This is the Provisional STS Term Verification Checklist (UK Version) for STS Term Verifications.

This Provisional STS Term Verification Checklist must be read together with the PCS Procedures Manual. This document is based upon the draft materials received by PCS as at the date of this document. Any page references in this document are to the prospectus unless otherwise stated.

This Provisional STS Term Verification Checklist is not the final STS Term Verification and is based on the draft documents and information provided to PCS by or on behalf of the originator as of the date of this assessment.

PCS comments in this Provisional STS Term Verification Checklist are based on PCS' interpretation of the Securitisation (Smarter Regulatory Framework and Consequential Amendments) Instrument 2024, in particular (a) the text of the Securitisation sourcebook (SECN) as defined in that instrument, (b) following the joint guidance of the Bank of England and the PRA of April, 2019, the EBA guidelines and recommendations issued in accordance with Article 19(2) of the STS Regulation EU 2017/2402 of the European Union as amended and incorporated into United Kingdom law by the Securitisation (Amendment ) (EU Exit) Regulations 2019 (the "EBA Guidelines") to the extent that they remain relevant following Brexit and where published prior to 1st January 2020 and (c) any relevant interpretation of the STS criteria by the United Kingdom's Financial Conduct Authority to the extent known to PCS.

It is anticipated at the date of this Provisional STS Term Verification Checklist a Final STS Term Verification Checklist for STS Term Verification will be made available at or around closing of the transaction. However, such Final STS Term Verification Checklist for STS Term Verifications will be based upon the final materials received by PCS and will only be made available on a fully ticked basis if no material adverse changes have been made to the transaction or the relevant material which, upon becoming known to PCS, would not adversely change our analysis. Therefore, no guarantees can be provided that such Final STS Term Verification Checklist for STS Term Verification will be made available on a fully ticked basis.

It is important that the reader of this checklist reviews and understands the disclaimer referred to on the following page. Note that all comments on the disclaimer relate to both Provisional STS Term Checklist for STS Term Verifications and the Final STS Term Checklist for ST S Term Verifications.

## STS Disclaimer

Neither an STS Verification, nor a CRR Assessment, nor an LCR Assessment is a recommendation to buy, sell or hold securities. None are investment advice whether generally or as defined under Markets in Financial Instruments Directive (2004/39/EC) and none are a credit rating whether generally or as defined under the Credit Rating Agency Regulation (1060/2009/EC) or any post-Brexit successor legislation in the United Kingdom.

PCS EU and PCS UK are authorised respectively by the French Autorité des Marchés Financiers and by the United Kingdom Financial Conduct Authority as third parties verifying STS compliance pursuant respectively to article 28 of Regulation (EU) 2017/2402 (the “**STS Regulation**”) and article 25 of the Securitisation Regulation 2024.

Currently, none of the activities involved in providing a CRR or LCR Assessment are endorsed or regulated by any regulatory and/or supervisory authority nor are the PCS Association or PCS EU regulated by any regulator and/or supervisory authority including the Belgian Financial Services and Markets Authority, the United Kingdom Financial Conduct Authority, the French Autorité des Marchés Financiers or the European Securities and Markets Authority.

By assessing the STS status and compliance with the CRR and LCR provisions of any securities or financing, neither the PCS Association nor PCS UK nor PCS EU express any views about the creditworthiness of these securities or financings or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities or financings. Equally, by completing (either positively or negatively) any CRR, LCR or STS status assessment of certain instruments, no statement of any kind is made as to the value or price of these instruments or the appropriateness of the interest rate they carry (if any).

In the provision of any of its assessments, PCS has based its decision on information provided directly and indirectly by the originator or sponsor of the relevant securitisation. Specifically, it has relied on statements made in the relevant prospectus or deal sheet, documentation and/or in certificates provided by, or on behalf of, the originator or sponsor in accordance with PCS’ published procedures for the relevant PCS verification or assessment. You should make yourself familiar with these procedures to understand fully how any PCS service is completed. These can be found at <https://pcsmarket.org/> (the “**PCS Website**”). Neither the PCS Association nor PCS UK nor PCS EU undertake their own direct verification of the underlying facts stated in the prospectus, deal sheet, documentation or certificates for the relevant instruments and the completion of any of its assessments or checklists is not a confirmation or implication that the information provided to it by or on behalf of the originator or sponsor is accurate or complete.

The Loans and Related Security and all monies derived therefrom from time to time are referred to herein as the "Portfolio". The terms "Loans", "Mortgages" and "Related Security" are further defined in the section entitled "Portfolio and Servicing".</p> <p>See also Prospectus, <i>RISK FACTORS</i>.</p> <p>Seller to Initially Retain Legal Title to the Loans and Risks Relating to Set-off</p> <p>8.2 Seller to Initially Retain Legal Title to the Loans and Risks Relating to Set-off The sale by the Seller to the Issuer of the English Mortgage Loans and their Related Security (until legal title is conveyed) takes effect in equity only. This means that legal title to the English Mortgage Loans in the Portfolio and their Related Security will remain with the Seller until certain trigger events occur under the terms of the Mortgage Sale Agreement (see ""Summary of the Key Transaction Documents – Mortgage Sale Agreement"" below). Until such time, the assignment by the Seller to the Issuer of the English Mortgage Loans and their Related Security takes effect in equity only. The Issuer has not and will not apply to the Land Registry to register or record its equitable interest in the English Mortgage Loans and their Related Security.</p> <p>The sale by the Seller to the Issuer of the Scottish Mortgage Loans and their Related Security is given effect to by a Scots law governed declaration of trust by the Seller for the benefit of the Issuer (a "Scottish Declaration of Trust"). The holding of a beneficial interest under a Scottish trust has (broadly) equivalent legal consequences in Scotland to the holding of an equitable interest in England and Wales. In each case, this means that legal title to the Loans and their Related Security will remain with the Seller until certain trigger events occur under the terms of the Mortgage Sale Agreement (see "Summary of the Key Transaction Documents – Mortgage Sale Agreement"). Until such time, the assignment by the Seller to the Issuer of the English and Welsh Mortgage Loans and their Related Security takes effect in equity only and the Scottish Mortgage Loans in the Portfolio and their Related Security are accordingly held on trust for the Issuer. The Issuer has not and will not apply to the Land Registry to register or record its equitable interest in the English and Welsh Mortgages and will not apply to the Land Register of Scotland (together with the General Register of Sasines, the "Registers of Scotland") to register its beneficial interest in the Scottish Mortgages pursuant to a Scottish Declaration of Trust.</p> <p><i>"True sale" is not a legal concept but a rating agency creation. The essence of a "true sale" is that the property in the securitised assets has legally moved from the originator/seller to the SSPE in such a way that the SSPE's ownership will be recognised as a matter of law, including and especially in the case of the insolvency of the originator/seller. In a "true sale" the insolvency</i></p> |   |

officer and creditors of the insolvent originator/seller are not able to satisfy the claims of the originator/seller's creditor out of the proceeds of the securitised assets. Following a "true sale" there is no legal device by which the assets can automatically revert to the originator/seller's ownership. Such automatic reversion is associated with security interests and anathema to a "true sale".

This is clearly stated in the wording of the Regulation (20.1). The expression "transfer to the same effect" indicates that, as long as the conditions in the preceding paragraph are met, the Regulation does not seek to limit the type of legal devices which can be used to effect such transfer of title.

The issue of "true sale" is separate from the issue of "clawback". "Clawback" refers to legal processes through which, in the insolvency of the seller of an asset, an insolvency officer is entitled to reverse the sale – even in cases where a "true sale" has taken place.

All European jurisdictions, to PCS' knowledge, have rules allowing for clawbacks. Clawbacks are usually rules to avoid a company heading towards insolvency from "defrauding" its existing creditors either by selling assets at very low prices (to friends and relations) or unfairly preferring certain creditors over others.

The Regulation (20.1) therefore does not require STS "true sales" to be clawback proof since this would mean that no European securitisation could ever be STS. It does require the sale not to be subject to "severe clawback". The Regulation does not define "severe clawback" but gives an example (20.2) where a clawback happens for no reasons.

The Regulation (20.3) also explicitly excludes from the definition of "severe clawback" the traditional European basis for such devices which all come under the general category of "preferences".

PCS further notes that the examples (20.2 and 20.3) refer to the insolvency law of a jurisdiction and therefore believes that clawback risk is to be assessed on a jurisdictional basis rather than on a transactional basis.

Finally, PCS does not believe and nor is there any evidence that the legislators or regulatory authorities are seeking to craft a higher standard than that which has been used for decades by the market and was the basis for the legislative text.

Based on the above considerations, PCS believes that transfers from jurisdictions meeting the following criteria – absent any other indications – shall not fall within the definition of "severe clawback":

- Clawback requires an unfair preference "defrauding" creditors
- Clawback puts the burden of proof on the insolvency officer or creditors – in other words it cannot be automatic nor require the purchaser to prove their innocence

Since "severe clawback" is a jurisdictional concept, in analysing this issue PCS will therefore first seek to determine the Originator's jurisdiction for the purposes of insolvency law. This would be its centre of main interest or "COMI".

The second step would be to determine whether the relevant COMI contains severe claw back provisions in its insolvency legislation. Although the determination of a COMI can be a technically fraught analysis of international conflicts of law, PCS notes that in the vast majority of securitisations there is no real issue as the COMI is self-evident.

In the case of the Transaction, title to the assets is transferred by means of an equitable assignment.

The legal opinion from Linklaters LLP confirms that the assignment meets the definition of "true sale" outlined above.

In the case of Aldermore Bank, a bank situated in the United Kingdom, the COMI is considered the United Kingdom.

United Kingdom insolvency law provides for clawback in the cases of preferences and transactions at an undervalue and require the insolvency officer to prove that case. Therefore, and as confirmed by the Opinions, the transfer is not, in our opinion, subject to "severe clawback".

**SECN 2.2.2R (2)** If the seller becomes insolvent, the transfer of the title to the SSPE must not be subject to severe clawback provisions.

**2.2.3R** For the purposes of SECN 2.2.2R(2), the following are severe clawback provisions:

(1) those allowing the seller's liquidator to invalidate the sale of the underlying exposures solely because it was concluded within a certain period before the declaration of the seller's insolvency;

(2) provisions where the SSPE can prevent the invalidation referred to in (1) only if it can prove it was unaware of the seller's insolvency at the time of sale.

Mortgage Sale Agreement

Title to the Mortgages, Registration and Notifications

The completion of the transfer of the Loans and Related Security (and where appropriate their registration) to the Issuer is, save in the limited circumstances referred to below, deferred. Legal title to the Loans and Related Security therefore remains with the Seller. Notice of the sale of the Loans and their Related Security to the Issuer will not be given to any Borrower until the occurrence of a Perfection Event.

The transfers to the Issuer will be completed as soon as reasonably practicable, and in any case, on or before the 20th Business Day after the earliest to occur of the following:

- (a) the Seller being required to perfect legal title to the Loans and their Related Security (i) by an order of a court of competent jurisdiction, (ii) by a regulatory authority which has jurisdiction over the Seller or (iii) by any organisation of which the Seller is a member, or whose members comprise, but are not necessarily limited to, mortgage lenders with whose instructions it is customary for the Seller to comply; or

(b) it becoming necessary by law to perfect legal title to the Loans and their Related Security; or

(c) the security under the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee, in jeopardy and the Security Trustee being required by the Note Trustee (on behalf of the Noteholders) so long as any Notes are outstanding or the other Secured Creditors if no Notes are then outstanding to take action to reduce that jeopardy (including due to the possible insolvency of the Seller); or

(d) the occurrence of a Seller Insolvency Event;

(e) the occurrence of a Severe Deterioration Event; or

(f) the Seller is in breach of its obligations under the Mortgage Sale Agreement, but only if such breach, where capable of remedy, is not remedied to the reasonable satisfaction of the Issuer and to the satisfaction of the Security Trustee within 90 calendar days,

provided that: each of sub-paragraphs (e) and (f) above shall be subject to such amendment as the Seller may require so long as the Seller delivers a certificate to the Issuer and the Security Trustee that the amendment of such event does not impact the designation as a "simple, transparent and standardised" securitisation (within the meaning of the UK Securitisation Framework) in respect of the Class A Notes (each of the events set out in sub-paragraphs (a) to (f) inclusive being a "Perfection Event").

"Severe Deterioration Event" means all or any part having an aggregate value in excess of 10 per cent. of the property, business, undertakings, assets or revenues of the Seller having been attached as a result of any distress, execution or diligence being levied or any encumbrancer taking possession or similar attachment and such attachment having not been lifted within 30 days.

A "Seller Insolvency Event" will occur in the following circumstances:

(a) an order is made or an effective resolution passed for the winding up of the Seller; or

(b) the Seller stops or threatens to stop payment to its creditors generally or the Seller ceases or threatens to cease to carry on its business or substantially the whole of its business; or

(c) an encumbrancer takes possession or a receiver, administrator, administrative receiver or other similar officer is appointed to the whole or any material part of the undertaking, property and assets of the Seller or a distress, diligence or execution is levied or enforced upon or sued out against the whole or any material part of the chattels or property of the Seller and, in the case of any of the foregoing events, is not discharged within 30 days; or

(d) the Seller is unable to pay its debts as they fall due; or

(e) the Seller takes steps with a view to obtaining a moratorium in respect of any of its indebtedness or a moratorium is declared in respect of any of its indebtedness; or

(f) the commencement of negotiations with one or more creditors of the Seller with a view to rescheduling any indebtedness of the Seller other than in connection with any refinancing in the ordinary course of business; or

(g) the making of an arrangement, composition, or compromise (whether by way of voluntary arrangement, scheme of arrangement or otherwise) with any creditor of the Seller, a reorganisation of the Seller, a conveyance to or assignment for the creditors of the Seller generally or the making of an application to a court of competent jurisdiction for protection from the creditors of the Seller generally other than in connection with any refinancing in the ordinary course of business; or

(h) any distress, execution, diligence, attachment or other process being levied or enforced or imposed upon or against the whole or any material part of the undertaking or assets of the Seller (excluding, in relation to the Issuer, by the Security Trustee or any Receiver) and, in the case of any of the foregoing events, is not discharged within 30 days; or

(i) any procedure or step is taken, or any event occurs, analogous to those set out in (a) - (h) above, in any jurisdiction.

Save in relation to Loans which are Dematerialised Loans, the title deeds and customer files relating to the Portfolio are currently held by or to the order of the Seller. The Seller will undertake that all the title deeds and customer files relating to the Portfolio which are at any time in its possession or under its control or held to its order will be held to the order of the Issuer or as the Issuer directs or following the occurrence of an Event of Default, to the order of the Security Trustee.

*Criterion 4 requires two steps:*

- *To determine whether the transfer of the assets is by means of an unperfected assignment; and*
- *If it is, whether the transaction contains the requisite triggers.*

*In the absence of any definition of “an assignment perfected at a later stage” in the Regulation or the EBA Guidelines and without additional views from the UK Financial Conduct Authority it is not possible to determine with finality whether an English equitable assignment is “unperfected” within the meaning of the Regulation – as distinguished from the meaning of the English rules of equity.*

*PCS believes there are good reasons why the Regulation’s term of “an assignment perfected at a later stage” does not encompass an English equitable assignment.*

*However, this is not a question that is required to be answered in the case of the Transaction since, even if equitable assignments are unperfected assignments as defined in the Regulation, the requirements of the criterion are met by the Transaction.*

*PCS has measured the trigger events against the EBA Guidelines.*

*20.5(a) No absolute definition of “severe deterioration” can be given, but clearly the Regulation is seeking to avoid requiring a “hair trigger” deterioration. In other words, an originator could provide a “hair trigger” deterioration if it wanted to. Therefore, the rule does not require an originator or investor to weigh carefully the severity of the trigger so long as it meets the requirements of the EBA Guidelines to be related to the seller’s credit standing, be observable and related to financial health.*

*The trigger provided in the Transaction meets these requirements. See (e).*

*20.5(b) The insolvency trigger is in the Transaction. See (d).*

*20.5(c) The Regulation refers to “unremedied breaches of contractual obligations by the seller, including the seller’s default”.*

*PCS notes that neither the Regulation nor the EBA Guidelines specify which contractual obligations are targeted. One can assume that this cannot possibly mean any seller contractual obligation since most financial institutions have millions of contractual obligations under tens of thousands of contracts. It is not conceivable that, in order to protect a securitisation, a transfer could be required resulting from a trivial breach of a totally unrelated contractual provision (e.g. to keep the walls painted on a leased property unconnected to the transaction).*

*PCS also notes that the Regulation clearly does not say “any breaches of contractual obligations”. Therefore, the Regulation must be aiming at an undefined sub-set of contractual obligations. In the absence of any indication in the Regulation or EBA Guidelines as to what this sub-set may be, PCS concludes, until clarification may be provided, that it is up to the originator to define which sub-set of obligations should trigger a possible perfection.*

*PCS does believe though that the Regulation must be interpreted in a purposive manner – as evidenced by the EBA Guidelines. Therefore, the sub-set of obligations selected by the originator cannot be capricious but should have some connection with the risks that would be run by investors if the seller should encounter a problem prior to perfection of the title.*

*The unremedied breach trigger is in the Transaction. See (f).*

On the Issue Date, the Loan Warranties (as defined below) will be given by the Seller in respect of the Loans and their Related Security sold by the Seller to the Issuer.

The Seller will represent and warrant to the Issuer and the Security Trustee in the Mortgage Sale Agreement on the terms of the Loan Warranties (as defined below) in each case subject to certain additional amendments and conditions as set out in the Mortgage Sale Agreement:

- (a) in respect of each Loan and its Related Security in the Portfolio, as at the Cut-Off Date;
- (b) in relation to any Additional Borrowing, as at the last day of the Monthly Period in which the relevant Advance Date occurred;
- (c) in relation to each Loan which is subject to a Product Transfer, as at the last day of the Monthly Period in which the relevant Transfer Date occurred; and
- (d) in relation to each Substitute Loan on the relevant Substitution Date; subject that:
  - (i) any references to the Portfolio Notice shall be deemed to mean the schedule to the Substitute Loan Notice; and
  - (ii) any references to the Cut-Off Date shall mean the last day of the Monthly Period immediately preceding the relevant Substitution Date.

Additional Borrowings and Product Transfers

Additional Borrowings:

Product Transfers:

Asset Conditions

In order for any Loan which has been the subject of an Additional Borrowing or Product Transfer to remain in the Portfolio, the conditions below (the "Asset Conditions") must be complied with as of the last day of the Monthly Period in which the relevant Transfer Date or Advance Date occurred. The Asset Conditions will be tested on the Monthly Test Date immediately following the Monthly Period in which such sale of the Additional Borrowing or Product Transfer took place.

The Asset Conditions are:

- (c) each Loan and its Related Security which is the subject of an Additional Borrowing and/or Product Transfer complies with the Loan Warranties at the end of the Monthly Period in which such Additional Borrowing and/or Product Transfer occurred;

*There is no revolving feature in the transaction. See, however, "Additional Borrowings", "Product Transfers" and "Substitute Loan" for the existence of possible future additional transfers of exposures.*

*This criterion is a future event criterion. In other words, it cannot be either met or failed at the outset of the transaction. But if, at a later stage, it is not met, then the Originator will need to inform ESMA and the STS status of the securitisation will be lost.*

*Therefore, as a technical matter, this criterion is not applicable at the closing of a transaction. However, PCS will nevertheless look to see if there is a covenant on the part of the originator to comply in the future with this requirement whilst noting at the same time that the absence of any such covenant – although possibly unsettling for some investors – would not invalidate the STS status of the transaction at closing.*

**SECN 2.2.9 R (1)** The securitisation must be backed by a pool of underlying exposures that are homogeneous in terms of asset type, considering the specific characteristics relating to the asset type's cash flows, including their contractual, credit-risk and prepayment characteristics.

**(2)** Further details specifying which underlying exposures are homogeneous for the purposes of (1) are set out at SECN 2.4.

**(3)** The underlying exposures must contain contractually binding and enforceable obligations, with full recourse to debtors and, where applicable, guarantors.

**(4)** The underlying exposures must have defined periodic payment streams (the instalments of which may differ in their amounts) relating to rental, principal, or interest payments, or to any other right to receive income from assets supporting such payments. The underlying exposures may also generate proceeds from the sale of any financed or leased assets.

**(5)** The underlying exposures must not include any transferable security, other than corporate bonds not listed on a trading venue.

Changes to the underwriting policies and the Lending Criteria

Any material changes from the Seller's prior underwriting policies and lending criteria shall be disclosed without undue delay to the extent required under the UK Securitisation Framework.

See Prospectus, *REGULATORY REQUIREMENTS*.

Any material change to the Seller's Policy after the date of this Prospectus which would affect the homogeneity (as determined in accordance with SECN 2.2.2R to 2.2.14R (as applicable)) of the Loans comprising the Portfolio or which would materially affect the overall credit risk or the expected average performance of the Portfolio will (to the extent such change affects the Loans included in the Portfolio) be disclosed (along with explanation of the rationale for such changes being made) to investors by the Seller without undue delay.

*Although somewhat confusingly drafted, the EBA Guidelines make clear that the part of the criterion referring to changes from prior underwriting is a future event criterion. It applies changes in underwriting criteria that occur post-closing. In other words, it cannot be either met or failed at the outset of the transaction. But if, at a later stage, it is not met, then the Originator will need to inform ESMA and the STS status of the securitisation will be lost.*

Therefore, as a technical matter, this criterion is not applicable at the closing of a transaction. However, PCS will nevertheless look to see if there is a covenant on the part of the originator to comply in the future with this requirement whilst noting at the same time that the absence of any such covenant – although possibly unsettling for some investors – would not invalidate the STS status of the transaction at closing.

Underwriting Process

The assessment of a prospective borrower's creditworthiness is conducted in accordance with the Seller's lending criteria and, where appropriate, meets the requirements set out in Article 8 of Directive 2008/48/EC or paragraphs 1 to 4, point (a) of paragraph 5, and paragraph 6 of Article 18 of Directive 2014/17/EU. In the UK the FCA has equivalent requirements, including under the Consumer Credit Sourcebook (CONC 5.2A) and MCOB 11.6.

*The criterion requires consumer loans or mortgages to have been underwritten in accordance with one of two European Directives. European Directives, in contrast to Regulations, do not have direct effect but must be implemented into national law country by country.*

*Therefore, if the assets concerned, as in the case of the Transaction, are residential mortgages, the relevant Directive is 2014/17/EU. The next step is to determine which UK law transcribed this Directive into local law.*

*PCS assumes, although the Regulation and the EBA Guidelines are silent on this point, that the requirement for mortgages and consumer loans to have been underwritten in compliance with the Directives only applies to assets underwritten after these Directives were transcribed into national law. This was done in the UK via the MCD Order issued in March 2016.*

**PRA: Article 6 Risk Retention**

1 The originator, sponsor or original lender of a securitisation shall retain on an ongoing basis a material net economic interest in the securitisation of not less than 5%. That interest shall be measured at the origination and shall be determined by the notional value for off-balance-sheet items.

Where the originator, sponsor or original lender have not agreed between them who will retain the material net economic interest, the originator shall retain the material net economic interest.

There shall be no multiple applications of the retention requirements for any given securitisation.

The material net economic interest shall not be split amongst different types of retainers and shall not be subject to any credit-risk mitigation or hedging.

For the purposes of this Article and Chapter 4, an entity shall not be considered to be an originator where the entity has been established or operates for the sole purpose of securitising exposures.

## Retention Undertaking

Aldermore will undertake to the Issuer that it will retain a material net economic interest of at least 5 per cent. in the securitisation (for the life of the transaction) in accordance with: (a) Article 6 of Chapter 2 of the PRA Securitisation Rules together with Chapter 4 of the PRA Securitisation Rules and SECN 5, together with any binding technical standards as amended, varied or substituted from time to time after the Issue Date (the "UK Retention Requirements"); and (b) Article 6 of the EU Securitisation Regulation (as required for the purposes of Article 5(1)(d) of the EU Securitisation Regulation) not taking into account any relevant national measures, as if it were applicable to it, but solely as such articles are interpreted and applied on the Issue Date (the "EU Retention Requirement"). To the extent that, after the Issue Date, there is any divergence between the UK Retention Requirements and the EU Retention Requirements, Aldermore shall undertake to continue to comply, on a best endeavours basis only, with such new requirements of the EU Retention Requirements (as if such provisions were applicable to it).

As at the Issue Date, such interest will be comprised of an interest in the first loss tranche, in this case the Class Z VFN, as described by the text of Article 6(3) of Chapter 2 of the PRA Securitisation Rules, SECN 5.2.8R and Article 6(3) of the EU Securitisation Regulation.

See Prospectus, *REGULATORY REQUIREMENTS*.

Aldermore, as originator, will retain a material net economic interest of not less than 5 per cent. of the nominal value of the securitised exposures in the securitisation described in this Prospectus in accordance with (a) Article 6 of Chapter 2 of the PRA Securitisation Rules together with Chapter 4 of the PRA Securitisation Rules and SECN 5 together with any binding technical standards as amended, varied or substituted from time to time after the Issue Date (the "UK Retention Requirements") and (b) Article 6 (as required for the purposes of Article 5(1)(d) of the EU Securitisation Regulation not taking into account any relevant national measures, as if it were applicable to it, but solely as such articles are interpreted and applied on the Issue Date (the "EU Retention Requirements"). Pursuant to the Deed of Charge, to the extent that, after the Issue Date, there is any divergence between the UK Retention Requirements and the EU Retention Requirements, Aldermore shall undertake to only continue to comply, on a best endeavours basis, with such EU Retention Requirements (as if such provisions were applicable to it).

This is confirmed by the EBA Guidelines which require the hedges to cover a "major share" of the risk from an "economic perspective". However, the definition of "appropriate" hedging or a "major share" of the risk will always contain an element of subjectivity and must be analysed on a case-by-case basis.</p> |   |

*The fact that the Regulation was crafted by the legislators to recognise existing high-quality European securitisations rather than raise the bar to a level not previously encountered, together with the common-sense approach of the EBA, leads to the conclusion that transactions considered adequately hedged by common investor and rating agency consensus should be held to meet this criterion.*

*This still requires an analysis of the matter. Since PCS is not a quantitative analysis provider or a credit rating agency, our verification is based on a second-hand analysis which focuses on:*

- A statement in the Prospectus or other document setting out the boundary conditions of the hedging. This should state in effect how far the hedging stretches and under what scenario's it will break. For example, if interbank rates rise above X%. This will provide a common-sense feel for whether, at first glance, the hedging is reasonable.*
- Risk Factors section of the prospectus to check that no statements refer to the risks of "unhedged positions". This is based on the legal requirement to disclose any relevant information to investors. If the originator or its advisers believed that the hedging in a transaction was unusually light, this should be disclosed in the Risk Section.*
- The "pre-sale" report from a recognised credit rating agency (if used) so as to identify any issues with hedging. Again, rating agencies as credit specialists should highlight in their analysis any substantial and unusual hedging risks.*

*In the case of the Transaction, payments from the mortgage loans include fixed rate payments, while the notes are floating rate (SONIA linked). An interest rate swap is used in the Transaction to mitigate fixed-to-floating interest rate risk. Information provided in the transaction documents indicate that interest rate risk has been appropriately mitigated.*

Mortgage Sale Agreement

Interest Rates payable under the Loans

Each Loan in the Portfolio is either a Variable Rate Loan (including a Loan on which a margin either above or below the AMR is applied) or a Fixed Rate Loan.

See Prospectus, *THE LOANS*.

Characteristics of the Loans

(2) Interest payments and interest rate setting

The Seller has responded to the competitive mortgage market by developing a range of products that are used to attract new borrowers and retain existing customers. Interest on the Loans is charged on one of the following bases and the Seller is able to combine these to suit the requirements of the Borrower:

- Variable Rate Loans are those loans which are subject to a rate of interest which may at any time be varied in accordance with the relevant Mortgage Conditions (such rate being the relevant "Variable Rate"). Variable Rate Loans originated by the Seller are marketed by the Seller as bearing interest in accordance with the Seller Aldermore Managed Rate ("AMR") which is the Seller's discretionary standard variable rate and which may be varied by the Seller in accordance with the reasons set out in the relevant Mortgage Conditions. The AMR was set at 9.28 per cent. on 1 January 2025. Loans may be subject to an interest margin above or below the AMR.
- Fixed Rate Loans are loans which are subject to a fixed rate of interest for a specified period of time, usually for 2, 3 or 5 years.

**SECN 2.2.18R** If an enforcement or an acceleration notice has been delivered:

- (1) no cash may be trapped in the SSPE above what is needed to ensure the SSPE's operational functioning or the orderly repayment of investors under the securitisation's contractual terms. However, an amount of cash may be so trapped if exceptional circumstances require it to be used (in the investors' best interests) to pay expenses to prevent deterioration in the underlying exposures' credit quality;
- (2) principal receipts from the underlying exposures must be passed to investors via sequential amortisation of the securitisation positions, as determined by the securitisation positions' seniority;
- (3) repayment of the securitisation positions must not be reversed with regard to their seniority; and
- (4) no provisions may require automatic liquidation of the underlying exposures at market value.

Provision of Information to the Noteholders

The Cash Manager on behalf of the Issuer will publish the Investor Reports detailing, *inter alia*, certain aggregated loan data in relation to the Portfolio. The first Investor Report will be delivered by no later than the [●] Business Day of [●] 2025 and thereafter such Investor Reports shall be delivered (i) (in the case of the Monthly Investor Reports) monthly (other than in any calendar month where a Quarterly Investor Report is required to be delivered); and (ii) (in the case of the Quarterly Investor Reports) on the relevant Interest Payment Date or shortly thereafter (and at the latest one month after the relevant Interest Payment Date), subject to having received the required information from the Servicer. Such Investor Reports will be published on the Aldermore website at [www.aldermore.co.uk](http://www.aldermore.co.uk). The website and the contents thereof do not form part of this Prospectus. Aldermore will also procure that the Quarterly Investor Report is published on the website of (i) European DataWarehouse (UK portal) at <https://editor.eurodw.uk>, being a securitisation repository registered the UK Securitisation Framework (the "UK SR Repository") for the purposes of the UK Transparency Rules and (ii) European DataWarehouse (European portal) at <https://editor.eurodw.eu>, being a securitisation repository registered under Article 10 of the EU Securitisation Regulation (as at the Issue Date) for the purposes of the EU Reporting Requirements (the "EU SR Repository"). In addition, for so long as the Notes are outstanding, loan level information will be provided on a quarterly basis. The loan level information will be published on the UK SR Repository in connection with UK Transparency Rules and the EU SR Repository in connection with the EU Reporting Requirements, respectively.

See Prospectus, *REGULATORY REQUIREMENTS*.

Designation

For the purposes of Article 7(2) of Chapter 2 of the PRA Securitisation Rules and the related PRA Transparency Rules and SECN 6.3.1R(1) and the related FCA Transparency Rules, Aldermore (as originator) has been designated as the entity responsible for compliance with the UK Transparency Rules. Aldermore has also contractually undertaken to provide (or to procure the provision of) certain information and reports as required pursuant to the EU Reporting Requirements as such requirements exist solely on the Issue Date (as if such requirements were applicable to it). To the extent that, after the Issue Date, there is any divergence between the requirements of SECN 6 and the related FCA Transparency Rules and Article 7 of Chapter 2 of the PRA and the related PRA Transparency Rules and Article 7 of the EU Securitisation Regulation, Aldermore has undertaken to only continue to comply, on a best endeavours basis, with such new requirements of Article 7 of the EU Securitisation Regulation (as if such provisions were applicable to it). Aldermore will either fulfil such UK Transparency Rules and EU Reporting Requirements as described above itself or shall procure that such requirements are complied with on its behalf, provided that Aldermore will not be in breach of such undertakings if it fails to so comply due to events, actions or circumstances beyond its control after having used best endeavours to comply with the relevant requirements applicable to it under the UK Securitisation Framework and the EU Securitisation Regulation. For the purposes of SECN 2.2.25R to 2.2.29R (as applicable), Aldermore and the Issuer are responsible for compliance with Article 7 of Chapter 2 of the PRA Securitisation Rules and the related PRA Transparency Rules and SECN 6.3.1R(2) and the related FCA Transparency Rules.

See Prospectus, *REGULATORY REQUIREMENTS*.
