2 (b) (i) should apply.

See section, The Mortgage Sale Agreement, Representations and Warranties (K) Risk weight, which states:

“Each mortgage loan has a standardised risk weight equal to or smaller than 40% on an exposure value-weighted average basis for the portfolio as at the relevant date of assignment by the seller to the mortgages trustee, as such terms are described in Article 243 of the UK Capital Requirements Regulation.”

<sup>2</sup> See article 123, “Retail exposures” of the Regulation (EU) No 575/2013; for Consumer loans see the amendments to article 123 in (59) REGULATION (EU) 2019/876 and REGULATION (EU) 2020/873, article 2 (1) (a). <b>3</b>	<b>CRR Criteria</b> (c) where points (b)(i) and (b)(ii) apply, the loans secured by lower ranking security rights on a given asset shall only be included in the securitisation where all loans secured by prior ranking security rights on that asset are also included in the securitisation;	<b>Meets Criteria?</b> <b>YES</b>
	<b>PCS Comments</b> See base prospectus See section, The Mortgage Sale Agreement, Representations and Warranties (C); “First ranking mortgage Subject to completion of any registration or recording which may be pending at the Land Registry (in England and Wales) or Registers of Scotland (in Scotland)), the related mortgage constitutes a first ranking charge by way of legal mortgage (in England and Wales) or a first ranking standard security (in Scotland) over the relevant mortgaged property, and there is nothing to prevent such registration or recording being effected with absolute title (or the relevant equivalent) in due course. For the avoidance of doubt, the fact of the existence of a second ranking charge, or in Scotland, a second ranking standard security over the relevant mortgaged property does not render this warranty untrue provided that the seller or YBHL, as applicable, has first priority for all advances, interest, costs and expenses payable by the relevant borrower under the mortgage loan.”	

<b>4</b>	<b>CRR Criteria</b> (d) where point (b)(i) of this paragraph applies, no loan in the pool of underlying exposures shall have a loan-to-value ratio higher than 100 %, at the time of inclusion in the securitisation, measured in accordance with point (d)(i) of Article 129(1) and Article 229(1).	<b>Meets Criteria?</b> <b>YES</b>
	<b>PCS Comments</b> See base prospectus See section, The Mortgage Sale Agreement, Representations and Warranties (J) Loan to value ratio, which states: “ No mortgage loan has an indexed loan to value higher than 100% as at the relevant date of assignment by the seller or YBHL (as applicable) to the mortgages trustee.”
