## ADDITIONAL IMPORTANT INFORMATION

While you should consider carefully the combination of the Base Prospectus and the Final Terms, not all important information is contained in the Final Terms. Important information that you must consider carefully includes that:
(a) in the event that any withholding or deduction for any taxes, duties, assessments or government charges of whatever nature is imposed, levied, collected, withheld or assessed on payments of principal or interest in respect of the notes by the United Kingdom, or any other jurisdiction or any political subdivision or any authority in or of such jurisdiction having power to tax, the Issuer or the Paying Agents on behalf of the Issuer shall make such payments after such withholding or deduction and neither the Issuer nor the Paying Agents will be required to make any additional payments to Noteholders in respect of such withholding or deduction;
(b) the Issuer will confirm to the Dealer or the Lead Manager that the Final Terms, when read in conjunction with the Base Prospectus, contains all information that is (in the context of the Programme, the issue, offering and sale of the notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions or intentions expressed in the Base Prospectus and Final Terms are honestly held or made and are not misleading in any material respect; that the Base Prospectus and Final Terms do not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme, the issue and offering and sale of the notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing;
(c) no person has been authorised to give any information or to make any representation not contained in or not consistent with the Base Prospectus and Final Terms or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any dealer or manager;
(d) no representation or warranty is made or implied by the Arranger, the Dealer, the Joint Lead Manager or any of their respective affiliates, and neither such Arranger, Dealer, Joint Lead Manager nor any of their respective affiliates makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in the Final Terms. Neither the delivery of the Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in the Base Prospectus or Final Terms is true subsequent to the date hereof or the date upon which any future Final Terms (in relation to any future issue of other notes) is produced or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the condition (financial or otherwise) of the Issuer since the date thereof or, if later, the date upon which any future Final Terms (in relation to any future issue of other notes) are produced or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. No request has been made for a certificate permitting public offers of the notes in other member states of the European Union;
(e) the distribution of the Final Terms and the offering, sale and delivery of the notes in certain jurisdictions may be restricted by law. Persons in possession of the Final Terms are required by the Issuer and the Dealer or Lead Manager to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of notes and on the distribution of the Final Terms and other offering material relating to the notes, see "Plan of Distribution" in the Base Prospectus;
(f) certain figures included in the Final Terms have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them;
(g) the information about each Note Series appears in two separate documents: a Base Prospectus and the Final Terms. The Base Prospectus provides general information about each Note Series issued under the Programme, some of which may not apply to a specific Note Series. With respect to each note Series, the Final Terms are the "relevant Final Terms" or the "applicable Final Terms" referred to in the Base Prospectus;
(h) the Final Terms may be used to offer and sell a Note Series only if accompanied by the Base Prospectus;
(i) prospective investors may rely only on the information in the Final Terms and the Base Prospectus, including information incorporated by reference. The Issuer has not authorised anyone to provide investors with different information;
(j) prospective investors should read the Final Terms and the Base Prospectus carefully before making an investment. A note is not a deposit and neither the notes nor the underlying Receivables are insured or guaranteed by Bank of Scotland plc, Lloyds Bank plc or by any United Kingdom or United States governmental agency. The notes offered pursuant to the Final Terms and the Base Prospectus will be obligations of the Issuer only. The Issuer will only have a limited pool of assets to satisfy its obligations under the notes. The notes will not be obligations of Bank of Scotland ple, Lloyds Bank plc, the Lead Manager, the Dealer or any of their respective affiliates;

(1) the Issuer has not registered and does not intend to register as an investment company under the United States Investment Company Act of 1940, as amended (the "Investment Company Act"); and
(m) AN INVESTMENT IN THE NOTES IS ONLY SUITABLE FOR FINANCIALLY SOPHISTICATED INVESTORS WHO ARE CAPABLE OF EVALUATING THE MERITS AND RISKS OF SUCH INVESTMENT AND WHO HAVE SUFFICIENT RESOURCES TO BE ABLE TO BEAR ANY LOSSES WHICH MAY RESULT FROM SUCH INVESTMENT. IF PROSPECTIVE INVESTORS ARE IN ANY DOUBT ABOUT THE CONTENTS OF THE BASE PROSPECTUS THEY SHOULD CONSULT THEIR STOCKBROKER, BANK MANAGER, SOLICITOR, ACCOUNTANT OR OTHER FINANCIAL ADVISER.

IMPORTANT - PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ('EEA'). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

## MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY

 TARGET MARKET - Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the notes has led to the conclusion that: (i) the target market for the notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "MiFID II'); and (ii) all channels for distribution of the notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the notes (a "distributor") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

## BANK PORTFOLIO INFORMATION AS AT 30 JUNE 2018

The following tables show information relating to the historic performance of Eligible Accounts originated using Bank of Scotland plc's and Lloyds Bank plc's underwriting criteria, respectively as at 30 June 2018. The following tables replace, in their entirety, any previous information provided relating to the historic performance of Eligible Accounts originated by Bank of Scotland plc and/or Lloyds Bank plc. The Receivables from certain Eligible Accounts will ultimately back the notes and comprise the Receivables Trust (the "Securitised Portfolio"). As mentioned in the Base Prospectus, a member of Lloyds Banking Group may accede to the RSD as an Additional Transferor subject to certain conditions being satisfied.

## Receivables Yield Considerations

The following tables set forth the gross revenues from finance charges and fees billed to Accounts in the Bank Portfolio (as defined in the Base Prospectus) of Bank of Scotland and Lloyds Bank for each of the years ended 31 December 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016 and 2017 and for the period ended 30 June 2018. These revenues vary for each account based on the type and volume of activity for each account. The historical yield figures in these tables are calculated on an accrual basis. Collections of Receivables included in Penarth Receivables Trust will be on a cash basis and may not reflect the historical yield experience shown in the following tables. For further detail, please see page 184 of the Base Prospectus. Yield from finance charges and fees includes interest income, late fees, forex fees, credit insurance, card protection insurance, overlimit fees, cash advance fees, ATM fees, Balance Transfer fees and other fees related to credit cards. The yield percentage for each monthly period is calculated by dividing the sum of finance charges, fees and interchange during each monthly period by the Principal Receivables balance as of the beginning of the monthly period, then annualised by dividing the result by the number of days in each monthly period and multiplying by the number of days in the calendar year.

Volatility in the yield percentage is driven primarily by variations in the number of collection days during the performance period; the more collection days there are, the higher the value of payments received, and the higher the reported yield.

Pre-2004 the operating environment in the UK for credit cards issuers was less competitive, and Lloyds Banking Group's acquisition strategy for the Lloyds portfolio had initial APRs at account origination which were typically higher; accordingly, the pre-2004 vintages have a slightly higher yield compared with the post-2004 vintages.

In July 2007, Lloyds launched the Airmiles Duo card, taking over the Airmiles relationship from National Westminster Bank plc ("NatWest"). This product rewarded credit card spend with Airmiles, and attracted a higher proportion of convenience users who were less likely to revolve a balance on an account and attract interest charges. Yield on the Lloyds originated accounts from 2007 is therefore lower than accounts originated in years prior to 2007. The Airmile Duo product was rebranded to Duo Avios in November 2011 and was moved to a new Avios rewards product in November 2013.

Yield on accounts acquired since 2010 is lower than for previous years as a result of an improvement in the quality of new accounts acquired in these years compared to previous years driven by a combination of management actions to improve underwriting, a higher concentration of full payers acquired on the reward products offered by Lloyds and a general improvement in the macro environment.

From 2014 onwards both Balance Transfers as a percentage of the portfolio and the length of BT promotion periods have increased in line with wider market trends, resulting in some dilution of yield.

In addition yield from interchange has reduced from November 2015 onwards as a result of the adoption of the EU Interchange Fee Regulation.

Net losses for a performance period is calculated as Principal Receivables charged off during the performance period less recoveries received on previously charged off accounts during the performance period, all divided by the Principal Receivables balance as of the beginning of the performance period, then annualised by dividing the result by the number of days in the performance period and multiplying by the number of days in the calendar year

In 2008 during the economic market dislocation, there was an industry-wide deterioration in the quality of business acquired. Lloyds Banking Group undertook significant derisking in response, with tighter cutoffs reducing volume and lower initial credit lines. This activity was undertaken in the second half of 2008 and into 2009 . This has resulted in a significant improvement in the credit quality of accounts originated since 2009.

Net charge offs in January 2014, May 2014, July 2014, August 2014, May 2015, July 2015, December 2015, August 2016, December 2016, April 2017 and July 2017 are negative for some vintages and below trend for others. This is due to the sale of previously charged off accounts to a third party whereby the proceeds from the sale were recorded as recoveries in the month

On the 26 February 2016 approximately $£ 193.5$ million of receivables were removed on accounts selected by reference to the LCR Regulation which resulted in a reduction in net charge offs in March 2016.

Delinquencies include both Principal Receivables and Finance Charge Receivables. The 30+ days delinquency percentage for a performance period is calculated as total receivables 30 days or more past due divided by total Principal Receivables and Finance Charge Receivables as of the last day of the performance period.

In 2008 in response to the deteriorating economic environment, Lloyds Banking Group undertook significant de-risking of its portfolio, with credit lines of higher risk customers reduced and tighter cutoffs and lower initial credit lines improving the quality of new account acquisitions. This activity was undertaken in 2008 and into 2009.

In 2012 Lloyds Banking Group changed its charge off policy for accounts in financial difficulty where the account holder does not meet the criteria to enter a temporary reduced repayment plan. The charge off of these accounts was accelerated from standard 180 days to 120 days in arrears. This resulted in a drop in the level of delinquencies at 120 to 180 days and thus total $30+$ days delinquencies.

From 2013 onwards delinquencies continued to improve. A combination of the established accelerated charge off policy, robust selection criteria and the seasonal impact of Principal Receivables added to the Trust, as set out under Recent Lump Additions and Removals, resulting in lower delinquencies across all vintage years.

On 26 February 2016 approximately $£ 193.5$ million of receivables were removed on accounts selected by reference to the LCR Regulation which resulted in a reduction in delinquencies in February 2016.

Principal payment rate for a performance period is calculated as Principal Collections received from cardholders during the performance period divided by Principal Receivables at the beginning of the performance period.

For the Bank of Scotland portfolio, pre-2004 account originations typically received higher spending rewards and attracted a higher percentage of convenience users. As a result, payment rates for this segment tend to be stronger for the pre-2004 vintage. From 2005 onwards, Bank of Scotland products have typically targeted the borrower population with more attractive lower introductory APRs instead of rewards. This strategy has reduced the average payment rate on Bank of Scotland's credit card receivables originated since 2005 .

In July 2007, Lloyds launched the Airmiles Duo card, taking over the Airmiles relationship from NatWest. This product rewards credit card spend with Airmiles, and attracts a higher proportion of convenience users who pay down their balance in full each month. Payment rates for this product on the Lloyds portfolio increased not only for originations from 2007, but also for the pre-2007 vintages as some existing customers switched to the new product and changed their spending and payment behaviours to benefit from the Airmiles rewards. The Airmiles Duo product was rebranded to Duo Avios in November 2011 and was moved to a new Avios rewards product in November 2013.

From 2013 total principal payment rate has remained broadly consistent, with a marginal increase observed on more seasoned accounts.
