This is the STS Term Verification Checklist for STS Term Verifications.

This STS Term Checklist must be read together with the PCS Procedures Manual and the PCS Term Evidentiary Standards Manual. This document is based upon the materials received by PCS as at the date of this document. Any references in this document are to the Prospectus unless otherwise stated.

PCS comments in this STS Term Verification Checklist are based on PCS' interpretation of the STS Regulation (the "Regulation") informed by (a) the text of the Regulation itself, (b) the EBA guidelines and recommendations issued in accordance with Article 19(2) of the Regulation (the "EBA Guidelines") and (c) any relevant national competent authorities' interpretation of the STS criteria to the extent known to PCS.

PCS comments in this STS Term Verification Checklist are based on PCS' interpretation of the STS Regulation EU 2017/2402 of the European Union as amended and incorporated into United Kingdom law by the Withdrawal Act 2019 and the Securitisation (Amendment) (EU Exit) Regulations 2019 (the "Regulation") informed by (a) the text of the Regulation itself, (b) following the joint guidance of the Bank of England and the PRA of April, 2019, the EBA guidelines and recommendations issued in accordance with Article 19(2) of the Regulation (the "EBA Guidelines") to the extent that they remain relevant following Brexit and where published prior to 1st January 2020 and (c) any relevant interpretation of the STS criteria by the Financial Conduct Authority to the extent known to PCS.

It is important that the reader of this checklist reviews and understands the disclaimer referred to on the following page.

STS Disclaimer

Neither an STS Verification, nor a CRR Assessment, nor an LCR Assessment is a recommendation to buy, sell or hold securities. None are investment advice whether generally or as defined under Markets in Financial Instruments Directive (2004/39/EC) and none are a credit rating whether generally or as defined under the Credit Rating Agency Regulation (1060/2009/EC) or any post-Brexit successor legislation in the United Kingdom.

PCS EU and PCS UK are authorised respectively by the French Autorité des Marchés Financiers and by the United Kingdom Financial Conduct Authority as third parties verifying STS compliance pursuant to article 28 of Regulation (EU) 2017/2402 (the “**STS Regulation**”) and The Securitisation (Amendment) (EU Exit) Regulations 2019.

Currently, none of the activities involved in providing an CRR Assessment are endorsed or regulated by any regulatory and/or supervisory authority nor are the PCS Association or PCS EU regulated by any regulator and/or supervisory authority including the Belgian Financial Services and Markets Authority, the United Kingdom Financial Conduct Authority, the French Autorité des Marchés Financiers or the European Securities and Markets Authority.

By assessing the CRR status of any securities or financing, neither the PCS Association nor PCS UK nor PCS EU express any views about the creditworthiness of these securities or financings or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities or financings.

Equally, by completing (either positively or negatively) any CRR status assessment of certain instruments, no statement of any kind is made as to the value or price of these instruments or the appropriateness of the interest rate they carry (if any).

In the provision of any CRR Assessment, PCS has based its decision on information provided directly and indirectly by the originator or sponsor of the relevant securitisation. Specifically, it has relied on statements made in the relevant prospectus or deal sheet, documentation and/or in certificates provided by, or on behalf of, the originator or sponsor in accordance with PCS’ published procedures for the relevant PCS verification or assessment. You should make yourself familiar with these procedures to understand fully how any PCS service is completed. These can be found at <https://pcsmarket.org/> (the “**PCS Website**”). Neither the PCS Association nor PCS UK nor PCS EU undertake their own direct verification of the underlying facts stated in the prospectus, deal sheet, documentation or certificates for the relevant instruments and the completion of any CRR Assessment is not a confirmation or implication that the information provided to it by or on behalf of the originator or sponsor is accurate or complete.

The PCS entities take reasonable measures to ensure the quality and accuracy of the information on www.pcsmarket.org. However, neither the PCS Association nor PCS UK nor PCS EU can be held liable in any way for the inaccuracy or incompleteness of any information that is available on or through the PCS Website. In addition, neither the PCS Association nor PCS UK nor PCS EU can in any way be held liable or responsible for the content of any website linked to the PCS Website.

To understand the meaning and limitations of any CRR Assessment you must read the [General Disclaimer](#) that appears on the PCS Website.

When entering any of the “Transaction” sections of the PCS Website, you will be asked to declare that you are allowed to do so under the legislation of your country. The circulation and distribution of information regarding securitisation instruments (including securities) that is available on the PCS Website may be restricted in certain jurisdictions. Persons receiving any information or documents with respect to or in connection with instruments (including securities) available on the PCS Website are required to inform themselves of and to observe all applicable restrictions.

Article 20.1. The title to the underlying exposures shall be acquired by the SSPE by means of a true sale or assignment or transfer with the same legal effect in a manner that is enforceable against the seller or any other third party. The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller's insolvency.

	<p><u>PCS Comments</u></p> <p>See Prospectus, <i>RISK FACTORS</i>.</p> <p>LEGAL AND REGULATORY RISKS RELATING TO THE STRUCTURE AND THE NOTES</p> <p>The Seller will initially retain legal title to the Mortgage Loans</p> <p>The sale of the English Mortgage Loans and their Related Security to the Issuer (until transfer of legal title) will take effect in equity only. The sale of the Scottish Mortgage Loans and their Related Security to the Issuer will be given effect by Scottish Declarations of Trust by the Seller. In each case, this means that legal title to the Mortgage Loans and their Related Security will remain with the Seller until such time as certain additional steps have been taken including the giving of notices of the sale to the Borrowers and, in the case of Scottish Mortgage Loans, the granting, delivery and registration of assignments of standard securities. In addition, it may not be possible for there to be a legal assignment or assignment of the benefit of those Insurance Policies in relation to which the Issuer has acquired only an equitable interest or interest as beneficiary under a Scottish Declaration of Trust.</p> <p>See Prospectus, <i>ASSIGNMENT OF THE MORTGAGE LOANS AND RELATED SECURITY</i>.</p> <p>Transfer of Title to the Mortgage Loans to the Issuer</p> <p>The English Mortgage Loans will be sold by the Seller to the Issuer by way of equitable assignment. The Scottish Mortgage Loans will be sold by the Seller to the Issuer by way of Scottish Declaration of Trust under which the beneficiary's interest in such trust will be vested in the Issuer. In relation to the Scottish Mortgage Loans, references in this document to a "sale" or "equitable assignment" of Mortgage Loans or Mortgage Loans having been "sold" are to be read as references to the making of such Scottish Declaration of Trust. Such beneficiary's interest (as opposed to the legal title) cannot be registered or recorded in HM Land Registry or the Registers of Scotland. As a result, legal title to the Mortgage Loans and their Related Security will remain with the Seller until legal assignments (in relation to English Mortgage Loans) or assignments (in relation to Scottish Mortgage Loans) are delivered by the Seller to the Issuer and notice of the sale is given by the Seller to the Borrowers. Legal assignment or assignment (as appropriate) of the Mortgage Loans and their Related Security (including, where appropriate, their registration or recording in the relevant property register) to the Issuer will be deferred and will only take place in the limited circumstances described below.</p> <p><i>"True sale" is not a legal concept but a rating agency creation.</i></p> <p><i>The essence of a "true sale" is that the property in the securitised assets has legally moved from the originator/seller to the SSPE in such a way that the SSPE's ownership will be recognised as a matter of law, including and especially in the case of the insolvency of the originator/seller. In a "true sale" the insolvency officer and creditors of the insolvent originator/seller are not able to satisfy the claims of the originator/seller's creditor out of the proceeds of the securitised assets. Following a "true sale" there is no legal device by which the assets can automatically revert to the originator/seller's ownership. Such automatic reversion is associated with security interests and anathema to a "true sale".</i></p> <p><i>This is clearly stated in the wording of the Regulation (20.1). The expression "transfer to the same effect" indicates that, as long as the conditions in the preceding paragraph are met, the Regulation does not seek to limit the type of legal devices which can be used to effect such transfer of title.</i></p> <p><i>The issue of "true sale" is separate from the issue of "clawback". "Clawback" refers to legal processes through which, in the insolvency of the seller of an asset, an insolvency officer is entitled to reverse the sale – even in cases where a "true sale" has taken place.</i></p>	

All European jurisdictions, to PCS' knowledge, have rules allowing for clawbacks. Clawbacks are usually rules to avoid a company heading towards insolvency from "defrauding" its existing creditors either by selling assets at very low prices (to friends and relations) or unfairly preferring certain creditors over others.

The Regulation (20.1) therefore does not require STS "true sales" to be clawback proof since this would mean that no European securitisation could ever be STS. It does require the sale not to be subject to "severe clawback". The Regulation does not define "severe clawback" but gives an example (20.2) where a clawback happens for no reasons. The Regulation (20.3) also explicitly excludes from the definition of "severe clawback" the traditional European basis for such devices which all come under the general category of "preferences".

PCS further notes that the examples (20.2 and 20.3) refer to the insolvency law of a jurisdiction and therefore believes that clawback risk is to be assessed on a jurisdictional basis rather than on a transactional basis. Finally, PCS does not believe and nor is there any evidence that the legislators or regulatory authorities are seeking to craft a higher standard than that which has been used for decades by the market and was the basis for the legislative text.

Based on the above considerations, PCS believes that transfers from jurisdictions meeting the following criteria – absent any other indications – shall not fall within the definition of "severe clawback":

- Clawback requires an unfair preference "defrauding" creditors;
- Clawback puts the burden of proof on the insolvency officer or creditors – in other words it cannot be automatic nor require the purchaser to prove their innocence.

Since "severe clawback" is a jurisdictional concept, in analysing this issue PCS will therefore first seek to determine the Originator's jurisdiction for the purposes of insolvency law. This would be its centre of main interest or "COMI".

The second step would be to determine whether the relevant COMI contains severe claw back provisions in its insolvency legislation. Although the determination of a COMI can be a technically fraught analysis of international conflicts of law, PCS notes that in the vast majority of securitisations there is no real issue as the COMI is self-evident.

In the case of the Transaction, title to the assets is transferred by means of an equitable or beneficial assignment.

The legal opinions from Dentons UK and Middle East LLP confirm that an equitable assignment and a Scottish assignment of the beneficial interest meets the definition of "true sale" outlined above.

In the case of Coventry Building Society, a building society situated in the United Kingdom, the COMI is considered the United Kingdom. United Kingdom insolvency law provides for clawback in the cases of preferences and transactions at an undervalue and require the insolvency officer to prove that case. Therefore, and as confirmed by the Opinions, the transfer is not, in our opinion, subject to "severe clawback"

Article 20.1 [...] The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller's insolvency.

Article 20.2 For the purpose of paragraph 1, any of the following shall constitute severe clawback provisions:

(a) provisions which allow the liquidator of the seller to invalidate the sale of the underlying exposures solely on the basis that it was concluded within a certain period before the declaration of the seller's insolvency;

(b) provisions where the SSPE can only prevent the invalidation referred to in point (a) if it can prove that it was not aware of the insolvency of the seller at the time of sale..

Article 20.3. For the purpose of paragraph 1, clawback provisions in national insolvency laws that allow the liquidator or a court to invalidate the sale of underlying exposures in case of fraudulent transfers, unfair prejudice to creditors or of transfers intended to improperly favour particular creditors over others, shall not constitute severe clawback provisions.

2	<u>STS Criteria</u> 2. The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller's insolvency.	<u>Verified?</u> YES

Article 20.4. Where the seller is not the original lender, the true sale or assignment or transfer with the same legal effect of the underlying exposures to the seller, whether that true sale or assignment or transfer with the same legal effect is direct or through one or more intermediate steps, shall meet the requirements set out in paragraphs 1 to 3.

3	<u>STS Criteria</u> 3. Where the seller is not the original lender, the true sale or assignment or transfer with the same legal effect of the underlying exposures to the seller, whether that true sale or assignment or transfer with the same legal effect is direct or through one or more intermediate steps, shall meet the requirements set out in paragraphs 1 to 3.	<u>Verified?</u> YES

Article 20.5. Where the transfer of the underlying exposures is performed by means of an assignment and perfected at a later stage than at the closing of the transaction, the triggers to affect such perfection shall, at least include the following events:

- (a) severe deterioration in the seller credit quality standing;
- (b) insolvency of the seller; and

- (a) delivery of an Enforcement Notice;
- (b) Insolvency Event in relation to the Seller;
- (c) a breach of obligations by the Seller (or the Servicer on behalf of the Seller) under the Transaction Documents, where such breach, if capable of remedy, has not been remedied within 90 calendar days following the day on which the Seller is aware of such breach. The Seller may amend this paragraph (c) so long as the Seller delivers a certificate to the Issuer that such amendment does not impact the designation as a 'simple, transparent and standardised' securitisation (within the meaning of the UK Securitisation Regulation) in respect of any Series or Class of Notes then outstanding which are intended to satisfy the UK STS Requirements;
- (d) (with certain caveats) termination of the Seller's role as Servicer under the Servicing Agreement;
- (e) the Seller and/or the Issuer being required to perfect legal title to the Mortgage Loans by an order of a court of competent jurisdiction, a change in law occurring after the Programme Date, or by a regulatory authority of which the Seller is a member or any organisation whose members comprise (but are not necessarily limited to) mortgage lenders with whose instructions it is customary for the Seller to comply;
- (f) the Security created under or pursuant to the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee, in jeopardy; and
- (g) if the Seller determines, as at any date, that its CET1 Ratio has fallen below 6.00 per cent.

See Prospectus, *ASSIGNMENT OF THE MORTGAGE LOANS AND RELATED SECURITY*.

Transfer of Title to the Mortgage Loans to the Issuer

Legal assignment or assignation (as appropriate) of the Mortgage Loans and their Related Security to the Issuer (including any notification of such legal assignment or assignation (as appropriate) to the Borrowers) will be completed on or before the 30th Business Day after the earliest of the following (a "Perfection Trigger Event"):

- (a) the occurrence of an Event of Default and delivery of an Enforcement Notice;
- (b) the occurrence of an Insolvency Event in relation to the Seller;
- (c) a breach of obligations by the Seller (or the Servicer on behalf of the Seller) under the Transaction Documents, where such breach, if capable of remedy, has not been remedied within 90 calendar days following the day on which the Seller is aware of such breach. The Seller may amend this paragraph (c) so long as the Seller delivers a certificate to the Issuer that such amendment does not impact the designation as a 'simple, transparent and standardised' securitisation (within the meaning of the UK Securitisation Regulation) in respect of any Series or Class of Notes then outstanding which are intended to satisfy the UK STS Requirements;
- (d) unless otherwise agreed by the Security Trustee, the termination of the Seller's role as Servicer under the Servicing Agreement, unless as at the relevant date of termination any substitute servicer is any member of the Seller's corporate group;
- (e) the Seller and/or the Issuer being required to perfect legal title to the Mortgage Loans by an order of a court of competent jurisdiction or a change in law occurring after the Programme Date, or by a regulatory authority of which the Seller is a member or to whose authority the Seller is subject or any organisation whose members comprise (but are not necessarily limited to) mortgage lenders with whose instructions it is customary for the Seller to comply;
- (f) the security created under or pursuant to the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee, in jeopardy; and
- (g) if the Seller determines, as at any date, that its CET1 Ratio has fallen below 6.00 per cent., where CET1 Ratio means the ratio (expressed as a percentage) of Common Equity Tier 1 as at such date to the Risk Weighted Assets as at the same date, in each case calculated by the Seller on an individual consolidated basis (as referred to in Article 9 of the UK CRR) or, as the context requires, a consolidated basis, Common Equity Tier 1 means, as at any date, the sum of all amounts that constitute common equity tier 1 capital of the Seller as at such date, less any deductions from common equity tier 1 capital required to be made as at such date, in each case as calculated by the Seller on an individual consolidated basis (as referred to in Article 9 of the UK CRR) or, as the context requires, a consolidated basis, in each case in accordance with the then prevailing Capital Regulations but without taking into account any transitional, phasing-in or similar provisions and Risk Weighted Assets means, as at any date, the aggregate amount of the risk weighted assets of the Seller as at such date, as calculated by the Seller on an individual consolidated basis (as referred to in Article 9 of the UK CRR) or, as the context requires, a consolidated basis, in each case in accordance with the then prevailing capital regulations but without taking into account any transitional, phasing-in or similar provisions.

See Prospectus, GLOSSARY.

"Insolvency Event"

Criterion 4 requires two steps:

- *To determine whether the transfer of the assets is by means of an unperfected assignment; and*
- *If it is, whether the transaction contains the requisite triggers.*

In the absence of any definition of "an assignment perfected at a later stage" in the Regulation or the EBA Guidelines and without additional views from the UK Financial Conduct Authority it is not possible to determine with finality whether an English equitable assignment is "unperfected" within the meaning of the Regulation – as distinguished from the meaning of the English rules of equity.

PCS believes there are good reasons why the Regulation's term of "an assignment perfected at a later stage" does not encompass an English equitable assignment.

However, this is not a question that is required to be answered in the case of the Transaction since, even if equitable assignments are unperfected assignments as defined in the Regulation, the requirements of the criterion are met by the Transaction.

PCS has measured the trigger events against the EBA Guidelines.

20.5(a)

No absolute definition of “severe deterioration” can be given, but clearly the Regulation is seeking to avoid requiring a “hair trigger” deterioration. In other words, an originator could provide a “hair trigger” deterioration if it wanted to. Therefore, the rule does not require an originator or investor to weigh carefully the severity of the trigger so long as it meets the requirements of the EBA Guidelines to be related to the seller’s credit standing, be observable and related to financial health.

The trigger provided in the Transaction meets these requirements. (g)

20.5(b)

The insolvency trigger is in the Transaction (b).

20.5(c)

The Regulation refers to “unremedied breaches of contractual obligations by the seller, including the seller’s default”.

PCS notes that neither the Regulation nor the EBA Guidelines specify which contractual obligations are targeted. One can assume that this cannot possibly mean any seller contractual obligation since most financial institutions have millions of contractual obligations under tens of thousands of contracts. It is not conceivable that, in order to protect a securitisation, a transfer could be required resulting from a trivial breach of a totally unrelated contractual provision (e.g. to keep the walls painted on a leased property unconnected to the transaction).

PCS also notes that the Regulation clearly does not say “any breaches of contractual obligations”. Therefore, the Regulation must be aiming at an undefined sub-set of contractual obligations. In the absence of any indication in the Regulation or EBA Guidelines as to what this sub-set may be, PCS concludes, until clarification may be provided, that it is up to the originator to define which sub-set of obligations should trigger a possible perfection.

PCS does believe though that the Regulation must be interpreted in a purposive manner – as evidenced by the EBA Guidelines. Therefore, the sub-set of obligations selected by the originator cannot be capricious but should have some connection with the risks that would be run by investors if the seller should encounter a problem prior to perfection of the title.

The unremedied breach trigger is in the Transaction. (c)

Article 20.6. The seller shall provide representations and warranties that, to the best of its knowledge, the underlying exposures included in the securitisation are not encumbered or otherwise in a condition that can be foreseen to adversely affect the enforceability of the true sale or assignment or transfer with the same legal effect.

Article 20.7. The EBA Guidelines clarify that “clear” does not mean easily readable or comprehended by a non-expert. In the Regulation a criterion is “clear” when a court or tribunal could determine whether, presumably in all cases, the criterion is met for each asset. In the Regulation, “clear” is about certainty of determination.

PCS has read the eligibility criteria in the Prospectus. As they are mandatory, they meet the “predetermined” requirement. As they are in the Prospectus, they meet the “documented” requirement. PCS has also concluded that they allow determination in each case and so meet the “clear” requirement.

Repurchase of the Mortgage Loans

The Seller's rights and obligations to sell Mortgage Loans and their Related Security to the Issuer and/or repurchase Mortgage Loans and their Related Security from the Issuer pursuant to the Mortgage Sale Agreement, do not constitute active portfolio management for the purposes of Article 20(7) of the UK Securitisation Regulation.

Repurchase of Non-Compliant Loans

General ability to repurchase

In order to effect any permitted redemption of any Notes in accordance with the terms of the Transaction Documents and the Conditions, the Seller may from time to time offer to repurchase:

- (a) randomly selected Mortgage Loans and their Related Security from the Issuer for a purchase price equal to the Current Balance of the relevant Mortgage Loans; and
- (b) any Mortgage Loan and its Related Security where such Mortgage Loan is at least two months in arrears,

provided, in each case, that the Mortgage Portfolio will continue to meet the Portfolio Criteria immediately following such repurchase. The Issuer will be required to accept any such offer.

The EBA Guidelines set out seven devices to repurchase securitised assets which are not to be considered indicative of “active portfolio management”. To the extent that a transaction only contains some or all of those seven devices and does not provide any other form of repurchase, then the STS criterion will be met. If the transaction should contain a repurchase device that is not included in the EBA’s list, then an analysis will need to be conducted as to whether this additional device offends against the principles set out in the EBA Guidelines (15.a and b) as defining “active portfolio management”. PCS has reviewed the repurchase devices set out in the Prospectus they are within the allowable repurchase devices.

Other characteristics

All Mortgage Loans in the Mortgage Portfolio are homogenous for the purposes of Article 20(8) of the UK Securitisation Regulation, on the basis that all such Mortgage Loans: (a) have been underwritten by the Seller or an affiliate of the Seller in accordance with similar underwriting standards applying similar approaches with respect to the assessment of a potential borrower's credit risk; (b) are Repayment Mortgage Loans, Interest Only Mortgage Loans or Part and Part Mortgage Loans which have been entered into substantially on the terms of similar standard documentation for residential mortgage loans; (c) are serviced by the Servicer pursuant to the Servicing Agreement in accordance with the same servicing procedures with respect to monitoring, collections and administration of cash receivables generated from the loans; and (d) form one asset category, namely residential loans with full recourse to Borrowers secured with one or several mortgages on residential immovable property in England, Wales, and Scotland.

In the Transaction, the loans were underwritten on a similar basis, they are being serviced by Coventry Building Society according to similar servicing procedures, they are a single asset class – residential mortgage loans – and, based on the EBA's suggested approach, the loans are all originated in the same jurisdiction. PCS also takes comfort from the fact that transactions containing pools with similar characteristics have always been considered to be "homogenous" by a wide consensus of market participants.

Representations and warranties

(c) each Mortgage Loan and its Related Security constitutes a valid and binding obligation of the Borrower enforceable in accordance with its terms and each Related Security secures the repayment of all advances, interest, costs and expenses payable by the relevant Borrower to the Seller in priority to any other charges registered against the relevant Mortgaged Property, provided however that:

(i) this warranty will not be deemed to have been breached if the reason for the invalidity, non-binding nature or enforceability is a failure to comply with the Unfair Terms in Consumer Contracts Regulations 1994 or 1999, the Consumer Rights Act 2015, the Consumer Credit Act 1974 (where such legislation applies to a particular Mortgage Loan) or the FSMA (where such legislation applies to a particular Mortgage Loan);

(ii) the Seller makes no representation as to the fairness or otherwise of terms which relate to its ability to vary the rate of interest;

(iii) enforceability may be limited by bankruptcy, insolvency or other similar laws of general applicability affecting the enforcement of creditors' rights and the courts' discretion in relation to equitable remedies; and

(iv) this representation will not apply in respect of any early repayment charges or redemption fees;

(cc) so far as the Seller is aware, none of the terms in any Mortgage Loan and its related Mortgage are unfair terms within the meaning of the Unfair Terms in Consumer Contracts Regulations 1994, the Unfair Terms in Consumer Contracts Regulations 1999 or the Consumer Rights Act 2015 in any material respect save those which impose Early Repayment Charges;

Security

As security for the payment of all monies payable in respect of the Notes of each Series, the Issuer has, pursuant to the Deed of Charge, created security in favour of the Security Trustee for itself and on trust for, among others, the Noteholders of each Series including the following:

- a first fixed charge over all of the Issuer's right, title, interest and benefit, present and future, in, to and under the Mortgage Portfolio in respect of the English Mortgage Loans and their Related Security and all other related rights under the same;
- an assignment by way of first fixed security of the Issuer's right, title, interest, benefit and interest, present and future, in, to and under each of the Transaction Documents to which it is a party (but excluding all of the Issuer's right, title, interest and benefit in the Deed of Charge, any Scottish Declaration of Trust, any Scottish Supplemental Charge and any Scottish Sub-Security (and, in respect of the Swap Agreements, after giving effect to all applicable netting and set-off provisions therein));
- a first fixed charge over the Issuer's right, title, interest and benefit in each Transaction Account, each Custody Account, each Swap Collateral Account and each other account (if any) of the Issuer and all amounts or securities standing to the credit of those accounts (including all interest or other income or distributions earned on such amounts or securities) and the debts represented by them, together with all rights and claims relating or attached thereto including, without limitation, the right to interest and the proceeds of any of the foregoing;
- a first fixed charge over the Issuer's right, title, benefit and interest, present and future in, to and under all Authorised Investments made by or on behalf of the Issuer (including all interest and other income or distributions paid or payable on such investments), any Swap Collateral in the form of securities from time to time being owned by the Issuer and all rights in respect of or ancillary to such Authorised Investments and such Swap Collateral, including the right to income, distributions and the proceeds of any of the foregoing;
- an assignment by way of first fixed security of the Issuer's rights, title, interest and benefit in any Insurance Policies;
- an assignment in security in respect of the Issuer's right, title and interest in the Scottish Mortgage Loans and their Related Security (comprising the Issuer's beneficial interest under the initial Scottish Declaration of Trust); and
- a first floating charge over all the assets and undertaking of the Issuer which are not otherwise effectively subject to a fixed charge or assignment by way of security as described in the preceding paragraphs (and also extending over all of the Issuer's Scottish assets and undertaking whether or not effectively charged or assigned by way of security as aforesaid).

	PCS Comments See Prospectus, <i>THE MORTGAGE LOANS AND THE MORTGAGE PORTFOLIO</i> . Lending Criteria	

It should be noted that the Lending Criteria have changed over time and not all Mortgage Loans in the Mortgage Portfolio will have been originated under these terms. However, the lending criteria relevant to the origination of the Mortgage Loans in the Mortgage Portfolio were substantially similar to those set out below and any such changes over time have not affected the homogeneity (as determined in accordance with Article 20(8) of the UK Securitisation Regulation) of the loans comprising the Mortgage Portfolio. Any material change to the Lending Criteria after the date of this Base Prospectus which would affect the homogeneity (as determined in accordance with Article 20(8) of the UK Securitisation Regulation) of the loans comprising the Mortgage Portfolio or which would materially affect the overall credit risk or the expected average performance of the Mortgage Portfolio will (to the extent such change affects the Mortgage Loans included in the Mortgage Portfolio from time to time) be disclosed (along with an explanation of the rationale for such changes being made) to investors by the Seller without undue delay.

Although somewhat confusingly drafted, the EBA Guidelines make clear that the part of the criterion referring to changes from prior underwriting is a future event criterion. It applies changes in underwriting criteria that occur post-closing. In other words, it cannot be either met or failed at the outset of the transaction. But if, at a later stage, it is not met, then the Originator will need to inform ESMA and the STS status of the securitisation will be lost.

Therefore, as a technical matter, this criterion is not applicable at the closing of a transaction. However, PCS will nevertheless look to see if there is a covenant on the part of the originator to comply in the future with this requirement whilst noting at the same time that the absence of any such covenant – although possibly unsettling for some investors – would not invalidate the STS status of the transaction at closing.

(i) Loan – Repayment Methods

From December 2012, owner occupier mortgages have only been granted on a capital and interest repayment basis. However, the Seller and its affiliates may originate Interest Only Mortgage Loans and Part and Part Mortgage Loans at a subsequent time.

Although there was some uncertainty over the status of interest-only mortgages, this has been definitively cleared up by the EBA Guidelines specific statement that this criterion was not designed to capture these products. Accordingly, none of the assets in the pool display any predominant reliance on the sale of the assets.

The Interest Rate Swap Agreements		
<p>The Issuer has entered, on the First Closing Date, and will be required to enter, on each subsequent Closing Date on which any further Series of Class A Notes which are Floating Rate Notes are issued, into one or more Interest Rate Swap Agreements with respect to the Current Balance of the Fixed Rate Mortgage Loans sold to the Issuer under the Mortgage Sale Agreement multiplied by the then Swap Funding Note Percentage. Fixed Rate Mortgage Loans will pay a fixed rate of interest for a period of time. The purpose of each Interest Rate Swap is to mitigate the Issuer's interest rate risk with respect to the Fixed Rate Mortgage Loans and to provide for the Issuer to receive from the relevant Interest Rate Swap Counterparty amounts which will enable it to meet interest payments due on certain Notes. In return for such amounts, the Issuer will pay to the relevant Interest Rate Swap Counterparty amounts based on the rates of interest on the relevant portfolio of Fixed Rate Mortgage Loans in the Mortgage Portfolio. Each Interest Rate Swap will properly mitigate the interest rate risk present in the transaction in the context of the Notes.</p> <p>See also underlying swap documents, ISDA Schedule, Credit Support Annex and Confirmation.</p> <p>Clearly and explicitly, "appropriate" hedging does not require "perfect" hedging. This is confirmed by the EBA Guidelines which require the hedges to cover a "major share" of the risk from an "economic perspective". However, the definition of "appropriate" hedging or a "major share" of the risk will always contain an element of subjectivity and must be analysed on a case-by-case basis. The fact that the Regulation was crafted by the legislators to recognise existing high-quality European securitisations rather than raise the bar to a level not previously encountered, together with the common-sense approach of the EBA, leads to the conclusion that transactions considered adequately hedged by common investor and rating agency consensus should be held to meet this criterion. This still requires an analysis of the matter. Since PCS is not a quantitative analysis provider or a credit rating agency, our verification is based on a second-hand analysis which focuses on:</p> <ul style="list-style-type: none"> • A statement in the Prospectus or other document setting out the boundary conditions of the hedging. This should state in effect how far the hedging stretches and under what scenario's it will break. For example, if interbank rates rise above X%. This will provide a common-sense feel for whether, at first glance, the hedging is reasonable. • Risk Factors section of the prospectus to check that no statements refer to the risks of "unhedged positions". This is based on the legal requirement to disclose any relevant information to investors. If the originator or its advisers believed that the hedging in a transaction was unusually light, this should be disclosed in the Risk Section. • The "pre-sale" report from a recognised credit rating agency (if used) so as to identify any issues with hedging. Again, rating agencies as credit specialists should highlight in their analysis any substantial and unusual hedging risks. <p>In the case of the Transaction, payments from the mortgage loans represent mostly fixed rate payments, while the notes are floating rate. An interest rate swap is used in the Transaction to mitigate fixed-to-floating interest rate risk, covering the period during which the underlying assets have fixed rates. Information provided in the transaction documents indicate that interest rate risk has been appropriately mitigated.</p>

THE MORTGAGE LOANS

Characteristics of the Mortgage Loans

Interest Payments

The Mortgage Loans in the Mortgage Portfolio have one or more of the following interest terms:

- Fixed Rate Mortgage Loans: Mortgage Loans which are subject to a fixed interest rate for a specified period of time and which at the expiration of that period generally convert to Variable Rate Mortgage Loans. An early repayment charge may be payable in respect of these Mortgage Loans for a set period of time, which generally corresponds with the term of the fixed interest rate;
- Discount Variable Rate Mortgage Loans: Mortgage Loans which allow the Borrower, for a set period of time or for the life of the Mortgage Loan, to pay interest at a specified discount to the CBS Standard Variable Rate or the Issuer Standard Variable Rate, as the case may be and which, at the end of the discounted period, generally convert to a Variable Rate Mortgage Loan. An early repayment charge may be payable in respect of these Mortgage Loans for a set period of time, which generally corresponds with the term of the discounted interest rate;
- Capped (Variable Rate) Mortgage Loans: Variable Rate Mortgage Loans which have a rate of interest which will not increase above a specified rate for a certain period of time and which, at the end of such period, generally convert to Variable Rate Mortgage Loans. An early repayment charge may be payable in respect of these Mortgage Loans for a set period of time;
- Variable Rate Mortgage Loans: Mortgage Loans which are subject to a rate of interest linked to the CBS Standard Variable Rate, or the Issuer Standard Variable Rate, as the case may be, for the remaining life of the relevant Mortgage Loan or until an alternative product that the relevant Borrower qualifies for is selected by that Borrower. Variable Rate Mortgage Loans will not usually have an early repayment charge; and
- Flexx Rate Mortgage Loans: Mortgage Loans which are subject to a CBS Flexx Rate or an Issuer Flexx Rate, as the case may be, for the remaining life of the relevant Mortgage Loan or until an alternative product that the Borrower qualifies for is selected by the relevant Borrower. Flexx Rate Mortgage Loans will not usually have an early repayment charge.
- Tracker Rate Mortgage Loans: Mortgage Loans to the extent that, and for such period that, their Mortgage Conditions provide that they are subject to a rate of interest linked to or tracking a rate set by the Bank of England and, at the expiration of that period, generally convert to Variable Rate Mortgage Loans or any other rate as specified in the relevant Mortgage Conditions.

Article 21.4. Where an enforcement or an acceleration notice has been delivered:

- (a) no amount of cash shall be trapped in the SSPE beyond what is necessary to ensure the operational functioning of the SSPE or the orderly repayment of investors in accordance with the contractual terms of the securitisation, unless exceptional circumstances require that amount is trapped in order to be used, in the best interests of investors, for expenses in order to avoid the deterioration in the credit quality of the underlying exposures;
- (b) Principal receipts from the underlying exposures shall be passed to investors via sequential amortisation of the securitisation positions, as determined by the seniority of the securitisation position;

Article 21.5. Transactions which feature non-sequential priority of payments shall include triggers relating to the performance of the underlying exposures resulting in the priority of payments reverting to sequential payments in order of seniority. Such performance-related triggers shall include at least the deterioration in the credit quality of the underlying exposures below a pre-determined threshold.

45	STS Criteria 45. Transactions which feature non-sequential priority of payments shall include triggers relating to the performance of the underlying exposures resulting in the priority of payments reverting to sequential payments in order of seniority. Such performance-related triggers shall include at least the deterioration in the credit quality of the underlying exposures below a pre-determined threshold.	Verified? YES
	PCS Comments See Prospectus, TRIGGERS TABLES. NON RATING TRIGGERS TABLE Asset Trigger Event	

The first step in analysing this criterion is to determine whether the transaction features non-sequential priorities of payment. If the Transaction does, then does it contain appropriate triggers. The EBA Guidelines provide three examples of triggers that meet the requirement of "deterioration of the credit quality of the underlying exposures below a pre-determined threshold". Where a trigger is one of the EBA example, then the criterion is met. If not, then an analysis must be conducted to determine whether the trigger does meet the definition of the Regulation.

Article 21.6. The transaction documentation shall include appropriate early amortisation provisions or triggers for termination of the revolving period where the securitisation is a revolving securitisation, including at least the following:

- (a) a deterioration in the credit quality of the underlying exposures to or below a pre-determined threshold;
- (b) the occurrence of an insolvency-related event with regard to the originator or the servicer;
- (c) the value of the underlying exposures held by the SSPE falls below a pre-determined threshold (early amortisation event);
- (d) a failure to generate sufficient new underlying exposures that meet the pre-determined credit quality (trigger for termination of the revolving period).

(iii) principal on all Class A Notes and Sub-Classes of Class A Notes in each Series will be paid:

(a) if an Asset Trigger Event has occurred, in no order of priority among them but in proportion to the respective amounts due; or

(b) if a Non-Asset Trigger Event is continuing but an Asset Trigger Event has not occurred, in the following order of priority:

(A) first, in the order of their Final Maturity Date, beginning with the earliest such date (and if two or more Series of Class A Notes have the same Final Maturity Date, in proportion to the respective amounts due), any Class A Notes with Final Maturity Dates falling within 5 years from the date on which the respective Non-Asset Trigger Event has occurred; and

(B) second, in no order of priority among them but in proportion to the respective amounts due, the remaining Class A Notes with Final Maturity Dates falling 5 years or later from the date on which the respective Non-Asset Trigger Event has occurred;

(iv) on each Payment Date, the Issuer will be required to apply Available Principal Receipts in accordance with the Priority of Payment set out under "Credit Structure and Cashflows – Allocation and distribution of Available Principal Receipts - Application of Available Principal Receipts following the occurrence of an Asset Trigger Event and for so long as a Non-Asset Trigger Event is continuing but prior to the delivery of an Enforcement Notice";

(v) at any time where a Sale Period is not continuing, the Seller will be required to repurchase any Mortgage Loans in respect of which a Further Advance was granted or a Product Switch was made following the occurrence of an event which resulted in the suspension of a Sale Period; and

(vi) for as long as a Non-Asset Trigger Event is continuing, and provided that a Sale Period is still continuing, the purchase of any Additional Mortgage Portfolio, any Further Advances or paying further consideration in respect of any Flexible Feature Payments can be funded solely by drawings under the Seller's Note.

The Mortgage Portfolio has been subject to an agreed upon procedures review to review a sample of Mortgage Loans selected from the total Mortgage Portfolio as at the Cut-Off Date for certain information and confirm that the actual errors, within a total population, are contained within the range of a predetermined precision limit. The Seller also provided the relevant third party with a data file containing information on the Mortgage Portfolio to review conformity of each of the Mortgage Loans included with the Eligibility Criteria. No significant adverse findings arose from such review. This independent third party has also performed agreed upon procedures in order to verify that the stratification tables disclosed in respect of the Mortgage Loans are accurate. The third party undertaking the review only has obligations to the parties to the engagement letters governing the performance of the agreed upon procedures subject to the limitations and exclusions contained therein. The Seller has reviewed the reports of such independent third parties and is of the opinion that there were no significant adverse findings in such reports. <i>PCS has reviewed the report on "agreed upon procedures" (AUP) commonly known as a "pool audit".
