This is the Provisional STS Term Verification Checklist (UK Version) for STS Term Verifications.

This Provisional STS Term Verification Checklist must be read together with the PCS Procedures Manual and the PCS Term Evidentiary Standards Manual. This document is based upon the draft materials received by PCS as at the date of this document. Any page references in this document are to the prospectus unless otherwise stated.

This Provisional STS Term Verification Checklist is not the final STS Term Verification and is based on the draft documents and information provided to PCS by or on behalf of the originator as of the date of this assessment.

PCS comments in this Provisional STS Term Verification Checklist are based on PCS' interpretation of the STS Regulation EU 20 17/2402 of the European Union as amended and incorporated into United Kingdom law by the Securitisation (Amendment) (EU Exit) Regulations 2019 (the "Regulation") informed by (a) the text of the Regulation itself, (b) following the joint guidance of the Bank of England and the PRA of April, 2019, the EBA guidelines and recommendations issued in accordance with Article 19(2) of the Regulation (the "EBA Guidelines") to the extent that they remain relevant following Brexit and where published prior to 1st January 2020 and (c) any relevant interpretation of the STS criteria by the Financial Conduct Authority to the extent known to PCS.

It is anticipated at the date of this Provisional STS Term Verification Checklist a Final STS Term Verification Checklist for STS Term Verification will be made available at or around closing of the transaction. However, such Final STS Term Verification Checklist for STS Term Verifications will be based upon the final materials received by PCS and will only be made available on a fully ticked basis if no material adverse changes have been made to the transaction or the relevant material which, upon becoming known to PCS, would not adversely change our analysis. Therefore, no guarantees can be provided that such Final STS Term Verification Checklist for STS Term Verification will be made available on a fully ticked basis.

It is important that the reader of this checklist reviews and understands the disclaimer referred to on the following page. Note that all comments on the disclaimer relate to both Provisional STS Term Checklist for STS Term Verifications and the Final STS Term Checklist for ST S Term Verifications.

STS Disclaimer

Neither an STS Verification, nor a CRR Assessment, nor an LCR Assessment is a recommendation to buy, sell or hold securities. None are investment advice whether generally or as defined under Markets in Financial Instruments Directive (2004/39/EC) and none are a credit rating whether generally or as defined under the Credit Rating Agency Regulation (1060/2009/EC) or any post-Brexit successor legislation in the United Kingdom.

PCS EU and PCS UK are authorised respectively by the French Autorité des Marchés Financiers and by the United Kingdom Financial Conduct Authority as third-party verification agents pursuant to article 28 of Regulation (EU) 2017/2402 (the “**STS Regulation**”) and The Securitisation (Amendment) (EU Exit) Regulations 2019.

Currently, none of the activities involved in providing an CRR Assessment are endorsed or regulated by any regulatory and/or supervisory authority nor are the PCS Association or PCS EU regulated by any regulator and/or supervisory authority including the Belgian Financial Services and Markets Authority, the United Kingdom Financial Conduct Authority, the French Autorité des Marchés Financiers or the European Securities and Markets Authority.

By assessing the CRR status of any securities or financing, neither the PCS Association nor PCS UK nor PCS EU express any views about the creditworthiness of these securities or financings or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities or financings.

Equally, by completing (either positively or negatively) any CRR status assessment of certain instruments, no statement of any kind is made as to the value or price of these instruments or the appropriateness of the interest rate they carry (if any).

In the provision of any CRR Assessment, PCS has based its decision on information provided directly and indirectly by the originator or sponsor of the relevant securitisation. Specifically, it has relied on statements made in the relevant prospectus or deal sheet, documentation and/or in certificates provided by, or on behalf of, the originator or sponsor in accordance with PCS’ published procedures for the relevant PCS verification or assessment. You should make yourself familiar with these procedures to understand fully how any PCS service is completed. These can be found at <https://pcsmarket.org/> (the “**PCS Website**”). Neither the PCS Association nor PCS UK nor PCS EU undertake their own direct verification of the underlying facts stated in the prospectus, deal sheet, documentation or certificates for the relevant instruments and the completion of any CRR Assessment is not a confirmation or implication that the information provided to it by or on behalf of the originator or sponsor is accurate or complete.

The PCS entities take reasonable measures to ensure the quality and accuracy of the information on www.pcsmarket.org. Article 20.1. The title to the underlying exposures shall be acquired by the SSPE by means of a true sale or assignment or transfer with the same legal effect in a manner that is enforceable against the seller or any other third party. The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller's insolvency.

1	<p>STS Criteria</p> <p>1. The title to the underlying exposures shall be acquired by the SSPE by means of a true sale or assignment or transfer with the same legal effect in a manner that is enforceable against the seller or any other third party.</p>	Verified? YES
	<p>PCS Comments</p> <p>See Prospectus, <i>DESCRIPTION OF THE PORTFOLIO</i>.</p> <p>The Receivables Purchase Agreement</p> <p>On each Purchase Date on or after the Closing Date, VWFS may sell to the Issuer and the Issuer may purchase from VWFS all rights, title and interest of VWFS to the Receivables specified by VWFS in the relevant Notice of Sale. Each such sale is made by way of absolute assignment and, accordingly, VWFS, with full title guarantee, and so far as relating to the Northern Irish Receivables, as beneficial owner, and so far as relating to the Scottish Receivables (which will be held in trust), with absolute warrantice, assigned and will assign and agree to assign to (or hold in trust for) the Issuer all of its rights, title and interest in and to each Receivable, including to the fullest extent possible under applicable law, all Ancillary Rights related to such Receivables but excluding the Excluded Amounts. These will be equitable assignments until they are perfected following the occurrence of a Notification Event.</p> <p><i>"True sale" is not a legal concept but a rating agency creation.</i></p> <p><i>The essence of a "true sale" is that the property in the securitised assets has legally moved from the originator/seller to the SSPE in such a way that the SSPE's ownership will be recognised as a matter of law, including and especially in the case of the insolvency of the originator/seller. In a "true sale" the insolvency officer and creditors of the insolvent originator/seller are not able to satisfy the claims of the originator/seller's creditor out of the proceeds of the securitised assets. Following a "true sale" there is no legal device by which the assets can automatically revert to the originator/seller's ownership. Such automatic reversion is associated with security interests and anathema to a "true sale".</i></p> <p><i>This is clearly stated in the wording of the Regulation (20.1). The expression "transfer to the same effect" indicates that, as long as the conditions in the preceding paragraph are met, the Regulation does not seek to limit the type of legal devices which can be used to effect such transfer of title.</i></p> <p><i>The issue of "true sale" is separate from the issue of "clawback". "Clawback" refers to legal processes through which, in the insolvency of the seller of an asset, an insolvency officer is entitled to reverse the sale – even in cases where a "true sale" has taken place.</i></p> <p><i>All European jurisdictions, to PCS' knowledge, have rules allowing for clawbacks. Clawbacks are usually rules to avoid a company heading towards insolvency from "defrauding" its existing creditors either by selling assets at very low prices (to friends and relations) or unfairly preferring certain creditors over others.</i></p> <p><i>The Regulation (20.1) therefore does not require STS "true sales" to be clawback proof since this would mean that no European securitisation could ever be STS. It does require the sale not to be subject to "severe clawback". The Regulation does not define "severe clawback" but gives an example (20.2) where a clawback happens for no reasons. The Regulation (20.3) also explicitly excludes from the definition of "severe clawback" the traditional European basis for such devices which all come under the general category of "preferences".</i></p> <p><i>PCS further notes that the examples (20.2 and 20.3) refer to the insolvency law of a jurisdiction and therefore believes that clawback risk is to be assessed on a jurisdictional basis rather than on a transactional basis. Finally, PCS does not believe and nor is there any evidence that the legislators or regulatory authorities are seeking to craft a higher standard than that which has been used for decades by the market and was the basis for the legislative text.</i></p> <p><i>Based on the above considerations, PCS believes that transfers from jurisdictions meeting the following criteria – absent any other indications – shall not fall within the definition of "severe clawback":</i></p>	

- *Clawback requires an unfair preference “defrauding” creditors;*
- *Clawback puts the burden of proof on the insolvency officer or creditors – in other words it cannot be automatic nor require the purchaser to prove their innocence.*

Since “severe clawback” is a jurisdictional concept, in analysing this issue PCS will therefore first seek to determine the Originator’s jurisdiction for the purposes of insolvency law. This would be its centre of main interest or “COMI”.

The second step would be to determine whether the relevant COMI contains severe claw back provisions in its insolvency legislation. Although the determination of a COMI can be a technically fraught analysis of international conflicts of law, PCS notes that in the vast majority of securitisations there is no real issue as the COMI is self-evident.

In the case of the Transaction, title to the assets is transferred by means of an equitable or beneficial assignment.

The legal opinions from Hogan Lovells International LLP, Shepherd and Wedderburn and Arthur Cox collectively confirm that an equitable assignment of the beneficial interest meets the definition of “true sale” outlined above.

In the case of Volkswagen Financial Services (UK) Limited, a finance company situated in the United Kingdom, the COMI is considered the United Kingdom. United Kingdom insolvency law provides for clawback in the cases of preferences and transactions at an undervalue and require the insolvency officer to prove that case. Therefore, and as confirmed by the Opinions, the transfer is not, in our opinion, subject to “severe clawback”.

Article 20.1 [...] The transfer of the title to the SSPE shall not be subject to severe clawback provisions in the event of the seller’s insolvency.

Article 20.2 For the purpose of paragraph 1, any of the following shall constitute severe clawback provisions:

(a) provisions which allow the liquidator of the seller to invalidate the sale of the underlying exposures solely on the basis that it was concluded within a certain period before the declaration of the seller’s insolvency;

(b) provisions where the SSPE can only prevent the invalidation referred to in point (a) if it can prove that it was not aware of the insolvency of the seller at the time of sale..

Article 20.3. For the purpose of paragraph 1, clawback provisions in national insolvency laws that allow the liquidator or a court to invalidate the sale of underlying exposures in case of fraudulent transfers, unfair prejudice to creditors or of transfers intended to improperly favour particular creditors over others, shall not constitute severe clawback provisions.

The Receivables Purchase Agreement

VWFS is the "originator" for the purposes of Article 2(3) of the UK Securitisation Regulation and the EU Securitisation Regulation. VWFS is legally bound to comply with the provisions of the UK Securitisation Regulation and contractually agrees to comply with the provisions of the EU Securitisation Regulation. All Receivables included in the portfolio have been originated by VWFS and are sold to the Issuer by VWFS in its capacity as Seller.

Article 20.5. Where the transfer of the underlying exposures is performed by means of an assignment and perfected at a later stage than at the closing of the transaction, the triggers to affect such perfection shall, at least include the following events:

- (a) severe deterioration in the seller credit quality standing;
- (b) insolvency of the seller; and
- (c) unremedied breaches of contractual obligations by the seller, including the seller's default.

4 STS Criteria

4. Where the transfer of the underlying exposures is performed by means of an assignment and perfected at a later stage than at the closing of the transaction, the triggers to effect such perfection shall, at least include the following events:

- (a) severe deterioration in the seller credit quality standing;
- (b) insolvency of the seller; and
- (c) unremedied breaches of contractual obligations by the seller, including the seller's default.

The Receivables Purchase Agreement

On each Purchase Date on or after the Closing Date, VWFS may sell to the Issuer and the Issuer may purchase from VWFS all rights, title and interest of VWFS to the Receivables specified by VWFS in the relevant Notice of Sale. Each such sale is made by way of absolute assignment and, accordingly, VWFS, with full title guarantee, and so far as relating to the Northern Irish Receivables, as beneficial owner, and so far as relating to the Scottish Receivables (which will be held in trust), with absolute warrandice, assigned and will assign and agree to assign to (or hold in trust for) the Issuer all of its rights, title and interest in and to each Receivable, including to the fullest extent possible under applicable law, all Ancillary Rights related to such Receivables but excluding the Excluded Amounts. These will be equitable assignments until they are perfected following the occurrence of a Notification Event.

See Prospectus, *MASTER DEFINITIONS SCHEDULE*.

"Notification Event" means the occurrence of any of the following events:

- (a) Non-Payment: VWFS or the guarantor fails to pay any amount due under any Transaction Documents within three Business Days after the earlier of its becoming aware of such default and its receipt of written notice by or on behalf of the Security Trustee requiring the same to be remedied;
- (b) Attachment: all or any part of the property, business, undertakings, assets or revenues of VWFS having an aggregate value in excess of GBP 20 million has been attached as a result of any distress, execution or diligence being levied or any encumbrance taking possession or similar attachment and such attachment has not been lifted within 30 days, unless in any such case the Security Trustee certifies that in its reasonable opinion such event will not materially prejudice the ability of VWFS to observe or perform its obligations under the Transaction Documents or the enforceability or collectability of the Receivables;
- (c) Insolvency Event: an Insolvency Event, in respect of VWFS or the Servicer;
- (d) Security Interest: VWFS creates or grants any Security Interest or permits any Security Interest to arise or purports to create or grant any Security Interest or purports to permit any Security Interest to arise (i) over or in relation to (1) any Purchased Receivable; (2) any right, title or interest or the Issuer in relation to a Purchased Receivable or the Collections; or (3) any proceeds of or sums received or payable in respect of a Purchased Receivable, in each case other than as permitted under the Transaction Documents;
- (e) Dispute: VWFS disputes, in any manner, the validity or efficacy of any sale and purchase of a Receivable under the Receivables Purchase Agreement and as a result, in the reasonable opinion of the Security Trustee, there is, or is likely to be, a Material Adverse Effect on the ability of VWFS to perform its obligations under the Transaction Documents or the enforceability, collectability or origination of the Purchased Receivables is or is likely to be materially prejudiced;
- (f) Illegality: it becomes impossible or unlawful for VWFS to continue its business and/or discharge its obligations as contemplated by the Transaction Documents and as a result, in the reasonable opinion of the Security Trustee, there is, or is likely to be, a Material Adverse Effect on the ability of VWFS to perform its obligations under the Transaction Documents or the enforceability, collectability or origination of the Purchased Receivables is or is likely to be materially prejudiced;
- (g) Failure to repurchase: VWFS fails to (i) repurchase a Non-Conforming Receivable having become obliged to do so pursuant to Clause 10 (Repurchase) of the Receivables Purchase Agreement or (ii) pay any amount required pursuant to Clause 11 (Payment for non-existent Receivables) of the Receivables Purchase Agreement.

Criterion 4 requires two steps:

- *To determine whether the transfer of the assets is by means of an unperfected assignment; and*
- *If it is, whether the transaction contains the requisite triggers.*

In the absence of any definition of "an assignment perfected at a later stage" in the Regulation or the EBA Guidelines and without additional views from the UK Financial Conduct Authority it is not possible to determine with finality whether an English equitable assignment is "unperfected" within the meaning of the Regulation – as distinguished from the meaning of the English rules of equity.

PCS believes there are good reasons why the Regulation's term of "an assignment perfected at a later stage" does not encompass an English equitable assignment.

However, this is not a question that is required to be answered in the case of the Transaction since, even if equitable assignments are unperfected assignments as defined in the Regulation, the requirements of the criterion are met by the Transaction.

PCS has measured the trigger events against the EBA Guidelines.

20.5(a)

No absolute definition of “severe deterioration” can be given, but clearly the Regulation is seeking to avoid requiring a “hair trigger” deterioration. In other words, an originator could provide a “hair trigger” deterioration if it wanted to. Therefore, the rule does not require an originator or investor to weigh carefully the severity of the trigger so long as it meets the requirements of the EBA Guidelines to be related to the seller’s credit standing, be observable and related to financial health.

The trigger provided in the Transaction meets these requirements.

20.5(b)

The insolvency trigger is in the Transaction.

20.5(c)

The Regulation refers to “unremedied breaches of contractual obligations by the seller, including the seller’s default”.

PCS notes that neither the Regulation nor the EBA Guidelines specify which contractual obligations are targeted. One can assume that this cannot possibly mean any seller contractual obligation since most financial institutions have millions of contractual obligations under tens of thousands of contracts. It is not conceivable that, in order to protect a securitisation, a transfer could be required resulting from a trivial breach of a totally unrelated contractual provision (e.g. to keep the walls painted on a leased property unconnected to the transaction).

PCS also notes that the Regulation clearly does not say “any breaches of contractual obligations”. Therefore, the Regulation must be aiming at an undefined sub-set of contractual obligations. In the absence of any indication in the Regulation or EBA Guidelines as to what this sub-set may be, PCS concludes, until clarification may be provided, that it is up to the originator to define which sub-set of obligations should trigger a possible perfection.

PCS does believe though that the Regulation must be interpreted in a purposive manner – as evidenced by the EBA Guidelines. Therefore, the sub-set of obligations selected by the originator cannot be capricious but should have some connection with the risks that would be run by investors if the seller should encounter a problem prior to perfection of the title.

The unremedied breach trigger is in the Transaction.

Article 20.6. The seller shall provide representations and warranties that, to the best of its knowledge, the underlying exposures included in the securitisation are not encumbered or otherwise in a condition that can be foreseen to adversely affect the enforceability of the true sale or assignment or transfer with the same legal effect.

5	STS Criteria 5. Eligibility Criteria

VWFS represents and warrants to the Issuer and to the Security Trustee, in respect of the Receivables sold by it under the Receivables Purchase Agreement (i) as at the Initial Cut-Off Date in relation to the Initial Receivables, and (ii) as at each Additional Cut-Off Date in relation to the Additional Receivables, acquired on such Additional Purchase Date, that each Purchased Receivable meets each of the following conditions (for the avoidance of doubt, when applying the conditions below the Receivables have been selected randomly and not with the intention to prejudice the Noteholders):

(m) that it can dispose of the Purchased Receivables free from rights of third parties and, to the best of the Seller's knowledge, the Purchased Receivables are not in a condition that can be foreseen to adversely affect the enforceability of the assignment;

(n) the Seller is the legal and beneficial owner, free from any Security Interest, of the Purchased Receivables;

See Prospectus, *MASTER DEFINITIONS SCHEDULE*.

"Security Interest" means any mortgage, charge, assignment or assignation by way of security, lien, pledge, hypothec, counterclaim or right of set-off (or other analogous rights), options, rights to acquire, retention of title, flawed asset or blocked-deposit arrangement, right of recession, defence or any other encumbrance or security interest or security arrangement whatsoever created or arising under any relevant law or any agreement or arrangement having the effect of or performing the economic function of conferring security howsoever created or arising.

Article 20.7. The underlying exposures transferred from, or assigned by, the seller to the SSPE shall meet pre-determined, clear and documented eligibility criteria which do not allow for active portfolio management of those exposures on a discretionary basis. For the purpose of this paragraph, substitution of exposures that are in breach of representations and warranties shall not be considered active portfolio management. Exposures transferred to the SSPE after the closing of the transaction shall meet the eligibility criteria applied to the initial underlying exposures.

Eligibility Criteria

VWFS represents and warrants to the Issuer and to the Security Trustee, in respect of the Receivables sold by it under the Receivables Purchase Agreement (i) as at the Initial Cut-Off Date in relation to the Initial Receivables, and (ii) as at each Additional Cut-Off Date in relation to the Additional Receivables, acquired on such Additional Purchase Date, that each Purchased Receivable meets each of the following conditions (for the avoidance of doubt, when applying the conditions below the Receivables have been selected randomly and not with the intention to prejudice the Noteholders): [...]

This criterion is a future event criterion. In other words, it cannot be either met or failed at the outset of the transaction. But if, at a later stage, it is not met, then the Originator will need to inform ESMA and the STS status of the securitisation will be lost. Therefore, as a technical matter, this criterion is not applicable at the closing of a transaction. However, PCS will nevertheless look to see if there is a covenant on the part of the originator to comply in the future with this requirement.

Article 20.8. A pool of underlying exposures shall only comprise one asset type. The underlying exposures shall contain obligations that are contractually binding and enforceable, with full recourse to debtors and, where applicable, guarantors.

Homogeneity

For the purposes of Article 20(8) of the UK Securitisation Regulation and Articles 1(a) to (d) of the Commission Delegated Regulation (EU) 2019/1851 ("HRTS") as it forms part of domestic law of the United Kingdom by virtue of the EUWA and as amended by the Technical Standards (Securitisation Regulation) (EU Exit) Instrument (No 2) 2020 (FCA 2020/54) (the "UK HRTS"), the Purchased Receivables: (i) have been underwritten according to similar underwriting standards, (ii) are serviced according to similar servicing procedures, (iii) fall within the same category of auto loans and leases and (iv) in accordance with the homogeneity factors set forth in Article 20(8) of the UK Securitisation Regulation and Article 3(5)(b) of the UK HRTS, the Obligors are all resident or incorporated in one jurisdiction, being the United Kingdom.

In the Transaction, the loans were underwritten on a similar basis, they are being serviced by Volkswagen Financial Services (UK) Limited on the same platform, they are a single asset class – auto loans – and, based on the EBA’s suggested approach, the assets are all originated in the UK. PCS also takes great comfort from the fact that transactions containing pools with similar characteristics have always been considered to be “homogenous” by a wide consensus of market participants.

The Receivables

The Financing Contracts are governed by English, Scots or Northern Irish law and take the form of hire purchase agreements ("HP Agreements" or "HP No Balloon"), personal contract purchase agreements ("PCP Agreements" or "PCP") and lease purchase agreements ("LP" or "LP Agreements") between VWFS and Obligor.

HP Agreements

Mainly directed at retail Obligors, HP Agreements are available for both new and used vehicles. HP Agreements contain standard rental terms where an initial payment is made and then the balance is amortised in substantially equal monthly instalments. At the end of the term of the HP Agreement, after an additional "option to purchase" fee is paid, the Obligor owns the Vehicle.

PCP Agreements

PCP Agreements are used for the financing of new and used vehicles in the retail market. PCP Agreements are similar to HP Agreements but with an additional larger "balloon" final rental payment at the end of the term of the PCP Agreement, where the Obligor can either settle the contract by paying the balloon payment (and thereby purchase the vehicle) or, subject to the vehicle being in a condition acceptable to VWFS and within agreed mileage, return the vehicle to VWFS in full and final settlement of the PCP Agreement.

Where the Obligor chooses not to return the vehicle, title in the vehicle passes to the Obligor when the Obligor pays the additional "option to purchase" fee to VWFS (which fee does not form part of the Receivables). Where the Obligor chooses to return the vehicle, VWFS then acts as the Obligor's agent in selling the vehicle and the sale proceeds of the vehicle are applied to settle the Final Rental Amount. Any surplus on sale in excess of the Final Rental Amount is retained by VWFS as a fee for acting as the Obligor's agent and is not passed back to the Obligor. The sale proceeds of the vehicle, including any surplus on sale in excess of the Final Rental Amount, are transferred to the Issuer as PCP Recoveries and Enforcement Proceeds. Any shortfall between the sale proceeds and the Final Rental Amount is not recovered from the Obligor.

During the last six months of 2022, in respect of maturing PCP Agreements, 0.26% of the Obligors returned the vehicle for sale to VWFS.

Lease Purchase Agreements

Mainly entered into with retail Obligors, LP Agreements are available for both new and used vehicles. LP Agreements contain standard rental terms where an initial payment is made and then the balance is typically amortised in monthly instalments but with an additional larger "balloon" final rental payment at the end of the term of the LP Agreement. At the end of the term of the LP Agreement, after payment of the final balloon rental payment and an additional "option to purchase" fee is paid, the Obligor will own the vehicle.

Changes to underwriting standards

VWFS as Seller agrees that if it makes any material changes to its underwriting standards during the Revolving Period it will promptly provide the Issuer, the Rating Agencies and the Security Trustee with details of such changes together with an explanation of the purpose of such changes. The Issuer will notify such changes to investors in accordance with Condition 10 (Notices) without undue delay.

Although somewhat confusingly drafted, the EBA Guidelines make clear that the part of the criterion referring to changes from prior underwriting is a future event criterion. It applies changes in underwriting criteria that occur post-closing. In other words, it cannot be either met or failed at the outset of the transaction. But if, at a later stage, it is not met, then the Originator will need to inform ESMA and the STS status of the securitisation will be lost.

Therefore, as a technical matter, this criterion is not applicable at the closing of a transaction. However, PCS will nevertheless look to see if there is a covenant on the part of the originator to comply in the future with this requirement whilst noting at the same time that the absence of any such covenant – although possibly unsettling for some investors – would not invalidate the STS status of the transaction at closing.

Representations and Warranties in relation to the Sale of the Purchased Receivables

VWFS represents and warrants to the Issuer and to the Security Trustee, in respect of itself (i) as at the Closing Date in relation to the Initial Receivables, and (ii) as at each Additional Purchase Date in relation to the relevant Additional Receivables, that:

(k) the Purchased Receivables are originated in the ordinary course of the business of VWFS pursuant to underwriting standards which are no less stringent than those which also apply to Financing Contracts which will not be securitised. In particular, VWFS represents and warrants that it has in place (i) effective systems to apply its standard criteria for granting the Purchased Receivables and (ii) processes for approving and, where relevant, amending, renewing and re-financing the Purchased Receivables, in order to ensure that granting of the Purchased Receivables is based on a thorough assessment of each Obligor's creditworthiness taking appropriate account of factors relevant to verifying the prospect of the Obligor meeting its obligations under the relevant agreement. Furthermore, VWFS represents and warrants that the assessment of each Obligor's creditworthiness shall meet the requirements of Article 8 of Directive 2008/48/EC (as it applies in the UK and EU), in particular, the assessment: (i) will be performed on the basis of sufficient information, where appropriate obtained from the Obligor and, where necessary, on the basis of a consultation of the relevant database, and (ii) will be repeated before any significant increase in the total amount is granted after the conclusion of the financial contract, in combination with an update of the Obligor's financial information;

The criterion requires consumer loans or mortgages to have been underwritten in accordance with one of two European Directives. European Directives, in contrast to Regulations, do not have direct effect but must be implemented into national law country by country.

PCS assumes, although the Regulation and the EBA Guidelines are silent on this point, that the requirement for mortgages and consumer loans to have been underwritten in compliance with the Directives only applies to assets underwritten after these Directives were transcribed into national law.

VWFS is legally bound to comply with the provisions of the UK Securitisation Regulation and contractually agrees to comply with the provisions of the EU Securitisation Regulation.	
	All Receivables included in the portfolio have been originated by VWFS and are sold to the Issuer by VWFS in its capacity as Seller.	
	VWFS shall, whilst any of the Notes remain outstanding retain for the life of such Notes a material net economic interest of not less than 5 per cent. with respect to the Transaction in accordance with Article 6(3)(d) of the UK Securitisation Regulation and Article 6(3)(d) of the EU Securitisation Regulation.	
	VWFS undertakes that it will not reduce, hedge or otherwise mitigate its credit exposure to the material net economic interest for the purposes of Article 6(1) of the UK Securitisation Regulation and Article 6(1) of the EU Securitisation Regulation:	
	(a) with respect to the UK Securitisation Regulation, until such time as UK regulatory technical standards are published jointly by the FCA and PRA, Article 12 of the Commission Delegated Regulation specifying the risk retention requirements pursuant to the UK Securitisation Regulation (the "Commission Delegated Regulation") (BTS 625/2014 as amended by Annex R of The Technical Standards (Capital Requirements) (EU Exit) (No. 3) Instrument 2019) and, pursuant to Article 43(7) of the UK Securitisation Regulation, until regulatory technical standards are adopted jointly by the FCA and PRA, provided that the level of retention may reduce over time in compliance with Article 10 (2) of the Commission Delegated Regulation.	
	(b) for the purposes of the EU Securitisation Regulation Article 12 of the Commission Delegated Regulation (EU) 625/2014, until regulatory technical standards are adopted by the Commission pursuant to Article 6(7) of the EU Securitisation Regulation, provided that the level of retention may reduce over time in compliance with Article 10 (2) of the Commission Delegated Regulation (EU) 625/2014.	
	As at the Issue Date, such interest will be comprised of an interest in the first loss tranche equivalent to no less than 5 per cent. of the nominal amount of the securitised exposures pursuant to Article 6(3)(d) of the UK Securitisation Regulation and Article 6(3)(d) of the EU Securitisation Regulation.

Since PCS is not a quantitative analysis provider or a credit rating agency, our verification is based on a second-hand analysis which focuses on:</i></p>		

• A statement in the Prospectus or other document setting out the boundary conditions of the hedging. This should state in effect how far the hedging stretches and under what scenario's it will break. For example, if interbank rates rise above X%. This will provide a common-sense feel for whether, at first glance, the hedging is reasonable.

• Risk Factors section of the Prospectus to check that no statements refer to the risks of "unhedged positions". This is based on the legal requirement to disclose any relevant information to investors. If the originator or its advisers believed that the hedging in a transaction was unusually light, this should be disclosed in the Risk Section.

• The "pre-sale" report from a recognised credit rating agency (if used) so as to identify any issues with hedging. Again, rating agencies as credit specialists should highlight in their analysis any substantial and unusual hedging risks.

In the case of the Transaction, payments from the underlying receivables include fixed rate payments, while the Class A and B notes are floating rate. Interest rate swaps are used in the Transaction to mitigate fixed-to-floating interest rate risk.

Revolving Period

Means the period from (and including) the Closing Date and ending on (and including) the earlier of (i) the Payment Date in [April 2024] and (ii) the occurrence of an Early Amortisation Event.

See Prospectus, *MASTER DEFINITIONS SCHEDULE*.

"Early Amortisation Event" shall mean any of the following:

- (a) the occurrence of a Servicer Replacement Event;

- (b) the Accumulation Balance on two consecutive Payment Dates exceeds 15 per cent. of the Discounted Receivables Balance after application of the relevant Order of Priority on such Payment Date;
- (c) on any Payment Date falling after 3 consecutive Payment Dates following the Closing Date, the Class A Actual Overcollateralisation Percentage is determined as being lower than [28.85] per cent.;
- (d) VWFS ceases to be an Affiliate of the Parent, or any successor thereto;
- (e) the Seller fails to perform its obligations under clause 11 (*Repurchase*) or clause 12 (*Payment for Non-existent Receivables*) of the Receivables Purchase Agreement or clause 3 (*Repurchase*) of the Redelivery Repurchase Agreement provided that, in the case of the Seller's failure to perform its obligations under clause 2 (*Repurchase*) of the Redelivery Repurchase Agreement, such failure subsists for two consecutive Payment Dates following the Payment Date on which such Redelivery Purchased Receivables were required to be repurchased;
- (f) the Issuer fails to enter into a replacement Swap Agreement within 30 calendar days following the termination of the Swap Agreement or the Swap Counterparty fails to post collateral, in each case within the time period specified in the applicable Swap Agreement, (each as provided for in clause 20 (*Distribution Account; -Accumulation Account; Counterparty Downgrade Collateral Account; Swap Provisions*) of the Trust Agreement or to take any other measure which does not result in a downgrade of the Notes);
- (g) the Credit Enhancement Increase Condition is in effect; or
- (h) the occurrence of an Insolvency Event with respect to VWFS; or
- (i) the occurrence of a Foreclosure Event.

"Credit Enhancement Increase Condition" shall be deemed to be in effect if:

- (a) the Dynamic Net Loss Ratio for three consecutive Payment Dates exceeds (i) [0.30] per cent., if the Weighted Average Seasoning is less than or equal to 12 months (inclusive) (ii) [0.75] per cent., if the Weighted Average Seasoning is between 12 months (exclusive) and 22 months (inclusive), or (iii) [2.00] per cent., if the Weighted Average Seasoning is between 22 months (exclusive) and 34 months (inclusive), or (iv) if the Weighted Average Seasoning is greater than 34 months, the Dynamic Net Loss Ratio shall not apply; or
- (b) the Cumulative Net Loss Ratio exceeds (i) [0.80] per cent. during the first 5 months (inclusive) following the Closing Date, (ii) [1.80] after the 6th month (inclusive) until the 11th month (inclusive) following the Closing Date (iii) [4.00] per cent. after the 12th month following the Closing Date; or
- (c) the Late Delinquency Ratio exceeds [1.30] per cent. on any Payment Date on or before October 2024.

II. Risks related to the nature of the Notes

Risks in connection with the application of the German Debenture Act (Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - SchVG))

Although the wording of the Regulation as to what constitutes the “facilitation of timely resolution of conflicts” is very vague, the EBA Guidelines have helpfully set out the five minimum requirements that the documents should contain to meet this criterion.

Although the wording of the Regulation as to what constitutes the “facilitation of timely resolution of conflicts” is very vague, the EBA Guidelines have helpfully set out the five minimum requirements that the documents should contain to meet this criterion. The documentation covers the following:

(a) the method for calling meetings; as for method; (b) the maximum timeframe for setting up a meeting; (c) the required quorum; (d) the minimum threshold of votes to validate such a decision, with clear differentiation between the minimum thresholds for each type of decision; and (e) where applicable, a location for the meetings which should be in the UK:

The notes are governed by German law and the transaction documentation refers to the German Debenture Act which provides provisions that set out how conflicts between investors are to be resolved.

Article 21.10.
