This is the Provisional STS Term Verification Checklist for STS Term Verifications.

This Provisional STS Term Verification Checklist must be read together with the PCS Procedures Manual and the PCS Term Evidentiary Standards Manual. This document is based upon the draft materials received by PCS as at the date of this document. Any references in this document are to the prospectus unless otherwise stated.

This Provisional STS Term Verification Checklist is not the final STS Term Verification and is based on the draft documents and information provided to PCS by or on behalf of the originator as of the date of this assessment.

PCS comments in this Provisional STS Term Verification Checklist are based on PCS' interpretation of the STS Regulation (the "Regulation") informed by (a) the text of the Regulation itself, (b) the EBA guidelines and recommendations issued in accordance with Article 19(2) of the Regulation (the "EBA Guidelines") and (c) any relevant national competent authorities interpretation of the STS criteria to the extent known to PCS.

It is anticipated at the date of this Provisional STS Term Verification Checklist a Final STS Term Master Checklist for STS Term Verification will be made available at or around closing of the transaction. However, such Final STS Term Verification Checklist for STS Term Verifications will be based upon the final materials received by PCS and will only be made available on a fully ticked basis if no material adverse changes have been made to the transaction or the relevant material which, upon becoming known to PCS, would not adversely change our analysis. Therefore, no guarantees can be provided that such Final STS Term Master Checklist for STS Term Verification will be made available on a fully ticked basis.

It is important that the reader of this checklist reviews and understands the disclaimer referred to on the following page. Note that all comments on the disclaimer relate to both the Provisional STS Term Verification Checklist for STS Term Verifications and the Final STS Term Verification Checklist for STS Term Verifications.

STS Disclaimer

Neither an STS Verification, nor a CRR Assessment, nor an LCR Assessment is a recommendation to buy, sell or hold securities. None are investment advice whether generally or as defined under Markets in Financial Instruments Directive (2004/39/EC) and none are a credit rating whether generally or as defined under the Credit Rating Agency Regulation (1060/2009/EC).

PCS EU and PCS UK are authorised respectively by the French Autorité des Marchés Financiers and by the United Kingdom Financial Conduct Authority as third parties verifying STS compliance pursuant to article 28 of Regulation (EU) 2017/2402 (the “**STS Regulation**”).

Currently, none of the activities involved in providing an CRR and LCR Assessment are endorsed or regulated by any regulatory and/or supervisory authority nor are the PCS Association or PCS EU regulated by any regulator and/or supervisory authority including the Belgian Financial Services and Markets Authority, the United Kingdom Financial Conduct Authority, the French Autorité des Marchés Financiers or the European Securities and Markets Authority.

By assessing the STS status and compliance with the CRR and LCR provisions of any securities or financing, neither the PCS Association nor PCS UK nor PCS EU express any views about the creditworthiness of these securities or financings or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities or financings. Equally, by completing (either positively or negatively) any CRR, LCR or STS status assessment of certain instruments, no statement of any kind is made as to the value or price of these instruments or the appropriateness of the interest rate they carry (if any).

In the provision of any of its assessments, PCS has based its decision on information provided directly and indirectly by the originator or sponsor of the relevant securitisation. Specifically, it has relied on statements made in the relevant prospectus or deal sheet, documentation and/or in certificates provided by, or on behalf of, the originator or sponsor in accordance with PCS’ published procedures for the relevant PCS verification or assessment. You should make yourself familiar with these procedures to understand fully how any PCS service is completed. These can be found at <https://pcsmarket.org/> (the “**PCS Website**”). Neither the PCS Association nor PCS UK nor PCS EU undertake their own direct verification of the underlying facts stated in the prospectus, deal sheet, documentation or certificates for the relevant instruments and the completion of any of its assessments or checklists is not a confirmation or implication that the information provided to it by or on behalf of the originator or sponsor is accurate or complete.

Article 20.1. The title to the underlying exposures shall be acquired by the SSPE by means of a true sale or assignment or transfer with the same legal effect in a manner that is enforceable against the seller or any other third party. The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller's insolvency.

Auto Portfolio Purchase Agreement

Upon payment of (i) the Initial Aggregate Purchase Price for the Initial Portfolio, and (ii) any Further Purchase Price for any Further Purchased HP Contract, the Purchaser will acquire unrestricted title to any and all the Purchased HP Contracts (including legal title to the Financed Vehicles) as from the relevant Purchase Cut-Off Date (other than any Instalments which have become due prior to or on such Purchase Cut-Off Date) in accordance with the Auto Portfolio Purchase Agreement. As a result, the Purchaser will have obtained the full economic ownership in the Portfolio, including principal and interest, and is free to transfer or otherwise dispose of the Portfolio, subject only to the contractual restrictions applying to the Purchased HP Contracts and all applicable laws.

The sale and assignment of the HP Contracts pursuant to the Auto Portfolio Purchase Agreement constitutes a sale without recourse. This means that the Seller will not bear the risk of the inability or unwillingness of any Debtors to pay the relevant Purchased HP Contracts.

The sale and assignment will be perfected (fi: "julkivarmistus") by notifying the Debtors of such sale and directing the Debtors to make payments to the Purchaser or to its order. Since the Financed Vehicles are in the possession of the Debtors, the transfer of the title to the Financed Vehicles will also be perfected by notifying the Debtors of the sale (lat: "traditio longa manu"). Under the Auto Portfolio Purchase Agreement, the Seller agrees to deliver such notices by mailing them on or about the relevant Purchase Date and, within seven (7) days from the transfer of the relevant Purchased HP Contract to the Purchaser, to give instructions (or engage a third party services provider to give instructions) to the Finnish Transport and Communications Agency to register the Purchaser as the owner of each Financed Vehicle in the Vehicle Register.

"True sale" is not a legal concept but a rating agency creation.

The essence of a "true sale" is that the property in the securitised assets has legally moved from the originator/seller to the SSPE in such a way that the SSPE's ownership will be recognised as a matter of law, including and especially in the case of the insolvency of the originator/seller. In a "true sale" the insolvency officer and creditors of the insolvent originator/seller are not able to satisfy the claims of the originator/seller's creditor out of the proceeds of the securitised assets. Following a "true sale" there is no legal device by which the assets can automatically revert to the originator/seller's ownership. Such automatic reversion is associated with security interests and anathema to a "true sale".

This is clearly stated in the wording of the Regulation (20.1). The expression "transfer to the same effect" indicates that, as long as the conditions in the preceding paragraph are met, the Regulation does not seek to limit the type of legal devices which can be used to effect such transfer of title.

The issue of "true sale" is separate from the issue of "clawback". "Clawback" refers to legal processes through which, in the insolvency of the seller of an asset, an insolvency officer is entitled to reverse the sale – even in cases where a "true sale" has taken place.

All European jurisdictions, to PCS' knowledge, have rules allowing for clawbacks. Clawbacks are usually rules to avoid a company heading towards insolvency from "defrauding" its existing creditors either by selling assets at very low prices (to friends and relations) or unfairly preferring certain creditors over others.

The Regulation (20.1) therefore does not require STS “true sales” to be clawback proof since this would mean that no European securitisation could ever be STS. It does require the sale not to be subject to “severe clawback”. The Regulation does not define “severe clawback” but gives an example (20.2) where a clawback happens for no reasons. The Regulation (20.3) also explicitly excludes from the definition of “severe clawback” the traditional European basis for such devices which all come under the general category of “preferences”.

PCS further notes that the examples (20.2 and 20.3) refer to the insolvency law of a jurisdiction and therefore believes that clawback risk is to be assessed on a jurisdictional basis rather than on a transactional basis. Finally, PCS does not believe and nor is there any evidence that the legislators or regulatory authorities are seeking to craft a higher standard than that which has been used for decades by the market and was the basis for the legislative text.

Based on the above considerations, PCS believes that transfers from jurisdictions meeting the following criteria – absent any other indications – shall not fall within the definition of “severe clawback”:

- Clawback requires an unfair preference “defrauding” creditors;
- Clawback puts the burden of proof on the insolvency officer or creditors – in other words it cannot be automatic nor require the purchaser to prove their innocence.

Since “severe clawback” is a jurisdictional concept, in analysing this issue PCS will therefore first seek to determine the Originator’s jurisdiction for the purposes of insolvency law. This would be its centre of main interest or “COMI”.

The second step would be to determine whether the relevant COMI contains severe claw back provisions in its insolvency legislation. Although the determination of a COMI can be a technically fraught analysis of international conflicts of law, PCS notes that in the vast majority of securitisations there is no real issue as the COMI is self-evident.

In the case of the Transaction, full economic ownership of the assets is transferred, by sale and assignment, with legal perfection by virtue of a notification.

The legal opinion from Waselius confirms that the sale of the Purchased HP Contracts (including title to the Financed Vehicles) constitutes a transfer of assets that meets the definition of “true sale” outlined above.

In the case of the seller, SCY Oy, whose main business is in Finland, the COMI is considered Finland.

Article 20.1 [...] The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller’s insolvency.

Article 20.2 For the purpose of paragraph 1, any of the following shall constitute severe clawback provisions:

(a) provisions which allow the liquidator of the seller to invalidate the sale of the underlying exposures solely on the basis that it was concluded within a certain period before the declaration of the seller’s insolvency;

(b) provisions where the SSPE can only prevent the invalidation referred to in point (a) if it can prove that it was not aware of the insolvency of the seller at the time of sale..

Article 20.3. For the purpose of paragraph 1, clawback provisions in national insolvency laws that allow the liquidator or a court to invalidate the sale of underlying exposures in case of fraudulent transfers, unfair prejudice to creditors or of transfers intended to improperly favour particular creditors over others, shall not constitute severe clawback provisions.

10 Representations and Warranties

10.1 Seller's general representations and warranties

(n) Centre of main interests: it has its "centre of main interests" (as that terms is used in Article 3(1) of the Recast EUIR) in Finland;

See Prospectus, *LEGAL MATTERS – FINLAND*.

Absence of severe claw-back provisions

Once the sale and transfer of the Purchased HP Contracts has been perfected by virtue of serving a notice of transfer each of the Debtors on or about the relevant Purchase Date, the sale of the Purchased HP Contracts is not subject to severe clawback provisions within the meaning of Article 20(2) of the EU Securitisation Regulation.

The legal opinion confirms that the sale of the Purchased HP Contracts will not be subject to severe clawback provisions within the meaning of Article 20(2) of Regulation (EU) 2017/2402.

Article 20.4. Where the seller is not the original lender, the true sale or assignment or transfer with the same legal effect of the underlying exposures to the seller, whether that true sale or assignment or transfer with the same legal effect is direct or through one or more intermediate steps, shall meet the requirements set out in paragraphs 1 to 3.

10 Representations and Warranties

10.2 Seller's representations and warranties on the Purchased HP Contracts

(a) Origination: each Purchased HP Contract was originated in the ordinary course of the Seller's business and pursuant to underwriting standards that are no less stringent than those applied by the Seller at the time of origination to similar contracts that will not be securitised;

See Prospectus, *ELIGIBILITY CRITERIA*.

As of the relevant Purchase Cut-Off Date, the following criteria (the "Eligibility Criteria") must have been satisfied by an HP Contract in order for it to be eligible for acquisition by the Purchaser pursuant to the Auto Portfolio Purchase Agreement.

1. The HP Contract:

(a) was originated in the ordinary course of business of the Seller in accordance with the Credit and Collection Policy with full recourse to the relevant Debtor;

See Prospectus, *CERTAIN DEFINITIONS*.

"Seller" means Santander Consumer Finance Oy (or any transferee of, or successor to, all or substantially all of its automotive finance business).
 "Originator" means Santander Consumer Finance Oy.

Article 20.5. Where the transfer of the underlying exposures is performed by means of an assignment and perfected at a later stage than at the closing of the transaction, the triggers to affect such perfection shall, at least include the following events:

- (a) severe deterioration in the seller credit quality standing;
- (b) insolvency of the seller; and
- (c) unremedied breaches of contractual obligations by the seller, including the seller's default.

4

Cash collection arrangements

Prior to the relevant Purchase Date, the Debtors make payments on HP Contracts into one or more Seller Collections Accounts. On or about the relevant Purchase Date, the Seller will notify Debtors of the transfer of the relevant HP Contracts to the Purchaser and the pledge granted in respect of the relevant Purchased HP Contracts pursuant to the Purchaser Finnish Security Agreement. Such pledge will be legally perfected by virtue of such notification and directing the Debtors to make payments under the Purchased HP Contracts to the Issuer Collections Account.

See Prospectus, *RISK FACTORS*.

Considerations relating to the legal structure

Failure to perfect the sale and assignment of the Purchased HP Contracts or the security over the Portfolio may prevent the Purchaser or the Purchaser Secured Parties from enforcing its or their rights in respect of the Purchased HP Contracts or the security over the Portfolio

In order to make the sale of the Purchased HP Contracts and the pledge of the Purchaser's right, title and interest in the Purchased HP Contracts in favour of the Purchaser Secured Parties effective in relation to third parties, notifications of such sale and subsequent pledge must be sent to the Debtors and the holders of the Financed Vehicles with an instruction to make the payments under the Purchased HP Contracts directly to the Issuer Collections Account. Further, the Finnish Transport and Communications Agency must be notified of the transfer of title to the Financed Vehicles. Such notifications will be posted to Debtors and the holders of the Financed Vehicles on or about the relevant Purchase Date and to the Finnish Transport and Communications Agency on or prior to the date falling seven (7) calendar days after the relevant Purchase Date.

[...]

On or about the relevant Purchase Date, the Seller will notify the Debtors of the transfer of the Purchased HP Contracts to the Purchaser and will direct the Debtors to make payments under the Purchased HP Contracts to the Issuer Collections Account.

See Prospectus, *LEGAL MATTERS – FINLAND*.

Transfer of HP Contracts to the Purchaser

Under Finnish law and the terms and conditions of the Purchased HP Contracts, the Purchased HP Contracts may be freely transferred by way of ownership or security. A notification to each of the Debtors is, however, required in order to perfect the transfer of the Purchased HP Contracts and for such transfer to be effective against the Seller's creditors and other third parties, including bankruptcy creditors. After the delivery of the notice, the Debtors may no longer settle their debt by payment to the Seller and subsequently claim protection of payment against the Purchaser.

Pursuant to the Auto Portfolio Purchase Agreement, the Seller has undertaken to procure that, when completed in accordance with the Auto Portfolio Purchase Agreement, the sale and transfer of the Purchased HP Contracts obtains legal perfection by virtue of a notification to be mailed to each of the Debtors on or about the relevant Purchase Date.

Not applicable as the transfer is perfected at time of purchase via notification of Debtors at time of purchase.

Article 20.6. The seller shall provide representations and warranties that, to the best of its knowledge, the underlying exposures included in the securitisation are not encumbered or otherwise in a condition that can be foreseen to adversely affect the enforceability of the true sale or assignment or transfer with the same legal effect.

As of the relevant Purchase Cut-Off Date, the following criteria (the "Eligibility Criteria") must have been satisfied by an HP Contract in order for it to be eligible for acquisition by the Purchaser pursuant to the Auto Portfolio Purchase Agreement.

11. Until the sale of such HP Contract by the Seller to the Purchaser on the relevant Purchase Date, such HP Contract is owned by the Seller free of any Adverse Claims, the Seller is entitled to dispose of such HP Contract free of any rights of any third party (other than any rights to consent where the required consent has been obtained) and such HP Contract has not been transferred to any third party.

12. Upon payment of the purchase price for the HP Contract, and the notification of the relevant Debtor, as contemplated in the Auto Portfolio Purchase Agreement, the HP Contract will have been validly transferred to the Purchaser and the Purchaser will acquire such HP Contract title unencumbered by any counterclaim, set-off right, other objection or Adverse Claim.

This criterion is a future event criterion. In other words, it cannot be either met or failed at the outset of the transaction. But if, at a later stage, it is not met, then the Originator will need to inform ESMA and the STS status of the securitisation will be lost. Under the Auto Portfolio Purchase Agreement, the Seller has represented and warranted as follows.

35. As at the relevant Purchase Date, the Portfolio does not, include HP Contracts qualified as exposures in default within the meaning of Article 178, paragraph 1, of Regulation (EU) no. 575/2013 or as exposures to a credit-impaired obligor, who, to the best of the Seller's knowledge:

- (a) has been declared insolvent or had a court grant his creditors a final non-appealable right of enforcement or material damages as a result of a missed payment within 3 (three) years prior to the date of origination or has undergone a debt-restructuring process with regard to his non-performing exposures; or
- (b) was, at the time of origination, where applicable, on a public credit registry of persons with adverse credit history; or
- (c) has a credit assessment or a credit score indicating that the risk of contractually agreed payments not being made is significantly higher than the ones of comparable exposures held by the Seller which have not been assigned under the Securitisation,

in each case pursuant to Article 20(11) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria.

See Prospectus, *OUTLINE OF THE OTHER PRINCIPAL TRANSACTION DOCUMENTS*.

Under the Auto Portfolio Purchase Agreement, the Seller has made, inter alia, the following representations and warranties (each an "Asset Seller Asset Warranty" and together the "Seller Asset Warranties") to the Purchaser (i) at the Initial Purchase Date with respect to each Initial Purchased HP Contract, and (ii) at the relevant Further Purchase Date with respect to each Further Purchased HP Contract:

(n) No Default:

- (i) Neither the Seller nor (as far as the Seller is aware) any agent appointed by the Seller in relation to the servicing of the Purchased HP Contracts has received written notice of, or has become aware of, a material default, breach or violation under any Purchased HP Contract (including a default within the meaning of Article 178(1) of Regulation (EU) 575/2013) which has not been remedied or any event which, with the giving of notice and/or the making of any determination and/or the expiration of any applicable grace period, would constitute such a default, breach or violation (except for a default, breach or violation consisting of a Purchased HP Contract being no more than one Instalment in arrears), provided that any default, breach or violation shall be material only if it affects the amount or Collectability of the relevant Purchased HP Contract or it would be such as would cause the relevant Purchased HP Contract not to comply with the Eligibility Criteria.
- (ii) No Purchased HP Contract qualifies as an exposure to a credit-impaired Debtor who, to the best of the Seller's knowledge:
 - (A) has been declared insolvent or had a court grant his creditors a final non-appealable right of enforcement or material damages as a result of a missed payment within 3 (three) years prior to the date of origination or has undergone a debt-restructuring process with regard to his non-performing exposures
 - (B) was, at the time of the origination, where applicable, on a public credit registry of persons with adverse credit history or, where there is no such public credit registry, another credit registry that is available to the Seller; or
 - (C) has a credit assessment or a credit score indicating that the risk of contractually agreed payments not being made is significantly higher than the ones of comparable contracts held by the Seller which are not Purchased HP Contracts.

MISCELLANEOUS		
Hedge Agreement		
Prior to the Signing Date, Santander Consumer Finance Oy will enter into an interest rate swap transaction in respect of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes with the Hedge Counterparty (the "Hedge Transaction").		
In order to mitigate against potential market volatility, prior to the Signing Date, the Seller and the Hedge Counterparty entered into a swap confirmation to fix the pricing for the Hedge Transaction (the "Pre-Hedge Transaction"). On or around the Signing Date, the Issuer will enter into a novation agreement (the "Novation Agreement") pursuant to which it assumes the rights and obligations of Santander Consumer Finance Oy under the Pre-Hedge Transaction (thereafter, the "Hedge Transaction").		
In the event that the mark-to-market value of the Pre-Hedge Transaction on the date of the Novation Agreement is positive from the Seller's perspective, upon entering into the Novation Agreement the Issuer shall pay to the Seller an amount equal to such positive mark-to-market adjustment. If, however, the mark-to-market value of the Pre-Hedge Transaction on the date of the Novation Agreement is negative, Santander Consumer Finance Oy and the Hedge Counterparty will restrike the value of the Hedge Transaction to zero.		
Pursuant to the Hedge Transaction:		
(a) the Issuer will pay to the Hedge Counterparty each Payment Date the Issuer Hedge Interest, being a fixed rate of [2.785] per cent. applied to the Hedge Notional Amount; and		
(b) the Hedge Counterparty will pay to the Issuer on each Payment Date a floating rate equal to EURIBOR as determined by the calculation agent under the Hedge Transaction in respect of the Interest Period immediately preceding such Payment Date (subject to a floor of zero), applied to the Hedge Notional Amount;		
and, in each case, multiplied by the actual number of days in the applicable Calculation Period in respect of which payment is being made divided by 360.		
See Prospectus, RISK FACTORS.		
Interest Rate Risk		
Payments made to the Seller by any Debtor under a HP Contract comprise monthly amounts calculated with respect to a fixed interest rate which may be different from EURIBOR (and therefore payments made by the Purchaser to the Issuer under the Loan Agreement will reflect these fixed interest rate receipts). However, payments of interest on the Notes are calculated with respect to EURIBOR plus the applicable margin (subject to a floor of zero).		
To ensure that the Issuer will not be exposed to any material interest rate discrepancy, the Issuer and the Hedge Counterparty will enter into the Hedge Agreement in respect of the Notes (the "Hedge Transaction"). Under the Hedge Transaction, on each Payment Date (A) the Issuer will make payments to the Hedge Counterparty based on a fixed rate of 2.785 per cent. per annum, applied to the Hedge Notional Amount and (B) the Hedge Counterparty will pay to the Issuer an amount calculated on the basis of the product of (i) EURIBOR and (ii) the Hedge Notional Amount on the Determination Date (as defined in the Hedge Agreement) falling immediately prior to the relevant Calculation Period (as defined in the Hedge Agreement) and, in each case, multiplied by the actual number of days in the applicable Calculation Period in respect of which payment is being made divided by 360.

Hedge Agreement

Clearly and explicitly, "appropriate" hedging does not require "perfect" hedging. This is confirmed by the EBA Guidelines which require the hedges to cover a "major share" of the risk from an "economic perspective". However, the definition of "appropriate" hedging or a "major share" of the risk will always contain an element of subjectivity and must be analysed on a case-by-case basis.

The fact that the Regulation was crafted by the legislators to recognise existing high-quality European securitisations rather than raise the bar to a level not previously encountered, together with the common-sense approach of the EBA, leads to the conclusion that transactions considered adequately hedged by common investor and rating agency consensus should be held to meet this criterion.

This still requires an analysis of the matter. Since PCS is not a quantitative analysis provider or a credit rating agency, our verification is based on a second-hand analysis which focuses on:

- A statement in the Prospectus or other document setting out the boundary conditions of the hedging. This should state in effect how far the hedging stretches and under what scenario's it will break. For example, if interbank rates rise above X%. This will provide a common-sense feel for whether, at first glance, the hedging is reasonable.*
- Risk Factors section of the prospectus to check that no statements refer to the risks of "unhedged positions". This is based on the legal requirement to disclose any relevant information to investors. If the originator or its advisers believed that the hedging in a transaction was unusually light, this should be disclosed in the Risk Section.*
- The "pre-sale" report from a recognised credit rating agency (if used) so as to identify any issues with hedging. Again, rating agencies as credit specialists should highlight in their analysis any substantial and unusual hedging risks.*

Sequential Payment Trigger Event

Shall occur on the earlier of:

- (a) the Payment Date on which the Cumulative Net Loss Ratio on each of that Payment Date and the two immediately preceding Payment Dates is greater than 1.70 per cent; or
- (b) the Payment Date on which the sum of:
 - (i) the Aggregate Outstanding Asset Principal Amount; and
 - (ii) the Outstanding Principal Amounts of all Purchased HP Contracts that are Defaulted HP Contracts as at the date that such Purchased HP Contract became a Defaulted HP Contract minus any realised Principal Recoveries already received by the Purchaser in connection with such Defaulted HP Contracts, is lower than 10.00 per cent. of the Outstanding Principal Amounts of the Purchased HP Contracts on the Note Issuance Date,
- (c) the occurrence of a Servicer Termination Event occurs; or
- (d) the occurrence of a Hedge Counterparty Downgrade Event occurs and none of the remedies provided for in the Hedge Agreement are put in place within the timeframe required thereunder;
- (e) the Delinquency Ratio Rolling Average, as at the immediately preceding Collection Period, is equal to, or higher than, 5.00 per cent; or
- (f) the Payment Date on which the Principal Deficiency Ledger has a debit balance in an amount equal to or higher than EUR [•] (for the avoidance of doubt, after the application of the Issuer Pre-Enforcement Revenue Priority of Payments).

The first step in analysing this criterion is to determine whether the transaction features non-sequential priorities of payment.

The Transaction does have such non-sequential priorities.

If the Transaction does, then does it contain appropriate triggers?

The EBA Guidelines provide three examples of triggers that meet the requirement of "deterioration of the credit quality of the underlying exposures below a pre-determined threshold". Where a trigger is one of the EBA examples, then the criterion is met. If not, then an analysis must be conducted to determine whether the trigger does meet the definition of the Regulation.

The Transaction does have appropriate triggers.

- (c) the value of the underlying exposures held by the SSPE falls below a pre-determined threshold (early amortisation event);
