This is the STS Term Master Checklist for STS Term Verifications.

This STS Term Master Checklist must be read together with the PCS Procedures Manual and the PCS Term Evidentiary Standards Manual. This document is based upon the materials received by PCS as at the date of this document. Any references in this document are to the prospectus unless otherwise stated.

PCS comments in this Provisional STS Term Master Checklist are based on PCS' interpretation of the STS Regulation (the "Regulation") informed by (a) the text of the Regulation itself, (b) the EBA guidelines and recommendations issued in accordance with Article 19(2) of the Regulation (the "EBA Guidelines") and (c) any relevant national competent authorities interpretation of the STS criteria to the extent known to PCS.

It is important that the reader of this checklist reviews and understands the disclaimer referred to on the following page.

STS Disclaimer

Neither an STS Verification, nor a CRR Assessment, nor an LCR Assessment is a recommendation to buy, sell or hold securities. None are investment advice whether generally or as defined under Markets in Financial Instruments Directive (2004/39/EC) and none are a credit rating whether generally or as defined under the Credit Rating Agency Regulation (1060/2009/EC) or any post-Brexit successor legislation in the United Kingdom.

PCS EU and PCS UK are authorised respectively by the French Autorité des Marchés Financiers and by the United Kingdom Financial Conduct Authority as third-parties verifying STS compliance pursuant to article 28 of Regulation (EU) 2017/2402 (the “**STS Regulation**”) and The Securitisation (Amendment) (EU Exit) Regulations 2019.

Currently, none of the activities involved in providing an CRR Assessment are endorsed or regulated by any regulatory and/or supervisory authority nor are the PCS Association or PCS EU regulated by any regulator and/or supervisory authority including the Belgian Financial Services and Markets Authority, the United Kingdom Financial Conduct Authority, the French Autorité des Marchés Financiers or the European Securities and Markets Authority.

By assessing the CRR status of any securities or financing, neither the PCS Association nor PCS UK nor PCS EU express any views about the creditworthiness of these securities or financings or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities or financings.

Equally, by completing (either positively or negatively) any CRR status assessment of certain instruments, no statement of any kind is made as to the value or price of these instruments or the appropriateness of the interest rate they carry (if any).

In the provision of any CRR Assessment, PCS has based its decision on information provided directly and indirectly by the originator or sponsor of the relevant securitisation. Specifically, it has relied on statements made in the relevant prospectus or deal sheet, documentation and/or in certificates provided by, or on behalf of, the originator or sponsor in accordance with PCS’ published procedures for the relevant PCS verification or assessment. You should make yourself familiar with these procedures to understand fully how any PCS service is completed. These can be found at <https://pcsmarket.org/> (the “**PCS Website**”). Neither the PCS Association nor PCS UK nor PCS EU undertake their own direct verification of the underlying facts stated in the prospectus, deal sheet, documentation or certificates for the relevant instruments and the completion of any CRR Assessment is not a confirmation or implication that the information provided to it by or on behalf of the originator or sponsor is accurate or complete.

The PCS entities take reasonable measures to ensure the quality and accuracy of the information on www.pcsmarket.org. Article 20.1. The title to the underlying exposures shall be acquired by the SSPE by means of a true sale or assignment or transfer with the same legal effect in a manner that is enforceable against the seller or any other third party. The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller's insolvency.

	<p>PCS Comments</p> <p>Prospectus, SUMMARY OF THE KEY TRANSACTION DOCUMENTS</p> <p>“Mortgage Sale Agreement</p> <p>Portfolio</p> <p>Under a mortgage sale agreement entered into on or around the Closing Date between, among others, the Seller, the Issuer, the Security Trustee and the Servicer (the "Mortgage Sale Agreement"), on the Closing Date the Seller shall, subject to certain conditions being satisfied, sell, assign or otherwise transfer to the Issuer pursuant to the Mortgage Sale Agreement a portfolio of English and Welsh residential mortgage loans each secured by a Mortgage and, where applicable, other Related Security (the "Loans").</p> <p>The Loans and their Related Security comprising the Portfolio will be assigned by way of equitable assignment to the Issuer and this is referred to as the "sale" by the Seller to the Issuer of the Loans and Related Security. The Loans and Related Security and all monies derived therefrom from time to time are referred to herein as the "Portfolio".</p> <p>“Title to the Mortgages, Registration and Notifications</p> <p>The completion of the transfer of the Loans and their Related Security (and, where appropriate, their registration or recording) to the Issuer is, save in the limited circumstances referred to below, deferred. Legal title to the Loans and their Related Security therefore remains with the Seller until the occurrence of a Perfection Event. Notice of the sale of the Loans and their Related Security to the Issuer will not be given to any Borrower until the occurrence of a Perfection Event.”</p> <p>“True sale” is not a legal concept but a rating agency creation.</p> <p>The essence of a “true sale” is that the property in the securitised assets has legally moved from the originator/seller to the SSPE in such a way that the SSPE’s ownership will be recognised as a matter of law, including and especially in the case of the insolvency of the originator/seller. In a “true sale” the insolvency officer and creditors of the insolvent originator/seller are not able to satisfy the claims of the originator/seller’s creditor out of the proceeds of the securitised assets. Following a “true sale” there is no legal device by which the assets can automatically revert to the originator/seller’s ownership. Such automatic reversion is associated with security interests and anathema to a “true sale”.</p> <p>This is clearly stated in the wording of the Regulation (20.1). The expression “transfer to the same effect” indicates that, as long as the conditions in the preceding paragraph are met, the Regulation does not seek to limit the type of legal devices which can be used to effect such transfer of title.</p> <p>The issue of “true sale” is separate from the issue of “clawback”. “Clawback” refers to legal processes through which, in the insolvency of the seller of an asset, an insolvency officer is entitled to</p> <p>reverse the sale – even in cases where a “true sale” has taken place.</p> <p>All European jurisdictions, to PCS’ knowledge, have rules allowing for clawbacks. Clawbacks are usually rules to avoid a company heading towards insolvency from “defrauding” its existing creditors either by selling assets at very low prices (to friends and relations) or unfairly preferring certain creditors over others.</p>	

The Regulation (20.1) therefore does not require STS “true sales” to be clawback proof since this would mean that no European securitisation could ever be STS. It does require the sale not to be subject to “severe clawback”. The Regulation does not define “severe clawback” but gives an example (20.2) where a clawback happens for no reasons. The Regulation (20.3) also explicitly excludes from the definition of “severe clawback” the traditional European basis for such devices which all come under the general category of “preferences”.

PCS further notes that the examples (20.2 and 20.3) refer to the insolvency law of a jurisdiction and therefore believes that clawback risk is to be assessed on a jurisdictional basis rather than on a transactional basis. Finally, PCS does not believe and nor is there any evidence that the legislators or regulatory authorities are seeking to craft a higher standard than that which has been used for decades by the market and was the basis for the legislative text.

Based on the above considerations, PCS believes that transfers from jurisdictions meeting the following criteria – absent any other indications – shall not fall within the definition of “severe clawback”:

- Clawback requires an unfair preference “defrauding” creditors;
- Clawback puts the burden of proof on the insolvency officer or creditors – in other words it cannot be automatic nor require the purchaser to prove their innocence.

Since “severe clawback” is a jurisdictional concept, in analysing this issue PCS will therefore first seek to determine the Originator’s jurisdiction for the purposes of insolvency law. This would be its centre of main interest or “COMI”.

The second step would be to determine whether the relevant COMI contains severe claw back provisions in its insolvency legislation. Although the determination of a COMI can be a technically fraught analysis of international conflicts of law, PCS notes that in the vast majority of securitisations there is no real issue as the COMI is self-evident.

PCS has reviewed the legal opinion of Allen & Overy to its satisfaction .

Article 20.1 [...] The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller's insolvency.

Article 20.2 For the purpose of paragraph 1, any of the following shall constitute severe clawback provisions:

(a) provisions which allow the liquidator of the seller to invalidate the sale of the underlying exposures solely on the basis that it was concluded within a certain period before the declaration of the seller's insolvency;

(b) provisions where the SSPE can only prevent the invalidation referred to in point (a) if it can prove that it was not aware of the insolvency of the seller at the time of sale..

Article 20.3. For the purpose of paragraph 1, clawback provisions in national insolvency laws that allow the liquidator or a court to invalidate the sale of underlying exposures in case of fraudulent transfers, unfair prejudice to creditors or of transfers intended to improperly favour particular creditors over others, shall not constitute severe clawback provisions.

Mortgage Sale Agreement

Title to the Mortgages, Registration and Notifications

The completion of the transfer of the Loans and their Related Security (and, where appropriate, their registration or recording) to the Issuer is, save in the limited circumstances referred to below, deferred. Legal title to the Loans and their Related Security therefore remains with the Seller until the occurrence of a Perfection Event. Notice of the sale of the Loans and their Related Security to the Issuer will not be given to any Borrower until the occurrence of a Perfection Event.

The transfers to the Issuer will be completed by or on behalf of the Seller on or before the 20th Business Day after any of the following Perfection Events occur:

- (a) the Seller being required to perfect legal title to the Loans and/or for the Related Security by an order of a court of competent jurisdiction or by a regulatory authority which has jurisdiction over the Seller or by any organisation of which the Seller is a member, or whose members comprise (but are not necessarily limited to) mortgage lenders and with whose instructions it is customary for the Seller to comply; or
- (b) it becoming necessary by law to do any or all of the acts referred to in paragraph (a) above; or
- (c) the security created under or pursuant to the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee, in jeopardy; or
- (d) the Seller calling for perfection by serving notice in writing to that effect on the Issuer and the Security Trustee; or
- (e) an Insolvency Event occurring in relation to the Seller; or
- (f) it becoming unlawful in any applicable jurisdiction for the Seller to hold legal title in respect of any Loan or its Related Security in the Portfolio; or
- (g) the Seller is in breach of its obligations under the Mortgage Sale Agreement, but only if (i) such breach, where capable of remedy, is not remedied to the reasonable satisfaction of the Security Trustee (acting in accordance with the Deed of Charge) within 90 calendar days and (ii) Moody’s and/or Fitch shall have provided confirmation that the then current ratings of the Notes will be withdrawn, downgraded or qualified as a result of such breach; or

(h) an encumbrancer takes possession or a Receiver is appointed to any part of the undertaking, property and assets of the Seller having an aggregate value in excess of 10% of the total assets of the Seller or a distress, diligence or execution is levied or enforced upon or sued out against any part of the chattels or property of the Seller having an aggregate value in excess of 10% of the total assets of the Seller and, in the case of any of the foregoing events, is not discharged within 30 days and where such attachment materially prejudices the ability of the Seller to observe or perform its obligations under the Transaction Documents or the enforceability or collectability of the Loans,

provided that the provisions of paragraphs (g) and (h) shall (A) not apply if the Seller has delivered a certificate to the Security Trustee that the occurrence of such event does not impact the designation as a 'simple, transparent and standardised' securitisation (within the meaning of the Securitisation Regulation); and (B) be subject to such amendment as the Seller may require so long as the Seller delivers a certificate to the Security Trustee that the amendment of such event does not impact the designation as a 'simple, transparent and standardised' securitisation (within the meaning of the UK Securitisation Regulation). The Security Trustee shall be able to rely on such certificate without further enquiry and without liability to any person.

Criterion 4 requires two steps:

- To determine whether the transfer of the assets is by means of an unperfected assignment; and
- If it is, whether the transaction contains the requisite triggers.

In the absence of any definition of "an assignment perfected at a later stage" in the Regulation or the EBA Guidelines and without additional views from the UK Financial Conduct Authority it is not possible to determine with finality whether an English equitable assignment is "unperfected" within the meaning of the Regulation – as distinguished from the meaning of the English rules of equity.

PCS believes there are good reasons why the Regulation's term of "an assignment perfected at a later stage" does not encompass an English equitable assignment.

However, this is not a question that is required to be answered in the case of the Transaction since, even if equitable assignments are unperfected assignments as defined in the Regulation, the requirements of the criterion are met by the Transaction.

PCS has measured the trigger events against the EBA Guidelines.

20.5(a)

The trigger (h) provided in the Transaction meets these requirements.

20.5(b)

The insolvency trigger (e) is in the Transaction

20.5(c)

The Regulation refers to "unremedied breaches of contractual obligations by the seller, including the seller's default".

PCS notes that neither the Regulation nor the EBA Guidelines specify which contractual obligations are targeted. One can assume that this cannot possibly mean any seller contractual obligation since most financial institutions have millions of contractual obligations under tens of thousands of contracts. It is not conceivable that, in order to protect a securitisation, a transfer could be required resulting from a trivial breach of a totally unrelated contractual provision (e.g. to keep the walls painted on a leased property unconnected to the transaction).

PCS also notes that the Regulation clearly does not say "any breaches of contractual obligations". Therefore, the Regulation must be aiming at an undefined sub-set of contractual obligations. In the absence of any indication in the Regulation or EBA Guidelines as to what this sub-set may be, PCS concludes, until clarification may be provided, that it is up to the originator to define which sub-set of obligations should trigger a possible perfection.

PCS does believe though that the Regulation must be interpreted in a purposive manner – as evidenced by the EBA Guidelines. Therefore, the sub-set of obligations selected by the originator cannot be capricious but should have some connection with the risks that would be run by investors if the seller should encounter a problem prior to perfection of the title.

The unremedied breach trigger(g) is in the Transaction.

Article 20.6. The seller shall provide representations and warranties that, to the best of its knowledge, the underlying exposures included in the securitisation are not encumbered or otherwise in a condition that can be foreseen to adversely affect the enforceability of the true sale or assignment or transfer with the same legal effect.

Article 20.7. The underlying exposures transferred from, or assigned by, the seller to the SSPE shall meet pre-determined, clear and documented eligibility criteria which do not allow for active portfolio management of those exposures on a discretionary basis. For the purpose of this paragraph, substitution of exposures that are in breach of representations and warranties shall not be considered active portfolio management. Exposures transferred to the SSPE after the closing of the transaction shall meet the eligibility criteria applied to the initial underlying exposures.

Neither the Security Trustee nor the Issuer has made or has caused to be made on its behalf any enquiries, searches or investigations, but each is relying entirely on the representations and warranties made by the Seller contained in the Mortgage Sale Agreement..." The EBA Guidelines clarify that "clear" does not mean easily readable or comprehended by a non-expert. In the Regulation a criterion is "clear" when a court or tribunal could determine whether, presumably in all cases, the criterion is met for each asset. In the Regulation, "clear" is about certainty of determination. PCS has read the eligibility criteria in the Prospectus. As they are mandatory, they meet the "predetermined" requirement. As they are in the Prospectus, they meet the "documented" requirement. PCS has also concluded that they allow determination in each case and so meet the "clear" requirement.

If the Call Option is exercised by the Seller, the Issuer will redeem the Collateralised Notes in full on or following the Optional Redemption Date, which is likely to limit the market value of the Notes. See "Early Redemption of the Collateralised Notes" above for more information relating to the Call Option.

These circumstances do not constitute active portfolio management for purposes of Article 20(7) of the UK Securitisation Regulation.

The EBA Guidelines set out seven devices to repurchase securitised assets which are not to be considered indicative of “active portfolio management”. To the extent that a transaction only contains some or all of those seven devices and does not provide any other form of repurchase, then the STS criterion will be met. If the transaction should contain a repurchase device that is not included in the EBA’s list, then an analysis will need to be conducted as to whether this additional device offends against the principles set out in the EBA Guidelines (15.a and b) as defining “active portfolio management”. PCS has reviewed the repurchase devices set out in the Prospectus they are within the allowable repurchase devices.

In the Transaction, the mortgage loans were underwritten on a similar basis, they are being serviced by CCFS on the same platform, they are a single asset class – residential mortgage loans – and, based on the EBA’s suggested approach, the mortgage loans are all originated in the same jurisdiction. PCS also takes comfort from the fact that transactions containing pools with similar characteristics have always been considered to be “homogenous” by a wide consensus of market participants.

Representations and Warranties

(o) the amount outstanding under each Loan is a valid debt to the Seller (as holder of the legal title to the Loan) from the Borrower arising from advances of money to the Borrower and, except for any Loan and its Related Security which is not binding by virtue of UTCCR or Consumer Rights Act, the terms of each Loan and its Related Security constitute valid, binding and legally enforceable obligations of the relevant parties except that (i) enforceability may be limited by bankruptcy, insolvency or other similar laws of general applicability affecting the enforcement of creditors' rights generally and the courts' discretion in relation to equitable remedies and (ii) the warranty only applies in relation to interest and principal payable by the Borrower;

See Prospectus, *THE LOANS*.

Other Characteristics

The Loans comprised in the Provisional Portfolio as at the Reference Date do not include: (i) any transferable securities for purposes of Article 20(8) of the UK Securitisation Regulation; (ii) any securitisation positions for purposes of Article 20(9) of the UK Securitisation Regulation; or (iii) any derivatives for purposes of Article 21(2) of the UK Securitisation Regulation, in each case on the basis that such Loans have been entered into substantially on the terms of similar standard documentation for residential mortgages loans. Since PCS is not a quantitative analysis provider or a credit rating agency, our verification is based on a second-hand analysis which focuses on:</p> <ul style="list-style-type: none"> • A statement in the Prospectus or other document setting out the boundary conditions of the hedging. This should state in effect how far the hedging stretches and under what scenario's it will break. For example, if interbank rates rise above X%. This will provide a common-sense feel for whether, at first glance, the hedging is reasonable. • Risk Factors section of the prospectus to check that no statements refer to the risks of "unhedged positions". This is based on the legal requirement to disclose any relevant information to investors. If the originator or its advisers believed that the hedging in a transaction was unusually light, this should be disclosed in the Risk Section. • The "pre-sale" report from a recognised credit rating agency (if used) so as to identify any issues with hedging. Article 7.1. Without prejudice to Regulation (EU) No 596/2014, the information described in points (f) and (g) of the first subparagraph shall be made available without delay. When complying with this paragraph, the originator, sponsor and SSPE of a securitisation shall comply with national and United Kingdom law governing the protection of confidentiality of information and the processing of personal data in order to avoid potential breaches of such law as well as any confidentiality obligation relating to customer, original lender or debtor information, unless such confidential information is anonymised or aggregated.

In particular, with regard to the information referred to in point (b) the originator, sponsor and SSPE may provide a summary of the concerned documentation.

Competent authorities referred to in Article 29 shall be able to request the provision of such confidential information to them in order to fulfil their duties under this Regulation.

The Issuer will procure that the Cash Manager will prepare the monthly UK Investor Report detailing, inter alia, certain aggregated loan data in relation to the Portfolio as required by and in accordance with Article 7(1)(e) of the UK Securitisation Regulation and the UK Article 7 Technical Standards, and shall procure that the Cash Manager delivers such reports to the Servicer in accordance with the provisions of the Cash Management Agreement.

The Issuer will procure that the Servicer will prepare on a monthly basis certain loan-by-loan information in relation to the Portfolio in respect of each Collection Period as required by and in accordance with Article (1)(a) of the UK Securitisation Regulation and the UK Article 7 Technical Standards (the "UK SR Data Tape").

The Servicer will publish each UK Investor Report and each UK SR Data Tape simultaneously (to the extent required under Article 7(1) of the UK Securitisation Regulation) with the UK Investor Report in a manner consistent with the requirements of Article 7(2) of the UK Securitisation Regulation and, for these purposes, such reports or information shall be made available to the Noteholders, the FCA, the Bank of England, the PRA and/or the Pensions Regulator (or their successors) and, upon request, to potential investors in the Notes, on the European DataWarehouse website at

(or such other website which may be available for such purpose and notified by the Servicer to CCFS, the Issuer, the Cash Manager, the Security Trustee, the Note Trustee, each Rating Agency and the Noteholders from time to time):

(a) any information required to be reported pursuant to Article 17 of Regulation (EU) No. 596/2014 as it forms part of UK law by virtue of the EUWA, Articles 7(1)(f) or 7(1)(g) (as applicable) of the UK Securitisation Regulation without delay and in accordance with the UK Article 7 Technical Standards; and

(b) within 15 days of the issuance of the Notes, copies of the Transaction Documents and this Prospectus.

The Servicer shall make the information referred to in above, including, for the avoidance of doubt, the UK Investor Reports and UK SR Data Tapes, available to the holders of any of the Notes, relevant competent authorities and, upon request, to potential investors in the Notes not later than one month after the Interest Payment Date in relation to which such information was prepared.

To the extent any technical standards prepared under the UK Securitisation Regulation come into effect after the date of this Prospectus and require such reports or information to be published in a different manner or on a different website, the Issuer shall procure that the Servicer complies with the requirements of such technical standards when publishing such reports or information.

In such circumstances, CCFS and the Servicer and (if required and in respect of any changes in relation to the UK Investor Report only) the Cash Manager shall consult in good faith regarding the reporting contemplated under Article 7 of the UK Securitisation Regulation and may agree in writing any changes to the form, content, method of distribution and frequency of the UK Investor Report and UK SR Data Tape to ensure compliance with the requirements of Article 7 of the UK Securitisation Regulation. If any changes are agreed, the Issuer, the Servicer and the Cash Manager may enter for these purposes into any amendment agreement to the Servicing Agreement and/or the Cash Management Agreement as the case may be.

CCFS in its capacity as Reporting Entity will also procure that the private securitisation notification is made, if applicable, to the FCA, the Bank of England, the PRA and/or the Pensions Regulator.

The Issuer confirms that CCFS has made available the draft Transaction Documents and the draft Prospectus as required by Article 7(1)(b) of the UK Securitisation Regulation prior to the pricing of the Notes to the competent authorities and (upon request) to potential investors in the Notes in a manner consistent with the requirements of Article 7(2) of the UK Securitisation Regulation and, the information is made available to the Noteholders, the FCA, the Bank of England, the PRA and/or the Pensions Regulator (or their successors) and, upon request, to potential investors in the Notes, on European DataWarehouse website at
