This prospectus ("**Prospectus**") constitutes a prospectus within the meaning of Article 3(3) of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 (the "**Prospectus Regulation**").

This Prospectus has been approved by the Luxembourg financial regulator (*Commission de Surveillance du Secteur Financier*, the "**CSSF**") in its capacity as competent authority under the Prospectus Regulation. The CSSF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation and the Luxembourg law dated 16 July 2019 on prospectuses for securities (*loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières*) (the "**Prospectus Law**"). Such approval should not be considered as an endorsement of the quality of the Notes that are subject to this Prospectus or an endorsement of the Issuer that is subject to this Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. In the context of such approval, the CSSF neither assumes any responsibility nor gives any undertaking as to the economic and financial soundness of the transaction and the quality or solvency of the Issuer in line with Article 6(4) of the Prospectus Law. The CSSF has neither reviewed nor approved any information in relation to the Class B Notes or the Class C Notes. This Prospectus constitutes a prospectus for the purpose of Article 6(3) of the Prospectus Regulation. This Prospectus shall be valid for use only by the Issuer or others who have obtained the Issuer's consent for a period of up to twelve (12) months after its approval by the CSSF and shall expire on 20 June 2026 at the latest. It is noted that the obligation to supplement the Prospectus in the event of significant new factors, material mistakes or material inaccuracies does not apply when the Prospectus is no longer valid. For this purpose, "valid" means valid for making offers to the public or admission to trading on a regulated market by or with the consent of the Issuer and the obligation to supplement the Prospectus is only required within its period of validity between the time when the Prospectus is approved and the time when trading on a regulated market begins.

Application has been made for listing on the official list of the Luxembourg Stock Exchange and for admission to trading of the Class A Notes on the regulated market (segment for professional investors) of the Luxembourg Stock Exchange on or around the Closing Date. The Luxembourg Stock Exchange's regulated market is a regulated market for the purpose of MiFID II. This Prospectus will be published in electronic form on the website of the Luxembourg Stock Exchange (www.luxse.com) (the information on such website does not form part of the Prospectus and has not been scrutinised or approved by the CSSF in accordance with Article 10 of Delegated Regulation (EU) 2019/979).

Closing Date	The Issuer will issue the Notes in the classes set out above on 24 June 2025 (or such later date as may be agreed between the Issuer, the Manager and the Seller) (the " Closing Date ").
Underlying Assets	The Issuer will make payments on the Notes in accordance with the relevant Priority of Payments from, <i>inter alia</i> , payments of principal and interest received from a portfolio comprising mortgage loans originated by the Seller and secured over residential properties located in the Netherlands. Legal title to the Mortgage Receivables resulting from such mortgage loans will be assigned by the Seller to the Issuer on the Closing Date and, subject to certain conditions being met, on any Notes Payment Date up to but excluding the First Optional Redemption Date. See section 7.1 (<i>Purchase, repurchase and sale</i>).
Security for the Notes	The Noteholders will, together with the other Secured Creditors, benefit from security rights created in favour of the Security Trustee over, <i>inter alia</i> , the Mortgage Receivables and the Issuer Rights (see section 4.7 (<i>Security</i>)).
Denomination	The Notes will have a minimum denomination of EUR 100,000.

Form	The Notes will be in bearer form. The Notes will be represented by Global Notes, without coupons attached. Interests in the Global Notes will only in limited circumstances be exchangeable for Notes in definitive form.
Interest	The Class A Notes will carry the rates of interest as set out above, payable in arrear on each Notes Payment Date. See further Condition 4 (<i>Interest</i>). The Class B Notes and the Class C Notes do not carry interest.
Redemption Provisions	Payments of principal on the Notes will be made in arrear on each Notes Payment Date in the circumstances set out in, and subject to and in accordance with the Conditions. The Notes will mature on the Final Maturity Date. On the First Optional Redemption Date and each Notes Payment Date thereafter and in certain other circumstances, the Issuer will have the option to redeem all of the Mortgage-Backed Notes. See further section 4.1 (<i>Terms and Conditions</i>) and Condition 6 (<i>Redemption</i>).
Subscription and Sale	The Manager (or its affiliates) has agreed with the Issuer, subject to certain conditions precedent being satisfied, to purchase at the Closing Date the Class A Notes. Furthermore, the Seller has agreed with the Issuer, subject to certain conditions precedent being satisfied, to purchase at the Closing Date the Class B Notes and the Class C Notes.
Credit Rating Agencies	<p>Each of the Credit Rating Agencies is established in the European Union and is registered under the CRA Regulation. As such, each of the Credit Rating Agencies is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at https://www.esma.europa.eu/supervision/credit-rating-agencies/risk) in accordance with the CRA Regulation.</p> <p>In the United Kingdom, pursuant to the Credit Rating Agencies (Amendment etc.) (EU Exit) Regulations 2019, SI 2019/266 ("CRAR"), such credit ratings (if issued) are expected to be endorsed by DBRS Ratings Limited or Fitch Ratings Limited, as applicable, each being a credit rating agency established in the United Kingdom and registered by the United Kingdom Financial Conduct Authority ("FCA") pursuant to the CRAR. See further section 4.4. (<i>Regulatory and Industry Compliance – CRA Regulation</i>).</p>
Ratings	<p>Credit ratings are expected to be assigned to the Class A Notes as set out above, on or before the Closing Date. The credit rating assigned by Fitch addresses the likelihood of: (a) full and timely payment of interest, but for the avoidance of doubt, does not address the payment of the Class A Excess Consideration due to the Class A Noteholders on each Notes Payment Date after the First Optional Redemption Date; and (b) full payment of principal by a date that is not later than the Final Maturity Date. The credit rating assigned by Morningstar DBRS addresses the full and timely payment of interest and the ultimate payment of principal to the Class A Noteholders by a date that is not later than the Final Maturity Date, but for the avoidance of doubt, does not address the payment of the Class A Excess Consideration, and the expected financial loss suffered in the event of default. The Class B Notes and the Class C Notes are not rated.</p> <p>The assignment of a credit rating to the Class A Notes is not a recommendation to invest in the Class A Notes. Such credit rating may be reviewed, revised, suspended or withdrawn at any time. Any such review, revision, suspension or withdrawal could adversely affect the market value of the Class A Notes.</p>
Listing	Application has been made for listing on the official list of the Luxembourg Stock Exchange and for admission to trading of the Class A Notes on the regulated market (segment for professional investors) of the Luxembourg Stock Exchange. The Class B Notes and the Class C Notes will not be listed.

Eurosystem Eligibility	<p>The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility and the Class A Notes are intended upon issuance to be deposited with Euroclear or Clearstream, Luxembourg as common safekeeper. It does not necessarily mean that the Class A Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issuance or at any or all times during their life. Such recognition will depend upon, among other things, satisfaction of the Eurosystem eligibility criteria, which criteria will include the requirement that loan-level information shall be made available to investors by means of the SR Repository designated pursuant to Article 10 of the EU Securitisation Regulation, in accordance with the final disclosure templates as adopted in the final regulatory technical standards and final implementing technical standards pursuant to Article 7(4) of the EU Securitisation Regulation. It has been agreed in the Servicing Agreement that the Issuer Administrator shall use its best efforts to make such loan-level information available on a quarterly basis within one month after each Notes Payment Date, for as long as such requirement is effective and to the extent it has such information available. The Class B Notes and the Class C Notes are not intended to be held in a manner which will allow their Eurosystem eligibility.</p>
STS Securitisation	<p>The securitisation transaction described in this Prospectus is intended to qualify as an STS securitisation within the meaning of Article 18 of the EU Securitisation Regulation. Consequently, the securitisation transaction will be notified by the Seller on or prior to the Closing Date to be included in the STS Register published by ESMA referred to in Article 27(5) of the EU Securitisation Regulation. The STS notification, once notified to ESMA, will be available for download on the website of the STS Register of ESMA at https://registers.esma.europa.eu/publication/searchRegister?core=esma_registers_stsre.</p> <p>The Seller uses the service of PCS, a third party authorised pursuant to Article 28 of the EU Securitisation Regulation, to verify whether the securitisation transaction described in this Prospectus complies with the requirements of Articles 19 to 22 of the EU Securitisation Regulation in order to qualify as an STS securitisation and the compliance with such requirements is expected to be verified by PCS on the Closing Date. No assurance can be provided that the securitisation transaction described in this Prospectus does or will continue to qualify as an STS securitisation under the EU Securitisation Regulation at the Closing Date or at any point in time in the future. None of the Issuer, the Issuer Administrator, the Seller, the Originator, the Manager, the Arranger, the Security Trustee, the Servicer nor any of the other transaction parties makes any representation or accepts any liability for the securitisation transaction described in this Prospectus to qualify as an STS securitisation under the EU Securitisation Regulation or the UK Securitisation Framework at the Closing Date or at any point in time in the future.</p> <p>It is noted that the securitisation transaction described in this Prospectus can also qualify as a UK STS securitisation under the UK Securitisation Framework until maturity, provided that the securitisation transaction is included before and up to 30 June 2026 and remains included in the list published by ESMA and continues to meet the requirements of Articles 19 to 22 of the EU Securitisation Regulation. No separate UK STS notification will be submitted.</p> <p>See further section 1 (<i>Risk Factors - Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes</i>) and section 4.4 (<i>Regulatory and Industry Compliance</i>).</p>
Limited recourse obligations	<p>The Notes will be limited recourse obligations of the Issuer alone and will not be the obligations of, or guaranteed by, or be the responsibility of, any other entity. The Issuer will have limited sources of funds available. See section 1 (<i>Risk Factors</i>).</p>
Subordination	<p>The Class A Excess Consideration payable to the Class A Noteholders will, in accordance with the relevant Priority of Payments, be subordinated to payments of a higher order of priority</p>

	<p>including, but not limited to, any amount necessary to: (i) make good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero; and (ii) replenish the Reserve Fund up to the amount of the Reserve Account Required Amount and may be limited as more fully described in section 4.1 (<i>Terms and Conditions</i>).</p> <p>The right to payment of principal on the Class B Notes will, in accordance with the relevant Priority of Payments, be subordinated to principal and interest amounts, and after the First Optional Redemption Date, the Class A Excess Consideration, payable in respect of the Class A Notes, if applicable, and may be limited as more fully described in section 4.1 (<i>Terms and Conditions</i>).</p> <p>The right to payment of principal on the Class C Notes will, in accordance with the Revenue Priorities of Payments, be subordinated to payments of interest amounts in respect of the Class A Notes and, subordinated to, <i>inter alia</i>, payments of principal on the Class A Notes and the Class B Notes (in the case of any shortfall reflected on the Principal Deficiency Ledger) and after the First Optional Redemption Date, the Class A Excess Consideration, payable in respect of the Class A Notes if applicable, and, upon enforcement in accordance with the Pre-First Optional Redemption Date Post-Enforcement Priority of Payments, the right to payment of principal on the Class A Notes and the Class B Notes and the right of payment of interest on the Class A Notes and may be limited as more fully described in section 4.1 (<i>Terms and Conditions</i>).</p>
Retention and Information Undertaking	<p>The Seller, in its capacity as the "originator" as defined in the EU Securitisation Regulation, has undertaken in the relevant Note Purchase Agreement to the Manager, the Issuer and the Security Trustee to retain, on an ongoing basis, a material net economic interest of not less than five (5) per cent. in the securitisation transaction described in this Prospectus in accordance with Article 6(1) of the EU Securitisation Regulation and in accordance with UK SECN 5 (as if it were applicable to it and as in force on the Closing Date).</p> <p>As at the Closing Date, such material net economic interest is retained in accordance with Article 6(3)(d) of the EU Securitisation Regulation and UK SECN 5.2.8R (1)(d) (as in force on the Closing Date) by the retention of the Retention Notes, representing an amount of at least five (5) per cent. of the nominal value of the securitised exposures.</p> <p>In addition to the information set out herein and forming part of this Prospectus, the Seller, as designated entity under Article 7(2) of the EU Securitisation Regulation, has undertaken to make available materially relevant information to investors in accordance with and as required pursuant to Article 7 of the EU Securitisation Regulation so that investors are able to verify compliance of the securitisation transaction described in this Prospectus with Article 6 of the EU Securitisation Regulation. Each prospective investor should ensure that it complies with the EU Securitisation Regulation and the UK Securitisation Framework to the extent applicable to it (see the risk factor entitled "<i>Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes</i>" under "<i>Reporting Requirements under the Securitisation Regulation</i>").</p> <p>The Issuer Administrator on behalf of the Issuer will, also on behalf of the Seller, prepare Investor Reports wherein relevant information with regard to the Mortgage Loans and Mortgage Receivables will be disclosed publicly together with the retention of the material net economic interest by the Seller. The Investor Reports will be made available to Noteholders, to the competent authorities referred to in Article 29 of the EU Securitisation Regulation and, upon request, to potential investors, on the website of European DataWarehouse GmbH (the "SR Repository") in accordance with Article 7(2) of the EU Securitisation Regulation. See section 4.4 (<i>Regulatory and Industry Compliance</i>). For further information on the requirements referred to above and the corresponding risks (including the risks arising from the current</p>

	absence of any corresponding final technical standards to assist with the interpretation of the requirements), see the risk factor entitled " <i>Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes</i> ". Each (prospective) investor should ensure that it complies with the EU Securitisation Regulation and the UK Securitisation Framework to the extent applicable to it.
U.S. Risk Retention	The Seller, the Issuer and the Manager intend to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions that meet certain requirements. Consequently, the Notes may not be purchased by any persons that are "U.S. persons" as defined in the U.S. Risk Retention Rules. Prospective investors should note that the definition of "U.S. person" in the U.S. Risk Retention Rules is different from the definition of "U.S. person" in Regulation S.
Volcker Rule	The Notes offered hereby have not been and will not be registered under the Securities Act or any state securities laws, nor has the Issuer been registered under the U.S. Investment Company Act of 1940, as amended (the " Investment Company Act "). The Issuer is being structured so as not to constitute a "covered fund" for purposes of regulations adopted under Section 13 of the U.S. Bank Holding Company Act of 1956, as amended (commonly known as the " Volcker Rule "). The Issuer is of the view that it is not now and immediately following the issuance of the Notes and the application of the proceeds thereof it will not be, a "covered fund" as defined in the regulations adopted under the Volcker Rule. In reaching this conclusion, although other statutory or regulatory exemptions under the Investment Company Act and under the Volcker Rule and its related regulations may be available, this conclusion is based on the determination that the Issuer may rely on the "loan securitisation exclusion" to be excluded from the definition of "covered fund" under the Volcker Rule. Any prospective investor in the Notes, including a bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding the Volcker Rule and its effects.

Given the complexity of the terms and conditions of the Notes, an investment in the Notes is suitable only for experienced and financially sophisticated investors who understand and are in a position to evaluate the merits and risks inherent thereto and who have sufficient resources to be able to bear any losses which may result from such investment.

For a discussion of the significant factors affecting investments in the Notes, see section 1 (*Risk Factors*) herein.

Any website referred to in this Prospectus is for information purposes only and does not form part of this Prospectus and has neither been scrutinised nor approved by the CSSF.

Unless otherwise indicated in this Prospectus or the context otherwise requires, capitalised terms used in this Prospectus have the meanings ascribed thereto in section 9.1 (Definitions) of the Glossary of Defined Terms set out in this Prospectus. The principles of interpretation set out in section 9.2 (Interpretation) of the Glossary of Defined Terms in this Prospectus shall apply to this Prospectus.

1. RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. Most of these factors and events are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risk associated with the Notes are also described below as at the date of this Prospectus.

The risk factors are presented in a limited number of categories depending on their nature. In each category, the most material risk factors are listed in a manner that is consistent with the Issuer's assessment of the materiality of the risk factors based on the probability of their occurrence and the expected magnitude of their negative impact. The Issuer may face a number of these risks described below simultaneously and some risks described below may be interdependent.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons which may not be considered significant risks by the Issuer. Other risks, events, facts or circumstances not included in this Prospectus, not presently known to the Issuer or that the Issuer currently deems to be not material enough, could, individually or cumulatively, prove to be important and may have a significant negative impact on the Issuer's business, financial condition, results of operations and prospects. Prospective investors should carefully read and review the entire Prospectus and should form their own views prior to making any investment decision.

The Notes are complex financial products. Investors in the Notes must be able to make an informed assessment of the Notes, based upon full knowledge and understanding of the facts and risks. Investors must determine the suitability of that investment in light of their own circumstances. The following factors might affect an investor's ability to appreciate the risk factors outlined in this section 1 (Risk Factors), placing such investor at a greater risk of receiving a lesser return on its investment if:

- (i) such an investor does not have sufficient knowledge and experience to make a meaningful evaluation of the Notes and the merits of investing in the Notes in light of the risk factors outlined in this section 1 (Risk Factors);*
- (ii) such an investor does not have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, the significance of these risk factors and the impact the Notes will have on its overall investment portfolio;*
- (iii) such an investor does not have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the investor's currency;*
- (iv) such an investor does not understand thoroughly the terms of the Notes and is not familiar with the behaviour of any relevant indices in the financial markets (including the risks associated therewith) as such investor is more vulnerable to any fluctuations in the financial markets generally; and*
- (v) such an investor is not able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.*

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should consult its own legal advisers to determine whether and to what extent (1) the Notes are legal investments for such prospective investor, (2) the Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to such prospective investor's purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk based

capital or similar rules. A failure to consult advisers or regulators may lead to damages being incurred or a breach of applicable law by such investor.

Various factors that may affect the Issuer's ability to fulfil its obligations under the Notes are categorised below as either: (i) risks relating to the Issuer; (ii) risks relating to the Notes; (iii) risks relating to the Mortgage Receivables and the Security; (iv) risks relating to interest rate and hedging; and (v) regulatory and tax risks relating to the Notes, in each case which are material for the purpose of making an informed investment decision with respect to the Notes. Several risks may fall into more than one of these categories and investors should therefore not conclude from the fact that a risk factor is discussed under a specific category that such risk factor could not also fall and be discussed under one or more other categories.

1.1. RISKS RELATING TO THE ISSUER

The Issuer has limited resources available to meet its payment obligations

The ability of the Issuer to meet its obligations to pay principal and interest on the Notes and its operating and administrative expenses is dependent solely on:

- (a) receipts of payments under the Mortgage Receivables or the Mortgage Receivables Purchase Agreement;
- (b) the proceeds of the sale of any Mortgage Receivables;
- (c) amounts standing to the credit of the Reserve Account;
- (d) receipts under the Cash Advance Facility Agreement;
- (e) receipts under the Subordinated Loan Agreement;
- (f) receipts under the Interest Rate Cap Agreement, other than Interest Rate Cap Collateral; and
- (g) receipts of interest in respect of the balances standing to the credit of the Issuer Accounts.

The Issuer does not have other resources available. There can be no assurance that the Issuer will have sufficient funds to meet its payment obligations. If such funds are insufficient, the Issuer may not be able to repay the Noteholders in full. This may lead to losses under the Notes.

The Notes will be the obligations of the Issuer only

The Notes will be solely the obligations of the Issuer. The Notes will not be obligations or responsibilities of, or guaranteed by, any of the transaction parties (other than the Issuer). No person or entity other than the Issuer will accept any liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes. None of the counterparties of the Issuer (other than the Cash Advance Facility Provider, subject to the terms of the Cash Advance Facility Agreement, the Subordinated Loan Provider, subject to the terms of the Subordinated Loan Agreement and the Interest Rate Cap Provider, subject to the terms of the Interest Rate Cap Agreement) has an obligation to provide additional funds to the Issuer and none of the counterparties are liable if the Issuer is unable to pay any amount due under the Notes. This may lead to losses under the Notes.

Noteholders have limited recourse against the Issuer

Each of the Noteholders and other Secured Creditors will only have recourse against the Issuer through the Security Trustee in accordance with the relevant Priority of Payments set out in this Prospectus and the Trust Agreement. If the Security has been fully enforced and the proceeds are insufficient to pay in full all amounts whatsoever due in respect of a Class of Notes, the Noteholders of such Class will have no further claim against the Issuer or the Security Trustee in respect of such amounts. This may lead to losses under the Notes.

Counterparties may default

The Issuer is for the performance of its obligations fully dependent on its counterparties. Counterparties to the Issuer under the Transaction Documents, including the Seller, may not (properly) perform their obligations under the Transaction Documents, which may result in the Issuer not being able to meet its obligations under the Notes. This may lead to losses under the Notes, as the Issuer may have incorrect information, insufficient funds available to fulfil its obligations under the Notes or available funds may not be applied in accordance with the Transaction Documents.

In addition, due to the dependency on the performance of the relevant counterparties of their obligations in connection with this securitisation transaction, a deterioration of the credit quality of any of these counterparties might have an adverse effect on the ratings of the Class A Notes.

1.2. RISKS RELATING TO THE NOTES

1.2.1. Credit risks related to the Notes

Credit Risk

The Issuer is subject to the risk of default in payment by the Borrowers and the failure by the Servicer to realise or recover sufficient funds under the arrears and default procedures in respect of the relevant Mortgage Loans in order to discharge all amounts due and owing by the relevant Borrowers under the relevant Mortgage Loans. For instance, Borrowers may fail to meet the payment obligations under their mortgage loans as a result of increased interest rates, higher energy costs or rising inflation, which could lead to a rise in arrears and subsequent losses on the Mortgage Loans.

This risk may affect the Issuer's ability to make payments on the Notes. There is no assurance that the relevant credit enhancement features, which are described in section 5 (*Credit Structure*), will protect the holders of any Class against all risks of losses and therefore there remains a risk that the Issuer will not have sufficient funds available to fulfil its payment obligations under the Notes.

Furthermore, the Issuer runs the risk of a shortfall of funds on any Notes Payment Date as a result of payments being made late by Borrowers. This risk may adversely affect the Issuer's ability to make payments on the Notes. There can be no assurance that liquidity provided pursuant to the Cash Advance Facility Agreement and the Reserve Account will protect the Noteholders in full against this risk. See section 5 (*Credit Structure*). Repayment of amounts drawn under the Cash Advance Facility Agreement ranks higher than payments under the Notes, subject to the relevant Priority of Payments.

Subordination

The Classes of Notes, other than the Class A Notes, are subordinated, meaning that Noteholders of any Class or Classes of Notes with a lower payment priority bear a greater credit risk than any Class of Notes with a higher payment priority than such Class or Classes of Notes. To the extent set forth in Condition 9 (*Subordination and Limited Recourse*), payments on any Class of Notes are subordinated to payments of higher ranking Classes of Notes as more fully described herein under section 4.1 (*Terms and Conditions*) and section 5 (*Credit Structure*) below.

The right to payment of principal on the Class B Notes will be subordinated to principal and interest amounts, and after the First Optional Redemption Date, and the Class A Excess Consideration, payable in respect of the Class A Notes, if applicable, and may be limited as more fully described in section 4.1 (*Terms and Conditions*).

The right to payment of principal on the Class C Notes will, in accordance with the Revenue Priorities of Payments, be subordinated to payments of interest amounts in respect of the Class A Notes and, subordinated to, *inter alia*, payments of principal on the Class A Notes and the Class B Notes (in the case of any shortfall reflected on the Principal Deficiency Ledger) and after the First Optional Redemption Date, the Class A Excess Consideration, payable in respect of the Class A Notes if applicable, and, upon enforcement in accordance

with the Pre-First Optional Redemption Date Post-Enforcement Priority of Payments, the right to payment of principal on the Class A Notes and the Class B Notes and the right of payment of interest on the Class A Notes and may be limited as more fully described in section 4.1 (*Terms and Conditions*).

If, upon default by the Borrowers, the Issuer does not receive the full amount due in respect of such Mortgage Loans from the Borrowers, Noteholders may receive by way of principal repayment on the Notes an amount less than the Principal Amount Outstanding on their Notes and the Issuer may be unable to pay in full interest due on the Notes, to the extent set forth in Condition 9 (*Subordination and Limited Recourse*). On any Notes Payment Date, any such losses on the Mortgage Loans will be allocated as described in section 5 (*Credit Structure*) below.

If the Issuer will not have sufficient funds available to fulfil its obligations under the Notes, the Noteholders of any Class of Notes subordinated to any Class of Notes with a higher payment priority than such Class or Classes of Notes will sustain a higher loss than the Noteholders of such higher ranking Class of Notes. Noteholders should note that the risk described in this risk factor amplifies the credit risks described in the other risk factors setting out the possible consequence of the Issuer having insufficient funds available to fulfil its payment obligations under the Notes. This may lead to losses under any such subordinated Notes.

Part of the amounts payable in respect of the Class A Notes after the First Optional Redemption Date is subordinated to certain other payments

Interest on the Class A Notes for each Interest Period from and including the First Optional Redemption Date will accrue at a floating rate equal to the sum of the three-month EURIBOR up to the EURIBOR Agreed Rate plus the margin for the Class A Notes.

In addition thereto, the Class A Noteholders will in accordance with the relevant Priority of Payments, on a *pro rata* and *pari passu* basis and in accordance with the Principal Amount Outstanding of the Class A Notes, after the First Optional Redemption Date, be entitled to the Class A Excess Consideration and the Class A Additional Amounts which will accrue for each Interest Period from and including the First Optional Redemption Date, if available.

Class A Excess Consideration

The Class A Excess Consideration will be subordinated to payments of a higher order of priority including, but not limited to, any amount necessary to: (i) make good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero; and (ii) replenish the Reserve Fund up to the amount of the Reserve Account Required Amount.

After the First Optional Redemption Date, on any Notes Payment Date, the Available Principal Funds shall be applied by the Issuer in accordance with the Redemption Priority of Payments towards satisfaction of the Class A Excess Consideration Revenue Shortfall due on such Notes Payment Date to the holders of the Class A Notes (or such holders as determined immediately prior to the redemption in full of the Class A Notes). The Issuer shall debit the Class B Principal Deficiency Ledger with an amount equal to the Class A Excess Consideration Revenue Shortfall (which is applied towards payment of Class A Excess Consideration).

As a consequence of the subordination there is an increased risk that the Available Revenue Funds will not be sufficient to pay the amounts of Class A Excess Consideration due, if any, on a Notes Payment Date. This may lead to losses under the Notes. See further section 5 (*Credit Structure*).

1.2.2. Market and liquidity risks related to the Notes

Absence of secondary market and lack of liquidity in the secondary market may adversely affect the market value of the Notes

There is not, at present, any active and/or liquid secondary market for any Class of Notes. None of the Notes have been, or will be, registered under the Securities Act or any other applicable securities laws and they are

subject to certain restrictions on the resale and other transfer thereof as set out under section 4.3 (*Subscription and Sale*). There can be no assurance that such market will develop or, if a secondary market does develop, that it will provide the holders of the Notes with liquidity or that such liquidity will continue. A decrease in liquidity of the Notes may cause an increase in the volatility associated with the price of the Notes. Investors may not be able to sell their Notes at prices that will provide them with a yield comparable to similar investments that have a liquid secondary market.

The secondary market for mortgage-backed securities has experienced significant disruptions resulting from reduced investor demand for such securities. This has had a material adverse impact on the market value of mortgage-backed securities similar to the Notes and resulted in the secondary market for mortgage-backed securities experiencing very limited liquidity. These conditions may improve, continue or worsen in the future. Limited liquidity in the secondary market has had and may continue to have an adverse effect on the market value of mortgage-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors. The recent energy crisis, high inflation and geopolitical events like the conflicts in the Middle East, escalation of the war in Ukraine, tensions between the US and China, bank instability in the US and the (consequences of) imposed tariffs may have a further adverse effect on the secondary market for mortgage-backed securities and market value of mortgage-backed securities.

In addition, potential investors in the Notes should be aware of the prevailing global credit market conditions (which continue at the date of this Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Notes. In particular, it should be noted that the market for the Notes is likely to be affected by any restructuring of sovereign debt by Member States of the EU that have adopted the single currency in accordance with the Treaty establishing the European Community (signed in Rome on 25 March 1957) as amended (the Eurozone). Such lack of liquidity may result in investors suffering losses on the Notes in secondary trades even if there is no decline in the performance of the portfolio. The Issuer cannot predict whether these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Notes and investments similar to the Notes at that time.

Whilst central bank schemes such as the ECB liquidity scheme provide an important source of liquidity in respect of eligible securities, restrictions in respect of the relevant eligibility criteria for eligible collateral which apply and will apply in the future under such facilities are likely to adversely impact secondary market liquidity for mortgage-backed securities in general.

The absence of a listing of the Class A Notes may lead to decrease of the market value of the Notes

Application has been made to the Luxembourg Stock Exchange for the Class A Notes to be admitted to listing on or about the Closing Date. Once admitted to trading on the Luxembourg Stock Exchange, there is a risk that the Class A Notes will no longer be listed and that, consequently, investors may not be able to sell their notes readily. The market value of the Class A Notes may therefore decrease. This could adversely affect a Noteholder's ability to sell the Notes and/or the price an investor receives for such Notes in the secondary market. As a result, prospective investors should be aware that they may not be able to sell or suffer a loss if they sell any of the Notes on the secondary market for such Notes and such Notes are no longer listed.

Defaulted Mortgage Receivables

The ability of the Issuer to repay the full amount under the Notes will depend on, among other things, the proceeds of the Mortgage Receivables. The Borrowers may default on their obligations due under the Mortgage Receivables for a variety of financial and personal reasons. These could include loss or reduction of earnings and other similar factors which may, individually or in combination, lead to an increase in delinquencies by and bankruptcies of Borrowers. Certain national and international macroeconomic factors (including but not limited to factors linked to the war in Ukraine) may also contribute to or hinder the economic health of a Borrower and thus the economic performance of the Mortgage Loans.

In addition, the Mortgage Receivables are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of

interest and principal, such as changes in the national or international economic climate (including but not limited to factors linked to the war in Ukraine), higher energy costs, rising inflation, increased interest rates, regional economic or real estate conditions, changes in tax laws, changes in mortgage lender conduct codes and prevailing underwriting and servicing criteria, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies, widespread health crises (such as a pandemic or epidemic), government policies, action or inaction in response to such crises or such potential crises, and/or the fear of any such crises. Other factors in Borrowers' individual, personal or financial circumstances may affect the ability of Borrowers to make the required payments under the Mortgage Receivables. Loss of earnings, illness, divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies (*faillissementen*) of Borrowers or the Borrowers becoming subject to debt rescheduling arrangements (*schuldsaneringsregelingen*) or suspension of payments (*surseance van betaling*), and could ultimately have an adverse impact on the ability of Borrowers to make the required payments under the Mortgage Receivables. In addition, the ability of a Borrower to sell a Mortgaged Asset at a price sufficient to repay the amounts outstanding under that Mortgage Receivable will depend upon a number of factors, including the availability of buyers for that Mortgaged Asset, the value of that Mortgaged Asset and property values in general at the time.

1.2.3. Reliance on counterparties and third parties and related risks

Risk that the Issuer will not exercise its right to redeem the Mortgage-Backed Notes on an Optional Redemption Date

There can be no assurance that the Issuer will redeem the Mortgage-Backed Notes on the First Optional Redemption Date or on any subsequent Optional Redemption Date pursuant to Condition 6(e) (*Redemption - Optional Redemption*). The exercise of such right will, *inter alia*, depend on the ability of the Issuer to have sufficient funds available, for example through a sale of Mortgage Receivables.

As a consequence hereof, from and including the Optional Redemption Date falling in January 2032, there is a risk that the Class B Notes will not be redeemed in part or in full on an Optional Redemption Date but will be discharged in accordance with the Conditions and the Class B Noteholders may receive by way of principal repayment on the Class B Notes no repayment or an amount less than the Principal Amount Outstanding of their Class B Notes (less the relevant Principal Shortfall) and thus suffer a loss. In addition, if a Meeting of Class A Noteholders sanctions a purchase price which is lower than an amount sufficient to redeem the Class A Notes in full and to pay any unpaid interest and unpaid Class A Excess Consideration thereon in accordance with the Conditions, this will be binding on all Class A Noteholders (including those that voted against such lower purchase price) and consequently the Class A Noteholders might suffer a loss.

In addition, the ability of the Issuer to redeem all of the Notes on the Final Maturity Date in full and to pay all amounts due to the Noteholders, including after the occurrence of an Event of Default, may depend upon whether the collections under the Mortgage Receivables are sufficient to redeem the Notes. If such collections are not sufficient to redeem the Notes in full, this may lead to losses under the Notes.

Risk that the Seller fails to comply with its repurchase obligations

Should any of the Mortgage Loans and the Mortgage Receivables not comply with the Mortgage Loan Criteria, including in the case of non-compliance with the representations and warranties made by the Seller on the Signing Date and the Closing Date and in respect of Further Advances and Substitute Receivables on the relevant Notes Payment Date, the Seller will, if the relevant breach cannot be remedied, be required to repurchase the relevant Mortgage Receivables (see section 7.1 (*Purchase, Repurchase and Sale*) below). Should the Seller fail to take the appropriate action and fail to indemnify the Issuer for the losses incurred, this may have an adverse effect on the ability of the Issuer to make payments under the Notes. This may lead to losses under the Notes.

The application of the Recovery and Resolution Directive and Single Resolution Mechanism Regulation may impact the performance by counterparties of the Issuer of obligations towards the Issuer

European Resolution regime

The BRRD and the Single Resolution Mechanism Regulation grant a broad set of resolution powers to the resolution authorities in relation to distressed credit institutions and investment firms. These resolution tools include the ability for the resolution authorities to force, in certain circumstances of distress, the sale of a credit institution's business or its critical functions, the separation of assets, the sale of shares of a credit institution to a third party, the replacement or substitution of the credit institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including amending the maturity date, any interest payment date or the amount of interest payable and/or imposing a temporary suspension of payments) and/or discontinue the listing and admission to trading of debt instruments issued by the credit institution.

Belgian Bank Recovery and Resolution regime

Under the Belgian bank recovery and resolution regime, the supervisory authorities are able to take a number of measures (*herstelmaatregelen / mesures de redressement*) in respect of any credit institution it supervises if deficiencies in such credit institution's operations are not adequately remedied. Such measures include, among other things, the imposition of additional requirements in terms of own funds, solvency, liquidity, risk concentration, reporting and the imposition of other limitations, requesting limitations on variable remuneration or the imposition of the reservation of distributable profits or the suspension of discretionary payments. If these measures are not complied with by the credit institution, or if the credit institution's situation has not improved after implementation of such measures, the supervisory authorities can take exceptional measures (*uitzonderlijke herstelmaatregelen / mesures de redressement exceptionnelles*). Such measures include: the appointment of a special commissioner whose consent is required for all or some of the decisions taken by the institution's corporate bodies; the requirement to replace all or some of the institution's directors or managers or the appointment of interim directors or managers, the imposition to hold a shareholders meeting with a determined agenda; the complete or partial suspension or prohibition of the institution's activities (including the total or partial suspension of existing contracts); the requirement to transfer all or part of the institution's participations in other companies; the requirement to transfer all or part of the institution's business or network; and revocation of the institution's licence.

Furthermore, the relevant supervisory authority, being either the ECB or the National Bank of Belgium can impose specific measures on an important financial institution (including the Seller, and whether systemic or not) when such supervisory authority is of the opinion that: (a) such financial institution has an unsuitable risk profile; or (b) the policy of the financial institution can have a negative impact on the stability of the financial system.

The application of a resolution tool and/or (exceptional) measures (*((uitzonderlijke) herstelmaatregelen / mesures de redressement (exceptionnelles))*) (including in the case of derivatives transactions, powers to close-out such transactions or suspend any rights to close-out such transactions) by the competent resolution / supervisory authority could, *inter alia*, impact the business of "mortgage lending", including the transfer of the Mortgage Receivables. This could have an impact on the securitisation transaction (including on the derivatives transactions entered into in respect of such securitisation transaction) described in this Prospectus and the rights and obligations of the Seller or the Servicer set forth herein, for example with regard to Substitute Receivables and Further Advance Receivables.

If at any time any such powers are used by the ECB or the National Bank of Belgium and/or the competent resolution authority in relation to a counterparty of the Issuer, this could result in losses to the Notes or otherwise affect the rights of Noteholders and/or could affect the credit ratings assigned to the Notes.

The Security Trustee may agree to modifications, waivers or authorisations without the Noteholders' prior consent

The Security Trustee may agree, in accordance with the Conditions and subject to certain conditions being met, without the consent of the Noteholders, to certain modifications of the Trust Agreement, the Notes and the other Transaction Documents, including without limitation any modification in order to enable the Issuer and/or the Interest Rate Cap Provider to comply with any requirements which apply to it (or, in respect of the UK Securitisation Framework, which it has contractually agreed to comply with) under EMIR, under MiFID II, under the AIFMD, under the EU Securitisation Regulation or the UK Securitisation Framework and/or for the securitisation transaction to qualify as an STS securitisation within the meaning of Article 18 of the EU Securitisation Regulation, under Article 243 of the CRR, under the Benchmarks Regulation and under the CRA Regulation. Any such modification, waiver, consent, authorisation of any breach or proposed breach is binding on the Noteholders and, if the Security Trustee so requires or, if it relates to a modification of any of the Priorities of Payments, such modification, waiver, consent, authorisation of any breach or proposed breach shall be notified to the Noteholders in accordance with Condition 13 (*Notices*) as soon as practicable thereafter and without undue delay.

In addition, the Security Trustee may agree, without the consent of the Noteholders, to: (a) the entering into of a new transaction document between the Issuer and a successor of the relevant counterparty; or (b) the transfer of the rights and obligations under a Transaction Document by the relevant counterparty to a successor, provided that: (i) the Security Trustee has notified the Credit Rating Agencies; (ii) a Credit Rating Agency Confirmation in connection with such transfer or contracting has been obtained; and (iii) if the relevant counterparty will be a Secured Creditor, the relevant successor accedes to the Parallel Debt Agreement.

Noteholders are therefore exposed to the risk that any changes made to the Transaction Documents or the Conditions without their knowledge or consent, which may be against the interest of such Noteholder and this could have an adverse effect on the value of the Notes. Moreover, Noteholders should be aware that if they intend to sell any of the Notes, the fact that changes may be made to the Transaction Documents without their knowledge or consent, could have an adverse effect on the value of such Notes.

Risk that the ratings of the Class A Notes may be downgraded or withdrawn

The ratings to be assigned to the Class A Notes by the Credit Rating Agencies are based, *inter alia*, on the value and cash flow generating ability of the Mortgage Receivables and other relevant structural features of the securitisation transaction and reflect only the view of each of the Credit Rating Agencies. There is no assurance that any such rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any of the Credit Rating Agencies if, in any of the Credit Rating Agencies' judgment, circumstances so warrant. Any discontinuation, review, revision, suspension or withdrawal of a rating assigned by any of the Credit Rating Agencies could have an adverse effect on the value or liquidity in the secondary market for the Notes.

The Interest Rate Cap Provider's written consent is required for certain amendments

Pursuant to the terms of the Trust Agreement, the Interest Rate Cap Provider's written consent (such consent not to be unreasonably withheld or delayed) is required for any amendment, other than for any amendment which is of a formal, minor or technical nature or is made to correct a manifest error, or which is required by applicable laws or regulations or by any Credit Rating Agency: (i) to the Transaction Documents, which in the Interest Rate Cap Provider's reasonable opinion will have a material adverse impact on the currency, amount, timing or priority of payments due to be made by or to the Interest Rate Cap Provider under the Interest Rate Cap Agreement; or (ii) to clause 18.5 of the Trust Agreement. Therefore, the Interest Rate Cap Provider can effectively veto certain proposed amendments. As a consequence of the veto rights of the Interest Rate Cap Provider, the Issuer and the Noteholders may experience difficulties to implement certain changes to the transaction described in this Prospectus and the Transaction Documents, which would be in the interest of the Issuer and/or the Noteholders but contrary to the interest of the Interest Rate Cap Provider, which may lead to losses under the Notes and/or have an adverse effect on the (value of the) Notes.

1.3. RISKS RELATING TO THE MORTGAGE RECEIVABLES AND THE SECURITY

1.3.1. Risks related to origination, assignment and the quality of the Mortgage Receivables

Considerations relating to yield and prepayments of the Mortgage Loans

The yield to maturity of the Notes will depend on, among other things, the amount and timing of payment of principal and interest on the Mortgage Loans (including full and partial prepayments, foreclosure proceeds and repurchases by the Seller under the Mortgage Receivables Purchase Agreement) and the price paid by the holders of the Notes of each Class. The yield to maturity of the Notes of any Class may be adversely affected by, among other things, a higher or lower than anticipated rate of prepayments on the Mortgage Loans.

The rate of prepayment of Mortgage Loans is influenced by a wide variety of economic, social and other factors, including prevailing interest rates, changes in tax law (including, but not limited to, amendments to mortgage interest tax deductibility) and local and regional economic conditions. No certainty can be given as to the level of prepayment that the Mortgage Loans may experience. A variation in the level of prepayments by the Borrowers could result in an average life of the Notes which is shorter or longer than anticipated.

Risks of losses associated with declining values of Mortgaged Assets

The security created in favour of the Security Trustee under the Issuer Mortgage Receivables Pledge Agreement may be affected by, among other things, a decline in the value of the Mortgaged Assets. No assurance can be given that the value of any Mortgaged Asset remained or will remain at the level at which they were on the date of origination of the related Mortgage Loans. A decline in value can be caused by many different circumstances, including but not limited to an individual circumstance relating to a Borrower (e.g. neglect of the property) or events that affect all Borrowers, such as catastrophic events, growing climate risks like flooding or damage to home foundations or a general or regional decline in value. In addition, the interest rate environment, war, conflicts, inflation and high energy prices may, *inter alia*, reduce the income available for housing costs and may result in a negative effect on house prices. In addition, a forced sale of the Mortgaged Assets may, compared to a private sale, result in lower sale proceeds for the Mortgaged Assets. A decline in value may result in losses to the Noteholders if such security is required to be enforced. The Seller will not be liable for any losses incurred by the Issuer in connection with the Mortgage Receivables.

Risk that valuations may not accurately reflect the value of Mortgaged Assets

There is a risk that the value of a Mortgaged Asset, as determined by external valuers, does not accurately reflect the value of such Mortgaged Asset, either at the time of origination or at any time thereafter. The actual market or foreclosure values realised in respect of a Mortgaged Asset may be lower than those reflected in the valuations. Furthermore, valuations commissioned as part of the origination of Mortgage Loans, represent the analysis and opinion of the appraiser performing the valuation at the time the valuation is prepared and are not guarantees of, and may not be indicative of, present or future value. There can be no assurance that another person would have arrived at the same valuation, even if such person used the same general approach to and same method of valuing the property.

Loan to Foreclosure Value Ratio

The appraisal foreclosure value (*executiewaarde*) of the Mortgaged Assets on which a mortgage right is vested is normally lower than the market value (*vrije verkoopwaarde*) of the relevant Mortgaged Assets. There can be no assurance that, on enforcement, all amounts owed by a Borrower under a Mortgage Receivable can be recovered from the proceeds of the foreclosure on the relevant Mortgaged Asset or that the proceeds upon foreclosure will be at least equal to the estimated foreclosure value of such Mortgaged Asset. Should these risks materialise, the ability of the Issuer to perform its obligations under the Notes could be adversely affected. However, the Mortgage Receivables (except for certain Further Advances that may not meet the criteria of the applicable NHG Conditions) will have the benefit of the NHG Guarantee (*Nationale Hypotheek Garantie*). For an overview of the risks related to the NHG Guarantee, reference is made to the paragraph titled '*Risks related to the NHG Guarantee*'. If the Mortgage Receivables are sold for a price below their Outstanding

Principal Amount this may result in a Realised Loss and may lead to a higher Principal Shortfall on the Class B Notes.

Risk that the Issuer does not have the authority to reset interest rates and that cooperation of the Originator will be required

The interest rates of the fixed rate Mortgage Loans reset from time to time. The Issuer has been advised that a good argument can be made that the right to reset interest rates should be considered as an ancillary right or a right that automatically transfers upon assignment and follows the Mortgage Receivables upon their assignment to the Issuer and the pledge to the Security Trustee, which is also supported by a judgment of the Dutch Supreme Court (HR 10 July 2020, ECLI:NL:HR:2020:1276 (*Van Lanschot / Promontoria*)). In this ruling, an example is given of the exercise by an assignee of the right to reset the interest rate, demonstrating the framework the Dutch Supreme Court has given for the special duty of care an assignee has *vis-à-vis* a debtor/bank-client. It should be noted that such ancillary rights or rights that automatically transfer upon assignment can only be exercised after notification of the assignment to the relevant Borrower and the assignee will be bound by applicable law, such as principles of reasonableness and fairness, the right of the Borrower to invoke all defences available, specific duty of care obligations, and the Mortgage Conditions relating to the reset of interest rates.

The Seller has undertaken to use its best efforts, subject to applicable laws and regulations, including, without limitation, principles of reasonableness and fairness, to ensure that the interest rates of the Mortgage Receivables that have a reset date from and including the First Optional Redemption Date will be reset at the Post-FORD Mortgage Interest Rate or such Mortgage Receivables will be repurchased.

In the case of the bankruptcy or (preliminary) suspension of payments of the Seller, the co-operation of the bankruptcy trustee or the administrator would be required to reset the interest rates. There can be no assurance that such co-operation would be forthcoming.

In this respect it is noted that, if from and including the First Optional Redemption Date, the interest rate of a Mortgage Receivable will be reset by the Seller or the Issuer, as the case may be, at a rate lower than the Post-FORD Mortgage Interest Rate, the Seller shall undertake to repurchase and accept re-assignment of such Mortgage Receivable on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period in which such interest rate has been reset in such Mortgage Calculation Period. In the event that the Seller would not be in a position to meet its obligation to repurchase such Mortgage Receivables, the Issuer would need to rely on the right to set the interest rate which right it may not have, as described in the paragraphs above in this risk factor. If the interest rate of Mortgage Receivables: (i) is set at a relative low level this may result in a rate which is lower than the rate of interest payable by the Issuer on the Notes; and (ii) are set at a relatively high or low level this may result in a higher or lower rate of prepayments, higher or lower defaults by the Borrowers and otherwise influence the performance of the Mortgage Receivables, which could in turn lead to less income available to the Issuer and ultimately to losses on the Notes.

Risk related to interest rate averaging

Recently certain offerors of mortgage loans in the Netherlands allow borrowers to apply for interest rate averaging (*rentemiddeling*). In the case of interest rate averaging (*rentemiddeling*) a borrower of a mortgage loan is offered a new fixed interest rate whereby the (agreed-upon) fixed interest will be reduced taking into account the current interest rate offered by such offeror for the relevant period, the risk profile and the break costs for the fixed interest. Since 1 July 2019, the offeror may only charge to a borrower for making use of interest rate averaging which do not exceed the actual loss of the offeror. At this time, the Seller does not offer interest rate averaging (*rentemiddeling*) but might do so in the future. Partly due to social and political pressure, the Seller may in the future offer interest rate averaging (*rentemiddeling*) to a greater group of Borrowers. It should be noted that interest rate averaging (*rentemiddeling*) may have a downward effect on the interest received by the Issuer on the relevant Mortgage Loans and therefore on the ability of the Issuer to comply with its payment obligations under the items as set forth in the Revenue Priorities of Payments, including, without limitation, interest under the Notes.

Risk related to prepayment penalties charged by the Originator

On 14 July 2016 the act implementing the Mortgage Credit Directive entered into force in the Netherlands. Pursuant to the Mortgage Credit Directive (and the implementing legislation), the compensation a borrower has to pay in the case of early termination of a residential mortgage loan may not be higher than the amount of the financial disadvantage of the mortgage credit provider. Following the implementation of the Mortgage Credit Directive, the AFM published on 20 March 2017 a guidance note (*leidraad*) "Compensation for prepayment of the residential mortgage loan – starting points for the calculation of financial disadvantage" (*Vergoeding voor vervroegde aflossing van de hypotheek – Uitgangspunten berekening van het financiële nadeel*). This AFM guidance note gives an interpretation by the AFM of the methods to calculate the compensation that the AFM deems acceptable. Following the publishing of the AFM guidance note, the Originator has revisited its calculation methodology for prepayment penalties to bring it in line with the AFM guidance note. In addition, the Originator has recalculated prepayment penalties paid by Borrowers from 14 July 2016 onwards. The Originator has repaid to relevant Borrowers the positive difference between the amount of any prepayment penalty already paid (from 14 July 2016) and the recalculated amount of prepayment penalties that would have been payable under the revised calculation methodology. However, there remains a risk that (groups of) customers or consumer organisations may (decide to) claim damages or initiate legal claims against financial institutions, including the Originator, for repayment or compensation in the case of early termination of residential mortgage loans in the period before the Mortgage Credit Directive came into force. This could lead to less income being available to the Issuer and ultimately to losses under the Notes, as Borrowers may invoke a right of set-off in respect of the Mortgage Receivables.

Risks related to set-off defences in respect of Construction Deposits

Pursuant to the Mortgage Conditions, the Borrowers have the right to request to withhold the Construction Deposit to be paid out if certain conditions are met. The Aggregate Construction Deposit Amount on (the opening of business of) the Initial Cut-Off Date is euro 2,744,892.21. The Issuer and the Seller will agree in the Mortgage Receivables Purchase Agreement that the Issuer is entitled to withhold from the Initial Purchase Price an amount equal to such Aggregate Construction Deposit Amount. Such amount will be deposited on the Construction Deposit Account. On each Mortgage Collection Payment Date the Issuer will release from the Construction Deposit Account such part of the Initial Purchase Price which equals the difference between the Aggregate Construction Deposit Amount and the balance standing to the credit of the Construction Deposit Account and pay such amount to the Seller.

Pursuant to the Argenta Mortgage Conditions, the Seller is entitled (*is bevoegd*) to settle (*vereffenen*) the Construction Deposit after 24 months following the date that the Construction Deposit has been granted and either: (i) pay the balance of such Construction Deposit to the Borrower; or (ii) set off the balance against the relevant Mortgage Receivable, taking into account that prepayment penalties may apply. The Issuer has been advised by the Seller that any balance of a Construction Deposit is set off against the Mortgage Receivable as per option (ii) above. Furthermore, the Issuer has been advised that the Seller may agree with a Borrower to extend the relevant period for utilising the Construction Deposit.

Pursuant to the Hypotrust Mortgage Conditions, the Seller may set off against the relevant Mortgage Receivable the Construction Deposit after 12 months following the date that the Construction Deposit was granted.

In the case of set-off, the Issuer shall have no further obligation towards the Seller to pay the remaining part of the relevant Initial Purchase Price and the relevant balance standing to the credit of the Construction Deposit Account will be transferred to the Issuer Collection Account, and form part of the Available Principal Funds.

If any of the events set forth in items (d) and (e) of the definition of the Assignment Notification Events has occurred, the Issuer will no longer be under the obligation to pay such remaining part of the Initial Purchase Price. See section 7.1 (*Purchase, Repurchase and Sale*) below.

Under Dutch law the distinction between 'existing' (*bestaande*) receivables and 'future' (*toekomstige*) receivables is relevant. If receivables are to be regarded as future receivables, an assignment and/or pledge

thereof will not be effective to the extent the receivable comes into existence after or on the date on which the assignor or, as the case may be, the pledgor has been declared bankrupt or granted a (preliminary) suspension of payments. If, however, receivables are to be considered as existing receivables, the assignment and/or pledge thereof is not affected by the bankruptcy or (preliminary) suspension of payments of the assignor/pledgor. The Issuer has been advised that based on case law and Dutch legal literature uncertainty remains whether on the basis of the applicable terms and conditions that part of the Mortgage Receivables relating to the Construction Deposit can be considered to be existing receivables. It could be argued that such part of the Mortgage Loan comes into existence only when and to the extent the Construction Deposit is paid out. If the part of the Mortgage Receivable relating to the Construction Deposit is to be regarded as a future receivable, the assignment and/or pledge of such part will not be effective if the Construction Deposit is paid out on or after the date on which the Seller (as the entity that has the legal obligation to pay out the Construction Deposit amount) is declared bankrupt or reorganisation measures in Belgium (*saneringsmaatregel*) (as defined in the Belgian Banking Act) or winding-up proceedings in Belgium (*faillissementsprocedure*) have been opened in respect of the Seller. In that event, the Issuer will have no further obligation to pay to the Seller the remaining part of the Initial Purchase Price.

The amount for which a Borrower can invoke a right of set-off or other defences may, depending on the circumstances, exceed the relevant Construction Deposit. Therefore, there is a risk that, if and to the extent that the amount for which a Borrower successfully invokes a right of set-off or other defence exceeds the relevant Construction Deposit, such set-off or defence may lead to losses under the corresponding Mortgage Receivable, which would reduce the amounts available for payment to Noteholders and consequently could lead to losses under the Notes.

Set-off by Borrowers may affect the proceeds under the Mortgage Receivables

Under Dutch law a debtor has a right of set-off if it has a claim that corresponds to its debt owed to the same counterparty and it is entitled to pay its debt as well as to enforce its claim. Subject to these requirements being met, each Borrower will be entitled to set off amounts due to it by the Seller (if any) with amounts it owes, such as term deposits and saving accounts prior to notification of the relevant assignment of the Mortgage Receivable originated by it. As a result of the set-off of amounts due and payable by the Seller to the Borrower with amounts the Borrower owes in respect of the Mortgage Receivable, the Mortgage Receivable will, partially or fully, be extinguished (*gaat teniet*). Set-off by Borrowers could thus lead to losses under the Notes.

The Mortgage Conditions applicable to the Mortgage Loans provide that payments by the Borrowers should be made without set-off. Although this clause is intended as a waiver by the Borrowers of their set-off rights *vis-à-vis* the Seller, under Dutch law it is doubtful whether such waiver will be valid. Should such waiver be invalid, the Borrowers will have the set-off rights described in this paragraph.

Under Dutch law, after notification of the Assignment to a Borrower, such Borrower will have the right to set off a counterclaim against the Seller with amounts it owes in respect of the Mortgage Receivable, provided that the legal requirements for set-off are met (see above) and further provided that: (i) the counterclaim of the Borrower results from the same legal relationship as the relevant Mortgage Receivable; or (ii) the counterclaim of the Borrower has originated (*opgekomen*) and became due and payable (*opeisbaar*) prior to the notification of the Assignment to the relevant Borrower. The question of whether a court will come to the conclusion that the relevant Mortgage Receivable and the claim of the Borrower against the Seller result from the same legal relationship will depend on all relevant facts and circumstances involved. But even if these were held to be different legal relationships, set-off will be possible if the counterclaim of the Borrower, which counterclaim may be in respect of amounts due by the Seller to such Borrower under deposits and/or saving accounts, has originated (*opgekomen*) and became due and payable (*opeisbaar*) prior to notification of the Assignment, provided that all other requirements for set-off have been met (see above).

If notification of the Assignment is made after the bankruptcy of the Seller having become effective, it is defended in legal literature that the Borrower will, irrespective of the notification of the assignment, continue to have the broader set-off rights afforded to it pursuant to the Dutch Bankruptcy Act. Under the Dutch Bankruptcy Act a person who/which is both debtor and creditor of the bankrupt entity can set off its debt with its claims, if each claim: (i) came into existence prior to the moment at which the bankruptcy becomes

effective; or (ii) resulted from transactions with the bankrupt entity which were concluded prior to the bankruptcy becoming effective. A similar provision applies in the case of suspension of payments.

To the extent Belgian law would be applicable pursuant to the European Directive on the reorganisation and winding up of credit institutions (Directive 2001/24/EC), set-off rights may arise in respect of cross-claims between a Borrower and the Seller, as soon as such cross-claims exist and are fungible, liquid (*vaststaand*) and payable (*opeisbaar*). However, article 6, §2 of the Belgian Act of 3 August 2012 regarding various measures to facilitate the mobilisation of claims in the financial sector (the “**Mobilisation Act**”) reduces the risk that amounts receivable under the Mortgage Receivables are reduced on the basis of set-off rights. The Issuer will no longer be subject to set-off risk: (a) following notification of the assignment of the Mortgage Receivables to the assigned debtors (or acknowledgement thereof by the assigned debtors), to the extent the conditions for set-off are only satisfied after such notification (or acknowledgment); and (b) regardless of any notification or acknowledgement of the assignment, following the start of insolvency proceedings or the occurrence of a situation of concurrence of creditors (*samenloop*) in relation to the Seller, to the extent the conditions for set-off are only satisfied following or as a result of such insolvency proceedings or concurrence of creditors. Directive (EU) 2021/2167 of the European Parliament and of the Council of 24 November 2021 on credit servicers and credit purchasers and amending Directives 2008/48/EC and 2014/17/EU (the “**NPL Directive**”) has introduced a new article 28a(1) in Directive 2014/17/EU of the European Parliament and of the Council of 4 February 2014 on credit agreements for consumers relating to residential immovable property (the “**Mortgage Credit Directive**”) which provides that “In the event of an assignment to a third party of the creditor’s rights under a credit agreement, or of the credit agreement itself, the consumer shall be entitled to plead against the assignee any defence which was available to the consumer as against the original creditor, including set-off where the latter is permitted in the Member State concerned.” The NPL Directive has been implemented into Belgian law pursuant to law of 20 December 2024 on the implementation of Directive 2021/2167 on credit servicers and credit purchasers and amending Directives 2008/48/EC and 2014/17/EU (the “**NPL Law**”). Although article 6 §2 of the Mobilisation Act has not been amended by the NPL Law and will in principle continue to apply, there is a risk that article 6 §2 of the Mobilisation Act may be considered as non-compliant with the new article 28a(1) of the Mortgage Credit Directive and/or article VII.147/19 of the Code of Economic Law implementing that provision into Belgian law and would therefore be disapplied by a court.

Should a Borrower successfully assert set-off or defence to payments under the Mortgage Receivables, any such loss may be recorded as a Realised Loss. If at any time a Borrower invokes a right to set off amounts due by the Seller to the Borrower with any amounts due by the Borrower under or in connection the relevant Mortgage Receivable and as a consequence thereof the Issuer does not receive the full amount due in respect of such Mortgage Receivable, the Seller undertakes to pay on the first succeeding Mortgage Collection Payment Date, unless such Mortgage Collection Payment Date falls within 5 Business Days after the Borrower has invoked such right of set-off, in which case the Seller undertakes to pay on the second succeeding Mortgage Collection Payment Date, to the Issuer an amount equal to the amount so set off.

Transfer of legal title to Mortgage Receivables - commingling risk

On the Closing Date, the Assignment will take place and accordingly the Seller sells and will transfer legal title to the Mortgage Receivables to the Issuer by way of undisclosed assignment (*stille cessie*). The Assignment will be effected by means of a deed of assignment and pledge which will be registered with the relevant Dutch tax authorities, without notification of the Assignment to the Borrowers being required. Until notification to the Borrowers of the Assignment, the Borrowers under the Mortgage Loans can only validly pay (*bevrijdend betalen*) to the Seller. Assignment will only be notified to the Borrowers upon the occurrence of an Assignment Notification Event. The Seller has covenanted to the Issuer in the Mortgage Receivables Purchase Agreement that the Seller shall not notify the Borrowers of the Assignment without the prior written consent of the Issuer or the Security Trustee, as applicable.

For as long as no Assignment Notification Event has occurred, all payments made by Borrowers will be paid into the Collection Foundation Account maintained by the Collection Foundation with the Collection Foundation Account Bank.

The Collection Foundation has instructed the Foundation Administrator in the Receivables Proceeds Distribution Agreement, and the Servicer has undertaken under the Servicing Agreement, to transfer funds paid by any Borrower into the Collection Foundation Account and funds which are attributable to the Mortgage Receivables owned by the Issuer to the Issuer Collection Account. The Servicer or the Foundation Administrator shall effect such transfer of funds on each Mortgage Collection Payment Date into the Issuer Collection Account.

If the Collection Foundation Account Bank, the Foundation Administrator or the Servicer does not comply with its obligations to transfer or pay such amounts to the Issuer or (following the delivery of an Enforcement Notice) the Security Trustee, as the case may be, for whatever reason (including a bankruptcy of such entity), the Issuer or the Security Trustee, as the case may be, may not receive the amounts due under the Mortgage Loans (and related Mortgage Receivables) which have been collected from the Borrowers and credited into the Collection Foundation Account. This may have a negative impact on the cashflows available to the Issuer to discharge its payment obligations under the Notes.

In addition, if any of the Servicer, the Seller or the Foundation Administrator itself receives funds from any Borrower which are attributable to the Mortgage Receivables owned by the Issuer and does not comply with its obligations to transfer such amounts to the Issuer for whatever reason (including as a result of the bankruptcy of such entity), the Issuer may not receive such amounts paid by any such Borrower although it will have discharged its relevant payment obligation in respect of the relevant Mortgage Loan.

1.3.2. Risks related to Security

Risks related to the NHG Guarantee

The NHG Mortgage Loan Parts will have the benefit of an NHG Guarantee. Pursuant to the terms and conditions (*voorwaarden en normen*) applicable to the NHG Guarantee, Stichting WEW has no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the mortgaged property if such lender has not complied with the terms and conditions of the NHG Guarantee.

The NHG Conditions stipulate that in determining the loss incurred by a lender after a private or a forced sale of the mortgaged property, an amount of 10 per cent. will be deducted from such loss and thus from the payment to be made by Stichting WEW to the lender. As pursuant to the NHG Conditions such lender in principle is not entitled to recover the remaining amount under the relevant mortgage loan in such case (see section 6.5 (*NHG guarantee programme*)), this may consequently lead to the Issuer having less income available to fulfil its obligations under the Notes and this may lead to losses under the Notes.

Furthermore, the NHG Conditions stipulate that an NHG Guarantee of Stichting WEW will terminate upon expiry of a period of 30 years after the establishment of such NHG Guarantee. As a result, such NHG Guarantee cannot be invoked where a loss occurs after the expiry of such period of 30 years.

Finally, the NHG Conditions stipulate that the amount guaranteed by Stichting WEW under an NHG Guarantee (irrespective of the type of redemption of the mortgage loan) is reduced on a monthly basis by an amount which is equal to the amount of the principal portion of the monthly instalment plus interest calculated as if the mortgage loan were to be repaid on a 30 year annuity basis. The actual redemption structure of a Mortgage Loan can be different (see section 6.2 (*Description of Mortgage Loans*)), although it is noted that from 1 January 2013 the NHG Conditions stipulate that for new borrowers the redemption types are limited to Annuity Mortgage Loans and Linear Mortgage Loans with a maximum term of 30 years. This may result in the Issuer not being able to fully recover any loss incurred under the Mortgage Loan with Stichting WEW under an NHG Guarantee and may consequently lead to the Issuer having less income available to fulfil its obligations under the Notes and this may lead to losses under the Notes.

Under the underwriting criteria (see section section 6.5 (*NHG guarantee programme*)), Stichting WEW offers lenders the NHG Advance Rights, being the opportunity to receive an advance payment of expected loss, subject to certain conditions being met. Under or pursuant to the Mortgage Receivables Purchase Agreement, the NHG Advance Rights relating to the relevant Mortgage Receivables are assigned by the Seller to the Issuer.

In case the payment exceeded the amount payable by Stichting WEW under the associated NHG Guarantee as actual loss eligible for compensation, the person that exercises the NHG Advance Rights has a repayment obligation. This would for example be the case if the proceeds of the enforcement are higher than estimated, but also if the borrower resumes payment in respect of the Mortgage Receivable and also in case the criteria of the NHG Conditions were not complied with. As a consequence, if the Issuer would exercise its NHG Advance Rights, it may be liable to repay when the payment under the NHG Advance Rights exceeded the amount payable by Stichting WEW under the associated NHG Guarantee. Therefore, if the Issuer would exercise any NHG Advance Rights, and the Issuer is required to repay amounts to Stichting WEW and the amounts to be repaid are not covered by additional payments from the Borrower nor from any excess interest amount, the Issuer may have insufficient funds available to it to fulfil its payment obligations under the Notes and this may result in losses under the Notes.

Risk related to the credit rating of the State of the Netherlands

The rating given to the Rated Notes by the Credit Rating Agencies is based in part on modelling which takes into account any NHG Guarantee granted in connection with the Mortgage Loans. NHG Guarantees are counter guaranteed by the State of the Netherlands. The State of the Netherlands is currently rated 'AAA' by Fitch and LT IR at 'AAA' by Morningstar DBRS. The current outlook for the State of the Netherlands is stable in respect of Fitch and Morningstar DBRS. In the event that (i) the rating assigned to the State of the Netherlands is lowered or withdrawn by a Credit Rating Agency; or (ii) the rating assigned to Stichting WEW is lowered or withdrawn by a Credit Rating Agency, this may result in a review by the Credit Rating Agencies of the ratings ascribed to the Rated Notes and could potentially result in a downgrade to the ratings of the Rated Notes. The rating of the State of the Netherlands could for example potentially decrease in case of a (significant) increase of the national debt of the State of the Netherlands which could potentially be a result of the adverse developments in the economic situation, including as a result of the risk of a continuation of the high interest rate environment combined with higher inflation due to geopolitical events like the conflicts in the Middle East, escalation of the war in Ukraine, tensions between the US and China and bank instability in the US. As a result, the relevant Noteholders should be aware that upon a downgrade of the ratings of the Rated Notes as a result of a withdrawal or downgrade of the ratings ascribed to the Netherlands or Stichting WEW, they may not be able to sell or suffer loss, if they intend to sell any of the Rated Notes on the secondary market for such Rated Notes.

Risks related to the effectiveness of the rights of pledge to the Security Trustee in case of an insolvency of the Issuer

Under or pursuant to the Issuer Mortgage Receivables Pledge Agreement and the Issuer Rights Pledge Agreement, various Dutch law pledges are granted by the Issuer to the Security Trustee. Bankruptcy or suspension of payments involving the Issuer would affect the position of the Security Trustee as pledgee in some respects, which are, amongst others:

- (a) payments made by the Borrowers to the Issuer after notification of the Assignment to the Issuer, but prior to notification of the pledge to the Security Trustee, and after bankruptcy or suspension of payments of the Issuer will form part of the bankruptcy estate of the Issuer, although the Security Trustee has the right to receive such amounts by preference after deduction of certain costs;
- (b) a mandatory freezing-period of up to 4 months may apply in the case of bankruptcy or suspension of payments, which, if applicable, would delay the exercise of the right of pledge on the Mortgage Receivables; and
- (c) the pledgee may be obliged to enforce its right of pledge within a reasonable period as determined by the judge-commissioner (*rechter-commissaris*) appointed by the court in the case of bankruptcy of the Seller or the Issuer, as the case may be.

To the extent that the Mortgage Receivables pledged by the Issuer to the Security Trustee are future receivables, the right of pledge on such future receivable cannot be invoked against the estate of the Issuer, if such future receivable comes into existence after the Issuer has been declared bankrupt or has been granted a

suspension of payments. The Issuer has been advised that the assets pledged to the Security Trustee under the Issuer Rights Pledge Agreement and the NHG Advance Rights may be regarded as future receivables. This would for example apply to amounts paid to the Issuer Accounts following the Issuer's bankruptcy or suspension of payments. Such amounts would not be available for distributions by the Security Trustee to the Secured Creditors (including the Noteholders). This may result in losses under the Notes.

The WHOA, when applied to the Issuer could affect the rights of the Security Trustee under the Security and the Noteholders under the Notes

On 1 January 2021 the Act on Confirmation of Extrajudicial Restructuring Plans (*Wet homologatie onderhands akkoord*) ("**WHOA**") entered into force. The WHOA introduces a Dutch law framework for the implementation of a composition plan that allows a debtor (other than banks and insurers) that "foresees that it will be unable to pay its debts as they fall due" to restructure its debts outside bankruptcy or moratorium of payments proceedings. Pursuant to the WHOA, such debtor may initiate a proceeding whereby it retains its power of disposal (*beschikkingsbevoegdheid*) and can offer a composition plan to its creditors (including secured creditors and shareholders) which, if approved and ratified by the courts, is binding on them and could change their rights (provided all other conditions set out in the WHOA are met).

A court can, *inter alia*, refuse to accept a composition plan at the request of an affected creditor who did not vote in favour of such composition plan and who will be worse off than in case of an insolvency. If a proposal for a composition plan has been made or will be made within two (2) months of initiating proceedings, a judge may grant a stay on enforcement for a maximum of four (4) months, with a possible extension for an additional four (4) months. During such period, *inter alia*, a pledgee of claims may not collect nor notify the debtor(s) of such claims in case of an undisclosed pledge. Pursuant to the WHOA, the preparation or offering of a composition plan cannot constitute a termination event or a ground to change contractual obligations or to suspend its obligation of the party contracting with the debtor and any provision to that effect is held to be null and void. The WHOA could also be applicable to restructurings that stretch beyond Dutch borders.

As set out above, the WHOA provides that a debtor may offer its creditors a composition plan which, if implemented, changes the rights of any of its creditors. As a result thereof, claims and security rights of creditors against the Issuer can be affected if the applicable majority of creditors within the relevant class of creditors votes in favour of such composition plan. Although the WHOA is not applicable to banks and insurers and seems inappropriate to be applied to the Issuer in light of the structure of the transaction and the security created under the Security, the WHOA, when applied to the Issuer or any of the other Transaction Parties, may have an adverse effect on the rights of the Security Trustee under the Security and the Noteholders under the Notes.

Risk that the All Moneys Security Rights will not follow the Mortgage Receivables upon assignment to the Issuer

Under Dutch law, as a rule mortgage rights and rights of pledge are "accessory rights" (*afhankelijke rechten*) and as such automatically follow the receivables they secure. Furthermore, mortgage rights and rights of pledge are ancillary rights (*nevenrechten*). This means that upon assignment of a receivable, the assignee automatically gets the benefit of any security right which secures such receivable, unless the ancillary right by its nature is, or has been construed as, a purely personal right of the assignor or such transfer is prohibited by law. It is the intention of the Seller that the mortgages securing the Mortgage Receivables qualify as fixed mortgages (*vaste hypotheek*) which means that, in principle, upon assignment of a Mortgage Receivable, the Issuer automatically gets the benefit of the related Mortgage.

The Issuer has been advised that, pursuant to a judgment of the Dutch Supreme Court (HR 16 September 1988, NJ 1989, 10, Balkema), whether an All Moneys Mortgage passes along with such receivable upon its assignment, depends on the intention of the grantor and the holder of the security. If the intention of the parties was to create a security right as a personal right (*persoonlijk recht*) which was granted for the benefit of that particular creditor only, the security right would not follow upon assignment of (one of) the receivables it secures. In the absence of such personal character, the security right follows the receivables as an accessory right upon assignment. The above applies *mutatis mutandis* to the creation of a pledge. The substance of the

contract, in particular the wording of the relevant security document (such as a mortgage deed), is *prima facie* evidence of the intention of the parties, although it is not inconceivable that evidence to the contrary is brought forward.

If the mortgages qualify as All Moneys Mortgages, and such All Moneys Mortgage would not have (in whole or in part) followed the relevant Mortgage Receivable upon its assignment, the Issuer and/or the Security Trustee (as pledgee) will not have the benefit of such security right. This will affect the ability of the Issuer and/or the Security Trustee (as pledgee) to take recourse on the Mortgaged Asset and the Borrower if the Borrower defaults under the Mortgage Loans and may affect the ability of the Issuer to meet its payment obligations under the Notes. This may lead to losses under the Notes. It is noted that if the Issuer or the Security Trustee, as the case may be, would not have the benefit of the Mortgage, it would not be entitled to claim under the associated NHG Guarantee.

The above applies, *mutatis mutandis*, with respect to the pledge of the Mortgage Receivables by the Issuer to the Security Trustee under the Mortgage Receivables Pledge Agreement.

Risk related to jointly-held All Moneys Security Rights by the Originator, the Issuer and the Security Trustee

If the Mortgages qualify as All Moneys Mortgages, and such All Moneys Mortgages would (*pro rata*) have followed the Mortgage Receivables upon assignment or pledge, this would imply that if the Seller has Other Claims the Mortgages may be jointly-held by the Seller and the Issuer and the Security Trustee, as the case may be, in respect of which the rules applicable to a joint-estate (*gemeenschap*) apply. The Dutch Civil Code provides for various mandatory rules applying to such jointly-held rights.

In the Mortgage Receivables Purchase Agreement the Seller, the Issuer and the Security Trustee will agree that the Issuer and/or the Security Trustee, as the case may be, will manage and administer such jointly-held rights. It is uncertain whether, under Belgian insolvency law, upon the Seller being declared bankrupt, such agreement will be enforceable *vis-à-vis* the bankruptcy trustee as in accordance with XX.139 of Book XX of the BCEL the bankruptcy trustee may terminate such agreement. It is equally uncertain whether, under Dutch law applicable to joint-estates, the foreclosure of the Mortgages will be considered as day-to-day management, and, consequently whether, upon the Seller being declared bankrupt or being granted a suspension of payments, the consent of the Seller's bankruptcy trustee or administrator may be required for such foreclosure.

The Seller, the Issuer and the Security Trustee will agree in the Mortgage Receivables Purchase Agreement that in the case of foreclosure the share (*aandeel*) in each jointly-held Mortgage of the Security Trustee and/or the Issuer will be equal to the Outstanding Principal Amounts of the Mortgage Receivable, increased with accrued but unpaid interest and costs, if any, and the share of the Seller will be equal to the Net Foreclosure Proceeds less the Outstanding Principal Amounts of the Mortgage Receivables, and less the accrued but unpaid interest and costs, if any. It is uncertain whether this arrangement will be enforceable. In this respect it will be agreed that in the event of a breach by the Seller of its obligations under these arrangements or if any of such agreements are dissolved, void, nullified or ineffective for any reason in respect of the Seller, it will compensate the Issuer and/or the Security Trustee, as the case may be, forthwith for any and all loss, cost, claim, damage and expense whatsoever which the Issuer and/or the Security Trustee, as the case may be, incurs as a result thereof. Receipt of such amount by the Issuer and/or the Security Trustee is subject to the ability of the Seller to actually make such payments. There is a risk that the Seller is not able to make such payment which would affect the ability of the Issuer to perform its payment obligations under the Notes.

The above applies, *mutatis mutandis*, with respect to the pledge of the Mortgage Receivables by the Issuer to the Security Trustee under the Mortgage Receivables Pledge Agreement.

Risk that the mortgage rights on long lease cease to exist

The mortgage rights securing the Mortgage Loans may be vested on a long lease (*erfpacht*), as further described in section 6.2 (*Description of Mortgage Loans*).

A long lease will, *inter alia*, end as a result of expiration of the long lease term (in the case of a lease for a fixed period) or termination of the long lease by the leaseholder or the landowner. The landowner can terminate the long lease in the event the leaseholder has not paid the remuneration due for a period exceeding two consecutive years or seriously breaches (*in ernstige mate tekortschieten*) other obligations under the long lease. If the long lease ends, the landowner will have the obligation to compensate the leaseholder. In such event the mortgage right will, by operation of law, be replaced by a right of pledge on the claim of the (former) leaseholder on the landowner for such compensation. For the avoidance of doubt, the claim pledged in favour of the mortgagee may be less than the market value of the long lease, since the landowner may set off this claim with the unpaid leasehold instalments which have become due over the last two consecutive years. The amount of the compensation will, *inter alia*, be determined by the conditions of the long lease.

When granting a Mortgage Loan to be secured by a mortgage right on a long lease, the Seller will take into consideration the conditions, including the term, of the long lease. The acceptance conditions used by the Seller provide that the Mortgage Loan may not have a maturity that is longer than the term of the long lease, except if in the long lease agreement an unconditional renewal of the long lease is mentioned. The general terms and conditions of the Mortgage Loans provide that the Mortgage Loan becomes immediately due and payable in the event that, *inter alia*: (i) the leaseholder has not paid the remuneration for the long lease; (ii) the conditions of the long lease are changed; (iii) the leaseholder breaches any obligation under the long lease; or (iv) the long lease is dissolved or terminated. In such events there is a risk that the Issuer will upon enforcement receive less than the market value of the long lease, which could lead to losses under the Notes.

Risks relating to the creation of rights of pledge on the basis of the Parallel Debt

It is generally assumed that under Dutch law a right of pledge cannot be validly created in favour of a person who is not the creditor of the claim that the right of pledge purports to secure. The Parallel Debt is included in the Trust Agreement to address this issue. It is noted that there is no statutory law or case law available on the validity or enforceability of a parallel covenant such as the Parallel Debt or the security provided for such debts.

Any payments in respect of the Parallel Debt and any proceeds received by the Security Trustee shall, in the case of an insolvency of the Security Trustee, not be separated from the Security Trustee's estate. The Secured Creditors (including the Noteholders) therefore incur a credit risk on the Security Trustee, which could lead to losses under the Notes.

1.3.3. Tax risks relating to the Mortgage Receivables

Changes to the Dutch tax treatment of mortgage interest may impose various risks

The Dutch tax system allows Borrowers to deduct, subject to certain limitations, interest payments for owner-occupied residences from their taxable income. The period allowed for deductibility is restricted to a term of 30 years.

In recent years, the maximum tax rate against which mortgage interest may be deducted for Dutch income tax purposes has been gradually decreased. As per 1 January 2025, the maximum tax rate against which mortgage interest may be deducted for Dutch income tax purposes is 37.48 per cent.

This reduction of the maximum tax rate against which interest payments for owner-occupied residences may be deducted for Dutch income tax purposes and any further changes in the tax treatment of interest payments for owner-occupied residences could ultimately have an adverse impact on the ability of Borrowers to pay interest and principal on their Mortgage Loans and may lead to different prepayment behaviour by Borrowers on their Mortgage Loans. This may result in higher or lower prepayment rates of such Mortgage Loans and thus may adversely affect the Issuer's return on such Mortgage Loan. Finally, changes in tax treatment may have an adverse effect on the value of the Mortgaged Assets, see *Risks of Losses associated with declining values of Mortgaged Assets*. As a result, this may lead to the Issuer having insufficient funds available to fulfil its obligations under the Notes.

1.4. RISKS RELATING TO INTEREST RATE RISK AND HEDGING

The Issuer will not enter into any derivative contracts in respect of the securitisation transaction, except for the purpose of hedging interest rate risk.

The Issuer is exposed to the risk that the interest received in respect of the Mortgage Receivables is not sufficient to pay the interest on the Class A Notes which risk may for example materialise if, after interest rate resets in respect of certain Mortgage Receivables, the weighted average interest rate on the Mortgage Receivables falls below the interest rate payable on the Class A Notes.

This risk is partly hedged under the Interest Rate Cap Agreement until the termination date under the Interest Rate Cap Agreement, being the Notes Payment Date scheduled to fall in July 2042.

Pursuant to the Interest Rate Cap Agreement, the Interest Rate Cap Provider is obliged to make payments to the Issuer on a quarterly basis to the extent the three-month EURIBOR (or, if applicable, any alternative reference rate that may be applicable in accordance with the terms of the Interest Rate Cap Agreement following a Benchmark Event) for any Interest Period exceeds the Cap Strike Rate. A failure by the Interest Rate Cap Provider to make timely payments of amounts due under the Interest Rate Cap Agreement will constitute a default thereunder. The Interest Rate Cap Provider will be obliged to make payments under the Interest Rate Cap Agreement only to the extent that the Issuer pays the Initial Interest Rate Cap Payment. To the extent that the Interest Rate Cap Provider defaults on its obligations under the Interest Rate Cap Agreement to make payments to the Issuer, the Issuer will be exposed in the situation where three-month EURIBOR (or, if applicable, any successor Replacement Reference Rate applicable following a Benchmark Event, see further the paragraph entitled "*Risks relating to benchmarks and future discontinuance of benchmarks may adversely affect the value of Notes which reference a benchmark and may impact the interest rates on Mortgage Loans bearing a floating interest rate referencing a benchmark*") exceeds the Cap Strike Rate. Unless one or more comparable interest rate hedges are entered into, the Issuer may have insufficient funds to make payments due on the Class A Notes.

Any payments received by the Issuer from the Interest Rate Cap Provider (excluding any Interest Rate Cap Collateral and, except to the extent such amount constitutes an Available Termination Amount, any termination payment) will be part of the Available Revenue Funds.

The Cap Notional Amount under the Interest Rate Cap Agreement equals on the Closing Date, the Principal Amount Outstanding of the Class A Notes and is amortising over time. The amortisation is based on an expected contractual redemption schedule in respect of the Mortgage Receivables with an applicable prepayment rate of 2.25 per cent. per annum. Historically, prepayment rates have been above 2.25 per cent. per year. However, there can be no assurance that the prepayment rate will not be below 2.25 per cent. per year. If this is the case, the Issuer may not have sufficient funds to meet its payment obligations.

The Interest Rate Cap Agreement is only effective until the termination of the Interest Rate Cap Agreement, which is scheduled to terminate on the Notes Payment Date scheduled to fall in July 2042. As a consequence, the risk that the interest received in respect of the Mortgage Receivables is not sufficient to pay the interest on the Class A Notes will not be mitigated and hedged by the Interest Rate Cap Agreement after such termination date. The Interest Rate Cap Agreement may be terminated before its scheduled termination date for various reasons.

In case of a shortfall in these circumstances the Issuer will use (i) excess spread (if any), (ii) the Reserve Fund, (iii) drawings under the Cash Advance Facility Agreement and (iv) Available Principal Funds, to the extent available after payment of higher ranking items in the relevant Priorities of Payments, for the payment of interest payable on the Class A Notes, but there can be no assurance that this will protect the Noteholders against all risks of losses and therefore there remains a risk that the Issuer will not have sufficient funds available to fulfil its payment obligations under the Notes. This may lead to losses under the Notes.

1.5. REGULATORY AND TAX RISKS RELATING TO THE NOTES

1.5.1. Regulatory risks relating to the Notes

Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes

Certain investors may be subject to prudential regulation imposing capital or liquidity requirements, and their holding in the Notes may be subject to, or be associated with, a capital or liquidity requirement. The Notes might also amount to liquid assets for the purposes of liquidity regulation. As it is highly likely that EU and UK prudential and liquidity regulation will change in the future, any capital or liquidity requirement to which the Notes are subject or are associated with, or the Notes' eligibility as liquid assets, may be affected. This may in turn affect the value and/or liquidity of the Notes.

Banks and nearly all investment firms are currently subject to prudential regulation which originates with standards developed by the Basel Committee on Banking Supervision (the "**Basel Committee**"). In particular, investors should note that the Basel Committee has approved a series of significant changes to the Basel framework for prudential regulation (such changes being referred to by the BCBS as "**Basel III/IV**", and referred to, colloquially, as Basel III in respect of reforms finalised prior to 7 December 2017 and Basel IV in respect of reforms finalised on or following that date). The Basel III/IV reforms, which include revisions to the credit risk framework in general and the securitisation framework in particular, have been implemented in the EU as of 1 January 2025 and may result in increased regulatory capital and/or other prudential requirements in respect of securitisation positions. The Basel Committee continues to work on new policy initiatives. National implementation of the Basel III/IV reforms may vary those reforms and/or their timing. It should also be noted that changes to prudential requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in the EEA and the UK, which is under review and subject to further reform. On 28 January 2025, the Directive (EU) 2025/2 of 27 November 2024 amending Solvency II entered into force. The directive to amend Solvency II must be implemented by 29 January 2027 at the latest. The implementing legislation and regulations must then be applied from 30 January 2027.

Any changes to the regulatory and/or prudential framework applicable to banks, insurance companies or other institutions investing in the Notes, may, *inter alia*, affect the risk-weighting of the Notes for these investors. This could affect the market value of the Notes in general and the relative value for the investors in the Notes.

On 21 October 2020 the UK government presented the Financial Services Bill 2019-21, which became law on 29 April 2021 as the Financial Services Act 2021, in order to deliver a number of existing government commitments following the UK's exit from the EU. In a written statement to Parliament on 23 June 2020, the UK government confirmed its intention to introduce an Investment Firms Prudential Regime ("**IFPR**") and updated rules for credit institutions in line with the intended outcomes of the EU's IFD/IFR, and the CRR2 respectively. The relevant regulatory powers required in order to implement the IFPR are contained in the Financial Services Act 2021. The IFPR entered into force on 1 January 2022.

As of 31 December 2020, the UK is no longer subject to EU law or a part of the EU single market. As a result, UK regulation may become more divergent from EU regulation and this may have an impact on the treatment of the Notes. The UK will continue to implement the Basel frameworks and/or any of the changes put forward by the Basel Committee.

In general, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences for and effect on them of any changes to the Basel framework (including the changes described above) and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

Non-compliance with EU Securitisation Regulation and UK Securitisation Framework regimes may have an adverse impact on the regulatory treatment of Notes and/or decrease liquidity of the Notes

The EU Securitisation Regulation applies in general in respect of securitisations closed on or after 1 January 2019. However, some legislative measures necessary for the full implementation of the EU Securitisation Regulation regime have not yet been finalised and compliance with certain requirements is subject to the application of transitional provisions. In addition, further amendments are expected to be introduced to the EU Securitisation Regulation regime as a result of its wider review. In this regard, it should be noted that in October 2024 the European Commission published a consultation on various policy options for the wide reforms to the prudential and non-prudential regulation of securitisation, including, among other things, reforms aimed at potentially reducing the regulatory burden in relation to the investor due diligence and transparency requirements under the EU Securitisation Regulation. On 31 March 2025, the Joint Committee of the European Supervisory Authorities published a report which, among other things, included certain recommendations to the European Commission relating to the amendments of the EU Securitisation Regulation (the "**JC of ESAs Article 44 Report**"). The recommendations in the JC of ESAs Article 44 Report relating to due diligence and transparency requirements indicate a possible move towards a more proportionate and principles-based approach, although it should be noted that some of the recommendations could also introduce new risks and new compliance challenges and that the implementation of the recommendations will also depend on the development of new technical standards and guidance which can further delay the introduction of helpful changes. However, at this stage, it is unclear to what extent any of such recommendations will be reflected in the package of legislative amendments that the European Commission will publish in June/July 2025 and which will be followed by the negotiation with the European Parliament and the Council of the European Union when further material amendments could be introduced before a compromise is reached and all changes are finalised. It should also be noted that the ESMA is reviewing technical standards that prescribe EU template-based reporting and in February 2025 published proposals on the introduction of a new simplified regime for European private securitisation. ESMA's work on this initiative and any further amendments to the reporting technical standards will need to be coordinated with the wider review of the EU Securitisation Regulation. Therefore, when any such reforms (including any targeted amendments by ESMA to the EU technical standards prescribing the reporting templates) will be finalised and become applicable and whether such reforms will benefit the parties to this Transaction and/or the Notes remains to be seen.

Following the UK's withdrawal from the EU at the end of 2020, it has introduced a new domestic framework for the regulation of securitisation under the FSMA, consisting of the relevant parts of FSMA along with the UK SR 2024, the UK PRA Securitisation Rules and the UK SECN. The UK Securitisation Framework applies in general in respect of securitisations closed on or after 1 November 2024 and it also establishes rules for securitisation transaction parties that fall within the scope of its constitutive elements. The content of the UK Securitisation Framework and the content of the EU Securitisation Regulation are aligned in certain areas, but notable differences remain, with some exceptions, and the UK FCA and the UK PRA have announced their intention to consult on further changes to their respective rules in due course. This consultation is currently expected to be published in H2 2025 and may make significant changes to the UK Securitisation Framework that may significantly increase the level of divergence with the EU Securitisation Regulation. Certain UK-regulated investors are subject to the requirements of the UK Securitisation Framework.

The UK Securitisation Framework also includes risk retention and transparency requirements (imposed variously on the UK issuer, originator, sponsor and/or original lender of a securitisation) and due diligence requirements imposed on certain UK-regulated institutional investors in a securitisation. As of the date of this Prospectus, the UK Securitisation Framework is not applicable to the Seller or the Issuer. However, as a contractual matter only, the Seller has agreed to comply with the requirements of UK SECN 5 (as if it were applicable to it and as in force on the Closing Date). Prospective investors should note that the transaction as described under this Prospectus is not being structured to ensure compliance by any person with the transparency and reporting requirements of the UK Securitisation Framework. Neither the Seller nor any other party to the Transaction will be required to produce any information or disclosure for purposes of, or in connection with, the UK Securitisation Framework or to take any other action in accordance with, or in a manner contemplated thereby.

It is worth noting that the UK's Securitisation Regulations 2024 (SI 2024/102) (the “**UK SR 2024**”) defines “institutional investor” to include CRR firms as defined by Article 4(1)(2A) of Regulation (EU) No 575/2013 as it forms part of domestic law in the United Kingdom by virtue of the EUWA, certain alternative investment fund managers which market or manage alternative investment funds in the UK, UK regulated insurers or reinsurers, certain management companies as defined in section 237(2) of FSMA, UCITS as defined by section 236A of FSMA which is an authorised open ended investment company as defined in section 237(3) of FSMA and occupational pension schemes as defined in section 1(1) of the Pension Schemes Act 1993, each of which will be required to comply with the applicable due diligence requirements under the UK Securitisation Framework prior to holding a securitisation position and on an ongoing basis.

Among other things, prior to holding a securitisation position, European-regulated and UK-regulated institutional investors are required to verify certain matters with respect to compliance of the relevant transaction parties with credit granting standards, risk retention and transparency requirements. If the relevant UK-regulated or European-regulated institutional investor elects to acquire or holds the Notes having failed to comply with one or more of these requirements, this may result in the imposition of a penal capital charge on the Notes for institutional investors subject to regulatory capital requirements or a requirement to take a corrective action, in the case of a certain type of regulated fund investors. Aspects of the requirements of the EU Securitisation Regulation, in the case of European-regulated investors, and of the applicable parts of the UK Securitisation Framework, in the case of UK-regulated investors, and what is or will be required to demonstrate compliance to national regulators remain unclear. Prospective investors should therefore make themselves aware of requirements applicable to them and are required to independently assess and determine the sufficiency of the information described in this Prospectus generally for the purposes of complying with such due diligence requirements under the EU Securitisation Regulation, in the case of European-regulated investors, and of the applicable parts of the UK Securitisation Framework, in the case of UK-regulated investors. See further section 4.4 (*Regulatory and Industry Compliance*).

With regard to the transparency requirements set out in Article 7 of the EU Securitisation Regulation, each of the Seller in its capacity as originator and the designated entity under Article 7(2) of the EU Securitisation Regulation and the Issuer has certain direct obligations imposed upon it. Should the Seller or the Issuer not comply with the direct obligations under Article 7 of the EU Securitisation regulation, the Seller or the Issuer could face certain regulatory issues, inclusive of fines and pecuniary sanctions, which may impact on the Seller's and the Issuer's ability to perform their respective functions under the Transaction Documents, including the Issuer's obligations under the Notes. Investors should note that failure to comply with one or more of the requirements may result in various penalties including, in the case of those investors subject to regulatory capital requirements, the imposition of a penal capital charge on the Notes acquired by the relevant investor. With regard to the commitment of the Seller to retain a material net economic interest in the securitisation pursuant to Article 6(1) of the EU Securitisation Regulation and in accordance with UK SECN 5 (as if it were applicable to it and as in force on the Closing Date) (which does not take into account any relevant national measures) and with respect to the information to be made available by or on behalf of the Seller please see section 4.4 (*Regulatory and Industry Compliance*). Relevant investors are required to assess independently and determine the sufficiency of the information described above for the purposes of complying with any relevant requirements. None of the Issuer, the Seller, the Arranger, the Manager or any of the other transaction parties makes any representation that the information described above is sufficient for such purposes.

The EU Retention Requirement and the UK Retention Requirement, the associated due diligence requirements described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors (including potential amendments to the UK Securitisation Framework following the Closing Date) may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

Prospective investors in the Notes are responsible for analysing their own regulatory position and should consult their own advisers in this respect.

Risk of the transaction not being considered a Simple, Transparent and Standardised Securitisation

The securitisation transaction described in this Prospectus is intended to qualify as an STS securitisation within the meaning of Article 18 of the EU Securitisation Regulation. Consequently, the securitisation transaction described in this Prospectus meets, on the date of this Prospectus, the requirements of Articles 19 to 22 of the EU Securitisation Regulation and will be notified by the Seller on or prior to the Closing Date to ESMA to be included in the STS Register published by ESMA as referred to in Article 27(5) of the EU Securitisation Regulation. The Seller uses the service of PCS, a third party authorised pursuant to Article 28 of the EU Securitisation Regulation, to verify whether the securitisation transaction described in this Prospectus complies with Articles 19 to 22 of the EU Securitisation Regulation and the compliance with such requirements is expected to be verified by PCS on the Closing Date.

It is noted that the securitisation transaction described in this Prospectus can also qualify as a UK STS securitisation under the UK Securitisation Regulation until maturity, provided that the securitisation transaction is included before and up to 30 June 2026 and remains included in the list published by ESMA and continues to meet the requirements of Articles 19 to 22 of the EU Securitisation Regulation. No separate UK STS notification will be submitted.

There is a risk that the securitisation transaction described in this Prospectus does not or does not continue to qualify as an EU STS securitisation under the EU Securitisation Regulation or as a UK STS securitisation under the UK Securitisation Framework at any point in time in the future or that the securitisation transaction described in this Prospectus is not or is no longer included in the STS Register published by ESMA referred to in Article 27(5) of the EU Securitisation Framework. As the STS status of the securitisation transaction prescribed in this Prospectus is not static, investors should verify the current status of the transaction on the ESMA website. Non-compliance with such status may result in higher capital requirements for investors as an investment in the Notes would not benefit from Articles 260, 262 or 264 (whichever is applicable) of the CRR.

Furthermore, non-compliance could result in various administrative sanctions and/or remedial measures being imposed on the Issuer or the Seller which may be payable or reimbursable by the Issuer or the Seller. As none of the Priorities of Payments foresee a reimbursement of the Issuer for the payment of any of such administrative sanctions and/or remedial measures, the Issuer may have insufficient funds available to it to fulfil its obligations under the Notes and this may result in the repayment of the Notes being adversely affected. The requirements described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, if a Noteholder intends to sell its Notes, this may have a negative impact on the price and liquidity of the Notes in the secondary market.

Risks from reliance on verification by PCS

The Seller uses the services of PCS, a third party authorised pursuant to Article 28 of the EU Securitisation Regulation, to verify whether the securitisation transaction described in this Prospectus complies with Articles 19 to 22 of the EU Securitisation Regulation and the compliance with such requirements is expected to be verified by PCS on the Closing Date. However, none of the Issuer, the Issuer Administrator, the Originator, the Seller, the Manager, the Arranger, the Security Trustee, the Servicer nor any of the other parties to the securitisation transaction described in this Prospectus gives any explicit or implied representation or warranty as to: (i) inclusion in the STS Register administered by ESMA within the meaning of Article 27 of the EU Securitisation Regulation; (ii) that the securitisation transaction described in this Prospectus does or continues to comply with the Securitisation Regulation; or (iii) that the securitisation transaction described in this Prospectus does or continues to be recognised or designated as 'STS' or 'simple, transparent and standardised' within the meaning of Article 18 of the EU Securitisation Regulation after the date of this Prospectus.

The verification by PCS does not affect the liability of the Seller, as originator within the meaning of the EU Securitisation Regulation and the Issuer, as SSPE within the meaning of the EU Securitisation Regulation, in respect of their legal obligations under the EU Securitisation Regulation. Furthermore, the use of such verification by PCS shall not affect the obligations imposed on institutional investors as set out in Article 5 of the EU Securitisation Regulation. Notwithstanding PCS' verification of compliance of a securitisation with Articles 19 to 22 of the EU Securitisation Regulation, such verification by PCS does not ensure the compliance of a securitisation with the general requirements of the EU Securitisation Regulation. A verification does not

remove the obligation placed on investors to assess whether a securitisation labelled as 'STS' or 'simple, transparent and standardised' has actually satisfied the criteria. Prospective investors must not solely or mechanistically rely on any STS notification or PCS' verification to this extent.

No representation as to compliance with Liquidity Coverage Ratio, CRR or Solvency II Requirements

Qualifying STS securitisations may obtain preferential treatment as regards their capital requirements weighting for credit institutions and investment firms (as these are defined in the CRR) investing in such securitisation positions. Furthermore, the relevant provisions of Solvency II apply to the fullest extent to the Notes.

Pursuant to the Commission Delegated Regulation (EU) 2018/1620 of 13 July 2018 amending Delegated Regulation (EU) 2015/61 to supplement Regulation (EU) No 575/2013 of the European Parliament and the Council with regard to liquidity coverage requirement for credit institutions (the "**LCR Delegated Regulation**"), securitisations can be qualified as Level 2B high quality liquid assets ("**HQLA**") only if they fulfil the conditions laid down in Article 13 of the LCR Delegated Regulation. In Article 13 of the LCR Delegated Regulation, a reference is made to the requirement that securitisation positions will only qualify as HQLA if the securitisation positions have been issued and an STS-notification has been made with and processed by ESMA. None of the Issuer, the Arranger, the Manager, the Seller, the Originator or the Servicer makes any representation to any prospective investor or purchaser of the Notes as to these matters on the Closing Date or at any time in the future or have undertaken to inform any Noteholders of the effects on the changes to risk-weighting of the Notes or the qualification as Level 2B HQLA which, amongst others, may result from the suspension, delay or withdrawal of this STS securitisation qualification from the STS Register published by ESMA on its website pursuant to Article 27(5) of the EU Securitisation Regulation or the adoption, interpretation or application by their own regulator of the CRR, Solvency II or the LCR Delegated Regulation (whether or not in their current form or otherwise). Prospective investors should assess independently and where relevant should consult their own advisors as to the effects of the changes to risk-weights of the Notes referred to above or the qualification as Level 2B HQLA.

The requirements described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market. Prospective investors should therefore make themselves aware of the risk retention and due diligence requirements under the EU Securitisation Regulation and the UK Securitisation Framework, where applicable to them, in addition to any other regulatory requirements (whether or not as described above) applicable to them with respect to their investment in the Notes.

Risks relating to benchmarks and future discontinuance of benchmarks may adversely affect the value of Notes which reference a benchmark and may impact the interest rates on Mortgage Loans bearing a floating interest rate referencing a benchmark

Various benchmarks (including interest rate benchmarks such as Euribor) are the subject of national and international regulatory guidance and proposals for reform (including as a result of the Benchmarks Regulation). Further to these reforms, a transitioning away from the IBORs to 'risk-free rates' is expected and already taking place for certain IBORs.

Following the implementation of any such (potential) reforms (such as changes in methodology or otherwise) and other pressures (including from regulatory authorities) or further to other pressures (including from regulatory authorities): (i) the manner of administration of benchmarks may change, with the result that benchmarks may perform differently than in the past; (ii) one or more benchmarks could be eliminated entirely; (iii) it may create disincentives for market participants to continue to administer or participate in certain benchmarks; or (iv) there could be other consequences, including those that cannot be predicted. Moreover, any significant change to the setting or existence of Euribor or any other relevant benchmark could affect the ability of the Issuer to meet its obligations under the Notes and could have a material adverse effect on the value or liquidity of, and amounts payable under, the Notes.

Investors should be aware that, if EURIBOR or any other benchmark were discontinued or otherwise unavailable, the rate of interest on the Notes which reference any such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Notes.

Any such fall-back provisions and the services of the provider of an alternative benchmark, must meet the requirements laid down in the Benchmarks Regulation. If the Agent Bank is unable to determine EURIBOR in accordance with the fall-back provisions in relation to the relevant Interest Period, EURIBOR applicable to such Interest Period will be EURIBOR last determined in relation thereto. This mechanism is not suitable for determining the interest rate payable on the relevant Notes on a long-term basis. In the event that EURIBOR is disrupted or permanently discontinued or another Benchmark Event has occurred, the Issuer will, as soon as reasonably practicable (and in any event prior to the next relevant Interest Determination Date) appoint a Rate Determination Agent which will determine in its sole discretion, acting in good faith and in a commercially reasonable manner, whether a substitute or successor rate, as well as any necessary changes to the business day convention, the definition of business day, the interest determination date, the day count fraction and any method for calculating the Replacement Reference Rate, including any Adjustment Spread or other adjustment factor is needed to make such Replacement Reference Rate comparable to the relevant Reference Rate. However, there is no guarantee that such an Adjustment Spread or other adjustment factor will be determined or applied or that the application of any such factor will either reduce or eliminate economic prejudice to Noteholders.

The use of the Replacement Reference Rate may result in the Notes that referenced the Reference Rate performing differently (including potentially paying a lower interest rate) than they would do if the Reference Rate were to continue to apply in its current form. Furthermore, the terms and conditions of the Notes may be amended by the Issuer, as necessary to ensure the proper operation of the Replacement Reference Rate, without any requirement for consent or approval of the Noteholders.

The Rate Determination Agent may be considered an 'administrator' under the Benchmarks Regulation. This is the case if it is considered to be in control over the provision of the Replacement Reference Rate and/or the determined rate of interest on the basis of the Replacement Reference Rate and any adjustments made thereto by the Rate Determination Agent and/or otherwise in determining the applicable rate of interest in the context of a fall-back scenario. This would mean that the Rate Determination Agent: (i) administers the arrangements for determining such rate; (ii) collects, analyses or processes input data for the purposes of determining such rate; and (iii) determines such rate through the application of a method of calculation or by an assessment of input data for that purpose. Furthermore, for the Rate Determination Agent to be considered an 'administrator' under the Benchmarks Regulation, the Replacement Reference Rate and/or the determined rate of interest on the basis of the Replacement Reference Rate and any adjustments made thereto by the Rate Determination Agent and/or otherwise in determining the applicable rate of interest in the context of a fall-back scenario should be a benchmark (index) within the meaning of the Benchmarks Regulation. This may be the case if the Replacement Reference Rate and/or the determined rate of interest on the basis of the Replacement Reference Rate and any adjustments made thereto by the Rate Determination Agent and/or otherwise in determining the applicable rate of interest in the context of a fall-back scenario, is published or made available to the public and regularly determined by the application of a method of calculation or by an assessment, and on the basis of certain values or surveys.

The Benchmarks Regulation stipulates that each administrator of a benchmark regulated thereunder or the benchmark itself must be registered, authorised, recognised or endorsed, as applicable, in accordance with the Benchmarks Regulation. There is a risk that administrators (which may include the Rate Determination Agent in the circumstances as described above) of certain benchmarks will fail to obtain such registration, authorisation, recognition or endorsement, preventing them from continuing to provide such benchmarks or may otherwise choose to discontinue or no longer provide such benchmark. In such case, this may affect the possibility for the Issuer to apply the fall-back provision of Condition 4(j) (*Replacement Reference Rate*) meaning that the applicable benchmark will remain unchanged (but subject to the other provisions of Condition 4 (*Interest*)).

The Replacement Reference Rate will (in the absence of manifest error) be final and binding and will apply to the relevant Notes without any requirement that the Issuer obtains consent of any Noteholders. If the Rate

Determination Agent is unable to or otherwise does not determine a Replacement Reference Rate under Condition 4(j) (*Replacement Reference Rate*), this could result in the effective application of a fixed interest rate to what was previously a Note to which a floating rate of interest was applicable, which fixed interest rate is based on the rate which applied in the previous period when the relevant Reference Rate was available.

In addition, due to the uncertainty concerning the availability of successor rates and substitute reference rates and the involvement of a Rate Determination Agent, the relevant fall-back provisions may not operate as intended at the relevant time. In addition, the Replacement Reference Rate may perform differently from the discontinued benchmark. This could have a material adverse effect on the value of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under the Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes.

Furthermore, part of the Mortgage Loans may bear a floating rate of interest (i.e. a rate of interest which may be reset each three months) referencing EURIBOR. The benchmark reforms discussed in this risk factor may affect the interest due on these Mortgage Loans. If the interest payable on these Mortgage Loans decreases as a result of changes brought by these reforms and if the Replacement Reference Rate used instead of EURIBOR in respect of the Notes does not decrease, or not decrease to the same extent, this may result in a mismatch between the interest rate received under such Mortgage Loans and the interest payable under the Notes which may affect the ability of the Issuer to perform its obligations under the Notes.

If EURIBOR is discontinued, there can also be no assurance that the applicable fall-back provisions under the Interest Rate Cap Agreement would operate to allow the transaction under the Interest Rate Cap Agreement to fully or effectively mitigate interest rate risk in respect of the Class A Notes. In particular, the Interest Rate Cap Agreement provides that if (i) 15 Business Days have elapsed since the occurrence of a Benchmark Event and neither the Issuer nor the Security Trustee has effectively delivered a written request to the Interest Rate Cap Provider requesting that amendments are made to the Floating Rate Option (as defined in the Interest Rate Cap Agreement) such that it follows the Replacement Reference Rate under the Notes (such a request, the “**Benchmark Rate Modifications Request**”) or (ii) after consultations to align the Floating Rate Option under the Interest Rate Cap Agreement and the Replacement Reference Rate, 15 Business Days have elapsed since the Issuer or the Security Trustee effectively delivered a Benchmark Rate Modifications Request and the Interest Rate Cap Provider has not consented to the requested amendments, the relevant fallbacks for EURIBOR under the 2021 ISDA Definitions (the “**ISDA IBOR Fallbacks**”) shall apply for the purposes of determining the reference rate in respect of the Interest Rate Cap Agreement. Therefore, the reference rate in respect of the Interest Rate Cap Agreement, if determined in accordance with the ISDA IBOR Fallbacks, may not be aligned with the Replacement Reference Rate that may apply in respect of the Class A Notes. Any resulting mismatch may result in the Issuer not having sufficient funds to meet its payment obligations under the Notes.

EMIR, MiFID II, MiFIR and SFTR

Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories, known as the European Market Infrastructure Regulation (“**EMIR**”) including a number of regulatory technical standards and implementing technical standards in relation thereto as amended and supplemented from time to time introduce certain requirements in respect of OTC derivative contracts.

Such requirements apply to financial counterparties (“**FCPs**”), such as investment firms, credit institutions and insurance companies and certain non-financial counterparties (“**Non-FCPs**”). Such requirements include, amongst other things, the mandatory clearing of certain OTC derivative contracts (the “**Clearing Obligation**”) through an authorised central counterparty (a “**CCP**”), the reporting of OTC derivative contracts to a registered or recognised trade repository (the “**Reporting Obligation**”) and certain risk mitigation requirements in relation to derivative contracts which are not centrally cleared in relation to timely confirmation, portfolio reconciliation and compression, dispute resolution and the exchange of collateral with respect to OTC derivative contracts not cleared by a central counterparty (the “**Margin Requirements**”) (together, the “**Risk Mitigation Obligations**”). EMIR also imposes a record-keeping requirement pursuant to which counterparties

must keep a record of any derivative contract they have concluded and any modification thereto for at least five years following the termination of the contract.

Given that EMIR, SFTR and/or MiFID II/MiFIR may be amended or supplemented in the future, and/or interpretation and or guidance in respect thereof may evolve, prospective investors should be aware that the relevant Transaction Documents may need to be amended during the course of the transaction, without the consent of any Noteholder, to ensure that the terms thereof, and the parties obligations thereunder, are in compliance with EMIR, SFTR and MiFID II/MiFIR and/or the then subsisting regulatory technical standards relating to EMIR, SFTR and MiFID II/MiFIR (see the risk factor entitled "*The Security Trustee may agree to modifications, waivers or authorisations without the Noteholders' prior consent*").

The Clearing Obligation applies to FCPs and certain Non-FCPs which have positions in OTC derivative contracts exceeding specified 'clearing thresholds'. Such OTC derivative contracts also need to be of a class of derivatives which has been designated by ESMA as being subject to the Clearing Obligation.

On the basis of the assumption that the Issuer will be entering into hedging transactions or any replacement hedging transaction solely to reduce risks directly relating to its commercial activity or treasury financing activity, it is likely that the Issuer will be treated as a Non-FCP that does not exceed any of the specified 'clearing thresholds' for the purposes of EMIR and the hedging transactions to be entered into by it on the Closing Date should therefore not be subject to the Clearing Obligation. However, to the extent that the Issuer, pursuant to Article 10(3) of EMIR, is deemed to form part of the Argenta Group, each 'clearing threshold' is required to be measured on a consolidated basis with all other Non-FCP entities within the same group, thereby potentially increasing the likelihood that any of the specified 'clearing thresholds' will be exceeded and consequently, the Clearing Obligation will apply. However, the EU Securitisation Regulation provides that OTC derivative contracts entered into by SSPEs similar to the Issuer are not to be subject to the Clearing Obligation provided that certain conditions are met. It is likely that the Issuer meets these conditions and therefore can rely on this exemption.

Note that the calculation of the 'clearing thresholds' (together with other aspects of EMIR) will be impacted by reforms to EMIR as a result of EMIR 3.0. However, the implementation of changes to the calculation of the clearing threshold is subject to the development of secondary legislation which is not currently expected to be finalised and become applicable until at least the end of 2025.

In accordance with the Risk Mitigation Obligations, FCPs and Non-FCPs which enter into non-cleared derivative contracts must ensure that appropriate procedures and arrangements are in place to measure, monitor and mitigate operational and counterparty credit risk. Such procedures and arrangements include, amongst other things, the timely confirmation of the terms of a derivative contract and formalised processes to reconcile trade portfolios, identify and resolve disputes and monitor the value of outstanding contracts. In addition, FCPs and Non-FCPs which exceed the specified 'clearing thresholds' must also mark-to-market the value of their outstanding derivative contracts on a daily basis and have risk-management procedures to comply with the Margin Requirements. The Issuer is required to comply with certain of the Risk Mitigation Obligations which may give rise to additional costs and expenses for the Issuer, and which may in turn reduce amounts available to make payments with respect to the Notes.

The Margin Requirements, which form part of the Risk Mitigation Obligations, apply to all FCPs and Non-FCPs which have positions in OTC derivative contracts exceeding specified 'clearing thresholds'.

Whilst it is likely that, under EMIR in its current form, the Issuer will be treated as a Non-FCP that does not exceed any of the specified 'clearing thresholds' for the purposes of EMIR and should therefore not be required to comply with the more onerous requirements of the Risk Mitigation Obligations such as the Margin Requirements, this risk cannot be excluded. Any prospective investors should consult their own independent advisers and make their own assessment about the potential risks posed by EMIR in making any investment decision in respect of the Notes. If the Issuer becomes subject to the Clearing Obligation or to the Margin Requirements, it will likely be difficult for it to comply with such requirements and this would adversely affect the Issuer's ability to enter into hedging transactions and/or significantly increase the cost thereof, including, for example, the Issuer's ability to enter into hedging transactions in respect of an interest rate. As a result of such increased costs, additional regulatory requirements and limitations on the ability of the Issuer to enter

into hedging transactions, the amounts payable to Noteholders may be negatively affected. No assurances can be given that any changes made to EMIR would not cause the status of the Issuer to change and lead to some or all of the potentially adverse consequences outlined above.

The EU regulatory framework and legal regime relating to derivative contracts is set not only by EMIR but also by the recast version of the existing Markets in Financial Instruments Directive ("**MiFID II**") which entered into force on 3 July 2014. MiFID II is supplemented by the Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Regulation (EU) No 648/2012 ("**MiFIR**", and together with MiFID II, "**MiFID II/MiFIR**"). MiFID II/MiFIR applied from 3 January 2018. MiFIR is a Level 1 regulation and requires secondary rules for full implementation of all elements. Amongst other things, MiFIR requires certain standardised derivative contracts to be traded on certain trading venues (the "**MiFIR Trading Obligation**"). The MiFIR Trading Obligation applies to FCPs and Non-FCPs (in each case, as defined under EMIR) which have positions in OTC derivative contracts exceeding specified 'clearing thresholds'. Such OTC derivative contracts also need to be of a class of derivatives which has been designated by ESMA as being subject to the MiFIR Trading Obligation.

On the basis of the assumptions set out above, it is likely that the Issuer will be treated as a Non-FCP that does not exceed any of the specified 'clearing thresholds' for the purposes of EMIR and the hedging transactions to be entered into by it on the Closing Date should therefore not be subject to the MiFIR Trading Obligation. However, as discussed above, to the extent that the Issuer, together with all other Non-FCP entities within its group, exceed any of the specified 'clearing thresholds', the MiFIR Trading Obligation will apply. Thus, on the date hereof, it cannot be excluded that the Issuer may be subject to the MiFIR Trading Obligation in future in respect of any replacement hedging transaction.

The European Parliament and Council have adopted Regulation (EU) No 2015/2365 of 25 November 2015 which was published in the Official Journal of the European Union on 23 December 2015 and took effect on 12 January 2016 known as the Securities Financing Transactions Regulation ("**SFTR**"). SFTR introduces certain requirements in respect of OTC derivative contracts applying to financial counterparties ("**SFTR FCPs**"), such as investment firms, credit institutions and insurance companies and certain non-financial counterparties ("**SFTR Non-FCPs**"). Such requirements include, amongst other things, the reporting of "Securities Financing Transactions" (as such term is defined in SFTR) that have been concluded between SFTR FCPs and SFTR Non-FCPs, together with any modification or termination of any Securities Financing Transaction, to a trade repository (the "**SFTR Reporting Obligation**").

The requirements under SFTR also include an obligation to disclose certain information before counterparties (including SFTR FCPs and SFTR Non-FCPs) can reuse financial instruments received as collateral from 13 July 2016 (the "**Collateral Reuse Notification Obligation**"), for example, pursuant to credit support annex forming part of the Interest Rate Cap Agreement. The Collateral Reuse Notification Obligation applies irrespective of whether the relevant transaction is a Securities Financing Transaction.

Prospective investors should be aware that the regulatory changes arising from EMIR, SFTR and MiFID II/MiFIR may result in additional costs for the Issuer and may adversely affect the Issuer's ability to engage in transactions in OTC derivative contracts. As a result of such increased costs or increased regulatory requirements, investors may receive less interest or return, as the case may be. Investors should be aware that such risks are material and that the Issuer could be materially and adversely affected thereby. As such, investors should consult their own independent advisers and make their own assessment about the potential risks posed by EMIR, regulatory technical standards made thereunder, SFTR and MiFID II/MiFIR, in making any investment decision in respect of the Class A Notes.

U.S. Risk Retention Rules

The U.S. Risk Retention Rules generally require the "securitizer" of a "securitization transaction" to retain at least 5% of the "credit risk" of "securitized assets", as such terms are defined for purposes of U.S. Risk Retention Rules, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain.

The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligations that they generally impose.

The Seller, as the securitizer, does not intend to retain at least 5% of the credit risk of the securitized assets for purposes of compliance with the U.S. Risk Retention Rules, but rather intends to rely on a 'foreign safe harbor' exemption for non-U.S. transactions provided for in Section 246.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions that meet certain requirements. The issuance of the Notes was not designed to comply with the U.S. Risk Retention Rules, other than the 'foreign securitization safe harbor' exemption under the U.S. Risk Retention Rules, and no other steps have been taken by the Issuer, the Seller, the Manager or any of their affiliates or any other party to accomplish such compliance.

Such exempt non-U.S. transactions under Section 246.20 of the U.S. Risk Retention Rules must meet certain requirements, including that: (1) the securitization transaction is not required to be and is not registered under the Securities Act; (2) no more than 10% of Notes (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitization transaction are sold or transferred to U.S. persons or for the account or benefit of U.S. persons; (3) neither the sponsor nor the issuer is organised under U.S. law, is a branch organized under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25% of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer that is organised or located in the United States (such terms used in clauses (1) through (4) above are defined in the U.S. Risk Retention Rules).

Prospective investors should note that, although the definition of "U.S. person" in the U.S. Risk Retention Rules is substantially the same as the definition of "U.S. person" in Regulation S, the definitions are not identical and persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules. The Notes sold as part of the initial distribution of the Notes may not be purchased by any person except for persons that are not U.S. Risk Retention Persons. Each purchaser of Notes, including beneficial interests in such Notes, by its acquisition of a Note or a beneficial interest in a Note, will be deemed, and in certain circumstances will be required, to have made the following representations: that it: (1) is not a U.S. Risk Retention Person; (2) is acquiring such Notes or a beneficial interest in such Notes for its own account and not with a view to distribute such Notes or, in the case of a distributor, will only distribute such Notes to a person who is not a U.S. Risk Retention Person; and (3) is not acquiring such Notes or a beneficial interest in such Notes as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-U.S. Risk Retention Person, rather than a U.S. Risk Retention Person, as part of a scheme to evade the 10% U.S. Risk Retention Person limitation in the exemption provided for under Section 246.20 of the U.S. Risk Retention Rules).

There can be no assurance that the exemption provided for in Section 246.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. Failure on the part of the Seller to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action against the Seller which may adversely affect the Notes and the ability of the Seller to perform its obligations under the Transaction Documents. Furthermore, a failure by the Seller to comply with the U.S. Risk Retention Rules could negatively affect the value and secondary market liquidity of the Notes.

Changes of law

The structure of the securitisation transaction described in this Prospectus and the issuance of the Notes and the ratings which are to be assigned to the Class A Notes are based on the laws of the Netherlands and, in respect of the Seller, Belgian law, and in respect of the Interest Rate Cap Agreement, the laws of England, in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change to laws of the Netherlands, Belgium or England (as the case may be) or administrative practice in the Netherlands after the date of this Prospectus nor whether such change would adversely affect the ability of the Issuer to make payments under the Notes.

Proposed regulation regarding third-party effects of assignment of claims

The European Commission adopted an action plan for a European Capital Markets Union on 30 September 2015. This predicted changes to market infrastructure for cross-border investing; specifically, amendments to the currently uncertain rules around securities ownership, and action on third-party effects of assignment of claims. On 12 March 2018, the European Commission published a proposal for a regulation on the law applicable to the third-party effects of assignments of claims, with the aim of providing greater legal certainty over the acquisition of title over the assigned claim. In relation to third-party effects of assignments of claims, this proposed regulation would introduce the adoption of common conflict-of-laws rules. In February 2019, the European Parliament proposed amendments to the proposal and, on 7 June 2021, the Council of the EU published a press release, in which it stated that it approved a compromise text of the proposal for a regulation. This means that, where there is a conflict of laws, the jurisdiction where the assignor has its habitual residence would govern any third-party effects of assignments of claims. This may impact any third-party effects of assignments of claims in relation to the Mortgage Receivables. This may lead to losses under the Notes.

Licence requirement under the Wft

Under the Wft, a special purpose vehicle which services (*beheert*) and administers (*uitvoert*) loans granted to consumers, such as the Issuer, must have a licence under the Wft. An exemption from the licence requirement is available, if the special purpose vehicle outsources the servicing of the loans and the administration thereof to an entity holding a licence under the Wft. The Issuer has outsourced the servicing and administration of the Mortgage Loans and Mortgage Receivables to the Servicer. The Servicer holds a licence under the Wft and the Issuer will thus benefit from the exemption. However, if the Servicing Agreement is terminated, the Issuer will need to outsource the servicing and administration of the Mortgage Loans and Mortgage Receivables to another licensed entity or it needs to apply for and hold a licence itself. In the latter case, the Issuer will have to comply with the applicable requirements under the Wft. If the Servicing Agreement is terminated and the Issuer has not outsourced the servicing and administration of the Mortgage Loans and Mortgage Receivables to a licensed entity and, in such case, it will not hold a licence itself, the Issuer will have to terminate its activities and settle (*afwickelen*) its existing agreements and sell the Mortgage Receivables. There is a risk that the proceeds of such sale will not be sufficient for the Issuer to fulfil its payment obligations under the Notes and could therefore lead to losses under the Notes.

1.5.2. Tax risks relating to the Notes

No Gross-up for taxes

As provided in Condition 7 (*Taxation*), if withholding of, or deduction for or on account of any present or future taxes, duties, assessments or charges of whatsoever nature are imposed by or on behalf of the Netherlands or any other jurisdiction or any political subdivision or any authority therein or thereof having power to tax (or on the basis of FATCA), the Issuer or the Paying Agent will make the required withholding or deduction of such taxes, duties, assessments or charges for the account of the Noteholders, as the case may be, and is not obliged to compensate the Noteholders for such withholding or deduction.

Furthermore, the Issuer will have the option to redeem the Mortgage-Backed Notes upon the occurrence of a Tax Change in accordance with Condition 6(f) (*Redemption - Redemption for tax reasons*).

1.5.3. Risks relating to the characteristics of the Notes

Notes in global form

For so long as the Notes of a particular Class are represented by a Global Note, each person who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular Principal Amount Outstanding of that Class of Notes will be treated by the Issuer and the Security Trustee as a holder of such Principal Amount Outstanding of that Class of Notes. Any statement in writing issued by Euroclear or Clearstream, Luxembourg as to the persons shown in its records as being entitled to such Notes and the

respective Principal Amount Outstanding of such Notes held by them is conclusive for all purposes. Therefore, for payment of principal and interest, investors must look solely at the holder of the relevant Global Note.

The Class A Notes may not be eligible as collateral for Eurosystem monetary policy

The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This does not necessarily mean that the Class A Notes will be recognised as Eurosystem Eligible Collateral either upon issue or at any or all times during their life. Such recognition will depend, *inter alia*, upon satisfaction of the Eurosystem eligibility criteria, as amended from time to time, as specified by the European Central Bank, which criteria will include the requirement that loan-level information shall be made available to investors by means of the SR Repository designated pursuant to Article 10 of the EU Securitisation Regulation, in accordance with the final disclosure templates as adopted in the final regulatory technical standards and final implementing technical standards pursuant to Article 7(4) of the EU Securitisation Regulation. It has been agreed in the Servicing Agreement that the Issuer Administrator shall use its best efforts to make such loan-level information available on a quarterly basis within one month after each Notes Payment Date, for as long as such requirement is effective, to the extent it has such information available. Should such loan-level information not comply with the European Central Bank's requirements or not be available at such time, the Class A Notes may not be recognised as Eurosystem Eligible Collateral.

Application has been made to the Luxembourg Stock Exchange for the Class A Notes to be admitted to listing on or about the Closing Date. However, there is no assurance that the Class A Notes will be admitted and/or will remain to be admitted to listing on the Luxembourg Stock Exchange. If the Class A Notes will not be admitted to listing, they will not be recognised as Eurosystem Eligible Collateral. The Class B Notes and the Class C Notes are not intended to be recognised as Eurosystem Eligible Collateral. If the Class A Notes do not fulfil all the Eurosystem eligibility criteria, they will not be recognised as Eurosystem Eligible Collateral and this is likely to have a negative impact on the liquidity and/or value of the Class A Notes. Prospective investors should therefore be aware that they may not be able to sell the Class A Notes and/or they may suffer a loss if they intend to sell any of the Class A Notes.

2. TRANSACTION OVERVIEW

The following section provides a general overview of the principal features of the transaction described in this Prospectus, including the issue of the Notes. The information in this section does not purport to be complete. This overview must be read as an introduction to this Prospectus and any decision to invest in the Notes should be based on a consideration of this Prospectus as a whole, including any amendment and supplement thereto and the documents incorporated by reference. Prospective investors are advised to read carefully, and to rely solely on, the detailed information appearing elsewhere in this Prospectus and the Conditions and Transaction Documents referred to therein in making any decision whether or not to invest in any Notes. Pursuant to the Prospectus Regulation, no civil liability attaches to the Issuer solely on the basis of the general overview, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of this Prospectus. Where a claim relating to the information contained in this Prospectus is brought before a court, the plaintiff investor might, under the applicable legislation of the relevant Member State of the European Economic Area, have to bear the costs of translating this Prospectus before the legal proceedings are initiated.

Unless otherwise indicated in this Prospectus or the context otherwise requires, capitalised terms used in this Prospectus have the meaning given thereto in section 9.1 (*Definitions*) of this Prospectus.

The principles of interpretation set out in section 9.2 (*Interpretation*) in this Prospectus shall apply to this Prospectus.

Important information

THE NOTES WILL BE OBLIGATIONS OF THE ISSUER ONLY. THE NOTES WILL NOT BE OBLIGATIONS OF, OR THE RESPONSIBILITY OF, OR GUARANTEED BY, ANY PERSON OTHER THAN THE ISSUER. IN PARTICULAR, THE NOTES WILL NOT BE OBLIGATIONS OF, OR THE RESPONSIBILITY OF, OR GUARANTEED BY, ANY OF THE TRANSACTION PARTIES (OTHER THAN THE ISSUER) OR ANY COMPANY IN THE SAME GROUP OF COMPANIES AS ANY OF THE TRANSACTION PARTIES (OTHER THAN THE ISSUER). NO LIABILITY WHATSOEVER IN RESPECT OF ANY FAILURE BY THE ISSUER TO PAY ANY AMOUNT DUE UNDER THE NOTES IS ACCEPTED BY ANY OF THE TRANSACTION PARTIES (OTHER THAN THE ISSUER) OR ANY COMPANY IN THE SAME GROUP OF COMPANIES AS THE TRANSACTION PARTIES (OTHER THAN THE ISSUER).

THE DISTRIBUTION OF THIS PROSPECTUS AND THE OFFERING OF THE NOTES IN CERTAIN JURISDICTIONS MAY BE RESTRICTED BY LAW. NO REPRESENTATION IS MADE BY ANY OF THE TRANSACTION PARTIES THAT THIS PROSPECTUS MAY BE LAWFULLY DISTRIBUTED, OR THAT THE NOTES MAY BE LAWFULLY OFFERED, IN COMPLIANCE WITH ANY APPLICABLE REGISTRATION OR OTHER REQUIREMENTS IN ANY SUCH JURISDICTION, OR PURSUANT TO AN EXEMPTION AVAILABLE THEREUNDER, AND NONE OF THEM ASSUMES ANY RESPONSIBILITY FOR FACILITATING ANY SUCH DISTRIBUTION OR OFFERING. IN PARTICULAR, SAVE FOR OBTAINING THE APPROVAL OF THIS PROSPECTUS AS A PROSPECTUS FOR THE PURPOSES OF THE PROSPECTUS REGULATION BY THE CSSF, AS COMPETENT AUTHORITY UNDER THE PROSPECTUS REGULATION, NO ACTION HAS BEEN OR WILL BE TAKEN BY ANY OF THE TRANSACTION PARTIES WHICH WOULD PERMIT A PUBLIC OFFERING OF THE NOTES OR DISTRIBUTION OF THIS PROSPECTUS IN ANY JURISDICTION WHERE ACTION FOR THAT PURPOSE IS REQUIRED. ACCORDINGLY, THE NOTES MAY NOT BE OFFERED OR SOLD, DIRECTLY OR INDIRECTLY, AND NEITHER THIS PROSPECTUS NOR ANY ADVERTISEMENT OR OTHER OFFERING MATERIAL MAY BE DISTRIBUTED OR PUBLISHED, IN ANY JURISDICTION, EXCEPT UNDER CIRCUMSTANCES THAT WILL RESULT IN COMPLIANCE WITH ANY APPLICABLE LAWS AND REGULATIONS. PERSONS INTO WHOSE POSSESSION THIS PROSPECTUS COMES ARE REQUIRED BY THE ISSUER, THE ARRANGER AND THE MANAGER TO INFORM THEMSELVES ABOUT AND TO OBSERVE ANY SUCH RESTRICTIONS.

NONE OF THE ISSUER, THE MANAGER OR THE ARRANGER MAKES ANY REPRESENTATION TO ANY PROSPECTIVE INVESTOR OR PURCHASER OF THE NOTES REGARDING THE LEGALITY OF INVESTMENT THEREIN BY SUCH PROSPECTIVE INVESTOR OR PURCHASER UNDER APPLICABLE LEGAL INVESTMENT OR SIMILAR LAWS OR REGULATIONS.

THE INFORMATION CONTAINED IN THIS PROSPECTUS WAS OBTAINED FROM THE ISSUER, THE SELLER, QUION AND THE OTHER SOURCES IDENTIFIED HEREIN. NO ASSURANCE CAN AND WILL BE GIVEN BY THE ARRANGER, THE LISTING AGENT OR THE MANAGER AS TO THE ACCURACY OR COMPLETENESS OF SUCH INFORMATION AND THE ARRANGER, THE LISTING AGENT AND THE MANAGER HAVE NOT SEPARATELY VERIFIED SUCH INFORMATION. NONE OF THE ARRANGER, THE LISTING AGENT OR THE MANAGER MAKES ANY REPRESENTATION, EXPRESS OR IMPLIED, OR ACCEPTS ANY RESPONSIBILITY, WITH RESPECT TO THE ACCURACY OR COMPLETENESS OF ANY OF THE INFORMATION IN THIS PROSPECTUS OR FOR ANY OTHER STATEMENT, MADE OR PURPORTED TO BE MADE BY THE ARRANGER, THE LISTING AGENT OR THE MANAGER OR ON ITS BEHALF IN CONNECTION WITH THE ISSUER, THE SELLER, OR THE ISSUE AND OFFERING OF THE NOTES. EACH OF THE ARRANGER, THE LISTING AGENT AND THE MANAGER ACCORDINGLY DISCLAIMS ALL AND ANY LIABILITY WHETHER ARISING IN TORT OR CONTRACT OR OTHERWISE WHICH IT MIGHT HAVE IN RESPECT OF THIS PROSPECTUS OR ANY SUCH STATEMENT.

NEITHER THE DELIVERY OF THIS PROSPECTUS NOR ANY SALE OR ALLOTMENT MADE IN CONNECTION WITH THE OFFERING OF THE NOTES SHALL, UNDER ANY CIRCUMSTANCES, CREATE ANY IMPLICATION OR CONSTITUTE A REPRESENTATION THAT THE INFORMATION CONTAINED HEREIN IS CORRECT AT ANY TIME SUBSEQUENT TO THE DATE OF THIS PROSPECTUS. NEITHER THE ISSUER NOR ANY OTHER PARTY HAS ANY OBLIGATION TO UPDATE THIS PROSPECTUS, AFTER COMPLETION OF THE OFFER OF THE NOTES.

IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE TERMS OF THIS OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED. THE CONTENTS OF THIS PROSPECTUS SHOULD NOT BE CONSTRUED AS PROVIDING LEGAL, BUSINESS, ACCOUNTING OR TAX ADVICE. EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS OWN LEGAL, BUSINESS, ACCOUNTING AND TAX ADVISERS PRIOR TO MAKING A DECISION TO INVEST IN THE NOTES. THIS PROSPECTUS SHOULD BE REVIEWED BY EACH PROSPECTIVE PURCHASER AND ITS LEGAL, REGULATORY, TAX, ACCOUNTING, INVESTMENT AND OTHER ADVISERS. PROSPECTIVE PURCHASERS WHOSE INVESTMENT AUTHORITY IS SUBJECT TO LEGAL RESTRICTIONS SHOULD CONSULT THEIR LEGAL ADVISERS TO DETERMINE WHETHER AND TO WHAT EXTENT THE NOTES CONSTITUTE LEGAL INVESTMENTS FOR THEM.

THIS PROSPECTUS DOES NOT CONSTITUTE AN OFFER OF, OR AN INVITATION BY OR ON BEHALF OF, THE ISSUER, THE MANAGER, THE SELLER OR THE ARRANGER OR ANY OF THEM TO SUBSCRIBE FOR OR PURCHASE ANY OF THE NOTES IN ANY JURISDICTION WHERE SUCH ACTION WOULD BE UNLAWFUL AND NEITHER THIS PROSPECTUS, NOR ANY PART THEREOF, MAY BE USED FOR OR IN CONNECTION WITH ANY OFFER TO, OR SOLICITATION BY, ANY PERSON IN ANY JURISDICTION OR IN ANY CIRCUMSTANCES IN WHICH SUCH OFFER OR SOLICITATION IS NOT AUTHORISED OR TO ANY PERSON TO WHOM IT IS UNLAWFUL TO MAKE SUCH OFFER OR SOLICITATION.

THE DISTRIBUTION OF THIS PROSPECTUS AND THE OFFERING, SALE AND DELIVERY OF THE NOTES MAY BE RESTRICTED BY LAW IN CERTAIN JURISDICTIONS. PERSONS INTO WHOSE POSSESSION THIS PROSPECTUS OR ANY NOTES COMES MUST INFORM THEMSELVES ABOUT, AND OBSERVE, ANY SUCH RESTRICTIONS. FOR A DESCRIPTION OF CERTAIN RESTRICTIONS ON OFFERS, SALES AND DELIVERIES OF NOTES AND ON DISTRIBUTION OF THIS PROSPECTUS AND OTHER OFFERING MATERIAL RELATING TO THE NOTES, SEE SECTION 4.3 (*SUBSCRIPTION AND SALE*) BELOW.

THE MANAGER, THE ARRANGER AND THE SELLER EXPRESSLY DO NOT UNDERTAKE TO REVIEW THE FINANCIAL CONDITION OR AFFAIRS OF THE ISSUER DURING THE LIFE OF THE NOTES. INVESTORS SHOULD REVIEW THE MOST RECENT FINANCIAL STATEMENTS OF THE ISSUER ONCE AVAILABLE WHEN DECIDING WHETHER OR NOT TO PURCHASE, HOLD OR SELL ANY NOTES DURING THE LIFE OF THE NOTES.

FORECASTS AND ESTIMATES IN THIS PROSPECTUS ARE FORWARD LOOKING STATEMENTS. SUCH PROJECTIONS ARE SPECULATIVE IN NATURE AND IT CAN BE EXPECTED THAT SOME OR ALL OF THE ASSUMPTIONS UNDERLYING THE PROJECTIONS WILL NOT PROVE TO BE CORRECT OR WILL VARY FROM ACTUAL RESULTS. CONSEQUENTLY, THE ACTUAL RESULT MIGHT DIFFER FROM THE PROJECTIONS AND SUCH DIFFERENCES MIGHT BE SIGNIFICANT.

IMPORTANT – EEA RETAIL INVESTORS – THE NOTES ARE NOT INTENDED TO BE OFFERED, SOLD OR OTHERWISE MADE AVAILABLE TO AND SHOULD NOT BE OFFERED, SOLD OR OTHERWISE MADE AVAILABLE TO ANY RETAIL INVESTOR IN THE EUROPEAN ECONOMIC AREA ("EEA"). FOR THESE PURPOSES, A RETAIL INVESTOR MEANS A PERSON WHO IS ONE (OR MORE) OF: (I) A RETAIL CLIENT AS DEFINED IN POINT (11) OF ARTICLE 4(1) OF MIFID II; OR (II) A CUSTOMER WITHIN THE MEANING OF DIRECTIVE 2016/97/EU (AS AMENDED, RESTATED OR SUPPLEMENTED, THE "EU INSURANCE DISTRIBUTION DIRECTIVE"), WHERE IN BOTH INSTANCES (I) AND (II) THAT RETAIL CLIENT OR CUSTOMER, AS APPLICABLE, WOULD NOT QUALIFY AS A PROFESSIONAL CLIENT AS DEFINED IN POINT (10) OF ARTICLE 4(1) OF MIFID II; OR (III) NOT A QUALIFIED INVESTOR AS DEFINED IN THE PROSPECTUS REGULATION. CONSEQUENTLY, NO KEY INFORMATION DOCUMENT REQUIRED BY REGULATION (EU) NO 1286/2014 (AS AMENDED, THE "EU PRIIPS REGULATION") FOR OFFERING OR SELLING THE NOTES OR OTHERWISE MAKING THEM AVAILABLE TO RETAIL INVESTORS IN THE EEA HAS BEEN PREPARED AND THEREFORE OFFERING OR SELLING THE NOTES OR OTHERWISE MAKING THEM AVAILABLE TO ANY RETAIL INVESTOR IN THE EEA MAY BE UNLAWFUL UNDER THE EU PRIIPS REGULATION.

IMPORTANT – UK RETAIL INVESTORS – THE NOTES ARE NOT INTENDED TO BE OFFERED, SOLD OR OTHERWISE MADE AVAILABLE TO AND SHOULD NOT BE OFFERED, SOLD OR OTHERWISE MADE AVAILABLE TO ANY RETAIL INVESTOR IN THE UNITED KINGDOM (THE "UK"). FOR THESE PURPOSES A RETAIL INVESTOR MEANS A PERSON WHO IS ONE (OR MORE) OF: (I) A RETAIL CLIENT AS DEFINED IN POINT (8) OF ARTICLE 2 OF REGULATION (EU) NO 2017/565 AS IT FORMS PART OF THE DOMESTIC LAW OF THE UNITED KINGDOM BY VIRTUE OF THE EUROPEAN UNION (WITHDRAWAL) ACT 2018 ("EUWA"); (II) A CUSTOMER WITHIN THE MEANING OF THE PROVISIONS OF THE FINANCIAL SERVICES AND MARKETS ACT 2000 ("FSMA") AND ANY RULES OR REGULATIONS MADE UNDER THE FSMA TO IMPLEMENT DIRECTIVE (EU) 2016/97, WHERE THAT CUSTOMER WOULD NOT QUALIFY AS A PROFESSIONAL CLIENT AS DEFINED IN POINT (8) OF ARTICLE 2 OF REGULATION (EU) NO 600/2014 AS IT FORMS PART OF THE DOMESTIC LAW OF THE UK BY VIRTUE OF THE EUWA. CONSEQUENTLY, NO KEY INFORMATION DOCUMENT REQUIRED BY REGULATION (EU) NO 1286/2014 AS IT FORMS PART OF THE DOMESTIC LAW OF THE UNITED KINGDOM BY VIRTUE OF THE EUWA (THE "UK PRIIPS REGULATION") FOR OFFERING OR SELLING THE NOTES OR OTHERWISE MAKING THEM AVAILABLE TO RETAIL INVESTORS IN THE UK HAS BEEN PREPARED AND THEREFORE OFFERING OR SELLING THE NOTES OR OTHERWISE MAKING THEM AVAILABLE TO ANY RETAIL INVESTOR IN THE UNITED KINGDOM MAY BE UNLAWFUL UNDER THE UK PRIIPS REGULATION.

MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET – SOLELY FOR THE PURPOSES OF EACH MANUFACTURER'S PRODUCT APPROVAL PROCESS, THE TARGET MARKET ASSESSMENT IN RESPECT OF THE NOTES HAS LED TO THE CONCLUSION THAT: (I) THE TARGET MARKET FOR THE NOTES IS ELIGIBLE COUNTERPARTIES AND PROFESSIONAL CLIENTS ONLY, EACH AS DEFINED IN MIFID II; AND (II) ALL CHANNELS FOR DISTRIBUTION OF THE NOTES TO ELIGIBLE COUNTERPARTIES AND PROFESSIONAL CLIENTS ARE APPROPRIATE. ANY PERSON SUBSEQUENTLY OFFERING,

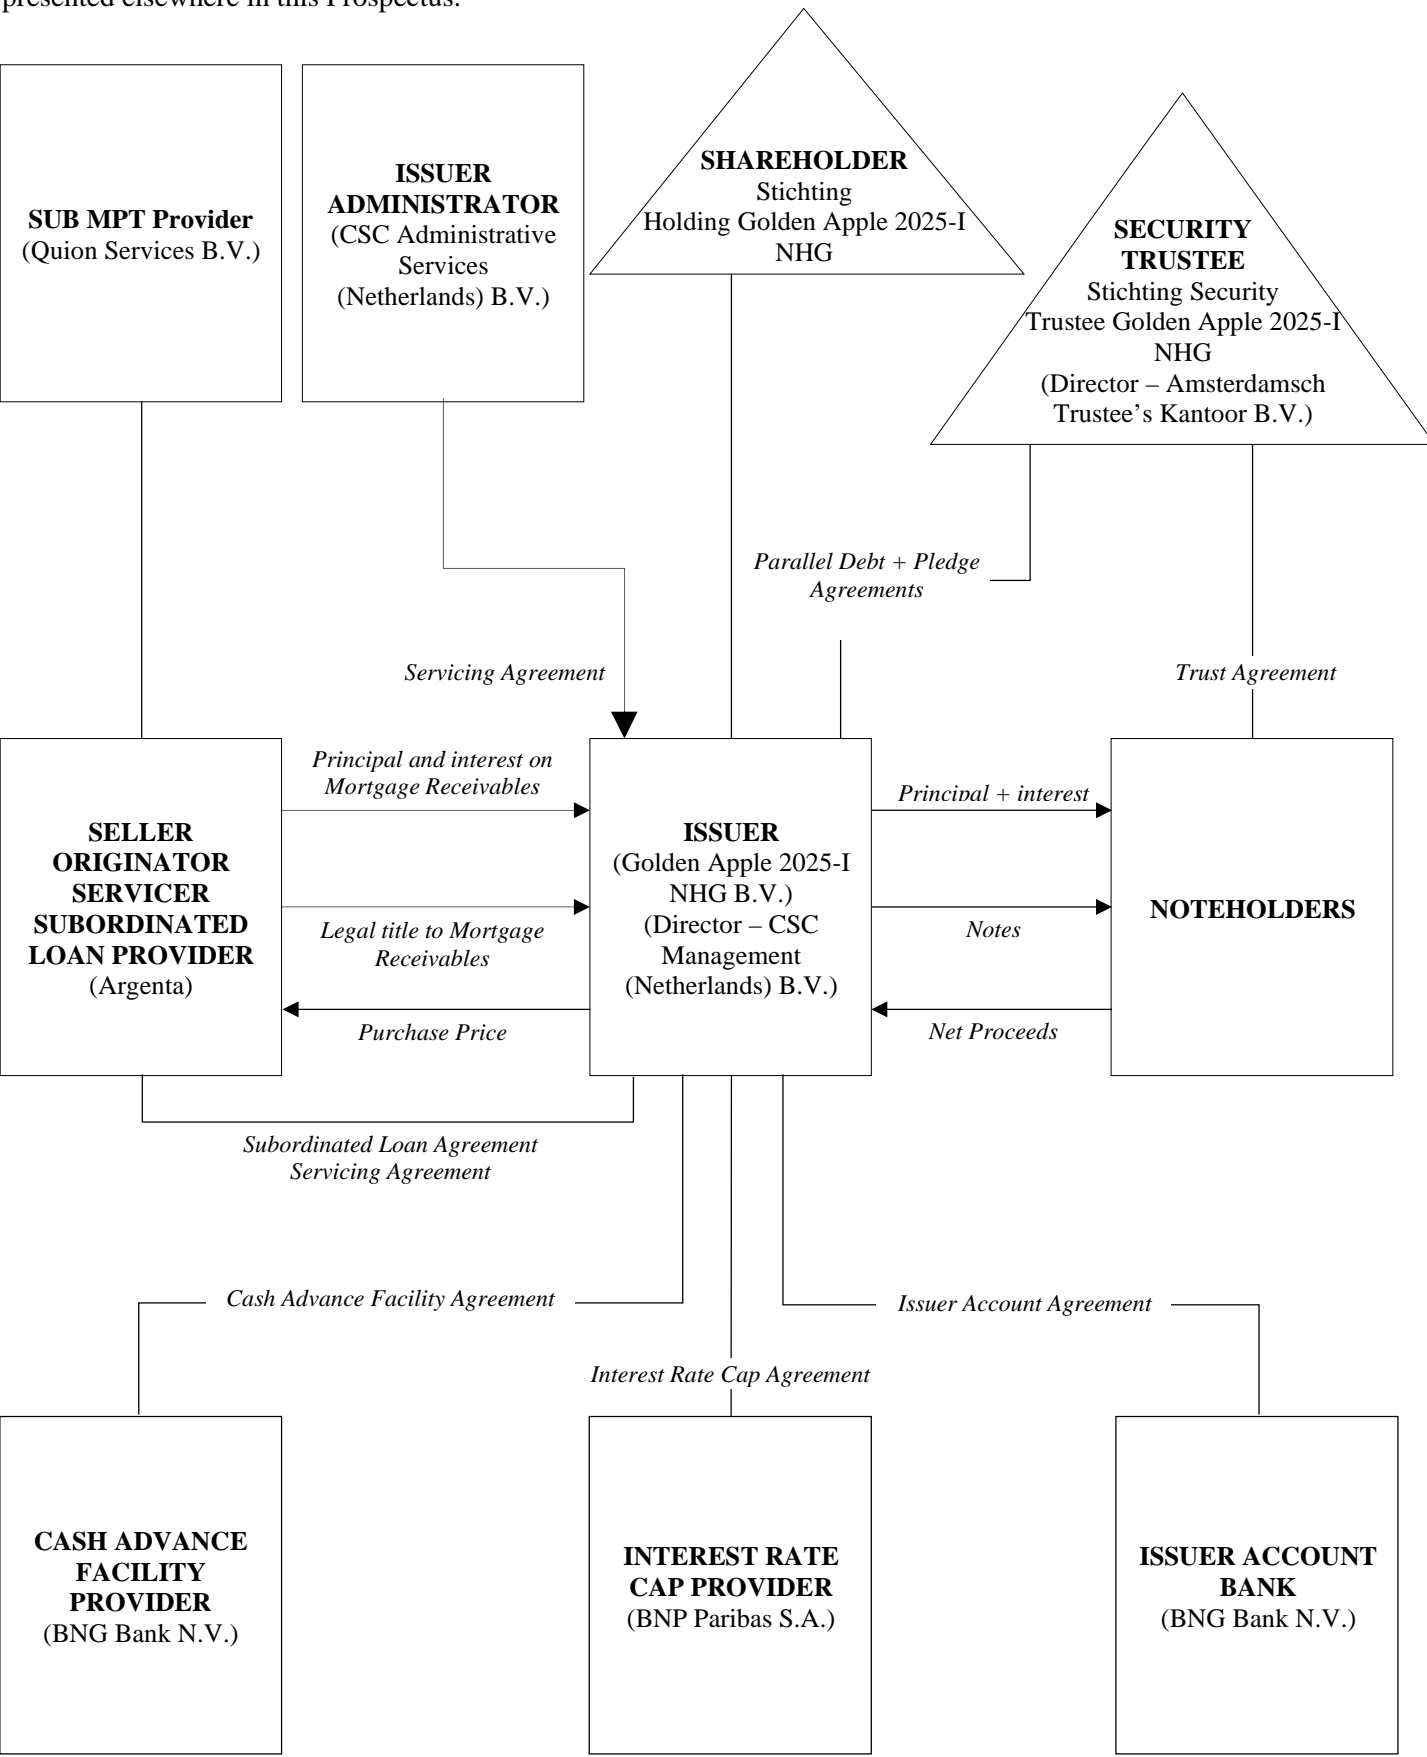

SELLING OR RECOMMENDING THE NOTES SHOULD TAKE INTO CONSIDERATION THE MANUFACTURERS' TARGET MARKET ASSESSMENT; HOWEVER, A DISTRIBUTOR SUBJECT TO MIFID II IS RESPONSIBLE FOR UNDERTAKING ITS OWN TARGET MARKET ASSESSMENT IN RESPECT OF THE NOTES (BY EITHER ADOPTING OR REFINING THE MANUFACTURERS' TARGET MARKET ASSESSMENT) AND DETERMINING APPROPRIATE DISTRIBUTION CHANNELS.

UK MIFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS ONLY TARGET MARKET – SOLELY FOR THE PURPOSES OF EACH MANUFACTURER'S PRODUCT APPROVAL PROCESS, THE TARGET MARKET ASSESSMENT IN RESPECT OF THE NOTES HAS LED TO THE CONCLUSION THAT: (I) THE TARGET MARKET FOR THE NOTES IS ELIGIBLE COUNTERPARTIES, AS DEFINED IN THE FCA HANDBOOK CONDUCT OF BUSINESS SOURCEBOOK ("**COBS**") AND PROFESSIONAL CLIENTS, AS DEFINED IN REGULATION (EU) No 600/2014 AS IT FORMS PART OF THE DOMESTIC LAW OF THE UNITED KINGDOM BY VIRTUE OF THE EUWA ("**UK MIFIR**"); AND (II) ALL CHANNELS FOR DISTRIBUTION OF THE NOTES TO ELIGIBLE COUNTERPARTIES AND PROFESSIONAL CLIENTS ARE APPROPRIATE. ANY PERSON SUBSEQUENTLY OFFERING, SELLING OR RECOMMENDING THE NOTES (A "**DISTRIBUTOR**") SHOULD TAKE INTO CONSIDERATION THE MANUFACTURERS' TARGET MARKET ASSESSMENT; HOWEVER, A DISTRIBUTOR SUBJECT TO THE FCA HANDBOOK PRODUCT INTERVENTION AND PRODUCT GOVERNANCE SOURCEBOOK (THE "**UK MIFIR PRODUCT GOVERNANCE RULES**") IS RESPONSIBLE FOR UNDERTAKING ITS OWN TARGET MARKET ASSESSMENT IN RESPECT OF THE NOTES (BY EITHER ADOPTING OR REFINING THE MANUFACTURERS' TARGET MARKET ASSESSMENT) AND DETERMINING APPROPRIATE DISTRIBUTION CHANNELS.

BENCHMARKS REGULATION – AMOUNTS PAYABLE UNDER THE NOTES ARE CALCULATED BY REFERENCE TO EURIBOR AND THE INTEREST RECEIVED ON THE ISSUER ACCOUNTS IS DETERMINED BY REFERENCE TO €STR AND/OR EURIBOR. EURIBOR IS PROVIDED BY THE EUROPEAN MONEY MARKETS INSTITUTE (THE "**ADMINISTRATOR**"). AS AT THE DATE OF THIS PROSPECTUS, THE ADMINISTRATOR APPEARS ON THE REGISTER OF ADMINISTRATORS AND BENCHMARKS ESTABLISHED AND MAINTAINED BY THE EUROPEAN SECURITIES AND MARKETS AUTHORITY ("**ESMA**") PURSUANT TO ARTICLE 36 OF THE BENCHMARKS REGULATION (REGULATION (EU) 2016/1011) (THE "**BENCHMARKS REGULATION**"). €STR IS PROVIDED BY THE EUROPEAN CENTRAL BANK. AS AT THE DATE OF THIS PROSPECTUS, THE EUROPEAN CENTRAL BANK DOES NOT APPEAR ON THE REGISTER OF ADMINISTRATORS AND BENCHMARKS ESTABLISHED AND MAINTAINED BY ESMA. AS FAR AS THE ISSUER IS AWARE, THE ECB, AS ADMINISTRATOR OF €STR IS NOT REQUIRED TO BE REGISTERED BY VIRTUE OF ARTICLE 2 OF THE BENCHMARKS REGULATION.

Interest Periods and accrual	<p>The Class A Notes will carry the rates of interest as set out above, payable in arrear on each Notes Payment Date. The Class B Notes and the Class C Notes do not carry interest. See further section 4.1(<i>Terms and Conditions</i>), Condition 4 (<i>Interest</i>).</p> <p>Each successive Interest Period will commence on and include a Notes Payment Date and end on but excludes the next succeeding Notes Payment Date, except for the first Interest Period which will commence on and includes the Closing Date and ends on but excludes the Notes Payment Date falling in October 2025. The interest payable on the Class A Notes will be calculated on the basis of the actual days elapsed in an Interest Period divided by a year of 360 days.</p>
First Optional Redemption Date	The Notes Payment Date falling in July 2031 .
Redemption Provisions	<p>Payments of principal on the Notes will be made in arrear on each Notes Payment Date in the circumstances set out in, and subject to and in accordance with the Conditions. The Notes will mature on the Final Maturity Date. On the First Optional Redemption Date and each Notes Payment Date thereafter and in certain other circumstances, the Issuer will have the option to redeem all of the Mortgage-Backed Notes. See further section 4.1 (<i>Terms and Conditions</i>) and Condition 6(<i>Redemption</i>).</p>
Optional Redemption	<p>Unless previously redeemed in full, on the Notes Payment Date falling in July 2031 and on each Notes Payment Date thereafter (each an "Optional Redemption Date") up to but excluding the Final Maturity Date, the Issuer may, at its option redeem all (but not some only) of the Mortgage-Backed Notes at their Principal Amount Outstanding, subject to Condition 6(e) (<i>Redemption - Optional Redemption</i>) and, in respect of Class B Notes, subject to Condition 9(a) (<i>Subordination and Limited Recourse - Principal</i>).</p> <p>From and including the Optional Redemption Date falling in January 2032 and on each Optional Redemption Date thereafter, the Issuer may sell the Mortgage Receivables for: (i) a price below their Outstanding Principal Amount (but always sufficient to redeem the Class A Notes in full and to pay accrued interest due, costs and the Class A Excess Consideration) and will apply such proceeds to redeem all (but not some only) of the Mortgage-Backed Notes and, in respect of the Class B Notes, subject to Condition 9(a) (<i>Subordination and Limited Recourse - Principal</i>); or (ii) such lower purchase price as acceptable to the Class A Noteholders and sanctioned in a Meeting of Class A Noteholders.</p> <p>If the Mortgage Receivables are sold for a price below their Outstanding Principal Amount, this may result in a Realised Loss and lead to a Principal Shortfall on the Class B Notes.</p>
Mandatory Redemption	The Mortgage-Backed Notes will amortise sequentially (starting with the Class A Notes).
Other Redemption provisions	<p>Redemption for tax reasons applies to the Mortgage-Backed Notes if the Issuer is or will become obliged to make any withholding of or deduction for, or on account of, any taxes, duties or charges of whatsoever nature from payments in respect of the Mortgage-Backed Notes as a result of any tax change after the Closing Date. See Condition 6(f)(<i>Redemption – Redemption for tax reasons</i>) and in respect of the Class B Notes, Condition 9(a) (<i>Subordination and Limited Recourse – Principal</i>).</p> <p>Redemption following exercise by the Seller of the Regulatory Call Option and/or the Clean-up Call Option applies to the Mortgage-Backed Notes. See Condition</p>

	6(b)(<i>Redemption – Mandatory Redemption of the Mortgage-Backed Notes</i>) and in respect of the Class B Notes, Condition 9(a) (<i>Subordination and Limited Recourse - Principal</i>).
Notes Payment Dates	Quarterly in arrear on the 17th day of January, April, July and October of each year, subject to adjustment for non-Business Days and commencing in October 2025.
Final Maturity Date	The Notes Payment Date falling in July 2063 (redemption of the Notes to take place at their respective Principal Amount Outstanding subject to and in accordance with the Conditions, in particular Condition 9(a)(<i>Subordination and Limited Recourse - Principal</i>)).
Events of Default	<p>As fully set out in Condition 10 (<i>Events of Default</i>), which, amongst others, include:</p> <ul style="list-style-type: none"> (i) Non-payment by the Issuer of principal or interest in respect of the Class A Notes; (ii) Breach of contractual obligations by the Issuer under the relevant Transaction Documents which is materially prejudicial to the interests of the holders of the Most Senior Class of Notes; and (iii) Bankruptcy or (preliminary) suspension of payments of the Issuer. <p>Non-payment of Class A Excess Consideration or non-payment of amounts under the Class B Notes and/or the Class C Notes will only cause an Event of Default in the event of the exercise of the Regulatory Call Option or the Clean-up Call Option in accordance with Condition 6(b) (<i>Redemption - Mandatory Redemption of the Mortgage-Backed Notes</i>), the redemption of the Mortgage-Backed Notes on an Optional Redemption Date in accordance with Condition 6(e) (<i>Redemption - Optional Redemption</i>) or the redemption for tax reasons in accordance with Condition 6(f) (<i>Redemption - Redemption for tax reasons</i>) as set forth in Condition 10 (<i>Events of Default</i>).</p>
Withholding Tax	All payments by the Issuer in respect of the Notes will be made without withholding of or deduction for, or on account of, any present or future taxes, duties, assessments or charges of whatsoever nature imposed or levied by or on behalf of the Netherlands, any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or charges are required by law. In that event, the Issuer will make the required withholding or deduction of such taxes, duties, assessments or charges for the account of the Noteholders, as the case may be, and shall not pay any additional amounts to such Noteholders.
Method of payment	For so long as the Notes are represented by a Global Note, payments of principal and interest and any other amount due to the Noteholders will be made in euro to the Common Safekeeper for Euroclear and Clearstream, Luxembourg, for the credit of the respective accounts of the Noteholders (see section 4.2 (<i>Form</i>)) below.

Security for the Notes, limited recourse and non-petition	<p>The Notes will be secured by:</p> <ul style="list-style-type: none"> (i) a Dutch law first ranking undisclosed right of pledge by the Issuer to the Security Trustee over the Mortgage Receivables and the NHG Advance Rights, including all rights ancillary thereto; and (ii) a Dutch law first ranking disclosed right of pledge by the Issuer to the Security Trustee over the Issuer Rights. <p>After delivery of an Enforcement Notice, the amounts payable to the Noteholders and the other Secured Creditors will be limited to the amounts available for such purpose to the Security Trustee which, <i>inter alia</i>, will consist of amounts recovered by the Security Trustee in respect of such rights of pledge created by the Pledge Agreements and amounts received by the Security Trustee as creditor under the Parallel Debt Agreement. Payments to the Secured Creditors will be made in accordance with the applicable Post-Enforcement Priority of Payments. See further sections 5 (<i>Credit Structure</i>) and 4.7 (<i>Security</i>).</p>
Parallel Debt Agreement	<p>On the Signing Date the Issuer, the Security Trustee and the Secured Creditors (other than the Noteholders) will enter into the Parallel Debt Agreement for the benefit of the Secured Creditors under which the Issuer shall, by way of parallel debt, undertake to pay to the Security Trustee an amount equal to the aggregate amount, from time to time due by it to the Secured Creditors, in order to create a claim of the Security Trustee thereunder which can be validly secured by the rights of pledge created by the Pledge Agreements.</p>
Security over Collection Foundation Account	<p>The Collection Foundation has granted a first ranking right of pledge on the balance standing to the credit of the Collection Foundation Account in favour of the Issuer and other Beneficiaries under the Collection Foundation Account Rights Pledge Agreement. Such right of pledge will be notified to the Collection Foundation Account Bank. The share within the meaning of section 3:166 of the Dutch Civil Code (<i>aandeel</i>) of the Beneficiaries of the right of pledge in respect of the balance of the Collection Foundation Account is equal to their respective entitlements, <i>i.e.</i> the sum of the amounts standing to the credit of the Collection Foundation Account which relate to the collections received in respect of the Mortgage Receivables owned by it or pledged to it, as the case may be, from time to time.</p>
Paying Agency Agreement	<p>On the Signing Date the Issuer and the Security Trustee will enter into the Paying Agency Agreement with the Paying Agent and the Agent Bank pursuant to which the Paying Agent and the Agent Bank undertake, <i>inter alia</i>, to perform certain payment services on behalf of the Issuer towards the Noteholders.</p>
Use of proceeds of the Notes	<p>The Issuer will use part of the net proceeds from the issuance of the Mortgage-Backed Notes to pay to the Seller (part of) the Initial Purchase Price for the Mortgage Receivables to be purchased by the Issuer on the Closing Date, pursuant to the Mortgage Receivables Purchase Agreement.</p> <p>An amount equal to the Aggregate Construction Deposit Amount will be withheld from the Initial Purchase Price by the Issuer and be deposited on the Construction Deposit Account. See section 7.1 (<i>Purchase, Repurchase and Sale</i>) below.</p> <p>The Issuer will credit the net proceeds from the issuance of the Class C Notes to the Reserve Account. See section 5 (<i>Credit Structure</i>) below.</p>
Settlement	<p>Euroclear and/or Clearstream, Luxembourg.</p>

Selling restrictions	<p>The Manager has agreed to procure the purchase on the Closing Date, subject to certain conditions precedent being satisfied, of the Class A Notes. The Seller has agreed to purchase on the Closing Date all of the Class B Notes and the Class C Notes.</p> <p>There are selling restrictions in relation to the European Economic Area, the United Kingdom, the Netherlands, France, Italy, Japan and the United States and such other restrictions as may be required in connection with the offering and sale of the Notes. See section 4.3 (<i>Subscription and Sale</i>).</p>
Closing Date	The Issuer will issue the Notes, as set out above, on 24 June 2025 (or such later date as may be agreed between the Issuer, the Manager and the Seller) (the " Closing Date ").
Underlying Assets	The Issuer will make payments on the Notes from, <i>inter alia</i> , payments of principal and interest received from a portfolio solely comprising of mortgage loans with the benefit of an NHG Guarantee originated by the Seller and secured over residential properties located in the Netherlands. Legal title of the Mortgage Receivables will be assigned by the Seller to the Issuer on the Closing Date and with respect to Further Advance Receivables and Substitute Receivables on the relevant Notes Payment Date (if applicable). See section 6.2 (<i>Description of Mortgage Loans</i>).
Credit Rating Agencies	<p>Each of the Credit Rating Agencies is established in the European Union and is registered under the CRA Regulation. As such, each of the Credit Rating Agencies is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at https://www.esma.europa.eu/supervision/credit-rating-agencies/risk) in accordance with the CRA Regulation.</p> <p>In the United Kingdom, pursuant to the Credit Rating Agencies (Amendment etc.) (EU Exit) Regulations 2019, SI 2019/266 ("CRAR"), such credit ratings (if issued) are expected to be endorsed by DBRS Ratings Limited or Fitch Ratings Limited,, as applicable, each being a credit rating agency established in the United Kingdom and registered by the United Kingdom Financial Conduct Authority ("FCA") pursuant to the CRAR. See further section 4.4. (<i>Regulatory and Industry Compliance – CRA Regulation</i>).</p>
Ratings	<p>Credit ratings are expected to be assigned to the Class A Notes as set out above, on or before the Closing Date. The credit rating assigned by Fitch addresses the likelihood of: (a) full and timely payment of interest, but for the avoidance of doubt, does not address the payment of the Class A Excess Consideration due to the Class A Noteholders on each Notes Payment Date after the First Optional Redemption Date; and (b) full payment of principal by a date that is not later than the Final Maturity Date. The credit rating assigned by Morningstar DBRS addresses the full and timely payment of interest and the ultimate payment of principal to the Class A Noteholders by a date that is not later than the Final Maturity Date, but for the avoidance of doubt, does not address the payment of the Class A Excess Consideration, and the expected financial loss suffered in the event of default. The Class B Notes and the Class C Notes are not rated.</p> <p>The assignment of a credit rating to the Class A Notes is not a recommendation to invest in the Class A Notes. Such credit rating may be reviewed, revised, suspended or withdrawn at any time. Any such review, revision, suspension or withdrawal could adversely affect the market value of the Class A Notes.</p>
Eurosystem Eligibility	The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility and the Class A Notes are intended upon issuance to be deposited with Euroclear or Clearstream, Luxembourg as common safekeeper. It does not necessarily mean that the Class A Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issuance or at any or all times during their life. Such recognition will depend upon, among other things, satisfaction of the

	<p>Eurosystem eligibility criteria, which criteria will include the requirement that loan-level information shall be made available to investors by means of the SR Repository designated pursuant to Article 10 of the EU Securitisation Regulation, in accordance with the final disclosure templates as adopted in the final regulatory technical standards and final implementing technical standards pursuant to Article 7(4) of the EU Securitisation Regulation. It has been agreed in the Servicing Agreement that the Issuer Administrator shall use its best efforts to make such loan-level information available on a quarterly basis within one month after each Notes Payment Date, for as long as such requirement is effective and to the extent it has such information available. The Class B Notes and the Class C Notes are not intended to be held in a manner which will allow their Eurosystem eligibility.</p>
STS Securitisation	<p>The securitisation transaction described in this Prospectus is intended to qualify as an STS securitisation within the meaning of Article 18 of the EU Securitisation Regulation. Consequently, the securitisation transaction will be notified by the Seller on or prior to the Closing Date to be included in the STS Register published by ESMA referred to in Article 27(5) of the EU Securitisation Regulation. The STS notification, once notified to ESMA, will be available for download on the website of the STS Register of ESMA at https://registers.esma.europa.eu/publication/searchRegister?core=esma_registers_stsre.</p> <p>The Seller uses the service of PCS, a third party authorised pursuant to Article 28 of the EU Securitisation Regulation, to verify whether the securitisation transaction described in this Prospectus complies with the requirements Articles 19 to 22 of the EU Securitisation Regulation in order to qualify as an STS securitisation and the compliance with such requirements is expected to be verified by PCS on the Closing Date. No assurance can be provided that the securitisation transaction described in this Prospectus does or will continue to qualify as an STS securitisation under the EU Securitisation Regulation at the Closing Date or at any point in time in the future. None of the Issuer, the Issuer Administrator, the Seller, the Originator, the Manager, the Arranger, the Security Trustee, the Servicer nor any of the other transaction parties makes any representation or accepts any liability for the securitisation transaction described in this Prospectus to qualify as an STS securitisation under the EU Securitisation Regulation or the UK Securitisation Framework at the Closing Date or at any point in time in the future.</p> <p>It is noted that the securitisation transaction described in this Prospectus can also qualify as a UK STS securitisation under the UK Securitisation Framework until maturity, provided that the securitisation transaction is included before and up to 30 June 2026 and remains included in the list published by ESMA and continues to meet the requirements of Articles 19 to 22 of the EU Securitisation Regulation. No separate UK STS notification will be submitted.</p> <p>See further section 1 (<i>Risk Factors - Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes</i>) and section 4.4 (<i>Regulatory and Industry Compliance</i>).</p>
Limited recourse obligations	<p>The Notes will be limited recourse obligations of the Issuer alone and will not be the obligations of, or guaranteed by, or be the responsibility of, any other entity. The Issuer will have limited sources of funds available. See section 1 (<i>Risk Factors</i>).</p>
Subordination	<p>The Class A Excess Consideration payable to the Class A Noteholders will be subordinated to payments of a higher order of priority including, but not limited to, any amount necessary to: (i) make good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero; and (ii) replenish the Reserve Fund up to the amount of the Reserve Account Required Amount and may be limited as more fully described in section 4.1 (<i>Terms and Conditions</i>).</p>

	<p>The right to payment of principal on the Class B Notes will be subordinated to principal and interest amounts, and after the First Optional Redemption Date, the Class A Excess Consideration, payable in respect of the Class A Notes, if applicable, and may be limited as more fully described in section 4.1 (<i>Terms and Conditions</i>).</p> <p>The right to payment of principal on the Class C Notes will, in accordance with the Revenue Priorities of Payments, be subordinated to payments of interest amounts in respect of the Class A Notes and, subordinated to, <i>inter alia</i>, payments of principal on the Class A Notes and the Class B Notes (in the case of any shortfall reflected on the Principal Deficiency Ledger) and after the First Optional Redemption Date, the Class A Excess Consideration, payable in respect of the Class A Notes if applicable, and, upon enforcement in accordance with the Pre-First Optional Redemption Date Post-Enforcement Priority of Payments, the right to payment of principal on the Class A Notes and the Class B Notes and the right of payment of interest on the Class A Notes and may be limited as more fully described in section 4.1 (<i>Terms and Conditions</i>).</p>
Retention and Information undertaking	<p>The Seller, in its capacity as the "originator" as defined in the EU Securitisation Regulation, has undertaken in the relevant Note Purchase Agreement to the Manager, the Issuer and the Security Trustee to retain, on an ongoing basis, a material net economic interest of not less than five (5) per cent. in the securitisation transaction described in this Prospectus in accordance with Article 6(1) of the EU Securitisation Regulation and in accordance with UK SECN 5 (as if it were applicable to it and as in force on the Closing Date).</p> <p>As at the Closing Date, such material net economic interest is retained in accordance with Article 6(3)(d) of the EU Securitisation Regulation and UK SECN 5.2.8R (1)(d) (as in force on the Closing Date) by the retention of the Retention Notes, representing an amount of at least five (5) per cent. of the nominal value of the securitised exposures.</p> <p>In addition to the information set out herein and forming part of this Prospectus, the Seller, as designated entity under Article 7(2) of the EU Securitisation Regulation, has undertaken to make available materially relevant information to investors in accordance with and as required pursuant to Article 7 of the EU Securitisation Regulation so that investors are able to verify compliance of the securitisation transaction described in this Prospectus with Article 6 of the EU Securitisation Regulation. Each prospective investor should ensure that it complies with the EU Securitisation Regulation and the UK Securitisation Framework to the extent applicable to it (see the risk factor entitled "<i>Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes</i>" under "<i>Reporting Requirements under the Securitisation Regulation</i>").</p> <p>The Issuer Administrator on behalf of the Issuer will, also on behalf of the Seller, prepare Investor Reports wherein relevant information with regard to the Mortgage Loans and Mortgage Receivables will be disclosed publicly together with the retention of the material net economic interest by the Seller. The Investor Reports will be made available to Noteholders, to the competent authorities referred to in Article 29 of the EU Securitisation Regulation and, upon request, to potential investors, on the website of the SR Repository in accordance with Article 7(2) of the EU Securitisation Regulation. See section 4.4 (<i>Regulatory and Industry Compliance</i>). For further information on the requirements referred to above and the corresponding risks (including the risks arising from the current absence of any corresponding final technical standards to assist with the interpretation of the requirements), see the risk factor entitled "<i>Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes</i>". Each (prospective) investor should ensure that it complies with the EU Securitisation Regulation and the relevant parts of the UK Securitisation Framework to the extent applicable to it.</p>

U.S. Risk Retention Rules	<p>The U.S. Risk Retention Rules generally require the "securitizer" of a "securitization transaction" to retain at least 5% of the "credit risk" of "securitized assets", as such terms are defined for purposes of U.S. Risk Retention Rules, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligations that they generally impose.</p> <p>The Seller, as the securitizer, does not intend to retain at least 5% of the credit risk of the securitized assets for purposes of compliance with the U.S. Risk Retention Rules, but rather intends to rely on a 'foreign safe harbor' exemption for non-U.S. transactions provided for in Section 246.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions that meet certain requirements. The issuance of the Notes was not designed to comply with the U.S. Risk Retention Rules, other than the 'foreign safe harbor' exemption under the U.S. Risk Retention Rules, and no other steps have been taken by the Issuer, the Seller, the Manager or any of their affiliates or any other party to accomplish such compliance.</p> <p>Such exempt non-U.S. transactions under Section 246.20 of the U.S. Risk Retention Rules must meet certain requirements, including that: (1) the securitization transaction is not required to be and is not registered under the Securities Act; (2) no more than 10% of the notes (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitization transaction are sold or transferred to U.S. persons or for the account or benefit of U.S. persons; (3) neither the sponsor nor the issuer is organised under U.S. law, is a branch organized under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25% of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer that is organised or located in the United States (such terms used in clauses (1) through (4) above are defined in the U.S. Risk Retention Rules).</p> <p>Prospective investors should note that, although the definition of "U.S. person" in the U.S. Risk Retention Rules is substantially the same as the definition of "U.S. person" in Regulation S, the definitions are not identical and persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules. The Notes sold as part of the initial distribution of the Notes may not be purchased by any person except for persons that are not U.S. Risk Retention Persons. Each purchaser of Notes, including beneficial interests in such Notes, by its acquisition of a Note or a beneficial interest in a Note, will be deemed, and in certain circumstances will be required, to have made the following representations: that it: (1) is not a U.S. Risk Retention Person; (2) is acquiring such Notes or a beneficial interest in such Notes for its own account and not with a view to distribute such Notes or, in the case of a distributor, will only distribute such Notes to a person who is not a U.S. Risk Retention Person, and (3) is not acquiring such Notes or a beneficial interest in such Notes as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-U.S. Risk Retention Person, rather than a U.S. Risk Retention Person, as part of a scheme to evade the 10% U.S. Risk Retention Person limitation in the exemption provided for under Section 246.20 of the U.S. Risk Retention Rules).</p> <p>The Seller, the Issuer and the Manager are relying on the deemed representations made by purchasers of the Notes (or beneficial interests in the Notes) and may not be able to determine the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in Section 246.20 of the U.S. Risk Retention Rules, and neither the Seller nor the Issuer nor the Manager nor any director, officer, employee, agent or affiliate of them accepts any liability or responsibility whatsoever for any such determination or characterisation.</p>
----------------------------------	--

	<p>There can be no assurance that the exemption provided for in Section 246.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. Failure on the part of the Seller to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action against the Seller which may adversely affect the Notes and the ability of the Seller to perform its obligations under the Transaction Documents. Furthermore, a failure by the Seller to comply with the U.S. Risk Retention Rules could negatively affect the value and secondary market liquidity of the Notes.</p> <p>None of the Seller, the Originator, the Issuer, the Manager or any of their respective affiliates makes any representation to any prospective investor or purchaser of the Notes as to whether the securitisation transaction described in this Prospectus comply as a matter of fact with the U.S. Risk Retention Rules on the Closing Date or at any time in the future. Investors should consult their own advisers as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise. The Manager will not have any liability for compliance with the U.S. Risk Retention Rules by the Issuer or the Seller or any other person.</p>
Volcker Rule	<p>The Notes offered hereby have not been and will not be registered under the Securities Act or any state securities laws, nor has the Issuer been registered under the U.S. Investment Company Act of 1940, as amended (the "Investment Company Act"). The Issuer is being structured so as not to constitute a "covered fund" for purposes of regulations adopted under Section 13 of the U.S. Bank Holding Company Act of 1956, as amended (commonly known as the "Volcker Rule"). The Issuer is of the view that it is not now and immediately following the issuance of the Notes and the application of the proceeds thereof it will not be, a "covered fund" as defined in the regulations adopted under the Volcker Rule. In reaching this conclusion, although other statutory or regulatory exemptions under the Investment Company Act and under the Volcker Rule and its related regulations may be available, this conclusion is based on the determination that the Issuer may rely on the "loan securitisation exclusion" to be excluded from the definition of "covered fund" under the Volcker Rule. Any prospective investor in the Notes, including a bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding the Volcker Rule and its effects.</p>

2.5. Credit Structure

Available Funds

The Issuer will use receipts of principal and interest in respect of the Mortgage Receivables together with amounts it receives under the Cash Advance Facility Agreement (if any), the Interest Rate Cap Agreement (excluding any Interest Rate Cap Collateral and termination payment) (if any) and the Issuer Account Agreement (if any), to make payments of, *inter alia*, principal and interest, if any, due in respect of the Notes and to purchase Further Advance Receivables (if any) and Substitute Receivables (if any).

Priorities of Payments

The obligations of the Issuer in respect of the Notes will rank subordinated to the obligations of the Issuer in respect of certain items set forth in the applicable priority of payments (see section 5 (*Credit Structure*) below).

The right to payment of principal on the Class B Notes will be subordinated to principal and interest amounts, and after the First Optional Redemption Date, the Class A Excess Consideration, payable in respect of the Class A Notes, if applicable, and may be limited as more fully described in section 4.1 (*Terms and Conditions*).

The right to payment of principal on the Class C Notes will, in accordance with the Revenue Priorities of Payments, be subordinated to payments of interest amounts in respect of the Class A Notes and, subordinated to, *inter alia*, payments of principal on the Class A Notes and the Class B Notes (in the case of any shortfall reflected on the Principal Deficiency Ledger) and after the First Optional Redemption Date, the Class A Excess Consideration, payable in respect of the Class A Notes if applicable, and, upon enforcement in accordance with the Pre-First Optional Redemption Date Post-Enforcement Priority of Payments, the right to payment of principal on the Class A Notes and the Class B Notes and the right of payment of interest on the Class A Notes and may be limited as more fully described in section 4.1 (*Terms and Conditions*).

In addition, the Class A Excess Consideration payable to the Class A Noteholders will be subordinated to certain payments of a higher order of priority.

Cash Advance Facility

On the Signing Date, the Issuer will enter into the Cash Advance Facility Agreement under which the Issuer will be entitled to make drawings in order to meet certain shortfalls in its available revenue receipts. See further section 5 (*Credit Structure*).

Collection Foundation Account

All payments made by Borrowers in respect of the Mortgage Loans will be paid or have been directed to be paid into the Collection Foundation Account maintained by the Collection Foundation Account Bank. CSC Management (Netherlands) B.V. is the director of the Collection Foundation. Argenta is the Foundation Administrator. The Collection Foundation Account is also used for the collection of moneys paid in respect of mortgage loans other than the Mortgage Loans and in respect of other moneys to which each of the Originator and other parties that are a Beneficiary under the Receivables Proceeds Distribution Agreement are entitled *vis-à-vis* the Collection Foundation and may in the future also be used in connection with new transactions of the Originator or other Beneficiaries.

The Foundation Administrator determines what the entitlement is of each Beneficiary and will arrange for the transfer of such amount from the Collection Foundation Account to the relevant Beneficiary in accordance with the Receivables Proceeds Distribution Agreement.

See further section 5.1 (*Available Funds – Cash Collection Arrangements*).

**Collection Foundation
Account Rights Pledge
Agreement**

On the Signing Date, the Issuer will enter into the collection foundation account rights pledge agreement under which the Issuer and the other Beneficiaries jointly will have the benefit of a right of pledge on its respective share on the Foundation Account Rights.

**Receivables Proceeds
Distribution Agreement**

On the Signing Date, the Issuer will accede to the receivables proceeds distribution agreement between, *inter alios*, the Collection Foundation and the Originator under which, *inter alia*, the Collection Foundation undertakes to transfer all amounts received on the Collection Foundation Account in respect of the Mortgage Receivables to the Issuer Collection Account.

Issuer Accounts

The Issuer shall maintain with the Issuer Account Bank the following accounts:

- (i) the Issuer Collection Account, to which on each Mortgage Collection Payment Date all amounts of interest, prepayment penalties and principal received under the Mortgage Receivables will be transferred;
- (ii) the Reserve Account on which the Reserve Fund will be deposited;
- (iii) the Cash Advance Facility Stand-by Drawing Account;
- (iv) the Construction Deposit Account, which will only be debited for: (i) payments to the Seller in accordance with the Mortgage Receivables Purchase Agreement; and (ii) a transfer to the Issuer Collection Account if the Issuer has no obligation to pay any such part of the Initial Purchase Price; and
- (v) the Interest Rate Cap Collateral Account to which, if applicable, collateral relating to the Interest Rate Cap Agreement will be transferred until and unless the Interest Rate Cap Agreement has been terminated.

**Issuer Account
Agreement**

The Issuer, the Security Trustee, the Issuer Administrator and the Issuer Account Bank will enter into the Issuer Account Agreement on the Signing Date. The Issuer Account Bank will agree to pay a guaranteed rate of interest determined by reference to: (i) €STR (or, if applicable, any successor rate applicable following a benchmark event as described in clause 15.5 of the Issuer Account Agreement, which has been agreed with the Issuer Account Bank pursuant to the terms of the Issuer Account Agreement) minus a margin on the balances standing from time to time to the credit of the Construction Deposit Account, the Issuer Collection Account, the Cash Advance Facility Stand-by Drawing Account and the Interest Rate Cap Collateral Account; and (ii) three-month EURIBOR (or, if applicable, any successor rate applicable following a benchmark event as described in clause 15.5 of the Issuer Account Agreement, which has been agreed with the Issuer Account Bank pursuant to the terms of the Issuer

Account Agreement) minus a margin on the balance standing from time to time to the credit of the Reserve Account. Should the interest rate fall below zero and the Issuer would be required to make interest payments to the Issuer Account Bank, the Issuer shall make such interest payments in arrear on the relevant Notes Payment Date in accordance with the applicable Priority of Payments or on such earlier date as reasonably possible outside the Priorities of Payments.

Interest Rate Cap Agreement

On the Signing Date, the Issuer will enter into the Interest Rate Cap Agreement with the Interest Rate Cap Provider. The Interest Rate Cap Agreement, effective as from and including the Closing Date until the termination date thereunder (being the Notes Payment Date scheduled to fall in July 2042), requires the Interest Rate Cap Provider, against payment of the Initial Interest Rate Cap Payment on the Closing Date, to make payments to the Issuer on a quarterly basis to the extent three-month EURIBOR (or, if applicable, any alternative reference rate applicable following a Benchmark Event) for any Interest Period exceeds the Cap Strike Rate. Such payments by the Interest Rate Cap Provider will be equal to the amount by which three-month EURIBOR (or, if applicable, any alternative reference rate following a Benchmark Event) for an Interest Period exceeds the Cap Strike Rate multiplied by the Cap Notional Amount for the relevant Interest Period (and adjusted for the day count fraction). The Cap Notional Amount amortises in accordance with the notional amount schedule as included in section 5.4 (*Hedging*).

Any payments received by the Issuer from the Interest Rate Cap Provider (excluding any Interest Rate Cap Collateral and, except to the extent such amount constitutes an Available Termination Amount, any termination payment) will be part of the Available Revenue Funds and will be applied on the relevant Notes Payment Date in accordance with the relevant Revenue Priority of Payments.

Subordinated Loan Agreement

On the Signing Date, the Issuer will enter into the Subordinated Loan Agreement with the Subordinated Loan Provider and the Security Trustee for an amount of euro 39,000,000. The proceeds of the Subordinated Loan will be used to pay certain start-up costs and expenses incurred by the Issuer in connection with the issuance of the Notes including, but not limited to, the Initial Interest Rate Cap Payment to be paid on the Closing Date.

2.7. Portfolio Documentation

Mortgage Receivables

The Mortgage Receivables will result from Mortgage Loans secured by first-ranking mortgage rights or, in the case of Mortgage Loans secured on the same Mortgaged Asset, first and sequentially lower ranking mortgage rights over the Mortgaged Assets, situated in the Netherlands and entered into by the Seller and the relevant Borrowers which meet criteria set forth in the Mortgage Receivables Purchase Agreement and which will be selected prior to or on the Closing Date or, in respect of Substitute Receivables and/or Further Advance Receivables, prior to or on the relevant Notes Payment Date.

On the Closing Date, the Seller will sell and transfer the legal title to the Mortgage Receivables to the Issuer, by means of a deed of assignment and pledge which is registered as soon as possible on or after the Closing Date with the Dutch tax authorities, without notification of the assignment to the Borrowers being required (the "Assignment").

The Mortgage Receivables have the characteristics that demonstrate the capacity to produce funds to service any payments due and payable under the Notes.

Mortgage Loans

The Mortgage Loans will consist of: (i) Linear Mortgage Loans (*lineaire hypotheek*); (ii) Annuity Mortgage Loans (*annuïteitenhypotheek*); and (iii) Interest-only Mortgage Loans (*aflossingsvrije hypotheek*).

All Mortgage Loans (for the avoidance of doubt including any Further Advance, as the case may be) are secured by a first ranking or first and sequentially lower ranking Mortgage which was vested for a principal sum which is at least equal to the principal sum of the Mortgage Loan when originated, increased with interest, penalties, costs and any insurance premium. Mortgage Loans may consist of one or more Loan Parts (*leningdelen*), each of which normally constitutes a different mortgage type agreed with the relevant Borrower. On the Closing Date, the Seller shall sell and assign and the Issuer shall purchase and accept the assignment of all, but not some, the Mortgage Receivables of all Loan Parts of such Mortgage Loan.

See for a description of the various Mortgage Loan types section 6.2 (*Description of Mortgage Loans*).

NHG Mortgage Loans

The Mortgage Loans (except for certain Further Advances that may not meet the criteria of the applicable NHG Conditions) have the benefit of an NHG Guarantee.

In respect of each Mortgage Loan (or one or more Loan Parts thereof) which has the benefit of an NHG Guarantee, the Seller holds the NHG Advance Rights pursuant to the NHG Conditions, which provide the opportunity to the Seller to receive an advance payment of expected loss, subject to certain conditions being met. Under the Mortgage Receivables Purchase Agreement, the Seller will assign, to the extent legally possible and required, such NHG Advance Rights to the Issuer and the Issuer will accept such assignment.

See further sections 6.2 (*Description of Mortgage Loans*) and 6.5 (*NHG Guarantee Programme*).

Construction Deposits

Pursuant to the Mortgage Conditions, a Borrower has the right to request that a part of the Mortgage Loan will be withheld and will be applied towards construction of or improvements to the Mortgaged Asset. Such amounts including any interest accrued thereon will only be paid to the Borrower if certain conditions are met. The aggregate amount of the Construction Deposits on the Initial Cut-Off Date is euro 2,744,892.21.

Pursuant to the Argenta Mortgage Conditions, the Seller is entitled (*is bevoegd*) to settle (*vereffenen*) the Construction Deposit after 24 months following the date that the Construction Deposit has been granted and either: (i) pay the balance of such Construction Deposit to the Borrower; or (ii) set-off against the relevant Mortgage Receivable, taking into account that prepayment penalties may apply. Pursuant to the Hypotrust Mortgage Conditions, the Seller may set off against the relevant Mortgage Receivable the Construction Deposit after 12 months following the date that the Construction Deposit has been granted.

An amount equal to the Aggregate Construction Deposit Amount will be withheld from the Initial Purchase Price by the Issuer and be deposited on the Construction Deposit Account.

In the case of set-off as set out under (ii) above, the Issuer shall have no further obligation towards the Seller to pay the remaining part of the relevant Initial Purchase Price and the relevant balance standing to the credit of the Construction Deposit Account will be transferred to the Issuer Collection Account, and form part of the Available Principal Funds.

If any of the following events (also set forth in items (d) and (e) of the definition of Assignment Notification Events) has occurred:

- (a) the Seller has taken any corporate action or other steps are taken or legal proceedings are started or threatened against it for its dissolution or its liquidation (whether voluntary or judicial), for its annulment of a legal entity or any of its assets are placed under custody pursuant to such proceedings by the relevant court or it is involved in a legal merger or demerger, a contribution or transfer of universality or of a branch of activity (*inbreng of overdracht van een algemeenheid of van een bedrijfstak*) or being converted into a foreign entity (*conversie*) or a judicial director (*gerechtelijk bestuurder*), special commissioner (*speciaal commissaris*), temporary administrator (*voorlopige bewindvoerder*) sequestrator, (*sekwester*) or similar officer (including a special administrator (*speciaal commissaris*) is appointed over it or of any substantial part or all of its revenues and assets; or
- (b) the Seller has taken any corporate action or any steps have been taken or legal proceedings have been instituted or threatened against it for the Seller entering into bankruptcy (*faillissement*) or for the adoption of reorganisation measures

in Belgium (*saneringsmaatregelen / mesures d'assainissement*) (as defined in the Belgian Banking Act) or to the opening of winding-up proceedings in Belgium (*faillissementsprocedure*) or for any analogous insolvency proceedings under any applicable law for the appointment of a receiver or a similar officer of it or of any or all of its assets,

the Issuer will no longer be under the obligation to pay such remaining part of the Initial Purchase Price and the relevant balance standing to the credit of the Construction Deposit Account will be transferred to the Issuer Collection Account, and form part of the Available Principal Funds. See further section 7.1 (*Purchase, Repurchase and Sale*).

**Mortgage
Receivables
Purchase
Agreement**

Under the Mortgage Receivables Purchase Agreement, the Issuer will, subject to the fulfilment of certain conditions (including compliance with the Mortgage Loan Criteria), purchase on the Closing Date and accept the assignment of the Mortgage Receivables on the Closing Date.

**Further
Advances**

A portion of the Mortgage Receivables is secured by Mortgages that will also secure any Further Advances to be granted by the Seller to the relevant Borrower whereby Further Advances include: (a) further advances made under a Mortgage Loan which will be secured by the same Mortgage as the loan previously made under such Mortgage Loan (*verhoogde inschrijving*); and (b) further advances made under a Mortgage Loan which will be secured by a second or sequentially lower priority Mortgage as the loan previously made under such Mortgage Loan (*verhoging*).

The Mortgage Receivables Purchase Agreement provides, that as from the Closing Date up to but excluding the First Optional Redemption Date, if, subject to the Mortgage Conditions, the Seller has agreed with a Borrower to grant a Further Advance, the Issuer will, subject to the fulfilment of the Additional Purchase Conditions, purchase and accept assignment of the Further Advance Receivable on the next succeeding Notes Payment Date, provided that the Issuer has sufficient funds available for payment of the Initial Purchase Price for such Further Advance Receivable.

The Issuer will, subject to and in accordance with certain conditions and subject to the Redemption Priority of Payments, apply the Available Principal Funds or part thereof towards payment of the Initial Purchase Price for the Further Advance Receivables.

When a Further Advance is granted to the relevant Borrower and the Issuer purchases and accepts the assignment of the relevant Further Advance Receivable, the Issuer will at the same time create a first ranking right of pledge on such Further Advance Receivable and the NHG Advance Rights relating thereto in favour of the Security Trustee.

If, *inter alia*: (a) any Further Advance Receivable does not meet the Additional Purchase Conditions on the relevant Notes Payment Date; (b) the Issuer does not have sufficient funds available for payment of the Initial Purchase Price for such Further Advance Receivable; or (c) the Further Advance is granted on or following the Notes Payment Date immediately preceding the First Optional Redemption Date, the Seller shall repurchase and accept the re-assignment of all Mortgage Receivables resulting from the Mortgage Loan which is secured by the same Mortgage Asset in respect of which a Further Advance is granted on such relevant Notes Payment Date.

**Substitute
Receivables**

The Mortgage Receivables Purchase Agreement provides that, if any of the representations and warranties relating to the Mortgage Loans and the Mortgage Receivables proves to have been untrue or incorrect, the Seller shall, if such matter is not capable of being remedied or is not remedied in accordance with the terms of the Mortgage Receivables Purchase Agreement, at the Seller's expense, repurchase and accept re-assignment of the relevant Mortgage Receivable. The repurchase price received by the Issuer as a result of such repurchase and re-assignment of the relevant Mortgage Receivables will form part of the Substitute Available Amount. The Issuer will, up to but excluding the First Optional Redemption Date, on the Notes Payment Date immediately following the date of such repurchase apply the Available Principal Funds up to the Substitute Available Amount to purchase and accept assignment from the Seller of any Substitute Receivables, to the extent offered by the Seller and subject to the fulfilment of the Additional Purchase Conditions as set forth in the Mortgage Receivables Purchase Agreement and that the purchase price of such Substitute Receivables shall not exceed the then Substitute Available Amount. See section 7.1 (*Purchase, Repurchase and Sale*).

When the Issuer purchases and accepts the assignment of the relevant Substitute Receivable, the Issuer will at the same time create a first ranking right of pledge on such Substitute Receivable and the NHG Advance Rights relating thereto in favour of the Security Trustee.

**Repurchase of
Mortgage
Receivables**

In the Mortgage Receivables Purchase Agreement, the Seller has undertaken to repurchase and accept re-assignment of any Mortgage Receivable:

- (a) on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period, if in respect of such Mortgage Receivable any of the representations and warranties given by the Seller in respect of the Mortgage Loans and the Mortgage Receivables, including the representation and warranty that the Mortgage Loans or, as the case may be, the Mortgage Receivables meet the Mortgage Loan Criteria, are untrue or incorrect in any material respect, following the expiration of the relevant remedy period in such Mortgage Calculation Period (as provided in the Mortgage Receivables Purchase Agreement);
- (b) on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period in which the Seller has obtained any Other Claim(s) *vis-à-vis* any Borrower (other than resulting from a Further Advance) in such Mortgage Calculation Period;
- (c) on the Notes Payment Date immediately following the relevant Notes Calculation Period in which the Seller has obtained any Other Claim(s) *vis-à-vis* any Borrower resulting from a further advance in respect of such Mortgage Receivable in such Notes Calculation Period, if and to the extent that such further advance receivables will not be purchased by the Issuer on such Notes Payment Date;
- (d) on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period in which the Seller agrees with the Borrower under the relevant Mortgage Loan to a Mortgage Loan Amendment, unless such Mortgage Loan Amendment is made as part of the enforcement procedures to be complied with upon a default by the Borrower under the Mortgage Loan or is otherwise made as part of a restructuring of or renegotiation of such Mortgage Loan due to a deterioration of the credit quality of the relevant

Borrower under the Mortgage Loan, in which case, the Seller shall not repurchase the Mortgage Receivable;

- (e) if during the relevant Mortgage Calculation Period: (a) prior to foreclosure the relevant Mortgage Loan no longer has the benefit of the NHG Guarantee; or (b) following foreclosure of the relevant Mortgage Loan, the amount actually reimbursed under the NHG Guarantee is lower than the amount claimable had the terms of the NHG Guarantee been met, each time as a result of action taken or omitted to be taken by the Seller or the Servicer on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period in which the Seller or the Servicer has become aware or has been notified hereof;
- (f) if from and including the First Optional Redemption Date during the relevant Mortgage Calculation Period the interest of the relevant Mortgage Loan has been reset by or on behalf of the Seller, as the case may be, at a rate lower than the Post-FORD Mortgage Interest Rate on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period in which the interest has been reset;
- (g) on the Mortgage Collection Payment Date immediately following the date on which the Seller has notified the Issuer that, while it is entitled to make a claim under the NHG Guarantee, it will not make such claim; and
- (h) the Seller has the option on any Mortgage Collection Payment Date to repurchase and accept the reassignment from the Issuer if on such Mortgage Collection Payment Date the aggregate Potential Set-Off Amount related to the Mortgage Receivables is higher than 0.36 per cent. of the aggregate Outstanding Principal Amount of all Mortgage Receivables, of only (but not more than) such number of Mortgage Receivables having the highest Potential Set-Off Amount connected to it as selected by the Seller, as a result of which, following such repurchase, the aggregate Potential Set-Off Amount related to the Mortgage Receivables will be lower than or equal to 0.36 per cent. of the aggregate Outstanding Principal Amount of all Mortgage Receivables.

The repurchase price will be calculated as described in section 7.1 (*Purchase, Repurchase and Sale*).

**Sale of Mortgage
Receivables on
an Optional
Redemption Date**

Under the terms of the Trust Agreement, the Issuer will have the right to sell and assign the Mortgage Receivables on each Optional Redemption Date to a third party. The Issuer may only sell and assign all, but not some only, of the Mortgage Receivables, provided that in accordance with Condition 6(e) (*Redemption - Optional Redemption*): (x) until and including the Optional Redemption Date falling in October 2031 the purchase price of such Mortgage Receivables is sufficient, taking into account the Reserve Fund, to redeem the Mortgage-Backed Notes at their Principal Amount Outstanding and, in the case of the Class A Notes, any unpaid interest and unpaid Class A Excess Consideration thereon and in respect of the Class B Notes, subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*) and if the Mortgage Receivables are repurchased by the Seller, any costs incurred by the Issuer in effecting and completing such sale and assignment, if any; and (y), from and including the Optional Redemption Date falling in January 2032 and on each Optional Redemption Date thereafter, the Issuer may sell the Mortgage Receivables for: (i) a price below their Outstanding Principal Amount (but always sufficient to redeem the Class A Notes in full and to pay any unpaid interest and unpaid Class A Excess Consideration thereon) and will apply such proceeds to redeem the Mortgage-Backed Notes subject to and in accordance with Condition

6(e) (*Redemption - Optional Redemption*); or (ii) such lower purchase price as acceptable to the Class A Noteholders and sanctioned in a Meeting of Class A Noteholders.

Sale of Mortgage Receivables

Other than a sale and assignment of Mortgage Receivables on an Optional Redemption Date (as described in the paragraph titled *Sale of Mortgage Receivables on an Optional Redemption Date* above), the Issuer may not dispose of any Mortgage Receivables, except to comply with its obligations under the Notes in certain circumstances as further provided in the Trust Agreement and in connection with a repurchase obligation of the Seller as provided in the Mortgage Receivables Purchase Agreement, or if the Seller exercises the Regulatory Call Option (as described in the paragraph titled *Sale of Mortgage Receivables if the Regulatory Call Option is exercised* below) or the Clean-up Call Option (as described in the paragraph titled *Sale of Mortgage Receivables if the Clean-up Call Option is exercised* below) or in the event the Issuer sells and assigns the Mortgage Receivables upon the occurrence of a Tax Change (as described in the paragraph titled *Sale of Mortgage Receivables and redemption of Notes upon the occurrence of a Tax Change* below). If the Issuer decides to offer for sale the Mortgage Receivables, it will first offer such Mortgage Receivables to the Seller. The Seller shall within a period of fifteen (15) Business Days from such offer inform the Issuer whether or not it wishes to repurchase the Mortgage Receivables. After such period, the Issuer may offer such Mortgage Receivables for sale to any third party. The proceeds of any sale and assignment by the Issuer (whether to the Seller or a third party), shall be applied by the Issuer towards redemption of the Mortgage-Backed Notes in accordance with Condition 6 (*Redemption*) and in respect of the Class B Notes, subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*).

Sale of Mortgage Receivables if the Regulatory Call Option is exercised

On each Notes Payment Date following the occurrence of a Regulatory Change, the Seller has the option (but not the obligation) to exercise the Regulatory Call Option and repurchase the Mortgage Receivables. The purchase price for the Mortgage Receivables will be calculated as described in section 7.1 (*Purchase, Repurchase and Sale*). The proceeds of such sale and assignment shall be applied by the Issuer towards redemption of the Mortgage-Backed Notes in accordance with Condition 6 (*Redemption*) and in respect of the Class B Notes, subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*).

Sale of Mortgage Receivables and redemption of Notes upon the occurrence of a Tax Change

On any Notes Payment Date following the occurrence of a Tax Change the Issuer has the option (but not the obligation) to redeem the Mortgage-Backed Notes in accordance with Condition 6(f) (*Redemption for tax reasons*) and in respect of the Class B Notes, subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*). The Purchase Price for the Mortgage Receivables will be calculated as described in section 7.1 (*Purchase, Repurchase and Sale*). The proceeds of such sale and assignment shall be applied by the Issuer towards redemption of the Mortgage-Backed Notes in accordance with Condition 6 (*Redemption*) and in respect of the Class B Notes, subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*).

Sale of Mortgage Receivables if the Clean-up Call Option is exercised

If the Seller has exercised the Clean-up Call Option, the purchase price will be calculated as described in section 7.1 (*Purchase, Repurchase and Sale*). The proceeds of such sale and assignment shall be applied by the Issuer towards redemption of the Mortgage-Backed Notes in accordance with Condition 6 (*Redemption*) and in respect of the Class B Notes, subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*).

Clean-up Call Option

The Seller has the option (but not the obligation) to repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables which right may be exercised on any Notes Payment Date on which the aggregate Principal Amount Outstanding of the Mortgage-Backed Notes (in the case of a Principal Shortfall in respect of any Class of Mortgage-Backed Notes, less such aggregate Principal Shortfall) is not more than 10 per cent. of the aggregate Outstanding Principal Amount of the Mortgage Receivables on the Closing Date.

The Issuer has undertaken in the Mortgage Receivables Purchase Agreement to sell and assign the Mortgage Receivables to the Seller, or any third party appointed by the Seller at its sole discretion, if the Seller exercises the Clean-up Call Option. The proceeds of such sale and assignment shall be applied by the Issuer towards redemption of the Mortgage-Backed Notes subject to and in accordance with Condition 6(b) (*Redemption - Mandatory redemption of the Mortgage-Backed Notes*) and in respect of the Class B Notes, subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*). The purchase price will be as described in section 7.1 (*Purchase, Repurchase and Sale*).

Servicing Agreement

Under the terms of the Servicing Agreement, the Servicer will agree: (i) to provide to the Issuer administration and management services in relation to the Mortgage Loans on a day-to-day basis, including, without limitation, the collection of payments of principal, interest and all other amounts in respect of the Mortgage Receivables and the implementation of arrears procedures including, if applicable, the enforcement of mortgages (see further section 6.3 (*Origination and Servicing*)); and (ii) to communicate with the relevant Borrowers in respect of the Mortgage Loans. The Servicer has appointed Quion as its sub-mpt provider under the terms of the Servicing Agreement.

Administration, Calculation and Cash Management

Under the terms of the Servicing Agreement, the Issuer Administrator will agree to provide certain administration, calculation and cash management services for the Issuer on a day-to-day basis, including without limitation, all calculations to be made pursuant to the Conditions in connection with the Notes.

2.8. General**Management Agreements**

Each of the Issuer, the Security Trustee and the Shareholder have entered into Management Agreements with the relevant Director, under which the relevant Director will undertake to act as director of the Issuer, the Security Trustee or the Shareholder, respectively, and to perform certain services in connection therewith.

Governing Law

The Transaction Documents (which also include the Notes), other than the Interest Rate Cap Agreement, and any non-contractual obligations arising out of or in relation to such Transaction Documents will be governed by and construed in accordance with the laws of the Netherlands. The Interest Rate Cap Agreement, and any non-contractual obligations arising out of or in relation to the Interest Rate Cap Agreement, will be governed by and construed in accordance with English law.

3. PRINCIPAL PARTIES

3.1. Issuer

The Issuer is a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) incorporated with the name Golden Apple 2025-I NHG B.V. under the laws of the Netherlands on 28 April 2025 for an indefinite period having its corporate seat in Amsterdam, the Netherlands and its registered office at Basisweg 10, 1043 AP Amsterdam, the Netherlands. The Issuer is registered in the trade register (*handelsregister*) of the Dutch Chamber of Commerce (*Kamer van Koophandel*) under number 97133221 and its Legal Entity Identifier (LEI) is 724500ISK5V0VFQS1654. The telephone number of the registered office of the Issuer is +31 20 521 4777. The Issuer has been established as a special purpose vehicle, whose objects and purposes are primarily the issue of securities as set out below.

The Issuer's objects are:

- (a) to purchase, acquire, manage, service, alienate and encumber assets including claims arising out of or in connection with the lending of funds by third parties or to third parties and to exercise all rights connected to such assets;
- (b) to acquire funds to finance the acquisition of the assets referred to under (a) by way of issuing bonds or entering into loan agreements;
- (c) to limit interest and other financial risks, amongst others by entering into derivative agreements, such as swaps, caps and option agreements;
- (d) to invest including lending funds held by the company; and
- (e) in connection with the foregoing:
 - (i) to borrow money by issuance of bonds or entering into loan agreements, amongst others for fulfilment of the obligations under the bonds mentioned under (b);
 - (ii) to grant security rights; and
 - (iii) to enter into agreements relating to bank accounts, administration, custody, asset management, sub-participation, and servicing of the assets mentioned under (a).

The objects as set out in this paragraph include anything, among other things, in the broadest sense of the words, related to or conducive to this. The Issuer is financed on a contractual limited recourse basis.

The issued and paid up capital of the Issuer is EUR 1.00. All shares of the Issuer are held by the Shareholder.

Statement by the managing director of the Issuer

Since its incorporation there has been no material adverse change in the financial position or prospects of the Issuer and the Issuer has not: (i) commenced operations; (ii) made or incurred any profits and losses; (iii) declared or paid any dividends nor made any distributions, save for the activities related to its establishment and the securitisation transaction included in this Prospectus; and (iv) prepared any financial statements. There are no legal, arbitration or governmental proceedings which may have, or have had, significant effects on the Issuer's financial position or profitability nor, so far as the Issuer is aware, are any such proceedings pending or threatened against the Issuer.

The Issuer has the corporate power and capacity to issue the Notes, to acquire the Mortgage Receivables and to enter into and perform its obligations under the Transaction Documents.

The sole managing director of each of the Issuer and the Shareholder is CSC Management (Netherlands) B.V. CSC Management (Netherlands) B.V. has elected domicile at the registered office of the Issuer at Basisweg 10, 1043 AP

Amsterdam, telephone number +31 20 521 4777. The managing directors of CSC Management (Netherlands) B.V. are Edwin Marinus van Ankeren, Berend Gerrit Dinkla – Vente, Kristina Adamovich – van Doorn and Pieter Cornelis van der Linden.

The objects of CSC Management (Netherlands) B.V. are, *inter alia*: (a) advising of and mediation by financial and related transactions; (b) acting as trust office; and (c) to conduct the management of legal entities.

CSC Management (Netherlands) B.V., the sole managing director of both the Issuer and the Shareholder, belongs to the same group of companies as CSC Administrative Services (Netherlands) B.V. (being the Issuer Administrator) and Amsterdamsch Trustee's Kantoor B.V. (being the sole managing director of the Security Trustee). Therefore, a conflict of interests may arise. In this respect it is of note that in the relevant Management Agreement entered into by each of the Directors with the entity of which it has been appointed managing director (*statutair directeur*), each of the Directors agrees and undertakes to, *inter alia*: (i) do all that an adequate managing director (*statutair directeur*) should do; and (ii) refrain from taking any action detrimental to the obligations under any of the Transaction Documents. In addition each of the Directors agrees in the relevant Management Agreement that it will procure that the relevant entity will not enter into any agreement in relation to the Issuer, the Security Trustee and/or the Shareholder, other than the Transaction Documents to which it is a party, unless permitted under the Transaction Documents, without the prior written consent of the Security Trustee and that the Security Trustee will only enter into any agreement other than the Transaction Documents to which it is a party, under certain conditions. In addition, the Issuer Director agrees in the Issuer Management Agreement that it will not agree to any alteration of any agreement including, but not limited to, the Transaction Documents, except in accordance with the Trust Agreement.

The Issuer Management Agreement may be terminated by the Issuer or the Security Trustee on behalf of the Issuer upon the occurrence of certain termination events, including, but not limited to, a default by the Issuer Director (unless remedied within the applicable grace period), dissolution and liquidation of the Issuer Director or the Issuer Director being declared bankrupt or granted a suspension of payments, provided that the Credit Rating Agencies are notified and Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such termination notified. Furthermore, the Issuer Management Agreement can be terminated by the Issuer Director or the Security Trustee, acting on behalf of the Issuer, at the end of each calendar year upon ninety (90) days' prior written notice, provided that in the case of termination by the Issuer Director a Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such termination. The Issuer Director shall resign upon termination of the Issuer Management Agreement, provided that such resignation is only effective as from the moment: (a) a new director reasonably acceptable to the Security Trustee has been appointed; and (b) a Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such appointment.

There are no potential conflicts of interest between: (i) the duties of the Issuer Director, when acting in its capacity as director of the Issuer; and (ii) any private interests or other duties of the Issuer Director. The Seller does not hold an interest in any group company of the Issuer Director.

The financial year of the Issuer coincides with the calendar year. The first financial year will end on 31 December 2025.

Capitalisation

The following table shows the capitalisation of the Issuer on the Closing Date as adjusted to give effect to the issue of the Notes:

Share Capital

Issued Share Capital EUR 1.

Borrowings

Class A Notes EUR 750,000,000

Class B Notes EUR 47,900,000

Class C Notes EUR 8,000,000

Subordinated Loan EUR 39,000,000

Assets

Total outstanding amount of the Mortgage Receivables: EUR 797,901,003.02. Number of Mortgage Loans included: 3,020.

3.2. Shareholder

Stichting Holding Golden Apple 2025-I NHG (the "**Shareholder**") is a foundation (*stichting*) established under the laws of the Netherlands on 25 April 2025. The statutory seat of the Shareholder is in the municipality of Amsterdam and its registered office is at Basisweg 10, 1043 AP Amsterdam, the Netherlands. The Shareholder is registered with the trade register (*handelsregister*) of the Dutch Chamber of Commerce (*Kamer van Koophandel*) under number 97121924.

The objects of the Shareholder are: (a) to incorporate, and to manage and to administer any shares held by the Shareholder in the capital of the Issuer; (b) to exercise any and all rights attached to the shares in the Issuer, in such manner as to safeguard the interests of the Issuer, and any and all persons concerned to the best of its ability, including the voting rights attached to the shares in the Issuer; (c) to grant loans to the Issuer; and (d) to alienate and encumber shares in the Issuer, as well as anything that relates to or is conducive to it, including but not limited to entering into agreements with third parties, all this in the broadest sense of the words.

The sole managing director of the Shareholder is CSC Management (Netherlands) B.V. CSC Management (Netherlands) B.V. is also the director of the Issuer.

The Director has entered into the Shareholder Management Agreement pursuant to which the Director agrees and undertakes to, *inter alia*: (i) be responsible for the management of the Shareholder in accordance with proper and prudent Netherlands business practice and in accordance with the requirements of Dutch law and Netherlands accounting practices; and (ii) refrain from any action detrimental to the Issuer's ability to meet its obligations under any of the Transaction Documents.

The Shareholder Management Agreement may be terminated by the Shareholder or the Security Trustee on behalf of the Shareholder upon the occurrence of certain termination events, including, but not limited to, a default by the Director (unless remedied within the applicable grace period), dissolution and liquidation of the Director or the Director being declared bankrupt or granted a suspension of payments, provided that the Credit Rating Agencies are notified of such default and the Security Trustee, in its reasonable opinion, does not expect that the then current ratings assigned to the Class A Notes will be adversely affected as a result thereof and consultation with the Secured Creditors, other than the Noteholders. Furthermore, the Shareholder Management Agreement can be terminated by the Director or the Security Trustee, acting on behalf of the Shareholder, per the end of each calendar year upon ninety (90) days' prior written notice, provided that in the case of termination by the Director a Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such termination. The Director shall resign upon termination of the Shareholder Management Agreement, provided that such resignation shall only be effective as from the moment a new director reasonably acceptable to the Security Trustee has been appointed.

3.3. Security Trustee

Stichting Security Trustee Golden Apple 2025-I NHG (the "**Security Trustee**") is a foundation (*stichting*) established under the laws of the Netherlands on 25 April 2025. The statutory seat of the Security Trustee is in the municipality of Amsterdam and its registered office is at Basisweg 10, 1043 AP Amsterdam, the Netherlands. The Security Trustee is registered with the trade register (*handelsregister*) of the Dutch Chamber of Commerce (*Kamer van Koophandel*) under number 97121924.

The objects of the Security Trustee are: (a) to act as security trustee on behalf of the holders of the Notes and Secured Creditors of the Issuer; (b) to acquire in its own name, manage and waive of security rights as well as, and if necessary,

enforcing such security rights as agent, trustee and/or for the benefit of the creditors of the Issuer including the holders of the Notes and/or for the benefit of itself, as well as the conduct of (legal) transactions (including entering into and accepting of a parallel debt), which result from or may be conducive to the aforementioned security rights; (c) to borrow money; as well as anything that relates to or is conducive to it, including but not limited to entering into agreements with third parties, all this in the broadest sense of the words.

The sole managing director of the Security Trustee is Amsterdamsch Trustee's Kantoor B.V., having its registered office at Basisweg 10, 1043 AP Amsterdam, the Netherlands and registered with the trade register (*handelsregister*) of the Dutch Chamber of Commerce (*Kamer van Koophandel*) under number 33001955. The managing directors of Amsterdamsch Trustee's Kantoor B.V. are Arno Jacobus Vink, Leonard Frederik van der Sman, Jacobus Cornelis Maria Veerman and Ian Hancock. Amsterdamsch Trustee's Kantoor B.V., being the sole managing director of the Security Trustee, belongs to the same group of companies as CSC Management (Netherlands) B.V. (being the sole managing director of the Issuer and the Shareholder) and as CSC Administrative Services (Netherlands) B.V. (being the Issuer Administrator). Therefore, a conflict of interests may arise. In this respect it is of note that in the relevant Management Agreement entered into by each of the Directors with the entity of which it has been appointed managing director (*statutair directeur*), each of the Directors agrees and undertakes to, *inter alia*: (i) do all that an adequate managing director (*statutair directeur*) should do; and (ii) refrain from taking any action detrimental to the obligations under any of the Transaction Documents.

The Security Trustee is not liable for any action taken or not taken by it or for any breach of its obligations under or in connection with the Trust Agreement or any other Transaction Document to which it is a party, except in the event of its wilful misconduct (*opzet*) or gross negligence (*grove nalatigheid*), and it is not responsible for any act or negligence of persons or institutions selected by it in good faith and with due care.

As set out in the Trust Agreement, the Security Trustee Management Agreement and the Security Trustee's articles of incorporation, the Security Trustee may not retire or be removed from its duties under the Trust Agreement until all amounts payable by the Issuer to the Secured Creditors have been paid in full.

However, the holders of the Most Senior Class of Notes have the power, exercisable only by Extraordinary Resolution, to remove the Trustee Director, provided that: (a) the other Secured Creditors have been consulted; and (b) neither the Security Trustee nor any managing director so removed is responsible for any costs or expenses arising from any such removal.

The Security Trustee Management Agreement may be terminated by the Security Trustee or the Issuer on behalf of the Security Trustee upon the occurrence of certain termination events, including, but not limited to, a default by the Trustee Director (unless remedied within the applicable grace period), dissolution and liquidation of the Trustee Director or the Trustee Director being declared bankrupt or granted a suspension of payments, provided that the Credit Rating Agencies are notified of such default and subject to a Credit Rating Agency Confirmation and after consultation with the Secured Creditors, other than the Noteholders. Furthermore, the Security Trustee Management Agreement can be terminated by the Trustee Director or the Security Trustee per the end of each calendar year upon ninety (90) days' prior written notice, provided that in both cases a Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such termination and in the case of termination by the Security Trustee after having consulted the Secured Creditors (other than the Noteholders). The Trustee Director shall resign upon termination of the Security Trustee Management Agreement, provided that such resignation shall only be effective as from the moment: (a) a new director reasonably acceptable to the Security Trustee has been appointed; and (b) a Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such appointment.

3.4. Seller

General

The Seller is a public limited liability company organised under the laws of Belgium with company name "Argenta Spaarbank NV", in short "Aspa", with registered office at 2018 Antwerp, Belgiëlei 49-53, and is registered with the Crossroads Bank for Enterprises (BCE/KBO) under number 0404.453.574 (RPR Antwerp, division Antwerp). The registered office can be contacted by phone on the number +32 3 285 51 11. The Seller is acting through its branch

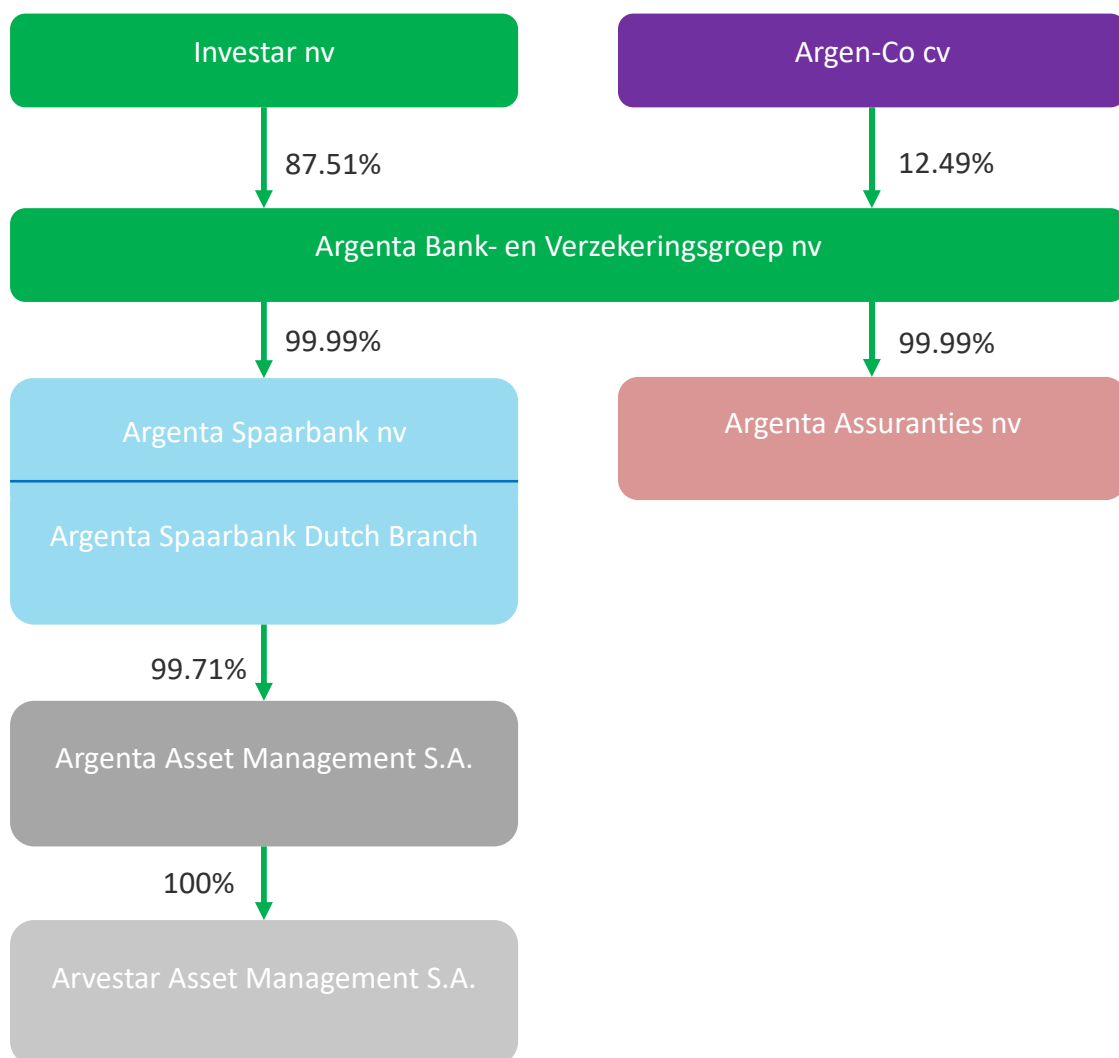

office at Stadionstraat 2, 4815 NG Breda, the Netherlands, registered with the trade register of the Dutch Chamber of Commerce (*Kamer van Koophandel*) under number 34193645.

The Seller was incorporated for an indefinite time by notarial deed executed by notary Emile Lemineur in Antwerp on 18 April 1956, published in the Annexes to the Belgian Official Gazette on 9 May 1956 under number 10639, and by notary Maurice Van Zeebroeck in Antwerp on 24 November 1956, published in the Annexes to the Belgian Official Gazette on 13 December 1956 under number 29036.

The Seller is a duly licensed Belgian credit institution and is under the supervision of the ECB (acting in cooperation with the National Bank of Belgium) for prudential matters, and the Belgian Financial Services and Markets Authority with regard to conduct of business rules and financial market supervision and the AFM with regard to conduct of business rules in respect of Mortgage Loans originated by its Dutch Branch.

Organisational Structure of the Argenta Group

The Seller is part of the Argenta Group. The corporate organisational chart of Argenta Group can be depicted as follows:

A list with details of the various group companies is provided further in this Prospectus.

As at the date of this Prospectus, Investeringsmaatschappij Argenta NV, a mixed financial holding of the Van Rompuy family, holds 87,51% of the shares in the Argenta Bank-en Verzekeringsgroep NV (the "**Parent of the Seller**"), with the remainder of the shares owned by Argenta Coöperatieve CV ("**Argen-Co**"), which is a recognised cooperative undertaking in accordance with the Act of 20 July 1955 *on a National Council for Cooperatives*.

The Parent of the Seller is the holding company of the Argenta Group. Its operational activities consist of group-level control functions (i.e. internal audit, compliance and integrity, risk and validation, legal affairs and organisation and talent). The Parent of the Seller co-ordinates and provides joint management of the operations of its subsidiaries: the Seller and Argenta Assuranties NV.

The Parent of the Seller is a mixed financial holding within the meaning of article 3, 39° of the Banking Act.

The Seller has one subsidiary: Argenta Asset Management S.A. In addition, the Seller has a branch office in the Netherlands. The Seller, its subsidiary and branch office form the bank pool.

Argenta Asset Management S.A. is a Luxembourg company which is responsible for the management and central administration of the Argenta Group's collective investment undertakings, i.e. Argenta Fund sicav and Argenta Fund of Funds sicav, which are open-end investment undertakings under Luxembourg law. The latter is a fund of funds (also known as an umbrella fund). This means that the assets of various sub-funds are invested in other collective investment undertakings. Argenta Asset Management S.A. holds 100% of the shares in Arvestar Asset Management ("**Arvestar**"), which is the Belgian company responsible for the management of the Argenta Pension Funds and Argenta Pension Fund Defensive. The intellectual management of those funds is delegated to Degroof Petercam Asset Management (DPAM) under the terms and conditions of a financial management agreement.

The Argenta Group has various interrelations. The Parent of the Seller, the Seller and Argenta Assuranties NV operate centralised and share operational departments; the main "shared" departments are ICT, human resources and facilities, as well as all group risk functions.

The Argenta Group is currently considering simplifying its shareholding structure which could lead to changes in the indirect shareholding of the Seller. However, there will be no changes in relation to the direct shareholding of the Seller nor the ultimate beneficial ownership of the Argenta Group.

Business overview of the Argenta Group

General

Argenta is a Belgian systemic financial institution ("D-SIB") and forms part of the 114 banks that are subject to the direct supervision of the ECB.

Argenta Group's strategy consists in the offering of financial products, such as savings- and investment products, loans and insurance products, to families, and, to a lesser extent, to self-employed persons. Argenta Group had 1,360 employees at the end of 2024.

The Argenta Group has been active in Belgium since 1956 and in Luxembourg since 1987. It has experience in originating mortgage loans and has been active on the Dutch mortgage market since 1997 and in attracting savings in the Netherlands since 2004. All group activities exclusively consist of financial activities relating to attracting savings, granting loans, distribution of collective investments and offering life and non-life insurance products. Belgian customers are serviced through a network of independent agents (370 branches at the end of 2024), who together employ 1.359 people (as of 31 December 2024). Dutch customers are serviced through third party distribution and online direct channels. In Belgium, the Seller developed 4 payment packages for consumers including a free one ("Green-pakket", "Silver-pakket", "Gold-pakket" and the free one "Basisbankdienst-pakket"). For legal persons, groups, legal structures or organisations without legal personality the Seller has developed one payment package ("Pro-pakket").

The banking activities (provided through the bank pool) are mainly focused on attracting funds from the retail market on the one hand and investing such funds in mortgage loans on the other hand. Besides its classic banking activities, the Seller also sells fee income generating products, such as UCITS. This allows the Argenta Group to diversify its profit generation.

The insurance activities (provided through the insurance pool) consist of both life insurance products and health and indemnity insurances (more in particular, car insurances, civil liability and property).

With over 200,000 mortgages, credit risk is spread over a large number of clients and there are no individual clients with a substantial potential for loss.

Principal activities of the Seller

As a credit institution, the Seller's core activities consist of attracting funds, loans (primarily mortgage loans to retail clients) and providing payment services.

In addition, the Seller offers fee income generating products: Argenta products (units in pension funds Arpe and Arpe Defensive, Argenta-Fund sicav, Argenta Portfolio sicav) as well as units in other collective investment institutions from third parties.

The Seller's activities, through the Belgian entity, are concentrated on attracting funds through:

- in Belgium:
 - *Current accounts.* Daily Banking services for retail clients have been grouped in 4 packages ("Green-pakket", "Silver-pakket", "Gold-pakket", "Basisbankdienst-pakket"). A fifth package, the 'Pro-pakket' targets professional clients.
 - *Savings accounts.* The Seller offers the following regulated savings accounts in Belgium: the "Maxi" account, the "E-spaar" and the "Fidelity". The Seller also offers the non-regulated registered savings account "Pro-Plus" which is exclusively reserved for legal persons, groups, legal structures or organisations without legal personality. Finally, the Seller offers the regulated savings account "Growth" and the non-regulated saving account "Plus", albeit not actively.
 - *Term deposits ("non-subordinated term products").* The Seller offers term deposits.
 - *Subordinated certificates.* The Seller offered subordinated certificates in the past, but has no plans for new offerings to retail clients.
 - *Units in undertakings for collective investment in transferable securities (UCITS).* In its capacity as a distributor, the Seller sells units or shares of various third party Belgian and foreign collective investment undertakings in Belgium, including investment companies with a variable number of shares (bevek / sicav) and mutual investment funds.
 - *Pension saving funds:* the Seller offers saving pension contracts, such as Arpe and Arpe defensive.
- in the Netherlands:
 - *Saving accounts:* The Seller offers the following savings accounts in the Netherlands: the "Internet Spaarrekening" and the "Jongeren Spaarrekening".
 - *Term deposits:* The Seller offers term deposits.

At 31 December 2024, 89% of the Argenta Group's funding is attracted from a diversified group of more than 1.81 million retail clients and reinvested in high quality assets, dominated by mortgage loans.

The attracted funds are allocated by the Seller through mortgage loans to primarily private customers and self-employed persons. These loans are intended for the purchase of a residence, a plot of land or residential renovation. In addition, the Seller invests the attracted funds primarily in investment grade fixed-income securities of governments, financial institutions and other enterprises.

3.5. Servicer

Under the Servicing Agreement, Argenta, in its capacity as servicer, will agree to provide administration and management services in relation to the Mortgage Loans and the Mortgage Receivables on a day-to-day basis, including, without limitation, the collection of payments of principal, interest and all other amounts in respect of the Mortgage Loans and the Mortgage Receivables and the implementation of arrears procedures including, if applicable, the enforcement of Mortgages. Argenta has appointed Quion as its sub-mpt provider.

For a description of Argenta see section 3.4 (*Seller*).

Sub-MPT Provider

Quion Services B.V. is a subsidiary of Quion Groep B.V. ("**Quion Groep**"), whose statutory seat is in Rotterdam, the Netherlands and it is an independent mortgage servicer, focused on the total coordination of mortgages for third parties. Quion Groep offers a full range of mortgage servicing activities to financial institutions, from origination and monthly collections, to arrears and foreclosure management of the mortgage loan portfolios. Quion Groep has ratings from Fitch Ratings Limited for both its primary and special services. The head office is located at Fascinatio Boulevard 1302, 2909 VA, Capelle aan den IJssel, the Netherlands.

In 1993, Quion Groep (then named Hypotrust B.V.) was founded to meet the demand by financial institutions for an efficient way to invest directly in the Dutch mortgage market.

Quion Groep identifies specific mortgage pools based on underwriting criteria and provides portfolio data for investor reporting in securitisation transactions. To ensure services continuity, Quion Groep has set up a mechanism to safeguard its software, giving the mortgage lenders the ability to obtain the services from Quion Business Continuity B.V. in the event that Quion Groep discontinues its operations. Quion Groep employs special fraud officers and has developed a fraud policy based on its extensive experience in the mortgage industry.

Quion Groep presently services over 555,000 mortgages, a portfolio of about EUR 113 billion.

Quion Groep is one of the highest rated servicers in the Dutch market. In 2020, Fitch upgraded both Quion Groep's Dutch Residential Primary Servicer and Special Servicer ratings to "RPS1-" and "RRS1" respectively and affirmed those ratings in 2024.

Quion Hypotheekbegeleiding B.V., Quion Hypotheekbemiddeling B.V. and Quion Services B.V. are wholly-owned subsidiaries of Quion Groep. By means of its subsidiaries Quion Groep is an independent mortgage servicer that offers a full range of mortgage servicing activities to financial institutions. Its activities range from origination and monthly collections to arrears and foreclosure management of mortgage loan portfolios.

The information under this heading has been provided by Quion Groep. Argenta has no significant relationship with the Quion Groep.

3.6. Issuer Administrator

The Issuer has appointed CSC Administrative Services (Netherlands) B.V. to act as its Issuer Administrator in accordance with the terms of the Servicing Agreement (see further under section 7.5 (*Servicing Agreement*)). CSC Administrative Services (Netherlands) B.V. is a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) incorporated under the laws of the Netherlands on 20 June 1963. It has its statutory seat (*statutaire zetel*) in Amsterdam, the Netherlands and its registered office at Basisweg 10, 1043 AP Amsterdam, the Netherlands. The Issuer Administrator is registered with the trade register (*handelsregister*) of the Dutch Chamber of Commerce (*Kamer van Koophandel*) under number 33210270.

The objectives of the Issuer Administrator are, *inter alia*: (a) to represent financial, economic and administrative interests in the Netherlands and other countries; (b) to act as trust company, as well as to participate in, manage and administer other enterprises, companies and legal entities; and (c) to perform any and all acts which are related, incidental or which may be conducive to the above.

The managing directors of the Issuer Administrator are Edwin Marinus van Ankeren, Berend Gerrit Dinkla-Vente and Kristina Adamovich-van Doorn. The sole shareholder of the Issuer Administrator is Intertrust (Netherlands) B.V., a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) incorporated under the laws of the Netherlands and having its statutory seat (*statutaire zetel*) in Amsterdam, the Netherlands. The managing directors of Intertrust (Netherlands) B.V. are Berend Gerrit Dinkla-Vente, Arno Jacobus Vink and Veronica Claudia de Vriend-Gunther. Intertrust (Netherlands) B.V. is also the sole shareholder of the Director of the Issuer and the Shareholder.

CSC Management (Netherlands) B.V. (being the sole managing director of both the Issuer and the Shareholder) belongs to the same group of companies as CSC Administrative Services (Netherlands) B.V. (being the Issuer Administrator) and Amsterdamsch Trustee's Kantoor B.V. (being the sole managing director of the Security Trustee). Therefore, a conflict of interests may arise. In this respect it is of note that in the relevant Management Agreement entered into by each of the Directors with the entity of which it has been appointed managing director (*statutair directeur*), each of the Directors agrees and undertakes to, *inter alia*: (i) do all that an adequate managing director (*statutair directeur*) should do; and (ii) refrain from taking any action detrimental to the obligations under any of the Transaction Documents. In addition each of the Directors agrees in the relevant Management Agreement that it will procure that the relevant entity will not enter into any agreement in relation to the Issuer and/or the Shareholder, other than the Transaction Documents to which it is a party, unless permitted under the Transaction Documents, without the prior written consent of the Security Trustee and that the Security Trustee will only enter into any agreement other than the Transaction Documents to which it is a party, under certain conditions.

Intertrust (Netherlands) B.V. as part of CSC Capital Markets, completed an ISAE 3402 Type II Report on Controls placed in Operation and Tests of Effectiveness of its services for processing customers' transactions for the period 1 January 2024 until 30 November 2024. ISAE 3402 is an internationally recognised assurance standard for reporting on control processes of service organisations. The audit by external auditors is performed annually and was for 2024 successfully completed on 27 January 2025.

Argenta has no significant relationship with the Issuer Administrator.

4. THE NOTES

4.1. Terms and Conditions

If Notes are issued in definitive form, the Conditions will be as set out below. The Conditions will be endorsed on each Note in definitive form if they are issued. While the Notes remain in global form, the same terms and conditions govern the Notes, except to the extent that they are not appropriate for Notes in global form. See section 4.2 (Form) below.

The issuance of the euro 750,000,000 floating rate Class A mortgage-backed notes due July 2063 (the "**Class A Notes**"), and the euro 47,900,000 Class B mortgage-backed notes due July 2063 (the "**Class B Notes**", and together with the Class A Notes, the "**Mortgage-Backed Notes**") and the euro 8,000,000 Class C notes due July 2063 (the "**Class C Notes**", and together with the Mortgage-Backed Notes, the "**Notes**") was authorised by a resolution of the managing director of Golden Apple 2025-I NHG B.V. (the "**Issuer**") passed on 20 June 2025. The Notes are issued under a trust agreement dated 20 June 2025 (the "**Trust Agreement**") between the Issuer, Stichting Holding Golden Apple 2025-I NHG (the "**Shareholder**") and Stichting Security Trustee Golden Apple 2025-I NHG (the "**Security Trustee**") on the Closing Date.

The statements in these Conditions include summaries of, and are subject to, the detailed provisions of: (i) the Trust Agreement, which will include the form of the Notes and the interest coupons appertaining to the Notes (the "**Coupons**") and the forms of the temporary global notes (the "**Temporary Global Notes**") and the permanent global notes (the "**Permanent Global Notes**"); (ii) a paying agency agreement (the "**Paying Agency Agreement**") dated 20 June 2025 between the Issuer, the Security Trustee, Deutsche Bank AG, London Branch as paying agent (the "**Paying Agent**") and Deutsche Bank AG, London Branch as agent bank (the "**Agent Bank**"); (iii) a servicing agreement (the "**Servicing Agreement**") dated 20 June 2025 between, *inter alios*, the Issuer, Argenta Spaarbank NV as servicer (the "**Servicer**"), CSC Administrative Services (Netherlands) B.V., as issuer administrator (the "**Issuer Administrator**") and the Security Trustee; (iv) a parallel debt agreement (the "**Parallel Debt Agreement**") dated 20 June 2025 between, *inter alios*, the Issuer and the Security Trustee; (v) a pledge agreement relating to the Issuer Rights (the "**Issuer Rights Pledge Agreement**") dated 20 June 2025 between, among others, the Issuer and the Security Trustee; (vi) a pledge agreement relating to the Mortgage Receivables dated 20 June 2025 between, *inter alios*, the Issuer, the Security Trustee (the "**Issuer Mortgage Receivables Pledge Agreement**", and together with the Issuer Rights Pledge Agreement, the "**Pledge Agreements**"); and (vii) an Interest Rate Cap Agreement dated on or about 20 June 2025 between the Issuer, the Security Trustee and the Interest Rate Cap Provider.

Unless otherwise defined herein, words and expressions used in these Conditions are defined in the master definitions agreement (the "**Master Definitions Agreement**") dated 20 June 2025 and signed by the Issuer, the Security Trustee, the Paying Agent and certain other parties. Such words and expressions shall, except where the context requires otherwise, have the same meanings in these Conditions. If the definitions in the Master Definitions Agreement would conflict with definitions used herein, the definitions of these Conditions shall prevail. As used herein, "**Class**" means either the Class A Notes, the Class B Notes or the Class C Notes, as the case may be.

Copies of the Trust Agreement, the Paying Agency Agreement, the Parallel Debt Agreement, the Pledge Agreements, the Interest Rate Cap Agreement and the Master Definitions Agreement and other Transaction Documents (see section 8 (*General*) of the Prospectus) are available for inspection, free of charge, by Noteholders and prospective investors at the specified office of the Security Trustee, being at the date hereof Basisweg 10, 1043 AP Amsterdam, the Netherlands. The Noteholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Agreement, the Paying Agency Agreement, the Parallel Debt Agreement, the Pledge Agreements and the Master Definitions Agreement. Copies of the final Transaction Documents and the Prospectus shall be published on the website of the SR Repository ultimately within fifteen (15) calendar days from the Closing Date.

1. Form, Denomination and Title

Each of the Notes will be in bearer form serially numbered with Coupons attached on issuance in denominations of €100,000. Under Dutch law, the valid transfer of Notes or Coupons requires, *inter alia*, delivery (*levering*) thereof. The Issuer, the Security Trustee and the Paying Agent may, to the fullest extent permitted by law, treat the holder of any Note and of the Coupons appertaining thereto as its absolute owner for all purposes (whether or not payment under such Note or Coupon is overdue and notwithstanding any notice of ownership or writing thereon or any notice of previous loss or theft thereof) for any purposes, including payment and no person is liable for so treating such holder.

For as long as the Notes are represented by a Global Note and Euroclear and/or Clearstream, Luxembourg so permit, such Notes will be tradable only in the minimum authorised denomination of €100,000. Notes in definitive form, if issued, will only be printed and issued in denominations of €100,000. All such Notes will be serially numbered and will be issued in bearer form with (at the date of issue) Coupons attached and, if necessary, talons attached.

2. Status, Relationship between the Classes of Notes and Security

- (a) The Notes of each Class are direct and unconditional obligations of the Issuer and rank at all times *pari passu* and rateably without any preference or priority among Notes of the same Class.
- (b) In accordance with and subject to the provisions of Conditions 4 (*Interest*), 6 (*Redemption*) and 9 (*Subordination and Limited Recourse*) and the Trust Agreement payments of principal on the Class B Notes are, in accordance with the relevant Priority of Payments, subordinated to, *inter alia*, payments of principal and interest, and after the First Optional Redemption Date if applicable, the Class A Excess Consideration, payable in respect of the Class A Notes. The right to payment of principal on the Class C Notes will, in accordance with the Revenue Priorities of Payments, be subordinated to payments of interest amounts in respect of the Class A Notes and, subordinated to, *inter alia*, payments of principal on the Class A Notes and the Class B Notes (in the case of any shortfall reflected on the Principal Deficiency Ledger) and after the First Optional Redemption Date, the Class A Excess Consideration, payable in respect of the Class A Notes if applicable, and, upon enforcement in accordance with the Pre-First Optional Redemption Date Post- Enforcement Priority of Payments, the right to payment of principal on the Class A Notes and the Class B Notes and the right of payment of interest on the Class A Notes.
- (c) The Security for the obligations of the Issuer towards the Noteholders will be created pursuant to, and on the terms set out in, the Trust Agreement, the Parallel Debt Agreement and the Pledge Agreements, which will create, *inter alia*, the following security rights:
 - (i) a Dutch law first ranking undisclosed right of pledge by the Issuer to the Security Trustee over the Mortgage Receivables and any NHG Advance Rights, including all rights ancillary thereto; and
 - (ii) a Dutch law first ranking disclosed right of pledge by the Issuer to the Security Trustee over the Issuer Rights.
- (d) The obligations under the Notes will be secured by the Security. The obligations under: (i) the Class A Notes will rank in priority to the Class B Notes and the Class C Notes; and (ii) the Class B Notes will rank in priority to the Class C Notes. The "**Most Senior Class of Notes**" means the Class A Notes or, if there are no Class A Notes outstanding, the Class B Notes or, if there are no Class B Notes outstanding, the Class C Notes.

The Trust Agreement contains provisions requiring the Security Trustee to have regard to the interests of the holders of the Class A Notes (the "**Class A Noteholders**"), the holders of the Class B Notes (the "**Class B Noteholders**") and the holders of the Class C Notes (the "**Class C Noteholders**"), as regards all powers, trust, authorities, duties and discretions of the Security

Trustee (except where expressly provided otherwise). If there is a conflict of interest between any Classes of Noteholders, the Security Trustee shall have regard only to the interest of the holders of the Most Senior Class of Notes. In addition, the Security Trustee shall have regard to the interests of the other Secured Creditors, provided that in the case of a conflict of interest between the Secured Creditors, the Pre-First Optional Redemption Date Post-Enforcement Priority of Payments or the Post-First Optional Redemption Date Post-Enforcement Priority of Payments, as applicable, set forth in the Trust Agreement determines which interest of which Secured Creditor prevails.

3. Covenants of the Issuer

So long as any of the Notes remain outstanding, the Issuer shall carry out its business in accordance with proper and prudent Dutch business practice and in accordance with the requirements of Dutch law and accounting practice and shall not, except: (i) to the extent permitted by the Mortgage Receivables Purchase Agreement, the Servicing Agreement, the Pledge Agreements, the Parallel Debt Agreement, the Issuer Account Agreement, the Cash Advance Facility Agreement, the Note Purchase Agreements, the Notes, the Paying Agency Agreement, the Management Agreements, the Subordinated Loan Agreement, the Interest Rate Cap Agreement, each Deed of Assignment and Pledge, the Trust Agreement and the Collection Foundation Agreements (and together with the Master Definitions Agreement, the "**Transaction Documents**"); or (ii) with the prior written consent of the Security Trustee:

- (a) carry out any business other than as described in the Prospectus dated 20 June 2025 relating to the issuance of the Notes and as contemplated in the Transaction Documents;
- (b) incur or permit to subsist any indebtedness in respect of borrowed money whatsoever or give any guarantee or indemnity in respect of any indebtedness;
- (c) create or promise to create any mortgage, charge, pledge, lien or other security interest whatsoever over any of its assets or use, invest, sell, transfer or otherwise dispose of or grant any options or rights to any part of its assets;
- (d) consolidate or merge with any other person or convey or transfer its properties or assets substantially or as an entirety to one or more persons;
- (e) permit the validity or effectiveness of the Trust Agreement, the Parallel Debt Agreement or the Pledge Agreements and/or the priority of the security created thereby or pursuant thereto to be amended, terminated, waived, postponed or discharged or permit any person whose obligations form part of such security rights to be released from such obligations;
- (f) have any employees or premises or have any subsidiary or subsidiary undertaking;
- (g) have an interest in any bank account other than the Issuer Accounts, unless all rights in relation to such accounts have been pledged to the Security Trustee as provided in Condition 2(c)(ii); or
- (h) take any corporate action for its entering into a (preliminary) suspension of payments or bankruptcy or its dissolution and liquidation or for its conversion into a legal foreign entity or any analogous insolvency proceedings under any applicable law.

4. Interest

Any payments to be made pursuant to this Condition 4 are subject to Condition 9(b)(*Subordination and Limited Recourse - Class A Excess Consideration*).

- (a) *Period of accrual*

Each Class A Note bears interest on its Principal Amount Outstanding (as defined in Condition 6(g) (*Redemption - Definitions*)) from and including the Closing Date. Each Class A Note (or in the case of the redemption of part only of a Note that part only of such Note) shall cease to bear interest from its due date for redemption unless, upon due presentation, payment of the relevant amount of principal or any part thereof is improperly withheld or refused. In such event, interest will continue to accrue thereon (before and after any judgment) at the rate applicable to such Class A Note up to but excluding the earlier of:

(i) the date on which, on presentation of such Class A Note, payment in full of the relevant amount of principal is made; or

(ii) the seventh (7th) calendar day after notice is duly given by the Paying Agent to the holder thereof (in accordance with Condition 13 (*Notices*)) that upon presentation thereof, such payments will be made, provided that upon such presentation thereof being duly made, payment is in fact made.

Whenever it is necessary to compute an amount of floating rate interest in respect of any Class A Note, for any period, such interest shall be calculated on the basis of the actual days elapsed in such period divided by a 360-day year.

(b) *Interest Periods and Notes Payment Dates*

Interest on the Class A Notes is payable by reference to successive interest period and will be payable in euro in respect of the Principal Amount Outstanding, quarterly in arrear on the 17th day of January, April, July and October of each year, if such day is not a Business Day, the next succeeding Business Day, unless such day falls in the next succeeding calendar month in which case the Business Day immediately preceding such day) (each such day being a "**Notes Payment Date**"). A "**Business Day**" means a day on which banks are open for business in Amsterdam, London, Luxembourg and Antwerp, provided that such day is also a day on which the real time gross settlement system operated by the Eurosystem, or any successor system ("**T2**") is operating credit or transfer instructions in respect of payments in euro. Each successive interest period will commence on and includes a Notes Payment Date and end on but excludes the next succeeding Notes Payment Date, except for the first Interest Period, which will commence on and includes the Closing Date and will end on but excludes the Notes Payment Date falling in October 2025 (each an "**Interest Period**").

(c) *Interest on the Class A Notes up to (but excluding) the First Optional Redemption Date*

Interest on the Class A Notes for each Interest Period will accrue at a floating rate equal to the sum of the EURIBOR for three month euro deposits (or, in respect of the first Interest Period, the rate which represents the linear interpolation of three-month and six-month EURIBOR, rounded, if necessary, to the 5th decimal place with 0.000005, being rounded upwards) plus, up to (but excluding) the First Optional Redemption Date a margin of 0.54 per cent. per annum.

The Class A Notes will carry a floating rate of interest as set out above. However, if and as long as the interest rate of three-month EURIBOR plus the applicable margin (as set out above) is less than an interest rate of 0.00 per cent. per annum, the Class A Notes, as applicable, will carry an interest rate equal to 0.00 per cent. per annum.

The Class B Notes and the Class C Notes will not bear interest.

(d) *Interest and Class A Excess Consideration from and including the First Optional Redemption Date*

If on the First Optional Redemption Date the Class A Notes have not been redeemed in full, interest will accrue on the Class A Notes for each Interest Period commencing on and including

the First Optional Redemption Date, at a rate equal to the three-month EURIBOR rate up to the EURIBOR Agreed Rate, plus for the Class A Notes, a margin of 0.54 per cent. per annum.

The Class A Notes will carry a floating rate of interest as set out above. However, if and as long as the interest rate of three-month EURIBOR plus the applicable margin (as set out above) is less than an interest rate of 0.00 per cent. per annum, the Class A Notes, as applicable, will carry an interest rate equal to 0.00 per cent. per annum.

In addition thereto, the Class A Noteholders will be entitled to a step-up consideration equal to in respect of the Class A Notes the Principal Amount Outstanding of such Class A Notes multiplied by the Class A Step-Up Margin (set out below) (the "**Class A Step-up Consideration**"). Furthermore, if three-month EURIBOR exceeds the EURIBOR Agreed Rate, the Class A Noteholders will be entitled to an amount equal to the Principal Amount Outstanding of the Class A Notes multiplied by the portion of the three-month EURIBOR rate that exceeds the EURIBOR Agreed Rate, or following the occurrence of a Benchmark Event and provided a Replacement Reference Rate has been determined in accordance with the Conditions, an amount equal to the Principal Amount Outstanding of the Class A Notes multiplied by the portion of the Replacement Reference Rate, that in each case exceeds the EURIBOR Agreed Rate (the "**EURIBOR Excess Consideration**"). The Class A Step-up Consideration and the EURIBOR Excess Consideration are together referred to as the "**Class A Excess Consideration**".

The applicable margin for Class A Notes in respect of the Class A Step-up Consideration is, a margin of 0.27 per cent. per annum (the "**Class A Step-Up Margin**").

Each of the rates of interest set forth in Conditions 4(c) (*Interest on the Class A Notes up to (but excluding) the First Optional Redemption Date*) and this Condition 4(d) is hereinafter referred to as an "**Interest Rate**".

(e) *EURIBOR*

For the purpose of Conditions 4(c) (*Interest on the Class A Notes up to (but excluding) the First Optional Redemption Date*) and 4(d) (*Interest and Class A Excess Consideration from and including the First Optional Redemption Date*) EURIBOR will be determined as follows and in any case in accordance with the Benchmarks Regulation:

- (i) the Agent Bank will, on behalf of the Issuer and only insofar as it is able to do so under applicable law (including the Benchmarks Regulation), obtain for each Interest Period the rate equal to the amount of EURIBOR for three month euro deposits (or, in respect of the first Interest Period, the rate which represents the linear interpolation of three-month and six-month EURIBOR, rounded, if necessary, to the 5th decimal place with 0.000005, being rounded upwards) up to (but excluding) the First Optional Redemption Date and after the First Optional Redemption Date the rate equal to the amount of EURIBOR for three month euro deposits. The Agent Bank shall use the EURIBOR rate as determined and published by the European Money Markets Institute "**EMMI**" and which appears for information purposes on the Reuters Screen EURIBOR 01 (or, if not available, any other display page on any screen service maintained by any registered information vendor for the display of the EURIBOR rate selected by the Agent Bank) as at or about 11.00 a.m. CET on the day that is two Business Days prior to the first day of each Interest Period (each an "**Interest Determination Date**"); and
- (ii) if, on the relevant Interest Determination Date, such EURIBOR rate is not determined and published by EMMI or, if it is not otherwise reasonably practicable to calculate the rate under (i) above, the Agent Bank will, on behalf of the Issuer and only insofar as it is able to do so under applicable law (including the Benchmarks Regulation):

- (A) request the principal euro-zone office of each of four major banks in the euro-zone interbank market to provide a quotation for the rate at which three month euro deposits or, after the First Optional Redemption Date, three month EURIBOR deposits, are offered by it in the euro-zone interbank market at approximately 11.00 a.m. CET on the relevant Interest Determination Date to prime banks in the euro-zone interbank market in an amount that is representative for a single transaction at that time; and determine the arithmetic mean (rounded, if necessary, to the fifth decimal place with 0.000005 being rounded upwards) of such quotation as is provided; and
- (B) if fewer than two such quotations are provided as requested, the Agent Bank will determine the arithmetic mean (rounded, if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the rates quoted by major banks, of which there shall be at least two in number, in the euro-zone, selected by the Agent Bank, at approximately 11.30 a.m. CET on the relevant Interest Determination Date for three month euro deposits or, after the First Optional Redemption Date, three month EURIBOR deposits, to leading euro- zone banks in an amount that is representative for a single transaction in that market at that time,

and EURIBOR for such Interest Period shall be the rate per annum equal to the euro interbank offered rate for euro deposits as determined in accordance with this Condition 4(e), provided that if the Agent Bank is unable to determine EURIBOR in accordance with the above provisions in relation to any Interest Period, EURIBOR applicable to the relevant Class of Notes during such Interest Period will be EURIBOR last determined in relation thereto, except for the first Interest Period after the First Optional Redemption Date.

(f) *Determination of Interest Rate and Calculation of Interest Amounts*

The Agent Bank will, as soon as practicable after 11.00 a.m. CET on each Interest Determination Date, determine the Interest Rate for each Class A Note and calculate the amount of interest payable on each Class A Note for the following Interest Period (the "**Interest Amount**") by applying the relevant Interest Rate to the Principal Amount Outstanding of each Class A Note respectively on the first calendar day of such Interest Period. The determination of the relevant Interest Rate and each Interest Amount by the Agent Bank shall (in the absence of manifest error) be final and binding on all parties.

(g) *Notification of Interest Rate and Interest Amounts*

The Agent Bank will cause the relevant Notes Payment Date, the relevant Interest Rate and the relevant Interest Amounts to be notified to the Issuer, the Security Trustee, the Paying Agent, the Issuer Administrator and to the holders of such Class A Notes in accordance with Condition 13 (*Notices*) as long as the Class A Notes are admitted to listing, trading and/or quotation on the Luxembourg Stock Exchange or by any other competent authority, stock exchange and/or quotation system, notice shall also be published in such other place as may be required by the rules and regulations of such competent authority, stock exchange and/or quotation system, as soon as possible after the determination. The Interest Amount, the Interest Rate and the Notes Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

(h) *Determination or Calculation by Security Trustee*

If the Agent Bank at any time for any reason does not determine the relevant Interest Rate or fails to calculate the relevant Interest Amounts in accordance with Condition 4(f) (*Determination of Interest Rate and Calculation of Interest Amounts*) above, the Security Trustee shall determine the relevant Interest Rate at such rate as, in its absolute discretion (having such regard as it thinks fit

to the procedure described in Condition 4(e) (*EURIBOR*) above), it deems fair and reasonable under the circumstances or, as the case may be, the Security Trustee shall calculate the Interest Amounts in accordance with Condition 4(f) (*Determination of Interest Rate and Calculation of Interest Amounts*) above, and each such determination or calculation shall (in the absence of a manifest error) be final and binding on all parties.

(i) *Agent Bank*

The Issuer will procure that, as long as any of the Class A Notes remains outstanding, there will at all times be an Agent Bank. The Issuer has, subject to prior written consent of the Security Trustee, the right to terminate the appointment of the Agent Bank by giving at least 90 calendar days' notice in writing to that effect. Notice of any such termination will be given to the holders of the relevant Class A Notes in accordance with Condition 13 (*Notices*). If any person is unable or unwilling to continue to act as an Agent Bank or if the appointment of the Agent Bank is terminated, the Issuer will, with the prior written consent of the Security Trustee, appoint a successor Agent Bank to act in its place, provided that neither the resignation nor removal of the Agent Bank shall take effect until a successor approved in writing by the Security Trustee has been appointed.

(j) *Replacement Reference Rate*

Notwithstanding the provisions above in this Condition 4, if the Issuer determines at any time prior to, on or following any Interest Determination Date, that a Benchmark Event has occurred, the Issuer will, as soon as reasonably practicable (and in any event prior to the next relevant Interest Determination Date), notify the Agent Bank and use its best efforts to appoint a Rate Determination Agent, failing which the Issuer will be the Rate Determination Agent to the extent it is able to do so under applicable law (including the Benchmarks Regulation), which may determine in its sole discretion, acting in good faith and in a commercially reasonable manner and in accordance with the Benchmarks Regulation, a substitute, alternative or successor rate for purposes of determining the Interest Rate on each Interest Determination Date falling on such date or thereafter that is substantially comparable to EURIBOR (the "**Reference Rate**") or that has been recommended or selected by the monetary authority or similar authority (or working group thereof) in the jurisdiction of the applicable currency or by a widely recognised industry association or body or that is expected to develop in an industry accepted rate for debt market instruments such as or comparable to the Notes and that is in accordance with the Benchmarks Regulation. If the Rate Determination Agent has determined a substitute, alternative or successor rate in accordance with the foregoing (such rate, the "**Replacement Reference Rate**") for purposes of determining the Interest Rate on the relevant Interest Determination Date falling on or after such determination: (i) the Rate Determination Agent will also determine changes (if any) (the "**Benchmark Adjustments**") to the business day convention, the definition of business day, the interest determination date, the day count fraction and any method for calculating the Replacement Reference Rate, including any Adjustment Spread or other adjustment factor needed to make such Replacement Reference Rate comparable to the Reference Rate, in each case in a manner that is consistent with any industry-accepted practices for such Replacement Reference Rate, although there is no guarantee that such an Adjustment Spread or other adjustment factor will be determined or applied or that the application of any such factor will either reduce or eliminate economic prejudice to Noteholders; (ii) without any requirement for the consent or approval of Noteholders, references to the Reference Rate in these Conditions applicable to the Notes will be deemed (provided that the Benchmark Adjustments do not, without the prior agreement of the relevant transaction party, have the effect of increasing the obligations or duties, or decreasing the rights or protections, of the Security Trustee or the Agent Bank or the Paying Agent (as applicable) in these Conditions) to be references to the relevant Replacement Reference Rate, including any Benchmark Adjustments; (iii) the Rate Determination Agent will notify the Issuer, the Security Trustee, the Seller, the Agent Bank and the Interest Rate Cap Provider of the foregoing as soon as reasonably practicable; and (iv) the Issuer will give notice as soon as reasonably practicable to the Noteholders (in accordance with Condition 13 (*Notices*)), the Agent

Bank and the Paying Agent specifying the Replacement Reference Rate (including any Adjustment Spread), as well as any Benchmark Adjustments. The party responsible for calculating the Interest Rate pursuant to this Condition 4 will remain the party responsible for calculating the Interest Rate by making use of the Replacement Reference Rate and the other matters referred to above, acting in accordance with the Benchmarks Regulation.

The Issuer and the Security Trustee may, subject to Condition 14(e) (*Modifications, authorisations, waivers and consents agreed by the Security Trustee*), make any (further) amendments to these Conditions that are necessary to ensure the proper operation of the foregoing.

The determination of the Replacement Reference Rate and the other matters referred to above by the Rate Determination Agent will be final and binding on the Issuer, the Security Trustee, the Paying Agent, the Agent Bank and the Noteholders. If the Rate Determination Agent is unable to or otherwise does not determine a Replacement Reference Rate or any of the other matters referred to above, then the Reference Rate will remain unchanged (but subject to the other provisions of this Condition 4, but particularly Condition 4(e) (*EURIBOR*)).

If, following the determination of any Replacement Reference Rate and/or any Benchmark Adjustments, in the opinion of the party responsible for calculating the Interest Rate pursuant to this Condition 4, there is in relation to the Benchmark Adjustments, the Replacement Reference Rate (and in particular, any Adjustment Spread) and the operation thereof any uncertainty between two or more alternative courses of action in making any determination or calculation, the party responsible for calculating the Interest Rate shall promptly notify the Issuer thereof and the Issuer shall direct the party responsible for calculating the Interest Rate in writing as to which alternative course of action to adopt. If the party responsible for calculating the Interest Rate is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the party responsible for calculating the Interest Rate shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

No later than the date on which the Security Trustee, the Agent Bank and the Paying Agent are notified by the Rate Determination Agent as provided under (iii) above, the Issuer shall deliver to each of the Security Trustee, the Agent Bank and the Paying Agent a certificate (on which each of the Security Trustee, the Agent Bank and the Paying Agent shall be entitled to rely without further enquiry or liability) signed by an authorised signatory of the Issuer:

- (i) confirming: (I) that a Benchmark Event has occurred and the date on which the Issuer determined that a Benchmark Event had occurred; (II) whether the Issuer has consulted with a Rate Determination Agent; (III) the Replacement Reference Rate (including any Adjustment Spread); and (IV) where applicable, any Benchmark Adjustments; and/or (V) the specific terms of any Benchmark Adjustments, in each case as determined in accordance with the provisions of this Condition 4; and
- (ii) certifying that the Benchmark Adjustments are, to the best of its knowledge and belief: (I) necessary to ensure the proper operation of such Replacement Reference Rate and/or Adjustment Spread; and (II) in each case, have been drafted solely to such effect.

As used in this Condition 4(j):

"Adjustment Spread" means either a spread (which may be positive or negative) or the formula or methodology for calculating a spread, in either case, which the Rate Determination Agent, acting in good faith, determines is required to be applied to the Replacement Reference Rate to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Reference Rate with the Replacement Reference Rate and is the spread, formula or methodology which:

- (a) is formally recommended in relation to the replacement of the Reference Rate with the Replacement Reference Rate by any competent authority, any working group in the jurisdiction of the applicable currency sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which such reference rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of such reference rate, (c) a group of the aforementioned central banks or other supervisory authorities, or (d) the Financial Stability Board or any part thereof, or any widely recognised industry association or body; or (if no such recommendation has been made)
- (b) the Rate Determination Agent determines, acting in good faith, is recognised or acknowledged as being the industry standard for debt market instruments such as or comparable to the Notes or for over-the-counter derivative transactions which reference the Reference Rate, where such rate has been replaced by the Replacement Reference Rate; or (if the Rate Determination Agent determines that no such industry accepted standard is recognised or acknowledged)
- (c) the Rate Determination Agent, in its discretion, acting in good faith, determines to be appropriate.

"Benchmark Event" means:

- (a) a material disruption to the Reference Rate, a material change in the methodology of administering the Reference Rate, the Reference Rate ceasing to be published for a period of at least five (5) Business Days or the Reference Rate ceasing to exist;
- (b) the insolvency or cessation of business of the administrator of the Reference Rate (in circumstances where no successor administrator has been appointed); or
- (c) a public statement by the administrator of the Reference Rate that it will, by a specified date within the following six months, cease publishing the Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Reference Rate);
- (d) a public statement by the supervisor of the administrator of the Reference Rate that the Reference Rate has been or will, by a specified date within the following six months, be permanently or indefinitely discontinued or that there will be a material change in the methodology of calculating the Reference Rate;
- (e) a public statement by the supervisor of the administrator of the Reference Rate that means the Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six months;
- (f) a change in the customary market practice in the international capital markets applicable generally to the Notes denominated in the European market (determined according to factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) to refer to a base rate other than the Reference Rate, despite the continued existence of such Reference Rate; or
- (g) it has become unlawful for the Paying Agent, the Issuer Administrator or the Issuer to calculate any payments due to be made to any Noteholder using the Reference Rate.

"Rate Determination Agent" means:

- (a) an independent financial institution of international repute or an independent financial adviser with appropriate expertise as appointed by the Issuer; or

- (b) if it is not reasonably practicable to appoint a party as referred to under (i), the Issuer or any other party with the prior written consent of the Security Trustee,

to determine the Replacement Reference Rate in accordance with this Condition 4.

(k) *Class A Additional Amounts*

On each Notes Payment Date after the First Optional Redemption Date, the Class A Noteholders are, in accordance with the Principal Amounts Outstanding thereof and until such Class A Notes have been fully redeemed, entitled to the Available Revenue Funds less any amount drawn from the Reserve Account pursuant to item (vii) of the Available Revenue Funds, remaining after amounts payable under the items (a) to (h) (inclusive) in the Post-First Optional Redemption Date Revenue Priority of Payments have been fully satisfied on such Notes Payment Date (the "**Class A Additional Amounts**"), in the following manner such that the Class A Additional Amounts will form part of the Available Principal Funds and will be applied towards redemption of the Class A Notes in accordance with the Redemption Priority of Payments until the Class A Notes are redeemed in full.

5. Payment

- (a) Payment of principal and in respect of the Class A Notes only, interest, Class A Excess Consideration, as applicable in respect of Notes will be made upon presentation of the Note and against surrender of the relevant Coupon appertaining thereto, at any specified office of the Paying Agent in cash or by transfer to a euro account maintained by the payee with a bank in the Netherlands, as the holder may specify. All such payments are subject to any fiscal or other laws and regulations applicable in the place of payment.
- (b) At the Final Maturity Date (as defined in Condition 6(a) (*Redemption - Final redemption*)), or such earlier date the Notes become due and payable, the Notes must be presented for payment together with all matured Coupons appertaining thereto.
- (c) If the relevant Notes Payment Date is not a day on which banks are open for business in the place of presentation of the relevant Note or Coupon, the holder thereof is not entitled to payment until the next succeeding Business Day or to any interest or other payment in respect of such delay, provided that in the case of payment by transfer to a euro account as referred to above, the Paying Agent is not obliged to credit such account until the day on which banks in the place of such account are open for business immediately following such Business Day. The name of each of the Paying Agent and of its offices are set out below.
- (d) The Issuer reserves the right at any time to vary or terminate the appointment of the Paying Agent and to appoint additional or other Paying Agent provided that no Paying Agent located in the United States of America will be appointed and, for as long as the Class A Notes are listed on the official list of the Luxembourg Stock Exchange, the Issuer will at all times maintain a Paying Agent having a specified office in the European Union. Notice of any termination or appointment of a Paying Agent and of any changes in the specified offices of the Paying Agent will be given to the Noteholders in accordance with Condition 13 (*Notices*).

6. Redemption

Any payments to be made in accordance with this Condition 6 are subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*).

(a) *Final redemption*

Unless previously redeemed as provided below, the Issuer will, subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*), redeem the Notes at their Principal Amount Outstanding on the Notes Payment Date falling in July 2063 (the "**Final Maturity Date**").

(b) *Mandatory Redemption of the Mortgage-Backed Notes*

Unless previously redeemed in full and provided that no Enforcement Notice has been served in accordance with Condition 10 (*Events of Default*), on each Notes Payment Date, the Issuer is obliged to apply the Available Redemption Funds (as defined below), including in the case the Seller exercises the Regulatory Call Option and/or Clean-up Call Option, to redeem or (other than in the case of exercise of the Regulatory Call Option and/or the Clean-up Call Option) to pay certain amounts of interest and to (partially) redeem the Mortgage-Backed Notes at their Principal Amount Outstanding on a *pro rata* basis in accordance with their respective Principal Amounts Outstanding in the following order:

- (i) *first*, in or towards satisfaction of the amounts of interest due or accrued but unpaid in respect of the Class A Notes after application of the Available Revenue Funds in accordance with item (e) of the relevant Revenue Priority of Payments;
- (ii) *second*, in or towards satisfaction of principal amounts due under the Class A Notes until fully redeemed;
- (iii) *third*, after the First Optional Redemption Date, after application of the Available Revenue Funds on such date, in or towards satisfaction of Class A Excess Consideration for an amount equal to the shortfall reflected in the Class A Excess Consideration Deficiency Ledger until the debit balance, if any, on the Class A Excess Consideration Deficiency Ledger is reduced to zero; and
- (iv) *fourth*, in or towards satisfaction of principal amounts due under the Class B Notes until fully redeemed.

The amounts available for the Noteholders will be passed through on each Notes Payment Date to the Mortgage-Backed Notes, by applying the Redemption Amount in respect of a Mortgage-Backed Note. After application of the Redemption Amount in respect of each Mortgage-Backed Note in the order set out above, the Principal Amount Outstanding of such Note shall be reduced accordingly.

(c) *Redemption of Class C Notes*

Provided that no Enforcement Notice has been served in accordance with Condition 10 (*Events of Default*), on each Notes Payment Date, the Issuer is obliged to apply the Class C Available Principal Funds (as defined below) to redeem (or partially redeem) the Class C Notes at their Principal Amount Outstanding on a *pro rata* basis until fully redeemed.

The amounts available for the Noteholders will be passed through on each Notes Payment Date to the Class C Notes, by applying the Redemption Amount in respect of a Class C Note. After application of the Redemption Amount in respect of each Class C Note, the Principal Amount Outstanding of such Note shall be reduced accordingly.

(d) *Determination of Redemption Amount, Available Principal Funds, Class C Available Principal Funds and the Principal Amount Outstanding*

On each Notes Calculation Date, the Issuer shall determine (or cause the Issuer Administrator to determine): (a) the Redemption Amount of each Note; (b) the Available Principal Funds; (c) the

Class C Available Principal Funds; and (d) the Principal Amount Outstanding of the relevant Note on the first calendar day of the next following Interest Period. Each determination by or on behalf of the Issuer of any Redemption Amount or the Principal Amount Outstanding of a Note shall in each case (in the absence of manifest error) be final and binding on all persons.

The Issuer will cause each determination of: (a) the Redemption Amount; (b) the Available Principal Funds; (c) the Class C Available Principal Funds; and (d) the Principal Amount Outstanding of the Notes to be notified forthwith to the Security Trustee, the Paying Agent, the Agent Bank, Euroclear, Clearstream, Luxembourg, the Luxembourg Stock Exchange and to the holders of Notes and as long as the Notes are admitted to listing, trading and/or quotation on the official list of the Luxembourg Stock Exchange or by any other competent authority, stock exchange and/or quotation system, such notice is to be published in such place as may be required by the rules and regulations of the Luxembourg Stock Exchange or such competent authority, stock exchange and/or quotation system. Any such notice is deemed to have been given on the first date of such publication, but in any event no later than one business day prior to the relevant Notes Payment Date. If the Redemption Amount in respect of any Note on any applicable Notes Payment Date is zero, a notice to this effect will be given to the Noteholders in accordance with Condition 13 (*Notices*).

If the Issuer does not at any time for any reason determine (or cause the Issuer Administrator to determine): (a) the Redemption Amount; (b) the Available Principal Funds; (c) the Class C Available Principal Funds; and (d) the Principal Amount Outstanding of the relevant Note, such: (a) Redemption Amount; (b) Available Principal Funds; (c) Class C Available Principal Funds; and (d) Principal Amount Outstanding of the relevant Note shall be determined by the Security Trustee in accordance with this paragraph (d) and paragraph (b) and (c) above (but based upon the information in its possession as to the Available Principal Funds and the Available Revenue Funds) and shall in each case (in the absence of a manifest error) be final and binding on all persons and each such determination or calculation shall be deemed to have been made by the Issuer.

Following application of the Redemption Amount, the Principal Amount Outstanding of such Note shall be reduced accordingly.

(e) *Optional Redemption*

Unless previously redeemed in full, on the Notes Payment Date falling in July 2031 and on each Notes Payment Date thereafter (each an "**Optional Redemption Date**") up to but excluding the Final Maturity Date, the Issuer may, at its option redeem all (but not some only) of the Mortgage-Backed Notes at their Principal Amount Outstanding and, in the case of the Class A Notes, any unpaid interest and unpaid Class A Excess Consideration thereon and in accordance with this Condition 6(e) and, in respect of the Class B Notes, subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*).

The Issuer shall notify the exercise of such option by giving not more than 60 nor less than 30 calendar days' written notice to the Security Trustee and the Noteholders in accordance with Condition 13 (*Notices*), prior to the relevant Optional Redemption Date.

The Class C Notes will be subject to redemption in accordance with and subject to Condition 6(c) (*Redemption of Class C Notes*).

(f) *Redemption for tax reasons*

All (but not some only) of the Mortgage-Backed Notes may be redeemed at the option of the Issuer, in accordance with and subject to Condition 9 (*Subordination and Limited Recourse*), on any Notes Payment Date, at their Principal Amount Outstanding and, in the case of the Class A Notes, any unpaid interest and unpaid Class A Excess Consideration thereon, if the Issuer has certified to the Security Trustee that:

- (i) the Issuer is or will be obliged to make any withholding or deduction for, or on account of, any taxes, duties or charges of whatsoever nature from payments in respect of any Class of Notes as a result of any change in, or amendment to, the application of the laws or regulations (including any guidelines issued by the tax authorities) of the Netherlands or any other jurisdiction or any political subdivision or any authority thereof or therein having power to tax or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which becomes effective on or after the Closing Date and such obligation cannot be avoided by the Issuer taking reasonable measures available to it (a "**Tax Change**"); and
- (ii) the Issuer will have sufficient funds available on the Notes Calculation Date immediately preceding such Notes Payment Date to discharge all amounts of principal and interest and Class A Excess Consideration (if applicable) due in respect of each Class of the Mortgage-Backed Notes in accordance with the Trust Agreement and any amounts required to be paid in priority to or *pari passu* with each Class of Mortgage-Backed Notes in accordance with the Trust Agreement.

No Class of Mortgage-Backed Notes may be redeemed under such circumstances unless all Classes of Mortgage-Backed Notes (or such of them as are then outstanding) are also redeemed in full at the same time.

The Issuer shall notify the occurrence of the Tax Change and the exercise of such option by giving not more than 60 nor less than 30 calendar days' written notice to the Noteholders and the Security Trustee prior to the relevant Notes Payment Date.

The Class C Notes will be subject to redemption in accordance with and subject to Condition 6(c) (*Redemption of Class C Notes*).

(g) *Definitions*

For the purpose of these Conditions the following terms have the following meanings:

- (i) The term "**Available Redemption Funds**" means, on any Notes Payment Date as calculated on the immediately preceding Notes Calculation Date, the aggregate amount of:
 - (A) the Available Principal Funds; less
 - (B) any amounts which are applied in satisfaction of the Initial Purchase Price of the Substitute Receivables and/or Further Advance Receivables on such Notes Payment Date.
- (ii) The term "**Class C Available Principal Funds**" means on the relevant Notes Payment Date, the amount of the Available Revenue Funds less the payments of items (a) up to and including (h) of the Pre-First Optional Redemption Date Revenue Priority of Payments or up to and including item (i) of the Post-First Optional Redemption Date Revenue Priority of Payments, as applicable, on such Notes Payment Date;
- (iii) The term "**Notes Calculation Date**" means, in relation to a Notes Payment Date, the fourth business day prior to such Notes Payment Date;
- (iv) The term "**Notes Calculation Period**" means, in relation to a Notes Calculation Date, the three successive Mortgage Calculation Periods immediately preceding such Notes Calculation Date except for the first Notes Calculation Period which will commence on and including the Initial Cut-Off Date and ends on and includes the last day of September 2025.

- (v) The term "**Net Foreclosure Proceeds**" means: (i) the proceeds of a foreclosure on a Mortgage; (ii) the proceeds of foreclosure on any other collateral securing the relevant Mortgage Receivable; (iii) the proceeds, if any, of collection of any insurance policy in connection with the relevant Mortgage Receivable, including fire insurance policy; (iv) the proceeds of the NHG Guarantee and any other guarantee or surety; (v) the proceeds of foreclosure on any other assets of the relevant Borrower, in each case after deduction of foreclosure costs in respect of such Mortgage Receivable; and (vi) any amounts received by the Issuer as payment under the NHG Advance Right relating thereto *less* (vii) any part of the proceeds of a foreclosure on a Mortgage required to be paid to Stichting WEW pursuant to the NHG Conditions in connection with a previously received payment under the NHG Advance Right relating thereto;
- (vi) The term "**Available Principal Funds**" means on any Notes Payment Date the sum of the following amounts, calculated as at any Notes Calculation Date and which have been received by the Issuer during the immediately preceding Notes Calculation Period or, if specifically set out below, on the relevant Notes Payment Date:
 - (A) by means of repayment and prepayment in full of principal under the Mortgage Receivables from any person, but, for the avoidance of doubt, excluding Prepayment Penalties, if any;
 - (B) as Net Foreclosure Proceeds on any Mortgage Receivable to the extent such proceeds relate to principal;
 - (C) in connection with a repurchase of Mortgage Receivables, whether or not as a result of the exercise of the Clean-up Call Option or the Regulatory Call Option or in connection with an Optional Redemption Date, pursuant to the Mortgage Receivables Purchase Agreement and any other amounts received pursuant to the Mortgage Receivables Purchase Agreement to the extent such amounts relate to principal;
 - (D) in connection with a sale of Mortgage Receivables pursuant to the Trust Agreement to the extent such amounts relate to principal but, for the avoidance of doubt, excluding Prepayment Penalties, if any;
 - (E) as amounts to be credited to the Principal Deficiency Ledger on the immediately succeeding Notes Payment Date in accordance with the applicable Revenue Priority of Payments;
 - (F) as partial prepayment in respect of Mortgage Receivables;
 - (G) as long as the Class A Notes are outstanding, any part of the Available Principal Funds calculated on the immediately preceding Notes Calculation Date which has not been applied towards redemption of the Mortgage-Backed Notes or payment of interest on the Class A Notes or payment of Class A Excess Consideration on the preceding Notes Payment Date;
 - (H) any amounts received on the Issuer Collection Account from the credit balance of the Construction Deposit Account in accordance with the Mortgage Receivables Purchase Agreement;
 - (I) on the Optional Redemption Date falling in July 2031 and on each Optional Redemption Date thereafter, in the case of a sale of Mortgage Receivables in accordance with the Trust Agreement, an amount to be drawn from the Reserve Account equal to the lower of: (i) the balance standing to the credit of the Reserve Account; and (ii) the positive difference between: (a) the amount required to

redeem the Class A Notes at their Principal Amount Outstanding plus accrued interest due, costs, accrued Class A Excess Consideration due and any shortfall reflected in any Class A Excess Consideration Deficiency Ledger after taking into account application of the Available Revenue Funds on such Notes Payment Date; and (b) from and including the Optional Redemption Date falling in January 2032 the purchase price for such Mortgage Receivables as sanctioned by a Meeting of Class A Noteholders; and

- (J) after the First Optional Redemption Date and as long as the Class A Notes are outstanding an amount equal to the Class A Additional Amounts;

minus

- (K) any NHG Return Amount (to the extent such amount relates to (a) item (ii) of the definition thereof and (b) principal) paid to Stichting WEW during the previous Notes Calculation Period.
- (vii) The term "**Principal Amount Outstanding**" on any Notes Payment Date of any Note is the principal amount of that Note upon issuance less the aggregate amount of all Redemption Amounts in respect of that Note that have become due and payable prior to such Notes Payment Date, provided that for the purpose of Conditions 4 (*Interest*), 6 (*Redemption*) and 10 (*Events of Default*) all Redemption Amounts that have become due and not been paid, notwithstanding due presentation of the relevant Note, shall not be so deducted;
 - (viii) The term "**Redemption Amount**" means on the relevant Notes Payment Date: (i) the amount (if any) (rounded down to the nearest euro) of the Available Principal Funds (to the extent applied to pay items (i) and (iv) of Condition 6(b) (*Redemption - Mandatory redemption of the Mortgage-Backed Notes*)) available to be applied to such Class of Mortgage-Backed Notes, divided by the number of Notes of such Class, subject to such redemption; and (ii) in respect of the Class C Notes, the Class C Available Principal Funds on that Notes Payment Date, divided by the number of Class C Notes, provided always that the Redemption Amount may never exceed the Principal Amount Outstanding of the relevant Note.

7. Taxation

(a) General

All payments by the Issuer or the Paying Agent in respect of the Notes will be made without withholding of or deduction for, or on account of, any present or future taxes, duties, assessments or charges of whatsoever nature imposed or levied by or on behalf of the Netherlands, any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or charges are required by law. In that event, the Issuer will make the required withholding or deduction of such taxes, duties, assessments or charges for the account of the Noteholders, as the case may be, and shall not pay any additional amounts to such Noteholders.

(b) FATCA Withholding

Payments in respect of the Notes might be subject to any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and any other jurisdiction facilitating the implementation thereof (or any law implementing such an intergovernmental agreement) ("**FATCA**", and any such withholding a "**FATCA Withholding**").

If an amount in respect of FATCA Withholding were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any Paying Agent nor any other person is required to pay additional amounts as a result of the deduction or withholding.

8. Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons are prescribed and become void unless made within five years from the date on which such payment first becomes due.

9. Subordination and Limited Recourse

(a) *Principal*

Any payments to be made in accordance with Condition 6 (*Redemption*) are subject to this Condition 9(a).

Until the date on which the Principal Amount Outstanding of the Class A Notes and the Class A Excess Consideration in respect of the relevant Class A Note is reduced to zero, the Class B Noteholders will not be entitled to any repayment of principal in respect of the Class B Notes. If, on any Notes Payment Date, there is a balance on the Class B Principal Deficiency Ledger, then, notwithstanding any other provisions of these Conditions, the principal amount payable on redemption of each Class B Note on such Notes Payment Date shall not exceed its Principal Amount Outstanding less the relevant Principal Shortfall on such Notes Payment Date. The Class B Noteholders shall have no further claim against the Issuer for the Principal Amount Outstanding on the Class B Notes after the date on which the Issuer no longer holds any Mortgage Receivables and there is no balance standing to the credit of the Issuer Accounts and the Issuer has no further rights under or in connection with any of the Transaction Documents.

"Principal Shortfall" means an amount equal to the balance of the Principal Deficiency Ledger of the relevant Class divided by the number of Notes of the relevant Class of Notes on the relevant Notes Payment Date.

The Class C Noteholders shall have no further claim against the Issuer for the Principal Amount Outstanding on the Class C Notes after the earlier of: (i) the Final Maturity Date; or (ii) the date on which the Issuer no longer holds any Mortgage Receivables and there are no balances standing to the credit of the Issuer Accounts and the Issuer has no further rights under or in connection with any of the Transaction Documents.

(b) *Class A Excess Consideration*

Any payments to be made pursuant to Condition 4 (*Interest*) are subject to this Condition 9(b).

In the event that on any Notes Payment Date the Issuer has insufficient funds available to pay in full the amount of Class A Excess Consideration due on such Notes Payment Date, the amount available (if any) shall be applied towards satisfaction of the Class A Excess Consideration due on such Notes Payment Date to the holders of the Class A Notes on a *pro rata* and *pari passu* basis in accordance with the amount of Class A Excess Consideration to be distributed to the Class A Notes at such time. The Issuer shall debit the applicable Class A Excess Consideration Deficiency Ledger with an amount equal to the amount by which the aggregate amount of Class A Excess Consideration paid on the Class A Notes on any Notes Payment Date falls short of the aggregate amount of Class A Excess Consideration payable on the Class A Notes on that Notes Payment Date pursuant to Condition 4 (*Interest*). Such shortfall shall not be treated as due on that date for the purposes of Condition 4 (*Interest*) and will not cause an Event of Default under Condition 10 (*Events of Default*) (except in the event of the exercise of the Regulatory Call Option or the Clean-up Call Option in accordance with Condition 6(b) (*Redemption - Mandatory Redemption of the*

Mortgage-Backed Notes), the redemption of the Mortgage-Backed Notes on an Optional Redemption Date in accordance with Condition 6(e) (*Redemption - Optional Redemption*), the redemption for tax reasons in accordance with Condition 6(f) (*Redemption - Redemption for tax reasons*), in which instances non-payment of Class A Excess Consideration within fifteen (15) calendar days from the relevant Notes Payment Date, will constitute an Event of Default in accordance with Condition 10(a) (*Events of Default*), unless the Issuer, from and the including the Optional Redemption Date in January 2032 exercises its option to sell the Mortgage Receivables for a purchase price that has been sanctioned by a Meeting of Class A Noteholders in accordance with Clause 22.2 of the Trust Agreement), and the balance of the Class A Excess Consideration Deficiency Ledger shall be aggregated with the amount of Class A Excess Consideration due on the next succeeding Notes Payment Date.

(c) *Limited Recourse*

In the event that the Security in respect of the Notes has been fully enforced and the proceeds of such enforcement, combined with any other amounts received by the Security Trustee, after payment of all other claims ranking, according to the Trust Agreement, in priority to the relevant Class of Notes are insufficient to pay in full all principal and interest and other amounts whatsoever due in respect of such Class of Notes, the Noteholders of such Class shall have no further claim, of whatever nature, against the Issuer or the Security Trustee in respect of any such unpaid amounts.

10. Events of Default

The Security Trustee at its discretion may, and, if so directed by an Extraordinary Resolution of the holders of the Most Senior Class of Notes (subject to, in each case, being indemnified to its satisfaction) (in each case, the "**Relevant Class**"), shall (but in the case of the occurrence of any of the events mentioned in (b) below, only if the Security Trustee has certified in writing to the Issuer that such an event is, in its opinion, materially prejudicial to the Noteholders of the Relevant Class) give notice (an "**Enforcement Notice**") to the Issuer with a copy to the Noteholders that the Notes are, and each Note shall become, immediately due and payable at their or its Principal Amount Outstanding, together with accrued interest, if any of the following events shall occur (each an "**Event of Default**"):

- (a) default is made for a period of fifteen (15) calendar days or more in the payment on the due date of any amount due in respect of the Most Senior Class of Notes); or
- (b) the Issuer fails to perform any of its other obligations binding on it under the Most Senior Class of Notes, the Trust Agreement, the Paying Agency Agreement or the Pledge Agreements and, except where such failure, in the reasonable opinion of the Security Trustee, is incapable of remedy, such default continues for a period of thirty (30) calendar days after written notice thereof was given by the Security Trustee to the Issuer requiring the same to be remedied; or
- (c) if a conservatory attachment (*conservatoir beslag*) or an executory attachment (*executoriaal beslag*) on any major part of the Issuer's assets is made and not discharged or released within a period of thirty (30) calendar days; or
- (d) if any order is made by any competent court or other authority or a resolution passed for the dissolution or liquidation of the Issuer or for the appointment of a liquidator or receiver of the Issuer or of all or substantially all of its assets; or
- (e) the Issuer makes an assignment for the benefit of, or enters into any general assignment (*akkoord*) with, its creditors; or
- (f) the Issuer files a petition for a (preliminary) suspension of payments (*surseance van betaling*) or for bankruptcy (*faillissement*) or has been declared bankrupt or becomes subject to any other regulation having a similar effect; or

- (g) it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes, the Trust Agreement or the Security,

provided that, if more than one Class of Notes is outstanding, no Enforcement Notice may or shall be given by the Security Trustee to the Issuer in respect of any Class of Notes ranking junior to the Most Senior Class of Notes irrespective of whether an Extraordinary Resolution is passed by the holders of such Class or Classes of Notes ranking junior to the Most Senior Class of Notes, unless an Enforcement Notice in respect of the Most Senior Class of Notes has been given by the Security Trustee. In exercising its discretion as to whether or not to give an Enforcement Notice to the Issuer in respect of the Most Senior Class of Notes, the Security Trustee is not required to have regard to the interests of the holders of any Class of Notes ranking junior to the Most Senior Class of Notes.

Non-payment of Class A Excess Consideration or non-payment of amounts under the Class B Notes and/or the Class C Notes will only cause an Event of Default in the circumstances set forth in this Condition 10.

11. Enforcement

- (a) At any time after the Notes of any Class become due and payable as a result of an Enforcement Notice, the Security Trustee may, at its discretion and without further notice, take such steps and/or institute such proceedings as it may think fit to enforce the terms of the Parallel Debt Agreement (including the making of a demand of payment thereunder), the Trust Agreement, the Pledge Agreements and the Notes, but it need not take any such proceedings unless: (i) it has been directed by an Extraordinary Resolution of the holders of the Most Senior Class of Notes; and (ii) it has been indemnified and/or secured and/or pre-funded to its satisfaction.
- (b) No Noteholder may proceed directly against the Issuer unless the Security Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.
- (c) The Noteholders and the Security Trustee may not institute against, or join any person in instituting against, the Issuer any bankruptcy, reorganisation, arrangement, insolvency or liquidation proceeding until the expiry of a period of at least one (1) year after the latest maturing Note is paid in full. The Noteholders accept and agree that until the expiry of a period of at least one (1) year after the latest maturing Note is paid in full, the only remedy against the Issuer after any of the Notes have become due and payable pursuant to Condition 10 (*Events of Default*) above is to enforce the Security.

12. Indemnification of the Security Trustee

The Trust Agreement contains provisions for the indemnification of the Security Trustee in the circumstances set out therein and for its relief from responsibility. The Security Trustee is entitled to enter into commercial transactions with the Issuer and/or any other party to the Transaction Documents without accounting for any profit resulting from such transaction.

13. Notices

With the exception of the publications of the Agent Bank in Condition 4 (*Interest*) and of the Issuer in Condition 6 (*Redemption*), (other than where specifically referred to this Condition therein), notices to the Noteholders will be deemed to be validly given if published on the DSA website, being at the time www.dutchsecuritisation.nl and the website of the Issuer, being at the time <https://cm.gcm.cscglobal.com/> or, if such website ceases to exist or timely publication thereon is not practicable, in such manner as the Security Trustee approves and, and, as long as the Class A Notes are admitted to listing, trading and/or quotation on the Luxembourg Stock Exchange or by any other competent authority, stock exchange and/or quotation system, notice shall also be published in such other place as may be required by the rules and regulations of such competent authority, stock exchange and/or quotation system. Any such notice is deemed to have been given on the first date of such publication. If publication as provided above is not

possible, a notice will be given in such other manner, and will be deemed to have been given at such date, as the Security Trustee shall approve.

14. Meetings of Noteholders; Modification; Consents; Waiver

The Trust Agreement contains provisions for convening meetings of the Noteholders of any Class or one or more Classes jointly to consider matters affecting the interests, including the sanctioning by Extraordinary Resolution, of such Noteholders of the relevant Class of a change of any of these Conditions or any provisions of the Transaction Documents. Instead of at a meeting, a resolution of the Noteholders of the relevant Class may be passed in writing – including in the form of a message transmitted by any accepted means of communication and received or capable of being produced in writing – provided that all Noteholders with the right to vote have voted in favour of the proposal. The Issuer shall notify the Credit Rating Agencies of any resolutions passed by the Noteholders.

(a) *Meeting of Noteholders*

A meeting of Noteholders may be convened by the Security Trustee as often as it reasonably considers desirable and shall be convened by the Security Trustee at the written request of: (i) the Issuer or the Seller; or (ii) by Noteholders of a Class or by Noteholders of one or more Class or Classes, as the case may be, holding not less than 10 per cent. in Principal Amount Outstanding of the Notes of such Class or of the Notes of such Classes and shall be held in Amsterdam, the Netherlands.

(b) *Quorum and majority*

The quorum for any meeting convened to consider an Extraordinary Resolution for any Class of Notes will be one or more persons holding or representing not less than two-thirds of the Principal Amount Outstanding of the Notes of the relevant Class, as the case may be, and at such meeting an Extraordinary Resolution will be adopted with not less than a two-third majority of the validly cast votes, except that the quorum required for an Extraordinary Resolution including the sanctioning of a Basic Terms Change is one or more persons holding or representing not less than 75 per cent. of the amount of the Principal Amount Outstanding of the Notes of the relevant Class and the majority required is at least 75 per cent. of the validly cast votes at that Extraordinary Resolution. If at such meeting the aforesaid quorum is not represented, a second meeting of Noteholders will be held within one (1) month, with due observance of the same formalities for convening the meeting which governed the convening of the first meeting; at such second meeting an Extraordinary Resolution is adopted with not less than a two-third majority of the validly cast votes, except that for an Extraordinary Resolution, including an Extraordinary Resolution approving a Basic Terms Change, the majority required is 75 per cent. of the validly cast votes, regardless of the quorum represented at such meeting.

Any Extraordinary Resolution duly passed is binding on all Noteholders of the relevant Class (whether or not they were present at the meeting at which such resolution was passed).

"Basic Terms Change" means, in respect of the Notes of all Classes a change: (i) of the date of maturity of the relevant Notes; (ii) which would have the effect of postponing any date for payment of interest in respect of the relevant Notes; (iii) which would reduce or cancel the amount of principal payable in respect of the relevant Notes; (iv) of the rate of interest applicable in respect of the relevant Notes (for the avoidance of doubt, excluding in the case of a Benchmark Event and Benchmark Adjustments pursuant to Condition 4(j) (*Replacement Reference Rate*)); (v) of the quorum or majority required to pass an Extraordinary Resolution; or (vi) of any Priority of Payments;

Extraordinary Resolution

A Meeting has the power, exercisable only by Extraordinary Resolution, without prejudice to any other powers conferred on it or any other person to:

- (a) approve any proposal for any modification of any provisions of the Trust Agreement, the Conditions, the Notes or any other Transaction Document or any arrangement in respect of the obligations of the Issuer under or in respect of the Notes;
- (b) waive any breach or authorise any proposed breach by the Issuer of its obligations under or in respect of the Trust Agreement or the Notes or any act or omission which might otherwise constitute an Event of Default under the Notes;
- (c) authorise the Security Trustee (subject to it being indemnified and/or secured to its satisfaction) or any other person to execute all documents and do all things necessary to give effect to any Extraordinary Resolution;
- (d) discharge or exonerate the Security Trustee from any liability in respect of any act or omission for which it may become responsible under the Trust Agreement or the Notes;
- (e) give any other authorisation or approval which under the Trust Agreement or the Notes is required to be given by Extraordinary Resolution; and
- (f) appoint any persons as a committee to represent the interests of Noteholders and to confer upon such committee any powers which Noteholders could themselves exercise by Extraordinary Resolution.

No Extraordinary Resolution is effective to sanction an event under (a) above unless the Issuer has agreed thereto.

(c) *Conflicts between Classes*

An Extraordinary Resolution passed at any meeting of the holders of the Most Senior Class of Notes is binding upon all Noteholders of a Class other than the Most Senior Class irrespective of the effect upon them, except that an Extraordinary Resolution approving a Basic Terms Change is not effective for any purpose unless it has been approved by Extraordinary Resolutions of Noteholders of each such other Class or unless and to the extent that it is not, in the sole opinion of the Security Trustee, materially prejudicial to the interest of the Noteholders of each such Class.

An Extraordinary Resolution is not effective for any purpose unless either: (i) the Security Trustee is of the opinion that it would not be materially prejudicial to the interests of Noteholders of any Higher Ranking Class; or (ii) when it is approved by Extraordinary Resolutions of Noteholders of each such Higher Ranking Class. The maximum periods for convening meetings shall, *mutatis mutandis*, apply in the event of conflicts of Classes.

(d) *Voting*

Every voter (as defined in the Trust Agreement) has one vote in respect of: (i) each euro 1.00; or (ii) such other amount as the Security Trustee may in its absolute discretion stipulate in Principal Amount Outstanding of the Notes represented or held by such voter. The Issuer may not vote on any Notes held by it directly or indirectly. Such Notes will not be taken into account in calculating the aggregate outstanding amount of the Notes.

(e) *Modifications, authorisations, waivers and consents agreed by the Security Trustee*

The Security Trustee may agree, without the consent of the Noteholders, to: (i) any modification, of any of the provisions of the Trust Agreement, the Notes or any other Transaction Document which is of a formal, minor or technical nature or is made to correct a manifest error; (ii) any other modification, and any waiver, consent, authorisation of any breach or proposed breach, of any of the provisions of the Trust Agreement, the Notes and/or any other Transaction Document which is in the opinion of the Security Trustee not materially prejudicial to the interests of the Noteholders, provided that the Security Trustee: (a) has notified the Credit Rating Agencies; and (b) a Credit Rating Agency Confirmation in connection with such modification, waiver, consent, authorisation of any breach or proposed breach has been obtained; (iii) any modification of the relevant Transaction Documents (including the Interest Rate Cap Agreement) in order to enable the Issuer and/or the Interest Rate Cap Provider to comply with any requirements which apply to it (or, in respect of the UK Securitisation Framework, which it has contractually agreed to comply with) under EMIR, under MiFID II, under the AIFMD, under the EU Securitisation Regulation or the UK Securitisation Framework and/or for the securitisation transaction to qualify as an STS securitisation within the meaning of Article 18 of the EU Securitisation Regulation, under Article 243 of the CRR, under the Benchmarks Regulation and under the CRA Regulation, subject to receipt by the Security Trustee of a certificate of the Issuer, and in the case of EMIR, the Interest Rate Cap Provider certifying to the Security Trustee that the amendments requested by the Issuer or the Interest Rate Cap Provider, as the case may be, are to be made solely for the purpose of enabling the Issuer or the Interest Rate Cap Provider, as the case may be, to satisfy its requirements under (or, in respect of the UK Securitisation Framework, its contractual requirements in respect of compliance with) EMIR, under MiFID II, under the AIFMD, under the EU Securitisation Regulation or the UK Securitisation Framework and/or for the securitisation transaction to qualify as an STS securitisation within the meaning of Article 18 of the EU Securitisation Regulation, under Article 243 of the CRR, under the Benchmarks Regulation and under the CRA Regulation; (iv) any modification of the relevant Transaction Documents to accommodate the effects of the adoption of the European Commission's Proposal for a Regulation of the European Parliament and of the Council on the law applicable to the third-party effects of assignments of claims and to ensure the valid assignment, re-assignment and pledge of the Mortgage Receivables and (v) if a Benchmark Event has occurred any modification of the Interest Rate Cap Agreement in order to amend the floating rate applicable under the Interest Rate Cap Agreement in accordance with the terms of the Interest Rate Cap Agreement, provided that, in the case of (iii), (iv) and (v) above, such amendment is, in the opinion of the Security Trustee, not materially prejudicial to the interest of the Noteholders and further provided that the Security Trustee is not obliged to agree to any modification which, in the reasonable opinion of the Security Trustee, would have the effect of: (a) exposing the Security Trustee to any additional liability; or (b) adding to or increasing the obligations, liabilities or duties or decreasing the protections, of the Security Trustee in respect of the Notes, the Transaction Documents and/or the Conditions. Any such modification, waiver, consent, authorisation of any breach or proposed breach is binding on the Noteholders and, if the Security Trustee so requires or, if it relates to a modification of any of the Priorities of Payments, such modification, waiver, consent, authorisation of any breach or proposed breach shall be notified to the Noteholders in accordance with Condition 13 (*Notices*) as soon as practicable thereafter and without undue delay.

In addition, the Security Trustee may agree, without the consent of the Noteholders, to: (a) the entering into a new transaction document between the Issuer and a successor of the relevant counterparty; or (b) the transfer of the rights and obligations under a Transaction Document by the relevant counterparty to a successor, provided that: (i) the Security Trustee has notified the Credit Rating Agencies; (ii) a Credit Rating Agency Confirmation in connection with such transfer or contracting has been obtained; and (iii) if the relevant counterparty will be a Secured Creditor, the relevant successor accedes to the Parallel Debt Agreement.

Notwithstanding the above, the Interest Rate Cap Provider's written consent (such consent not to be unreasonably withheld or delayed) is required for any amendment, other than for any amendment which is of a formal, minor or technical nature or is made to correct a manifest error, or which is required by applicable laws or regulations or by any Credit Rating Agency: (i) to the

Transaction Documents, which in the Interest Rate Cap Provider's reasonable opinion will have a material adverse impact on the currency, amount, timing or priority of payments due to be made by or to the Interest Rate Cap Provider under the Interest Rate Cap Agreement; or (ii) to clause 18.5 of the Trust Agreement.

15. Replacements of Notes and Coupons

Should any Note or Coupon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the office of the Paying Agent upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered, in the case of Notes together with all unmatured Coupons appertaining thereto, in the case of Coupons together with the Note and all unmatured Coupons to which they appertain (*mantel en blad*), before replacements will be issued.

16. Governing Law

The Notes and Coupons, and any non-contractual obligations arising out of or in relation to the Notes and Coupons, are governed by, and will be construed in accordance with, the laws of the Netherlands. Any disputes arising out of or in connection with the Notes and the Coupons including, without limitation, disputes relating to any non-contractual obligations arising out of or in connection with the Notes and the Coupons, shall be submitted to the exclusive jurisdiction of the competent court of Amsterdam, the Netherlands.

4.2. Form

The Class A Notes, the Class B Notes and the Class C Notes will each be initially represented by the Temporary Global Class A Note, the Temporary Global Class B Note and the Temporary Global Class C Note, respectively, all substantially in the form of Schedule 3 of the Trust Agreement. Each Temporary Global Note representing the Class A Notes will be deposited with Euroclear Bank S.A./N.V., as operator of the Euroclear System ("**Euroclear**") or Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**") as common safekeeper for Euroclear and Clearstream, Luxembourg on or about the Closing Date. The Temporary Global Notes representing the Notes, other than the Class A Notes, will be deposited with a common safekeeper acting on behalf of Euroclear and Clearstream, Luxembourg on or about the Closing Date. Interests in the Temporary Global Class A Note, the Temporary Global Class B Note and the Temporary Global Class C Note will be exchangeable for interests in the Permanent Global Class A Note, the Permanent Global Class B Note and the Permanent Global Class C Note, respectively, all substantially in the form of Schedule 4 to the Trust Agreement, not earlier than 40 calendar days after the Closing Date (the "**Exchange Date**") upon certification that the beneficial owners thereof are not United States persons.

Upon exchange of the last interest in the Temporary Global Class A Note, the Temporary Global Class B Note and the Temporary Global Class C Note, respectively, for interests in the Permanent Global Class A Note, the Permanent Global Class B Note and the Permanent Global Class C Note, respectively, the Temporary Global Class A Note, the Temporary Global Class B Note and the Temporary Global Class C Note, respectively, shall be cancelled by or on behalf of the Paying Agent and returned to the Issuer and Euroclear and/or Clearstream, Luxembourg shall be instructed by or on behalf of the Paying Agent to make the appropriate entries in their records or reflect such exchange. Upon exchange of the Temporary Global Class A Note, the Temporary Global Class B Note and the Temporary Global Class C Note for the Permanent Global Class A Note, the Permanent Global Class B Note and the Permanent Global Class C Note, respectively, the Permanent Global Class A Note, the Permanent Global Class B Note and the Permanent Global Class C Note will remain deposited with the relevant Common Safekeeper.

If required and only in the limited circumstances set out in the Conditions, as further described in Clause 2.7 of the Trust Agreement, the Definitive Notes will be issued in bearer form serially numbered with Coupons attached on issue.

The procedures as regards the exchange, authentication, effectuation, delivery, surrender, cancellation, presentation, marking down of any of the relevant Global Notes (or part thereof), instructing Euroclear and/or Clearstream, Luxembourg to make the appropriate entries in their records and any other matters to be carried out by the relevant

parties upon such exchange (in whole or in part) shall be made in accordance with the provisions of the relevant terms of the relevant Global Notes, the Paying Agency Agreement, the Trust Agreement, the rules and procedures of Euroclear and/or Clearstream, Luxembourg for the time being and in accordance with the customary practice of the eurobond market.

The Security Trustee shall rely on the records of Euroclear and/or Clearstream, Luxembourg in relation to any determination of the Principal Amount Outstanding of each Global Note deposited with the relevant Common Safekeeper. For this purpose, "records" means the records that each of Euroclear and/or Clearstream, Luxembourg holds for its customers which reflect the amount of such customer's interest in the Notes.

The Issuer shall procure that, prior to the issue and delivery of each Global Note, each Global Note will be duly signed on behalf of the Issuer and authenticated by an authorised signatory on behalf of the Paying Agent and shall be effectuated by the relevant Common Safekeeper acting on the instructions of the Paying Agent and no Global Note shall be valid for any purpose unless and until so authenticated and effectuated. A Global Note so executed shall, when delivered, be a binding and valid obligation of the Issuer. The holder of each Global Note (or part thereof) shall in all respects be entitled to the same benefits as the holder of a Definitive Note and each Global Note shall be subject to the provisions of this Agreement and the Conditions, except that the bearer thereof shall be the only person entitled to receive payments of principal and interest as set out therein.

If (while the Notes are represented by Global Note(s)): (a) the Notes become immediately due and repayable by reason of an Event of Default; or (b) either Euroclear and/or Clearstream, Luxembourg is closed for business for a continuous period of fourteen (14) calendar days (other than by reason of holiday, statutory or otherwise) or announces an intention to cease business permanently or has in fact done so and no alternative clearing system satisfactory to the Security Trustee and the Issuer is available; or (c) as a result of any addition to or change in the laws or regulations of the Netherlands (including any guidelines issued by the tax authorities) or any other jurisdiction or of any authority therein or thereof having power of tax or in the interpretation or administration of such laws or regulations which becomes effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding on account of tax from any payment in respect of the Notes which would not be required if the Notes were in definitive form (each an "**Exchange Event**"), then the Issuer shall, if requested by the Security Trustee, within 30 calendar days of the occurrence of the relevant event but not prior to the Exchange Date, subject to certification as to non-United States beneficial ownership, issue Definitive Notes (together with Coupons attached) in exchange for the whole (or the remaining part(s) outstanding) of the relevant Permanent Global Note which represents such Notes.

The Issuer will promptly give notice to Noteholders in accordance with Condition 13 (*Notices*) upon the occurrence of an Exchange Event. In the event of the occurrence of any Exchange Event, Euroclear and/or Clearstream, Luxembourg acting on the instructions of any holder of an interest in the Global Note may give notice to the Paying Agent requesting exchange and in the event of the occurrence of an Exchange Event, the Issuer may also give notice to the Paying Agent requesting exchange. At the date hereof neither Euroclear nor Clearstream, Luxembourg regards Notes in global form as fungible with any Definitive Notes.

If issued, Definitive Notes and Coupons shall be in, or substantially in, the respective forms set out in Schedule 2 to the Trust Agreement, serially numbered in each case, and shall be issued in denominations of €100,000 each or, as the case may be, in the then Principal Amount Outstanding of the Notes on the date of exchange. The Definitive Notes shall be signed manually or in facsimile by any managing director of the Issuer or by any other duly authorised representative and the Definitive Notes shall have endorsed thereon the Conditions and shall be authenticated by or on behalf of the Paying Agent. Definitive Notes and Coupons appertaining thereto so executed and authenticated are binding and valid obligations of the Issuer.

4.3. Subscription and Sale

The Manager has, pursuant to the Class A Note Purchase Agreement, agreed with the Issuer, on terms and subject to certain conditions, to purchase severally but not jointly the Class A Notes at their respective issue price. There is no obligation of the Manager to purchase any Class A Notes unless the Manager has (on)sold such Class A Notes to third parties, including to the Seller. The Seller has undertaken with the Manager that it will purchase the Class B

Notes and the Class C Notes directly from the Issuer. The Issuer and the Seller have agreed to indemnify and reimburse the Manager against certain liabilities and expenses in connection with the issuance of the Notes.

Prohibition of Sales to UK Retail Investors

The Manager has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes to any retail investor in the United Kingdom. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of the domestic law of the United Kingdom by virtue of the EUWA;
 - (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of the domestic law of the United Kingdom by virtue of the EUWA; or
 - (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of the domestic law of the United Kingdom by virtue of the EUWA; and
- (b) the expression "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe to the Notes.

Prohibition of Sales to EEA Retail Investors

The Manager has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II;
 - (ii) a customer within the meaning of the EU Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe to the Notes.

United Kingdom

The Manager has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the "**FSMA**")) received by it in connection with the issuance or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Italy

The Manager has represented and agreed that no application has been or will be made by any person to obtain an authorisation from *Commissione Nazionale per le Società e la Borsa* ("**CONSOB**") (the Italian securities and exchange commission) for the public offering (*offerta al pubblico*) of the Notes in the Republic of Italy. Accordingly, no Notes may be offered, sold or delivered, nor may copies of this Prospectus or of any other document relating to the Notes be distributed in the Republic of Italy, except:

- (a) to "qualified investors" (*investitori qualificati*), as defined pursuant to Article 2, paragraph 1, lett. e) of the Prospectus Regulation and Article 100 of Legislative Decree No. 58 of 24 February 1998 (the "**Italian Financial Act**"), as implemented by Article 34-ter, first paragraph, letter b), of CONSOB Regulation No. 1197 of 14 May 1999 (hereinafter, "**CONSOB Regulation No. 1197**"), as amended from time to time, and Article 35, paragraph 1, letter d) of CONSOB Regulation No. 20307 of 15 February 2018 (the "**CONSOB Regulation No. 20307**"), as amended and supplemented from time to time; or
- (b) in any other circumstances where an express exemption from compliance with the rules relating to public offers of financial products pursuant to Article 1 of the Prospectus Regulation, Article 100 of the Italian Financial Act and CONSOB Regulation No. 11971 and any other applicable Italian laws and regulations, each amended from time to time.

Any offer, sale or delivery of the Class A Notes or distribution of copies of the Prospectus or any other document relating to the Class A Notes in the Republic of Italy under (a) or (b) above must be made:

- (a) only by banks, investment firms (*imprese di investimento*) or financial intermediary permitted to conduct such activities in the Republic of Italy, enrolled in the register provided for under Section 106 of Italian Legislative Decree no. 385 of 1 September 1993 (the "**Italian Banking Act**"), as subsequently amended from time to time, and also in accordance with CONSOB Regulation No. 20307; and
- (b) only to qualified investors (*investitori qualificati*) as set out above; and
- (c) in accordance with all applicable Italian laws and regulations, including all relevant Italian securities and tax laws and regulations and any limitations as may be imposed from time to time by CONSOB or the Bank of Italy (including the reporting requirements, where applicable, pursuant to Article 129 of the Italian Banking Act and the implementing guidelines of the Bank of Italy, as amended from time to time) and/or any other Italian authority.

United States

The Manager has represented and agreed that Class A Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meaning given to them by Regulation S.

The Class A Notes are in bearer form and are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to, or for the account or benefit of, a U.S. person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations thereunder.

The Manager has represented and agreed that it will not offer, sell or deliver the Class A Notes: (i) as part of its distribution at any time; or (ii) otherwise until forty (40) days after the later of the commencement of the offering or the Closing Date within the United States or to, or for the account or benefit of, U.S. persons, and only in accordance with Regulation S; accordingly, the Manager represents and agrees that neither it nor its "affiliates" (as defined in Regulation D under the Securities Act) ("**Affiliates**") nor any persons acting on its or their behalf have engaged or

will engage in any directed selling efforts (within the meaning of Regulation S) with respect to the Class A Notes, and each Manager, its Affiliates and any such persons have complied and will comply with the offering restrictions requirements of Regulation S.

The Manager further has represented and agreed that it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells Class A Notes during the distribution compliance period (as defined in Regulation S) a confirmation or other notice to substantially the following effect: The Class A Notes covered hereby have not been and will not be registered under the Securities Act and may not be offered and sold within the United States or to, or for the account or benefit of, U.S. persons: (i) as part of their distribution at any time; and (ii) otherwise until 40 days after the later of the commencement of the offering and the Closing Date, except in either case in accordance with Regulation S.

The Notes sold as part of the initial distribution of the Notes may not be purchased by any person except for persons that are not U.S. Risk Retention Persons. Prospective investors should note that, although the definition of "**U.S. person**" in the U.S. Risk Retention Rules is substantially the same as the definition of "U.S. person" in Regulation S, the definitions are not identical and persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules.

Each purchaser of Notes, including beneficial interests in such Notes will, by its acquisition of a Note or a beneficial interest in a Note, be deemed, and in certain circumstances will be required, to have made the following representations: that it: (1) is not a U.S. Risk Retention Person; (2) is acquiring such Notes or a beneficial interest in such Notes for its own account and not with a view to distribute such Notes or, in the case of a distributor, will only distribute such Notes to a person who is not a U.S. Risk Retention Person; and (3) is not acquiring such Notes or a beneficial interest in such Notes as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-U.S. Risk Retention Person, rather than a U.S. Risk Retention Person, as part of a scheme to evade the 10% U.S. Risk Retention Person limitation in the exemption provided for under Section 246.20 of the U.S. Risk Retention Rules).

The Manager will not have any liability for compliance with the U.S. Risk Retention Rules by the Issuer or the Seller or any other person. Because of the foregoing restrictions, purchasers of Notes are advised to consult legal counsel prior to making any offer, resale, pledge or transfer of such securities offered and sold.

The Netherlands

The Manager has represented and agreed in the Class A Note Purchase Agreement that it has only offered or sold and will only offer or sell Notes directly or indirectly, to individuals or legal entities in the Netherlands as part of the initial distribution or at any time thereafter who or which are 'Qualified Investors' (*gekwalficeerde beleggers*) within the meaning of article 1:1 of the Wft.

The Seller has represented and agreed that the Class B Notes and the Class C Notes, being notes to bearer that constitute a claim for a fixed sum against the Issuer and on which no interest is due, in definitive form of the Issuer may only be transferred and accepted, directly or indirectly, within, from or into the Netherlands through the mediation of either the Issuer or a member firm of Euronext Amsterdam in full compliance with the Dutch Savings Certificates Act (*Wet inzake spaarbewijzen*) of 21 May 1985 (as amended) and its implementing regulations, provided that no such mediation is required: (a) in respect of the transfer and acceptance of rights representing an interest in the Class B Notes or the Class C Notes in global form; or (b) in respect of the initial issuance of the Class B Notes or the Class C Notes in definitive form to the first holders thereof; or (c) in respect of the transfer and acceptance of the Class B Notes or the Class C Notes and in definitive form between individuals not acting in the conduct of a business or profession; or (d) in respect of the transfer and acceptance of the Class B Notes or the Class C Notes within, from or into the Netherlands if all the Class B Notes or the Class C Notes, as applicable, (either in definitive form or as rights representing an interest in the Class B Notes or the Class C Notes, as applicable, in global form) are issued outside the Netherlands and are not distributed into the Netherlands in the course of initial distribution or immediately thereafter.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No 25 of 1948, as amended) (the "FIEA") and the Manager has represented and agreed, and each further manager appointed will be required to represent and agree, that it will not offer or sell Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Section 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)) or to others for re-offering or re-sale, directly or indirectly, in Japan or to or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws and regulations and ministerial guidance of Japan.

General

Public offers generally

The Manager has represented and agreed that it will comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers or sells Class A Notes or possesses or distributes the Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Class A Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries, provided that the Manager has no liability to the Issuer or Seller in respect of any non-observance of the U.S. Risk Retention Rules by the Issuer or Seller or any other person.

The Manager will undertake not to offer or sell directly or indirectly any Class A Notes or to distribute or publish (to the best of its knowledge and beliefs) the Prospectus or any other material relating to the Class A Notes in or from any country or jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations.

4.4. Regulatory and Industry Compliance

Retention and disclosure requirements under the EU Securitisation Regulation and the UK Securitisation Framework

The Seller, in its capacity as the "originator" as defined in the EU Securitisation Regulation, has undertaken in the relevant Note Purchase Agreement to the Manager, the Issuer and the Security Trustee to retain, on an ongoing basis, a material net economic interest of not less than five (5) per cent. in the securitisation transaction described in this Prospectus in accordance with Article 6(1) of the EU Securitisation Regulation and in accordance with UK SECN 5 (as if it were applicable to it and as in force on the Closing Date). As at the Closing Date, such material net economic interest is retained in accordance with Article 6(3)(d) of the EU Securitisation Regulation and UK SECN 5.2.8R(1)(d) (as in force on the Closing Date) by the retention of the Retention Notes, representing an amount of at least 5% of the nominal value of the securitised exposures.

The Note Purchase Agreements include a representation and warranty of the Seller as to its compliance with Articles 6(1) and 6(3)(d) of the EU Securitisation Regulation and its undertaking to comply with UK SECN 5.2.1R and UK SECN 5.2.8R (1)(d) (as if it were applicable to it and as in force on the Closing Date). In addition to the information set out herein and forming part of this Prospectus, the Seller, as designated entity under Article 7(2) of the EU Securitisation Regulation, has undertaken to make available materially relevant information to investors in accordance with and as required pursuant to Article 7 of the EU Securitisation Regulation so that investors are able to verify compliance of the securitisation transaction described in this Prospectus with Article 6 of the EU Securitisation Regulation. Each prospective investor should ensure that it complies with the EU Securitisation Regulation and the UK Securitisation Framework to the extent applicable to it.

Prospective investors should note that the obligation of the Seller to comply with the UK Retention Requirement is strictly contractual pursuant to the terms of the Note Purchase Agreements and applies with respect to UK SECN 5 together with any binding technical standards solely as in force on the Closing Date. In addition, to the extent that UK SECN 5 is amended, or new binding technical standards are introduced, the Seller will be under no obligation (but may use reasonable efforts) to comply with such amendments. The transaction as described under this Prospectus is not being structured to ensure compliance by any person with the transparency and reporting requirements of the UK Securitisation Framework. Neither the Seller nor any other party to the Transaction will be required to produce any information or disclosure for purposes of, or in connection with, the UK Securitisation Framework or to take any

other action in accordance with, or in a manner contemplated thereby. Each prospective UK investor is required to independently assess and determine the sufficiency of the information described above and in this Prospectus generally for the purposes of complying with any applicable parts of the UK Securitisation Framework which may be relevant to investors and none of the Issuer, the Seller, the Security Trustee, the Manager or any other Transaction Party makes any representation that any such information described above or elsewhere in this Prospectus is sufficient in all circumstances for such purposes.

Disclosure Requirements

In the Mortgage Receivables Purchase Agreement, the Issuer and the Seller have amongst themselves designated the Seller as the designated entity for the purpose of Article 7(2) of the EU Securitisation Regulation. The Seller, or the Issuer Administrator or any other party on its behalf, will make available to Noteholders, to the competent authorities referred to in Article 29 of the EU Securitisation Regulation and, upon request, to potential investors, on the website of the SR Repository:

- (a)
 - (i) in accordance with Article 7(1)(a) of the EU Securitisation Regulation, on a quarterly basis certain loan-level information in relation to the Mortgage Receivables in respect of each Notes Calculation Period in the form of the standardised template set out in Annex II of Delegated Regulation (EU) 2020/1224) and, to the extent available, information related to the environmental performance of the Mortgage Receivables in accordance with Article 22(4) of the EU Securitisation Regulation; and
 - (ii) in accordance with Article 7(1)(e) of the EU Securitisation Regulation, a quarterly investor report in respect of each Notes Calculation Period in the form of the standardised template set out in Annex II and Annex XII of Delegated Regulation (EU) 2020/1224;
- (b) without delay, in accordance with Article 7(1)(f) of the EU Securitisation Regulation, any inside information relating to the transaction described in this Prospectus in the form of the standardised template set out in Annex XIV of Delegated Regulation (EU) 2020/1224); and
- (c) without delay, in accordance with Article 7(1)(g) of the EU Securitisation Regulation, if applicable any significant event such as: (a) a material breach (including, for the avoidance of doubt, any remedy, waiver or consent subsequently provided in relation to such breach) of the obligations laid down in the Transaction Documents; (b) a change in the structural features that can materially impact the performance of the securitisation; (c) a change in the risk characteristics of the securitisation transaction described in this Prospectus or of the Mortgage Receivables that can materially impact the performance of the securitisation transaction described in this Prospectus; (d) if the securitisation transaction described in this Prospectus ceases to meet the EU STS requirements or if competent authorities have taken remedial or administrative actions; and (e) any material amendments to the Transaction Documents, in the form of the standardised template set out in Annex XIV of Delegated Regulation (EU) 2020/1224).

In addition, the Seller, or the Issuer Administrator or any other party on its behalf, has made available and will make available, as applicable, to the above-mentioned parties:

- (a) before pricing of the Notes at least in draft or initial form and, at the latest 15 calendar days after the Closing Date, in final form, all underlying documents that are essential for the understanding of the securitisation transaction described in this Prospectus, which are listed in section 8 (*General*) under item 6, as required by Article 7(1)(b) of the EU Securitisation Regulation, on the aforementioned website;
- (b) before pricing of the Notes at least in draft or initial form and on or around the Closing Date in final form, the STS notification referred to in Article 27 of the EU Securitisation Regulation, on the aforementioned website, as required by Article 7(1)(d) of the EU Securitisation Regulation;
- (c) before pricing of the Notes, via Intex and / or Bloomberg, a liability cash flow model of the securitisation transaction described in this Prospectus which precisely represents the contractual relationship between the

Mortgage Receivables and the payments flowing between the Seller, the Noteholders, other third parties and the Issuer, which shall remain to be made available to Noteholders on an ongoing basis and to potential investors upon request, as required by Article 22(3) of the EU Securitisation Regulation; and

- (d) before pricing of the Notes, information on the Mortgage Receivables, as required by Article 7(1)(a) of the EU Securitisation Regulation.

Furthermore, the Seller has made available and will make available, as applicable:

- (a) the underwriting standards pursuant to which the Mortgage Loans are originated and any material changes to such underwriting standards pursuant to which the Mortgage Loans are originated to potential investors without undue delay, as required by Article 20(10) of the EU Securitisation Regulation; and
- (b) to potential investors before pricing, data on static and dynamic historical default and loss performance, such as delinquency and default data, for substantially similar mortgage loans and mortgage receivables to those being securitised, and the sources of those data and the basis for claiming similarity, which data cover a period of not shorter than five years, as required by Article 22(1) of the EU Securitisation Regulation (see also section 6.3 (*Origination and Servicing*)).

Without prejudice to the information to be made available by the Seller in accordance with Article 7 of the EU Securitisation Regulation, the Issuer Administrator shall, also on behalf of the Seller, include on a monthly basis in the Portfolio and Performance Report or, as the case may be, on a quarterly basis in the Notes and Cash Report, information on the Mortgage Receivables (as required by Article 7(1)(a) of the EU Securitisation Regulation) and all materially relevant data on the credit quality and performance of the Mortgage Loans and the Mortgage Receivables, information about events which trigger changes in any Priority of Payments or the replacement of counterparties of the Issuer, data on the cash flows generated by the Mortgage Receivables and by the liabilities of the Issuer under the Transaction Documents and information about the risk retained, including information on which of the modalities provided for in Article 6(3) of the EU Securitisation Regulation has been applied, in accordance with Article 6 of the EU Securitisation Regulation (each as required by Article 7(1)(e) of the EU Securitisation Regulation). Such investor reports are based on the templates adopted pursuant to Article 7 of the EU Securitisation Regulation. The Issuer, or the Issuer Administrator on its behalf, shall also make available prior to the Closing Date, loan-level information, which information will be updated within one month after each Notes Payment Date.

Each prospective investor is required to independently assess and determine the sufficiency of the information described above for the purposes of complying with Article 5 of the EU Securitisation Regulation and/or any applicable parts of the UK Securitisation Framework, as applicable, and none of the Issuer, the Security Trustee, the Seller, the Originator, the Arranger and/or the Manager makes any representation that the information described above is sufficient in all circumstances for such purposes. Notwithstanding PCS' verification of compliance of the securitisation transaction described in this Prospectus with Articles 19 to 22 of the EU Securitisation Regulation, such verification by PCS does not ensure the compliance of a securitisation with the general requirements of the EU Securitisation Regulation. A verification does not remove the obligation placed on investors to assess whether a securitisation labelled as 'STS' or 'simple, transparent and standardised' has actually satisfied the criteria. Investors must not solely or mechanistically rely on any STS notification or PCS' verification to this extent.

Seller's Policies and Procedures Regarding Credit Risk Mitigation

The Seller has internal policies and procedures in place in relation to the granting of Mortgage Loans and the administration of the portfolio of Mortgage Loans, which include:

- (a) criteria for the granting of the Mortgage Loans and the underwriting of the Mortgage Loans;
- (b) written policies and procedures in relation to the management of Mortgage Loans in arrears;
- (c) adequate diversification of the Seller's mortgage loan books, based on their target market and overall credit; and

- (d) systems to administer and monitor the Mortgage Loans and Mortgage Receivables.

Each prospective investor is required to independently assess and determine the sufficiency of the information described above and in this Prospectus generally for the purposes of complying with each of the EU Securitisation Regulation and the UK Securitisation Framework and none of the Seller, the Arranger, the Originator nor the Manager makes any representation that the information described above or in this Prospectus is sufficient in all circumstances for such purposes. In addition, each prospective investor should ensure that they comply with the implementing provisions in respect of the EU Securitisation Regulation in their relevant jurisdiction. Investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction, should seek guidance from their regulator.

For further information please refer to the risk factor entitled "*Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes*" in section 1 (*Risk factors*).

STS Statements

Pursuant to Article 18 of the EU Securitisation Regulation a number of requirements should be met if the Seller as originator and the Issuer as SSPE (each for the purpose of the EU Securitisation Regulation), wish to use the designation 'STS' or 'simple, transparent and standardised' for securitisation transactions initiated by them. The Seller will submit an STS notification to ESMA on or prior to the Closing Date in accordance with Article 27 of the EU Securitisation Regulation, pursuant to which compliance with the requirements of Articles 19 up to and including 22 of the EU Securitisation Regulation will be notified with the intention that the securitisation transaction described in this Prospectus is to be included in the list administered by ESMA within the meaning of Article 27 of the EU Securitisation Regulation. The STS notification, once notified to ESMA, will be available for download on the website of the STS Register of ESMA at https://registers.esma.europa.eu/publication/searchRegister?core=esma_registers_stsre.

The Seller uses the service of PCS, a third party authorised pursuant to Article 28 of the EU Securitisation Regulation, to verify whether the securitisation transaction described in this Prospectus complies with the requirements of Articles 19 to 22 of the EU Securitisation Regulation in order to qualify as an STS securitisation and the compliance with such requirements is expected to be verified by PCS on the Closing Date. However, neither the Seller nor the Issuer gives any explicit or implied representation or warranty as to: (i) inclusion in the list administered by ESMA within the meaning of Article 27 of the EU Securitisation Regulation; (ii) that the securitisation transaction described in this Prospectus does or continues to comply with the EU Securitisation Regulation; and (iii) that this securitisation transaction does or continues to be recognised or designated as 'STS' or 'simple, transparent and standardised' within the meaning of Article 18 of the EU Securitisation Regulation after the date of this Prospectus.

Without prejudice to the above, each of the Seller and the Issuer confirms the following to the extent relating to it, which confirmations are made on the basis of the information available with respect to the EU Securitisation Regulation and related regulations and interpretations (including, without limitation, the EBA STS Guidelines Non-ABCP Securitisations) and regulations and interpretations (including in draft form) at the time of this Prospectus (including, without limitation, the RTS Homogeneity), and are subject to any changes made therein after the date of this Prospectus:

- (a) for the purpose of compliance with Article 20(1) of the EU Securitisation Regulation, the Seller and the Issuer confirm that pursuant to the Mortgage Receivables Purchase Agreement the Issuer will purchase and accept from the Seller the assignment of the Mortgage Receivables by means of a registered Deed of Assignment and Pledge as a result of which legal title to the Mortgage Receivables is transferred to the Issuer and such purchase and assignment will be enforceable against the Seller and third parties of the Seller, subject to any applicable bankruptcy laws or similar laws affecting the rights of creditors and as a result thereof Article 20(5) of the EU Securitisation Regulation is not applicable. This is also confirmed by legal opinions of Simmons & Simmons LLP, being qualified external legal counsels with experience in the field of securitisations, which legal opinions have been made available to PCS, being the third party verification agent in respect of this securitisation transaction authorised pursuant to Article 28 of the EU Securitisation Regulation and to any relevant competent authority referred to in Article 29 of the EU Securitisation Regulation (see also section 7.1 (*Purchase, repurchase and sale*));

- (b) for the purpose of compliance with Article 20(2) in conjunction with Article 20(1) of the EU Securitisation Regulation, the Seller and the Issuer confirm that neither Belgian insolvency law, Dutch insolvency law, nor the Winding-up Directive contains severe clawback provisions as referred to in Article 20(2) of the EU Securitisation Regulation or re-characterisation provisions and, in addition, the Seller will represent on the Closing Date and, as applicable, on each Notes Payment Date on which Substitute Receivables and/or Further Advance Receivables will be purchased by the Issuer, to the Issuer in the Mortgage Receivables Purchase Agreement that: (a) its home member state is Belgium; and (b) it has not entered into liquidation (*vereffening/liquidation*), is not in a situation of cessation of payments (*staking van betaling/cessation de paiement*), has not been declared bankrupt (*faillissement/faillite*) and no reorganisation measures (*saneringsmaatregelen* as defined in the Belgian Banking Act) have been adopted in respect of it (see also section 3.4 (*Seller*));
- (c) the Seller is the original lender of the Mortgage Receivables and consequently Article 20(4) of the EU Securitisation Regulation is not applicable;
- (d) for the purpose of compliance with the relevant requirements, among other provisions, set forth in Articles 20(6), 20(7), 20(8), 20(9), 20(10), 20(11) and 20(12) of the EU Securitisation Regulation, only Mortgage Receivables resulting from Mortgage Loans which satisfy the Mortgage Loan Criteria and, if applicable, the Additional Purchase Conditions and the representations and warranties made by the Seller in the Mortgage Receivables Purchase Agreement and as set out in section 7.2 (*Representations and warranties*) will be purchased by the Issuer (see also section 7.1 (*Purchase, repurchase and sale*), section 7.2 (*Representations and warranties*), section 7.3 (*Mortgage Loan Criteria*) and section 7.4 (*Portfolio Conditions*));
- (e) the representations and warranties, the Mortgage Loan Criteria, the Additional Purchase Conditions and the Transaction Documents (including the provisions relating to the repurchase of Mortgage Receivables) do not allow for active portfolio management of the Mortgage Receivables on a discretionary basis within the meaning of Article 20(7) of the EU Securitisation Regulation (see also section 7.1 (*Purchase, Repurchase and Sale*)) and any Further Advance Receivables and Substitute Receivables transferred to the Issuer after the Closing Date shall meet the representations and warranties, including the Mortgage Loan Criteria;
- (f) the Mortgage Receivables are homogeneous in terms of asset type, taking into account the cash flows and the contractual, credit risk and prepayment characteristics of the Mortgage Receivables and have defined periodic payment streams within the meaning of Article 20(8) of the EU Securitisation Regulation and the regulatory technical standards as contained in Article 1(a), (b), (c) and (d) of the RTS Homogeneity (see also the paragraph below and the section 6.1 (*Stratification Tables*)). The Mortgage Loans from which the Mortgage Receivables result: (i) have been underwritten according to similar underwriting standards which apply similar approaches to the assessment of credit risk associated with the Mortgage Loans and without prejudice to Article 9(1) of the EU Securitisation Regulation; (ii) are serviced according to similar servicing procedures with respect to monitoring, collection and administration of Mortgage Receivables from the Mortgage Loans; (iii) fall within the same asset category of residential loans secured with one or several mortgages on residential immovable property; and (iv), in accordance with the homogeneity factors set forth in Article 20(8) of the EU Securitisation Regulation and Article 3(2)(a), (b) and (c) of the RTS Homogeneity: (a) are secured by a first ranking Mortgage or, in the case of Mortgage Loans (including, as the case may be, any Further Advance and/or Substitute Receivable) secured on the same Mortgaged Asset, first and sequentially ranking Mortgage over: (i) real estate (*onroerende zaak*); (ii) an apartment right (*appartementsrecht*); or (iii) a long lease (*erfpacht*), in each case situated in the Netherlands; and (b) as far as the Seller is aware, having made all reasonable inquiries none of the Mortgaged Assets is the subject of residential letting and is occupied by the Borrower at the moment of (or shortly after) origination and such residential letting is not permitted under the relevant Mortgage Conditions. The criteria set out in (i) up to and including (iii) are derived from Article 20(8) of the EU Securitisation Regulation and the RTS Homogeneity;
- (g) the Mortgage Loans are serviced according to similar servicing procedures with respect to monitoring, collection and administration as other mortgage receivables of the Seller not transferred to the Issuer (see also section 6.3 (*Origination and Servicing*));

- (h) the Mortgage Receivables have been selected by the Seller from a larger pool by applying the Mortgage Loan Criteria and Additional Purchase Conditions and selecting all eligible loans;
- (i) for the purpose of compliance with Article 20(10) of the EU Securitisation Regulation, the Seller has the required expertise in originating residential mortgage loans which are of a similar nature as the Mortgage Loans (taking the EBA STS Guidelines Non-ABCP Securitisations into account), as the Seller is a duly licensed Belgian credit institution, its licence having been passported to the Netherlands and is under the supervision of the ECB (acting in cooperation with the National Bank of Belgium) for prudential matters and the Belgian Financial Services and Markets Authority with regard to conduct of business rules and financial market supervision and the AFM with regard to conduct of business rules in respect of Mortgage Loans originated by its Dutch Branch and has a minimum of five (5) years' experience in originating mortgage loans similar to the Mortgage Loans;
- (j) for the purpose of compliance with Article 20(11) of the EU Securitisation Regulation, the Mortgage Receivables that will be assigned to the Issuer on the Closing Date have been selected on the initial Cut-Off Date and include Further Advance Receivables and Substitute Mortgage Receivables and such assignment therefore occurs in the Seller's view without undue delay (see also section 6.1 (*Stratification tables*) and section 7.1 (*Purchase, Repurchase and Sale*)).
- (k) for the purpose of compliance with Article 20(13) of the EU Securitisation Regulation and the EBA STS Guidelines Non-ABCP Securitisations, the repayments to be made to the Noteholders have not been structured to depend predominantly on the sale of the Mortgaged Assets securing the Mortgage Loans (see also section 6.2 (*Description of Mortgage Loans*));
- (l) for the purpose of compliance with Article 21(2) of the EU Securitisation Regulation, the interest rate risks are appropriately mitigated, as the Interest Rate Cap Agreement is entered into to reduce (up to the termination date under the Interest Rate Cap Agreement) the potential interest rate mismatch between the interest payable by Borrowers on the Mortgage Receivables, which is calculated on the basis of a variety of different rates and is set on a number of different interest fixing dates, and interest payable on the Class A Notes which is calculated on the basis of three-month EURIBOR (or, if applicable, any successor Replacement Reference Rate applicable following a Benchmark Event) plus a specified margin (see section 5.4 (*Hedging*)). In addition, Class A Noteholders can also derive comfort to a certain extent from several liquidity features, including excess spread (if any), the Reserve Fund, drawings under the Cash Advance Facility Agreement and Available Principal Funds, to the extent available after payment or higher ranking items in the relevant Priorities of Payment. No currency risk applies to the securitisation transaction. Other than the Interest Rate Cap Agreement, no derivative contracts are entered into by the Issuer and no derivative contracts are included in the pool of underlying exposures;
- (m) for the purpose of compliance with Article 21(3) of the EU Securitisation Regulation and the EBA STS Guidelines Non-ABCP Securitisations, the Mortgage Receivables result from Mortgage Loans having either a fixed rate of interest or a floating rate of interest (i.e. a rate of interest which may be reset every three (3) months) with reference to EURIBOR or to a rate which is based on the cost of funds and therefore any referenced interest payments under the Mortgage Loans are based on generally used market interest rates, or generally used sectoral rates reflective of the cost of funds, and do not reference complex formulae or derivatives (see also section 6.3 (*Origination and servicing*));
- (n) for the purpose of compliance with Article 21(4) of the EU Securitisation Regulation, after the delivery of an Enforcement Notice, no amount of cash is trapped in the Issuer in accordance with the Transaction Documents and the Notes will amortise sequentially (see also section 5 (*Credit Structure*) and in particular section 5.2 (*Priorities of Payments*) and no automatic liquidation for market value of the Mortgage Receivables is required under the Transaction Documents (see also Conditions 10 (*Event of Default*) and 11 (*Enforcement*) and section 7.1 (*Purchase, Repurchase and Sale*));
- (o) the securitisation transaction described in this Prospectus is not in scope of Article 21(6) of the EU Securitisation Regulation (see also sections 1.7 (*Portfolio Documentation*) and 7.1 (*Purchase, Repurchase and Sale*));

- (p) for the purpose of compliance with Article 21(7) of the EU Securitisation Regulation, the contractual obligations, duties and responsibilities of the Servicer are set forth in the Servicing Agreement (including the processes and responsibilities to ensure that a substitute servicer is appointed upon the occurrence of a termination event under the Servicing Agreement), a summary of which is included in section 7.5 (*Servicing Agreement*), the contractual obligations, duties and responsibilities of the Issuer Administrator are set forth in the Servicing Agreement, a summary of which is included in section 5.7 (*Administration Agreement*), the contractual obligations, duties and responsibilities of the Security Trustee are set forth in the Trust Agreement, a summary of which is included in section 3.3 (*Security Trustee*) and section 4.1 (*Terms and Conditions*), the provisions that ensure the replacement of the Interest Rate Cap Provider upon the occurrence of certain events are set forth in the Interest Rate Cap Agreement (see also section 5.4 (*Hedging*)), the provisions that ensure the replacement of the Issuer Account Bank upon the occurrence of certain events are set forth in the Issuer Account Agreement (see also section 5.6 (*Issuer Accounts*)), the provisions that ensure the replacement of the Cash Advance Facility Provider upon the occurrence of certain events are set forth in the Cash Advance Facility Agreement (see also section 5.5 (*Liquidity Support*)) and the relevant rating triggers for potential replacements are set forth in the definition of Requisite Credit Rating;
- (q) for the purpose of compliance with Article 21(8) of the EU Securitisation Regulation, the Servicer has the appropriate expertise in servicing the Mortgage Receivables (taking the EBA STS Guidelines Non-ABCP Securitisations into account) as it is a duly licensed Belgian credit institution, its licence having been passported to the Netherlands and is under the supervision of the ECB (acting in cooperation with the National Bank of Belgium) for prudential matters and the Belgian Financial Services and Markets Authority with regard to conduct of business rules and financial market supervision and the AFM with regard to conduct of business rules in respect of Mortgage Loans originated by its Dutch Branch and has a minimum of five (5) years' experience in servicing mortgage loans and it has well documented and adequate policies, procedures and risk-management controls relating to the servicing of the Mortgage Loans in place (see also section 3.5 (*Servicer*) and section 6.3 (*Origination and Servicing*));
- (r) for the purpose of compliance with Article 21(9) of the EU Securitisation Regulation: (i) remedies and actions relating to delinquency and default of debtors, debt restructuring, debt forgiveness, forbearance, payment holidays, losses, charge offs, recoveries and other asset performance remedies are set out in the Servicer's administration manual by reference to which the Mortgage Loans, the Mortgage Receivables, the Mortgages and other security relating thereto, including, without limitation, the enforcement procedures will be administered and such administration manual is incorporated by reference in the Servicing Agreement (see also section 6.3 (*Arrears and Defaults Procedures*)). Furthermore, with a view to compliance with Article 21(9) of the EU Securitisation Regulation, the Trust Agreement clearly specifies the Priorities of Payments; (ii) the delivery of an Enforcement Notice, which event triggers changes to the Priorities of Payments, will be reported in accordance with Condition 10 (*Events of Default*); and (iii) any change in the Priorities of Payments which will have a material adverse effect on the repayment of the Notes shall be reported to investors without undue delay in accordance with Article 21(9) of the EU Securitisation Regulation (see also Condition 14 (*Meetings of Noteholders; Modification; Consents; Waiver*));
- (s) for the purpose of compliance with Article 21(10) of the EU Securitisation Regulation, the Trust Agreement contains clear provisions for convening meetings of Noteholders that facilitate the timely resolution of conflicts between Noteholders of different Classes of Notes, clearly defined voting rights of the Noteholders and clearly identified responsibilities of the Security Trustee in this respect (see also Condition 14 (*Meetings of Noteholders; Modification; Consents; Waiver*));
- (t) for the purpose of compliance with Article 22(2) of the EU Securitisation Regulation a representative portfolio of Mortgage Receivables which the Seller may potentially offer for sale to the Issuer on the Signing Date, has been subject to an agreed upon procedures review on a sample of Mortgage Receivables selected from such representative portfolio conducted by an appropriate and independent party and completed on 20 May 2025 with respect to such portfolio in existence as at 31 March 2025. The agreed-upon procedure reviews included the review of certain of the mortgage loan criteria and a sample of randomly selected loans from the portfolio to check loan characteristics, which included, but are not limited to, the current loan amount, origination date, maturity date, original loan amount, amortisation type, payment frequency, interest rate type, interest reset date, interest rate/margin, borrower income, property value and valuation date. For

the review of the Mortgage Loans a confidence level of at least 99% was applied. In the review, there have been no significant adverse findings. Above mentioned an appropriate and independent party has also performed agreed upon procedures in order to verify that the data included in the stratification tables disclosed in respect of the Mortgage Receivables is accurate, in accordance with Article 22(2) of the EU Securitisation Regulation;

- (u) for the purpose of compliance with Article 22(4) of the EU Securitisation Regulation, the Seller does not currently have and might not in the future have sufficient, reliable information on the environmental performance of all of the Mortgaged Assets captured in its internal database and IT systems to report on such environmental performance, however it will report on the environmental performance to the extent it has such information available;
- (v) for the purpose of compliance with Article 22(5) of the EU Securitisation Regulation, the Seller is responsible for compliance with Article 7; and
- (w) for confirming compliance with Articles 7, 20(10), 22(1) and 22(3) of the EU Securitisation Regulation, the Seller confirms that it, or the Issuer Administrator or another party on its behalf, has made available and/or will make available, as applicable, the information as set out and in the manner described in the paragraphs under the header *Disclosure Requirements* of this section 4.4 (*Regulatory and Industry Compliance*) (see also section 8 (*General*)).

The designation of the securitisation transaction described in this Prospectus as an STS securitisation is not a recommendation to buy, sell or hold securities. It is not investment advice whether generally or as defined under MiFID II and it is not a credit rating whether generally or as defined under the CRA Regulation or Section 3(a) of the United States Securities Exchange Act of 1934 (as amended by the Credit Agency Reform Act of 2006).

By designating the securitisation transaction described in this Prospectus as an STS securitisation, no views are expressed about the creditworthiness of the Notes or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for the Notes. No assurance can be provided that the securitisation position described in this Prospectus qualifies at the date of this Prospectus or will continue to qualify as an STS securitisation under the EU Securitisation Regulation or under the UK Securitisation Framework at the Closing Date or at any point in the future.

Dutch Securitisation Standard

This Prospectus follows the template table of contents and the template glossary of defined terms (save as otherwise indicated in this Prospectus), each as published by the Dutch Securitisation Association on its website www.dutchsecuritisation.nl (the information on this website does not form part of the Prospectus and has not been scrutinised approved by the CSSF in accordance with Article 10 of Delegated Regulation (EU) 2019/979)). As a result, the Notes comply with the standard created for residential mortgage-backed securities by the Dutch Securitisation Association.

CRR Assessment, LCR Assessment and STS Verification

An application has been made to the Third Party Verification Agent for the securitisation transaction described in this Prospectus to receive a report from the Third Party Verification Agent verifying compliance with the criteria stemming from article 18, 19, 20, 21 and 22 of the EU Securitisation Regulation (the "**STS Verification**"). There can be no assurance that the securitisation transaction described in this Prospectus will receive the STS Verification (either before issuance or at any time thereafter) and if the securitisation transaction described in this Prospectus does receive the STS Verification, this shall not, under any circumstances, affect the liability of the Seller and the Issuer in respect of their legal obligations under the EU Securitisation Regulation, nor shall it affect the obligations imposed on institutional investors as set out in Article 5 of the EU Securitisation Regulation or, as applicable, the UK Due Diligence Rules.

In addition, an application has been made to the Third Party Verification Agent to assess compliance of the Notes with the certain LCR criteria set forth in the CRR regarding STS securitisations and the STS requirements set out in

the CRR (the "**LCR Assessment**" and the "**CRR STS Assessment**", respectively). There can be no assurance that the Notes will receive the LCR Assessment and/or a CRR STS Assessment either before issuance or at any time thereafter and that the CRR Amendment Regulation is complied with.

The STS Verification, the LCR Assessment and the CRR STS Assessment (the "**PCS Services**") are provided by Prime Collateralised Securities (PCS) EU SAS as the Third Party Verification Agent. No PCS Service is a recommendation to buy, sell or hold securities. None are investment advice whether generally or as defined under MiFID II and none are a credit rating whether generally or as defined under the Credit Rating Agency Regulation (1060/2009/EC) or Section 3(a) of the United States Securities Exchange Act of 1934 (as amended). The Third Party Verification Agent is not an "expert" as defined in the Securities Act.

The Third Party Verification Agent is not a law firm and nothing in any PCS Service constitutes legal advice in any jurisdiction. PCS is authorised by the French Autorité des Marchés Financiers, pursuant to Article 28 of the EU Securitisation Regulation, to act as a third party verifying STS compliance. This authorisation covers STS Verifications in the European Union. Other than as specifically set out above, none of the activities involved in providing the PCS Services are endorsed or regulated by any regulatory and/or supervisory authority nor is PCS regulated by any other regulator including the CSSF or the European Securities and Markets Authority.

By providing any PCS Service in respect of any securities the Third Party Verification Agent does not express any views about the creditworthiness of these securities or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities or financings. Investors should conduct their own research regarding the nature of the LCR Assessment, the CRR STS Assessment and STS Verification and must read the information set out in <http://pcsmarket.org> in accordance with Article 10 of the Delegated Regulation (EU) 2019/979). In the provision of any PCS Service, the Third Party Verification Agent has based its decision on information provided directly and indirectly by the Seller. The Third Party Verification Agent does not undertake its own direct verification of the underlying facts stated in the prospectus, deal sheet, documentation or certificates for the relevant instruments and the completion of any PCS Service is not a confirmation or implication that the information provided by or on behalf of the Seller as part of the relevant PCS Service is accurate or complete.

In completing an STS Verification, the Third Party Verification Agent bases its analysis on the STS criteria appearing in Articles 20 to 26 of the EU Securitisation Regulation together with, if relevant, the appropriate provisions of Article 43 of the EU Securitisation Regulation, (together, the "**STS criteria**"). Unless specifically mentioned in the STS Verification, the Third Party Verification Agent relies on the English language version of the EU Securitisation Regulation. In addition, Article 19(2) of the EU Securitisation Regulation requires the European Banking Authorities, from time to time, to issue guidelines and recommendations interpreting the STS criteria. The EBA has issued the EBA Guidelines on the STS criteria for non-ABCP securitisation. The task of interpreting individual STS criteria rests with national competent authorities ("**NCA**s"). Any NCA may publish or otherwise publicly disseminate from time to time interpretations of specific criteria ("**NCA Interpretations**"). The STS criteria, as drafted in the EU Securitisation Regulation, are subject to a potentially wide variety of interpretations. In compiling an STS Verification, the Third Party Verification Agent uses its discretion to interpret the STS criteria based on (a) the text of the EU Securitisation Regulation, (b) any relevant guidelines issued by EBA and (c) any relevant NCA Interpretation. There can be no guarantees that any regulatory authority or any court of law interpreting the STS criteria will agree with the interpretation of the Third Party Verification Agent. There can be no guarantees that any future guidelines issued by EBA or NCA Interpretations may not differ in their approach from those used by the Third Party Verification Agent in interpreting any STS criterion prior to the issuance of such new guideline or interpretation. In particular, guidelines issued by EBA are not binding on any NCA. There can be no guarantees that any interpretation by any NCA will be the same as that set out in the EBA Guidelines and therefore used, prior to the publication of such NCA interpretation, by the Third Party Verification Agent in completing an STS Verification. Although the Third Party Verification Agent will use all reasonable endeavours to ascertain the position of any relevant NCA as to STS criteria interpretation, the Third Party Verification Agent cannot guarantee that it will have been made aware of any NCA interpretation in cases where such interpretation has not been officially published by the relevant NCA. Accordingly, the provision of an STS Verification is only an opinion by the Third Party Verification Agent and not a statement of fact. It is not a guarantee or warranty that any national competent authority, court, investor or any other person will accept the STS status of the relevant securitisation.

The task of interpreting individual CRR criteria, liquidity cover ratio (LCR) criteria as well as the final determination of the capital required by a bank to allocate for any investment or the type of assets it may put in its LCR pool rests with prudential authorities ("**PRAs**") supervising any European bank. The LCR/CRR criteria, as drafted in the CRR, are subject to a potentially wide variety of interpretations. In compiling an LCR Assessment and CRR STS Assessment, the Third Party Verification Agent uses its discretion to interpret the LCR/CRR criteria based on the text of the CRR, and any relevant and public interpretation by the European Banking Authority. Although the Third Party Verification Agent believes its interpretations reflect a reasonable approach, there can be no guarantees that any prudential authority or any court of law interpreting the LCR/CRR criteria will agree with the Third Party Verification Agent's interpretation. The Third Party Verification Agent also draws attention to the fact that, in assessing capital requirements and the composition of any bank's LCR pool, prudential regulators possess wide discretions.

Accordingly, when performing an LCR Assessment or a CRR STS Assessment, the Third Party Verification Agent is not confirming or indicating that the securitisation the subject of such assessment will be allowed to have lower capital allocated to it under the CRR or that it will be eligible to be part of any bank's LCR pool. The Third Party Verification Agent is merely addressing the specific LCR/CRR criteria and determining whether, in the Third Party Verification Agent's opinion, these criteria have been met.

Therefore, no bank should rely on an LCR Assessment or a CRR STS Assessment in determining the status of any securitisation in relation to capital requirements or liquidity cover ratio pools and must make its own determination. All PCS Services speak only as of the date on which they are issued. The Third Party Verification Agent has no obligation to monitor (nor any intention to monitor) any securitisation the subject of any PCS Service. The Third Party Verification Agent has no obligation and does not undertake to update any PCS Service to account for (a) any change of law or regulatory interpretation or (b) any act or failure to act by any person relating to those STS criteria that speak to actions taking place following the close of any transaction such as – without limitation – the obligation to continue to provide certain mandated information.

Volcker Rule

The Notes offered hereby have not been and will not be registered under the Securities Act or any state securities laws, nor has the Issuer been registered under the U.S. Investment Company Act of 1940, as amended (the "**Investment Company Act**"). The Issuer is being structured so as not to constitute a "covered fund" for purposes of regulations adopted under Section 13 of the U.S. Bank Holding Company Act of 1956, as amended (commonly known as the "**Volcker Rule**"). The Issuer is of the view that it is not now and immediately following the issuance of the Notes and the application of the proceeds thereof it will not be, a "covered fund" as defined in the regulations adopted under the Volcker Rule. In reaching this conclusion, although other statutory or regulatory exemptions under the Investment Company Act and under the Volcker Rule and its related regulations may be available, this conclusion is based on the determination that the Issuer may rely on the "loan securitisation exclusion" to be excluded from the definition of "covered fund" under the Volcker Rule. Any prospective investor in the Notes, including a bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding the Volcker Rule and its effects.

CRA Regulation

Prospective investors are responsible for ensuring that an investment in the Notes is compliant with all applicable investment guidelines and requirements and, in particular, any requirements relating to credit ratings.

In general, European Union regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies (as amended) (the "**CRA Regulation**").

ESMA is obliged to maintain on its website, <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>, a list of credit rating agencies registered and certified in accordance with the CRA Regulation. This list must be updated within five (5) working days of ESMA's adoption of any decisions to withdraw the registration of a credit rating agency under the CRA Regulation. Therefore, such list is not conclusive evidence of the status of the relevant rating agency as there may be delays between certain supervisory measures being taken against a relevant rating agency

and the publication of the updated ESMA list. The credit ratings in respect of the Class A Notes, if obtained on the Closing Date, are expected to be issued by, respectively, Morningstar DBRS and Fitch. Each of the Credit Rating Agencies is established in the European Union and is registered under the CRA Regulation. As such, each of the Credit Rating Agencies is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation.

Prospective investors should note the provisions of Regulation 462/2013 (European Union) which amended the CRA Regulation (together with the CRA Regulation, "**CRA3**") and became effective on 20 June 2013. CRA3 requires, among other things, issuers or related third parties intending to solicit a credit rating of a structured finance instrument to appoint at least two credit rating agencies to provide credit ratings independently of each other. In addition, it is suggested that parties to a structured finance transaction consider appointing at least one smaller credit rating agency (being a credit rating agency with no more than a ten (10) per cent. market share), so long as such credit rating agency could be evaluated by the relevant issuer or related third party as capable of rating the issuance.

In accordance with the EUWA, at the end of the Implementation Period, the FCA became the regulator of credit rating agencies registered and certified in the United Kingdom and any credit rating agency which issues credit ratings in the United Kingdom after such time are required to be registered with the FCA. With effect from 31 December 2020, CRA3 was onshored into UK law pursuant to the Credit Rating Agencies (Amendment etc.) (EU Exit) Regulations 2019, SI 2019/266 ("**CRAR**"). Among other things, CRAR introduced a registration regime pursuant to which entities registered as a credit rating agency under the CRA Regulation and operating in the UK could convert their previous ESMA registration or certification into an FCA registration or certification to enable them to issue or endorse credit ratings for regulatory purposes in the UK. Otherwise, any UK-based credit rating agency must apply for a new registration or certification in the UK.

Investors regulated in the United Kingdom are subject to similar restrictions under the CRAR as are applicable to European regulated investors under the EU CRA Regulation. As such, in general, United Kingdom regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the United Kingdom and registered under the CRAR. However, in the case of ratings issued by third country non-United Kingdom credit rating agencies, these ratings can either be: (a) endorsed by a United Kingdom registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the CRAR. Note this is subject, in each case, to (a) the relevant United Kingdom registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances. In the case of third country ratings, for a certain limited period of time, transitional relief accommodates continued use for regulatory purposes in the United Kingdom, of existing pre-2021 ratings, provided the relevant conditions are satisfied.

The credit ratings in respect of the Class A Notes specified in this Prospectus, if obtained on the Closing Date, are expected to be issued by, respectively, Morningstar DBRS and Fitch, each of which is established in the European Union and included on the list of registered and certified credit rating agencies that is maintained by ESMA pursuant to the CRA Regulation. In the UK, pursuant to the CRAR, such credit ratings (if issued) are expected to be endorsed by DBRS Ratings Limited or Fitch Ratings Limited, as applicable, each being a credit rating agency established in the UK and registered by the FCA pursuant to the CRAR (as evidenced by their respective entries appearing on the FCA's Financial Services Register at <https://register.fca.org.uk/s/>).

If the status of the rating agency rating the Class A Notes changes for the purposes of the CRA Regulation or the CRAR, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the United Kingdom, as applicable, and the Class A Notes may have a different regulatory treatment, which may impact the value of the Class A Notes and their liquidity in the secondary market. Certain information with respect to the Credit Rating Agencies and ratings of the Class A Notes is set out on the cover of this Prospectus.

4.5. Use of Proceeds

The gross aggregate proceeds of the Notes to be issued on the Closing Date amount to euro 805,900,000.00.

On the Closing Date, the net proceeds of the issuance of the Mortgage-Backed Notes will be applied to pay to the Seller the Initial Purchase Price for the Mortgage Receivables purchased under the Mortgage Receivables Purchase Agreement.

The net proceeds of the Class C Notes will be credited to the Reserve Account.

An amount of euro 2,744,892.21 of the Initial Purchase Price will be withheld by the Issuer and deposited in the Construction Deposit Account.

The proceeds of the Subordinated Loan, in the amount of euro 39,000,000 will be used by the Issuer to pay certain initial costs and expenses in connection with the issuance of the Notes, including but not limited to the Initial Interest Rate Cap Payment to be paid on the Closing Date.

4.6. Taxation in the Netherlands

General

The following is a general summary of certain material Dutch tax consequences of the acquisition, holding and disposal of the Notes. This summary does not purport to describe all possible tax considerations or consequences that may be relevant to a holder or prospective holder of Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as trusts or similar arrangements) may be subject to special rules. In view of its general nature, it should be treated with corresponding caution. Holders or prospective holders of Notes should consult their own tax advisors regarding the Dutch tax consequences relating to the acquisition, holding and disposal of the Notes in light of their particular circumstances.

This summary is based on the tax laws of the Netherlands, published regulations thereunder and published authoritative case law, all as in effect on the date of this Prospectus, and all of which are subject to change, possibly with retroactive effect. Where the summary refers to "the Netherlands" or "Dutch" it refers only to the part of the Kingdom of the Netherlands located in Europe.

Where this summary refers to a holder of Notes, an individual holding Notes or an entity holding Notes, such reference is restricted to an individual or entity holding legal title to as well as an economic interest in such Notes or otherwise being regarded as owning Notes for Dutch tax purposes. It is noted that for purposes of Dutch income, corporate, gift and inheritance tax, assets legally owned by a third party such as a trustee, foundation or similar entity, may be treated as assets owned by the (deemed) settlor, grantor or similar originator or the beneficiaries in proportion to their interest in such arrangement.

The following Dutch tax treatment will apply to the Notes provided that in each and every respect the terms and conditions of each of the documents, the performance by the parties thereto of their respective obligations and the exercise of their rights thereunder and the transactions contemplated therein, including, without limitation all payments made thereunder, are at arm's length.

Please note that with the exception of the section on withholding tax below, the summary does not describe the Dutch tax consequences for:

- (a) holders of Notes if such holders, and in the case of individuals, such holder's partner or certain of its relatives by blood or marriage in the direct line (including foster children), have a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer under the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*). Generally speaking, a holder of securities in a company is considered to hold a substantial interest in such company, if such holder alone or, in the case of individuals, together with such holder's partner (as defined in the Dutch Income Tax Act), directly or indirectly, holds (i) an interest of 5 per cent. or more of the total issued and outstanding capital of that company or of 5 per cent. or more of the issued and outstanding capital of a certain class of shares of that company; or (ii) rights to acquire, directly or indirectly, such interest; or (iii) certain profit-sharing rights in that company that relate to 5 per cent. or more of the company's annual profits or to 5 per cent. or more of the company's liquidation

proceeds. A deemed substantial interest may arise if a substantial interest (or part thereof) in a company has been disposed of, or is deemed to have been disposed of, on a non-recognition basis;

- (b) pension funds, investment institutions (*fiscale beleggingsinstellingen*), exempt investment institutions (*vrijgestelde beleggingsinstellingen*) (as defined in the Dutch Corporate Income Tax Act 1969; *Wet op de vennootschapsbelasting 1969*)) and other entities that are, in whole or in part, not subject to or exempt from Dutch corporate income tax;
- (c) holders of Notes who are individuals for whom the Notes or any benefit derived from the Notes are a remuneration or deemed to be a remuneration for activities performed by such holders or certain individuals related to such holder (as defined in the Dutch Income Tax Act 2001); and
- (d) entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba and the Notes are attributable to such permanent establishment or permanent representative.

The summary also does not describe any Dutch tax considerations or consequences arising from the Dutch Minimum Tax Act 2024 (*Wet minimumbelasting 2024*; the Dutch implementation of Directive (EU) 2022/2523 of 14 December 2022 on ensuring a global minimum level of taxation for multinational enterprise groups and large-scale domestic groups in the European Union). In general terms, such Dutch tax considerations or consequences may arise for a Noteholder that is part of a multinational enterprise group which has at least one Dutch resident constituent entity (including permanent establishments situated in the Netherlands) or a large-scale domestic group, all within the meaning of the Dutch Minimum Tax Act 2024, provided that such a group has an annual revenue of at least EUR 750,000,000 in its (consolidated) financial statements in at least two of the four reporting years immediately preceding the relevant (reporting) year. If a Noteholder is part of such a multinational enterprise group or a large-scale domestic group, any benefits derived or deemed to be derived from the Notes, including any capital gains realised on any transfer of the Notes, may be subject to a (top-up) tax of up to 15 per cent. in the Netherlands.

Withholding tax

All payments of interest and principal made by the Issuer under the Notes may be made free of withholding or deduction of, for or on account of any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, except in certain very specific situations described below.

Dutch withholding tax at a rate of 25.8 per cent (rate for 2025) may apply on certain (deemed) payments of interest due and payable made to an affiliated (*gelieerde*) entity of the Issuer if such entity (i) is considered to be resident (*gevestigd*) in a jurisdiction that is listed in the yearly updated Dutch Regulation on low-taxing states and non-cooperative jurisdictions for tax purposes (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoeleinden*), or (ii) has a permanent establishment located in such jurisdiction to which the interest is attributable, or (iii) is entitled to the interest payable for the main purpose or one of the main purposes to avoid taxation for another person, or (iv) is not considered to be the recipient of the interest in its jurisdiction of residence because such jurisdiction treats another (lower-tier) entity as the recipient of the interest (hybrid mismatch), or (v) is not treated as resident anywhere (also a hybrid mismatch), or (vi) is a reverse hybrid whereby the jurisdiction of residence of a higher-tier beneficial owner (*achterliggende gerechtigde*) that has a qualifying interest (*kwalificerend belang*) in the reverse hybrid treats the reverse hybrid as tax transparent and that higher-tier beneficial owner would have been taxable based on one (or more) of the circumstances set out under (i) up to and including (v) above had the interest been due to that higher-tier beneficial owner directly, all within the meaning of the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*). Provided that no (deemed) payments of interest are made by the Issuer under the Notes to an entity affiliated to the Issuer under one (or more) of the circumstances as set out under (i) up to and including (vi) above, (deemed) payments of interest made by the Issuer under the Notes shall not become subject to withholding tax on the basis of the Dutch Withholding Tax Act 2021.

Taxes on income and capital gains

Dutch Resident Entities

Generally speaking, if the holder of Notes is an entity that is a resident or deemed to be resident of the Netherlands for Dutch corporate income tax purposes (a "**Dutch Resident Entity**"), any payment under the Notes or any gain or loss realised on the disposal or deemed disposal of the Notes is subject to Dutch corporate income tax at a rate of 19 per cent. with respect to taxable profits up to EUR 200,000 and 25.8 per cent. with respect to taxable profits in excess of that amount (tax rates and brackets as applicable for 2025).

Dutch Resident Individuals

If a holder of Notes is an individual, resident or deemed to be resident of the Netherlands for Dutch income tax purposes (a "**Dutch Resident Individual**"), any payment under the Notes or any gain or loss realised on the disposal or deemed disposal of the Notes is taxable at the progressive income tax rates up to 49.50 per cent. (tax rate as applicable for 2025), if:

- (a) the Notes are attributable to an enterprise from which the holder of Notes derives a share of the profit, whether as an entrepreneur (*ondernemer*) or as a person who has a co-entitlement to the net worth (*medegerechtigd tot het vermogen*) of such enterprise without being a shareholder (as defined in the Dutch Income Tax Act 2001); or
- (b) the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) as defined in the Income Tax Act 2001, including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*) or benefits which are derived from the holding, whether directly or indirectly, of (a combination of) shares, debt claims or other rights which form a "lucrative interest" (*lucratief belang*) (as defined in the Dutch Income Tax Act 2001).

If neither condition (i) nor (ii) applies, an individual holding Notes will generally be subject to Dutch income tax under the regime for savings and investments (*inkomen uit sparen en beleggen*) on the basis of a deemed return, unless the amount of the actual income and (un)realised capital gains derived from the Notes is lower than the deemed return.

For the fiscal year 2025, separate deemed return percentages for savings, debts and investments apply of up to 5.88 per cent. for the category investments as at the beginning of the relevant fiscal year (including the Notes). The applicable percentages will be updated annually on the basis of historic market yields and may have retroactive effect up to the beginning of the fiscal year 2025. Subject to certain anti-abuse provisions, the product of an amount equal to (a) the total deemed return divided by the sum of savings, debts and investments and (b) the sum of savings, debts and investments minus a tax-free allowance, forms the individual's total income from savings and investments for 2025 (including the Notes).

On 6 June 2024, the Dutch Supreme Court ruled that savings and investments, including investments such as the Notes, should be taxed on the basis of the actual return derived therefrom if such actual return is lower than the deemed return calculated on the basis of the aforementioned deemed return percentages for savings, debts and investments. In the ruling, the Dutch Supreme Court gives detailed rules for calculating the actual return. If the taxpayer substantiates that the actual return determined in accordance with the rules as set out by the Dutch Supreme Court is lower than the deemed return, only the actual return should be taxed under the regime for savings and investments. As of the date of this Prospectus, no legislative changes have been proposed by the Dutch legislator in response to the 6 June 2024 rulings.

The deemed or actual return on savings and investments is taxed at a rate of 36 per cent.

Non-residents of the Netherlands

A holder of Notes that is neither a Dutch Resident Entity nor a Dutch Resident Individual will not be subject to Dutch taxes on income or capital gains in respect of any payment under the Notes or in respect of any gain or loss realised on the disposal or deemed disposal of the Notes, provided that:

- (a) such holder does not have an interest (other than by way of the holding of securities) in an enterprise or deemed enterprise (as defined in the Dutch Income Tax Act and the Dutch Corporate Income Tax Act) which,

in whole or in part, is either effectively managed in the Netherlands or carried on through a permanent establishment (*vaste inrichting*), a deemed permanent establishment (*fictieve vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) taxable in the Netherlands and to which enterprise or part of an enterprise the Notes are attributable; and

- (b) in the event the holder is an individual, the income or capital gain does not qualify as income from miscellaneous activities in the Netherlands as defined in the Dutch Income Tax Act 2001, including, without limitation, activities that exceed normal, active asset management.

Gift and inheritance taxes

Residents of the Netherlands

Dutch gift or inheritance taxes will arise in the Netherlands with respect to a transfer of the Notes by way of a gift by, or on the death of, a holder of such Notes who is resident or deemed to be resident of the Netherlands at the time of the gift or such holder's death.

Non-residents of the Netherlands

No Dutch gift or inheritance taxes will arise on the transfer of Notes by way of gift by, or on the death of, a holder of Notes who is neither resident nor deemed to be resident of the Netherlands, unless:

- (a) in the case of a gift of a Note by an individual who at the date of the gift was neither resident nor deemed to be resident of the Netherlands, such individual dies within 180 days after the date of the gift, while being resident or deemed to be resident of the Netherlands; or
- (b) the transfer is otherwise construed as a gift or inheritance made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in the Netherlands for the purpose of the relevant provisions.

For purposes of Dutch gift and inheritance taxes, amongst others, a person that holds the Dutch nationality will be deemed to be resident of the Netherlands if such person has been resident in the Netherlands at any time during the ten years preceding the date of the gift or such holder's death. Additionally, for purposes of Dutch gift tax only, amongst others, a person not holding the Dutch nationality will be deemed to be resident in the Netherlands if such person has been resident in the Netherlands at any time during the twelve months preceding the date of the gift. Applicable tax treaties may override deemed residency.

Value added tax (VAT)

No Dutch VAT will be payable by a holder of the Notes in respect of (i) any payment in consideration for the issue or acquisition of the Notes or (ii) the payment of interest or principal by the Issuer under the Notes.

Other taxes and duties

No Dutch registration tax, stamp duty or any other similar documentary tax or duty, other than court fees, will be payable in the Netherlands by a holder of the Notes in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of the Netherlands) of the Notes or the performance of the Issuer's obligations under the Notes.

FATCA disclosure

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes.

A number of jurisdictions (including the Netherlands) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change.

Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining “foreign passthru payments” are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date.

Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event that any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

4.7. Security

In the Parallel Debt Agreement, the Issuer will irrevocably and unconditionally undertake to pay to the Security Trustee an amount equal to the aggregate amount due (*verschuldigd*) by the Issuer to the Secured Creditors pursuant to the respective Transaction Documents (the “**Parallel Debt**”):

- (a) to the Noteholders under the Notes;
- (b) as fees, costs and expenses or other remuneration to the Security Trustee Director under the Security Trustee Management Agreement;
- (c) as fees, cost and expenses or other remunerations of the Issuer Director under the Issuer Management Agreement;
- (d) as fees, cost and expenses or other remuneration of the Shareholder Director under the Shareholder Management Agreement;
- (e) as fees and expenses to the Servicer and the Issuer Administrator under the Servicing Agreement;
- (f) as fees and expenses to the Paying Agent and the Agent Bank under the Paying Agency Agreement;
- (g) to the Subordinated Loan Provider under the Subordinated Loan Agreement;
- (h) to the Seller under the Mortgage Receivables Purchase Agreement;
- (i) to the Issuer Account Bank under the Issuer Account Agreement;
- (j) to the Interest Rate Cap Provider under the Interest Rate Cap Agreement;
- (k) to the Cash Advance Facility Provider under the Cash Advance Facility Agreement;
- (l) to the Collection Foundation under the Receivables Proceeds Distribution Agreement; and
- (m) to such other party designated by the Security Trustee as Secured Creditor from time to time.

The Parallel Debt constitutes a separate and independent obligation of the Issuer and constitutes the Security Trustee's own separate and independent claim (*eigen en zelfstandige vordering*) to receive payment of the Parallel Debt from the Issuer. Upon receipt by the Security Trustee of any amount in payment of the Parallel Debt, the payment obligations of the Issuer to the Secured Creditors shall be reduced by an amount equal to the amount so received and *vice versa*.

To the extent that the Security Trustee irrevocably and unconditionally receives any amount in payment of the Parallel Debt, the Security Trustee shall distribute such amount among the Secured Creditors in accordance with the applicable Priority of Payments upon Enforcement, save for the amounts due to the Interest Rate Cap Provider in respect of Excess Interest Rate Cap Collateral and Tax Credits. The amounts available to the Secured Creditors, will be, amongst others, amounts recovered (*verhaald*) by the Security Trustee: (i) on the Mortgage Receivables; (ii) other assets pledged and/or charged pursuant to the Pledge Agreements; and (iii) the amounts received from any of the Secured Creditors, as received or recovered by any of them pursuant to the Parallel Debt Agreement; less: (y) any amounts already paid by the Security Trustee to the Secured Creditors pursuant to the Parallel Debt Agreement; and (z) the costs and expenses of the Security Trustee (including, for the avoidance of doubt, any costs of, *inter alia*, the Credit Rating Agencies and any legal adviser, auditor or accountant appointed by the Security Trustee).

On the Closing Date the Issuer will vest a right of pledge pursuant to the Issuer Mortgage Receivables Pledge Agreement in favour of the Security Trustee on the Mortgage Receivables and any NHG Advance Rights relating thereto by means of a Deed of Assignment and Pledge and such Deed of Assignment and Pledge will be registered with the Dutch tax authorities in accordance with article 3:94(3) of the Dutch Civil Code. The right of pledge on the Mortgage Receivables will not be notified to the Borrowers, except that notification of pledge can be made upon the occurrence of a Pledge Notification Event. Prior to notification of the right of pledge to the Borrowers, the pledge will be an undisclosed right of pledge (*stil pandrecht*) within the meaning of article 3:239 of the Dutch Civil Code. If and when any amount under or in connection with any of the secured liabilities under and in connection with the Parallel Debt and the relevant Transaction Documents is not paid when due (after expiry of the applicable grace period, if any) this will constitute a default (*verzuim*) and the Security Trustee will have the power to enforce the right of pledge in accordance with the relevant provisions of the Dutch Civil Code and be entitled to sell all (or any part of) the Mortgage Receivables in the manner as provided for in articles 3:250 and 3:251 of the Dutch Civil Code. No provision shall require an automatic sale of all (or any part of) the Mortgage Receivables at market value.

In addition, on the Closing Date the Issuer will vest a right of pledge pursuant to the Issuer Rights Pledge Agreement in favour of the Security Trustee on all rights of the Issuer under or in connection with: (i) the Mortgage Receivables Purchase Agreement; (ii) the Servicing Agreement; (iii) the Issuer Account Agreement and the Issuer Accounts; (iv) the Cash Advance Facility Agreement; (v) the Subordinated Loan Agreement; (vi) the Interest Rate Cap Agreement; (vii) the Paying Agency Agreement; and (viii) the Receivables Proceeds Distribution Agreement. This right of pledge will be notified to the relevant obligors and will, therefore, be a disclosed right of pledge (*openbaar pandrecht*). However, the Security Trustee will grant a power to collect (*bevoegdheid tot inning*) to the Issuer which will be withdrawn upon the occurrence of any of the Pledge Notification Events.

Upon the occurrence of a Pledge Notification Event and, consequently, notification to the Borrowers and withdrawal of the power to collect, the Security Trustee will collect (*innen*) all amounts due to the Issuer whether by the Borrowers or parties to the Transaction Documents. Pursuant to the Trust Agreement the Security Trustee will, until the delivery of an Enforcement Notice, for the sole purpose of enabling the Issuer to make payments in accordance with the applicable Priority of Payments prior to Enforcement, pay or procure the payment to the Issuer, whilst for that sole purpose terminating (*opzeggen*) its right of pledge.

Pursuant to the Collection Foundation Account Rights Pledge Agreement the Collection Foundation shall grant a first ranking right of pledge in favour of the Issuer and other parties determined as pledgee under the Collection Foundation Account Rights Pledge Agreement on all present and future rights (*vorderingen*) of the Collection Foundation *vis-à-vis* the Collection Foundation Account Bank under or in connection with the Collection Foundation Account. The share within the meaning of section 3:166 of the Dutch Civil Code (*aandeel*) of the Beneficiaries of the right of pledge in respect of the balance of the Collection Foundation Account is equal to their respective entitlements, *i.e.* the sum of the amounts standing to the credit of the Collection Foundation Account which relate to the collections arising from the Mortgage Receivables owned by it or pledged to it, as the case may be, from time to

time. Such right of pledge will be notified to the Collection Foundation Account Bank where the Collection Foundation Account is maintained.

The rights of pledge created in the Pledge Agreements secure any and all liabilities of the Issuer to the Security Trustee resulting from or in connection with the Parallel Debt Agreement and any other Transaction Documents.

The rights of pledge described above shall serve as security of the Security Trustee for the benefit of the Secured Creditors, including the Noteholders, but, *inter alia*, amounts owing to:

- (a) the Class B Noteholders will rank in priority of payment after amounts owing to the Class A Noteholders; and
- (b) the Class C Noteholders will rank in priority of payment after amounts owing to the Class A Noteholders and the Class B Noteholders (see section 5 (*Credit Structure*) below).

4.8. Credit Ratings

Morningstar DBRS Credit Rating Definitions

[The following text is an extract from " Long-term Obligations Scale" (effective date: 15 May 2023).]

In this context, “long-term obligation” refers to long-term debt obligations such as securities (including bonds and certificates), loans or other such products.

Morningstar DBRS long-term credit ratings provide opinions on risk of default. Morningstar DBRS considers risk of default to be the risk that an issuer will fail to satisfy the financial obligations in accordance with the terms under which a long-term obligation has been issued. Credit ratings are based on quantitative and qualitative considerations relevant to the issuer, and the relative ranking of claims. All rating categories from AA to CCC contain the subcategories (high) and (low). The absence of either a (high) or (low) designation indicates the credit rating is in the middle of the category.

AAA

Highest credit quality. The capacity for the payment of financial obligations is exceptionally high and unlikely to be adversely affected by future events.

AA

Superior credit quality. The capacity for the payment of financial obligations is considered high. Credit quality differs from AAA only to a small degree. Unlikely to be significantly vulnerable to future events.

A

Good credit quality. The capacity for the payment of financial obligations is substantial, but of lesser credit quality than AA. May be vulnerable to future events, but qualifying negative factors are considered manageable.

BBB

Adequate credit quality. The capacity for the payment of financial obligations is considered acceptable. May be vulnerable to future events.

BB

Speculative, non-investment grade credit quality. The capacity for the payment of financial obligations is uncertain. Vulnerable to future events.

B

Highly speculative credit quality. There is a high level of uncertainty as to the capacity to meet financial obligations.

CCC/CC/C

Very highly speculative credit quality. In danger of defaulting on financial obligations. There is little difference between these three categories, although CC and C rating categories are normally applied to obligations that are seen as highly likely to default, or subordinated to obligations rated in the CCC to B range. Obligations in respect of which default has not technically taken place but is considered inevitable may be rated in the C category.

D

When the issuer has filed under any applicable bankruptcy, insolvency or winding up statute or there is a failure to satisfy an obligation after the exhaustion of grace periods, a downgrade to D may occur. DBRS may also use SD (Selective Default) in cases where only some securities are impacted, such as the case of a “distressed exchange”. See Default Definition for more information.

Fitch Credit Rating Definitions

[The following is an extract from “Rating Definitions” (effective date: 11 June 2024).]

Ratings of structured finance obligations on the long-term scale consider the obligations’ relative vulnerability to default. These ratings are typically assigned to an individual security or tranche in a transaction and not to an issuer.

AAA: Highest Credit Quality

‘AAA’ ratings denote the lowest expectation of default risk. They are assigned only in cases of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.

AA: Very High Credit Quality

‘AA’ ratings denote expectations of very low default risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.

A: High Credit Quality

‘A’ ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.

BBB: Good Credit Quality

‘BBB’ ratings indicate that expectations of default risk are currently low. The capacity for payment of financial commitments is considered adequate, but adverse business or economic conditions are more likely to impair this capacity.

BB: Speculative

‘BB’ ratings indicate an elevated vulnerability to default risk, particularly in the event of adverse changes in business or economic conditions over time.

B: Highly Speculative

'B' ratings indicate that material default risk is present, but a limited margin of safety remains. Financial commitments are currently being met; however, capacity for continued payment is vulnerable to deterioration in the business and economic environment.

CCC: Substantial Credit Risk

Very low margin for safety. Default is a real possibility.

CC: Very High Levels of Credit Risk

Default of some kind appears probable.

C: Exceptionally High Levels of Credit Risk

Default appears imminent or inevitable.

D: Default

Indicates a default. Default generally is defined as one of the following: failure to make payment of principal and/or interest under the contractual terms of the rated obligation; bankruptcy filings, administration, receivership, liquidation or other winding-up or cessation of the business of an issuer/obligor; or distressed exchange of an obligation, where creditors were offered securities with diminished structural or economic terms compared with the existing obligation to avoid a probable payment default.

5. CREDIT STRUCTURE

The structure of the credit arrangements for the proposed issue of the Notes may be summarised as follows.

5.1. Available Funds

Available Revenue Funds

Prior to the delivery of an Enforcement Notice by the Security Trustee, the sum of the following amounts, calculated as at each Notes Calculation Date and which have been received by the Issuer during the Notes Calculation Period immediately preceding such Notes Calculation Date or, if specifically set out below, on the relevant Notes Payment Date, will pursuant to the terms of the Trust Agreement be applied in accordance with the applicable Revenue Priority of Payments (i) up to and including (xii) less items (xiii), (xiv) and (xv) are hereinafter referred to as the "**Available Revenue Funds**":

- (i) as interest on the Mortgage Receivables;
- (ii) as interest accrued and received on the Issuer Collection Account, the Reserve Account and the Cash Advance Facility Stand-by Drawing Account (if any);
- (iii) as Prepayment Penalties and penalty interest under the Mortgage Receivables;
- (iv) as Net Foreclosure Proceeds on any Mortgage Receivable to the extent such proceeds do not relate to principal;
- (v) as amounts received as post-foreclosure proceeds on the Mortgage Receivables;
- (vi) as amounts to be drawn under the Cash Advance Facility Agreement (other than Cash Advance Facility Stand-by Drawings) and amounts to be debited from the Cash Advance Facility Stand-by Drawing Account (other than with a view to repaying a Cash Advance Facility Stand-by Drawing) on the immediately succeeding Notes Payment Date;
- (vii) as amounts to be drawn from the Reserve Account on the immediately succeeding Notes Payment Date and released from the Issuer Collection Account, on the immediately succeeding Notes Payment Date;
- (viii) as amounts received in connection with a repurchase of Mortgage Receivables pursuant to the Mortgage Receivables Purchase Agreement, or any other amounts received pursuant to the Mortgage Receivables Purchase Agreement, to the extent such amounts do not relate to principal;
- (ix) as amounts received under the Interest Rate Cap Agreement excluding any termination payments and any Interest Rate Cap Collateral transferred pursuant to the Interest Rate Cap Agreement;
- (x) as amounts received in connection with a sale of Mortgage Receivables pursuant to the Trust Agreement to the extent such amounts do not relate to principal;
- (xi) on any Notes Payment Date on which the Mortgage-Backed Notes will be or have been redeemed in full: (a) any (remaining) amounts standing to the credit of the Issuer Collection Account which are not included in items (i) up to and including (x) above on such Notes Payment Date; and (b) any (remaining) amounts standing to the credit of the Reserve Account excluding any Excess Interest Rate Cap Collateral or Tax Credit; and
- (xii) as amounts to be drawn from the Interest Rate Cap Termination Payment Ledger equal to the Available Termination Amount;

minus

- (xiii) on the first Notes Payment Date of each year, the higher of: (i) an amount equal to 10 per cent. of the annual operational expenses in the immediately preceding calendar year in accordance with items (a), (b) and (c) of the applicable Revenue Priority of Payments, but only to the extent the amount of such expenses is not directly related to the Issuer's assets and/or liabilities; and (ii) an amount of euro 3,750;
- (xiv) after the First Optional Redemption Date and as long as the Class A Notes are outstanding an amount equal to the Class A Additional Amounts; and
- (xv) any NHG Return Amount (to the extent such amount relates to (a) item (ii) of the definition thereof and (b) interest) paid to Stichting WEW during the previous Notes Calculation Period.

Available Principal Funds

Prior to the delivery of an Enforcement Notice by the Security Trustee, the sum of the following amounts, calculated as at any Notes Calculation Date and which have been received by the Issuer during the immediately preceding Notes Calculation Period or, if specifically set out below, on the relevant Notes Payment Date, will pursuant to the terms of the Trust Agreement be applied in accordance with the Redemption Priority of Payments (items (i) up to and including (x) less item (xi) will hereinafter be referred to as the "**Available Principal Funds**"):

- (i) by means of repayment and prepayment in full of principal under the Mortgage Receivables from any person, but, for the avoidance of doubt, excluding Prepayment Penalties, if any;
- (ii) as Net Foreclosure Proceeds on any Mortgage Receivable to the extent such proceeds relate to principal;
- (iii) in connection with a repurchase of Mortgage Receivables, whether or not as a result of the exercise of the Clean-up Call Option or the Regulatory Call Option or in connection with an Optional Redemption Date, pursuant to the Mortgage Receivables Purchase Agreement and any other amounts received pursuant to the Mortgage Receivables Purchase Agreement to the extent such amounts relate to principal;
- (iv) in connection with a sale of Mortgage Receivables pursuant to the Trust Agreement to the extent such amounts relate to principal but, for the avoidance of doubt, excluding Prepayment Penalties, if any;
- (v) as amounts to be credited to the Principal Deficiency Ledger on the immediately succeeding Notes Payment Date in accordance with the applicable Revenue Priority of Payments;
- (vi) as partial prepayment in respect of Mortgage Receivables;
- (vii) as long as the Class A Notes are outstanding, any part of the Available Principal Funds calculated on the immediately preceding Notes Calculation Date which has not been applied towards redemption of the Mortgage-Backed Notes or payment of interest on the Class A Notes or payment of Class A Excess Consideration on the preceding Notes Payment Date;
- (viii) any amounts received on the Issuer Collection Account from the credit balance of the Construction Deposit Account in accordance with the Mortgage Receivables Purchase Agreement;
- (ix) on the Optional Redemption Date falling in July 2031 and on each Optional Redemption Date thereafter, in the case of a sale of Mortgage Receivables in accordance with the Trust Agreement, an amount to be drawn from the Reserve Account equal to the lower of: (i) the balance standing to the credit of the Reserve Account; and (ii) the positive difference between: (a) the amount required to redeem the Class A Notes at their Principal Amount Outstanding plus accrued interest due, costs, accrued Class A Excess Consideration due and any shortfall reflected in any Class A Excess Consideration Deficiency Ledger after taking into account application of the Available Revenue Funds on such Notes Payment Date; and (b) from and including the Optional Redemption Date falling in January 2032 the purchase price for such Mortgage Receivables as sanctioned by a Meeting of Class A Noteholders; and

- (x) after the First Optional Redemption Date and as long as the Class A Notes are outstanding an amount equal to the Class A Additional Amounts;

minus

- (xi) any NHG Return Amount (to the extent such amount relates to (a) item (ii) of the definition thereof and (b) principal) paid to Stichting WEW during the previous Notes Calculation Period.

Cash Collection Arrangements

Payments by the Borrowers of interest and scheduled principal under the Mortgage Loans are in general due on the first day of each month, interest being payable in arrear. All payments made by Borrowers will be made into the Collection Foundation Account maintained by the Collection Foundation with the Collection Foundation Account Bank. CSC Management (Netherlands) B.V. is the director of the Collection Foundation and the Collection Foundation Account is operated by the Foundation Administrator. The Collection Foundation Account is also used for the collection of moneys paid in respect of mortgage loans other than the Mortgage Loans and in respect of other moneys to which each of the Originator and other parties that are a Beneficiary under the Receivables Proceeds Distribution Agreement are entitled *vis-à-vis* the Collection Foundation and may in the future also be used in connection with new transactions of the Originator or other Beneficiaries. The Foundation Administrator determines from time to time what the entitlement is of each Beneficiary (according to the Mortgage Receivables owned by, purchased and assigned to, or pledged to, that Beneficiary) and will arrange for the transfer of such amount from the Collection Foundation Account to the relevant Beneficiary in accordance with the Receivables Proceeds Distribution Agreement.

The Originator has under the Receivables Proceeds Distribution Agreement undertaken to instruct the Borrowers to pay into the Collection Foundation Account and not to instruct the Borrowers to pay any amounts in respect of the Mortgage Receivables into an account other than the Collection Foundation Account without the prior written approval of the relevant Beneficiary.

The Foundation Account Rights will be pledged by the Collection Foundation in favour of the Beneficiaries pursuant to the Collection Foundation Account Rights Pledge Agreement. In case of enforcement of the rights of pledge, each of the Beneficiaries is entitled to foreclose the co-owned right of pledge separately without prior consent or co-operation, to the extent the exercise of such right relates to collecting an amount equal to its entitlement.

In case of foreclosure of the right of pledge, the proceeds of such foreclosure will be divided and distributed to each Beneficiary according to each such Beneficiary's share. The right of pledge created under the Collection Foundation Account Rights Pledge Agreement will remain in place until in the reasonable opinion of the Beneficiaries jointly they no longer have and will not in the future have any further claims (whether actual or contingent) against the Collection Foundation arising out of or in connection with the payment obligations of the Collection Foundation as set out in the Receivables Proceeds Distribution Agreement.

If at any time the Collection Foundation Account Bank is assigned a rating below the Collection Foundation Account Bank Required Ratings, the Foundation Administrator on behalf of the Collection Foundation will notify any relevant rating agencies thereof and will as soon as reasonably possible, but at least within the Relevant Remedy Period, either (a) (A) open an escrow account in the name of the relevant Beneficiary at the cost of the Originator and (B) transfer to the escrow account an amount equal to the highest single amount of principal, interest and prepayment penalties received since the closing date of the relevant transaction on the relevant Beneficiary Collection Account during one Mortgage Calculation Period (as defined in the relevant Transaction Documents); or (b) ensure that payments to be made by the Collection Foundation Account Bank will be fully guaranteed pursuant to an unconditional and irrevocable guarantee which complies with what is set out in the applicable criteria of the relevant rating agencies; or (c) transfer the Collection Foundation Account to a new account provider; or (d) implement any other actions to maintain the then current ratings assigned to the Class A Notes of the relevant transactions, if any, provided that in case of item a. or b. or c. above (i) such party shall be (x) a bank established in the Netherlands having the Collection Foundation Account Bank Required Ratings or (y), if none of the banks established in the Netherlands has the Collection Foundation Account Bank Required Ratings, a bank established in any other country within the European Union having the Collection Foundation Account Bank Required Ratings and (ii) a right of pledge is vested on the

rights in respect of such accounts under a pledge agreement upon terms substantially the same as the Collection Foundation Account Rights Pledge Agreement, including, for the avoidance of doubt, the terms with respect to the release of any right of pledge, any right of set off and any right of suspension of performances pursuant to the applicable general conditions of the new account provider. The Collection Foundation Account Bank agreed to pay any reasonable costs incurred by the Collection Foundation as a result of the action described in this paragraph.

5.2. Priority of Payments

Revenue Priority of Payments up to and including the First Optional Redemption Date

Prior to the delivery of an Enforcement Notice and up to and including the First Optional Redemption Date, the Available Revenue Funds will pursuant to the terms of the Trust Agreement be applied by the Issuer on each Notes Payment Date as follows (in each case only if and to the extent that payments of a higher order of priority have been made in full) (the "**Pre-First Optional Redemption Date Revenue Priority of Payments**"):

- (a) *first*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of: (i) the fees or other remuneration due and payable to the Directors in connection with the Management Agreements; (ii) the fees, costs, expenses or other remuneration due and payable to the Collection Foundation by the Issuer under or in connection with any of the Transaction Documents; and (iii) any costs, charges, liabilities and expenses incurred by the Security Trustee under or in connection with any of the Transaction Documents;
- (b) *second*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof of fees and expenses due and payable to the Servicer and the Issuer Administrator under the Servicing Agreement;
- (c) *third*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof: (i) of any amounts due and payable to third parties under obligations incurred in the Issuer's business (other than under the Transaction Documents), including, without limitation, in or towards satisfaction of sums due or provisions for any payment of the Issuer's liability, if any, to tax (to the extent such amounts cannot be paid out of item (xiii) of the Available Revenue Funds) and sums due to the Credit Rating Agencies and fees and expenses of any legal adviser, auditor and/or accountant appointed by the Issuer and/or the Security Trustee and/or the Shareholder; (ii) fees and expenses due to the Paying Agent and the Agent Bank under the Paying Agency Agreement; (iii) the Cash Advance Facility Commitment Fee (as defined therein) under the Cash Advance Facility Agreement to the Cash Advance Facility Provider; (iv) any amounts due to the Issuer Account Bank under the Issuer Account Agreement (for the avoidance of doubt including negative interest on the Issuer Accounts, to the extent not paid outside the Priorities of Payments); (v) if a Benchmark Event has occurred, fees and expenses due to the Rate Determination Agent; and (vi) an Initial Interest Rate Cap Payment to a replacement interest rate cap provider upon entry into a replacement interest rate cap agreement, to the extent not paid outside the Priorities of Payments;
- (d) *fourth*: (i) in or towards satisfaction of any amounts due and payable to the Cash Advance Facility Provider under the Cash Advance Facility Agreement; or (ii) following a Cash Advance Facility Stand-by Drawing, in or towards satisfaction of amounts to be credited to the Cash Advance Facility Stand-by Drawing Account, but excluding the Cash Advance Facility Commitment Fee payable under item (c) above and any gross-up amounts or additional amounts due under the Cash Advance Facility and payable under item (j) below;
- (e) *fifth*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of all amounts of interest due or accrued but unpaid in respect of the Class A Notes;
- (f) *sixth*, in or towards making good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero;
- (g) *seventh*, in or towards satisfaction of any sums required to replenish the Reserve Fund up to the amount of the Reserve Account Required Amount;

- (h) *eighth*, in or towards making good any shortfall reflected in the Class B Principal Deficiency Ledger until the debit balance, if any, on the Class B Principal Deficiency Ledger is reduced to zero;
- (i) *ninth*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of the Principal Amount Outstanding due under the Class C Notes on the relevant Notes Payment Date, including the Final Maturity Date;
- (j) *tenth*, in or towards satisfaction of gross-up amounts or additional amounts due, if any, to the Cash Advance Facility Provider under the Cash Advance Facility Agreement;
- (k) *eleventh*, in or towards satisfaction of interest due or accrued but unpaid in respect of the Subordinated Loan;
- (l) *twelfth*, in or towards satisfaction of principal due and payable but unpaid in respect of the Subordinated Loan; and
- (m) *thirteenth*, in or towards satisfaction of a Deferred Purchase Price Instalment to the Seller.

Revenue Priority of Payments from but excluding the First Optional Redemption Date

Prior to the delivery of an Enforcement Notice and from but excluding the First Optional Redemption Date, the Available Revenue Funds will pursuant to the terms of the Trust Agreement be applied by the Issuer on the immediately succeeding Notes Payment Date as follows (in each case only if and to the extent that payments of a higher order of priority have been made in full) (the "**Post-First Optional Redemption Date Revenue Priority of Payments**" and together with the Pre-First Optional Redemption Date Revenue Priority of Payments, the "**Revenue Priorities of Payments**"):

- (a) *first*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of: (i) the fees or other remuneration due and payable to the Directors in connection with the Management Agreements; (ii) the fees, costs, expenses or other remuneration due and payable to the Collection Foundation by the Issuer under or in connection with any of the Transaction Documents; and (iii) any costs, charges, liabilities and expenses incurred by the Security Trustee under or in connection with any of the Transaction Documents;
- (b) *second*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof of fees and expenses due and payable to the Servicer and the Issuer Administrator under the Servicing Agreement;
- (c) *third*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof: (i) of any amounts due and payable to third parties under obligations incurred in the Issuer's business (other than under the Transaction Documents), including, without limitation, in or towards satisfaction of sums due or provisions for any payment of the Issuer's liability, if any, to tax (to the extent such amounts cannot be paid out of item (xiii) of the Available Revenue Funds) and sums due to the Credit Rating Agencies and fees and expenses of any legal adviser, auditor and/or accountant appointed by the Issuer and/or the Security Trustee and/or the Shareholder; (ii) fees and expenses due to the Paying Agent and the Agent Bank under the Paying Agency Agreement; (iii) the Cash Advance Facility Commitment Fee (as defined therein) under the Cash Advance Facility Agreement to the Cash Advance Facility Provider; (iv) any amounts due to the Issuer Account Bank under the Issuer Account Agreement (for the avoidance of doubt including negative interest on the Issuer Accounts, to the extent not paid outside the Priorities of Payments); (v) if a Benchmark Event has occurred, fees and expenses due to the Rate Determination Agent; and (vi) an Initial Interest Rate Cap Payment to a replacement interest rate cap provider upon entry into a replacement interest rate cap agreement, to the extent not paid outside the Priorities of Payments;
- (d) *fourth*: (i) in or towards satisfaction of any amounts due and payable to the Cash Advance Facility Provider under the Cash Advance Facility Agreement; or (ii) following a Cash Advance Facility Stand-by Drawing, in or towards satisfaction of amounts to be credited to the Cash Advance Facility Stand-by Drawing Account,

but excluding the Cash Advance Facility Commitment Fee payable under item (c) above and any gross-up amounts or additional amounts due under the Cash Advance Facility and payable under item (k) below;

- (e) *fifth*, in or towards satisfaction *pro rata* and *pari passu*, according to the respective amounts thereof, of all amounts of interest due or accrued but unpaid in respect of the Class A Notes (which excludes the amounts under item (h) below);
- (f) *sixth*, in or towards making good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero;
- (g) *seventh*, in or towards satisfaction of any sums required to replenish the Reserve Fund up to the amount of the Reserve Account Required Amount;
- (h) *eighth*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of all amounts of Class A Excess Consideration due and payable but unpaid in respect of the Class A Notes;
- (i) *ninth*, in or towards making good any shortfall reflected in the Class B Principal Deficiency Ledger until the debit balance, if any, on the Class B Principal Deficiency Ledger is reduced to zero;
- (j) *tenth*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of the Principal Amount Outstanding due under the Class C Notes on the relevant Notes Payment Date, including the Final Maturity Date;
- (k) *eleventh*, in or towards satisfaction of gross-up amounts or additional amounts due, if any, to the Cash Advance Facility Provider under the Cash Advance Facility Agreement;
- (l) *twelfth*, in or towards satisfaction of interest due or accrued but unpaid in respect of the Subordinated Loan;
- (m) *thirteenth*, in or towards satisfaction of principal due and payable but unpaid in respect of the Subordinated Loan; and
- (n) *fourteenth*, in or towards satisfaction of a Deferred Purchase Price Instalment to the Seller.

Redemption Priority of Payments

Prior to the delivery of an Enforcement Notice, the Available Principal Funds will pursuant to the terms of the Trust Agreement be applied by the Issuer on the immediately succeeding Notes Payment Date as follows (and in each case only if and to the extent that payments or provisions of a higher priority have been made in full) (the "**Redemption Priority of Payments**"):

- (a) *first*, up to but excluding the First Optional Redemption Date, in or towards satisfaction of the purchase price of any Further Advance Receivables (if any) and Substitute Receivables (if any);
- (b) *second*, in or towards satisfaction of the amounts of interest due or accrued but unpaid in respect of the Class A Notes after application of the Available Revenue Funds in accordance with item (e) of the relevant Revenue Priority of Payments;
- (c) *third*, in or towards satisfaction of principal amounts due under the Class A Notes on the relevant Notes Payment Date until fully redeemed;
- (d) *fourth*, after the First Optional Redemption Date, after application of the Available Revenue Funds on such date, in or towards satisfaction of Class A Excess Consideration for an amount equal to the shortfall reflected in the Class A Excess Consideration Deficiency Ledger until the debit balance, if any, on the Class A Excess Consideration Deficiency Ledger is reduced to zero; and

- (e) *fifth*, in or towards satisfaction of principal amounts due under the Class B Notes on the relevant Notes Payment Date until fully redeemed.

Priority of Payments upon Enforcement

Following delivery of an Enforcement Notice and up to but excluding the First Optional Redemption Date, any amounts collected by the Security Trustee under the Trust Agreement, (other than amounts to be deducted therefrom, Excess Interest Rate Cap Collateral and Tax Credits, which amounts will not be part of this Priority of Payments upon Enforcement) will be applied in the following order of priority (after deduction of costs incurred by the Security Trustee, which will include, *inter alia*, fees and expenses of the Credit Rating Agencies and any legal adviser, auditor and accountant appointed by the Security Trustee) (and in each case only if and to the extent payments of a higher priority have been made in full) (the "**Pre-First Optional Redemption Date Post-Enforcement Priority of Payments**"):

- (a) *first*, to the Cash Advance Facility Provider, in or towards satisfaction of any sums due or accrued due but unpaid under the Cash Advance Facility Agreement, but excluding any amounts due under the Cash Advance Facility Agreement payable under item (g) below;
- (b) *second*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of:
- (i) the fees, costs, expenses or other remuneration due to the Directors under the Management Agreements;
 - (ii) the fees and expenses of the Paying Agent and the Agent Bank incurred under the provisions of the Paying Agency Agreement;
 - (iii) the fees and expenses of the Issuer Administrator and the Servicer under the Servicing Agreement;
 - (iv) any amounts due to the Issuer Account Bank under the Issuer Account Agreement (for the avoidance of doubt including negative interest on the Issuer Accounts, to the extent not paid outside the Priorities of Payments); and
 - (v) any fees, costs, expenses, charges, or liabilities payable to the Collection Foundation under or in connection with any of the Transaction Documents;
- (c) *third*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of interest due or interest accrued but unpaid on the Class A Notes
- (d) *fourth*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of all amounts of principal due but unpaid in respect of the Class A Notes;
- (e) *fifth*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of all amounts of principal due but unpaid in respect of the Class B Notes;
- (f) *sixth*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of all amounts of principal due but unpaid in respect of the Class C Notes;
- (g) *seventh*, in or towards satisfaction of gross-up amounts or additional amounts due, if any, to the Cash Advance Facility Provider pursuant to the Cash Advance Facility Agreement;
- (h) *eighth*, to the Subordinated Loan Provider, in or towards satisfaction of any sums due or accrued due but unpaid under the Subordinated Loan Agreement; and
- (i) *ninth*, in or towards satisfaction of the Deferred Purchase Price to the Seller.

Following delivery of an Enforcement Notice and from and including the First Optional Redemption Date, any amounts collected by the Security Trustee under the Trust Agreement, (other than amounts to be deducted therefrom, being the Excess Interest Rate Cap Collateral and Tax Credits, which amounts will be paid outside of this Priority of Payments upon Enforcement) will be applied in the following order of priority (after deduction of costs incurred by the Security Trustee, which will include, *inter alia*, fees and expenses of the Credit Rating Agencies and any legal adviser, auditor and accountant appointed by the Security Trustee) (and in each case only if and to the extent payments of a higher priority have been made in full) (the "**Post-First Optional Redemption Date Post-Enforcement Priority of Payments**" and together with the Pre-First Optional Redemption Date Post-Enforcement Priority of Payments, the "**Post-Enforcement Priorities of Payments**"):

- (a) *first*, to the Cash Advance Facility Provider, in or towards satisfaction of any sums due or accrued due but unpaid under the Cash Advance Facility Agreement, but excluding any amounts due under the Cash Advance Facility Agreement payable under item (h) below;
- (b) *second*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof: of (i) the fees, costs, expenses or other remuneration due to the Directors under the Management Agreements; (ii) the fees and expenses of the Paying Agent and the Agent Bank incurred under the provisions of the Paying Agency Agreement; (iii) the fees and expenses of the Issuer Administrator and the Servicer under the Servicing Agreement; (iv) amounts due to the Issuer Account Bank under the Issuer Account Agreement; and (v) any fees, costs, expenses, charges, or liabilities payable to the Collection Foundation under or in connection with any of the Transaction Documents;
- (c) *third*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of interest due or interest accrued but unpaid on the Class A Notes (which excludes the amounts under item (e) below);
- (d) *fourth*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of all amounts of principal due but unpaid in respect of the Class A Notes;
- (e) *fifth*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of the Class A Excess Consideration due and unpaid in respect of the Class A Notes;
- (f) *sixth*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of all amounts of principal due but unpaid in respect of the Class B Notes;
- (g) *seventh*, in or towards satisfaction, *pro rata* and *pari passu*, according to the respective amounts thereof, of all amounts of principal due but unpaid in respect of the Class C Notes;
- (h) *eighth*, in or towards satisfaction of gross-up amounts or additional amounts due, if any, to the Cash Advance Facility Provider pursuant to the Cash Advance Facility Agreement;
- (i) *ninth*, to the Subordinated Loan Provider, in or towards satisfaction of any sums due or accrued due but unpaid under the Subordinated Loan Agreement; and
- (j) *tenth*, in or towards satisfaction of the Deferred Purchase Price to the Seller.

Payments outside the Priorities of Payments

Pursuant to the Trust Agreement, payments may be made from the Issuer Collection Account (to the extent funds are available) other than on a Notes Payment Date only to satisfy:

- (a) amounts due to third parties (other than pursuant to the Transaction Documents) and payable in connection with the Issuer's business;
- (b) the repayment of any Cash Advance Facility Stand-by Drawing in accordance with the Cash Advance Facility Agreement;
- (c) the payment to the Interest Rate Cap Provider of any Tax Credit and Excess Interest Rate Cap Collateral;
- (d) amounts standing to the credit of the Interest Rate Cap Termination Payment Ledger available to make an Initial Interest Rate Cap Payment to a replacement interest rate cap provider;
- (e) the payment of negative interest and regular banking costs due and payable by the Issuer to the Issuer Account Bank in accordance with the Issuer Account Agreement;
- (f) any amount due and payable to Stichting WEW of any NHG Return Amount; and

- (g) on each first Notes Payment Date of a calendar year, any profit amount resulting from item (xiii) of the Available Revenue Funds to the Shareholder after payment of taxes, by way of a dividend on the shares in the share capital of the Issuer held by the Shareholder.

Subordinated Loan Agreement

On the Signing Date the Seller will make available to the Issuer the Subordinated Loan. The Subordinated Loan will be in an amount of euro 39,000,000 and will be used by the Issuer to pay certain initial costs and expenses in connection with the issuance of the Notes, including but not limited to the Initial Interest Rate Cap Payment to be paid on the Closing Date.

Class A Excess Consideration

On each Notes Payment Date from and including the First Optional Redemption Date, the Class A Noteholders will, in accordance with the Post-First Optional Redemption Date Revenue Priority of Payments or the Redemption Priority of Payments, on a *pro rata* and *pari passu* basis and in accordance with the amounts outstanding of the Class A Notes at such time, be entitled to the Class A Excess Consideration. The Class A Excess Consideration consists of the Class A Step-up Consideration and the EURIBOR Excess Consideration, if applicable.

The Class A Excess Consideration will be subordinated to payments of a higher order of priority including, but not limited to, any amount necessary to: (i) make good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero; and (ii) replenish the Reserve Fund up to the amount of the Reserve Account Required Amount.

After the First Optional Redemption Date, on any Notes Payment Date, the Available Principal Funds shall be applied by the Issuer in accordance with the Redemption Priority of Payments towards satisfaction of the Class A Excess Consideration Revenue Shortfall due on such Notes Payment Date to the holders of the Class A Notes (or such holders as determined immediately prior to the redemption in full of the Class A Notes). The Issuer shall debit the Class B Principal Deficiency Ledger with an amount equal to the Class A Excess Consideration Revenue Shortfall (which is applied towards payment of Class A Excess Consideration).

Non-payment of Class A Excess Consideration will only cause an Event of Default in the circumstances set forth in Condition 10 (*Events of Default*). The credit ratings assigned by the Credit Rating Agencies do not address the likelihood of any payment of the Class A Excess Consideration.

Class A Excess Consideration Deficiency Ledger

The ledger, known as the Class A Excess Consideration Deficiency Ledger, will be established by or on behalf of the Issuer in order to record any amounts of Class A Excess Consideration that has not been paid out on the relevant Notes Payment Date to the Class A Noteholders.

Class A Additional Amounts

On each Notes Payment Date from but excluding the First Optional Redemption Date and as long as the Class A Notes are outstanding, the Class A Additional Amounts will be part of the Available Principal Funds and will, in accordance with the Redemption Priority of Payments, on a *pro rata* and *pari passu* basis and in accordance with the respective Principal Amount Outstanding of the Class A Notes, be applied towards the redemption of the Class A Notes.

However, no guarantee can be given that there will be any funds available in respect of the Class A Additional Amounts on such Notes Payment Date.

5.3. Loss allocation

Principal Deficiency Ledger

A Principal Deficiency Ledger comprising two sub-ledgers, known as the Class A Principal Deficiency Ledger and the Class B Principal Deficiency Ledger, respectively, will be established by or on behalf of the Issuer in order to record: (i) any Realised Loss on the Mortgage Receivables as Principal Deficiency upon completion of the foreclosure, such that there is no more collateral securing the Mortgage Receivable; and (ii) any Class A Interest and Excess Revenue Shortfall or, as the case may be, any Class A Interest Revenue Shortfall. On any Notes Calculation Date, the sum of: (i) any Realised Loss; and (ii) any Class A Interest and Excess Revenue Shortfall shall be debited to the Class B Principal Deficiency Ledger (such debit items being reccredited at item (h) of the Pre-First Optional Redemption Date Revenue Priority of Payments or item (i) of the Post-First Optional Redemption Date Revenue Priority of Payments, as applicable) so long as the debit balance on such sub-ledger is less than the Principal Amount Outstanding of the Class B Notes and thereafter the sum of: (i) any Realised Loss; and (ii) any Class A Interest Revenue Shortfall shall be debited, pro rata and *pari passu* according to the Principal Amount Outstanding of the Class A Notes on the relevant Notes Calculation Date, to the Class A Principal Deficiency Ledger (such debit items being reccredited at item (f) of the Pre-First Optional Redemption Date Revenue Priority of Payments or item (f) of the Post-First Optional Redemption Date Revenue Priority of Payments, as applicable).

"**Realised Loss**" means, on any Notes Payment Date, the sum of:

- (a) the amount of difference between: (i) the aggregate Outstanding Principal Amount in respect of Mortgage Receivables, on which the Seller or the Issuer has foreclosed during the immediately preceding Notes Calculation Period; and (ii) the amount of the Net Foreclosure Proceeds on such Mortgage Receivables, plus any amounts relating to item (ii) of the definition of NHG Return Amount (other than any amounts relating to payments from Borrowers); and
- (b) with respect to Mortgage Receivables sold by the Issuer during the immediately preceding Notes Calculation Period, the amount of difference, if any, between: (x) the aggregate Outstanding Principal Amount; and (y) the purchase price received in respect of such Mortgage Receivables to the extent relating to the principal; and
- (c) with respect to the Mortgage Receivables in respect of which the Borrower: (A) has successfully invoked set-off or defences to payments; or (B) repaid or prepaid any amounts, the amount by which the Mortgage Receivables have been extinguished (*teniet gegaan*) as a result thereof unless and to the extent such amount is received from the Seller or otherwise pursuant to any items (i), (iii) and (vi) of the Available Principal Funds.

"**Class A Excess Consideration Revenue Shortfall**" means on any Notes Calculation Date after the First Optional Redemption Date, an amount equal to the lower of: (i) part of the Available Principal Funds remaining (if any) after all items ranking above item (d) of the Redemption Priority of Payments have been satisfied in full; and (ii) the debit balance on the Class A Excess Consideration Deficiency Ledger on the immediately succeeding Notes Payment Date after application of the Available Revenue Funds on such immediately succeeding Notes Payment Date.

"**Class A Interest Revenue Shortfall**" means the Available Principal Funds applied in or towards satisfaction of item (b) of the Redemption Priority of Payments.

"**Class A Interest and Excess Revenue Shortfall**" means the Class A Excess Consideration Revenue Shortfall and the Class A Interest Revenue Shortfall, together.

5.4. Hedging

Interest Rate Cap Agreement

The Issuer will not enter into any derivative contracts in respect of the securitisation transaction, except for the purpose of hedging interest rate risk.

The Mortgage Loan Criteria require that all Mortgage Receivables bear a floating rate or a fixed rate of interest, subject to a reset from time to time. The interest rate payable by the Issuer with respect to the Class A Notes up to but excluding the First Optional Redemption Date is calculated as the three-month EURIBOR plus a margin while the interest rate payable by the Issuer with respect to the Class A Notes from and including the First Optional Redemption Date is calculated as the three-month EURIBOR up to the EURIBOR Agreed Rate plus a margin. The Class B Notes and Class C Notes will not bear interest.

The Issuer will partly hedge the interest rate exposure on the Class A Notes until the termination date under the Interest Rate Cap Agreement (which is scheduled to be the Notes Payment Date which is scheduled to fall in July 2042) by entering into the Interest Rate Cap Agreement with the Interest Rate Cap Provider on the Closing Date.

The Interest Rate Cap Agreement, starting on the Closing Date, requires the Interest Rate Cap Provider, against payment of the Initial Interest Rate Cap Payment on the Closing Date, to make payments to the Issuer on a quarterly basis to the extent three-month EURIBOR (or, if applicable, any alternative reference rate applicable following a Benchmark Event) for any Interest Period exceeds the Cap Strike Rate. Such payments by the Interest Rate Cap Provider will be equal to the amount by which three-month EURIBOR (or, if applicable, any alternative reference rate applicable following a Benchmark Event) for an Interest Period exceeds the Cap Strike Rate multiplied by the Cap Notional Amount for the relevant Interest Period (and adjusted for the day count fraction).

Provided a Benchmark Event has not occurred, EURIBOR under the Interest Rate Cap Agreement shall be determined in accordance with its terms. The Interest Rate Cap Agreement further provides that if (i) 15 Business Days have elapsed since the occurrence of a Benchmark Event and neither the Security Trustee nor the Issuer has effectively delivered a written request to the Interest Rate Cap Provider requesting that amendments are made to the Floating Rate Option (as defined in the Interest Rate Cap Agreement) such that it follows the Replacement Reference Rate under the Notes (such a request, the **"Benchmark Rate Modifications Request"**) or (ii) after consultations to align the Floating Rate Option under the Interest Rate Cap Agreement and the Replacement Reference Rate proposed in respect of the Notes, 15 Business Days have elapsed since the Security Trustee or the Issuer effectively delivered a Benchmark Rate Modifications Request and the Interest Rate Cap Provider has not consented to the requested amendments, the fallbacks in respect of EURIBOR under the 2021 ISDA Definitions shall apply.

The Cap Notional Amount amortises in accordance with the notional amount schedule as set out below (the **"Cap Notional Amount"**).

Rating triggers

In the event that the relevant rating(s) of the Interest Rate Cap Provider is or are, as applicable, downgraded by a Credit Rating Agency below the First Required Rating, the Interest Rate Cap Provider will, in accordance with the Interest Rate Cap Agreement, be required to take certain remedial measures within the timeframe stipulated in, and in accordance with the terms of, the Interest Rate Cap Agreement and at its own cost which may include: (i) the provision of collateral for its obligations under the Interest Rate Cap Agreement pursuant to the credit support annex forming part of the Interest Rate Cap Agreement; or (ii) arranging for its obligations under the Interest Rate Cap Agreement to be transferred to an eligible entity with at least the minimum credit rating prescribed in the Interest Rate Cap Agreement; or (iii) procuring another entity with at least the minimum credit rating prescribed in the Interest Rate Cap Agreement to become a guarantor in respect of its obligations under the Interest Rate Cap Agreement; or (iv) only in case of a downgrade by Morningstar DBRS, taking such other action as will result in the ratings of the then outstanding Class A Notes being restored to or maintained at the level they were at immediately prior to the downgrade.

The Interest Rate Cap Provider will be required to take certain additional remedial measures (within the timeframe stipulated in the Interest Rate Cap Agreement) if its (or its guarantor's, if applicable) relevant rating(s) is or are, as applicable, downgraded by a Credit Rating Agency below the Second Required Rating. In accordance with the Interest Rate Cap Agreement, such additional measures may include: (i) the provision of additional collateral for its obligations under the Interest Rate Cap Agreement pursuant to the credit support annex forming part of the Interest Rate Cap Agreement; and (ii) arranging for its obligations under the Interest Rate Cap Agreement to be transferred to an eligible entity with at least the minimum credit rating prescribed in the Interest Rate Cap Agreement; or (iii) procuring another entity with at least the minimum credit rating prescribed in the Interest Rate Cap Agreement to become a guarantor in respect of its obligations under the Interest Rate Cap Agreement; or (iv) only in case of a downgrade by Morningstar DBRS, taking such other action as will result in the ratings of the then outstanding Class A Notes being restored to or maintained at the level they were at immediately prior to the downgrade.

In the event of termination of the Interest Rate Cap Agreement, the Issuer, or the Servicer on its behalf, will use reasonable endeavours to find a replacement interest rate cap provider.

"First Required Rating" means (assuming that the senior notes are rated AAAsf):

- (a) with respect to Morningstar DBRS, a Long-Term DBRS Rating of A or above from Morningstar DBRS; or
- (b) with respect to Fitch:

- (i) if the Fitch High Ratings Thresholds (as defined in the Interest Rate Cap Agreement) apply: a long-term issuer default rating (or, if assigned, derivative counterparty rating) from Fitch of AA- or a short-term issuer default rating from Fitch of F1+;
- (ii) if the Fitch High Ratings Thresholds (as defined in the Interest Rate Cap Agreement) do not apply: a long-term issuer default rating (or, if assigned, the short-term issuer default rating or, if assigned, the derivative counterparty rating) from Fitch of A or F1, as applicable.

"Second Required Rating" means (assuming that the senior notes are rated AAAsf):

- (a) with respect to Morningstar DBRS, a Long-Term DBRS Rating of BBB or above from Morningstar DBRS;
- (b) with respect to Fitch, a long-term issuer default rating (or, if assigned, the short-term issuer default rating or, if assigned, the derivative counterparty rating) from Fitch of BBB- or F3, as applicable.

The Interest Rate Cap Agreement will be documented under a 2002 ISDA master agreement, together with an associated schedule, credit support annex and a confirmation. The Interest Rate Cap Agreement may be terminated by the relevant party if an applicable 'Event of Default', 'Termination Event' or 'Additional Termination Event' (each as defined in the the Interest Rate Cap Agreement) occurs in relation to the other party. Events of Default (as defined in the Interest Rate Cap Agreement) under the Interest Rate Cap Agreement in relation to the Issuer will be limited to: (i) non-payment under the Interest Rate Cap Agreement; and (ii) certain bankruptcy events.

Upon the early termination of the Interest Rate Cap Agreement, the Interest Rate Cap Provider may be liable to make an early termination payment to the Issuer. The amount of any such early termination payment will be determined by either or both the Issuer or the Interest Rate Cap Provider, depending on the circumstances, and be based on the economic replacement value of the Interest Rate Cap Agreement. The economic replacement value will be based on market quotations of the cost of entering into a transaction with the same terms and conditions and that would have the effect of preserving the respective full payment obligations of the parties, internal valuations or on good faith determination of the relevant party or parties' total losses and costs (or gains), depending on the basis for termination.

Any amounts received by the Issuer from the Interest Rate Cap Provider (whether or not through application of any collateral standing to the credit of the Interest Rate Cap Collateral Account) upon early termination of the Interest Rate Cap Agreement will be held on the Issuer Collection Account with a corresponding credit to the Interest Rate Cap Termination Payment Ledger. Amounts standing to the credit of the Interest Rate Cap Termination Payment Ledger will be available to make an Initial Interest Rate Cap Payment to a replacement interest rate cap provider on a Notes Payment Date through the use of the Available Termination Amount and any date other than a Notes Payment Date outside of the Priority of Payments. The Available Termination Amount will be drawn from the Interest Rate Cap Payment Ledger on a Notes Payment Date and will form part of the Available Revenue Funds.

Any collateral required to be provided pursuant to the Interest Rate Cap Agreement may be credited in the form of cash to the Interest Rate Cap Collateral Account by the Interest Rate Cap Provider. See further section 5.6 (*Issuer Accounts: Interest Rate Cap Collateral Account*).

Any payments received by the Issuer from the Interest Rate Cap Provider under the Interest Rate Cap Agreement, other than any Interest Rate Cap Collateral and termination payments, will be included in the Available Revenue Funds and will be applied on the relevant Notes Payment Date in accordance with the relevant Revenue Priority of Payments.

Any payments received by the Issuer from the Interest Rate Cap Provider under the Interest Rate Cap Agreement, other than Excess Interest Rate Cap Collateral and Tax Credits, but including Interest Rate Cap Collateral and the Available Termination Amount, will be applied in accordance with the relevant Post-Enforcement Priority of Payments when applicable.

Any Excess Interest Rate Cap Collateral will, when due pursuant to the Interest Rate Cap Agreement, be returned to the Interest Rate Cap Provider outside the applicable Priority of Payments. If the Issuer receives any Tax Credit

resulting from the payment of any withholding tax by the Interest Rate Cap Provider, the Issuer shall pay the cash benefit of such Tax Credit to the Interest Rate Cap Provider outside the applicable Priority of Payments.

On the Closing Date, the Cap Notional Amount under the Interest Rate Cap Agreement will be equal to the Principal Amount Outstanding of the Class A Notes. The Cap Notional Amount will amortise during the term of the Interest Rate Cap Agreement based on an expected contractual redemption schedule with an applicable prepayment rate of 2.25 per cent. per annum. Historically, prepayment rates have been above 2.25 per cent. per year. However, there can be no assurance that the prepayment rate will not be below 2.25 per cent. per year. If this is the case, the Issuer may not have sufficient funds to meet its payment obligations under the Class A Notes.

5.5. Liquidity Support

Cash Advance Facility

On the Signing Date, the Issuer will enter into the Cash Advance Facility Agreement with the Cash Advance Facility Provider. The Issuer will be entitled on any Notes Payment Date (other than on: (i) a Notes Payment Date if and to the extent the Mortgage-Backed Notes are redeemed in full on such Notes Payment Date; or (ii) the Final Maturity Date) to make drawings under the Cash Advance Facility Agreement up to the Cash Advance Facility Maximum Amount, subject to certain conditions as set out in the Cash Advance Facility Agreement being met.

The Cash Advance Facility Agreement is for a maximum term of 364 days. The commitment of the Cash Advance Facility Provider is extendable at the request of the Issuer. Any drawing under the Cash Advance Facility Agreement by the Issuer shall only be made on a Notes Payment Date if and to the extent that, after the application of amounts available on the Reserve Account and without taking into account any drawing under the Cash Advance Facility, there is a shortfall in the Available Revenue Funds to meet: (i) items (a) to (e) (inclusive), in the Pre-First Optional Redemption Date Revenue Priority of Payments in full; or (ii) items (a) to (e) (inclusive), in the Post-First Optional Redemption Date Revenue Priority of Payments in full, as applicable, on that Notes Payment Date. Certain payments to the Cash Advance Facility Provider will rank in priority in respect of payments and security to, *inter alia*, the Notes.

If: (a) at any time, the Cash Advance Facility Provider is assigned a credit rating of less than the Requisite Credit Rating and/or any such credit rating is withdrawn, and (A) in case of a downgrade by Fitch within fourteen (14) calendar days of such downgrade; and (B) in case of a downgrade by Morningstar DBRS within thirty (30) calendar days of such downgrade, either: (x) the Cash Advance Facility Provider is not replaced by the Issuer with a suitable alternative cash advance facility provider having at least a credit rating equal to the Requisite Credit Rating; or (y) the Issuer has not procured that a third party has issued a guarantee for the obligations of the Cash Advance Facility Provider in favour of the Issuer by a guarantor having at least the Requisite Credit Rating for the Cash Advance Facility Provider's full and timely payment obligations; or (b) the Cash Advance Facility Provider refuses to comply with an extension request and within (A) in case of a downgrade by Fitch, fourteen (14) calendar days of the occurrence of such event; and (B) in case of a downgrade by Morningstar DBRS, thirty (30) calendar days of the occurrence of such event, the Cash Advance Facility Provider is not replaced with a suitable alternative cash advance facility provider having at least the Requisite Credit Rating, then the Issuer will be required forthwith to draw down the entirety of the undrawn portion under the Cash Advance Facility Agreement (a "**Cash Advance Facility Stand-by Drawing**") and credit such amount to the Cash Advance Facility Stand-by Drawing Account maintained with the Issuer Account Bank. Amounts so credited to the Cash Advance Facility Stand-by Drawing Account may be utilised by the Issuer in the same manner as a drawing under the Cash Advance Facility Agreement.

5.6. Issuer Accounts

Issuer Collection Account

The Issuer will maintain with the Issuer Account Bank the Issuer Collection Account to which all amounts received in respect of the Mortgage Receivables and from the other parties to the Transaction Documents will be paid (other than any amounts received under the Transaction Documents to be deposited into the Cash Advance Facility Stand-by Drawing Account and the Interest Rate Cap Collateral Account).

The Issuer Administrator will identify all amounts paid into the Issuer Collection Account by crediting such amounts to a ledger established for such purpose. Payments received on or before each Mortgage Collection Payment Date in respect of the Mortgage Loans will be identified as principal or revenue receipts and credited to a principal ledger or a revenue ledger, as the case may be. Further ledgers will be maintained to record amounts held in the Issuer Accounts and in connection with certain drawings made under the Cash Advance Facility.

Payments may be made from the Issuer Collection Account (to the extent funds are available) other than on a Notes Payment Date only to satisfy: (i) amounts due to third parties (other than pursuant to the Transaction Documents) and payable in connection with the Issuer's business; (ii) the repayment of any Cash Advance Facility Stand-by Drawing in accordance with the Cash Advance Facility Agreement; (iii) the payment to the Interest Rate Cap Provider of any Tax Credit and Excess Interest Rate Cap Collateral; (iv) amounts standing to the credit of the Interest Rate Cap Termination Payment Ledger available to make an Initial Interest Rate Cap Payment to a replacement interest rate cap provider; and (v) the payment of negative interest and regular banking costs due and payable by the Issuer in accordance with the Issuer Account Agreement.

If, at any time, the Issuer Account Bank is assigned a credit rating of less than the Requisite Credit Rating or any such credit rating is withdrawn by a Credit Rating Agency, the Issuer may (and will be required pursuant to the Trust Agreement) within thirty ((30) calendar days of such downgrade or withdrawal of such credit rating to: (i) transfer the balance standing to the credit of the Issuer Accounts to an alternative issuer account bank having at least the Requisite Credit Rating; or (ii) only in case of a downgrade or loss of the rating given by Morningstar DBRS, find another solution or take any other suitable action in accordance with Morningstar DBRS's methodology at such time in order to maintain the then current ratings assigned to the Class A Notes; or (iii) obtain a third party with at least the Requisite Credit Rating to guarantee the obligations of the Issuer Account Bank.

Pursuant to the Issuer Account Agreement, the Issuer Account Bank will agree to pay a guaranteed rate of interest determined by reference to €STR (or, if applicable, any successor rate applicable following a benchmark event as described in clause 15.5 of the Issuer Account Agreement, which has been agreed with the Issuer Account Bank pursuant to the terms of the Issuer Account Agreement) minus a margin on the balance standing from time to time to the credit of the Issuer Collection Account. Should the interest rate fall below zero and the Issuer would be required to make interest payments to the Issuer Account Bank, the Issuer shall make such interest payments in arrear on the relevant Notes Payment Date in accordance with the applicable Priority of Payments or on such earlier date as reasonably possible outside the Priorities of Payments.

The Issuer will undertake pursuant to the Trust Agreement not to withdraw or apply amounts from the Issuer Accounts other than in accordance with the Trust Agreement.

Interest Rate Cap Collateral Account

Until and unless the Interest Rate Cap Agreement has been terminated, the Issuer will maintain with the Issuer Account Bank the Interest Rate Cap Collateral Account to which any collateral in the form of cash may be credited by the Interest Rate Cap Provider pursuant to the Interest Rate Cap Agreement.

No withdrawals may be made in respect of the Interest Rate Cap Collateral Account other than:

- (a) to effect the return of Excess Interest Rate Cap Collateral to the Interest Rate Cap Provider (which return shall be effected by the transfer of such Excess Interest Rate Cap Collateral directly to the Interest Rate Cap Provider without deduction for any purpose and outside the relevant Revenue Priority of Payments); or
- (b) following the early termination of the Interest Rate Cap Agreement where an amount is owed by the Interest Rate Cap Provider to the Issuer, which will form part of the Interest Rate Cap Termination Payment Ledger with a corresponding credit to the Issuer Collection Account (for the avoidance of doubt, after any close out netting has taken place) provided that such amount may be first applied towards, or reserved for, an upfront payment to a replacement interest rate cap provider outside the Revenue Priorities of Payments and provided that on any Notes Payment Date such amount may be first applied towards an amount equal to the Available Termination Amount which will form part of the Available Revenue Funds.

Pursuant to the Issuer Account Agreement, the Issuer Account Bank will agree to pay a guaranteed rate of interest determined by reference to €STR (or, if applicable, any successor rate applicable following a benchmark event as described in clause 15.5 of the Issuer Account Agreement, which has been agreed with the Issuer Account Bank pursuant to the terms of the Issuer Account Agreement) minus a margin on the balance standing from time to time to the credit of the Interest Rate Cap Collateral Account. Should the interest rate fall below zero and the Issuer would be required to make interest payments to the Issuer Account Bank, the Issuer shall make such interest payments in arrear on the relevant Notes Payment Date in accordance with the applicable Priority of Payments or on such earlier date as reasonably possible outside the Priorities of Payments.

Construction Deposit Account

The Issuer will maintain with the Issuer Account Bank, the Construction Deposit Account. The Issuer and the Seller will agree in the Mortgage Receivables Purchase Agreement that the Issuer will be entitled to withhold from the Initial Purchase Price an amount equal to the Aggregate Construction Deposit Amount on the Initial Cut-Off Date. Such amount will be deposited in the Construction Deposit Account. On a Notes Payment Date on which Substitute Receivables and/or Further Advance Receivables will be purchased by the Issuer, an amount corresponding to the Aggregate Construction Deposit Amount on the Additional Cut-Off Date in relation to the Substitute Receivables and/or Further Advance Receivables so purchased by the Issuer on such Notes Payment Date will be credited to the Construction Deposit Account.

On each Mortgage Collection Payment Date, the Issuer will release from the Construction Deposit Account such part of the Initial Purchase Price which equals the amount by which the Aggregate Construction Deposit Amount has been reduced during the preceding Notes Calculation Period and pay such amount to the Seller.

An amount corresponding to the outstanding balance of the Aggregate Construction Deposit Amount relating to the Mortgage Receivables will be credited to the Construction Deposit Account on the Closing Date. Payments may be made from the Construction Deposit Account on a Notes Payment Date only to satisfy payment by the Issuer to the Seller of (part of) the Initial Purchase Price as a result of the distribution of (part of) the Construction Deposit by the Originator to the relevant Borrowers. In addition, the Construction Deposit Account will be debited with the amount Borrowers have set off against the relevant Mortgage Receivables in connection with the Construction Deposits and as a result of which the Issuer has no further obligation to pay (such part of) the Initial Purchase Price. Such debited amount will be transferred to the Issuer Collection Account and form part of the Available Principal Funds. The interest accrued and received on the Construction Deposit Account is only for the benefit of the Seller and paid to the Seller outside the Priorities of Payments.

Pursuant to the Issuer Account Agreement, the Issuer Account Bank will agree to pay a guaranteed rate of interest determined by reference to €STR (or, if applicable, any successor rate applicable following a benchmark event as described in clause 15.5 of the Issuer Account Agreement, which has been agreed with the Issuer Account Bank pursuant to the terms of the Issuer Account Agreement) minus a margin on the balance standing from time to time to the credit of the Construction Deposit Account. Should the interest rate fall below zero and the Issuer would be required to make interest payments to the Issuer Account Bank, the Issuer shall make such interest payments in arrear on the relevant Notes Payment Date in accordance with the applicable Priority of Payments or on such earlier date as reasonably possible outside the Priorities of Payments.

Reserve Account

The Issuer will maintain with the Issuer Account Bank, the Reserve Account, to which the net proceeds of the Class C Notes will be credited. Amounts credited to the Reserve Account will be available on any Notes Payment Date to meet items (a) to (f) (inclusive) of the Pre-First Optional Redemption Date Revenue Priority of Payments or the Post-First Optional Redemption Date Revenue Priority of Payments, as applicable, in the event that the Available Revenue Funds are not sufficient to meet such payment obligations on a Notes Payment Date, before application of any funds drawn under the Cash Advance Facility Agreement.

If and to the extent that the Available Revenue Funds on any Notes Payment Date exceed the aggregate amounts payable under items (a) to (f) (inclusive) in the Pre-First Optional Redemption Date Revenue Priority of Payments or the Post-First Optional Redemption Date Revenue Priority of Payments, as applicable, such excess amount will

be used to deposit in or, as the case may be, to replenish the Reserve Fund by crediting such amount to the Reserve Account up to the Reserve Account Required Amount. The Reserve Account Required Amount shall on any Notes Payment Date be equal to: (i) 1.00 per cent. of the aggregate Principal Amount Outstanding of the Mortgage-Backed Notes on the Closing Date; or (ii) zero, on the Notes Payment Date on which the Class A Notes have been or are to be redeemed in full, subject to and in accordance with the Conditions.

To the extent that the balance standing to the credit of the Reserve Account on any Notes Payment Date exceeds the Reserve Account Required Amount, such excess shall be drawn from the Reserve Account on such immediately succeeding Notes Payment Date and shall form part of the Available Revenue Funds on that Notes Payment Date and, after all payments of the applicable Revenue Priority of Payments ranking higher in priority have been made, will be available to redeem or partially redeem, as the case may be, the Class C Notes.

From and including the Optional Redemption Date falling in July 2031, any balance standing to the credit of the Reserve Account may be applied by the Issuer in accordance with the Redemption Priority of Payments to compensate, if required, the Class A Noteholders on a *pro rata* and *pari passu* basis for any difference between: (i) the Principal Amount Outstanding plus accrued interest due, costs, accrued Class A Excess Consideration due and any shortfall reflected in any Class A Excess Consideration Deficiency Ledger; and (ii) the lower purchase price as sanctioned by a Meeting of Class A Noteholders. See further Condition 6(e) (*Redemption - Optional Redemption*).

On any Notes Payment Date on which all amounts of principal due in respect of the Mortgage-Backed Notes have been or will be paid and such Notes Payment Date occurs before the Optional Redemption Date falling in July 2031, any amount remaining to be standing to the credit of the Reserve Account will on such date form part of the Available Revenue Funds and will be applied by the Issuer in or towards satisfaction of all items in the applicable Revenue Priority of Payments in accordance with the priority set out therein, if applicable including for redemption of principal of the Class C Notes.

Pursuant to the Issuer Account Agreement, the Issuer Account Bank will agree to pay a guaranteed rate of interest determined by reference to three-month EURIBOR (or, if applicable, any successor rate applicable following a benchmark event as described in clause 15.5 of the Issuer Account Agreement, which has been agreed with the Issuer Account Bank pursuant to the terms of the Issuer Account Agreement) minus a margin on the balance standing from time to time to the credit of the Reserve Account. Should the interest rate fall below zero and the Issuer would be required to make interest payments to the Issuer Account Bank, the Issuer shall make such interest payments in arrear on the relevant Notes Payment Date in accordance with the applicable Priority of Payments or on such earlier date as reasonably possible outside the Priorities of Payments

Cash Advance Facility Stand-by Drawing Account

If the Issuer is required to make a Cash Advance Facility Stand-by Drawing, it will credit such amount to the Cash Advance Facility Stand-by Drawing Account maintained with the Issuer Account Bank. Amounts so credited to the Cash Advance Facility Stand-by Drawing Account may be utilised by the Issuer in the same manner as a drawing under the Cash Advance Facility Agreement.

Pursuant to the Issuer Account Agreement, the Issuer Account Bank will agree to pay a guaranteed rate of interest determined by reference to €STR (or, if applicable, any successor rate applicable following a benchmark event as described in clause 15.5 of the Issuer Account Agreement, which has been agreed with the Issuer Account Bank pursuant to the terms of the Issuer Account Agreement) minus a margin on the balance standing from time to time to the credit of the Cash Advance Facility Stand-by Drawing Account. Should the interest rate fall below zero and the Issuer would be required to make interest payments to the Issuer Account Bank, the Issuer shall make such interest payments in arrear on the relevant Notes Payment Date in accordance with the applicable Priority of Payments or on such earlier date as reasonably possible outside the Priorities of Payments.

5.7. Administration Agreement

The Issuer Administrator will in the Servicing Agreement agree to provide certain administration, calculation and cash management services to the Issuer in accordance with the relevant Transaction Documents, including, *inter alia*: (a) the application of amounts received by the Issuer to the Issuer Accounts and the production of the Notes and Cash

Report in relation thereto; (b) procuring that all drawings (if any) to be made by the Issuer under the Cash Advance Facility Agreement are made; (c) procuring that all payments to be made by the Issuer any of the Transaction Documents are made; (d) procuring that all payments to be made by the Issuer under the Notes are made in accordance with the Paying Agency Agreement and the Conditions; (e) the maintaining of all required ledgers in connection with the above; (f) all administrative actions in relation thereto; and (g) procuring that all calculations to be made pursuant to the Conditions under the Notes are made.

The Servicing Agreement may be terminated by the Issuer and the Security Trustee, acting jointly, upon the occurrence of certain termination events, including but not limited to, a failure by the Issuer Administrator to comply with its obligations (unless remedied within the applicable grace period), dissolution and liquidation (*ontbinding en vereffening*) of the Issuer Administrator or the Issuer Administrator being declared bankrupt or granted a suspension of payments. In addition, the Servicing Agreement may be terminated by the Issuer Administrator upon the expiry of not less than 6 months' notice, subject to written approval by the Issuer and the Security Trustee, which approval may not be unreasonably withheld. A termination of the Servicing Agreement by either the Issuer and the Security Trustee or the Issuer Administrator will only become effective if a substitute issuer administrator is appointed.

Upon the occurrence of a termination event as set forth above, the Security Trustee and the Issuer shall use their best efforts to appoint a substitute issuer administrator and such substitute issuer administrator will enter into an agreement with the Issuer and the Security Trustee substantially on the terms of the Servicing Agreement, provided that such substitute issuer administrator has the benefit of an administration fee at a level to be then determined.

The Issuer Administrator does not have any liability whatsoever to the Noteholders in respect of any failure by the Issuer to pay any amounts due under the Notes. The Notes will be solely the obligations and responsibilities of the Issuer and not of any other entity or person involved in the securitisation transaction, including, without limitation, the Issuer Administrator.

Calculations and reconciliation

The Issuer Administrator will calculate the amounts available to the Issuer on the basis of information received by it, including but not limited to the Portfolio and Performance Report provided by the Servicer for each Mortgage Calculation Period. If on any Mortgage Calculation Date no Portfolio and Performance Report is delivered to the Issuer Administrator by the Servicer in accordance with the Servicing Agreement, the Issuer Administrator will use all reasonable endeavours to make all determinations necessary in order for the Issuer Administrator to continue to perform the services, as further set out in the Servicing Agreement.

Compliance

Pursuant to the Servicing Agreement, the Issuer Administrator, *inter alia*, shall procure compliance by the Issuer with all applicable legal requirements, including in respect of the Directive 2014/57/EU of 16 April 2014 on criminal sanctions for market abuse.

6. PORTFOLIO INFORMATION

6.1. Stratification Tables

The Provisional Pool has been selected in accordance with the criteria set forth in the Mortgage Receivables Purchase Agreement. The information set out below in relation to the portfolio of Mortgage Receivables relates to the Provisional Pool which was selected on 31 May 2025 and may not necessarily correspond to that of the Mortgage Loans from which the Mortgage Receivables result that are actually sold on the Closing Date.

6.2. Description of Mortgage Loans

On the Closing Date the Seller will transfer legal title to the Mortgage Receivables to the Issuer pursuant to the Assignment. The Mortgage Receivables are connected to the Final Pool. The Final Pool has been selected in accordance with the criteria set forth in the Mortgage Receivables Purchase Agreement. An external auditor has performed an agreed upon procedure on a sample of randomly selected mortgage files relating to the Mortgage Receivables.

The Mortgage Loans are loans secured by a mortgage, evidenced by notarial mortgage deeds (*notariële akten van hypotheekstelling*) each entered into by the Seller and the relevant Borrowers and, except for certain Further Advances that may not meet the criteria of the applicable NHG Conditions, have the benefit of an NHG Guarantee (*Nationale Hypotheek Garantie*). All Mortgage Loans are originated by the Seller, each Borrower is a resident of the Netherlands and the Mortgaged Assets are situated in the Netherlands. It is the intention of the Seller that the mortgages securing the Mortgage Receivables qualify as fixed mortgages (*vaste hypotheeken*). However, based on the wording of the Mortgage Conditions one could argue that the Mortgages qualify as All Moneys Mortgages. See risk that the Issuer does not have the benefit of the security rights described above in the risk factors "Risk that the All Moneys Security Rights will not follow the Mortgage Receivables upon assignment to the Issuer" and "Risk related to jointly-held All Moneys Security Rights by the Originator, the Issuer and the Security Trustee". All Mortgage Loans are either fixed

rate or charge interest at a floating rate based on EURIBOR plus a margin. The definition of EURIBOR for these purposes is defined below.

For a description of the representations and warranties given by the Seller reference is made to section 7.2 (*Representations and Warranties*).

The Mortgage Receivables backing the issue of the Notes have characteristics that demonstrate the capacity to produce funds to service payments due and payable on the Notes. This is also based on the numerical information set out in section 6.1 (*Stratification Tables*), but subject to what is set out in section 1 (*Risk Factors*).

General information on the Mortgage Receivables can be obtained from www.dutchsecuritisation.nl.

Mortgage Loan Types

The Mortgage Loans (or any Loan Parts comprising a Mortgage Loan) may consist of any of the following types of redemption:

- (a) linear mortgage loans (*lineaire hypotheek*);
- (b) interest-only mortgage loans (*aflossingsvrije hypotheek*); and
- (c) annuity mortgage loans (*annuïteitenhypotheek*).

Mortgage Loan Type	Description
Linear Mortgage Loans	A portion of the Mortgage Loans (or parts thereof) will be in the form of Linear Mortgage Loans. Under a Linear Mortgage Loan, the Borrower pays a decreasing monthly payment, made up of an initially high and subsequently decreasing interest portion and a fixed principal portion, and calculated in such a manner that the Linear Mortgage Loan will be fully redeemed at the maturity.
Interest-only Mortgage Loans	A portion of the Mortgage Loans (or parts thereof) will be in the form of Interest-only Mortgage Loans. Under an Interest-only Mortgage Loan the Borrower is not obliged to pay principal towards redemption of the relevant Mortgage Loan (or relevant part thereof) until maturity. Interest is payable monthly and is calculated on the outstanding balance of such Mortgage Loan (or relevant part thereof).
Annuity Mortgage Loans	A portion of the Mortgage Loans (or parts thereof) will be in the form of Annuity Mortgage Loans. Under an Annuity Mortgage Loan, the Borrower pays a constant total monthly payment, made up of an initially high and subsequently decreasing interest portion and an initially low and subsequently increasing principal portion, and calculated in such a manner that the Annuity Mortgage Loan will be fully redeemed at the maturity.

The repayments to be made to the Noteholders have not been structured to depend predominantly on the sale of the Mortgaged Assets securing the Mortgage Loans. For the purpose of the foregoing statement the Issuer and the Seller rely on the EBA STS Guidelines Non-ABCP Securitisation, which indicate that interest-only residential mortgage loans are not intended to be excluded from the EU Securitisation Regulation.

Mortgaged Assets and certain characteristics

The mortgage rights securing the Mortgage Loans are vested on:

- (a) real estate (*onroerende zaak*);

- (b) an apartment right (*appartementsrecht*); and/or
- (c) a long lease (*erfpachtsrecht*).

If a Mortgage Loan consists of one or more Loan Parts, the Seller will sell and assign and the Issuer shall purchase and accept the assignment of all rights associated with all, but not some, Loan Parts of such Mortgage Loan at the Closing Date.

The Mortgage Loans have a maturity on the relevant Cut-Off Date up to a maximum of thirty (30) years.

Product names

These types of Mortgage Loans are offered by the Seller, *inter alia*, under the following product names:

- (a) Argenta Spectrum
- (b) Annuïtair Extra
- (c) Special Line
- (d) Hypotrust OK

6.3. Origination and Servicing

Origination

The Mortgage Loans are originated by the Originator and are distributed by intermediaries (approximately 3.500 intermediaries), which mainly comprise of mortgage consultancy service associations and some independent financial advisers. Before an organisation is allowed to originate loans for Argenta, Argenta carries out an own internal compliance audit; Argenta checks the financial condition of the organisation and ensures the organisation has obtained the appropriate licences with the AFM. In addition, Argenta checks that the intermediaries have an appropriate history in the mortgage market. Argenta has entered into an agreement with a leading provider of mortgage payment transactions and ancillary activities, Quion Services B.V.

The Sub-MPT Provider provides collection and other services to and on behalf of the Originator on a day-to-day basis in relation to the Mortgage Receivables. The duties of the Sub-MPT Provider include the collection of payments of principal, interest and other amounts in respect of the Mortgage Loans and the implementation or arrears procedures including the enforcement of the mortgages.

Quion provides an origination system, which provides an automated underwriting system, incorporating the specific Argenta rules for the underwriting process. Quion's system ("**QSP**") can approve applications that comply with Argenta's standard underwriting criteria. Applications that are just outside or seeking the limits of the underwriting criteria but in compliance with laws and regulation are referred to Argenta, who has the possibility to decline the application by executing an expert opinion or to accept. For the avoidance of doubt, Quion may not overrule the standard underwriting criteria themselves.

Quion does the day-to-day management of the mortgage loans in the portfolio, including to the extent applicable:

- Credit assessment and loan offering;
- Financial acceptance;
- Notary instructions;
- Authorisation and payment of loan drawdowns;

- Servicing;
- Collections;
- Arrears, delinquency and default management, including, but not limited to, debt restructuring, debt forgiveness, forbearance, payment holidays, losses, charge offs, recoveries and other asset performance remedies;
- Reporting to Argenta on arrears / portfolio performance;
- Test collateral values;
- Transaction monitoring to detect suspicious financial flows;
- Secondary marketing support; and
- Providing the customers a self service environment for mortgage management.

Quion carries out fraud checks, such as checks against the databases of SFH and credit checks at BKR.

Underwriting Procedures

The Mortgage Loans originated by Argenta have been assessed by Argenta and Quion. Since 2012 there are three sets of underwriting criteria applicable to mortgage loans originated by Argenta:

- the Hypotrust OK mortgage loans (formerly Spaar OK) are underwritten by means of separate 'generic' underwriting criteria and an addendum (since the start of 2018 Hypotrust OK mortgage loans are only been originated to customers who have already had a Hypotrust OK mortgage loan before this date);
- the NHG mortgage loans, if applicable, are originated in accordance with at least (but sometimes stricter than) the NHG terms and conditions, which can be consulted on the website: www.nhg.nl and in accordance with the chapter applicable to NHG mortgage loans as included in the underwriting criteria referred to below; and
- any other mortgage loans are underwritten in accordance with in the underwriting criteria of Argenta called 'Acceptatie Beleid' or if originated from 2017, the 'Hypotheekgids'.

The underwriting criteria which apply to these Mortgage Loans are set by Argenta and typically include the following:

- Origination in accordance with the applicable regulations (the Wft, the Mortgage Credit Directive, the Code of Conduct) and special underwriting legislation (such as the Dutch temporary mortgage loan act (*Tijdelijke regeling hypotheekair krediet*));
- Maximum LTV
 - With regard to (a) above: from 2012 until 2018: 100% Market Value
 - With regard to (b) above:
 - 2012: 106% Market Value
 - 2013: 105 % Market Value
 - 2014: 104% Market Value
 - 2015: 103% Market Value

2016: 102% Market Value

2017: 101% Market Value

2018: 100% Market Value

February 2025: 106% Market Value (part above 100% Market Value solely must be used for energy-saving features only)

- With regard to (c) above: from 2012 until 2017: 85% Market Value
and since August 2017: 100% Market Value;

- The current maximum LTV is 100% (including all costs such as stamp duties). The new government coalition has indicated not to lower the maximum LTV further beyond 2018. From February 2025, for NHG-loans the current maximum LTV is 106%, where the part above 100% LTV must be used for energy-saving features only.
- Maturity 5-30yrs (bridge loan 2yr);
- Redemption forms: Life mortgage loan (*Levenhypotheek*), Investment mortgage loan (*Beleggingshypotheek*), Savings mortgage loan (*Spaarhypotheek*), Interest Only, Annuity and Linear. (Investment and Savings mortgage loans are no longer originated for new borrowers, Life mortgage loans are originated in very few cases and are not included in the pool of Mortgage Receivables sold to the Issuer and the Interest Only part is limited to 50% of the Market Value).
- Maximum mortgage loan amount until 2022: EUR 1mln (including bridge loan) and from 2022 EUR 1.5 mln (including bridge loan);
- With regard to (a) and (c) above: Maximum mortgage loan amount EUR 1mln (including bridge loan except voor Hypotrust OK)
- Maximum loan burden is in accordance with the Code of Conduct;
- LTI: NIBUD (National Institute for Family Finance Information) compliant;
- Owner occupied properties (no buy-to-let);
- Only first ranking mortgage rights (second ranking only if first ranking mortgage right is also granted in favour of Argenta);
- Minimum property market value (after renovations) until 2013: EUR 50,000 and from 2013: EUR 100,000;
- BKR checks;
- Identification checks: VIS (Verification Identification System), EVA (*Externe Verwijzings Applicatie*), PEP (Political Exposed Person), CDD (Customer Due Diligence); and
- Fraud checks SFH.

The Seller undertakes to disclose any material changes to the underwriting criteria to potential investors without undue delay.

Description of the Origination Department

The principal items in the underwriting procedures are:

(a) Maximum amounts with regard to NHG Mortgage Loans

If the mortgage loan is guaranteed by Stichting WEW, the maximum amount of the mortgage loan which was granted in 2025 is €450.000 (property without any energy-saving features) or €477.000 (property with energy-saving features). The maximum amount was €430.000 (property without any energy-saving features) or €461.100 (property with energy-saving features) in 2024, €405.000 (property without any energy-saving features) or €429.300 (property with energy-saving features) in 2023, €355.000 (property without any energy-saving features) or €376.300 (property with energy-saving features) in 2022, €325.000 (property without any energy-saving features) or €328.600 (property with energy-saving features) in 2021, €310.000 (property without any energy-saving features) or €328.600 (property with energy-saving features) in 2020, €290,000 (property without any energy-saving features) or €307,400 (property with energy-saving features) in 2019, € 265,000 in 2018, €245,000 from 1 July 2015 until 1 January 2018, €265,000 from 1 July 2014 until 1 July 2015, €290,000 from 1 July 2013 until 1 July 2014, €320,000 from 1 July 2012 until 1 July 2013, €350,000 from 1 July 2009 until 1 July 2012 and €265,000 from 1 January 2007 until 1 July 2009. (For the avoidance of doubt, at the date of the Prospectus, Argenta takes into account the maximum amount without energy-saving features.)

Higher amounts are only possible without an NHG Guarantee and to be approved by the relevant credit approving authorities within Quion/Argenta.

(b) Creditworthiness

The process of verifying the creditworthiness is set up to determine whether the prospective borrower has sufficient monthly income available to meet its payments on the requested mortgage loan as well as to support other financial obligations and monthly living expenses. A check on the income is conducted by requesting a recent employer's declaration or via the tool Handig!/IBL (*Inkomensbepaling Loondienst*) where the income is collected through a governed source UWV (*Uitvoeringsinstituut Werknemersverzekeringen*). The NHG terms and conditions, the Code of Conduct and special underwriting legislation are followed.

(c) Collateral

All existing properties have a full valuation report. Until 2018 the valuation report had to be validated by a certified valuation institute affiliated to the Foundation Taxation and Validation. Since 2018 the valuations must be validated by a certified valuation institute affiliated to '*Stichting Nederlands Register Vastgoed Taxateurs*' (NRVT). The assessor/valuation needs to meet following conditions:

- It may not be involved in any transaction with the buyer, seller of the property;
- The assessor exercises its activity within 30km of its office;
- The valuation report is maximum 6 months old.

From February 2019 until June 2021 a Calcasa model-based valuation report was also allowed for Non-NHG mortgage loans if:

- $LTV \leq 90\%$ and confidence level ≥ 4.0 (Range 0.0 – 7.0)
- No apartments, no newly built houses
- Initially maximum principal amount of € 500,000
- 100% private use of the collateral (no business purposes)

Since July 2021 a Calcasa Hybrid valuation report is allowed if:

- $LTV \leq 90\%$ and confidence level ≥ 4.0 (Range 0.0 – 7.0) for non-NHG loans
- $LTV \leq 90\%$ and confidence level ≥ 5.0 (Range 0.0 – 7.0) for NHG loans
- No newly built houses
- The valuation report is maximum 6 months old
- Maximum principal amount of € 1,000,000 for non-NHG loans (until February 2025: € 750,000)
- Maximum property value of € 1,500,000 for non-NHG loans (until February 2025: € 1,000,000)
- 100% private use of the collateral (no business purposes)

For newly built there is not a valuation, but is based on the sum of purchase price + land price + additional work + construction interest + loss of interest.

Mortgage Processing Procedures

Payment Collections Procedures

At origination, a Borrower must agree with the Originator that monthly payments will be made by direct debit. Direct debit will not be successful if the balance of the Borrower's account is not sufficient to cover the full amount of the scheduled monthly payment.

Payments are due on the first calendar day of each month (*vervaldag*). The direct debit has to take place at the latest on that day. Quion, on behalf of the Originator, draws the monthly payments from the borrower's bank account and is obliged to transfer these payments directly to the Originator's bank accounts. Quion's system automatically collects the payments, and the related information is also automatically monitored daily by Quion. Direct debit procedures by Borrowers are made into a collection foundation account maintained by Stichting Argenta Hypotheken Ontvangsten at ABN AMRO Bank N.V. as collection foundation account bank instead of the account held by the Servicer. The collections received, will be held for the account of the respective owners of the mortgage receivables, including the Issuer in respect of the Mortgage Receivables.

Arrears and Defaults Procedures

The arrears management process starts on the first day that the collection via direct debit of any payment due is reported failed or missing. The sub-mpt provider will contact the borrower (letter, call) to remind the borrower of the payment due. If there is no contact there, Quion starts a track and trace.

After 30 days in arrears, Quion will assess the situation and will try to maintain a good relationship with the borrower, to be well informed about the situation and, if possible, conclude a new payment scheme or any other treatment which it deems fit for borrower and acceptable to the Originator.

If preservation of ownership by the borrower is no longer feasible and a sale of the property, the borrower might be requested to grant a power of attorney to the relevant civil law notary for a private sale of property or the borrower will collaborate with the private sale of the property. Should the power of attorney not be granted and/or a private sale of the property appears not to be feasible, the property will be sold by public auction.

If amounts are still outstanding after the sale of the property has been completed, the Servicer continues to manage the remaining receivables if it considers it likely that it will be able to recover such losses.

Data on Static and Dynamic Historical Default and Loss Performance

The tables set forth below provide data on static and dynamic historical default and loss performance for a period of at least five years for substantially similar mortgage receivables to those being securitised by means of the securitisation transaction described in this Prospectus. The information included in the tables below has not been audited by any auditor.

6.4. Dutch Residential Mortgage Market

This paragraph is derived from the overview which is available at the website of the Dutch Securitisation Association regarding the Dutch residential mortgage market over the period until March 2025. The Issuer confirms that this information has been accurately reproduced and as far as the Issuer and the Seller are aware and are able to ascertain from the DSA, no facts have been omitted which would render the information in this Section inaccurate or misleading.

Dutch residential mortgage market

The Dutch residential mortgage debt stock is relatively sizeable, especially when compared to other European countries. Since the 1990s, the mortgage debt stock of Dutch households has grown considerably, mainly on the back of mortgage lending on the basis of two incomes in a household, the introduction of tax-efficient product structures such as mortgage loans with deferred principal repayment vehicles and interest-only mortgage loans, financial deregulation and increased competition among originators. Moreover, Loan-to-Value (LTV) ratios have been relatively high, as the Dutch tax system implicitly discouraged amortisation, due to the tax deductibility of mortgage interest payments. After a brief decline between 2012 and 2015, mortgage debt reached a new peak of EUR 880.8 billion in Q3 2024¹. This represents a rise of EUR 31 billion compared to Q3 2023.

Tax system

The Dutch tax system plays an important role in the Dutch mortgage market, as it allows for partial deductibility of mortgage interest payments from taxable income. Historically, this has resulted in various deferred amortisation mortgage products, most importantly the use of interest-only loan parts.

Since 1 January 2013, all new mortgage loans have to be repaid in full in 30 years, at least on an annuity basis, in order to be eligible for tax relief (linear mortgage loans are also eligible). The tax benefits on mortgage loans, of which the underlying property was bought before 1 January 2013, have remained unchanged and are grandfathered, even in case of refinancing and relocation. As such, new mortgage originations still include older loan products, including interest-only. However, any additional loan on top of the borrower's grandfathered product structure, has to meet the mandatory full redemption standards to allow for tax deductibility.

A second reform imposed in 2013 was to reduce the tax deductibility by gradually lowering the maximum deduction percentage. As a result, the highest tax rate against which the mortgage interest may be deducted is 37.48% in 2025. This is a slight increase compared to 2024 due to the introduction of an additional income tax bracket which is slightly higher than the lowest income tax bracket. Mortgage interest can be deducted from income in the second tax bracket in 2025.

There are several housing-related taxes which are linked to the fiscal appraisal value ("WOZ") of the house, both imposed on the national and local level. Moreover, a transfer tax of 2% is due when a house is acquired for owner-occupation. From 2021, house buyers aged between 18 and 35 years will no longer pay any transfer tax. From. This exemption only applies to houses sold for 525,000 euros or less (2025) and can only be applied once. In 2025, a transfer tax of 8% is due upon transfer of houses which are not owner-occupied (compared to 10.4% in 2023 and 2024).

Although these taxes partially unwind the benefits of tax deductibility of interest payments, and several restrictions to this tax deductibility have been applied, tax relief on mortgage loans is still substantial.

Loan products

The Dutch residential mortgage market is characterised by a wide range of mortgage loan products. In general, three

¹ Statistics Netherlands, household data. The total amount of mortgages outstanding reported has also increased including historic data due to a benchmark revision.

types of mortgage loans can be distinguished.

Firstly, the “classical” Dutch mortgage product is an annuity loan. Secondly, there is a relatively big presence of interest-only mortgage loans in the Dutch market. Full interest-only mortgage loans were popular in the late nineties and in the early years of this century. Mortgage loans including an interest-only loan part were the norm until 2013, and even today, grandfathering of older tax benefits still results in a considerable amount of interest-only loan originations.

Thirdly, there is still a big stock of mortgage products including deferred principal repayment vehicles. In such products, capital is accumulated over time (in a tax-friendly manner) in a linked account in order to take care of a bullet principal repayment at maturity of the loan. The principal repayment vehicle is either an insurance product or a bank savings account. The latter structure has been allowed from 2008 and was very popular until 2013. Mortgage loan products with insurance-linked principal repayment vehicles used to be the norm prior to 2008 and there is a wide range of products present in this segment of the market. Most structures combine a life-insurance product with capital accumulation and can be relatively complex. In general, however, the capital accumulation either occurs through a savings-like product (with guaranteed returns), or an investment-based product (with non-guaranteed returns).

A typical Dutch mortgage loan consists of multiple loan parts, e.g. a bank savings loan part that is combined with an interest-only loan part. Newer mortgage loans, in particular those for first-time buyers after 2013, are full annuity and often consists of only one loan part. Nonetheless, tax grandfathering of older mortgage loan product structures still results in the origination of mortgage loans including multiple loan parts.

Most interest rates on Dutch mortgage loans are not fixed for the full duration of the loan, but they are typically fixed for a period between five and 15 years. Rate term fixings differ by vintage, however. In recent years, there was a strong bias to longer term fixings (20-30 years) but since Q2 2022 10 year fixings have rapidly increased in popularity as the sharply increased mortgage rates drove borrowers to seek lower mortgage payments by going for shorter fixings. Most borrowers remain subject to interest rate risk, but compared to countries in which floating rates are the norm, Dutch mortgage borrowers are relatively well-insulated against interest rate fluctuations.

Underwriting criteria

Most of the Dutch underwriting standards follow from special underwriting legislation (“Tijdelijke regeling hypothecair krediet”). This law has been present since 2013 and strictly regulates maximum LTV and Loan-to-Income (LTI) ratios. The current maximum LTV is 100% or 106% when financing energy saving measures. The new government has indicated not to lower the maximum LTV further. LTI limits are set according to a fixed table including references to gross income of the borrower and mortgage interest rates. This table is updated annually by the consumer budget advisory organisation “NIBUD” and ensures that income after (gross) mortgage servicing costs is still sufficient to cover normal costs of living.

Prior to the underwriting legislation, the underwriting criteria followed from the Code of Conduct for Mortgage Lending. Although the Code of Conduct is currently largely overruled by the underwriting legislation, it is still in force. The major restriction it currently regulates, in addition to the criteria in the underwriting legislation, is the cap of interest-only loan parts to 50% of the market value of the residence. This cap was introduced in 2011 and is in principle applicable to all new mortgage contracts. A mortgage lender may however diverge from the cap limitation if certain conditions have been met.

Recent developments in the Dutch housing market²

Wages that have risen by an average of 6.7%, 104,000 additional households, persistently low unemployment and more flexible lending standards have driven demand for (owner-occupied) homes in 2024. In combination with lagging housing construction – taking into account demolition, only 70,000 homes were added – it drove house prices to new records. In 2024, they rose an average of 8.7%; in January 2025, the price increase continued with a year-on-year increase of no less than 11.5%, according to Statistics Netherlands and the Land Registry. The number of

² Rabobank Housing market quarterly of 23 December 2024.

transactions also increased sharply last year, by more than 13% to a total of 206,000 sales. This is partly due to the persistent selling of former rental properties. Due to increased interest rates, higher taxes, local rules to keep investors out, and stricter requirements for rents, home investors have been selling more homes than they buy for several years, according to figures from the Land Registry. This makes it more difficult for potential tenants to find a house, but it is a boost for potential home buyers: They can choose from more owner-occupied homes, which also makes more sales possible.

House prices continue to rise because the demand for housing is rising faster than the supply. The housing shortage calculated by research agency ABF will increase further in the coming years, from 4.9% to 5.1% of the housing stock. This percentage is mainly based on demographic factors: According to ABF's expectations, the population is growing faster than the number of houses. Demand is also increasing further due to a number of economic factors, the most important of which is rising incomes.

Renting out homes has become less attractive in recent years due to higher transfer taxes, increased interest rates, higher wealth tax and stricter rent regulation. This is especially true for investors who bought up existing homes for rental instead of building them. Investors are therefore selling their rental properties en masse. In 2024, they sold about 24,000 homes to owner-occupiers, while they purchased 4,000 homes from owner-occupiers. On balance, about 20,000 homes went to the owner-occupied market. In 2023, that balance was still 11,000 homes, and the trend is still showing a clear acceleration. In practice, considerably more rental houses are sold, because these figures only include companies and individuals who have three or more homes. Last year, Dutch people with two homes also sold many more houses than they bought, a total of 18,000 units. The exact use of second homes cannot be determined with certainty, but research by Statistics Netherlands and the Land Registry indicates that about 70% of second homes in the Netherlands are rented out.

Due to the wave of sell-outs, there is more supply of owner-occupied homes, especially in the cheaper segments. This results in more transactions – especially of apartments. This has contributed to the recovery of the share of young home buyers in the total number of homes purchased, and this also depresses house price growth. Due to the high latent demand for owner-occupied homes – from potential first-time buyers who would like to buy a house, but have missed out in recent years – this extra supply is expected to be sold quickly.

The past year saw a strong rebound in sales, after falling to 182,000 transactions in 2023 – the lowest level since 2015. In total, more than 206,000 owner-occupied homes changed hands in 2024, over 13% more than in 2023. The Amsterdam region showed the largest increase in sales, but the number of sales also rose sharply in many other regions. There are also significant differences within COROP regions: the increase in the number of transactions is largest in urban municipalities. This is probably because in cities – where the share of rental homes is usually higher than in the more rural municipalities – there are many more houses for sale due to the sale of rental homes.

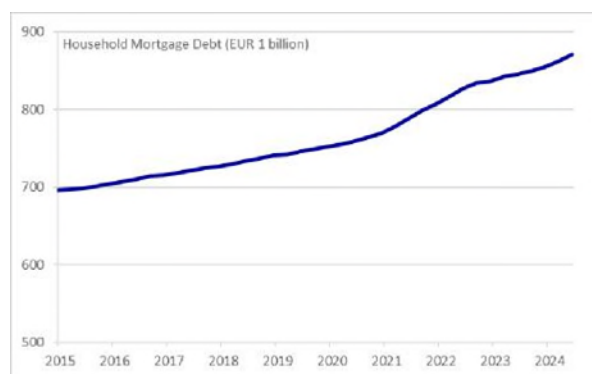

Forced sales

Compared to other jurisdictions, performance statistics of Dutch mortgage loans show relatively low arrears and loss rates³. The most important reason for default is relationship termination, although the increase in unemployment following the economic downturn post financial crisis was increasingly also a reason for payment problems. The ultimate attempt to loss recovery to a defaulted mortgage borrower is the forced sale of the underlying property.

For a long time, mortgage servicers opted to perform this forced sale by an auction process. The advantage of this auction process is the high speed of execution, but the drawback is a discount on the selling price. The Land Registry recorded 76 forced sales by auction in Q4 2024 (0.12% of total number of sales over a 12 month period).

6.5. NHG guarantee programme

NHG Guarantee

In 1960, the Dutch government introduced the ‘municipal government participation scheme’, an open ended scheme in which both the Dutch State and the municipalities guaranteed, according to a set of defined criteria, residential mortgage loans made by authorised lenders to eligible borrowers to purchase a primary family residence. The municipalities and the Dutch State shared the risk on a 50/50 basis. If a municipality was unable to meet its obligations under the municipality guarantee, the Dutch State would make an interest free loan to the municipality to cover its obligations. The aim was to promote house ownership among the lower income groups.

Since 1 January 1995 Stichting WEW, a central privatised entity, is responsible for the administration and granting of the NHG Guarantees, under a set of uniform rules. An NHG Guarantee covers the outstanding principal, accrued unpaid interest and disposal costs. Irrespective of scheduled repayments or prepayments made on the mortgage loans, an NHG Guarantee reduces on a monthly basis by an amount which is equal to the amount of the principal portion of the monthly instalment calculated as if the mortgage loan were being repaid on a thirty year annuity basis (from January 2013, all new mortgage loans should be repaid on a thirty year annuity or linear basis). On 17 June 2018 Stichting WEW introduced more lenient criteria for the granting of NHG Guarantees to citizens entitled to old-age pensions. More information on Stichting WEW and the NHG Guarantee can be found on www.nhg.nl.

Financing of Stichting WEW

Stichting WEW finances itself, *inter alia*, by a one-off charge (*borgtochtprovisie*) to the borrower calculated as a percentage over the principal amount of the loan, which is 0.60 per cent. as from 1 January 2022. As of 1 January 2023, specific conditions apply to the calculation of the one-off charge in respect of a residential property with certain long lease or discount constructions where the borrower entails a capital risk. Besides this, the NHG scheme provides for liquidity support to Stichting WEW from the Dutch State and, in respect of guarantees issued prior to 1 January 2011, from the participating municipalities. Should Stichting WEW not be able to meet its obligations under guarantees issued, the Dutch State will provide subordinated interest free loans to Stichting WEW of up to 50 per cent. and, only in respect of guarantees issued as from 1 January 2011, 100 per cent. of the difference between Stichting WEW’s own funds and a pre-determined average loss level. In respect of guarantees issued prior to 1 January 2011 the municipalities participating in the NHG scheme will provide subordinated interest free loans to Stichting WEW of the other 50 per cent. of the above mentioned difference. Both the “keep well” agreement (*achtervangovereenkomst*) between the Dutch State and Stichting WEW and the “keep well” agreements between the municipalities and Stichting WEW contain general ‘keep well’ undertakings of the Dutch State and the municipalities to enable Stichting WEW at all times (including in the event of bankruptcy (*faillissement*), suspension of payments (*surseance van betaling*) or liquidation (*ontbinding*) of Stichting WEW) to meet its obligations under guarantees issued.

The NHG Conditions

Under the NHG scheme, the lender is responsible for ensuring that the guarantee application meets the NHG Conditions. If the application qualifies, various reports are produced that are used in the processing of the application, including the form that will eventually be signed by the relevant lender and forwarded to Stichting WEW to register the mortgage and establish the guarantee. Stichting WEW has, however, no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the mortgaged property if such lender has not complied with the NHG Conditions, which were applicable at the date of origination of the mortgage loan, unless such non-payment is unreasonable towards the lender.

In respect of mortgage loans offered from 1 January 2014, the NHG Conditions stipulate that in determining the loss incurred by a lender after a private or a forced sale of the mortgaged property, an amount of 10 per cent. will be deducted from such loss and thus from the payment to be made by Stichting WEW to the lender. The lender will subsequently not be entitled to recover the remaining amount due under the mortgage loan from the borrower, unless the borrower did not act in good faith with respect to his inability to repay the mortgage loan and has failed to render his full cooperation in trying to have the mortgage loan repaid to the lender to the extent possible.

The specific terms and conditions for the granting of the NHG Guarantees, such as eligible income, purchasing or

building costs etc., are set forth in published documents that will be subject to change from time to time (available on www.nhg.nl).

The NHG scheme has specific rules for the level of credit risk that will be accepted. The credit worthiness of the applicant must be verified with the BKR.

To qualify for an NHG Guarantee various conditions relating to valuation of the property must be met. In addition, *inter alia*, the mortgage loan must be secured by a first priority mortgage right and/or a first priority right of pledge (or a second priority mortgage right and/or a second priority right of pledge in case of a further advance). Furthermore, the borrower is required to take out insurance in respect of the mortgaged property against risk of fire and storm for the full reinstatement value thereof. To the extent applicable, the borrower is also required to create a first priority right of pledge in favour of the lender on the rights of the relevant borrower against the insurance company under the relevant life insurance policy connected to the mortgage loan or to create a first priority right of pledge in favour of the lender on the proceeds of the investment funds or the balance standing to the credit of the bank savings account associated with a bank savings mortgage loan (*Spaarrekening(en) Eigen Woning*). NHG Conditions dating prior to 17 June 2018 also require a risk insurance policy which pays out upon the death of the borrower/insured for the period that the amount of the mortgage loan exceeds 80 per cent. of the value of the property for at least the amount equal to the amount of the mortgage loan that exceeds 80 per cent. of the value of the property.

The mortgage conditions applicable to each mortgage loan should include certain provisions, among which the provision that any proceeds of foreclosure on the Mortgage and the right of pledge on the life insurance policy, the investment funds or the balance standing to the credit of the bank savings account associated with a bank savings mortgage loan (*Spaarrekening(en) Eigen Woning*) shall be applied firstly towards repayment of the mortgage loan guaranteed under the NHG scheme.

Furthermore, according to the NHG Conditions interest-only mortgage loans are allowed, provided that the interest-only part does not exceed 50 per cent. of the value of the property. It is noted that as of 1 January 2013, for new loans and further advances the redemption types are limited to Annuity Mortgage Loans and Linear Mortgage Loans with a maximal term of 30 years (pursuant to NHG underwriting criteria (*Normen*) as of 1 January 2020 (*Normen 2020-1*)). Furthermore, it is noted that as of 1 January 2023, interest-only mortgage loans are not allowed if the residential property is subject to a long lease or discount arrangement and the borrower entails a capital risk.

Claiming under the NHG Guarantees

When a borrower is in arrears with payments under the mortgage loan, the property is subject to an attachment, a forced sale is threatening and/or there are calamities, the lender informs Stichting WEW of the occurrence of any such event. Stichting WEW may approach the lender and/or the borrower in order to attempt to solve the problem or to obtain the highest possible proceeds out of the enforcement of the security. If an agreement cannot be reached, the lender reviews the situation to endeavour to generate the highest possible proceeds from the property. The situation is reviewed to see whether a private sale of the property, rather than a public auction, would generate proceeds sufficient to cover the outstanding mortgage loan. Permission should be obtained from Stichting WEW for a private sale. Irrespective of its cause, a forced sale of the mortgaged property is only allowed with the prior written permission of Stichting WEW.

Within one (1) month after the receipt of proceeds in relation to the private or forced sale of the property, the lender must make a formal request to Stichting WEW for payment, using standard forms, which request must include all of the necessary documents relating to the original mortgage loan and the NHG Guarantee. After receipt of the claim and all the supporting details, Stichting WEW must make payment within two (2) months. If the payment is late, provided the request is valid, Stichting WEW must pay statutory interest (*wettelijke rente*) for the late payment period.

In the event that a borrower fails to meet its obligation to repay the mortgage loan and no payment or no full payment is made to the lender under the NHG Guarantee by Stichting WEW because of the lender's culpable negligence, the lender must act vis-à-vis the borrower as if Stichting WEW were still guaranteeing the repayment of the mortgage loan during the remainder of the term of the mortgage loan. In addition, the lender is not entitled to recover any amounts due under the mortgage loan from the borrower in such case. This is only different if the borrower did not act in good faith with respect to his inability to repay the mortgage loan and has failed to render his full cooperation in trying to have the mortgage loan repaid to the lender to the extent possible.

Woonlastenfaciliteit

Furthermore, the NHG Conditions contain provisions pursuant to which a borrower who is in arrears with payments under the existing mortgage loan may have the right to request the lender for a so-called *woonlastenfaciliteit* as provided for in the NHG Conditions. The aim of the *woonlastenfaciliteit* is to avoid a forced sale by means of a bridging facility (*overbruggingsfaciliteit*) to be granted by the relevant lender. The bridging facility is guaranteed by Stichting WEW. The relevant borrower needs to meet certain conditions, including, *inter alia*, the fact that the payment arrears are caused by a divorce, unemployment, disability or death of the partner.

Changes to the NHG underwriting criteria (*Normen*) as of 1 June 2020 (*Normen 2020-2*)

On 31 March 2020, the new NHG underwriting criteria were published, which entered into force on 1 June 2020. In these new NHG underwriting criteria changes have been made in order for the NHG Guarantee to meet the requirements for a guarantee to qualify as eligible credit protection for banks under the CRR. In particular, the ability to receive an advance payment of the expected loss is introduced. Lenders can make use of this option immediately after publication, both for existing and new loans with an NHG Guarantee.

Under the new underwriting criteria, as stated above, Stichting WEW will offer lenders the opportunity to receive an advance payment of expected loss, subject to certain conditions being met, including foreclosure procedures not having been completed 21 months after default of the NHG mortgage loan (the “**NHG Advance Right**”).

The NHG Advance Right is a separate right and it is not part of the associated NHG Guarantee. Unlike the rights under the NHG Guarantee, the NHG Advance Right does not automatically transfer upon the transfer of the mortgage receivable. If a mortgage receivable has been transferred to a third party (including in the context of special purpose vehicle transactions), the NHG Advance Right may be transferred simultaneously or at a later moment in time, for example when the transferee wishes to exercise the NHG Advance Right. This transfer is necessary if the transferee of the mortgage receivable wants to make use of this NHG Advance Right. However, if the transferee does not wish to exercise the NHG Advance Right, no transfer is necessary. After a transfer of the Mortgage Receivable, the transferor can no longer exercise the NHG Advance Right, regardless of whether the NHG Advance Right is transferred to the transferee. This prevents the NHG Advance Right payment being made to a party other than the transferee of the mortgage receivable. However, at the request of the transferee the transferor can on its behalf exercise the right to an NHG Advance Right.

The underwriting criteria include a repayment obligation by the person that exercises the NHG Advance Right in case the payment exceeded the amount payable by Stichting WEW under the associated NHG Guarantee as actual loss eligible for compensation. This would for example be the case if the proceeds of the enforcement were higher than estimated, but also if the borrower in arrears resumes payment under the Mortgage Loan. In case the Servicer (on behalf of the Issuer) exercises its NHG Advance Right, it may subsequently be legally obliged to repay an amount to Stichting WEW if, and to the extent, the amount received under the NHG Advance Right exceeds the amount payable at such time by Stichting WEW under the NHG Guarantee.

NHG conditions and norms as of 1 January 2025 (*Voorwaarden en Normen 2025-1*)

On 1 November 2024, new NHG conditions and norms were published, which entered into force on 1 January 2025. With respect to a borrower, the underwriting criteria include, but are not limited to, the following:

- (a) the lender must perform a BKR check. Only under certain circumstances are registrations allowed;
- (b) as a valid source of income the following qualifies: (i) indefinite contract of employment, (ii) temporary contract of employment, provided that (a) the employer states that the employee will be provided an indefinite contract of employment in case of equal performance of the employee and equal business circumstances or (b) there is a labour market scan (*Arbeidsmarktscan*) not older than six (6) months on the date of the binding offer of a mortgage loan and drafted by an expert which is approved by Stichting WEW, and (iii) a three (3) year history of income statements for workers with flexible working arrangements or during a probation period (*proeftijd*);
- (c) self-employed persons need to provide an income statement (*Inkomensverklaring Ondernemer*) which is approved by Stichting WEW. This income statement may not be older than six (6) months on the date of the binding offer of a mortgage loan; and
- (d) the maximum loan based on the income of the borrowers is based on the *'financieringslast*

acceptatiecriteria' tables and an annuity style redemption (even if the actual loan is (partially) interest only). The mortgage lender shall calculate the borrowing capacity of a borrower of a mortgage loan with a fixed interest term of less than ten (10) years on the basis of a percentage determined and published by the AFM, or, in case of a mortgage loan with a fixed interest term of ten (10) years or longer or if the mortgage loan is redeemed within the fixed interest term of less than ten (10) years, on the basis of the binding offer.

With respect to the mortgage loan, the underwriting criteria include, but are not limited to, the following:

- (a) as of 1 January 2013, for new loans and further advances the redemption types are limited to Annuity Mortgage Loans and Linear Mortgage Loans with a maximal term of 30 years;
- (b) as of 1 January 2019, the maximum amount of the mortgage loan is dependent on the average house price level in the Netherlands (based on the information available from the Land Registry (*Kadaster*)) multiplied with the statutory loan to value, which is 100 per cent. if there are no energy saving improvements and 106 per cent. if there are energy saving improvements. As a consequence, there are two maximum loan amounts:
 - a. EUR 450,000 for loans without energy saving improvements (as of 1 January 2025); and
 - b. EUR 477,000 for loans with energy saving improvements (as of 1 January 2025).

The loan amount is also limited by the amount of income and the market value of the property. With respect to the latter:

- (a) for the purchase of existing properties, the loan amount is broadly based on the sum of (i) the lower of the purchase price and the market value based on a valuation report, (ii) the costs of improvements and (iii) an amount up to 6 per cent. of the amount under (i) plus (ii). In case an existing property can be bought without paying transfer taxes (*vrij op naam*), the purchase amount under (i) is multiplied by 97 per cent.;
- (b) for the purchase of new-build properties, the maximum loan amount is broadly based on the sum of (i) the purchase price and/or construction costs, increased with a number of costs such as interest and loss of interest during the construction period (to the extent not already included in the purchase price or construction costs) and (ii) an amount up to 6 per cent. of the amount under (i) in case of energy saving improvements.

The one-off charge to the borrower of 0.60 per cent. (as of 1 January 2022) of the principal amount of the mortgage loan at origination has been reduced to 0.40 per cent. as of 1 January 2025. Since 1 January 2023, in respect of a residential property with a long lease (*erfpacht*) or discount arrangement (*kortingsconstructie*) with a capital risk (*vermogensrisico*) for the borrower, the one-off charge must be calculated over the loan plus the value of the bare ownership or the discount portion. This norm is not applicable to traditional long lease arrangements.

7. PORTFOLIO DOCUMENTATION

7.1. Purchase, Repurchase and Sale

Under the Mortgage Receivables Purchase Agreement, the Issuer will on the Closing Date purchase and accept the assignment of the Mortgage Receivables from the Seller by means of a registered deed of assignment and pledge as a result of which legal title to the Mortgage Receivables is transferred to the Issuer. In addition, the NHG Advance Rights will be assigned by the Seller to the Issuer. The assignment of the Mortgage Receivables and the NHG Advance Rights from the Seller to the Issuer will not be notified to the Borrowers or Stichting WEW, except that notification of the assignment of the Mortgage Receivables may be made upon the occurrence of any of the Assignment Notification Events (see paragraph *Assignment Notification Events* below). Until such notification the Borrowers will only be entitled to validly pay (*bevrijdend betalen*) to the Seller. The Issuer will be entitled to all proceeds in respect of the Mortgage Receivables from and including the relevant Cut-Off Date.

Purchase Price

The purchase price for the Mortgage Receivables shall consist of the Initial Purchase Price and the Deferred Purchase Price. The Initial Purchase Price payable by the Issuer for the Mortgage Receivables assigned to it on the Closing Date will be euro 797,901,003.02. Of the Initial Purchase Price, an amount equal to the Aggregate Construction Deposit Amount, being euro 2,744,892.21 will be withheld by the Issuer and will be deposited in the Construction Deposit Account.

The Initial Purchase Price for any Substitute Receivable or Further Advance Receivable purchased after the Initial Cut-Off Date will be equal to its Outstanding Principal Amount on the first Business Day of the calendar month wherein the relevant Substitute Receivable or Further Advance Receivable is purchased and an amount corresponding to the Aggregate Construction Deposit Amount on the Additional Cut-Off Date in relation to the Substitute Receivables and/or Further Advance Receivables so purchased by the Issuer on such Notes Payment Date will be credited to the Construction Deposit Account.

The Deferred Purchase Price is equal to the sum of all Deferred Purchase Price Instalments after application of the relevant available amounts in accordance with the relevant Priority of Payments (see section 5 (*Credit Structure*) above).

Repurchase of Mortgage Receivables

General

In the Mortgage Receivables Purchase Agreement, the Seller has undertaken to repurchase and accept re-assignment of a Mortgage Receivable in the events listed below. In addition, the Seller shall accept re-assignment of the NHG Advance Rights relating to such Mortgage Receivables. The securitisation transaction does not provide for a revolving period.

The Seller shall repurchase and accept re-assignment of the relevant Mortgage Receivable for a price equal to: (i) the then Outstanding Principal Amount of such Mortgage Receivable together with interest accrued up to but excluding the last day of the relevant Mortgage Calculation Period before the Repurchase Date; and (ii) reasonable costs (including any costs incurred by the Issuer in effecting and completing such repurchase and re-assignment).

Repurchase in the case of breach of representations and warranties

If at any time after the Closing Date any of the representations and warranties relating to a Mortgage Loan or a Mortgage Receivable proves to have been untrue or incorrect in any material respect in the relevant Mortgage Calculation Period, the Seller shall within thirty (30) calendar days of having knowledge of such breach or receipt of written notice thereof from the Issuer or the Security Trustee remedy the matter giving rise thereto and if such matter is not capable of being remedied or is not remedied within the aforementioned period of thirty (30) calendar days, the Seller shall on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period or such earlier date as practically possible repurchase and accept re-assignment of such Mortgage Receivable.

Repurchase in the case of Other Claims (other than Further Advances)

The Seller shall repurchase and accept re-assignment of any Mortgage Receivable on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period in which the Seller has obtained any Other Claim(s) *vis-à-vis* any Borrower (other than resulting from a Further Advance in respect of such Mortgage Receivable) in such Mortgage Calculation Period.

Repurchase in the case of further advances only

The Seller shall repurchase and accept re-assignment of any Mortgage Receivable on the Notes Payment Date immediately following the relevant Notes Calculation Period in which the Seller has obtained any Other Claim(s) *vis-à-vis* any Borrower resulting from a further advance in respect of such Mortgage Receivable in such Notes Calculation Period, if and to the extent that such further advance receivables will not be purchased by the Issuer on such Notes Payment Date.

Repurchase in the case of Amendment of Terms

The Seller shall also undertake to repurchase and accept re-assignment of a Mortgage Receivable on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period in which the Seller agrees with a Borrower to an amendment of the terms of the Mortgage Loan, as a result of which such Mortgage Loan no longer complies with the Mortgage Loan Criteria (as set out below in section 7.3 (*Mortgage Loan Criteria*)) or meets the representations and warranties set out in the Mortgage Receivables Purchase Agreement (as set out below in section 7.2 (*Representations and Warranties*)) (a "**Mortgage Loan Amendment**") in such Mortgage Calculation Period, unless such amendment is made as part of the enforcement procedures to be complied with upon a default by the Borrower under the relevant Mortgage Loan or is otherwise made as part of a restructuring or renegotiation of the relevant Mortgage Loan due to a deterioration of the credit quality of the Borrower of such Mortgage Loan on the immediately succeeding Mortgage Collection Payment Date.

Repurchase in the case of breach of NHG Conditions

If during the relevant Mortgage Calculation Period: (a) prior to foreclosure the relevant Mortgage Loan no longer has the benefit of the NHG Guarantee; or (b) following foreclosure of the relevant Mortgage Loan, the amount actually reimbursed under the NHG Guarantee is lower than the amount claimable had the terms of the NHG Guarantee been met, each time as a result of action taken or omitted to be taken by the Seller or the Servicer, the Seller shall also repurchase and accept re-assignment of such Mortgage Receivable on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period in which the Seller or the Servicer has become aware or has been notified thereof. In addition, the Seller shall repurchase and accept re-assignment of any Mortgage Receivable on the Mortgage Collection Payment Date immediately following the date on which the Seller has notified the Issuer that, while it is entitled to make a claim under the NHG Guarantee, it will not make such claim.

Repurchase in the case of Post-FORD Mortgage Interest Rate Policy

The Seller will use its best efforts, subject to applicable laws and regulations, including, without limitation, principles of reasonableness and fairness, to ensure that the interest rates of each Mortgage Receivable that has a reset date from and including the First Optional Redemption Date will be reset at the Post-FORD Mortgage Interest Rate.

If from and including the First Optional Redemption Date during the relevant Mortgage Calculation Period, the interest rate of a Mortgage Receivable that has a reset date from and including the First Optional Redemption Date has been reset by or on behalf of the Seller, as the case may be, at a rate lower than the Post-FORD Mortgage Interest Rate, the Seller shall undertake to repurchase and accept re-assignment of such entire Mortgage Receivable on the Mortgage Collection Payment Date immediately following the relevant Mortgage Calculation Period in which such interest rate has been reset.

Repurchase in the case of Potential Set-Off

The Seller may repurchase and accept re-assignment of any Mortgage Receivables on the Mortgage Collection Payment Date, if on such Mortgage Collection Payment Date, the aggregate Potential Set-Off Amount related to the Mortgage Receivables is higher than 0.36 per cent. of the aggregate Outstanding Principal Amount of all Mortgage Receivables, of only (but not more than) such number of Mortgage Receivables having the highest Potential Set-Off Amount connected to it as selected by the Seller, as a result of which, following such repurchase, the aggregate Potential Set-Off Amount related to the Mortgage Receivables will be lower than or equal to 0.36 per cent. of the aggregate Outstanding Principal Amount of all Mortgage Receivables.

Sale of Mortgage Receivables

Other than a sale and assignment of Mortgage Receivables on an Optional Redemption Date (as described in the paragraph titled *Sale of Mortgage Receivables on an Optional Redemption Date* below), the Issuer may not dispose of any Mortgage Receivables, except to comply with its obligations under the Notes in certain circumstances as further provided in the Trust Agreement and in connection with a repurchase obligation of the Seller as provided in the Mortgage Receivables Purchase Agreement. If the Issuer decides to offer for sale (part of) the Mortgage Receivables, it will first offer such Mortgage Receivables to the Seller. The Seller shall within a period of fifteen (15) Business Days of such offer inform the Issuer whether it wishes to repurchase the Mortgage Receivables. After such fifteen (15) Business Day period, the Issuer may offer such Mortgage Receivables for sale to any third party. If the Seller informs the Issuer within such fifteen (15) Business Day period that it wishes to purchase the Mortgage Receivables, the Seller shall repurchase and accept re-assignment of and the Issuer shall sell and re-assign the relevant Mortgage Receivables to the Seller.

Sale of Mortgage Receivables on an Optional Redemption Date

The Issuer may only sell and assign all but not some only of the Mortgage Receivables provided that in accordance with Condition 6(e) (*Redemption - Optional Redemption*): (x) until and including the Optional Redemption Date falling in October 2031 the purchase price of such Mortgage Receivables is sufficient, taking into account the Reserve Fund, to redeem the Mortgage-Backed Notes at their Principal Amount Outstanding and, in the case of the Class A Notes, any unpaid interest and unpaid Class A Excess Consideration thereon and in respect of the Class B Notes, subject to Condition 9(a) (*Subordination and Limited Recourse - Principal*) and if the Mortgage Receivables are repurchased by the Seller, any costs incurred by the Issuer in effecting and completing such sale and assignment, if any; and (y), from and including the Optional Redemption Date falling in January 2032 and on each Optional Redemption Date thereafter, the Issuer may sell the Mortgage Receivables for: (i) a price below their Outstanding Principal Amount (but always sufficient to redeem the Class A Notes in full and any unpaid interest and unpaid Class A Excess Consideration thereon, taking into account the Reserve Fund) and will apply such proceeds to redeem the Mortgage-Backed Notes subject to and in accordance with Condition 6(e) (*Redemption - Optional Redemption*); or (ii) such lower purchase price as acceptable to the Class A Noteholders and sanctioned in a Meeting of Class A Noteholders.

Any Reserve Fund may be applied by the Issuer to compensate the Class A Noteholders in accordance with the Redemption Priority of Payments on a *pro rata* and *pari passu* basis for any difference between: (i) the Principal Amount Outstanding plus accrued interest due, costs, accrued Class A Excess Consideration due and any shortfall reflected in any Class A Excess Consideration Deficiency Ledger; and (ii) the lower purchase price as sanctioned by a Meeting of Class A Noteholders.

Sale of Mortgage Receivables as result of the Clean-up Call Option

On each Notes Payment Date, the Seller may exercise the Clean-up Call Option. The Issuer has undertaken in the Mortgage Receivables Purchase Agreement to sell and assign the Mortgage Receivables to the Seller or any third party appointed by the Seller in its sole discretion, in the event of the exercise of the Clean-up Call Option. The purchase price of the Mortgage Receivables will be calculated as described under (x) in the paragraph *Sale of Mortgage Receivables on an Optional Redemption Date* above.

Sale of Mortgage Receivables as result of the Regulatory Call Option

On each Notes Payment Date following the occurrence of a "Regulatory Change", the Seller has the option but not the obligation to repurchase the Mortgage Receivables (the "**Regulatory Call Option**"). A "**Regulatory Change**" means a change which: (a) is published on or after the Closing Date in: (i) the Basel Capital Accord promulgated by the Basel Committee on Banking Supervision (the "**Basel Accord**"); or (ii) the international, European or Belgian regulations, rules and instructions (which includes rules on solvency requirements) (the "**Bank Regulations**") applicable to the Seller (including any change in the Bank Regulations enacted for purposes of implementing a change to the Basel Accord); or (iii) the manner in which the Basel Accord, Basel II Accord, Basel III or such Bank Regulations are interpreted or applied by the Basel Committee on Banking Supervision or by any relevant competent international, European or national body (including any relevant international central bank, the ECB or the NBB or other competent regulatory or supervisory authority); and (b) in the opinion of the Seller, has the effect of adversely affecting the rate of return on capital of the Seller or increasing the cost or reducing the benefit to the Seller with respect to the transaction contemplated by the Notes.

The Issuer has undertaken in the Mortgage Receivables Purchase Agreement to sell and assign the Mortgage Receivables to the Seller or any third party appointed by the Seller at its sole discretion, if the Seller exercises the Regulatory Call Option. The purchase price of the Mortgage Receivables will be calculated as described under (x) in the paragraph *Sale of Mortgage Receivables on an Optional Redemption Date* above. If the Seller exercises its Regulatory Call Option, then the Issuer will redeem the Mortgage-Backed Notes by applying the proceeds of the sale of the Mortgage Receivables towards redemption of the Mortgage-Backed Notes in accordance with Condition 6(b) (*Redemption - Mandatory Redemption of the Mortgage-Backed Notes*).

Sale of Mortgage Receivables as result of a Tax Change

On each Notes Payment Date, the Seller has the option but not the obligation to repurchase the Mortgage Receivables upon the occurrence of a Tax Change. The purchase price of the Mortgage Receivables will be calculated as described under (x) in the paragraph *Sale of Mortgage Receivables on an Optional Redemption Date* above.

Assignment Notification Events

If:

- (a) a default is made by the Seller in the payment on the due date of any amount due and payable by the Seller under the Mortgage Receivables Purchase Agreement or under any Transaction Document to which it is a party and such failure is not remedied within five (5) Business Days after the Seller having knowledge of such failure or notice thereof has been given by the Issuer or the Security Trustee to the Seller;
- (b) the Seller fails duly to perform or comply with any of its material obligations under the Mortgage Receivables Purchase Agreement or under any Transaction Document to which it is a party and, if such failure is capable of being remedied, such failure is not remedied within five (5) business days after the Seller having knowledge of such failure or notice thereof has been given by the Issuer or the Security Trustee to the Seller;
- (c) any representation, warranty or statement made or deemed to be made by the Seller in the Mortgage Receivables Purchase Agreement, other than those relating to the Mortgage Loans and the Mortgage Receivables (which the Seller consequently repurchases), or under any of the Transaction Documents to which the Seller is a party or in any notice or other document, certificate or statement delivered by it pursuant thereto proves to have been, and continues to be after the expiration of any applicable grace period provided for in any Transaction Document, untrue or incorrect in any material respect;
- (d) the Seller has taken any corporate action or other steps are taken or legal proceedings are started or threatened against it for its dissolution or its liquidation (whether voluntary or judicial), for its annulment of a legal entity or any of its assets are placed under custody pursuant to such proceedings by the relevant court or it is involved in a legal merger or demerger, a contribution or transfer of universality or of a branch of activity (*inbreng of overdracht van een algemeenheid of van een bedrijfstak*) or being converted into a

foreign entity (*conversie*) or a judicial director (*gerechtelijk bestuurder*), special commissioner (*speciaal commissaris*), temporary administrator (*voorlopige bewindvoerder*) sequestrator, (*sekwester*) or similar officer (including a special administrator (*speciaal commissaris*) is appointed over it or of any substantial part or all of its revenues and assets;

- (e) the Seller has taken any corporate action or any steps have been taken or legal proceedings have been instituted or threatened against it for the Seller entering into bankruptcy (*faillissement*) or for the adoption of reorganisation measures in Belgium (*saneringsmaatregelen / mesures d'assainissement*) (as defined in the Belgian Banking Act) or to the opening of winding-up proceedings in Belgium (*faillissementsprocedure*) or for any analogous insolvency proceedings under any applicable law for the appointment of a receiver or a similar officer of it or of any or all of its assets;
- (f) at any time, it becomes unlawful for the Seller to perform all or a material part of its obligations under any of the Transaction Documents;
- (g) the Seller has given materially incorrect information or not given material information which was essential for the Issuer and the Security Trustee in connection with the entering into the Mortgage Receivables Purchase Agreement and/or any of the other Transaction Documents;
- (h) a Pledge Notification Event occurs;
- (i) the Collection Foundation has been declared bankrupt (*failliet verklaard*) or been subjected to suspension of payments (*surseance van betaling*) or analogous insolvency procedures under any applicable law; or
- (j) the Seller fails to comply with the regulatory capital requirements as set out in the Belgian Banking Act applicable to the Seller and, if such failure is capable of being remedied, such failure is not remedied within 5 business days after the Seller having knowledge of such failure or notice thereof has been given by the Issuer or the Security Trustee to the Seller,

then the Seller shall notify or ensure that: (i) the relevant Borrowers; (ii) Stichting WEW; and (iii) any other relevant parties indicated by the Issuer and/or the Security Trustee are notified of the assignment of the Mortgage Receivables and any NHG Advance Rights relating thereto to the Issuer, unless the Security Trustee instructs it otherwise. At the option of the Issuer, the Issuer is entitled to make such notifications itself. The Security Trustee may instruct the Seller and/or the Issuer not to notify such parties provided that: (i) it has notified the Credit Rating Agencies; and (ii) in its reasonable opinion it does not expect that the then current ratings assigned to the Class A Notes, will be adversely affected as a result of not giving notice as described above.

If before the Repurchase Date the assignment to the Issuer of the Mortgage Receivable by the Seller has been notified to the relevant Borrower and, as the case may be, has been entered into the Land Registry (*Kadaster*), then the Seller shall notify the relevant Borrower of the re-assignment of the Mortgage Receivable and, as the case may be, make the appropriate entries in the Land Registry (*Kadaster*) with regard to the re-assignment of the Mortgage Receivable. All costs relating to such notifications and entries will be for the account of the Seller.

Purchase of Further Advance Receivables and Substitute Receivables

Further Advance Receivables

The Mortgage Receivables Purchase Agreement provides that as from the Closing Date up to but excluding the First Optional Redemption Date, the Issuer shall use the Available Principal Funds to purchase and accept assignment of any Further Advance Receivables resulting from Further Advances granted by the Seller to a Borrower relating to a Mortgage Loan in accordance with the underwriting criteria and procedures prevailing at that time and which may be expected from a reasonably prudent mortgage lender in the Netherlands. The Initial Purchase Price payable by the Issuer in respect of the purchase and assignment of any Further Advance Receivables is equal to the aggregate Outstanding Principal Amount of such Further Advance Receivables on the first Business Day of the calendar month wherein the relevant Further Advance Receivables are purchased.

The purchase by the Issuer of any Further Advance Receivables will be subject to the Additional Purchase Conditions and provided it has sufficient funds available for payment of the Initial Purchase Price. If either: (i) any of the representations and warranties set out in the Mortgage Receivables Purchase Agreement in respect of the Mortgage Loan and the Mortgage Receivables is not true or correct with respect to the Further Advance Receivables; or (ii) the Further Advance Receivables do not meet the above conditions and the Additional Purchase Conditions; or (iii) the Issuer does not have sufficient funds available for payment of the purchase price for the Further Advance Receivables; or (iv) the Further Advance is granted on or following the Notes Payment Date immediately preceding the First Optional Redemption Date, the Seller shall repurchase and accept the re-assignment of all Mortgage Receivables resulting from the Mortgage Loan in respect of which a Further Advance is granted.

When Further Advances are granted to the relevant Borrower and the Issuer purchases and accepts assignment of the relevant Further Advance Receivable, the Issuer will at the same time create a right of pledge on such Further Advance Receivable and the NHG Advance Rights relating thereto in favour of the Security Trustee.

Substitute Receivables

The Mortgage Receivables Purchase Agreement provides that on each Notes Payment Date up to but excluding the First Optional Redemption Date, the Issuer shall apply the Available Principal Funds up to an amount not exceeding the Substitute Available Amount to purchase and accept assignment of any Substitute Receivables, to the extent offered by the Seller. The Initial Purchase Price payable by the Issuer in respect of the purchase and assignment of any Substitute Receivables is equal to the aggregate Outstanding Principal Amount of such Substitute Receivables on the first Business Day of the calendar month wherein the relevant Substitute Receivables are purchased.

The purchase by the Issuer of any Substitute Receivables will be subject to the Additional Purchase Conditions.

When the Issuer purchases and accepts assignment of the relevant Substitute Receivable, the Issuer will at the same time create a first ranking right of pledge on such Substitute Receivable and the NHG Advance Rights relating thereto in favour of the Security Trustee.

7.2. Representations and Warranties

The Seller will represent and warrant to the Issuer and the Security Trustee: (i) on the Signing Date and on the Closing Date with respect to the Mortgage Receivables and the Mortgage Loans relating thereto sold and assigned or to be sold and assigned by it to the Issuer on the Closing Date; and (ii) on the relevant Notes Payment Date on which Further Advance Receivables or Substitute Receivables are sold and assigned by it to the Issuer in respect of such Further Advance Receivables and Substitute Receivables, that, *inter alia*:

1. the Mortgage Receivables are validly existing;
2. it has, at the time of the sale and assignment to the Issuer, full right and title (*titel*) to the Mortgage Receivables and the NHG Advance Rights relating thereto and the power to sell and assign (*beschikkingsbevoegdheid*) the Mortgage Receivables and the NHG Advance Rights relating thereto and no restrictions apply to the sale and transfer of the Mortgage Receivables and the NHG Advance Rights relating thereto;
3. the Mortgage Receivables and the NHG Advance Rights relating thereto are, at the time of the sale and assignment to the Issuer, free and clear of any encumbrances and attachments (*beslagen*) and, to the best of its knowledge, not in a condition that can be foreseen to adversely affect the enforceability of the assignment and no option to acquire the Mortgage Receivables has been granted by it in favour of any third party with regard to the Mortgage Receivables other than pursuant to the Transaction Documents;
4. the particulars as set forth in the list of loans attached to the relevant Deed of Assignment and Pledge are correct and complete in all material respects;
5. each of the Mortgage Loans meets the Mortgage Loan Criteria (to the extent applicable) and, if it concerns a Further Advance Receivable or Substitute Receivable, also the Additional Purchase Conditions (to the extent applicable);

6. it has not been notified and is not aware of anything affecting its title to the Mortgage Receivables at the time of the sale and assignment to the Issuer;
7. each Mortgage Receivable is: (i) secured by a first-ranking Mortgage (*eerste recht van hypotheek*) or, in the case of Mortgage Loans (including any Further Advance, as the case may be) secured on the same Mortgaged Asset, first and sequentially lower ranking Mortgages over real estate (*onroerende zaak*), an apartment right (*appartementsrecht*) or a long lease (*erfpachtsrecht*) situated in the Netherlands; and (ii) governed by Dutch law;
8. upon creation of each Mortgage securing the relevant Mortgage Loan, the Mortgage Conditions contained a provision to the effect that, upon assignment or pledge of the Mortgage Receivables resulting from such Mortgage Loan, in whole or in part, the Mortgage will *pro rata* follow such Mortgage Receivables as an ancillary right;
9. each Mortgage Receivable, and each Mortgage and Borrower Pledge, if any, securing such receivable, constitutes legal, valid, binding and enforceable obligations of the Borrower and with full recourse to such Borrower or, where applicable, a guarantor, which are not subject to annulment (*vernietiging*), subject, as to enforceability, to any applicable bankruptcy laws or similar laws affecting the rights of creditors generally;
10. all Mortgages and rights of pledge granted to secure the Mortgage Receivables: (i) constitute valid mortgage rights (*hypotheekrechten*) and rights of pledge (*pandrechten*), respectively on the Mortgaged Assets and the assets which are identified to be the subject of the rights of pledge and, to the extent relating to the mortgage rights, have been entered into the appropriate public register; (ii) have first priority or are first and sequentially lower priority Mortgages; and (iii) were vested for a principal sum which is at least equal to the principal sum of the Mortgage Loan when originated, increased with an amount customary for a prudent lender of Dutch mortgage loans from time to time in respect of interest, penalties and costs;
11. each Mortgage Loan was originated by the Originator in its ordinary course of business;
12. each of the Mortgage Loans has been granted in accordance with all applicable legal requirements prevailing at the time of origination, including those for the assessment of the Borrower's creditworthiness in all material respects and meets the Code of Conduct and the Originator's underwriting policy and procedures prevailing at that time and which are no less stringent than the underwriting policy and procedures applied by the Seller at the time of origination to similar Mortgage Loans that are not securitised (if any) and is subject to terms and conditions customary in the Dutch mortgage market at the time of origination and not materially different from the terms and conditions as may reasonably be expected from a prudent lender of Dutch residential mortgage loans;
13. the assessment of each Borrower's creditworthiness was done in accordance with the Seller's underwriting criteria and meets the relevant requirements of Directive 2014/17/EC. The requirements of Directive 2008/48/EC are not applicable to the Mortgage Loans;
14. the Seller has no Other Claim (which, for the avoidance of doubt, excludes Further Advances) against the Borrower which is secured by the same Mortgage;
15. it has undertaken all reasonable efforts to: (i) comply, and procure that each of its Intermediaries complies in all material respects, with its duty of care (*zorgplicht*) *vis-à-vis* the Borrowers applicable under Dutch law to, *inter alios*, offerors of mortgage loans, including but not limited to, *inter alia*, an investigation to the risk profile of the customer and the appropriateness of the product offered in relation to such risk profile (*risicoprofiel*); and (ii) provide, and procure that each of its Intermediaries provide, each Borrower with accurate, complete and non-misleading information about the relevant Mortgage Loan and the risks, including particularities of the product, involved;
16. the Mortgage Conditions do not violate any applicable laws, rules or regulations;

17. the Seller only pays out monies under a Construction Deposit to or on behalf of a Borrower after having received relevant receipt by the relevant Borrower relating to the construction;
18. each Mortgaged Asset was valued by an independent qualified valuer or surveyor (including Calcasa) when the application for the relevant Mortgage Loan was made and no such valuations were older than six (6) months on the date of such mortgage application by the relevant Borrower, except that no such valuation is required if the relevant Mortgage Loan is secured by a Mortgage on newly built properties (other than constructions under the Borrower's own management (*onder eigen beheer*)) and no re-valuation of the relevant Mortgaged Asset nor an increase or other amendment of the relevant Mortgage Loan requiring a re-valuation of the relevant Mortgaged Asset has taken place;
19. as at the relevant Cut-Off Date, to the best of the Seller's knowledge, no Borrower is in material breach of or unlikely to pay any obligation owed in respect of such Mortgage Loan, if applicable, and no steps have been taken by the Originator/Seller to enforce any Mortgage as a result of such breach;
20. each Mortgage Loan was granted by the Originator to a private individual only;
21. the loan files relating to the Mortgage Loans, which include a scanned version of authenticated copies (*afschriften*) of the notarial mortgage deeds, are kept by Argenta in its capacity as Servicer (or by Quion, in its capacity as Sub-MPT Provider, as the case may be);
22. each Mortgage Loan constitutes the entire loan granted to the relevant Borrower that is secured by the same Mortgage or, as the case may be, if a Further Advance is granted by first and sequentially lower ranking Mortgages on the same Mortgaged Asset and not merely one or more loan parts (*leningdelen*);
23. the Mortgage Conditions provide that each of the assets on which a Mortgage has been vested to secure the Mortgage Receivable should, at the time of origination of the relevant Mortgage Loan, have the benefit of buildings insurance (*opstalverzekering*) satisfactory to the Seller;
24. payments made under the Mortgage Receivables are not subject to Dutch withholding tax in the Netherlands;
25. no Mortgage Loan agreement contains confidentiality provisions which restrict a purchaser's exercise of its rights as (new) owner of the Mortgage Loan;
26. to the best of its knowledge, as at the Initial Cut-Off Date, no Mortgage Loan agreement has been subject to any variation, amendment, modification, waiver or exclusion of time of any kind which in any material way adversely affects its terms or its enforceability or collectability;
27. with respect to the Mortgage Receivables secured by a mortgage right on a long lease (*erfpachtsrecht*), the Mortgage Loan: (a) has a maturity that is equal to or shorter than the term of the long lease and/or, if the maturity date of the Mortgage Loan falls after the maturity date of the long lease, the acceptance conditions used by the Originator provide that certain provisions should be met; and (b) becomes due if the long lease terminates for whatever reason;
28. each receivable under a Mortgage Loan which is secured by the same Mortgage as the Mortgage Receivable is sold and assigned to the Issuer pursuant to the Mortgage Receivables Purchase Agreement;
29. the aggregate Outstanding Principal Amounts of all Mortgage Receivables as at the Initial Cut-Off Date is equal to EUR 797,901,003.02;
30. the Mortgage Loans do not include self-certified mortgage loans and do not include equity-release mortgage loans where Borrowers have monetised their properties for either a sum of cash or regular periodic income;
31. as at the relevant Cut-Off Date, the Mortgage Receivable is not in default within the meaning of Article 178(1) of the CRR and the relevant Borrower is not a credit-impaired obligor or guarantor who, to the best of its knowledge, has been declared insolvent or had a court grant his creditors a final non-appealable right

of enforcement or material damages as a result of a missed payment within three years prior to the date of origination or has undergone a debt-restructuring process with regard to his non-performing exposures within three years prior to the Closing Date, or in respect of a Further Advance Receivable or a Substitute Receivable, the relevant Notes Payment Date, or has a credit assessment or a credit score indicating that the risk of contractually agreed payments not being made is significantly higher than for comparable mortgage receivables originated by it which are not sold and assigned to the Issuer under the Mortgage Receivables Purchase Agreement, within the meaning of Article 20(11) of the EU Securitisation Regulation;

32. as at the time of origination: (i) the relevant Borrower did either not have a record of any negative registration with the BKR; or (ii) the Seller received confirmation that such registration was onerous and has been removed from the BKR register prior to the origination of the relevant Mortgage Loan;
33. interest payments in respect of the Mortgage Receivables by the Borrowers are executed by way of direct debit procedures;
34. as at the Initial Cut-Off Date, the number of Borrowers is not less than 1,000;
35. none of the Mortgage Loans qualifies as a savings mortgage loan (*spaarhypotheek*) or a bank savings mortgage loan (*bankspaarhypotheek*);
36. in respect of each NHG Mortgage Loan or NHG Mortgage Loan Part: (i) it is granted for the full amount of the relevant NHG Mortgage Loan or relevant Loan Part, provided that in respect of NHG Mortgage Loans offered from 1 January 2014, in determining the loss incurred after foreclosure of the relevant mortgaged property, an amount of 10 per cent. will be deducted from such loss in accordance with the NHG Conditions and excluding, in general, a Further Advance, at origination and constitutes legal, valid and binding obligations of Stichting WEW, enforceable in accordance with their terms; (ii) it was in compliance with all terms and conditions (*voorwaarden en normen*) applicable to it at the time of origination of the relevant Mortgage Loans or relevant Loan Part; and (iii) the Seller has not done anything or omitted to do anything which could compromise the enforceability of its claim, nor is the Seller aware of any reason why any claim under any NHG Guarantee granted by Stichting WEW in respect of the relevant Mortgage Loan or relevant Loan Part should not be met in full and in a timely manner (subject to any set-off against prior payments in respect of an NHG Advance Right);
37. the Mortgage Receivables do neither qualify as transferable securities as defined in MiFID II nor as securitisation positions within the meaning of Article 20(9) of the EU Securitisation Regulation; and
38. no Mortgage Loan was marketed and underwritten on the premise that the Borrower or, where applicable, the Intermediary, was made aware that the information provided might not be verified by the Originator.

7.3. Mortgage Loan Criteria

Each of the Mortgage Loans will meet the following Mortgage Loan Criteria:

- (a) the Mortgage Loans are in the form of:
 - (i) linear mortgage loans (*lineaire hypotheken*);
 - (ii) interest-only mortgage loans (*aflossingsvrije hypotheken*); and
 - (iii) annuity mortgage loans (*annuïteitenhypotheken*);
- (b) the Borrower is: (i) an individual (*natuurlijk persoon*); (ii) at the relevant Cut-Off Date, not an employee of the Seller or of any other company belonging to the same group of companies as the Seller; and (iii) is a resident of the Netherlands;
- (c) the interest rate of each Mortgage Loan is floating or fixed, and might be subject to a reset from time to time;

- (d) the Mortgaged Assets are located in the Netherlands and are not the subject of residential letting and are occupied by the relevant Borrower at origination;
- (e) interest payments and, to the extent applicable, principal payments with respect to each Mortgage Loan are scheduled to be made monthly;
- (f) the Outstanding Principal Amount of each Mortgage Loan does not exceed the maximum loan amount as stipulated by the relevant NHG underwriting criteria at origination;
- (g) each Mortgage Loan is: (i) secured by a first ranking mortgage right (*eerste recht van hypotheek*) or, in the case of Mortgage Loans secured on the same Mortgaged Asset, as the case may be, first and sequentially lower ranking mortgage rights over real estate (*onroerende zaak*), an apartment right (*appartementrecht*) or a long lease (*erfpachtsrecht*) situated in the Netherlands and, if applicable, a right of pledge (*pandrecht*); and (ii) governed by Dutch Law;
- (h) each Mortgage Loan, or all such Mortgage Loans secured on the same Mortgaged Asset, has an Outstanding Principal Amount: (A) of not more than EUR 1,500,000; and (B) which does not exceed: (a) an amount equal to 1.00 per cent. of the aggregate Outstanding Principal Amount of all Mortgage Loans; and (b) the sum of those Mortgage Loans with an Outstanding Principal Amount greater than 0.25 per cent. of the Outstanding Principal Amount of the Mortgage Loans shall not exceed 5 per cent. of the Outstanding Principal Amount of all Mortgage Loans;
- (i) the aggregate Outstanding Principal Amount under all Mortgage Loans entered into with a single Borrower shall not exceed 2 per cent. of the aggregate Outstanding Principal Amount of the Mortgage Receivables under or in connection with all Mortgage Loans;
- (j) the Mortgage Loan does not have an indexed loan-to-value ratio higher than 100% on the date that the related Mortgage Receivable is sold and transferred by the Seller to the Issuer as set out and within the meaning of Article 243(2)(d) of the CRR;
- (k) the Mortgage Receivable relating to the relevant Mortgage Loan(s) meet on the date it is sold and assigned by the Seller to the Issuer the conditions for being assigned a risk weight equal to or smaller than 40% on an exposure value-weighted average for the portfolio of such Mortgage Receivables as set out and within the meaning of Article 243(2)(b) of the CRR;
- (l) on the relevant Cut-Off Date no amounts due under such Mortgage Loan were overdue and unpaid (where amounts below EUR 1,00 will be considered administrative errors and not being overdue and unpaid);
- (m) the Mortgage Loan is denominated in euro and has a positive Outstanding Principal Amount;
- (n) the Mortgage Loan or part thereof does not qualify as a bridge loan (*overbruggingshypotheek*);
- (o) in respect of each Mortgage Loan at least one (interest) payment has been received prior to the date the related Mortgage Receivable is sold and assigned by the Seller to the Issuer;
- (p) each Mortgage Loan has been originated after 1 May 2012;
- (q) the legal final maturity of each Mortgage Loan does not extend beyond July 2061 on the relevant Cut-Off Date; and
- (r) each of the Mortgage Loans is fully disbursed other than the part in relation to the Construction Deposit.

The same criteria apply to the selection of Further Advance Receivables and Substitute Receivables.

In addition to the above, it is noted that from the Mortgage Loan criteria it can be derived that: (i) no Mortgage Loan constitutes a transferable security, as defined in Article 4(1) under 44 of Directive 2014/65 EU; and (ii) no Mortgage Loan constitutes a securitisation position as defined in the EU Securitisation Regulation.

7.4. Portfolio Conditions

Purchase of Substitute Receivables and Further Advance Receivables

The Mortgage Receivables Purchase Agreement will provide that the Issuer shall on each Notes Payment Date up to but excluding the First Optional Redemption Date use the Available Principal Funds, subject to the satisfaction of the Additional Purchase Conditions, to purchase and accept the assignment of Substitute Receivables up to the Substitute Available Amount and/or Further Advance Receivables from the Seller, if and to the extent offered by the Seller.

The purchase price payable by the Issuer as consideration for any Substitute Receivables or Further Advance Receivables is equal to: (i) the Initial Purchase Price in respect of the Substitute Receivables or Further Advance Receivables; and (ii) a portion of the Deferred Purchase Price attributable to such Substitute Receivables and such Further Advance Receivables.

Additional Purchase Conditions

The purchase by the Issuer of Substitute Receivables and Further Advance Receivables will be subject to a number of conditions (the "**Additional Purchase Conditions**") which include, *inter alia*, the conditions that on the relevant Notes Payment Date:

- (a) the Seller will represent and warrant to the Issuer and the Security Trustee the matters set out in Clause 8 (*Representations and warranties relating to the Mortgage Loans / Mortgage Receivables*) of the Mortgage Receivables Purchase Agreement (which are set out in section 7.2 (*Representations and Warranties*) of this Prospectus) and Clause 9 (*Representations and warranties relating to the Seller*) of the Mortgage Receivables Purchase Agreement with respect to the Substitute Receivables and/or Further Advance Receivables sold and relating to the Seller;
- (b) there has been no failure by the Seller to repurchase any Mortgage Receivable which it is required to repurchase pursuant to the Mortgage Receivables Purchase Agreement;
- (c) the Available Principal Funds are sufficient to pay the Initial Purchase Price for the relevant Substitute Receivables and/or Further Advance Receivables;
- (d) in the case of Substitute Receivables, the purchase price payable in respect of the Substitute Receivables does not exceed the Substitute Available Amount;
- (e) any NHG Advance Rights relating to the relevant Substitute Receivables and/or Further Advance Receivables are also assigned to the Issuer;
- (f) there is no debit balance standing to the Principal Deficiency Ledger;
- (g) the weighted average Current Loan to Original Market Value Ratio of all the Mortgage Loans, including the Mortgage Loans from which the Substitute Receivables and Further Advance Receivables to be purchased on such date result, does not exceed the weighted average Current Loan to Original Market Value Ratio of the Mortgage Loans as at the Closing Date;
- (h) the Aggregate Construction Deposit Amount of all Mortgage Loans, including the Mortgage Loans from which the Substitute Receivables to be purchased on such date result, does not exceed 2 per cent. of the aggregate Outstanding Principal Amount of the Mortgage Receivables as calculated at the Closing Date;

- (i) not more than 1.5 per cent. of the aggregate Outstanding Principal Amount of the Mortgage Receivables is in arrears for a period exceeding ninety (90) calendar days;
- (j) the aggregate Outstanding Principal Amount of the Further Advance Receivables sold and assigned by the Seller to the Issuer during the immediately preceding 12 calendar months does not exceed 1 per cent. of the aggregate Outstanding Principal Amount of the Mortgage Loans as at the first day of such 12-month period;
- (k) on the relevant Notes Payment Date on which a Further Advance Receivable is sold, no amounts due under the Mortgage Loan relating to such Further Advance are overdue and unpaid; and
- (l) the legal final maturity of each Mortgage Loan does not extend beyond July 2061.

Each of the Additional Purchase Conditions may be amended, supplemented or removed by the Issuer with the prior approval of the Security Trustee and subject to Credit Rating Agency Confirmation.

7.5. Servicing Agreement

In the Servicing Agreement, the Servicer will agree to provide administration and management services to the Issuer in relation to the Mortgage Loans and the Mortgage Receivables on a day-to-day basis, including, without limitation, the collection of payments of principal, interest and other amounts in respect of the Mortgage Loans and the Mortgage Receivables, all administrative actions in relation thereto and the implementation of arrears procedures including the enforcement of Mortgages (see further section 6.3 (*Origination and Servicing*)). The Servicer will be obliged to manage the Mortgage Loans and the Mortgage Receivables with the same level of skill, care and diligence as mortgage loans in its own or, as the case may be, the Seller's portfolio.

The Servicer, which holds a licence under the Wft to act as offeror (*aanbieder*) in accordance with the terms of the Servicing Agreement, appointed Quion as sub-mpt provider to carry out (part of) the activities described above. The Issuer and the Security Trustee have consented to the appointment of Quion as sub-mpt provider.

The Servicing Agreement may be terminated by the Issuer and the Security Trustee, acting jointly, upon the occurrence of certain termination events, including but not limited to, a failure by the Servicer to comply with its obligations (unless remedied within the applicable grace period), dissolution or liquidation of the Servicer or the Servicer being declared bankrupt or granted a suspension of payments or if the Servicer no longer holds a licence under the Wft. In addition, the Servicing Agreement may be terminated by the Servicer upon the expiry of not less than twelve (12) months' notice, subject to written approval of the Issuer and the Security Trustee, which approval may not be unreasonably withheld. A termination of the Servicing Agreement by either the Issuer and the Security Trustee or the Servicer will only become effective if a substitute servicer is appointed.

Upon the occurrence of a termination event as set forth above, the Security Trustee and the Issuer shall use their reasonable efforts to appoint a substitute servicer and such substitute servicer shall enter into an agreement with the Issuer and the Security Trustee substantially on the terms of the Servicing Agreement, provided that such substitute servicer has the benefit of a servicing fee at a level to be then determined. Any such substitute servicer must have experience of handling mortgage loans and mortgages of residential property in the Netherlands and hold a licence under the Wft to act as offeror (*aanbieder*) and servicer (*bemiddelaar*). The Issuer shall, promptly following the execution of such agreement, pledge its interest in such agreement in favour of the Security Trustee on the terms of the Issuer Rights Pledge Agreement, *mutatis mutandis*, to the satisfaction of the Security Trustee.

The Servicer does not have any liability whatsoever to the Noteholders in respect of any failure by the Issuer to pay any amounts due under the Notes. The Notes will be solely the obligations and responsibilities of the Issuer and not of any other entity or person involved in the transaction, including, without limitation, the Servicer.

Upon the occurrence of an Assignment Notification Event with respect to Argenta in its capacity as Seller, Argenta in its capacity as Servicer will use its best efforts, within 3 months of the occurrence of such event, to identify an entity that has the experience and/or capability of servicing assets similar to the Mortgage Receivables and procure that such entity would act as back-up servicer.

 10. US taxes:

The Notes will bear a legend to the following effect: 'any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Section 165(j) and 1287(a) of the Internal Revenue Code'.
 11. The sections referred to in such legend provide that a United States person who holds a Note will generally not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.
 12. The audited financial statements of the Issuer prepared annually will be made available, free of charge, at the specified offices of the Issuer. The Issuer's auditors are Mazars, whose auditors are a member of the Netherlands Institute of Chartered Accountants (*Nederlandse Beroepsorganisatie van Accountants*). The auditors of the Issuer have no material interest in the Issuer. The Issuer has not commenced operations. No financial statements have been made up at the date of the prospectus.
 13. The Issuer and the Seller have amongst themselves designated the Seller as the designated entity for the purpose of Article 7(2) of the EU Securitisation Regulation. The Seller, or the Issuer Administrator or any other party on its behalf, will make available to Noteholders, to the competent authorities referred to in Article 29 of the EU Securitisation Regulation and, upon request, to potential investors, on the website of the SR Repository:
 - (a)
 - (i) in accordance with Article 7(1)(a) of the EU Securitisation Regulation, on a quarterly basis certain loan-level information in relation to the Mortgage Receivables in respect of each Notes Calculation Period in the form of the standardised template set out in Annex II of Delegated Regulation (EU) 2020/1224) and, to the extent available, information related to the environmental performance of the Mortgage Receivables in accordance with Article 22(4) of the EU Securitisation Regulation; and simultaneously

(ii) in accordance with Article 7(1)(e) of the EU Securitisation Regulation, a quarterly investor report in respect of each Notes Calculation Period in the form of the standardised template set out in Annex II and Annex XII of Delegated Regulation (EU) 2020/1224;

- (a) without delay, in accordance with Article 7(1)(f) of the EU Securitisation Regulation, any inside information relating to the transaction described in this Prospectus in the form of the standardised template set out in Annex XIV of Delegated Regulation (EU) 2020/1224; and
- (b) without delay, in accordance with Article 7(1)(g) of the EU Securitisation Regulation, if applicable any significant event such as: (a) a material breach (including, for the avoidance of doubt, any remedy, waiver or consent subsequently provided in relation to such breach) of the obligations laid down in the Transaction Documents; (b) a change in the structural features that can materially impact the performance of the securitisation; (c) a change in the risk characteristics of the securitisation transaction described in this Prospectus or of the Mortgage Receivables that can materially impact the performance of the securitisation transaction described in this Prospectus; (d) if the securitisation transaction described in this Prospectus ceases to meet the EU STS requirements or if competent authorities have taken remedial or administrative actions; and (e) any material amendments to the Transaction Documents, in the form of the standardised template set out in Annex XIV of Delegated Regulation (EU) 2020/1224).

In addition, the Seller, or the Issuer Administrator or any other party on its behalf, has made available and will make available, as applicable, to the above-mentioned parties:

- (a) before pricing of the Notes at least in draft or initial form and, at the latest fifteen (15) calendar days after the Closing Date, in final form, all underlying documents that are essential for the understanding of the securitisation transaction described in this Prospectus, which are listed in this section 8 under item 6, as required by Article 7(1)(b) of the EU Securitisation Regulation, on the aforementioned website;
- (b) before pricing of the Notes at least in draft or initial form and on or around the Closing Date in final form, the STS notification referred to in Article 27 of the EU Securitisation Regulation, on the aforementioned website, as required by Article 7(1)(d) of the EU Securitisation Regulation;
- (c) before pricing of the Notes, via Intex and / or Bloomberg, a liability cash flow model of the securitisation transaction described in this Prospectus which precisely represents the contractual relationship between the Mortgage Receivables and the payments flowing between the Seller, the Noteholders, other third parties and the Issuer, which shall remain to be made available to Noteholders on an ongoing basis and to potential investors upon request, as required by Article 22(3) of the EU Securitisation Regulation; and
- (d) before pricing of the Notes, information on the Mortgage Receivables, as required by Article 7(1)(a) of the EU Securitisation Regulation.

Furthermore, the Seller has made available and will make available, as applicable:

- (a) the underwriting standards pursuant to which the Mortgage Loans are originated and any material changes to such underwriting standards pursuant to which the Mortgage Loans are originated to potential investors without undue delay, as required by Article 20(10) of the EU Securitisation Regulation; and
- (b) to potential investors before pricing, data on static and dynamic historical default and loss performance, such as delinquency and default data, for substantially similar mortgage loans and mortgage receivables to those being securitised, and the sources of those data and the basis for claiming similarity, which data cover a period of not shorter than five years, as required by Article 22(1) of the EU Securitisation Regulation (see also section 6.3 (*Origination and Servicing*)).

14. Reports on the performance, including the arrears and the losses, of the securitisation transaction and loan level data can be obtained by investors and potential investors at: www.dutchsecuritisation.nl on a quarterly basis.
15. The Issuer will, provided it has received the required information from the Seller:
- (a) disclose in the first Investor Report the amount of the Notes:
 - (i) privately-placed with investors which are not in the Originator Group;
 - (ii) retained by any member of the Originator Group; and
 - (iii) publicly-placed with investors which are not in the Originator Group; and
 - (b) disclose (to the extent permissible) such placement in the next Investor Report in relation to any amount initially retained by a member of the Originator Group, but subsequently placed with investors which are not in the Originator Group.
16. No content available via the website addresses contained in this Prospectus forms part of this Prospectus. Any websites included in this Prospectus are for information purposes only and do not form part of this Prospectus.
17. Responsibility Statements

The Issuer is responsible for the information contained in this Prospectus. To the best of its knowledge and belief (having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the importance of such information. The Issuer accepts responsibility accordingly.

In addition to the Issuer, the Seller and Quion are responsible for the information referred to in the respective paragraphs below.

The Seller is responsible solely for the information contained in the following sections of this Prospectus: all paragraphs dealing with Article 7 of the EU Securitisation Regulation, Retention and Information undertaking in section 1.4 (*Notes*), 1.6 (*Portfolio Information*), 3.4 (*Seller*), 4.4 (*Regulatory and Industry Compliance*), 6.1 (*Stratification Tables*), 6.2 (*Description of Mortgage Loans*), 6.3 (*Origination and Servicing*), 6.4 (*Dutch Residential Mortgage Market*) and 6.5 (*NHG Guarantee Programme*). To the best of its knowledge and belief (having taken all reasonable care to ensure that such is the case) the information contained in such sections is in accordance with the facts and does not omit anything likely to affect the importance of such information. The Seller is not responsible for information contained in any section other than the sections mentioned above, and consequently does not assume any liability with respect to the information contained in any other section. Any information from third parties contained and specified as such in aforementioned sections has been accurately reproduced and as far as the Seller is aware and is able to ascertain from information published by such third parties, does not omit anything likely to render the reproduced information inaccurate or misleading (having taken all reasonable care to ensure that such is the case). The Seller accepts responsibility accordingly.

Quion is responsible solely for the information contained in section 3.5 (*Servicer*) in relation to Quion of this Prospectus and not for the information contained in any other section and consequently, Quion does not assume any liability in respect of the information contained in any other section other than section 3.5 (*Servicer*). To the best of its knowledge and belief (having taken all reasonable care to ensure that such is the case), the information contained in section 3.5 (*Servicer*) is in accordance with the facts and does not omit anything likely to affect the import of such information. Quion accepts responsibility accordingly.

Market data and other statistical information used in this Prospectus is based on a number of sources, including independent industry publications, government publications, reports by market research firms or

other independent publications (each an "**Independent Source**"). The most recent available information from Independent Sources has been included in this Prospectus and has been identified where appropriate. Some data are based on good faith estimates, which are derived in part from a review of internal surveys of the Originator Group (as defined in section 3.4 (*Seller*), as well as the Independent Sources. Although these Independent Sources are believed to be reliable, the information has not independently been verified and its accuracy and completeness cannot be guaranteed. The information in this Prospectus that has been sourced from Independent Sources has been accurately reproduced and, as far as this could be ascertained from the information published by the relevant Independent Source, no facts have been omitted which would render the reproduced information inaccurate or misleading (having taken all reasonable care to ensure that such is the case).

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with the offering of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Seller, the Manager and the Arranger.

None of the Arranger or the Manager has separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Arranger or the Manager as to the accuracy or completeness of the information set forth in this Prospectus or any other information provided by the Issuer, the Seller or any other party (including, without limitation, the STS notification within the meaning of Article 27 of the EU Securitisation Regulation) or compliance of the securitisation transaction described in this Prospectus with the requirements of the EU Securitisation Regulation. To the fullest extent permitted by law, none of the Arranger or the Manager accepts any responsibility whatsoever for the contents of this Prospectus or for any other statement, made or purported to be made, by the Seller or the Issuer in connection with the issue and offering of the Notes. Each of the Arranger and the Manager accordingly disclaims any and all liability whether arising in tort or contract or otherwise which it might otherwise have in respect of this Prospectus or any such statement. Each of the Arranger and the Manager is acting exclusively for the Issuer and no one else in connection with the offer. They will not regard any other person (whether or not a recipient of this document) as its client in relation to the offer and will not be responsible to anyone other than the Issuer for providing the protections afforded to its clients nor for giving advice in relation to the offer or any transaction or arrangement referred to herein.

None of the Arranger or the Manager, nor any of their affiliates accepts any responsibility whatsoever for the contents of this document or for any statement made or purported to be made by any of them, or on any of their behalf, in connection with the issue or the offer. None of the Arranger or the Manager and their affiliates accordingly disclaim any and all liability whether arising in tort, contract or otherwise which they might otherwise have in respect of such document or any such statement. No representation or warranty express or implied, is made by any of the Arranger or the Manager or their affiliates as to the accuracy, completeness, verification or sufficiency of the information set out in this document. Furthermore, none of the Arrangers or the Manager, nor any of their affiliates, will have any responsibility for any act or omission of any other party in relation to this offer.

9. GLOSSARY OF DEFINED TERMS

The defined terms set out in section 9.1 (*Definitions*) of this Glossary of Defined Terms, to the extent applicable, conform to the standard published by the Dutch Securitisation Association (see section 4.4 (*Regulatory and Industry Compliance*)) (the RMBS Standard). However, certain deviations from the defined terms used in the RMBS Standard are denoted in the below as follows:

- if the defined term is not included in the RMBS Standard definitions list and is an additional definition, by including the symbol '+' in front of the relevant defined term;
- if the defined term deviates from the definition as recorded in the RMBS Standard definitions list, by including the symbol '*' in front of the relevant defined term;
- if the defined term is not between square brackets in the RMBS Standard definitions list and is not used in this Prospectus, by including the symbol 'N/A' in front of the relevant defined term;
- if the defined term is between square brackets in the RMBS Standard definitions list or contains wording between square brackets in the RMBS Standard definitions list, by completing the relevant defined term and removing the square brackets if the relevant defined term is used in this Prospectus and, if not used, by deleting the relevant defined term or the part thereof between square brackets; and
- if the defined term contains a [●], by completing the relevant defined term and removing the [●].

In addition, the principles of interpretation set out in section 9.2 (*Interpretation*) of this Glossary of Defined Terms conform to the RMBS Standard definitions list. However, certain principles of interpretation may have been added (but not deleted) in deviation of the RMBS Standard.
