This is the STS Term Verification Checklist for STS Term Verifications.

This STS Term Verification Checklist must be read together with the PCS Procedures Manual and the PCS Term Evidentiary Standards Manual. This document is based upon the draft materials received by PCS as at the date of this document. Any references in this document are to the prospectus unless otherwise stated.

PCS comments in this STS Term Verification Checklist are based on PCS' interpretation of the STS Regulation (the "Regulation") informed by (a) the text of the Regulation itself, (b) the EBA guidelines and recommendations issued in accordance with Article 19(2) of the Regulation (the "EBA Guidelines") and (c) any relevant national competent authorities interpretation of the STS criteria to the extent known to PCS.

It is important that the reader of this checklist reviews and understands the disclaimer referred to on the following page.

STS Disclaimer

Neither an STS Verification, nor a CRR Assessment, nor an LCR Assessment is a recommendation to buy, sell or hold securities. None are investment advice whether generally or as defined under Markets in Financial Instruments Directive (2004/39/EC) and none are a credit rating whether generally or as defined under the Credit Rating Agency Regulation (1060/2009/EC).

PCS EU and PCS UK are authorised respectively by the French Autorité des Marchés Financiers and by the United Kingdom Financial Conduct Authority as third parties verifying STS compliance pursuant to article 28 of Regulation (EU) 2017/2402 (the “**STS Regulation**”).

Currently, none of the activities involved in providing an CRR and LCR Assessment are endorsed or regulated by any regulatory and/or supervisory authority nor are the PCS Association or PCS EU regulated by any regulator and/or supervisory authority including the Belgian Financial Services and Markets Authority, the United Kingdom Financial Conduct Authority, the French Autorité des Marchés Financiers or the European Securities and Markets Authority.

By assessing the STS status and compliance with the CRR and LCR provisions of any securities or financing, neither the PCS Association nor PCS UK nor PCS EU express any views about the creditworthiness of these securities or financings or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities or financings. Equally, by completing (either positively or negatively) any CRR, LCR or STS status assessment of certain instruments, no statement of any kind is made as to the value or price of these instruments or the appropriateness of the interest rate they carry (if any).

In the provision of any of its assessments, PCS has based its decision on information provided directly and indirectly by the originator or sponsor of the relevant securitisation. Specifically, it has relied on statements made in the relevant prospectus or deal sheet, documentation and/or in certificates provided by, or on behalf of, the originator or sponsor in accordance with PCS’ published procedures for the relevant PCS verification or assessment. You should make yourself familiar with these procedures to understand fully how any PCS service is completed. These can be found at <https://pcsmarket.org/> (the “**PCS Website**”). Neither the PCS Association nor PCS UK nor PCS EU undertake their own direct verification of the underlying facts stated in the prospectus, deal sheet, documentation or certificates for the relevant instruments and the completion of any of its assessments or checklists is not a confirmation or implication that the information provided to it by or on behalf of the originator or sponsor is accurate or complete.

Auto Portfolio Purchase Agreement

On or prior to the Note Issuance Date, the Seller, the Issuer and the Security Trustee will enter into an auto portfolio purchase agreement (the "Auto Portfolio Purchase Agreement") pursuant to which the Issuer will purchase the Portfolio from the Seller and the parties will agree to certain features and mechanics related to the Portfolio, as described below.

The Auto Portfolio Purchase Agreement will require that, as at the Purchase Cut-Off Date, the Portfolio and any part thereof will have to meet the eligibility criteria set out in "Eligibility Criteria" herein. Pursuant to the Auto Portfolio Purchase Agreement, the Seller represents and warrants that, as at the Purchase Cut-Off Date, each Purchased HP Contract meets such eligibility criteria.

Upon payment of the Purchase Price for the relevant Purchased HP Contracts, the Issuer acquires title to such Purchased HP Contract (including the economic interest in the Financed Vehicles by virtue retention of title thereto) as from the Purchase Date of such Purchased HP Contract (other than any Instalments which have become due prior to or on such Purchase Cut-Off Date) in accordance with the Auto Portfolio Purchase Agreement. As a result, the Issuer obtains the full economic ownership in the Portfolio, including principal and interest, and is free to transfer or otherwise dispose of the Portfolio, subject only to the contractual restrictions applying to the Purchased HP Contracts and all applicable laws

[...]

The sale and assignment is perfected (fi: "julkivarmistus") by notifying the Debtors of such sale and directing the Debtors to make payments to the Issuer or to its order. Under the Auto Portfolio Purchase Agreement, the Seller will agree to deliver such notices (i) either electronically or by mailing them, as applicable to Debtors who are consumers and (ii) by mailing them to Debtors who are not consumers on or about the Purchase Date. The Seller will remain registered with the Finnish Transport and Communications Agency as the titleholder of each Financed Vehicle in the Vehicle Register.

See also Prospectus, *LEGAL MATTERS – FINLAND*.

Transfer of HP Contracts to the Issuer

Under Finnish law and the terms and conditions of the Purchased HP Contracts, the Purchased HP Contracts may be freely transferred by way of ownership or security. A notification to each of the Debtors and holders of the Financed Vehicles is, however, required in order to perfect the transfer of the Purchased HP Contracts and for such transfer to be effective against the Seller's creditors and other third parties, including bankruptcy creditors. After the delivery of the notice, the Debtors may no longer settle their debt by payment to the Seller and subsequently claim protection of payment against the Issuer.

Pursuant to the Auto Portfolio Purchase Agreement, the Seller will agree to procure that, when completed in accordance with the terms of the Auto Portfolio Purchase Agreement, the sale and transfer of the Purchased HP Contracts obtains legal perfection by virtue of a notification to be mailed to each of the Debtors and holders of the Financed Vehicles on or about the Purchase Date.

In connection with the transfer of the HP Contracts to the Issuer, the Seller will transfer the right of retention of title under the HP Contracts to the Issuer on the Purchase Date. However, the Seller shall retain legal title to the Financed Vehicles and remain registered as the titleholder of the Financed Vehicles in the Vehicle Register.

While the economic rights (including retention of title) to each Financed Vehicle will be vested, on and following the Note Issuance Date, with the Issuer under the Purchased HP Contracts, the Issuer is not, prior to the repossession of a Financed Vehicle, entitled to sell or otherwise dispose of the Financed Vehicle, whether voluntarily or involuntarily, or to pledge or create other encumbrances over the Financed Vehicles on a stand-alone basis separately from the claims against the Debtors under the Purchased HP Contracts. In the event of enforcement of claims of a creditor, against the Issuer or in the event of the insolvency of the Issuer, only the Purchased HP Contracts together with the Financed Vehicles, but not the Financed Vehicles separately from the claims against the Debtors under the Purchased HP Contracts, may be realised to settle the Issuer's obligations. Therefore, and for purposes of Article 20(13) of the EU Securitisation Regulation, this securitisation transaction is not predominantly dependent on the sale of the Financed Vehicles.

"True sale" is not a legal concept but a rating agency creation.

The essence of a "true sale" is that the property in the securitised assets has legally moved from the originator/seller to the SSPE in such a way that the SSPE's ownership will be recognised as a matter of law, including and especially in the case of the insolvency of the originator/seller. In a "true sale" the insolvency officer and creditors of the insolvent originator/seller are not able to satisfy the claims of the originator/seller's creditor out of the proceeds of the securitised assets. Following a "true sale" there is no legal device by which the assets can automatically revert to the originator/seller's ownership. Such automatic reversion is associated with security interests and anathema to a "true sale".

This is clearly stated in the wording of the Regulation (20.1). The expression "transfer to the same effect" indicates that, as long as the conditions in the preceding paragraph are met, the Regulation does not seek to limit the type of legal devices which can be used to effect such transfer of title.

The issue of "true sale" is separate from the issue of "clawback". "Clawback" refers to legal processes through which, in the insolvency of the seller of an asset, an insolvency officer is entitled to reverse the sale – even in cases where a "true sale" has taken place.

All European jurisdictions, to PCS' knowledge, have rules allowing for clawbacks. Clawbacks are usually rules to avoid a company heading towards insolvency from "defrauding" its existing creditors either by selling assets at very low prices (to friends and relations) or unfairly preferring certain creditors over others.

The Regulation (20.1) therefore does not require STS "true sales" to be clawback proof since this would mean that no European securitisation could ever be STS. It does require the sale not to be subject to "severe clawback". The Regulation does not define "severe clawback" but gives an example (20.2) where a clawback happens for no reasons. The Regulation (20.3) also explicitly excludes from the definition of "severe clawback" the traditional European basis for such devices which all come under the general category of "preferences".

PCS further notes that the examples (20.2 and 20.3) refer to the insolvency law of a jurisdiction and therefore believes that clawback risk is to be assessed on a jurisdictional basis rather than on a transactional basis. Finally, PCS does not believe and nor is there any evidence that the legislators or regulatory authorities are seeking to craft a higher standard than that which has been used for decades by the market and was the basis for the legislative text.

Based on the above considerations, PCS believes that transfers from jurisdictions meeting the following criteria – absent any other indications – shall not fall within the definition of "severe clawback":

- *Clawback requires an unfair preference "defrauding" creditors;*
- *Clawback puts the burden of proof on the insolvency officer or creditors – in other words it cannot be automatic nor require the purchaser to prove their innocence.*

Since "severe clawback" is a jurisdictional concept, in analysing this issue PCS will therefore first seek to determine the Originator's jurisdiction for the purposes of insolvency law. This would be its centre of main interest or "COMI".

The second step would be to determine whether the relevant COMI contains severe claw back provisions in its insolvency legislation. Although the determination of a COMI can be a technically fraught analysis of international conflicts of law, PCS notes that in the vast majority of securitisations there is no real issue as the COMI is self-evident.

In the case of the Transaction, the title to the Purchased HP Contracts and the economic interest in the Financed Vehicles by virtue retention of title thereto) is transferred, by sale and assignment, with legal perfection by virtue of a notification.

The Finnish legal opinion from WASELIUS & WIST (together with the supporting opinions from William Fry (Irish law) and Mayer Brown (English law)) confirms that the sale of the Purchased HP Contracts (including title to the Financed Vehicles) constitutes a transfer of assets that meets the definition of "true sale" outlined above.

In the case of the seller, LOCALTAPIOLA FINANCE LTD, whose main business is in Finland, the COMI is Finland.

Article 20.1 [...] The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller's insolvency.

Article 20.2 For the purpose of paragraph 1, any of the following shall constitute severe clawback provisions:

(a) provisions which allow the liquidator of the seller to invalidate the sale of the underlying exposures solely on the basis that it was concluded within a certain period before the declaration of the seller's insolvency;

(b) provisions where the SSPE can only prevent the invalidation referred to in point (a) if it can prove that it was not aware of the insolvency of the seller at the time of sale..

Article 20.3. For the purpose of paragraph 1, clawback provisions in national insolvency laws that allow the liquidator or a court to invalidate the sale of underlying exposures in case of fraudulent transfers, unfair prejudice to creditors or of transfers intended to improperly favour particular creditors over others, shall not constitute severe clawback provisions.

Absence of severe claw-back provisions

Once the sale and transfer of the Purchased HP Contracts has been perfected by virtue of a notification to be mailed to each of the Debtors on or about the Purchase Date, the sale of the Purchased HP Contracts is not subject to severe clawback provisions within the meaning of Article 20(2) of the EU Securitisation Regulation.

The legal opinion confirms that the transfer of the title to the Purchased HP Contracts will not be subject to severe clawback provisions in the event of the Seller's insolvency, as required in Article 20(1) of Regulation (EU) 2017/2402.

Article 20.4. Where the seller is not the original lender, the true sale or assignment or transfer with the same legal effect of the underlying exposures to the seller, whether that true sale or assignment or transfer with the same legal effect is direct or through one or more intermediate steps, shall meet the requirements set out in paragraphs 1 to 3.

However, the Originator reserves the right in its absolute discretion to update its Credit and Collection Policy from time to time including without limitation in response to changes in its operating or regulatory environment, the economic situation in Finland or its portfolio development. In the Master Framework Agreement, the Seller has agreed to disclose to potential investors, without undue delay, any material change from prior underwriting standards or other change to the Credit and Collection Policy, together with an explanation of such change and an assessment of the possible consequences on the HP Contracts, pursuant to Article 20(10) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria.</p>	

Although somewhat confusingly drafted, the EBA Guidelines make clear that the part of the criterion referring to changes from prior underwriting is a future event criterion. It applies changes in underwriting criteria that occur post-closing. In other words, it cannot be either met or failed at the outset of the transaction. But if, at a later stage, it is not met, then the Originator will need to inform

ESMA and the STS status of the securitisation will be lost. Therefore, as a technical matter, this criterion is not applicable at the closing of a transaction. However, PCS will nevertheless look to see if there is a covenant on the part of the originator to comply in the future with this requirement whilst noting at the same time that the absence of any such covenant – although possibly unsettling for some investors – would not invalidate the STS status of the transaction at closing.

Under the Auto Portfolio Purchase Agreement, the Seller has represented and warranted as follows.

8. The Seller has assessed the Debtors' creditworthiness in compliance with the requirements set out in Article 8 of Directive 2008/48/EC, pursuant to Article 20(10), third paragraph, of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria.

See also Prospectus, *CREDIT AND COLLECTION POLICY*.

PCS also confirmed via additional due diligence that the assessment of creditworthiness meets the requirements.

The criterion requires consumer loans or mortgages to have been underwritten in accordance with one of two European Directives. European Directives, in contrast to Regulations, do not have direct effect but must be implemented into national law country by country.

PCS assumes, although the Regulation and the EBA Guidelines are silent on this point, that the requirement for mortgages and consumer loans to have been underwritten in compliance with the Directives only applies to assets underwritten after these Directives were transcribed into national law.

See Prospectus, *DESCRIPTION OF THE PORTFOLIO*.

The HP Contracts do not include an option for a Debtor to return the Financed Vehicle to the Seller in lieu of repayment of the HP Contract in full.

See Prospectus, *LEGAL MATTERS – FINLAND*.

While the economic rights (including retention of title) to each Financed Vehicle will be vested, on and following the Note Issuance Date, with the Issuer under the Purchased HP Contracts, the Issuer is not, prior to the repossession of a Financed Vehicle, entitled to sell or otherwise dispose of the Financed Vehicle, whether voluntarily or involuntarily, or to pledge or create other encumbrances over the Financed Vehicles on a stand-alone basis separately from the claims against the Debtors under the Purchased HP Contracts. In the event of enforcement of claims of a creditor, against the Issuer or in the event of the insolvency of the Issuer, only the Purchased HP Contracts together with the Financed Vehicles, but not the Financed Vehicles separately from the claims against the Debtors under the Purchased HP Contracts, may be realised to settle the Issuer's obligations. Therefore, and for purposes of Article 20(13) of the EU Securitisation Regulation, this securitisation transaction is not predominantly dependent on the sale of the Financed Vehicles.

The transaction is not structured with residual value risk – no option for obligors to hand back vehicle in lieu of repayment in full.

The Issuer will, on or about the Closing Date, enter into an interest rate swap transaction in relation to the fixed rate HP Contracts (excluding any Defaulted HP Contracts) with the Swap Counterparty (the "Swap Transaction") under which:

- (a) the Issuer will pay to the Swap Counterparty on each Payment Date the Swap Interest, being a fixed rate of 2.71815 per cent. per annum, applied to the Swap Notional Amount; and
- (b) the Swap Counterparty will pay to the Issuer on each Payment Date a floating rate equal to EURIBOR as determined by the calculation agent under the Swap Transaction in respect of the Interest Period immediately preceding such Payment Date plus a margin equal to 0.54 per cent. per annum (subject to a floor of zero), applied to the Swap Notional Amount.

Clearly and explicitly, "appropriate" hedging does not require "perfect" hedging. This is confirmed by the EBA Guidelines which require the hedges to cover a "major share" of the risk from an "economic perspective". However, the definition of "appropriate" hedging or a "major share" of the risk will always contain an element of subjectivity and must be analysed on a case-by-case basis.

The fact that the Regulation was crafted by the legislators to recognise existing high-quality European securitisations rather than raise the bar to a level not previously encountered, together with the common-sense approach of the EBA, leads to the conclusion that transactions considered adequately hedged by common investor and rating agency consensus should be held to meet this criterion.

This still requires an analysis of the matter. Since PCS is not a quantitative analysis provider or a credit rating agency, our verification is based on a second-hand analysis which focuses on:

- *A statement in the Prospectus or other document setting out the boundary conditions of the hedging. This should state in effect how far the hedging stretches and under what scenario's it will break. For example, if interbank rates rise above X%. This will provide a common-sense feel for whether, at first glance, the hedging is reasonable.*
- *Risk Factors section of the prospectus to check that no statements refer to the risks of "unhedged positions". This is based on the legal requirement to disclose any relevant information to investors. If the originator or its advisers believed that the hedging in a transaction was unusually light, this should be disclosed in the Risk Section.*
- *The "pre-sale" report from a recognised credit rating agency (if used) so as to identify any issues with hedging. Again, rating agencies as credit specialists should highlight in their analysis any substantial and unusual hedging risks.*

The Swap Agreement

Termination of the Swap Agreement

In the event that the Swap Agreement is terminated prior to its scheduled termination date, and prior to the service by the Note Trustee of an Enforcement Notice or the redemption in full of the Class A Notes and the Class B Notes, the Issuer will use commercially reasonable efforts to enter into a replacement arrangement with another appropriately rated entity. Such replacement swap must be entered into on terms acceptable to the Rating Agencies, the Issuer and the Note Trustee.

Transaction Account Bank Agreement

The appointment of the Transaction Account Bank will automatically be terminated upon one of the following events occurring in respect of the Transaction Account Bank:

[...] provided that no such termination shall take effect until a new transaction account bank has been appointed by the Issuer (with the Note Trustee's consent) with respect to the relevant arrangements.

In addition, if at any time a Ratings Downgrade has occurred in respect of the Transaction Account Bank, then the Issuer will (with the prior written consent of the Note Trustee) procure that, with the assistance of the Servicer or another member of the Originator Group, no earlier than thirty-three (33) calendar days but within sixty (60) calendar days from the date on which the Transaction Account Bank fails to meet the minimum rating requirement, the Secured Accounts and all of the funds standing to the credit of the Secured Accounts are transferred to another bank that meets the applicable Required Ratings (which bank will be notified in writing by the Issuer to the Transaction Account Bank) and which has been approved in writing by the Note Trustee in accordance with the provisions of the Transaction Account Bank Agreement. The appointment of the Transaction Account Bank will terminate on the date on which the appointment of the new transaction account bank becomes effective.

Collections Account Agreement

If at any time a Ratings Downgrade has occurred in relation to the Collections Account Bank, then the Servicer will (with the prior written consent of the Note Trustee) use reasonable endeavours to procure that, no earlier than thirty-three (33) calendar days but within sixty (60) calendar days, the Collections Account and all of the funds standing to the credit of the Collections Account are transferred to another bank which meets the Required Ratings (which bank will be notified in writing by the Servicer to the Collections Account Bank and approved in writing by the Note Trustee); the appointment of the Collections Account Bank will terminate on the date on which the appointment of the new Collections Account Bank becomes effective. Upon the transfer of the Collections Account to another bank, the Issuer will procure that the new Collections Account Bank enters into an agreement substantially in the form of the Collections Account Agreement and accedes to the Security Trust Deed.

SCHEDULE 3 PROVISIONS FOR MEETINGS OF NOTEHOLDERS 1. DEFINITIONS "Extraordinary Resolution" "Written Resolution" 4. CONVENING OF MEETING	

The Issuer or the Note Trustee may convene a Meeting at any time, and the Note Trustee shall be obliged to do so (in each case, subject to it being indemnified and/or prefunded and/or secured to its satisfaction), upon the request in writing of a Class or Classes of Noteholders holding not less than one tenth of the Aggregate Outstanding Note Principal Amount of the Notes of the relevant Class or Classes. Every Meeting shall be held in Dublin or any other place in the European Union as so agreed and approved by the Note Trustee and shall be held on a date, and at a time approved by the Note Trustee.

5. NOTICE

5.1 Notice period and notice details

Not less than 21 days' and not more than 63 days' notice (exclusive of the day on which the notice is given and of the day on which the relevant Meeting is to be held) specifying the date, time and place of the Meeting shall be given to the relevant Noteholders and the Principal Paying Agent (with a copy to the Issuer where the Meeting is convened by the Note Trustee or, where the Meeting is convened by the Issuer, with a copy to the Note Trustee).

7. QUORUM

10. NOTICE FOLLOWING ADJOURNMENT

Although the wording of the Regulation as to what constitutes the "facilitation of timely resolution of conflicts" is very vague, the EBA Guidelines have helpfully set out the five minimum requirements that the documents should contain to meet this criterion. The documentation covers the following:

(a) the method for calling meetings; as for method:

(b) the maximum timeframe for setting up a meeting:

(c) the required quorum:

(d) the minimum threshold of votes to validate such a decision, with clear differentiation between the minimum thresholds for each type of decision: extraordinary:

(e) where applicable, a location for the meetings which should be in the EU
