

## PRELIMINARY FINAL TERMS DATED 21 MAY 2025

### SUBJECT TO COMPLETION AND AMENDMENT

#### FINAL TERMS

**IMPORTANT – PROHIBITION OF SALES TO EEA INVESTORS** – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared, and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

#### PROHIBITION OF SALES TO UK RETAIL INVESTORS

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 and secondary legislation made under it, in each case, as amended, including by the European Union (Withdrawal Agreement) Act 2020 (the "**Withdrawal Act**"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 ("**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of the domestic law of the UK by virtue of the Withdrawal Act. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the Withdrawal Act (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

**MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET** – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

**UK MIFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET** – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of the domestic law of the UK by virtue of the Withdrawal Act ("**UK MiFIR**"); and (ii) all channels

for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

Yes.

Note that the designation "yes" simply means that the Notes are intended upon issue to be deposited with one of the ICSDs as common safekeeper (and registered in the name of a nominee of one of the ICSDs acting as common safekeeper), and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.

**13. Bank of England collateral eligibility**

Yes.

Note that the designation "yes" simply means that the Notes are intended upon issue to constitute eligible collateral for the purposes of Bank of England financing schemes. It does not necessarily mean that the Notes will be recognised as eligible collateral for these purposes either upon issue or at any or all times during their life. Such recognition will depend upon the Bank of England being satisfied that the relevant eligibility criteria have been met.

## MATURITY AND REPAYMENT CONSIDERATIONS

The average life of Series 2025-1 Class A Notes refers to the average amount of time that will elapse from a certain date to the date of distribution to the investor of amounts distributed in net reduction of principal of a security to zero (assuming no losses). The average life of Series 2025-1 Class A Notes cannot be stated because the actual rate of repayment of the Mortgage Loans and redemption of the mortgages and a number of other relevant factors are unknown. Calculations of the possible average life of Series 2025-1 Class A Notes can be made, however, based on certain assumptions. The assumptions used to calculate the possible average lives of Series 2025-1 Class A Notes in the following table include that:

- (a) the Security is not enforced;
- (b) Mortgage Loans are assumed to amortise in accordance with their scheduled payments and assumed constant prepayment rate indicated in the table below.
- (c) no Trigger Event occurs;
- (d) the Provisional Cut-Off Date being 28 February 2025;
- (e) the first interest payment date is on 23 July 2025;
- (f) the CPR is based on the quarterly cashflows;
- (g) no event occurs that would cause payments on the Series 2025-1 Class A Notes to be deferred;
- (h) the Issuer exercises its option to redeem the Series 2025-1 Class A Notes on the Step-Up Date relating to such Notes;
- (i) immediately prior to the amortisation of the Series 2025-1 Class A Notes, the Mortgage Portfolio is at the size required to maintain the Required Subordination Amount and the Minimum Seller's Note Amount. On the date at which the Series 2025-1 Class A Notes begins to amortise, the portfolio will amortise in line with the existing portfolio;
- (j) the Series 2025-1 Class A Notes are issued on 3 June 2025;
- (k) each payment made by the Issuer to the Noteholders is paid on the 23rd day of the relevant month in which such payment is payable, regardless of whether such date is a business day (except in relation to the Step-up Date);
- (l) the Bank of England Base Rate is equal to 4.50%, and the Seller's Standard Variable Rate is 7.84%;
- (m) a day count fraction of Act/365 is utilised in respect of bond payments;
- (n) there is a balance of £0 in Cash Accumulation Ledger at the Issuance Date;
- (o) no interest or Senior fees and Expenses are paid from any Enhanced Available Principal Receipts;
- (p) the Mortgage Loans are not subject to any defaults or losses, and no Mortgage Loan falls into arrears; and
- (q) no further Series of Notes is issued after the Issuance Date specified herein.

Based upon the foregoing assumptions, the approximate average lives of the Series 2025-1 Class A Notes, at various constant prepayment rates for the Mortgage Loans, would be as follows:

<b>Constant prepayment rate (% per annum)</b>	<b>Possible average life of the Series 2025-1 Class A Notes (in years)</b>
0%.....	3.44
5%.....	2.95
10%.....	2.95
15%.....	2.95
20%.....	2.95
25%.....	2.95
30%.....	2.95
35%.....	2.95

The average life of each Class of the Series 2025-1 Class A Notes is subject to factors largely outside the control of the Issuer and consequently no assurance can be given that these assumptions and estimates are realistic and they must therefore be viewed with considerable caution. For more information relating to the risks involved in the use of these estimated average lives, see the section entitled "*Risk Factors – Effects of prepayments on, or redemptions of, the Mortgage Loans on the yield to maturity of the Notes*" in the Base Prospectus.

## THE PROVISIONAL MORTGAGE PORTFOLIO

The statistical and other information contained in these Final Terms has been compiled by reference to the Mortgage Loans in the Mortgage Portfolio (the "**Provisional Mortgage Portfolio**") as of 28 February 2025 (the "**Provisional Cut-Off Date**"). The Provisional Mortgage Portfolio comprised an aggregate Current Balance of £1,083,529,582. The Mortgage Loans in the Provisional Mortgage Portfolio were originated between 2014 and 2024.

The characteristics of the Cut-Off Date Mortgage Portfolio which will be sold to the Issuer as at the Cut-Off Date will differ from those set out below as a result of repayments and redemptions of the Mortgage Loans from the Provisional Cut-Off Date to the Cut-Off Date. As a result of the differences between the Provisional Mortgage Portfolio and the Cut-Off Date Mortgage Portfolio, there can be no assurance that the performance of the Provisional Mortgage Portfolio will be indicative of the performance of the Cut-Off Date Mortgage Portfolio.

As at the Issuance Date, and at any point thereafter, the Issuer's economic exposure to any single Borrower will not exceed [2]% of the aggregate Current Balance of the Mortgage Loans comprising the Mortgage Portfolio from time to time as required by Article 243(2)(a) of the UK CRR.

As of the Provisional Cut-Off Date, 99.77% of the aggregate Current Balance of the Mortgage Loans in the Provisional Mortgage Portfolio were Fixed Rate Mortgage Loans and 0.10% of the aggregate Current Balance of the Mortgage Loans in the Provisional Mortgage Portfolio were Tracker Mortgage Loans. The remaining 0.12% of the aggregate Current Balance of the Mortgage Loans in the Provisional Mortgage Portfolio as of the Provisional Cut-Off Date were Variable Rate Mortgage Loans as described below.

The tables set out in the section entitled "Mortgage Portfolio" below show statistical and other information relating to all Mortgage Loans in the Provisional Mortgage Portfolio as of the Provisional Cut-Off Date.

Each Mortgage Loan in the Provisional Mortgage Portfolio consists of one or more live Sub-Accounts ("**Sub-Accounts**"). Each Sub-Account in respect of a Mortgage Loan is secured on the same Property and their Related Security. The Provisional Mortgage Portfolio consisted of 7,052 Sub-Accounts.

Columns stating percentage amounts may not add up to 100% due to rounding.

***Delinquency and loss experience of the Mortgage Portfolio***

Since the establishment of the Mortgage Portfolio, total losses on Mortgage Loans in the Mortgage Portfolio were £0 as at the Provisional Cut-Off Date.

The following table summarises loans in arrears and repossession experience for Mortgage Loans in the Mortgage Portfolio as at the Provisional Cut-Off Date. The Seller will represent and warrant on the Issuance Date that no Mortgage Loan to be transferred to the Issuer on the Issuance Date will have experienced any arrears in excess of an amount equal to one month's principal and interest in the prior 2 months.

The Mortgage Loans used for statistical purposes in the table below are administered in accordance with the Mortgage Policies and Procedures. The method by which the Seller classifies Mortgage Loans as being in arrears is described in the Base Prospectus under the section entitled "The Mortgage Loans and the Mortgage Portfolio – Overpayments, Restructurings and Credit Arrears Positions", and is important in helping to understand the Seller's arrears and repossession experience for Mortgage Loans in the Mortgage Portfolio as set forth in the following table.

## STATIC AND DYNAMIC POOL DATA

This section sets out, to the extent material, certain static pool information with respect to the Bank of Ireland (UK) plc's wider prime owner occupied mortgage portfolio.

The Issuer has not included static pool information on prepayments in this section, as this information is not separately identified by the Servicer. However, prepayment rates in respect of the Mortgage Loans in the Mortgage Portfolio are set out in the reports to investors that are prepared pursuant to the Servicing Agreement.

The following tables show, for each of the last 5 years, the arrears performance as at each month-end starting in January 2020.

Dynamic historical performance data in relation to the mortgage loans originated by the Seller was made available prior to pricing on the website of European Data Warehouse at <https://editor.eurodw.co.uk/deals/view?edcode=RMBMUK102077500420250>. Such information will also cover the period from 2019 to 2024. The mortgage loans that are referred to in such data are originated under, and serviced in accordance with, the same or highly comparable policies and procedures as the Mortgage Loans comprising the Mortgage Portfolio and, as such, it is expected that the performance of such mortgage loans, over a period of four years, would not be significantly different to the performance of the Mortgage Loans in the Mortgage Portfolio.

## CHARACTERISTICS OF THE UK RESIDENTIAL MORTGAGE MARKET

The UK housing market is primarily one of owner-occupied housing, with the remainder in some form of public, private landlord or social ownership. The mortgage market, whereby loans are provided for the purchase of a property and secured on that property, is the primary source of household borrowings in the United Kingdom.

Set out in the following tables are certain characteristics of the UK mortgage market.

### *Prepayment Rate*

In the following tables, quarterly industry constant prepayment rate data was calculated by dividing the amount of unscheduled prepayments of mortgages made by banks, building societies and other specialist mortgage lenders in a quarter by the quarterly balance of mortgages outstanding for banks, building societies and other specialist mortgage lenders in the UK. These quarterly prepayment rates were then annualised using standard methodology.

Year	Quarter	Industry CPR Rate for the Quarter	4-Quarter Rolling Average
1999	March	12.69%	
	June	16.26%	
	September	17.92%	
	December	16.96%	
2000	March	13.76%	16.23%

## UK SECURITISATION FRAMEWORK

### *UK STS Criteria Requirements*

Bank of Ireland (BOI) (as originator for the purposes of the UK Securitisation Framework), has procured a UK STS Notification to be submitted to the FCA, in accordance with SECN 2.5, SECN 2.6 and SECN 2.7 and Regulation 10 of the 2024 UK SR SI, that the UK STS Criteria Requirements have been satisfied with respect to the Series 2025-1 Class A Notes. It is expected that the UK STS Notification will be available on the FCA's STS Register, available at the following website: <https://data.fca.org.uk/#!/sts/stssecuritisations> (or its successor website) (the "FCA STS Register"). For the avoidance of doubt, this website and the contents thereof do not form part of these Final Terms.

BOIUK has used the services of Prime Collateralised Securities (PCS) UK Limited as an authorised verification agent authorised under SECN 10 and Part 6 of the 2024 UK SR SI (the "Authorised Verification Agent") to assess whether the Series 2025-1 Class A Notes comply with the UK STS Criteria Requirements and prepare an STS Assessment. It is expected that the STS Assessment prepared by the Authorised Verification Agent will be available on the website of the Authorised Verification Agent (<https://pcsmarket.org/transactions/>) (the "PCS Website") together with a detailed explanation of its scope at <https://www.pcsmarket.org/disclaimer>. For the avoidance of doubt, the PCS Website and the contents thereof do not form part of these Final Terms. For further information please refer to the Risk Factor entitled "Simple, Transparent and Standardised Securitisations and UK STS Designation".

### *Mitigation of interest rate risks*

The Mortgage Loans and the Notes are affected by interest rate risks (see the sections entitled "The Notes may be subject to exchange rate and interest rate risks" and "Delinquencies or Default by Borrowers in paying amounts due on their Mortgage Loans" in the Risk Factors section of the Base Prospectus). The Issuer aims to hedge the relevant interest rate exposures in respect of the Mortgage Loans and the Notes, as applicable, by entering into certain Swap Agreements (see the section entitled "The Swap Agreements" in the Base Prospectus).

Interest rate risks are also managed through:

- a requirement in the Servicing Agreement that any discretionary rates set by the Servicer in respect of the Mortgage Loans are set in accordance with the Mortgage Policies and Procedures (subject to the terms of the Mortgage Loans and applicable law);
- with respect to Variable Rate Mortgage Loans, interest on which is calculated by reference to the Standard Variable Rate, and Discount Variable Rate Mortgage Loans which become subject to a rate linked to the Standard Variable Rate, the correlation between the Standard Variable Rate and the relevant Reference Rate in respect of the Series 2025-1 Notes (see further the table set out below); and
- the entry by the Issuer into the Swap Agreements with respect to the Fixed Rate Mortgage Loans.

Except for the purpose of hedging interest rate risk, the Issuer will not enter into derivative contracts.

The following table shows the historical interest rates indicated for the period from December 2017 to February 2025.

#### *Verification of data*

The Seller has caused the Mortgage Loans included in the Mortgage Portfolio (including the data disclosed in respect of those Mortgage Loans) to be verified by one or more appropriate and independent third party and completed on or about 01 April 2025 with respect to the Provisional Mortgage Portfolio in existence as of 28 February 2025 (the "**AUP Report**"). The Mortgage Portfolio has been subject to an agreed-upon procedures review to review a sample of Mortgage Loans selected from the total Mortgage Portfolio as at the Provisional Cut-Off Date for certain information and confirm that the actual errors, within a total population, are contained within the range of a predetermined precision limit. The Seller also provided the relevant third party with a data file containing information on the Mortgage Portfolio to review conformity of each of the Mortgage Loans included with the Eligibility Criteria. No significant adverse findings arose from such review. This independent third party has also performed agreed-upon procedures in order to verify that the stratification tables disclosed in respect of the Mortgage Loans are accurate. The third party undertaking the review only has obligations to the parties to the engagement letters governing the performance of the agreed-upon procedures subject to the limitations and exclusions contained therein. The Seller has reviewed the reports of

such independent third parties and is of the opinion that there were no significant adverse findings in such reports.
