notice), the Issuer could attempt to sell the Portfolio to third parties. However, there is no assurance that a purchaser could be found nor that the net proceeds of the sale of the Portfolio would be sufficient to pay in full all amounts due to the Noteholders. For further details, see the sections headed “*The Portfolio*” and “*Description of the Transaction Documents – Receivables Purchase Agreement*” below.

Eligible Investments may not be fully recoverable in certain circumstances

Pursuant to the Cash Allocation, Management and Payment Agreement, upon instructions by the holders of the Class R Notes holding at least 51 per cent. of the Principal Amount Outstanding of the Class R Notes, the Issuer will direct the Cash Manager to instruct the Account Bank (i) to use the amounts standing to the credit of the Collection Account and the Cash Reserve Account to settle Eligible Investments, and (ii) to credit to the Securities Account the Eligible Investments consisting of securities or financial instruments. The investments must comply with appropriate ratings corresponding to the term of the investment, as provided by the definition of Eligible Investments. However, it may be that, irrespective of any such rating, such investments will be irrecoverable due to the insolvency or default of the relevant debtor in respect of the investment. In the event any of the investments are irrecoverable, the Issuer would have less funds available to it to make payments under the Notes which could affect whether or not the Noteholders are repaid in full.

None of Creditis (in any capacity), the Co-Arrangers, the Joint Lead Managers or any other Transaction Party will be responsible for any loss or shortfall deriving therefrom.

For further details, see the section headed “*The Issuer’S Accounts*”.

Italian consumer protection legislation contains certain protections in favour of debtors

The Portfolio comprises only Receivables deriving from Loans qualifying as consumer loans, *i.e.* loans granted to individuals acting outside the scope of their entrepreneurial, commercial, craft or professional activities. The following risks, *inter alia*, could arise in relation to a consumer loan contract.

(A) Linked contracts (contratti collegati)

Under the Consolidated Banking Act, borrowers under consumer loan contracts linked to supply contracts have the right to terminate the relevant contract with the lender following a default by the supplier, provided that: (i) they have previously and unsuccessfully made an injunction (*costituzione in mora*) against the supplier;

and (ii) such default constitutes a material default pursuant to, and for the purposes of, article 1455 of the Italian Civil Code. In case of termination of the consumer loan contract, the lender must reimburse all instalments and sums paid by the consumer. In addition, borrowers are entitled to exercise against the assignee of any lender under such consumer loan contracts (such as the issuer) any of the defences, which they had against the original lender, to avoid payment to the assignee.

The same risk might exist with reference to insurance policies financed by the lenders (where the premium is paid up-front by the lenders to the insurance companies and then reimbursed to the lenders by the borrowers as a part of the loan instalments), as it is uncertain whether they may qualify as linked contracts and, as such, what the claim by the Debtor may be in case of default by the insurance company. On the basis of the principles of the Italian Civil Code it could be reasonably argued that, should the insurance policies qualify as linked contracts, upon default of the insurance companies the borrowers would be entitled to claim only a refund of the portion of the loan financing the premium. However, it should be noted that, as at the date of this Prospectus, no decision has been expressed by any Italian court in respect of this issue. For further details, see the section headed “*Selected aspects of Italian Law – Italian consumer protection legislation – Linked Contracts (Contratti Collegati)*”.

Prospective Noteholders should note that, pursuant to the Warranty and Indemnity Agreement, Creditis: (i) has represented and warranted, *inter alia*, that Debtors have not entered into any linked contract and there is no right of the Debtors to set-off any amount due in relation to the Receivables for the failure by the Insurance Companies to their respective duties pursuant to the Insurance Policies and/or the early repayment of the Loan Agreements or for any other reason; and (ii) has undertaken to indemnify and keep the Issuer harmless from any damage, loss, claim, cost and/or expense that the Issuer has incurred or may incur as a result of the inability of the Issuer to collect or recover any Receivables due to the exercise by the Debtors of any claim or counterclaim (including by way of set-off) against Creditis. However, in the event that any of these representations and warranties were found to be untrue, the Issuer could receive less collections on the Receivables than expected and, therefore, may have insufficient amounts to repay in full principal and pay interest on the Notes. In addition, should the Originator default under its payments obligations under the Warranty and Indemnity Agreement, the Issuer may not receive, in whole or in part, the amounts owed to it by the Originator thereunder (please also see in this respect the risk factor entitled “*The ability of the Issuer to meet its obligations under the Notes is dependent on the performance of other Transaction Parties*” below).

(B) Set-off

There is a risk that, depending on the interpretation of certain legislation, Debtors may have a set-off claim under the relevant Loan Agreement against any amounts payable by the Originator to the relevant Debtor. If a Debtor exercises a right of set-off against the Issuer this could result in the Issuer receiving a reduced (if any) payment from the Debtor in respect of the relevant Loan.

For further details, see the section headed “*Selected aspects of Italian Law – Italian consumer protection legislation – Set-off*”.

However, prospective Noteholders should note that Creditis has represented to the Issuer, pursuant to the Warranty and Indemnity Agreement, that, as at the Transfer Date, none of the Debtors benefits from a contractual right to off-set any amount due to Creditis by it with any amount due to it by Creditis. In addition, pursuant to the Warranty and Indemnity Agreement, Creditis has undertaken to indemnify and keep the Issuer harmless from any damage, loss, claim, cost and/or expense that the Issuer has incurred or may incur as a result of: (i) any representation or warranty granted by the Originator under the Receivables Purchase Agreement (included the relevant schedules) being untrue, incomplete or incorrect; and (ii) the inability of the Issuer to collect or recover any Receivables due to the exercise by the Debtors of any claim or counterclaim (including by way of set-off) against Creditis. However, in the event that any of these representations and warranties were found to be untrue and/or any of such claims or counterclaim would be raised by the Debtors, the Issuer could receive less collections on the Receivables than expected and, therefore may have insufficient amounts to repay in full principal and pay interest on the Notes. In addition, should the Originator default under its payments

obligations under the Warranty and Indemnity Agreement, the Issuer may not receive, in whole or in part, the amounts owed to it by the Originator thereunder (please also see in this respect the risk factor entitled “*The ability of the Issuer to meet its obligations under the Notes is dependent on the performance of other Transaction Parties*” below).

(C) Consumer Code’s protection

The Loans are consumer loans regulated, inter alia, by article 1469-*bis* of the Italian Civil Code and by Italian Legislative Decree no. 206 of 6 September 2005 (the **Consumer Code**), which provide that any clause in a consumer contract which contains a material imbalance between the rights and obligations of the consumer under the contract, is deemed to be unfair and is not enforceable against the consumer whether or not the consumer’s counterparty acted in good faith.

For further details, see the section headed “*Selected aspects of Italian Law – Italian consumer protection legislation – Consumer Code’s protection*”.

Pursuant to the Warranty and Indemnity Agreement, the Originator has undertaken to indemnify and keep the Issuer harmless from any damage, loss, claim, cost and/or expense that the Issuer has incurred or may incur as a result of the inability of the Issuer to collect or recover any Receivables due to the Debtors or any third party raising any claim or counterclaim (including a demand for invalidity) against the Originator. Therefore, in the event that any of such claims or counterclaim would be raised by the Debtors, the Issuer could receive less collections on the Receivables than expected and, therefore may have insufficient amounts to repay in full principal and pay interest on the Notes. In addition, should the Originator default under its payments obligations under the Warranty and Indemnity Agreement, the Issuer may not receive, in whole or in part, the amounts owed to it by the Originator thereunder (please also see in this respect the risk factor entitled “*The ability of the Issuer to meet its obligations under the Notes is dependent on the performance of other Transaction Parties*” below).

(D) Notice of Assignment

Pursuant to the Consolidated Banking Act, there is no obligation to inform the consumer of the assignment of the rights of the lender under a consumer loan agreement when the original lender maintains the servicing of the relevant claims. In addition, pursuant to the regulation of the Bank of Italy, notices of assignment shall be made in accordance with, respectively, article 58 of the Consolidated Banking Act with respect to the assignment of claims required to be carried out thereunder and the Securitisation Law with respect to the securitisation transaction of claims. For further information, see the section entitled “*Selected aspects of Italian Law – Italian consumer protection legislation – Notice of Assignment*”. Prior individual notice of the purchase of the Receivables under the Receivables Purchase Agreement was not, and will not be, given to the Debtors as the Originator will continue to service the relevant Receivables and the Debtors’ payment procedure will not be subject to change. Since no notice of the assignment of the Receivables to the Issuer is being given, there is a risk that Debtors who qualify as a “consumer” pursuant to the Consolidated Banking Act could raise a defence in any enforcement action taken by the Issuer in respect of the relevant Loan Agreement qualifying as “consumer loans” extended to them that the assignment of the Receivables cannot be enforced against them if the Originator does not continue to service the relevant Receivables and the Debtors’ payment procedure are subject to change, until they receive formal notice of the assignment. In this respect, pursuant to the Receivables Purchase Agreement, however, the Originator has undertaken to notify to the Debtors and the Guarantors, at the earliest opportunity, the transfer of the Portfolio as provided for by the applicable regulations and to furnish to the Debtors and the Guarantors information as referred to in articles 13, paragraphs 1 and 2 of the Privacy Law and 13 and 14 of the GDPR (as applicable).

(E) Prepayment right

Pursuant to article 125-*sexies*, paragraph 1, of the Consolidated Banking Act, borrowers under consumer loan contracts have the right to prepay any consumer loan without penalty and with the additional right to a *pro*

rata reduction in the aggregate costs and interest of the loan. It should, however, be noted that, in the event of prepayment by the borrower, the lender, under certain circumstances, is entitled to a compensation equal to 1 per cent. of the prepaid amount of the consumer loan if the residual duration of the consumer loan is longer than one year, or equal to 0.5 per cent. of the same amount, if shorter; in any case, no prepayment penalty shall be due (i) if the repayment has been made under an insurance contract intended to provide a credit repayment guarantee; or (ii) in the case of overdraft facilities; or (iii) if the repayment falls within a period for which the borrowing rate is not a fixed rate; or (iv) if the prepaid sum is equal to the total outstanding amount of the relevant consumer loan and is equal to or less than Euro 10,000.

The provisions of article 125-*sexies* of the Consolidated Banking Act have been amended by Law Decree no. 73 of 25 May 2021, as converted into Law no. 106 of 23 July 2021 (the so-called *Sostegni-bis Decree*). Pursuant to the *Sostegni-bis Decree*, the consumer loan agreements shall clearly indicate the criteria applicable for such interest and cost reduction, being a linear proportional reduction or a reduction based on the loan amortised cost. Unless otherwise specified in the relevant consumer loan agreement, a reduction based on the loan amortised cost would apply. Save for any different agreement between the lenders and the relevant credit intermediaries, the lenders would have a recourse against such credit intermediaries for the recovery of an amount equivalent to the portion of the credit intermediaries' fees reimbursed to the borrowers as a result of the prepayment.

The amendments to article 125-*sexies* of the Consolidated Banking Act introduced by the *Sostegni-bis Decree* would apply to the consumer loan agreements executed after the entry into force of conversion law. Any prepayment relating to consumer loan agreements entered into prior to such date would continue to be governed by the previous provisions of article 125-*sexies*, as well as by the Bank of Italy's regulations applicable at the time of the relevant prepayment.

3. RISKS RELATING TO THE NOTES

Investment in the Notes is only suitable for certain investors

Structured securities, such as the Notes, are sophisticated financial instruments, which can involve a significant degree of risk. Prospective investors in any Class of the Notes should ensure that they understand the nature of such Notes and the extent of their exposure to the relevant risks. Such prospective investors should also ensure that they have sufficient knowledge, experience and access to professional advice to make their own legal, tax, accounting and financial evaluation of the merits and risks of an investment in the Notes and that they consider the suitability of such Notes as an investment in light of their own circumstances and financial condition.

Investment in the Notes is only suitable for investors who: (i) have the requisite knowledge and experience in financial and business matters to evaluate such merits and risks of an investment in the Notes; (ii) have access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks in the context of their financial situation; (iii) are capable of bearing the economic risk of an investment in the Notes; and (iv) recognise that it may not be possible to dispose of the Notes for a substantial period of time, if at all.

Prospective Noteholders should not rely on or construe any communication (written or oral) of the Issuer, the Originator, the Co-Arrangers, the Joint Lead Managers or any other Transaction Party as investment advice or as a recommendation to invest in the Notes, it being understood that information and explanations related to the Conditions shall not be considered to be investment advice or a recommendation to invest in the Notes. No communication (written or oral) received from the Issuer, the Originator, the Co-Arrangers, the Joint Lead Managers or any other Transaction Party shall be deemed to be an assurance or guarantee as to the expected results of an investment in the Notes.

Conversely, prospective Noteholders should make their own independent decision whether to invest in the Notes and whether an investment in the Notes is appropriate or proper for them, based upon their own judgment and upon advice from such advisers as they may deem necessary.

If an investor does not properly assess the nature of the Notes and the extent of its exposure to the relevant risks before making its investment decision, it may suffer losses.

Payment of interest on certain Classes of Notes may be deferred in certain circumstances

Payments of Interest Payment Amount on each Class of Listed Notes (other than the Most Senior Class of Notes) then outstanding will be subject to deferral to the extent that there are insufficient Interest Available Funds on any Payment Date in accordance with the applicable Priority of Payments to pay in full the relevant Interest Payment Amount which would otherwise be payable on such Classes of Listed Notes then outstanding. The amount by which the aggregate amount of interest paid on each of such Classes of Listed Notes on any Payment Date in accordance with Condition 7.13 (*Interest Deferral*) falls short of the aggregate amount of Interest Payment Amount which otherwise would be payable on the relevant Class of Listed Notes, as applicable, on that date shall be aggregated with the amount of, and treated for the purposes of, Condition 7.13 (*Interest Deferral*), as if it were interest due on each of such Classes of Listed Notes, as applicable, and, subject as provided below, payable on the next succeeding Payment Date. Any such unpaid amount shall not accrue additional interest.

Any Interest Payment Amount due but not payable on the Most Senior Class of Notes on any Payment Date will not be deferred and any failure to pay such Interest Payment Amount will constitute a Trigger Event pursuant to Condition 12.1 (*Trigger Events*).

If the Class B Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class B Notes will not then be payable under item (ix) (*ninth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xix) (*nineteenth*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class B Notes.

If the Class C Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class C Notes will not then be payable under item (xi) (*eleventh*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xx) (*twentieth*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class C Notes.

If the Class D Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class D Notes will not then be payable under item (xiii) (*thirteenth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xxi) (*twenty-first*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class D Notes.

If the Class E Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class E Notes will not then be payable under item (xv) (*fifteenth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xxii) (*twenty-second*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class E Notes.

If the Class F Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class F Notes will not then be payable under item (xvii) (*seventeenth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xxiii) (*twenty-third*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied

in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class F Notes.

If, on the Cancellation Date, there remains any such shortfall, the amount of such shortfall will become due and payable on such date, subject in each case to the amounts of Issuer Available Funds and, to the extent unpaid, will be cancelled.

For further details, see the sections headed “*Transaction Overview – Principal Features of the Notes*” and “*Terms and Conditions of the Notes*”.

Changes or uncertainty in respect of Euribor and/or other interest rate benchmarks may affect the value or payment of interest under the Listed Notes

The Listed Notes are linked to Euribor. Euribor and other benchmark rates are the subject of recent national and international regulatory guidance and proposals for reform including, without limitation, the Benchmark Regulation and certain other international and national reforms. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the Listed Notes. Regulation (EU) no. 2016/1011 (the **Benchmark Regulation**) was published in the Official Journal of the EU on 29 June 2016 and has applied since 1 January 2018. The Benchmark Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It, among other things: (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed); and (ii) prevents certain uses by EU supervised entities of “benchmarks” of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmark Regulation could have a material impact on the Listed Notes, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmark Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Investors should be aware that the euro risk-free rate working group for the euro area has published a set of guiding principles and high-level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referring Euribor. The guiding principles indicate, among other things, that continuing to reference Euribor in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system. On 11 May 2021, the euro risk-free rate working group published its recommendations on Euribor fallback trigger events and fallback rates. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on the Listed Notes (which are linked to Euribor).

While: (i) an amendment may be made under Condition 7.6 (*Fallback provisions*) to change the base rate on the Listed Notes from Euribor to an Alternative Base Rate under certain circumstances broadly related to Euribor dysfunction or discontinuation and subject to certain conditions being satisfied; (ii) the Issuer (or the Servicer on its behalf) is under an obligation to appoint a Rate Determination Agent which must be the investment banking division of a bank of international repute and which is not an affiliate of the Originator to determine an Alternative Base Rate in accordance with Condition 7.6 (*Fallback provisions*); and (iii) an amendment may also be made to change the base rate that then applies in respect of the Swap Agreement (as

to which please see further below under the heading “*Future discontinuance of Euribor may adversely affect the Swap Agreement*”), there can be no assurance that any such amendments will be made or, if made, that they: (a) will fully or effectively mitigate all relevant interest rate risks or result in an equivalent methodology for determining the interest rates on the Listed Notes and the Swap Agreement; or (b) will be made prior to any date on which any of the risks described in this risk factor may become relevant.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmark Regulation reforms in making any investment decision with respect to the Listed Notes.

Reduction or withdrawal of the ratings assigned to the Rated Notes after the Issue Date may affect the market value of the Rated Notes

The credit ratings assigned to the Rated Notes reflect the Rating Agencies’ assessment only of the likelihood of: (a) with respect to the Class A Notes, the timely payment of interest on each Payment Date and the ultimate repayment of principal on or before the Legal Final Maturity Date; and (b) with respect to each of the other Classes of Notes: (i) as long as the relevant Class is the Most Senior Class of Notes then outstanding, the timely payment of interest on each Payment Date and the ultimate repayment of principal on or before the Legal Final Maturity Date; or (ii) as long as the relevant Class is not the Most Senior Class of Notes then outstanding, the ultimate payment of interest and repayment of principal on or before the Legal Final Maturity Date.

The ratings are based, among other things, on the Rating Agencies’ determination of the value of the Portfolio, the reliability of the payments on the Portfolio and the availability of credit enhancement. Future events such as any deterioration of the Portfolio, the unavailability or the delay in the delivery of information, the failure by the Transaction Parties to perform their obligations under the Transaction Documents and the revision, suspension or withdrawal of the unsecured, unsubordinated and unguaranteed debt rating of third parties involved in the Securitisation could have an adverse impact on the credit ratings of the Rated Notes, which may be subject to revision or withdrawal at any time by the assigning Rating Agency. In addition, in the event of downgrading of the unsecured, unsubordinated and unguaranteed debt rating of third parties involved in the Securitisation, there is no guarantee that the Issuer will be in a position to secure a replacement for the relevant third party or there may be a significant delay in securing such a replacement and, consequently, the rating of the Rated Notes may be affected.

A rating is not a recommendation to purchase, hold or sell the Rated Notes. In addition, EU regulated investors (such as investment firms, insurance and reinsurance undertakings, UCITS funds and certain hedge fund managers) are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the EU CRA Regulation, unless such rating is provided by a credit rating agency not established in the European Union but is endorsed by a credit rating agency established in the European Union and registered under the EU CRA Regulation or such rating is provided by a credit rating agency not established in the European Union which is certified under the EU CRA Regulation. In general, UK regulated investors are restricted from using a rating for regulatory purposes, if such rating is not issued by a credit rating agency established in the UK and registered under the UK CRA Regulation, unless such rating is provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or such rating is provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation. As at the date of this Prospectus, each of the Rating Agencies is established in the European Union and is registered under the EU CRA Regulation, as evidenced in the latest update of the list published by ESMA on its website (being, as at the date of this Prospectus, www.esma.europa.eu). As at the date of this Prospectus, each of the Rating Agencies is not established in the UK but the ratings assigned by each of DBRS Ratings GmbH and Fitch Ratings Ireland Limited (*Sede Secondaria Italiana*) are endorsed by DBRS Ratings Limited and Fitch Ratings Limited, each of which is registered under the UK CRA Regulation, as evidenced in the latest update of the list published by FCA on its website (being, as at the date of this Prospectus, <https://register.fca.org.uk/s/>).

There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any of the Rating Agencies as a result of changes in or unavailability of information or if, in the sole judgment of the Rating Agencies, the credit quality of the Rated Notes has declined or is in question. A qualification, downgrade or withdrawal of any of the ratings mentioned above may affect the market value of the Rated Notes.

Assignment of unsolicited ratings may affect the market value of the Rated Notes

The Issuer has not requested a rating of the Rated Notes by any rating agency other than the Rating Agencies.

However, credit rating agencies other than the Rating Agencies could seek to rate any of the Rated Notes and, if such unsolicited ratings are lower than the comparable ratings assigned to the Rated Notes by the Rating Agencies, those shadow ratings could have an adverse effect on the market value of the Rated Notes. For the avoidance of doubt and unless the context otherwise requires, any references to “ratings” or “rating” in this Prospectus are to ratings assigned by the specified Rating Agencies only.

Yield and payment consideration: risks related to early redemption of the Notes

The Issuer can early redeem the Notes for certain tax reasons in accordance with Condition 8.4 (*Optional Redemption for taxation reasons*).

It is also envisaged that, if the Originator exercises the Originator Call Option, the Issuer has the obligation to early redeem the Notes of each Class at their Principal Amount Outstanding, together with any accrued but unpaid interest thereon, subject to and in accordance with Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*).

Noteholders may not be able to invest the amounts received as a result of the early redemption of the Notes on conditions similar to or better than those of the Notes.

Issuer an unsecured creditor of the Originator

The only remedies available to the Issuer in respect of the occurrence of a breach of a representation and warranty which materially and adversely affects the value of a Receivable will be the requirement that the Originator indemnifies the Issuer for any damages arising therefrom or repurchases the relevant Receivable or grant a Limited Recourse Loan to the Issuer in accordance with, and subject to, the terms and conditions of the Warranty and Indemnity Agreement. For further details, see the section headed “*Description of the Transaction Documents – Warranty and Indemnity Agreement*”.

The payment obligations undertaken by the Originator under the Warranty and Indemnity Agreement are unsecured claims of the Issuer and no assurance can be given that the Originator can or will pay the relevant amounts if and when due.

Subordination

The Issuer is unlikely to have a large number of creditors unrelated to the Securitisation or any further securitisation which may be carried out by the Issuer since the corporate object of the Issuer, as contained in its by-laws (*statuto*), is limited to the carrying out of securitisation transactions and activities related or ancillary thereto and the Issuer has provided certain covenants in the Intercreditor Agreement and the other Transaction Documents which contain restrictions on the activities which the Issuer may carry out with the result that the Issuer may only carry out limited transactions. Nonetheless, there remains the risk that the Issuer may incur unexpected expenses payable to third party creditors (which rank ahead of all other items in the applicable Priority of Payments), as a result of which the funds available to the Issuer for purposes of fulfilling its payment obligations under the Notes could be reduced.

The rights of the Noteholders to receive payments of interest and repayment of principal are subordinated to the payment of certain costs, expenses, fees, taxes and other amounts and to the rights of the Representative of the Noteholders and other parties to receive certain amounts due under the Transaction Documents. This includes in respect of any proceeds of enforcement and collection of the security created by the Issuer which will be applied in accordance with the Post-Enforcement Priority of Payments.

The subordination of amounts payable under the Notes to the items in priority thereto may result in the Noteholders not being repaid in full in the event the Issuer has insufficient funds. Please see Condition 4 (*Status, Segregation and Ranking*) for details of the subordination provisions.

Conflicts of interest will be managed by the Representative of the Noteholders in a manner which may not be in line with the interests of certain Classes of Notes

Pursuant to the Terms and Conditions and the Intercreditor Agreement, the Representative of the Noteholders, as regards to the exercise and performance of all its powers, authorities, duties and discretion under the Transaction Documents (except where expressly provided otherwise), shall have regard to the interests of both the Noteholders and the Other Issuer Creditors provided that if, in the opinion of the Representative of the Noteholders, there is a conflict between the interests of the Noteholders and the Other Issuer Creditors, the Representative of the Noteholders shall have regard solely to the interests of the Noteholders and (in the event of a conflict between the interests of different Classes of Noteholders) the interest of the holders of the Most Senior Class of Notes only (subject to the provisions of the Rules of the Organisation of the Noteholders relating to Basic Terms Modifications).

These provisions may result in a decision being made or action taken that is adverse to the interests of certain Classes of the Noteholders.

Individual Noteholders have limited enforcement rights

The protection and exercise of the Noteholders' rights against the Issuer under the Notes and the enforcement of the Security is one of the duties of the Representative of the Noteholders.

The Conditions and the Rules of the Organisation of the Noteholders limit the ability of individual Noteholders to bring individual actions and commence proceedings (including proceedings for a declaration of insolvency) against the Issuer in certain circumstances by conferring on the Meeting the power to determine in accordance with the Rules of the Organisation of the Noteholders on the ability of any Noteholder to commence any such individual actions. Accordingly, individual Noteholders may not, without breaching the Conditions, be able to commence proceedings or take other individual remedies against the Issuer unless a Meeting has approved such action by way of an Extraordinary Resolution in accordance with the provisions of the Rules of the Organisation of the Noteholders.

Direction of the holders of the Most Senior Class of Notes following the delivery of a Trigger Notice may affect the interests of the holders of the other Classes of Notes

Pursuant to the Intercreditor Agreement and the Rules of the Organisation of the Noteholders, at any time after the delivery of a Trigger Notice, the Issuer may, or the Representative of the Noteholders may (or shall if so requested by an Extraordinary Resolution of the holders of the Most Senior Class of Notes) direct the Issuer to, dispose of the Portfolio then outstanding in accordance with the provisions of the Intercreditor Agreement.

In addition, at any time after the delivery of a Trigger Notice, the Representative of the Noteholders may, at its discretion and without further notice, take such steps and/or institute such proceedings as it thinks fit to enforce repayment of the Notes and payment of accrued interest thereon or at any time to enforce any other obligation of the Issuer under the Notes or any Transaction Document, but, in either case, it shall not be bound to do so unless it shall have been so directed by an Extraordinary Resolution of the holders of the Most Senior Class of Notes and, in any such case, only if it shall have been indemnified and/or secured to its satisfaction

against all fees, costs, expenses and liabilities to which it may thereby become liable or which it may incur by so doing.

The directions of the holders of the Most Senior Class of Notes in such circumstances will prevail over any different directions of the holders of the other Classes of Notes and may be adverse to the interests of the holders of such other Classes of Notes.

Resolutions properly adopted in accordance with the Rules of the Organisation of the Noteholders are binding on all Noteholders irrespective of their interests

Resolutions properly adopted in accordance with the Rules of the Organisation of the Noteholders are binding on all Noteholders. Prospective Noteholders should note that these provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant Meeting and Noteholders who voted in a manner contrary to the Meeting.

In particular, pursuant to the Rules of the Organisation of the Noteholders:

- (a) no Extraordinary Resolution involving a Basic Terms Modification that is passed by the holders of one Class of Notes shall be effective unless it is sanctioned by an Extraordinary Resolution of the holders of all other Classes of Notes (if any);
- (b) any Ordinary Resolution or Extraordinary Resolution involving any matter other than a Basic Terms Modification that is passed by the holders of the Most Senior Class of Notes shall be binding on the other Classes of Notes irrespective of the effect thereof on their interests;
- (c) no Ordinary Resolution or Extraordinary Resolution involving any matter other than a Basic Terms Modification that is passed by the holders of a Class of Notes which is not the Most Senior Class of Notes shall be effective unless it is sanctioned by an Ordinary Resolution or Extraordinary Resolution, as the case may be, of the holders of the Most Senior Class of Notes.

In addition, there is a risk that it may not be possible to implement certain modifications approved by the Noteholders in accordance with the Rules of the Organisation of the Noteholders where the consent of Other Issuer Creditors is required including (without limitation) the Swap Counterparty, who has certain consent rights to any modifications or supplements that are Basic Terms Modifications, or that relate to payments or deliveries due to be made by or to the Swap Counterparty, the ranking of the Swap Counterparty in the Priority of Payments, the Swap Counterparty's rights in relation to any security and status as a Secured Creditor and any amendments to the Issuer's redemption rights in respect of the Notes.

Certain modifications may be adopted by the Representative of the Noteholders without Noteholders' consent

Pursuant to the Rules of the Organisation of the Noteholders, the Representative of the Noteholders may, without the consent of the Noteholders or any Other Issuer Creditors and subject to certain conditions being met (including, in some cases, appropriate certifications being provided to the Representative of the Noteholders or a resolution of holders of the Most Senior Class of Notes representing a given percentage of the Principal Amount Outstanding of such Class of Notes not objecting to the relevant authorisation or waiver) concur with the Issuer and any other relevant parties in making any amendment, waiver or modification (other than a Basic Terms Modification) to the Rules of the Organisation of the Noteholders, the Conditions or any of the Transaction Documents: (a) which, in the sole opinion of the Representative of the Noteholders, will not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes; (b) which, in the sole opinion of the Representative of the Noteholders, is of a formal, minor or technical nature or is to correct a manifest error; and (c) that the Issuer considers necessary (i) for the purposes of effecting a Base Rate Modification, (ii) to give effect to any modifications to the Swap Agreement following the occurrence of a Index Cessation Event or Administrator/Benchmark Event (as defined in the 2021 Definitions), (iii) in order to enable the Issuer and/or the Swap Counterparty to comply with any obligation which applies to it under

EMIR, (iv) for the purposes of maintaining Eurosystem eligibility for the Class A Notes, (v) for the purposes of complying with the EU Securitisation Regulation and/or the UK Securitisation Regulation, or (vi) for the purposes of opening any Collateral Account and making any related modifications to any Transaction Document.

There is no assurance that each Noteholder concurs with any such modification by the Representative of the Noteholders.

There is no assurance that the Senior Notes will be recognised as eligible collateral for Eurosystem operations

After the Issue Date an application will be made to a central bank in the Euro-zone to record the Class A Notes as eligible collateral, within the meaning of the guidelines of the European Central Bank (ECB). However, there is no assurance that the Senior Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria and, in accordance with its policies, will not be given prior to issue of the Senior Notes. If the Senior Notes are accepted for such purposes, Eurosystem may amend or withdraw any such approval in relation to the Senior Notes at any time.

In the event that the Senior Notes are not recognised (or cease to be recognised) as an eligible collateral for Eurosystem operations, the holders of the Senior Notes would not be able to access the ECB funding. In such case, there is no assurance that the holders of the Senior Notes will find alternative sources of funding or, should such alternative sources be found, these will be at equivalent economic terms compared to those applied by the ECB. In the absence of suitable sources of funding, the holders of the Senior Notes may ultimately suffer a lack of liquidity.

None of the Issuer, the Originator, the Co-Arrangers, the Joint Lead Managers or any other Transaction Party gives any representation or warranty as to the eligibility of the Class A Notes for such purpose, nor do they accept any obligation or liability in relation to such eligibility or lack of it of the Class A Notes at any time.

4. COUNTERPARTY RISKS

The ability of the Issuer to meet its obligations under the Notes is dependent on the performance of the Servicer

The Portfolio has always been serviced by Creditis up to the transfer of the Receivables as owner of the Loans and the relevant Receivables and, following the transfer of the Receivables to the Issuer, will continue to be serviced by Creditis as Servicer pursuant to the Servicing Agreement. As a result, the net cash flows from the Portfolio may be affected by decisions made, actions taken and collection procedures adopted by the Servicer pursuant to the provisions of the Servicing Agreement.

The Servicer will act as “*soggetto incaricato della riscossione dei crediti ceduti e dei servizi di cassa e di pagamento*” pursuant to the Securitisation Law. Therefore, the Servicer will be responsible for ensuring that the collection of the Receivables serviced by it and the relevant cash and payment services comply with Italian law and with this Prospectus.

Following the occurrence of a Servicer Termination Event under the Servicing Agreement, the performance of the Servicer’s obligations under the Servicing Agreement will be carried out by the Back-up Servicer in accordance with the provisions of the Back-up Servicing Agreement. There can be no assurance that the Back-up Servicer will be able to provide the servicing of the Portfolio in the same manner or at the same standard as the Servicer which could affect the proceeds of the Portfolio to be available to the Issuer to make payments under the Notes. If the appointment of the Back-up Servicer under the Back-up Servicing Agreement is terminated, there can be no assurance that a replacement Back-up Servicer would be found who would be willing and able to service the Receivables. The ability of any entity acting as replacement Back-up Servicer to fully perform the required services would depend, among other things, on the information, software and

records available to them at the time of the appointment. Any delay or inability to appoint a replacement Back-up Servicer may affect collections in relation to the Receivables and therefore payments being made on the Notes.

The failure of the Back-up Servicer to assume performance of the Servicer's duties following the termination of the appointment of the Servicer in accordance with the terms of the Servicing Agreement and the Back-up Servicing Agreement could result in the failure of or delay in the processing of payments on the Receivables and ultimately could adversely affect payments of interest and principal on the Notes. In addition, the failure to appoint a replacement servicer in the event that the Servicer can no longer perform its agreed function in relation to the Portfolio may also result in less funds being available to make payments on the Notes. Any substitute servicer may also be entitled to receive a servicing fee greater than that charged by the Servicer.

In addition, the net cash flows from the Portfolio and therefore the funds available to the Issuer to make payments under the Notes may be affected by decisions made and actions taken by the Servicer pursuant to the Servicing Agreement including (without limitation) the power of the Servicer to renegotiate certain terms and conditions of the Receivables (for further details, see the section headed "*Description of the Transaction Documents – Servicing Agreement*") and/or propose changes to the Credit and Collection Policies over time. However, the Servicer is required to seek the prior consent of the Issuer and the Representative of the Noteholders in connection with any change to the Credit and Collection Policies, except for amendments: (i) necessary to comply with amendments to the applicable laws and regulations from time to time in force and/or decisions of the competent supervisory authorities applicable to the Servicer; and (ii) any amendments, however normal in the best practice of the relevant market, which are necessary or appropriate for the purpose of the timely collection and recovery of the Receivables and which the Servicer deems to be in the interest of the Issuer and the Noteholders or, in any case, not such as to prejudice the interests of the Issuer and the Noteholders.

In addition, no assurance can be given that the Servicer will promptly transfer all amounts collected from Debtors in respect of the Receivables to the Issuer in respect of a particular Collection Period in accordance with the Servicing Agreement. However, it should be noted that, in such case, the Issuer may terminate the Servicer's appointment. In addition, under the Servicing Agreement, the Servicer has the power to renegotiate certain terms and conditions of the Receivables.

For further details, see the section headed "*Description of the Transaction Documents – Servicing Agreement*".

The ability of the Issuer to meet its obligations under the Notes is dependent on the performance of other Transaction Parties

The timely payment of amounts due on the Notes will depend on the performance of other Transaction Parties, including, without limitation, the ability of: (i) the Swap Counterparty to make the payments due under the Swap Agreement; and (ii) the Calculation Agent, the Cash Manager (if any), the Paying Agent and the Account Bank to duly perform their obligations under the relevant Transaction Documents. In addition, the ability of the Issuer to make payments under the Notes may depend to an extent upon the due performance by the Originator of its obligations under the Warranty and Indemnity Agreement in respect of the Portfolio. The performance of such parties of their respective obligations under the relevant Transaction Documents may be influenced by the solvency of each relevant party.

The inability of any of the above-mentioned third parties to provide their services to the Issuer (including any failure arising from circumstances beyond their control, such as pandemics) may ultimately affect the Issuer's ability to make payments on the Notes.

Conflicts of interest may influence the performance by the Transaction Parties of their respective obligations under the Securitisation

Conflicts of interest may exist or may arise as a result of any party to the Securitisation: (a) having previously engaged or in the future engaging in transactions with other parties to the Securitisation; (b) having multiple roles in the Securitisation; and/or (c) carrying out other transactions for third parties.

Without limiting the generality of the foregoing, under the Securitisation: (a) Creditis will act as Originator, Servicer and Reporting Entity; (b) Zenith Global S.p.A. will act as Representative of the Noteholders, Corporate Servicer and Back-up Servicer; (c) Crédit Agricole Corporate & Investment Bank, Milan branch will act as Account Bank, Calculation Agent and Paying Agent.

In addition, the Originator may hold and/or service receivables arising from loans other than the Receivables and providing general financial services to the Debtors. Even though under the Servicing Agreement the Servicer has undertaken to renegotiate the terms of the Loans only having regard primarily to the interests of the Issuer and the Noteholders, it cannot be excluded that, in certain circumstances, a conflict of interest may arise with respect to other relationships with the same Debtors.

The Co-Arrangers and the Joint Lead Managers may also be involved in a broad range of transactions with other parties. For further details, see the section headed “*Other Business Relations*”.

Conflict of interest may influence the performance by the Transaction Parties of their respective obligations under the Securitisation and ultimately affect the interests of the Noteholders.

5. ORIGINATOR RISKS

Historical, financial and other information relating to the Originator represents the historical experience of the Originator which may change in the future

The historical financial and other information set forth in the sections headed “*Historical Performance Data*”, “*The Originator and the Servicer*”, “*The Portfolio*” and “*Credit and Collection Policies*” represents the historical experience of the Originator.

There can be no assurance that Creditis’ future experience and performance as Servicer of the Portfolio will be similar to the experience and performance shown in this Prospectus.

6. MACRO-ECONOMIC AND MARKET RISKS

Lack of liquidity in the secondary market for the Notes may affect the market value of the Notes

There is not at present an active and liquid secondary market for the Notes. The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States, or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws.

Although an application has been made for the Listed Notes to be admitted to trading on the professional segment Euronext Access Milan Professional of Euronext Access Milan Market managed by Borsa Italiana, there can be no assurance that a secondary market for such Listed Notes will develop or, if a secondary market does develop in respect of any of the Listed Notes, that it will provide the holders of such Listed Notes with the liquidity of investments or that it will continue until the final redemption or cancellation of such Listed Notes. Consequently, any purchaser of any of the Listed Notes may be unable to sell the Notes to any third party and it may therefore have to hold the Notes until final redemption and/or cancellation thereof.

Limited liquidity in the secondary market may continue to have an adverse effect on the market value of the asset backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors. Consequently, whilst these market conditions persist, an investor in the Notes may not be able to sell or acquire credit protection on its Notes readily and market values of the Notes are likely to fluctuate. Any of these fluctuations may be significant and could result in significant losses to an investor.

Risks connected with the disruption and volatility in the global financial markets may affect the performance of the Securitisation

The Issuer as well as the market value and the liquidity of the Notes may be affected by disruptions and volatility in the global financial markets.

Pursuant to a referendum held in June 2016, the UK has voted to leave the European Union (EU). The UK left the EU on 31 January 2020 at 11pm, and the transition period ended on 31 December 2020 at 11pm.

The exit of the United Kingdom from the European Union, and the possibility that other European Union countries could hold similar referendums to the one held in the United Kingdom and/or call into question their membership of the European Union or prolonged periods of uncertainty connected to these eventualities could have significant negative impacts on global economic conditions and the stability of international financial markets. These could include further falls in equity markets, a further fall in the value of the pound and, more in general, increase in financial markets volatility, reduction of global markets liquidities.

On 24 February 2022, Russian troops began a full-scale invasion of Ukraine and, as of the date of this Prospectus, the countries remain in active armed conflict. Around the same time, the United States, the United Kingdom, the European Union, and several other nations announced a broad array of new or expanded sanctions, export controls, and other measures against Russia, Russia-backed separatist regions in Ukraine, and certain banks, companies, government officials, and other individuals in Russia and Belarus, as well as a number of Russian oligarchs. The ongoing conflict and the rapidly evolving measures in response could be expected to have a negative impact on the economy and business activity globally, and therefore could adversely affect the performance of the Securitisation. The severity and duration of the conflict and its impact on global economic and market conditions as well as continued tensions in the Middle East, including those related to the conflict between Israel and the Palestinian territory of Gaza which began on 7 October 2023 and is still ongoing as at the date of this Prospectus, are impossible to predict, and as a result, present material uncertainty and risk with respect to the performance of the Securitisation.

Should the performance of the Portfolio deteriorate as a result of these circumstances, the amounts payable under the Notes might be affected.

Geographic concentration risks

The Loans have been granted to Debtors who, as at the execution date of the relevant consumer loan agreement, were resident in Italy. A deterioration in economic conditions, including the rising of geopolitical tensions, resulting in increased supply chain problems, unemployment rates, loss of earnings, increased short or long-term interest rates, increased consumer and commercial insolvency filings, a decline in the strength of national or local economies, increased inflation or other outcomes (including geopolitical and economic risks relating to Russia's invasion of Ukraine, the Israeli-Palestinian conflict which could potentially impact the Italian economy, in particular by pushing up energy and oil prices and increasing inflation (and the cost of living) further) which negatively impact household incomes, could have an adverse effect on the ability of the Debtors to make payments on the Loans and result in losses on the Notes.

Loans comprised in the Portfolio may also be subject to geographic concentration risks within certain regions of Italy. To the extent that specific geographic regions in Italy have experienced, or may experience in the future, weaker regional economic conditions (due to local, national and/or global macroeconomic factors) than other regions in Italy, a concentration of the Loans in such a region may exacerbate the risks relating to the

Loans described in this section. Certain geographic regions in Italy rely on different types of industries. Any downturn in a local economy or particular industry may adversely affect the regional employment levels and consequently the repayment ability of the Debtors in that region or the region that relies most heavily on that industry. In addition, any natural disasters or widespread health crises or the fear of such crises (such as coronavirus, measles, SARS, Ebola, H1N1, Zika, avian influenza, swine flu, or other epidemic diseases) in a particular region or geopolitical instabilities, including Russia's invasion of Ukraine, the Israeli-Palestinian conflict and the potential implication on the global economy (such as the increase of energy and oil prices or the inflation) may weaken economic conditions and negatively impact the ability of affected Debtors to make timely payments on the Loans. This may affect receipts on the Loans. If the timing and payment of the Loans is adversely affected by any of the risks described in this paragraph, then payments on the Notes could be reduced and/or delayed and could ultimately result in losses on the Notes. For an overview of the geographical distribution of the Loans, see the section headed "*The Portfolio*".

Given the unpredictable effect such factors may have on the local, national or global economy, no assurance can be given as to the impact of any of the matters described above and, in particular, no assurance can be given that such matters would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes.

7. RISKS RELATING TO HEDGING ARRANGEMENT

Future discontinuance of Euribor may adversely affect the Swap Agreement

The payment obligations of the Swap Counterparty under the Swap Transaction are determined by reference to a floating rate which references one-month Euribor (as defined in the Swap Agreement and references to Euribor below are to Euribor so defined).

In the event that Euribor ceases to exist, a replacement floating rate would have to be determined. In this regard, the Swap Agreement incorporates the 2021 ISDA Interest Rate Derivatives Definitions, published by the International Swaps and Derivatives Association, Inc. (**ISDA**) (the **2021 Definitions**) which set out a number of alternative continuation fallbacks which, broadly speaking, are intended to apply an alternative floating rate for the Swap Transaction following the occurrence of a Index Cessation Event or Administrator/Benchmark Event (as defined in the 2021 Definitions) in respect of Euribor. Those continuation fallbacks are, in the following order of priority: (i) agreement between the parties; (ii) application of an alternative pre-nominated rate (if applicable, and no such alternative pre-nominated rate has been designated in respect of the Swap Transaction); (iii) application of alternative post-nominated rate; and (iv) application of calculation agent nominated replacement index.

If a replacement rate is implemented in accordance with the 2021 Definitions, an adjustment payment or spread may be agreed between the Issuer and the Swap Counterparty or determined by the Swap Counterparty to account for the economic effect on the Swap Transaction. Any such adjustment payment may be an amount due by the Issuer to the Swap Counterparty. There is a risk that the Issuer may not be able to make such a payment or that insufficient amounts remain after any such payment has been made to make payments on the Notes. After the implementation of a replacement floating rate in respect of the Swap Transaction (including any applicable adjustment payment or adjustment spread), there is a risk that the Issuer will receive less under the Swap Transaction and/or that the floating rate applicable to the Swap Transaction does not match the floating rate applicable to the Notes. Any such reduction or mismatch may result in the Issuer having insufficient funds to make payments due on the Notes. In addition, it is possible that implementation of a replacement floating rate in respect of the Swap Transaction will not occur at the same time as any corresponding changes to the floating rate applicable to the Notes, which may result in the Notes effectively being unhedged. In such circumstances the Issuer may not have sufficient funds to make payments due on the Notes. If, after a Index Cessation Event or Administrator/Benchmark Event (as defined in the 2021 Definitions), no continuation amendment can be made or the Issuer and the Swap Counterparty fail to resolve a dispute, in each case, under the 2021 Definitions, either the Issuer or the Swap Counterparty may terminate

the Swap Transaction. For further details, see the risk factor entitled “*The termination of the Swap Agreement may adversely affect the ability of the Issuer to make payments on the Notes*” below.

The 2021 Definitions also set out a number of temporary non-publication fallbacks which, broadly speaking, are intended to provide an alternative floating rate for the Swap Transaction in the event that the relevant floating rate is temporarily unavailable but has not been permanently discontinued. There is a risk that such temporary non-publication fallbacks may not align with any such non-publication or disruption fallbacks applicable to the floating rate applicable to the Listed Notes (other than the Class X1 Notes and the Class X2 Notes).

The termination of the Swap Agreement may adversely affect the ability of the Issuer to make payments on the Notes

The Issuer’s ability to discharge its obligations, including its ability to make payments on the Notes, may be materially adversely affected in the event of the early termination of the Swap Transaction pursuant to the terms of the Swap Agreement. The Swap Agreement contains various termination events and events of default which, should the relevant event or circumstances occur, will entitle either or both the Issuer and the Swap Counterparty to terminate the Swap Transaction (for further details, see the section headed “*Description of the Transaction Documents – The Swap Agreement*”). Under the Intercreditor Agreement, if the Swap Transaction is terminated early and no Trigger Event has occurred, the Issuer will use its best endeavours to replace the Swap Transaction with a replacement swap counterparty on substantially the same terms as the Swap Agreement. However, there is no assurance that a replacement swap counterparty could be found. If the Issuer does not enter into a replacement swap transaction with a replacement swap counterparty, it may have insufficient funds to make payment under the Notes and this may result in a downgrading of the rating of the Rated Notes.

An early termination of the Swap Agreement could result in either the Issuer or the Swap Counterparty being obliged to make a termination payment to the other. As described further below, the Issuer will be exposed to the credit risk of the Swap Counterparty in the event that any such payment is payable by the Swap Counterparty. Although the Swap Counterparty may (following a downgrade of the ratings of the Swap Counterparty) be required to post collateral to the Issuer in respect of its obligations under the Swap Agreement, the Issuer will not be a secured creditor of the Swap Counterparty and the Issuer will therefore be subject to the credit risk of the Swap Counterparty (in addition to the risk of the Debtors) to the extent that the Swap Counterparty’s obligations under the Swap Agreement are not collateralised. In addition, if any insolvency proceedings were to be opened with respect to the Swap Counterparty, such proceedings might have an impact on the payment of the liabilities owed (as the case may be) by the Swap Counterparty to the Issuer under the Swap Agreement.

Any collateral transferred to the Issuer by the Swap Counterparty pursuant to the Swap Agreement and any Replacement Swap Premium received by the Issuer from a replacement swap counterparty will not generally be available to the Issuer to make payments to the Noteholders and the Other Issuer Creditors and shall only be paid or transferred (as applicable) in accordance with the Collateral Account Priority of Payments.

For further details, see the section headed “*Description of the Transaction Documents – Swap Agreement*”.

The Swap Agreement may be terminated in case of Tax Event

The Swap Counterparty will be obliged to make payments under the Swap Agreement without any withholding or deduction of taxes unless required by law. If any such withholding or deduction is required by law, the Swap Counterparty will be required to pay such additional amount as is necessary to ensure that the net amount actually received by the Issuer will equal the full amount that the Issuer would have received had no such withholding or deduction been required (unless the relevant withholding or deduction relates to a FATCA Withholding Tax (as defined in the Swap Agreement)). The Swap Agreement will provide, however, that in case of a Tax Event (as defined in the Swap Agreement), the Swap Counterparty may transfer its rights and

obligations to another of its offices, branches or affiliates to avoid the relevant Tax Event. If the Swap Counterparty is unable to transfer its rights and obligations under the Swap Agreement to another office, branch or affiliate, it will have the right to terminate the Swap Transaction. Upon such termination, the Issuer or the Swap Counterparty may be liable to make a termination payment to the other party. For further details, see the risk factor entitled “*The termination of the Swap Agreement may adversely affect the ability of the Issuer to make payments on the Notes*” above.

Remedies available in case of ratings downgrade of the Swap Counterparty may not be necessarily available

In the event that the Swap Counterparty is downgraded below certain levels as set out in the Swap Agreement, the Issuer may terminate the Swap Transaction if the Swap Counterparty fails to take (or fails to make endeavours to take, as applicable in accordance with the terms of the Swap Agreement) certain remedial measures within the timeframes stipulated in the Swap Agreement. Such remedial measures may include providing collateral for its obligations under the Swap Agreement, arranging for its obligations under the Swap Agreement to be transferred to an entity with the required ratings (or guaranteed by an entity with the required ratings) or procuring another entity with the required ratings to become guarantor in respect of its obligations under the Swap Agreement. However, in the event that the Swap Counterparty is downgraded, there can be no assurance that a guarantor or replacement swap counterparty will be found or that the amount of collateral provided will be sufficient to meet the Swap Counterparty’s obligations. For further details, see the risk factor entitled “*The termination of the Swap Agreement may adversely affect the ability of the Issuer to make payments on the Notes*” above.

Noteholders may experience delays and/or reductions in the interest payments under replacement swap agreements

If a replacement swap agreement is entered into following termination of the Swap Transaction, this may be on terms less favourable to the Issuer and therefore may mean that reduced amounts are available for distribution by the Issuer to the Secured Creditors (including, inter alia, the Noteholders). The Issuer may not be able to enter into a replacement interest rate swap with a replacement swap counterparty immediately or at a later date. If a replacement swap counterparty cannot be found, the risk of a difference between the rate of interest to be received by the Issuer on the Receivables and the rate of interest payable by the Issuer on the Listed Notes (other than the Class X1 Notes and the Class X2 Notes) will not be hedged, and so the funds available to the Issuer to pay any interest on the Notes may be insufficient. In these circumstances, the holders of Notes may experience delays and/or reductions in the interest payments to be received by them, and the Rated Notes may also be downgraded.

8. RISKS RELATING TO THE COMPLIANCE WITH THE REGULATORY FRAMEWORK

Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Co-Arrangers, the Joint Lead Managers or any other Transaction Party makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory capital treatment of their investment in the Notes on the Issue Date or at any time in the future.

Investors should note in particular that the Basel Committee on Banking Supervision (BCBS) has approved a series of significant changes to the Basel framework for prudential regulation (such changes being referred to by the BCBS as Basel III, and referred to, colloquially, as Basel III in respect of reforms finalised prior to 7

December 2017 and Basel IV in respect of reforms finalised on or following that date). The Basel III/IV reforms, which include revisions to the credit risk framework in general and the securitisation framework in particular, may result in increased regulatory capital and/or other prudential requirements in respect of securitisation positions. The BCBS continues to work on new policy initiatives. National implementation of the Basel III/IV reforms may vary those reforms and/or their timing. It should also be noted that changes to prudential requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II frameworks in Europe and the UK, both of which are under review and subject to further reforms. Investors in the Notes are responsible for analysing their own regulatory position and prudential regulation treatment applicable to the Notes and should consult their own advisers in this respect.

Non-compliance with the EU Securitisation Regulation or the UK Securitisation Regulation, as applicable, may have an adverse impact on the regulatory treatment of the Notes and/or decrease liquidity of the Notes

The EU Securitisation Regulation applies in general (subject to certain grandfathering) from 1 January 2019 and, from 9 April 2021, the EU Securitisation Regulation applies as amended by Regulation (EU) 2021/557. However, some legislative measures necessary for the full implementation of the EU Securitisation Regulation regime have not yet been finalised and compliance with certain requirements is subject to the application of transitional provisions. In addition, further amendments are expected to be introduced to the EU Securitisation Regulation regime as a result of its periodic wider review. In this regard it should be noted that ESMA is currently reviewing the EU reporting regime in response to the European Commission's report of October 2022.

Following the UK's withdrawal from the EU at the end of 2020, the UK Securitisation Regulation applies in the UK and it largely mirrors (with some adjustments) the EU Securitisation Regulation as it applied in the EU at the end of 2020 (meaning that the amendments that took effect in the EU from 9 April 2021 are not part of the UK regime). However, the currently applicable UK Securitisation Regulation regime will be revoked and replaced with a new recast regime as a result of the UK post-Brexit move to "A Smarter Regulatory Framework for financial services" (the **UK SR Reforms**). The new UK regime (the **Recast UK SR**) is being introduced under the Financial Services and Markets Act 2020, as amended by the Financial Services Markets Act 2023 (**FSMA**) and related thereto: (i) the Securitisation Regulations 2024 (SI 2024/102), as amended (**2024 UK SR SI**); as well as; and (ii) the new securitisation rules of the Prudential Regulation Authority (**PRA**) and the Financial Conduct Authority (**FCA**). It should be noted that the implementation of the UK SR Reforms is a protracted process and will be introduced in phases. The first phase, which will revoke the existing regime and replace it with the Recast UK SR regime, is expected to come into force on 1 November 2024. In Q1 2025, there will be a phase two to the reforms whereby the UK government, the PRA and the FCA will consult on further changes including, but not limited to, the recast of the transparency and reporting requirements. Therefore, at this stage, not all of the details are known on the implementation of the UK SR Reforms. Note also that while the Recast UK SR regime will apply to new securitisations with the UK nexus closed on or after 1 November 2024 and investments made in relevant securitisation positions by the UK institutional investors on or after that date, the Recast UK SR regime also has potential implications for securitisations in scope of the UK Securitisation Regulation that closed prior to 1 November 2024. Please note that some divergence between EU and UK regimes exists already. While the Recast UK SR regime brings some alignment with the EU regime, it also introduces new points of divergence and the risk of further divergence between EU and UK regimes cannot be ruled out in the longer term as it is not known at this stage how the ongoing reforms or any future reforms will be finalised and implemented in the UK or the EU.

Various parties to the Securitisation are subject to the requirements of the EU Securitisation Regulation or the UK Securitisation Regulation, as applicable.

Certain European-regulated institutional investors or UK-regulated institutional investors, which include relevant credit institutions, investment firms, authorised alternative investment fund managers, insurance and reinsurance undertakings, certain undertakings for the collective investment of transferable securities and certain regulated pension funds (institutions for occupational retirement provision), are required to comply

under article 5 of the EU Securitisation Regulation or article 5 of the UK Securitisation Regulation, as applicable, with certain due diligence requirements prior to holding a securitisation position and on an ongoing basis while holding the position. Among other things, prior to holding a securitisation position, such institutional investors are required to verify under their respective EU or UK regime certain matters with respect to compliance of the relevant transaction parties with credit granting standards, risk retention and transparency requirements and, on transactions notified as EU STS or UK STS, compliance of that transaction with the EU or UK STS requirements, as applicable.

If the relevant European- or UK-regulated institutional investor elects to acquire or holds the Notes having failed to comply with one or more of these requirements, as applicable to them under their respective EU or UK regime, this may result in the imposition of a penal capital charge on the Notes for institutional investors subject to regulatory capital requirements or a requirement to take a corrective action, in the case of a certain type of regulated fund investors. Certain aspects of the requirements of the EU Securitisation Regulation, the UK Securitisation Regulation and the Recast UK SR and what is or will be required to demonstrate compliance to national regulators remain unclear. Prospective investors in the Notes should therefore make themselves aware of the requirements (including any changes arising as a result of the reforms) applicable to them in their respective jurisdictions and are required to independently assess and determine the sufficiency of the information described in this Prospectus generally for the purposes of complying with such due diligence requirements, as applicable.

Prospective investors should be aware that under the Securitisation it has not been contractually agreed to comply with the transparency requirements of the UK Securitisation Regulation, while contractual compliance with the risk retention requirements under article 6 of the UK Securitisation Regulation is provided for only with respect to such article as interpreted and applied on the Issue Date. Prospective investors should also note that there can be no assurance that the information in this Prospectus or to be made available to investors in accordance with article 7 of the EU Securitisation Regulation will be adequate for any prospective institutional investors to comply with their due diligence obligations under the EU Securitisation Regulation or the UK Securitisation Regulation. Prospective investors in the Notes are responsible for analysing their own regulatory position and should consult their own advisers in this respect.

Risk relating to the raising of financing by the Originator against Notes held by it for EU/UK risk retention purposes

On or after the Issue Date, the Notes required to be retained by the Originator in compliance with the EU Securitisation Regulation and the UK Securitisation Regulation (the **Retained Notes**) may be financed by the Originator through secured funding arrangements permitted by the EU Securitisation Regulation and the UK Securitisation Regulation, which may involve the grant of a security over or, a transfer of title under a repo transaction to, the Retained Notes in connection with such financing (any such arrangements, **Retention Financing Arrangements**).

If the Retention Financing Arrangements were to take place by way of title transfer, the Originator would retain the economic risk in the Retained Notes but not legal ownership of them. None of the Issuer, the Representative of the Noteholders, the Co-Arrangers, the Joint Lead Managers or any of their respective affiliates makes any representation, warranty or guarantee that such Retention Financing Arrangements will comply with the EU Securitisation Regulation and/or the UK Securitisation Regulation.

Furthermore, should the Originator default in the performance of its obligations under the Retention Financing Arrangements, the lender (or the security trustee, the security agent or transferee, as the case may be) thereunder would have the right to enforce or take recourse on the Retained Notes or any security interest therein, including effecting the sale of some or all of the Retained Notes. In case the Retention Financing Arrangements are by way of title transfer, should either the Originator or the repo counterparty default in the performance of its obligations under the Retention Financing Arrangements and the non-defaulting party elects to terminate the Retention Financing Arrangements, then the Originator would not be entitled to have the Retained Notes returned to it.

In exercising its rights pursuant to any Retention Financing Arrangements, any lender (or the security trustee, the security agent or transferee, as the case may be) would not be required to have regard to the EU Securitisation Regulation or the Noteholders, and any such sale may therefore cause the transaction described in this Prospectus to be non-compliant with the EU Securitisation Regulation (including in relation to the EU STS Requirements) and/or the UK Securitisation Regulation or be detrimental to Noteholders, which may affect the liquidity of the Notes. The Originator has represented and agreed in the Class A, B, C, D, E and F Notes Subscription Agreement to the Issuer, the Co-Arrangers and the Joint Lead Managers that any such Retention Financing Arrangements shall at all times be on a full recourse basis and that the credit risk of these Retained Notes will not be transferred by the Originator and the EU Securitisation Regulation and the UK Securitisation Regulation (as such article is interpreted and applied on the Issue Date) are and will at all times be fully complied with by the Originator.

The term of any Retention Financing Arrangements may be the same as or could be considerably shorter than the effective term of the Notes, and separately, or as of the result of other terms of the Retention Financing Arrangements may require the Originator to repay or refinance the Retention Financing Arrangements whilst some or all Classes of Notes are outstanding. If refinancing opportunities were limited at such time and the Originator was unable to repay the retention financing from its own resources, the Originator could be forced to sell some or all of the Retained Notes in order to obtain funds to repay the retention financing without regard to the EU Securitisation Regulation and/or the UK Securitisation Regulation, and such sales may therefore cause the transaction described in this Prospectus to be non-compliant with the EU Securitisation Regulation and/or the UK Securitisation Regulation. Alternatively, in case of a Retention Financing Arrangement by way of title transfer where the Originator was unable to repurchase the Retained Notes, such inability to repurchase the Retained Notes may cause the Securitisation to be non-compliant with the EU Securitisation Regulation and/or the UK Securitisation Regulation. In each such an event, with respect to the EU Securitisation Regulation or UK Securitisation Regulation, Notes held by investors could be subject to an increased regulatory capital charge levied by a relevant regulator with jurisdiction over any such investor.

The STS designation impacts on regulatory treatment of the Notes

The Securitisation is intended to qualify as an STS securitisation within the meaning of article 18 of the EU Securitisation Regulation. Consequently, the Securitisation meets, as at the date of this Prospectus, the requirements of articles 19 to 22 of the EU Securitisation Regulation (the **EU STS Requirements**) and, on or about the Issue Date, will be notified by the Originator to be included in the list published by ESMA referred to in article 27(5) of the EU Securitisation Regulation (the **STS Notification**). Pursuant to article 27(2) of the EU Securitisation Regulation, the STS Notification includes an explanation by the Originator of how each of the EU STS Requirements has been complied with in the Securitisation. The STS Notification will be available for download on the ESMA website being, as at the date of this Prospectus, https://registers.esma.europa.eu/publication/searchRegister?core=esma_registers_stsre) (the **ESMA STS Register**).

In addition, the Notes can also qualify as STS under the UK Securitisation Regulation until maturity, provided the Notes are notified as EU STS to ESMA prior to 1 January 2025, remain on the ESMA STS Register and continue to meet the EU STS Requirements and, as such, the EU STS securitisation designation impacts on the potential ability of the Notes to achieve better or more flexible regulatory treatment from the perspective of the applicable UK regulatory regimes, such as the prudential regulation of UK CRR firms and UK Solvency II firms, and from the perspective of the UK EMIR regime.

The Originator has used the service of PCS as a third party verifying STS compliance authorised under article 28 of the EU Securitisation Regulation, in connection with an assessment of the compliance of the Notes with the EU STS Requirements (the **STS Verification**) and to prepare an assessment of compliance of the Notes with the relevant provisions of article 243 of the CRR (the **CRR Assessment** and, together with the STS Verification, the **STS Assessments**). It is expected that the STS Assessments prepared by PCS will be available on the PCS website (being, as at the date of this Prospectus, <https://pcsmarket.org/transactions/>) together with

a detailed explanation of its scope at [https:// pcsmarket.org/disclaimer](https://pcsmarket.org/disclaimer). For the avoidance of doubt, this PCS website and the contents thereof do not form part of this Prospectus.

It is important to note that the involvement of PCS as an authorised third party verifying STS compliance is not mandatory and the responsibility for compliance with the EU Securitisation Regulation (or, if applicable, the UK Securitisation Regulation), remains with the relevant institutional investors, originators and issuers, as applicable in each case. The STS Assessments will not absolve such entities from making their own assessment and assessments with respect to the EU Securitisation Regulation (or, if applicable, the UK Securitisation Regulation), and the STS Assessments cannot be relied on to determine compliance with the foregoing regulations in the absence of such assessments by the relevant entities. In addition, the Originator has not used the service of PCS, as a third party verifying STS compliance authorised under article 28 of the EU Securitisation Regulation, to prepare an assessment of compliance of the Notes with article 7 and article 13 of the Delegated Regulation (EU) 2015/61 of 10 October 2014 to supplement Regulation (EU) no. 575 of 26 June 2013 of the European Parliament and the Council with regard to liquidity coverage requirement for credit institutions, as amended by Commission Delegated Regulation (EU) no. 1620 of 13 July 2018 (the **LCR Regulation**); in this regard, it should be noted that, as at the date of this Prospectus, the Senior Notes are not expected to satisfy the requirements of the LCR Regulation. Furthermore, the STS Assessments are not an opinion on the creditworthiness of the Notes nor on the level of risk associated with an investment in the Notes. It is not an indication of the suitability of the Notes for any investor and/or a recommendation to buy, sell or hold Notes. Institutional investors that are subject to the due diligence requirements of the EU Securitisation Regulation or the UK Securitisation Regulation need to make their own independent assessment and may not solely rely on the STS Assessments, the STS Notification or other disclosed information. No assurance can be provided that the Securitisation does or will continue to qualify as an STS securitisation under the EU Securitisation Regulation and/or the UK Securitisation Regulation as at the date of this Prospectus or at any point in time in the future. The STS status of a transaction is not static and investors should verify the current status of the Securitisation on the ESMA STS Register which will be updated where the Notes are no longer considered to be STS following a decision of competent authorities or a notification by the Originator. None of the Issuer, the Originator, the Co-Arrangers, the Joint Lead Managers, the Representative of the Noteholders or any other Transaction Party makes any representation or accepts any liability for the Securitisation to qualify as an STS securitisation under the EU Securitisation Regulation and/or the UK Securitisation Regulation at any point in time in the future.

The STS securitisation designation impacts on the potential ability of the Notes to achieve better or more flexible regulatory treatment under various EU regimes that were amended (or will be amended in due course) to take into account the EU STS framework (such as Type 1 securitisation under Solvency II Regulation, as amended by the Solvency II Amendment Regulation; regulatory capital treatment under the securitisation framework of the CRR, as amended by the CRR Amendment Regulation) and the changes to the EMIR regime that provide for certain exemptions for EU STS securitisation swaps, as to which investors are referred to the risk factor entitled “*EMIR may impact the obligations of the Swap Counterparty and the Issuer under the Swap Agreement*”.

9. LEGAL AND REGULATORY RISKS

Application of the Securitisation Law has a limited interpretation

As at the date of this Prospectus, limited interpretation of the application of the Securitisation Law has been issued by any Italian governmental or regulatory authority. Consequently, it is possible that such authorities may issue further regulations relating to the Securitisation Law or to the interpretation thereof, the impact of which cannot be predicted by the Issuer or any other party as at the date of this Prospectus.

The Originator intends to rely on an exemption from U.S. Risk Retention Requirements

Section 941 of the Dodd-Frank Act amended the Exchange Act to generally require the “securitizer” of a “securitization transaction” to retain at least 5 per cent. of the “credit risk” of “securitized assets”, as such

terms are defined for purposes of that statute, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. Final rules implementing the statute (the **U.S. Risk Retention Rules**) came into effect on 24 December 2016 with respect to non-RMBS securitisations. The U.S. Risk Retention Rules provide that the securitizer of an asset backed securitisation is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The Originator does not intend to retain at least 5 per cent. of the credit risk of the Issuer for the purposes of the U.S. Risk Retention Rules and the issuance of the Notes was not designed to comply with the U.S. Risk Retention Rules, the Originator intends to rely on an exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that: (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as Risk Retention U.S. Persons); (3) neither the sponsor nor the issuer is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Originator has advised the Issuer that it has not acquired, and it does not intend to acquire more than 25 per cent. of the assets from an affiliate or branch of the Originator or the Issuer that is organised or located in the United States.

Prospective investors should note that the definition of “U.S. person” in the U.S. Risk Retention Rules is different from the definition of “U.S. person” under Regulation S. The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to items (b) and (h) below, which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, “U.S. person” means any of the following:

- (a) any natural person resident in the United States;
- (b) any partnership or corporation organised or incorporated under the laws of the United States;
- (c) any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) any agency or branch of a foreign entity located in the United States;
- (f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- (g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) any partnership, corporation, limited liability company, or other organisation or entity if:
 - (i) organised or incorporated under the laws of any foreign jurisdiction; and

- (ii) formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organized or incorporated, and owned, by accredited investors (as defined in 17 CFR 230.501(a)) who are not natural persons, estates or trusts.

Consequently, except with the prior written consent of the Originator (a **U.S. Risk Retention Consent**) and where such purchase falls within the exemption provided for in Section 20 of the U.S. Risk Retention Rules, any Notes offered and sold by the Issuer may not be purchased by, or for the account or benefit of, any “U.S. persons” as defined in the U.S. Risk Retention Rules (**Risk Retention U.S. Persons**). Prospective investors should note that the definition of “U.S. person” in the U.S. Risk Retention Rules is different from the definition of “U.S. person” in Regulation S. Each purchaser of Notes, including beneficial interests therein will, by its acquisition of a Note or a beneficial interest therein, be deemed, and in certain circumstances will be required, to have made certain representations and agreements, including that it: (1) either (i) is not a Risk Retention U.S. Person, or (ii) has obtained a U.S. Risk Retention Consent from the Originator; (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note; and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

Failure on the part of the Originator to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action against the Originator which may adversely affect the Notes and the ability of the Originator to perform its obligations under the Transaction Documents. Furthermore, a failure by the Originator to comply with the U.S. Risk Retention Rules could negatively affect the value and secondary market liquidity of the Notes.

None of the Co-Arrangers, the Joint Lead Managers, Creditis (in any capacity), the Issuer or any of their affiliates makes any representation to any prospective investor or purchaser of the Notes as to whether the transactions described in this Prospectus comply as a matter of fact with the U.S. Risk Retention Rules on the Issue Date or at any time in the future. Investors should consult their own advisors as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

Volcker Rule may restrict the ability of relevant individual prospective purchaser to invest in the Notes

The enactment of the Dodd-Frank Act, which was signed into law on 21 July 2010, imposed a new regulatory framework over the U.S. financial services industry and the U.S. consumer credit markets in general. On 10 December 2013, U.S. regulators adopted final regulations to implement Section 619 of the Dodd-Frank Act. Section 619 of the Dodd-Frank Act added a new section 13 to the Bank Holding Company Act of 1956, commonly referred to as the **Volcker Rule**.

The Volcker Rule generally prohibits “banking entities” (which is broadly defined to include U.S. banks and bank holding companies and foreign banking entities, together with their respective subsidiaries and other affiliates) from: (i) engaging in proprietary trading in financial instruments; (ii) acquiring or retaining an ownership interest in or sponsoring a “covered fund”; and (iii) entering into certain transactions with such funds subject to certain exemptions and exclusions.

An “ownership interest” is defined widely and may arise through a holder’s exposure to the profits and losses of the “covered fund”, as well as through certain rights of the holder to participate in the selection or removal of an investment advisor, investment manager, or general partner, trustee, or member of the board of directors of the “covered fund”. A “covered fund” is defined widely and includes any issuer which would be an investment company under the Investment Company Act of 1940 (the **ICA**) but is exempt from registration solely in reliance on section 3(c)(1) or 3(c)(7) of that Act, subject to certain exemptions found in the Volcker Rule’s implementing regulations.

Not all investment vehicles or funds, however, fall within the definition of a “covered fund” for the purposes of the Volcker Rule. For example, for most non-U.S. banking entities, a non-U.S. issuer that offers its securities only to non-U.S. persons may be considered not to be a “covered fund”. Additionally, the Issuer should not be a “covered fund” for the purposes of the regulations adopted to implement Section 619 of the Volcker Rule pursuant to an exclusion from the definition of “covered fund” commonly referred to as the “loan securitization exclusion”, which applies to an asset-backed security issuer the assets of which, in general, consist only of loans, assets or rights designed to ensure the servicing or timely distribution of proceeds to holders or that are related or incidental to purchasing or otherwise acquiring and holding loans and assets received in lieu of debts previously contracted, although there may be additional exclusions or exemptions available to the Issuer. However, if the Issuer is deemed to be a “covered fund”, the provisions of the Volcker Rule and its related regulatory provisions, will severely limit the ability of “banking entities” to hold an “ownership interest” in the Issuer or enter into certain credit related financial transactions with the Issuer and this could adversely impact the ability of the banking entity to enter into new transactions with the Issuer and may require amendments to certain existing transactions and arrangements. “Ownership interest” is defined to include, among other things, interests arising through a holder’s exposure to profits and losses in the covered fund or through any right of the holder to participate in the selection of an investment manager or advisor or the board of directors of such covered fund.

The Volcker Rule and any similar measures introduced in another relevant jurisdiction may restrict the ability of relevant individual prospective purchasers to invest in the Notes and, in addition, may have a negative impact on the price and liquidity of the Notes in the secondary market. There is limited interpretive guidance regarding the Volcker Rule, and implementation of the regulatory framework for the Volcker Rule is still evolving. The Volcker Rule’s prohibitions and lack of interpretive guidance could negatively impact the liquidity and value of the Notes. Any entity that is a “banking entity” as defined under the Volcker Rule and is considering an investment in “ownership interests” of the Issuer should consult its own legal advisors and consider the potential impact of the Volcker Rule in respect of such investment and on its portfolio generally. Each investor must determine for itself whether it is a “banking entity” subject to regulation under the Volcker Rule. If investment by “banking entities” in the Notes of any Class is prohibited or restricted by the Volcker Rule, this could impair the marketability and liquidity of such Notes. None of the Issuer, the Co-Arrangers, the Joint Lead Managers, or any other Transaction Party makes any representation regarding: (i) the status of the Issuer under the Volcker Rule; or (ii) the ability of any purchaser to acquire or hold the Notes, now or at any time in the future.

Impact of derivative reforms on the Swap Agreement

The Notes will have the benefit of certain derivative instruments, namely the Swap Agreement in respect of the Notes. In this regard, it should be noted that the derivatives markets are subject to extensive regulation in a number of jurisdictions, including in Europe pursuant to Regulation (EU) No. 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories (**EMIR**), as amended from time to time and in the U.S. under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010.

It is possible that such regulation will increase the costs of and restrict participation in the derivatives markets, thereby increasing the costs of engaging in hedging or other transactions and reducing liquidity and the use of the derivatives markets. If applicable in the context of the Swap Agreement, such additional requirements, corresponding increased costs and/or related limitations on the ability of the Issuer to hedge certain risks may reduce amounts available to the Issuer to meet its obligations and may result in investors’ receiving less interest or principal than expected.

With respect to the risks referred to above, see also “*EMIR may impact the obligations of the Swap Counterparty and the Issuer under the Swap Agreement*” below for further details.

EMIR may impact the obligations of the Swap Counterparty and the Issuer under the Swap Agreement

EMIR (as amended by Regulation (EU) no. 2019/834 (**EMIR Refit 2.1**)) prescribes a number of regulatory requirements for counterparties to derivatives contracts including: (i) a mandatory clearing obligation for certain classes of OTC derivatives contracts (the **Clearing Obligation**); (ii) collateral exchange, daily valuation and other risk mitigation requirements for OTC derivatives contracts not subject to clearing (the **Risk Mitigation Requirements**); and (iii) certain reporting requirements (the **Reporting Obligations**). In general, the application of such regulatory requirements in respect of a swap transaction will depend on the classification of the counterparties to such derivative transaction.

Pursuant to EMIR, counterparties can be classified as: (i) financial counterparties (**FCs**) (which, following changes made by EMIR Refit 2.1, includes a sub-category of small FCs (**SFCs**)); and (ii) non-financial counterparties (**NFCs**). The category of “NFC” is further split into: (A) non-financial counterparties above the “clearing threshold” (**NFC+s**); and (B) non-financial counterparties below the “clearing threshold” (**NFC-s**). Whereas FCs and NFC+ entities may be subject to the Clearing Obligation or, to the extent that the relevant swaps are not subject to clearing, to the collateral exchange obligation and the daily valuation obligation under the Risk Mitigation Requirements, such obligations do not apply in respect of NFC- entities. In addition, in respect of the Reporting Obligation, FCs are solely responsible and legally liable for reporting the details of OTC derivative contracts concluded with NFC-s on behalf of both counterparties as well as for ensuring the correctness of the reported details (known as “mandatory reporting”). Note that the calculation of the clearing threshold (together with other aspects of EMIR) will be impacted by reforms to EMIR as a result of EMIR 3.0. However, the implementation of changes to the calculation of the clearing threshold is subject to the development of secondary legislation which is not currently expected to be finalised and become applicable until at least 2025.

The Issuer is currently an NFC-, although a change in its position cannot be ruled out. Should the status of the Issuer change to NFC+ or FC, this may result in the application of the Clearing Obligation or the collateral exchange obligation and daily valuation obligation under the Risk Mitigation Requirements, although it seems unlikely that the Swap Agreement would be a relevant type of OTC derivative contract that would be subject to the Clearing Obligation under the relevant implementing measures made to date. Certain other of the Risk Mitigation Requirements may also apply in a different way (for example, the portfolio reconciliation requirement may increase in frequency). In respect of the Reporting Obligation, “mandatory reporting” would also cease to apply which means that Issuer would be legally liable and responsible for their own reporting obligations under EMIR (although this requirement can be delegated). It should be noted that, given the STS designation of the Securitisation, should the status of the Issuer change to NFC+ or FC, another exemption from the Clearing Obligation and a partial exemption from the collateral exchange obligation may be available for the Issuer, provided that the applicable conditions are satisfied. With regard to the latter, please refer to the section headed “*Transaction Overview – Principal Features of the Notes*” and the risk factor entitled “*The STS designation impacts on regulatory treatment of the Notes*”.

Prospective investors should note that there is some uncertainty with respect to the ability of the Issuer to comply with the Clearing Obligation, the daily valuation obligation, the collateral exchange obligation and the Reporting Obligations were they to be applicable, which may: (i) lead to regulatory sanctions; (ii) adversely affect the ability of the Issuer to continue to be party to the Swap Agreement (possibly resulting in a restructuring or termination of the Swap Agreement) or to enter into a replacement swap agreement; and/or (iii) significantly increase the cost of such arrangements, thereby negatively affecting the ability of the Issuer to hedge the interest rate risk in respect of the Listed Notes (other than the Class X1 Notes and the Class X2 Notes). As a result, the amounts available to the Issuer to meet its obligations may be reduced, which may in turn result in investors’ receiving less interest on the Notes than expected.

Prospective investors should also note that uncertainty remains as to the full impact on the Swap Agreement of the reforms to EMIR.

Lastly, it should be noted that, as described above under the risk factor entitled “*Certain modifications may be adopted by the Representative of the Noteholders without Noteholders’ consent*”, EMIR-related amendments may be made to the Transaction Documents and/or to the Conditions without Noteholders’ consent for the purpose of complying with any obligation which applies to the Issuer under EMIR.

If subordination provisions were challenged in insolvency proceedings, the rights of the Noteholders could be affected

There is uncertainty as to the validity and/or enforceability of a provision which (based on contractual and/or trust principles) subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, several cases have focused on provisions involving the subordination of a hedging counterparty’s payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such counterparty (so-called “flip clauses”). Such provisions are similar in effect to the terms which will be included in the Transaction Documents relating to the subordination of the Subordinated Swap Termination Payments.

The English Supreme Court has held that a flip clause as described above is valid under English law. Contrary to this, however, the U.S. Bankruptcy Court has held that such a subordination provision is unenforceable under U.S. bankruptcy law and that any action to enforce such provision would violate the automatic stay which applies under such law in the case of a U.S. bankruptcy of the counterparty. However, a subsequent 2016 U.S. Bankruptcy Court decision held that in certain circumstances flip clauses are protected under the U.S. Bankruptcy Code and therefore enforceable in bankruptcy. The 2016 decision was affirmed on 14 March 2018 by the U.S. District Court for the Southern District of New York, which 2018 decision was further affirmed on 11 August 2020 by the U.S. Court of Appeals for the Second Circuit. The implications of this conflict remain unresolved.

If a creditor of the Issuer (such as the Swap Counterparty) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the U.S.), and it is owed a payment by the Issuer, a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English law governed Transaction Documents (such as a provision of the applicable Priority of Payments which refers to the ranking of the Swap Counterparty’s rights in respect of the Subordinated Swap Termination Payments). In particular, based on the decision of the U.S. Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy laws. Such laws may be relevant in certain circumstances with respect to any replacement Swap Counterparty, depending on certain matters in respect of that entity).

In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction and any relevant foreign judgment or order was recognised by the Italian courts, there can be no assurance that these actions would not adversely affect the rights of the Noteholders, the rating of the Notes, the market value of the Notes and/or the ability of the Issuer to satisfy all or any of its obligations under the Notes.

Lastly, given the general relevance of the issues under discussion in the judgments referred to above and that the Transaction Documents will include terms providing for the subordination of the Subordinated Swap Termination Payments, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English courts) may result in negative rating pressure in respect of the Rated Notes. If any rating assigned to the Rated Notes is lowered, the market value of the Rated Notes may reduce.

Italian Usury Law has been subject to different interpretations over the time

Italian Law no. 108 of 7 March 1996 (as amended and supplemented, the **Usury Law**) introduced legislation preventing lenders from applying interest rates equal to or higher than rates (the **Usury Rates**) set every three

months on the basis of a Decree issued by the Italian Treasury (the last such Decree having been issued on 21 March 2024 and being applicable for the quarterly period from 1 April 2024 to 30 June 2024). In addition, even where the applicable Usury Rates are not exceeded, interest and other advantages and/or remuneration may be held to be usurious if: (a) they are disproportionate to the amount lent (taking into account the specific circumstances of the transaction and the average rate usually applied for similar transactions); and (b) the person who paid or agreed to pay was in financial and economic difficulties. The provision of usurious interest, advantages or remuneration has the same consequences as non-compliance with the Usury Rates.

With a view to limiting the impact of the application of the Usury Law to Italian loans executed prior to the entering into force of the Usury Law, the Italian Government has specified with Law Decree number 394 of 29 December 2000 (the **Usury Law Decree**), converted into Law number 24 by the Italian Parliament on 28 February 2001, that an interest rate is to be deemed usurious only if it is higher than the Usury Rate in force at the time the relevant agreement is reached, regardless of the time at which interest is repaid by the borrower. However, it should be noted that few commentators and some lower court decisions have held that, irrespective of the principle set out in the Usury Law Decree, if an interest originally agreed at a rate falling below the then applicable usury limit were, at a later date, to exceed the usury limit from time to time in force, such interest should nonetheless be reduced to the then applicable usury limit. Recently, such opinion seems confirmed by the Italian Supreme Court (Cass. Sez. I, 11 January 2013, number 602 and Cass. Sez. I, 11 January 2013, number 603), which stated that an automatic reduction of the applicable interest rate to the Usury Rates applicable from time to time shall apply to the loans.

The Usury Law Decree also provides that, as an extraordinary measure due to the exceptional fall in interest rates in 1998 and 1999, interest rates due on instalments payable after 2 January 2001 on loans already entered into on the date on which the Usury Law Decree came into force (such date being 31 December 2000) are to be replaced by a lower interest rate fixed in accordance with parameters fixed by the Usury Law Decree.

The validity of the Usury Law Decree has been challenged before the Italian Constitutional Court by certain consumers' associations claiming that the Usury Law Decree does not comply with the principles set out in the Italian Constitution. By decision number 29 of 14 February 2002, the Italian Constitutional Court stated, inter alia, that the Usury Law Decree complies with the principles set out in the Italian Constitution except for those provisions of the Usury Law Decree which provide that the interest rates due on instalments payable after 2 January 2001 on loans are to be replaced by lower interest rates fixed in accordance with the Usury Law Decree. By such decision the Italian Constitutional Court has established that the lower interest rates fixed in accordance with the Usury Law Decree are to be substituted on instalments payable from the date on which such Decree came into force (31 December 2000) and not on instalments payable after 2 January 2001.

The Italian Supreme Court, under decision number 350/2013, as recently confirmed by decision number 23192/17 and number 19597/2020, has clarified that the default interest rates are relevant and must be taken into account when calculating the aggregate remuneration of any given financing for the purposes of determining its compliance with the applicable Usury Rates. Such interpretation is in contradiction with the current methodology for determining the Usury Rates, considering that the relevant surveys aimed at calculating the applicable average rate never took into account the default interest rates.

If the Usury Law were to be applied to the Notes, the amount payable by the Issuer to the Noteholders may be subject to reduction, renegotiation or repayment.

Pursuant to the Warranty and Indemnity Agreement, the Originator has represented that each Loan Agreement was entered into and is in compliance with Usury Law and has consequently undertaken to indemnify the Issuer in respect of any losses, costs and expenses that may be incurred by the Issuer as a consequence of any breach of such representation. However, if a Loan is found to contravene the Usury Law, the relevant Debtor might be able to claim relief on any interest previously paid and oblige the Issuer to accept a reduced rate of interest, or potentially no interest on such Loan. In such cases, the ability of the Issuer to maintain scheduled payments of interest and principal on the Notes may be adversely affected.

Rules on compounding of interest (anatocismo) have been subject to different interpretation over the time

Pursuant to article 1283 of the Italian civil code, in respect of a monetary claim or receivable, accrued interest may be capitalised after a period of not less than 6 (six) months only: (i) under an agreement entered into after the date on which it has become due and payable; or (ii) from the date when any legal proceedings are commenced in respect of that monetary claim or receivable. Article 1283 of the Italian civil code allows derogation from this provision in the event that there are recognised customary practices (“*usi*”) to the contrary. Banks and other financial institutions in the Republic of Italy have traditionally capitalised accrued interest on a quarterly basis on the grounds that such practice could be characterised as a customary practice (“*uso normativo*”). However, a number of judgements from Italian courts (including the judgements from the Italian Supreme Court (*Corte di Cassazione*) number 2374/99, number 2593/03, number 21095/2004 as confirmed by judgement no. 24418/2010 of the same Court) have held that such practices may not be defined as customary practices (“*uso normativo*”).

Consequently, if Debtors were to challenge this practice, it is possible that such interpretation of the Italian civil code would be upheld before other courts in the Republic of Italy and that the returns generated from the relevant Loan Agreements may be prejudiced.

It should be noted that paragraph 2 of article 120 of the Consolidated Banking Act, concerning compounding of interest accrued in the context of banking transactions, has been recently amended by article 17-bis of Law Decree number 18 of 14 February 2016 (as converted into law by Law number 49 of 8 April 2016), providing that interests (other than defaulted interests) shall not accrue on capitalised interests. Paragraph 2 of article 120 of the Consolidated Banking Act also requires the *Comitato Interministeriale per il Credito e il Risparmio* (CICR) to establish the methods and criteria for the compounding of interest. Decree no. 343 of 3 August 2016 of the CICR, implementing paragraph 2 of article 120 of the Consolidated Banking Act, has been published in the Official Gazette no. 212 of 10 September 2016. Given the novelty of this new legislation and the absence of any jurisprudential interpretation, the impact of such new legislation may not be predicted as at the date of this Prospectus.

In this respect the Originator has represented in the Warranty and Indemnity Agreement that each Loan Agreement was entered into and is in compliance with article 1283 of the Italian civil code and has consequently undertaken to indemnify the Issuer in respect of any losses, costs and expenses that may be incurred by the Issuer as a consequence of any breach of such representation.

Prospective Noteholders should note that, under the Warranty and Indemnity Agreement, the Originator has represented and warranted that the Loan Agreements and each other agreement, deed or document relating thereto comply with applicable Italian laws, including, without limitation, those relating to compounding interest (*anatocismo*).

Enforcement of certain Issuer’s rights may be prevented by statute of limitations

Certain rights of the Issuer under the Transaction Documents may become barred under statutes of limitation by operation of law. In particular, there is a possibility that the 1 (one) year statute of limitation period set out in article 1495 of the Italian civil code could be held to apply to some or all of the representations and warranties given by the Originator in the Warranty and Indemnity Agreement, on the ground that such provisions may not be derogated from by the parties to a sale contract (*contratto di compravendita*) (such as the Receivables Purchase Agreement).

However, under the Warranty and Indemnity Agreement the Originator and the Issuer have acknowledged and agreed that the provisions of article 1495 of the Italian civil code shall not apply to the representations and warranties given by the Originator thereunder.

Change of law may impact the Securitisation

The structure of the Securitisation and the ratings assigned to the Rated Notes are based on laws and tax regulations and their official interpretations in force as at the date of this Prospectus.

In the event of any change in the law and/or tax regulations and/or their official interpretations after the Issue Date, the performance of the Securitisation and the ratings assigned to the Rated Notes may be affected. In addition, it should be noted that regulatory requirements (including any applicable retention, due diligence or disclosure obligations) may be recast or amended and there can be no assurance that any such changes will not adversely affect the compliance position of any transaction described in this Prospectus or of any party under any applicable law or regulation.

10. TAX RISKS

Taxation of the Notes: no gross-up will be made by the Issuer in case withholding tax applies on the Notes

Law No. 111 of 9 August 2023, published in the Official Gazette No. 189 of 14 August 2023 (**Law 111**), delegates power to the Italian Government to enact, within 24 (twenty-four) months from its publication, one or more legislative decrees implementing the reform of the Italian tax system (the **Tax Reform**). According to Law 111, the Tax Reform will significantly change the taxation of financial incomes and capital gains and introduce various amendments in the Italian tax system at different levels. The precise nature, extent, and impact of these amendments cannot be quantified or foreseen with certainty at this stage.

Payments of interest and other proceeds under the Notes may in certain circumstances be subject to a Decree 239 Deduction. In such circumstance, interest payment relating to the Notes of any Class may be subject to a Decree 239 Deduction. Decree 239 Deduction, if applicable, is levied at the rate of 26 per cent., or such lower rate as may be applicable under the relevant double tax treaty.

In the event that any Decree 239 Deduction or any other deduction or withholding for or on account of tax is imposed in respect of payments to Noteholders of amounts due pursuant to the Notes, the Issuer will not be obliged to gross-up or otherwise compensate Noteholders for the lesser amounts the Noteholders will receive as a result of the imposition of any such deduction or withholding, or otherwise to pay any additional amounts to any of the Noteholders. For further details, see the section headed "*Italian Taxation*".

Scope of application of FATCA is unclear in some respects

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (commonly known as **FATCA**), provides that various information reporting requirements must be satisfied with respect to: (i) certain payments from sources within the United States; (ii) "foreign pass-through payments" made to certain non-U.S. financial institutions that do not comply with this new reporting regime; and (iii) payments to certain investors that do not provide identification information with respect to interests issued by a participating non-U.S. financial institution. Failure to comply with such information reporting requirements may trigger a U.S. withholding tax, currently at 30 per cent. rate on such payments.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (the **IGAs**). Pursuant to FATCA and the Model 1 and Model 2 IGAs released by the United States, an FFI in an IGA signatory country could be treated as a Reporting FI not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would generally not be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments it makes. The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign pass-through payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and the Republic of Italy have entered into an agreement (the **US-Italy IGA**) based largely on the Model 1 IGA, which has been ratified in Italy by Law No. 95 of 18 June 2015.

Since the FATCA regulations are complex and uncertain in some respects, in particular with respect to the definition of so-called “pass-thru payments”, the application of FATCA to payments between financial intermediaries is not entirely certain. Indeed, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding.

Accordingly it is not completely clear how FATCA may affect the Notes and/or the parties to the Transaction Documents; therefore, investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. However, the Issuer will not pay any additional amounts to Noteholders in respect of taxes imposed under FATCA or any law enacted to implement an intergovernmental agreement relating to FATCA and they have no responsibility for any amount thereafter transmitted through the custodians or intermediaries.

Tax treatment of the Issuer is based on the current interpretation of the Securitisation Law

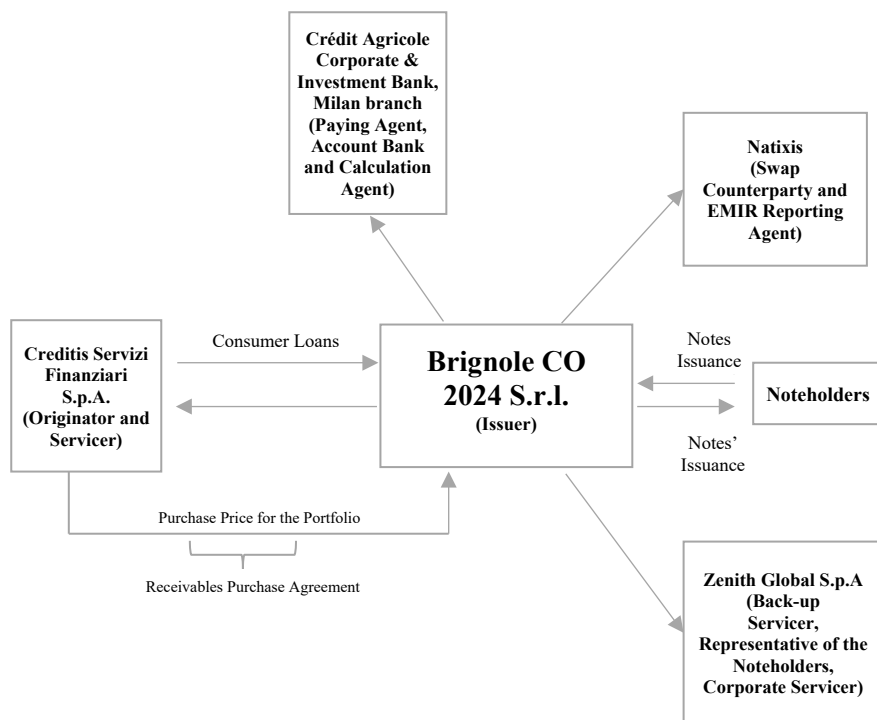

Taxable income of the Issuer is determined in accordance with Italian Presidential Decree No. 917 of 22 December 1986. Pursuant to the regulations issued by the Bank of Italy on 15 December 2015 (*Istruzioni per la redazione dei bilanci e dei rendiconti degli intermediari finanziari, degli istituti di pagamento, degli istituti di moneta elettronica, delle SGR e delle SIM*), as updated from time to time, the assets, liabilities, costs and revenues of the Issuer in relation to the securitisation of the Portfolio will be treated as off-balance sheet assets, liabilities, costs and revenues, to be reported in the notes to the financial statements. In 2016 the Bank of Italy has issued new regulations, as amended from time to time (*Il bilancio degli intermediari IFRS diversi dagli intermediari bancari*), in which all the references to the special purpose vehicles incorporated for the purposes of the carrying out of securitisation transactions have been deleted in accordance with a general principle that special purpose vehicles should not be subject to regulatory supervision. In the lack of any specific accounting provisions and any clarification by the Bank of Italy, the market operators have nonetheless continued applying the regulations issued by the Bank of Italy on 15 December 2015, treating the assets, liabilities, costs and revenues of special purpose vehicles incorporated pursuant to the Securitisation Law as off-balance sheet items.

Based on the general rules, the net taxable income of a company resident in Italy should be calculated on the basis of accounting, subject to such adjustments as are specifically provided for by applicable income tax rules and regulations. However, no taxable income should accrue to the Issuer in the context of the transfer to the Issuer of the Portfolio and the Securitisation. This opinion has been expressed by scholars and tax specialists and has been confirmed by the tax authority (Circular No. 8/E issued by the Italian tax authority (*Agenzia delle Entrate*) on 6 February 2003, confirmed by Ruling No. 222 of December 5, 2003, Ruling No. 77/E of 4 August 2010 and Ruling No. 132 of March 2, 2021) on the grounds that the net proceeds generated by the securitised assets may not be considered as legally available to an issuer insofar as any and all amounts deriving from the underlying assets are specifically destined to satisfy the obligations of such issuer to the noteholders, the originator and any other creditors of the issuer in respect of the securitisation of the underlying assets in compliance with applicable laws.

It is, however, possible that the Ministry of Economy and Finance or another competent authority may issue further regulations, letters or rulings relating to Securitisation Law which might alter or affect the tax position of the Issuer as described above in respect of all or certain of its revenues and/or items of income also through the non-deduction of costs and expenses.

Upon occurrence of:

- (i) a Class B Interest Subordination Event, interest on the Class B Notes will not then be payable under item (ix) (*ninth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xix) (*nineteenth*) of the Pre-Enforcement Interest Priority of Payments;

Interest Deferral

Payments of Interest Payment Amount on each Class of Listed Notes (other than the Most Senior Class of Notes) then outstanding will be subject to deferral to the extent that there are insufficient Interest Available Funds on any Payment Date in accordance with the applicable Priority of Payments to pay in full the relevant Interest Payment Amount which would otherwise be payable on such Classes of Listed Notes then outstanding. The amount by which the aggregate amount of interest paid on each of such Classes of Listed Notes on any Payment Date in accordance with Condition 7.13 (*Interest Deferral*) falls short of the aggregate amount of Interest Payment Amount which otherwise would be payable on the relevant Class of Listed Notes, as applicable, on that date shall be aggregated with the amount of, and treated for the purposes of, Condition 7.13 (*Interest Deferral*), as if it were interest due on each of such Classes of Listed Notes, as applicable, and, subject as provided below, payable on the next succeeding Payment Date. Any such unpaid amount shall not accrue additional interest.

Any Interest Payment Amount due but not payable on the Most Senior Class of Notes on any Payment Date will not be deferred and any failure to pay such Interest Payment Amount will constitute a Trigger Event pursuant to Condition 12.1 (*Trigger Events*).

If the Class B Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class B Notes will not then be payable under item (ix) (*ninth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xix) (*nineteenth*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class B Notes.

If the Class C Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class C Notes will not then be payable under item (ix) (*eleventh*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xx) (*twentieth*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class C Notes.

If the Class D Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class D Notes will not then be

payable under item (xiii) (*thirteenth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xxi) (*twenty-first*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class D Notes.

If the Class E Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class E Notes will not then be payable under item (xv) (*fifteenth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xxii) (*twenty-second*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class E Notes.

If the Class F Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class F Notes will not then be payable under item (xvii) (*seventeenth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xxiii) (*twenty-third*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class F Notes.

If, on the Cancellation Date, there remains any such shortfall, the amount of such shortfall will become due and payable on such date, subject in each case to the amounts of Issuer Available Funds and, to the extent unpaid, will be cancelled.

Interest accrual on the Listed Notes

Interest in respect of the Listed Notes will accrue on a daily basis and will be payable in Euro in arrear on each Payment Date in respect of the Interest Period ending on such Payment Date, in accordance with the applicable Priority of Payments.

The first payment of interest in respect of the Listed Notes will be due on the Payment Date falling on 24 July 2024 (the **First Payment Date**) in respect of the period from (and including) the Issue Date to (but excluding) the First Payment Date. The period from (and including) the Issue Date to (but excluding) the First Payment Date is referred to herein as the **Initial Interest Period** and each successive period from (and including) a Payment Date to (but excluding) the immediately following Payment Date is referred to as an **Interest Period**.

 - (ii) during the Sequential Redemption Period, repayments of principal on such Classes of Notes shall be made in a sequential order,

in each case to the extent there are sufficient Principal Available Funds to make such payments in accordance with the Pre-Enforcement Principal Priority of Payments;

- (b) the Class X1 Notes shall be redeemed for an amount equal to the applicable Class X1 Notes Target Amortisation Amount, to the extent there are sufficient Interest Available Funds to make such payments in accordance with the Pre-Enforcement Interest Priority of Payments;
- (c) the Class X2 Notes shall be redeemed for an amount equal to the applicable Class X2 Notes Target Amortisation Amount after the redemption in full of the Class X1 Notes, to the extent there are sufficient Interest Available Funds to make such payments in accordance with the Pre-Enforcement Interest Priority of Payments.

However, in respect of each Payment Date prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) and Condition 8.4 (*Optional Redemption for taxation reasons*), if the Servicer fails to deliver the Servicer Report to the Calculation Agent by the relevant

Servicer Report Date (or such later date as may be agreed between the Servicer and the Calculation Agent which enables the latter to prepare and deliver the Payments Report in a timely manner), no amount of principal will be due and payable in respect of the Notes on such Payment Date.

Following the delivery of a Trigger Notice or in case of redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) and Condition 8.4 (*Optional Redemption for taxation reasons*):

- (a) the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes, the Class X1 Notes and the Class X2 Notes shall be redeemed at their respective Principal Amount Outstanding; and
- (b) repayments of principal on such Classes of Notes shall be made in a sequential order,

in each case to the extent there are sufficient Issuer Available Funds to make such payments in accordance with the Post-Enforcement Priority of Payments.

The Class R Notes will be subject to mandatory redemption in full (or in part *pro rata*) on the Legal Final Maturity Date after redemption in full of all other Classes of Notes, to the extent there are sufficient Issuer Available Funds to make such payments in accordance with the applicable Priority of Payments.

Pro-Rata Redemption Period, Sequential Redemption Events and Sequential Redemption Period

Pro-Rata Redemption Period means the period starting from (and including) the Issue Date and ending on the earlier of (i) the Payment Date (included) on which the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes will be redeemed in full and/or cancelled, and (ii) the date (excluded) on which a Sequential Redemption Event occurs.

Sequential Redemption Period means the period starting from (and including) the date on which a Sequential Redemption Event occurs and ending on (and including) the Payment Date on which the Notes will be redeemed in full and/or cancelled.

The occurrence of any of the following events in respect of any Payment Date prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) and Condition 8.4 (*Optional Redemption for taxation reasons*), shall constitute a **Sequential Redemption Event**:

- (a) the Cumulative Gross Default Ratio with reference to the immediately preceding Collection End Date is greater than 4.00 per cent.;

- (b) the Uncured PDL Ratio with reference to such Payment Date and the immediately preceding Payment Date is greater than 1.00 per cent.; or
- (c) the Clean-up Call Event has occurred but the Originator Call Option is not exercised by the Originator.

Early Redemption upon exercise of the Originator Call Option

Prior to the delivery of a Trigger Notice, on any Payment Date following the occurrence of a Clean-up Call Event on which the Originator has exercised the Originator Call Option, the Issuer will cause the proceeds received by it from the Originator (or from any third party purchaser appointed by the Originator at its sole discretion) deriving from the sale of the Portfolio to the Originator (or to any third party purchaser appointed by the Originator at its sole discretion) pursuant to the Originator Call Option, together with the other Issuer Available Funds available to the Issuer for such purpose, to redeem the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) at their Principal Amount Outstanding, together with any accrued but unpaid interest thereon up to the date fixed for redemption and any amounts required under the Post-Enforcement Priority of Payments to be paid in priority to or *pari passu* with each Class of Notes to be so redeemed. It remains understood that the Originator Call Option can only be exercised by the Originator, should the relevant conditions described in the Intercreditor Agreement be met, to the extent that the proceeds deriving from the sale of the Portfolio to the Originator (or to any third party purchaser appointed by the Originator at its sole discretion), together with the other Issuer Available Funds to be applied for the purpose of redemption in compliance with the Post-Enforcement Priority of Payments, would allow the Issuer to discharge its outstanding liabilities in respect of the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) and pay any amount required under the Post-Enforcement Priority of Payments to be paid in priority to or *pari passu* with such Notes.

The Issuer's right to redeem the Notes as above will be subject to the Issuer:

- (a) giving not more than 60 (sixty) days and not less than 10 (ten) days' notice to the Representative of the Noteholders, the Swap Counterparty, the Noteholders and the Rating Agencies of its intention to redeem the Notes to be redeemed; and
- (b) delivering, prior to the notice referred to in paragraph (a) above being given, to the Representative of the Noteholders a certificate duly signed by the Issuer to the effect that it will have the necessary funds (free and clear of any Security Interest of any third party) on such Payment Date to discharge its outstanding liabilities in respect of the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class

X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) and pay any other amount required to be paid in priority to or *pari passu* with such Notes in accordance with the Post-Enforcement Priority of Payments.

Clean-up Call Event means the circumstance that, on any date, the aggregate Outstanding Principal of the Receivables comprised in the Portfolio is equal to or lower than 10 per cent. of the aggregate Outstanding Principal, as at the Valuation Date, of the Receivables comprised in the Portfolio.

Optional Redemption for taxation reasons

If, at any time prior to the delivery of a Trigger Notice, the Issuer:

- (a) provides the Representative of the Noteholders, prior to the delivery of the notice referred to below, with a legal opinion (in form and substance satisfactory to the Representative of the Noteholders) from an Italian counsel opining that on the next Payment Date (i) as a result of legislative or regulatory changes (other than a change in a “relevant covered tax agreement” as such term is defined under article 2(1)(a) of the multilateral convention to implement a tax treaty) or official interpretations thereof by competent authorities, the Issuer (also through any Issuer’s agents) would be required to deduct or withhold (other than in respect of a Decree 239 Deduction) from any payment of principal or interest on the Listed Notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges by the Republic of Italy or any political subdivision thereof or any authority thereof or therein or by any applicable authority having jurisdiction, or (ii) as a result of legislative or regulatory changes or official interpretations thereof by competent authorities, the Issuer (also through any Issuer’s agents) would incur increased costs or charges of a fiscal nature in respect of the Noteholders or the Issuer’s assets in respect of the Securitisation which would materially affect any of the Listed Notes; and
- (b) certifies to the Representative of the Noteholders that the Issuer will have the necessary funds, not subject to the interest of any other Person, to discharge its outstanding liabilities in respect of the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) and pay any amount required under the Post-Enforcement Priority of Payments to be paid in priority to or *pari passu* with such Notes,

then the Issuer may redeem, on the next Payment Date, the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) at their Principal Amount Outstanding.

Legal Final Maturity Date and Cancellation Date

Unless previously redeemed in full and/or cancelled as provided in Condition 8 (*Redemption, Purchase and Cancellation*), the Issuer shall redeem the Notes of each Class at their Principal Amount Outstanding, together with any accrued but unpaid interest or Residual Payments, as the case may be, on the Legal Final Maturity Date.

The Issuer may not redeem the Notes in whole or in part prior to the Legal Final Maturity Date except as provided below in Condition 8.2 (*Mandatory Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) or Condition 8.4 (*Optional Redemption for taxation reasons*), but without prejudice to Condition 12 (*Trigger Events*) and Condition 13 (*Enforcement*).

Cancellation Date means the earlier of: (i) following collection in full and/or the completion of any proceedings for the recovery of all Receivables, the Payment Date on which all the relevant Issuer Available Funds are paid in accordance with the applicable Priority of Payments; (ii) following the sale in whole of the Portfolio and the enforcement in full of the Issuer's Rights, the Payment Date on which the Issuer Available Funds deriving from the proceeds of such sale and/or enforcement (if any) are paid in accordance with the applicable Priority of Payments; and (iii) the Payment Date falling on the first anniversary of the Legal Final Maturity Date (following application of the Issuer Available Funds on such Payment Date in accordance with the applicable Priority of Payments).

On the Cancellation Date any amount outstanding, whether in respect of interest, principal and/or other amounts in respect of the Notes, shall be finally and definitively cancelled.

Legal Final Maturity Date means the Payment Date falling on 24 February 2042.

Estimated Weighted Average Life of the Listed Notes (other than the Class X2 Notes) and Assumptions

The actual average life of the Listed Notes (other than the Class X2 Notes) cannot be stated, as the actual rate of repayment of the Loans and a number of other relevant factors are unknown. However, calculations of the possible average life of the Notes can be made based on certain assumptions as described in this Prospectus.

No assurance can be given that such assumptions and estimates will be accurate and, therefore, calculations as to the estimated weighted average life of the Listed Notes (other than the Class X2 Notes) must be viewed with considerable caution.

For further details, see the section headed "*Estimated weighted average life of the Listed Notes (other than the Class X2 Notes) and Assumptions*".

Segregation of the Portfolio and the other Issuer's Rights

The Notes have the benefit of the provisions of article 3 of the Securitisation Law, pursuant to which the Issuer's rights, title and interest in and to the Portfolio and the other Issuer's Rights are segregated (*costituiscono patrimonio separato*) from all other assets of the Issuer (including any other receivables purchased by the Issuer pursuant to the Securitisation Law) and, therefore, any cash-flow

deriving therefrom (to the extent identifiable) will be exclusively available, both prior to and following a winding up of the Issuer, to satisfy the obligations of the Issuer to the Noteholders, the Other Issuer Creditors and any other creditors of the Issuer in respect of any fees, costs and expenses in relation to the Securitisation. The Notes have also the benefit of the Security.

The Portfolio and the other Issuer's Rights may not be seized or attached in any form by creditors of the Issuer other than the Noteholders and the Other Issuer Creditors, until full discharge by the Issuer of its payment obligations under the Notes or cancellation thereof.

Trigger Events

If any of the following events (each, a **Trigger Event**) occurs:

(a) *Non-payment of principal:*

the Issuer defaults in (i) the payment of principal on the Most Senior Class of Notes on any Payment Date (other than the Legal Final Maturity Date) when due and payable (having the Issuer sufficient Principal Available Funds to make such payment), or (ii) the payment of principal on the Notes of any Class on the Legal Final Maturity Date, and in each case such default is not remedied within a period of 5 (five) Business Days from the due date thereof (provided however that, for the avoidance of doubt non-payment of any principal on the Most Senior Class of Notes, due to the Servicer not having provided the Servicer Report (as described in Condition 8.2 (*Mandatory Redemption*)) shall not constitute a Trigger Event); or

(b) *Non-payment of interest:*

the Issuer defaults in the payment of the amount of interest due on any Payment Date on the Most Senior Class of Notes, and such default is not remedied within a period of 5 (five) Business Days of the due date thereof; or

(c) *Breach of other obligations:*

the Issuer defaults in the performance or observance of any of its material obligations under or in respect of the Notes or any of the Transaction Documents to which it is a party (other than any "*Non-payment of principal*" referred to under (a) above and/or any "*Non-payment of interest*" referred to under (b) above) and (except where, in the opinion of the Representative of the Noteholders, such default is not capable of remedy in which case no notice requiring remedy will be required) such default remains unremedied for 30 (thirty) days after the Representative of the Noteholders has given written notice thereof to the Issuer requiring the same to be remedied; or

(d) *Misrepresentation:*

any of the representations and warranties made by the Issuer under any of the Transaction Documents proves to be untrue, incorrect or misleading when made or repeated in any respect which is material for the interests of the holders of the Most Senior Class of Notes, provided that such breach remains unremedied for 10 (ten) Business Days after the occurrence thereof (except where such breach is not capable of remedy, in which case no remedy period will apply); or

(e) *Security Interest:*

any Security Interest granted by the Issuer under the Transaction Documents becomes invalid, unenforceable or unlawful;

(f) *Insolvency of the Issuer:*

an Insolvency Event occurs with respect to the Issuer; or

(g) *Unlawfulness:*

it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes or any of the Transaction Documents to which it is a party,

then the Representative of the Noteholders,

- (i) in the case of a Trigger Event under item (a), (b) or (g) above, shall; and
- (ii) in the case of a Trigger Event under items (c), (d), (e) or (f) above, may or, if so directed by an Extraordinary Resolution of the holders of the Most Senior Class of Notes then outstanding, shall,

in each case, subject to being indemnified and/or secured to its satisfaction against all liabilities, expenses, costs which it may incur by so doing, serve a Trigger Notice on the Issuer (with copy to the Swap Counterparty, the Noteholders and the Rating Agencies) declaring the Notes to be due and repayable in accordance with the Post-Enforcement Priority of Payments.

Upon the delivery of a Trigger Notice, all payments of principal, interest and Residual Payments and any other amounts in respect of the Notes of each Class shall become immediately due and payable without further action or formality at their Principal Amount Outstanding, together with any accrued but unpaid interest thereon, and shall be payable in accordance with the Post-Enforcement Priority of Payments and on such dates as the Representative of the Noteholders shall determine as being Payment Dates.

Following the service of a Trigger Notice, no amount of cash shall be trapped in the Issuer beyond what is necessary to ensure the operational functioning of the Issuer or the orderly payments of the

amounts due under the Notes in accordance with the Post-Enforcement Priority of Payments and pursuant to the terms of the Transaction Documents, as required by article 21(4)(a) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria.

Following the delivery of a Trigger Notice, the Issuer may (subject to the consent of the Representative of the Noteholders acting upon instructions of the holders of the Most Senior Class of the Notes) or the Representative of the Noteholders may (or shall if so requested by an Extraordinary Resolution of the holders of the Most Senior Class of Notes) direct the Issuer to dispose of the Portfolio (in whole or in part), provided, however, that a sufficient amount shall be realised to allow discharge in full of at least all amounts owing to the holders of the Listed Notes (including interest accrued but unpaid) and amounts ranking in priority thereto or *pari passu* therewith and provided further that the following certificates are delivered by the relevant purchaser: (A) a certificate issued by the competent' companies register stating that no Insolvency Proceedings are pending against the purchaser as at a date not earlier than 10 (ten) Business Days before the date of the purchase (or any other equivalent certificate under the relevant jurisdiction in which the purchaser is incorporated); (B) a solvency certificate signed by the legal representative or a director of the purchaser dated the date of the purchase; and (C) a solvency certificate issued by the insolvency division of the competent court (*tribunale concorsuale*) stating that no Insolvency Proceedings are pending against the purchaser (to the extent such certificate may be released by the relevant court) (or any other equivalent certificate under the relevant jurisdiction in which the purchaser is incorporated). It is understood that no provisions shall require the automatic liquidation of the Portfolio pursuant to article 21(4)(d) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria.

Servicer Termination Events

The Issuer may, or shall, if so requested in writing by the Representative of the Noteholders, terminate the appointment of the Servicer following the occurrence of any of the following events:

(a) *Servicer Insolvency*

an Insolvency Event occurs in respect of the Servicer; or

(b) *Winding-up of the Servicer*

a court order is made or an effective resolution is passed by the Servicer for the winding up or dissolution of the Servicer; or

(c) *Failure to Pay*

failure on the part of the Servicer to deposit or pay any amount required to be paid or deposited by it under the Servicing Agreement within 5 (five) Business Days after the due date thereof, except where such failure is attributable to strikes, technical delays, force majeure or any other justified reason, in which case the 5 (five) Business Days remedy period shall commence on the date on which the relevant strikes, technical

delays, force majeure or other justified reason cease to persist;
or

(d) *Breach of Obligations*

failure by the Servicer to comply in any material respect with any other terms and conditions of the Servicing Agreement (other than the obligation of paragraph (c) above and the obligation to prepare and deliver the Servicer Report) or any other Transaction Document to which it is a party, which failure is capable of causing a material prejudice to the Issuer and the Noteholders and is not remedied, where a cure is possible, within 20 (twenty) Business Days from the date on which the Servicer receives written notice of such non-compliance from the Issuer; or

(e) *Missing Servicer Report*

failure on the part of the Servicer to deliver the Servicer Report, by 5 (five) Business Days following each Servicer Report Date, or delivery by the Servicer of an incomplete Servicer Report, unless such failure is due to force majeure and/or technical delays not attributable to the Servicer, provided that it is delivered within 5 (five) Business Days after such events cease to persist; or

(f) *Breach of Representations and Warranties*

any of the representations and warranties given by the Servicer in the Servicing Agreement or in any other Transaction Document to which it is a party is incorrect or incomplete in any material respect when given or repeated, which failure is capable of causing a material prejudice to the Issuer and the Noteholders and is not remedied, where a cure is possible, within 25 (twenty-five) Business Days from the date on which such breach of representation or warranty is contested; or

(g) *Other*

it becomes unlawful for the Servicer to perform or comply with any of its obligations under the Servicing Agreement or the other Transaction Documents to which it is a party or the Servicer has been removed from the register of financial intermediaries held by Bank of Italy pursuant to article 106 of the Consolidated Banking Act (unless the Servicer is simultaneously enrolled in the register of the banks held by the Bank of Italy pursuant to article 13 of the Consolidated Banking Act) or the Servicer no longer meets the requirements set forth by the law or by the Bank of Italy for the entities that assume the tasks provided for under the Servicing Agreement in the context of a securitisation transaction or the Servicer is or will be unable to meet the current or future legal requirements required to entities acting as servicers in the context of a securitisation transaction by the Bank of Italy or other competent authorities.

As a result of such termination, the appointment of the Back-up Servicer pursuant to the Back-up Servicing Agreement shall become effective.

Non petition

Only the Representative of the Noteholders may pursue the remedies available under the general law or under the Transaction Documents against the Issuer and no Noteholder shall be entitled to directly proceed against the Issuer to obtain any payment from the Issuer or to enforce the Security. In particular:

- (a) no Noteholder (nor any person on its behalf, other than the Representative of the Noteholders) shall, save as expressly permitted by the Transaction Documents, have the right to take or join any person in taking any steps against the Issuer for the purpose of obtaining payment of any amount due from the Issuer;
- (b) no Noteholder (nor any person on its behalf) shall, save as expressly permitted by the Transaction Documents, be entitled to direct the Representative of the Noteholders to enforce the Security or to take any proceedings against the Issuer to enforce the Security;
- (c) until the date falling two years and one day after the date on which the Notes and any notes issued by (or loans advanced to) the Issuer in the context of any further securitisation undertaken by the Issuer have been redeemed (or repaid, as the case may be) in full or cancelled in accordance with their terms and conditions, no Noteholder (nor any person on its behalf, other than the Representative of the Noteholders when so directed by an Extraordinary Resolution of all Noteholders and only if the representative(s) of the noteholders (or lenders, as the case may be) of all other securitisations undertaken by the Issuer, if any, have been so directed by the appropriate resolutions of their respective noteholders (or lenders, as the case may be) in accordance with the relevant transaction documents) shall initiate or join any person in initiating an Insolvency Event in relation to the Issuer; and
- (d) no Noteholder shall be entitled to take or join in the taking of any corporate action, legal proceedings or other procedure or step which would result in the applicable Priority of Payments not being complied with.

Limited recourse obligations of Issuer

Notwithstanding any other provision of the Transaction Documents, all obligations of the Issuer to the Noteholders are limited in recourse as set out below:

- (a) each Noteholder will have a claim only in respect of the Issuer Available Funds and at all times only in accordance with the applicable Priority of Payments and will not have any claim, by operation of law or otherwise, against, or recourse to, the Issuer's other assets or its contributed capital or property of

the Issuer or any incorporator, Quotaholder(s), officer, director or any agent of the Issuer;

- (b) sums payable to each Noteholder in respect of the Issuer's obligations to such Noteholder shall be limited to the lesser of (i) the aggregate amount of all sums due to such Noteholder and (ii) the Issuer Available Funds, net of any sums which are payable by the Issuer in accordance with the applicable Priority of Payments in priority to or *pari passu* with the sums payable to such Noteholder; and
- (c) on the Cancellation Date, the Noteholders shall have no further claim against the Issuer in respect of any such unpaid amounts and such unpaid amounts shall be cancelled and discharged in full.

The Organisation of the Noteholders and the Representative of the Noteholders

The Organisation of the Noteholders shall be established upon and by virtue of the issuance of the Notes and shall remain in force and in effect until repayment in full or cancellation of the Notes.

Pursuant to the Rules of the Organisation of the Noteholders (attached to the Conditions), for as long as any Note is outstanding, there shall at all times be a Representative of the Noteholders. The appointment of the Representative of the Noteholders, as the legal representative of the Organisation of the Noteholders, is made by the Noteholders subject to and in accordance with the Rules of the Organisation of the Noteholders, except for the initial Representative of the Noteholders who has been appointed by the Joint Lead Managers and Creditis, as initial holders of the relevant Notes at the time of the issue of the Notes, subject to and in accordance with the provisions of the Notes Subscription Agreements. Each Noteholder is deemed to accept such appointment.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under Regulation (EC) no. 1060/2009 on credit rating agencies, as subsequently amended (the **EU CRA Regulation**), unless such rating is provided by a credit rating agency not established in the European Union but is endorsed by a credit rating agency established in the European Union and registered under the EU CRA Regulation or such rating is provided by a credit rating agency not established in the European Union which is certified under the EU CRA Regulation.

In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the UK and registered under Regulation (EC) no. 1060/2009 on credit rating agencies, as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the **UK CRA Regulation**), unless such rating is provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or such rating is provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation.

As at the date of this Prospectus, each of the Rating Agencies is established in the European Union and is registered under the EU CRA Regulation, as evidenced in the latest update of the list published by ESMA on its website (being, as at the date of this Prospectus, www.esma.europa.eu). As at the date of this Prospectus, each of the Rating Agencies is not established in the UK but the ratings assigned by each of DBRS Ratings GmbH and Fitch Ratings Ireland Limited (*Sede Secondaria Italiana*) are endorsed by DBRS Ratings Limited and Fitch Ratings Limited respectively, each of which is registered under the UK CRA Regulation, as evidenced in the latest update of the list published by FCA on its website (being, as at the date of this Prospectus, <https://register.fca.org.uk/s/>).

The credit ratings assigned to the Rated Notes reflect the Rating Agencies' assessment only of the likelihood of: (a) with respect to the Class A Notes, the timely payment of interest on each Payment Date and the ultimate repayment of principal on or before the Legal Final Maturity Date; and (b) with respect to each of the other Classes of Notes, (i) as long as the relevant Class is the Most Senior Class of Notes then outstanding, the timely payment of interest on each Payment Date and the ultimate repayment of principal on or before the Legal Final Maturity Date, or (ii) as long as the relevant Class is not the Most Senior Class of Notes then outstanding, the ultimate payment of interest and repayment of principal on or before the Legal Final Maturity Date. These ratings are based, among other things, on the Rating Agencies' determination of the value of the Portfolio, the reliability of the payments on the Portfolio and the availability of credit enhancement.

The ratings do not address the following:

- (a) the likelihood that the principal will be redeemed on the Rated Notes on each Payment Date prior to the Legal Final Maturity Date;
- (b) the possibility of the imposition of Italian or European withholding taxes;
- (c) the marketability of the Rated Notes, or any market price for the Rated Notes; or
- (d) whether an investment in the Rated Notes is a suitable investment for a Noteholder.

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal by the assigning rating organisations. There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any of the Rating Agencies as a result of changes in or unavailability of information or if, in the sole judgement of the Rating Agencies, the credit quality of the Rated Notes has declined or is in question. A qualification, downgrade or withdrawal of any of the ratings mentioned above may affect the value of the Rated Notes.

The Issuer has not requested a rating of the Rated Notes by any rating agency other than the Rating Agencies. However, credit rating agencies other than the Rating Agencies could seek to rate the Notes and, if such unsolicited ratings are lower than the comparable ratings assigned to the Rated Notes by the Rating Agencies, those shadow ratings could have an adverse effect on the value of the Notes. For the avoidance of doubt and unless the context otherwise requires, any references to "ratings" or "rating" in this Prospectus are to ratings assigned by the specified Rating Agencies only.

No rating will be assigned to the Class F Notes, the Class X2 Notes and the Class R Notes.

Consequently, the Securitisation meets, as at the date of this Prospectus, the requirements of articles 19 to 22 of the EU Securitisation Regulation (the **EU STS Requirements**) and, on or about the Issue Date, will be notified by the Originator to be included in the list published by ESMA referred to in article 27(5) of the EU Securitisation Regulation (the **STS Notification**). Pursuant to article 27(2) of the EU Securitisation Regulation, the STS Notification includes an explanation by the Originator of how each of the EU STS Requirements has been complied with under the Securitisation. The STS Notification will be available for download on the ESMA website (being, as at the date of this Prospectus, https://registers.esma.europa.eu/publication/searchRegister?core=esma_registers_stsre) (the **ESMA STS Register**).

The Notes can also qualify as STS under the UK Securitisation Regulation until maturity, provided that the Notes remain on the ESMA STS Register and continue to meet the EU STS Requirements. For further details, see the section headed “*Risk Factors – The STS designation impacts on regulatory treatment of the Notes*”.

The Originator has used the service of Prime Collateralised Securities (PCS) EU SAS (PCS), as a third party verifying STS compliance authorised under article 28 of the EU Securitisation Regulation in connection with an assessment of the compliance of the Notes with the EU STS Requirements (the **STS Verification**) and to prepare an assessment of compliance of the Notes with the relevant provisions of article 243 of the CRR (the **CRR Assessment** and, together with the STS Verification, the **STS Assessments**). It is expected that the STS Assessments prepared by PCS will be available on the PCS website (being, as at the date of this Prospectus, <https://pcsmarket.org/transactions/>) together with a detailed explanation of its scope at <https://pcsmarket.org/disclaimer/>. **Euro-system eligibility:
form and settlement
systems of the Class A
Notes**

The Class A Notes are intended to be held in a manner which would allow Euro-system eligibility pursuant to and for the purposes of the Guideline (EU) 2015/510 of the European Central Bank of 19 December 2014, as amended (the **Guideline**). This means that the Class A Notes are intended upon issue to be held in dematerialised form, settled and evidenced as book entries with Euronext Securities Milan - acting as depository for Euroclear and Clearstream – that constitutes a securities settlement system which has been positively assessed as eligible pursuant to the Eurosystem User Assessment Framework. However, this does not necessarily mean that the Class A Notes will be recognised as eligible collateral for the purposes of the Guideline by the Euro-system either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of all the Euro-system eligibility criteria provided for by the Guideline. It is expected that the Mezzanine Notes, the Junior Notes and the Class R Notes will not satisfy the Euro-system eligibility criteria provided for by the Guideline.

- (b) continue to fulfil the obligation to maintain the material net economic interest in the Securitisation in accordance with article 6(3)(a) of the EU Securitisation Regulation and article 6(3)(b) of the UK Securitisation Regulation (as such article is interpreted and applied on the Issue Date) and give relevant information to the Noteholders, any other holder of a securitisation position, the competent authorities and (upon request) potential investors in this respect on a monthly basis through the Sec Reg Investor Report;

- (d) ensure that any change to the manner in which such retained interest is held is promptly disclosed in the Sec Reg Investor Report; and
- (e) prepare and provide (or procure the preparation and provision of) all applicable information required to be provided pursuant to article 7 of the EU Securitisation Regulation to the Noteholders, any other holder of a securitisation position, the relevant competent authorities and, upon request, potential investors, including (without limitation) the information under article 7(1)(d) of the EU Securitisation Regulation;

The Originator has undertaken that the information referred to above:

- (a) on the Issue Date will be included in this Prospectus and in the Transaction Documents; and
- (b) following the Issue Date, will:
 - (i) on a monthly basis, with reference to the monthly investor report to be provided by the Originator, as Reporting Entity, pursuant to article 7(1)(e) of the EU Securitisation Regulation, on each Sec Reg Report Date, (A) be included in the Sec Reg Investor Report issued by the Calculation Agent, on behalf of the Originator, or by the Originator directly or through other agents, in accordance with the provisions of the Cash Allocation, Management and Payments Agreement which shall contain all the information required under article 7(1)(e) of the EU Securitisation Regulation and the applicable Technical Standards; (B) be made available by the Reporting Entity to the holders of a securitisation position, the relevant competent authorities and, upon request, to potential investors in the Notes as well as to the Rating Agencies through publication on the Securitisation Repository;

In addition, the Originator has undertaken and warranted to the Issuer, the Co-Arrangers, the Joint Lead Managers and the Representative of the Noteholders that:

- (A) the material net economic interest held by it will not be split amongst different types of retainers and will not be subject to any credit-risk mitigation or hedging (including after taking into account the Retention Financing Arrangements), in accordance with article 6(1) of the EU Securitisation Regulation and article 6(1) of the UK Securitisation Regulation (as such article is interpreted and applied on the Issue Date) and the relevant technical standards;
- (B) it has not selected the Receivables comprised in the Portfolio with the aim of rendering losses on the Receivables transferred to the Issuer higher than the losses on comparable receivables held on the balance sheet of the Originator, pursuant to article 6(2) of the EU Securitisation Regulation and article 6(2) of the UK Securitisation Regulation (as such article is interpreted and applied on the Issue Date).

The Originator has also confirmed and undertaken to the Issuer, the Co-Arrangers, the Joint Lead Managers and the Representative of the Noteholders that: (i) any Retention Financing Arrangements shall at all times be on a full recourse basis and the credit risk of the Retained Notes will not be transferred, sold, mitigated or hedged by the Originator; and (ii) the Originator complies and, as long as the Notes are outstanding, it will at all times comply with the risk retention requirements set out in the EU Securitisation Regulation and the UK

Pool Audit

Pursuant to article 22(2) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria, an appropriate and independent party has verified prior to the Issue Date (i) on a statistical basis, the integrity and referentiality of the information provided in the documentation and in the IT systems in respect of each selected position of a representative sample of a provisional portfolio as at 12 April 2024 which has features substantially equivalent to the Portfolio and which is in a reasonably final form; (ii) the accuracy of the data disclosed in the section entitled “*Characteristics of the Portfolio*” above; and (iii) the compliance of the data contained in the loan by loan data tape prepared by the Originator in relation to the Receivables comprised in the Portfolio with certain Criteria that are able to be tested prior to the Issue Date. No significant adverse findings have resulted from such verifications.

Historical Performance Data

Data on the historical performance of receivables originated by Creditis are made available as pre-pricing information on the Securitisation Repository.

These historical data are substantially similar to those of the Receivables comprised in the Portfolio pursuant to, and for the purposes of, article 22(1) of the EU Securitisation Regulation, given that: (i) the most relevant factors determining the expected performance of the underlying exposures are similar; and (ii) as a result of the similarity referred to in paragraph (i) above, it could reasonably have been expected, on the basis of indications such as past performance or applicable models, that, over the life of the Securitisation, their performance would not be significantly different.

Capacity to produce funds

The Receivables included in the Portfolio have the characteristics that demonstrate capacity to produce funds to service payments due and payable on the Notes. However, neither the Originator nor the Issuer warrant the solvency (credit standing) of any or all of the Debtor(s) and/or Guarantors.

No independent investigation in relation to the Portfolio

None of the Issuer, the Co-Arrangers, the Joint Lead Managers nor any other Transaction Party (other than the Originator) has undertaken or will undertake any investigation, searches or other actions to verify the details of the Receivables sold by the Originator to the Issuer, nor has any of such persons undertaken, nor will any of them undertake, any investigations, searches or other actions to establish the creditworthiness of any Debtors and/or Guarantors.

None of the Issuer, the Co-Arrangers, the Joint Lead Managers nor any other party to the Transaction Documents (other than the Originator) has carried out any due diligence in respect of the Loan Agreements in order to, without limitation, ascertain whether or not the Loan Agreements contain provisions limiting the transferability of the Receivables.

The Issuer will rely instead on the representations and warranties given by the Originator in the Warranty and Indemnity Agreement and in the Receivables Purchase Agreement. Please see the section headed “*Description of the Transaction Documents*”.

Creditis has well-documented and adequate policies, procedures and risk-management controls relating to the servicing of exposures.

Creditis' activity is focused on offering three lending products: personal loans, salary/pension backed loans (including delegation of payment loans) and revolving credit cards through mainly Banks Network, Financial Intermediaries Network, Agents Network and Direct channel.

Personal loans, named *Mysura*, represented 60 per cent. of new 2023 loan production. The product offering is targeted towards customers between 18 (at origination) and 80 (at the end of the amortization plan) years

old and offers a maximum duration of 120 months for a maximum financed amount of Euro 75,000 (Euro 81,000 including other financed fees).

Borrowers can benefit from specific seasonal campaigns planned for specific purposes (i.e. green, education, cars, holidays, furnishings, etc.) and promoted to improve customer loyalty.

Interest is calculated at an annual fixed rate and the instalment is paid on a monthly basis directly from customers' bank accounts (the customers can decide to change the repayment method from direct debit to postal bulletin). The creditworthiness of the customers is derived through the analysis of the results obtained from three different credit bureaus and checks of anti-fraud and identity theft bureau.

Personal loans are promoted by the Banks Network, Financial Intermediaries Network, Agents Network and Direct channel, the applications are uploaded into Creditis' IT system through a direct link that allows Creditis' underwriting function to process the application following strict internal policies without any outside interference or any possibility for manual errors in transference of the data.

Salary/pension backed loans, named "*Dammi il Cinque*" represented 37 per cent. of new loan production during 2023. The product is promoted by the Agents and through Banks Network, with intermediary Agents acting as facilitators of the administrative activities required in connection with the completion of the application. The Agents do not have any pricing or credit-granting powers. Creditis' pricing model is compliant with the Bank of Italy instruction for salary/pension backed loans.

Dammi il Cinque is addressed towards customers of the Banks Network and of the Agent Network or towards new clients, exclusively employees or pensioners, between 18 (at origination) and 88 (at the end of the amortization plan) years old and a maximum tenor of 120 (one hundred and twenty) months.

Monthly instalments can be up to a maximum of 20 per cent. of salary or pension (as applicable) and interest is calculated at an annual fixed rate. Special conditions could be deployed during the underwriting process according to the type of customer and sector of employee (i.e., public or private) or pensioner.

Revolving credit cards, named "*Valea*" are Visa Circuit branded and represented 3 per cent. of new loan production during 2023. The borrower can decide to repay specific purchases (insurance policies) in 11 (eleven) monthly instalments or can utilise the card throughout the Visa commercial network or for cash withdrawal at automated teller machines.

According to Italian usury law, on a quarterly basis, interest rate limits for each product are updated following the instructions given by Bank of Italy through the official bulletin.

The weights of new lending and outstanding volumes are detailed in the following table:

Carige network, in accordance with a distribution agreement terminated with effect as of 31 December 2022), Financial Intermediaries Network, Agents Network and Direct channel.

D) Criteria for credit granting

Under the Class A, B, C, D, E and F Notes Subscription Agreement, the Originator has represented and warranted to the Joint Lead Managers and the Co-Arrangers that: (i) it has applied and will apply, as the case may be, to the Receivables the same sound and well-defined criteria for credit-granting which it applies to non-securitised exposures in accordance with the requirements of article 9(1) of the EU Securitisation Regulation; (ii) it has clearly established the processes for approving and, where relevant, amending, renewing and refinancing the Receivables as it applies to the exposures it holds; and (iii) it has effective systems in place to apply those criteria and processes in order to ensure that credit-granting is based on a thorough assessment of the Debtors' creditworthiness taking appropriate account of factors relevant to verifying the prospect of the Debtors meeting their obligations under the Loan Agreements.

SECTION A

(Credit Policies)

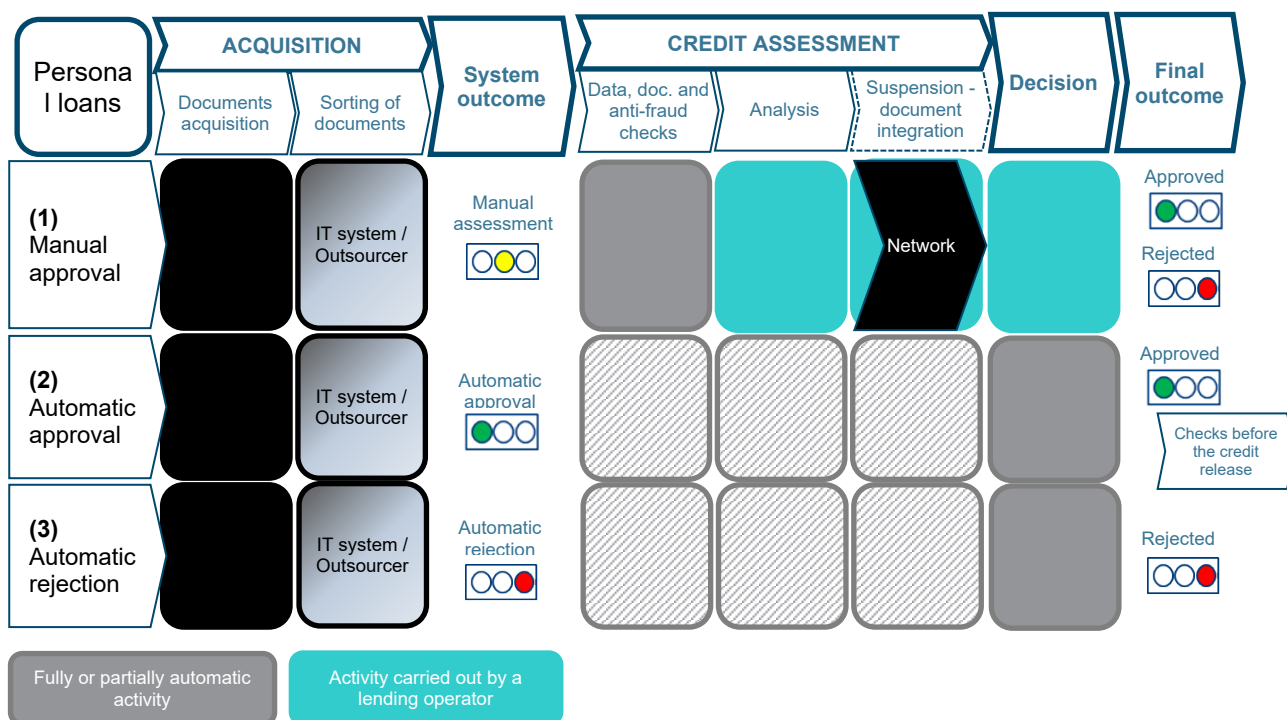

1. Origination and Underwriting

All credit applications are sourced by: (i) Bank branches; (ii) Financial intermediaries; (iii) Agents and Brokers enrolled in the OAM register; (iv) Insurance Agencies (collectively Bank branches, Financial intermediaries, Agents/Brokers, Insurance Agencies: “Retailers”); and (v) direct channel.

If the applicant wishes to proceed with a personal loan, the Retailer - or directly the customer in the web channel - enters the necessary data about the applicant’s personal situation into Creditis’ online system by consulting the applicant’s identity document as well as income data; in addition, chooses – among the options proposed by the IT system - the terms and conditions of the personal loan (amount, interest rate, term, commissions). Following submission of the application, the decisional process starts. The process can be fully automated or with the involvement of dedicate personnel in charge of the credit evaluation; at the end of the process the credit application is accepted or declined.

The credit decision process is driven by the decision engine and comprises four steps whose sequence is managed in an automated way: (i) data acquisition and file check (verification of different credit bureaus); (ii) scoring calculation and assessment; (iii) customer’s net disposable income assessment; and (iv) Creditis’ rules application.

The following chart describes synthetically the process of acquisition, analysis and credit resolution:

2. Personal Loans Assessment

Below are indicated the criteria for evaluating the financing before deliberation.

The subjects that can enter into a lending application and the requirements are the following:

- **Customer**
- **Co-obligor** (if any)
- **Guarantor(s)** (if any)
- **legal type** – must be an individual;
- **residence** – the person must reside in Italy;
- **income** – must be proved, through appropriate documentation.

Maximum amount allowed: Euro 75,000 (excluding any insurance premium financed).

Financing can be granted only for purposes unrelated to the professional activity of the parties involved.

The main steps of the underwriting process are the following:

- (a) conformity checks – the operator must always ensure that the data uploaded to the system correspond to what is written on the documents that make up the documentary file;
- (b) collect, as the case may be, documentary evidence of the Borrower's identity, address, marital status, employment situation, income, expenses, and savings;
- (c) check the consistency of the supporting documents to prevent any fraud, also through IT tools and database consultation (including check-IBAN and decision engine warnings based on Scipafi's automated queries for employment relationship verification and credit bureaus' anti-fraud services) and manual checks;
- (d) for an existing customer, check the internal databases for information consistency and late payments history, by delving into decision engine warnings of serious late payments on previous loans;
- (e) analysis of the evidences from the credit bureaus, by delving into decision engine warnings that report late payments in the credit bureau or the presence of numerous loan requests in the credit bureaus in the last 3 and 6 months;
- (f) check certain situations, which may be a symptom of a tendency to over-indebtedness of the family unit (including decision engine warnings on indebtedness and sustainability and financial strain indicators from the credit bureaus);
- (g) contact the customer or third parties (bank and/or employer) by telephone, if needed, for the acquisition of information to obtain confirmations or clarify any doubts;
- (h) store all the documents supporting the information and the findings of external or internal database search (electronically).

3. General principles of the scoring system and assignment of signature levels

3.1 Introduction

Before the approval of a credit application, Creditis conducts credit checks on a potential future customer's solvency by way of "credit scoring" and analysis of credit controls (warnings) through a decisional engine managed by the risk management department. The decisional engine is a master system which combines in a single interface all the checks performed on the various credit bureaus, the scoring of acceptance scoring grids, the assessment of net disposable income, the application of credit policies and determines the type of decision needed (manual or automatic), and for the manual decision, the delegation level needed.

In this process, credit checks (or warnings) - together with the score - concur to:

- determine automatic actions in many cases (including automatic approval or rejection);
- define the signature level;
- support creditworthiness assessment and deliberation through structured alerts and information for operator analysis;
- intercept and prevent fraud attempts.

The contents of the following paragraphs refers specifically to personal loans, with the clarification that the limits on exposure to Creditis apply to the total exposure to which all products contribute.

With regard to personal loans, the Board of Directors is the body responsible for approving:

- general customer selection criteria (creditworthiness criteria) and risk objectives (risk appetite) also expressed in terms of the expected cost of credit risk, declined in the company's budget and strategic plan;
- the signature level linked to the counterpart's total exposure;
- the criteria for the assignment of the powers delegated.

The delegation scheme (level of signature associated with exposure) is proposed the Credit and Risk Management Committee for validation before the approval of the Board of Directors.

The Credit and Risk Management Committee supports the Chief Executive Officer in implementing strategic directions and risk governance policies, and in this regard evaluates and expresses opinions on the definition of score grids and related cut -offs, as well as on the most relevant updates to the set of credit controls (i.e., controls automatically managed by the decision engine and referred to as "warnings").

Risk Management defines score grids and related cut-offs consistent with the credit risk targets, approved by the Board of Directors, as well as based on specific indications expressed by the Board of Directors, the Chief Executive Officer or the Credit and Risk Management Committee.

Risk Management reports periodically to the Credit and Risk Management Committee on credit risk trends and implements the Committee's decisions on actions to maintain risk levels within target levels. In addition, Risk Management periodically updates the Board of Directors through the specific indicators in the Risk Appetite Statement, including credit risk indicators, and supports the Chief Executive Officer in implementing the Board of Directors' decisions to control credit risk and maintain it within target levels by also acting through the scoring grids and their updating.

Warnings are defined, monitored and updated by Risk Management, which also takes care of the definition of the relevant algorithms in the decision engine and carries out prior assessments of their impact that precede their introduction into the credit process.

3.2 *Method of calculation of the signature level by the system*

In the acceptance phase, the signature level required to evaluate the loan request is automatically determined by the IT system, through a two-step cascade process: in the first step, the level is identified based on the decision matrix that cross-references the exposure level with the score level; in the second step, the level can be modified upward based on the outcome of credit checks (warnings).

If there are multiple warnings, the IT system assigns the highest signature level among the warnings associated with the loan request

The acceptance score is an algorithm that uses a combination of information available at the time of the loan request, to estimate the probability of default (PD), on the basis of socio-demographic variables, credit bureaus and behavioural data (if available). The score determines the so-called “system outcome” which is an indication to accept the request if the score is above the cut-off level or otherwise (below cut-off) to reject it. The operator can confirm or modify the system outcome. In order to modify the system outcome, through the so-called “override”, the operator must have the signature level determined by the decision engine based on the risk profile of the customer and the loan.

The automatic rejection or approval mechanism (so-called automatic operator) is governed by parameters, including the credit score, defined in the decision engine; the automatic approval requires a score above cut-off, the absence of severe warnings and an exposure amount below the limits established by the Board of Directors.

SECTION B

(Collection Policies)

Organization and Processes

Receivables collection in Creditis is based on a systematic collection approach, based on these fundamental principles:

- define an operating business model that makes full use of internal and external resources, using outsourcers and debt collecting companies as an “*operational extension*” of the division, aligning its objectives, sharing plans and performance benchmarks and demanding processes which are in line with values and numerical results.
- develop instruments and information systems so that they can support management strategies at the level of automation, flexibility of experimentation and segmentation.
- constantly monitor the progress of the various activities in order to ensure correct execution and performance growth.

Creditis’ receivables collection department is responsible for:

- managing due receivables of every order and grade, including judicial debt recovery activities,
- monitoring the performance of the due receivables portfolio and the recovery performance,
- identify and implement additional or innovative strategies for the improvement of recovery results, and for a comprehensive customer management,
- directing and coordinating external companies that carry out recovery activities, monitoring and supporting their activities,
- managing cash flows and the accounting of payments,
- managing the monitoring activity of the Salary Assignment, after-sales and claims activities,
- directing and managing relations with insurance companies for claims from Salary Assignment.

Collection Policy – Personal Loans

Creditis’ recovery procedures is organised by the alternation of activities and interventions.

The acquisition of positions in the recovery process is conducted automatically on a daily basis with an aim to manage each type of due receivables in a timely manner.

Each personal loan is classified as Collection or Pre-Collection and assigned a specific code (Due receivable classification) if the periodic instalments charged on each of such loans pursuant to Creditis’ specific procedure is not satisfied.

The **Pre-Collection** procedure involves the SDDs that are due as a result of “*technical*” reasons (causal relation to inactive delegations or general due receivables).

Upon the acquisition of the files, a written communication is automatically sent to the financing underwriters, prompting them to verify the accuracy of the bank details and the receipt of the request for payment: the communication clearly indicates the address, telephone numbers and email for contacting Creditis and the bank details in order to promptly regularize any due payment.

20 days after the entry into Pre-Collection:

- if the due receivable is paid => the position is *in bonis*

- if the due receivable is not paid=> the position is assigned into Collection.

The **Collection** procedure concerns the management of SDDs classified as such due to “*non-technical*” reasons, mainly due to a lack of funds, as well as the due payment not cured in the Pre-Collection. Even in these cases, a special reminder letter, which quantifies the amount due for instalments / interest/recovery costs and provides the debtor with the respective bank details, is immediately and automatically generated, also attaching a pre-marked postal slip as a payment alternative.

The entry into Collection activates an initial outbound recovery intervention (so called, “Flash” or “Early Collection”), aimed at satisfying the due amount within 5 days.

The positions not resolved by way of the initial intervention – with appropriate technologies and strategies are grouped in different clusters, each of which provides for a specific intervention strategy to be implemented primarily by specialized external companies.

The process envisages diversified and automated phases in response to an increase in overdue payments and expired amounts. Therefore, the transition between phases and the duration in each depends on the number of due instalments, aging of the due receivables and scoring variables that summarize certain characteristics of the customer (e.g. recidivism, performance) and of the past due amount (e.g. instalment amount).

The process involves two main types of intervention of a duration of 23 (twenty-three) – 25 (twenty-five) days with optimal dates of custody at the 1st (first) and 15th (fifteenth) day of the month:

Phone Collection with a low level of intensity for the positions whose strategies and variables of collection are categorized as easy to collect, or with a high level of intensity for the positions which are considered to be more complicated / difficult to collect. Specialized companies mainly carry out the activity by distributing workloads proportionally and with weekly monitoring with regard to the performance of collection / regularization / cash balance/movement.

Home Collection provides two different levels of intervention and is performed by companies based in the area in which the customers are located, in order to rely on the local expertise and knowledge of the customers’ profile.

Each collection officer shall visit the debtor at the provided address, take the necessary measures if issues of availability or tracing arise, and promptly notify Creditis of any anomalies. Creditis’ receivables collection department provides training to external outsourcers with whom it works by providing the guidelines for approaching customers and illustrating the Company’s financial products. Creditis’ receivables collection department also performs a careful and ongoing monitoring of outsourcers.

Collection Pre-Acceleration concerns outstanding positions which may result in a contractual termination at the end of the month. It refers to personal loans which will mature in the month of the 7th due instalment. This type of management starts from the second week of the month and is performed in close collaboration between the internal operators of Creditis’ receivables collection department and the external companies which are managing positions in this cluster during the month. In this phase, all the available information and contributions provided following the intervention of the collector are utilized, including the specific knowledge of the client’s profile accumulated during the management of the accrued overdue amounts.

The positions that, following the above activity carried out until the last working day of the month, will have 7 or more missed instalments, are placed in Acceleration (*Decadenza del Beneficio del termine*) and therefore deemed to be overdue.

Post Acceleration Management

Post Acceleration Management begins with the notification in the form of a registered letter to all the signatories of the agreement of the acceleration letter.

The client and all other obligors are jointly obligated to settle within 15 (fifteenth) days from receipt of the registered letter:

The overdue instalments, together with the due instalments, the default interest accrued on the date of the contractual termination, the charges applied for late payments (overdue SDD commissions and indemnities for the reminder and receivable collecting activities), fixed costs for contractual termination, are all claimed to the extent specified in the agreement.

Creditis' collection department evaluates the overdue receivables by applying the procedure envisaged for this phase of the loan, and managed and supervised the receivables collection activity in collaboration with external outsourcers.

All non-legal and/or legal actions that may be carried out in a way appropriate for the management of overdue receivables will therefore be implemented, in accordance with the relevant procedures.

The process depends on various criteria such as the amount and type of assets or revenues which may be subject to recovery, managed primarily through non-legal diversified activities along with the intervention of collection companies specialized in post-default collection.

Creditis sets up diversified periods with a minimum duration of 90 (ninety) days, which may be extended, during which all the underwriters of the agreement are made aware of the need to reach an amicable agreement to repay the total debt.

The feedback from the collection activity is carefully examined by Creditis in order to assess the feasibility of the repayment plan, and to determine the need for instigating legal procedures for the recovery of the receivable or a transaction.

If no amicable agreement is reached and the amount of the exposure is greater than Euro 5.000, in the absence of alternative amicable solutions and where the debtor has assets or income that could be recovered against, the receivable will be recovered in court. The court phase consists of an appeal by injunction, registration of a judicial mortgage and/or possibly seizure towards third parties or real estate execution. With respect to any legal proceedings, Creditis uses an approved panel of external law firms with a strong national presence and proven experience in debt recovery. The instructed external law firms – on Creditis' instructions – would proceed with individual legal proceedings which would always be accompanied with negotiations with the debtors, who are routinely offered the opportunity to reach an agreement for the payment of the receivable in order to maximize recoveries and minimize costs.

All phases, including post-acceleration recovery, judicial recovery, and collection activities, are included and monitored on a timely basis in the OCS management system. The activities may end with the total or partial satisfaction of Creditis' receivable amount or be ended with the impossibility or impracticality of further non-legal or legal actions.

Write-off

Finally, if all the activities and recovery attempts with the debtors have been unsuccessful, the entire process has been completed, and no other actions can be taken to recover the amount due, Creditis proceeds with the write-off of the receivable.

Therefore, the write-off may be proposed in the following cases:

- A.** Balance overdue < Euro 2,500 and no collections in the last 6 (SIX months (Law Decree No. 83 August 2012)

=> 1 payment demand with negative return report

B. Balance overdue from Euro 2,500 up to Euro 5,000

=> 3 payment demands with negative return reports

=> misguided/unsuccessful last letter

C. Balance overdue from > Euro 5,000

=> 3 payment demands with negative return reports

=> Negative judicial activity, if carried out

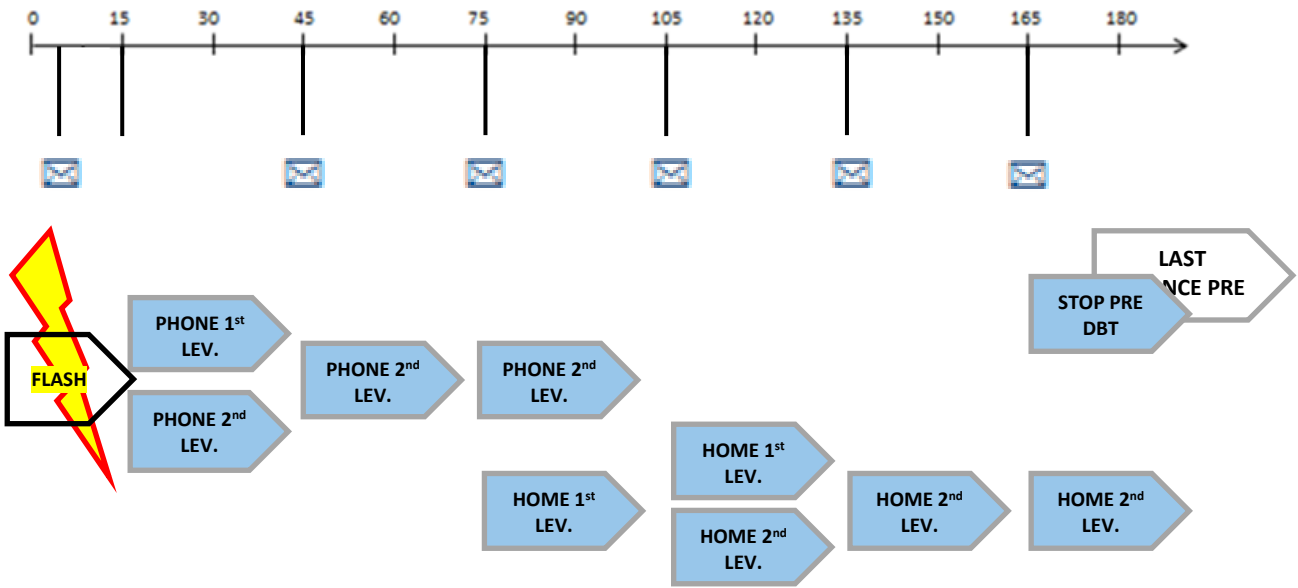

=> misguided/unsuccessful last letter

It is possible to write-off even in the case of negative events, independent from the development of the process of recovery, after forfeiture of the benefit of the term.

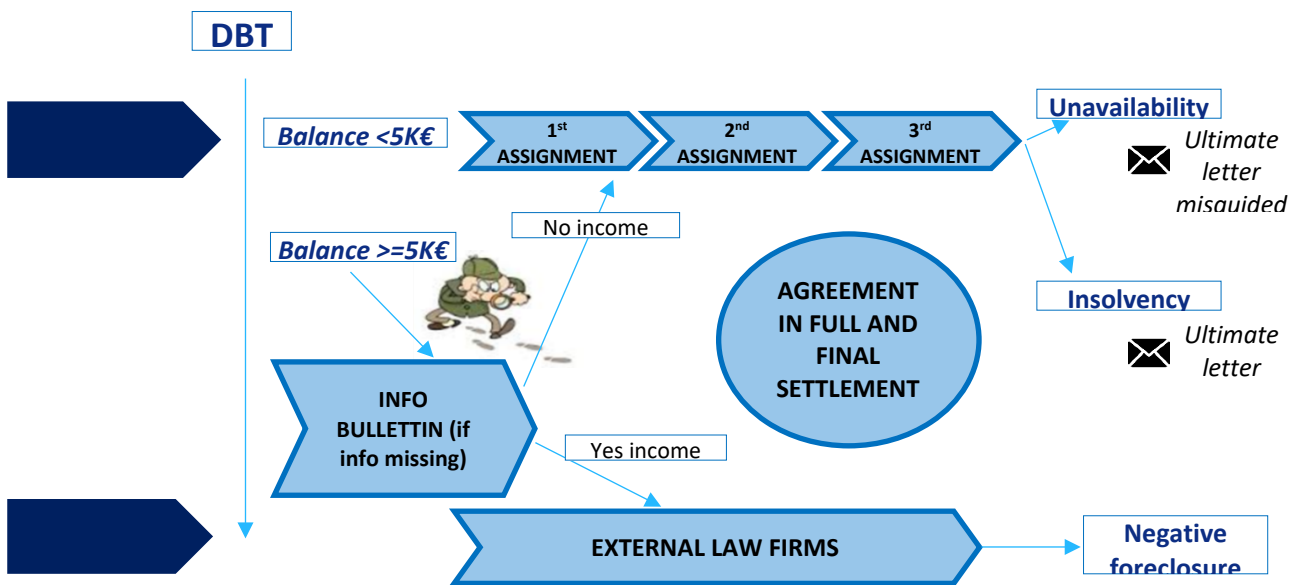

In addition, a write-off may also be proposed in the event of:

- Insolvency procedure;
- Death of the client and waiver of inheritance, in the absence of joint obligations and guarantors;
- Death of the client and unavailability of the heirs, in the absence of joint obligations and guarantors;
- Unreachability of the client issued by a public authority;
- Residual amount of a partial payment agreement;
- Ascertained fraud.

11. NOTES SUBSCRIPTION AGREEMENTS

Class A, B, C, D, E and F Notes Subscription Agreement

Pursuant to a subscription agreement relating to the Listed Notes (other than the Class X1 Notes and the Class X2 Notes) entered into on or about the Issue Date among the Joint Lead Managers, the Co-Arrangers, the Issuer, the Originator, and the Representative of the Noteholders (the **Class A, B, C, D, E and F Notes Subscription Agreement**): (i) the Joint Lead Managers have severally agreed to subscribe and pay for or procure the subscription and payment for part of the Listed Notes (other than the Class X1 Notes and the Class X2 Notes); (ii) the Issuer and the Originator have given certain representation and warranties to the Joint Lead Managers; and (iii) the Joint Lead Managers have appointed Zenith as the Representative of the Noteholders.

For the purpose of compliance with articles 20(2) of the EU Securitisation Regulation, under the Class A, B, C, D, E and F Notes Subscription Agreement, the Originator has represented that it is a joint stock company authorised to operate as a financial intermediary (*intermediario finanziario*) pursuant to article 106 of the Consolidated Banking Act and its "centre of main interests" (as that term is used in article 3(1) of the Regulation (EU) no. 848/2015 of 20 May 2015 on insolvency proceedings) is located within the territory of the Republic of Italy; therefore, the Originator would be subject to Italian insolvency laws that do not contain severe clawback provisions.

In addition, for the purpose of compliance with articles 20(3) of the EU Securitisation Regulation the Originator has represented to the Joint Lead Managers and the Co-Arrangers that: (i) it has applied to the Receivables the same sound and well-defined criteria for credit-granting which it applies to non-securitised exposures; (ii) it has clearly established the processes for approving and, where relevant, amending, renewing and refinancing the Receivables as it applies to the exposures it holds; and (iii) has effective systems in place to apply those criteria and processes in order to ensure that credit-granting is based on a thorough assessment of the Debtors' creditworthiness taking appropriate account of factors relevant to verifying the prospect of the Debtors meeting their obligations under the Loan Agreements.

Retained Notes Subscription Agreement

Pursuant to a subscription agreement relating to part of the Listed Notes and all of the Class R Notes entered into on or about the Issue Date among the Issuer, the Originator and the Representative of the Noteholders (the **Retained Notes Subscription Agreement**): (i) the Originator has agreed to subscribe for 5 per cent. of the principal amount of the Listed Notes (other than the Class X1 Notes and the Class X2 Notes) and the whole principal amount of the Class X1 Notes, the Class X2 Notes and the Class R Notes; (ii) the Issuer has given certain representation and warranties to the Originator; and (iii) the Originator has appointed Zenith as the Representative of the Noteholders.

Any dispute which may arise in relation to the interpretation or the execution of the Class A, B, C, D, E and F Notes Subscription Agreement, or any non-contractual obligation arising out of or in connection therewith, shall be subject to the exclusive jurisdiction of the Court of England.

The Retained Notes Subscription Agreement, and any non-contractual obligation arising out of or in connection therewith, are governed by, and shall be construed in accordance with, Italian law. Any dispute which may arise in relation to the interpretation or the execution of the Retained Notes Subscription Agreement, or any non-contractual obligation arising out of or in connection therewith, shall be subject to the exclusive jurisdiction of the Courts of Milan.

12. THE SWAP AGREEMENT

Overview of the Swap Transaction

Pursuant to the Swap Agreement, the Swap Counterparty will hedge certain risks arising as a result of the interest rate mismatch between the fixed rate of interest received by the Issuer in respect of the Receivables and the floating rate of interest payable under the Listed Notes (other than the Class X1 Notes and the Class X2 Notes).

The notional amount of the Swap Agreement in respect of each Calculation Period (as defined in the Swap Agreement) is equal to the lesser of: (i) the Principal Amount Outstanding of the Listed Notes (other than the Class X1 Notes and the Class X2 Notes) on the first day of such Calculation Period after giving effect to the applicable Priority of Payments; and (ii) the Outstanding Principal of the Receivables in the Portfolio that are not Defaulted Receivables on the final day of the immediately preceding Collection Period taking into account any repurchase during such Collection Period.

On the Issue Date, the Issuer will pay the Initial Exchange Amount (as defined in the Swap Agreement) to the Swap Counterparty.

On each Payment Date, the Swap Counterparty will pay to the Issuer a floating amount equal to the Euribor applicable on the Listed Notes (other than the Class X1 Notes and the Class X2 Notes), and the Issuer will pay

to the Swap Counterparty on each Payment Date a fixed amount, both calculated on the notional amount of the Swap Agreement.

The Swap Agreement contains provisions requiring certain remedial action to be taken in the event that the Swap Counterparty is subject to a rating withdrawal or downgrade; such provisions include a requirement that the Swap Counterparty must post collateral, or transfer the Swap Agreement to another entity meeting the applicable rating requirement, or procure that a guarantor meeting the applicable rating requirement guarantees its obligations under the Swap Agreement.

The Swap Agreement may terminate by its terms upon the occurrence of a number of events which include (without limitation) the following: (i) certain events of bankruptcy, insolvency, receivership or reorganisation of the Issuer or the Swap Counterparty; (ii) failure on the part of the Issuer or the Swap Counterparty to make any payment under the Swap Agreement after taking into account the applicable grace period; (iii) a change in law making it illegal for either the Issuer or the Swap Counterparty to be a party to, or to perform its obligations under, the Swap Agreement; (iv) a Trigger Notice being served on the Issuer; (v) the Notes being redeemed early pursuant to Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) or Condition 8.4 (*Optional Redemption for taxation reasons*); (vi) failure by the Swap Counterparty, in the event that it is subject to a rating withdrawal or downgrade by the Rating Agencies below the applicable rating requirements, to take, within a set period of time, certain actions intended to mitigate the effects of such withdrawal or downgrade; and (vii) any other event as specified in the Swap Agreement.

Applicable Law and Jurisdiction

The Swap Agreement (and any non-contractual obligation arising out of or in connection with it) is governed by, and will be construed in accordance with, English law. The courts of England shall have exclusive jurisdiction in relation to any disputes (also in relation to non-contractual obligations) arising from, or in connection with, the Swap Agreement.

ESTIMATED WEIGHTED AVERAGE LIFE OF THE LISTED NOTES (OTHER THAN THE CLASS X2 NOTES) AND ASSUMPTIONS

The estimated weighted average life of the Listed Notes (other than the Class X2 Notes) refers to the estimated average amount of time that will elapse from the Issue Date to the date of distribution to the investor of each Euro in reduction of the principal amount of each Listed Note (other than the Class X2 Notes). The estimated weighted average life of a given Listed Note (other than the Class X2 Notes) shall be affected, *inter alia*, by the available funds allocated to redeem such Listed Note (other than the Class X2 Notes) and other factors. Therefore, the estimated weighted average life of the Listed Notes (other than the Class X2 Notes) cannot be predicted as the actual rate at which the Loans will be repaid and a number of other relevant factors are unknown. Calculated estimates as to the estimated average life of the Listed Notes (other than the Class X2 Notes) can only be made based on certain assumptions. These estimates have certain inherent limitations. No representations are made that such estimates can be accurate, and that all assumptions relating to such estimates have been considered or stated or that such estimates will be realised.

The information included in the tables below assume, among other things, that:

- (a) there are no delinquencies or default on the Receivables, and principal payments on the Receivables will be timely received, if any, at the respective constant prepayment rate (CPR) set forth in the tables below;
- (b) the CPR shown in the tables is an annualised figure. The range of scenarios have been defined based on historical information shared by the Originator;
- (c) the calculation of the weighted average life (in years) is calculated on an Actual/360 basis;
- (d) payment of principal and interest due and payable under the Listed Notes will be received on the relevant Payment Date;
- (e) the Representative of the Noteholders has not delivered a Trigger Notice to the Issuer;
- (f) no Trigger Event has occurred;
- (g) the Receivables fully amortise according to their amortisation plan;
- (h) the principal amount of the Class X1 Notes is fully paid according to the Class X1 Notes Target Amortisation Amount.

The actual characteristics and performance of the Receivables will differ from the assumptions used in constructing the tables set forth below, which are hypothetical in nature and provided only to give a general sense of how the principal cash flows might behave under varying monthly rates of principal prepayment scenarios. For example, it is unlikely that the receivables will prepay at a constant monthly rate of principal payment until maturity. Any difference between such assumptions and the actual characteristics and performance of the Receivables, or actual monthly rate of principal prepayment, will affect the estimated weighted average life of the Listed Notes (other than the Class X2 Notes). Subject to the foregoing considerations and assumptions, the following tables indicate the estimated weighted average life of the Listed Notes (other than the Class X2 Notes) under the CPR shown and under the two following scenarios: (i) in case of early redemption of the Notes following the occurrence of a Clean-up Call Event in accordance with Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*); and (ii) in the event that the principal of the Listed Notes (other than the Class X2 Notes) is repaid according to the relevant Priority of Payments up to the Legal Final Maturity Date.

Class B	3.06	2.74	2.47	2.37	2.27	2.19	2.10	2.02
Class C	3.09	2.78	2.50	2.41	2.31	2.23	2.14	2.06
Class D	3.13	2.82	2.55	2.46	2.36	2.28	2.20	2.11

Class X1	0.55	0.55	0.55	0.55	0.55	0.55	0.55	0.55

The estimated weighted average life of the Listed Notes (other than the Class X2 Notes) is subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and estimates above will prove in any way to be realistic and they must therefore be viewed with considerable caution.

 - (vi) a public announcement of the permanent or indefinite discontinuity of Euribor as it applies to the Listed Notes; or
 - (vii) the reasonable expectation of the Issuer (acting on the advice of the Servicer) that any of the events specified in paragraph (i), (ii), (iii), (iv), (v) or (vi) above will occur or exist within six months of the proposed effective date of such Base Rate Modification.
- (b) Following the occurrence of a Base Rate Modification Event, the Issuer (acting on the advice of the Servicer): (i) will inform the Originator and the Representative of the Noteholders of the same; and (ii) will appoint a rate determination agent (which must be the investment banking division of a bank of international repute and which is not an affiliate of the Originator) to carry out the tasks referred to in this Condition 7.6 (the **Rate Determination Agent**).
- (c) The Rate Determination Agent shall determine an alternative base rate (the **Alternative Base Rate**) to be substituted for Euribor as the Reference Rate of the Listed Notes and those amendments to these Conditions and the Transaction Documents to be made by the Issuer as are necessary or advisable to facilitate such change (the **Base Rate Modification**), provided that no such Base Rate Modification will be made unless the Rate Determination Agent has determined and confirmed to the Representative of the Noteholders in writing (such certificate, a **Base Rate Modification Certificate**) that:
- (i) such Base Rate Modification is being undertaken due to the occurrence of a Base Rate Modification Event and, in each case, such modification is required solely for such purpose and it has been drafted solely to such effect; and
 - (ii) such Alternative Base Rate is:
 - (A) a base rate published, endorsed, approved or recognised by the relevant regulatory authority or any stock exchange on which the Listed Notes are listed or any relevant committee or other body established, sponsored or approved by any of the foregoing;

- (B) a base rate utilised in a material number of publicly-listed new issues of Euro denominated asset backed floating rate notes prior to the effective date of such Base Rate Modification; or
- (C) such other base rate as the Rate Determination Agent reasonably determines (and in relation to which the Rate Determination Agent has provided reasonable justification of its determination to the Issuer and the Representative of the Noteholders),

provided that, for the avoidance of doubt (I) in each case, the change to the Alternative Base Rate will not, in the Servicer's opinion, be materially prejudicial to the interest of the Noteholders; and (II) for the avoidance of doubt, the Servicer may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this paragraph (c) are satisfied.

- (d) It is a condition to any such Base Rate Modification that:
 - (i) the Originator pays (or arranges for the payment of) all fees, costs and expenses (including legal fees) properly incurred by the Issuer and the Servicer and each other applicable party including, without limitation, any of the agents to the Issuer, in connection with such modifications. For the avoidance of doubt, such costs shall not include any amount in respect of any reduction in the interest payable to a Noteholder or any change in the amount due to the Swap Counterparty or any change in the mark-to-market value of the Swap Agreement;
 - (ii) with respect to each Rating Agency, the Servicer has notified such Rating Agency of the proposed modification and, in the Servicer's reasonable opinion, formed on the basis of due consideration and consultation with such Rating Agency (including, as applicable, upon receipt of oral confirmation from an appropriately authorised person at such Rating Agency), such modification would not result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Rated Notes by such Rating Agency or (y) such Rating Agency placing the Rated Notes on rating watch negative (or equivalent); and
 - (iii) the Issuer (or the Servicer on its behalf) provides at least 30 (thirty) days' prior written notice to the Listed Noteholders of the proposed Base Rate Modification. If the proposed Alternative Base Rate is determined by the Rate Determination Agent on the basis of paragraph (c) above and if the holders of the Listed Notes representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Listed Notes have notified the Issuer in accordance with the notice provided above and the then current practice of any applicable clearing system through which the Listed Notes may be held within the notification period referred to above that they object to the proposed Base Rate Modification, then such modification will not be made unless a resolution of the holders of the Listed Notes is passed in favour of such modification in accordance with the Rules of the Organisation of the Noteholders.
- (e) When implementing any modification pursuant to this Condition 7.6 (*Fallback provisions*), the Rate Determination Agent, the Issuer and the Servicer, as applicable, shall act in good faith and (in the absence of gross negligence (*colpa grave*) or wilful misconduct (*dolo*)), shall have no responsibility whatsoever to the Issuer, the Noteholders or any other party.
- (f) If a Base Rate Modification is not made as a result of the application of paragraph (c) above, and for so long as the Issuer (acting on the advice of the Servicer) considers that a Base Rate Modification Event is continuing, the Servicer may or, upon request of the Originator, must, initiate the procedure for a Base Rate Modification as set out in this Condition 7.6.
- (g) Any modification pursuant to this Condition 7.6 must comply with the rules of any stock exchange on which the Notes are from time to time listed or admitted to trading and may be made on more than one occasion.

- (h) As long as a Base Rate Modification is not deemed final and binding in accordance with this Condition 7.6, the Reference Rate applicable to the Listed Notes will be equal to the last Reference Rate available on the relevant applicable screen rate pursuant to paragraph (a) above.
- (i) This Condition 7.6 shall be without prejudice to the application of any higher interest under applicable mandatory law.

7.7 Residual Payments

Residual payments may or may not be payable on the Class R Notes (the **Residual Payments**) in Euro on each Payment Date, in accordance with the applicable Priority of Payments.

On each Payment Date the Residual Payments will be equal to:

- (a) prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) and Condition 8.4 (*Optional Redemption for taxation reasons*), the amount (if any) by which the Interest Available Funds exceed the amounts required to satisfy items (i) (*first*) to (xxix) (*twenty-ninth*) of the Pre-Enforcement Interest Priority of Payments on that Payment Date; or
- (b) following the delivery of a Trigger Notice or in case of redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) and Condition 8.4 (*Optional Redemption for taxation reasons*), in respect of each date on which amounts are to be applied in accordance with the Post-Enforcement Priority of Payments, the amount (if any) by which the Issuer Available Funds exceed the amounts required to satisfy items (i) (*first*) to (xv) (*fifteenth*) of the Post-Enforcement Priority of Payments on that date.

7.8 Calculation of Interest Payment Amounts

The Paying Agent shall, on each Determination Date, determine:

- (a) the Euribor and the Interest Rate applicable to each of the Listed Notes for the Interest Period beginning after such Determination Date (or, in the case of the Initial Interest Period, beginning on and including the Issue Date); and
- (b) the Euro amount (the **Interest Payment Amount**) payable as interest on each Euro 1,000 of nominal amount of Listed Notes in respect of such Interest Period calculated by applying the relevant Interest Rate to the Principal Amount Outstanding of the relevant Note on the Payment Date at the commencement of such Interest Period (or, in the case of the Initial Interest Period, the Issue Date) (after deducting therefrom any payment of principal due and paid on that Payment Date), multiplying the product of such calculation by the actual number of days in the Interest Period and dividing by 360, and rounding the resultant figure to the nearest cent (half a cent being rounded up).

The calculation of Interest Payment Amount made by the Paying Agent shall (in the absence of manifest error) be final and binding upon all parties.

7.9 Calculation of the Residual Payments Amount

The Calculation Agent shall, on each Calculation Date, calculate the Euro amount (the **Residual Payments Amount**) payable on each Class R Note in respect of the relevant Interest Period. The Residual Payments Amount payable in respect of any Interest Period in respect of each Class R Note is calculated by multiplying the amounts available to make the payment in respect of Residual

Payments on the Class R Notes, in accordance with the relevant Priority of Payments, by a fraction, the numerator of which is the then Principal Amount Outstanding of a nominal amount of Euro 1,000 of each Class R Note and the denominator of which is the Principal Amount Outstanding of all the Class R Notes, and rounding down the resultant figure to the nearest cent.

The calculation of Residual Payments Amount made by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

7.10 Notification of Interest Payment Amount, Residual Payments Amount and Payment Date

As soon as practicable (and in any event not later than the close of business on the relevant Determination Date), the Paying Agent will notify to the Calculation Agent, the Issuer, the Representative of the Noteholders, the Servicer, the Back-up Servicer and the Corporate Servicer and will cause the same to be published in accordance with Condition 16 (*Notices*) on or as soon as possible after the relevant Determination Date:

- (a) the Interest Payment Amount for each Listed Note for the immediately following Interest Period;
- (b) the Residual Payments Amount (if any) for each of the Class R Notes for the immediately following Interest Period; and
- (c) the Payment Date in respect of each such Interest Payment Amount and Residual Payments Amount.

In addition, as long as the Listed Notes are admitted to trading on the professional segment Euronext Access Milan Professional of Euronext Access Milan Market, the Issuer shall forthwith notify, on the basis of the information received from the Calculation Agent and the Paying Agent and with the cooperation of the Paying Agent which will draft the notice on behalf of the Issuer, the Interest Rate, the Interest Payment Amount, the Residual Payments Amount (if any) and the relevant Payment Date to Borsa Italiana.

7.11 Amendments to publications

The Interest Payment Amount for each Listed Note and/or the Residual Payments Amount for each Class R Note so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of any extension or shortening of the relevant Interest Period.

7.12 Determination by the Representative of the Noteholders

- (a) If the Paying Agent does not at any time for any reason calculate the Interest Payment Amount for each Listed Note in accordance with Condition 7.8 (*Calculation of Interest Payment Amounts*) and/or the Calculation Agent does not at any time for any reason calculate the Residual Payments Amount for each Class R Note in accordance with Condition 7.9 (*Calculation of the Residual Payments Amount*), the Representative of the Noteholders shall determine (or cause to be determined) the Interest Payment Amount for each Listed Note in the manner specified in Condition 7.8 (*Calculation of Interest Payment Amounts*) and/or the Residual Payments Amount for each Class R Note in the manner specified in Condition 7.9 (*Calculation of the Residual Payments Amount*). Any such determination shall be deemed to have been made by the Paying Agent and/or the Calculation Agent, as the case may be.
- (b) It is understood that the Representative of the Noteholders shall not be responsible for the calculations and determinations duly made pursuant to this Condition 7.12, save in the event of gross negligence (*colpa grave*) or wilful misconduct (*dolo*) of the Representative of the Noteholders. It is being

understood that the Representative of the Noteholders shall be kept indemnified and held harmless against any costs and expenses related to such calculation and determinations set out under this Condition.

7.13 Interest Deferral

Payments of Interest Payment Amount on each Class of Listed Notes (other than the Most Senior Class of Notes) then outstanding will be subject to deferral to the extent that there are insufficient Interest Available Funds on any Payment Date in accordance with the applicable Priority of Payments to pay in full the relevant Interest Payment Amount which would otherwise be payable on such Classes of Listed Notes then outstanding. The amount by which the aggregate amount of interest paid on each of such Classes of Listed Notes on any Payment Date in accordance with Condition 7.13 (*Interest Deferral*) falls short of the aggregate amount of Interest Payment Amount which otherwise would be payable on the relevant Class of Listed Notes, as applicable, on that date shall be aggregated with the amount of, and treated for the purposes of, Condition 7.13 (*Interest Deferral*), as if it were interest due on each of such Classes of Listed Notes, as applicable, and, subject as provided below, payable on the next succeeding Payment Date. Any such unpaid amount shall not accrue additional interest.

Any Interest Payment Amount due but not payable on the Most Senior Class of Notes on any Payment Date will not be deferred and any failure to pay such Interest Payment Amount will constitute a Trigger Event pursuant to Condition 12.1 (*Trigger Events*).

If the Class B Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class B Notes will not then be payable under item (ix) (*ninth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xix) (*nineteenth*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class B Notes.

If the Class C Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class C Notes will not then be payable under item (xi) (*eleventh*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xx) (*twentieth*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class C Notes.

If the Class D Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class D Notes will not then be payable under item (xiii) (*thirteenth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xxi) (*twenty-first*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class D Notes.

If the Class E Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class E Notes will not then be payable under item (xv) (*fifteenth*) of the Pre-Enforcement Interest Priority of Payments, but will instead be payable under item (xxii) (*twenty-second*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class E Notes.

If the Class F Interest Subordination Event has occurred in respect of any Payment Date, interest on the Class F Notes will not then be payable under item (xvii) (*seventeenth*) of the Pre-Enforcement

Interest Priority of Payments, but will instead be payable under item (xxiii) (*twenty-third*) of the Pre-Enforcement Interest Priority of Payments. Any amounts so subordinated may be deferred to the extent the Interest Available Funds applied in accordance with the Pre-Enforcement Interest Priority of Payments are not sufficient to pay in full the interest which would otherwise be due on the Class F Notes.

The Issuer shall also cause notice of any such deferral to be forthwith given to the Noteholders in accordance with Condition 16 (*Notices*). In addition, as long as the Listed Notes are admitted to trading on the professional segment Euronext Access Milan Professional of Euronext Access Milan Market, the Issuer shall, on the basis of the information received from the Calculation Agent and the Paying Agent and with the cooperation of the Paying Agent which will draft the notice on behalf of the Issuer, forthwith notify any such deferral to Borsa Italiana.

If, on the Cancellation Date, there remains any such shortfall, the amount of such shortfall will become due and payable on such date, subject in each case to the amounts of Issuer Available Funds and, to the extent unpaid, will be cancelled.

7.14 Notification of Interest Deferral

If, on any Calculation Date, the Calculation Agent determines that any deferral of interest in respect of one or more Classes of Listed Notes will arise on the immediately succeeding Payment Date, notice to this effect shall be given or procured to be given by the Issuer to the Representative of the Noteholders, the Paying Agent, Euronext Securities Milan and the Noteholders in accordance with Condition 16 (*Notices*), specifying the amount of interest to be deferred on such following Payment Date in respect of each Class of Notes.

7.15 Service of a Trigger Notice

Following the service of a Trigger Notice, to the extent permitted under Italian law, each Note will bear interest and Residual Payments as set out in this Condition 7 (*Interest And Residual Payments*), *provided that* such interest and Residual Payments will be payable in accordance with Condition 6.3 (*Post-Enforcement Priority of Payments*) and subject to Condition 10 (*Payments*) and *provided further that*, to the extent that the methodology for determining Euribor in respect of the Listed Notes and calculating the interest from time to time accrued on the Listed Notes, as set out in this Condition 7 (*Interest And Residual Payments*), is inconsistent or otherwise conflicting with the Post-Enforcement Priority of Payments and the actual dates on which the payments provided thereunder will be made, the Paying Agent and/or the Representative of the Noteholders may (without incurring, in the absence of wilful misconduct (*dolo*) or gross negligence (*colpa grave*), any liability to any person as a result) agree (but shall not be bound to do so) an alternative methodology (which will be binding on the Issuer and the Noteholders) which comes as close as reasonably possible to the one set out in this Condition 7 (*Interest And Residual Payments*).

7.16 Unpaid interest in respect of the Notes

Unpaid interest on the Notes shall accrue no interest.

8. REDEMPTION, PURCHASE AND CANCELLATION

8.1 Final Redemption

- (a) Unless previously redeemed in full and/or cancelled as provided in this Condition 8, the Issuer shall redeem the Notes of each Class at their Principal Amount Outstanding, together with any accrued but unpaid interest or Residual Payments, as the case may be, on the Legal Final Maturity Date.

- (b) The Issuer may not redeem the Notes in whole or in part prior to the Legal Final Maturity Date except as provided below in Condition 8.2 (*Mandatory Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*), Condition 8.4 (*Optional Redemption for taxation reasons*), but without prejudice to Condition 12 (*Trigger Events*) and Condition 13 (*Enforcement*).
- (c) If the Issuer has insufficient Issuer Available Funds to repay the Notes in full on the Cancellation Date, then the Notes shall be deemed to be discharged in full and any amount in respect of principal, interest or other amounts due and payable in respect of the Notes shall (unless payment of such amounts is being improperly withheld or refused) be finally and definitively cancelled.

8.2 Mandatory Redemption

The Notes will be subject to mandatory redemption (*pro rata* within each Class) in whole or in part on each Payment Date to the extent that the Issuer has sufficient Issuer Available Funds for such purpose in accordance with the applicable Priority of Payments.

On each Payment Date prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) and Condition 8.4 (*Optional Redemption for taxation reasons*):

- (a) the Class A Notes shall be redeemed for an amount equal to the applicable Class A Redemption Amount, the Class B Notes shall be redeemed for an amount equal to the applicable Class B Redemption Amount, the Class C Notes shall be redeemed for an amount equal to the applicable Class C Redemption Amount, the Class D Notes shall be redeemed for an amount equal to the applicable Class D Redemption Amount, the Class E Notes shall be redeemed for an amount equal to the applicable Class E Redemption Amount and the Class F Notes shall be redeemed for an amount equal to the applicable Class F Redemption Amount, provided that:

- (i) during the Pro-Rata Redemption Period, repayments of principal on such Classes of Notes shall be made on a *pari passu* and *pro rata* basis; or
- (ii) during the Sequential Redemption Period, repayments of principal on such Classes of Notes shall be made in a sequential order,

in each case to the extent there are sufficient Principal Available Funds to make such payments in accordance with the Pre-Enforcement Principal Priority of Payments;

- (b) the Class X1 Notes shall be redeemed for an amount equal to the applicable Class X1 Notes Target Amortisation Amount, to the extent there are sufficient Interest Available Funds to make such payments in accordance with the Pre-Enforcement Interest Priority of Payments;
- (c) the Class X2 Notes shall be redeemed for an amount equal to the applicable Class X2 Notes Target Amortisation Amount after the redemption in full of the Class X1 Notes, to the extent there are sufficient Interest Available Funds to make such payments in accordance with the Pre-Enforcement Interest Priority of Payments.

The occurrence of any of the following events in respect of any Payment Date prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) and Condition 8.4 (*Optional Redemption for taxation reasons*), shall constitute a **Sequential Redemption Event**:

- (a) the Cumulative Gross Default Ratio with reference to the immediately preceding Collection End Date is greater than 4.00 per cent.;

- (b) the Uncured PDL Ratio with reference to such Payment Date and the immediately preceding Payment Date is greater than 1.00 per cent.; or
- (c) the Clean-up Call Event has occurred but the Originator Call Option is not exercised by the Originator.

However, in respect of each Payment Date, prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) and Condition 8.4 (*Optional Redemption for taxation reasons*), if the Servicer fails to deliver the Servicer Report to the Calculation Agent by the relevant Servicer Report Date (or such later date as may be agreed between the Servicer and the Calculation Agent which enables the latter to prepare and deliver the Payments Report in a timely manner), no amount of principal will be due and payable in respect of the Notes on such Payment Date.

Following the delivery of a Trigger Notice or in case of redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.3 (*Early redemption upon exercise of the Originator Call Option*) and Condition 8.4 (*Optional Redemption for taxation reasons*):

- (d) the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes, the Class X1 Notes and the Class X2 Notes shall be redeemed at their respective Principal Amount Outstanding; and
- (e) repayments of principal on such Classes of Notes shall be made in a sequential order,

in each case to the extent there are sufficient Issuer Available Funds to make such payments in accordance with the Post-Enforcement Priority of Payments.

The Class R Notes will be subject to mandatory redemption in full (or in part *pro rata*) on the Legal Final Maturity Date after redemption in full of all other Classes of Notes, to the extent there are sufficient Issuer Available Funds to make such payments in accordance with the applicable Priority of Payments.

8.3 Early redemption upon exercise of the Originator Call Option

Prior to the delivery of a Trigger Notice, on any Payment Date following the occurrence of a Clean-up Call Event on which the Originator has exercised the Originator Call Option, the Issuer will cause the proceeds received by it from the Originator (or from any third party purchaser appointed by the Originator at its sole discretion) deriving from the sale of the Portfolio to the Originator (or to any third party purchaser appointed by the Originator at its sole discretion) pursuant to the Originator Call Option, together with the other Issuer Available Funds available to the Issuer for such purpose, to redeem the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) at their Principal Amount Outstanding, together with any accrued but unpaid interest thereon up to such Payment Date the date fixed for redemption and any amounts required under the Post-Enforcement Priority of Payments to be paid in priority to or *pari passu* with each Class of Notes to be so redeemed. It remains understood that the Originator Call Option can only be exercised by the Originator, should the relevant conditions described in the Intercreditor Agreement be met, to the extent that the proceeds deriving from the sale of the Portfolio to the Originator (or to any third party purchaser appointed by the Originator at its sole discretion), together with the other Issuer Available Funds to be applied for the purpose of redemption in compliance with the Post-Enforcement Priority of Payments, would allow the Issuer to discharge its outstanding liabilities in respect of the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) and pay any amount required under the Post-Enforcement Priority of Payments to be paid in priority to or *pari passu* with such Notes.

The Issuer's right to redeem the Notes pursuant to this Condition 8.3 will be subject to the Issuer:

- (a) giving not more than 60 (sixty) days and not less than 10 (ten) days' notice to the Representative of the Noteholders, the Swap Counterparty, the Noteholders and the Rating Agencies of its intention to redeem the Notes to be redeemed; and
- (b) delivering, prior to the notice referred to in paragraph (a) above being given, to the Representative of the Noteholders a certificate duly signed by the Issuer to the effect that it will have the necessary funds (free and clear of any Security Interest of any third party) on such Payment Date to discharge its outstanding liabilities in respect of the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) and pay any other amount required to be paid in priority to or *pari passu* with such Notes in accordance with the Post-Enforcement Priority of Payments.

8.4 Optional Redemption for taxation reasons

If, at any time prior to the delivery of a Trigger Notice, the Issuer:

- (a) provides the Representative of the Noteholders, prior to the delivery of the notice referred to below, with a legal opinion (in form and substance satisfactory to the Representative of the Noteholders) from an Italian counsel opining that on the next Payment Date: (i) as a result of legislative or regulatory changes (other than a change in a "relevant covered tax agreement" as such term is defined under article 2(1)(a) of the multilateral convention to implement tax treaty) or official interpretations thereof by competent authorities, the Issuer (also through any Issuer's agents) would be required to deduct or withhold (other than in respect of a Decree 239 Deduction) from any payment of principal or interest on the Listed Notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges by the Republic of Italy or any political subdivision thereof or any authority thereof or therein or by any applicable authority having jurisdiction, or (ii) as a result of legislative or regulatory changes or official interpretations thereof by competent authorities, the Issuer (also through any Issuer's agents) would incur increased costs or charges of a fiscal nature in respect of the Noteholders or the Issuer's assets in respect of the Securitisation which would materially affect any of the Listed Notes; and
- (b) certifies to the Representative of the Noteholders that the Issuer will have the necessary funds, not subject to the interest of any other Person, to discharge its outstanding liabilities in respect of the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) and any amounts required under the Post-Enforcement Priority of Payments to be paid in priority to or *pari passu* with such Notes,

then the Issuer may redeem, on the next Payment Date, the Listed Notes (other than the Class X2 Notes) (in whole but not in part), the Class X2 Notes (in whole but not in part, unless the Class X2 Noteholders consent to a partial redemption) and the Class R Notes (in whole or in part) at their Principal Amount Outstanding, together with any accrued but unpaid interest thereon up to the date fixed for redemption and pay any amount required under the Post-Enforcement Priority of Payments to be paid in priority to or *pari passu* with such Notes), having given not more than 60 (sixty) and not less than 10 (ten) days' prior written notice to the Representative of the Noteholders, the Noteholders, the Swap Counterparty and the Rating Agencies.

8.5 Conclusiveness of certificates and legal opinions

Any certificate or opinion given by or on behalf of the Issuer pursuant to Condition 8.4 (*Optional Redemption for taxation reasons*) may be relied upon by the Representative of the Noteholders without further investigation and shall be binding on the Noteholders and the Other Issuer Creditors.

8.6 Calculation of Principal Payment Amount and Principal Amount Outstanding

(a) On each Calculation Date, the Calculation Agent shall calculate:

- (i) the amount of the Interest Available Funds;
- (ii) the amount of the Principal Available Funds;
- (iii) the Principal Payment Amount, if any, in respect of each Note of each Class;

- (xv) any Uncured Interest Shortfall,

relating to the immediately following Payment Date, in accordance with these Conditions.

(b) The principal amount redeemable in respect of each Note of each Class of Notes (the **Principal Payment Amount**) on any Payment Date shall be a *pro rata* share of the principal payment due in respect of such Class of Notes, in accordance with the relevant Priority of Payments, on such date. The Principal Payment Amount is calculated by multiplying the Issuer Available Funds available to make the principal payment in respect of a Class of Notes, in accordance with the relevant Priority of Payments, on such date by a fraction, the numerator of which is the then Principal Amount Outstanding of a nominal amount of euro 1,000 of each Note of such Class and the denominator of which is the then Principal Amount Outstanding of all the Notes of the same Class, and rounding down the resultant figures to the nearest cent, provided always that no such Principal Payment Amount may exceed the Principal Amount Outstanding of a nominal amount of euro 1,000 of the relevant Note.

Each determination by or on behalf of the Issuer pursuant to this Condition 8.6 shall in each case (in the absence of manifest error) be final and binding on all parties.

8.7 Calculation in case of default by the Calculation Agent

If the Calculation Agent does not at any time for any reason calculate the Issuer Available Funds, the Principal Payment Amount in respect of each Note of each Class of Notes or the Principal Amount Outstanding of each Notes of each Class of Notes or make any other calculation in accordance with this Condition 8.7, the Representative of the Noteholders shall determine (or cause to be determined) each such calculation, subject to the terms set out in the Cash Allocation, Management and Payments Agreement. Any such determination shall be deemed to have been made by the Calculation Agent.

The Representative of the Noteholders shall be indemnified and hold harmless against any costs and expenses related to the calculations and determinations made pursuant to this Condition 8.7, save in the event of gross negligence (*colpa grave*) or wilful misconduct (*dolo*) of the Representative of the Noteholders.

The Calculation Agent will cause each calculation of the Principal Payment Amount and Principal Amount Outstanding in relation to each Class of Notes to be notified immediately after calculation (through the Payments Report or the Post-Enforcement Payments Report, as the case may be) to the Issuer, the Corporate Servicer, the Servicer, the Representative of the Noteholders, the Back-up Servicer and the Paying Agent and will cause notice of each calculation of a Principal Payment Amount and Principal Amount Outstanding in relation to each Class of Notes to be given by the Paying Agent in accordance with Condition 16 (*Notices*) not later than 3 (three) Business Days prior to each Payment Date.

In addition, as long as the Listed Notes are admitted to trading on the professional segment Euronext Access Milan Professional of Euronext Access Milan Market, the Issuer shall forthwith notify, on the basis of the information received from the Calculation Agent and the Paying Agent and with the cooperation of the Paying Agent which will draft the notice on behalf of the Issuer, any such determination to Borsa Italiana.

12.1 Trigger Events

If any of the following events (each, a **Trigger Event**) occurs:

(a) *Non-payment of principal:*

the Issuer defaults in (i) the payment of principal on the Most Senior Class of Notes on any Payment Date (other than the Legal Final Maturity Date) when due and payable (having the Issuer sufficient Principal Available Funds to make such payment), or (ii) the payment of principal on the Notes of any Class on the Legal Final Maturity Date, and in each case such default is not remedied within a period of 5 (five) Business Days from the due date thereof (provided however that, for the avoidance of doubt, non-payment of any principal on the Most Senior Class of Notes, due to the Servicer not having provided the Servicer Report (as described in Condition 8.2 (*Mandatory Redemption*)) shall not constitute a Trigger Event); or

(b) *Non-payment of interest:*

the Issuer defaults in the payment of the amount of interest due on any Payment Date on the Most Senior Class of Notes, and such default is not remedied within a period of 5 (five) Business Days of the due date thereof; or

(d) *Misrepresentation:*

any of the representations and warranties made by the Issuer under any of the Transaction Documents proves to be untrue, incorrect or misleading when made or repeated in any respect which is material for the interests of the holders of the Most Senior Class of Notes, provided that such breach remains unremedied for 10 (ten) Business Days after the occurrence thereof (except where such breach is not capable of remedy, in which case no remedy period will apply); or

- (b) Following the delivery of a Trigger Notice, no amount of cash shall be trapped in the Issuer beyond what is necessary to ensure the operational functioning of the Issuer or the orderly payments of the amounts due under the Notes in accordance with the Post-Enforcement Priority of Payments and pursuant to the terms of the Transaction Documents, as required by article 21(4)(a) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria.
- (c) Following the delivery of a Trigger Notice, to the extent that the Payment Dates are modified by the Representative of the Noteholders, the Representative of the Noteholders may (without incurring, in the absence of wilful misconduct (*dolo*) or gross negligence (*colpa grave*), any liability to any person) determine (but shall not be bound to do so) that any reference to Collection Period set out in the definitions of Issuer Available Funds shall be deemed to be a reference to such date and period which,

in its opinion, are most consistent with the new Payment Dates and the relevant Interest Periods and appropriate to allow payments of such funds in accordance with the Post-Enforcement Priority of Payments.

- (f) shall have no responsibility to procure that the Rating Agencies or any other credit or rating assessment institution or any other subject maintain the rating of the Rated Notes;
- (g) shall not be responsible for (or for investigating) any matter which is the subject of any recital, statement, warranty or representation by any party other than the Representative of the Noteholders contained herein or in any Transaction Document or any certificate, document or agreement relating thereto or for the execution, legality, validity, effectiveness, enforceability or admissibility in evidence thereof;
- (h) shall not be bound or concerned to examine or enquire into or be liable for any defect or failure in the right or title of the Issuer in relation to the Portfolio or any part thereof, whether such defect or failure was known to the Representative of the Noteholders or might have been discovered upon examination or enquiry or whether capable of being remedied or not;
- (i) shall not be liable for any failure, omission or defect in registering or filing or procuring the registration or filing of or otherwise protecting or perfecting these Rules or any Transaction Document;
- (j) shall not be under any obligation to guarantee or procure the repayment of the Portfolio or any part thereof;
- (k) shall not be obliged to evaluate the consequences that any modification of these Rules or any of the Transaction Documents or exercise of its rights, powers and authorities may have for any individual Noteholder;
- (l) shall not (unless and to the extent ordered to do so by a court of competent jurisdiction) be under any obligation to disclose to any Noteholder, any Other Issuer Creditor or any other party any confidential, financial, price sensitive or other information made available to the Representative of the Noteholders by the Issuer or any other person in connection with these

Rules and no Noteholder, Other Issuer Creditor or any other party shall be entitled to take any action to obtain from the Representative of the Noteholders any such information;

- (m) shall not be responsible for reviewing or investigating any report relating to the Portfolio provided by any person;
- (n) shall not be responsible for or have any liability with respect to any loss or damage arising from the realisation of the Portfolio or any part thereof;
- (o) shall not be responsible for (except as otherwise provided in the Terms and Conditions or in the Transaction Documents) making or verifying any determination or calculation in respect of the Portfolio and the Notes; and
- (p) shall not be deemed responsible for having acted pursuant to instructions received from the Meeting, even if it is later discovered that the Meeting had not been validly convened or constituted, and that such resolution had not been duly approved or was not otherwise valid or binding for the Noteholders.

28.3 Discretion

- (a) The Representative of the Noteholders:
 - (i) save as expressly otherwise provided herein and in the Intercreditor Agreement, shall have absolute discretion as to the exercise, non-exercise or refraining from exercise of any right, power and discretion vested in the Representative of the Noteholders by these Rules or by operation of law, and the Representative of the Noteholders shall not be responsible for any loss, cost, damage, expense or inconvenience resulting from the exercise, non-exercise or refraining from exercise thereof except insofar as the same are incurred as a result of its wilful misconduct (*dolo*) or gross negligence (*colpa grave*);
 - (ii) in connection with matters in respect of which the Representative of the Noteholders is entitled to exercise its rights, powers, discretion under the Transaction Documents, the Representative of the Noteholders has the right – but not the obligation – to convene a Meeting or Meetings in order to obtain the Noteholders’ instructions as to how it should act. Prior to undertaking any action, the Representative of the Noteholders shall be entitled to request that the Noteholders indemnify it and/or provide it with security to its satisfaction against all actions, proceedings, claims and demands which may be brought against it and against all costs, charges, damages, expenses and liabilities which it may incur by taking such action;
 - (iii) may certify whether or not a Trigger Event is in its opinion prejudicial to the interest of the Noteholders and any such certification shall be conclusive and binding upon the Issuer, the Noteholders, the Other Issuer Creditors and any other subject party to the Transaction Documents;
 - (iv) may determine whether or not a default in the performance by the Issuer or the Originator of any obligation under the provisions of these Rules, the Notes or any other Transaction Documents may be remedied, and if the Representative of the Noteholders certifies that any such default is, in its opinion, not capable of being remedied, such certificate shall be conclusive and binding upon the Issuer, the Originator, the Noteholders, the Other Issuer Creditors and any other party to the Transaction Documents.
- (b) Any consent or approval given by the Representative of the Noteholders under these Rules and any other Transaction Document may be given on such terms and subject to such conditions (if any) as the Representative of the Noteholders deems appropriate.

28.4 Certificates

The Representative of the Noteholders:

- (a) may act on the advice of or a certificate or opinion of or any information obtained from any lawyer, accountant, banker, broker or other expert whether obtained by the Issuer, the Representative of the Noteholders or otherwise, and shall not be responsible for any loss incurred by so acting in the absence of gross negligence (*colpa grave*) or wilful misconduct (*dolo*) on the part of the Representative of the Noteholders;
- (b) may call for, and shall be at liberty to accept as sufficient evidence of any fact or matter, a certificate duly signed by the Issuer, and the Representative of the Noteholders shall not be bound in any such case to call for further evidence or be responsible for any loss that may be incurred as a result of acting on such certificate unless it has information which casts a doubt on the truthfulness of the certificates signed by the Issuer;
- (c) shall have the right to call for (or have the Issuer call for) and to rely on written attestations issued by any one of the parties to the Intercreditor Agreement, or by any Other Issuer Creditor. The Representative of the Noteholders shall not be required to seek additional evidence and shall not be held responsible for any loss, liability, cost, damage, expense or charge incurred as a result of having failed to do so.

28.5 Ownership of the Notes

- (a) In order to ascertain ownership of the Notes, the Representative of the Noteholders may fully rely on the certificates issued by any authorised institution listed in accordance with article 83-*bis* of the Financial Laws Consolidated Act and CONSOB and Bank of Italy Joint Resolution, which are conclusive proof of the statements attested to therein.
- (b) The Representative of the Noteholders may assume without enquiry that no Notes are, at any given time, held by or for the benefit of the Issuer.

28.6 Certificates of Euronext Securities Milan Account Holders

The Representative of the Noteholders, in order to ascertain ownership of the Notes, may fully rely on the certificates issued by any Euronext Securities Milan Account Holder in accordance with CONSOB and Bank of Italy Joint Resolution, as amended from time to time, which certificates are to be conclusive proof of the matters certified therein.

28.7 Certificates of Clearing Systems

The Representative of the Noteholders shall be at liberty to call for and to rely on as sufficient evidence of the facts stated therein, a certificate, letter or confirmation certified as true and accurate and signed on behalf of such clearing system as the Representative of the Noteholders considers appropriate, or any form of record made by any clearing system, to the effect that at any particular time or throughout any particular period any particular person is, or was, or will be, shown its records as entitled to a particular number of Notes.

28.8 Rating Agencies

The Representative of the Noteholders shall be entitled to assume, for the purposes of exercising any power, authority, duty or discretion under or in relation to these Rules, that such exercise will not be materially prejudicial to the interest of the Noteholders if, along with other factors, the Rating Agencies have confirmed that the then current ratings of the Rated Notes would not be adversely affected by such exercise, or have otherwise given their consent. Notwithstanding the foregoing, it is agreed and

acknowledged by the Representative of the Noteholders and notified to the Noteholders that a credit rating is an assessment of credit and does not address other matters that may be of relevance to the Noteholders, and it is expressly agreed and acknowledged that such confirmation does not impose on or extend any actual or contingent liability for the Rating Agencies to the Representative of the Noteholders, the Noteholders or any other third party or create legal relations between the Rating Agencies and the Representative of the Noteholders, the Noteholders or any other third party by way of contract or otherwise. If the Representative of the Noteholders, in order to exercise properly its rights or fulfil its obligations, deems it necessary to obtain the valuation of the Rating Agencies regarding how a specific act would affect the ratings of the Rated Notes, the Representative of the Noteholders shall so inform the Issuer, which will have to obtain the valuation at its expense on behalf of the Representative of the Noteholders, unless the Representative of the Noteholders wishes to seek and obtain the valuation itself, at cost of the Issuer.

28.9 Illegality

No provision of these Rules shall require the Representative of the Noteholders to do anything which may be illegal or contrary to applicable law or regulations or to expend or otherwise risk its own funds or otherwise incur any financial liability in the performance of any of its duties, or in the exercise of any of its powers or discretion, and the Representative of the Noteholders may refrain from taking any action which would or might, in its opinion, be contrary to any law of any jurisdiction or any regulation or directive of any agency of any state, or if it has reasonable grounds to believe that it will not be reimbursed for any funds it expends, or that it will not be indemnified against any loss or liability which it may incur as a consequence of such action. The Representative of the Noteholders may do anything which, in its opinion, is necessary to comply with any such law, regulation or directive as aforesaid.

29. AMENDMENTS AND WAIVERS TO THE TRANSACTION DOCUMENTS

29.1 Modifications and waivers

The Representative of the Noteholders may or, as set out in Condition 29.2 (*Additional modifications and waivers*) and subject to the provisions therein, shall, without the consent or sanction of the holders of any Class of Notes or any of the Other Issuer Creditors, concur with the Issuer or any other relevant parties in making:

- (a) any modification (other than in respect of a Basic Terms Modification) of the Terms and Conditions or any other Transaction Document which, in the sole opinion of the Representative of the Noteholders, will not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes; or
- (b) any modification of the Terms and Conditions or any other Transaction Document if, in the sole opinion of the Representative of the Noteholders, such modification is of a formal, minor or technical nature or is to correct a manifest error.

In addition, the Representative of the Noteholders may, without the consent of the Noteholders or the Other Issuer Creditors, authorise or waive any proposed breach or breach of these Terms and Conditions or any other Transaction Document (other than a proposed breach or breach relating to the subject of a Basic Terms Modification) if, in the sole opinion of the Representative of the Noteholders, the interests of the holders of the Most Senior Class of Notes will not be materially prejudiced thereby. Unless the Representative of the Noteholders agrees otherwise, any such authorisation, waiver or modification shall be notified to the Noteholders as soon as practicable thereafter.

The prior written consent of the Swap Counterparty is required to modify or supplement any provision of the Transaction Documents or the Terms and Conditions if, in the reasonable opinion of the Swap Counterparty, such modification or supplement would (A) constitute a Basic Terms Modification, (B)

modify or supplement clause 10 or clause 27 of the Intercreditor Agreement or any definitions referred to therein or (C) adversely affect any of the following:

- (i) the amount, timing or priority of any payments or deliveries due to be made by or to the Swap Counterparty under the Terms and Conditions or any Transaction Document;
- (ii) the ranking of the Swap Counterparty under any of the Priorities of Payment or the Collateral Account Priority of Payments;
- (iii) the Issuer's ability to make such payments or deliveries to the Swap Counterparty;
- (iv) the Swap Counterparty's rights in relation to any security (howsoever described, and including as a result of changing the nature or the scope of, or releasing such security) granted by the Issuer in favour of the Representative of the Noteholders on behalf of the Secured Creditors;
- (v) the Swap Counterparty's status as a Secured Creditor;
- (vi) any amendment to Condition 8 (*Redemption, Purchase And Cancellation*) or any additional redemption rights in respect of the Notes; or
- (vii) the definition of Basic Terms Modification.

The Issuer shall notify in writing the Swap Counterparty and the Representative of the Noteholders of any proposed modification or supplement to any provisions of the Transaction Documents or the Terms and Conditions of the Notes that may (A) constitute a Basic Terms Modification, (B) modify or supplement clause 10 or clause 27 of the Intercreditor Agreement or any definitions referred to therein or (C) affect any of the other items listed in the previous paragraph at least 21 (twenty-one) days (exclusive of the day on which the notice is given and of the day that the modification or supplement is intended to be effected, such period the **Swap Counterparty Modification Notice Period**) prior to such modification or supplement being effected, notwithstanding any other provision of the Transaction Documents or the Terms and Conditions of the Notes. The Swap Counterparty shall notify the Representative of the Noteholders and the Issuer as soon as reasonably practicable in writing as to whether it consents to the proposed modification or supplement (in the case of a modification or supplement which would (A) constitute a Basic Terms Modification, (B) modify or supplement clause 10 or clause 27 of the Intercreditor Agreement or any definitions referred to therein) or if, in the Swap Counterparty's reasonable opinion, such modification or supplement would adversely affect any of the other items listed in the previous paragraph. If the Issuer and the Representative of the Noteholders receive notification (the **Notification**) from the Swap Counterparty that the Swap Counterparty has determined that the modification and/or supplement would not adversely affect any of the items listed in the previous paragraph or that the Swap Counterparty otherwise consents to such modification and/or supplement, as applicable, such modification and/or supplement may take effect at any time from and including the date of receipt of the Notification. If the Issuer and the Representative of the Noteholders do not receive any such determination or a Notification by the expiry of the Swap Counterparty Modification Notice Period, the Swap Counterparty shall be deemed to have consented to such modification or supplement. If the Swap Counterparty has not received notice in accordance with this paragraph, the proposed modification or supplement shall not be effective.

29.2 Additional modifications and waivers

Notwithstanding the provisions of Condition 29.1 (*Modifications and waivers*), the Representative of the Noteholders shall be obliged, without any consent or sanction of the Noteholders or any of the Other Issuer Creditors, to concur with the Issuer or any other relevant parties in making any modification (other than in respect of a Basic Terms Modification) to the Terms and Conditions or any other Transaction Document that the Issuer considers necessary:

- (a) for the purposes of effecting a Base Rate Modification pursuant to Condition 7.6 (*Fallback provisions*) provided that, solely in circumstances in which the proposed Alternative Base Rate is determined by the Rate Determination Agent on the basis of Condition 7.6(c)(ii) (*Fallback provisions*), if, prior to the expiry of the 30 (thirty)-day notice period described in Condition 7.6(d)(iii) (*Fallback provisions*), the Issuer is notified by the holders of the Listed Notes representing at least 10 per cent. of the Principal Amount Outstanding of the Listed Notes that they object to the proposed modification, then following such a notification of objection the modification will only be made if it is approved by a resolution of the holders of the Listed Notes representing at least a majority of the Principal Amount Outstanding of the Listed Notes passed in accordance with the Rules of the Organisation of the Noteholders;
- (b) to give effect to any modifications to the Swap Agreement following the occurrence of a Index Cessation Event or Administrator/Benchmark Event (as defined in the 2021 Definitions) provided that the Servicer (on behalf of the Issuer or the Swap Counterparty, as appropriate) certifies to the Representative of the Noteholders in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (c) in order to enable the Issuer and/or the Swap Counterparty to comply with any obligation which applies to it under EMIR, provided that the Servicer on behalf of the Issuer or the Swap Counterparty, as appropriate, certifies to the Representative of the Noteholders in writing that such modification is required solely for the purpose of enabling it to satisfy such obligation and has been drafted solely to such effect;
- (d) for so long as the Class A Notes are intended to be held in a manner which will allow for Eurosystem eligibility (the criteria in respect of which are currently set out in the Guideline), for the purposes of maintaining such eligibility, provided that the Servicer on behalf of the Issuer certifies to the Representative of the Noteholders in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (e) for the purposes of complying with the EU Securitisation Regulation and/or the UK Securitisation Regulation, provided that the Servicer, on behalf of the Issuer, certifies to the Representative of the Noteholders in writing that such modification has been advised by a reputable international law firm or, with respect to STS rules, by a firm providing verification services in relation to the Securitisation pursuant to article 28 of the EU Securitisation Regulation, is required solely for such purpose and has been drafted solely to such effect; or
- (f) for the purposes of opening any Collateral Account and making any related modifications to any Transaction Document provided that the Servicer, on behalf of the Issuer, certifies to the Representative of the Noteholders in writing that such modification is required solely for such purpose and it has been drafted solely to such effect;

(the certificate to be provided by the Servicer on behalf of the Issuer or the Swap Counterparty, as the case may be, pursuant to paragraphs (b) to (f) (inclusive) above being a **Modification Certificate**).

The Representative of the Noteholders is only obliged to concur with the Issuer in making any modification for the purposes referred to in paragraphs (b) to (f) (inclusive) above if the following conditions have been satisfied (the **Modification Conditions**):

- (i) at least 30 (thirty) days' prior written notice of any such proposed modification has been given to the Representative of the Noteholders;
- (ii) the Modification Certificate in relation to such modification shall be provided to the Representative of the Noteholders both at the time the Representative of the Noteholders is notified of the proposed modification and on the date that such modification takes effect;

- (iii) the Issuer provides the Representative of the Noteholders with such legal opinions as the Representative of the Noteholders considers necessary in connection with the implementation of such modifications;
- (iv) the person who proposes such modification pays all fees, costs and expenses (including legal fees) incurred by the Issuer and the Representative of the Noteholders in connection with such modification;
- (v) the Issuer, and/or the Servicer on its behalf, certifies to the Representative of the Noteholders (which certification may be in the Modification Certificate) that the proposed modification is not, in the reasonable opinion of the Issuer and/or the Servicer (as applicable) formed on the basis of due consideration, a modification in respect of a Basic Terms Modification;
- (vi) either:
 - (A) the Issuer obtains from each of the Rating Agencies written confirmation that such modification would not result in a downgrade, withdrawal or suspension of the then current ratings assigned to the Rated Notes by such Rating Agency and would not result in any Rating Agency placing the Rated Notes on rating watch negative (or equivalent) and delivers a copy of such confirmation to the Issuer and the Representative of the Noteholders; or
 - (B) the Servicer, on behalf of the Issuer, certifies in the Modification Certificate that it has notified each of the Rating Agencies of the proposed modification and in its opinion, formed on the basis of due consideration and consultation with the Rating Agencies, such modification would not result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Rated Notes by any Rating Agency or (y) any Rating Agency placing the Rated Notes on rating watch negative (or equivalent); and
- (vii) (I) the Issuer (or the Servicer on its behalf) certifies in writing to the Representative of the Noteholders (which certification may be in the Modification Certificate) that, in relation to such modification, the Issuer (or the Paying Agent on its behalf) has provided at least 30 (thirty) days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 16 (*Notices*) specifying the date and time by which Noteholders must respond and has made available, at the time of publication, the modification documents for inspection at the registered office of the Representative of the Noteholders for the time being during normal business hours and (II) Noteholders representing at least 10 per cent. of the Principal Amount Outstanding of the Most Senior Class of Notes have not contacted the Issuer and the Paying Agent in accordance with the then current practice of the clearing system through which such Notes may be held notifying them by the time specified in such notice that such Noteholders do not consent to the modification.

If Noteholders representing at least 10 per cent. of the Principal Amount Outstanding of the Most Senior Class of Notes have notified the Issuer and the Paying Agent, in accordance with the notice and the then current practice of any applicable clearing system through which such Notes may be held, by the time specified in such notice that they do not consent to the modifications set out in paragraphs (c) to (e) above, then such modification will not be made unless an Extraordinary Resolution of the holders of the Most Senior Class of Notes is passed in favour of such modification in accordance with the Rules of the Organisation of the Noteholders.

Objections made in writing other than through the clearing systems must be accompanied by evidence to the Representative of the Noteholders' satisfaction (having regard to the prevailing market practices) of the relevant Noteholder's holding of the Notes.

Any modification made in accordance with this Condition 29.2 shall be binding on all Noteholders and shall be notified by the Issuer (or the Paying Agent on its behalf) without undue delay to, so long as any of the Rated Notes remains outstanding, each Rating Agency and, in any event, the Other Issuer Creditors and the Noteholders in accordance with Condition 16 (*Notices*).

The Representative of the Noteholders shall not be obliged to agree to any modification which, in the sole opinion of the Representative of the Noteholders, would have the effect of (i) exposing the Representative of the Noteholders to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Representative of the Noteholders in the Transaction Documents and/or the Terms and Conditions.

29.3 Representative of the Noteholders consideration of other interests

When implementing any modification pursuant to Condition 29.2 (*Additional modifications and waivers*) (save to the extent that the proposed matter is a Basic Terms Modification), the Representative of the Noteholders shall not consider the interests of the Noteholders, any Other Issuer Creditors or any other person and shall act and rely solely without further investigation on any certificate (including any Modification Certificate) or evidence provided to it by the Issuer (or the Servicer on its behalf) or the Swap Counterparty, as the case may be, pursuant to Condition 29.2 (*Additional modifications and waivers*) and shall not be liable to the Noteholders, any Other Issuer Creditors or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person.

29.4 Deed of Charge

29.5 Exercise of rights under the Deed of Charge

The Representative of the Noteholders has entered into the Deed of Charge in its capacity as trustee for the Noteholders and the Other Issuer Creditors and shall have the right to exercise (a) all of its rights and powers in relation to the Deed of Charge and the security created or purported to be created thereby in accordance with the terms of the Deed of Charge and (b) all the rights granted by the Issuer to the Noteholders and the Other Issuer Creditors which have the benefit of the Deed of Charge. The beneficiaries of the Deed of Charge are referred to as the **Secured Creditors**.

29.6 Rights of the Representative of the Noteholders

The Representative of the Noteholders, acting on behalf of the Secured Creditors, shall be entitled to:

- (a) appoint and entrust the Issuer to collect, in the Secured Creditors' interest and on their behalf, any amounts deriving from the Security and may instruct, jointly with the Issuer, the obligors whose obligations form part of the Security to make any payments to be made thereunder to the relevant Account;
- (b) procure that the Issuer's Accounts to which payments have been made in respect of the Security are operated in compliance with the provisions of the Cash Allocation, Management and Payments Agreement. For such purpose and until a Trigger Notice is served, the Representative of the Noteholders, acting in the name and on behalf of the Secured Creditors, shall appoint the Issuer to manage such Accounts in compliance with the Cash Allocation, Management and Payments Agreement;
- (c) procure that all funds credited to the relevant Accounts from time to time are applied in accordance with the Cash Allocation, Managements and Payment Agreement and the Intercreditor Agreement; and

- (d) procure that the funds from time to time deriving from the Security and the amounts standing to the credit of the relevant Accounts are applied towards satisfaction not only of the amounts due to the Secured Creditors, but also of such amounts due and payable to any other parties that rank prior to the Secured Creditors according to the applicable Priority of Payments set forth in the Terms and Conditions, and to the extent that all amounts due and payable to the Secured Creditors have been paid in full, that any remaining amount be used towards satisfaction of any amounts due to any other parties that rank below the Secured Creditors.

29.7 Waiver of the Noteholders as Secured Creditors

The Noteholders as Secured Creditors irrevocably waive any right they may have in relation to any amount deriving from time to time from the pledged receivables or credited to the Issuer's Accounts which is not in accordance with the provisions of this Article 29.7.

30. INDEMNITY

30.1 Indemnification

Pursuant to the Notes Subscription Agreements and the Intercreditor Agreement, the Issuer has covenanted and undertaken to reimburse, pay or discharge (on a full indemnity basis) upon demand, to the extent not already reimbursed, paid or discharged by the Noteholders, all costs, liabilities, losses, charges, expenses, damages, actions, proceedings, receivables and demand (including, without limitation, legal fees and any applicable tax, value added tax or similar tax) properly incurred by or made against the Representative of the Noteholders or any subject to which the Representative of the Noteholders has delegated any power, authority or discretion in relation to the exercise or purported exercise of its powers, authority and discretion and the performance of its duties under and otherwise in relation to these Rules and the Transaction Documents, including but not limited to legal and travelling expenses, and any stamp, issue, registration, documentary and other taxes or duties paid by the Representative of the Noteholders in connection with any action and/or legal proceedings brought or contemplated by the Representative of the Noteholders pursuant to the Transaction Documents against the Issuer, or any other person to enforce any obligation under these Rules, the Notes or the Transaction Documents.

30.2 Liability

Notwithstanding any other provision of these Rules, the Representative of the Noteholders shall not be liable for any act, matter or thing done or omitted in any way in connection with the Transaction Documents, the Notes or these Rules except in relation to gross negligence (*colpa grave*) or wilful misconduct (*dolo*) of the Representative of the Noteholders.

The Representative of the Noteholders, in its capacity as the legal representative of the Organisation of the Noteholders, will be authorised, pursuant to the terms of the Mandate Agreement, to exercise, in the name and on behalf of the Issuer and as *mandatario in rem propriam* of the Issuer, any and all of the Issuer's rights under certain Transaction Documents, including the right to give directions and instructions to the relevant parties to the relevant Transaction Documents.

PART 5

GOVERNING LAW AND JURISDICTION

32. GOVERNING LAW AND JURISDICTION

32.1 Governing law

These Rules and any non-contractual obligations arising out of or in connection with them are governed by, and will be construed in accordance with, the laws of the Republic of Italy.

32.2 Jurisdiction

The Courts of Milan shall have exclusive jurisdiction to settle any disputes which may arise out of or in connection with these Rules.

SELECTED ASPECTS OF ITALIAN LAW

The Securitisation Law

The Securitisation Law was enacted on 30 April 1999 and was conceived to simplify the securitisation process and to facilitate the increased use of securitisation as a financing technique in Italy. It applies to securitisation transactions involving a “true” sale (by way of non-gratuitous assignment) of receivables, where the sale is to a company created in accordance with article 3 of the Securitisation Law and all amounts paid by the debtors in respect of the receivables are to be used by the relevant company exclusively to meet its obligations under notes issued to fund the purchase of such claims and all costs and expenses associated with the securitisation transaction.

As at the date of this Prospectus, only limited interpretation of the application of the Securitisation Law has been issued by any Italian court or governmental or regulatory authority, except for limited regulations issued by the Bank of Italy concerning, inter alia, the accounting treatment of securitisation transactions by special purpose companies incorporated under the Securitisation Law, such as the Issuer, and the duties of the companies which carry out collection and recovery activities in the context of a securitisation transaction. Consequently, it is possible that such or different authorities may issue further regulations relating to the Securitisation Law or the interpretation thereof, the impact of which cannot be predicted by the Issuer, or any other party to the Transaction Documents as at the date of this Prospectus.

The Assignment

The assignment of the claims under the Securitisation Law is governed by article 58, paragraphs 2, 3 and 4, of the Consolidated Banking Act. According to the prevailing interpretation of such provisions, which has been strengthened by article 4 of the Securitisation Law, the assignment can be perfected against the originator, assigned debtors and third party creditors by way of publication of the relevant notice in the Official Gazette and registration of the transfer in the companies’ register where the Issuer is enrolled, so avoiding the need for notification to be served on each assigned debtor.

Upon compliance with the formalities set forth by the Securitisation Law, the assignment becomes enforceable against:

- (a) the assigned debtors and any creditors of the originator who have not, prior to the date of publication of the notice of assignment in the Official Gazette and registration of the assignment in the companies’ register where the assignee is enrolled, commenced enforcement proceedings in respect of the relevant claims;
- (b) the liquidator or any other bankruptcy officials of the assigned debtors (so that any payments made by an assigned debtor to the purchasing company may not be subject to any claw-back action according to article 164 or 166 of the Italian Insolvency Code); and (ii) the liquidator of the originator (*provided that* the originator has not been subjected to insolvency proceeding prior to the date of publication of the notice of assignment in the Official Gazette and the registration of the assignment in the register of companies where the assignee is enrolled); and
- (c) other permitted assignees of the originator who have not perfected their assignment prior to the date of publication of the notice of assignment in the Official Gazette and the registration of the assignment in the companies’ register where the assignee is enrolled.

The benefit of any privilege, guarantee or security interest guaranteeing or securing repayment of the assigned claims will automatically be transferred to and perfected with the same priority in favour of the company which has purchased the claims, without the need for any formality or annotation.

As from the date of publication of the notice of the assignment in the Official Gazette and registration of the assignment in the companies’ register where the assignee is enrolled, no legal action may be brought against

the claims assigned or the sums derived therefrom other than for the purposes of enforcing the rights of the holders of the notes issued for the purpose of financing the acquisition of the relevant claims and to meet the costs of the transaction.

Notice of the assignment of the Receivables comprised in the Portfolio pursuant to the Receivables Purchase Agreement and the relevant Receivables Purchase Agreement has been published in the Official Gazette – Part II no. 72 of 20/06/2024 and registered with the companies' register of Milan Monza – Brianza Lodi.

Assignments executed under the Securitisation Law are subject to revocation upon bankruptcy under article 166 of the Italian Insolvency Code but only in the event that the securitisation transaction is entered into within three months of the adjudication of bankruptcy of the relevant party or, in cases where paragraph 1 of article 166 of the Italian Insolvency Code applies, within six months of the adjudication of bankruptcy.

Ring Fencing of the assets

By operation of article 3 of the Securitisation Law, the assets relating to each securitisation transaction are, by operation of law, segregated for all purposes from all other assets of the company which purchases the claims (including, for the avoidance of doubt, any other portfolio purchased by the company pursuant to the Securitisation Law). Prior to and on the winding up of such a company, such assets (for so long as such amounts are credited to one of the issuer's accounts under the Securitisation and not commingled with other sums) will only be available to holders of the notes issued to finance the acquisition of the relevant claims and to certain creditors claiming payment of debts incurred by the company in connection with the securitisation of the relevant assets. In addition, the assets relating to a particular transaction will not be available to the holders of notes issued to finance any other securitisation transaction or to general creditors of the Issuer. However, under Italian law, any other creditor of the Issuer would be able to commence insolvency or winding up proceedings against the Issuer in respect of any unpaid debt.

The segregation principle set out in the second paragraph of article 3 of the Securitisation Law has been extended by Law Decree number 91 of 24 June 2014, as converted into law by Law number 116 of 11 August 2014 (**Law 116/2014**) in order to include not only the relevant receivables but also (a) any monetary right arising, in the context of the relevant securitisation transaction, in favour of the company incorporated under the Securitisation Law, (b) the cash-flows deriving from the relevant receivables and such monetary rights and (c) the financial instruments acquired in the context of the relevant securitisation transaction with such cash-flows. No actions against such segregated assets may be taken by creditors other than the holders of the securities issued to finance the purchase of the relevant receivables.

In addition, Decree no. 91 of 24 June 2014 (as converted into law by Law 116/2014) has introduced the new paragraphs 2-bis and 2-ter to article 3 of the Securitisation Law, pursuant to which the segregation principle of amounts standing to the credit of the accounts opened in the context of securitisation transactions has been strengthened and the commingling risk in respect of collections collected, on behalf of the relevant company incorporated under the Securitisation Law, by the servicers and/or sub-servicers of the relevant securitisation transaction has been limited. In particular, in accordance with the new paragraphs 2-bis and 2-ter to article 3 of the Securitisation Law:

- (a) the amounts credited into the accounts opened by companies incorporated as special purpose vehicles pursuant to article 3 of the Securitisation Law with the servicers or with the depositary bank of securitisation transactions, on which the amounts paid by the assigned debtors as well as any other amount due to the relevant special purpose vehicle under the securitisation may be credited, may be utilised only to fulfil the obligations of the relevant special purpose vehicle against the noteholders and the other creditors under the securitisation and to pay the expenses to be borne in connection with the securitisation. Should any proceeding under Title IV of the Consolidated Banking Act, or any other insolvency procedure apply to the relevant servicer or depositary bank, the amounts credited on such accounts and the sums deposited during the course of the relevant insolvency procedure (i) will not be subject to the suspension of payments; and (ii) will be immediately and fully returned to the special

purpose vehicle in accordance with the provisions of the relevant agreement and without the need for the filing of any petition in the relevant insolvency proceeding and outside any distribution plan; and

- (b) in respect of the accounts opened by the servicers and the sub-servicers with banks, and into which the amounts paid by the assigned debtors may be credited, the creditors of the relevant servicer or sub-servicer may exercise claims only in respect of the amounts credited on such accounts that exceed the amounts due to the relevant special purpose vehicle. Should any insolvency procedure apply to the relevant servicer or sub-servicer, the amounts credited on such segregated accounts and the sums deposited during the course of the relevant insolvency procedure will be immediately and fully returned to the special purpose vehicle in accordance with the provisions of the relevant agreement and without the need to file any petition in the relevant insolvency proceeding and outside any distribution plan. Under Italian law, however, any creditor of the Issuer would be able to commence insolvency or winding-up proceedings against the Issuer in respect of any unpaid debt.

Claw-Back of the sale of the Receivables

Assignments of receivables executed under the Securitisation Law are subject to claw back under article 166 of the Italian Insolvency Code but only in the event that the transaction is entered into within 3 (three) months of the filing of the petition for admission to judicial liquidation (*liquidazione giudiziale*) of the relevant party or in cases where paragraph 1 of article 166 applies, within 6 (six) months of the filing of the petition for admission to judicial liquidation (*liquidazione giudiziale*).

Exemption of claw-back of prepayments

The Securitisation Law states that payments made by the assigned debtors to the Issuer may not be subject to any claw-back action or ineffectiveness according to, respectively, article 166 and article 164 paragraph 1 of the Italian Insolvency Code. All other payments made to the Issuer by any Transaction Party in the one year/six months suspect period prior to the date on which the petition for admission to judicial liquidation (*liquidazione giudiziale*) of the relevant party is filed may be subject to claw-back action under article 166 paragraphs 1 or 2, as applicable, of the Italian Insolvency Code. The relevant payment may be set aside and clawed back if the receiver gives evidence that the recipient of the payments had knowledge of the state of insolvency when the payments were made. The question as to whether or not the Issuer had actual or constructive knowledge of the state of insolvency at the time of the payment is a question of fact with respect to which a court may in its discretion consider all relevant circumstances.

Insolvency laws applicable to the Originator

Creditis is a credit institution (as defined in article 1.1 of Directive 2000/12/CE) and its “home Member State” (as that term is defined in article 2 of Directive 2001/24/EC on the re-organisation and winding up of credit institutions by reference to article 1.6 of Directive 2000/12/EC) is located within the territory of the Republic of Italy, therefore the Originator would be subject to Italian insolvency laws that do not contain severe clawback provisions within the meaning of articles 20(2) and 20(3) of the EU Securitisation Regulation.

In addition, although as at the date of this Prospectus 80.10 per cent. of the share capital of Creditis is owned by Columbus Holdco S.a.r.l., in case of insolvency of Columbus Holdco S.a.r.l., the Luxembourg laws would not *per se* apply to a possible claw back action aimed at the recovery of Credits’ assets on the basis that Creditis would be subject to insolvency proceedings only to the extent that it is found to be insolvent.

Italian Usury Law

Italian Law no. 108 of 7 March 1996 (as amended and supplemented, the **Usury Law**) introduced legislation preventing lenders from applying interest rates equal to or higher than rates (the **Usury Rates**) set every three months on the basis of a Decree issued by the Italian Treasury (the last such Decree having been published on 21 March 2024). In addition, even where the applicable Usury Rates are not exceeded, interest and other advantages and/or remuneration may be held to be usurious if: (a) they are disproportionate to the amount lent

(taking into account the specific circumstances of the transaction and the average rate usually applied for similar transactions) and (b) the person who paid or agreed to pay was in financial and economic difficulties. The provision of usurious interest, advantages or remuneration has the same consequences as non-compliance with the Usury Rates.

With a view to limiting the impact of the application of the Usury Law to Italian loans executed prior to the entering into force of the Usury Law, the Italian Government has specified with Law Decree no. 394 of 29 December 2000 (the **Usury Law Decree**), converted into Law no. 24 by the Italian Parliament on 28 February 2001, that an interest rate is to be deemed usurious only if it is higher than the Usury Rate in force at the time the relevant agreement is reached, regardless of the time at which interest is repaid by the borrower. However, it should be noted that few commentators and some lower court decisions have held that, irrespective of the principle set out in the Usury Law Decree, if an interest originally agreed at a rate falling below the then applicable usury limit were, at a later date, to exceed the usury limit from time to time in force, such interest should nonetheless be reduced to the then applicable usury limit. Recently, such opinion seems confirmed by the Italian Supreme Court (Cass. Sez. I, 11 January 2013, no. 602 and Cass. Sez. I, 11 January 2013, no. 603), which stated that an automatic reduction of the applicable interest rate to the Usury Rates applicable from time to time shall apply to the loans.

The Usury Law Decree also provides that, as an extraordinary measure due to the exceptional fall in interest rates in 1998 and 1999, interest rates due on instalments payable after 2 January 2001 on loans already entered into on the date on which the Usury Law Decree came into force (such date being 31 December 2000) are to be replaced by a lower interest rate fixed in accordance with parameters fixed by the Usury Law Decree.

The validity of the Usury Law Decree has been challenged before the Italian Constitutional Court by certain consumers' associations claiming that the Usury Law Decree does not comply with the principles set out in the Italian Constitution. By decision no. 29 of 14 February 2002, the Italian Constitutional Court stated, inter alia, that the Usury Law Decree complies with the principles set out in the Italian Constitution except for those provisions of the Usury Law Decree which provide that the interest rates due on instalments payable after 2 January 2001 on loans are to be replaced by lower interest rates fixed in accordance with the Usury Law Decree. By such decision the Italian Constitutional Court has established that the lower interest rates fixed in accordance with the Usury Law Decree are to be substituted on instalments payable from the date on which such Decree came into force (31 December 2000) and not on instalments payable after 2 January 2001.

The Italian Supreme Court, under decision no. 350/2013 clarified that default interest is relevant for the purposes of determining whether an interest rate is usurious. Such interpretation is in contradiction with the current methodology for determining the Usury Rates, considering that the relevant surveys aimed at calculating the applicable average rate never took into account the default interest rates.

The Italian Supreme Court, under decision no. 350/2013, as recently confirmed by decision no. 23192/17, has clarified that the default interest rates are relevant and must be taken into account when calculating the aggregate remuneration of any given financing for the purposes of determining its compliance with the applicable Usury Rates. Such interpretation is in contradiction with the current methodology for determining the Usury Rates, considering that the relevant surveys aimed at calculating the applicable average rate never took into account the default interest rates.

Compounding of interest

Pursuant to article 1283 of the Italian Civil Code, in respect of a monetary claim or receivable, accrued interest may be capitalised after a period of not less than 6 (six) months only (i) under an agreement entered into after the date on which it has become due and payable or (ii) from the date when any legal proceedings are

commenced in respect of that monetary claim or receivable. Article 1283 of the Italian Civil Code allows derogation from this provision in the event that there are recognised customary practices (“*usi*”) to the contrary. Banks and other financial institutions in the Republic of Italy have traditionally capitalised accrued interest on a quarterly basis on the grounds that such practice could be characterised as a customary practice (“*uso normativo*”). However, a number of judgements from Italian courts (including the judgements from the Italian Supreme Court (*Corte di Cassazione*) no. 2374/99, no. 2593/03, no. 21095/2004 as confirmed by judgement no. 24418/2010 of the same Court) have held that such practices may not be defined as customary practices (“*uso normativo*”).

Consequently, if Debtors were to challenge this practice, it is possible that such interpretation of the Italian Civil Code would be upheld before other courts in the Republic of Italy and that the returns generated from the relevant Loan Agreements may be prejudiced.

It should be noted that paragraph 2 of article 120 of the Consolidated Banking Act, concerning compounding of interest accrued in the context of banking transactions, has been recently amended by article 17-*bis* of Law Decree no. 18 of 14 February 2016 (as converted into law by Law no. 49 of 8 April 2016), providing that interests (other than defaulted interests) shall not accrue on capitalised interest. Paragraph 2 of article 120 of the Consolidated Banking Act also requires the *Comitato Interministeriale per il Credito e il Risparmio* (CICR) to establish the methods and criteria for the compounding of interest. Decree no. 343 of 3 August 2016 of the CICR, implementing paragraph 2 of article 120 of the Consolidated Banking Act, has been published in the Official Gazette no. 212 of 10 September 2016. Given the novelty of this new legislation and the absence of any jurisprudential interpretation, the impact of such new legislation may not be predicted as at the date of this Prospectus.

For the risks arising from the possible presence in the Portfolio of Loans providing for a compounding of interest, see the section headed “*Risk Factors – Rules on compounding of interest (anatocismo) have been subject to different interpretation over the time*”.

Italian consumer protection legislation

In Italy, consumer loans are regulated by, inter alia: (i) articles 121 to 126 of the Consolidated Banking Act; and (ii) the regulation of the Bank of Italy dated 29 July 2009, entitled “*Trasparenza delle operazioni e dei servizi bancarie e finanziari. Correttezza delle relazioni tra intermediari e clienti*” (as amended and/or supplemented from time to time). Under the current legislation, consumer loans are only those granted for amounts lower than the maximum level set by sub-section 1 of article 122 of the Consolidated Banking Act, currently set at Euro 75,000 and higher than the minimum level set by the same sub-section, currently set at Euro 200.

The following issues, inter alia, could arise in relation to a consumer loan contract.

1. Linked Contracts (*Contratti Collegati*)

Pursuant to paragraphs 1 and 2 of article 125-*quinquies* of the Consolidated Banking Act, borrowers under consumer loan contracts linked to supply contracts have the right to terminate the relevant contract with the lender following a default by the supplier, provided that (i) they have previously and unsuccessfully made an injunction (*costituzione in mora*) against the supplier and (ii) such default constitutes a material default pursuant to, and for the purposes of, article 1455 of the Italian Civil Code. In case of termination of the consumer loan contract, the lender must reimburse all instalments and sums paid by the consumer. However, the lender has the right to claim these payments from the relevant defaulting supplier. Pursuant to paragraph 4 of article 125-*quinquies* of the Consolidated Banking Act, borrowers are entitled to exercise against the assignee of any lender under such consumer loan contracts any of the defences mentioned under paragraphs 1 to 3 of the same article, which they had against the original lender. In addition, with respect to insurance policies financed by the lenders (where the premium is paid up-front by the lenders to the insurance companies and then reimbursed

to the lenders by the borrowers as a part of the loan instalments), it is uncertain whether such insurance policies may qualify as linked contracts and, as such, would confer on the borrowers the right to terminate the relevant loan agreements or at least claim a refund of the unearned premium from the issuer in case of default of the insurance companies. On the basis of the principles of the Italian Civil Code it could be reasonably argued that, should the insurance policies qualify as linked contracts, upon default of the insurance companies the borrowers would be entitled to claim only a refund of only the remaining portion of the loan financing the premium. However, it should be noted that, as at the date of this Prospectus, no decision has been made by any Italian court in respect of this issue.

For the risks arising from the possible presence in the Portfolio of Loans linked to other agreements, see the section headed “*Risk Factors – Italian consumer protection legislation contains certain protections in favour of debtors*”.

2. Prepayment right

Pursuant to article 125-*sexies*, paragraph 1, of the Consolidated Banking Act, borrowers under consumer loan contracts have the right to prepay any consumer loan without penalty and with the additional right to a pro rata reduction in the aggregate costs and interests of the loan. It should, however, be noted that, in the event of prepayment by the borrower, the lender, under certain circumstances, is entitled to a compensation equal to 1 per cent. of the prepaid amount of the consumer loan if the residual duration of the consumer loan is longer than one year, and equal to 0.5 per cent. of the same amount, if shorter; in any case, no prepayment penalty shall be due: (i) if the repayment has been made under an insurance contract intended to provide a credit repayment guarantee; or (ii) in the case of overdraft facilities; or (iii) if the repayment falls within a period for which the borrowing rate is not a fixed rate; or (iv) if the prepaid sum is equal to the total outstanding amount of the relevant consumer loan and is equal or less than Euro 10,000.

For the risks arising from the possible exercise by Debtors of a prepayment right, see the section headed “*Risk Factors – Italian consumer protection legislation contains certain protections in favour of debtors*”.

3. Set-off

Pursuant to article 125-*septies*, paragraph 1, of the Consolidated Banking Act, debtors are entitled to exercise, against the assignee of a lender under a consumer loan contract, any defence (including set-off) which they had against the original lender, in derogation of the provisions of article 1248 of the Italian Civil Code (that is even if the borrower has accepted the assignment or has been notified thereof). It is debated whether article 125-*septies*, paragraph 1, of the Consolidated Banking Act allows the assigned consumer to set-off against the assignee only claims that had arisen vis-à-vis the assignor before the assignment or also those claims arising after the assignment, regardless of any notification/acceptance of the same. In this respect it should be noted that the Securitisation Law (as recently amended by Italian Law no. 9 of 21 February 2014) provides, inter alia, that, in derogation of any other provision, with effect from the date of publication of the notice of transfer in the Official Gazette, the relevant assigned debtors are not entitled to set-off any claim vis-à-vis the assignor arising after such date against any payment owed to the issuer.

For the risks arising from the possible exercise by Debtors of a set-off right, see the section headed “*Risk Factors – Italian consumer protection legislation contains certain protections in favour of debtors*”.

4. Consumer Code's protection

Those Loans which are disbursed to Debtors qualifying as a “consumer” pursuant to the Consolidated Banking Act, are regulated, inter alia, by article 1469-*bis* of the Italian Civil Code and by Italian Legislative Decree no. 206 of 6 September 2005 (*Codice del consumo, a norma dell'articolo 7 della legge 29 luglio 2003, n. 229*) (the **Consumer Code**), which implement EC Directive 93/13/CEE on unfair terms in consumer contracts, and provide that any clause in a consumer contract which contains a material imbalance between the rights and obligations of the consumer under the contract, is deemed to be unfair and is not enforceable against the consumer whether or not the consumer's counterparty acted in good faith. Article 33 of the Consumer Code identifies clauses which, if included in consumer contracts, are deemed to be *prima facie* unfair but which are binding on the consumer if it can be shown that such clauses were actually individually negotiated or that they can be considered fair in the circumstances of the relevant consumer contract. Such clauses include, inter alia, clauses which give the right to the non-consumer contracting party to (i) terminate the contract without reasonable cause (*giusta causa*) or (ii) modify the conditions of the contract without a valid reason (*giustificato motivo*) previously stated in such contract. However, with regard to financial contracts, if there is a valid reason, the non-consumer party is entitled to modify the economic terms subject to prior notice to the consumer. In this case, the consumer has the right to terminate the contract. Pursuant to article 36 of the Consumer Code, the following clauses, inter alia, are considered null and void as a matter of law and are not enforceable: (i) any clause which has the effect of excluding or limiting the remedies available to the consumers in case of total or partial failure by the non-consumer parties to perform their obligations under the consumer contract; and (ii) any clause binding the consumer parties to clauses that they have not had an opportunity to consider and evaluate before entering into the consumer contract.

For the risks arising from the possible presence of Loan Agreements containing clauses violating the Consumer Code, see the section headed “*Risk Factors – Italian consumer protection legislation contains certain protections in favour of debtors*”.

5. Notice of Assignment

Pursuant to sub-section 2 of article 125-*septies* of the Consolidated Banking Act, there is no obligation to inform the consumer of the assignment of the rights of the lender under a consumer loan agreement when the original lender maintains the servicing of the relevant claims. In addition, regulation of the Bank of Italy dated 29 July 2009, as amended and updated from time to time (*Trasparenza delle operazioni e dei servizi bancarie e finanziari. Correttezza delle relazioni tra intermediari e clienti*) provides that notices of assignment shall be made in accordance with, respectively, article 58 of the Consolidated Banking Act with respect to the assignment of claims required to be carried out thereunder and article 4 of the Securitisation Law with respect to the securitisation transaction of claims. Prior individual notice of the purchase of the Receivables under the Receivables Purchase Agreement was not, and will not be, given to the Debtors as the Originator will continue to service the relevant Receivables and the Debtors' payment procedure will not be subject to change. Since no notice of the assignment of the Receivables to the Issuer is being given there is a risk that Debtors who qualify as a “consumer” pursuant to the Consolidated Banking Act could raise a defence in any enforcement action taken by the Issuer in respect of the relevant Loan Agreement qualifying as “consumer loans” extended to them that the assignment of the Receivables cannot be enforced against them if the Originator does not continue to service the relevant Receivables and the Debtors' payment procedure are subject to change, until they receive formal notice of the assignment. In this respect, pursuant to the Receivables Purchase Agreement, however, the Originator has undertaken to notify to the Debtors and the Guarantors, at the earliest opportunity, the transfer of the Portfolio as provided for by the applicable regulations and to furnish to the Debtors and the Guarantors information as referred to in articles 13, paragraphs 1 and 2 of the Privacy Law and 13 and 14 of the GDPR (as applicable).

Rights of set-off and other rights of the Debtors

Under general principles of Italian law, the Debtors are entitled to exercise rights of set-off in respect of amounts owed by them under the relevant Loan Agreement against any amounts payable by the Originator to the relevant Debtor.

The assignment of receivables under the Securitisation Law is governed by article 58, paragraphs 2, 3 and 4, of the Consolidated Banking Act. According to the prevailing interpretation of such provision, such assignment becomes enforceable against the relevant debtors as of the later of (i) the date of the publication of the notice of assignment in the Official Gazette of the Republic of Italy (*Gazzetta Ufficiale della Repubblica Italiana*), and (ii) the date of registration of the notice of assignment in the competent companies' register. Consequently, Debtors and Guarantors may exercise a right of set-off against the Issuer on claims against the Originator and/or the Issuer which have arisen before the later of: (i) the publication of the notice in the Official Gazette, and (ii) the registration in the competent companies' register have been completed.

In addition, as set out in paragraph entitled "*Italian consumer protection legislation*" above, pursuant to article 125-septies of the Consolidated Banking Act, debtors of consumer loans are entitled to exercise against the assignee of any lender under a consumer loan contract, any defense (including set-off) which they had against the original lender, in derogation of the provisions of article 1248 of the Italian Civil Code (that means the debtors have such right even if they have accepted the assignment or have been given written notice thereof and if the transfer has been made enforceable against them). In this respect, it must be noted that article 4, paragraph 2 of the Securitisation Law provides that debtors of securitised receivables are not entitled to exercise any right of set-off against the securitisation special purpose vehicle for any claims they have towards the relevant originator which have arisen after the date of completion of the enforceability formalities of the transfer of such receivables to the securitisation company as provided for under the Securitisation Law. However, it is unclear whether the provisions contained in article 4, paragraph 2 of the Securitisation Law in relation to set-off rights of the assigned debtors also prevail over article 125-septies of the Consolidated Banking Act, considering the special nature of the latter (*i.e.* provisions aimed at protecting the category of consumers).

For the risks arising from the possible exercise by Debtors of a set-off right, see the section headed "*Risk Factors – Italian consumer protection legislation contains certain protections in favour of debtors*".

The Issuer

According to the Securitisation Law, the Issuer shall be a *società di capitali* and shall be registered on the register of special purpose vehicles (*elenco delle società veicolo*) held by the Bank of Italy pursuant to article 4 of the Bank of Italy's regulation dated 12 December 2023.

The enforcement proceedings in general

According to the Italian code of civil procedure, the enforcement of an obligation to pay a sum of money (*esecuzione forzata in forma generica*) is carried out through the attachment (*pignoramento*) and forced liquidation of assets belonging to the relevant debtor.

Save where the law provides otherwise, enforcement proceedings shall be commenced with the service of the title to enforcement (*titolo esecutivo*) and the formal demand of payment (*atto di precetto*).

A good title to enforcement (*titolo esecutivo*) would be:

- (a) a public deed (*atto pubblico*) or authenticated private deed (*scrittura privata autenticata*), both of which, in order to amount to title to enforcement title as per the new article 475 of the Italian code of civil procedure shall be certified as conform to the original (*copia attestata conforme all'originale*);
or

- (b) a copy of an injunction order (*decreto ingiuntivo*) or an enforceable court decision (*sentenza esecutiva*) issued by the competent Court, ordering the debtor to pay its debt. In order to amount to a title to enforcement, the injunction order (*decreto ingiuntivo*) or the enforceable court decision shall be certified as conforming to the original (*copia attestata conforme*).

The formal demand of payment (*atto di precetto*) consists of an order to perform the obligation indicated in the title to enforcement (*titolo esecutivo*) by a term no shorter than 10 (ten) days, warning the debtor that, if it fails to perform such obligations within such term, the creditor will start the foreclosure proceedings. Pursuant to article 480 of the Italian code of civil procedure, the formal demand of payment (*atto di precetto*) must contain a number of information (e.g., indication of the parties, date of service of the title to enforcement, the declaration of residence or election of domicile by the claimant in the same district of the competent Court) and it would be considered void if it fails to contain all the information required by operation of law. The formal demand of payment (*atto di precetto*) ceases to be effective if enforcement proceeding is not commenced within 90 (ninety) days after its service as per article 481 of the Italian code of civil procedure.

Enforcement of an obligation to pay an amount of money is performed in different ways, according to the kind of the debtor's assets the creditor wants to seize. Therefore and mentioning the most important only, the Italian code of civil procedure provides for different rules concerning respectively:

- (a) distraint and forced liquidation of movable goods in possession of the debtor;
- (b) distraint and forced liquidation of debtor's receivables or mobile goods in possession of third parties; and
- (c) distraint and forced liquidation of real estate properties.

The Italian code of civil procedure provides for some common provisions applicable to any form of enforcement of an obligation to pay an amount of money and specific rules applicable to each form of enforcement.

The attachment (*pignoramento*) and forced liquidation of assets are carried out in several steps as summarised below:

- (a) the debtor's assets are attached (*pignorati*) (article 491 – 497 of the Italian code of civil procedure);
- (b) other creditors may intervene (article 498 – 500 of the Italian code of civil procedure);
- (c) the debtor's assets are liquidated (article 501 – 508 of the Italian code of civil procedure); and
- (d) the proceeds from the liquidation of the debtor's assets are distributed amongst the creditors (article 509 – 512 of Italian code of civil procedure).

The attachment (*pignoramento*), pursuant to article 491 of the Italian code of civil procedure, has the effect of seizing the asset to be liquidated and prohibits the debtor from selling or disposing or otherwise interfering with the liquidation of the relevant asset and is the necessary first step in forcing the liquidation of a property, when it is not already held in pledge.

Enforcement proceedings on movable assets in possession of the debtor

With reference to the seizure and forced liquidation of movable assets in possession of the debtor which is ruled by articles 513 and following of the Italian code of civil procedure, seizure begins with the application of the lawyer to the court bailiff to proceed at the debtor's house or in other places which are referred to the debtor and to attach all the debtor's movable assets he/she will find there. The court bailiff may look for the movable assets to seize in the debtor's house or in said other places related to such debtor and he/she is also free to evaluate assets found and keep them attached. However, certain items of personal property cannot be

attached (article 514 of the Italian code of civil procedure) and certain items of personal property can be attached within certain limitations (articles 515-516 of the Italian code of civil procedure).

The court bailiff writes the record/minutes of the attachment, that contain the injunction to the debtor to refrain from any act that would interfere with the liquidation of the attached property and the description of the movables being attached. Normally upon consent of the creditor, the debtor is named as custodian of the assets since any interference by causing the destruction, deterioration, or removal of attached property is a criminal offence.

After the attachment, the creditor must file in the court chancery of the enforcement judge, the note for the enrollment of the enforcement procedure in the court docket (*nota di iscrizione a ruolo*) together with the minutes of attachment, the title to enforcement (*titolo esecutivo*) and the formal demand of payment (*atto di precetto*), all conform to the originals. In this moment the court chancellor clerk will enrol the enforcement procedure with the court docket and will, hence, open the file of enforcement.

After the filing activities said above, the creditor and the intervened creditors can file a petition to seek that the judge orders the liquidation of the attached assets (article 529 of the Italian code of civil procedure). Upon said petition, the judge schedules the date for the hearing to define the formalities of the sale. At that hearing the parties can pass their proposals about the formalities of the sale. This hearing is also the last possibility for the parties to raise remedies against the enforcement procedure. If there are no oppositions to the procedure or if the parties reach an agreement about the oppositions, the judge decides for the sale. The judge may choose to delegate the sale to a commission agent. In the delegation, the judge fixes the lowest price of the sale and the total amount which must be obtained from the sale. Otherwise the judge may choose to realise the sale by auction.

After the sale, if there is only one secured creditor without other creditors intervened in the enforcement procedure, pursuant to article 510 of the Italian code of civil procedure the judge will pay the secured creditor's principal debt and the interest and also the costs of the enforcement procedure with the proceeds of the sale. If there are intervened creditors, they may prepare a project of distribution and propose it to the judge under article 541 of the Italian code of civil procedure. If the judge agrees, he provides consequently to the distribution. If there is no agreement between the creditors the judge provides to the distribution on the basis of the ranking of the creditors pursuant to article 542 of the Italian code of civil procedure.

In addition to securing the creditor's rights, the attachment serves the purpose of identifying the property to be liquidated. When movables in the possession of the debtor are attached, the court bailiff must draw up a protocol describing the attached assets and indicating their value.

The debtor may avoid the attachment by paying the amount due to the court bailiff for delivery to the creditor. Such payment does not constitute recognition of the debt and the debtor is not precluded from bringing an action for restitution of the amount, should he prove that the enforcement procedure was wrongfully instituted.

If the value of the attached property exceeds the amount of the debt and costs, the judge, after hearing the creditor and any creditors who have intervened, may order that part of the properties are released.

The creditor may select the property that is to be liquidated. He/she may select various types of property and may bring proceedings in more than one district. However, if he/she selects more properties than necessary to satisfy his/her right, the debtor may apply to have this selection restricted. The creditor who requested the attachment must apply for the sale by auction of the attached assets within a deadline of forty-five days as of the filing in court of the note for the enrollment of the procedure in the court docket (*nota di iscrizione a ruolo*), otherwise the attachment lapses (article 497 of the Italian code of civil procedure).

Normally, the debtor's distrained property is sold (*vendita forzata*). Sometimes, however, property may be assigned to the creditors *in lieu* of sale (*assegnazione forzata*). Seized property may be sold or assigned solely on the motion of the creditor who started the enforcement proceeding or of one of the intervening creditors

who possesses an authority to execute. A petition to sell or assign it may not be made until at least ten days after distraint, but shall be made within 45 (forty-five) days for the attachment not to lapse as said above.

The creditor who applies for the sale has the duty to anticipate court expenses and the sale fees.

Attached movable property may be sold through acquiring sealed bids (*vendita senza incanto*) or auction (*vendita con incanto*) and may as well be offered for sale in several lots. Once the required amount has been obtained, the sale is discontinued.

Attached property may also be assigned to the creditors instead of being sold. Property may be assigned to discharge the debtor's obligation to the assignees up to the value of the assigned property. If the property is worth more than the amount of the debt, the assignees must pay the balance.

Unless the debtor's assets are assigned to the creditors in satisfaction of their claims, the proceeds of the liquidation must be distributed. The proceeds include:

- (a) money received upon the sale or assignment of the debtor's assets;
- (b) rents, profits, interest, and other revenues accruing from the debtor's assets during the period of distraint; and
- (c) penalties or damages paid to the Court by the defaulting purchasers or assignees.

Distribution of the proceeds is made according to the following steps:

1. costs and expenses of the procedure are paid first;
2. payment of the secured creditors who are paid based on the order of their degree of priority;
3. afterwards, payment of unsecured creditors who commenced or intervened into the proceeding in due time: they share equally, in proportion to the amount of their claims, if there are insufficient funds to satisfy them;
4. payment of creditors who intervened after the hearing set for the authorisation of the liquidation of assets: they share the balance in proportion to their claims; and
5. return of any surplus to the debtor.

If there is any dispute concerning the distribution of proceeds, the judge hears the parties and decides by judicial order. In this case, the distribution of the proceeds can be suspended.

Subrogation

Legislative Decree 141 has introduced in the Consolidated Banking Act article 120-*quater*, which provides for certain measures for the protection of consumers' rights and the promotion of the competition in, inter alia, the Italian loan market. Legislative Decree 141 repealed article 8 (except for paragraphs 4-*bis*, 4-*ter* and 4-*quater*) of Italian Law Decree no. 7 of 31 January 2007, as converted into law by Italian Law no. 40 of 2 April 2007, replicating though, with some additions, such repealed provisions. The purpose of article 120-*quater* of the Consolidated Banking Act is to facilitate the exercise by the borrowers of their right of subrogation of a new bank into the rights of their creditors in accordance with article 1202 (*surrogazione per volontà del debitore*) of the Italian Civil Code (the **Subrogation**), providing in particular that, in case of a loan, overdraft facility or any other financing granted by a bank, the relevant borrower can exercise the Subrogation, even if the borrower's debt towards the lending bank is not due and payable or a term for repayment has been agreed for the benefit of the creditor. If the Subrogation is exercised by the borrower, a new lender will succeed to the former lender also as beneficiary of all existing ancillary security interests and guarantees. Any provision of

the relevant agreement which may prevent the borrower from exercising such Subrogation or render the exercise of such right more cumbersome for the borrower is void. The borrower shall not bear any notarial or administrative cost connected to the Subrogation.

Furthermore, paragraph 7 of article 120-*quater* of the Consolidated Banking Act provides that, in case the Subrogation is not perfected within 30 (thirty) working days from the date on which the original lender has been requested to cooperate for the conclusion of the Subrogation, the original lender shall indemnify the borrower for an amount equal to 1 per cent. of the loan or facility granted, for each month or fraction of month of delay. The original lender has the right to ask for indemnification from the subrogating lender, in case the latter is to be held liable for the delay in the conclusion of the Subrogation.

Debtors may become subject to a debt restructuring arrangement or a court-supervised liquidation in accordance with the Italian Insolvency Code

The Italian Insolvency Code provides for special composition procedures for situations of over-indebtedness (*procedure di composizione della crisi da sovraindebitamento*), and for a special court-supervised liquidation for situations of over-indebtedness (*liquidazione controllata del sovraindebitamento*), which apply to (i) consumers, professionals, small enterprises who/which are in a situation of crisis or insolvency, and (ii) any other debtor which cannot be subject to judicial liquidation (*liquidazione giudiziale*) or any other liquidation procedure under Italian law applicable for situations of crisis (*crisi*) or insolvency (*insolvenza*).

Over-indebtedness occurs either in a situation of crisis or in a situation of insolvency. Crisis is the condition that makes insolvency likely to happen, and it occurs when the perspective cash flow shows that the debtor will become unable to pay its debts as they fall due within the subsequent 12 (twelve) months; insolvency is the inability to repay debts as they fall due.

The composition procedure that applies to over-indebted consumers is the consumer's debt restructuring arrangement (*ristrutturazione dei debiti del consumatore*) (the **Consumer's Debt Restructuring Arrangement**).

Pursuant to articles from 67 to 73 of the Italian Insolvency Code, the over-indebted consumer, supported by the competent body for the composition of the over-indebtedness (*organismo di composizione della crisi da sovraindebitamento*) (the **OCC**), can file before the competent court a petition for the restructuring of its debts, based on a plan providing for the strategy to overcome the over-indebtedness. The over-indebted consumer may propose a partial recovery of its debts. Secured creditors shall receive an amount not lower than the liquidation value of the relevant encumbered asset, as assessed by the OCC.

If the court deems that the requirement provided under the law are met, it orders that the plan and the proposal pertaining to the Consumer's Debt Restructuring Arrangement are published in a specific website and notified to the creditors. Upon the over-indebted consumer's request, the court may also order suspension of ongoing individual enforcement actions, and a general stay on enforcement and interim actions on the over-indebted consumer's assets.

Within 20 (twenty) days from the court's notice, creditors may submit to the OCC their comments to the plan and the proposal pertaining to the Consumer's Debt Restructuring Arrangement. Within the subsequent 10 (ten) days, the OCC may refer them to the court, together with any amendments to the plan that it deems necessary.

The court verifies whether the plan is compliant with the requirement provided under the law and feasible, and, if so, issues a decision homologating it. Such decision can be opposed within 30 (thirty) days.

The OCC supervises the execution of the plan, and any sale and/or dismissal is carried out through a tender procedure. Once the plan is fully executed, the OCC delivers a final report.

The court, also upon request from a creditor, revokes the homologation of the Consumer's Debt Restructuring Arrangement if for the relevant debtor becomes impossible to fulfill the obligations set out in the plan or if the relevant debtor attempts to fraud its creditors. The revocation cannot be requested by creditors nor pursued by the court after 6 (six) months from delivery of the OCC's final report.

If the Consumer's Debt Restructuring Arrangement fails, or, in any event, upon its own request, the over-indebted consumer may be adjudicated in a court-supervised liquidation for situations of over-indebtedness (the **Court-Supervised Liquidation**). If the over-indebted consumer is in a situation of insolvency, the Court-Supervised Liquidation may be commenced also upon request of a creditor in the context of an individual enforcement proceeding.

If the court finds that the relevant requirements are met (e.g. the amount of debts due and unpaid is higher than Euro 50,000), it issues a decision adjudicating the over-indebted consumer into the Court-Supervised Liquidation. With the same decision, the court, among other things, (i) appoints the designated judge, (ii) appoints a liquidator and (iii) assigns to creditors a term of maximum 60 (sixty) days to file their proof of claim.

As of the adjudication of the over-indebted consumer into the Court-Supervised Liquidation, individual enforcement and interim actions of creditors are stayed, and claims are recovered in accordance with statutory priorities and the principle of equal treatment among creditors.

Pending contracts are suspended, and the liquidator determines if they should be continued or terminated.

Accounting treatment of the Receivables

Pursuant to Bank of Italy's regulations of 29 March 2000 (*Schemi di bilancio delle società di cartolarizzazione dei crediti*), and on 14 February 2006 (*istruzioni per la redazione dei bilanci degli intermediari finanziari iscritti nell' "elenco speciale", degli IMEL delle SGR e delle SIM*), implementing Legislative Decree dated 27 December 1992, no. 87, the accounting information relating to the securitisation of the Receivables will be contained in the Issuer's *nota integrativa*, which, together with the balance sheet and the profit and loss statements form part of the financial statements of Italian companies.

Legislative Decree no. 87 of 27 December 1992 has been repealed, hence all the relevant regulations issued thereunder, including the accounting regulations, should be deemed not to be still effective. However, absent any different provision of law, regulations or interpretation, concerning the accounting treatment of the companies incorporated under the Securitisation Law, the mentioned accounting regulations might still be considered applicable.

No severe clawback provisions

The Italian insolvency laws do not contain severe claw-back provisions within the meaning of articles 20(2) and 20(3) of the Securitisation Regulation and the EBA Guidelines on STS Criteria.

ITALIAN TAXATION

The statements herein regarding Italian taxation are based on the laws in force in Italy as of the date of this Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following overview does not purport to be a comprehensive description of all of the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to additional or special rules. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes. This summary will not be updated to reflect changes in laws or interpretation and if such a change occurs the information in this summary may become invalid. In any case, Italian legal or tax concepts may not be identical to the concepts described by the same English term as they exist under terms of different jurisdictions and any legal or tax concept expressed by using the relevant Italian term shall prevail over the corresponding concept expressed in English terms.

Tax treatment of Notes

Italian resident Noteholders

Under the current legislation, pursuant to Article 6 of the Securitisation Law, and pursuant to Legislative Decree No. 239 of 1 April 1996, as subsequently amended and restated (**Decree No. 239**), where the holder of the Notes is the beneficial owner of payments of interest, premium and other income (including any difference between the redemption amount and the issue price, hereinafter collectively referred to as **Interest**) under the Notes and is:

- (i) an individual not engaged in an entrepreneurial activity to which the Notes are connected;
- (ii) a partnership (other than a *società in nome collettivo* or *società in accomandita semplice* or similar partnership) or a *de facto* partnership not carrying out commercial activities;
- (iii) a public and private institution (other than companies), a trust not carrying out mainly or exclusively commercial activities; and
- (iv) an investor exempt from Italian corporate income taxation,

Interest payments relating to the Notes are subject to a withholding tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. (either when Interest is paid or when payment thereof is obtained by the holder on a sale of the Notes), unless the relevant holder of the Notes has entrusted the management of his financial assets, including the Notes, to an authorised intermediary and has opted for the so called “*regime del risparmio gestito*” (the **Asset Management Regime**) according to Article 7 of Italian Legislative Decree No. 461 of 21 November 1997, as amended.

If the holder of the Notes described under paragraphs (i) and (iii) above is engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* applies as a provisional income tax. Interest will be included in the relevant beneficial owner’s Italian income tax return and will be subject to Italian ordinary income taxation and the *imposta sostitutiva* may be recovered as a deduction from Italian income tax due.

Pursuant to Decree No. 239, *imposta sostitutiva* is applied by banks, *società di intermediazione mobiliare* (so called **SIMs**), fiduciary companies, management companies (*società di gestione del risparmio*), stock brokers and other qualified entities identified by a decree of the Ministry of Finance (together the **Intermediaries** and each an **Intermediary**). An Intermediary must (a) be (i) resident in Italy, (ii) a permanent establishment in Italy of a non-Italian resident Intermediary or (iii) an entity or a company not resident in Italy, acting through a system of centralised administration of securities and directly connected with the Department of Revenue of Italian Ministry of Finance having appointed an Italian representative for the purposes of Decree No. 239, and (b) intervene, in any way, in the collection of Interest or, also as transferees, in transfers or disposals of the

Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes and the relevant coupons are not deposited with an Intermediary meeting the requirements under paragraphs (a) and (b) above, the *imposta sostitutiva* is applied and withheld by any Italian intermediary paying Interest to the holders of the Notes or, absent that, by the Issuer and gross recipients that are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected are entitled to deduct the suffered *imposta sostitutiva* from income taxes due.

Subject to certain conditions (including a minimum holding period requirement) and limitation, interest, premium and other income relating to the Notes may be exempt from any income taxation (including from the 26 per cent. *imposta sostitutiva*) if the Noteholders are Italian resident individuals not engaged in entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 and the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements from time to time applicable as set forth under Italian law.

Where (a) an Italian resident Noteholder is (i) a company or a similar commercial entity, or a permanent establishment in Italy of a foreign company to which the Notes are effectively connected, and (ii) the beneficial owners of payments of Interest on the Notes and (b) the Notes are deposited with an authorised Intermediary, Interest from the Notes will not be subject to *imposta sostitutiva* but must be included in the relevant Noteholder's income tax return and are therefore subject to general Italian corporate taxation (**IRES**) and, in certain circumstances, depending on the status of such Noteholder, also to regional tax on productive activities (**IRAP**).

Italian resident real estate investment funds and Italian resident real estate investment companies with fixed capital (*società di investimento a capitale fisso*, **Real Estate SICAFs**, and, together with the Italian real estate investment funds, the **Real Estate Funds**) qualifying as such from a legal and regulatory perspective and subject to the regime provided for by, inter alia, Law No. 410 of 23 November 2001 are subject neither to *imposta sostitutiva* nor to any other income tax in the hands of such Real Estate Funds, provided that the Real Estate Fund is the beneficial owner of the payments under the Notes and the Notes, together with the relevant coupons, are timely deposited with an authorised Intermediary. A withholding tax may apply in certain circumstances at the rate of up to 26 per cent. on distributions made by a Real Estate Fund or upon redemption or sale of the units or shares in the Real Estate Fund and, in certain cases, a tax transparency regime may apply in respect of certain categories of investors in a Real Estate Fund, subject to tax in their hands irrespective of its actual collection and in proportion to the percentage of ownership of units or shares.

Where an Italian resident Noteholder is an open-ended or a closed-ended investment fund, an investment company with variable capital (*società di investimento a capitale variabile* (**SICAV**)), an investment company with fixed capital (**SICAF**) other than a Real Estate SICAF (together, the **Funds**) and either (i) the Fund or (ii) its manager is subject to the supervision of a regulatory authority and the Notes are deposited with an authorised intermediary, payments of Interest on such Notes beneficially owned by the Fund will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such result, but a withholding tax of 26 per cent. may in certain circumstances apply to distributions made in favour of unitholders or shareholders or in case of redemption or sale of the units or shares in the Fund (the **Collective Investment Fund Withholding Tax**).

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Notes are deposited with an authorised intermediary, payments of Interest relating to the Notes beneficially owned by the pension fund and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the results of the relevant portfolio accrued at the end of each tax period, subject to a 20 per cent. annual *imposta sostitutiva* (the **Pension Fund Tax**) on the increase in value of the managed assets accrued at the end of each tax year (which increase

would include Interest accrued on the Notes). Subject to certain conditions (including a minimum holding period requirement) and limitations, Interest relating to the Notes may be excluded from the taxable base of the Pension Fund Tax if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements from time to time applicable as set forth under Italian law.

Non-Italian resident Noteholders

According to Decree No. 239, payments of Interest in respect of the Notes will not be subject to *imposta sostitutiva* at the rate of 26 per cent. if made to either (a) beneficial owners or (b) certain institutional investors, even if not possessing the status of taxpayers in their own country of incorporation, who in either case are non-Italian resident holders of the Notes with no permanent establishment in Italy to which the Notes are effectively connected provided that:

- (i) such beneficial owners or institutional investors are resident for tax purposes in a State or territory which allows for an adequate exchange of information with Italy as listed in the Italian Ministerial Decree of 4 September 1996, as amended and supplemented from time to time and possibly further amended by future decrees to be issued pursuant to Article 11(4)(c), of Decree No. 239 (the **White List**); and
- (ii) all the requirements and procedures set forth in Decree No. 239 and in the relevant implementation rules, as subsequently amended, in order to benefit from the exemption from *imposta sostitutiva* are met or complied with in due time.

Decree No. 239 also provides for additional exemptions from *imposta sostitutiva* for payments of Interest in respect of the Notes made to (i) international entities and organisations established in accordance with international agreements ratified in Italy; and (ii) central banks or entities which manage, inter alia, the official reserves of a foreign State.

To ensure payment of Interest in respect of the Notes without the application of 26 per cent. *imposta sostitutiva*, non-Italian resident investors indicated above must:

- (i) qualify as (a) the beneficial owners of payments of Interest on the Notes or (b) qualify as one of the above mentioned institutional investors even if not possessing the status of taxpayers in their own country of incorporation, (c) international entities and organisations established in accordance with international agreements ratified in Italy or (d) central banks or entities which manage, inter alia, the official reserves of a foreign State;
- (ii) deposit the Notes in due time together with the coupons relating to such Notes, directly or indirectly, with a resident bank or SIM, or a permanent establishment in Italy of a non-Italian resident bank or SIM, or with a non-Italian resident entity participating in a centralised securities management system which is in contact via computer with the Ministry of Economy and Finance having appointed an Italian representative for the purposes of Decree No. 239 (Euroclear and Clearstream qualify as such latter kind of depository); and
- (iii) file with the relevant depository a statement (*autocertificazione*) in due time stating, inter alia, that he or she is resident, for tax purposes, in one of the countries included in the White List. Such statement (*autocertificazione*), which must comply with the requirements set forth by Ministerial Decree of 12 December 2001 (as amended and supplemented), shall be valid until withdrawn or revoked and does not need to be submitted where a certificate, declaration or other similar document meant for equivalent uses was previously submitted to the same depository. The statement (*autocertificazione*) is not required for non-Italian resident investors that are international entities or organisations established in accordance with international agreements ratified in Italy or central banks or entities which manage, inter alia, the official reserves of a foreign State.

Failure of a non-Italian resident holder of the Notes to comply in due time with the procedures set forth in Decree No. 239 and in the relevant implementing rules will result in the application of *imposta sostitutiva* on Interest payments to such non-resident holder of the Notes.

The *imposta sostitutiva* will be applicable at the rate of 26 per cent. (or at the reduced rate provided for by the applicable double tax treaty, if any, and subject to timely filing of the required documentation) in respect to Interest accrued in the hands of holders of the Notes who are resident, for tax purposes, in countries which do not allow for a satisfactory exchange of information with Italy not included in the White List.

Capital gain tax

Italian resident Noteholders

Any gains resulting from the sale or redemption of the Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the status of the Noteholder, also as part of the net value of the production for IRAP purposes) realised by an Italian company or a similar commercial entity, including the permanent establishment of foreign entities in Italy to which the Notes are effectively connected, or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

Where an Italian resident Noteholder is (i) an individual holding the Notes not in connection with an entrepreneurial activity, (ii) a partnership (other than a *società in nome collettivo* or *società in accomandita semplice* or similar partnership) or a *de facto* partnership not carrying out commercial activities, or (iii) a private or public institution (other than a company), a trust not carrying out mainly or exclusively commercial activities, any capital gain realised by such Noteholder from the sale or redemption of the Notes would be subject to *imposta sostitutiva*, levied at the rate of 26 per cent. Under certain conditions and limitations Noteholders may set off capital gains with their capital losses.

Subject to certain conditions (including a minimum holding period requirement) and limitations, capital gains realised upon sale or redemption of the Notes may be exempt from any income taxation (including from the 26 per cent. *imposta sostitutiva*) if the Noteholders are Italian resident individuals not engaged in entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 and the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets all the requirements from time to time applicable as set forth under Italian law.

In respect of the application of *imposta sostitutiva*, taxpayers under paragraphs (i) to (iii) above may opt for one of the three regimes described below.

- (a) Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Noteholders under paragraphs (i) to (iii) above, *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the investor holding the Notes not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Notes carried out during any given tax year. The relevant Noteholder must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.
- (b) As an alternative to the tax declaration regime, Noteholders under paragraphs (i) to (iii) above may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Notes (the *risparmio amministrato* regime). Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries (including permanent establishment in Italy of foreign intermediaries) and (ii) an express election for the *risparmio amministrato* regime being timely made in writing by the relevant Noteholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital

gains realised on each sale or redemption of the Notes (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Notes results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Noteholder is not required to declare the capital gains in the annual tax return.

- (c) Any capital gains realised by Italian Noteholders under paragraphs (i) to (iii) above entrusted the management of their financial assets, including the Notes, to an authorised intermediary and have opted for the Asset Management Regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the Asset Management Regime, any decrease in the value of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the Asset Management Regime, the Noteholder is not required to declare the capital gains realised in the annual tax return.

Any capital gains realised by a Noteholder that is a Real Estate Fund will be subject neither to *imposta sostitutiva* nor to any other income tax at the level of the Real Estate Fund. However, a withholding tax may apply in certain circumstances at the rate of up to 26 per cent. on distributions made by a Real Estate Fund or upon redemption or sale of the units or shares in the Real Estate Fund and, in certain cases, a tax transparency regime may apply in respect of certain categories of investors in a Real Estate Fund, subject to tax in their hands in proportion to the percentage of ownership of units or shares.

Any capital gains realised by an Italian Noteholder that is a Fund will not be subject to *imposta sostitutiva*, but will be included in the result of the relevant portfolio accrued at the end of the relevant tax period. Such result will not be taxed at the level of the Fund, but income realised by unitholders or shareholders in case of distributions, redemption or sale of the units or shares, may be subject to the Collective Investment Fund Withholding Tax.

Any capital gains realised by a Noteholder that is an Italian pension fund (subject to the regime provided for by Article 17 of Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period which is exempt from income tax, to be subject to Pension Fund Tax. Subject to certain conditions (including a minimum holding period requirement) and limitations, capital gains on the Notes may be excluded from the taxable base of the Pension Fund Tax if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements from time to time applicable as set forth under Italian law.

Non-Italian resident Noteholders

The 26 per cent. *imposta sostitutiva* may in certain circumstances be payable on any capital gains realised upon sale, transfer or redemption of the Notes by non-Italian resident Noteholders, not having a permanent establishment in Italy to which the Notes are effectively connected, if the Notes are held or deemed to be held in Italy.

Capital gains realised by non-Italian resident Noteholders, not having a permanent establishment in Italy to which the Notes are effectively connected, from the sale or redemption of Notes traded on regulated markets are not subject to *imposta sostitutiva* (subject, in certain cases, to the filing of a self-declaration stating that the relevant Noteholder is not resident from the sale or redemption of Notes traded on regulated markets are not subject to *imposta sostitutiva* (subject, in certain cases, to the filing of a self-declaration stating that the relevant Noteholder is not resident for tax purposes). The Italian tax authorities have clarified that the notion of

multilateral trading facility (MTF) under EU Directive 2014/65/EU (so called MiFID II) can be assimilated to that of “regulated market” for income tax purposes; conversely, organized trading facilities (OTF) cannot be assimilated to “regulated market” for Italian income tax purposes.

Capital gains realised by non-Italian resident Noteholders, not having a permanent establishment in Italy to which the Notes are effectively connected, from the sale or redemption of the Notes not traded on regulated markets are not subject to *imposta sostitutiva* provided that the Noteholder (i) qualifies as the beneficial owner of the capital gain and is resident for income tax purposes in a country included in the White List; or (ii) is an international entity or body set up in accordance with international agreements ratified in Italy; or (iii) is a central bank or an entity which manages, inter alia, the official reserves of a foreign State; or (iv) is an institutional investor which is incorporated in a country included in the White List, even if it does not possess the status of a taxpayer in its own country of incorporation, in any case, to the extent all the requirements and procedures set forth in Decree No. 239 and in the relevant implementation rules, as subsequently amended, in order to benefit from the exemption from *imposta sostitutiva* are met or complied with in due time, if applicable. In this case, if the non-Italian Noteholders have opted for the *Risparmio Amministrato* regime or the Asset Management Regime, exemption from Italian capital gains tax will apply upon condition that they file in due course with the authorised financial intermediary an appropriate self-declaration (*autocertificazione*) stating that they meet the requirements indicated above. If none of the conditions described above is met, capital gains realised by non-Italian resident Noteholders from the sale or redemption of the Notes not traded on regulated markets are subject to *imposta sostitutiva* at the current rate of 26 per cent.

In any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are effectively connected that may benefit from a double tax treaty with Italy providing that capital gains realised upon the sale or redemption of the Notes are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* on any capital gains realised upon the sale or redemption of the Notes; in this case, if the non-Italian resident Noteholders have opted for the *Risparmio Amministrato* regime or the Asset Management Regime, exemption from Italian capital gains tax will apply upon the condition that they file in due course with the authorised financial intermediary appropriate documents which include, inter alia, a statement issued by the competent tax authorities of the country of residence of the non-Italian Noteholders.

Transfer tax

Contracts relating to the transfer of securities are subject to registration tax as follows: (i) public deeds and notarised deeds are subject to a fixed registration tax of €200; (ii) private deeds are subject to registration only in “case of use” (*caso d’uso*) or upon occurrence of an “explicit reference” (*enunciazione*) or voluntary registration (*volontaria registrazione*).

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, as subsequently amended, the transfers of any valuable asset (including shares, notes or other securities) as a result of death or donation are taxed as follows:

- (i) when the beneficiary is the spouse or a relative in direct lineage, the value of the Notes transferred to each beneficiary exceeding Euro 1,000,000 is subject to a 4 per cent. rate;
- (ii) when the beneficiary is a brother or sister, the value of the Notes exceeding Euro 100,000 for each beneficiary is subject to a 6 per cent. rate;
- (iii) when the beneficiary is a relative within the fourth degree or is a relative-in-law in direct and collateral lineage within the third degree, the value of the Notes transferred to each beneficiary is subject to a 6 per cent. rate; and
- (iv) in any other case, the value of the Notes transferred to each beneficiary is subject to a 8 per cent. rate.

The transfer of the Notes by donation is subject to gift tax at the same rates as in case of inheritance. If the transfer is made in favour of persons with severe disabilities, the tax is levied at the rates mentioned above on the value exceeding, for each beneficiary, €1,500,000.

The *mortis causa* transfers of financial instruments included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) – that meets the requirements from time to time applicable as set forth under Italian law – are exempt from inheritance taxes.

Stamp duty

Pursuant to Article 13(2-ter) of the First Part of the Tariff attached to Presidential Decree No. 642 of 26 October 1972 (**Stamp Duty Law**), as amended, a proportional stamp duty applies on an annual basis to any periodic reporting communications which may be sent by an Italian based financial intermediary to its clients in respect of any financial product and instrument (including the Notes) which may be deposited with such financial intermediary in Italy. The stamp duty is collected by resident banks and other financial intermediaries applies at a rate of 0.2 per cent. and cannot exceed Euro 14,000 for taxpayers other than individuals. This stamp duty is determined on the basis of the market value or, if no market value figure is available, on the basis of face value or redemption value, or in the case the face or redemption values cannot be determined, on the basis of purchase value of the financial assets held.

The statement is deemed to be sent at least once a year, including with respect to the instruments for which it is not mandatory the deposit, the release or the drafting of the statement. In case of reporting periods of less than 12 months, the stamp duty is payable on a pro-rata basis.

Pursuant to the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 29 July 2009, as subsequently amended, supplemented and restated) of an entity that exercises a banking, financial or insurance activity in any form within the Italian territory.

Stamp duty applies both to Italian resident and to non-Italian resident investors, to the extent that the relevant securities (including the Notes) are held with an Italian-based financial intermediary (and not directly held by the investor outside Italy), in which case Italian wealth tax (see below under the section headed “*Wealth tax on financial products held abroad*”) applies to Italian resident Noteholders only.

Tax monitoring

According to Pursuant to Law Decree No. 167 of 28 June 1990, converted with amendments into Law No. 227 of 4 August 1990, as amended, individuals, non-profit entities and certain partnerships (*società semplici* or similar partnerships in accordance with Article 5 of Presidential Decree No. 917 of 22 December 1986) resident in Italy for tax purposes, under certain conditions, are required to report for tax monitoring purposes in their yearly income tax return the amount of investments directly or indirectly held abroad.

The requirement applies also where the persons above, being not the direct holder of the financial instruments, are the beneficial owner of the instrument.

Furthermore, the above reporting requirement is not required to be complied with in respect to Notes deposited for management or administration with qualified Italian financial intermediaries, with respect to contracts entered into their intervention, on the condition that the items of income derived from the Notes have been subject to tax by the same intermediaries.

Wealth tax on financial products held abroad

In accordance with Article 19 of Decree No. 201 of 6 December 2011, converted with amendments by Law No. 214 of 22 December 2011, as amended, individuals, non-commercial entities and certain partnerships (*società semplici* or similar partnerships in accordance with Article 5 of Presidential Decree No. 917 of 22

(*IVAFE*) (0.4 per cent., as of 2024, in case of financial assets held in States or territories with privileged tax regime identified by the Ministerial Decree of the Ministry of Economy and Finance of May 4, 1999). For taxpayers other than individuals, IVAFE cannot exceed Euro 14,000 per year.

The tax applies on the market value at the end of the relevant year or – in the lack of the market value – on the nominal value or redemption value of such financial products held outside of the Italian territory. Taxpayers can generally deduct from the tax a tax credit equivalent to the amount of wealth taxes paid in the State where the financial products are held (up to the amount of to the Italian wealth tax due).

Financial assets held abroad are excluded from the scope of the IVAFE if they are administered by Italian financial intermediaries pursuant to an administration agreement. In this case, the above mentioned stamp duty provided for by Article 13 of the First Part of the Tariff attached to the Stamp Duty Law does apply.
