

FINAL TERMS

Prohibition of Sales to EEA Retail Investors - The Class A Notes of any Note Series are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer who would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (the “**PRIIPs Regulation**”) for offering or selling the Class A Notes of any Note Series or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Class A Notes of any Note Series or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MiFID II Product Governance / Professional investors and eligible counterparties (ECPs) only target market - Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Class A Notes of any Note Series, taking into account the five categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 has led to the conclusion in relation to the type of clients criteria only that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Class A Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Class A Notes of any Note Series (a “**distributor**”) should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Class A Notes of any Note Series (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.
