This is the STS Term Verification Checklist for STS Term Verifications.

This STS Term Checklist must be read together with the PCS Procedures Manual. This document is based upon the materials received by PCS as at the date of this document. Any references in this document are to the Prospectus unless otherwise stated.

PCS comments in this STS Term Verification Checklist are based on PCS' interpretation of the STS Regulation (the "Regulation") informed by (a) the text of the Regulation itself, (b) the EBA guidelines and recommendations issued in accordance with Article 19(2) of the Regulation (the "EBA Guidelines") and (c) any relevant national competent authorities' interpretation of the STS criteria to the extent known to PCS.

PCS comments in this STS Term Verification Checklist are based on PCS' interpretation of the STS Regulation EU 2017/2402 of the European Union as amended and incorporated into United Kingdom law by the Withdrawal Act 2019 and the Securitisation (Amendment) (EU Exit) Regulations 2019 (the "Regulation") informed by (a) the text of the Regulation itself, (b) following the joint guidance of the Bank of England and the PRA of April, 2019, the EBA guidelines and recommendations issued in accordance with Article 19(2) of the Regulation (the "EBA Guidelines") to the extent that they remain relevant following Brexit and where published prior to 1st January 2020 and (c) any relevant interpretation of the STS criteria by the Financial Conduct Authority to the extent known to PCS.

It is important that the reader of this checklist reviews and understands the disclaimer referred to on the following page.

STS Disclaimer

Neither an STS Verification, nor a CRR Assessment, nor an LCR Assessment is a recommendation to buy, sell or hold securities. None are investment advice whether generally or as defined under Markets in Financial Instruments Directive (2004/39/EC) and none are a credit rating whether generally or as defined under the Credit Rating Agency Regulation (1060/2009/EC) or any post-Brexit successor legislation in the United Kingdom.

PCS EU and PCS UK are authorised respectively by the French Autorité des Marchés Financiers and by the United Kingdom Financial Conduct Authority as third parties verifying STS compliance pursuant to article 28 of Regulation (EU) 2017/2402 (the “**STS Regulation**”) and The Securitisation (Amendment) (EU Exit) Regulations 2019.

Currently, none of the activities involved in providing an CRR Assessment are endorsed or regulated by any regulatory and/or supervisory authority nor are the PCS Association or PCS EU regulated by any regulator and/or supervisory authority including the Belgian Financial Services and Markets Authority, the United Kingdom Financial Conduct Authority, the French Autorité des Marchés Financiers or the European Securities and Markets Authority.

By assessing the CRR status of any securities or financing, neither the PCS Association nor PCS UK nor PCS EU express any views about the creditworthiness of these securities or financings or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities or financings.

Equally, by completing (either positively or negatively) any CRR status assessment of certain instruments, no statement of any kind is made as to the value or price of these instruments or the appropriateness of the interest rate they carry (if any).

In the provision of any CRR Assessment, PCS has based its decision on information provided directly and indirectly by the originator or sponsor of the relevant securitisation. Specifically, it has relied on statements made in the relevant prospectus or deal sheet, documentation and/or in certificates provided by, or on behalf of, the originator or sponsor in accordance with PCS’ published procedures for the relevant PCS verification or assessment. You should make yourself familiar with these procedures to understand fully how any PCS service is completed. These can be found at <https://pcsmarket.org/> (the “**PCS Website**”). Neither the PCS Association nor PCS UK nor PCS EU undertake their own direct verification of the underlying facts stated in the prospectus, deal sheet, documentation or certificates for the relevant instruments and the completion of any CRR Assessment is not a confirmation or implication that the information provided to it by or on behalf of the originator or sponsor is accurate or complete.

The PCS entities take reasonable measures to ensure the quality and accuracy of the information on www.pcsmarket.org. However, neither the PCS Association nor PCS UK nor PCS EU can be held liable in any way for the inaccuracy or incompleteness of any information that is available on or through the PCS Website. In addition, neither the PCS Association nor PCS UK nor PCS EU can in any way be held liable or responsible for the content of any website linked to the PCS Website.

To understand the meaning and limitations of any CRR Assessment you must read the [General Disclaimer](#) that appears on the PCS Website.

When entering any of the “Transaction” sections of the PCS Website, you will be asked to declare that you are allowed to do so under the legislation of your country. The circulation and distribution of information regarding securitisation instruments (including securities) that is available on the PCS Website may be restricted in certain jurisdictions. Persons receiving any information or documents with respect to or in connection with instruments (including securities) available on the PCS Website are required to inform themselves of and to observe all applicable restrictions.

Article 20.1. The title to the underlying exposures shall be acquired by the SSPE by means of a true sale or assignment or transfer with the same legal effect in a manner that is enforceable against the seller or any other third party. The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller's insolvency.

The sale by a Seller to the Issuer of Scottish Mortgage Loans and their Related Security is given effect by a Scottish declaration of trust by that Seller by which the beneficial interest in such Scottish Mortgage Loans and their Related Security is held on trust by that Seller for the benefit of the Issuer (a "Scottish Declaration of Trust"). In each case, this means that legal title to the Mortgage Loans and their Related Security in the Mortgage Portfolio will remain with the relevant Seller until certain trigger events occur under the terms of the relevant Mortgage Sale Agreement (see "The Mortgage Loans and the Mortgage Portfolio" below). Until such time, the assignment to the Issuer of English Mortgage Loans and their Related Security takes effect in equity only, whereas, in respect of Scottish Mortgage Loans and their Related Security held on trust pursuant to the Scottish Declaration of Trust by the relevant Seller in favour of the Issuer, the Issuer will hold a beneficial interest only. The Issuer has not and will not apply to the Land Registry to register or record its equitable or beneficial interest in the English Mortgages and may not in any event apply to the General Register of Sasines or Land Register of Scotland (as appropriate) (together, the "Registers of Scotland") to register or record its beneficial interest in the Scottish Mortgages pursuant to the Scottish Declaration of Trust.</p> <p>See Prospectus, <i>ASSIGNMENT OF THE MORTGAGE LOANS AND RELATED SECURITY</i>.</p> <p>As at the date of this Base Prospectus, the assets to be sold by each Seller to the Issuer to support the Issuer's obligations under the Notes will comprise residential mortgage loans originated by a Seller and secured over Mortgaged Properties situated in England, Wales or Scotland.</p> <p>Transfer of Title to the Mortgage Loans to the Issuer</p> <p>The English Mortgage Loans will be sold by the Sellers to the Issuer by way of equitable assignment. The Scottish Mortgage Loans will be sold by the Sellers to the Issuer by way of Scottish Declaration of Trust under which the beneficiary's interest in such trust will be vested in the Issuer. In relation to the Scottish Mortgage Loans, references in this document to a "sale" or "equitable assignment" of Mortgage Loans or Mortgage Loans having been "sold" are to be read as references to the making of such Scottish Declaration of Trust. Such beneficiary's interest (as opposed to the legal title) cannot be registered or recorded in HM Land Registry or the Registers of Scotland. As a result, legal title to the Mortgage Loans and their Related Security will remain with the relevant Seller until legal assignments (in relation to English Mortgage Loans) or assignments (in relation to Scottish Mortgage Loans) are delivered by that Seller to the Issuer and notice of the sale is given by that Seller to the Borrowers. Legal assignment or assignment (as appropriate) of the Mortgage Loans and their Related Security (including, where appropriate, their registration or recording in the relevant property register) to the Issuer will be deferred and will only take place in the limited circumstances described below.</p> <p><i>"True sale" is not a legal concept but a rating agency creation.</i></p> <p><i>The essence of a "true sale" is that the property in the securitised assets has legally moved from the originator/seller to the SSPE in such a way that the SSPE's ownership will be recognised as a matter of law, including and especially in the case of the insolvency of the originator/seller. In a "true sale" the insolvency officer and creditors of the insolvent</i></p>	

originator/seller are not able to satisfy the claims of the originator/seller's creditor out of the proceeds of the securitised assets. Following a "true sale" there is no legal device by which the assets can automatically revert to the originator/seller's ownership. Such automatic reversion is associated with security interests and anathema to a "true sale".

This is clearly stated in the wording of the Regulation (20.1). The expression "transfer to the same effect" indicates that, as long as the conditions in the preceding paragraph are met, the Regulation does not seek to limit the type of legal devices which can be used to effect such transfer of title.

The issue of "true sale" is separate from the issue of "clawback". "Clawback" refers to legal processes through which, in the insolvency of the seller of an asset, an insolvency officer is entitled to reverse the sale – even in cases where a "true sale" has taken place.

All European jurisdictions, to PCS' knowledge, have rules allowing for clawbacks. Clawbacks are usually rules to avoid a company heading towards insolvency from "defrauding" its existing creditors either by selling assets at very low prices (to friends and relations) or unfairly preferring certain creditors over others.

The Regulation (20.1) therefore does not require STS "true sales" to be clawback proof since this would mean that no European securitisation could ever be STS. It does require the sale not to be subject to "severe clawback". The Regulation does not define "severe clawback" but gives an example (20.2) where a clawback happens for no reasons. The Regulation (20.3) also explicitly excludes from the definition of "severe clawback" the traditional European basis for such devices which all come under the general category of "preferences".

PCS further notes that the examples (20.2 and 20.3) refer to the insolvency law of a jurisdiction and therefore believes that clawback risk is to be assessed on a jurisdictional basis rather than on a transactional basis. Finally, PCS does not believe and nor is there any evidence that the legislators or regulatory authorities are seeking to craft a higher standard than that which has been used for decades by the market and was the basis for the legislative text.

Based on the above considerations, PCS believes that transfers from jurisdictions meeting the following criteria – absent any other indications – shall not fall within the definition of "severe clawback":

- Clawback requires an unfair preference "defrauding" creditors;
- Clawback puts the burden of proof on the insolvency officer or creditors – in other words it cannot be automatic nor require the purchaser to prove their innocence.

Since "severe clawback" is a jurisdictional concept, in analysing this issue PCS will therefore first seek to determine the Originator's jurisdiction for the purposes of insolvency law. This would be its centre of main interest or "COMI".

The second step would be to determine whether the relevant COMI contains severe claw back provisions in its insolvency legislation. Although the determination of a COMI can be a technically fraught analysis of international conflicts of law, PCS notes that in the vast majority of securitisations there is no real issue as the COMI is self-evident.

In the case of the Transaction, title to the assets is transferred by means of an equitable or beneficial assignment.

The legal opinions from Allen Overy Shearman Sterling LLP and Shepherd and Wedderburn confirm that an equitable assignment and a Scottish assignment of the beneficial interest meets the definition of "true sale" outlined above.

In the case of Yorkshire Building Society, a building society situated in the United Kingdom, the COMI is considered the United Kingdom. United Kingdom insolvency law provides for clawback in the cases of preferences and transactions at an undervalue and require the insolvency officer to prove that case. Therefore, and as confirmed by the opinions, the transfer is not, in our opinion, subject to "severe clawback".

Article 20.1 [...] The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller's insolvency.

Article 20.2 For the purpose of paragraph 1, any of the following shall constitute severe clawback provisions:

(a) provisions which allow the liquidator of the seller to invalidate the sale of the underlying exposures solely on the basis that it was concluded within a certain period before the declaration of the seller's insolvency;

(b) provisions where the SSPE can only prevent the invalidation referred to in point (a) if it can prove that it was not aware of the insolvency of the seller at the time of sale..

Article 20.3. For the purpose of paragraph 1, clawback provisions in national insolvency laws that allow the liquidator or a court to invalidate the sale of underlying exposures in case of fraudulent transfers, unfair prejudice to creditors or of transfers intended to improperly favour particular creditors over others, shall not constitute severe clawback provisions.

Article 20.5. Where the transfer of the underlying exposures is performed by means of an assignment and perfected at a later stage than at the closing of the transaction, the triggers to affect such perfection shall, at least include the following events:

- (a) severe deterioration in the seller credit quality standing;
- (b) insolvency of the seller; and

Transfer of Title to the Mortgage Loans to the Issuer

Legal assignment or assignation (as appropriate) of the Mortgage Loans and their Related Security to the Issuer (including any notification of such legal assignment or assignation (as appropriate) to the Borrowers) will be completed on or before the 30th Business Day after the earliest of the following (a "Perfection Trigger Event"):

- (a) the occurrence of an Event of Default and delivery of an Enforcement Notice;
- (b) the occurrence of an Insolvency Event in relation to the relevant Seller;
- (c) a breach of obligations by the relevant Seller (or the Servicer on behalf of that Seller) under the Transaction Documents, where such breach, if capable of remedy, has not been remedied within 90 calendar days following the day on which that Seller becomes aware of such breach. The relevant Seller may amend this paragraph (c) so long as that Seller delivers a certificate to the Issuer that such amendment does not impact the designation as a 'simple, transparent and standardised' securitisation (within the meaning of (i) prior to the Regulatory Effective Date, the UK Securitisation Regulation or (ii) on and from the Regulatory Effective Date, the UK Securitisation Framework) in respect of any Series or Class of Notes then outstanding which are intended to satisfy the UK STS Criteria Requirements or the Recast UK STS Criteria Requirements (as applicable);
- (d) unless otherwise agreed by the Security Trustee, the termination of YBS's role as Servicer under the Servicing Agreement, unless as at the relevant date of termination any substitute servicer is a member of the YBS Group;
- (e) the relevant Seller and/or the Issuer being required to perfect legal title to the Mortgage Loans by an order of a court of competent jurisdiction or a change in law occurring after the Programme Date, or by a regulatory authority of which the relevant Seller is a member or to whose authority the relevant Seller is subject or any organisation whose members comprise (but are not necessarily limited to) mortgage lenders with whose instructions it is customary for the relevant Seller to comply;
- (f) the security created under or pursuant to the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee, in jeopardy; and
- (g) an encumbrancer takes possession or a Receiver is appointed to any part of the undertaking, property and assets beneficially owned by the relevant Seller having an aggregate value in excess of 10% of the total assets of that Seller or a distress, diligence or execution is levied or enforced upon or sued out against any part of the chattels or property beneficially owned by the relevant Seller having an aggregate value in excess of 10% of the total assets of that Seller and, in the case of any of the foregoing events, is not discharged within 30 days (the "Attached Assets"), unless such Attached Assets (i) relate to a different business, in the case of YBS, to that of a building society generally or, in the case of

Accord, of originating mortgage loans, and the attachment of the encumbrance over the Attached Assets did not adversely impact the credit quality of the relevant Seller and (ii) are not required by the relevant Seller to enable it to observe or perform its obligations under the Transaction Documents or the enforceability or collectability of the Mortgage Loans.

"Insolvency Event"

Criterion 4 requires two steps:

- *To determine whether the transfer of the assets is by means of an unperfected assignment; and*
- *If it is, whether the transaction contains the requisite triggers.*

In the absence of any definition of "an assignment perfected at a later stage" in the Regulation or the EBA Guidelines and without additional views from the UK Financial Conduct Authority it is not possible to determine with finality whether an English equitable assignment is "unperfected" within the meaning of the Regulation – as distinguished from the meaning of the English rules of equity.

PCS believes there are good reasons why the Regulation's term of "an assignment perfected at a later stage" does not encompass an English equitable assignment.

However, this is not a question that is required to be answered in the case of the Transaction since, even if equitable assignments are unperfected assignments as defined in the Regulation, the requirements of the criterion are met by the Transaction.

PCS has measured the trigger events against the EBA Guidelines.

20.5(a)

No absolute definition of “severe deterioration” can be given, but clearly the Regulation is seeking to avoid requiring a “hair trigger” deterioration. In other words, an originator could provide a “hair trigger” deterioration if it wanted to. Therefore, the rule does not require an originator or investor to weigh carefully the severity of the trigger so long as it meets the requirements of the EBA Guidelines to be related to the seller’s credit standing, be observable and related to financial health.

The trigger provided in the Transaction meets these requirements. (h)

20.5(b)

The insolvency trigger is in the Transaction (b).

20.5(c)

The Regulation refers to “unremedied breaches of contractual obligations by the seller, including the seller’s default”.

PCS notes that neither the Regulation nor the EBA Guidelines specify which contractual obligations are targeted. One can assume that this cannot possibly mean any seller contractual obligation since most financial institutions have millions of contractual obligations under tens of thousands of contracts. It is not conceivable that, in order to protect a securitisation, a transfer could be required resulting from a trivial breach of a totally unrelated contractual provision (e.g. to keep the walls painted on a leased property unconnected to the transaction).

PCS also notes that the Regulation clearly does not say “any breaches of contractual obligations”. Therefore, the Regulation must be aiming at an undefined sub-set of contractual obligations. In the absence of any indication in the Regulation or EBA Guidelines as to what this sub-set may be, PCS concludes, until clarification may be provided, that it is up to the originator to define which sub-set of obligations should trigger a possible perfection.

PCS does believe though that the Regulation must be interpreted in a purposive manner – as evidenced by the EBA Guidelines. Therefore, the sub-set of obligations selected by the originator cannot be capricious but should have some connection with the risks that would be run by investors if the seller should encounter a problem prior to perfection of the title.

The unremedied breach trigger is in the Transaction. (c)

Article 20.6. The EBA Guidelines clarify that "clear" does not mean easily readable or comprehended by a non-expert. In the Regulation a criterion is "clear" when a court or tribunal could determine whether, presumably in all cases, the criterion is met for each asset. In the Regulation, "clear" is about certainty of determination.

PCS has read the eligibility criteria in the Prospectus. As they are mandatory, they meet the "predetermined" requirement. As they are in the Prospectus, they meet the "documented" requirement. PCS has also concluded that they allow determination in each case and so meet the "clear" requirement.

Repurchase of the Mortgage Loans

Each Seller's rights and obligations to sell Mortgage Loans and their Related Security to the Issuer and/or repurchase Mortgage Loans and their Related Security from the Issuer pursuant to the applicable Mortgage Sale Agreement do not constitute active portfolio management for the purposes of (i) prior to the Regulatory Effective Date, Article 20(7) of the UK Securitisation Regulation, and (ii) on and from the Regulatory Effective Date, the Recast UK Securitisation Regulation and SECN 2.2.8R in particular.

Repurchase of Non-Compliant Loans

General ability to repurchase

In order to effect any permitted redemption of any Notes in accordance with the terms of the Transaction Documents and the Conditions, a Seller may from time to time offer to repurchase:

- (a) randomly selected Mortgage Loans and their Related Security from the Issuer for a purchase price equal to the Current Balance of the relevant Mortgage Loans;
- (b) any Mortgage Loan and its Related Security where such Mortgage Loan is at least one month in arrears; or
- (c) in the event that FCA (or other regulatory authority) requires Redress to be made in respect of a Mortgage Loan,

provided, in each case, that the Mortgage Portfolio will continue to meet the Portfolio Criteria immediately following such repurchase. The Issuer will be required to accept any such offer. The Issuer will be required to accept any such offer.

Repurchase price

[...]

The EBA Guidelines set out seven devices to repurchase securitised assets which are not to be considered indicative of "active portfolio management". To the extent that a transaction only contains some or all of those seven devices and does not provide any other form of repurchase, then the STS criterion will be met. If the transaction should contain a repurchase device that is not included in the EBA's list, then an analysis will need to be conducted as to whether this additional device offends against the principles set out in the EBA Guidelines (15.a and b) as defining "active portfolio management". PCS has reviewed the repurchase devices set out in the Prospectus they are within the allowable repurchase devices.

STS Criteria

Eligibility Criteria

The sale of a Mortgage Loan and its Related Security to the Issuer will be subject to that Mortgage Loan satisfying the following "Eligibility Criteria" as at the relevant Assignment Date:

- (a) the Mortgage Loan complies with the Mortgage Loan Warranties in the applicable Mortgage Sale Agreement

[...]

The Mortgage Loan Warranties will be given by a Seller in respect of the Mortgage Loans and their Related Security sold by that Seller to the Issuer on the relevant dates as set out in the section entitled "Representations and warranties" below.

Representations and warranties

Each Seller will represent and warrant to the Issuer and the Security Trustee in the relevant Mortgage Sale Agreement on the terms of the Mortgage Loan Warranties (as defined below) in each case subject to certain additional amendments and conditions as set out in the relevant Mortgage Sale Agreement:

- (a) in respect of each Mortgage Loan and its Related Security comprised in the Initial Mortgage Portfolio, as at each Issuance Date;
- (b) in respect of each Additional Mortgage Loan and its Related Security (other than any Additional Mortgage Loans repurchased on the Payment Date immediately following the relevant Assignment Date) sold to the Issuer while a Sale Period is continuing, as at the Payment Date immediately following the relevant Assignment Date;
- (c) in relation to any Further Advance, as at the last day of the Calculation Period in which the relevant Advance Date occurred;
- (d) in relation to each Mortgage Loan which is subject to a Product Switch, as at the last day of the Calculation Period in which the relevant Switch Date occurred; and
- (e) in relation to each Mortgage Loan which is subject to a Tested Underpayment Option, as at the last day of the Calculation Period in which the relevant Option Date occurred.

[...]

The Mortgage Loan Warranties to be given by each Seller will include, inter alia, the following warranties: [...]

Further Advances

The obligation of the Issuer to purchase any Further Advances will be subject to satisfaction of the following conditions:

- (c) the Eligibility Criteria being satisfied with respect to a Mortgage Loan subject to a Further Advance and the Portfolio Criteria being satisfied with respect to the Mortgage Portfolio including the Further Advance on the relevant Advance Date;
- (e) the Mortgage Loan Warranties in respect of a Mortgage Loan subject to a Further Advance to be made on the relevant Advance Date being materially true as at such date.

Product Switches

On the relevant Switch Date, the Mortgage Loan subject to the Product Switch must satisfy the Eligibility Criteria, and the Mortgage Portfolio, including the Mortgage Loan subject to the Product Switch, must satisfy the Portfolio Criteria. Further, the relevant Seller must, in relation to the Mortgage Loan which is subject to the Product Switch, give the Product Switch Warranties in respect of such Mortgage Loan on the relevant Switch Date.

See Prospectus, *RISKS RELATING TO THE MORTGAGE LOANS*.

Further Advances, Product Switches and Underpayment Options

A Seller or the Servicer (on behalf of the relevant Seller) may offer a Borrower, or a Borrower may request, a Further Advance, Product Switch or Underpayment Option from time to time. Any Mortgage Loan that has been the subject of a Further Advance, Tested Underpayment Option or a Product Switch following an application by the Borrower will remain in the Mortgage Portfolio. If the Issuer subsequently determines on the relevant Testing Date (as defined below) that any Further Advance, Product Switch or Tested Underpayment Option does not satisfy the Eligibility Criteria or the Portfolio Criteria, and such default is not remedied in accordance with the relevant Mortgage Sale Agreement, the relevant Seller will be required to repurchase the relevant Mortgage Loan and its Related Security. See further "The Mortgage Loans and the Mortgage Portfolio".

See Prospectus, *GLOSSARY*.

"Assignment Date"

- (i) The First Issuance Date with respect to the Initial Mortgage Portfolio and (ii) each date of assignment or transfer of an Additional Mortgage Portfolio to the Issuer in accordance with a Mortgage Sale Agreement.

Features of Mortgage Loans

The following is a summary of certain features of the Mortgage Loans as at the date of this Base Prospectus and investors should refer to, and carefully consider, the section entitled "The Mortgage Loans and the Mortgage Portfolio".

Mortgage Loan Payment Types

Repayment Mortgage Loans, Interest Only Mortgage Loans, and Part and Part Mortgage Loans

See Prospectus, *ASSIGNMENT OF THE MORTGAGE LOANS AND RELATED SECURITY*.

"Offset Mortgage Loan" means a Mortgage Loan which permits the Borrower to offset the amount of monies standing to the credit of specified savings account(s) against the current balance of their Mortgage Loan for the purposes of reducing the interest-bearing balance of their Mortgage Loan;

See Prospectus, *GLOSSARY*.

"Interest Only Mortgage Loan"

A Mortgage Loan where the Borrower makes monthly payments of interest but not of principal. When such Mortgage Loan matures, the entire principal amount of such Mortgage Loan is still outstanding and the Borrower must repay that amount in one lump sum.

"Part and Part Mortgage Loans"

Mortgage Loans where the Borrower is required to repay part of the principal amount of the Mortgage Loan by making monthly payments of both interest and principal and to repay the remaining part of the principal amount of the Mortgage Loan in one lump sum when the Mortgage Loan matures.

"Repayment Mortgage Loan"

A Mortgage Loan in respect of which the Borrower is under an obligation to the mortgagee to make payments of principal and interest on a weekly, fortnightly or monthly basis through to the maturity date for that Mortgage Loan.

See Prospectus, *THE MORTGAGE LOANS AND THE MORTGAGE PORTFOLIO*.

Characteristics of the Mortgage Loans

Repayment Terms

Mortgage Loans in the Initial Mortgage Portfolio are "Repayment Loans", whereby the Borrower makes monthly payments of both interest and principal so that, when the Mortgage Loan matures, the full amount of the principal of the Mortgage Loan will have been repaid and "Interest-Only Mortgage Loans", whereby the Borrower makes monthly payments of interest-only during the term of the Mortgage Loan;

The required accrued rate of interest on the Mortgage Loans will vary from month to month as a result of changes in interest rates. However, as a result of the operation of the Annual Review (as to which see the section entitled "Annual Interest Rate Review" below) the amount paid by a Borrower in respect of its Monthly Payment will only change on an annual basis.

Principal prepayments may be made in whole or in part at any time during the term of a Mortgage Loan, subject to the payment of any Early Repayment Charges (as described in the section entitled "Early Repayment Charges" below). A prepayment of the entire outstanding balance of a loan discharges the mortgage. Any prepayment in full must be made together with all Accrued Interest, Arrears of Interest, any unpaid expenses and any applicable repayment fee(s).

[...] Mortgage Loans in the Initial Mortgage Portfolio are "Repayment Loans", whereby the Borrower makes monthly payments of both interest and principal so that, when the Mortgage Loan matures, the full amount of the principal of the Mortgage Loan will have been repaid and "Interest-Only Mortgage Loans", whereby the Borrower makes monthly payments of interest-only during the term of the Mortgage Loan;

The required accrued rate of interest on the Mortgage Loans will vary from month to month as a result of changes in interest rates. However, as a result of the operation of the Annual Review (as to which see the section entitled "Annual Interest Rate Review" below) the amount paid by a Borrower in respect of its Monthly Payment will only change on an annual basis.

Principal prepayments may be made in whole or in part at any time during the term of a Mortgage Loan, subject to the payment of any Early Repayment Charges (as described in the section entitled "Early Repayment Charges" below). A prepayment of the entire outstanding balance of a loan discharges the mortgage. Any prepayment in full must be made together with all Accrued Interest, Arrears of Interest, any unpaid expenses and any applicable repayment fee(s).

Although there was some uncertainty over the status of interest-only mortgages, this has been definitively cleared up by the EBA Guidelines specific statement that this criterion was not designed to capture these products. Accordingly, none of the assets in the pool display any predominant reliance on the sale of the assets.

This is confirmed by the EBA Guidelines which require the hedges to cover a "major share" of the risk from an "economic perspective". However, the definition of "appropriate" hedging or a "major share" of the risk will always contain an element of subjectivity and must be analysed on a case-by-case basis. The fact that the Regulation was crafted by the legislators to recognise existing high-quality European securitisations rather than raise the bar to a level not previously encountered, together with the common-sense approach of the EBA, leads to the conclusion that transactions considered adequately hedged by common investor and rating agency consensus should be held to meet this criterion. This still requires an analysis of the matter. Since PCS is not a quantitative analysis provider or a credit rating agency, our verification is based on a second-hand analysis which focuses on:</i></p> <ul style="list-style-type: none"> • <i>A statement in the Prospectus or other document setting out the boundary conditions of the hedging. This should state in effect how far the hedging stretches and under what scenario's it will break. For example, if interbank rates rise above X%. This will provide a common-sense feel for whether, at first glance, the hedging is reasonable.</i> • <i>Risk Factors section of the prospectus to check that no statements refer to the risks of "unhedged positions". This is based on the legal requirement to disclose any relevant information to investors. If the originator or its advisers believed that the hedging in a transaction was unusually light, this should be disclosed in the Risk Section.</i> • <i>The "pre-sale" report from a recognised credit rating agency (if used) so as to identify any issues with hedging. Again, rating agencies as credit specialists should highlight in their analysis any substantial and unusual hedging risks.</i> <p><i>In the case of the Transaction, payments from the mortgage loans represent mostly fixed rate payments, while the notes are floating rate. An interest rate swap is used in the Transaction to mitigate fixed-to-floating interest rate risk, covering the period during which the underlying assets have fixed rates. Characteristics of the Mortgage Loans

Interest payments and interest rate setting

The Sellers have responded to the competitive mortgage market by developing a range of products that are used to attract new borrowers and retain existing customers. Interest on the Mortgage Loans is charged on one of the following bases and the Sellers are able to combine these to suit the requirements of the Borrower:

- SVR Mortgage Loans are Mortgage Loans which are subject to the Standard Variable Rate or SVR, including Discounted SVR Mortgage Loans. As at the Programme Date, YBS's SVR is 7.99% and Accord SVR is 7.99%.
- Discounted SVR Mortgage Loans are Mortgage Loans which are subject to an interest rate at a discount to the Sellers' SVR.
- Reversionary Discount Mortgage Loans are Fixed Rate Mortgage Loans that will subsequently become Discounted SVR Mortgage Loans.
- Fixed Rate Mortgage Loans are Mortgage Loans which are subject to a fixed rate of interest for a specified period of time, usually, but not exclusively, for two, three or five years.
- Tracker Mortgage Loans are Mortgage Loans, to the extent that, for such period that their Mortgage Conditions provide that they are subject to a rate of interest linked to or tracking a rate set by the Bank of England and, at the expiration of that period, generally convert to Variable Rate Mortgage Loans or any other rate as specified in the relevant Mortgage Conditions.

The Seller Standard Variable Rate and some fixed rates may apply for the life of the Mortgage Loan. Otherwise, each of the above rates is offered for a predetermined period, usually between two and five years, but in some cases up to 15 years. Fixed rates and some discounted SVR rates are typically offered at the commencement of the Mortgage Loan (the "Product Period"). At the end of the Product Period, the rate of interest charged will either (a) move to some other interest rate type, such as a discounted SVR rate or a capped rate, for a predetermined period or (b) revert to, or remain at, the Discretionary Rate (which at the First Issuance Date is SVR), a fixed rate of interest or to some other interest rate type. The Sellers may introduce other or alter the Discretionary Rate in the future. In certain instances, early repayment charges are payable by the Borrower if the Mortgage Loan is redeemed within the Product Period. See the section entitled "Early Repayment Charges" below.

- (b) Principal receipts from the underlying exposures shall be passed to investors via sequential amortisation of the securitisation positions, as determined by the seniority of the securitisation position;
- (c) Repayment of the securitisation positions shall not be reversed with regard to their seniority; and

Additional Mortgage Portfolios

The Sellers may sell Additional Mortgage Portfolios comprising Additional Mortgage Loans and their Related Security to the Issuer for as long as a Sale Period is continuing.

See Prospectus, *GLOSSARY*.

"Sale Period"

Each period that will continue for as long as the following conditions are met:

- (a) an Asset Trigger Event has not occurred;
- (b) a Revolving Period End Trigger Event is not continuing; and
- (c) any Series of the Class A Notes which were outstanding at the time of the occurrence of the Revolving Period End Trigger Event have been redeemed by the Issuer in full.

See Prospectus, *TRIGGERS TABLES*.

NON RATING TRIGGERS TABLE

Asset Trigger Event

Any amount is recorded as a debit on the Class A Principal Deficiency Sub-Ledger after the application of available funds in accordance with the applicable Priorities of Payment on a Payment Date.

Revolving Period End Trigger Event

- (a) Insolvency Event in relation to a Seller or the Servicer; or
- (b) Excess Principal Fund Threshold Event.

Following the occurrence of a Revolving Period End Trigger Event, the Issuer will be prohibited from applying any of the Available Principal Receipts or the proceeds of any further drawdowns under the Class Z(S) VFN or the YBS Note towards the purchase of any Additional Mortgage Portfolio or any Further Advances.

See Prospectus, *GLOSSARY*.

"Excess Principal Fund Threshold Event"

- (a) the amount standing to the credit of the Excess Principal Fund exceeds the Excess Principal Fund Threshold Amount; or
- (b) any amounts would, on the next succeeding Payment Date, have remained recorded on the Excess Principal Ledger, on a FIFO basis, for a period of 18 months or more, where that period starts on the date on which such amounts were first so recorded.

"Excess Principal Fund Threshold Amount"

On each Calculation Date, an amount equal to the Excess Principal Fund Threshold Percentage multiplied by the aggregate of the Principal Amount Outstanding of the Class A Notes and the Class Z(S) VFN.

"Excess Principal Fund Threshold Percentage"

The percentage specified as such in the most recent Final Terms.

5.4 Information Covenants

This criterion speaks to document disclosure within 15 days of closing and therefore is a future event criterion. In other words, it cannot be either met or failed at the outset of the transaction. But if it is not met within the specified 15-day period, then the Originator will need to inform ESMA and the STS status of the securitisation will be lost.

Therefore, as a technical matter, this criterion is not applicable at the closing of a transaction. However, PCS will nevertheless look to see if there is a covenant on the part of the originator to comply in the future with this requirement whilst noting at the same time that the absence of any such covenant – although possibly unsettling for some investors – would not invalidate the STS status of the transaction at closing.

UK transparency requirements

YBS will:

(e) make available each draft UK STS Notification prior to the pricing of a Series of Notes (as applicable) and the final form at the latest 15 days after the relevant Issuance Date in relation to that Series of Notes.

Simple, Transparent and Standardised Securitisations

YBS in its capacity as originator for the purposes of the UK Securitisation Regulation, may procure that a UK STS Notification is submitted to the FCA, in accordance with (i) prior to the Regulatory Effective Date, Article 27 of the UK Securitisation Regulation, and (ii) on and from the Regulatory Effective Date, UK Securitisation Framework and, in particular SECN 2.5, confirming that the UK STS Criteria Requirements have been satisfied with respect to the issuance of a Series and Class of Notes. UK STS securitisations appear on the FCA STS Register in accordance with (i) prior to 1 November 2024, Article 27(5) of the UK Securitisation Regulation, and (ii) on and from the Regulatory Effective Date, Regulation 10(2) of the UK Securitisation Framework. Each UK STS Notification and accompanying explanation from YBS in respect of each relevant Series and Class of Notes' compliance with the UK STS Criteria Requirements will be available for inspection on the FCA STS Register and the UK Securitisation Repository Website. The STS status of any Series and Class of Notes is not static and prospective investors should verify the current status of such Notes on the FCA STS Register.

See Prospectus, *RISK FACTORS*.
