<b>Underlying Assets</b>	The Issuer will make payments on the Notes from, <i>inter alia</i> , payments of principal and revenue received from a portfolio comprising mortgage loans originated by Aldermore Bank PLC (the " <b>Seller</b> " or " <b>Aldermore</b> ") and secured over residential properties located in England, Wales and Scotland (the " <b>Portfolio</b> ") which will be purchased by the Issuer on the Issue Date. See the section entitled " <i>Characteristics of the Portfolio</i> " for further details.

<b>Rating Agencies</b>	<p>Moody's Investors Service Ltd. ("<b>Moody's</b>") and Fitch Ratings Ltd. ("<b>Fitch</b>" and, together with Moody's, the "<b>Rating Agencies</b>"). As of the date of this Prospectus, each of the Rating Agencies is a credit rating agency established in the United Kingdom and is registered under Regulation (EU) No 1060/2009 (as amended) as it forms part of domestic law in the United Kingdom by virtue of EUWA (the "<b>UK CRA Regulation</b>").</p> <p>The Financial Conduct Authority ("<b>FCA</b>") is obliged to maintain on its website, <a href="http://www.fca.org.uk">http://www.fca.org.uk</a>, a list of credit rating agencies registered and certified in accordance with the UK CRA Regulation. This list must be updated within five working days of the FCA's adoption of any decision to withdraw the registration of a credit rating agency under the UK CRA Regulation. Therefore, such list is not conclusive evidence of the status of the relevant rating agency as there may be delays between certain supervisory measures being taken against a relevant agency and the publication of the updated FCA list. The contents of this website</p>

do not form part of this Prospectus and are not incorporated by reference into this Prospectus. Each of Moody's and Fitch are included on the list of registered and certified credit rating agencies that is maintained by the FCA.

The ratings Moody's has assigned to the Notes are endorsed by Moody's Deutschland GmbH, which is established in the European Union and registered under Regulation (EU) 1060/2009 (the "**EU CRA Regulation**"). The ratings Fitch has assigned to the Notes are endorsed by Fitch Ratings Ireland Limited, which is established in the European Union and registered under the EU CRA Regulation.

In general, European regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

All references to "**Moody's**" and "**Fitch**" in this Prospectus are to the entities as defined in the above paragraph.

## **Ratings**

Ratings are expected to be assigned to the Class A Notes as set out above on or before the Issue Date. The Class Z VFN will not be rated. The assignment of ratings to the Notes is not a recommendation to invest in the Notes or to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation. Any credit rating assigned to the Notes may be revised or withdrawn at

any time.

The rating of "Aaa(sf)" is the highest rating that Moody's assigns to long-term structured finance obligations. The ratings assigned to the Class A Notes by Moody's address, *inter alia* (a) the likelihood of full and timely payment to the holders of the Class A Notes of all payments of interest on each Interest Payment Date and (b) the likelihood of ultimate payment to the Class A Noteholders of principal in relation to the Class A Notes on or prior to the Final Maturity Date. The ratings assigned to the Class A Notes by Moody's also address, *inter alia*, the expected loss to a Class A Noteholder in proportion to the Principal Amount Outstanding on the Issue Date of the Class of Notes held by such Noteholder on the Final Maturity Date. The rating of "AAA(sf)" is the highest rating that Fitch assigns to long-term obligations. The rating of the Class A Notes assigned by Fitch addresses the likelihood of (i) timely payment of interest due to the holders of the Class A Notes on each Interest Payment Date and (ii) full payment of principal due to holders of the Class A Notes by a date that is not later than the final maturity date. Other non-credit risks have not been addressed, but may have a significant effect on yield to investors.

## **Listing**

This document comprises a prospectus (the "**Prospectus**"), for the purposes of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 (as amended) as it forms part of domestic law in the United Kingdom by virtue of the EUWA (the "**Prospectus Regulation** "). This Prospectus has been approved by the FCA as the competent authority under the Prospectus Regulation. The FCA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the quality of securities that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the securities. Application has been made to the FCA under Part VI of the Financial Services and Markets Act 2000 for the Class A Notes (the "**Listed Notes**") to be admitted to the official list of the FCA (the "**Official List** ") and to the London Stock Exchange plc (the "**Stock Exchange**") for such Listed Notes to be admitted to trading on its Regulated Market (the "**Regulated Market**"). References in this Prospectus to the Notes being "**listed**" (and all related references) shall mean that the Listed Notes have been admitted to the Official List and have been admitted to trading on the Regulated Market. There can be no assurance that any such approval will be granted or, if granted, that such listing will be maintained. The Regulated Market is a regulated market for the purposes of Article 2(1)(13A) of Regulation (EU) No 600/2014 as it forms part of domestic law in

the United Kingdom by virtue of the EUWA (the "**UK MiFIR**").

This Prospectus (as supplemented as at the relevant time, if applicable) is valid for the admission to trading of the Listed Notes on the Regulated Market of the Stock Exchange until the time when trading on such regulated market ceases. The obligation to supplement this Prospectus in the event of any significant new factor, material mistake or material inaccuracy does not apply, once the Listed Notes are admitted to trading on the Regulated Market of the Stock Exchange.

None of the Class Z VFN Notes will be admitted to the Official List nor will they be admitted to trading on the Regulated Market of the Stock Exchange.

#### **Obligations**

The Notes will be obligations of the Issuer alone and will not be guaranteed by, or be the responsibility of, any other entity. The Notes will not be obligations of Aldermore in particular, its affiliates or any other party named in the Prospectus other than the Issuer.

#### **Simple, Transparent and Standardised Securitisation**

The securitisation transaction described in this Prospectus is intended to qualify as an STS securitisation within the meaning of regulation 9 of the SR 2024.

Within 15 Business Days of the Issue Date, it is intended that the Seller, as originator, will submit a notification (the "**STS Notification**") to the FCA as the relevant competent authority in the UK in accordance with SECN 2.5 that the requirements of SECN 2 have been satisfied with respect to the Notes.

The STS Notification, once notified to the FCA, will be available for download on the FCA STS Register website at <https://data.fca.org.uk/#/sts/stssecuritisations> (or its successor website) (the "**FCA STS Register website**"). For the avoidance of doubt, the FCA STS Register website and the contents thereof do not form part of this Prospectus. The STS status of the Notes is not static and investors should verify the current status on the FCA STS Register website, which will be updated where the Notes are no longer considered to be a simple, transparent and standardised securitisation following a decision of the FCA or a notification by the Seller.

The Seller, as originator, has used the services of Prime Collateralised Securities (PCS) UK Limited ("**PCS**") as a verification agent authorised under SECN 10 in connection with an assessment of the compliance of the Notes with the requirements of SECN 2 (the "**UK STS Verification**") and to prepare an assessment of compliance of the Notes with the relevant provisions of Article 243 of the UK CRR and Article 13 of the UK LCR Regulation (together with the STS Verification, the "**UK STS Assessments**"). It is expected that the UK STS Assessments prepared by PCS will be available on the PCS website (<https://www.pcsmarket.org/sts-verification-transactions/>)

together with detailed explanations of its scope at <https://pcsmarket.org/disclaimer/> on and from the Issue Date.

For the avoidance of doubt, this PCS website and the contents thereof do not form part of this Prospectus. No assurance can be provided that the securitisation transaction described in this Prospectus does or will continue to qualify as an STS-securitisation under the UK Securitisation Framework as at the date of this Prospectus or at any point in time in the future. For further information please refer to the Risk Factor entitled "*Simple, Transparent and Standardised Securitisations*".

The Issuer intends that this Prospectus constitutes a transaction summary overview of the main features of the transaction contemplated herein for the purposes of the UK Securitisation Framework.

The securitisation transaction described in this Prospectus does not, as at the date of this Prospectus, qualify as an STS securitisation within the meaning of Article 18 of Regulation (EU) 2017/2402 of the European Parliament and of the Council of 12 December 2017 laying down a general framework for securitisation and creating a specific framework for simple, transparent and standardised securitisation as amended by Regulation (EU) No 2021/557 (together with any implementing regulation, technical standards and official guidance related thereto, in each case as amended, varied or substituted from time to time) (solely as it applies on the Closing Date and not taking into account any relevant national measures or any subsequent amendments thereafter) (the "**EU Securitisation Regulation**"). For further information please refer to the Risk Factor entitled "*Simple, Transparent and Standardised (STS) Securitisations*".

#### **Retention Undertaking**

Aldermore will undertake to the Issuer that it will retain a material net economic interest of at least 5 per cent. in the securitisation (for the life of the transaction) in accordance with: (a) Article 6 of Chapter 2 of the PRA Securitisation Rules together with Chapter 4 of the PRA Securitisation Rules and SECN 5, together with any binding technical standards as amended, varied or substituted from to time after the Issue Date (the "**UK Retention Requirements**"); and (b) Article 6 of the EU Securitisation Regulation (as required for the purposes of Article 5(1)(d) of the EU Securitisation Regulation) not taking into account any relevant national measures, as if it were applicable to it, but solely as such articles are interpreted and applied on the Issue Date (the "**EU Retention Requirement**"). To the extent that, after the Issue Date, there is any divergence between the UK Retention Requirements and the EU Retention Requirements, Aldermore shall undertake to continue to comply, on a best endeavours basis only, with such new requirements of the EU Retention Requirements (as if such provisions were applicable to it).

As at the Issue Date, such interest will be comprised of an interest in the first loss tranche, in this case the Class Z VFN, as described by the text of Article 6(3) of Chapter 2 of the PRA Securitisation Rules, SECN 5.2.8R and Article 6(3) of the EU Securitisation Regulation.

Each potential UK Affected Investor is required to independently assess and determine the sufficiency of the information described above and in the Prospectus generally for the purposes of complying with SECN 4 and Article 5 of Chapter 2 of the PRA Securitisation Rules and any corresponding national measures which may be relevant to investors and none of the Issuer, the Co-Arrangers, any Joint Lead Manager, Aldermore or any of the other Transaction Parties makes any representation that any such information described above or elsewhere in this Prospectus is sufficient in all circumstances for such purposes.

Potential EU Affected Investors should note that the obligation of Aldermore to comply with the EU Retention Requirements is strictly contractual. Pursuant to the Deed of Charge, Aldermore shall undertake to comply with the EU Retention Requirements as at the Issue Date and further to use its best endeavours to comply with any amendments to the EU Retention Requirements occurring following the Issue Date. See the section entitled "*Regulatory Requirements*" for more information.

Potential EU Affected Investors should therefore be aware that this may mean, to the extent that any amendments are introduced to the EU Retention Requirements after the Issue Date (and Aldermore is not able to comply with such amendments, notwithstanding its best endeavours to do so), that they may no longer be able to satisfy their obligations under Article 5 of the EU Securitisation Regulation and any corresponding national measures. Each potential EU Affected Investor is required to independently assess and determine the sufficiency of the information described above and in the Prospectus generally for the purposes of complying with Article 5 of the EU Securitisation Regulation and any corresponding national measures which may be relevant to investors and none of the Issuer, the Co-Arrangers, any Joint Lead Manager, Aldermore or any of the other Transaction Parties makes any representation that any such information described above or elsewhere in this Prospectus is sufficient in all circumstances for such purposes.

The Seller, as the sponsor under the U.S. Risk Retention Rules, does not intend to retain at least 5 per cent. of the credit risk of the securitized assets for purposes of compliance with the final rules promulgated under Section 15G of the Securities Exchange Act of 1934, as amended (the "**U.S. Risk Retention Rules**"), but rather intends to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions.

See the section entitled "*Risk Factors – U.S. Risk Retention Requirements*".

### **The Volcker Rule**

The transaction has been structured so that the Issuer should not now, and immediately after giving effect to the offering and sale of the Notes and the application of the proceeds thereof on the Issue Date will not be, a "covered fund" for purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (together with such implementing regulations) (commonly known as the "**Volcker Rule**"). Although other statutory or regulatory exclusions and/or exemptions under the Investment Company Act of 1940, as amended (the "**Investment Company Act**") and under the Volcker Rule and its related regulations may be available, this view is based on the conclusion that the Issuer should satisfy all of the elements of the exemption from the definition of "investment company" under the Investment Company Act provided by Section 3(c)(5)(C) thereunder, and, accordingly, it should be excluded from the definition of a "covered fund" under the Volcker Rule made available to certain issuers that do not rely solely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for their exemption from resignation under the Investment Company Act. However, the general effects of the Volcker Rule remain uncertain. Any prospective investor in the Notes, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule. See the section entitled "*Risk Factors – Effects of the Volcker Rule on the Issuer*".

### **Benchmarks**

Amounts payable on the Notes may be calculated by reference to the Sterling Overnight Index Average ("**SONIA**") which is provided by the Bank of England as the administrator.

At the date of this Prospectus, the administrator of SONIA is not included in the FCA's register of administrators under Article 36 of Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the EUWA (the "**Benchmarks Regulation**"). The Bank of England, as administrator of SONIA, is exempt under Article 2 of the UK Benchmarks Regulation but has issued a statement of compliance with the principles for financial benchmark issued in 2013 by the International Organisation of Securities Commissions.

### **Significant Investors**

Aldermore will on the Issue Date purchase 100 per cent. of the issued amount of the Class Z VFN. Aldermore and/or a related entity of Aldermore may on the Issue Date take a portion of the Class A Notes.

**THE "RISK FACTORS" SECTION CONTAINS DETAILS OF CERTAIN RISKS AND OTHER FACTORS THAT SHOULD BE GIVEN PARTICULAR CONSIDERATION BEFORE INVESTING IN THE NOTES, PROSPECTIVE INVESTORS SHOULD BE AWARE OF THE ISSUES SUMMARISED IN THE SECTION.**

**THE NOTES WILL BE OBLIGATIONS OF THE ISSUER ONLY. THE NOTES WILL NOT BE OBLIGATIONS OF, OR THE RESPONSIBILITY OF, OR GUARANTEED BY, ANY PERSON OTHER THAN THE ISSUER. IN PARTICULAR, THE NOTES WILL NOT BE OBLIGATIONS OF, OR THE RESPONSIBILITY OF, OR GUARANTEED BY, ANY OF THE SELLER, THE INTEREST RATE SWAP PROVIDER, THE CO-ARRANGERS, THE JOINT LEAD MANAGERS, THE SERVICER, THE CASH MANAGER, THE BACK-UP CASH MANAGER FACILITATOR, THE BACK-UP SERVICER FACILITATOR, THE CORPORATE SERVICES PROVIDER, THE ACCOUNT BANK, THE COLLECTION ACCOUNT BANK, THE SWAP COLLATERAL ACCOUNT BANK, THE PRINCIPAL PAYING AGENT, THE AGENT BANK, THE CLASS Z VFN REGISTRAR, THE NOTE TRUSTEE, THE SECURITY TRUSTEE (EACH AS DEFINED HEREIN), ANY COMPANY IN THE SAME GROUP OF COMPANIES AS ANY SUCH ENTITIES OR ANY OTHER PARTY TO THE TRANSACTION DOCUMENTS. NO LIABILITY WHATSOEVER IN RESPECT OF ANY FAILURE BY THE ISSUER TO PAY ANY AMOUNT DUE UNDER THE NOTES SHALL BE ACCEPTED BY ANY OF THE SELLER, THE INTEREST RATE SWAP PROVIDER, THE CO-ARRANGERS, THE JOINT LEAD MANAGERS, THE SERVICER, THE CASH MANAGER, THE BACK-UP CASH MANAGER FACILITATOR, THE BACK-UP SERVICER FACILITATOR, THE CORPORATE SERVICES PROVIDER, THE ACCOUNT BANK, THE COLLECTION ACCOUNT BANK, THE SWAP COLLATERAL ACCOUNT BANK, THE PRINCIPAL PAYING AGENT, THE AGENT BANK, THE CLASS Z VFN REGISTRAR, THE NOTE TRUSTEE, THE SECURITY TRUSTEE OR BY ANY PERSON OTHER THAN THE ISSUER.**

The Class A Notes will each initially be represented by a temporary global note in bearer form (each, a "**Temporary Global Note**"), without interest coupons attached. Each Temporary Global Note will be exchangeable, as described herein, for a permanent global note in bearer form which is recorded in the records of Euroclear System of 1 Boulevard du Roi Albert II, 1210 Brussels, Belgium ("**Euroclear**") and Clearstream Banking, *société anonyme* of 42 av. J.-F. Kennedy, 1855 Luxembourg ("**Clearstream, Luxembourg**") (each, a "**Permanent Global Note**" and, together with the "**Temporary Global Note**", the "**Global Notes**" and each, a "**Global Note**") without interest coupons attached, not earlier than 40 calendar days and not later than 180 calendar days after the Issue Date (provided that certification of non-U.S. beneficial ownership has been received). The Global Notes will be deposited with a common safekeeper (the "**Common Safekeeper**") for Euroclear and Clearstream, Luxembourg on or before the Issue Date. The Common Safekeeper will hold the Global Notes in custody for Euroclear and Clearstream, Luxembourg. The Notes, issued in new global note form and represented by the Global Notes may be transferred in book-entry form only. The Class A Notes will be issued in the denomination of £100,000 and integral multiples of £1,000 in excess thereof. Except in the limited circumstances described under "*Description of the Notes in Global Form and the Variable Funding Note — Issuance of Definitive Notes*", the Notes will not be available in definitive form (the "**Definitive Notes**").

Each of Euroclear and Clearstream, Luxembourg will record the beneficial interests in the Global Notes ("**Book-Entry Interests**"). Book-Entry Interests in the Global Notes will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by Euroclear or Clearstream, Luxembourg, and their respective participants.

The Class Z VFN will be in dematerialised registered form. The Issuer will also maintain a register, to be kept on the Issuer's behalf by the Class Z VFN Registrar, in which the Class Z VFN will be registered in the name

of the Class Z VFN Holder. Transfers of all or any portion of the interest in the Class Z VFN may be made only through the register maintained by the Issuer.

The Notes are intended to be held in a manner which would allow Eurosystem eligibility. However, recognition of the Notes as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem, at issuance or at any time during their life, will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met. For further information please refer to the Risk Factor entitled "*Central Bank eligibility*".

The distribution of this Prospectus and the offering of the Notes in certain jurisdictions may be restricted by law. No representation is made by the Issuer, the Seller, the Note Trustee, the Security Trustee, the Interest Rate Swap Provider, the Servicer, the Cash Manager, the Back-Up Cash Manager Facilitator, the Back-Up Servicer Facilitator, the Account Bank, the Collection Account Bank, the Swap Collateral Account Bank, the Principal Paying Agent, the Agent Bank, the Class Z VFN Registrar, the Corporate Services Provider, the Co-Arrangers or the Joint Lead Managers that this Prospectus may be lawfully distributed, or that the Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, and none of them assumes any responsibility for facilitating any such distribution or offering.

Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published, in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY STATE SECURITIES LAWS AND MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT ("**REGULATION S**")) ("**U.S. PERSONS**") NOR U.S. RESIDENTS (AS DETERMINED FOR THE PURPOSES OF THE INVESTMENT COMPANY ACT ("**U.S. RESIDENTS**")) EXCEPT PURSUANT TO AN EXEMPTION FROM SUCH REGISTRATION REQUIREMENTS. EACH PURCHASER OF THE NOTES OR A BENEFICIAL INTEREST THEREIN ACQUIRED IN THE INITIAL SYNDICATION OF THE NOTES BY ITS ACQUISITION OF THE NOTES OR A BENEFICIAL INTEREST THEREIN, WILL BE DEEMED TO HAVE MADE CERTAIN REPRESENTATIONS AND AGREEMENTS, INCLUDING THAT IT (1) EITHER (i) IS NOT A RISK RETENTION U.S. PERSON OR (ii) IT HAS OBTAINED A U.S. RISK RETENTION CONSENT FROM THE SELLER, (2) IS ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN FOR ITS OWN ACCOUNT AND NOT WITH A VIEW TO DISTRIBUTE SUCH NOTE, AND (3) IS NOT ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN AS PART OF A SCHEME TO EVADE THE REQUIREMENTS OF THE U.S. RISK RETENTION RULES (INCLUDING ACQUIRING SUCH NOTE THROUGH A NON-RISK RETENTION U.S. PERSON, RATHER THAN A RISK RETENTION U.S. PERSON, AS PART OF A SCHEME TO EVADE THE 10 PER CENT. RISK RETENTION U.S. PERSON LIMITATION IN THE EXEMPTION PROVIDED FOR IN SECTION 20 OF THE U.S. RISK RETENTION RULES).

EACH PROSPECTIVE PURCHASER SHOULD CONSULT ITS OWN BUSINESS, LEGAL AND TAX ADVISERS FOR INVESTMENT, LEGAL AND TAX ADVICE AND AS TO THE DESIRABILITY AND CONSEQUENCES OF AN INVESTMENT IN THE NOTES.

Aldermore and the Co-Arrangers and each of the Joint Lead Managers and each subsequent purchaser of the Notes will be deemed by its acceptance of such Notes to have made certain acknowledgements, representations and agreements intended to restrict the resale or other transfer of the Notes as set forth therein and described in this Prospectus and, in connection therewith, may be required to provide confirmation of its compliance with such resale and other transfer restrictions in certain cases. See "*Transfer Restrictions and Investor Representations*".

None of the Transaction Parties makes any representation to any prospective investor or purchaser of the Notes regarding the legality of investment therein by such prospective investor or purchaser under applicable legal investment or similar laws or regulations.

No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Co-Arrangers, the Joint Lead Managers or any of their affiliates, advisers, directors or group

companies as to the accuracy or completeness of any information contained in this Prospectus or any other information supplied in connection with the Notes or their distribution.

**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of EU MiFID II; or (ii) a customer within the meaning of the EU Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II. Consequently no key information document required by the EU PRIIPs Regulation for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

**PROHIBITION OF SALES TO UK RETAIL INVESTORS** – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law in the United Kingdom by virtue of EUWA; or (ii) a customer within the meaning of the provisions of FSMA and any rules or regulations made under FSMA which were relied on immediately before exit day to implement the EU Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (8) of Article 2(1) of UK MiFIR. Consequently, no key information document required by the UK PRIIPs Regulation for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

**EU MIFID II PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET** – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in EU MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

**UK MIFIR PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET** – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in UK MiFIR; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

No person is authorised to give any information or to make any representation in connection with the offering or sale of the Notes other than those contained in this Prospectus and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Seller, the Note Trustee,

the Security Trustee, the Co-Arrangers, the Joint Lead Managers, the Agent Bank, the Back-Up Cash Manager Facilitator, the Principal Paying Agent, the Account Bank, the Corporate Services Provider, the Back-Up Servicer Facilitator, the Interest Rate Swap Provider or any of their respective affiliates, advisers, directors or group companies. Neither the delivery of this Prospectus nor any sale or allotment made in connection with the offering of the Notes shall, under any circumstances, create any implication or constitute a representation that there has been no change in the affairs of the Issuer or the Seller or in the other information contained herein since the date hereof. The information contained in this Prospectus was obtained from the Issuer and the other sources identified herein, but no assurance can be given by the Note Trustee, the Security Trustee, the Co-Arrangers, the Joint Lead Managers, the Agent Bank, the Back-Up Cash Manager Facilitator, the Principal Paying Agent, the Account Bank, the Corporate Services Provider, the Back-Up Servicer Facilitator or the Interest Rate Swap Provider as to the accuracy or completeness of such information. None of the Co-Arrangers, the Joint Lead Managers, the Agent Bank, the Back-Up Cash Manager Facilitator, the Principal Paying Agent, the Account Bank, the Swap Collateral Account Bank, the Corporate Services Provider, the Back-Up Servicer Facilitator, the Interest Rate Swap Provider, the Reporting Delegate, the Note Trustee or the Security Trustee has separately verified the information contained herein. Accordingly, none of the Note Trustee, the Security Trustee, the Co-Arrangers, the Joint Lead Managers, the Agent Bank, the Swap Collateral Account Bank, the Back-Up Cash Manager Facilitator, the Principal Paying Agent, the Account Bank, the Corporate Services Provider, the Back-Up Servicer Facilitator, the Interest Rate Swap Provider or the Reporting Delegate makes any representation, express or implied, or accepts any responsibility with respect to the accuracy or completeness of any of the information in this Prospectus. In making an investment decision, investors must rely on their own examination of the terms of this offering, including the merits and risks involved. The contents of this Prospectus should not be construed as providing legal, business, investment, accounting or tax advice. Each prospective investor should consult its own legal, business, investment, accounting and tax advisers prior to making a decision to invest in any Notes.

This Prospectus does not constitute an offer of, or an invitation by or on behalf of, the Issuer, the Seller, the Co-Arrangers, the Joint Lead Managers, the Note Trustee, the Security Trustee, the Agent Bank, the Back-Up Cash Manager Facilitator, the Principal Paying Agent, the Account Bank, the Swap Collateral Account Bank, the Corporate Services Provider, the Back-Up Servicer Facilitator, the Interest Rate Swap Provider or the Reporting Delegate or any of them to subscribe for or purchase any of the Notes in any jurisdiction where such action would be unlawful and neither this Prospectus, nor any part thereof, may be used for or in connection with any offer to, or solicitation by, any person in any jurisdiction or in any circumstances in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

Payments of interest and principal in respect of the Notes will be subject to any applicable withholding taxes without the Issuer or Paying Agents or any other person being obliged to pay additional amounts therefor.

In this Prospectus all references to "**pounds**", "**Sterling**", "**GBP**" and "**£**" are references to the lawful currency for the time being of the United Kingdom of Great Britain and Northern Ireland (the "**United Kingdom**" or "**UK**"). References in this Prospectus to "**€**", "**EUR**" and "**euro**" are references to the single currency introduced at the third stage of European Economic and Monetary Union pursuant to the Treaty establishing the European Communities as amended from time to time.

### **Forward-Looking Statements**

Certain matters contained herein are forward-looking statements. Such statements appear in a number of places in this Prospectus, including with respect to assumptions on prepayment and certain other characteristics of the Loans, and reflect significant assumptions and subjective judgements by the Issuer that

may not prove to be correct. Such statements may be identified by reference to a future period or periods or the use of forward-looking terminology such as "may", "will", "could", "believes", "expects", "anticipates", "continues", "intends", "plans" or similar terms. Consequently, future results may differ from the Issuer's expectations due to a variety of factors, including (but not limited to) the economic environment and regulatory changes in the residential mortgage industry in the United Kingdom. Moreover, past financial performance should not be considered a reliable indicator of future performance and prospective purchasers of the Notes are cautioned that any such statements are not guarantees of performance and involve risks and uncertainties, many of which are beyond the control of the Issuer. None of the Co-Arrangers, the Joint Lead Managers, the Note Trustee, the Security Trustee, the Agent Bank, the Back-Up Cash Manager Facilitator, the Principal Paying Agent, the Account Bank, the Corporate Services Provider or the Back-Up Servicer Facilitator have attempted to verify any such statements, nor do they make any representations, express or implied, with respect thereto. Prospective purchasers should therefore not place undue reliance on any of these forward-looking statements. None of the Issuer, the Co-Arrangers, the Joint Lead Managers, the Note Trustee, the Security Trustee, the Agent Bank, the Back-Up Cash Manager Facilitator, the Principal Paying Agent, the Account Bank, the Corporate Services Provider or the Back-Up Servicer Facilitator assumes any obligation to update these forward-looking statements or to update the reasons for which actual results could differ materially from those anticipated in the forward-looking statements.

## **Disclosure of Interests**

Each of the Co-Arrangers, the Joint Lead Managers, the other parties to the Transaction Documents (other than the Issuer) and their respective related entities, associates, officers or employees are acting in a number of capacities in connection with the transaction described herein. Those entities and any of their respective affiliates acting in such capacities will have only the duties and responsibilities expressly agreed by each such entity in the relevant capacity and will not, by reason of it or any of its affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided with respect to each such capacity. In no event shall such parties or any of their respective affiliates be deemed to have any fiduciary obligations to any person by reason of their respective affiliates acting in any capacity.

In addition to the interests described in this Prospectus, prospective investors should be aware that each of the Co-Arrangers, the Joint Lead Managers and their respective related entities, associates, officers or employees (each a "**Relevant Transaction Entity**") (a) may from time to time be a Noteholder or have other interests with respect to the Notes and they may also have interests relating to other arrangements with respect to a Noteholder or a Note; (b) may receive (and will not have to account to any person for) fees, brokerage and commission or other benefits and act as principal with respect to any dealing with respect to any Notes; (c) may purchase all or some of the Notes and resell them in individually negotiated transactions with varying terms; and (d) may be or have been involved in a broad range of transactions including, without limitation, banking, dealing in financial products, credit, derivative and liquidity transactions, investment management, corporate and investment banking and research in various capacities in respect of the Notes, the Issuer or any Transaction Party, both on its own account and for the account of other persons. As such, each Relevant Transaction Entity may have various potential and actual conflicts of interest arising in the ordinary course of its business. For example, a Relevant Transaction Entity's dealings with respect to the Notes, the Issuer or a Transaction Party may affect the value of the Notes as the interests of this Relevant Transaction Entity may conflict with the interests of a Noteholder, and that Noteholder may suffer loss as a result. To the maximum extent permitted by applicable law, no Relevant Transaction Entity is restricted from entering into, performing or enforcing its rights in respect of the Transaction Documents or the interests described above and may continue or take steps to further or protect any of those interests and its business even where to do so may be

in conflict with the interests of Noteholders. Each Relevant Transaction Entity may in so doing act in its own commercial interests without notice to, and without regard to, the interests of the Noteholders or any other person. To the maximum extent permitted by applicable law, the duties of each Relevant Transaction Entity in respect of the Notes are limited to the relevant contractual obligations set out in the Transaction Documents (if any) and, in particular, no advisory or fiduciary duty is owed to any person. No Relevant Transaction Entity shall have any obligation to account to the Issuer, any other Transaction Party or any Noteholder for any profit as a result of any other business that it may conduct with either the Issuer or any other Transaction Party.

***The Notes may not be a suitable investment for all investors***

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understands thoroughly the terms of the Notes and is familiar with the behaviour of any relevant indices and financial markets; and
- (e) is able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

A potential investor should not invest in the Notes, which are complex financial instruments, unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

## RISK FACTORS

*The following is a description of the risk factors which the Issuer believes may be material to an investment in the Notes and in the Issuer. Most of these factors are contingencies which may or may not occur. Prospective investors should carefully read and consider all the information contained in this Prospectus, including the risk factors set out in this section, prior to making any investment decision.*

*The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with the Notes for other reasons, and the Issuer does not represent that the statements below regarding the risks of holding the Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.*

### **1. Risks relating to the Issuer and Availability of Funds to Pay the Notes**

#### ***1.1 Liabilities under the Notes***

The Notes will not be obligations of, or the responsibility of, or guaranteed by, any person other than the Issuer. No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes shall be accepted by any of the Seller, the Interest Rate Swap Provider, the Co-Arrangers, the Joint Lead Managers, the Servicer, the Cash Manager, the Back-Up Cash Manager Facilitator, the Back-Up Servicer Facilitator, the Corporate Services Provider, the Account Bank, the Collection Account Bank, the Swap Collateral Account Bank, the Principal Paying Agent, any other Paying Agent, the Agent Bank, the Class Z VFN Registrar, the Note Trustee, the Security Trustee, any company in the same group of companies as such entities, any other party to the Transaction Documents or by any person other than the Issuer.

Therefore, the Noteholders will have a claim under the Notes against the Issuer only and only to the extent of the security granted pursuant to the Deed of Charge which includes, *inter alia*, amounts received by the Issuer under the Loans and under the other Transaction Documents. The Charged Assets may not be sufficient to pay amounts due under the Notes, which may result in a shortfall in amounts available to pay interest and principal on the Notes.

#### ***1.2 Limited Source of Funds***

The ability of the Issuer to meet (i) its payment obligations under the Notes and (ii) its operating and administrative expenses will be dependent solely on receipt by the Issuer of the following amounts in full: (a) monies received or recovered on the Loans in the Portfolio (whether by way of receipt from the Borrowers under the Loans or payments of principal and interest, or by way of enforcement or disposal of the Loans and their Related Security), (b) income interest earned on the Bank Accounts (other than the Swap Collateral Account), and any Authorised Investments, (c) amounts standing to the credit of the General Reserve Fund, and (d) the receipts under the Interest Rate Swap Agreement. Other than the foregoing, the Issuer is not expected to have any other funds available to it to meet its payment obligations under the Notes and/or any other payment obligation ranking in priority to, or *pari passu* with, the Notes under the applicable Priority of Payments. If such funds are insufficient, any such insufficiency will be borne by the Noteholders and the other Secured Creditors, subject to the applicable Priority of Payments. The Relevant Margin payable by the Issuer in respect of the Class A Notes on and from the Step-Up Date will be 0.765 per cent. per annum. It is not expected that any additional sources of funds will be made available to the Issuer (including, without limitation, any additional Loans being made available by the Seller) in order for the Issuer to meet its payment obligations in respect of the increase in the Relevant Margin. The recourse of the Noteholders to the Charged

Assets following service of a Note Acceleration Notice is described below (see further "*English law security and insolvency considerations*").

### ***1.3 Limited Recourse***

The Notes will be limited recourse obligations of the Issuer. Other than the sources of funds referred to in the foregoing paragraph (see "*Limited Source of Funds*"), the Issuer is not expected to have any other funds available to it to meet its payment obligations under the Notes. Upon enforcement of the security under the Deed of Charge (the Security) by the Security Trustee, if:

- (a) there are no Charged Assets remaining which are capable of being realised or otherwise converted into cash;
- (b) all amounts available from the Charged Assets have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Deed of Charge; and
- (c) there are insufficient amounts available from the Charged Assets to pay in full, in accordance with the provisions of the Deed of Charge, amounts outstanding under the Notes (including payments of principal and interest),

then the Secured Creditors (which include the Noteholders) shall have no further claim against the Issuer or its directors, shareholders, officers or successors in respect of any amounts owing to them which remain unpaid (in the case of the Noteholders, principally payments of principal and interest in respect of the Notes) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be extinguished.

Each Secured Creditor agrees that if any amount is received by it (including by way of set-off) in respect of any secured obligation owed to it other than in accordance with the provisions of the Deed of Charge, then an amount equal to the difference between the amount so received by it and the amount that it would have received had it been paid in accordance with the provisions of the Deed of Charge shall be received and held by it as trustee for the Security Trustee and shall be paid over to the Security Trustee immediately upon receipt so that such amount can be applied in accordance with the provisions of the Deed of Charge.

Following the occurrence of an Event of Default, service of a Note Acceleration Notice and enforcement of the Security, there is no assurance that the Issuer will have sufficient funds to redeem the Notes in full.

### ***1.4 UK Government Guarantee Schemes not applicable***

The Notes are obligations of the Issuer only and any potential investors should be aware that they will not have recourse to any guarantee or compensation scheme operated by the UK Government in relation to an investment in the Notes.

## **2. Macroeconomic and Market Risks**

### ***2.1 There can be no assurance of a secondary market for the Notes to provide Noteholders with liquidity of investment***

No assurance is provided that there is an active and liquid secondary market for the Class A Notes, and no assurance is provided that a secondary market for the Class A Notes will develop. All of the Class A Notes will be sold to third-party investors and/or Aldermore. Aldermore will purchase the Class Z VFN on the Issue Date. None of the Class A Notes have been, or will be, registered under the Securities Act or any other applicable securities laws and they are subject to certain restrictions on the resale and other transfer thereof as set forth under "*Subscription and Sale*" and "*Transfer Restrictions and Investor Representations*". Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable

to similar investments that have a developed secondary market. To the extent that a secondary market exists or develops, it may not continue for the life of the Class A Notes or it may not provide Class A Noteholders with liquidity of investment with the result that a Class A Noteholder may not be able to find a buyer to buy its Class A Notes readily or at prices that will enable the Class A Noteholder to realise a desired yield. Any investor in the Class A Notes must be prepared to hold their Class A Notes until their Final Maturity Date or, alternatively, be prepared that they may only be able to sell the Class A Notes at a discount to the original purchase price of those Class A Notes.

There is no secondary market for the Class Z VFN nor is it expected that one will develop.

The secondary market for mortgage-backed securities similar to the Notes has at times experienced limited liquidity resulting from reduced investor demand for such securities (including as a result of economic conditions in the Eurozone). Limited liquidity in the secondary market may have an adverse effect on the market value of mortgage-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors.

Moreover, the Notes are subject to U.S. Exchange Act Rule 15c2-11, which requires that brokers and dealers, who publish quotations on securities such as the Notes on any interdealer quotation system or other quotation medium, must ensure that certain information about the Issuer be publicly available. The staff of the U.S. Securities and Exchange Commission has issued interpretive guidance setting forth certain conditions under which such information must be made available. There can be no assurance that these conditions have been or will be complied with. As a result, brokers and dealers may be unable to publish quotations on the Notes on any interdealer quotation system or other quotation system. Any such inability to publish quotations may adversely affect any secondary market for the Notes.

## ***2.2 Central Bank eligibility***

Whilst central bank schemes, provide an important source of liquidity in respect of eligible securities, relevant eligibility criteria for eligible collateral apply (and will apply in the future) under such schemes and liquidity operations. The investors should make their own conclusions and seek their own advice with respect to whether or not the Notes constitute eligible collateral for the purposes of any of the central bank liquidity schemes. To the extent that any prospective investor intends to use any of the Notes subscribed for by it as eligible collateral for its liquidity purposes as part of any central bank funding scheme, it should be noted that no assurance is given that any Notes will be eligible for any specific central bank liquidity schemes, and that accordingly there is a risk that the Notes subscribed for by such investor might not be available to it for such collateral funding purposes.

## ***2.3 Limited Secondary Market for Loans***

The ability of the Issuer to redeem all of the Notes in full, including following the occurrence of an Event of Default (as defined in the Conditions) in relation to the Notes while any of the Loans are still outstanding, may depend upon whether the Loans can be realised to obtain an amount sufficient to redeem the Notes. There is not, at present, an active and liquid secondary market for mortgage loans of this type in the United Kingdom. There can be no assurance that a secondary market for the Loans will develop or, if a secondary market does develop, that it will provide sufficient liquidity of investment for the Loans to be realised or that if it does develop it will continue for the life of the Notes. The Issuer, and following the occurrence of an Event of Default, the Security Trustee, may not, therefore, be able to sell the Mortgages for an amount sufficient to discharge amounts due to the Secured Creditors (including the Noteholders) in full should they be required to do so.

#### ***2.4 Changes or uncertainty in respect of SONIA may affect the value or payment of interest under the Loans or the Notes***

Various interest rate benchmarks (including SONIA) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented including the Benchmarks Regulation.

The Benchmarks Regulation came into force from 1 January 2018 in general and new requirements will apply with respect to the provision of a wide range of benchmarks (including SONIA), the contribution of input data to a benchmark and the use of a benchmark within the European Union. In particular, the Benchmarks Regulation, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and (ii) prevents certain uses by EU-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU-based).

Such benchmarks (including SONIA) may disappear entirely, to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted. Such factors may have (without limitation) the following effects on certain benchmarks: (i) triggering changes in the rules or methodologies used in the benchmark and/or (ii) leading to the disappearance of the benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on the Notes.

Based on the foregoing, prospective investors should in particular be aware that:

- (a) any of these reforms or pressures described above or any other changes to a relevant interest rate benchmark (including SONIA) could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be and which may, in turn, mean that the interest amounts received by Noteholders are different than they would otherwise be;
- (b) while (1) an amendment may be made under Condition 12.13 (*Additional Right of Modification*) of the Terms and Conditions of the Notes to change the base rate on the Notes from SONIA to an alternative base rate under certain circumstances broadly related to SONIA dysfunction or discontinuation and subject to certain conditions being satisfied, or (2) an amendment may be made under Condition 12.13 (*Additional Right of Modification*) of the Terms and Conditions of the Notes to change the base rate that then applies in respect of the Interest Rate Swap Agreement to the base rate of the Notes following a Base Rate Modification, there can be no assurance that any such amendments will be made or, if made, that they (i) will fully or effectively mitigate all relevant interest rate risks or result in an equivalent methodology for determining the interest rates on the Notes and the Interest Rate Swap Agreement or (ii) will be made prior to any date on which any of the risks described in this risk factor may become relevant (in this regard, please also refer to the risk factor below entitled "*Meetings of Noteholders, Modifications and Waivers*"); and
- (c) if SONIA is discontinued, and whether or not an amendment is made under Condition 12.13 (*Additional Right of Modification*) to change the base rate with respect to the Notes as described in paragraph (b) above, if a proposal for an equivalent change to the base rate on the Interest Rate Swap Agreement is not approved in accordance with Condition 12.13, there can be no assurance that the applicable fall-back provisions under the Interest Rate Swap Agreement would operate to allow the transactions under the Interest Rate Swap Agreement to effectively mitigate interest rate risk in respect

of the Notes. This, in turn, could cause a risk of mismatch of interest and reduced payments on the Notes.

The SONIA administrator or its supervisor could make a public statement relating to SONIA's disruption or discontinuation, and a Base Rate Modification may also be made if the Issuer (or the Seller on its behalf) reasonably expects any of these events to occur within six months of the proposed effective date of such Base Rate Modification. A Base Rate Modification may also be made if an alternative means of calculating a SONIA-based base rate is introduced which becomes a standard means of calculating interest for similar transactions.

Moreover, any of the above matters (including an amendment to change the base rate as described in paragraph (b) above) or any other significant change to the setting or existence of SONIA could affect the ability of the Issuer to meet its obligations under the Notes and/or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes. Changes in the manner of administration of SONIA could result in amendments to the Conditions and the Interest Rate Swap Agreement, early redemption, discretionary valuation, delisting or other consequences in relation to the Notes. No assurance may be provided that relevant changes will not occur with respect to SONIA or any other relevant interest rate benchmark and/or that such benchmarks will continue to exist. Investors should consider these matters when making their investment decision with respect to the Notes.

### ***2.5 Increases in prevailing market interest rates may adversely affect the performance and market value of the Notes***

Borrowers seeking to avoid increased monthly payments (caused by, for example, the expiry of an initial fixed rate or low introductory rate, or a rise in the related mortgage interest rates) by refinancing their mortgage loans may no longer be able to find available replacement loans at comparably low interest rates, particularly in circumstances where mortgage interest rates are rising generally. As noted in the risk factor headed "*Delinquencies or Default by Borrowers in paying amounts due on their Loans*" the Bank of England's Monetary Policy Committee has raised the Bank of England's base rate on several occasions since December 2021, which has resulted in recent rises in mortgage interest rates. Any decline in housing prices may also leave borrowers with insufficient equity in their homes to permit them to refinance. Furthermore, where the reversionary rate is the current Seller Aldermore Managed Rate ("**AMR**"), the reversionary rate for Borrowers reaching the end of their fixed periods may be lower than prevailing market rates. This would mean that it is less likely that they will refinance. These events, alone or in combination, may contribute to higher delinquency rates, slower prepayment speeds and higher losses which could have an adverse effect on the Issuer's ability to make payments under the Notes.

### ***2.6 Ratings of the Class A Notes and confirmation of ratings***

The ratings assigned to the Class A Notes by each Rating Agency are based, amongst other things, on the terms of the Transaction Documents and other relevant structural features of this transaction, including (but not limited to) the short-term and/or long-term unsecured, unguaranteed and unsubordinated debt ratings or issuer default ratings of the Interest Rate Swap Provider, the Account Bank, the Collection Account Bank and the Swap Collateral Account Bank, a credit assessment of the Loans, and reflect only the views of the Rating Agencies. The rating issued by Moody's addresses the likelihood of timely payment of interest due to the Class A Noteholders on each Interest Payment Date and the expected loss to a holder of the Class A Notes in proportion to the Principal Amount Outstanding on the Issue Date of such Class A Notes. The rating issued by Fitch addresses the likelihood of (i) timely payment of interest due to the Class A Noteholders on each Interest Payment Date and (ii) full payment of principal due to Class A Noteholders by a date that is not later than the Final Maturity Date.

The expected ratings of the Class A Notes to be assigned on the Issue Date are set out in "*Ratings*", below. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning Rating Agency if, in its judgement, circumstances in the future so warrant (including, without limitation, a reduction in the credit rating of the Interest Rate Swap Provider and/or the Account Bank and/or the Collection Account Bank and/or the Swap Collateral Account Bank). See also "*Change of Counterparties*" below.

There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in relevant rating methodology, unavailability of information or if, in the judgement of the Rating Agencies, circumstances so warrant. A qualification, downgrade or withdrawal of any of the ratings mentioned above may impact upon the value of the Class A Notes.

Further, rating agencies other than the Rating Agencies could seek to rate the Class A Notes and, if such unsolicited ratings are lower than the comparable ratings assigned to the Class A Notes by the Rating Agencies, those unsolicited ratings could have an adverse effect on the value and/or liquidity of the Class A Notes. Neither the Issuer nor any other person or entity will have any duty to notify you if any other rating agencies issue, or deliver notice of its intention to issue, unsolicited ratings on the Class A Notes.

For the avoidance of doubt and unless the context otherwise requires, any references to "ratings" or "rating" in this Prospectus are to the ratings assigned by the specified Rating Agency only.

The Class Z VFN will not be rated by the Rating Agencies.

### **3. Risks Relating to the Notes and the Structure**

#### ***3.1 Subordination of the Class Z VFN which will be subject to greater risk of loss***

Pursuant to the Priority of Payments, the Class Z VFN is subordinated in right of payment of interest and principal to the Class A Notes. There is no assurance that the subordination of the Class Z VFN will protect the holders of Class A Notes from all risk of loss.

In addition to the above, payments on the Notes are subordinate to payments of certain fees, costs and expenses payable to the other Secured Creditors and certain third parties. For further information on the likely costs payable to such Secured Creditors, please see the section entitled "*Fees*".

To the extent that the Issuer does not have sufficient funds to satisfy its obligations to all its creditors, the holders of the Class Z VFN will be the first to see their claims against the Issuer unfulfilled.

#### ***3.2 Deferral of Interest Payments on the Class Z VFN***

If, on any Interest Payment Date whilst any of the Class A Notes remain outstanding, the Issuer has insufficient funds to make payment in full of all amounts of interest (including any accrued interest thereon) payable in respect of the Class Z VFN after having paid or provided for items of higher priority in the Pre-Acceleration Revenue Priority of Payments, then the Issuer will be entitled under Condition 16 (*Subordination by Deferral*) to defer payment of such amounts (to the extent of the insufficiency) until the following Interest Payment Date or such earlier date as interest in respect of the Class Z VFN becomes immediately due and repayable in accordance with the Conditions. Such deferral will not constitute an Event of Default. If there are no Class A Notes then outstanding, the Issuer will not be entitled, under Condition 16 (*Subordination by Deferral*), to defer payments of interest in respect of the Class Z VFN.

Failure to pay interest on the Class A Notes or, if there are no Class A Notes then outstanding, the Class Z VFN, shall constitute an Event of Default under the Notes which may result in the Security Trustee enforcing the Security.

From and including the Step-Up Date, any Available Revenue Receipts remaining on any Interest Payment Date after any required credit has been made to the General Reserve Ledger and the Class Z VFN Principal Deficiency Sub-Ledger will be diverted to Available Principal Receipts in order to repay principal amounts on the Class A Notes. As such, from and including the Step-Up Date and until the Class A Notes have been redeemed in full, the Issuer will not have funds to pay interest on the Class Z VFN.

### ***3.3 Considerations Relating to Yield, Prepayments, Mandatory Redemption and Optional Redemption***

The yield to maturity of the Class A Notes will depend on, *inter alia*, the amount and timing of payment of principal and interest on the Loans and the price paid by the holders of the Notes of each Class. Prepayments on the Loans may result from refinancing, sales of Properties by Borrowers voluntarily or as a result of enforcement proceedings under the relevant Mortgages, as well as the receipt of proceeds under the insurance policies. The repurchase of Loans required to be made under the Mortgage Sale Agreement will have the same effect as a prepayment of such Loans. In addition, should a Borrower elect, subject to the agreement of the Seller and the Servicer, to change the terms of their Loan from an Interest-only Loan to a Repayment Loan, the Issuer would receive principal payments in respect of the relevant Loan earlier than would otherwise be anticipated. The yield to maturity of the Notes of any Class may be adversely affected by, amongst other things, the rate of prepayments on the Loans.

The rate of prepayment of Loans is influenced by a wide variety of economic, social and other factors, including prevailing mortgage market interest rates, the availability of alternative financing programmes, the competitiveness of replacement products, the impact of whether a Loan imposes an early repayment charge on a Borrower, the end of any incentive periods which a particular Borrower may currently be on, local and regional economic conditions, homeowner mobility, natural disasters, wars and widespread health crises or the fear of such crises such as an epidemic or pandemic (such as Coronavirus ("**COVID-19**"), measles, SARS, Ebola or other epidemic diseases). However, the rate of prepayment cannot be predicted. Generally, when market interest rates increase, borrowers are less likely to prepay their mortgage loans, while conversely, when market interest rates decrease, borrowers are generally more likely to prepay their mortgage loans. For instance, borrowers may prepay mortgage loans when they refinance their loans or sell their properties (either voluntarily or as a result of enforcement action taken). In addition, if the Seller is required to repurchase a Loan or Loans and their Related Security because, for example, the relevant Loan does not comply with the Loan Warranties, then the payment received by the Issuer will have the same effect as a prepayment of such Loan(s) under that Mortgage Account. Because these and other relevant factors are not within the control of the Issuer, no assurance can be given as to the level of prepayments that the Portfolio will experience.

Payments and prepayments of principal on the Loans will be applied to reduce the Principal Amount Outstanding of the Notes on a pass-through basis on each Interest Payment Date in accordance with the Pre-Acceleration Principal Priority of Payments (see "*Cashflows*" below) or used to fund a Remaining Revenue Deficiency.

On any Interest Payment Date (i) falling on or after 28 July 2030 or (ii) on which the aggregate Current Balance of all the Loans in the Portfolio is equal to or less than 10 per cent. of the aggregate Current Balance of the Loans in the Portfolio as of the Cut-Off Date, the Issuer may, subject to certain conditions, redeem all of the Class A Notes. In addition, the Issuer may, subject to the Conditions, redeem all of the Notes if a

change in tax law results in the Issuer or the Interest Rate Swap Provider being required to make a deduction or withholding for or on account of tax. This may adversely affect the yield to maturity on the Class A Notes.

From and including the Step-Up Date, any Available Revenue Receipts remaining on any Interest Payment Date after any required credit has been made to the General Reserve Ledger and the Class Z VFN Principal Deficiency Sub-Ledger will be diverted to Available Principal Receipts in order to repay principal amounts on the Class A Notes. This will result in additional funds being available to redeem the Class A Notes and may adversely affect the yield to maturity on the Class A Notes.

### **3.4 Interest rate risk**

The Loans in the Portfolio are subject to variable and fixed interest rates while the Issuer's liabilities under the Notes are based on Compounded Daily SONIA.

To hedge its interest rate exposure in relation to the Fixed Rate Loans in the Portfolio and the amounts payable under the Notes, the Issuer will enter into the Interest Rate Swap Agreement with the Interest Rate Swap Provider on or around the Issue Date (see "*Credit Structure — Interest Rate Risk for the Notes*" below).

There is no mechanism by which Loans in arrears or defaulted Loans will be removed from the calculations of the notional amount under the Interest Rate Swap Agreement. As a result, the notional amount of such transactions may be higher than the aggregate Current Balance of the Loans on which the Issuer is receiving payment.

The rates payable by the Issuer under the Interest Rate Swap is not intended to be an exact match of the interest rates that the Issuer receives in respect of the relevant Loans in the Portfolio. As such, and given the considerations in the above paragraph, there may be circumstances in which the rate payable by the Issuer under the Interest Rate Swap exceeds the amount that the Issuer receives in respect of the relevant Loans in the Portfolio.

A failure by the Interest Rate Swap Provider to make timely payments of amounts due under any Interest Rate Swap Agreement will constitute a default thereunder. The Interest Rate Swap Agreement provides that the Sterling amounts owed by the Interest Rate Swap Provider on any payment date under the Interest Rate Swap (which corresponds to an Interest Payment Date) may be netted against the Sterling amounts owed by the Issuer on the same payment date. Accordingly, (i) if the amounts owed by the Issuer to the Interest Rate Swap Provider on a payment date are greater than the amounts owed by the Interest Rate Swap Provider to the Issuer on the same payment date, then the Issuer will pay the positive difference to the Interest Rate Swap Provider on such payment date; (ii) if the amounts owed by the Interest Rate Swap Provider to the Issuer on a payment date are greater than the amounts owed by the Issuer to the Interest Rate Swap Provider on the same payment date, then the Interest Rate Swap Provider will pay the positive difference to the Issuer on such payment date; and (iii) if the amounts owed by both parties are equal on a payment date, neither party will make a payment to the other on such payment date. To the extent that the Interest Rate Swap Provider defaults in its obligations under the Interest Rate Swap Agreement to make payments to the Issuer in Sterling, then the Issuer will be exposed to the possible variance between the interest rates payable on the relevant Fixed Rate Loans in the Portfolio and Compounded Daily SONIA. Further, if the Interest Rate Swap Provider fails to pay any amounts when due under the Interest Rate Swap Agreement, the Available Revenue Receipts may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest payments due to be received by them.

The Interest Rate Swap Provider will be obliged to make payments under the Interest Rate Swap Agreement without any withholding or deduction of taxes unless required by law. If any such withholding or deduction is required by law, the Interest Rate Swap Provider will be required to pay such additional amount as is

necessary to ensure that the net amount actually received by the Issuer will equal the full amount that the Issuer would have received had no such withholding or deduction been required.

The Interest Rate Swap Agreement will provide, however, that in case of certain tax-related events, the Interest Rate Swap Provider may transfer its respective rights and obligations to another of its offices, branches or affiliates to avoid the relevant tax event triggering a termination of the Interest Rate Swap. If the Interest Rate Swap Provider is unable to transfer its rights and obligations under the Interest Rate Swap Agreement to another office, branch or affiliate, it will have the right to terminate the Interest Rate Swap Agreement. Upon such termination, the Issuer or the Interest Rate Swap Provider may be liable to make a termination payment to the other party.

In the event that the Interest Rate Swap Provider does not have the relevant ratings set out in the rating triggers table in the section entitled "*Triggers Tables*" (the "**Rating Triggers Table**") for the Interest Rate Swap Provider in the column headed Required Ratings (the "**Required Ratings**"), the Interest Rate Swap Provider is obliged to take certain actions (depending on which Required Rating has been breached).

Such actions may include providing collateral for the Interest Rate Swap Provider's obligations under the Interest Rate Swap Agreement, arranging for its obligations under the Interest Rate Swap Agreement to be transferred to an entity with the Required Ratings, or procuring another entity with the Required Ratings to become a guarantor in respect of its obligations. Which action is required will depend, *inter alia*, on the rating of the Interest Rate Swap Provider following the loss of the Required Ratings.

The Issuer may terminate the Interest Rate Swap Agreement if the Interest Rate Swap Provider fails:

- (a) to provide collateral within the time period stipulated in the Interest Rate Swap Agreement following breach of the Required Ratings resulting in an obligation to provide collateral; or
- (b) where the Interest Rate Swap Provider is obliged to use commercially reasonable efforts to obtain a guarantor with the Required Ratings or transfer to another entity with the Required Ratings and no such action has occurred but the relevant time period has elapsed and one or more third parties has provided a quote for the Interest Rate Swap.

However, in the event that a breach of the Required Ratings as outlined above occurs, there can be no assurance that a guarantor or replacement interest rate swap provider will be found or that the amount of collateral provided will be sufficient to meet the Interest Rate Swap Provider's obligations. Unless one or more comparable replacement interest rate swaps are entered into, the Issuer may have insufficient funds to make payments due on the Notes.

If the Interest Rate Swap Provider posts any Swap Collateral to an account established for such purpose with the Swap Collateral Account Bank, such collateral will be utilised solely in returning collateral and making payments directly to the Interest Rate Swap Provider (and not in accordance with the relevant Priority of Payments) under the terms of the Interest Rate Swap Agreement (including the credit support annex entered into under such agreement). Following the termination of the Interest Rate Swap Agreement, any Swap Collateral or the liquidation proceeds thereof which is not returned to the Interest Rate Swap Provider as a termination payment or applied in acquiring a replacement swap shall constitute Available Revenue Receipts.

The Interest Rate Swap Agreement will be terminable early by one party if an Early Termination Event occurs, which includes, *inter alia*, (i) an Event of Default or Termination Event (as defined in the Interest Rate Swap Agreement) occurring in relation to the other party; (ii) a Note Acceleration Notice being served; or (iii) the Notes being redeemed pursuant to Condition 7.3 (*Optional Redemption of the Class A Notes in Full*) or 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*). Events of default

under the Interest Rate Swap Agreement in relation to the Issuer will be limited to (i) non-payment under the Interest Rate Swap Agreement and (ii) certain insolvency events.

The Interest Rate Swap will terminate on the "**Termination Date**" being the earlier of (i) the date on which the Class A Notes are redeemed in full other than in circumstances which give rise to an Additional Termination Event; (ii) the Interest Payment Date falling 5 years and 6 months and one Interest Payment Date after the Step-Up Date; (iii) the Interest Payment Date on or immediately following the date on which the aggregate of the Current Balance of the Loans is reduced to zero; and (iv) the first Interest Payment Date on or after the Step-Up Date on which the Adjusted Fixed Rate Loan Balance (as defined in the Interest Rate Swap) is zero; and (v) any Additional Termination Event, in each case subject to adjustment in accordance with the Modified Following Business Day Convention.

If a replacement swap is entered into, this may be on terms less favourable to the Issuer and therefore may mean that reduced amounts are available for distribution by the Issuer to the Secured Creditors (including *inter alia*, the Noteholders). The Issuer may not be able to enter into a replacement Interest Rate Swap with a replacement interest rate swap provider immediately or at a later date.

In the case of the termination of the Interest Rate Swap Agreement, the risk of a difference between the rate of interest to be received by the Issuer on the Loans in the Portfolio subject to fixed interest rates and the rate of interest payable by the Issuer on the Notes will not be hedged, and so the funds available to the Issuer to pay any interest on the Notes will be reduced if the interest revenues received by the Issuer on such Loans in the Portfolio are lower than the rate of interest payable by it on the Notes. In these circumstances, the holders of Notes may experience delays and/or reductions in the interest payments to be received by them, and the ratings of the Class A Notes may also be downgraded.

### ***3.5 Termination payments under Interest Rate Swap***

The Interest Rate Swap Agreement will provide that, upon the occurrence and continuation of certain events, the Interest Rate Swap may terminate and a termination payment by either the Issuer or the Interest Rate Swap Provider may be payable, depending on, among other things, the terms of the Interest Rate Swap and the cost of entering into a replacement interest rate swap transaction at the time. Any termination payment due by the Issuer (other than an Interest Rate Swap Excluded Termination Amount and to the extent not satisfied by any applicable Replacement Swap Premium or, in certain circumstances and/or to a limited extent, amounts standing to the credit of the Swap Collateral Account, if any, which shall be utilised in order to make payments directly by the Issuer to the Interest Rate Swap Provider under the Interest Rate Swap Agreement) will rank prior to payments in respect of the Notes and could affect the availability of sufficient funds of the Issuer to make payments of amounts due from it under the Notes in full. If any termination amount is payable, payment of such termination amounts may adversely affect amounts available to pay interest and principal on the Notes.

Any additional amounts required to be paid by the Issuer following termination of the Interest Rate Swap (including any extra costs incurred in entering into replacement interest rate swaps) will also rank prior to payments in respect of the Notes. This may adversely affect amounts available to pay interest on the Notes and, following service of a Note Acceleration Notice on the Issuer (which has not been revoked), interest and principal on the Notes.

No assurance can be given as to the ability of the Issuer to enter into one or more replacement interest rate swaps, or if one or more replacement interest rate swaps are entered into, as to the credit rating of the Interest Rate Swap Provider for the replacement interest rate swaps.

### ***3.6 Conflict between Classes of Noteholders and conflict between the Noteholders and Aldermore***

The Trust Deed and the Deed of Charge contain provisions requiring the Note Trustee and the Security Trustee to have regard to the interests of the Class A Noteholders and the Class Z VFN Holder equally as regards all powers, trusts, authorities, duties and discretions of the Note Trustee and the Security Trustee (except where expressly provided otherwise).

If, in the Note Trustee's opinion, however, there is or may be a conflict between the interests of the holders of the Class A Notes and the holders of the Class Z VFN, the Note Trustee and the Security Trustee will be required to have regard only to the interests of the holders of the Class A Notes and will not have regard to the interests of the holders of the Class Z VFN.

Aldermore or a related entity of Aldermore may purchase a portion of the Class A Notes to become a Class A Noteholder. In its capacity as a Class A Noteholder, Aldermore's (or its related entity's (if applicable)) interests may conflict with the interests of the Class Z VFN Holders. However, pursuant to the terms of the Trust Deed, neither Aldermore nor any of its Subsidiaries or Holding Companies (or Subsidiaries of such Holding Companies) will have any voting rights in respect of any Notes (unless Aldermore or any of its Subsidiaries or Holding Companies (or Subsidiaries of such Holding Companies) holds all of the Relevant Class of Notes).

Prospective investors should note that Aldermore acts in various capacities in the transaction, including as the Servicer and the Cash Manager. There can be no assurance that, during the life of the transaction, actual or potential conflicts may not arise from time to time between the interests of Aldermore in such capacities and the interests of the Issuer and the Noteholders – for example, in circumstances in which a Servicer Termination Event or a Cash Manager Termination Event has arisen, and consideration must be given by the Note Trustee and the Noteholders as to whether termination of Aldermore's appointment should be undertaken. Aldermore could be in a conflicted position whereby it has to report an event which results in the termination of its appointment in a particular capacity.

### ***3.7 The Note Trustee and the Security Trustee are not obliged to act in certain circumstances***

Upon the occurrence of an Event of Default, the Note Trustee in its absolute discretion may, and if so directed in writing by the holders of at least 25 per cent. in aggregate of the Principal Amount Outstanding of the Class A Notes then outstanding or if so directed by an Extraordinary Resolution of the Class A Noteholders, shall (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction), give a Note Acceleration Notice to the Issuer that all classes of the Notes are immediately due and repayable at their respective Principal Amounts Outstanding, together with Accrued Interest as provided in the Trust Deed.

So long as no Class A Notes remain outstanding, upon the occurrence of an Event of Default, the Note Trustee shall, if so directed in writing by the holders of the Class Z VFN (subject to being indemnified and/or secured and/or prefunded to its satisfaction), give a Note Acceleration Notice to the Issuer that all classes of the Notes are immediately due and repayable at their respective Principal Amounts Outstanding, together with Accrued Interest as provided in the Trust Deed.

Each of the Note Trustee and the Security Trustee may, at any time, at their discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of (in the case of the Note Trustee) the Notes or the Trust Deed (including the Conditions) and/or (in the case of the Security Trustee) the Deed of Charge or (in either case) of the other Transaction Documents to which it is a party and at any time after the service of a Note Acceleration Notice, the Security Trustee may, at its discretion without notice, take such steps as it may think fit to enforce the Security. However, neither the Note Trustee nor the Security Trustee shall be bound to take any such proceedings or steps (including, but not limited to, the giving of a Note Acceleration Notice in accordance with Condition 10 (*Events of Default*)) unless:

- (a) it shall have been directed to do so by (i) an Extraordinary Resolution of the Class A Noteholders or (ii) in writing by the holders of at least 25 per cent. in Principal Amount Outstanding of the Class A Notes then outstanding or (iii) if there are no Class A Notes then outstanding, the Class Z VFN Holder; and
- (b) it shall have been indemnified and/or secured and/or prefunded to its satisfaction,

provided that the Note Trustee or the Security Trustee shall not, and shall not be bound to, act at the direction of the Class Z VFN Holder as aforesaid so long as any Class A Notes are outstanding. If the Note Trustee or the Security Trustee fail to exercise their discretion where they have not been directed as described above, it may adversely affect the ability of the Issuer to make payments on the Notes following the service of a Note Acceleration Notice.

See further "*Terms and Conditions of the Notes – Condition 11 (Enforcement)*" below.

In addition, each of the Note Trustee and the Security Trustee benefit from indemnities given to them by the Issuer pursuant to the Transaction Documents.

### **3.8 Rating Agency Confirmations**

The terms of certain Transaction Documents provide that certain actions to be taken by the Issuer and/or the other parties to the Transaction Documents are contingent on such actions not having an adverse effect on the ratings assigned to the Notes. In such circumstances, the Note Trustee or the Security Trustee may require the Issuer to seek confirmation from the Rating Agencies that this would be the case (such confirmation being a "**Rating Agency Confirmation**"). If a Rating Agency Confirmation or other response by a Rating Agency is a condition to any action or step under any Transaction Document and a written request for such Rating Agency Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer and (i) (A) one Rating Agency (such Rating Agency, a "**Non-Responsive Rating Agency**") indicates that it does not consider such Rating Agency Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Rating Agency Confirmation or response or (B) within 30 days of delivery of such request, no Rating Agency Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Rating Agency Confirmation or response could not be given; and (ii) one Rating Agency gives such Rating Agency Confirmation or response based on the same facts, then such condition to receive a Rating Agency Confirmation or response from each Ratings Agency shall be modified so that there shall be no requirement for the Rating Agency Confirmation or response from the Non-Responsive Rating Agency if the Issuer provides to the Note Trustee and the Security Trustee a certificate signed by two directors certifying and confirming that each of the events in subparagraphs (i) (A) or (B) and (ii) has occurred, the Issuer having sent a written request to each Rating Agency.

Where a Rating Agency Confirmation is a condition to any action or step under any Transaction Document and it is deemed to be modified as a result of a Non-Responsive Rating Agency not having responded to the relevant request from the Issuer within 30 days, there remains a risk that such Non-Responsive Rating Agency

may subsequently downgrade, qualify or withdraw the then current ratings of the Class A Notes as a result of the action or step. Such a downgrade, qualification or withdrawal to the then current ratings of the Class A Notes may have an adverse effect on the value of the Class A Notes.

#### **4. Risks Relating to Changes to the Structure and Documents**

##### ***4.1 Meetings of Noteholders, Modification and Waivers; the Security Trustee may agree to modifications without the prior written consent of Noteholders which may adversely affect the interests of Noteholders***

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit decisions of defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions also provide that the Note Trustee or, as the case may be, the Security Trustee, with the written consent of the Secured Creditors which are a party to the relevant Transaction Documents (such consent to be conclusively demonstrated by such Secured Creditor entering into any deed or document purporting to modify such Transaction Document) but without the consent or sanction of the Noteholders or any of the other Secured Creditors (i) may agree to (other than in respect of a Basic Terms Modification) any modification of, or the waiver or authorisation of, any breach or proposed breach of, the Conditions or any of the Transaction Documents which is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders or (where the Note Trustee determines that there is a conflict between the interests of the Class A Noteholders and the interests of the Class Z VFN Holder), the Class A Noteholders or (ii) may agree to any modification which, in the Note Trustee's opinion, is of a formal, minor or technical nature or to correct a manifest error, provided that neither the Note Trustee nor the Security Trustee shall be obliged to agree to any such modification which, in the sole opinion of the Note Trustee or the Security Trustee, would have the effect of (a) exposing the Note Trustee and/or the Security Trustee to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (b) increasing the obligations or duties, or decreasing the protections, of the Note Trustee and/or the Security Trustee under the Transaction Documents and/or the Conditions. The Note Trustee may also, without the consent of the Noteholders, if it is of the opinion that such determination will not be materially prejudicial to the interests of the Noteholders, determine that an Event of Default shall not, or shall not subject to any specified conditions, be treated as such. See "*Terms and Conditions of the Notes – Condition 12 (Meetings of Noteholders, Modification, Waiver)*" below.

Further, the Note Trustee or, as the case may be, the Security Trustee may also be obliged, in certain circumstances, to agree to amendments to the Conditions and/or the Transaction Documents without the consent or sanction of the Noteholders or any of the other Secured Creditors for the purpose of (i) complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time, (ii) complying with (1) (A) Article 6 of Chapter 2 of the PRA Securitisation Rules, including as a result of the adoption of additional regulatory technical standards in relation to the UK Securitisation Framework or any other risk retention legislation or regulations or official guidance in relation thereto applicable to the Issuer or Aldermore; or (B) Article 6 of the EU Securitisation Regulation which applies to it at the Issue Date or to which Aldermore in its discretion elects to comply with following the Issue Date, including as a result of the adoption of additional regulatory technical standards in relation to the EU Securitisation Regulation; or (2) any other provision of (A) SECN 2, or (B) the EU Securitisation Regulation which applies to it at the Issue Date or to which Aldermore in its discretion elects to comply with following the Issue Date, (iii) complying with UK EMIR and/or EU EMIR, (iv) enabling the Notes to be (or to remain) listed on the Stock Exchange, (v) enabling the Issuer or any of the other Transaction Parties to comply with sections 1471 to 1474 of the U.S. Internal Revenue Code of 1986

("FATCA") (or any voluntary agreement entered into which a taxing authority in relation thereto), (vi) complying with any changes in the requirements of the UK CRA Regulation or the EU CRA Regulation after the Issue Date, (vii) changing the base rate that then applies in respect of the Notes to an alternative base rate and make such other amendments as are necessary or advisable in the commercially reasonable judgment of the Issuer (or the Servicer on its behalf) to facilitate such change (a "**Base Rate Modification**") or (viii) changing the base rate that then applies in respect of the Interest Rate Swap Agreement as is necessary or advisable in the commercially reasonable judgement of the Issuer (or the Servicer on its behalf) and the Interest Rate Swap Provider for the purpose of aligning the base rate of the Interest Rate Swap Agreement to the base rate of the Notes following a Base Rate Modification after the Issue Date (each a "**Proposed Amendment**"), without the consent of the Noteholders, as applicable, pursuant to and in accordance with the detailed provisions of Condition 12.13 (*Additional Right of Modification*).

In relation to any such Proposed Amendments specified in limbs (i), (vii) or (viii) (but not, for the avoidance of doubt, any other Proposed Amendment), the Issuer is required, amongst other things, to certify in writing to the Note Trustee that the Issuer has provided at least 40 calendar days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 15 (*Notice to Noteholders*) and by publication on Bloomberg on the "Company News" screen relating to the Notes. In respect of the Proposed Amendments specified above where notice is required to be provided to Noteholders, Noteholders should be aware that, in relation to each such Proposed Amendment, if Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Class A Notes then outstanding have not contacted the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Issuer that such Noteholders do not consent to the modification, the modification will be passed without Noteholder consent.

In respect of the Proposed Amendments specified in limbs (i), (vii) and (viii) above, where notice is required to be provided to Noteholders in relation to each such Proposed Amendment, if Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Class A Notes then outstanding have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, such modification will not be made unless an Extraordinary Resolution of the Noteholders of the Class A Notes then outstanding is passed in favour of such modification in accordance with Condition 12 (*Meetings of Noteholders, Modification, Waiver*). See "*Terms and Conditions of the Notes – Condition 12 (Meetings of Noteholders, Modification, Waiver)*" below.

Therefore, it is possible that a modification could be made without the vote of any Noteholders (as may be the case in respect of the Proposed Modifications specified in limbs (ii) to (vi) (inclusive) above) or (in the case of the Proposed Modifications specified in limbs (i), (vii) and (viii) above) if holders holding less than 10 per cent. of the Principal Amount Outstanding of the Class A Notes then outstanding objected to it.

There is no guarantee that any changes made to the Conditions and/or Transaction Documents pursuant to the obligations imposed on, or discretions granted to, the Note Trustee and the Security Trustee, as described above, would not be prejudicial to the Noteholders.

The Issuer will be required to continually comply with UK EMIR and/or EU EMIR (as applicable) while it is party to any interest rate swaps, including any additional provisions or technical standards which may come into force after the Issue Date, and this may necessitate a Proposed Modification to the Transaction Documents as specified in limb (iii) above.

Subject to receipt by the Note Trustee of a certificate from (i) the Issuer or the Interest Rate Swap Provider signed by two directors or (ii) the Servicer on behalf of the Issuer, in each case, certifying to the Note Trustee that the amendments requested by the Issuer or the Interest Rate Swap Provider are to be made solely for the

purpose of enabling the Issuer or the Interest Rate Swap Provider (as applicable) to satisfy its requirements under UK EMIR or EU EMIR (as applicable), the Note Trustee with the written consent of the Secured Creditors which are a party to the relevant Transaction Documents shall, without the consent or sanction of the Noteholders or any of the other Secured Creditors, agree to any modification to the Transaction Documents and/or the Conditions that are requested in writing by the Issuer (acting in its own discretion or at the direction of any Transaction Party) or the Interest Rate Swap Provider in order to enable the Issuer or the Interest Rate Swap Provider to comply with any requirements which apply to it under UK EMIR or EU EMIR. The Terms and Conditions of the Notes require this to be done irrespective of whether such modifications are (i) materially prejudicial to the interests of the Noteholders of any Class of Notes or any other Secured Creditor or (ii) in respect of a Basic Terms Modification. Neither the Note Trustee nor the Security Trustee shall be obliged to agree to any modification if it would have the effect of exposing the Note Trustee and/or the Security Trustee to any liability against which it has not been indemnified and/or secured and/or pre funded to its satisfaction or increasing the obligations or duties, or decreasing the protections of the Note Trustee and/or the Security Trustee in the Transaction Documents and/or the Terms and Conditions of the Notes.

The written consent of the Interest Rate Swap Provider is required to modify any provision of the Transaction Documents or the Terms and Conditions of the Notes if such modification would (in the reasonable opinion of the Interest Rate Swap Provider, which shall be confirmed in writing to the Note Trustee prior to such modification) have the effect (1) that immediately after such modification, the Interest Rate Swap Provider would be required to pay more or receive less under the Interest Rate Swap Agreement if the Interest Rate Swap Provider were to replace itself under the Interest Rate Swap than it would otherwise have been required to prior to such modification; or (2) of altering the amount, timing or priority of payments or deliveries due from the Issuer to the Interest Rate Swap Provider or from the Interest Rate Swap Provider to the Issuer or (3) of altering the Interest Rate Swap Provider's rights in relation to any security (howsoever described, and including as a result of changing the nature or the scope of, or releasing such security) granted by the Issuer in favour of the Security Trustee. Any failure to obtain such written consent will entitle the Interest Rate Swap Provider to terminate the Interest Rate Swap Agreement.

## **5. Risks Relating to the Characteristics of the Notes**

### ***5.1 Book-Entry Interests***

Unless and until Definitive Notes are issued in exchange for the Book-Entry Interests, holders and beneficial owners of Book-Entry Interests will not be considered the legal owners or holders of the Class A Notes under the Trust Deed. After payment to the Principal Paying Agent, Euroclear or to Clearstream, Luxembourg, the Issuer will not have responsibility or liability for the payment of interest, principal or other amounts in respect of the Class A Notes to Euroclear or to Clearstream, Luxembourg or to the holders or beneficial owners of Book-Entry Interests.

The Class A Notes will be represented by Global Notes delivered to a common safekeeper for Clearstream, Luxembourg and Euroclear, and will not be held by the beneficial owners or their nominees. The Global Notes will not be registered in the names of the beneficial owners or their nominees. As a result, unless and until Class A Notes in definitive form are issued, beneficial owners will not be recognised by the Issuer or the Note Trustee as Noteholders, as that term is used in the Trust Deed. Accordingly, each person owning a Book-Entry Interest must rely on the relevant procedures of Euroclear and Clearstream, Luxembourg and, if such person is not a participant in such entities, on the procedures of the participant through which such person owns its interest, to exercise any right of a Noteholder under the Trust Deed.

Payments of principal and interest on, and other amounts due in respect of, each Global Note will be made by the Principal Paying Agent to the order of the Common Safekeeper for Euroclear and Clearstream, Luxembourg against presentation of such Global Note. Upon receipt of any payment from the Principal Paying Agent, Euroclear and Clearstream, Luxembourg, as applicable, will promptly credit participants' accounts with payment in amounts proportionate to their respective ownership of Book-Entry Interests as shown on their records. The Issuer expects that payments by participants or indirect payments to owners of Book-Entry Interests held through such participants or indirect participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants or indirect participants. None of the Issuer, the Note Trustee, the Security Trustee or any Paying Agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the Book-Entry Interests or for maintaining, supervising or reviewing any records relating to such Book-Entry Interests.

Unlike Noteholders, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by or on behalf of the Issuer for consents or requests by or on behalf of the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg (as the case may be) and, if applicable, their participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Notes, holders of Book-Entry Interests will be restricted to acting through Euroclear and Clearstream, Luxembourg unless and until Definitive Notes are issued in accordance with the relevant provisions described herein under "*Terms and Conditions of the Notes*" below. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Note Trustee, the Security Trustee, any Paying Agent or any of their agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective participants or account holders of their respective obligations under the rules and procedures governing their operations.

Certain transfers of Class A Notes or interests therein may only be effected in accordance with, and subject to, certain transfer restrictions and certification requirements.

### ***5.2 Definitive Notes and denominations in integral multiples***

The Class A Notes have a denomination consisting of a minimum authorised denomination of £100,000 plus higher integral multiples of £1,000. Accordingly, it is possible that the Notes may be traded in amounts in excess of the minimum authorised denomination that are not integral multiples of such denomination. In such a case, if definitive Notes are required to be issued, a Noteholder who holds a principal amount less than the minimum authorised denomination at the relevant time may not receive a definitive Note in respect of such holding and may need to purchase a principal amount of Notes such that their holding amounts to the minimum authorised denomination (or another relevant denomination amount).

If definitive Notes are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum authorised denomination may be illiquid and difficult to trade.

## 6. Counterparty Risks

### 6.1 Issuer Reliance on other Third Parties

The Issuer is also party to contracts with a number of other third parties who have agreed to perform services in relation to the Issuer and/or the Notes. In particular, but without limitation, the Interest Rate Swap Provider has agreed to provide hedging to the Issuer pursuant to the Interest Rate Swap Agreement, the Corporate Services Provider has agreed to provide certain corporate services to the Issuer pursuant to the Corporate Services Agreement, the Account Bank has agreed to provide the Transaction Account to the Issuer pursuant to the Bank Account Agreement, the Swap Collateral Account Bank will provide the Swap Collateral Account to the Issuer pursuant to the Swap Collateral Account Agreement, the Servicer has agreed to service the Portfolio pursuant to the Servicing Agreement, the Cash Manager has agreed to provide cash management services pursuant to the Cash Management Agreement, the Back-Up Cash Manager Facilitator has agreed to assist in appointing a replacement cash manager pursuant to the Cash Management Agreement, the Back-Up Servicer Facilitator has agreed to use reasonable endeavours to identify a suitable replacement back-up servicer pursuant to the Servicing Agreement and the Paying Agents, the Class Z VFN Registrar and the Agent Bank have all agreed to provide services with respect to the Notes pursuant to the Agency Agreement.

In the event that any of the above parties were to fail to perform their obligations under the respective agreements (including any failure arising from circumstances beyond their control, such as a global pandemic) to which they are a party and/or are removed or if such parties resign without sufficiently experienced substitutes or any substitutes being appointed in their place promptly thereafter, collections on the Portfolio and/or payments to Noteholders may be disrupted and Noteholders may be adversely affected. For example, the COVID-19 outbreak has led to many organisations either closing or implementing policies requiring their employees to work at home, which could result in delays or difficulties in performing otherwise routine functions, which could adversely affect operations of such third parties.

In particular:

- (a) only to the extent that, at any time, Aldermore is no longer the Servicer and the Cash Manager, any failure or delay in the delivery of a Servicer Report to the Cash Manager could affect the payment of interest and principal on the Notes (as to which see Condition 5.8 (*Determinations and Reconciliation*)) and Noteholders acquiring or disposing of an interest in the Notes following such delay or failure may be adversely affected by any subsequent reconciliations made under Condition 5.8 (*Determinations and Reconciliation*) in respect of payments of principal and interest made in the Notes on the basis of estimations made in the absence of a Servicer Report; and
- (b) any failure or delay in the appointment of a replacement back-up servicer may adversely affect the receipt of collections on the underlying Loans and their Related Security, which would adversely affect payments on the Notes.

The Interest Rate Swap Provider has agreed to provide hedging to the Issuer and investors should be aware that, further to UK EMIR or EU EMIR, the Issuer is subject to certain regulatory requirements which may result in future amendments by the Issuer to the Transaction Documents (see *Terms and Conditions of the Notes – Modifications and Waiver* and the risk factor entitled "*Meetings of Noteholders, Modification and Waivers*"), in particular where Noteholder consent will not be required for such amendments. The "risk mitigation techniques" include requirements for timely confirmation, portfolio reconciliation, and dispute resolution. As at the Issue Date, the Cash Manager will agree to provide services to the Issuer which are required in order for the Issuer to comply with certain obligations relating to the risk mitigation techniques under UK EMIR or EU EMIR (as applicable) (in each case, as amended or replaced), to the extent that they

may be delegated. In addition, such regulatory requirements may give rise to additional costs and expenses for the Issuer which would be payable prior to making payments on the Notes and, to the extent not adhered to, result in the Issuer being in breach of such regulatory requirements. In the event that any of the above parties were to fail to perform their obligations under the respective agreements to which they are a party (including as a result of insolvency of such parties), payments on the Notes may be adversely affected. Certain portfolio reconciliation and dispute resolution services will continue to be provided by Aldermore to the Issuer notwithstanding the termination of the appointment of Aldermore as Cash Manager or the replacement of Aldermore as Cash Manager. See the section entitled "*Summary of the Key Transaction Documents – Cash Management Agreement*" for further information.

## **6.2 The Servicer**

Aldermore has been appointed by the Issuer as the Servicer to service the Loans. If the Servicer breaches the terms of the Servicing Agreement, then (prior to the delivery of a Note Acceleration Notice and with the prior written consent of the Security Trustee) the Issuer or (after delivery of a Note Acceleration Notice) the Security Trustee will be entitled to terminate the appointment of the Servicer in accordance with the terms of the Servicing Agreement and appoint a replacement servicer.

There can be no assurance that a replacement servicer with sufficient experience of servicing loans would be found who would be willing and able to service the Loans on the terms, or substantially similar terms, of the Servicing Agreement, although such risk is mitigated by the terms of the Servicing Agreement pursuant to which the Back-Up Servicer Facilitator, in certain circumstances, shall use reasonable endeavours to identify on behalf of the Issuer a suitable replacement Servicer. Further, it may be that the terms on which a replacement servicer may be appointed are substantially different from those set out in the Servicing Agreement and the terms may be such that the Noteholders are adversely affected. In addition, as described below, any replacement servicer will be required, *inter alia*, to be authorised under the Financial Services and Markets Act 2000 (the "FSMA") in order to service the Loans. The ability of a replacement servicer to fully perform the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a replacement servicer may affect payments on the Loans and hence the Issuer's ability to make payments when due on the Notes.

You should note that the Servicer has no obligation itself to advance payments to the Issuer that Borrowers fail to make under a Loan.

## **6.3 Certain material interests**

Certain of the Transaction Parties may act in a number of capacities in connection with the transaction described herein. Those Transaction Parties (or any of their respective affiliates) acting in such capacities will have only the duties and responsibilities expressly agreed by each such entity in the relevant capacity and will not, by reason of it or any of its affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided with respect to each such capacity. In no event shall such Transaction Parties or any of their respective affiliates be deemed to have any fiduciary obligations to any person by reason of their respective affiliates acting in any capacity.

The Co-Arrangers and the Joint Lead Managers and their respective affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, Aldermore. Lloyds Bank Corporate Markets plc is acting as a Joint Lead Manager, BNP Paribas is acting as a Co-Arranger and a Joint Lead Manager, Banco Santander, S.A. (trading name Santander Corporate & Investment Banking) is acting as a Co-Arranger and a Joint Lead Manager, Lloyds Bank Corporate Markets plc is acting as the Interest Rate Swap Provider, Barclays Bank PLC is acting as the Collection Account Bank, Citibank N.A., London Branch is acting as the Account Bank, the Swap Collateral Account Bank, the Paying Agent, the Agent Bank and the Common Service Provider and CSC Capital Markets UK Limited will act as

the Back-Up Servicer Facilitator, the Back-Up Cash Manager Facilitator and the Corporate Services Provider. Other parties to the transaction may also perform multiple roles, including Aldermore, who will act as (among other roles) the Servicer and the Cash Manager.

Nothing in the Transaction Documents shall prevent any of the parties to the Transaction Documents from rendering services similar to those provided for in the Transaction Documents to other persons, firms or companies or from carrying on any business similar to or in competition with the business of any of the parties to the Transaction Documents.

Accordingly, conflicts of interest may exist or may arise as a result of parties to this transaction:

- (a) from time to time being a Noteholder or having other interests with respect to the Notes;
- (b) receiving (and not having to account to any person for) fees, brokerage and commission or other benefits in respect of the Notes;
- (c) purchasing and reselling some or all of the Notes in individually negotiated transactions with varying terms;
- (d) having previously engaged or in the future engaging in transactions with other parties to the transaction;
- (e) having multiple roles in this transaction; and/or
- (f) carrying out roles in other transactions for third parties.

There can be no assurance that, in any such circumstances, any such party will act in a way always consistent with the manner in which it would have acted, had such conflict of interest not applied.

#### ***6.4 Change of Counterparties***

The parties to the Transaction Documents who receive and hold monies or provide support to or (in relation to the Interest Rate Swap Provider only) provide hedging for the transaction pursuant to the terms of such documents (such as the Account Bank, the Swap Collateral Account Bank and the Interest Rate Swap Provider) are required to satisfy certain criteria in order that they can continue to be a counterparty to the Issuer.

These criteria include requirements imposed under the FSMA. They also include the short-term and long-term unguaranteed and unsecured ratings ascribed to such party by the Rating Agencies. If the party concerned ceases to satisfy the applicable criteria, including the ratings criteria detailed above, then the rights and obligations of that party (including the right or obligation to receive monies on behalf of the Issuer) may be required to be transferred to another entity which does satisfy the applicable criteria. In these circumstances, the terms agreed with the replacement entity may not be as favourable as those agreed with the original party pursuant to the relevant Transaction Document and the cost to the Issuer may therefore increase. In addition, it may not be possible to find an entity with the ratings prescribed in the relevant Transaction Document who would be willing to act in the role. This may reduce amounts available to the Issuer to make payments of interest on the Notes.

In addition, should the applicable criteria cease to be satisfied, then the parties to the relevant Transaction Document may agree to amend or waive certain of the terms of such document, including the applicable criteria (although this will not apply to mandatory provisions of law), in order to avoid the need for a replacement entity to be appointed. The consent of Noteholders may not be required in relation to such amendments and/or waivers.

## **7. Risks Relating to the Underlying Assets**

### ***7.1 Decline in house prices may adversely affect the performance and market value of the Notes***

The value of the Related Security in respect of the Loans may be affected by, among other things, a decline in the residential property values in the United Kingdom. If the residential property market in the United Kingdom should experience an overall decline in property values, such a decline could in certain circumstances result in the value of the Related Security being significantly reduced and, in the event that the Related Security is required to be enforced, may result in an adverse effect on payments on the Notes.

The Issuer cannot guarantee that the value of a property will remain at the same level as on the date of origination of the related Loan. The strength and performance of the United Kingdom economy typically has a correlated effect on the housing market. The earliest date of origination of the Loans and their Related Security comprised in the Provisional Pool Date Portfolio is 2 June 2016 and since then the performance of both the United Kingdom economy and the residential property market has seen relatively modest growth. Nevertheless, a fall in property prices resulting from a further deterioration in the housing market could result in losses being incurred by lenders where the net recovery proceeds of a sale are insufficient to redeem the outstanding loan. If the value of the Related Security backing the Loans is reduced this may ultimately result in losses to Noteholders if the Related Security is required to be enforced and the resulting proceeds are insufficient to make payments on all Notes.

Should residential property values decline, Borrowers may have insufficient equity to refinance their Loans with lenders other than the Seller and may have insufficient resources to pay amounts in respect of their Loans as and when they fall due. This could lead to higher delinquency rates and losses which in turn may adversely affect payments on the Notes.

### ***7.2 Characteristics of the Portfolio***

The information in the section headed "*Characteristics of the Portfolio*" has been extracted from the systems of the Seller as at the Provisional Pool Date. The Portfolio will be randomly selected from the Provisional Pool Date Portfolio. The Provisional Pool Date Portfolio comprises 3,337 Loans with an aggregate Current Balance of £496,736,938.44. The characteristics of the Portfolio as at the Issue Date will vary from those set out in the tables in this Prospectus as a result of, *inter alia*, repayments and redemptions of loans prior to the Issue Date. Neither the Seller nor the Servicer has provided any assurance that there will be no material change in the characteristics of the Provisional Pool Date Portfolio and the Portfolio, or the characteristics of the Provisional Pool Date Portfolio between the Provisional Pool Date and the Issue Date. To the extent that there were to be any such material change, there can be no assurance that the performance of the Portfolio, as so altered, might not be materially different from that indicated by the information in the section headed "*Characteristics of the Portfolio*", and accordingly that there might not be a material impact on the Issuer's ability to make payments of interest and principal under the Notes.

### ***7.3 Delinquencies or Default by Borrowers in paying amounts due on their Loans***

Borrowers may default on their obligations under the Loans in the Portfolio. Defaults may occur for a variety of reasons. The Loans are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal, such as changes in the national or international economic climate, regional economic (due to local, national and/or global macroeconomic and geopolitical factors such as the war between Russia and Ukraine and the ongoing conflict in the Middle East) or housing conditions, changes in tax laws, interest rates, inflation, cost of living, energy prices, the availability of financing, yields on alternative investments, political developments and government policies natural disasters and widespread health crises or the fear of such crises

(such as coronavirus (including COVID-19), measles, SARS, Ebola, H1N1, Zika, avian influenza, swine flu, or other epidemic diseases).

In addition, the UK economy is experiencing a range of economic effects, partly associated with COVID-19 and the war between Russia and Ukraine and the ongoing conflict in the Middle East, with uneven impacts. Developments such as consumer energy price inflation and disruption to global supply chains alongside elevated global demand for goods and supply shortages of specific goods have led to recent inflationary pressure and rising costs of living. In response to such pressure, the Bank of England's Monetary Policy Committee has increased the Bank Rate several times since December 2021. Further inflationary pressure may result in further interest rate increases over time. Additionally, given the current inflationary and cost-of-living environment, certain Borrowers have found it difficult to maintain their contractual monthly payments and this is expected to continue to be a feature of the portfolio while interest rates remain at heightened levels.

Further inflationary pressure may result in further interest rate increases over time. There is currently some economic uncertainty and concern in relation to potential stagnation or recession. If there were further interest rate increases, this could adversely affect Borrowers' disposable income and ability to pay interest or repay principal on their Mortgages, particularly against a background of price rises for essential goods. If inflationary pressure on prices combines with suppressed wage growth, there is the potential for stagflation. Widespread economic impacts have the potential to create contagion effects. A deflationary environment may negatively affect property values. Rises in a Borrower's cost of debt and cost of living could lead to increased strain on their ability to service the Loans and ultimately lead to losses on the Notes.

Other factors in Borrowers' individual, personal or financial circumstances may affect the ability of Borrowers to repay the Loans. Unemployment, loss of earnings, illness (including any illness arising in connection with an epidemic, pandemic or health crises such as COVID-19), divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies of Borrowers, and could ultimately have an adverse impact on the ability of Borrowers to repay the Loans. In addition, the ability of a Borrower to sell a property given as security for a Loan at a price sufficient to repay the amounts outstanding under that Loan will depend upon a number of factors, including the availability of buyers for that property, the value of that property and property values in general at the time.

In order to enforce a power of sale in respect of a mortgaged property in England and Wales, the relevant mortgagee, or (in Scotland) heritable creditor, must first obtain possession of the relevant property. Possession is usually obtained by way of a court order or decree. This can be a lengthy and costly process and will involve the mortgagee assuming certain risks. In addition, once possession has been obtained, a reasonable period must be allowed for marketing the property, to discharge obligations and to take reasonable care to obtain a proper price. If obtaining possession of properties and arranging a sale in such circumstances is lengthy or costly, the Issuer's ability to make payments on the Notes may be reduced. The Issuer's ability to make such payments may be reduced further if the powers of a mortgagee in relation to obtaining possession of properties permitted by law are restricted in the future (see also the risk factor entitled "*Regulatory Risks – Certain Regulatory Considerations in respect of the Loans*").

#### **7.4 Geographic Concentration Risks**

Loans in the Portfolio may also be subject to geographic concentration risks within certain regions of England, Wales and Scotland.

To the extent that specific geographic regions in England, Wales and Scotland have experienced or may experience in the future weaker regional economic conditions and housing markets than other regions in England, Wales and Scotland, a concentration of the Loans in such a region may be expected to exacerbate

the risks relating to the Loans described in this section. Certain geographic regions in England, Wales and Scotland rely on different types of industries. Any downturn in a local economy or particular industry may adversely affect the regional employment levels and consequently the repayment ability of the Borrowers in that region or the region that relies most heavily on that industry. Any natural disasters in a particular region may reduce the value of affected Properties. In addition, any natural disasters or widespread health crises or the fear of such crises (such as coronavirus (including COVID-19), measles, SARS, Ebola, H1N1, Zika, avian influenza, swine flu, or other epidemic diseases) in a particular region may weaken economic conditions and reduce the value of affected Properties, the ability to sell Properties in a timely manner and/or negatively impact the ability of affected Borrowers to make timely payments on the Loans. This may result in a loss being incurred upon sale of the Property and/or otherwise affect receipts on the Loans.

In Scotland, the Scotland Act 2016 (which came into force on 23 March 2016) devolves, amongst other things, control of income tax to the Scottish Parliament by giving it the power to raise or lower the rate of income tax and thresholds for non-dividend and non-savings income of Scottish residents. Since 6 April 2018, the rates and thresholds for income tax that apply to the non-savings and non-dividend income of Scottish taxpayers have, for the first time, differed from those applied throughout the rest of the UK. At that time, the basic rate of tax was split into three tiers (a starter rate, a basic rate and an intermediate rate). The higher and top rates of tax have also both increased, most recently in April 2023 to 42% and 47% respectively. In addition, since 6 April 2024, a new "advanced rate" band has attracted a rate of 45% and the top rate of tax was increased to 48%. The changes mean that certain taxpayers in Scotland are now paying a higher level of tax than borrowers in the same income bracket in England and Wales. This may affect some borrowers' ability to pay amounts when due on the Scottish Mortgage Loans which, in turn, may adversely affect the ability of the Issuer to make payments under the Notes.

These circumstances could affect receipts on the Loans and ultimately result in losses on the Notes. For an overview of the geographical distribution of the Loans as at the Provisional Pool Date, see "*Characteristics of the Portfolio — Geographical Distribution*".

### **7.5 Insurance Policies**

Although it is a requirement of the Mortgage Conditions that a Borrower insures the relevant Property on and from the date the Mortgage is granted to the Seller, the Seller does not on an ongoing basis verify if buildings insurance has been taken out by a Borrower. As such, the Seller cannot be certain that a Borrower has taken out or maintained buildings insurance or that any such cover would be sufficient to cover any loss and/or that the Seller's interest has been advised to the relevant insurer.

For more information on the policies of the Seller in relation to buildings insurance and Properties where the Seller is aware that adequate insurance is not in place, please see "*The Loans — Insurance Policies*" below.

No assurance can be given that the Issuer will always receive the benefit of any claims made under any applicable insurance contracts. This could adversely affect the Issuer's ability to redeem the Notes.

### **7.6 Searches, Investigations and Warranties in Relation to the Loans**

The Seller will give certain warranties to each of the Issuer and the Security Trustee regarding the Loans and their Related Security sold to the Issuer on the Issue Date and will give similar warranties to each of the Issuer and the Security Trustee regarding any Additional Borrowings or Product Transfers, at the last day of the Monthly Period in which such Additional Borrowing or Product Transfer occurs (see "*Summary of Key Transaction Documents — Mortgage Sale Agreement*" below for a summary of these).

Neither the Note Trustee, the Security Trustee, the Co-Arrangers, the Joint Lead Managers, the Issuer nor any other party has undertaken, or will undertake, any investigations, searches or other actions of any nature whatsoever in respect of any Loan or its Related Security in the Portfolio and each relies instead on the

warranties given in the Mortgage Sale Agreement by the Seller. As such, the Loans may be subject to matters which would have been revealed by a full investigation of title and which may have been remedied, or, if incapable of remedy, may have resulted in the Related Security not being accepted as security for a Loan had such matters been revealed.

The Seller has warranted to the Issuer that no Borrower at the date of origination of a Loan is an employee or director of the Seller. Borrowers are not required to notify the Seller when they change employment. Accordingly, there is a risk that a Borrower may have subsequent to origination or may become subsequent to the Issue Date an employee or director of the Seller.

The primary remedy of the Issuer against the Seller if any of the warranties made by the Seller is materially breached or proves to be materially untrue as at the Issue Date or on the last day of the Monthly Period in which the Additional Borrowing or Product Transfer (as applicable) was made, which breach is not remedied within 30 days after receiving written notice of such breach, is that the Seller shall be required to repurchase the relevant Loan and its Related Security in accordance with the repurchase provisions in the Mortgage Sale Agreement. It should also be noted that any warranties made by the Seller in relation to Additional Borrowings and/or Product Transfers may be amended from time to time and differ from the warranties made by the Seller at the Issue Date without the consent of the Noteholders, provided that the Security Trustee has given its consent to such amendments (and for such purpose, the Security Trustee may, but is not obliged to, have regard to any confirmation from the Rating Agencies that certain actions proposed to be taken by the Issuer and the Security Trustee will not have an adverse effect on the then current rating of the Notes (a "**Ratings Confirmation**") (and, for the avoidance of doubt, the Rating Agencies will not be required to provide such confirmation)). Changes to the warranties may affect the quality of Loans in the Portfolio and accordingly the ability of the Issuer to make payments due on the Notes. Where the Seller is required to repurchase because a Loan Warranty is not true, there can be no assurance that the Seller will have the financial resources to honour its repurchase obligations under the Mortgage Sale Agreement. Either of these circumstances may affect the quality of the Loans and their Related Security in the Portfolio and accordingly the ability of the Issuer to make payments on the Notes.

### **7.7 Interest-only Loans**

Each Loan in the Portfolio may be repayable either on a capital repayment basis or an interest-only basis (see "*The Loans — Repayment Terms*" below). 93.20 per cent. of the Loans by Current Balance in the Portfolio as at the Provisional Pool Date are repayable on a capital repayment basis and 6.80 per cent. of the Loans are repayable on an interest-only basis. Where the Borrower is only required to pay interest during the term of the Loan, with the capital being repaid in a lump sum at the end of the term, the Seller requires that the Borrower has a credible repayment strategy such as an investment policy in place to ensure that funds will be available to repay the capital at the end of the term. The Seller requires a declaration from the Borrower confirming the repayment strategy but does not take security over the repayment vehicle. Where the repayment vehicle is the sale of the Property the Seller also requires that the Borrower has a minimum amount of equity in the relevant Property at the end of the term of the Loan (£225,000 or £350,000 for Properties located in London and the South East) and the maximum LTV is 75 per cent. This practice was implemented in November 2013. Prior to November 2013, no declaration was required from the Borrower although proof of the repayment vehicle was still required, the maximum LTV was 80 per cent. and where the repayment vehicle was the sale of the Property there was no separate minimum level of equity for London and the South East.

In compliance with rules which came into effect on 26 April 2014, Borrowers are reminded at various intervals (ten years, five years, two years, one year and six months) years prior to the end of the term of their Mortgage that their repayment vehicle will be required to repay the mortgage at end of its term and all new applications (for both new loans and Additional Borrowings) will be assessed for affordability purposes as if

such Loan was a Repayment Loan. On-going communications are maintained with Borrowers over the remainder of the period with the frequency, message and approach dependent on the level of Borrower engagement.

Borrowers may not have been making payment in full or on time of the premiums due on any relevant investment or life policy, which may therefore have lapsed and/or no further benefits may be accruing thereunder. In certain cases, the policy may have been surrendered but not necessarily in return for a cash payment and any cash received by the Borrower may not have been applied in paying amounts due under the Loan. Thus the ability of such a Borrower to repay an Interest-only Loan (as defined in "*The Loans — Repayment Terms*" below) at maturity without resorting to the sale of the underlying property depends on such Borrower's ability to ensure that sufficient funds are available from a given source such as pension policies, PEPs, ISA or endowment policies, as well as the financial condition of the Borrower, tax laws and general economic conditions at the time. In recent times, mortgage lenders have maintained stricter conditions to the advancing of interest-only (and other) mortgage loans. If a Borrower cannot repay an Interest-only Loan and Losses occurs, this may affect repayments on the Notes if the resulting Principal Deficiency Ledger entry cannot be cured.

As a result of government focus, borrowers with interest-only mortgage loans have been encouraged to switch to a repayment loan, whereby the principal of the loan is repaid over its term. Should a Borrower elect, subject to the consent of the Seller and the Servicer, to amend the terms of its Loan from an Interest-only Loan to a Repayment Loan, the relevant Loan would remain with the Issuer as part of the Portfolio, which may result in the Issuer and Noteholders receiving redemption payments on the relevant Loan and the relevant Notes respectively, earlier than would otherwise be the case. See further "*Risk Factors – Considerations Relating to Yield, Prepayments, Mandatory Redemption and Optional Redemption*" above.

#### **7.8 Additional Borrowing and Product Transfers**

The Seller or the Servicer (on behalf of the Seller) may offer a Borrower, or a Borrower may request, an Additional Borrowing or a Product Transfer from time to time. Any Loan which has been the subject of an Additional Borrowing or a Product Transfer following an application by the Borrower will remain in the Portfolio. If the Issuer subsequently determines that any Additional Borrowing or Product Transfer does not satisfy the Asset Conditions, as at the last day of the Monthly Period in which the relevant Additional Borrowing or Product Transfer was made (and as determined on the relevant Monthly Test Date), and such default is not remedied in accordance with the Mortgage Sale Agreement, the Seller will be required to repurchase the relevant Loan and its Related Security. There can be no assurance that the Seller will have the financial resources to honour its repurchase obligations under the Mortgage Sale Agreement. An Additional Borrowing in relation to a Loan will result in such Loan being redeemed and a new Loan being created. As such, Loans which are subject to an Additional Borrowing will breach Loan Warranty 3.12 and the Seller will be required to repurchase such Loans. See further "*Summary of the Key Transaction Documents — Mortgage Sale Agreement — Repurchase by the Seller*".

It should be noted that any Loan Warranty made by the Seller in relation to an Additional Borrowing and/or Product Transfer may be amended from time to time and such changes will be notified to the Rating Agencies. The consent of the Noteholders in relation to such amendments will not be obtained if the Security Trustee has given its prior consent to such amendment (and for such purpose, the Security Trustee may, but is not obliged to, have regard to any Ratings Confirmation in respect of those amendments). Where the Seller is required to repurchase because a Loan Warranty is not true, there can be no assurance that the Seller will have the financial resources to honour its repurchase obligations under the Mortgage Sale Agreement. Either of these circumstances may affect the quality of the Loans and their Related Security in the Portfolio and accordingly the ability of the Issuer to make payments on the Notes.

The number of Additional Borrowing and Product Transfer requests received by the Seller and/or the Servicer will affect the timing of principal amounts received by the Issuer and hence payments of principal and (in the event of a shortfall) interest on the Notes.

Further, there may be circumstances in which a Borrower might seek to argue that any Loan, Additional Borrowing or Product Transfer is wholly or partly unenforceable by virtue of non-compliance with the FSMA or the CCA as further discussed below.

If this were to occur, then this could adversely affect the Issuer's ability to make payments due on the Notes or to redeem the Notes.

### **7.9 Break-up of the United Kingdom**

The decision of the UK to withdraw from the EU has also caused increased constitutional tension within the UK. Majorities of voters in both Scotland and Northern Ireland voted to remain in the EU. Leading political figures in both Scotland and Northern Ireland suggested that, as a result of the majority of their voters voting to remain in the EU, they were given a mandate from their voters to seek to remain in the EU and may seek to leave the UK in order to achieve that outcome. On 11 October 2022, a hearing at the Supreme Court was held to hear arguments about whether the Scottish Parliament can set up an independence referendum and has since ruled that the Scottish Parliament does not have the power to hold such a referendum. It is not possible to predict the outcome of this continuing constitutional tension (including any further court rulings) or how a potential departure of Scotland and/or Northern Ireland from the UK in the future would affect Transaction Parties or the ability of the Issuer to make payments of interest and/or principal in respect of the Notes.

In addition, as at the Portfolio Reference Date approximately 20.19 per cent. of the Provisional Portfolio by aggregate Current Balance are Scottish Mortgage Loans. A potential departure of Scotland from the UK could, among other things, impact the fiscal, monetary and regulatory landscape to which the Seller and the Servicer are subject. While the operational consequences of any independence of Scotland from the UK remain uncertain, it could (i) result in changes to the economic climate in Scotland and political and policy developments which could adversely affect the ability of Borrowers to pay amounts when due on the Loans and which, in turn, may adversely affect the ability of the Issuer to make payments of interest and/or principal in respect of the Notes, (ii) have an impact on Scots law, regulation, accounting or administrative practice in Scotland, and/or (iii) result in Scotland not continuing to use Sterling as its base currency, which may result in part of the Portfolio being redenominated and therefore the Notes potentially being subject to currency risk.

In the event of a departure of Scotland from the UK, certain risks and uncertainties associated with such departure could materialise both (i) before any referendum for independence takes place and (ii) in the case of a referendum on independence of Scotland from the UK, after any such referendum but before such independence takes place. Any final negotiated terms of any such independence, as well as the risks and uncertainty created, could have an adverse impact on the business and, more generally, the financial performance of the Seller and/or Servicer.

No assurance can be given that any of these factors would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value or liquidity of the Notes in the secondary market.

## **8. Legal Risks**

### **8.1 Change of Law**

The structure of the transaction and, *inter alia*, the issue of the Notes and the ratings which are to be assigned to the Class A Notes are based on the law and administrative practice in effect as at the date of this Prospectus, and having regard to the expected tax treatment of all relevant entities under such law and

practice. No assurance can be given as to the impact of any possible change to such law (including any change in regulation which may occur without a change in primary legislation, including any changes as a result of FSMA 2023), administrative practice or tax treatment after the date of this Prospectus nor can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Notes. In addition, it should be noted that regulatory requirements (including any applicable retention, due diligence or disclosure obligations) may be recast or amended and there can be no assurance that any such changes will not adversely affect the compliance position of a transaction described in this Prospectus or of any party under any applicable law or regulation.

A change in law or regulatory requirements could affect the compliance position of the transaction as described in this Prospectus or of any party under any applicable law or regulation and/or could affect the ability of the Issuer to make payments under the Notes.

### ***8.2 Seller to Initially Retain Legal Title to the Loans and Risks Relating to Set-off***

The sale by the Seller to the Issuer of the English Mortgage Loans and their Related Security (until legal title is conveyed) takes effect in equity only. This means that legal title to the English Mortgage Loans in the Portfolio and their Related Security will remain with the Seller until certain trigger events occur under the terms of the Mortgage Sale Agreement (see "*Summary of the Key Transaction Documents – Mortgage Sale Agreement*" below). Until such time, the assignment by the Seller to the Issuer of the English Mortgage Loans and their Related Security takes effect in equity only. The Issuer has not and will not apply to the Land Registry to register or record its equitable interest in the English Mortgage Loans and their Related Security.

The sale by the Seller to the Issuer of the Scottish Mortgage Loans and their Related Security is given effect to by a Scots law governed declaration of trust by the Seller for the benefit of the Issuer (a "**Scottish Declaration of Trust**"). The holding of a beneficial interest under a Scottish trust has (broadly) equivalent legal consequences in Scotland to the holding of an equitable interest in England and Wales. In each case, this means that legal title to the Loans and their Related Security will remain with the Seller until certain trigger events occur under the terms of the Mortgage Sale Agreement (see "*Summary of the Key Transaction Documents–Mortgage Sale Agreement*"). Until such time, the assignment by the Seller to the Issuer of the English and Welsh Mortgage Loans and their Related Security takes effect in equity only and the Scottish Mortgage Loans in the Portfolio and their Related Security are accordingly held on trust for the Issuer. The Issuer has not and will not apply to the Land Registry to register or record its equitable interest in the English and Welsh Mortgages and will not apply to the Land Register of Scotland (together with the General Register of Sasines, the "**Registers of Scotland**") to register its beneficial interest in the Scottish Mortgages pursuant to a Scottish Declaration of Trust.

As a consequence of the Issuer not obtaining legal title to the Loans and their Related Security or the Properties secured thereby, a bona fide purchaser from the Seller for value of any of such Loans and their Related Security without notice of any of the interests of the Issuer might obtain a good title free of any such interest. If this occurred, then the Issuer would not have good title to the affected Loan and its Related Security, and it would not be entitled to payments by a Borrower in respect of that Loan. However, the risk of third party claims obtaining priority to the interests of the Issuer in this way would be likely to be limited to circumstances arising from a breach by the Seller of its contractual obligations or from fraud, negligence or mistake on the part of the Seller or the Issuer or their respective personnel or agents.

Further, prior to the insolvency of the Seller, unless (i) notice of the assignment was given to a Borrower who is a debtor of the Seller in respect of an English Mortgage Loan and its Related Security, and (ii) an assignation of a Scottish Mortgage Loan and its Related Security is effected by the Seller to the Issuer and notice thereof is then given to the relevant Borrower who is a debtor of the Seller in respect of the Scottish Mortgage Loan and its Related Security, equitable or independent set-off rights may accrue in favour of the

Borrower against his or her obligation to make payments to the Seller under the relevant Loan. These rights may result in the Issuer receiving reduced payments on the Loans. The transfer of the benefit of any Loans to the Issuer will continue to be subject to any prior rights the Borrower may become entitled to after the transfer. Where notice of the assignment is given to the Borrower, however, some rights of set-off (being those rights that are not connected with or related to the relevant Loan) may not arise after the date notice is given. For the purposes of this Prospectus, references herein to "**set-off**" shall be construed to include analogous rights in Scotland.

Until notice of the assignment is given to Borrowers, the Issuer would not be able to enforce any Borrower's obligations under a Loan or Related Security itself but would have to join the Seller as a party to any legal proceedings. Borrowers will also have the right to redeem their Mortgages by repaying the relevant Loan directly to the Seller. However, the Seller will undertake, pursuant to the Mortgage Sale Agreement, to hold any money repaid to it in respect of relevant Loans to the order of the Issuer.

If any of the risks described above were to occur then the realisable value of the Portfolio or any part thereof may be affected.

Once notice has been given to the Borrowers of the assignment of the Loans and their Related Security to the Issuer, independent set-off rights which a Borrower has against the Seller (such as set-off rights not associated with or connected to the relevant Loan) will crystallise and further rights of independent set-off would cease to accrue from that date and no new rights of independent set-off could be asserted following that notice. Set-off rights arising under "transaction set-off" (which are set-off claims arising out of a transaction connected with the Loan) will not be affected by that notice and will continue to exist.

For so long as the Issuer does not have legal title, the Seller will undertake for the benefit of the Issuer that it will lend its name to, and take such other steps as may reasonably be required by the Issuer in relation to any legal proceedings in respect of the relevant Loans and their Related Security.

Banks, insurance companies and other financial institutions in the UK are subject to the Financial Services Compensation Scheme (the "**FSCS**") which gives customers protection where an authorised firm is unable or is likely to be unable to meet claims against it because of its financial circumstances. Most deposits made by Borrowers with the Seller will be covered by the FSCS – however, in the event the Seller is unable to meet a claim from a Borrower, it should be noted that the FSCS only gives the Borrower protection up to the FSCS limit (as at the date of this Prospectus being £85,000) and as such, set-off rights of such Borrower, despite the giving of notice to the Borrowers of the assignment of the Loans and their Related Security to the Issuer, may apply. In order to mitigate this risk, the Seller will be required pursuant to the terms of the Mortgage Sale Agreement to report any loan that is a High Deposit Loan (being a Loan in respect of which the relevant Borrower has a deposit account with the Seller for an amount in excess of £85,000 (or such other amount as set by the FSCS from time to time) before notice of the transfer of legal ownership of that Borrower's Loan to the Issuer is given) and will be required to repurchase any such High Deposit Loans on or prior to the Monthly Test Date falling at least 30 days following receipt by the Seller of a Loan Repurchase Notice.

“**UK Due Diligence Rules**” means the PRA Due Diligence Rules, the FCA Due Diligence Rules and the OPS Due Diligence Rules.

“**UK Securitisation Framework**” means SECN, the PRA Securitisation Rules, the SR 2024 and the relevant provision of the FSMA.

From 1 November 2024, a new securitisation regulatory framework applies in the UK under the UK Securitisation Framework. The UK Securitisation Framework largely mirrors the EU Securitisation Regulation (with some adjustments) and includes the UK Due Diligence Rules, the FCA Risk Retention Rules, the PRA Risk Retention Rules, the FCA Transparency Rules and the PRA Transparency Rules.

Each potential UK Affected Investor is required to independently assess and determine the sufficiency of the information described above and in the Prospectus generally for the purposes of complying with Article 5 of the PRA Securitisation Rules and any corresponding national measures which may be relevant to investors and none of the Issuer, the Co-Arrangers, the Joint Lead Manager, Aldermore or any of the other Transaction

Parties makes any representation that any such information described above or elsewhere in this Prospectus is sufficient in all circumstances for such purposes.

It is also expected that the UK government, the PRA and the FCA will consult on further changes to the UK securitisation regulatory regime including, but not limited to, a recast of the transparency and reporting requirements. Note that any such further changes will impact on new securitisations closed after the relevant date of application and they may also have potential implications for securitisations in-scope of the UK Securitisation Framework that closed prior to such date, although it is not expected that any such further changes will have retrospective effect. At this stage, the timing and all of the details for the implementation of any such further changes are not yet fully known and the outcome of any new consultations on such reforms will unfold in the course of this year and beyond. Please note that some divergence between EU and UK regimes exists already and any further changes may also introduce new points of divergence and the risk of further divergence between EU and UK regimes cannot be ruled out in the longer term as it is not known at this stage how any future reforms will be finalised and implemented in the UK.

Please refer to the sections entitled "*Regulatory Requirements*" for further information on the UK Securitisation Framework and its implications in relation to this transaction.

#### *EU Securitisation Regulation*

The EU Securitisation Regulation applies in general to securitisations, the securities of which are issued on or after 1 January 2019. The EU Securitisation Regulation includes risk retention and transparency requirements (imposed variously on the issuer, originator, sponsor and/or original lender of a securitisation in the EU) and due diligence requirements imposed on EU Affected Investors in a securitisation. If the due diligence requirements under the EU Securitisation Regulation are not satisfied then, depending on the regulatory requirements applicable to such EU Affected Investor, an additional risk weight, regulatory capital charge and/or other regulatory sanction may be applied to such securitisation investment and/or imposed on the EU Affected Investor.

"**EU Affected Investor**" means each of EU-regulated credit institutions, EU-regulated investment firms, certain alternative investment fund managers which manage and/or market alternative investment funds in the EU, EU regulated insurers or reinsurers, certain investment companies authorized in accordance with Directive 2009/65/EC, managing companies as defined in Directive 2009/65/EC, institutions for occupational retirement provision falling within the scope of Directive (EU) 2016/2341 (subject to certain exceptions), and certain investment managers and authorised entities appointed by such institutions subject thereto.

Potential EU Affected Investors should note that the obligation of Aldermore to comply with the EU Retention Requirements and the EU Reporting Requirements is strictly contractual pursuant to the terms of the Deed of Charge. Pursuant to the Deed of Charge, Aldermore shall undertake to comply with the EU Retention Requirements and the EU Reporting Requirements, in each case, as at the Issue Date and further to use its best endeavours to comply with any amendments to the EU Retention Requirements and/or the EU Reporting Requirements occurring following the Issue Date.

Potential EU Affected Investors should therefore be aware that this may mean, to the extent that there is any divergence between the UK Retention Requirements and/or the UK Transparency Rules and the EU Retention Requirements and/or the EU Reporting Requirements after the Issue Date (and Aldermore is not able to comply with such amendments, notwithstanding its best endeavours to do so), that the EU Reporting Requirements or the EU Retention Requirements will, upon any such divergence coming into effect, no longer be satisfied. Potential EU Affected Investors may therefore no longer be able to satisfy their obligations under Article 5 of the EU Securitisation Regulation and any corresponding national measures.

Investors should be aware that it is expected that in due course the EU Securitisation Regulation regime will be amended as a result of the wider review of the functioning of the EU Securitisation Regulation regime, on which the European Commission published a report on 10 October 2022 (the "**October Report**"). The October Report outlined a number of areas where legislative changes may be introduced. It is expected that this will include amendments to the EU Reporting Requirements, as the October Report includes a mandate to ESMA to review the Article 7 EU Technical Standards. As at the date of this Prospectus, ESMA has commenced an informal consultation on the review of the Article 7 EU Technical Standards, although it is unclear as to what amendments may be made or when any such amendments will take effect.

Each potential EU Affected Investor is required to independently assess and determine the sufficiency of the information described above and in the Prospectus generally for the purposes of complying with Article 5 of the EU Securitisation Regulation and any corresponding national measures which may be relevant to investors and none of the Issuer, the Co-Arrangers, any Joint Lead Managers, Aldermore or any of the other Transaction Parties makes any representation that any such information described above or elsewhere in this Prospectus is sufficient in all circumstances for such purposes.

Please refer to the sections entitled "*Regulatory Requirements*" for further information on the EU Securitisation Regulation and its implications in relation to this transaction.

#### *Simple, Transparent and Standardised (STS) Securitisations*

The UK Securitisation Framework makes provisions for a securitisation transaction to be designated as a simple, transparent and standardised transaction (a "**STS**"). Certain UK investors are restricted from investing in such Notes unless that investor is able to demonstrate that it has undertaken certain due diligence assessments and verified various matters.

Aldermore (in its capacity as originator for the purposes of the UK Securitisation Framework) will procure that a UK STS notification is submitted to the FCA within 15 Business Days of the Issue Date confirming that the requirements of SECN 2 with respect to STS securitisations (the "**UK STS Requirements**") have been satisfied with respect to the Notes (the "**UK STS Notification**"). Such STS compliant securitisations in the UK appear in the list of UK STS Securitisations established and maintained by the FCA in accordance with SECN 2. The UK STS Notification will be available for inspection at the UK SR Repository.

However, no assurance can be given that the Notes will, on the Issue Date, be compliant and thereafter remain compliant, because the UK STS Requirements may change over time. In addition, no assurance can be given on how the FCA will interpret and apply the UK STS Requirements or other related regulations such as Regulation (EU) No. 575/2013 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 ("**UK CRR Regulation**") and Commission Delegated Regulation (EU) 2015/61 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK LCR Regulation**"), and what is or will be required to demonstrate compliance to national regulators remains unclear, any international or national regulatory guidance may be subject to change and, therefore, what is or will be required to demonstrate compliance with the UK STS Requirements to national regulators remains unclear.

With respect to an UK STS Notification, Aldermore intends to obtain a verification of compliance of the Notes with the UK STS Requirements from PCS as a third-party verification agent authorised under SECN 10 (an "**Authorised Verification Agent**") and has used the services of PCS to prepare an assessment of compliance with the Notes with the relevant provisions of Article 243 of the UK CRR ("**UK CRR Assessment**") and Article 13 of the UK LCR Regulation ("**UK LCR Assessment**", together with the UK CRR Assessment and the UK STS Verification, the "**UK STS Assessments**"). It's important to note that the involvement of an Authorised Verification Agent is not mandatory and the responsibility for compliance with

the UK Securitisation Framework remains with the relevant institutional investors, originators, sponsors, funding entities and issuers, as applicable in each case.

The UK STS Assessments will not absolve such entities from making their own assessments with respect to the UK Securitisation Framework, the relevant provisions of Article 243 and Article 270 of the UK CRR and/or Article 7 and Article 13 of the UK LCR Regulation and the UK STS Assessments cannot be relied on to determine compliance with the foregoing regulations in the absence of such assessments by the relevant entities. Furthermore, a UK STS Assessment is not an opinion on the creditworthiness of the Notes nor on the level of risk associated with an investment in the relevant Notes. It is not an indication of the suitability of the Notes for any investor and/or a recommendation to buy, sell or hold the Notes. Institutional investors that are subject to the UK Due Diligence Rules need to make their own independent assessment and may not solely rely on any UK STS Assessment, the UK STS Notification or other disclosed information.

If the UK Due Diligence Rules are not satisfied then, depending on the regulatory requirements applicable to such an UK-regulated investor, an additional risk weight, regulatory capital charge and/or other regulatory sanction may be applied to such securitisation investment and/or the affected investor. There is a risk that the UK STS Requirements set out above may include, but is by no means limited to, a decrease in demand for the Notes in the secondary market, which may lead to a decreased price for the Notes, or decreased liquidity and increased volatility in the secondary market. Therefore, an investor's ability to resell the notes may be limited by market conditions and an investor must be prepared to bear the risk of holding its Notes until maturity.

None of the Co-Arrangers or any of the Joint Lead Managers makes any representation or accepts liability with respect to whether or not the transaction qualifies as a STS securitisation in the UK under the UK Securitisation Framework. For the avoidance of doubt, designation as UK STS securitisation does not meet, as at the date of this Prospectus, the STS requirements of the EU Securitisation Regulation (primarily due to jurisdictional requirements following the UK withdrawal from the EU), and, as such, better or more flexible regulatory treatment under the relevant EU regulatory regimes will not be available. While it is possible that in due course, as part of the wider review of the EU Securitisation Regulation regime, an equivalence regime for non-EU STS securitisations may be introduced in the EU, resulting in the UK STS regime being considered equivalent, no assurances can be made that such equivalence regime will be introduced or that, when introduced, it will benefit the EU regulatory treatment of the Notes. For such reason, no notification will be made to ESMA pursuant to the EU Securitisation Regulation.

#### ***8.4 EU CRA Regulation and UK CRA Regulation***

One or more independent credit rating agencies may assign credit ratings to the Class A Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Class A Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the EU CRA Regulation is not

conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Class A Notes changes for the purposes of the EU CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Class A Notes may have a different regulatory treatment, which may impact the value of the Class A Notes and their liquidity in the secondary market. Certain information with respect to the Rating Agencies and ratings is set out on the cover of this Prospectus.

#### ***8.5 U.S. Risk Retention Requirements***

Section 941 of the Dodd-Frank Act amended the Securities Exchange Act of 1934 to generally require the "securitizer" of a "securitization transaction" to retain at least 5 per cent. of the "credit risk" of "securitized assets", as such terms are defined for the purposes of that statute, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. The U.S. Risk Retention Rules came into effect on 24 December 2016 with respect to all classes of asset-backed securitizations. The U.S. Risk Retention Rules provide that the securitizer of an asset backed securitization is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The Seller, as the sponsor under the U.S. Risk Retention Rules, does not intend to retain at least 5 per cent. of the credit risk of the securitized assets for purposes of compliance with the U.S. Risk Retention Rules, but rather intends to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the "ABS interests" (as defined in Section 2 of the U.S. Risk Retention Rules) are issued) of all classes of ABS interests issued in the securitization transaction are sold or transferred to, or for the account or benefit of, U.S. persons (as defined in the U.S. Risk Retention Rules, "**Risk Retention U.S. Persons**"); (3) neither the sponsor nor the issuer of the securitization transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Portfolio will be comprised of mortgage loans and their related security, all of which are originated by the Seller, being a company incorporated in England.

Prior to any Notes which are offered and sold by the Issuer being purchased by, or for the account or benefit of, any Risk Retention U.S. Person, the purchaser of such Notes must first disclose to the Joint Lead Managers that it is a Risk Retention U.S. Person and obtain the written consent of the Seller in the form of a U.S. Risk Retention Consent. Prospective investors should note that the definition of U.S. person in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of "U.S. person" under

Regulation S, and that persons who are not "U.S. persons" under Regulation S may be U.S. persons under the U.S. Risk Retention Rules. The definition of "U.S. person" in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h)(i), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, "**U.S. person**" (and "**Risk Retention U.S. Person**" as used in this Prospectus) means any of the following:

- (a) any natural person resident in the United States;
- (b) any partnership, corporation, limited liability company, or other organisation or entity organised or incorporated under the laws of any State or of the United States;<sup>1</sup>
- (c) any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) any agency or branch of a foreign entity located in the United States;
- (f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- (g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) any partnership, corporation, limited liability company, or other organisation or entity if:
  - (i) organised or incorporated under the laws of any foreign jurisdiction; and
  - (ii) formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act;<sup>2</sup>

Each holder of a Note or a beneficial interest therein acquired on the Issue Date, by its acquisition of a Note or a beneficial interest in a Note, will be deemed, and, in certain circumstances, will be required to represent to the Issuer, the Seller and the Joint Lead Managers that it (1) either (i) is not a Risk Retention U.S. Person or (ii) it has obtained a U.S. Risk Retention Consent, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

There can be no assurance that the requirement to request the Seller to give its prior written consent to any Notes which are offered and sold by the Issuer being purchased by, or for the account or benefit of, any Risk Retention U.S. Person will be complied with or will be made by such Risk Retention U.S. Persons.

---

<sup>1</sup> The comparable provision from Regulation S is "(ii) any partnership or corporation organised or incorporated under the laws of the United States".

<sup>2</sup> The comparable provision from Regulation S is "(vii)(B) formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in 17 CFR 230.501(a)) who are not natural persons, estates or trusts".

There can be no assurance that the exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. No assurance can be given as to whether a failure by the Seller to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) may give rise to regulatory action which may adversely affect the Notes or the market value of the Notes. Furthermore, the impact of the U.S. Risk Retention Rules on the securitization market generally is uncertain, and a failure by the Seller to comply with the U.S. Risk Retention Rules could therefore negatively affect the market value and secondary market liquidity of the Notes.

None of the Joint Lead Managers or any of their affiliates makes any representation to any prospective investor or purchaser of the Notes as to whether the transactions described in this Prospectus comply as a matter of fact with the U.S. Risk Retention Rules on the Issue Date or at any time in the future. Investors should consult their own advisors as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

#### **8.6 English law security and insolvency considerations**

The Issuer will enter into the Deed of Charge pursuant to which it will grant the Security in respect of certain of its obligations, including its obligations under the Notes (as to which, see "*Summary of Key Transaction Documents — Deed of Charge*"). If certain insolvency proceedings are commenced in respect of the Issuer, the ability to realise the Security may be delayed and/or the value of the Security impaired.

In particular, the ability to realise the security granted by the Issuer may be delayed if an administrator is appointed or in the context of a company voluntary arrangement in respect of the Issuer. In this regard, it should be noted that:

- (a) in general, an administrator may not be appointed in respect of a company if an administrative receiver is in office. Amendments were made to the Insolvency Act 1986 in September 2003 which restrict the right of the holder of a floating charge to appoint an administrative receiver, unless an exception applies. Significantly, one of the exceptions allows for the appointment of an administrative receiver in relation to certain transactions in the capital market. While it is anticipated that the requirements of this exception will be met in respect of the Deed of Charge, it should be noted that the Secretary of State for Business, Innovation & Skills may by regulation modify the capital market exception and/or provide that the exception shall cease to have effect; and
- (b) under the Insolvency Act 1986 (as amended by the Corporate Insolvency and Governance Act 2020), certain "small" companies (which are defined by reference to certain financial and other tests) are entitled to seek protection from their creditors for a limited period for the purposes of putting together a company voluntary arrangement (see also "*Corporate Insolvency and Governance Act*" below). The position as to whether or not a company is a small company may change from time to time and consequently no assurance can be given that the Issuer will not, at any given time, be determined to be a small company. However, certain companies are excluded from the optional moratorium provisions, including a company which is party to certain transactions in the capital market and/or which has a liability in excess of a certain amount. While the Issuer should fall within the current exceptions, it should be noted that the Secretary of State for Business, Innovation & Skills may by regulation modify these exceptions.

In addition, it should be noted that, to the extent that the assets of the Issuer are subject only to a floating charge (including any fixed charge recharacterised by the courts as a floating charge), in certain circumstances under the provisions of section 176A of the Insolvency Act 1986, certain floating charge realisations which would otherwise be available to satisfy the claims of Secured Creditors under the Deed of Charge may be used to satisfy any claims of unsecured creditors. While certain of the covenants given by the Issuer in the

Transaction Documents are intended to ensure it has no significant creditors other than the Secured Creditors under the Deed of Charge, it will be a matter of fact as to whether the Issuer has any other such creditors at any time. There can be no assurance that the Noteholders will not be adversely affected by any such reduction in floating charge realisations upon the enforcement of the Security.

While the transaction structure is designed to minimise the likelihood of the Issuer becoming insolvent, there can be no assurance that the Issuer will not become insolvent and/or the subject of insolvency proceedings and/or that the Noteholders would not be adversely affected by the application of insolvency laws (including English and, if applicable, Scottish insolvency laws or the laws affecting the rights of creditors generally).

#### ***8.7 Fixed charges may take effect under English law as floating charges***

Pursuant to the terms of the Deed of Charge, the Issuer has purported to grant fixed charges in favour of the Security Trustee over, amongst other things, its interests in the Mortgages and their respective Related Security, the Issuer's interest in its bank accounts maintained with the Account Bank and the Issuer's interest in all Authorised Investments purchased from time to time.

The law in England and Wales relating to the characterisation of fixed charges is unsettled. There is a risk that a court could determine that the fixed charges purported to be granted by the Issuer take effect under English law as floating charges only, if, for example, it is determined that the Security Trustee does not exert sufficient control over the charged property for the security to be said to constitute fixed charges. If the charges take effect as floating charges instead of fixed charges (although it should be noted that there is no equivalent concept of recharacterisation of fixed security as floating charges under Scots law), then, as a matter of law, certain claims would have priority over the claims of the Security Trustee in respect of the floating charge assets. Monies paid into accounts or derived from those assets could be diverted to pay preferential creditors and certain other liabilities were a receiver, liquidator or administrator to be appointed in respect of the relevant company in whose name the account is held.

#### ***8.8 Liquidation expenses***

On 6 April 2008, a provision in the Insolvency Act 1986 came into force which effectively reversed by statute the House of Lords' decision in the case of *Leyland Daf* in 2004. Accordingly, it is now the case that the costs and expenses of a liquidation (including certain tax charges) will be payable out of floating charge assets in priority to the claims of the floating charge-holder. In respect of certain litigation expenses of the liquidator only, this is subject to approval of the amount of such expenses by the floating charge-holder (or, in certain circumstances, the court) pursuant to provisions set out in the Insolvency (England and Wales) Rules 2016 (as amended).

As a result of the changes described above, upon the enforcement of the floating charge security granted by the Issuer, floating charge realisations which would otherwise be available to satisfy the claims of the Secured Creditors under the Deed of Charge may be reduced by at least a significant proportion of any liquidation or administration expenses. There can be no assurance that the Noteholders will not be adversely affected by such a reduction in floating charge realisations.

#### ***8.9 Insolvency proceedings and subordination provisions***

There is uncertainty as to the validity and/or enforceability of a provision which, based on contractual (such as the contractual Priority of Payments as contemplated in this transaction) and/or trust principles, subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, recent cases have focused on provisions involving the subordination of a swap counterparty's payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such counterparty (so-called "flip clauses"). Such provisions are similar in effect to the terms included in the

Transaction Documents relating to the subordination of Interest Rate Swap Excluded Termination Amounts payable in respect of the Interest Rate Swap Agreement (or any replacement interest rate swap agreement).

The Supreme Court of the United Kingdom has held that a flip clause as described above is valid under English law. In parallel proceedings in New York, Judge Peck of the U.S. Bankruptcy Court for the Southern District of New York granted Lehman Brothers Special Finance Inc.'s ("**LBSF**") motion for summary judgement on the basis that the flip clause provisions in that case represented unenforceable ipso facto clauses under the U.S. Bankruptcy Code and did not benefit from "safe harbor" protections granted under the U.S. Bankruptcy Code to "swap agreements". Judge Peck acknowledged that this resulted in the U.S. courts coming to a decision "directly at odds with the judgement of the English Courts". Whilst leave to appeal was granted, the case was settled before an appeal was heard. In separate proceedings before Judge Chapman of the U.S. Bankruptcy Court for the Southern District of New York commencing in September 2010, LBSF challenged the enforceability of flip clause provisions and sought a declaratory judgement that such provisions were unenforceable ipso facto clauses and that distributions made pursuant thereto violated the automatic stay requirement in U.S. bankruptcy proceedings. On 28 July 2016 Judge Chapman gave judgement in which she found certain flip clause provisions not to be unenforceable ipso facto clauses. Moreover, she found that a flip clause provision in the case was nonetheless protected by the "safe harbor" provisions referred to above. Furthermore, on 11 August 2020, the U.S. Court of Appeals for the Second Circuit affirmed lower court decisions rejecting LBSF's attempt to recover nearly \$1 billion in payments to noteholders and enforcing certain priorities of payments that subordinated payments otherwise payable to LBSF under related swap transactions. The court expressly rejected Judge Peck's reading of the "safe harbor" protections in its decision and found that the flip clause provisions at issue in that case were enforceable and did benefit from the "safe harbor" provisions. However, given that U.S. bankruptcy courts are not required to follow prior decisions of their own court and U.S. Bankruptcy Courts outside of the Second Circuit are not bound by decisions of the Second Circuit, concerns still remain that the U.S. courts will diverge in their approach which, in the case of an unfavourable decision in New York, may adversely affect the Issuer's ability to make payments on the Notes.

In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, there can be no assurance that such actions would not adversely affect the rights of the Class A Noteholders, the market value of the Class A Notes and/or the ability of the Issuer to satisfy its obligations under the Class A Notes.

Lastly, given the general relevance of the issues under discussion in the judgments referred to above and that the Transaction Documents include terms providing for the subordination of the Interest Rate Swap Excluded Termination Amounts, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English courts) may result in negative rating pressure in respect of the Class A Notes. If any rating assigned to the Class A Notes is lowered, the market value of the Class A Notes may reduce.

#### ***8.10 Corporate Insolvency and Governance Act***

The Corporate Insolvency and Governance Act ("**CIGA**") came into force on 26 June 2020. The CIGA introduces significant new corporate restructuring tools to the UK insolvency regime. The principal elements of the CIGA are a moratorium on certain actions taken against eligible companies, a prohibition on termination of certain contracts triggered by certain insolvency-related events of an eligible company (the "ipso facto termination provisions") and a new compromise procedure allows for a 75 per cent. majority of creditors or members in each class to bind others in the same class even if they do not vote in favour. It is also possible for one class of creditors to bind all others, including secured creditors (a "cross-class cram down").

In addition, the "small companies" moratorium which was introduced by the Insolvency Act 2000 is repealed by the CIGA and a new moratorium process is introduced instead.

The Issuer is not expected to be an eligible company for the purposes of either the moratorium provisions or of the ipso facto termination provisions of the CIGA, as the Issuer is expected to be a securitisation company within the meaning of the Taxation of Securitisation Companies Regulations 2006. The Issuer is further not expected to be an eligible company for the purposes of the moratorium provisions, and the Transaction Documents are not expected to be subject to the ipso facto termination provisions, because the Transaction is expected to constitute a "capital market arrangement" and the Notes a "capital market investment" (each as defined under paragraphs 13 and 14 of new schedule ZA1 to the Insolvency Act introduced by CIGA). That said, if for any reason the Issuer is an eligible company for the purposes of the moratorium or the ipso facto termination provisions, application of these provisions could result in a material adverse effect on the ability of Noteholders to accelerate their debts and enforce the security granted under the Deed of Charge in a timely manner, which in turn may result in material losses being incurred by Noteholders.

Further, although the Issuer is theoretically within the scope of the new cross-class cram down provisions, given the fact that it is established as an insolvency remote vehicle, with limited third party creditors and where its Secured Creditors have entered into non-petition covenants and limited recourse provisions it is unlikely to fulfil the prerequisites for the cross-class cram down to apply in practice. If, however, the cross-class cram down provisions were to be used in respect of the Issuer, it would be possible under some circumstances for 75 per cent. by value of the creditors in one class to approve a compromise and thereby "cram down" dissenting classes of creditors, which, if approved by the court, may result in material losses being incurred by Noteholders.

## **9. Regulatory Risks**

### ***9.1 Certain Regulatory Considerations in respect of the Loans***

The Loans, the Notes and the Transaction Documents are subject to a wide ranging legal regimes within the UK and in particular loans secured by residential property are subject to significant consumer regulation.

Certain of these legal matters are described in "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes*" and with respect to such matters, investors should note that:

- (a) as a result, the rules in relation to MCOB, as described in "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – Mortgage regulation under FSMA*" and "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – Mortgage and Home Finance: Conduct of Business Sourcebook (MCOB)*", may operate in certain circumstances to require Aldermore to take certain forbearance-related actions which are not set out in the Transaction Documents (and, in particular, the asset servicing arrangements contemplated by such Transaction Documents) in respect of one or more Loans and the Transaction Documents will provide that Aldermore will incur no liability as a result thereof, where it has acted as a Reasonable, Prudent Mortgage Lender. No assurance can be made that any such actions will not impact adversely on the Issuer's ability to make payments on the Notes, although the impact of this will depend on the number of Loans which involve a Borrower who experiences payment difficulties;
- (b) furthermore, contravention of the MCOB rules and FSMA by an authorised person, may entitle a Borrower to damages and in certain circumstances entitle the Borrower to set-off the amount relating to such damages against the amount owed by the Borrower to the Seller (see "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – Mortgage regulation under FSMA*" and "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – Mortgage and Home*");

*Finance: Conduct of Business Sourcebook (MCOB)*") which may adversely affect the Issuer's ability to make payments on the Notes;

- (c) due to the nature of enforcing loans secured by residential properties, as described in "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – Mortgage Repossession*" –, delays could be encountered in connection with enforcement of the Mortgages (including, as a result of the implementation of the Breathing Space Regulations (see further "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – Mortgage Repossession*")) and recovery of the Loans with corresponding delays in the receipt of related proceeds by the Issuer;
- (d) whilst the FCA has powers to enforce the CRA, it would be for a court to determine their proper interpretation. The extremely broad and general wording of the CRA makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a term would be held by a court to be unfair. It is therefore possible that any Loans which have been made or may be made to Borrowers covered by the CRA may contain unfair terms which may result in the possible unenforceability of the terms of the Loans. If any term of the Loans is found to be unfair for the purpose of the CRA, this may adversely affect the ability of the Issuer to make payments to Noteholders on the Notes (see "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – Unfair Terms in Consumer Contracts Regulations and the CRA*");
- (e) if a significant portion of the Loans are characterised as being cancellable under Financial Services (Distance Marketing) Regulations 2004, as discussed in "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – Distance Marketing*", then there could be an adverse effect on the Issuer's receipts in respect of those amounts, affecting the Issuer's ability to make payments in full on the Notes when due; and
- (f) the FCA published its final rules on the Consumer Duty in July 2022, which provide that the Consumer Duty will apply from 31 July 2023 for products and services that remain open to sale or renewal and from 31 July 2024 for closed products and services. (see "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – FCA Consumer Duty*").

The structure of the transaction and, *inter alia*, the issue of the Notes, and the ratings which are to be assigned to the Notes are based on the relevant law, tax, accounting, risk retention requirements, regulatory and administrative requirements and practice, in effect as at the date of this Prospectus and having due regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to the impact of any possible change to the relevant law, tax, regulatory, risk retention requirements, accounting (and any change in regulation which may occur without a change in primary legislation), administrative practice or tax treatment after the date of this Prospectus nor can any assurance be given as to whether any such change would either adversely affect the ability of the Issuer to make payments under the Notes and/or adversely affect any holder of the Notes.

In particular:

- (a) any further changes to MCOB arising from the FCA's review of the implementation of its mortgage market review, or to MCOB or the FSMA arising from (i) HM Treasury's proposals to change mortgage regulation or changes in the regulatory framework, or (ii) any future review carried out by the FCA, may adversely affect the Portfolio, the Seller, the Issuer and/or the Servicer and their respective businesses and operations. While Aldermore has not experienced any material effect following the implementation of the Mortgage Credit Directive Order 2015 (the "**MCD Order**") and related changes to MCOB, there can be no assurance that such legislation and regulation may not give rise to as yet unforeseen impacts on Aldermore's business or on the performance of the Loans. Any

further changes to MCOB or changes in the regulatory framework, may adversely affect the Loans, the Seller and/or the Mortgage Administrator and their respective businesses and operations (see "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – FCA Mortgage Market Review*"); and

- (b) the law and regulation regarding the Consumer Duty and the CRA is rapidly developing and new regulator guidance, as a result of this legislation, has been evolving and therefore no assurance can be given that any changes in legislation, guidance or case law on unfair terms will not have a material adverse effect on the Seller, the Issuer and their respective businesses and operations (see "*Certain Legal and Regulatory Matters Affecting the Loans and the Notes – Unfair Terms in Consumer Contracts Regulations and the CRA*").

There can be no assurance that any such changes (including changes in regulators' responsibilities) will not affect the Loans.

### ***9.2 Potential effects of any additional regulatory changes***

No assurance can be given that additional regulatory changes by or guidance from the CMA, the FCA, the FOS (as applicable) or any other regulatory authority will not arise with regard to the mortgage market in the United Kingdom generally, the Seller's particular sector in that market or specifically in relation to the Seller. Any such action or developments or compliance costs may have a material adverse effect on the Loans, the Seller, the Issuer, the Servicer and their respective businesses and operations. This may adversely affect the Issuer's ability to make payments in full on the Notes when due.

### ***9.3 Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes***

Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes and/or decrease liquidity in respect of the Notes. In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Accordingly, investors should seek their own professional advice in relation to the risks involved in holding the Notes.

No assurance can be given that action and rules and regulations, additional to those discussed above, from any regulatory authority will not be implemented with regard to the mortgage market in the United Kingdom generally, the particular sector in that market in which Aldermore operates or specifically in relation to Aldermore. Any such action or developments, in particular, but not limited to, the cost of compliance, may have a material adverse effect on the Loans, Aldermore and the Issuer and their respective businesses and operations. This may adversely affect the Issuer's ability to make payments to the Noteholders.

### ***9.4 General Regulatory Considerations***

No assurance can be given that changes will not be made to the regulatory regime and developments described above in respect of the mortgage market in the United Kingdom generally, the Seller's particular sector in that market or specifically in relation to the Seller. Any such action or developments, in particular, but not limited to, the cost of compliance, may have a material adverse effect on the Seller, the Issuer, the Servicer and their respective businesses and operations. This may adversely affect the Issuer's ability to make payments in full on the Notes when due. Similarly, no assurance can be given relating to any actual or potential non-compliance with the regulatory regime affecting such markets or the markets in which the Seller and/or its affiliates operate (and the impact of any such non-compliance on the reputation of the Seller and/or its affiliates in the relevant market).

### ***9.5 UK taxation treatment of the Issuer***

The Issuer has been advised that it should fall within the permanent regime for the taxation of securitisation companies (as set out in the Taxation of Securitisation Companies Regulations 2006 (as amended) (SI 2006/3296) (the "**Securitisation Tax Regulations**")), and as such should be taxed only on the amount of its "retained profit" (as that term is defined in the Securitisation Tax Regulations), for so long as it satisfies the conditions of the Securitisation Tax Regulations. However, if the Issuer does not satisfy the conditions to be taxed in accordance with the Securitisation Tax Regulations (or subsequently ceases to satisfy those conditions) then the Issuer may be subject to tax liabilities not contemplated in the cashflows for the transaction described in this Prospectus. Any such tax liabilities may reduce amounts available to the Issuer to meet its obligations under the Notes and may result in investors receiving less interest and/or principal than expected.

### ***9.6 Withholding tax under the Notes***

Provided that the Class A Notes are and continue to be "listed on a recognised stock exchange" (within the meaning of section 1005 of the Income Tax Act 2007), as at the date of this Prospectus no withholding or deduction for or on account of United Kingdom income tax will be required on payments of interest on the Class A Notes. However, there can be no assurance that the law in this area will not change during the life of the Class A Notes.

In the event that any withholding or deduction for or on account of any tax is imposed on payments in respect of the Notes, neither the Issuer nor any other person is obliged to gross up or otherwise compensate the Noteholders for such withholding or deduction. However, in such circumstances, the Issuer will, in accordance with Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*) of the Notes, use reasonable endeavours to prevent such an imposition in relation to the Class A Notes.

The applicability of any withholding or deduction for or on account of United Kingdom tax on payments of interest on the Notes is discussed further under "*United Kingdom Taxation*" below.

## **CERTAIN LEGAL AND REGULATORY MATTERS AFFECTING THE LOANS AND THE NOTES**

The following is an outline of certain aspects of law, regulation and practice in force at the date hereof which are applicable to the Loans and the Notes. It does not purport to be a complete summary of currently applicable law, regulation or practice, and should not therefore be treated as a substitute for professional advice. Prospective Noteholders who are in any doubt as to any matter described in this Prospectus should consult their own professional advisors.

### ***Mortgage regulation under FSMA***

In the United Kingdom, regulation of residential mortgage business under the Financial Services and Markets Act 2000 ("**FSMA**") came into force on 31 October 2004 (the date known as the "**Regulation Effective Date**"). Residential mortgage lending under the FSMA is regulated by the Financial Conduct Authority (the "**FCA**") (and, prior to 1 April 2013, was regulated by its predecessor the Financial Services Authority (the "**FSA**")). Subject to certain exemptions, entering into a "**Regulated Mortgage Contract**" (as defined in Article 61(3)(a) of the FSMA (Regulated Activities) Order 2001 (as amended)) as a lender, arranging Regulated Mortgage Contracts and advising in respect of or administering Regulated Mortgage Contracts (or agreeing to do any of these things) are each regulated activities under the FSMA and the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (SI 2001/544) (as amended) (the "**RAO**") requiring authorisation and permission from the FCA.

There have been incremental changes to the definition of Regulated Mortgage Contract over time, including the removal of the requirement for the security to be first ranking.

The current definition of a Regulated Mortgage Contract is such that if a mortgage contract was entered into on or after 21 March 2016, the contract will be a Regulated Mortgage Contract if, at the time it is entered into, the following conditions are met: (a) the borrower is an individual or trustee; (b) the contract provides for the obligation of the borrower to repay to be secured by a mortgage on land; (c) at least 40 per cent. of that land is used, or is intended to be used: (i) in the case of credit provided to an individual, as or in connection with a dwelling; or (ii) in the case of credit provided to a trustee which is not an individual as or in connection with a dwelling by an individual who is a beneficiary of the trust, or by a related person. In relation to a contract entered into before 23:00 on 31 December 2020, 'land' means land in the United Kingdom or within the territory of an EEA State and in relation to a contract entered into on or after 23:00 on 31 December 2020, 'land' means land in the United Kingdom. A related person is: (1) that person's spouse or civil partner; (2) a person (whether or not of the opposite sex) whose relationship with that person has the characteristics of the relationship between husband and wife; or (3) that person's parent, brother, sister, child, grandparent or grandchild.

On and from the Regulation Effective Date, subject to any exemption, persons carrying on any specified regulated mortgage-related activities by way of business must be authorised under the FSMA. The specified activities currently are: (a) entering into a Regulated Mortgage Contract as lender; (b) administering a Regulated Mortgage Contract ("**administering**" in this context broadly means notifying borrowers of changes in mortgage payments and/or collecting payments due under the mortgage loan); (c) advising in respect of Regulated Mortgage Contracts; and (d) arranging Regulated Mortgage Contracts. Agreeing to carry on any of these activities is also a regulated activity. If requirements as to the authorisation of lenders and brokers are not complied with, a Regulated Mortgage Contract will be unenforceable against the borrower except with the approval of a court and the unauthorised person may commit a criminal offence. An unauthorised person who carries on the regulated mortgage activity of administering a Regulated Mortgage Contract that has been validly entered into may commit an offence, although this will not render the contract unenforceable against

the borrower. The regime under the FSMA regulating financial promotions covers the content and manner of the promotion of agreements relating to qualifying credit and by whom such promotions can be issued or approved. In this respect, the FSMA regime not only covers financial promotions of Regulated Mortgage Contracts but also promotions of certain other types of secured credit agreements under which the lender is a person (such as an originator) who carries on the regulated activity of entering into a Regulated Mortgage Contract. Failure to comply with the financial promotion regime (as regards who can issue or approve financial promotions) is a criminal offence and will render the Regulated Mortgage Contract or other secured credit agreement in question unenforceable against the borrower except with the approval of a court.

The Servicer holds authorisation and permission to enter into and to administer Regulated Mortgage Contracts. Subject to certain exemptions, brokers will be required to hold authorisation and permission to arrange and, where applicable, to advise in respect of Regulated Mortgage Contracts. The Issuer is not, and does not propose to be, an authorised person under the FSMA. Under article 62 of the RAO, the Issuer does not require authorisation in order to acquire legal or beneficial title to a Regulated Mortgage Contract. The Issuer does not carry on the regulated activity of administering Regulated Mortgage Contracts by having them administered pursuant to a servicing agreement by an entity having the required authorisation and permission under the FSMA to perform that administration. If such a servicing agreement terminates, the Issuer will have a period of not more than one month in which to arrange for mortgage administration to be carried out by a replacement servicer having the required FSMA authorisation and permission to do so.

The Issuer will only hold beneficial title to the Loans and their Related Security. In the event that legal title is transferred to the Issuer upon the occurrence of a Perfection Event, the Issuer will have arranged for a servicer to administer these Loans and is not expected to enter into any new Regulated Mortgage Contracts as lender under article 61(1) of the RAO. However, in the event that a mortgage is varied, such that a new contract is entered into, and that contract constitutes a Regulated Mortgage Contract, then the arrangement of, advice on, administration of and entering into of such variation would need to be carried out by an appropriately authorised entity.

Further, in the event that a mortgage is varied, such that a new contract is entered into, and that contract constitutes a Regulated Mortgage Contract, then the arrangement of, advice on, administration of and entering into of such variation would need to be carried out by an appropriately authorised entity. In addition, after the MCD Order entered into force no variation has been or will be made to the Loans and no Additional Borrowing or Product Transfer has been or will be made in relation to a Loan, where it would result in the Issuer arranging or advising in respect of, administering or entering into a Regulated Mortgage Contract or agreeing to carry on any of these activities, if the Issuer would be required to be authorised under the FSMA to do so.

If the lender or any broker did not hold the required authorisation at the relevant time, the Regulated Mortgage Contract is unenforceable against the borrower except with the approval of a court. An unauthorised person who administers a Regulated Mortgage Contract may commit a criminal offence, but this will not render the contract unenforceable against the borrower.

Changes to UK mortgage regulation, may affect the Portfolio, the Seller, the Issuer and/or the Servicer and their respective businesses and operations.

### ***Mortgage and Home Finance: Conduct of Business Sourcebook (MCOB)***

The FCA's Mortgages and Home Finance: Conduct of Business sourcebook ("MCOB"), which sets out the FCA's rules for regulated mortgage activities, came into force on 31 October 2004. These rules cover, among other things, certain pre-origination matters such as financial promotion and pre-application illustrations, pre-contract and start-of-contract and post-contract disclosure, contract changes, charges and arrears and repossessions. Further rules for prudential and authorisation requirements for mortgage firms, and for extending the appointed representatives regime to mortgages, came into force on 31 October 2004.

A borrower who is a private person may be entitled to claim damages for loss suffered as a result of any contravention by an authorised person of the FCA MCOB rules, and may set off the amount of the claim against the amount owing by the borrower under the loan or any other loan that the borrower has taken with the lender.

Where MCOB applies to the Loans generally as a Regulated Mortgage Contract, additional rules apply to a new Regulated Mortgage Contract entered into on or after 26 April 2014 or where the principal amount outstanding is increased (e.g. by way of further advance) on or after that date. The changes under the expanded rules focus on responsible lending and require a more thorough verification of borrowers' income; application of interest rate stress-tests; and enhanced underwriting assessments and assessments of customer affordability based on expected retirement age. Significant changes were also made to mortgage distribution and advice requirements.

For more information as to the risks specific to the Issuer and/or holding of the Notes arising from the expansion of MCOB please see "*Risk Factors – Regulatory Risks – Certain Regulatory considerations in respect of the Loans*".

### ***Mortgage Prisoners***

The FCA are aware that there are some borrowers who cannot switch to a more affordable mortgage product despite not being delinquent or in arrear with their mortgage payments. This category includes borrowers who cannot switch mortgage product because of changes to lending practices during and after the 2008 financial crisis and subsequent regulation that tightened lending standards – often called 'mortgage prisoners'.

Under Policy Statement 'PS 19/27 Changes to Mortgage Responsible Lending Rules and Guidance' which came into effect on 28 October 2019, the FCA have amended their responsible lending rules and guidance to help remove potential barriers to borrowers switching to a more affordable mortgage and to reduce the time and costs of switching for all relevant borrowers. The changes will mean that mortgage lenders can choose to carry out a modified affordability assessment where a consumer has a current mortgage, is up-to-date with their mortgage payments (and has been for the last 12 months), does not want to borrow more, other than to finance any relevant product, arrangement or intermediary fee for that mortgage and is looking to switch to a new mortgage deal on their current property.

In April 2021, Parliament rejected proposed amendments to the Financial Services Bill which would, amongst other things, have introduced a cap on the standard variable rate that could be charged to mortgage prisoners on regulated mortgage contracts with inactive lenders or unregulated entities (at 2 per cent. per annum above Bank of England Base Rate). During the Parliamentary debate, the Government stated that it would work with the FCA to review mortgage prisoner data and, amongst other things, the effect that its modified affordability assessment rules and other interventions designed to remove regulatory barriers to switching for mortgage prisoners have had on borrowers.

On 29 November 2021, the FCA published a Mortgage Prisoner Review, in which it estimated 47,000 mortgage prisoners and reiterated its willingness to take action and address harms it identifies.

On 11 March 2024, a Private Members' Bill was introduced to Parliament to make provision for borrowers to switch to a new mortgage arrangement. This bill was due for a second reading in Parliament on 14 June 2024, however, in view of the UK general election to be held on 4 July 2024, the dissolution of Parliament took place on Thursday 30 May 2024. All business in the House of Commons and House of Lords has come to an end.

HM Treasury has stated that it remains committed to looking for practical new solutions for borrowers who are struggling in the context of mortgage imprisonment. It is, therefore, possible that there may be further relevant legislative and regulatory changes in the future.

For more information as to the risks specific to the Issuer and/or holding of the Notes arising from FCA mortgage market review please see "*Risk Factors – Regulatory Risks – Certain Regulatory considerations in respect of the Loans*".

### ***FCA Consumer Duty***

The FCA has published final rules on the introduction of a new consumer duty on regulated firms (the "**Consumer Duty**"), which aims to set a higher level of consumer protection in retail financial markets. The FCA published its final rules on the Consumer Duty in July 2022, which provide that the Consumer Duty will apply from 31 July 2023 for products and services that remain open to sale or renewal and from 31 July 2024 for closed products and services.

The Consumer Duty will apply to the regulated activities and ancillary activities of all firms authorised under the FSMA.

There are three main elements to the new Consumer Duty, comprising a new consumer principle, that "a firm must act to deliver good outcomes for the retail consumers of its products", cross-cutting rules supporting the consumer principle, and four outcomes, relating to the quality of firms' products and services, price and value, consumer understanding and consumer support.

The Consumer Duty applies not only at origination of a product but throughout its subsistence (so in the case of a mortgage loan, throughout the period the mortgage loan is outstanding). The cross-cutting rules include an obligation to avoid causing foreseeable harm to the consumer and the outcomes include an obligation to ensure that the product (for example, a mortgage loan) provides fair value to the retail customer. These obligations (as with the remainder of the Consumer Duty) must be assessed on a regular basis throughout the life of the product.

The Consumer Duty applies in respect of Regulated Mortgage Contracts (as well as loans falling within the consumer credit regime). It will apply to product manufacturers and distributors, which include purchasers of in scope mortgage loans, as well as firms administering or servicing those mortgage loans. Although the Consumer Duty will not apply retrospectively, the FCA will require firms to apply the Consumer Duty to existing products on a forward-looking basis. It is not yet possible to predict the precise effect of the new Consumer Duty on the Loans with any certainty.

### ***Mortgage Repossession***

A protocol for mortgage repossession cases in England and Wales came into force on 19 November 2008, which sets out the steps that judges will expect any lender to take before starting a claim. A number of mortgage lenders have confirmed that they will delay the initiation of repossession action for at least three months after a borrower who is an owner-occupier is in arrears. The application of such moratorium may be subject to the wishes of the relevant borrower and may not apply in cases of fraud. In addition, MCOB rules prevent, in relation to the Regulated Mortgage Contracts, repossessing the mortgaged property unless all other

reasonable attempts to resolve the position have failed and must not automatically capitalise a payment shortfall where the impact would be material.

The Mortgage Repossessions (Protection of Tenants etc.) Act 2010 came into force on 1 October 2010. This Act gives courts in England and Wales the same power to postpone and suspend repossession for up to two months on application by an unauthorised tenant (i.e. a tenant in possession without the lender's consent) as generally exists on application by an authorised tenant. The lender has to serve notice at the property before enforcing a possession order.

A further Pre-Action Protocol for Debt Claims (the "**Protocol**") came into force on 1 October 2017 and applies to any business when claiming payment of a debt from an individual. The Protocol encourages early and reasonable engagement between parties and aims to allow parties to resolve the matter without the need to start court proceedings. Such out of court proceedings would include discussing a reasonable payment plan or considering the use of alternative dispute resolution.

The protocols for mortgage repossession and the Home Owner and Debtor Protection (Scotland) Act 2010 may have adverse effects in relation to the ability of the Seller to repossess properties in markets experiencing above average levels of possession claims.

### ***Help-to-Buy Loans***

The UK Government announced the Help to Buy scheme (the "**Help to Buy Scheme**") involving two separate proposals to assist home buyers in England and Wales. The first involves a shared equity loan made available from 1 April 2013 by the UK Government (through Homes England) to borrowers, for up to 20 per cent. of the property price, for the purchase of new homes. The upper limit for the equity loan was increased, from February 2016, to up to 40 per cent. of the property price for properties in London by the London Help to Buy Scheme. The shared equity loan provided by the UK Government is secured by way of a second charge mortgage on the relevant property.

In November 2020, the UK Government announced a new "Help to Buy" scheme to be made available to eligible borrowers from April 2021 to March 2023. The scheme involves a shared equity loan made available by the UK Government to borrowers for the purchase of new homes of up to 20 per cent. of the cost of the new build home or up to 40 per cent. in London. The scheme is restricted to first-time buyers and includes regional upper limits on the full property purchase price. The shared equity loan provided by the UK Government is secured by way of a second charge mortgage on the respective property.

Following a sale of a property which benefits from a Help to Buy equity loan, the UK Government (through Homes England) will be repaid a *pro rata* amount of the disposal proceeds of the property equal to a percentage of the market value equal to the percentage contribution of assistance received (plus interest and charges). In circumstances where the disposal proceeds are insufficient to discharge in full both the Loan and the Help to Buy equity loan secured on the property, the disposal proceeds will be applied to discharge the first ranking legal Mortgage and the remaining proceeds (if any) applied to discharge the Help to Buy equity loan. Any disposal of a property which benefits from a Help to Buy equity loan (including following an enforcement of a Help to Buy Loan), will require the consent of Homes England which may result in a delay to the enforcement of the relevant Mortgage.

### ***Breathing Space Regulations***

The Breathing Space Regulations (which came into force on 4 May 2021) give eligible individuals the right to legal protection from their creditors, including almost all enforcement action, during a period of "breathing space". A standard breathing space will give an individual with problem debt legal protection from creditor action for up to 60 days; and a mental health crisis breathing space will give an individual protection from

creditor action for the duration of their mental health crisis treatment (which is not limited in duration) plus an additional 30 days.

However, the Breathing Space Regulations do not apply to mortgages, except for arrears which are uncapitalised at the date of the application under the Breathing Space Regulations. Interest can still be charged on the principal secured debt during the breathing space period, but not on the arrears. Any mortgage arrears incurred during any breathing space period are not protected from creditor action. The Borrower must continue to make mortgage payments in respect of any mortgage secured against their primary residence (save in respect of arrears accrued prior to the moratorium) during the breathing space period, otherwise the relevant debt adviser may cancel the breathing space period.

In February 2021, the FCA issued a policy statement (PS21/1) on the application of the Breathing Space Regulations in which they confirm that no changes are currently being made to the rules under MCOB in relation to how mortgage lenders should treat a "breathing space" as an indicator of payment difficulties. The FCA's view is that this is something that firms should take into account, but should not be treated more specifically than other potential indicators of payment difficulties.

In Scotland, eligible individuals are afforded similar legal protection under the Bankruptcy (Scotland) Act 2016 although the moratorium period of 6 months (increased from 42 days in response to COVID-19) is longer than in England and Wales and does not make any accommodation for mental health crisis. The Scottish Government has, however, introduced The Bankruptcy and Diligence (Scotland) Act 2024, which permits regulations to be made for the introduction of a similar form of moratorium in Scotland as currently exists under the Breathing Space Regulations.

#### ***FCA response to the cost of living crisis***

On 16 June 2022, the FCA sent a "Dear CEO" letter which stated that the FCA consider that the Mortgages Tailored Support Guidance published on 25 March 2021 which was issued to address exceptional circumstances arising out of coronavirus, is also relevant for borrowers in financial difficulties due to other circumstances such as the rising cost of living (the "**Mortgages Tailored Support Guidance**"). Therefore, if a borrower indicates that they are experiencing or reasonably expect to experience payment difficulties due to the rising cost of living, the FCA have said that lenders should offer prospective forbearance to enable them to avoid, reduce, or manage any payment shortfall that would otherwise arise. This includes borrowers who have not yet missed a payment.

The Mortgages Tailored Support Guidance emphasises the MCOB requirement that a lender must not repossess a property unless all other reasonable attempts to resolve the position have failed. It further states that mortgage lenders must also establish and implement clear, effective and appropriate policies and procedures for the fair and appropriate treatment of borrowers whom the lender understands, or reasonably suspects, to be particularly vulnerable. The Mortgages Tailored Support Guidance also confirms the FCA's expectation that action to seek possession should be a last resort.

In addition, the FCA proposed that lenders considering or resuming possession proceedings, should support and enable borrowers to disclose circumstances that might make them particularly vulnerable to repossession action at this time – and to consider whether additional care may be required as a result.

On 10 March 2023, the FCA published finalised guidance: "*Guidance for firms supporting their existing mortgage borrowers impacted by the rising cost of living*" (FG23/2). The FCA stated that the purpose of the finalised guidance was to ensure that lenders are clear about the effect of the FCA rules and the range of options lenders have to support their customers including those who are facing higher interest rates alongside the rising cost of living. The FCA have said that the guidance clarifies the effect of their existing rules and principles and is not intended to set new expectations or requirements of lenders or to repeat the position set

out in other documents such as the expectations around repossessions or the treatment of vulnerable customers. It explains how lenders can support borrowers in, or at risk of, payment difficulty and confirms the flexibility lenders have under FCA rules and guidance to support borrowers in different ways.

On 25 May 2023, the FCA launched consultation CP23/13 setting out how they plan to incorporate aspects of the Mortgages Tailored Support Guidance into MCOB and withdraw the Mortgages Tailored Support Guidance. The FCA also proposed targeted additional changes to support consumers in financial difficulty. On 10 April 2024, the FCA published PS24/2 setting out its final rules for strengthening protections for borrowers in financial difficulty. The majority of the rules and guidance are being finalised broadly as they were consulted upon but there are certain amendments, including, transparency on how any proposed payment arrangements will be reported on the credit file explanation on the meaning of priority debts, provision of information required for mortgage arrear statements and transparency on the range of forbearance options that may be considered. The new rules come into force on 4 November 2024 at which time the Mortgages Tailored Support Guidance will be withdrawn.

There can be no assurance that the FCA, or other UK government or regulatory bodies, will not take further steps in response to the rising cost of living in the UK which may impact the performance of the Loans, including further amending and extending the scope of the above guidance.

### ***Mortgage Charter***

On 26 June 2023, HM Treasury published the "**Mortgage Charter**" in light of the current pressures on households following interest rate rises and the cost-of-living crisis. The Mortgage Charter states that the UK's largest mortgage lenders and the FCA have agreed with the Chancellor a set of standards that they will adopt when helping their regulated mortgage borrowers worried about high interest rates (the Mortgage Charter). In addition, lenders will permit borrowers who are up to date with their payments to: (i) switch to interest-only payments for six months (the "**MC Interest-only Agreement**"); or (ii) extend their mortgage term to reduce their monthly payments and give borrowers the option to revert to their original term within six months by contacting their lender (the "**MC Extension Agreement**"). These options can be taken by borrowers who are up to date with their payments without a new affordability check or affecting their credit score. The Mortgage Charter commitments do not apply to buy-to-let mortgages, nor do they apply to lenders that do not sign up to the Mortgage Charter. According to the UK government's website, Aldermore Bank has signed up to the Mortgage Charter.

With the effect on and from 30 June 2023, the FCA amended MCOB to allow (rather than require) lenders to give effect to the MC Interest-only Agreement and the MC Extension Agreement. The amendments made by the FCA do not apply to second ranking mortgages or bridging loans. The FCA announced that it intends to review the impact of the rule changes within 12 months.

There can be no assurance that the FCA or other UK government or regulatory bodies will not take further steps in response to the rising cost of living in the UK which may impact the performance of the Mortgage Loans, including further amending and extending the scope of the Mortgage Charter or related rules.

### ***Distance Marketing***

In the United Kingdom, the Financial Services (Distance Marketing) Regulations 2004 (the "**Distance Marketing Regulations**") apply to credit agreements entered into on or after 31 October 2004 by means of distance communication (i.e. without any substantive simultaneous physical presence of the originator and the borrower). The Distance Marketing Regulations require suppliers of financial services by way of distance communication to provide certain information to consumers. This information generally has to be provided before the consumer is bound by the contract and includes, but is not limited to, general information in respect of the supplier and the financial service, the contractual terms and conditions, and whether or not there is a

right of cancellation. A regulated mortgage contract under the FSMA, if originated by a United Kingdom lender from an establishment in the United Kingdom, will not be cancellable under these regulations, but will be subject to related pre-contract disclosure requirements in MCOB.

### ***The Consumer Rights Act***

The main provisions of the Consumer Rights Act 2015 (the "CRA") came into force on 1 October 2015 and applies to agreements made on or after that date. The CRA reforms and consolidates consumer law in the U.K. The CRA involves the creation of a single regime out of the Unfair Contract Terms Act 1977 (which essentially deals with attempts to limit liability for breach of contract). The CRA introduced a new regime for dealing with unfair contractual terms as follows:

Under Part 2 of the CRA, an unfair term of a consumer contract (a contract between a trader and a consumer) is not binding on a consumer (an individual acting for purposes that are wholly or mainly outside that individual's trade, business, craft or profession). Additionally, an unfair notice is not binding on a consumer, although a consumer may rely on the term or notice if the consumer chooses to do so. A term will be unfair where, contrary to the requirement of good faith, it causes significant imbalance in the parties' rights and obligations under the contract to the detriment of the consumer. In determining whether a term is fair it is necessary to: (i) take into account the nature of the subject matter of the contract; (ii) refer to all the circumstances existing when the term was agreed; and (iii) refer to all of the other terms of the contract or any other contract on which it depends.

Schedule 2 of the CRA contains an indicative and non-exhaustive "grey list" of terms of consumer contracts that may be regarded as unfair. Notably, paragraph 11 of Schedule 2 lists "a term which has the object or effect of enabling the trader to alter the terms of the contract unilaterally without a valid reason which is specified in the contract", although paragraph 22 of Schedule 2 provides that this does not include a term by which a supplier of financial services reserves the right to alter the rate of interest payable by or due to the consumer, or the amount of other charges for financial services without notice where there is a valid reason if the supplier is required to inform the consumer of the alteration at the earliest opportunity and the consumer is free to dissolve the contract immediately.

A term of a consumer contract which is not on the "grey list" may nevertheless be regarded as unfair.

Where a term of a consumer contract is "unfair" it will not bind the consumer. However, the remainder of the contract, will, so far as is practicable, continue to have effect in every other respect. Where a term in a consumer contract is susceptible to multiple different meanings, the meaning most favourable to the consumer will prevail. It is the duty of the court to consider the fairness of any given term. This can be done even where neither of the parties to proceedings have explicitly raised the issue of fairness.

### ***Further Regulatory developments***

On 19 December 2018, the FCA published finalised guidance: "*Fairness of variation terms in financial services consumer contracts under the Consumer Rights Act 2015*" (FG18/7), outlining factors the FCA consider firms should have regard to when drafting and reviewing variation terms in consumer contracts. This follows developments in case law, including at the Court of Justice of the EU. The finalised guidance relates to all financial services consumer contracts entered into since 1 July 1995. The FCA stated that firms should consider both this guidance and any other rules that apply when they draft and use variation terms in their consumer contracts. The FCA stated that the finalised guidance will apply to FCA authorised persons and their appointed representative in relation to any consumer contracts which contain variation terms.

The Unfair Contract Terms and Consumer Notices Regulatory Guide (UNFCOG in the FCA handbook) explains the FCA's policy on how it uses its powers under the CRA and the CMA published guidance on the unfair terms provisions in the CRA on 31 July 2015 (the "**CMA Guidance**").

In general, the interpretation of the CRA is open to some doubt, particularly in the light of sometimes conflicting reported case law between English courts and the CJEU. The broad and general wording of the CRA makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a term would be held by a court to be unfair. It is therefore possible that any loans which have been made to borrowers covered by the CRA may contain unfair terms which may result in the possible unenforceability of the terms of the underlying loans.

The guidance issued by the FSA (and, as of 1 April 2013, the FCA), the OFT and the CMA has changed over time and it is possible that it may change in the future. No assurance can be given that any such changes in guidance on the CRA, or reform of the CRA, will not have a material adverse effect on the Seller, the Servicer and the Issuer and their respective businesses and operations.

***Decisions of the Financial Ombudsman Service ("FOS") could lead to some terms of the Loans being varied, which may adversely affect payments on the Notes***

Under the FSMA, the FOS (as defined above) is required to make decisions on certain complaints relating to the activities and transactions under its jurisdiction on the basis of what, in the opinion of the FOS, would be fair and reasonable in all circumstances of the case, taking into account law and guidance. Complaints properly brought before the FOS for consideration must be decided on a case-by-case basis, with reference to the particular facts of any individual case. Each case would first be adjudicated by an adjudicator. Either party to the case may appeal against the adjudication. In the event of an appeal, the case proceeds to a final decision by the FOS.

As the FOS is required to make decisions on the basis of, among other things, the principles of fairness, and may order a money award to the borrower, it is not possible to predict how any future decision of the FOS would affect the ability of the Issuer to make payments to Noteholders.

***Consumer Protection from Unfair Trading Regulations 2008***

The Consumer Protection from Unfair Trading Regulations 2008 (the "**CPUTR**") came into force on 26 May 2008. The CPUTR prohibit certain practices which are deemed to be "unfair". Breach of the CPUTR does not (of itself) render an agreement unenforceable, but the possible liabilities for misrepresentation or breach of contract in relation to the underlying credit agreement may result in losses on amounts to which such agreements apply.

The CPUTR did not originally provide consumers with a private act of redress. Instead, consumers had to rely on existing private law remedies based on the law of misrepresentation and duress. The Consumer Protection (Amendment) Regulations 2014 (SI No.870/2014) were laid before Parliament on 1 April 2014 and came into force on 1 October 2014. In certain circumstances, these amendments to the CPUTR give consumers a right to redress for misleading or aggressive commercial practices (as defined in the CPUTR), including a right to unwind agreements.

The effect (if any) of the CPUTRs on the Loans, the Servicer, the Seller and the LLP and their respective businesses and operations will depend on whether those entities engage in any of the practices described in the CPUTRs. Whilst engaging in an unfair commercial practice does not render a contract void or unenforceable, to do so is an offence punishable by a fine and/or imprisonment and the possible liabilities for misrepresentation or breach of contract in relation to the underlying credit agreement may result in losses on amounts to which such agreements apply.

### ***Basel Framework***

Investors should note that the Basel Committee on Banking Supervision ("**BCBS**") has approved a series of significant changes to the Basel framework for prudential regulation (such changes being referred to by the BCBS as Basel III, and referred to, colloquially, as Basel III in respect of reforms finalised prior to 7 December 2017 and Basel IV in respect of reforms finalised on or following that date). The Basel III/IV reforms, which include revisions to the credit risk framework in general and the securitisation framework in particular, may result in increased regulatory capital and/or other prudential requirements in respect of securitisation positions. The BCBS continues to work on new policy initiatives. National implementation of the Basel III/IV reforms may vary those reforms and/or their timing. It should also be noted that changes to prudential requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in Europe. Investors in the Notes are responsible for analysing their own regulatory position and prudential regulation treatment applicable to the Notes and should consult their own advisers in this respect.

Additionally, the PRA's policy statement on internal ratings based on UK mortgage risk weights, published on 6 July 2021, withdrew the proposed 7 per cent. minimum risk weight expectation on individual UK mortgage exposures. The PRA confirmed that calibration of the incoming Basel 3.1 standards on probability of default and loss given default parameter floors would be considered instead. Therefore, mortgage risk weight calibration may be adjusted, for example, to be in line with Basel standards, in future. The timetable for Basel 3.1 implementation is not yet certain.

### ***UK and European Market Infrastructure Regulation***

The Interest Rate Swap Provider has agreed to provide hedging to the Issuer and investors should be aware that, pursuant to UK EMIR (as defined further below) and, if applicable, EU EMIR (as defined further below), the Issuer is subject to certain regulatory requirements including, but not limited to, various compliance requirements for non-cleared "over-the-counter" derivative transactions (known as the 'risk mitigation techniques') and the requirement to report derivative transactions to a trade repository or to the ESMA which may result in future amendments by the Issuer to the Transaction Documents, in particular where Noteholder consent will not be required for such amendments. The 'risk mitigation techniques' include requirements for timely confirmation, portfolio reconciliation, and dispute resolution. The Interest Rate Swap Provider or its affiliate will provide services to the Issuer pursuant to the terms of a reporting services agreement to be entered into between the Interest Rate Swap Provider or its affiliate and the Issuer on or about the Issue Date which are required in order for the Issuer to comply with its reporting and portfolio reconciliation obligations under UK EMIR and, if applicable EU EMIR, to the extent that they may be delegated.

The EU regulatory framework and legal regime relating to derivatives is primarily set out in Regulation (EU) No 648/2012 of the European Parliament and Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012, as amended by Regulation (EU) 2019/834 of the European Parliament and of the Council dated 20 May 2019 ("**EU EMIR**"). A similar regime applies in the UK under EU EMIR as it forms part of domestic law in the UK by virtue of the European Union (Withdrawal) Act 2018 ("**UK EMIR**") as amended from time to time.

The Issuer will be subject to certain regulatory requirements in relation to the Interest Rate Swap as a consequence of the implementation of UK EMIR, which provides for certain OTC derivative contracts to be submitted to central clearing and imposes, amongst other things, margin posting and other risk mitigation techniques, reporting and record keeping requirements and requires certain standardised derivatives to trade on an exchange or other electronic trading platform.

Investors should be aware of the following:

- (a) regardless of the Issuer's classification under UK EMIR, the Issuer may need to appoint a third party and/or incur costs and expenses to enable it to comply with the regulatory requirements imposed by UK EMIR, in particular, in relation to reporting and record-keeping; and
- (b) the characterisation of the Issuer under UK EMIR as currently in force will determine whether, among other things, it is required to comply with the clearing, margin and trading requirements in relation to the Interest Rate Swap. If it were required to clear, post margin or trade on an exchange or other electronic platform, it may result in a reduction in the amounts available to the Issuer to meet its obligations, which may in turn result in investors' receiving less interest or principal than expected.

If the Issuer enters into an Interest Rate Swap with an EU established swap counterparty, the Issuer will require such swap counterparty to co-operate with the Issuer to ensure the applicable rules under UK EMIR are complied with and such swap counterparty will require the Issuer to co-operate with such swap counterparty to ensure the applicable rules under EU EMIR are complied with.

The Issuer has been structured to be (i) a "non-financial counterparty" below the clearing threshold for the purposes of UK EMIR and (ii) a "third country entity" for the purposes of EU EMIR (that would be a "nonfinancial counterparty" below the clearing threshold under EU EMIR if it were established in the EU). Neither of (i) or (ii) are subject to the clearing or the margin-posting requirements or the requirement to trade on an exchange or other electronic platform.

In respect of UK EMIR, it should be noted that, given the intention to seek the UK STS designation for the Notes, should the status of the Issuer change to "non financial counterparty" above the clearing threshold under UK EMIR or "financial counterparty", another exemption from the obligation to clear and a partial exemption from the collateral exchange obligation may be available for the Interest Rate Swaps, provided the applicable conditions are satisfied. With regard to the latter, please refer to (i) the section of the Prospectus titled "Simple, Transparent and Standardised Securitisation"; and (ii) the risk factor entitled "*Simple, Transparent and Standardised (STS) Securitisations*." In respect of EU EMIR, the Notes (given they will not obtain STS designation under the EU Securitisation Regulation) will not be able to benefit from the equivalent exemption under EU EMIR should the status of the Issuer change to a "third country entity" that is either a "non-financial counterparty" below the clearing threshold under EU EMIR or a "financial counterparty."

Prospective investors should be aware however that regulatory changes arising from UK EMIR or, if applicable, EU EMIR may adversely affect the Issuer's ability to engage in derivative transactions and the costs to the Issuer in doing so. Given that no material differences have applied between the applicable EU and UK regulatory rules since 1 January 2021, the Issuer will likely bear the same costs in meeting its and any swap counterparty's requirements when entering into derivative transactions on or around the Issue Date, regardless of whether such swap counterparty is established in the EU or the UK. However, over time, divergences between the UK EMIR and the EU EMIR rules may arise and this may ultimately lead to additional costs being incurred by the Issuer to the extent that it continues to enter into derivative transactions with any swap counterparty established in both the UK and the EU.

As such, investors should consult their own independent advisers and make their own assessment about the potential risks posed by UK EMIR and EU EMIR, and any technical standards made thereunder, in making any investment decision in respect of the Notes.

### ***Risks relating to the Banking Act 2009***

The Banking Act 2009 (the "**Banking Act**") includes provision for a special resolution regime pursuant to which specified UK authorities have extended tools to deal with the failure (or likely failure) of certain UK incorporated entities including authorised deposit-taking institutions and investment firms, and powers to take certain resolution actions in respect of third country institutions. In addition, powers may be used in certain circumstances in respect of UK established banking group companies, where such companies are in the same group as a relevant UK or third country institution or in the same group as an EEA credit institution or investment firm. The relevant transaction entities for these purposes include the Account Bank, the Collection Account Bank, the Swap Collateral Account Bank, the Cash Manager, the Servicer and the Seller (each a "**relevant entity**").

The tools available under the Banking Act include share and property transfer powers (including powers for partial property transfers), bail-in powers, certain ancillary powers (including powers to modify contractual arrangements in certain circumstances) and special insolvency procedures which may be commenced by the UK authorities. It is possible that the extended tools described above could be used prior to the point at which an application for insolvency proceedings with respect to a relevant entity could be made and, in certain circumstances, the UK authorities may exercise broad pre-resolution powers in respect of relevant entities with a view to removing impediments to the exercise of the stabilisation tools. In general, the Banking Act requires the UK authorities to have regard to specified objectives in exercising the powers provided for by the Act. One of the objectives (which is required to be balanced as appropriate with the other specified objectives) refers to the protection and enhancement of the stability of the financial system of the United Kingdom.

The Banking Act includes provisions related to compensation in respect of instruments and orders made under it. In general, there is considerable uncertainty about the practical scope of the powers afforded to UK authorities under the Banking Act and how the UK authorities may choose to exercise them. If an instrument or order were to be made under the provisions of the Banking Act currently in force in respect of a relevant entity (as described above), such action may (amongst other things) affect the ability of such entities to satisfy their obligations under the Transaction Documents and/or result in the cancellation, modification or conversion of certain unsecured liabilities of such entity under the Transaction Documents or in other modifications to such documents. In particular, modifications may be made pursuant to powers permitting (i) certain trust arrangements to be removed or modified (ii) contractual arrangements between relevant entities and other parties to be removed, modified or created where considered necessary to enable a transferee in the context of a property or share transfer to operate the transferred business effectively and (iii) in connection with the modification of an unsecured liability through use of the bail-in tool, the discharge of a relevant entity from further performance of its obligations under a contract.

In addition, subject to certain conditions, powers would apply to require a relevant instrument or order (and related events) to be disregarded in determining whether certain widely defined "default events" have occurred (which events may include trigger events included in the Transaction Documents in respect of the relevant entity, including termination events and (in the case of the Seller) trigger events in respect of perfection of legal title to the Loans). As noted above, the stabilisation tools may be used in respect of certain banking group companies provided certain conditions are met. If the Issuer was regarded to be a banking group company and no exclusion applied, then it would be possible in certain scenarios for the relevant authority to exercise one or more relevant stabilisation tools (including the property transfer powers and/or the bail-in powers) in respect of it.

In this regard, it should be noted that the UK authorities have provided an exclusion for certain securitisation companies, which exclusion is expected to extend to the Issuer, although aspects of the relevant provisions are not entirely clear.

At present, the UK authorities have not made an instrument or order under the Banking Act in respect of the entities referred to above and there has been no indication that any such instrument or order will be made.

Lastly, as a result of Directive 2014/59/EU providing for the establishment of an EEA-wide framework for the recovery and resolution of credit institutions and investment firms and any relevant national implementing measures, it is possible that an institution with its head office in an EEA state and/or certain group companies could be subject to certain resolution actions in that other state.

the Initial Consideration will be funded using the proceeds of the Class Z VFN. The Loans will be sold to the Issuer at a price equal to their Current Balance as at the Cut-Off Date. ### **Representations and Warranties**

The Loan Warranties are comprised of representations and warranties in respect of the legal nature of the Loans and their Related Security, as well as asset representations and warranties.

See section "*Summary of the Key Transaction Documents – Mortgage Sale Agreement*" for further details.

### **Repurchase of the Loans and Related Security**

The Issuer shall sell and the Seller shall repurchase any Loan and its Related Security in the following circumstances:

- Upon a breach of any of the Loan Warranties (which is either not capable of remedy or which has not been remedied by the Seller within a 30-day grace period) in respect of that Loan sold into the Portfolio on the Issue Date;
- If the Issuer is unable to fund the purchase of any Additional Borrowing in relation to that Loan from funds standing to the credit of the Principal Ledger and the Class Z VFN Holder fails to advance an amount equal to such shortfall;
- Upon a breach of any of the Asset Conditions on the relevant Monthly Test Date in respect of such Loan subject to an Additional Borrowing or Product Transfer (which is either not capable of remedy or if the Seller failed to remedy it within a 30-day grace period);
- If any Back-to-Back Swap relating to the Interest Rate Swap Agreement (or to any replacement interest rate swap entered into on terms similar to those set out in the Interest Rate Swap Agreement) is terminated, the Seller will be required to repurchase any Fixed Rate Loan subject to an Additional Borrowing or a Product Transfer or any AMR Loan subject to a Product Transfer which results in such AMR Loan becoming a Fixed Rate Loan; and
- In the event that the Seller determines on any Monthly Test Date that the relevant Loan is a High Deposit Loan.

The repurchase price for such Loan shall be equal to its Current Balance (excluding, if applicable, the amount of any Additional Borrowing which has not yet been paid for by the Issuer).

### **Consideration for repurchase**

The Seller may offer to repurchase Loans and their Related Security which are not compliant with Article 13 (Level 2B securitisations) of the UK LCR Regulation or with SECN 2 and/or in accordance with any official guidance issued in relation thereto.

The amount payable by the Seller in respect of the repurchase of the Loan and its Related Security shall be equal to the aggregate of the Current Balance (excluding, if applicable, the amount of any Additional Borrowing which has not yet been paid for by the Issuer) of the relevant Loan calculated as at the actual date on which such Loan is repurchased. In the case of the repurchase of Non-Compliant Loans, the Seller may offer the Issuer (and the Issuer shall accept) Substitute Loans as consideration for the repurchase.

### **Perfection Events**

Completion of transfer of the legal title of the Loans by the Seller to the Issuer will be completed on or before the 20th Business Day after the earliest to occur of the following:

- (a) the Seller being required to perfect transfer of legal title to the Loans and their Related Security: (i) by an order of a court of competent jurisdiction or (ii) by a regulatory authority which has jurisdiction over the Seller or (iii) by any organisation of which the Seller is a member, or whose members comprise (but are not necessarily limited to) mortgage lenders with whose instructions it is customary for the Seller to comply;
- (b) it becoming necessary by law to perfect the transfer of legal title to the Loans and their Related Security;
- (c) the security under the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee, in jeopardy and the Security Trustee being required by the Note Trustee (on behalf of the Noteholders) so long as any Notes are outstanding or the other Secured Creditors if no Notes are then outstanding to take action to reduce that jeopardy (including due to the possible insolvency of the Seller);
- (d) the occurrence of a Seller Insolvency Event; or
- (e) the occurrence of a Severe Deterioration Event; or
- (f) the Seller is in breach of its obligations under the Mortgage Sale Agreement, but only if: (i) such breach, where capable of remedy, is not remedied to the reasonable satisfaction of the Issuer and to the satisfaction of the Security Trustee within 90 calendar days,
- (g) provided that: each of sub-paragraphs (e) and (f) above shall be subject to such amendment as the Seller may require so long as the Seller delivers a certificate to the Issuer and the Security Trustee that the amendment of such event does not impact the designation as a 'simple, transparent and

## Servicing of the Portfolio

standardised' securitisation (within the meaning of the UK Securitisation Framework) in respect of the Class A Notes.

Prior to the completion of the transfer of legal title to the relevant Loans and Related Security, the Issuer will hold only the equitable title and will therefore be subject to certain risks as set out in the risk factor entitled "*Seller to Initially Retain Legal Title to the Loans and risks relating to set-off*" in the Risk Factors section.

The parties to the Servicing Agreement to be entered into on or about the Issue Date will be the Issuer, the Security Trustee, the Servicer, the Seller, the Cash Manager and the Back-Up Servicer Facilitator (the "**Servicing Agreement**").

The Servicer will be appointed by the Issuer (and, upon the earlier to occur of (i) service of a Note Acceleration Notice and (ii) enforcement or realisation of the Security, shall act pursuant to the direction of the Security Trustee) to service, on a day-to-day basis, the Loans sold to the Issuer and their Related Security on behalf of the Issuer (such services, *inter alia*, the "**Services**").

So long as Aldermore acts as the Servicer, the Issuer will, on each Interest Payment Date, pay to the Servicer a servicing fee (inclusive of VAT) (the "**Servicing Fee**") totalling 0.08 per cent. per annum on the aggregate Current Balance of the Loans in the Portfolio as determined on the preceding Calculation Date.

If a replacement servicer is appointed in accordance with the terms of the Servicing Agreement, the Issuer shall pay the replacement servicer for its services a fee to be determined at the time of such appointment, which shall not exceed a reasonable commercial fee for the provision of such services (to be determined by getting, if possible, not less than three quotes for the provision of such services). The Servicing Fee will rank ahead of all payments on the Notes.

The appointment of the Servicer may be terminated by the Issuer (subject to the prior written consent of the Security Trustee) upon the occurrence of the following events (the "**Servicer Termination Events**" and each a "**Servicer Termination Event**"):

- the Servicer defaults in the payment on the due date of any payment due and payable by it under the Servicing Agreement and such default continues unremedied for a period of thirty (30) Business Days after the earlier of the Servicer becoming aware of such default and receipt by the Servicer of written notice from the Issuer, the Seller or the Security Trustee, as the case may be, requiring the same to be remedied;
- the Servicer defaults in the performance or observance of any of its other covenants and obligations under the Servicing Agreement, which default in the opinion of the

Security Trustee is materially prejudicial to the interests of the Noteholders, and the Servicer does not remedy that failure within 30 Business Days after the earlier of the Servicer becoming aware of the failure or of receipt by the Servicer of written notice from the Issuer, the Seller or the Security Trustee as the case may be requiring the Servicer's non-compliance to be remedied (subject to certain provisos in relation to the situation where the default occurs as a result of a default by any person to whom the Servicer has sub-contracted or delegated part of its obligations); or

- an Insolvency Event occurs in relation to the Servicer.

If a Servicer Termination Event occurs then the Back-Up Servicer Facilitator will (pursuant to the Servicing Agreement) promptly use its reasonable endeavours to identify, and, thereafter, appoint on behalf of the Issuer, a suitable replacement servicer to replace the Servicer (but shall have no liability to any person in the event that, having used reasonable endeavours, it is unable to appoint a replacement servicer).

Subject to the fulfilment of certain conditions, the Servicer may also resign upon giving not less than 12 months' written notice provided that, *inter alia*, a replacement servicer has been appointed by the Issuer (with the assistance of the Back-Up Servicer Facilitator) (with the prior written consent of the Security Trustee).

In the absence of a Servicer Termination Event, Noteholders have no right to instruct the Issuer to terminate the appointment of the Servicer.

**"Insolvency Event"** means, in respect of the Servicer, the Corporate Services Provider, the Cash Manager or any agent (each, for the purposes of this definition, a **"Relevant Entity"**):

- (a) an order is made or an effective resolution passed for the winding up of the Relevant Entity; or
- (b) the Relevant Entity ceases or threatens to cease to carry on the whole of its business or stops payment or threatens to stop payment of its debts or is deemed unable to pay its debts within the meaning of section 123(1)(a), (b), (c) or (d) of the Insolvency Act 1986 or becomes unable to pay its debts as they fall due or the value of its assets falls to less than the amounts of its liabilities (taking into account, for both these purposes, contingent and prospective liabilities) or otherwise becomes insolvent; or
- (c) proceedings (including, but not limited to, presentation of an application for an administration order, the filing of documents with the court for the appointment of an administrator or the service of a notice of intention to appoint an administrator) are initiated against the Relevant

Entity under any applicable liquidation, administration, reorganisation (other than a reorganisation where the Relevant Entity is solvent) or other similar laws, save where such proceedings are being contested in good faith; or an administrative or other receiver, administrator or other similar official is appointed in relation to the whole or the substantial part of the undertaking or assets of the Relevant Entity or the appointment of an administrator takes effect; or a distress, execution or diligence or other process is enforced upon the whole or the substantial part of the undertaking or assets of the Relevant Entity and in any of the foregoing cases it is not discharged within 15 Business Days; or if the Relevant Entity initiates or consents to judicial proceedings relating to itself under any applicable liquidation, administration, insolvency, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of its creditors generally or takes steps with a view to obtaining a moratorium in respect of any indebtedness.

See "*Summary of Key Transaction Documents — Servicing Agreement*" below.

#### **Delegation**

The Servicer may delegate some of its servicing functions to a third party provided that the Servicer remains liable for the failure of and for the performance of any functions so delegated.

See "*Summary of Key Transaction Documents — Servicing Agreement*" below.

## OVERVIEW OF THE TERMS AND CONDITIONS OF THE NOTES

Please refer to section entitled "Terms and Conditions of the Notes" for further detail in respect of the terms of the Notes.

### Ranking and Form of the Notes

The Issuer will issue the following classes of the Notes on the Issue Date under the Trust Deed:

- Class A Mortgage Backed Floating Rate Notes due July 2072 (the "**Class A Notes**"); and
- Class Z Variable Funding Note due July 2072 (the "**Class Z VFN**"),

and together, the Class A Notes and the Class Z VFN, are the "**Notes**" and the holders thereof from time to time, the "**Noteholders**".

The Class A Notes will rank *pari passu* and *pro rata* as to payments of interest and principal ahead of the Class Z VFN at all times.

The Class A Notes will rank *pari passu* and *pro rata* without any preference or priority among themselves as to payments of principal and interest. Pursuant to the Deed of Charge, the Notes will all share the same Security. Certain other amounts, being the amounts owing to the other Secured Creditors, will also be secured by the Security. Amounts due in respect of the Class A Notes will rank in priority to amounts due in respect of the Class Z VFN. Certain amounts due by the Issuer to its other Secured Creditors will rank in priority to amounts due in respect of the Notes.

The Class A Notes will be issued in bearer form. The Class Z VFN will be issued in dematerialised registered form. Each Class of Notes will be issued pursuant to Regulation S and the Class A Notes will be cleared through Euroclear and Clearstream, Luxembourg as set out in "*Description of the Notes*" below.

### Variable Funding Note

The Issuer will issue the Class Z VFN on the Issue Date.

On the Issue Date, the Class Z VFN will be subscribed for in the amount of £44,971,500. Prior to the Class Z VFN Commitment Termination Date, the Class Z VFN will have a maximum principal amount of £500,000,000 or such other amount as may be agreed from time to time by the Issuer and the holder of the Class Z VFN (the "**Class Z VFN Holder**") (which on the Issue Date will be Aldermore) and notified to the Note Trustee (the "**Maximum Class Z VFN Amount**"), that can be funded by the Class Z VFN Holder at the request of the Issuer.

The commitment of the Class Z VFN Holder in respect of holding the Class Z VFN will be extinguished on the earlier to occur of:

- (a) the Final Maturity Date; and
- (b) an Event of Default,

(the "**Class Z VFN Commitment Termination Date**").

The maximum principal amount outstanding under the Class Z VFN shall not exceed the Maximum Class Z VFN Amount.

If the Maximum Class Z VFN Amount in relation to the Class Z VFN has been drawn and, in accordance with the Conditions, the Issuer repays some of the principal due on such Class Z VFN, such repaid principal amount will be available to be redrawn by the Issuer up to the Maximum Class Z VFN Amount.

## Security

Pursuant to a deed of charge to be entered into between, *inter alios*, the Issuer and the Security Trustee (the "**Deed of Charge**") on the Issue Date the Notes will be secured by, *inter alia*, the following security (the "**Security**"):

- (a) an assignment by way of security of (and, to the extent not assigned, a charge by way of first fixed charge (which may take effect as a floating charge) over) the Issuer's right, title, interest and benefit in and to the Transaction Documents, other than the Trust Deed, the Deed of Charge itself, the Subscription Agreement, any Scottish Trust Security and any Scottish Declaration of Trust (subject to any rights of set-off or netting provided for therein);
- (b) an assignment by way of security of (and, to the extent not assigned, a charge by way of first fixed charge (which may take effect as a floating charge) over) the Issuer's interest in the Loans and the Mortgages and their other Related Security and other related rights comprised in the Portfolio;
- (c) an assignment by way of security of (and, to the extent not assigned, a charge by way of first fixed charge (which may take effect as a floating charge) over) the Issuer's right, title, interest and benefit to and under insurance policies assigned to the Issuer pursuant to the Mortgage Sale Agreement;
- (d) an assignment in security, pursuant to a Scottish Trust Security of the Issuer's beneficial interest in the Scottish Mortgage Loans and their Related Security (comprising the Issuer's beneficial interest under the trust(s) declared by the Seller over such Scottish Mortgage Loans and their Related Security for the benefit of the Issuer pursuant to any Scottish Declaration of Trust);

After the Issue Date, the General Reserve Fund will be replenished up to the General Reserve Required Amount on each Interest Payment Date from Available Revenue Receipts in accordance with the Pre-Acceleration Revenue Priority of Payments (see section "*Credit Structure – General Reserve Fund and General Reserve Ledger*" for further details);
- a Principal Deficiency Ledger will be established for each Class of Notes to record the notional principal losses corresponding to each Class of Notes in reverse sequential order. Available Revenue Receipts will be applied in accordance with the Pre-Acceleration Revenue Priority of Payments to make up the relevant Principal Deficiency Ledger in sequential order (see section "*Credit Structure – Principal Deficiency Ledgers*" for further details);
- availability of an overnight rate provided by the Account Bank in respect of monies held in the Transaction Account (see section "*Credit Structure – Transaction Account*" for further details);

- if, on any Interest Payment Date whilst there are Class A Notes outstanding, the Issuer has insufficient Available Revenue Receipts to pay the interest otherwise due on the Class Z VFN, then the Issuer will be entitled to defer payment of that amount (to the extent of the insufficiency) until the following Interest Payment Date (see the section "*Credit Structure – Available Receipts*" for further details.)

### Bank Accounts

The Issuer will enter into the Bank Account Agreement with the Account Bank in respect of the Transaction Account and any

On each Interest Payment Date, the Cash Manager will apply monies from the Transaction Account in accordance with the relevant Priority of Payments. Monies from the Transaction Account may also be used to pay the Additional Borrowing Purchase Price in respect of any Additional Borrowing on any Monthly Test Date.

#### **Back-Up Cash Manager Facilitator**

At the time a Cash Manager Termination Event occurs, the Back-Up Cash Manager Facilitator will (pursuant to the Cash Management Agreement) use its reasonable endeavours to identify, on behalf of the Issuer, a suitable replacement cash manager to replace the Cash Manager (but shall have no liability to any person in the event that, having used reasonable endeavours, it is unable to appoint a replacement cash manager).

#### **Interest Rate Swap**

On the Issue Date, the Interest Rate Swap Provider will enter into an ISDA Master Agreement (including a schedule and a credit support annex thereto) and one or more confirmations thereunder with the Issuer (as amended from time to time) (the "**Interest Rate Swap Agreement**").

Payments received by the Issuer under certain of the Loans in the Portfolio will be subject to fixed rates of interest. The interest amounts payable by the Issuer in respect of the Notes will be calculated by reference to Compounded Daily SONIA. Pursuant to the Interest Rate Swap Agreement the Issuer will enter into a confirmation evidencing an interest swap transaction governed by the Interest Rate Swap Agreement to hedge against the possible variance between the fixed rates of interest received on the Fixed Rate Loans in the Portfolio and Compounded Daily SONIA (the "**Interest Rate Swap**"). The rate payable by the Issuer under the Interest Rate Swap is not intended to be an exact match of the

interest rates that the Issuer receives in respect of the Fixed Rate Loans in the Portfolio.

The Interest Rate Swap has the following key commercial terms:

**"Notional Amount"**: an amount in Sterling equal to, in respect of a Calculation Period (as defined in the Interest Rate Swap Agreement), the Adjusted Fixed Rate Loan Balance (as defined in the Interest Rate Swap Agreement) for such Calculation Period, provided that for the first Calculation Period the Notional Amount will be £407,186,403.57.

**"Issuer payment"**: the amount equal to the product of (i) 4.05% per cent. and (ii) the Notional Amount of the Interest Rate Swap for the relevant Calculation Period and (iii) the relevant day count fraction.

**"Interest Rate Swap Provider Payment"**: the amount equal to the product of (i) the Notional Amount of the Interest Rate Swap for the relevant Calculation Period; (ii) Compounded Daily SONIA determined in accordance with the Interest Rate Swap Agreement; and (iii) the relevant day count fraction.

**"Frequency of payment"**: quarterly on each of:

- (i) the 28th calendar day of each of January, April, July and October from and including July 2025 to but excluding the last such day falling prior to the Termination Date; and
- (ii) the Termination Date,

in each case subject to adjustment in accordance with the Modified Following Business Day Convention.

**"Termination Date"**: the Interest Rate Swap may terminate on the earlier of (i) the date on which the Class A Notes are redeemed in full other than in circumstances which give rise to an Additional Termination Event; (ii) the Interest Payment Date falling 5 years and 6 months and one Interest Payment Date after the Step-Up Date; (iii) the Interest Payment Date on or immediately following the date on which the aggregate of the Current Balance of the Loans is reduced to zero; (iv) the first Interest Payment Date on or after the Step-Up Date on which the Adjusted Fixed Rate Loan Balance (as defined in the Interest Rate Swap) is zero; and (v) any Additional Termination Event, in each case subject to adjustment in accordance with the Modified Following Business Day Convention.

## REGULATORY REQUIREMENTS

Aldermore, as originator, will retain a material net economic interest of not less than 5 per cent. of the nominal value of the securitised exposures in the securitisation described in this Prospectus in accordance with (a) Article 6 of Chapter 2 of the PRA Securitisation Rules together with Chapter 4 of the PRA Securitisation Rules and SECN 5 together with any binding technical standards as amended, varied or substituted from time to time after the Issue Date (the "**UK Retention Requirements**") and (b) Article 6 (as required for the purposes of Article 5(1)(d) of the EU Securitisation Regulation not taking into account any relevant national measures, as if it were applicable to it, but solely as such articles are interpreted and applied on the Issue Date (the "**EU Retention Requirements**"). Pursuant to the Deed of Charge, to the extent that, after the Issue Date, there is any divergence between the UK Retention Requirements and the EU Retention Requirements, Aldermore shall undertake to only continue to comply, on a best endeavours basis, with such EU Retention Requirements (as if such provisions were applicable to it).

As at the Issue Date, such interest will be comprised of an interest in the first loss tranche, the Class Z VFN, in accordance with Article 6(3)(d) of Chapter 2 of the PRA Securitisation Rules, SECN 5.2.8R(1)(d) and Article 6(3)(d) of the EU Securitisation Regulation. The aggregate Principal Amount Outstanding of the Class Z VFN as at the Issue Date is equal to at least 5 per cent. of the nominal value of the securitised exposures. Aldermore will confirm its ongoing retention of the net economic interest described above in the Investor Reports and any change to the manner in which such interest is held will be notified to Noteholders. Aldermore has provided corresponding undertakings with respect to the interest to be retained by it to the Joint Lead Managers in the Subscription Agreement.

Each potential UK Affected Investor is required to independently assess and determine the sufficiency of the information described above and in the Prospectus generally for the purposes of complying with Article 5 of Chapter 2 of the PRA Securitisation Rules and any corresponding national measures which may be relevant to investors and none of the Issuer, the Co-Arrangers, any Joint Lead Manager, Aldermore or any of the other Transaction Parties makes any representation that any such information described above or elsewhere in this Prospectus is sufficient in all circumstances for such purposes.

Potential EU Affected Investors should note that the obligation of Aldermore to comply with the EU Retention Requirements is strictly contractual pursuant to the terms of the Deed of Charge. Pursuant to the Deed of Charge, to the extent that, after the Issue Date, there is any divergence between the UK Retention Requirements and the EU Retention Requirements, Aldermore shall undertake to only continue to comply, on a best endeavours basis, with such EU Retention Requirements (as if such provisions were applicable to it).

Potential EU Affected Investors should therefore be aware that this may mean, to the extent there is any divergence between the UK Retention Requirements and the EU Retention Requirements after the Issue Date (and Aldermore is not able to comply with such amendments, notwithstanding its best endeavours to do so), that the EU Retention Requirements will, upon any such divergence coming into effect, no longer be satisfied. Potential EU Affected Investors may therefore no longer be able to satisfy their obligations under Article 5 of the EU Securitisation Regulation and any corresponding national measures. Each potential EU Affected Investor is required to independently assess and determine the sufficiency of the information described above and in the Prospectus generally for the purposes of complying with Article 5 of the EU Securitisation Regulation and any corresponding national measures which may be relevant to investors and none of the Issuer, the Co-Arrangers, any Joint Lead Manager, Aldermore or any of the other Transaction Parties makes any representation that any such information described above or elsewhere in this Prospectus is sufficient in all circumstances for such purposes.

No Loan has been selected to be transferred to the Issuer with the aim of rendering losses on the assets transferred to the Issuer, measured over the life of the transaction, or over a maximum of 4 years, higher than the losses over the same period on comparable assets held on the balance sheet of Aldermore as originator in accordance with SECN 5.2.6R, Article 6(2) of Chapter 2 of the PRA Securitisation Rules and the EU Securitisation Regulation.

The Loans in the Portfolio are homogeneous for purposes of SECN 2.2.9R and the EBA Final Draft Regulatory Technical Standards on the homogeneity of the underlying exposures in securitisation under SECN 2.4R, on the basis that all Loans in the Portfolio: (i) have been underwritten by Aldermore in accordance with similar underwriting standards applying similar approaches with respect to the assessment of a potential Customer's credit risk; (ii) are repayment mortgage loans or interest-only mortgage loans entered into substantially on the terms of similar standard documentation for residential mortgage loans; (iii) are serviced by the Servicer pursuant to the servicing agreement in accordance with similar servicing procedures with respect to monitoring, collections and administration of cash receivables generated from the loans; and (iv) form one asset category, namely residential loans secured with one or several mortgages on residential immovable property in England and Wales.

Any material change to the Seller's Policy after the date of this Prospectus which would affect the homogeneity (as determined in accordance with SECN 2.2.2R to 2.2.14R (as applicable)) of the Loans comprising the Portfolio or which would materially affect the overall credit risk or the expected average performance of the Portfolio will (to the extent such change affects the Loans included in the Portfolio) be disclosed (along with explanation of the rationale for such changes being made) to investors by the Seller without undue delay.

Aldermore confirms that it has applied to the Loans which will be transferred by it to the Issuer the same sound and well-defined criteria for credit-granting in accordance with Article 9 of Chapter 2 of the PRA Securitisation Rules which it applies to non-securitised Loans. In particular, Aldermore has:

- (a) applied the same clearly established processes for approving and, where relevant, amending, renewing and refinancing the Loans; and
- (b) effective systems in place to apply those criteria and processes in order to ensure that credit granting is based on a thorough assessment of the Borrower's creditworthiness taking appropriate account of factors relevant to verifying the prospect of the Borrower meeting his obligations under the Loan.

The Seller's rights and obligations to sell the Loans to the Issuer and/or repurchase the Loans from the Issuer pursuant to the Mortgage Sale Agreement do not constitute active portfolio management for purposes of SECN 2.2.8R.

## SUMMARY OF THE KEY TRANSACTION DOCUMENTS

### Mortgage Sale Agreement

#### *Portfolio*

Under the Mortgage Sale Agreement, on the Issue Date, subject to the condition that no Event of Default shall have occurred which is continuing as at the Issue Date, the Issuer will pay the Initial Consideration to the Seller and a portfolio of English and Welsh residential mortgage loans (the “**Loans**”) and their associated Mortgages and other Related Security will be assigned by way of equitable assignment to the Issuer. The Loans and Related Security and all monies derived therefrom from time to time are referred to herein as the “**Portfolio**”. The terms “**Loans**”, “**Mortgages**” and “**Related Security**” are further defined in the section entitled “*Portfolio and Servicing*”.

As part of the assignment of the Portfolio, the Seller will grant an assignment to the Issuer of the Third Party Buildings Policies (to the extent relating to the Loans).

The Consideration due to the Seller in respect of the sale of the Portfolio will consist of:

- (a) an amount equal to the aggregate Current Balance of the Loans in the Portfolio on the Cut-Off Date (the “**Initial Consideration**”); and
- (b) a covenant by the Issuer to pay any Deferred Consideration.

The Deferred Consideration will be paid in accordance with the priority of payments set out in the section headed “*Cashflows — Application of Available Revenue Receipts Prior to the Service of a Note Acceleration Notice on the Issuer*” below.

“**Deferred Consideration**” means the consideration due and payable to the Seller pursuant to the Mortgage Sale Agreement in respect of the sale of the Portfolio, which shall be an amount equal to the amount remaining after making payment of (as applicable):

- (a) the items described in paragraphs (a) to (p) inclusive of the Pre-Acceleration Revenue Priority of Payments on each Interest Payment Date; or
- (b) the items described in paragraphs (a) to (h) inclusive of the Post-Acceleration Priority of Payments.

“**Consideration**” means the Initial Consideration and the Deferred Consideration.

#### *Title to the Mortgages, Registration and Notifications*

The completion of the transfer of the Loans and Related Security (and where appropriate their registration) to the Issuer is, save in the limited circumstances referred to below, deferred. Legal title to the Loans and Related Security therefore remains with the Seller. Notice of the sale of the Loans and their Related Security to the Issuer will not be given to any Borrower until the occurrence of a Perfection Event.

The transfers to the Issuer will be completed as soon as reasonably practicable, and in any case, on or before the 20th Business Day after the earliest to occur of the following:

- (a) the Seller being required to perfect legal title to the Loans and their Related Security (i) by an order of a court of competent jurisdiction, (ii) by a regulatory authority which has jurisdiction over the Seller or (iii) by any organisation of which the Seller is a member, or whose members comprise, but are not necessarily limited to, mortgage lenders with whose instructions it is customary for the Seller to comply; or

- (b) it becoming necessary by law to perfect legal title to the Loans and their Related Security; or
- (c) the security under the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee, in jeopardy and the Security Trustee being required by the Note Trustee (on behalf of the Noteholders) so long as any Notes are outstanding or the other Secured Creditors if no Notes are then outstanding to take action to reduce that jeopardy (including due to the possible insolvency of the Seller); or
- (d) the occurrence of a Seller Insolvency Event;
- (e) the occurrence of a Severe Deterioration Event; or
- (f) the Seller is in breach of its obligations under the Mortgage Sale Agreement, but only if such breach, where capable of remedy, is not remedied to the reasonable satisfaction of the Issuer and to the satisfaction of the Security Trustee within 90 calendar days,

provided that each of sub-paragraphs (e) and (f) above shall be subject to such amendment as the Seller may require so long as the Seller delivers a certificate to the Issuer and the Security Trustee that the amendment of such event does not impact the designation as a 'simple, transparent and standardised' securitisation (within the meaning of the UK Securitisation Framework) in respect of the Class A Notes (each of the events set out in sub-paragraphs (a) to (f) inclusive being a "**Perfection Event**").

"**Severe Deterioration Event**" means all or any part having an aggregate value in excess of 10 per cent. of the property, business, undertakings, assets or revenues of the Seller having been attached as a result of any distress, execution or diligence being levied or any encumbrancer taking possession or similar attachment and such attachment having not been lifted within 30 days.

A "**Seller Insolvency Event**" will occur in the following circumstances:

- (a) an order is made or an effective resolution passed for the winding up of the Seller; or
- (b) the Seller stops or threatens to stop payment to its creditors generally or the Seller ceases or threatens to cease to carry on its business or substantially the whole of its business; or
- (c) an encumbrancer takes possession or a receiver, administrator, administrative receiver or other similar officer is appointed to the whole or any material part of the undertaking, property and assets of the Seller or a distress, diligence or execution is levied or enforced upon or sued out against the whole or any material part of the chattels or property of the Seller and, in the case of any of the foregoing events, is not discharged within 30 days; or
- (d) the Seller is unable to pay its debts as they fall due; or
- (e) the Seller takes steps with a view to obtaining a moratorium in respect of any of its indebtedness or a moratorium is declared in respect of any of its indebtedness; or
- (f) the commencement of negotiations with one or more creditors of the Seller with a view to rescheduling any indebtedness of the Seller other than in connection with any refinancing in the ordinary course of business; or
- (g) the making of an arrangement, composition, or compromise (whether by way of voluntary arrangement, scheme of arrangement or otherwise) with any creditor of the Seller, a reorganisation of the Seller, a conveyance to or assignment for the creditors of the Seller generally or the making of an application to a court of competent jurisdiction for protection from the creditors of the Seller generally other than in connection with any refinancing in the ordinary course of business; or

- (h) any distress, execution, diligence, attachment or other process being levied or enforced or imposed upon or against the whole or any material part of the undertaking or assets of the Seller (excluding, in relation to the Issuer, by the Security Trustee or any Receiver) and, in the case of any of the foregoing events, is not discharged within 30 days; or
- (i) any procedure or step is taken, or any event occurs, analogous to those set out in (a)-(h) above, in any jurisdiction.

Save in relation to Loans which are Dematerialised Loans, the title deeds and customer files relating to the Portfolio are currently held by or to the order of the Seller. The Seller will undertake that all the title deeds and customer files relating to the Portfolio which are at any time in its possession or under its control or held to its order will be held to the order of the Issuer or as the Issuer directs or following the occurrence of an Event of Default, to the order of the Security Trustee.

Neither the Security Trustee nor the Issuer has made or has caused to be made on its behalf any enquiries, searches or investigations, but each is relying entirely on the representations and warranties made by the Seller contained in the Mortgage Sale Agreement.

#### *Representations and Warranties*

On the Issue Date, the Loan Warranties (as defined below) will be given by the Seller in respect of the Loans and their Related Security sold by the Seller to the Issuer.

The Seller will represent and warrant to the Issuer and the Security Trustee in the Mortgage Sale Agreement on the terms of the Loan Warranties (as defined below) in each case subject to certain additional amendments and conditions as set out in the Mortgage Sale Agreement:

- (a) in respect of each Loan and its Related Security in the Portfolio, as at the Cut-Off Date;
- (b) in relation to any Additional Borrowing, as at the last day of the Monthly Period in which the relevant Advance Date occurred;
- (c) in relation to each Loan which is subject to a Product Transfer, as at the last day of the Monthly Period in which the relevant Transfer Date occurred; and
- (d) in relation to each Substitute Loan on the relevant Substitution Date; subject that:
  - (i) any references to the Portfolio Notice shall be deemed to mean the schedule to the Substitute Loan Notice; and
  - (ii) any references to the Cut-Off Date shall mean the last day of the Monthly Period immediately preceding the relevant Substitution Date.

If any of the Loan Warranties are breached in respect of a Loan as at the Cut-Off Date or as at the last day of the Monthly Period in which the relevant Advance Date and/or Transfer Date (as the case may be) occurred, such Loan will be repurchased by the Seller in accordance with the provisions of the Mortgage Sale Agreement (see "*Repurchase by the Seller*" below for more details).

## **Loans**

The "**Loan Warranties**" to be given by the Seller will include, *inter alia*, the following warranties:

- (a) Neither the entry by the Seller into this Agreement nor any transfer, assignment or creation of trust contemplated by this Agreement affects or will adversely affect any of the Loans and their Related Security.

- (b) There is no restriction on the assignment of the Loans and their Related Security and the Seller may freely assign and enter into trust arrangements in respect of all its rights, title, interests and benefits therein as contemplated in this Agreement without breaching any term or condition applying to any of them.

The assignment of the Loans and their Related Security to the Issuer on the Closing Date is a legal, valid and binding assignment by the Seller, which is enforceable against the Seller and any creditors of the Seller and is not prohibited or invalid and any sale, transfer or assignment contemplated by this Agreement and its related agreements will not materially adversely affect any of the Loans and its related Mortgage and other Related Security.

## **2 Aspects of origination of the Mortgage**

As used in this Prospectus, "**Initial Advance**" means all amounts advanced by the Seller to a Borrower under a Loan other than an Additional Borrowing. Subject to the satisfaction of certain conditions described generally below, the Issuer will acquire Additional Borrowings.

**Additional Borrowings:** The Issuer shall purchase Additional Borrowings from the Seller on the date that the relevant Additional Borrowing is advanced to the relevant Borrowers by the Seller (the "**Advance Date**"). The Issuer will pay the Seller an amount equal to the principal amount of the relevant Additional Borrowing (the "**Additional Borrowing Purchase Price**") on the Monthly Test Date immediately following the Monthly Period in which the relevant Advance Date occurred by using amounts standing to the credit of the Principal Ledger. Where the Issuer (or the Cash Manager on its behalf) determines that the aggregate of the amounts standing to the credit of the Principal Ledger would not be sufficient to fund such Additional Borrowing Purchase Price, the Issuer will, prior to the Class Z VFN Commitment Termination Date, make a drawing under the Class Z VFN in an amount equal to the difference between (a) amounts standing to the credit of the Principal Ledger and (b) the Additional Borrowing Purchase Price and use such proceeds of the Class Z VFN to fund the purchase of Additional Borrowings under the Loans. If the Issuer is unable to fund the purchase of any Additional Borrowing from funds standing to the credit of the Principal Ledger and the Class Z VFN Holder fails to advance an amount equal to such shortfall in the Additional Borrowings Purchase Price to be paid on the Monthly Test Date, or if the Additional Borrowing occurs after the Step-Up Date the Issuer shall not complete the purchase of the relevant Additional Borrowing and the Seller must repurchase the related Loan and its Related Security in accordance with the terms of the Mortgage Sale Agreement. (See "*Repurchase by the Seller*" below for more details).

The Issuer will also pay Deferred Consideration in relation to the Loan to which such Additional Borrowing relates in accordance with the Pre-Acceleration Revenue Priority of Payments or the Post-Acceleration Priority of Payments (as applicable).

If it is determined by the Servicer on the Monthly Test Date immediately following the Monthly Period in which the relevant Advance Date occurred that any of the Asset Conditions have not been met as at the last day of the Monthly Period in which the relevant Advance Date occurred (or if it is subsequently discovered that the Asset Conditions were breached as at the last day of the Monthly Period in which the relevant Advance Date occurred) in respect of the Loan subject to such Additional Borrowing, then the Seller will have an obligation to remedy such breach within 30 days after receiving written notice of such breach from the Servicer. If such breach is not capable of remedy, or, if capable of remedy, is not remedied within the 30 day period on behalf of the Issuer, the Seller has an obligation to repurchase such Loan and its Related Security in accordance with the provisions of the Mortgage Sale Agreement. (See "*Repurchase by the Seller*" below for more details).

Neither the Servicer nor the Seller shall make an offer to a Borrower for an Additional Borrowing if it would result in the Issuer arranging or advising in respect of, administering (servicing) or entering into a regulated mortgage contract or agreeing to carry on any of these activities, if the Issuer would be required to be authorised under the FSMA to do so.

**Product Transfers:** The Seller (or the Servicer on behalf of the Seller) may offer a Borrower (and the Borrower may accept), or a Borrower may request, a Product Transfer. Any Loan which has been subject to a Product Transfer will remain in the Portfolio provided that it continues to satisfy the Asset Conditions. If it is subsequently determined by the Servicer on the Monthly Test Date immediately following the Monthly Period in which the Product Transfer was made that any of the Asset Conditions have not been met as at the last day of the Monthly Period in which the relevant Transfer Date occurred (or such breach was subsequently

discovered in respect of such date) in respect of a Loan which is the subject of a Product Transfer and which remains in the Portfolio, then the Seller will have an obligation to remedy such breach within 30 days after receiving written notice of such breach from the Servicer. If such breach is not capable of remedy, or, if capable of remedy, is not remedied within the 30 day period, the Seller has an obligation to repurchase such Loan and its Related Security (See "*Repurchase by the Seller*" below for more details).

The Seller (or the Servicer on its behalf) will be solely responsible for offering and documenting any Product Transfer. Neither the Servicer nor the Seller shall make an offer to a Borrower for a Product Transfer if it would result in the Issuer arranging or advising in respect of, administering (servicing) or entering into a regulated mortgage contract or agreeing to carry on any of these activities, if the Issuer would be required to be authorised under the FSMA to do so.

**"Product Transfer"** means any variation to the financial terms or conditions included in the Mortgage Conditions applicable to a Loan excluding:

- (a) any variation agreed with a Borrower to control or manage arrears on the Loan;
- (b) any variation in the maturity date of the Loan (unless the maturity date would be extended to a date later than two years before the Final Maturity Date of the Notes in which case such variation will constitute a Product Transfer);
- (c) any variation imposed by Law or as a result of UK Government policy changes or a regulatory body;
- (d) any variation in the rate of interest payable in respect of that Loan as a result of the operation and effect of and/or as contemplated by the existing terms of that Loan (including, but not limited to, following the end of any reversionary period or initial fixed rate period in respect of the Loan);
- (e) any variation in the method in which the Borrower makes repayments under the Loan;
- (f) any variation agreed with a Borrower which changes that Loan from an Interest-only Loan to a Repayment Loan; or
- (g) any partial release of security where, after such release, the Loan continues to satisfy the applicable LTV ratio requirements set out in the Asset Tests.

#### *High Deposit Loans*

On each Monthly Test Date, the Seller shall determine whether any Borrower has a deposit account with the Seller where the balance of such deposit account is in excess of £85,000 (or such other amount as set by the Financial Services Compensation Scheme from time to time as being the limit on deposits in an account which would be protected by the Financial Services Compensation Scheme) before notice of transfer of the legal ownership of that Borrower's Loan to the Issuer is given (any such Borrower a "**High Deposit Borrower**" and the relevant Loan, a "**High Deposit Loan**"). The Seller shall send notice to the Issuer, the Cash Manager and the Rating Agencies of any such High Deposit Loan(s) and the amount held on deposit by the relevant High Deposit Borrower with the Seller as at the immediately preceding Monthly Period End Date.

The Seller shall, pursuant to the terms of the Mortgage Sale Agreement, be required to repurchase any High Deposit Loan from the Issuer.

#### *Repurchase by the Seller*

As set out above and below, the Seller shall repurchase the relevant Loans and their Related Security in the following circumstances:

- (a) *Breach of Loan Warranties on the Issue Date.* If it is determined that a Loan sold to the Issuer on the Issue Date had breached any of the Loan Warranties as at the Issue Date, and where such breach is

either not capable of remedy or has not been remedied by the Seller within 30 days of receiving notice of such breach from the Issuer, then the Issuer shall serve a notice on the Seller pursuant to the Mortgage Sale Agreement (the "**Loan Repurchase Notice**") requiring the Seller to repurchase such Loan on or before the Monthly Test Date following the receipt by the Seller of such Loan Repurchase Notice or such other date as the Issuer may direct and which is no later than 30 days after receipt by the Seller of the Loan Repurchase Notice. The repurchase price for such Loan shall be equal to its Current Balance determined as at the date of repurchase;

- (b) *Insufficient Funds to fund Additional Borrowings.* If the Issuer is unable to fund the purchase of any Additional Borrowing from funds standing to the credit of the Principal Ledger and the Class Z VFN Holder fails to advance an amount equal to such shortfall, then the Issuer shall serve a Loan Repurchase Notice on the Seller requiring the Seller to repurchase the Loan subject to such Additional Borrowing on the Monthly Test Date following the Monthly Period in which such Additional Borrowing was advanced. The repurchase price for such Loan shall be equal to its Current Balance determined as at such Monthly Test Date (excluding the amount of the Additional Borrowing);
- (c) *Breach of the Asset Conditions in respect of Loans subject to an Additional Borrowing and/or Product Transfer.* If it is determined that a Loan subject to an Additional Borrowing or Product Transfer had not complied with the Asset Conditions on the last day of the Monthly Period in which the relevant Advance Date or Transfer Date occurred and where such breach is either not capable of remedy or has not been remedied by the Seller within 30 days of receiving notice of such breach from the Issuer, then the Issuer shall serve a Loan Repurchase Notice on the Seller requiring the Seller to repurchase such Loan subject to the relevant Additional Borrowing or Product Transfer on or before the Monthly Test Date following the receipt by the Seller of such Loan Repurchase Notice or such other date as the Issuer may direct and which is no later than 30 days after receipt by the Seller of the Loan Repurchase Notice. The repurchase price for such Loan shall be equal to its Current Balance determined as at the date of repurchase (excluding, if applicable, the amount of any Additional Borrowing which has not yet been paid for by the Issuer);
- (d) *Interest Rate Hedging:* If any Back-to-Back Swap relating to the Interest Rate Swap Agreement (or to any replacement interest rate swap entered into on terms similar to those set out in the Interest Rate Swap Agreement) is terminated, the Seller will be required to repurchase any Fixed Rate Loan subject to an Additional Borrowing or a Product Transfer or any AMR Loan subject to a Product Transfer which results in such AMR Loan becoming a Fixed Rate Loan, in each case on or before the Monthly Test Date immediately following the receipt by the Seller of a Loan Repurchase Notice or such other date as the Issuer may direct and which is no later than 30 days after receipt by the Seller of the Loan Repurchase Notice. The repurchase price for such Loan shall be equal to its Current Balance determined as at the date of repurchase (excluding, if applicable, the amount of any Additional Borrowing which has not yet been paid for by the Issuer); and
- (e) *High Deposit Loans:* In the event the Seller determines on any Monthly Test Date that there is a High Deposit Loan in the Portfolio, the Issuer shall serve a Loan Repurchase Notice on the Seller requiring the Seller to repurchase such High Deposit Loan on or before the Monthly Test Date falling at least 30 days following the receipt by the Seller of such Loan Repurchase Notice. The repurchase price for such Loan shall be equal to its Current Balance determined as at the date of repurchase.

*Non-compliance with UK Securitisation Framework or the UK LCR*

The Seller may repurchase Loans and their Related Security which are not compliant with Article 13 (*Level 2B securitisations*) of the UK LCR Regulation or SECN 2 and/or with any official guidance issued in relation thereto (each a "**Non-Compliant Loan**"), provided that the Seller has certified to the Security Trustee that a

repurchase of the non-compliant loan is necessary in order to comply with the requirements of paragraph 2(g)(i) of Article 13 (*Level 2B securitisations*) of the UK LCR Regulation (or, if different, the equivalent provisions in the approved version of the UK LCR Regulation) or SECN 2.

The Seller may offer the Issuer (and the Issuer shall accept) a substitute loan as consideration for the repurchase of a Loan which has been determined to be a Non-Compliant Loan (a "**Substitute Loan**").

Any Substitute Loan will be assigned to the Issuer unless notice that any of the Substitution Conditions are not satisfied (a "**Notice of Non-Satisfaction of Substitution Conditions**") has been given by the Seller or the Servicer (on behalf of the Seller) to the Issuer and such notice has not been revoked by the Seller or the Servicer (on behalf of the Seller) no later than 12 noon on the Business Day prior to the repurchase date of the Non-Compliant Loan (the "**Substitution Date**").

A Notice of Non-Satisfaction of Substitution Conditions may be given by the Seller or the Servicer (on behalf of the Seller) to the Issuer if they reasonably believe that any of the following conditions (the "**Substitution Conditions**") are not satisfied:

- (a) no Event of Default has occurred and is continuing;
- (b) no Seller Insolvency Event has occurred;
- (c) if required, the Interest Rate Swap Agreement will be appropriately varied or, if appropriate, the Issuer will enter into a new basis rate swap, in order to hedge against the interest rate payable on the Substitute Loan(s) and the floating rate of interest payable on the Notes;
- (d) the Servicer has reasonably determined that the Asset Tests will be complied with as of the last day of the Monthly Period in which the Substitution Date occurs; and
- (e) in respect of each Substitute Loan provided as consideration for the repurchase of a Loan, such Substitute Loan is of substantially similar characteristics and credit quality to the Loan it replaces (as reasonably determined by the Servicer (where the Servicer is the Seller)), taking into account the (i) Unindexed Current LTV, (ii) product type, and (iii) rate of interest in respect of such Substitute Loan.

If no Notice of Non-Satisfaction of Substitution Conditions has been given by the Seller to the Issuer, or has been so given and subsequently revoked by the Seller no later than 12 noon on the Business Day prior to the relevant Substitution Date, and the Substitute Loan is assigned to the Issuer, the Seller must, in relation to the relevant Loan, give the representations and warranties in respect of Substitute Loans set out in the Mortgage Sale Agreement as at the relevant Substitution Date.

If it is subsequently determined that:

- (x) any representation or warranty made by it in respect of any of the Substitute Loans was materially untrue as at the Substitution Date; or
- (y) any Substitution Condition was in fact not satisfied on the Substitution Date for a Substitute Loan despite no Notice of Non-Satisfaction of Substitution Conditions being given by the Seller to the Issuer,

and, if either of the occurrences specified in (x) or (y) above is not capable of remedy or, if capable of remedy, has not been remedied within 30 days of receipt by the Seller of notice from the Issuer, the Seller will, upon receipt of a loan repurchase notice from the Issuer, repurchase the entire Substitute Loan and its Related Security from the Issuer on the date specified in the relevant Loan Repurchase Notice.

Consideration for such repurchase will be provided by payment in cash equal to the aggregate of the Current Balance (excluding, if applicable, the amount of any Additional Borrowing which has not yet been paid for by

the Issuer) of the relevant Substitute Loan or Substitute Loans (determined as at the date of repurchase (excluding, if applicable, the amount of any Additional Borrowing which has not yet been paid for by the Issuer)), as the case may be.

### **Asset Conditions**

In order for any Loan which has been the subject of an Additional Borrowing or Product Transfer to remain in the Portfolio, the conditions below (the "**Asset Conditions**") must be complied with as of the last day of the Monthly Period in which the relevant Transfer Date or Advance Date occurred. The Asset Conditions will be tested on the Monthly Test Date immediately following the Monthly Period in which such sale of the Additional Borrowing or Product Transfer took place.

If the Seller accepts an application from or makes an offer (which is accepted) to a Borrower for an Additional Borrowing or a Product Transfer and if any of the Asset Conditions relating to the Loan subject to that Additional Borrowing or Product Transfer is not satisfied as at the last day of the Monthly Period in which the relevant Advance Date and/or Transfer Date occurred, then such Loan will be repurchased by the Seller in accordance with the provisions of the Mortgage Sale Agreement (see "*Repurchase by the Seller*" above for more details).

The Asset Conditions are:

- (a) the Current Balance of the Loans comprising the Portfolio, in respect of which the aggregate amount in arrears is more than three times the Monthly Payment then due, is less than four per cent. of the aggregate Current Balance of the Loans comprising the Portfolio at that date;
- (b) the General Reserve Fund is at the General Reserve Required Amount, or failing such condition, a drawing is made under the Class Z VFN in order to replenish the General Reserve Fund to the General Reserve Required Amount;
- (c) each Loan and its Related Security which is the subject of an Additional Borrowing and/or Product Transfer complies with the Loan Warranties at the end of the Monthly Period in which such Additional Borrowing and/or Product Transfer occurred;
- (d) the Additional Borrowing or, as the case may be, Product Transfer does not, of itself, cause any of the Asset Tests to become breached on the relevant test date (after taking into account any drawing under the Class Z VFN);
- (e) no Event of Default has occurred which is continuing;
- (f) the aggregate amount of all Additional Borrowings made since the Cut-Off Date does not exceed three per cent. of the Current Balance of the Loans comprised in the Portfolio as at the Cut-Off Date;
- (g) in respect of Additional Borrowings or Product Transfers, the Advance Date or the Transfer Date (as the case may be) falls before the Step-Up Date;
- (h) no Seller Insolvency Event has occurred; and
- (i) the Additional Borrowing (if it is a Fixed Rate Loan) and/or Product Transfer (if, following the relevant Product Transfer, it is a Fixed Rate Loan) is included in the notional amount of the Interest Rate Swap when the Interest Rate Swap is next reset.

"**Asset Tests**" means, in relation to any Monthly Test Date, tests which satisfy each of the following conditions as at the last day of the Monthly Period immediately preceding the relevant Monthly Test Date:

- (a) the weighted average post-swap yield of any Fixed Rate Loans in the Portfolio (taking into account any Additional Borrowings or Product Transfers made in the preceding Monthly Period) is not less than Compounded Daily SONIA plus 0.50 per cent.;
- (b) the reversion date of any Fixed Rate Loans in the Portfolio (taking into account any Additional Borrowings or Product Transfers made in the preceding Monthly Period) is no later than 5 years and 6 months and one Interest Payment Date after the Step-Up Date;
- (c) the Interest-only Loans in the Portfolio that have had Additional Borrowings advanced or have been subject to a Product Transfers, (taking into account any Additional Borrowings and Product Transfers made in the preceding Monthly Period) does not make the aggregate Current Balance of all Interest-only Loans in the Portfolio exceed 15 per cent. of the aggregate Current Balance of all Loans in the Portfolio;
- (d) the advance of Additional Borrowings in respect of Loans where the primary Borrower is self-employed (taking into account any Additional Borrowings made in the preceding Monthly Period) does not make the aggregate Current Balance of all Loans in the Portfolio where the primary Borrower is self-employed exceed 40 per cent. of the aggregate Current Balance of all Loans in the Portfolio; and
- (e) the weighted average LTV ratio of the Portfolio in respect of its Original Valuation (calculated by dividing the Total Debt Advanced by the Original Valuation) does not exceed 85 per cent.;

"**Original Valuation**" means the property valuation at the time of the latest advance.

"**Total Debt Advanced**" means the total amount of debt outstanding immediately following the last advance.

#### *Governing Law*

The Mortgage Sale Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

### **The Cross-collateral Mortgage Rights Deed**

The conditions of each of the Mortgages (each a "**Cross-collateral Mortgage**") provide, among other things, some rights (the "**Cross-collateral Rights**") which allow the relevant mortgagee of any such Cross-collateral Mortgage:

- (a) to declare immediately due and repayable each liability secured by that Cross-collateral Mortgage and to exercise the statutory power of sale under that Cross-collateral Mortgage if and when the mortgagee of any other mortgage in the name of the same mortgagor is entitled to declare immediately due and repayable any liability secured by that other mortgage; and
- (b) to apply the proceeds of enforcement under the Cross-collateral Mortgages of the relevant mortgagor against all liabilities secured by the mortgages in the name of the same mortgagor.

On or about the Issue Date, the Issuer will enter into a cross-collateral mortgage rights deed between, among others, the Seller and CSC Trustees Limited (as amended, restated and supplemented from time to time, the "**Cross-collateral Mortgage Rights Deed**") to regulate the respective rights between each person who as of the date of this Prospectus has or may have a beneficial interest in any Mortgage that is a Cross-collateral Mortgage that includes Cross-collateral Rights which may apply to one or more of the Mortgages.

The Cross-collateral Mortgage Rights Deed seeks to provide that each party thereto who is a beneficial owner of a Cross-collateral Mortgage (which, upon it becoming a party to the Cross-collateral Mortgage Rights Deed, will include the Issuer): (i) shall only have Cross-collateral Rights in respect of Cross-collateral Mortgages that it beneficially owns; (ii) waives all rights to exercise Cross-collateral Rights in respect of other Cross-collateral Mortgages which are not beneficially owned by it; (iii) waives all rights to take any action or proceedings against any other beneficial owner of Cross-collateral Mortgages to exercise the Cross-collateral Rights of that other beneficial owner; (iv) waives any rights to the proceeds of enforcement of Cross-collateral Mortgages not beneficially owned by it; and (v) agrees that if it enforces a Cross-collateral Mortgage in respect of which Cross-collateral Rights attach, the proceeds of such enforcement after deduction of all related costs and expenses shall be applied by or on behalf of it in respect of the Cross-collateral Mortgages beneficially owned by it firstly to repay all amounts owing by the mortgagee or heritable creditor under the enforced Cross-collateral Mortgage beneficially owned by it in accordance with the applicable Mortgage Conditions and, secondly, to the extent there are additional proceeds of enforcement, apply such proceeds in accordance with the approach of a Reasonable, Prudent Mortgage Lender.

The Seller covenants that it will use its reasonable endeavours to prevent, and will not facilitate or otherwise permit, the enforcement of any Cross-collateral Rights by any other Cross-collateral Party (as defined in the Cross-collateral Mortgage Rights Deed) in respect of any Mortgage except in the circumstances and to the extent that such Cross-collateral Party is not prohibited by the provisions of the Cross-collateral Mortgage Rights Deed from exercising Cross-collateral Rights in respect of that Mortgage.

#### *Governing Law*

The Cross-collateral Mortgage Rights Deed and any non-contractual obligations arising out of or in connection with it are governed by English law.

## **Servicing Agreement**

### *Introduction*

On or about the Issue Date, the Servicer will be appointed by the Issuer to be its agent to service the Loans and their Related Security. The Servicer must comply with any proper directions and instructions that the Issuer or, following service of a Note Acceleration Notice, the Security Trustee may from time to time give to it in accordance with the provisions of the Servicing Agreement.

The Servicer's actions in servicing the Loans and their Related Security in accordance with its procedures are binding on the Issuer. The Servicer may, in some circumstances, delegate or sub-contract some or all of its responsibilities and obligations under the Servicing Agreement. However, the Servicer remains liable at all times for servicing the Loans and their Related Security and for the acts or omissions of any delegate or sub-contractor.

### *Powers*

Subject to the guidelines for servicing set forth in the preceding section, the Servicer has the power, among other things:

- (a) to exercise the rights, powers and discretions of the Issuer in relation to the Loans and their Related Security and to perform its duties in relation to the Loans and their Related Security; and
- (b) to do or cause to be done any and all other things which it reasonably considers necessary or convenient or incidental to the servicing of the Loans and their Related Security or the exercise of such rights, powers and discretions.

*Undertakings by the Servicer*

The Servicer has undertaken to the Issuer and the Security Trustee to, among other things:

- (a) manage and/or service the Loans and their Related Security sold by the Seller to the Issuer as if the same had not been, or were not to be, sold to the Issuer but had remained with the Seller in accordance with the originating, underwriting, administration, arrears and enforcement policy for their repayment which are beneficially owned solely by the Seller as it applies to such Loans and their Related Security from time to time (the "**Seller's Policy**");
- (b) provide the Services in such manner and with the same level of skill, care and diligence as would a Reasonable, Prudent Mortgage Lender;
- (c) comply with any proper directions, orders and instructions which the Issuer may from time to time give to it in accordance with the provisions of the Servicing Agreement;
- (d) keep in force all approvals, authorisations, permissions and consents required in order properly to service the Loans and their Related Security and to perform or comply with its obligations under the Servicing Agreement, and to prepare and submit all necessary applications and requests for any further approval, authorisation or consent required in connection with the performance of the Services under the Servicing Agreement and in particular prepare and submit on a timely basis any necessary notification or fees under the Data Protection (Charges and Information) Regulations 2018;
- (e) allocate office space, facilities, equipment and staff sufficient to enable it to perform its obligations under the Servicing Agreement;
- (f) not knowingly fail to comply with any legal or regulatory requirements in the performance of the Services;
- (g) make all payments required to be made by it pursuant to the Servicing Agreement on the due date for payment thereof in Sterling (or as otherwise required under the Transaction Documents) in immediately available funds for value on such day without set-off (including, without limitation, in respect of any fees owed to it) or counterclaim but subject to any deductions required by law;
- (h) not without the prior written consent of the Security Trustee amend or terminate any of the Transaction Documents save in accordance with their terms;
- (i) as soon as reasonably practicable upon becoming aware of any event which may reasonably give rise to an obligation of the Seller to repurchase any Loan sold by the Seller to the Issuer pursuant to the Mortgage Sale Agreement, notify the Issuer in writing of such event;
- (j) on or prior to each Monthly Test Date, (i) to the extent that Aldermore is acting as both Servicer and Cash Manager, to the extent reasonably requested by the Issuer, to provide the Issuer with all relevant information relating to the Portfolio necessary to produce the Monthly Investor Report and, (ii) only to the extent that, at any time, Aldermore is not acting as both the Servicer and the Cash Manager, to provide the Cash Manager, the Issuer and the Seller with a report detailing the information relating to the Portfolio necessary to produce a monthly investor report (the "**Monthly Servicer Report**");
- (k) on or prior to each Calculation Date, (i) to the extent that Aldermore is acting as both Servicer and Cash Manager, to the extent reasonably requested by the Issuer, to provide the Issuer with all relevant information relating to the Portfolio necessary to produce the Quarterly Investor Report and, (ii) only to the extent that, at any time, Aldermore is not acting as both the Servicer and the Cash Manager, to provide the Cash Manager, the Issuer and the Seller with a report detailing the information relating to

the Portfolio necessary to produce the Quarterly Investor Report (the "**Quarterly Servicer Report**") for the purposes of SECN 6.2.1R(5) and the related FCA Transparency Rules, Article 7(1)(e) of Chapter 2 of the PRA Securitisation Rules and the related PRA Transparency Rules and Article 7(1)(e) of the EU Securitisation Regulation and in the forms prescribed under the UK Transparency Rules and Article 7 EU Technical Standards as at the Issue Date;

- (l) deliver to the Issuer and the Security Trustee as soon as reasonably practicable but in any event within five Business Days of becoming aware thereof a notice of any Servicer Termination Event or any event which with the giving of notice or lapse of time or certification would constitute the same; and
- (m) to comply at all times with the requirements of Regulation (EU) 2016/679 as it forms part of domestic law in the United Kingdom by virtue of EUWA ("**UK GDPR**") and any other applicable law in any relevant jurisdiction that applies to the processing of data relating to living persons, in each case as amended or replaced from time to time (collectively, "**Data Protection Law**").

#### *Setting of Interest Rates on the Loans*

In addition to the undertakings described above, the Servicer has also undertaken in the Servicing Agreement to determine and set, in relation to the Loans in the Portfolio, the standard variable rate (the "**Issuer Aldermore Managed Rate**") and any other discretionary rates or margins applicable in relation to the Loans comprising the Portfolio from time to time. The Servicer will not (except in limited circumstances) at any time set or maintain:

- (a) the Issuer Aldermore Managed Rate applicable to any Variable Rate Loan in the Portfolio at a rate which is higher than (although it may be equal to) the then prevailing relevant Seller Aldermore Managed Rate which applies to Loans beneficially owned by the Seller outside the Portfolio (the "**Seller Aldermore Managed Rate**" and together with the Issuer Aldermore Managed Rate, the "**Aldermore Managed Rates**"); or
- (b) any other discretionary rate or margin (together with the Aldermore Managed Rates, the "**Discretionary Rates**") in respect of any other Loan in the Portfolio which is higher than (although it may be equal to) the interest rate or margin of the Seller, which applies to that type of Loan beneficially owned by the Seller outside the Portfolio.

As soon as reasonably practicable following a Perfection Event, the Servicer shall take all steps which are necessary to set the Issuer Aldermore Managed Rate (including publishing any notice which is required in accordance with the Mortgage Conditions to effect such change in the Issuer Aldermore Managed Rate) to a rate not less than a rate equal to Compounded Daily SONIA calculated as at the most recent Interest Payment Date plus 2.15 per cent. and thereafter the Servicer shall set the Issuer Aldermore Managed Rate on a quarterly basis on each Interest Payment Date at a rate not less than Compounded Daily SONIA calculated as at such Interest Payment Date plus 2.15 per cent.

#### *Reasonable, Prudent Mortgage Lender*

For the avoidance of doubt, any action taken by the Servicer to set the Discretionary Rates which are lower than that of the competitors of the Seller will be deemed to be in accordance with the standards of a Reasonable, Prudent Mortgage Lender.

#### *Compensation of the Servicer*

The Servicer receives a fee for servicing the Loans and their Related Security. So long as Aldermore is the Servicer, the Issuer pays to the Servicer a servicing fee (inclusive of VAT, if any) for its services (but not in respect of its reporting obligations as set out in the Servicing Agreement) of 0.08 per cent. per annum on the aggregate Current Balance of the Loans in the Portfolio as determined on the preceding Calculation Date. The

fee is payable quarterly in arrear on each Interest Payment Date in the manner contemplated by and in accordance with the Pre-Acceleration Revenue Priority of Payments or, as the case may be, the Post-Acceleration Priority of Payments. If a replacement servicer is appointed in accordance with the terms of the Servicing Agreement, the Issuer shall pay the replacement servicer for its services a fee to be determined at the time of such appointment.

#### *Removal or Resignation of the Servicer*

The Issuer (subject to the prior written consent of the Security Trustee) or (following the delivery of a Note Acceleration Notice) the Security Trustee may, upon written notice to the Servicer, terminate the Servicer's appointment under the Servicing Agreement if any of the following events (each a "**Servicer Termination Event**") occurs and while such event continues:

- the Servicer defaults in the payment on the due date of any payment due and payable by it under the Servicing Agreement and such default continues unremedied for a period of 30 Business Days after the earlier of the Servicer becoming aware of such default and receipt by the Servicer of written notice from the Issuer, the Seller or the Security Trustee, as the case may be, requiring the same to be remedied;
- the Servicer defaults in the performance or observance of any of its other covenants and obligations under the Servicing Agreement, which default in the reasonable opinion of the Security Trustee is materially prejudicial to the interests of the Noteholders, and the Servicer does not remedy that failure within 30 Business Days after the earlier of the Servicer becoming aware of the default and of receipt by the Servicer of written notice from the Issuer, the Seller or, after the delivery of a Note Acceleration Notice, the Security Trustee requiring the Servicer's non-compliance to be remedied; provided that where the relevant default occurs as a result of a default by any person to whom the Servicer has sub-contracted or delegated part of its obligations hereunder, such default shall not constitute a Servicer Termination Event if, within such period of 30 Business Days of receipt of such notice from the Issuer, the Seller and/or (as the case may be), after the delivery of a Note Acceleration Notice, the Security Trustee, the Servicer terminates the relevant sub-contracting or delegation arrangements and takes such steps as the Issuer, the Seller and/or (as the case may be), after the delivery of a Note Acceleration Notice, the Security Trustee may in their absolute discretion specify to remedy such default or to indemnify and/or secure and/or prefund the Issuer and/or the Security Trustee against the consequences of such default; or
- an Insolvency Event occurs in relation to the Servicer.

Upon the termination of the appointment of the Servicer as Servicer (which is Aldermore in the first instance) as a result of the occurrence of a Servicer Termination Event, the Back-Up Servicer Facilitator will (pursuant to the Servicing Agreement) promptly use its reasonable endeavours to identify, on behalf of the Issuer (and subject to the approval of the Security Trustee), a suitable replacement servicer to replace the Servicer (but shall have no liability to any person in the event that, having used reasonable endeavours, it is unable to appoint a suitable replacement servicer).

Subject to the fulfilment of a number of conditions, the Servicer may voluntarily resign by giving not less than 12 months' written notice to the Security Trustee and the Issuer with a copy to the Rating Agencies (or such shorter time as may be agreed between the Servicer, the Issuer and the Security Trustee) provided that a replacement servicer qualified to act as such under the FSMA and the CCA and with a management team with experience of servicing residential mortgages in the United Kingdom has been appointed and enters into a servicing agreement with the Issuer substantially on the same terms as the Servicing Agreement (if such terms are not available in the market, upon such terms as are reasonable taking into account the prevailing market).

The resignation of the Servicer is conditional on the resignation having no adverse effect on the then current ratings of the Class A Notes unless the Noteholders agree otherwise by Extraordinary Resolution.

If the appointment of the Servicer is terminated or the Servicer resigns, the Servicer must deliver the title deeds and loan files relating to the Loans comprised in the Portfolio in its possession to, or at the direction of, the Issuer. The Servicing Agreement will terminate at such time as the Issuer has no further interest in any of the Loans or their Related Security serviced under the Servicing Agreement that have been comprised in the Portfolio.

Neither the Note Trustee nor the Security Trustee is obliged to act as servicer in any circumstances.

**"Insolvency Event"** means, in relation to the Servicer (the **"Relevant Entity"** for the purposes of this definition):

- (a) an order is made or an effective resolution passed for the winding up of the Relevant Entity; or
- (b) the Relevant Entity ceases or threatens to cease to carry on the whole of its business or stops payment or threatens to stop payment of its debts or is deemed unable to pay its debts within the meaning of section 123(1)(a), (b), (c) or (d) of the Insolvency Act 1986 or becomes unable to pay its debts as they fall due or the value of its assets falls to less than the amounts of its liabilities (taking into account, for both these purposes, contingent and prospective liabilities) or otherwise becomes insolvent; or
- (c) proceedings (including, but not limited to, presentation of an application for an administration order, the filing of documents with the court for the appointment of an administrator or the service of a notice of intention to appoint an administrator) are initiated against the Relevant Entity under any applicable liquidation, administration, reorganisation (other than a reorganisation where the Relevant Entity is solvent) or other similar laws, save where such proceedings are being contested in good faith; or an administrative or other receiver, administrator or other similar official is appointed in relation to the whole or the substantial part of the undertaking or assets of the Relevant Entity or the appointment of an administrator takes effect; or a distress, execution or diligence or other process is enforced upon the whole or the substantial part of the undertaking or assets of the Relevant Entity and in any of the foregoing cases it is not discharged within 15 Business Days; or if the Relevant Entity initiates or consents to judicial proceedings relating to itself under any applicable liquidation, administration, insolvency, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of its creditors generally or takes steps with a view to obtaining a moratorium in respect of any indebtedness.

#### *Liability of the Servicer*

The Servicer will indemnify each of the Issuer and the Security Trustee on demand on an after-tax basis for any loss, liability, claim, expense or damage suffered or incurred by it in respect of the negligence, fraud or wilful default of the Servicer or any of its sub-contractors or delegates in carrying out its functions as Servicer under the Servicing Agreement or such other Transaction Documents to which the Servicer is a party (in its capacity as such).

#### *Governing Law*

The Servicing Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law and will be made by way of deed.

#### **Deed of Charge**

On the Issue Date, the Issuer will enter into the Deed of Charge with, *inter alios*, the Security Trustee.

### *Security*

Under the terms of the Deed of Charge, the Issuer will provide the Security Trustee with the benefit of, *inter alia*, the following security (the "**Security**") as trustee for itself and for the benefit of the other Secured Creditors (including the Noteholders):

- (a) an assignment by way of security of (and, to the extent not assigned, a charge by way of first fixed charge (which may take effect as a floating charge) over) the Issuer's right, title, interest and benefit in and to the Transaction Documents (subject to any set-off or netting provisions provided therein) (other than the Subscription Agreement, the Trust Deed and the Deed of Charge);
- (b) an assignment by way of security of (and, to the extent not assigned, a charge by way of first fixed charge (which may take effect as a floating charge) over) the Issuer's interest in the Loans and the Mortgages and their respective Related Security and other related rights comprised in the Portfolio;
- (c) an assignment by way of security of (and, to the extent not assigned, a charge by way of first fixed charge (which may take effect as a floating charge) over) the Issuer's right, title, interest and benefit to and under insurance policies assigned to the Issuer pursuant to the Mortgage Sale Agreement;
- (d) a charge by way of first fixed charge (which may take effect as a floating charge) over the Issuer's interest in its bank accounts maintained with the Account Bank and the Swap Collateral Account Bank and any other bank account (including any securities account) and any sums or other collateral standing to the credit thereof; and
- (e) a charge by way of first fixed charge (which may take effect as a floating charge) over the Issuer's interest in all Authorised Investments permitted to be made by the Cash Manager (acting in its sole discretion) on behalf of the Issuer; and
- (f) a floating charge over all other assets of the Issuer not otherwise subject to a fixed charge.

**"Authorised Investments"** means:

- (a) Sterling gilt-edged securities; and
- (b) Sterling demand or time deposits, certificates of deposit and short-term debt obligations (including commercial paper),

provided that in all cases such investments will only be made such that there is no withholding or deduction for or on account of taxes applicable thereto and subject to:

- (i) such investments (A) having a maturity date of 30 days or less and maturing before the next following Interest Payment Date or within 30 days, whichever is sooner (and in each case for at least the price paid for the relevant investment), (B) being capable of being broken or demanded by the Issuer (at no cost to the Issuer and for at least the price paid for the relevant investment) before the next following Interest Payment Date or within 30 days, whichever is sooner, and (C) being rated at least "P-1" by Moody's (and "A2" (long term) by Moody's if the investments have a long-term rating) and "F1" (short term) and/or "A" (long term) by Fitch; or
- (ii) such investments (A) having a maturity date of 90 days or less and maturing before the next following Interest Payment Date or within 90 days, whichever is sooner (and in each case for at least the price paid for the relevant investment), (B) being capable of being broken or demanded by the Issuer (at no cost to the Issuer and for at least the price paid for the relevant investment) before the next following Interest Payment Date or within 90 days, whichever is sooner, and (C) being

rated at least "P-1" by Moody's (and "A1" (long term) by Moody's if the investments have a long term rating) and "F1+" (short term) and/or "AA-" (long term) by Fitch.

**"Transaction Documents"** means the Servicing Agreement, the Agency Agreement, the Bank Account Agreement, the Swap Collateral Account Agreement, the Cash Management Agreement, the Seller Collection Account Declaration of Trust, the Corporate Services Agreement, the Deed of Charge and any documents entered into pursuant to the Deed of Charge, the Interest Rate Swap Agreement, the Reporting Delegation Agreement, the Issuer Power of Attorney, the Master Definitions and Construction Schedule, the Mortgage Sale Agreement, the Cross-Collateral Mortgage Rights Deed, the Seller Power of Attorney, the Trust Deed and such other related documents which are referred to in the terms of the above documents or which relate to the issue of the Notes.

**"Secured Creditors"** means the Security Trustee, the Note Trustee, any Appointee, the Noteholders, the Seller, the Servicer, the Cash Manager, the Back-Up Cash Manager Facilitator, the Back-Up Servicer Facilitator, the Interest Rate Swap Provider, the Reporting Delegate, any replacement interest rate swap provider, the Account Bank, the Swap Collateral Account Bank, the Corporate Services Provider, the Paying Agents, the Class Z VFN Registrar, the Agent Bank and any other person who is expressed in the Deed of Charge or any deed supplemental to the Deed of Charge to be a secured creditor.

The floating charge created by the Deed of Charge may "crystallise" and become a fixed charge over the relevant class of assets owned by the Issuer at the time of crystallisation. Crystallisation will occur automatically following the occurrence of specific events set out in the Deed of Charge, including, among other events, when a Note Acceleration Notice is served. A crystallised floating charge will rank ahead of the claims of unsecured creditors which are in excess of the prescribed part but will rank behind the expenses of any administration or liquidator, the claims of preferential creditors and the beneficiaries of the prescribed part on enforcement of the Security.

For the purposes of SECN 2.2.18R, no provision of the Deed of Charge requires automatic liquidation upon default.

#### *Pre-Acceleration Revenue Priority of Payments and Pre-Acceleration Principal Priority of Payments*

Prior to the Note Trustee serving a Note Acceleration Notice on the Issuer pursuant to Condition 10 (*Events of Default*) of the Notes, declaring the Notes to be immediately due and payable, the Cash Manager (on behalf of the Issuer) shall apply monies standing to the credit of the Transaction Account as described in "*Cashflows — Application of Available Revenue Receipts prior to service of a Note Acceleration Notice on the Issuer*" and "*Application of Available Principal Receipts prior to the service of a Note Acceleration Notice on the Issuer*" below.

#### *Post-Acceleration Priority of Payments*

After the Note Trustee has served a Note Acceleration Notice (which has not been withdrawn) on the Issuer pursuant to Condition 10 (*Events of Default*) of the Notes, declaring the Notes to be immediately due and payable, the Security Trustee (or the Cash Manager on its behalf) shall apply the monies available in accordance with the Post-Acceleration Priority of Payments defined in "*Cashflows — Distribution of Available Principal Receipts and Available Revenue Receipts following the service of a Note Acceleration Notice on the Issuer*" below.

The Security will become enforceable following the service of a Note Acceleration Notice on the Issuer pursuant to Condition 10 (*Events of Default*) of the Notes provided that, if the Security has become enforceable otherwise than by reason of a default in payment of any amount due on the Notes, the Security Trustee will not be entitled to dispose of the assets comprised in the Security or any part thereof unless either:

- (a) the Cash Manager certifies to the Security Trustee that a sufficient amount would be realised to allow discharge in full on a *pro rata* and *pari passu* basis of all amounts owing to the Class A Noteholders (and all persons ranking in priority to the Class A Noteholders as set out in the Post-Acceleration Priority of Payments) or, if no Class A Notes are outstanding, to the Class Z VFN Holder (and all persons ranking in priority thereto) which certificate shall be binding on the Secured Creditors; or
- (b) the Security Trustee is of the opinion which opinion shall be binding on the Secured Creditors and reached after considering at any time and from time to time the advice of any financial adviser (or such other professional adviser selected by the Security Trustee for the purpose of giving such advice) that the cashflow expected to be received by the Issuer will not (or that there is a significant risk that it will not) be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts owing to the Class A Noteholders and all persons ranking in priority to the Class A Noteholders as set out in the Post-Acceleration Priority of Payments or, if no Class A Notes are outstanding, to the Class Z VFN Holder (and all persons ranking in priority thereto).

The Security Trustee shall not be bound to make the determinations in paragraph (b) above unless the Security Trustee shall have been indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which it may incur by so doing.

The fees and expenses of the aforementioned financial adviser or other professional adviser selected by the Security Trustee shall be paid by the Issuer.

The Note Trustee will agree to hold the benefit of the Issuer's covenant to pay amounts due in respect of the Notes on trust for the Noteholders.

In accordance with the terms of the Trust Deed, the Issuer will pay a fee to the Note Trustee for its services under the Trust Deed at the rate and times agreed between the Issuer and the Note Trustee together with payment of any liabilities incurred by the Note Trustee in relation to the Note Trustee's performance of its obligations under or in connection with the Trust Deed and the other Transaction Documents.

#### *Retirement of Note Trustee*

The Note Trustee may retire at any time upon giving not less than 60 days' notice in writing to the Issuer without giving any reason and without being responsible for any liabilities incurred by reason of such retirement. The Noteholders may by Extraordinary Resolution remove all trustees (but not some only) for the

time being who are acting pursuant to the Trust Deed and the Deed of Charge. The Issuer will agree in the Trust Deed that, in the event of the only trustee under the Trust Deed giving notice of its retirement or being removed by Extraordinary Resolution, it shall use its reasonable endeavours to procure a new trustee (being a trust corporation) to be appointed as soon as reasonably practicable thereafter. The retirement or removal of the Note Trustee shall not become effective until a successor trustee (being a trust corporation) is appointed. If no appointment of a new trustee has become effective on expiry of such notice or within 60 days from the date of such notice of retirement or Extraordinary Resolution, the Note Trustee will be entitled to appoint a trust corporation as trustee but no such appointment shall take effect unless previously approved by Extraordinary Resolution.

#### *Remuneration of Cash Manager*

The Cash Manager will be paid a fee (inclusive of VAT, if any) for its cash management services under the Cash Management Agreement quarterly in arrear on each Interest Payment Date. So long as Aldermore is the Cash Manager, the Issuer will pay to the Cash Manager a cash management fee (inclusive of VAT, if any) of

The fee is payable quarterly in arrear on each Interest Payment Date in the manner contemplated by and in accordance with the Pre-Acceleration Revenue Priority of Payments or, as the case may be, the Post-Acceleration Priority of Payments. If a replacement cash manager is appointed, the Issuer shall pay the replacement cash manager for its services a fee to be determined at the time of such appointment.

#### *Termination of Appointment and Replacement of Cash Manager*

In certain circumstances the Issuer and the Security Trustee will each have the right to terminate the appointment of the Cash Manager and upon termination, the Back-Up Cash Manager Facilitator will (pursuant to the Cash Management Agreement) use its reasonable endeavours to identify, on behalf of the Issuer, a suitable replacement cash manager to replace the Cash Manager (but shall have no liability to any person in the event that, having used reasonable endeavours, it is unable to appoint a replacement cash manager)

In certain limited circumstances, a default by the Cash Manager in the provision of (i) the Investor Report or (ii) certain information required by the Principal Paying Agent in respect of making payments on the Class A Notes may be remedied by the Cash Manager within the next 2 Business Days. If such a default is so remedied, the Cash Manager will not, at such time, be replaced by a replacement cash manager for such breach.

Subject to the fulfilment of a number of conditions, the Cash Manager may voluntarily resign by giving not less than 12 months' written notice to the Security Trustee and the Issuer with a copy to the Rating Agencies (or such shorter time as may be agreed between the Cash Manager, the Issuer and the Security Trustee) provided that a replacement cash manager with requisite experience has been appointed by the Issuer (with the assistance of the Back-Up Cash Manager Facilitator) and enters into a cash management agreement with the Issuer substantially on the same terms as the Cash Management Agreement (or if such terms are not available in the market, upon such terms as are reasonable taking into account the prevailing market), such appointment to be effective not later than the date of termination. The resignation of the Cash Manager is conditional on the resignation having no adverse effect on the then current ratings of the Class A Notes unless the Noteholders agree otherwise by Extraordinary Resolution.

## **Bank Account Agreement**

Pursuant to the terms of the Bank Account Agreement entered into on the Issue Date between the Issuer, the Account Bank, the Cash Manager and the Security Trustee, the Issuer will maintain with the Account Bank a bank account providing an overnight rate of interest from time to time on amounts standing to the credit thereof (the "**Transaction Account**"), which will be operated in accordance with the Cash Management Agreement and the Deed of Charge.

All amounts received from Borrowers in respect of Loans in the Portfolio will be paid into the Transaction Account from the Seller's Collection Account(s) and credited to the Revenue Ledger or the Principal Ledger, as the case may be, and as set out in the Cash Management Agreement. On each Interest Payment Date, monies from the Transaction Account will be applied by the Cash Manager pursuant to the Cash Management Agreement and in accordance with the Priorities of Payments described below under "*Cashflows*".

The Bank Account Agreement provides that:

- (a) the charges of the Account Bank for the operation of the Transaction Account held with the Account Bank shall be payable by the Issuer and debited from the Transaction Account in accordance with the Account Bank's standard procedures or at any other time as shall be agreed with the Account Bank. The charges shall be payable at the same rates as are generally applicable to customers of the Account Bank similar to the Issuer *provided that* if there are insufficient funds standing to the credit of the Transaction Account to pay such charges, the Account Bank shall not be relieved of its obligations under the Bank Account Agreement in respect of the Transaction Account held with the Account Bank;
- (b) the fees and charges of the Account Bank (other than those charges referred to in (a) above) shall be paid by the Issuer subject to and in accordance with the Priority of Payments; and
- (c) with the prior written consent of the Security Trustee, the Issuer may open additional Bank Accounts.

If at any time the unsecured, unsubordinated and unguaranteed debt obligation rating or issuer default rating of the Account Bank is downgraded below the Account Bank Rating, the Issuer will have 60 days to arrange for the transfer of the Bank Accounts to an appropriately rated and authorised financial institution on terms substantially similar to those set out in the Bank Account Agreement or, where taking into account the then prevailing market conditions, the Issuer or the Cash Manager determines it is not practical to agree terms substantially the same as those set out in the Bank Account Agreement, the Issuer or the Cash Manager certifies in writing to the Security Trustee, upon which certificate the Security Trustee shall be entitled to rely absolutely and without any liability to any person for so doing, that such terms are reasonable commercial terms taking into account the then prevailing current market conditions, a replacement agreement may be entered into on such reasonable commercial terms.

The Bank Account Agreement may be terminated in other circumstances by the Cash Manager, the Account Bank, the Issuer or (following the delivery of a Note Acceleration Notice) the Security Trustee, including (in the case of termination by the Cash Manager or Issuer) as a result of the occurrence of an insolvency event in respect of the Account Bank or default by the Account Bank in the performance of its obligations under the Bank Account Agreement which continues unremedied for a period of 20 Business Days after receiving notice or becoming aware of such default.

**"Account Bank Rating"** means a short-term unsecured, unsubordinated and unguaranteed debt rating of at least "P-1" by Moody's (or a long-term rating of at least "A3" by Moody's) and a short-term issuer default rating of at least "F1" by Fitch (or a long term issuer default rating of at least "A" by Fitch) (or in each case

such other lower rating that the Cash Manager certifies in writing to the Note Trustee and the Security Trustee would not have an adverse effect on the ratings of the Class A Notes).

The Bank Account Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

### **The Corporate Services Agreement**

On or prior to the Issue Date, the Issuer and, among others, the Corporate Services Provider will enter into the Corporate Services Agreement pursuant to which the Corporate Services Provider will provide the Issuer and Holdings with certain corporate and administrative functions against the payment of a fee. Such services include, *inter alia*, the performance of all general secretarial, registrar and company administration services for the Issuer and Holdings (including the provision of directors), the providing of the directors with information in connection with the Issuer and Holdings and the arrangement for the convening of shareholders' and directors' meetings.

#### *Governing Law*

### **The Seller Collection Account Declaration of Trust**

On or prior to the Issue Date, the Issuer, the Seller and the Security Trustee will enter into a declaration of trust in respect of the Collection Accounts (the "**Seller Collection Account Declaration of Trust**") pursuant to which the Seller will declare a trust (the "**Collection Account Trust**") in favour of (a) the Issuer and (b) itself over all its rights, title, interest and benefit, present and future in the Collection Accounts, including all amounts standing to the credit of the Collection Accounts, absolutely for the Issuer and the Seller as beneficiaries in the manner and in the proportions specified in the Seller Collection Account Declaration of Trust.

The Issuer's share of the Collection Account Trust at any relevant time (the "**Issuer Trust Share**") shall equal all amounts credited to the Collection Account at such time in respect of the Loans and their Related Security comprised in the Portfolio taking into account any amounts previously paid to the Issuer in respect of the Loans and their Related Security.

The Seller's share of the Collection Account Trust at any relevant time shall equal the amount standing to the credit of the Collection Account less the Issuer Trust Share.

"**Collection Accounts**" means the collection accounts held by the Seller with the Collection Account Bank and the general account of the Seller in each case to which Collection Amounts are paid to or transferred from prior to amounts relating to the Portfolio being transferred by the Seller to the Issuer.

#### *Governing Law*

The Seller Collection Account Declaration of Trust and any non-contractual obligations arising out of or in connection with it will be governed by English law.

### **Interest Rate Swap Agreement**

For a description of the Interest Rate Swap Agreement see "*Credit Structure*" below.

## Swap Collateral Account Agreement

Pursuant to the terms of the Swap Collateral Account Agreement entered into on the Issue Date between the Issuer, the Swap Collateral Account Bank and the Security Trustee, the Issuer will maintain with the Swap Collateral Account Bank a bank account (the "**Swap Collateral Account**") for the purposes of holding collateral (the "**Swap Collateral**") posted by the Interest Rate Swap Provider pursuant to the terms of the Interest Rate Swap from time to time.

The Swap Collateral Account Agreement provides that:

- (a) the fees and charges of the Swap Collateral Account Bank shall be paid by the Issuer subject to and in accordance with the Priority of Payments; and
- (b) with the prior written consent of the Security Trustee, the Issuer may open additional Swap Collateral Accounts.

If at any time the unsecured, unsubordinated and unguaranteed debt obligation rating or issuer default rating (or deposit rating, if assigned) of the Swap Collateral Account Bank is downgraded below the Swap Collateral Account Bank Rating, the Issuer will have 60 days to arrange for the transfer of the Swap Collateral Accounts to an appropriately rated and authorised financial institution on terms substantially similar to those set out in the Swap Collateral Account Agreement or, where taking into account the then prevailing market conditions, the Issuer or the Cash Manager determines it is not practical to agree terms substantially the same as those set out in the Swap Collateral Account Agreement, the Issuer or the Cash Manager certifies in writing to the Security Trustee, upon which certificate the Security Trustee shall be entitled to rely absolutely and without any liability to any person for so doing, that such terms are reasonable commercial terms taking into account the then prevailing current market conditions, a replacement agreement may be entered into on such reasonable commercial terms.

The Swap Collateral Account Agreement may be terminated in other circumstances by the Cash Manager, the Swap Collateral Account Bank, the Issuer or (following the delivery of a Note Acceleration Notice) the Security Trustee, including (in the case of termination by the Cash Manager or Issuer) as a result of the occurrence of an insolvency event in respect of the Swap Collateral Account Bank or default by the Swap Collateral Account Bank in the performance of its obligations under the Swap Collateral Account Agreement which continues unremedied for a period of 20 Business Days after receiving notice or becoming aware of such default.

**"Swap Collateral Account Bank Rating"** means a short-term unsecured, unsubordinated and unguaranteed debt rating of at least "P-1" by Moody's (or a long-term rating of at least "A3" by Moody's) and a short-term issuer default rating (or deposit rating, if assigned) of at least "F1" by Fitch (or a long term issuer default rating (or deposit rating, if assigned) of at least "A" by Fitch) (or in each case such other lower rating that the Cash Manager certifies in writing to the Note Trustee and the Security Trustee would not have an adverse effect on the ratings of the Class A Notes).

The Swap Collateral Account Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

## CREDIT STRUCTURE

The Notes are obligations of the Issuer only. The Notes are not obligations of, or the responsibility of, or guaranteed by, any person other than the Issuer. In particular, the Notes are not obligations of, or the responsibility of, or guaranteed by, any of the Seller, the Interest Rate Swap Provider, the Co-Arrangers, the Joint Lead Managers, the Servicer, the Cash Manager, the Back-Up Cash Manager Facilitator, the Back-Up Servicer Facilitator, the Account Bank, the Collection Account Bank, the Swap Collateral Account Bank, the Principal Paying Agent, any other paying Agent, the Agent Bank, the Class Z VFN Registrar, the Note Trustee, the Security Trustee, any company in the same group of companies as any such entities or any other party to the Transaction Documents. No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes shall be accepted by any of the Seller, the Interest Rate Swap Provider, the Co-Arrangers, the Joint Lead Managers, the Servicer, the Cash Manager, the Back-Up Cash Manager Facilitator, the Back-Up Servicer Facilitator, the Account Bank, the Collection Account Bank, the Swap Collateral Account Bank, the Principal Paying Agent, any other Paying Agents, the Agent Bank, the Class Z VFN Registrar, the Note Trustee, the Security Trustee or by any other person other than the Issuer.

The structure of the credit support arrangements may be summarised as follows:

### **1 Credit Support for the Notes provided by Available Revenue Receipts**

It is anticipated that, during the life of the Notes, the interest payable by Borrowers on the Loans will, assuming that all of the Loans are fully performing, be sufficient so that the Available Revenue Receipts will be sufficient to pay the amounts payable under items (a) to (h) (inclusive) of the Pre-Acceleration Revenue Priority of Payments. The actual amount of any Deferred Consideration payable under item (q) of the Pre-Acceleration Revenue Priority of Payments will vary during the life of the Notes. Two of the key factors determining such variation are the interest rates applicable to the Loans in the Portfolio (as to which, see "*Interest Rate Risk for the Notes*" below) and the performance of the Portfolio.

Available Revenue Receipts may be applied (after making payments or provisions ranking higher in the Pre-Acceleration Revenue Priority of Payments) on each Interest Payment Date in accordance with the Pre-Acceleration Revenue Priority of Payments, towards reducing any Principal Deficiency Ledger entries which may arise from Losses on the Portfolio.

To the extent that the amount of Available Revenue Receipts on each Interest Payment Date exceeds the aggregate of the payments and provisions required to be met under items (a) to (h) (inclusive) of the Pre-Acceleration Revenue Priority of Payments, such excess is available to replenish and increase the General Reserve Fund up to and including an amount equal to the General Reserve Required Amount.

### **2 General Reserve Fund and General Reserve Ledger**

On the Issue Date, the Issuer will establish a fund called the General Reserve Fund to provide credit enhancement for the Class A Notes which will be credited on the Issue Date with an amount equal to 1.50 per cent. of the Principal Amount Outstanding of Class A Notes on the Issue Date. The General Reserve Fund will be funded from the proceeds of the Class Z VFN Holder's funding of the Class Z VFN on the Issue Date and following the Issue Date, to the extent required in connection with Additional Borrowings or Product Transfers from time to time. Following the Issue Date and prior to redemption in full of the Class A Notes, the General Reserve Fund will be replenished from Available Revenue Receipts in accordance with the provisions of the Pre-Acceleration Revenue Priority of Payments, on each Interest Payment Date, up to the General Reserve Required Amount.

The "**General Reserve Required Amount**" means (a) on the Issue Date, an amount equal to £6,163,230.00 (being an amount equal to 1.5 per cent. of the Principal Amount Outstanding of the Class A Notes as at the Issue Date), (b) on each Calculation Date, an amount equal to 1.5 per cent. of the Principal Amount Outstanding of the Class A Notes on such date prior to deducting any repayments to be made on the related Interest Payment Date and (c) zero on any date on or after the Class A Notes are fully repaid.

The General Reserve Fund will be deposited in the Transaction Account (with a corresponding credit being made to the General Reserve Ledger). The Cash Manager (acting in its sole discretion) may, on behalf of the Issuer, invest amounts standing to the credit of the Transaction Account in Authorised Investments. For more information about the application of the amounts standing to the credit of the General Reserve Fund, see the section "*Cashflows – Application of Monies Released from the General Reserve Fund*" below.

The Cash Manager will maintain the General Reserve Ledger pursuant to the Cash Management Agreement to record the balance from time to time of the General Reserve Fund.

On each Interest Payment Date, provided that, as at the related Calculation Date:

- (a) no Event of Default has occurred which is continuing;
- (b) the amount standing to the debit of the Class Z Principal Deficiency Sub-Ledger is zero;
- (c) the aggregate Current Balance of all Loans that are three or more months in arrears on such date is less than 4 per cent. of aggregate Current Balance of all Loans on such date; and
- (d) the aggregate Losses of principal in respect of the Portfolio are equal to less than 1 per cent. of the total Current Balance of the Portfolio on the Issue Date,

(conditions (a) to (d) above being the "**General Reserve Release Conditions**") any amounts credited to the General Reserve Ledger in excess of the General Reserve Required Amount (the "**General Reserve Release Amount**") will be applied as Available Revenue Receipts. On each Interest Payment Date where a General Reserve Release Amount is determined as set out above and applied as a component of Available Revenue Receipts, such Available Revenue Receipts shall be applied to pay principal due and payable on the Class Z VFN in an amount up to (but not exceeding) such General Reserve Release Amount pursuant to the Pre-Acceleration Revenue Priority of Payments (and after payment of amounts senior thereto), provided that, so long as the Class A Notes remain outstanding, the principal amount outstanding of the Class Z VFN shall not be reduced to an amount lower than 5 per cent. of the aggregate Current Balance of the Loans.

Prior to service of a Note Acceleration Notice, amounts standing to the credit of the General Reserve Fund will be applied as Available Revenue Receipts on any Interest Payment Date to the extent required to make up any Revenue Deficiency on such Interest Payment Date.

"**Revenue Deficiency**" means, for each Calculation Date, the amount, if any, by which items (a) to (h) less (i) in the definition of Available Revenue Receipts is insufficient to pay items (a) to (h) of the Pre-Acceleration Revenue Priority of Payments.

If funds standing to the credit of the General Reserve Fund are applied to fund a Revenue Deficiency on any Interest Payment Date, the Issuer (or the Cash Manager on its behalf) will make a corresponding debit in the General Reserve Ledger.

On any Interest Payment Date on which the Class A Notes are fully repaid, the Issuer will not be required to maintain the General Reserve Fund, at which point the General Reserve Required Amount will be equal to zero and all amounts standing to the credit of the General Reserve Ledger will be released as General Reserve

Release Amounts and used as set out above, regardless of whether the General Reserve Release Conditions are satisfied.

Following service of a Note Acceleration Notice on the Issuer, monies standing to the credit of the General Reserve Fund will be applied in accordance with the Post-Acceleration Priority of Payments.

### 3 Use of Principal Receipts to pay Remaining Revenue Deficiency

On each Calculation Date, the Cash Manager will calculate whether the aggregate of items (a) to (h) and (j) less (i) of the Available Revenue Receipts is insufficient to pay items (a) to (g) of the Pre-Acceleration Revenue Priority of Payments. If there is a deficit (the "**Remaining Revenue Deficiency**"), then the Issuer (or the Cash Manager on its behalf) shall pay or provide for that Remaining Revenue Deficiency by the application of amounts standing to the credit of the Principal Ledger, if any, and the Cash Manager shall make a corresponding entry in the relevant Principal Deficiency Ledger, as described in "Principal Deficiency Ledgers" below as well as making a debit in the Principal Ledger. Any such entry and debit shall be made and taken into account prior to the application of Available Principal Receipts on the relevant Interest Payment Date. For more information about the application of Principal Receipts to pay a Remaining Revenue Deficiency, see the section "*Cashflows – Applications of Principal Receipts to Remaining Revenue Deficiency*".

### 4 Principal Deficiency Ledgers

A Principal Deficiency Ledger, comprising two sub ledgers, known as the Class A Principal Deficiency Ledger (relating to the Class A Notes) (the "**Class A Principal Deficiency Sub-Ledger**") and the Class Z VFN Principal Deficiency Ledger (the "**Class Z VFN Principal Deficiency Sub-Ledger**", each a "**Principal Deficiency Sub-Ledger**" and, together, the "**Principal Deficiency Sub-Ledgers**"), will be established on the Issue Date in order to record any Losses on the Portfolio as allocated against each of the Classes of Notes referenced above and/or application of Principal Receipts to pay any Remaining Revenue Deficiency on an Interest Payment Date to fund senior expenses and interest payments on the Class A Notes. Losses or debits recorded on the Class A Principal Deficiency Sub-Ledger shall be recorded in respect of the Class A Notes. Losses or debits recorded on the Class Z VFN Principal Deficiency Sub-Ledger shall be recorded in respect of the Class Z VFN. Losses of principal to be credited to the Principal Deficiency Ledger will be calculated after applying any recoveries to outstanding interest amounts due and payable on the relevant Loan.

The application of any Principal Receipts to meet any Losses on the Portfolio will be recorded as a debit:

- (a) first, to the Class Z VFN Principal Deficiency Sub-Ledger up to a maximum of the Class Z VFN Principal Deficiency Limit; and
- (b) second, to the Class A Principal Deficiency Sub-Ledger.

"**Losses**" means all realised losses in respect of a Loan (which shall include any set-off by Borrowers against amounts due by Borrowers under the relevant Loans).

Realised losses will be calculated after applying any recoveries following enforcement of a Loan (but on or prior to the completion of enforcement proceedings in respect of such Loan) to outstanding fees and interest amounts due and payable on the relevant Loan.

"**Class Z VFN Principal Deficiency Limit**" means the Principal Amount Outstanding of the subscription under the Class Z VFN used to fund the Current Balance (including any amount funded to cover a shortfall in

amounts available to the Issuer to fund the purchase of any Additional Borrowing) (calculated as at such corresponding funding date) of the Loans.

Amounts allocated to each Principal Deficiency Ledger shall be reduced to the extent of Available Revenue Receipts available for such purpose on each Interest Payment Date in accordance with the Pre-Acceleration Revenue Priority of Payments. Such amounts will be applied in repayment of principal as Available Principal Receipts in accordance with the Pre-Acceleration Principal Priority of Payments.

## **5 Available Receipts**

To the extent that the Available Revenue Receipts and Available Principal Receipts are sufficient on any Calculation Date, they shall be paid on the immediately following Interest Payment Date to the persons entitled thereto (or a relevant provision made) in accordance with the Pre-Acceleration Revenue Priority of Payments or the Pre-Acceleration Principal Priority of Payments, as applicable. It is not intended that any surplus will be accumulated in the Issuer although this does not include the Issuer Profit Amount which the Issuer expects to generate each accounting period as its profit in respect of the business of the Issuer or amounts standing to the credit of the General Reserve Ledger.

If, on any Interest Payment Date whilst there are Class A Notes outstanding, the Issuer has insufficient Available Revenue Receipts to pay the interest otherwise due on the Class Z VFN then the Issuer will be entitled under Condition 16 (*Subordination by Deferral*) to defer payment of that amount (to the extent of the insufficiency) until the following Interest Payment Date. Such deferral will not constitute an Event of Default. If there are no Class A Notes then outstanding, the Issuer will not be entitled to defer payments of interest in respect of the Class Z VFN. From and including the Step-Up Date, any Available Revenue Receipts remaining on any Interest Payment Date after any required credit has been made to the General Reserve Ledger and the Class Z VFN Principal Deficiency Sub-Ledger will be diverted to Available Principal Receipts in order to repay principal amounts on the Class A Notes.

Failure to pay interest on the Class A Notes (or the Class Z VFN after the Class A Notes have been redeemed in full) within any applicable grace period in accordance with the Conditions shall constitute an Event of Default under the Notes which may result in the Security Trustee enforcing the Security.

## **6 Transaction Account**

Pursuant to the Bank Account Agreement, the Account Bank will pay interest on amounts (if any) standing to the credit of the Transaction Account on and from the Issue Date at an unguaranteed overnight rate. The Cash Manager may (in its absolute discretion), on behalf of the Issuer, invest amounts standing to the credit of the Transaction Account in Authorised Investments.

If, at any time the short-term unsecured, unsubordinated and unguaranteed debt obligations of the Account Bank are downgraded below the Account Bank Rating, the Issuer will be required (within 60 days) to transfer (at its own cost) the Transaction Account to an appropriately rated bank or financial institution on terms substantially similar to those set out in the Bank Account Agreement (or, where the Issuer or the Cash Manager determines that it is not practicable, taking into account the then prevailing market conditions, to agree terms substantially similar to those set out in the Bank Account Agreement with such replacement financial institution, on terms which are reasonable commercial terms provided that either the Issuer or the Cash Manager shall have certified in writing to the Security Trustee that, to the extent the terms are not substantially similar, such terms are reasonable commercial terms taking into account the then prevailing current market conditions), in order to maintain the ratings of the Notes at their then current ratings.

## 7 Interest Rate Risk for the Notes

Some of the Loans in the Portfolio pay a fixed rate of interest for a period of time. Other Loans in the Portfolio pay a variable rate of interest. However, the interest rate payable by the Issuer with respect to the Notes is an amount calculated by reference to Compounded Daily SONIA.

To provide a hedge against the possible variance between:

- (a) the fixed rates of interest payable on the Fixed Rate Loans in the Portfolio; and
- (b) a rate of interest calculated by reference to Compounded Daily SONIA payable on the Notes,

the Issuer will enter into the Interest Rate Swap with the Interest Rate Swap Provider on or around the Issue Date.

The Interest Rate Swap will be governed by the Interest Rate Swap Agreement.

## 8 Interest Rate Swap

Payments received by the Issuer under certain of the Loans in the Portfolio will be subject to fixed rates of interest. The interest amounts payable by the Issuer in respect of the Notes will be calculated by reference to Compounded Daily SONIA. Pursuant to the Interest Rate Swap Agreement the Issuer will enter into the Interest Rate Swap to hedge against the possible variance between the fixed rates of interest received on the Fixed Rate Loans in the Portfolio and Compounded Daily SONIA (the "**Interest Rate Swap**"). The rate payable by the Issuer under the Interest Rate Swap is not intended to be an exact match of the interest rates that the Issuer receives in respect of the Fixed Rate Loans in the Portfolio.

Under the Interest Rate Swap, for each Calculation Period (as defined in the Interest Rate Swap Agreement) falling prior to the termination date of the Interest Rate Swap, the following amounts will be calculated:

- (a) the amount equal to the product of (i) the Notional Amount for the relevant Calculation Period; (ii) Compounded Daily SONIA determined in accordance with the Interest Rate Swap Agreement; and (iii) the relevant day count fraction (the "**Interest Rate Swap Provider Amount**"); and
- (b) the amount equal to the product of (i) a percentage to be specified in the Interest Rate Swap Agreement and (ii) the Notional Amount for the relevant Calculation Period and (iii) the relevant day count fraction (the "**Interest Rate Issuer Amount**").

If Compounded Daily SONIA determined in accordance with the Interest Rate Swap Agreement is below zero (0), no floor will be applied and the absolute value of the relevant negative amount will form part of the Interest Rate Issuer Amount.

The notional amount (the "**Notional Amount**") of the Interest Rate Swap is an amount in Sterling equal to, in respect of a Calculation Period, the Adjusted Fixed Rate Loan Balance (as defined in the Interest Rate Swap Agreement) for such Calculation Period, provided that for the first Calculation Period the Notional Amount will be £407,186,403.57.

After these two amounts are calculated in relation to a Calculation Period, the following payments will be made on the relevant Fixed Rate Payer Payment Date (as defined in the Interest Rate Swap Agreement):

- (a) if the Interest Rate Swap Provider Amount for that Fixed Rate Payer Payment Date is greater than the Interest Rate Issuer Amount for that Fixed Rate Payer Payment Date, then the Interest Rate Swap Provider will pay the positive difference to the Issuer;

- (b) if the Interest Rate Issuer Amount for that Fixed Rate Payer Payment Date is greater than the Interest Rate Swap Provider Amount for that Fixed Rate Payer Payment Date, then the Issuer will pay the positive difference to the Interest Rate Swap Provider; and
- (c) if the two amounts are equal, neither party will make a payment to the other.

If a payment is to be made by the Interest Rate Swap Provider, that payment will be included in the Available Revenue Receipts and will be applied on the relevant Fixed Rate Payer Payment Date according to the relevant Priority of Payments. If a payment is to be made by the Issuer, it will be made according to the relevant Priority of Payments of the Issuer.

On the Issue Date, the Initial Fixed Amount (as defined in the Interest Rate Swap Agreement) owed by the Issuer to the Interest Rate Swap Provider will be netted pursuant to the netting arrangements as between the Issuer, Aldermore and the Interest Rate Swap Provider and accordingly the Initial Fixed Amount will not be payable by the Issuer.

Subject to the circumstances described below, unless an Early Termination Event (as defined below), occurs, the Interest Rate Swap will terminate on the earlier of: (i) the date on which the Class A Notes are redeemed in full other than in circumstances which give rise to an Additional Termination Event; (ii) the Interest Payment Date falling 5 years and 6 months and one Interest Payment Date after the Step-Up Date; (iii) the Interest Payment Date on or immediately following the date on which the aggregate of the Current Balance of the Loans is reduced to zero; and (iv) the first Interest Payment Date on or after the Step-Up Date on which the Adjusted Fixed Rate Loan Balance (as defined in the Interest Rate Swap Agreement) is zero, in each case subject to adjustment in accordance with the Modified Following Business Day Convention.

**"Back-to-Back Swap"** means any ISDA master agreement together with any schedule, credit support annex and one or more confirmations thereunder entered into between the Interest Rate Swap Provider and Aldermore under which the Interest Rate Swap Provider hedges its exposure under the Interest Rate Swap.

## 9 Interest Rate Swap Agreement

The terms of the Interest Rate Swap Agreement includes certain ratings downgrade triggers in respect of the Interest Rate Swap Provider and consequences if such triggers are breached as described in more detail in the Rating Triggers Table.

The Interest Rate Swap Agreement may be terminated in certain circumstances, including the following, each as more specifically defined in the Interest Rate Swap Agreement (an **"Early Termination Event"**):

- (a) if there is a failure by a party to pay amounts due under the Interest Rate Swap Agreement and any applicable grace period has expired;
- (b) if certain insolvency events occur with respect to a party;
- (c) in certain circumstances, if a party (or its credit support provider) consolidates or amalgamates with, or merges with or into, or transfers all or substantially all its assets to, or reorganises, reincorporates or reconstitutes into or as, another entity and the resulting entity fails to assume the relevant obligations of such party (or credit support provider) under the Interest Rate Swap Agreement;
- (d) if a breach of a provision of the Interest Rate Swap Agreement by the Interest Rate Swap Provider is not remedied within the applicable grace period;
- (e) if a change of law results in the obligations of one of the parties becoming illegal or a force majeure event occurs;

- (f) in certain circumstances, if a deduction or withholding for or on account of taxes is imposed on payments under the Interest Rate Swap due to change in law;
- (g) if the Interest Rate Swap Provider does not have the Required Rating, and the Interest Rate Swap Provider fails to comply with the requirements of the collateral and replacement provisions contained in the Interest Rate Swap Agreement and described in the Ratings Triggers Table;
- (h) the earlier to occur of (i) an acceleration in respect of the Notes and (ii) service by the Note Trustee of a Note Acceleration Notice on the Issuer pursuant to Condition 10 (*Events of Default*) of the Notes;
- (i) if there is a redemption of the Notes pursuant to Condition 7.3 (*Optional Redemption of the Class A Notes in Full*) or Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*);
- (j) if the Transaction Documents or the Terms and Conditions of the Notes are amended, modified, supplemented, waived, or have received consent to be amended, modified, supplemented, or waived, in each case with the effect: (A) of affecting the amount, timing or priority of any payments or deliveries due from the Issuer to the Interest Rate Swap Provider or from the Interest Rate Swap Provider to the Issuer; (B) of affecting the Interest Rate Swap Provider's rights in relation to any security granted by the Issuer in favour of the Trustee on behalf of the Secured Parties (other than with the prior written consent of the Interest Rate Swap Provider) or (C) of amending (i) the proviso contained in Condition 12.4 (*Meetings of Noteholders, Modification, Waiver and Substitution*); (ii) the proviso contained in the last paragraph of clause 20.1 (*Modification, Waiver, Authorisation and Determination*) of the Trust Deed; (iii) the proviso contained in clause 20.4(h)(vi) of the Trust Deed; (iv) the definition of Swap Rate Modification in Condition 12.13(h) (*Additional Right of Modification*) or clause 20.4(h) (*Additional right of modification*) of the Trust Deed; or (v) Clause 20.4(h)(vi) (*Additional Right of Modification*) or Condition 12.13(h)(vi) (*Additional Right of Modification*), in each case where the Interest Rate Swap Provider has not consented to such amendment, modification, waiver or supplement;
- (k) there is a rating downgrade event pursuant to the terms of the Interest Rate Swap Agreement with respect to the Interest Rate Swap Provider and the relevant remedial actions have not been taken and the relevant periods specified in the Interest Rate Swap Agreement have elapsed;
- (l) if the Issuer becomes subject to the clearing obligation or is no longer a non-financial counterparty under UK EMIR in respect of the Interest Rate Swap; and
- (m) if at any time the Relevant Base Rate is changed and the Alternative Base Rate is different to Compounded Daily SONIA determined in accordance with the Interest Rate Swap Agreement.

Upon termination following an Early Termination Event of the Interest Rate Swap, depending on the circumstances prevailing at the time of termination including prevailing market interest rates, the Issuer or the Interest Rate Swap Provider may be liable to make a termination payment to the other. This termination payment will be calculated and made in Sterling. The amount of any termination payment, other than on early termination due to a default by the Issuer or a termination event where the Issuer is the sole Affected Party as such term is defined in the Interest Rate Swap Agreement, will be based on the market value of the terminated swaps as determined on the basis of quotations sought from leading dealers as to the costs of entering into a transaction with the same terms and conditions that would have the effect of preserving the economic equivalent of the respective full payment obligations of the parties (or based upon a good faith determination of total losses and costs (or gains) if (i) a quotation (or in certain circumstances under the Interest Rate Swap Agreement a sufficient number of quotations) cannot be obtained or (ii) in certain circumstances if basing the valuation on quotations would not produce a commercially reasonable result) and will include any unpaid

amounts that became due and payable prior to the date of termination, taking account of the value of any collateral transferred by the Interest Rate Swap Provider to the Issuer.

Depending on the terms of the Interest Rate Swap and the circumstances prevailing at the time of termination, any such termination payment could be substantial and may affect the funds available to pay amounts due to the Noteholders.

The Interest Rate Swap Provider may, subject to certain conditions specified in the Interest Rate Swap Agreement including the satisfaction of certain requirements of the Rating Agencies and, unless the transfer is for the purpose of compliance with certain requirements of the Rating Agencies, with prior written consent of the Issuer transfer its obligations under the Interest Rate Swap Agreement to another entity (which has the ratings specified in the Interest Rate Swap Agreement).

The Issuer is not obliged under the Interest Rate Swap Agreement to gross up payments made by it if a withholding or deduction for or on account of taxes is imposed on payments made under the Interest Rate Swaps. However, if the Interest Rate Swap Provider is required to receive a payment subject to withholding under the Interest Rate Swap due to a change in law, the Interest Rate Swap Provider may terminate the Interest Rate Swap.

The Interest Rate Swap Provider will generally be obliged to gross up payments made by it to the Issuer if a withholding or deduction for or on account of tax is imposed on payments made by it under the Interest Rate Swap. However, if the Interest Rate Swap Provider is required to gross up a payment under the Interest Rate Swap due to a change in the law, the Interest Rate Swap Provider may terminate the Interest Rate Swap.

The Issuer will delegate certain derivative transaction reporting obligations to the Interest Rate Swap Provider (the "**Reporting Delegate**") pursuant to a reporting delegation agreement (the "**Reporting Delegation Agreement**").

The Interest Rate Swap Agreement is governed by English law.

## CASHFLOWS

### Definition of Revenue Receipts

"**Revenue Receipts**" means (a) payments of interest and other fees due from time to time under the Loans (including Early Repayment Charge Receipts and any Arrears of Interest) and other amounts received by the Issuer in respect of the Loans other than Principal Receipts, (b) recoveries of interest from defaulting Borrowers under Loans being enforced and (c) recoveries of any amounts (including any interest but excluding principal amounts) from defaulting Borrowers under Loans in respect of which enforcement procedures have been completed if such recoveries are identifiable by the Seller as pertaining to a Loan in the Portfolio.

### Definition of Available Revenue Receipts

"**Available Revenue Receipts**" means, for each Interest Payment Date, an amount equal to the aggregate of (without double-counting):

- (a) Revenue Receipts received during the immediately preceding Collection Period or, if in a Determination Period, Calculated Revenue Receipts, in each case, excluding any Reconciliation Amounts to be applied as Available Principal Receipts on that Interest Payment Date;
- (b) interest payable to the Issuer on the Bank Accounts (other than the Swap Collateral Account) and income from any Authorised Investments in each case received during the immediately preceding Collection Period;
- (c) amounts received by the Issuer under the Interest Rate Swap Agreement (other than (i) any early termination amount received by the Issuer under the Interest Rate Swap Agreement which is to be applied in acquiring a replacement swap, (ii) in respect of the Interest Rate Swap Agreement, any Excess Swap Collateral or Swap Collateral, except to the extent that the value of such Swap Collateral or part thereof has been applied, pursuant to the provisions of the Interest Rate Swap Agreement, to reduce the amount that would otherwise be payable by the Interest Rate Swap Provider to the Issuer on early termination of the Interest Rate Swap under the Interest Rate Swap Agreement and, to the extent so applied in reduction of the amount otherwise payable by the Interest Rate Swap Provider, such Swap Collateral is not to be applied in acquiring a replacement swap in which case such amounts will be included in Available Revenue Receipts, (iii) any Replacement Swap Premium but only to the extent applied directly to pay any termination payment due and payable by the Issuer to the Interest Rate Swap Provider and (iv) amounts in respect of Swap Tax Credits on such Interest Payment Date);
- (d) any General Reserve Release Amounts;
- (e) other net income of the Issuer received during the immediately preceding Collection Period, (excluding any Principal Receipts);
- (f) amounts applied as Available Revenue Receipts in accordance with item (c) of the Pre-Acceleration Principal Priority of Payments;
- (g) amounts credited to the Transaction Account (including any interest thereon (if any)) on the immediately preceding Interest Payment Date in accordance with item (o) of the Pre-Acceleration Revenue Priority of Payments;

- (h) following a Determination Period, any Reconciliation Amounts deemed to be Available Revenue Receipts in accordance with Condition 5.8(c) (*Determinations and Reconciliation*);

less:

- (i) amounts applied from time to time during the immediately preceding Collection Period in making payment of certain monies which properly belong to third parties (including the Seller) such as (but not limited to):
  - (i) payments of certain insurance premiums provided that such cash amounts have been paid by the relevant Borrower and form part of Revenue Receipts;
  - (ii) amounts under a direct debit which are repaid to the bank making the payment if such bank is unable to recoup such amount itself from its customer's account, including any amounts required to satisfy any of the obligations and/or liabilities properly incurred by the Account Bank under the direct debit scheme or in respect of other unpaid sums (including but not limited to cheques and payment reversals), but in each case only to the extent that such amounts (i) cannot be recouped by the Account Bank from amounts standing to the credit of the Seller's Collection Accounts from time to time and (ii) have been determined by the Cash Manager to be referable to a Loan in the Portfolio;
  - (iii) payments by the Borrower of any fees (including Early Repayment Charges) and other charges which are due to the Seller; and
  - (iv) any amount received from a Borrower for the express purpose of payment being made to a third party for the provision of a service to that Borrower or the Seller,

(items within paragraph (i) of the definition of Available Revenue Receipts being collectively referred to herein as "**Third Party Amounts**"). Third Party Amounts may be deducted by the Cash Manager on a daily basis from the Transaction Account to make payment to the persons entitled thereto except where such payments have already been provided for elsewhere;

plus:

- (j) if a Revenue Deficiency occurs such that the aggregate of items (a) to (h) less (i) above is insufficient to pay or provide for items (a) to (h) of the Pre-Acceleration Revenue Priority of Payments, any amounts then standing to the credit of the General Reserve Ledger to the extent required to cover such Revenue Deficiency; and
- (k) if a Remaining Revenue Deficiency occurs such that the aggregate of items (a) to (h) and (j) less (i) above is insufficient to pay or provide for items (a) to (g) of the Pre-Acceleration Revenue Priority of Payments, Available Principal Receipts in an aggregate amount sufficient to cover such Remaining Revenue Deficiency.

### **Application of Monies Released from the General Reserve Fund**

Prior to service of a Note Acceleration Notice, amounts standing to the credit of the General Reserve Fund will be applied as Available Revenue Receipts on any Interest Payment Date to the extent required to make up any Revenue Deficiency on such Interest Payment Date.

If funds standing to the credit of the General Reserve Fund are applied to fund a Revenue Deficiency on any Interest Payment Date, the Issuer (or the Cash Manager on its behalf) will make a corresponding debit in the General Reserve Ledger.

Any General Reserve Release Amounts shall be applied as a component of Available Revenue Receipts. On each Interest Payment Date where a General Reserve Release Amount is determined, Available Revenue Receipts shall be applied to pay principal due and payable on the Class Z VFN in an amount up to (but not exceeding) such General Reserve Release Amount pursuant to the Pre-Acceleration Revenue Priority of Payments (and after payment of amounts senior thereto), provided that, so long as the Class A Notes remain outstanding, the principal amount outstanding of the Class Z VFN shall not be reduced to an amount lower than 5 per cent. of the aggregate Current Balance of the Loans at such time.

On any Interest Payment Date on which the Class A Notes are fully repaid, the Issuer will not be required to maintain the General Reserve Fund, at which point the General Reserve Required Amount will be equal to zero and all amounts standing to the credit of the General Reserve Ledger will be released as General Reserve Release Amounts and used as set out above, regardless of whether the General Reserve Release Conditions are satisfied.

### **Application of Principal Receipts to pay Remaining Revenue Deficiency**

Prior to service of a Note Acceleration Notice on the Issuer, monies standing to the credit of the Principal Ledger as at the end of the immediately preceding Collection Period may be applied on each Interest Payment Date to make payments to items (a) to (g) of the Pre-Acceleration Revenue Priority of Payments in an amount equal to the Remaining Revenue Deficiency on such Interest Payment Date.

If any amounts are applied from the Principal Ledger to pay or provide for a Remaining Revenue Deficiency on any Interest Payment Date, the Issuer (or the Cash Manager on its behalf) will make a corresponding entry in the relevant Principal Deficiency Ledger.

Following service of a Note Acceleration Notice on the Issuer, monies standing to the credit of the Principal Ledger will be applied in accordance with the Post-Acceleration Priority of Payments.

### **Application of Monies following redemption of the Notes in full**

On any Optional Redemption Date on which the Notes are fully repaid, the Issuer (or the Cash Manager on its behalf) may, or if directed by the Seller, shall, apply all amounts standing to the credit of any Bank Account of the Issuer (other than amounts standing to the credit of the Issuer Profit Ledger) to repay any liabilities of the Issuer and to discharge all other amounts required to be paid by the Issuer in accordance with the order of priority set out in the Post-Acceleration Priority of Payments.

### **Application of Available Revenue Receipts Prior to the Service of a Note Acceleration Notice on the Issuer**

On each relevant Interest Payment Date prior to the service of a Note Acceleration Notice by the Note Trustee on the Issuer, the Cash Manager, on behalf of the Issuer, shall apply or provide for the application of the Available Revenue Receipts in the following order of priority (in each case only if and to the extent that payments or provisions of a higher priority have been made in full (the "**Pre-Acceleration Revenue Priority of Payments**")):

- (a) *first*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
  - (i) any fees, costs, charges, liabilities, expenses and all other amounts then due or to become due and payable in the immediately succeeding Interest Period to the Note Trustee and any Appointee under

- the provisions of the Trust Deed and the other Transaction Documents together with (if payable) value added tax ("VAT") thereon as provided therein;
- (ii) any fees, costs, charges, liabilities, expenses and all other amounts then due or to become due and payable in the immediately succeeding Interest Period to the Security Trustee and any Appointee under the provisions of the Deed of Charge and the other Transaction Documents together with (if payable) VAT thereon as provided therein;

- (i) any remuneration then due and payable to the Agent Bank and the Paying Agents and any fees, costs, charges, liabilities, expenses and all other amounts then due or to become due and payable in the immediately succeeding Interest Period to them under the provisions of the Agency Agreement, together with (if payable) VAT thereon as provided therein;
  - (ii) any amounts then due and payable to the Account Bank and any fees, costs, charges, liabilities and expenses then due or to become due and payable to the Account Bank in the immediately succeeding Interest Period under the provisions of the Bank Account Agreement, together with (if payable) VAT thereon as provided therein;
  - (iii) any amounts then due and payable to the Swap Collateral Account Bank and any fees, costs, charges, liabilities and expenses then due or to become due and payable to the Swap Collateral Account Bank in the immediately succeeding Interest Period under the provisions of the Swap Collateral Account Agreement, together with (if payable) VAT thereon as provided therein;
  - (iv) any amounts then due and payable to the Reporting Delegate and any fees, costs, charges, liabilities and expenses then due or to become due and payable to the Reporting Delegate in the immediately succeeding Interest Period under the provisions of the Reporting Delegation Agreement, together with (if payable) VAT thereon as provided therein;
  - (v) any amounts then due and payable to the Corporate Services Provider and any fees, costs, charges, liabilities and expenses then due or to become due and payable to the Corporate Services Provider in the immediately succeeding Interest Period under the provisions of the Corporate Services Agreement, together with (if payable) VAT thereon as provided therein; and
  - (vi) any amounts then due and payable to the Class Z VFN Registrar and any fees, costs, charges, liabilities and expenses then due or to become due and payable to the Class Z VFN Registrar in the immediately succeeding Interest Period under the provisions of the Agency Agreement, together with (if payable) VAT thereon as provided therein;
- (c) *third*, in or towards satisfaction of any amounts due and payable by the Issuer to third parties and incurred without breach by the Issuer of the Transaction Documents to which it is a party (and for which payment has not been provided for elsewhere) (including but not limited to (if applicable) any fees, costs, liabilities and expenses of any securitisation repository) and any amounts necessary to provide for any such amounts expected to become due and payable by the Issuer in the immediately succeeding Interest Period and any amounts required to pay or discharge any liability of the Issuer for corporation tax on any income or chargeable gain of the Issuer (but only to the extent not capable of being satisfied out of amounts retained by the Issuer under item (f) below);

- (d) *fourth*, to provide for amounts due on the relevant Interest Payment Date, to pay, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
  - (i) any amounts then due and payable to the Servicer and any fees, costs, charges, liabilities and expenses then due or to become due and payable to the Servicer in the immediately succeeding Interest Period under the provisions of the Servicing Agreement, together with VAT (if payable) thereon as provided therein;
  - (ii) any amounts then due and payable to the Cash Manager and any fees, costs, charges, liabilities and expenses then due or to become due and payable to the Cash Manager in the immediately succeeding Interest Period under the provisions of the Cash Management Agreement, together with VAT (if payable) thereon as provided therein;
  - (iii) any amounts then due and payable to the Back-Up Cash Manager Facilitator and any costs, charges, liabilities and expenses then due and payable to the Back-Up Cash Manager Facilitator under the provisions of the Cash Management Agreement, together with (if payable) VAT thereon as provided therein; and

### **General**

The Class A Notes, as at the Issue Date, will initially be represented by a Temporary Global Note. All capitalised terms not defined in this paragraph shall be as defined in the Terms and Conditions of the Notes.

The Temporary Global Note will be deposited on or about the Issue Date on behalf of the subscribers for the Class A Notes with a Common Safekeeper for both Euroclear and Clearstream, Luxembourg (together, the "**Clearing Systems**"). Upon deposit of the Temporary Global Note, the Clearing Systems will credit each subscriber of Notes with the principal amount of Notes of the relevant class equal to the aggregate principal amount thereof for which the subscriber will have subscribed and paid. Interests in the Temporary Global Note are exchangeable on and after the date which is 40 days after the Issue Date, upon certification of non-U.S. beneficial ownership by the relevant Noteholder, for interests recorded in the records of the Clearing Systems in a Permanent Global Note.

For so long as the Class A Notes are represented by a Global Note and the Clearing Systems so permit, the Class A Notes will be tradeable only in the minimum authorised denomination of £100,000 and integral multiples of £1,000 in excess thereof.

### **Payments on the Global Note**

Payments in respect of principal, premium (if any) and interest in respect of any Global Note will be made only against presentation of such Global Note to or to the order of the Principal Paying Agent or such other Paying Agent as shall have been notified to the Noteholders in accordance with Condition 15 (*Notice to Noteholders*) for such purpose, subject, in the case of any Temporary Global Note, to certification of non-U.S. beneficial ownership as provided in such Temporary Global Note. Each payment of principal, premium or interest made in respect of a Global Note will be recorded by the Clearing Systems in their records (which records are the records each relevant Clearing System holds for its customers which reflect such customers' interest in the Notes) and such records shall be prima facie evidence that the payment in question has been made. No person appearing from time to time in the records of either of the Clearing Systems as the holder of a Note shall have any claim directly against the Issuer in respect of payments due on such Note whilst such Note is represented by a Global Note and the Issuer shall be discharged by payment of the relevant amount to the bearer of the relevant Global Note. The Issuer shall procure that each payment shall be entered *pro rata* in the records of the relevant Clearing Systems but any failure to make such entries shall not affect the discharge referred to above.

Payments will be made, in respect of the Global Notes, by credit or transfer to an account in sterling maintained by the payee with a bank in London.

Payments in respect of principal, premium (if any) and interest on the Global Notes are subject in all cases to any fiscal or other laws and regulations applicable in the place of payment.

A holder shall be entitled to present a Global Note for payment only on a Presentation Date and shall not, except as provided in Condition 5 (*Interest*), be entitled to any further interest or other payment if a Presentation Date is after the due date.

### 2.1 *Form and Denomination*

The Class A Notes are initially represented by a temporary global note (a "**Temporary Global Note**") in bearer form in the aggregate principal amount on issue of £410,882,000. The Temporary Global Note has been deposited on behalf of the subscribers of the Class A Notes with a common safekeeper (the "**Common Safekeeper**") for Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**") and Euroclear Bank SA/NV ("**Euroclear**" and together with Clearstream, Luxembourg, the "**Clearing Systems**") on the Issue Date. Upon deposit of the Temporary Global Note, the Clearing Systems credited each subscriber of Class A Notes with the principal amount of Class A Notes of the relevant class equal to the aggregate principal amount thereof for which it had subscribed and paid. Interests in the Temporary Global Note are exchangeable on and after the date which is 40 days after the Issue Date, upon certification of non-U.S. beneficial ownership by the relevant Noteholder, for interests in a permanent global note (a "**Permanent Global Note**") representing the Class A Notes (the expressions "**Global Notes**" and "**Global Note**" meaning, the Temporary Global Note and the Permanent Global Note, or (ii) the Temporary Global Note or Permanent Global Note, as the context may require). The Permanent Global Note has also been deposited with the Common Safekeeper for the Clearing Systems.

Interests in a Global Note will be transferable in accordance with the rules and procedures for the time being of the relevant Clearing System.

The Class Z VFN will be in dematerialised registered form.

For so long as the Class A Notes are represented by a Global Note and Euroclear and Clearstream, Luxembourg so permit, the Class A Notes shall be tradeable only in the minimum nominal amount of £100,000 and higher integral multiples of £1,000, notwithstanding that no Definitive Notes (as defined below) will be issued with a denomination above £199,000.

A Permanent Global Note will be exchanged for Class A Notes in definitive form (such exchanged Global Note, the "**Definitive Notes**") (free of charge to the persons entitled to them) only if either of the following applies:

- (a) both Euroclear and Clearstream, Luxembourg:
  - (i) are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise); or
  - (ii) announce an intention permanently to cease business and do so cease to do business; and
  - (iii) in either case, no alternative clearing system satisfactory to the Note Trustee is available; or
- (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax, or in the interpretation or administration by a revenue authority or a court or in the application of such laws or regulations, which becomes effective on or after the Issue Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding for or on account of tax from any payment in respect of the Class A Notes which would not be required were the Class A Notes in definitive form.

If Definitive Notes are issued in respect of Class A Notes originally represented by a Global Note, the beneficial interests represented by the Global Note shall be exchanged by the Issuer for the Class A Notes in definitive form. The aggregate principal amount of the Definitive Notes shall be equal to the Principal Amount Outstanding of the Class A Notes at the date on which notice of exchange is given of the Global Note, subject to and in accordance with the detailed provisions of these Conditions, the Agency Agreement, the Trust Deed and the Global Note.

Definitive Notes (which, if issued, will be in the denomination set out below) will be serially numbered and will be issued in bearer form with (at the date of issue) interest coupons and, if necessary, talons attached.

Definitive Notes, if issued, will only be printed and issued in denominations of £100,000 and integral multiples of £1,000 in excess thereof up to and including £199,000. No Definitive Notes will be issued with a denomination above £199,000.

The Class Z VFN has a minimum denomination of £100,000 and may be issued and redeemed in integrals of £100. No certificate evidencing entitlement to the Class Z VFN will be issued. The Class Z VFN will be in dematerialised registered form.

The Class Z VFN will be issued on the Issue Date with a nominal principal amount of up to £44,971,500 and a Principal Amount Outstanding of which £44,971,500 will be subscribed for on the Issue Date. So long as the Class A Notes are outstanding, the Principal Amount Outstanding of the Class Z VFN shall not fall below 5 per cent. of the aggregate Current Balance of the Loans as at the Issue Date. If a further funding is made in respect of any of the Class Z VFN, the Class Z VFN Registrar shall record such increase in the Principal Amount Outstanding of the Class Z VFN in the register for the Class Z VFN (the "**Class Z VFN Register**").

References to "**Notes**" in these Conditions shall include the Global Notes, the Class Z VFN and the Definitive Notes.

For the purposes of these Conditions, "**outstanding**" means, in relation to the Notes, all the Notes issued from time to time other than:

- (a) those Notes which have been redeemed in full and cancelled pursuant to the Conditions;
- (b) those Notes in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption monies (including all interest payable thereon) have been duly paid to the Note Trustee or to the Principal Paying Agent in the manner provided in the Agency Agreement (and where appropriate notice to that effect has been given to the relevant Noteholders in accordance with these Conditions) and remain available for payment against presentation of the relevant Notes;
- (c) those Notes which have been cancelled in accordance with Condition 7.8 (*Cancellation*) of the Notes;
- (d) those Notes which have become void or in respect of which claims have become prescribed, in each case under Condition 9 (*Prescription*) of the Notes;
- (e) those mutilated or defaced Notes which have been surrendered and cancelled and in respect of which replacements have been issued pursuant to Condition 14 (*Replacement of Notes*) with respect to the Notes;
- (f) (for the purpose only of ascertaining the Principal Amount Outstanding of the Notes outstanding and without prejudice to the status for any other purpose of the relevant instrument)

those Notes which are alleged to have been lost, stolen or destroyed and in respect of which replacements have been issued pursuant to Condition 14 (*Replacement of Notes*) with respect to the Notes; and

- (g) any Global Note to the extent that it shall have been exchanged for another Global Note in respect of the Notes of the relevant Class or for the Notes of the relevant Class in definitive form pursuant to its provisions,

provided that for each of the following purposes, namely:

- (i) the right to attend and vote at any meeting of the Noteholders of any Class or Classes, an Extraordinary Resolution in writing, an Extraordinary Resolution by way of Electronic Consent, or an Ordinary Resolution in writing or an Ordinary Resolution by way of Electronic Consent as envisaged by paragraph 1 of Schedule 4 to the Trust Deed and any direction or request by the holders of Notes of any Class or Classes;
- (ii) the determination of how many and which Notes are for the time being outstanding for the purposes of Clause 10.1 and Schedule 4 to the Trust Deed, Conditions 10 (*Events of Default*) and 11 (*Enforcement*) of the Notes;
- (iii) any discretion, power or authority (whether contained in the trust presents, or vested by operation of law) which the Security Trustee and/or the Note Trustee is required, expressly or impliedly, to exercise in or by reference to the interests of the Noteholders or any Class or Classes thereof; and
- (iv) the determination by the Note Trustee whether any event, circumstance, matter or thing is, in its opinion, materially prejudicial to the interests of the Noteholders or any Class or Classes thereof,

those Notes (if any) which are for the time being held by or on behalf of or for the benefit of the Issuer, the Seller, any Subsidiary or Holding Company of the Issuer or the Seller, or any other Subsidiary of either such Holding Company, in each case as beneficial owner, shall (unless and until ceasing to be so held) be deemed not to remain outstanding, except, in the case of the Seller, any Subsidiary or Holding Company of the Seller or any other Subsidiary of such Holding Company (the "**Relevant Persons**") where all of the Notes of any Class are held by or on behalf of or for the benefit of one or more Relevant Persons, in which case such Class of Notes (the "**Relevant Class of Notes**") shall be deemed to remain outstanding except that, if there is any other Class of Notes ranking *pari passu* with, or junior to, the Relevant Class of Notes and one or more Relevant Persons are not the beneficial owners of all the Notes of such Class, then the Relevant Class of Notes shall be deemed not to remain outstanding;

For the purposes of these Conditions, "**Subsidiary**" means a subsidiary and "**Holding Company**" means a holding company, each as defined in section 1159 of the Companies Act 2006.

## 2.2 **Title**

Title to the Global Note or Definitive Notes shall pass by delivery.

Title to a Class Z VFN shall only pass by and upon registration of the transfer in the Class Z VFN Register provided that no transferee shall be registered as a new Class Z VFN Holder unless (i) the prior written consent of the Issuer and (for so long as any Class A Notes are outstanding) the Note Trustee has been obtained (and the Note Trustee shall give its consent to such a transfer if the same has been sanctioned by an Extraordinary Resolution of the Class A Noteholders) and (ii) such transferee

has certified to, *inter alios*, the Class Z VFN Registrar that it is (A) a person falling within paragraph 3 of Schedule 2A to the Insolvency Act 1986, (B) independent of the Issuer within the meaning of regulation 2(1) of the Taxation of Securitisation Companies Regulations 2006 and (C) a Qualifying Noteholder.

**"Qualifying Noteholder"** means:

- (a) a person which is beneficially entitled to interest in respect of the Class Z VFN and is:
  - (i) a company resident in the United Kingdom for United Kingdom tax purposes;
  - (ii) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which will bring into account payments of interest in respect of the Notes in computing the chargeable profits (for the purposes of Section 19 of the Corporation Tax Act 2009 (the "CTA")) of that company; or
  - (iii) a partnership each member of which is:
    - (A) a company resident in the United Kingdom; or
    - (B) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which will bring into account in computing its chargeable profits (for the purposes of Section 19 of the CTA) the whole of any share of a payment of interest in respect of the Notes that is attributable to it by reason of Part 17 of the CTA; or
- (b) a person which falls within any of the other descriptions in section 935 or 936 of the Income Tax Act 2007 ("ITA 2007") and satisfies any conditions set out therein in order for the interest to be an excepted payment for the purposes of section 930 ITA 2007.

**"Noteholders"** means (i) the Class A Noteholders and (ii) the person(s) in whose name a Class Z VFN is registered in the Class Z VFN Register.

**"Class A Noteholders"** means holders of the Class A Notes.

**"Class Z VFN Holder"** means holders of the Class Z VFN.

### **3 STATUS AND RELATIONSHIP BETWEEN THE NOTES AND SECURITY**

#### **3.1 *Status and relationship between the Notes***

- (a) The Class A Notes constitute direct, secured and (subject to the limited recourse provision in Condition 11 (*Enforcement*)) unconditional obligations of the Issuer. The Class A Notes will rank *pari passu* and *pro rata* without any preference or priority among themselves as to payments of principal and interest.
- (b) The Class Z VFN constitutes direct, secured and (subject as provided in Condition 16 (*Subordination by Deferral*) and the limited recourse provisions in Condition 11 (*Enforcement*)) unconditional obligations of the Issuer. The Class Z VFN ranks junior to the Class A Notes, as provided in these Conditions and the Transaction Documents. Accordingly, the interests of the Class Z VFN Holder will be subordinated to the interests of the Class A Noteholders (so long as any Class A Notes remain outstanding).
- (c) The Trust Deed contains provisions requiring the Note Trustee to have regard to the interests of the Noteholders equally as regards all rights, powers, trusts, authorities, duties and discretions

of the Note Trustee (except where expressly provided otherwise) but requiring the Note Trustee in any such case to have regard only to the interests of the Class A Noteholders if, in the Note Trustee's opinion, there is a conflict between the interests of the Class A Noteholders and those of the Class Z VFN Holder. As long as the Notes are outstanding but subject to Condition 12.4 (*Meetings of Noteholders, Modification, Waiver and Substitution*), the Security Trustee shall have regard to the interests of the Noteholders only and shall not have regard to the interests of the other Secured Creditors.

- (d) The Trust Deed and the Deed of Charge contain provisions limiting the powers of the Class Z VFN Holder to request or direct the Note Trustee or the Security Trustee to take any action according to the effect thereof on the interests of the Class A Noteholders.
- (e) Except in certain circumstances set out in the Trust Deed and the Deed of Charge, there is no such limitation on the powers of the Class A Noteholders, the exercise of which will be binding on the Class Z VFN Holder.

### 3.2 *Security*

- (a) The security constituted by or pursuant to the Deed of Charge is granted to the Security Trustee for it to hold on trust for itself, the Noteholders and the other Secured Creditors, upon and subject to the terms and conditions of the Deed of Charge.
- (b) The Noteholders and the other Secured Creditors will share in the benefit of the security constituted by or pursuant to the Deed of Charge, upon and subject to the terms and conditions of the Deed of Charge.

## 4 COVENANTS

Save with the prior written consent of the Note Trustee or unless otherwise permitted under any of the Transaction Documents, the Issuer shall not, so long as any Note remains outstanding:

- (a) **Negative pledge:** create or permit to subsist any encumbrance (unless arising by operation of law) or other security interest whatsoever over any of its assets or undertaking;
- (b) **Restrictions on activities:** (i) engage in any activity whatsoever which is not incidental to or necessary in connection with any of the activities in which the Transaction Documents provide or envisage that the Issuer will engage or (ii) have any subsidiaries, any subsidiary undertaking (as defined in the Companies Act 1985 and the Companies Act 2006 (as applicable)) or any employees (but shall procure that, at all times, it shall retain at least one independent director) or premises;
- (c) **Disposal of assets:** transfer, sell, lend, part with or otherwise dispose of, or deal with, or grant any option or present or future right to acquire any of its assets or undertakings or any interest, estate, right, title or benefit therein;
- (d) **Equitable Interest:** permit any person, other than itself and the Security Trustee, to have any equitable or beneficial interest in any of its assets or undertakings or any interest, estate, right, title or benefit therein;
- (e) **Dividends or distributions:** pay any dividend or make any other distribution to its shareholders except out of amounts of profit retained by the Issuer in accordance with the Priorities of Payments which are available for distribution in accordance with the Issuer's Memorandum and Articles of Association and with applicable laws or issue any further shares;

- (f) **Indebtedness:** incur any financial indebtedness or give any guarantee in respect of any financial indebtedness or of any other obligation of any person;
- (g) **Merger:** consolidate or merge with any other person or convey or transfer its properties or assets substantially as an entirety to any other person;
- (h) **No modification or waiver:** without prejudice to Condition 12.5 or otherwise than in accordance with the Conditions, permit any of the Transaction Documents to which it is a party to become invalid or ineffective or permit the priority of the security interests created or evidenced thereby or pursuant thereto to be varied or agree to any modification of, or grant any consent, approval, authorisation or waiver pursuant to, or in connection with, any of the Transaction Documents to which it is a party or permit any party to any of the Transaction Documents to which it is a party to be released from its obligations or exercise any right to terminate any of the Transaction Documents to which it is a party;
- (i) **Bank accounts:** have an interest in any bank account other than the Bank Accounts (including the Swap Collateral Account), unless such account or interest therein is charged to the Security Trustee on terms acceptable to the Security Trustee;
- (j) **U.S. activities:** engage in any activities in the United States (directly or through agents), or derive any income from United States sources as determined under United States income tax principles, or hold any property if doing so would cause it to be engaged in a trade or business within the United States as determined under United States income tax principles;
- (k) **Corporation tax:** prejudice its eligibility for its corporation tax liability to be calculated in accordance with regulation 14 of the Taxation of Securitisation Companies Regulations 2006;
- (l) **Class Z VFN:** so long as the Class A Notes are outstanding, allow the Principal Amount Outstanding of the Class Z VFN to be less than 5 per cent. of the aggregate Current Balance of the Loans as at the Issue Date; or
- (m) **VAT:** apply to become part of any group for the purposes of sections 43 to 43D of the Value Added Tax Act 1994 and the VAT (Groups: eligibility) Order (S.I. 2004/1931) with any other company or group of companies, or such act, regulation, order, statutory instrument or directive which may from time to time re-enact, replace, amend, vary, codify, consolidate or repeal any of the same.

## 5 INTEREST

### 5.1 *Interest Accrual*

Each Note bears interest on its Principal Amount Outstanding from (and including) the Issue Date. Each Note (or, in the case of the redemption of part only of a Class A Note, that part only of such Class A Note) will cease to bear interest from and including the due date for redemption unless, upon due presentation in accordance with Condition 6 (*Payments*), payment of the principal in respect of the Note is improperly withheld or refused or default is otherwise made in respect of the payment, in which event interest shall continue to accrue as provided in the Trust Deed.

### 5.2 *Interest Payment Dates*

The first Interest Payment Date will be the Interest Payment Date falling in July 2025.

Interest will be payable quarterly in arrear on the 28th day of January, April, July and October of each year or, if such day is not a Business Day, on the immediately succeeding Business Day unless it would

thereby fall into the next calendar month, in which event it will be payable on the immediately preceding Business Day (each such date being an "**Interest Payment Date**"), for all classes of Notes.

In these Conditions, "**Interest Period**" shall mean the period from (and including) an Interest Payment Date (except in the case of the first Interest Period for the Notes, where it shall be the period from (and including) the Issue Date) to (but excluding) the next succeeding (or first) Interest Payment Date.

### 5.3 **Rate of Interest**

- (a) The rate of interest payable from time to time in respect of each class of the Notes (each a "**Rate of Interest**" and together "**Rates of Interest**") will be determined on the basis of the following provisions:
  - (i) On each Interest Determination Date (as defined below), the Agent Bank will determine the Compounded Daily SONIA (as defined below) at approximately 11.00 a.m. (London time) on that Interest Determination Date.
  - (ii) The Rate of Interest for the Interest Period in respect of each class of the Notes shall be Compounded Daily SONIA plus the Relevant Margin (as defined below).
  - (iii) Subject to paragraph (ii) above, in the event that the Rate of Interest cannot be determined in accordance with the provisions of these Conditions by the Agent Bank (or such other party responsible for the calculation of the Rate of Interest), the Rate of Interest shall, subject to Condition 12.13 (*Additional Right of Modification*), be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Relevant Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Relevant Margin relating to the relevant Interest Period in place of the Relevant Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Relevant Margin applicable to the first Interest Period).
  - (iv) If the relevant Notes become due and payable in accordance with Condition 10 (*Events of Default*), the final Interest Determination Date shall, notwithstanding the Interest Determination Date defined below, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Note remains outstanding, be that determined on such date.
  - (v) The minimum Rate of Interest shall be zero. There will be no maximum Rate of Interest.
- (b) In these Conditions (except where otherwise defined), the expression:
  - (i) "**Business Day**" means a day (other than a Saturday or Sunday or a public holiday) on which banks are generally open for business in London;
  - (ii) "**Compounded Daily SONIA**" means the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Agent Bank (or such other party responsible for the calculation of the Rate of Interest) on the Interest Determination

Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{SONIA_{i-5LBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

"**d**" is the number of calendar days in the relevant Interest Period;

"**d<sub>0</sub>**" is the number of Business Days in the relevant Interest Period;

"**i**" is a series of whole numbers from one to **d<sub>0</sub>**, each representing the relevant Business Day in chronological order from, and including, the first Business Day in the relevant Interest Period;

"**LBD**" means a Business Day;

"**n<sub>i</sub>**", for any day "**i**", means the number of calendar days from and including such day "**i**" up to but excluding the following Business Day;

- (iii) "**Interest Commencement Date**" means the Issue Date;
- (iv) "**Interest Determination Date**" means the fifth Business Day before the Interest Payment Date for which the rate will apply;
- (v) "**Observation Period**" means the period from and including the date falling five Business Days prior to the first day of the relevant Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date falling five Business Days prior to the Interest Payment Date for such Interest Period (or, if applicable, the date falling five Business Days prior to any other date on which a payment of interest is to be made in respect of the Notes);
- (vi) "**Relevant Margin**" means in respect of each Class of the Notes the following per cent. per annum:
  - (A) in respect of the Class A Notes, prior to the Step-Up Date 0.51 per cent. per annum and on and after the Step-Up Date 0.765 per cent. per annum (the "**Class A Margin**"); and
  - (B) in respect of the Class Z VFN, 0.00 per cent. per annum (the "**Class Z VFN Margin**");
- (vii) "**Relevant Screen Page**" means the Reuters Screen SONIA Page (or any replacement thereto);
- (viii) "**SONIA Reference Rate**" means, in respect of any Business Day, a reference rate equal to the daily Sterling Overnight Index Average ("**SONIA**") rate for such Business Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors (on the Business Day immediately following such Business Day).

If, in respect of any Business Day in the relevant Observation Period, the Agent Bank (or such other party responsible for the calculation of the Rate of Interest) determines that

the SONIA Reference Rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA Reference Rate shall be: (A) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant Business Day; plus (B) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, if the Bank of England publishes guidance as to (1) how the SONIA reference rate is to be determined or (2) any rate that is to replace the SONIA reference rate, the Agent Bank shall, subject to receiving written instructions from the Issuer and to the extent that it is reasonably practicable to do so in the opinion of the Agent Bank, follow such guidance in order to determine the SONIA reference rate for the purpose of the relevant Series of Notes for so long as the SONIA reference rate is not available or has not been published by the authorised distributors. To the extent that any amendments or modifications to these Conditions, the Trust Deed or the Agency Agreement are required in order for the Agent Bank to follow such guidance in order to determine the SONIA reference rate, the Agent Bank shall have no obligation to act until such amendments or modifications have been made in accordance with these Conditions, the Trust Deed or the Agency Agreement; and

- (ix) "**SONIA<sub>F-5LBD</sub>**" means, in respect of any Business Day falling in the relevant Interest Period, the SONIA Reference Rate for the Business Day falling five Business Days prior to the relevant Business Day "i".

#### 5.4 ***Determination of Rates of Interest and Interest Amounts***

The Agent Bank shall, as soon as practicable after 11.00 a.m. (London time) on each Interest Determination Date but in no event later than the third Business Day thereafter, determine the Sterling amount (the "**Interest Amounts**") in respect of the Notes, payable in respect of interest on the Principal Amount Outstanding of each Class of the Notes for the relevant Interest Period.

The Interest Amounts shall be determined by applying the relevant Rate of Interest to such Principal Amount Outstanding, multiplying the sum by the actual number of days in the Interest Period concerned divided by 365 and rounding the resulting figure downwards to the nearest penny.

#### 5.5 ***Publication of Rates of Interest and Interest Amounts***

The Agent Bank shall cause the Rates of Interest and the Interest Amounts for each Interest Period and each Interest Payment Date to be notified to the Issuer, the Cash Manager, the Note Trustee, the Class Z VFN Registrar and the Paying Agents (as applicable) and to any stock exchange or other relevant authority on which the Notes are at the relevant time listed and to be published in accordance with Condition 15 (*Notice to Noteholders*) as soon as possible after their determination and in no event later than the second Business Day thereafter. The Interest Amounts and Interest Payment Date may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

#### 5.6 ***Notifications, etc. to be Final***

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5, whether by the

Reference Banks (or any of them), the Agent Bank, the Cash Manager or the Note Trustee, will (in the absence of manifest error) be binding on the Issuer, the Cash Manager, the Note Trustee, the Agent Bank, the Class Z VFN Registrar, the Paying Agents and all Noteholders and (in the absence of wilful default, gross negligence or fraud) no liability to the Issuer or the Noteholders shall attach to the Reference Banks (or any of them), the Cash Manager, the Agent Bank or the Class Z VFN Registrar in connection with the exercise or non-exercise by any of them of their powers, duties and discretions under this Condition 5.

#### 5.7 **Agent Bank**

The Issuer shall procure that, so long as any of the Notes remain outstanding, there is at all times an Agent Bank for the purposes of the Notes and the Issuer may, subject to the prior written approval of the Note Trustee, terminate the appointment of the Agent Bank. In the event of the appointed office of any bank being unable or unwilling to continue to act as the Agent Bank or failing duly to determine the Rates of Interest and the Interest Amounts for any Interest Period, the Issuer shall, subject to the prior written approval of the Note Trustee, appoint another major bank engaged in the relevant interbank market to act in its place. Subject to the detailed provisions of the Agency Agreement, the Agent Bank may not resign its duties or be removed without a successor having been appointed.

#### 5.8 **Determinations and Reconciliation**

- (a) In the event that (i) Aldermore Bank PLC is not acting as both the Servicer and the Cash Manager, and (ii) the Cash Manager does not receive any Servicer Report which is due during a Collection Period (the "**Determination Period**"), then the Cash Manager may use the Servicer Reports in respect of the three most recent Collection Periods for which all relevant Servicer Reports are available (or, where there are not at least three previous Servicer Reports, any previous Servicer Reports or previous relevant information provided by the Servicer to the Cash Manager) for the purposes of calculating the amounts available to the Issuer to make payments, as set out in this Condition 5.8 (*Determinations and Reconciliation*). If and when the Cash Manager ultimately receives all the Servicer Reports relating to the Determination Period, it will make the reconciliation calculations and reconciliation payments as set out in Condition 5.8(c). Any (i) calculations properly done on the basis of such estimates in accordance with Conditions 5.8(b) and/or 5.8(c); (ii) payments made under any of the Notes and Transaction Documents in accordance with such calculations; and (iii) reconciliation calculations and reconciliation payments made as a result of such reconciliation calculations, each in accordance with Condition 5.8(b) and/or 5.8(c), shall (in any case) be deemed to be done, in accordance with the provisions of the Transaction Documents and will in themselves not lead to an Event of Default and no liability will attach to the Cash Manager in connection with the exercise by it of its powers, duties and discretion for such purposes.
- (b) In respect of any Determination Period the Cash Manager shall:
- (i) determine the Interest Determination Ratio by reference to the three most recent Collection Periods in respect of which all relevant Servicer Reports are available (or, where there are not at least three such previous Servicer Reports, any previous Servicer Reports or relevant information previously provided by the Servicer) received in the preceding Collection Periods;
  - (ii) calculate the Revenue Receipts for such Determination Period as the product of (A) the Interest Determination Ratio and (B) all collections received by the Issuer during such Determination Period (the "**Calculated Revenue Receipts**"); and

- (iii) calculate the Principal Receipts for such Determination Period as the product of (A) 1 minus the Interest Determination Ratio and (B) all collections received by the Issuer during such Determination Period (the "**Calculated Principal Receipts**").
- (c) Following any Determination Period, upon receipt by the Cash Manager of the Servicer Reports in respect of such Determination Period, the Cash Manager shall reconcile the calculations made in accordance with Condition 5.8(b) above to the actual collections set out in the Servicer Reports by allocating the Reconciliation Amount as follows:
  - (i) If the Reconciliation Amount is a positive number, the Cash Manager shall apply an amount equal to the lesser of (A) the absolute value of the Reconciliation Amount and (B) the amount standing to the credit of the Revenue Ledger, as Available Principal Receipts (with a corresponding debit of the Revenue Ledger);
  - (ii) If the Reconciliation Amount is a negative number, the Cash Manager shall apply an amount equal to the lesser of (A) the absolute value of the Reconciliation Amount and (B) the amount standing to the credit of the Principal Ledger, as Available Revenue Receipts (with a corresponding debit of the Principal Ledger),

*provided that* the Cash Manager shall apply such Reconciliation Amount in determining Available Revenue Receipts and Available Principal Receipts for such Collection Period in accordance with the terms of the Cash Management Agreement and the Cash Manager shall promptly notify the Issuer and the Note Trustee of such Reconciliation Amount.

- (d) In this Condition, the expression:

**"Interest Determination Ratio"** means (i) the aggregate Revenue Receipts calculated by reference to the three most recent Collection Periods in respect of which all relevant Servicer Reports are available (or, where there are not at least three such previous Servicer Reports, any previous Servicer Reports or relevant information previously provided by the Servicer) received in the preceding Collection Periods divided by (ii) the aggregate of all Revenue Receipts and all Principal Receipts calculated in such Servicer Reports (or relevant information);

**"Reconciliation Amount"** means in respect of any Collection Period, (i) the actual Principal Receipts as determined in accordance with the available Servicer Reports, less (ii) the Calculated Principal Receipts in respect of such Collection Period, plus (iii) any Reconciliation Amount not applied in previous Collection Periods; and

**"Servicer Report"** means the Monthly Servicer Report and the Quarterly Servicer Report, in each case which are provided only to the extent that, at any time, Aldermore Bank PLC is not acting as both the Servicer and the Cash Manager.

## 6 PAYMENTS

### 6.1 *Payment of Interest and Principal*

Payments in respect of principal, premium (if any) and interest in respect of any Global Note will be made only against presentation of such Global Note to or to the order of the Principal Paying Agent (or the Class Z VFN Registrar in respect of the Class Z VFN) or such other Paying Agent as shall have been notified to the Noteholders in accordance with Condition 15 (*Notice to Noteholders*) for such purpose, subject, in the case of the Temporary Global Note, to certification of non-U.S. beneficial ownership as provided in such Temporary Global Note. Each payment of principal, premium or interest made in respect of a Global Note will be recorded by the Clearing Systems in their records

(which records are the records each relevant Clearing System holds for its customers and reflect such customers' interest in the Notes) and such records shall be *prima facie* evidence that the payment in question has been made. No person appearing from time to time in the records of either of the Clearing Systems as the holder of a Note shall have any claim directly against the Issuer in respect of payments due on such Note whilst such Note is represented by a Global Note and the Issuer shall be discharged by payment of the relevant amount to the bearer of the relevant Global Note. The Issuer shall procure that each payment shall be entered *pro rata* in the records of the relevant Clearing System but any failure to make such entries shall not affect the discharge referred to above.

Payments will be made in respect of the Notes by credit or transfer to an account in Sterling maintained by the payee with a bank in London.

## 6.2 ***Laws and Regulations***

Payments of principal and interest in respect of the Notes are subject, in all cases, to (i) any fiscal or other laws and regulations applicable thereto in the place of payment and (ii) any withholding or deduction required pursuant to an agreement described in section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof or any law implementing an intergovernmental approach thereto. Noteholders will not be charged commissions or expenses on payments.

## 6.3 ***Payment of Interest following a Failure to pay Principal***

If payment of principal is improperly withheld or refused on or in respect of any Note or part thereof, the interest which continues to accrue in respect of such Note in accordance with Condition 5.1 (*Interest Accrual*) and Condition 5.3 (*Rate of Interest*) will be paid, in respect of a Global Note, as described in Condition 6.1 (*Payment of Interest and Principal*) above and, in respect of any Definitive Note, in accordance with this Condition 6.

## 6.4 ***Change of Paying Agents***

Subject to the detailed provisions of the Agency Agreement, the Issuer reserves the right, subject to the prior written approval of the Note Trustee, at any time to vary or terminate the appointment of the Principal Paying Agent or the Class Z VFN Registrar and to appoint additional or other registration and paying agents provided that:

- (a) there will at all times be a person appointed to perform the obligations of the Principal Paying Agent;
- (b) there will at all times be at least one Paying Agent (who may be the Principal Paying Agent) having its specified office in such place as may be required by the rules and regulations of the relevant stock exchange and competent authority; and
- (c) there will at all times be a person appointed to perform the obligations of the Class Z VFN Registrar.

Except where otherwise provided in the Trust Deed or the Agency Agreement, the Issuer will cause notice of no more than 30 days and no less than 15 days of any change in or addition to the Paying Agents or the Class Z VFN Registrar or their specified offices to be given to the Noteholders in accordance with Condition 15 (*Notice to Noteholders*) and will notify the Rating Agencies of such change or addition.

#### 6.5 *No Payment on non-Business Day*

If the date for payment of any amount in respect of a Note is not a Presentation Date, Noteholders shall not be entitled to payment until the next following Presentation Date in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. In this Condition 6.5, the expression "**Presentation Date**" means a day which is (a) a Business Day and (b) a day on which banks are generally open for business in the relevant place.

#### 6.6 *Partial Payment*

If the Class Z VFN Registrar (in respect of the Class Z VFN) makes a partial payment in respect of the Class Z VFN, the Class Z VFN Registrar will, in respect of the Class Z VFN, annotate the Class Z VFN Register, indicating the amount and date of such payment.

#### 6.7 *Payment of Interest*

If interest is not paid in respect of the Class Z VFN on the date when due and payable (other than because the due date is not a Presentation Date (as defined in Condition 6.5 (*No Payment on non-Business Day*)) or by reason of non-compliance by the Noteholder with Condition 16.1 (*Payment of Interest and Principal*)), then such unpaid interest shall itself bear interest at the Rate of Interest applicable from time to time to such Class Z VFN until such interest and interest thereon are available for payment and notice thereof has been duly given in accordance with Condition 15 (*Notice to Noteholders*).

### 7 **REDEMPTION**

#### 7.1 *Redemption at Maturity*

Unless previously redeemed in full or purchased and cancelled as provided below, the Issuer will redeem the Notes at their respective Principal Amounts Outstanding on the Interest Payment Date falling in July 2072.

#### 7.2 *Mandatory Redemption*

- (a) Each Note shall, subject to Conditions 7.3 (*Optional Redemption of the Class A Notes in Full*) and 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*), be redeemed on each Interest Payment Date prior to the service of a Note Acceleration Notice in an amount equal to the Available Principal Receipts available for such purpose which shall be applied (i) first to repay the Class A Notes until they are repaid in full and then (ii) to repay the Class Z VFN until it is repaid in full subject in each case to the Pre-Acceleration Principal Priority of Payments and, as applicable, the Pre-Acceleration Revenue Priority of Payments.
- (b) With respect to each Note on (or as soon as practicable after) each Calculation Date, the Issuer shall determine (or cause the Cash Manager to determine) (i) the amount of any principal repayment due on the Interest Payment Date next following such Calculation Date, (ii) the Principal Amount Outstanding of each such Note and (iii) in relation to the Class A Notes only, the fraction expressed as a decimal to the sixth point (the "**Pool Factor**"), of which the numerator is the Principal Amount Outstanding of that Note (as referred to in (ii) above) and the denominator, in the case of that Note, is the Principal Amount Outstanding of that Note on the Issue Date and the Pool Factor shall in each case (in the absence of wilful default, bad faith or manifest error) be final and binding on all persons.

- (c) The Issuer will cause each determination of a principal repayment, Principal Amount Outstanding and, in the case of the Class A Notes only, Pool Factor to be notified by not less than two Business Days prior to the relevant Interest Payment Date to the Note Trustee, the Security Trustee, the Paying Agents, the Agent Bank, the Interest Rate Swap Provider, and will immediately cause notice of each such determination to be given in accordance with Condition 15 (*Notice to Noteholders*) by not later than two Business Days prior to the relevant Interest Payment Date. If no principal repayment is due to be made on the Class A Notes on any Interest Payment Date a notice to this effect will be given to the relevant Noteholders.

### 7.3 ***Optional Redemption of the Class A Notes in Full***

- (a) The Issuer may redeem all (but not some only) of the Class A Notes *provided that*:
  - (i) the Interest Payment Date on which such notice expires (the "**Optional Redemption Date**") is any Interest Payment Date either (A) falling in July 2030 or any Interest Payment Date thereafter, or (B) on which the aggregate Current Balance of all Loans in the Portfolio is equal to or less than 10 per cent. of the aggregate Current Balance of the Loans in the Portfolio as of the Cut-Off Date;
  - (ii) not more than 60 nor less than 30 days' notice is given to: (A) the Class A Noteholders in accordance with Condition 15 (*Notice to Noteholders*), (B) the Note Trustee and (C) the Interest Rate Swap Provider
  - (iii) on or prior to the Optional Redemption Date, no Note Acceleration Notice has been served; and
  - (iv) the Issuer has, immediately prior to giving such notice, certified to the Note Trustee that it will have the necessary funds to pay all principal and interest due in respect of the Class A Notes on the relevant Optional Redemption Date and to discharge all other amounts required to be paid in priority to or *pari passu* with all the Class A Notes on such Optional Redemption Date and, as the case may be, on the immediately following Interest Payment Date (such certification to be provided by way of certificate signed by two directors of the Issuer) (and for the avoidance of doubt, the order of priority shall be as set out in the Pre-Acceleration Priority of Payments).
- (b) Any Class A Note redeemed pursuant to Condition 7.3(a) will be redeemed at an amount equal to the Principal Amount Outstanding of the relevant Class A Note to be redeemed together with accrued (and unpaid) interest on the Principal Amount Outstanding of the relevant Class A Note up to, but excluding, the Optional Redemption Date.

### 7.4 ***Optional Redemption of the Class A Notes for Taxation or Other Reasons***

If:

- (a) by reason of a change in tax law (or the application or official interpretation thereof), which change becomes effective on or after the Issue Date, on or before the next Interest Payment Date the Issuer or the Paying Agents would be required to deduct or withhold from any payment of principal or interest on any Class A Notes (other than because the relevant holder has some connection with the United Kingdom other than the holding of such Class A Notes) any amount for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the

United Kingdom or any political sub-division thereof or any authority thereof or therein having power to tax; or

- (b) by reason of a change in law (or the application or official interpretation thereof), which change becomes effective on or after the Issue Date, on or before the next Interest Payment Date the Issuer or the Interest Rate Swap Provider would be required to deduct or withhold from any payment under the Interest Rate Swap Agreement any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature,

then the Issuer shall, if the same would avoid the effect of such relevant event described in subparagraphs (a) or (b) above, appoint a Paying Agent in another jurisdiction or use its reasonable endeavours to arrange the substitution of a company incorporated and/or tax resident in another jurisdiction approved in writing by the Note Trustee as principal debtor under the Class A Notes and the Trust Deed, provided that (A) the Issuer or the Cash Manager has certified in writing to the Note Trustee and the Security Trustee that such proposed action (1) (while any Class A Note remains outstanding) has been notified to the Rating Agencies, (2) would not adversely impact on the Issuer's ability to make payment when due in respect of the Notes, (3) would not affect the legality, validity and enforceability of any of the Transaction Documents or any Security and (4) would not have an adverse effect on the rating of the Class A Notes; and (B) a legal opinion of independent legal advisers of recognised standing, in form and substance satisfactory to the Note Trustee is delivered to the Issuer and to the Note Trustee confirming that such substitution would not require registration of any new security under U.S. securities laws or materially increase the disclosure requirements under U.S. law.

If the Issuer satisfies the Note Trustee immediately before giving the notice referred to below that one or more of the events described in subparagraphs (a) or (b) above is continuing and that the appointment of a Paying Agent or a substitution as referred to above would not avoid the effect of the relevant event or that, having used its reasonable endeavours, the Issuer is unable to arrange such appointment or substitution, then the Issuer may, on any Interest Payment Date and having given not more than 60 nor less than 30 days' notice to the Note Trustee, the Interest Rate Swap Provider and Class A Noteholders in accordance with Condition 15 (*Notice to Noteholders*), redeem all (but not some only) of the Class A Notes at their respective Principal Amount Outstanding together with any interest accrued (and unpaid) thereon up to (but excluding) the date of redemption provided that (in either case), prior to giving any such notice, the Issuer shall have provided to the Note Trustee (A) a certificate signed by two directors of the Issuer stating that (1) one or more of the circumstances referred to in subparagraphs (a) or (b) above prevail(s), (2) setting out details of such circumstances and (3) confirming that the appointment of a Paying Agent or a substitution as referred to above would not avoid the effect of the relevant event or that, having used its reasonable endeavours, the Issuer is unable to arrange such appointment or substitution and (B) an opinion in form and substance satisfactory to the Note Trustee of independent legal advisers of recognised standing to the effect that the Issuer, the Paying Agents or the Interest Rate Swap Provider have or will become obliged to deduct or withhold amounts as a result of such change. The Note Trustee shall be entitled, without further investigation, to accept such certificate and opinion as sufficient evidence of the satisfaction of the circumstance set out in the paragraph immediately above, in which event they shall be conclusive and binding on all the Noteholders and the Secured Parties.

The Issuer may only redeem the Class A Notes as described above if the Issuer has certified to the Note Trustee that it will have the necessary funds, not subject to the interest of any other person, required to redeem the Class A Notes as aforesaid and any amounts required under the Pre-Acceleration Revenue Priority of Payments to be paid in priority to or *pari passu* with the Class A

Notes outstanding in accordance with the Conditions, such certification to be provided by way of a certificate signed by two directors of the Issuer.

#### 7.5 ***Principal Amount Outstanding***

##### **The Principal Amount Outstanding:**

- (a) in respect of the Class A Notes on any date shall be their original principal amount of £410,882,000 less the aggregate amount of all principal payments in respect of such Class A Notes which have been made since the Issue Date; and
- (b) in respect of the Class Z VFN shall be, as at a particular day (the "**Reference Date**"), the total principal amount of all drawings under the Class Z VFN on and since the Issue Date less the aggregate amount of all principal payments in respect of such Class Z VFN which have been made since the Issue Date and not later than the Reference Date (such amounts to be notified in writing by the Class Z VFN Registrar to the Principal Paying Agent and any other Paying Agents).

#### 7.6 ***Notice of Redemption***

Any such notice as is referred to in Condition 7.3 (*Optional Redemption of the Class A Notes in Full*) or Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*) above shall be irrevocable and, upon the expiry of such notice, the Issuer shall be bound to redeem the relevant Notes at the applicable amounts specified above. Any certificate or legal opinion given by or on behalf of the Issuer pursuant to Condition 7.3 (*Optional Redemption of the Class A Notes in Full*) or Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*) may be relied on by the Note Trustee without further investigation and, if so relied on, shall be conclusive and binding on the Noteholders.

#### 7.7 ***No Purchase by the Issuer***

The Issuer will not be permitted to purchase any of the Notes.

#### 7.8 ***Cancellation***

All Notes (other than the Class Z VFN) redeemed in full will be cancelled upon redemption and may not be resold or re-issued.

On each Interest Payment Date on which the Class Z VFN is redeemed pursuant to Condition 7.2 (*Mandatory Redemption*), the Class Z VFN Registrar shall cancel the Class Z VFN in an amount equal to such mandatory redemption, thereby reducing the nominal principal amount of the Class Z VFN by an amount equal to such mandatory redemption.

Each Class Z VFN will be cancelled when redeemed in full after the Class Z VFN Commitment Termination Date and may not be resold or re-issued once cancelled.

## **8 TAXATION**

All payments in respect of the Notes by or on behalf of the Issuer shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature ("**Taxes**"), unless the withholding or deduction of the Taxes is required by applicable law or by agreement of the Issuer (or any Paying Agent or the Class Z VFN Registrar) under the provisions of section 1471(b) of the Code or otherwise imposed pursuant to sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an

intergovernmental approach thereto. In that event, subject to Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*), the Issuer or, as the case may be, the relevant Paying Agent or the Class Z VFN Registrar shall make such payment after the withholding or deduction has been made and shall account to the relevant authorities for the amount required to be withheld or deducted. Neither the Issuer, the Class Z VFN Registrar nor any Paying Agent nor any other person shall be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

## 9 PRESCRIPTION

Claims in respect of principal and interest on the Notes will be prescribed after 10 years (in the case of principal) and five years (in the case of interest) from the Relevant Date in respect of the relevant payment.

In this Condition 9, the "**Relevant Date**", in respect of a payment, is the date on which such payment first becomes due or (if the full amount of the monies payable on that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such monies having been received, notice to that effect is duly given to the relevant Noteholders in accordance with Condition 15 (*Notice to Noteholders*).

## 10 EVENTS OF DEFAULT

### 10.1 *Class A Notes*

The Note Trustee at its absolute discretion may, and if so directed in writing by the holders of at least 25 per cent. in aggregate principal amount of the Class A Notes then outstanding or if so directed by an Extraordinary Resolution of the Class A Noteholders shall, (subject to being indemnified and/or secured and/or prefunded to its satisfaction) give a notice (a "**Note Acceleration Notice**") to the Issuer that all Classes of the Notes are immediately due and repayable at their respective Principal Amounts Outstanding, together with Accrued Interest as provided in the Trust Deed, in any of the following events (each, an "**Event of Default**") with a copy of such Note Acceleration Notice being sent simultaneously to the Interest Rate Swap Provider:

- (a) if default is made in the payment of any principal or interest due in respect of the Class A Notes and the default continues for a period of: (i) seven days in the case of principal, or (ii) 14 days in the case of interest; or
- (b) if the Issuer fails to perform or observe any of its other obligations under these Conditions or any Transaction Document to which it is a party and (except in any case where the Note Trustee considers the failure to be incapable of remedy, when no continuation or notice as is hereinafter mentioned will be required) the failure continues for a period of 30 days (or such longer period as the Note Trustee may permit) following the service by the Note Trustee on the Issuer of notice requiring the same to be remedied; or
- (c) if any order is made by any competent court or any resolution is passed for the winding up or dissolution of the Issuer, save for the purposes of reorganisation on terms approved in writing by the Note Trustee or by Extraordinary Resolution of the Class A Noteholders; or
- (d) if the Issuer ceases or threatens to cease to carry on the whole or (in the opinion of the Note Trustee) a substantial part of its business, save for the purposes of reorganisation on terms approved in writing by the Note Trustee or by Extraordinary Resolution of the Class A Noteholders, or the Issuer stops or threatens to stop payment of, or is unable to, or admits inability to, pay its debts (or any class of its debts) as they fall due or the value of its assets falls

to less than the amount of its liabilities (taking into account its contingent and prospective liabilities) or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law or is adjudicated or found bankrupt or insolvent; or

- (e) if (i) proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including, but not limited to, application to the court for an administration order, the filing of documents with the court for the appointment of an administrator or the service of a notice of intention to appoint an administrator) or an administration order is granted or the appointment of an administrator takes effect or an administrative or other receiver, manager or other similar official is appointed, in relation to the Issuer or in relation to the whole or any part of the undertaking or assets of the Issuer or an encumbrancer takes possession of the whole or any part of the undertaking or assets of the Issuer, or a distress, diligence, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against the whole or any part of the undertaking or assets of the Issuer and (ii) in the case of any such possession or any such last-mentioned process, unless initiated by the Issuer, is not discharged or otherwise ceases to apply within 30 days; or
- (f) if the Issuer (or its directors or shareholders) initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or takes steps with a view to obtaining a moratorium in respect of any of its indebtedness or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors); or
- (g) the entry into the Transaction Documents and/or the performance of the obligations thereunder becomes illegal under the applicable laws of England and Wales and the relevant matter cannot be resolved to the satisfaction of the Note Trustee within 30 Business Days of the relevant change of law or interpretation thereof.

## 10.2 ***Class Z VFN***

This Condition 10.2 shall not apply as long as any Class A Note remains outstanding. Subject thereto, for so long as any Class Z VFN remains outstanding, the Note Trustee shall if so directed by the sole Class Z VFN Holder (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction) give a Note Acceleration Notice to the Issuer in any of the following events (each, an "**Event of Default**"):

- (a) if default is made in the payment of any principal or interest due in respect of the Class Z VFN and the default continues for a period of seven days in the case of principal or 14 days in the case of interest; or
- (b) if any of the Events of Default referred to in Condition 10.1(b) to 10.1(g) (*Class A Notes*) occurs with references, where applicable, to the Class A Noteholders being read as to the Class Z VFN Holder.

## 10.3 ***General***

Upon the service of a Note Acceleration Notice by the Note Trustee in accordance with Condition 10.1 (*Class A Notes*) or Condition 10.2 (*Class Z VFN*) above, all the Notes then outstanding shall thereby

immediately become due and repayable at their respective Principal Amounts Outstanding, together with Accrued Interest as provided in the Trust Deed.

## **11 ENFORCEMENT**

### **11.1 General**

Each of the Note Trustee (including by instructions to the Security Trustee) and the Security Trustee, may at any time, in its discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of (in the case of the Note Trustee) the Notes and/or the Trust Deed (including these Conditions), or (in the case of the Security Trustee) the Deed of Charge or (in either case) any of the other Transaction Documents to which it is a party and, at any time after the service of a Note Acceleration Notice, the Security Trustee may, in its discretion and without notice, take such steps as it may think fit to enforce the Security, but neither of them shall be bound to take any such proceedings, action or steps unless:

- (a) in the case of the Note Trustee, it shall have been so directed by an Extraordinary Resolution of the Class A Noteholders or so directed in writing by the holders of at least 25 per cent. in aggregate of the principal amount of the Class A Notes then outstanding or, if there are no Class A Notes then outstanding, the sole holder of the Class Z VFN; and
- (b) in the case of the Security Trustee, it shall have been directed by the Note Trustee (in its discretion or as directed by the Class A Noteholders in accordance with (a) above) or if the Class A Notes are no longer outstanding by the Secured Creditors referred to in clause 8.2 of the Deed of Charge; and
- (c) in all cases, it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

### **11.2 Preservation of Assets**

If the Security has become enforceable otherwise than by reason of a default in payment of any amount due on the Notes, the Security Trustee will not be entitled to dispose of any of the Charged Assets or any part thereof unless either:

- (a) the Cash Manager certifies to the Security Trustee that a sufficient amount would be realised to allow discharge in full of all amounts owing to the Class A Noteholders (and all persons ranking in priority to the Class A Noteholders), or once all of the Class A Noteholders have been repaid, to the Class Z VFN Holder (and all persons ranking in priority thereto) which certificate shall be binding on the Secured Creditors; or
- (b) the Security Trustee is of the opinion (which opinion shall be binding on the Secured Creditors and reached after considering at any time and from time to time the advice of any financial adviser (or such other professional adviser selected by the Security Trustee for the purpose of giving such advice) that the cashflow expected to be received by the Issuer will not (or that there is a significant risk that it will not) be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts owing to the Class A Noteholders and all persons ranking in priority to the Class A Noteholders as set out in the Post-Acceleration Priority of Payments or, once all of the Class A Noteholders have been repaid, to the Class Z VFN Holder (and all persons ranking in priority thereto).

The Security Trustee shall not be bound to make the determination contained herein unless the Security Trustee shall have been indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which it may incur by so doing. The fees and expenses of the aforementioned financial adviser or other professional adviser selected by the Security Trustee shall be paid by the Issuer.

### 11.3 *Limitations on Enforcement*

No Noteholder shall be entitled to proceed directly against the Issuer or any other party to any of the Transaction Documents to enforce the performance of any of the provisions of the Transaction Documents and/or to take any other proceedings (including lodging an appeal in any proceedings) in respect of or concerning the Issuer, unless the Note Trustee or, as the case may be, the Security Trustee, having become bound so to do, fails to do so within a reasonable period and that failure is continuing (in which case, such Noteholders shall be entitled to take any such steps and proceedings as it shall deem necessary other than the presentation of a petition for the winding up of, or for an administration order in respect of, the Issuer or the filing of documents with the court or the service of a notice of intention to appoint an administrator in relation to the Issuer). Amounts available for distribution after enforcement of the Security shall be distributed in accordance with the terms of the Deed of Charge.

### 11.4 *Limited Recourse*

Notwithstanding any other Condition or any provision of any Transaction Document, all obligations of the Issuer to the Noteholders are limited in recourse to the property, assets and undertakings of the Issuer the subject of any security created under and pursuant to the Deed of Charge (the "**Charged Assets**"). If:

- (a) there are no Charged Assets remaining which are capable of being realised or otherwise converted into cash;
- (b) all amounts available from the Charged Assets have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Deed of Charge; and
- (c) there are insufficient amounts available from the Charged Assets to pay in full, in accordance with the provisions of the Deed of Charge, amounts outstanding under the Notes (including payments of principal, premium (if any), interest),

then the Noteholders shall have no further claim against the Issuer in respect of any amounts owing to them which remain unpaid (including, for the avoidance of doubt, payments of principal, premium (if any), interest in respect of the Notes) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

## 12 MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION

- 12.1 The Trust Deed contains provisions for convening meetings of the Noteholders of each Class and, in certain cases, more than one Class to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of these Conditions or the provisions of any of the Transaction Documents. Each such meeting shall be held at such time and place as the Note Trustee may appoint or approve provided that the place shall be a location in the UK.

12.2 An Extraordinary Resolution (other than to sanction a Basic Terms Modification which affects the Class Z VFN Holder) passed at any meeting of the Class A Noteholders shall be binding on the Class Z VFN Holder irrespective of the effect upon it, subject to Condition 12.3 (*Quorum*).

12.3 ***Quorum***

- (a) Subject as provided below, the quorum at any meeting of Class A Noteholders for passing an Extraordinary Resolution will be one or more persons holding or representing not less than 50 per cent. of the aggregate principal amount of the Class A Notes, or, at any adjourned meeting, one or more persons being or representing a Class A Noteholder, whatever the aggregate principal amount of the Class A Notes then outstanding held or represented by it or them.
- (b) Subject to the more detailed provisions set out in the Trust Deed, the quorum at any meeting of the Class A Noteholders for passing an Extraordinary Resolution to (i) sanction a modification of the date of maturity of any Notes, (ii) sanction a modification of the date of payment of principal or interest in respect of the Notes, or where applicable, of the method of calculating the date of payment of principal or interest in respect of the Notes, (iii) sanction a modification of the amount of principal payable or the rate of interest in respect of the Notes, or where applicable, of the method of calculating the amount payable of any principal or interest in respect of the Notes (except for any Base Rate Modification or Swap Rate Modification), (iv) alter the currency in which payments under the Notes are to be made (v) alter the quorum or majority required in relation to this exception, (vi) sanction any scheme or proposal or substitution for the sale, conversion or cancellation of the Notes or (vii) alter any of the provisions contained in this exception (each a "**Basic Terms Modification**") shall be one or more persons holding or representing in the aggregate not less than three-quarters of the aggregate principal amount of the Class A Notes then outstanding or, at any adjourned meeting, one or more persons present and holding or representing in the aggregate not less than one-quarter of the aggregate principal amount of the Class A Notes then outstanding and any Extraordinary Resolution in respect of such a modification shall only be effective if duly passed at a meeting of the Class A Noteholders.

The Trust Deed and the Deed of Charge contain similar provisions in relation to directions in writing, or through the Clearing Systems, from the Noteholders upon which the Note Trustee is bound to act.

12.4 The Note Trustee may agree with the Issuer or any other parties and/or direct the Security Trustee to agree with the Issuer or any other parties, but without the consent of the Noteholders or the other Secured Creditors (but only with the written consent of the Secured Creditors which are a party to the relevant Transaction Document, such consent to be conclusively demonstrated by such Secured Creditor entering into any deed or document purporting to modify such Transaction Document):

- (a) other than in respect of a Basic Terms Modification, to any modification of these Conditions, the Notes or any of the Transaction Documents which, in the opinion of the Note Trustee is not materially prejudicial to the interests of the Noteholders of any Class or (where the Note Trustee determines that there is a conflict between the interests of the Class A Noteholders and the interests of the Class Z VFN Holder), the Class A Noteholders; or
- (b) to any modification to these Conditions, the Notes or any of the Transaction Documents which, in the opinion of the Note Trustee is of a formal, minor or technical nature or to correct a manifest error;

*provided that* in respect of any modifications, amendments, supplements, consents, or waivers to any of the Transaction Documents which would (in the reasonable opinion of the Interest Rate Swap Provider, which shall be confirmed in writing to the Note Trustee prior to such modification) have the effect (i) that immediately after such modification, amendment, supplement, consent or waiver, the Interest Rate Swap Provider would be required to pay more or receive less under the Interest Rate Swap Agreement if the Interest Rate Swap Provider were to replace itself under the Interest Rate Swap than it would otherwise have been required to prior to such modification, amendment, supplement, consent, or waiver; or (ii) of altering the amount, timing or priority of any payments or deliveries due from the Issuer to the Interest Rate Swap Provider or from the Interest Rate Swap Provider to the Issuer, or (iii) of altering the Interest Rate Swap Provider's rights in relation to any security (howsoever described, and including as a result of changing the nature or the scope of, or releasing such security) granted by the Issuer in favour of the Security Trustee, or (iv) of amending the proviso contained in the paragraph of Clause 20.1 (*Modification, Waiver, Authorisation and Determination*) of the Trust Deed or this Condition 12.4 (*Meetings of Noteholders, Modification, Waiver and Substitution*), or (v) of amending the definition of Swap Rate Modification in Clause 20.4(h) (*Additional right of modification*) of the Trust Deed or in Condition 12.13(h) (*Additional Right of Modification*), or (vi) of amending Clause 20.4(h)(vi) (*Additional right of modification*) of the Trust Deed or Condition 12.13(h)(vi) (*Additional Right of Modification*), the written consent of the Interest Rate Swap Provider shall have been provided to the Note Trustee prior to such modification, amendment, supplement, consent, or waiver.

- 12.5 In addition, the Note Trustee may, or (as appropriate) may instruct the Security Trustee with the written consent of the Secured Creditors which are a party to the relevant Transaction Documents, but without the consent of the Noteholders and if in its opinion it will not be materially prejudicial to the interests of the Noteholders of any Class or (where the Note Trustee determines that there is a conflict between the interests of the Class A Noteholders and the interests of the Class Z VFN Holder), the Class A Noteholders, to:
- (a) authorise or waive, on any terms and subject to any conditions which it considers appropriate, any proposed breach or breach of these Conditions, the Notes or any Transaction Documents; or
  - (b) determine that an Event of Default or Potential Event of Default shall not, or shall not subject to any specified conditions, be treated as such,

*provided that* the Note Trustee shall not exercise any power conferred on it in contravention of any express direction given by Extraordinary Resolution or by a direction under Condition 10 (*Events of Default*) but so that no such direction or request shall affect any waiver, authorisation or determination previously given or made.

- 12.6 Any such modification, waiver, authorisation or determination may be made on such terms and subject to such conditions (if any) as the Note Trustee may determine, shall be binding upon the Noteholders and, unless the Note Trustee agrees otherwise, shall be notified by the Issuer to the Noteholders in accordance with Condition 15 (*Notice to Noteholders*) (unless the Note Trustee agrees otherwise) and to the Rating Agencies, as soon as practicable thereafter.
- 12.7 Any modification to the Transaction Documents shall be notified by the Issuer in writing to the Rating Agencies and the Interest Rate Swap Provider.
- 12.8 In connection with any such substitution of principal debtor referred to in Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*), the Note Trustee may also agree and

may direct the Security Trustee to agree, without the consent of the Noteholders or the other Secured Creditors, to a change of the laws governing the Notes, these Conditions and/or any of the Transaction Documents, provided that such change would not, in the opinion of the Note Trustee be materially prejudicial to the interests of the Noteholders (or where the Note Trustee determines that there is a conflict between the interests of the Class A Noteholders and the interests of the Class Z VFN Holder, the Class A Noteholders).

- 12.9 In determining whether a proposed action will not be materially prejudicial to the Noteholders or any Class thereof, the Note Trustee may at its absolute discretion, among other things, have regard to whether the Rating Agencies have confirmed in writing to the Issuer or any other party to the Transaction Documents that any proposed action will not result in the withdrawal or reduction of, or entail any other adverse action with respect to, the then current rating of the Class A Notes. It is agreed and acknowledged by the Note Trustee and the Security Trustee that, notwithstanding the foregoing, a credit rating is an assessment of credit and does not address other matters that may be of relevance to the Noteholders. In being entitled to take into account that each of the Rating Agencies have confirmed that the then current rating of the Notes would not be adversely affected, it is agreed and acknowledged by the Note Trustee and the Security Trustee this does not impose or extend any actual or contingent liability for each of the Rating Agencies to the Security Trustee, the Note Trustee, the Noteholders or any other person or create any legal relations between each of the Rating Agencies and the Security Trustee, the Note Trustee, the Noteholders or any other person whether by way of contract or otherwise.
- 12.10 Where, in connection with the exercise or performance by the Note Trustee of any right, power, trust, authority, duty or discretion under or in relation to these Conditions or any of the Transaction Documents (including, without limitation, in relation to any modification, waiver, authorisation, determination, substitution or change of laws as referred to herein), the Note Trustee is required to have regard to the interests of the Noteholders of any Class or Classes, it shall have regard to the general interests of the Noteholders of such Class or Classes as a Class but shall not have regard to any interests arising from circumstances particular to individual Noteholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise or performance for individual Noteholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Note Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim from the Issuer, the Note Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders.
- 12.11 "**Extraordinary Resolution**" means:
- (a) a resolution passed at a meeting duly convened and held in accordance with this Deed and the Conditions by a majority consisting of not less than 75 per cent. of the votes cast;
  - (b) a resolution in writing signed by or on behalf of the Noteholders of not less than 75 per cent. in aggregate Principal Amount Outstanding of any Class of the Notes then outstanding which resolution may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Noteholders of such Class;
  - (c) consent given by way of electronic consents communicated through the electronic communications system of the relevant Clearing System(s) to the Principal Paying Agent or another specified agent and/or the Note Trustee in accordance with their operating rules and procedures of the relevant Clearing System(s) ("**Electronic Consent**") by or on behalf of the

Noteholders of not less than 75 per cent. in aggregate Principal Amount Outstanding of the Notes then outstanding; or

- (d) a resolution in writing signed by the Class Z VFN Holder.

Details of any Extraordinary Resolution passed in accordance with the provisions of the Trust Deed shall be notified to the Rating Agencies by the Issuer.

#### 12.12 *Issuer Substitution Condition*

The Note Trustee may concur with the Issuer and may so direct the Security Trustee to concur, subject to such amendment of these Conditions and of any of the Transaction Documents and to such other conditions as the Note Trustee may require and subject to the terms of the Trust Deed, but without the consent of the Noteholders, to the substitution of another body corporate in place of the Issuer as principal debtor under the Trust Deed and the Notes and in respect of the other Secured Obligations, provided that the conditions set out in the Trust Deed are satisfied including, *inter alia*, that replacement hedging arrangements are in place in relation to the Notes, that the Notes are unconditionally and irrevocably guaranteed by the Issuer (unless all of the assets of the Issuer are transferred to such body corporate) and that such body corporate is a single purpose vehicle and undertakes itself to be bound by provisions corresponding to those set out in Condition 4 (*Covenants*). In the case of a substitution pursuant to this Condition 12.12, the Note Trustee may in its absolute discretion agree, without the consent of the Noteholders, to a change in law governing the Notes and/or any of the Transaction Documents unless such change would, in the opinion of the Note Trustee, be materially prejudicial to the interests of the Noteholders (or where the Note Trustee determines that there is a conflict between the interests of the Class A Noteholders and the interests of the Class Z VFN Holder, the Class A Noteholders).

#### 12.13 *Additional Right of Modification*

Notwithstanding the other provisions of this Condition 12 (*Meetings of Noteholders, Modification, Waiver And Substitution*), the Note Trustee shall be obliged and the Note Trustee shall be obliged to so direct the Security Trustee, without any consent or sanction of the Noteholders or any other Secured Creditor, other than written consent of the Secured Creditors which are a party to the relevant Transaction Documents (such consent to be conclusively demonstrated by such Secured Creditor entering into any deed or document purporting to modify such Transaction Document), to concur with the Issuer in making any modification (other than in respect of a Basic Terms Modification) to these Conditions, the Trust Deed or any other Transaction Document to which it or the Security Trustee is a party or in relation to which the Security Trustee holds security or to enter into any new, supplemental or additional documents that the Issuer (in each case) considers necessary:

- (a) for the purpose of complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time, provided that:
  - (i) the Issuer (or the Servicer on its behalf) certifies in writing to the Note Trustee that such modification is necessary to comply with such criteria or, as the case may be, is solely to implement and reflect such criteria; and
  - (ii) in the case of any modification to a Transaction Document proposed by any of the Seller, the Servicer, the Interest Rate Swap Provider, the Cash Manager, the Agent Bank, the Principal Paying Agent and/or the Issuer Account Bank (for the purpose of this Condition 12.13 only, each a "**Relevant Party**") in order (x) to remain eligible to perform its role in such capacity in conformity with such criteria and/or (y) to avoid

taking action which it would otherwise be required to take to enable it to continue performing such role (including, without limitation, posting collateral or advancing funds):

- (A) the Relevant Party certifies in writing to the Issuer and the Note Trustee that such modification is necessary for the purposes described in paragraph (ii)(x) and/or (y) above; and
  - (B) either:
    - (1) the Issuer, the Relevant Party or the Servicer (on behalf of the Issuer) obtains from each of the Rating Agencies, a Rating Agency Confirmation; or
    - (2) the Issuer, the Relevant Party or the Servicer (on behalf of the Issuer) certifies in writing to the Note Trustee that the Rating Agencies have been informed of the proposed modification and none of the Rating Agencies has indicated that such modification would result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Class A Notes by such Rating Agency or (y) such Rating Agency placing the Class A Notes on rating watch negative (or equivalent); and
  - (C) the Relevant Party pays all costs and expenses (including legal fees) incurred by the Issuer and the Note Trustee and the Security Trustee in connection with such modification;
- (b) for the purpose of complying with:
- (i) (A) Article 6 of Chapter 2 of the PRA Securitisation Rules, including as a result of the adoption of additional regulatory technical standards in relation to the UK Securitisation Framework or any other risk retention legislation or regulations or official guidance in relation thereto applicable to the Issuer or Aldermore; or (B) Article 6 of the EU Securitisation Regulation (as if it were applicable to it) as at the Closing Date or, in respect of any amendments to such Article following the Closing Date, to the extent Aldermore is able to comply with such amendments following the Closing Date using its best endeavours, including as a result of the adoption of additional regulatory technical standards in relation to the EU Securitisation Regulation; or
  - (ii) any other provision of (A) the UK Securitisation Framework, including SECN 2, or (B) the EU Securitisation Regulation which applies to it at the Issue Date or following the Issue Date to which Aldermore complies with on a best endeavours basis,
- provided that the Issuer (or the Servicer on its behalf) certifies to the Note Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (c) in order to enable the Issuer and/or the Interest Rate Swap Provider to comply with any obligation which applies to it under UK EMIR and/or EU EMIR, provided that the Issuer (or the Servicer on its behalf) or the Interest Rate Swap Provider certifies to the Note Trustee in writing (signed by two directors) that such modification is required solely for the purpose of enabling it to satisfy such obligation and has been drafted solely to such effect;

- (d) for the purpose of enabling the Class A Notes to be (or to remain) listed on the Stock Exchange, provided that the Issuer (or the Servicer on its behalf) certifies to the Note Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (e) for the purpose of enabling the Issuer or any of the other Transaction Parties to comply with FATCA (or any voluntary agreement entered into with a taxing authority in relation thereto), provided that the Issuer (or the Servicer on its behalf) or the relevant Transaction Party, as applicable, certifies to the Note Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (f) for the purpose of complying with any changes in the requirements of the UK CRA Regulation or EU CRA Regulation after the Issue Date, provided in each case that the Issuer (or the Servicer on its behalf) certifies to the Note Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect,

(the certificate to be provided by the Issuer, the Servicer (on behalf of the Issuer), and/or the Relevant Party, as the case may be, pursuant to paragraphs (a) to (f) above being a "**Modification Certificate**"); or

- (g) for the purpose of changing the base rate that then applies in respect of the Notes (the "**Relevant Base Rate**") to an alternative base rate (any such rate, which may include an alternative screen rate, an "**Alternative Base Rate**") and making such other amendments as are necessary or advisable in the commercially reasonable judgment of the Issuer (or the Servicer on its behalf) to facilitate such change (a "**Base Rate Modification**"), provided that the Issuer (or the Servicer on its behalf), certifies to the Note Trustee in writing (such certificate, a "**Base Rate Modification Certificate**") that:
  - (i) such Base Rate Modification is being undertaken due to:
    - (A) an alternative manner of calculating the Relevant Base Rate being introduced and becoming a standard means of calculating interest for similar transactions;
    - (B) a material disruption to the Relevant Base Rate, an adverse change in the methodology of calculating the Relevant Base Rate or the Relevant Base Rate ceasing to exist or be published;
    - (C) the insolvency or cessation of business of the administrator of the Relevant Base Rate (in circumstances where no successor administrator has been appointed);
    - (D) a public statement by the administrator of the Relevant Base Rate that it will cease publishing the Relevant Base Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Relevant Base Rate);
    - (E) a public statement by the supervisor of the administrator of the Relevant Base Rate that the Relevant Base Rate has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner;
    - (F) a public announcement by a relevant regulatory authority of the permanent or indefinite discontinuation of the Relevant Base Rate;

- (G) a public statement by the supervisor of the administrator of the Relevant Base Rate that means the Relevant Base Rate may no longer be used or that its use is subject to restrictions or adverse consequences;
  - (H) a change in the generally accepted market practice in the Sterling-denominated asset backed floating rate notes market to refer to a base rate endorsed in a public statement by the Bank of England, the Financial Conduct Authority or the Prudential Regulation Authority or any relevant committee or other body established, sponsored or approved by any of the foregoing, including the Working Group on Sterling Risk-Free Reference Rates, despite the continued existence of the Relevant Base Rate;
  - (I) it having become unlawful and/or impossible and/or impracticable for any Paying Agent, the Issuer or the Cash Manager to calculate any payments due to be made to any Noteholder using the Relevant Base Rate; or
  - (J) the reasonable expectation of the Issuer (or the Servicer on its behalf) that any of the events specified in sub-paragraphs (A) to (I) above will occur or exist within six months of the proposed effective date of such Base Rate Modification; and
- (ii) such Alternative Base Rate is:
- (A) a base rate published, endorsed, approved or recognised by the Federal Reserve or the Bank of England, any regulator in the United States, the United Kingdom or the European Union or any stock exchange on which the Notes are listed (or any relevant committee or other body established, sponsored or approved by any of the foregoing);
  - (B) an alternative rate relating to SONIA or the Broad Treasuries Repo Financing Rate (or any rate which is derived from, based upon or otherwise similar to either of the foregoing);
  - (C) a base rate utilised in a material number of publicly-listed new issues of Sterling-denominated asset backed floating rate notes prior to the effective date of such Base Rate Modification (for these purposes, unless agreed otherwise by the Note Trustee, five such issues shall be considered a material number); or
  - (D) such other base rate as the Servicer (on behalf of the Issuer) reasonably determines,

and, in each case, the change to the Alternative Base Rate will not, in its opinion, be materially prejudicial to the interest of the Noteholders (or where the Note Trustee determines that there is a conflict between the interests of the Class A Noteholders and the interests of the Class Z VFN Holder, the Class A Noteholders). For the avoidance of doubt, the Issuer (or the Servicer on its behalf) may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this Condition 12.13(g) are satisfied; and

- (iii) the Seller has agreed to pay, or to put the Issuer in funds to pay, all fees, costs and expenses (including legal fees and any initial or on-going costs associated with the Base Rate Modification) incurred by the Issuer and the Note Trustee, the Security Trustee and

any other party to the Transaction Documents in connection with the Base Rate Modification; and

- (h) for the purpose of changing the base rate that then applies in respect of the Interest Rate Swap Agreement to an alternative base rate as is necessary or advisable in the commercially reasonable judgment of the Issuer (or the Servicer on its behalf) and the Interest Rate Swap Provider solely as a consequence of a Base Rate Modification and solely for the purpose of aligning the base rate of the Interest Rate Swap Agreement to the base rate of the Notes following such Base Rate Modification (a "**Swap Rate Modification**"), provided that the Servicer, on behalf of the Issuer, certifies to the Note Trustee in writing that such modification is required solely for such purpose and it has been drafted solely to such effect (such certificate being a "**Swap Rate Modification Certificate**"),

provided that, in the case of any modification made pursuant to paragraphs (a), (g) and (h) above:

- (i) at least 30 calendar days' prior written notice of any such proposed modification has been given to the Note Trustee and the Security Trustee;
- (ii) the Modification Certificate, Base Rate Modification Certificate or Swap Rate Modification Certificate, as applicable, in relation to such modification shall be provided to the Note Trustee both at the time the Note Trustee is notified of the proposed modification and on the date that such modification takes effect;
- (iii) the consent of each Secured Creditor which is party to the relevant Transaction Document has been obtained;
- (iv) other than in the case of a modification pursuant to Condition 12.13(a)(ii), either:
- (A) the Issuer or the Servicer (on behalf of the Issuer) obtains from each of the Rating Agencies a Rating Agency Confirmation; or
- (B) the Issuer or the Servicer (on behalf of the Issuer) certifies in the Modification Certificate, Base Rate Modification Certificate or Swap Rate Modification Certificate, as applicable, that it has informed the Rating Agencies of the proposed modification and none of the Rating Agencies has indicated that such modification would result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Class A Notes by such Rating Agency or (y) such Rating Agency placing the Class A Notes on rating watch negative (or equivalent);
- (v) (A) the Issuer has provided at least 40 calendar days' prior written notice to the Noteholders of each Class of the proposed modification in accordance with Condition 15 (*Notice to Noteholders*) and by publication on Bloomberg on the "Company News" screen relating to the Notes, and (B) Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Class A Notes then outstanding have not contacted the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Issuer that such Noteholders do not consent to the modification;
- (vi) in respect of any modifications, amendments, supplements, consents, or waivers to any of the Transaction Documents which would (in the reasonable opinion of the Interest

Rate Swap Provider, which shall be confirmed in writing to the Note Trustee prior to such modification) have the effect (A) that immediately after such modification, amendment, supplement, consent, or waiver, the Interest Rate Swap Provider would be required to pay more or receive less under the Interest Rate Swap Agreement if the Interest Rate Swap Provider were to replace itself under the Interest Rate Swap than it would otherwise have been required to prior to such modification, amendment, supplement, consent, or waiver, or (B) of altering the amount, timing or priority of any payments or deliveries due from the Issuer to the Interest Rate Swap Provider or from the Interest Rate Swap Provider to the Issuer, or (C) of altering the Interest Rate Swap Provider's rights in relation to any security (howsoever described, and including as a result of changing the nature or the scope of, or releasing such security) granted by the Issuer in favour of the Security Trustee or (D) of amending the proviso contained in the final paragraph of Clause 20.1 (*Modification, Waiver, Authorisation and Determination*) of the Trust Deed or of Condition 12.4 (*Meetings of Noteholders, Modification, Waiver and Substitution*), or (E) of amending the definition of Swap Rate Modification in Clause 20.4(h) (*Additional right of modification*) of the Trust Deed or in Condition (h) (*Additional Right of Modification*); or (vi) of amending Clause 20.4(h)(vi) (*Additional right of modification*) of the Trust Deed or this paragraph (vi), the written consent of the Interest Rate Swap Provider shall have been provided to the Note Trustee prior to such modification, amendment, supplement, consent, or waiver.

If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Class A Notes then outstanding have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Noteholders of the Class A Notes then outstanding is passed in favour of such modification in accordance with Condition 12 (*Meetings of Noteholders, Modification, Waiver and Substitution*).

Objections made in writing other than through the applicable clearing system must be accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes.

Other than where specifically provided in this Condition 12.13 or any Transaction Document:

- (a) when implementing any modification pursuant to this Condition 12.13:
  - (i) (save to the extent the Note Trustee considers that the proposed modification could constitute a Basic Term Modification) the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person but shall act and rely solely and without further investigation on any certificate or evidence provided to it by or on behalf of the Issuer or the relevant Transaction Party, as the case may be, pursuant to this Condition 12.13; and
  - (ii) the Security Trustee shall act and rely solely and without further investigation on the direction of the Note Trustee

and in each case shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and

- (b) neither the Note Trustee nor the Security Trustee shall be obliged to agree to any modification which, in the sole opinion of the Note Trustee and/or the Security Trustee would have the effect of (i) exposing the Note Trustee and/or the Security Trustee to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protection, of the Note Trustee and/or the Security Trustee in the Transaction Documents and/or these Conditions.

Any such modification shall be binding on all Noteholders and shall be notified by the Issuer as soon as reasonably practicable to:

- (a) so long as any of the Class A Notes remains outstanding, each Rating Agency;
- (b) the Secured Creditors; and
- (c) the Noteholders in accordance with Condition 15 (*Notice to Noteholders*).

### **13 INDEMNIFICATION AND EXONERATION OF THE NOTE TRUSTEE AND THE SECURITY TRUSTEE**

The Trust Deed and the Deed of Charge contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Security Trustee respectively and providing for their indemnification in certain circumstances, including provisions relieving them from taking action or, in the case of the Security Trustee, enforcing the Security, unless indemnified and/or secured and/or prefunded to their satisfaction.

The Trust Deed and the Deed of Charge also contain provisions pursuant to which the Note Trustee and the Security Trustee are entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any other party to any of the Transaction Documents and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other party to any of the Transaction Documents, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, individual Noteholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

### **14 REPLACEMENT OF NOTES**

Subject to the more detailed provisions of the Agency Agreement, if any Class A Note is mutilated, defaced, or is (or is alleged to have been) lost, stolen or destroyed, it may be replaced at the specified office of the Principal Paying Agent. Replacement of any mutilated, defaced, lost, stolen or destroyed Class A Note will only be made on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. A mutilated or defaced Class A Note must be surrendered before a new one will be issued.

### **15 NOTICE TO NOTEHOLDERS**

#### **15.1 *Publication of Notice***

- (a) In respect of the Class A Notes, any notice to Noteholders shall be validly given if such notice is:
  - (i) in respect of Class A Notes represented by Global Notes, sent to the Clearing Systems for delivery to their accountholders; or

- (ii) published on the Relevant Screen; and
  - (iii) sent in such other manner as may be required by the Stock Exchange.
- (b) In respect of the Class Z VFN, notices to the Class Z VFN Holder will be sent to it by the Issuer to the fax number or email address notified to the Issuer from time to time in writing.

#### 15.2 *Note Trustee's Discretion to Select Alternative Method*

The Note Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders or category of them if, in its sole opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the stock exchanges, competent listing authorities and/or quotation systems on or by which the Notes are then listed, quoted and/or traded and provided that notice of such other method is given to the Noteholders in such manner as the Note Trustee shall require.

## 16 SUBORDINATION BY DEFERRAL

### 16.1 *Interest*

If, on any Interest Payment Date whilst any of the Class A Notes remain outstanding and prior to the service of a Note Acceleration Notice, the Issuer has insufficient funds to make payment in full of all amounts of interest (which shall, for the purposes of this Condition 16, include any interest previously deferred under this Condition 16.1 and Accrued Interest thereon) payable in respect of the Class Z VFN after having paid or provided for items of higher priority in the Pre-Acceleration Revenue Priority of Payments, then the Issuer shall be entitled to defer to the next Interest Payment Date the payment of interest (such interest, the "**Deferred Interest**") in respect of the Class Z VFN (unless there are no Class A Notes then outstanding) to the extent only of any insufficiency of funds (only after having paid or provided for all amounts specified as having a higher priority in the Pre-Acceleration Revenue Priority of Payments than interest payable in respect of the Class Z VFN).

### 16.2 *General*

Any amounts of Deferred Interest in respect of the Class Z VFN shall accrue interest ("**Additional Interest**") at the same rate and on the same basis as scheduled interest in respect of the corresponding Class of Notes, but shall not be capitalised. Such Deferred Interest and Additional Interest shall, in any event, become payable on the next Interest Payment Date (unless and to the extent that Condition 16.1 (*Interest*) applies) or on such earlier date as the Class Z VFN becomes due and repayable in full in accordance with these Conditions.

### 16.3 *Notification*

As soon as practicable after becoming aware but no later than 5 Business Days prior to any Interest Payment Date that any part of a payment of interest on the Class Z VFN will be deferred or that a payment previously deferred will be made in accordance with this Condition 16, the Issuer will give notice thereof to the Class Z VFN Holder in accordance with Condition 15 (*Notice to Noteholders*). Any deferral of interest in accordance with this Condition 16 will not constitute an Event of Default. The provisions of this Condition 16 shall cease to apply on the Final Maturity Date or any earlier date on which the Notes are redeemed in full or required to be redeemed in full at which time all deferred interest and Accrued Interest thereon shall become due and payable.

## 17 INCREASING THE PRINCIPAL AMOUNT OUTSTANDING OF THE CLASS Z VFN AND ADJUSTING THE MAXIMUM CLASS Z VFN AMOUNT

### 17.1 *Class Z VFN*

- (a) If the Issuer (or the Cash Manager on behalf of the Issuer) receives a notice from the Seller prior to the Class Z VFN Commitment Termination Date notifying the Issuer (i) (A) that an Additional Borrowing has been made in respect of which there are insufficient funds standing to the credit of the Principal Ledger to fund the purchase of such Additional Borrowing; (B) the Additional Borrowing Purchase Price; and (C) the amount of any such shortfall, being the portion of the Additional Borrowing Purchase Price which cannot be funded by amounts standing to the credit of the Principal Ledger, and/or (ii) that amounts standing to the credit of the General Reserve Fund are less than the General Reserve Required Amount; and/or (iii) of any premiums payable under any Interest Rate Swap Agreement, the Issuer (or the Cash Manager on its behalf) shall notify (by serving a Notice of Increase) the holder of the Class Z VFN (the "**Class Z VFN Holder**") requesting that such Class Z VFN Holder further fund the Class Z VFN on the next following Monthly Test Date or other Business Day specified in the Notice of Increase in an amount equal to the lower of:
- (i)
    - (A) in respect of Condition 17.1(a)(i) above, the Additional Borrowing Purchase Price less amounts standing to the credit of the Principal Ledger available to pay such Additional Borrowing Purchase Price;
    - (B) in respect of Condition 17.1(a)(ii) above, the General Reserve Required Amount less all amounts standing to the credit of the General Reserve Fund; or
    - (C) in respect of Condition 17.1(a)(iii) above, the amount of any premium payable under the Interest Rate Swap Agreement; and
  - (ii) the Maximum Class Z VFN Amount less the current Principal Amount Outstanding of the Class Z VFN (taking into account any predicted or forecast reductions to the Principal Amount Outstanding of the Class Z VFN on the following Interest Payment Date given amounts then standing to the credit of the Transaction Account, which will be available for distribution on such Interest Payment Date).
- (b) The Class Z VFN Holder, upon receipt of such a notice from the Issuer or the Cash Manager (on behalf of the Issuer) prior to the Class Z VFN Commitment Termination Date requesting that the relevant Class Z VFN Holder further fund the Class Z VFN, shall notify the Issuer that the relevant Class Z VFN Holder is prepared to make such further funding (the Further Class Z VFN Funding), provided the relevant Class Z VFN Holder shall not be obliged to make any such further funding unless and until such time as the Issuer has complied with the requirements of Condition 17.1(d) below.
- (c) The proceeds of the Further Class Z VFN Funding shall be applied by the Issuer to fund, as applicable, (i) the Additional Borrowing Purchase Price, (ii) the General Reserve Fund up to and including an amount equal to the General Reserve Required Amount and (iii) any premiums payable under the Interest Rate Swap Agreement.

- (d) The Class Z VFN Holder shall advance the amount of such Further Class Z VFN Funding to the Issuer for value on the relevant Monthly Test Date or other Business Day specified in the Notice of Increase, if the following conditions are satisfied:
- (i) not later than 2.00 p.m. four (4) Business Days prior to the proposed date for the making of such Further Class Z VFN Funding (or such lesser time as may be agreed by the Class Z VFN Holder), the relevant Class Z VFN Holder has received from the Issuer a completed and irrevocable Notice of Increase therefor, receipt of which shall oblige the relevant Class Z VFN Holder to accept the amount of the Further Class Z VFN Funding therein requested on the date therein stated upon the terms and subject to the conditions contained therein;
  - (ii) as a result of the making of such Further Class Z VFN Funding, the aggregate amount plus all Further Class Z VFN Funding made in respect of the relevant Class Z VFN (provided no reference shall be made in respect of any principal amount due on the relevant Class Z VFN which has already been repaid) would not exceed the Maximum Class Z VFN Amount;
  - (iii) either:
    - (A) the Issuer confirms in the Notice of Increase that no Event of Default has occurred or will occur as a result of the Further Class Z VFN Funding; or

## 18 NON-RESPONSIVE RATING AGENCY

- (b) If a Rating Agency Confirmation or other response by a Rating Agency is a condition to any action or step under any Transaction Document and a written request for such Rating Agency Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer (copied to the Note Trustee and the Security Trustee, as applicable) and:
  - (i) (A) one Rating Agency (such Rating Agency, a **"Non-Responsive Rating Agency"**) indicates that it does not consider such Rating Agency Confirmation or response necessary in the circumstances

or that it does not, as a matter of practice or policy provide such Rating Agency Confirmation or response or (B) within 30 days of delivery of such request, no Rating Agency Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Rating Agency Confirmation or response could not be given; and

- (ii) one Rating Agency gives such Rating Agency Confirmation or response based on the same facts, then such condition to receive a Rating Agency Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Rating Agency Confirmation or response from the Non-Responsive Rating Agency if the Issuer provides to the Note Trustee and the Security Trustee a certificate signed by two directors certifying and confirming that each of the events in paragraphs (b) (i)(A) or (B) and (b)(ii) above has occurred, the Issuer having sent a written request to each Rating Agency.

## **19 JURISDICTION AND GOVERNING LAW**

- (a) The Courts of England (the "**Courts**") are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Notes and the Transaction Documents (including a dispute relating to non-contractual obligations or a dispute regarding the existence, validity or termination of any of the Notes or the Transaction Documents or the consequences of their nullity) and accordingly any legal action or proceedings arising out of or in connection with the Notes and/or the Transaction Documents may be brought in such Courts.
- (b) The Transaction Documents, the Notes and these Conditions (and any non-contractual obligations arising out of or in connection with them) are governed by, and shall be construed in accordance with, English law except that, to the extent that the provisions of the Mortgage Sale Agreement, the Deed of Charge and any documents supplemental thereto relate to the Scottish Mortgage Loans, such provisions and documents shall be construed in accordance with and (in certain cases) governed by Scots law.

## **20 RIGHTS OF THIRD PARTIES**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes or these Conditions, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

The net proceeds from the issue of the Notes are expected to amount to £455,853,500.

The Issuer will use the proceeds of the Class A Notes to pay towards (as far as possible) the Initial Consideration payable by the Issuer for the Portfolio to be acquired from the Seller on the Issue Date.

The Issuer will use the proceeds of the issue of the Class Z VFN to fund (a) to the extent that the proceeds of the Class A Notes are insufficient to pay the Initial Consideration on the Issue Date, the remaining portion of the Initial Consideration, (b) any Additional Borrowing Purchase Price (to the extent not funded by amounts standing to the credit of the Principal Ledger), (c) the establishment of the General Reserve Fund on the Issue Date, (d) any increase in the General Reserve Fund up to the General Reserve Required Amount in order to satisfy the Asset Conditions for Additional Borrowings and/or Product Transfers, (e) initial expenses of the Issuer incurred in connection with the issue of the Notes on the Issue Date, and (f) any premiums payable under any Interest Rate Swap Agreement.

## RATINGS

The Class A Notes, on issue, are expected to be assigned the following ratings by Moody's and Fitch. The Class Z VFN will not be rated. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation if, in its judgement, circumstances (including, without limitation, a reduction in the credit rating of the Interest Rate Swap Provider and/or the Account Bank and/or the Collection Account Bank and/or the Swap Collateral Account Bank in the future) so warrant.

<b>Class of Notes</b>	<b>Moody's</b>	<b>Fitch</b>
Class A Notes	Aaa (sf)	AAA (sf)
Class Z VFN	Not rated	Not rated

As of the date of this Prospectus, each of the Rating Agencies is a credit rating agency established in the UK and is registered under the UK CRA Regulation. As such each of the Rating Agencies is included on the list of credit rating agencies published by the FCA on its website (at <http://www.fca.org.uk>).

The ratings Fitch has assigned to the Notes are endorsed by Fitch Ratings Ireland Limited, which is established in the European Union and registered under the EU CRA Regulation.

In general, European regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances).

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

## THE LOANS

### The Portfolio

#### Introduction

The following is a description of some of the characteristics of the Loans originated by the Seller and comprised in the Portfolio as at the Cut-Off Date (the "**Cut-Off Date Portfolio**") including details of loan types, the underwriting process, lending criteria and selected statistical information.

The Seller will select the Loans for transfer into the initial Portfolio using a system containing defined data on each of the qualifying loans in the Seller's overall portfolio of loans available for selection. This system allows the setting of exclusion criteria among others corresponding to relevant Loan Warranties that the Seller makes in the Mortgage Sale Agreement in relation to the Loans (see "*Mortgage Sale Agreement – Representations and Warranties*"). This system also allows a limit to be set on some criteria. Once the criteria have been determined, the system identifies all loans owned by the Seller that are consistent with the criteria and these loans comprise the Cut-Off Date Portfolio. After a pool of Loans is selected in this way, the constituent Loans are monitored to ensure their compliance with the Loan Warranties on the Issue Date. Please see also "*Characteristics of the Portfolio*" below.

Unless otherwise indicated, the description that follows relates to types of loans that have been or could be sold to the Issuer as part of the Portfolio as at the Issue Date.

Any Loans sold to the Issuer will be selected from the Cut-Off Date Portfolio. In addition, the Seller may offer a Borrower under a Loan comprised in the Portfolio, or a Borrower may request, a Product Transfer. Where a Product Transfer occurs, the relevant Loan may then have mortgage terms different from the original Loan (prior to the Product Transfer) and those Loans forming the Portfolio (including characteristics that are not currently being offered to Borrowers or that have not yet been developed) and may have been originated according to different Lending Criteria. All Product Transfers will be required to comply with the Asset Conditions set out in the Mortgage Sale Agreement on their Transfer Date. The material warranties in the Mortgage Sale Agreement to be given as at the Issue Date and the Asset Conditions (which include satisfaction of the warranties) which must be met on each Transfer Date are described in this Prospectus. See "*Summary of Key Transaction Documents – Mortgage Sale Agreement*", above.

#### Characteristics of the Loans

##### (1) *Repayment terms*

Loans may combine one or more of the features listed in this section. Other customer incentives may be offered with the product, for example, free valuations and payment of legal fees. Overpayments are allowed on all products, within certain limits.

Loans are typically repayable on one of the following bases:

- **Repayment Loan:** the Borrower makes monthly payments of both interest and principal so that, when the Loan reaches the end of its term, the full amount of the principal of the Loan will have been repaid; or
- **Interest-only Loan:** the Borrower makes monthly payments of interest but not of principal; when the Loan reaches the end of its term the entire principal amount of the Loan is still outstanding and is payable in one lump sum.

For Interest-only Loans, because the principal is repaid in a lump sum at the maturity of the loan, the borrower must have a credible repayment mechanism (such as an investment plan or sale of a property in which they have sufficient equity).

The Portfolio consists of Loans which are intended for Borrowers who wish to use the Loans as a means to purchase or refinance a residential property to be used solely as the Borrower's own residence.

Principal prepayments may be made in whole or in part at any time during the term of a Loan, subject to the payment of any Early Repayment Charges (as described in "*The Loans– Early repayment charges*" below). A prepayment of the entire outstanding balance of a loan discharges the mortgage. Any prepayment in full must be made together with all Accrued Interest, Arrears of Interest, any unpaid expenses and any applicable repayment fee(s).

Various methods are available to Borrowers for making payments on the Loans, including:

- direct debit instruction from a bank or building society account, and
- standing order from a bank or building society account.

The Loans have full recourse to the relevant Borrowers.

The Loans do not include: (i) any transferable securities for purposes of SECN 2; (ii) any securitisation positions for purposes of SECN 2; or (iii) any derivatives for purposes of SECN 2, in each case on the basis that the Loans have been entered into substantially on the terms of similar standard documentation for residential mortgages loans.

The aggregate Principal Balance of all Loans in the Portfolio made to a single Borrower does not exceed 2 per cent. of the aggregate Principal Balance of all Loans in the Cut-Off Date Portfolio as of the Cut-Off Date.

The weighted average Indexed Current LTV of the Loans in the Cut-Off Date Portfolio was not greater than 80 per cent as at the Cut-Off Date.

(2) ***Interest payments and interest rate setting***

The Seller has responded to the competitive mortgage market by developing a range of products that are used to attract new borrowers and retain existing customers. Interest on the Loans is charged on one of the following bases and the Seller is able to combine these to suit the requirements of the Borrower:

- “**Variable Rate Loans** ” are those loans which are subject to a rate of interest which may at any time be varied in accordance with the relevant Mortgage Conditions (such rate being the relevant "**Variable Rate**"). Variable Rate Loans originated by the Seller are marketed by the Seller as bearing interest in accordance with the **Seller Aldermore Managed Rate ("AMR "**) which is the Seller's discretionary standard variable rate and which may be varied by the Seller in accordance with the reasons set out in the relevant Mortgage Conditions. The AMR was set at 9.28 per cent. on 1 January 2025. Loans may be subject to an interest margin above or below the AMR.
- “**Fixed Rate Loans** ” are loans which are subject to a fixed rate of interest for a specified period of time, usually for 2, 3 or 5 years.

The relevant interest rate for Variable Rate Loans may apply for the life of the Loan. Otherwise, Fixed Rate Loans are offered for a predetermined period, usually between 2 and 5 years, at the commencement of the Loan (the "**Product Period**"). At the end of the Product Period the rate of interest charged will either (a) move to some other interest rate type for a predetermined period through the Borrower choosing a new product rate or (b) revert to, or remain at, a Variable Rate linked to AMR, or to some other interest rate type. The Seller may introduce other Variable Rates in the future. In certain instances, early repayment charges are payable by the Borrower if the Loan is redeemed within the Product Period. See "*The Loans – Early repayment charges*" below.

The loans originated by the Seller provide for interest to be calculated on a daily basis. The interest due for each month is added to the Borrower's account on the first calendar day of such month based on the outstanding balance of the relevant loan as at the end of the preceding month (including any fees or charges which have become interest-bearing). Borrowers have the rest of the calendar month in which the interest is added to their account to make payment otherwise such interest will itself become interest-bearing as of the beginning of the subsequent calendar month. Any payment by the Borrower will immediately reduce the Borrower's balance on which interest will be calculated.

Except in limited circumstances as set out in "*The Servicing Agreement – Undertakings by the Servicer*", the Servicer is responsible for setting the Variable Rates on the Loans in the Portfolio that are sold to the Issuer. Under the 2010 version of the Mortgage Conditions (the "**2010 Mortgage Conditions**" ), the 2013 version of the Mortgage Conditions (Scotland) (the "**2013 Mortgage Conditions**" ), the 2020 version of the Mortgage Conditions (the "**2020 Mortgage Conditions**") and the 2024 version of the Mortgage Conditions (the "**2024 Mortgage Conditions**" ), Aldermore has a right to reduce the interest rate at any time provided that the interest rate is not fixed. Aldermore also has the right to increase the interest rate at any time if one or more of the following reasons apply:

- (a) there has been, or Aldermore reasonably expects there to be in the near future, a general trend to increase interest rates on mortgages generally or mortgages similar to the mortgage borrowers';
- (b) Aldermore needs to fund an increase in the interest rates it pays to its own funders (including the rates it offers on deposit accounts or (as set out in the 2020 Mortgage Conditions and 2024 Mortgage Conditions), through other funding methods such as raising money in the financial markets or from investors);
- (c) Aldermore wishes to adjust its interest rates (in the case of the 2010 Mortgage Conditions and 2013 Mortgage Conditions) to maintain a prudent level of profitability and (in the case of the 2020 Mortgage Conditions and 2024 Mortgage Conditions) in the interests of maintaining Aldermore's financial stability;
- (d) there has been, or Aldermore reasonably expects there to be in the near future, (in the case of the 2010 Mortgage Conditions and 2013 Mortgage Conditions) a general increase in the risk of shortfalls on the accounts of mortgage borrowers (whether generally or for Aldermore mortgage borrowers only) or (in the case of the 2020 Mortgage Conditions and 2024 Mortgage Conditions) a general trend to increase interest rates on mortgages generally or mortgages similar to the Borrowers;
- (e) (in the case of the 2010 Mortgage Conditions and 2013 Mortgage Conditions) to reflect changes in market conditions, banking practice, relevant laws, regulations, codes of practice or decisions of courts or the FOS; or

- (f) (in the case of the 2020 Mortgage Conditions and 2024 Mortgage Conditions) to reflect changes (and reasonably anticipated changes) in relevant laws, regulations, other requirements of Aldermore's regulators or decisions of courts or the FOS.

These reasons may relate to circumstances existing at the time or which the Servicer reasonably expects to apply in the near future.

If Aldermore wishes to increase the interest rate applicable to a Variable Rate Loan, it will give borrowers a minimum of 10 business days' notice.

In addition to changes to the discretionary rates of interest there may be circumstances where Aldermore charges more interest to the Borrower as a result of action by the Borrower. For example, the rate of interest charged may be increased where property is let (however, this would constitute a change in the terms and conditions applicable to such Loan).

The 2020 Mortgage Conditions and 2024 Mortgage Conditions represent the most recent terms and conditions of the Seller relating to the Loans comprised in the Cut-Off Date Portfolio and dictate the specified reasons to change the interest rate.

(3) ***Early Repayment Charges***

The Borrower may be required to pay an early repayment charge (an "**Early Repayment Charge**") if the mortgage is repaid early during the period in which such charges are applicable, as set out in the terms of the relevant Loan. The amount payable is based on a percentage of the amount repaid. A mortgage discharge fee is also payable upon full mortgage repayment or redemption.

If the Borrower repays its mortgage during an Early Repayment Charge period to move house, the Borrower may not have to pay the charge if the Borrower takes out a new loan for the new home with the Seller, subject to certain qualifying criteria.

Early Repayment Charges may also apply throughout the term of a Loan if overpayments are made. Overpayments of up to £5,000 can be made in any 12 month period, without incurring any charge. However, overpayments in excess of £5,000 will incur Early Repayment Charges based on a percentage of the amount by which the overpayment exceeds £5,000. From January 2017, the overpayment allowable was amended from £5,000 to 10 per cent. of the mortgage balance in any 12 month period.

(4) ***Overpayments***

Overpayments are allowed on all products, although an Early Repayment Charge may be payable (as described in 'Early Repayment Charges' above). Borrowers may either increase their regular monthly payments above the normal monthly payment then applicable or make lump sum payments at any time.

If Borrowers pay more than the scheduled monthly payment, the balance on their mortgage loan will be reduced. The Seller will charge interest on the reduced balance, which reduces the amount of interest the Borrower must pay.

(5) ***Additional Borrowings***

Borrowers are able to apply for Additional Borrowings 6 months after mortgage completion, subject to certain qualifying criteria applicable to Additional Borrowings. The original mortgage deed is expressed to cover all amounts due under the relevant loan which would cover any Additional Borrowings. (See "*Summary of the Key Transaction Documents – Additional Borrowings and Product Transfers*").

Some Loans in the initial Portfolio may have Additional Borrowings made on them prior to their being sold to the Issuer on the Issue Date.

If a Loan is subject to an Additional Borrowing after being sold to the Issuer, the Seller will be required to repurchase the Loan and its Related Security from the Issuer if following the Additional Borrowing the Loan breaches the Asset Conditions or the Loan Warranties or to the extent that the Issuer does not have sufficient funds from the Principal Ledger or from a drawing under the Class Z VFN to fund the purchase of such Additional Borrowing.

(6) ***Product Transfers***

From time to time, Borrowers may request or the Servicer may send an offer of a variation in the financial terms and conditions applicable to the Borrower's loan. In limited circumstances, if a Loan is subject to a Product Transfer as a result of a variation and following such variation the Loan breaches the Asset Conditions or the Loan Warranties, then the Seller will be required to repurchase the Loan or Loans and their Related Security from the Issuer. (See "*Summary of the Key Transaction Documents – Additional Borrowings and Product Transfers*").

**Origination channels**

The Seller currently derives over 90 per cent. of its owner occupied mortgage-lending business via intermediaries throughout the United Kingdom (except for certain loan related features, such as Additional Borrowings, which are originated directly by the Seller). The remainder is originated via a team of fully qualified mortgage advisers.

Once an application for a mortgage loan is received from a prospective new customer (through whichever origination channel) it is processed in-house by the Seller. The details of the application are entered into the Seller's relevant computer system, and arrangements are made to obtain such references and/or other proof of income, valuation, survey or other evidence of value (if any and as appropriate) that may be required by the Seller under its lending policy. A mortgage offer may then be issued to the prospective new customer and instructions are despatched to the relevant solicitor or licensed conveyancer to investigate title and issue a certificate on the same to the Seller. Once a satisfactory certificate of title has been received (if appropriate) and no other matters in relation to the application are outstanding, mortgage funds can be released to the solicitor or licensed conveyancer.

The Seller is subject to the PRA and FCA rules and the FOS.

**Underwriting**

The Seller introduced Application Credit Scores (ACDS) into their underwriting decisions in June 2021, which uses both credit bureau and application data to produce a credit score.

Loans originated prior to June 2021 did not use a scorecard when making credit decisions, although reference is made to the Delphi for New Business ("**DNB**") and Consumer Indebtedness Index ("**CII**") scores (both of which are obtained from external sources) when assessing cases.

The system rules identify whether the proposed loans meet the lending criteria (e.g. LTV, affordability, CCJs/adverse credit data, property type/location) and this is flagged to the underwriter for them to consider/assess as part of their lending decision.

Ability to repay the mortgaged debt is gauged through an assessment of the applicant's (verifiable) income, household composition and existing commitments; a view on intent to pay is judged via data on historic conduct from credit bureaux and others.

The affordability assessment takes into account verified income, committed expenditure (loans, credit cards, etc.) and a modelled “expenditure factor”. The expenditure factor is the percentage of the applicant's income that can be used to maintain a basic quality of living.

The expenditure factor uses data from the Office of National Statistics ("ONS "). Affordability factors vary depending on the household composition and the overall application gross annual income. This effectively applies higher and lower expenditure factor thresholds within the affordability assessment, depending upon the household's composition and income situation.

The affordability assessment deducts the sum of total committed expenditure and modelled expenditure from verified and calculated net income, the remainder is what is available to support the mortgage.

The lending system is supported by a structure, with authority limits varying according to seniority. The delegated authorities allow named mandate holders to approve loans within certain criteria, amounts and LTV limits. Every case is reviewed by an approved mandate holder prior to the offer being issued. Loans that do not meet standard policy criteria can only be approved within strict appetite limits by experienced mandate holders with the required level of authorisation with the exception being approved by the policy holder or accountable executive. All mandate holders are able to override previous initial 'accept' decisions at any point in the underwriting process if information comes to light that changes the initial decision.

Mortgage underwriting decisions, are subject to internal monitoring by the Seller in order to ensure the Seller's procedures and policies regarding underwriting are being followed by staff.

### **Lending Criteria**

On the Issue Date, the Seller will represent that each Loan being sold to the Issuer was originated according to the lending criteria of the Seller at the time the Loan was offered (the "**Lending Criteria**"), in all material respects, subject only to exceptions made on a case-by-case basis as would be acceptable to a Reasonable, Prudent Mortgage Lender. Policy and risk appetite varies in line with a number of internal and external factors in particular expectations of the housing market and wider economy and the Seller retains the right to revise its lending criteria from time to time, so the criteria applicable to any Loans which are the subject of an Additional Borrowing or Product Transfer may not be the same as those currently used.

This document reflects the lending criteria applied for originations between 2016 and 2024. The Seller's current policy reflects the uncertainty of the economy.

### **Type of property**

Properties must be freehold or leasehold. In the case of leasehold properties, there must be at least 45 years left on the lease at the end of the mortgage term and a minimum of 85 years from the date of the mortgage. The property must be used solely as a single residential dwelling. Properties must be of good quality, habitable, in sound structural condition and in a reasonable state of repair. House boats, mobile homes, and any property on which buildings insurance cannot be arranged are not acceptable. All persons who are to be legal owners of the property on completion must be named as Borrowers under the Mortgage. The Seller must have first legal charge over the property.

The value of the Properties in connection with each Loan has been determined at origination in accordance with the standards and practices of the RICS Valuation Standards (including those relating to competency and required documentation) either by approved systemic valuations (automated valuation model) or by an individual valuer who is an employee or a contractor of a valuer firm appointed by the Sellers Valuation Panel Manager. Any valuer appointed must be a fellow, member or associate member of the Royal Institution of Chartered Surveyors ("**RICS**") and whose compensation is not affected by the approval or non-approval of

the Loan. Each Valuation Report includes three comparable properties providing evidence for the valuation of each Property.

The valuers panel is maintained (including the appointment of valuer firms to the panel) by the Sellers Valuation Panel Manager with no involvement of sales or product staff. Likewise, sales and product staff are not involved in the selection of the valuer firm from the valuers panel engaged to carry out the valuation of the Properties in connection with each Loan.

#### **Term of loan**

The minimum term of a loan is generally 10 years for new residential mortgages. The maximum term for residential loans is generally 40 years.

#### **Details of applicant**

All Borrowers must be aged 21 or over and the mortgage term must normally end before the Borrower reaches retirement.

The maximum number of applicants on any one residential mortgage application is 2.

Under the Seller's current Lending Criteria, to be accepted for a mortgage, generally all applicants must be UK or European Union nationals or non-UK/European Union nationals who have been resident in the UK for the last 24 months and have a permanent right to reside in the UK. For earlier originations borrowers had to have a legal right to reside in the UK but the length of that right varied. Expats or applicants with diplomatic immunity are not accepted.

#### **Loan-to-value (or LTV) ratio**

The maximum original LTV ratio of loans in the portfolio is 95 per cent. (including any fees added to the loan).

When the Seller makes a loan on a property which requires essential repairs, the property is either valued on a "when done" basis and the loan retained until works have been completed, or if the property is acceptable security in its existing condition, it may be valued on that basis reflecting required repairs and the loan released prior to works commencing.

#### **Status of applicant(s)**

Lending assessment is currently made using the lending system outlined in the underwriting section.

##### *Employed applicant(s):*

Where an applicant is in PAYE employment and the income of that applicant is required to support the loan, the Seller generally requires the applicant to be in a permanent position and not under notice of termination. However, fixed term/temporary workers are accepted where the applicant meets certain minimum requirements. The Seller requires with certain limited exceptions either the employer's reference or pay slips as evidence of income.

##### *Self Employed Applicant(s):*

The applicant must normally have been trading for at least 2 years but 1 year of trading history may be accepted in certain circumstances. The Seller requires with certain limited exceptions evidence of income (for example, accounts, accountant's projections, tax assessments or other suitable evidence).

#### **Credit history**

The current policy is as follows:

*Credit search:*

A credit search is carried out in respect of all new applicants (and in relation to Additional Borrowings to existing Borrowers) with a bureau of the Seller's choice at a level of the Seller's choice.

Applications may be declined where an adverse credit history is revealed (for example, court judgements recorded during the preceding 3 years or bankruptcy orders (whether or not discharged) in the preceding 6 years).

*Existing lender's reference:*

Any reference must satisfy the Seller that the account has been properly conducted and that no history of material arrears exists.

*First time buyers/applicants in rented accommodation:*

Where applicants currently reside in rented accommodation, the Seller may seek sight of a bank statement or rent record book.

**Bank reference/Proof of income**

As part of the underwriting process, the Seller will require all employed applicants to produce pay slips and P60 or similar documentation to prove the whole tax year's income. In addition, a formal reference may be requested from the applicant's employer. If the applicant is self-employed, the Seller will require HMRC SA302 and supporting Tax Year Overview documentation. This may be supported by a reference from a qualified accountant or certified accounts. Previous mortgage account conduct is verified via a credit reference agency. When additional verification is required, the Seller may seek and review satisfactory bank statements and references from existing or previous lenders.

**Underwriting Process**

The Seller introduced Application Credit Scores (ACDS) into their underwriting decisions in June 2021, which uses both credit bureau and application data to produce a credit score. It applies an initial screening of all enquiries via a range of system rules based upon the lending policy which address aspects surrounding credit profile, affordability and property valuation. The rules enable the underwriters to focus their attention on those aspects of the case which require closer attention.

Underwriters review all cases which have either been referred or approved by the system rules, adopting a "whole case" review approach to include a review of credit searches, electronic identification ("EID") and supporting decision documentation.

The assessment of a prospective borrower's creditworthiness is conducted in accordance with the Seller's lending criteria and, where appropriate, meets the requirements set out in Article 8 of Directive 2008/48/EC or paragraphs 1 to 4, point (a) of paragraph 5, and paragraph 6 of Article 18 of Directive 2014/17/EU. In the UK the FCA has equivalent requirements, including under the Consumer Credit Sourcebook (CONC 5.2A) and MCOB 11.6.

The Loans do not include: (A) at the time of origination any mortgage loans that were marketed and underwritten on the premise that the mortgage loan applicant or, where applicable, intermediaries were made aware that the information provided by the mortgage loan applicant might not be verified by the Seller for purposes of Article 9 of Chapter 2 of the PRA Securitisation Rules or (B) at the time of selection for inclusion in the portfolio any exposures in default within the meaning of Article 178(1) of Regulation (EU) No 575/2013 (as it forms part of domestic law in the United Kingdom by virtue of EUWA) for purposes of Article 9 of Chapter 2 of the PRA Securitisation Rules. The Loans have been transferred to the Issuer after

selection for inclusion in the Portfolio without undue delay for purposes of Article 9 of Chapter 2 of the PRA Securitisation Rules.

### **Changes to the underwriting policies and the Lending Criteria**

The Seller's underwriting policies and Lending Criteria were and are subject to change within the Seller's sole discretion. Loans were and are originated by way of exception to the lending criteria where the Seller determined that the exception would have been acceptable to a Reasonable Prudent Mortgage Lender. Additional Borrowings and Product Transfers that are originated under Lending Criteria that are different from the criteria set out here may be sold to the Issuer.

Any material changes from the Seller's prior underwriting policies and lending criteria shall be disclosed without undue delay to the extent required under the UK Securitisation Framework.

### **Insurance policies**

#### **Insurance on the property**

Each mortgaged property is required to be insured with buildings insurance by the Borrower. The property may be insured by the Seller at the expense of the Borrower or, the insurance may be purchased by the Borrower or (in the case of leasehold property) by a landlord or by a property management company. If the Seller becomes aware that no adequate insurance is in place, it has the power to arrange insurance on the property and charge the premiums for this to the Borrower's mortgage account.

Subject as set out above, the Seller only insures a property if it becomes aware that no insurance is in force or once it has repossessed the property from a defaulting Borrower. See "*Properties in possession cover*" below.

(1) ***Borrower-arranged buildings insurance***

The Seller requires that a Borrower maintains buildings insurance for the duration of the mortgage and requires the acting solicitor or licensed conveyancer checks that such insurance is in place at the time when the mortgage commences. The Seller issues warnings on each annual statement to Borrowers that buildings insurance must be in place. The Seller maintains a policy which indemnifies them for any losses incurred due to the failure of a Borrower to maintain buildings insurance.

(2) ***Properties in possession cover***

When a mortgaged property is taken into possession by the Seller, the Seller takes the necessary actions to ensure that the property is placed on to its block properties in possession insurance policy (the "**Properties in Possession Cover**") so that appropriate insurance cover is provided on the property. The Seller may claim under this policy for any damage occurring to the property while in the Seller's possession.

(3) ***Title and Search insurance***

Title and search insurance is used in some instances on remortgage cases, and in these instances the acting solicitor or licensed conveyancer will not undertake searches covered by the title and search insurance policy. Full searches are undertaken on all new purchase cases.

Insurance may also be used by the acting solicitor or licensed conveyancer in respect of certain limited title defects (e.g. restrictive covenants, absence of rights of way) on new purchases or remortgage cases.

## **Seller's arrears policy**

The Servicer shall at all times administer the Loans and the Related Security in accordance with the Seller's Policies (including the Seller's arrears policy), which set out in clear and consistent terms definitions, remedies and actions relating to delinquency and default of debtors, debt restructuring, debt forgiveness, forbearance, payment holidays, losses, charge offs, recoveries and other asset performance remedies.

The Seller classifies a Loan as being in pre-arrears where one scheduled monthly payment is unpaid in that calendar month. Customers in pre-arrears will receive an arrears letter from the Seller which is created and sent to the customers on the third working day after the scheduled monthly payment date.

A loan is reported as being in arrears when the scheduled monthly payment has not been paid in full in the month due. The team work to a single core collections strategy split between collections, pre-litigation and recoveries. Litigation is considered when all options to rehabilitate have been exhausted. A loan is classified as being in default when over 90 days past due. The Seller aims to proactively contact customers as soon as possible after an account has gone into arrears, and will attempt to contact the customer initially by letter and by telephone as well as the use of digital contact methods such as email and SMS. The Seller aims to identify reasons for any default and, upon establishing the customer's circumstances, offer options specifically tailored to return the account to order, where possible, by establishing sustainable arrangements or concessions to either clear the arrears or limit the build-up of any arrears. The Seller may send a field agent to the customer's address if no contact is made with the customer or if the Seller has been unable to ascertain a satisfactory reason and proposal for the unpaid scheduled monthly payment.

The Seller considers litigation action to be the last resort and prefers to focus on supporting customers in order to allow them to retain their property. The forbearance options or other special contractual terms and conditions provided to customers facing financing difficulty include, among other things:

- (a) term extensions (extending the loan term beyond its contractual end date);
- (b) payment date changes (rescheduling the dates of principal or interest payments);
- (c) part or full non-payment concessions (granting new or additional periods of non-payment);
- (d) product switches (reducing the interest rate);
- (e) capitalisation (capitalising arrears);
- (f) permanent or temporary switch to interest only loan (changing an amortising loan to an interest payment only loan); and/or
- (g) consensual sale (deferring recovery or collection actions for extended period of time, for example to allow the customer the opportunity to market and sell the property).

As a result of COVID-19, the Seller expanded forbearance options to include the provision of payment holidays or deferrals in line with government and regulatory guidelines. Customers were able to take up to a maximum of six months payment deferral upon request and confirmation they were impacted by COVID-19. Upon maturity of the payment deferral, customers were given the option to repay the deferral amount in full, make overpayment arrangements over a set period, capitalise the amount over the remaining mortgage term, capitalise and extend the mortgage term for up to six months, or seek further forbearance if needed, in which case the account was individually assessed and one or more of the other forbearance options would have been aims to prescribed.

Possession of a property is only sought where all reasonable efforts to regularise matters have failed. Where the customer has no realistic prospect of making payments or a satisfactory arrangement cannot be reached or maintained, litigation and possession proceedings may be instigated by the Seller to enable the Seller to enforce its security.

Subsequent to possession, if there is a mortgage shortfall on sale of the Property the Seller will consider pursuing recovery of the shortfall. The period in which the Seller is able to pursue its claim for the shortfall is a maximum of 12 years in England and Wales. If there is a shortfall the Seller will comply with the UK Finance voluntary shortfall agreement and will only pursue the borrower for 6 years from the date of the last payment on the account. Recovery activity will depend on the circumstances of the customer and whether the Seller has evidence to suggest that the customer has sufficient ability to make payments from current income or to repay from other assets.

The Seller considers write-offs to include the loss that materialises post repossession (i.e. the shortfall from recovery proceeds from the sale of the property in relation to the debt plus costs).

In all situations the Seller aims to comply with regulatory requirements and guidance and follow industry best practice.

### **Governing law**

Each of the English Mortgage Loans and any non-contractual obligations arising out of or in connection with them are governed by English law. Each of the Scottish Mortgage Loans and any non-contractual obligations arising out of or in connection with them are governed by Scots law.

## CHARACTERISTICS OF THE PORTFOLIO

The statistical and other information contained in this Prospectus has largely been compiled by reference to certain Loans in a portfolio as at the Provisional Pool Date (the "**Provisional Pool Date Portfolio**"). The Provisional Pool Date Portfolio consists of 3,337 Loans originated by the Seller between 2 June 2016 and 30 September 2024 and secured over properties located in England, Wales and Scotland. The Current Balance of the Provisional Pool Date Portfolio is £496,736,938.44. Having removed any Loans which were no longer eligible or had been redeemed in full as at the Cut-Off Date, the Seller randomly selected the Cut-Off Date Portfolio from the Provisional Pool Date Portfolio. Columns may not add up to 100 per cent. due to rounding. A Loan will be removed from the Portfolio if in the period from (and including) the Cut-Off Date up to (but excluding) the Issue Date such Loan is repaid in full or if such Loan does not comply with the Loan Warranties on the Issue Date. Except as otherwise indicated, these tables have been prepared using the Current Balance as at the Provisional Pool Date for the Loans in the Portfolio.

In this section:

"**Mortgage Accounts**" means the totality of the relevant loans granted by the Seller secured on the same Property and their Related Security.

Further information in respect of individual loan level data may be obtained on the website of European DataWarehouse at the website of (i) European DataWarehouse (UK portal) at <https://editor.eurodw.uk> and (ii) European DataWarehouse (European portal) at <https://editor.eurodw.eu> upon request, before the Issue Date. ***Loan to Value Ratios at Origination***

The following table shows the range of loan to value ratios or LTV Ratios, which express the outstanding balance of the aggregate of Loans (including capitalised interest, capitalised fees, insurance fees, product or booking fees and valuation fees and incorporating all Loans secured on the same Property) in the Mortgage Accounts (which incorporate all Loans secured on the same Property) as at the Provisional Pool Date based on the original amount of the initial advance on the date of origination of the Loan divided by the value of the Property securing the Loans in the Mortgage Account as at that date. The Seller has not revalued any of the mortgaged properties since the date of the origination of the related Loan other than where Additional Borrowings have occurred or been applied for, and in certain Product Transfer and re-arrangement application cases (in each case, whether such case is completed or not). In these cases the original valuation may have been updated with a more recent valuation. (However, the revised valuation has not been used in formulating this data.) For the avoidance of doubt, there has not been a revised valuation.

### *Arrears Analysis of Non Repossessed Mortgage Accounts*

Current Arrears = 0 months.....	496,736,938. 44	100.00%	3337	100.00%
<b>Total</b> .....	<b>496,736,938.</b> <b>44</b>	<b>100%</b>	<b>3337</b>	<b>100%</b>

Note:

- (1) Arrears are calculated in accordance with standard market practice in the UK. A mortgage is identified as being in arrears when, on any due date, the overdue amounts which were due on previous due dates equal, in the aggregate, one or more full monthly payments. In making an arrears determination, the servicer calculates as of the date of determination the difference between the sum of all monthly payments that were due and payable by a borrower on any due date up to that date of determination and the sum of all payments actually made by that borrower up to that date of determination. If the result arrived at by dividing that difference (if any) by the amount of the required monthly payment equals or exceeds 1 the loan is deemed to be in arrears. Arrears classification is determined based on the number of full monthly payments that have been missed. A borrower that has missed payments that in the aggregate equal or exceeding 2 monthly payments (but for which the aggregate of missed payments is less than 3 monthly payments) would be classified as being between 2 – 3 months in arrears, and so on.

### Verification of data

The Seller has caused a sample of the Loans (including the data disclosed in respect of those Loans) to be externally verified by an appropriate and independent third party. The Provisional Pool Date Portfolio has been subject to an agreed upon procedures review on a sample of loans selected from the Provisional Pool Date Portfolio conducted by a third-party and completed on or about 27 February 2025 with respect to the Provisional Pool Date Portfolio in existence as of 27 February 2025. This verification included the review of certain key warranties given by the Seller in respect of the Loans. No adverse findings arose from such review. The independent third party has also performed agreed upon procedures in order to verify that the stratification tables disclosed in respect of the underlying exposures are accurate. Such third party undertaking the review only has obligations to the Issuer, the Seller, the Co-Arrangers and the Joint Lead Managers in respect of the performance of the agreed upon procedures subject to certain limitations and exclusions.

## CHARACTERISTICS OF THE UNITED KINGDOM RESIDENTIAL MORTGAGE MARKET

The UK housing market is primarily one of owner-occupied housing, with the remainder in some form of public, private landlord or social ownership. The mortgage market, whereby loans are provided for the purchase of a property and secured on that property, is the primary source of household borrowings in the United Kingdom.

Set out in the following tables are certain characteristics of the United Kingdom mortgage market.

### *Industry CPR rates*

In the following tables, quarterly industry constant repayment rate (industry CPR) data was calculated by dividing the total amount of repayments from MFIs (Monetary and Financial Institutions (banks and building societies)) in a quarter by the total balance of mortgages outstanding in the previous quarter for MFIs in the United Kingdom. These quarterly repayment rates were then annualised using standard methodology.

***House price to earnings ratio***

The following table shows the ratio for each year of the average annual value of houses compared to the average annual salary in the United Kingdom. The average annual earnings figures are constructed using the Annual Survey of Hours and Earnings figures referring to weekly earnings in April of each year for those male employees whose earnings were not affected by their absence from work. While this is a good indication of house affordability, it does not take into account the fact that the majority of households have more than one income to support a mortgage loan.

### ***House price index***

UK residential property prices, as measured by the Nationwide House Price Index (the House Price Index), have generally followed the UK Retail Price Index over an extended period. (Nationwide is a UK building society.)

The UK housing market has been through various economic cycles in the recent past, with large year-to-year increases in the House Price Index occurring in the late 1980s and large decreases occurring in the early 1990s and from 2007.

## ESTIMATED WEIGHTED AVERAGE LIVES OF THE NOTES

The average lives of the Notes cannot be stated, as the actual rate of repayment of the Loans and redemption of the Mortgages and a number of other relevant factors are unknown. However, calculations of possible average lives of the Notes can be made based on certain assumptions. For example, based on the assumptions that:

- (a) the Issuer exercises its option to redeem the Class A Notes in accordance with Condition 7.3 (*Optional Redemption of the Class A Notes in Full*) on the Step-Up Date, in the first scenario, or the Issuer does not exercise its option to redeem the Notes on or after the Step-Up Date, in the second scenario;
- (b) the Loans are subject to a constant annual rate of prepayment (exclusive of scheduled principal redemptions) of between 0 and 30 per cent. per annum as shown on the table below;
- (c) the assets of the Issuer are not sold by the Security Trustee except as may be necessary to enable the Issuer to realise sufficient funds to exercise its option to redeem the Class A Notes in accordance with Condition 7.3 (*Optional Redemption of the Class A Notes in Full*);
- (d) no Note Acceleration Notice has been served on the Issuer and no Event of Default has occurred;
- (e) no Borrowers are offered and accept different mortgage products or Additional Borrowings by the Seller or any of its subsidiaries and the Seller is not required to repurchase any Loan (including any Additional Borrowing thereon since the Issue Date) in accordance with the Mortgage Sale Agreement;
- (f) no Loan is subject to a Product Transfer;
- (g) the Security is not enforced;
- (h) the Mortgages continue to be fully performing;
- (i) the Loans are sold to the Issuer at a price equal to their Current Balance as at the Cut-Off Date, therefore the accrual of cash flows starts at the Cut-Off Date;
- (j) the ratio of the Principal Amount Outstanding of the Class A Notes to the Current Balance of the Portfolio as at the Issue Date is 91.37 per cent.;
- (k) the Notes are issued on or about 24 March 2025;
- (l) the Interest Payment Dates are on the 28th day of every January, April, July and October of each year, or if such day is not a Business Day, the following Business Day, with the first Interest Payment Date falling in July 2025 and the Step-Up Date being the Interest Payment Date falling in July 2030;
- (m) scheduled amortisation is calculated on an individual Loan basis in accordance with the contractual repayment terms of each Loan within the Provisional Pool Date Portfolio and is initially aggregated on monthly basis;
- (n) unscheduled amortisation is calculated on an aggregate basis by adjusting the scheduled amortisation in each period by the annualised constant prepayment rate;
- (o) the annualised constant prepayment rate consists of both partial and full prepayments of the principal under the Loans;
- (p) the weighted average lives of the Notes are calculated on an Actual/365 basis;
- (q) for each swap transaction calculation, the day count basis is Actual/365; and

- (r) there is no debit balance on any of the sub-ledgers of the Principal Deficiency Ledgers on any Interest Payment Date;
- (s) the coupon payable on each Loan depends on the reversionary rate date and relevant margin over the Seller Aldermore Managed Rate;
- (t) the coupon payable on each floating rate or discounted rate Loan depends on the reversionary rate date and the current margin over the Seller Aldermore Managed Rate. The coupon payable on each fixed rate Loan depends on the reversionary rate date and relevant margin over the Seller Aldermore Managed Rate;
- (u) amounts required to pay items (a) to (d) of the Pre-Acceleration Revenue Priority of Payments on each Interest Payment Date are:
  - (i) £100,000, per annum; and
  - (ii) 0.9 per cent. on the aggregate Current Balance of the Loans in the Portfolio as at the last day of the immediately preceding Collection Period, per annum;
- (v) the Seller Aldermore Managed Rate is 9.28 per cent;
- (w) the applicable fixed rate under the Interest Rate Swap Agreement for each relevant period is assumed to be 4.38 per cent;
- (x) Paragraphs (b), (e), (g), (h) and (i) of Available Revenue Receipts and paragraphs (b) and (d) of Available Principal Receipts are considered to be zero;
- (y) Compounded Daily SONIA is assumed to be 4.70 per cent; and
- (z) the Cut-Off Date is assumed to be 28<sup>th</sup> February 2025.

Assumption (a) above (in relation to the Issuer exercising its option to redeem the Class A Notes on the Step-Up Date) in accordance with Condition 7.3 (*Optional Redemption of the Class A Notes in Full*) reflects the current intention of the Issuer but no assurance can be given that such assumption will occur as described.

Assumption (b) above is stated as an average annualised prepayment rate as the prepayment rate for one Interest Period may be substantially different from that for another. The constant prepayment rates shown above are purely illustrative and do not represent the full range of possibilities for constant prepayment rates.

Assumptions (b) to (g) (inclusive) above relate to circumstances which are not predictable.

The average lives of the Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and estimates above will prove in any way to be realistic. They must therefore be viewed with considerable caution. For more information in relation to the risks involved in the use of the average lives estimated above, see "*Risk Factors – Risk Factors relating to the Issuer – Considerations relating to yield, prepayments, mandatory redemption and optional redemption*", above.

## UNITED KINGDOM TAXATION

*The following applies only to persons who are the beneficial owners of Notes and is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue and Customs ("HMRC") practice in the United Kingdom relating only to the United Kingdom withholding tax treatment of payments of interest (as that term is understood for United Kingdom tax purposes) in respect of the Notes. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of the Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.*

*In this summary references to "Notes" and "Noteholder" excludes the Class Z VFN and the Class Z VFN Holder. The Class Z VFN Holder is urged to consult its own tax advisers about the tax consequences under its circumstances of purchasing, holding and selling the Class Z VFN under the laws of the United Kingdom, its political subdivisions and any other jurisdiction in which the Class Z VFN Holder may be subject to tax.*

### **Interest on the Notes**

#### ***Payment of Interest on the Notes***

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes carry a right to interest and the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007 ("ITA 2007") for the purposes of section 987 of the Income Tax Act 2007 or are admitted to trading on a multilateral trading facility operated by a regulated recognised stock exchange within the meaning of section 987 of the Income Tax Act 2007. The Stock Exchange is a recognised stock exchange for such purposes. The Notes will be treated as listed on the Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part VI of the Financial Services and Markets Act 2000) and admitted to trading on the Stock Exchange. Provided, therefore, that the Notes carry a right to interest and are and remain so listed, interest on the Notes will be payable without withholding or deduction on account of United Kingdom income tax.

In other cases, an amount must generally be withheld from payments of interest on the Notes where such interest has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to that Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

## FOREIGN ACCOUNT TAX COMPLIANCE ACT

Final regulations implementing sections of the Code commonly known as "FATCA" have been issued in the U.S. and the UK has entered into an intergovernmental agreement (the "U.S.-UK IGA") with the U.S. relating to FATCA. Pursuant to the U.S.-UK IGA, the Issuer may be required to comply with certain reporting requirements. Noteholders may therefore be required to provide information and tax documentation regarding their identities as well as that of their direct and indirect owners and this information may be reported to the Commissioners for His Majesty's Revenue & Customs. Assuming the Issuer complies with any applicable reporting requirements pursuant to the U.S.-UK IGA, the Issuer should not be subject to FATCA withholding on payments it receives. Under the final regulations implementing FATCA, assuming the Notes are treated as debt for U.S. federal income tax purposes and are not materially modified after issuance, payments on the Notes will not be subject to FATCA withholding.

**FATCA is particularly complex and its application to the Issuer is uncertain at this time. Each prospective Noteholder should consult its own tax advisor to obtain a more detailed explanation of FATCA and to learn how FATCA might affect each Noteholder in its particular circumstance.**

## SUBSCRIPTION AND SALE

Aldermore Bank PLC ("**Aldermore**"), Lloyds Bank Corporate Markets plc ("**LBCM**", and a "**Joint Lead Manager**"), BNP Paribas ("**BNPP**", a "**Co-Arranger**" and a "**Joint Lead Manager**"), Banco Santander, S.A. - (b) in the case of Aldermore, £44,971,500 of the Class Z VFN at the issue price of 100 per cent. of the aggregate principal amount of the Class Z VFN (being the initial Principal Amount as at the Issue Date) which may be further subscribed for by Aldermore up to a maximum Principal Amount of £500,000,000.

The Co-Arrangers and the Joint Lead Managers may sell any of the Notes to subsequent purchasers in individually negotiated transactions at negotiated prices which may vary among different purchasers and which may be greater or less than the issue price of the Notes. The Issuer has agreed to indemnify Aldermore, the Joint Lead Managers and the Co-Arrangers against certain liabilities and to pay certain costs and expenses in connection with the issue of the Notes.

Other than admission of the Class A Notes to the Regulated Market of the Stock Exchange, no action has been taken by the Issuer, Aldermore, the Joint Lead Managers or the Co-Arrangers, which would or has been intended to permit a public offering of the Notes, or possession or distribution of this Prospectus or other offering material relating to the Notes, in any country or jurisdiction where action for that purpose is required.

***This Prospectus does not constitute, and may not be used for the purpose of, an offer or a solicitation by anyone to subscribe for or purchase any of the Notes in or from any country or jurisdiction where such an offer or solicitation is not authorised or is unlawful.***

Except with the express written consent of the Seller in the form of a U.S. Risk Retention Consent and where such sale falls within the exemption provided by Section 20 of the U.S. Risk Retention Rules, the Notes offered and sold by the Issuer may not be purchased by any Risk Retention U.S. Persons.

This Prospectus does not constitute, and may not be used for the purpose of, an offer or a solicitation by anyone to subscribe for or purchase any of the Notes in or from any country or jurisdiction where such an offer or solicitation is not authorised or is unlawful.

### ***United States***

The Notes have not been and will not be registered under the Securities Act or any state securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except pursuant to an exemption from registration requirements. Accordingly, the Notes are being offered and sold in offshore transactions in reliance on Regulation S.

Each of the Joint Lead Managers and the Class Z VFN Purchaser has agreed that, except as permitted by the Subscription Agreement, it will not offer or sell the Notes (a) as part of its distribution at any time or (b) otherwise until 40 days after the later of the commencement of the offering and the Issue Date within the

United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each affiliate or other dealer (if any) to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act. See "*Transfer Restrictions and Investor Representations*", below.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer that is not participating in the offering may violate the registration requirements of the Securities Act.

- (b) it has complied and will comply with all applicable provisions of FSMA and any applicable secondary legislation made under FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Each of the Joint Lead Managers and the Class Z VFN Purchaser acknowledges that, save for the Issuer having obtained the approval of the Prospectus as a prospectus in accordance with the Prospectus Regulation, having applied for the admission of the Class A Notes to the Official List and admission of the Class A Notes

to trading on the Regulated Market, no further action has been or will be taken in any jurisdiction by the Joint Lead Managers or the Class Z VFN Purchaser that would, or is intended to, permit a public offering of the Notes, or possession or distribution of the Prospectus or any other offering material in relation to the Notes, in any country or jurisdiction where such further action for that purpose is required.

***General***

No action has been taken by the Issuer, Aldermore, the Co-Arrangers or the Joint Lead Managers that would, or is intended to, permit a public offer of the Notes in any country or jurisdiction where any such action for that purpose is required. Accordingly, each of Aldermore, the Co-Arrangers and the Joint Lead Managers has undertaken that it will not, directly or indirectly, offer or sell any Notes or have in its possession, distribute or publish any offering circular, prospectus, form of application, advertisement or other document or information in respect of the Notes in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief, result in compliance with any applicable laws and regulations.

The Class Z VFN Registrar shall upon receipt of such confirmation make a note of such confirmation in the Class Z VFN Register.
