N55	ST5526	M	Underlying exposures selection processes confirmation	Confirmed	(Confirmed/Unconfirmed)	Box to complete should contain the confirmation indicator (Confirmed/Unconfirmed).						
N56	ST5526	M	Underlying exposures selection processes explanation	The disposal of Receivables is implemented only in the following circumstances: (A) from the Originator to the Issuer, in the context of the transfer of Subsequent Portfolios during the Revaluing Period; (B) from the Issuer to the Originator, in case of any non-repayment of the Originator pursuant to the terms and conditions of the Master Receivables Purchase Agreement; (C) from the Issuer to Compass, in the context of the repurchase of the Portfolio in case of exercise of the Clean-up Option or the Tax Call Option or in the context of the repurchase of individual Receivables pursuant to the terms and conditions specified in the Servicing Agreement; provided that (i) the request for repurchase is made on an individual basis and shall not affect the other Receivables held by the Originator, aiming at a better performance for the portfolio; (ii) in case of the Defaulted Receivables, such option may be exercised by Companys only to the extent that the request for repurchase is aimed at reducing the risk of the Receivables; (iii) the option may be exercised by Companys in accordance with the terms and conditions of the Master Receivables Purchase Agreement; (iv) the option may be exercised by Companys in accordance with the terms and conditions of the Servicing Agreement; (v) in case of individual Receivables other than the Defaulted Receivables, such option may be exercised by Companys in accordance with the circumstances only and in any case without prejudice to the interest of the Noteholders; and (vi) in any event the aggregate Outstanding Principal, at the relevant date of exercise of the repurchase option, of the Receivables subject to repurchase shall exceed 2 per cent. of the aggregate Outstanding Principal, at the relevant Valuation Date, of the Receivables comprised in the Portfolio, following the delivery of a Trigger Notice (provided that the Originator shall have a pre-emption right in accordance with the provisions of the Interim Servicing Agreement); and (E) if the Issuer (or the Servicer on its behalf) to third parties in the context of the sale of individual Defaulted Receivables, provided that the sale is carried out in accordance with the terms and conditions of the Servicing Agreement, which makes the performance of the Securitisation dependent both on the performance of the Receivables and on the performance of the portfolio management of the Securitisation, thereby preventing any investor in the Notes from incurring risk on the Receivables, and depending on the specific characteristics of the Servicing Agreement, the Servicing person managing the portfolio for specific purposes aiming to achieve better performance and increased yield, overall financial returns or other purely financial or economic benefit. Accordingly, the Transaction Documents do not allow for active portfolio management of the Consumer Loans comprising the pool on a discretionary basis (for further details, see the sections of the Prospectus headed "The Master Receivables Purchase Agreement", "The Servicing Agreement", "The Other Transaction Documents - the Intercreditor Agreement" and "The Portfolio - Eligibility Criteria").	(TEXT-1000)	Confirms and concise explanation on how the selection and transfer of the underlying exposures in the securitisation is based on clear processes which facilitate the selection and transfer of those exposures for or transferred into the securitisation and they do not do not allow for active portfolio management on a discretionary basis pursuant to Article 20(7) of Regulation (EU) 2017/2402.	Box to complete should contain the concise explanation. Field codes are highlighted in amber if the field is left blank or has errors in format.	Eligibility criteria which do not allow for active portfolio management of the underlying exposures on a discretionary basis	A concise explanation on how: - the underlying exposures transferred from the Originator to the SPV must be predetermined, clear and documented eligibility criteria which do not allow for active portfolio management of those exposures on a discretionary basis; - the selection and transfer of the underlying exposures in the securitisation is based on clear processes which facilitate the selection and transfer of those exposures for or transferred into the securitisation and they do not do not allow for active portfolio management on a discretionary basis.
