STS Securitisation At the Closing Date, the Transaction is intended to qualify as a simple, transparent and standardised (“**STS**”) securitisation within the meaning of Article 18 of the EU Securitisation Regulation and Article 18 of the UK Securitisation Regulation.

Within 15 Business Days of the Closing Date, it is intended that the Retention Holder, as originator, will submit a notification to ESMA in accordance with Article 27 of the EU Securitisation Regulation that the requirements of Articles 19 to 22 of the EU Securitisation Regulation have been satisfied with respect to the Transaction (the “**EU STS Notification**”) and to the FCA in accordance with Article 27 of the UK Securitisation Regulation that the requirements of Articles 19 to 22 of the UK Securitisation Regulation have been satisfied with respect to the Transaction (the “**UK STS Notification**”), such notifications to be included in the list published by ESMA referred to in Article 27(5) of the EU Securitisation Regulation and the FCA referred to in Article 27(5) of the UK Securitisation Regulation, as applicable. It is expected that the EU STS Notification will be available on the website of ESMA (<https://www.esma.europa.eu/policyactivities/securitisation/simpletransparent-and-standardised-stssecuritisation>) (the “**ESMA STS Register website**”) and the UK STS Notification will be available on the website of the FCA (<https://data.fca.org.uk/#/sts/stssecuritisations>) (the “**UK STS Register website**”). For the avoidance of doubt, these websites and the contents thereof do not form part of this Prospectus.

The UK STS Notification will be delivered in accordance with the provisions of Article 18(3) of the UK Securitisation Regulation, which states that a ‘relevant securitisation’ includes a securitisation which meets all the requirements of Section 1 or Section 2 of Chapter 4 (*Simple, Transparent and Standardised Securitisation*) of the UK Securitisation Regulation, and of which ESMA was notified pursuant to Article 27(1) of the UK Securitisation Regulation before exit day (being 31 January 2020 at 11.00 pm UK time), or is notified pursuant to Article 27(1) of the UK Securitisation Regulation after exit day but before the expiry of a period of two years beginning with exit day.

The STS status of the Notes is not static and investors should verify the current status on the ESMA STS Register website and the UK STS Register website, which will be updated where the Notes are no longer considered to be STS following a decision of the relevant competent authority or a notification by the Retention Holder.

The Retention Holder has used the services of Prime Collateralised Securities (PCS) EU S.A.S. (“**PCS**”), as a verification agent authorised under Article 28 of the EU Securitisation Regulation in connection with an assessment of the compliance of the Notes with the requirements of Articles 19 to 22 of the EU Securitisation Regulation (the “**STS Verification**”). It is expected that the STS Verification prepared by PCS will be available on the PCS website (<https://www.pcsmarket.org/sts-verificationtransactions/>) (the “**PCS Verification Website**”) together with a detailed explanation of its scope at <https://www.pcsmarket.org/disclaimer> (the “**PCS Disclaimer Website**”) and, together with the PCS Verification Website, the “**PCS Websites**”).

For the avoidance of doubt, the PCS Websites and the contents thereof do not form part of this Prospectus. **No assurance can be provided that the Transaction will qualify as an STS securitisation under the EU Securitisation Regulation or the UK Securitisation Regulation on the Closing Date or that it will continue to qualify as an STS securitisation under the EU Securitisation Regulation or UK Securitisation Regulation at any point in time in the future.** None of the Issuer, the Retention Holder, the Arranger, the Joint Lead Managers or any other party to the Transaction Documents makes any representation or accepts any liability for the Transaction to qualify as an STS securitisation under the EU Securitisation Regulation or the UK Securitisation Regulation on the Closing Date or that it will continue to qualify as an STS securitisation under the EU Securitisation Regulation or the UK Securitisation Regulation at any point in time in the future. For further information please refer to: “*Risk Factors – Regulatory, taxation and legal risks – Qualifying as an STS Securitisation under the Securitisation Regulations*”.

Obligations The Notes will be obligations of the Issuer alone and will not be guaranteed by, or be the responsibility of, any other entity. For avoidance of doubt, the Notes will not be obligations of any Transaction Party other than the Issuer.

Retention Undertaking..... Glencar European Investments Platform DAC (the “**Retention Holder**”), acting as “originator” for the purposes of Article 2(3) of the EU Securitisation Regulation and Article 2(3) of the UK Securitisation Regulation will, for the life of the Transaction, retain a material net economic interest of not less than five (5) *per cent.* in the securitisation in accordance with Article 6 of the EU Securitisation Regulation and Article 6 of the UK Securitisation Regulation. As at the Closing Date, such interest will comprise the Retention Holder holding no less than five (5) *per cent.* of the nominal value of each class of Notes sold or transferred to investors on the Closing Date (the “**Minimum Retained Amount**”), as required by Article 6(1) of the EU Securitisation Regulation and Article 6(1) of the UK Securitisation Regulation. Any change to the manner in which such interest is held will be notified to the Noteholders in the Investor Reports and in accordance with the provisions of Article 7 of the EU Securitisation Regulation and Article 7 of the UK Securitisation Regulation.

Please refer to the sections entitled “*Certain Regulatory Disclosures*” and “*Subscription and Sale*” for further information.

- The Volcker Rule..... The Issuer has been structured so as to not be, now and after giving effect to any offering and sale of Notes and the application of the proceeds thereof will not be, a “covered fund” for the purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the “**Volcker Rule**”). In reaching this conclusion, although other statutory or regulatory exemptions under the Investment Company Act of 1940, as amended (the “**Investment Company Act**”) and under the Volcker Rule may be available, the Issuer has relied on the determinations that (i) it may rely on an exemption from registration under Rule 3a-7 of the Investment Company Act and (ii) it was structured so as not to constitute a “covered fund” for the purposes of the Volcker Rule. Any prospective investor in the Notes, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule.
- Significant Investors The Retention Holder will, on the Closing Date, purchase at least 5 *per cent.* of the nominal value of each of the Class A Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes, Class X Notes, and Class Z Notes, in accordance with the risk retention requirements as described above.
- In addition, it is expected that on the Closing Date, the Retention Holder will also acquire from the Issuer the remainder of the Class E Notes, the Class X Notes and the Class Z Notes (in percentages as agreed among themselves) giving the Retention Holder a holding of sufficient Class E Notes, Class X Notes and Class Z Notes to allow it to pass or block Noteholder resolutions of such Classes of Notes. Therefore, no assurance can be given that any other Noteholder of such Classes of Notes will have influence to block or pass certain Noteholder resolutions.
- Withholding tax No gross-up of any payments to the Noteholders in respect of amounts deducted from or withheld for or on account of Tax in relation to the Notes is required of the Issuer.
- ERISA Considerations..... Each purchaser or transferee of a Rated Note or any beneficial interest therein will be deemed to represent, for so long as it holds such Rated Note or any interest therein, either that (i) it is not and is not acting on behalf of, or using assets of, an “employee benefit plan” (as defined in Section 3(3) of ERISA) that is subject to Title I of ERISA, any “plan” (as defined in Section 4975(E)(1) of the Code) that is subject to Section 4975 of the Code, an entity that is deemed to hold plan assets of any of the foregoing by virtue of such employee benefit plans or plan’s investment in the entity (each, a “**Benefit Plan**”) or a governmental, non-U.S. or church plan that is subject to any U.S. federal, state, local or other law that is substantially similar to the foregoing provisions of ERISA or the Code (“**Similar Law**”) or (ii) its acquisition, transfer and holding of such Rated Note or any interest therein will not constitute or otherwise result in a non-exempt prohibited transaction in violation of Section 406 of ERISA or Section 4975 of the Code because its acquisition, transfer and holding of such Rated Note or any interest therein qualifies for relief under the provisions of prohibited transaction class exemption (“**PTCE**”) 84-14, PTCE 90-1, PTCE 91-38, PTCE 95-60, PTCE 96-23 (collectively, the “**Investor-Based Exemptions**”) or the statutory exemption under Section 408(b)(17)

of ERISA and Section 4975(d)(20) of the Code, or in the case of a governmental, non-U.S. or church plan subject to Similar Law, its acquisition, transfer and holding of such Note or any interest therein will not result in a non-exempt violation of Similar Law.

Each purchaser or transferee of a Class E Note, Class X Note or Class Z Note (an “**Unrated Note**”) or any interest therein (other than Glencar and its affiliates) will be required to represent and warrant that it is not, and for so long as it holds such Unrated Note or any interest therein will not be, a Benefit Plan, a governmental, non U.S. or church plan that is subject to Similar Law or any Person acting on behalf of or using assets of, a Benefit Plan or a governmental, non-U.S. or church plan that is subject to Similar Law.

The Issuer expects that, on the Closing Date and during periods following the Closing Date, the assets of Glencar will, and the assets of the Issuer may, be considered “plan assets” for purposes of ERISA, and Waterfall Asset Management, LLC (“**Waterfall**”), in its capacity as the investment manager of Waterfall Victoria Master Fund, Ltd., will be considered an ERISA fiduciary with respect to Glencar and, during any periods when the assets of the Issuer are considered “plan assets”, with respect to the Issuer. Waterfall will be relying on the so-called “ERISA QPAM Exemption” to allow the sale of the Notes to so-called “parties in interest” to the employee benefit plans that have an interest in the Issuer during any periods when the assets of the Issuer are considered “plan assets”. It is very important that each potential investor studies the section entitled “*ERISA 'Plan Asset' Status of the Issuer*” and is able to make the representations discussed in that section. Certain persons who are related to Waterfall or who are related to the employee benefit plans that have an interest in the Issuer during any periods when the assets of the Issuer are considered “plan assets” could, by investing in the Notes, engage in a non-exempt prohibited transaction under ERISA and the Internal Revenue Code and could be liable for substantial excise taxes and other penalties and liabilities under the ERISA and the Internal Revenue Code. In addition, the fiduciary or fiduciaries of the employee benefit plans that engaged in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Internal Revenue Code. For further information regarding the ERISA considerations involved in investing in the Notes, see “*ERISA Considerations Applicable to All Investors Whether or Not They Are Benefit Plans*” in this Prospectus

In particular, save for obtaining the approval of this document as a prospectus for the purposes of Article 6(3) of the EU Prospectus Regulation by the Central

Bank (it being understood that such approval alone will not permit a public offering of the Notes), no action will be taken by any Transaction Party which would permit a public offering of the Notes or distribution of this document in any jurisdiction where action for that purpose is required.

Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this document nor any advertisement or other offering material may be distributed or published, in any jurisdiction, except under circumstances that will result in compliance with all Applicable Laws and regulations. UNAUTHORISED INFORMATION

No person has been authorised to give any information or to make any representation other than as contained in this document and, if given or made, such information or representation must not be relied upon as having been authorised by or on behalf of the Arranger, the Joint Lead Managers or the Transaction Parties. The delivery of this document at any time does not imply that the information contained in it is correct as at any time subsequent to its date.

This document does not constitute an offer to sell or the solicitation of an offer to buy the Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction.

The distribution of this document or any part hereof and any offering of the Notes in certain jurisdictions may be restricted by law. No action has been taken by the Issuer, the Arranger or the Joint Lead Managers other than as set out in the paragraph entitled “*Listings*” on page 3 of this document that would permit a public offer of the Notes in any country or jurisdiction where action for that purpose is required. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this document nor any part hereof nor any other prospectus, prospectus, form of application, advertisement or other offering material may be issued, distributed or published in any country or jurisdiction (including the United Kingdom and Ireland), except in circumstances that will result in compliance with Applicable Laws, orders, rules and regulations.

Neither the Arranger, the Joint Lead Managers nor the Transaction Parties makes any representation to any prospective investor or purchaser of the Notes regarding the legality of investment therein by such prospective investor or purchaser under applicable legal investment or similar laws or regulations.

INFORMATION AS TO PLACEMENT

The Notes will be represented by Global Notes which are expected to be deposited with a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking S.A. (“**Clearstream, Luxembourg**”) and registered in the name of a nominee of the Common Safekeeper on the Closing Date.

The Notes are intended upon issue to be held in a manner which will allow the European System of Central Banks (as the term is used in the Governing Council of the European Central Bank) (“**Eurosystem**”) eligibility. This means that the Notes are intended to be deposited with one of Euroclear and/or Clearstream, Luxembourg (each an “**ICSD**” and together the “**ICSDs**”) as common safekeeper and registered in the name of a nominee of one of the ICSDs acting as common safekeeper, and does not necessarily mean that any of the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the European Central Bank (the “**ECB**”) being satisfied that all Eurosystem eligibility has been met (and, for the avoidance of doubt, such Eurosystem eligibility is not, as at the Closing Date, expected to be satisfied by any Notes that give rise to rights to principal and/or interest that are subordinated to the rights of holders of any other Notes).

CURRENCIES

In this document, unless otherwise specified, references to “**euro**”, “**EUR**” and “**€**” are to the lawful currency of Member States of the European Union that adopt the single currency in accordance with the Treaty on European Union, as amended and references to “**Sterling**”, “**pound**”, “**£**” and “**GBP**” are to the lawful currency of the United Kingdom.

FORWARD-LOOKING STATEMENTS AND STATISTICAL INFORMATION

Certain matters contained in this document are forward-looking statements. Such statements appear in a number of places in this document, including with respect to assumptions on prepayment and certain other characteristics of the Purchased Loan Receivables, and reflect significant assumptions and subjective judgments by the Issuer that may not prove to be correct. Such statements may be identified by reference to a future period or periods and the use of forward-looking terminology such as “**may**”, “**will**”, “**could**”, “**believes**”, “**expects**”, “**anticipates**”, “**continues**”, “**intends**”, “**plans**” or similar terms. Consequently, future results may differ from the Issuer’s expectations due to a variety of factors, including (but not limited to) the economic environment and regulatory

changes. This document also contains certain tables and other statistical analyses (the “**Statistical Information**”). Numerous assumptions have been used in preparing the Statistical Information, which may or may not be reflected in the material. As such, no assurance can be given as to the Statistical Information’s accuracy, appropriateness or completeness in any particular context, or as to whether the Statistical Information and/or the assumptions upon which they are based reflect present market conditions or future market performance. The Statistical Information should not be construed as either projections or predictions or as legal, tax, financial or accounting advice. The average life of or the potential yields on any security cannot be predicted, because the actual rate of repayment on the underlying assets, as well as a number of other relevant factors, cannot be determined. No assurance can be given that the assumptions on which the possible average lives of or yields on the securities are made will prove to be realistic. None of the Arranger, the Joint Lead Managers, the Principal Paying Agent, the Cash Manager and Calculation Agent, the Registrar, the Trustee, the Issuer Account Bank, Funding Circle, FCTL, the Retention Holder, the Reporting Agent or the Seller has attempted to verify any forward-looking statements or Statistical Information, nor does it make any representations, express or implied, with respect thereto. Prospective purchasers should therefore not place undue reliance on any of these forward-looking statements or Statistical Information. None of the Arranger, the Joint Lead Managers, the Principal Paying Agent, the Cash Manager and Calculation Agent, the Registrar, the Trustee, the Issuer Account Bank, Funding Circle, FCTL, the Retention Holder, the Reporting Agent or the Seller assumes any obligation to update these forward-looking statements or Statistical Information or to update the reasons for which actual results could differ materially from those anticipated in the forward-looking statements or Statistical Information, as applicable.

Each prospective investor in the Notes who is subject to the Securitisation Regulations or any other regulatory requirement should consult with its own legal, accounting, regulatory and other advisers and/or its national regulator to determine whether, and to what extent, such information is sufficient for such purposes and any other requirements of which it is uncertain. RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

These factors are limited to risks which are specific to (a) the Issuer and/or (b) to the Notes and which the Issuer believes may be material for the purpose of taking an informed investment decision with respect to the Notes, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with the Notes for other reasons, and the Issuer does not represent that the statements below regarding the risks of holding the Notes are exhaustive.

In each category of factors set out below, the Issuer believes that each factor included in each category of factors is material, with the most material in each category (based on the Issuer's assessment of the probability of its occurrence and the expected magnitude of its negative impact) being described first in each category.

Noting the points set out above by the Issuer with respect to its assessment of the level, order of materiality and potential of occurrence of the risks set out below, prospective investors should nevertheless also carefully read the information set out below and read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Risks related to the Notes

Notes obligations of Issuer only

The Notes will be obligations solely of the Issuer and will not be the responsibility of, or guaranteed by, any of the Transaction Parties (other than the Issuer). In particular, the Notes will not be obligations of, and will not be guaranteed by, the Arranger, the Joint Lead Managers, the Servicing and Collection Agent, the Seller, the Security Holders, the Retention Holder, the Trustee, the Agents or any other person. No person other than the Issuer will accept any liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes.

Limited source of funds

The ability of the Issuer to meet its obligations to pay principal and interest on the Notes and its operating and administrative expenses will be dependent solely on Loan Receivable Proceeds, interest earned on the Issuer Accounts, amounts standing to the credit of the Cash Reserve Account and the Liquidity Reserve Account and amounts received under the Interest Rate Cap, if any. Other than the foregoing, the Issuer is not expected to have any other funds available to it to meet its obligations under the Notes and/or any other payment obligation ranking in priority to, or *pari passu* with, the Notes under the applicable Priority of Payments. In addition and as the case may be, negative interest might also be charged by the Issuer Account Bank on funds maintained on the Issuer Accounts. If available funds are insufficient, any such insufficiency will be borne by the Noteholders and the other Secured Creditors, subject to the applicable Priority of Payments. Following enforcement of the Security, there is no guarantee that the Issuer will have sufficient funds to redeem the Notes in full. The Issuer will rely on the purchase and payment obligations of Funding Circle in respect of the Funding Circle Warranties, and the Seller in respect of the Seller Asset Warranty, in each case as set out in the Receivables Sale and Assignment Agreement. For further details, see the section entitled "*Overview - Credit Structure and Cashflow*".

Credit enhancement limitations

Credit enhancement for the Notes will be provided by the excess Available Interest Proceeds and, in the case of the Rated Notes, amounts on deposit in the Cash Reserve Account. In addition, following a Sequential Amortisation Trigger Event the Notes will be paid sequentially and therefore, the Class A Notes will benefit from additional credit enhancement provided by subordination of the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes and the Class Z Notes. The Class B Notes will benefit from additional credit enhancement provided by the subordination of the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes and the Class Z Notes. The Class C Notes will benefit from additional credit enhancement provided by the subordination of the Class D Notes, Class E Notes, the Class X Notes and the Class Z Notes. The Class D Notes will benefit from additional credit enhancement provided by the subordination of the Class E Notes, the Class X Notes and the Class Z Notes. The Class E Notes will benefit from additional credit enhancement provided by the subordination of the Class X Notes and Class Z Notes. The Class X Notes will benefit from the additional credit enhancement provided by the Class Z Notes. Greater than expected losses on the Purchased Loan

Receivables would have the effect of reducing, and could eliminate, the protection against loss afforded by this credit enhancement. Moreover, each time a Funding Circle Borrower repays a Purchased Loan Receivable, such Purchased Loan Receivable will cease to generate interest collections thereby reducing the protection against loss afforded by excess Available Interest Proceeds. For further details, see the section entitled “*Key Structural Features – Credit Enhancement and Liquidity Support*”.

Yield and prepayment considerations

The yield to maturity of the Notes of each Class will depend on, among other things, the amount and timing of payment of principal and interest (including prepayments, sale proceeds arising on enforcement of a Purchased Loan Receivable and purchases of Purchased Loan Receivables required to be made under the Receivables Sale and Assignment Agreement) on the Purchased Loan Receivables and the price paid by the holders of the Notes of each Class. Such yield may be adversely affected by, amongst other things, a higher or lower than anticipated rate of prepayments on the Purchased Loan Receivables.

The rate of prepayment of Purchased Loan Receivables may be influenced by a wide variety of economic, social and other factors, including prevailing interest rates, the availability of alternative financing programmes and local and regional economic conditions. Subject to the terms and conditions of the Purchased Loan Receivables, a Funding Circle Borrower may prepay a Loan in whole, subject to payment of accrued interest. No assurance can be given as to the level of prepayments that the Loan Portfolio will experience. See also the sections entitled “*The Loan Portfolio*” and “*Certain Transaction Documents – Receivables Sale and Assignment Agreement*”.

Liquidity risk

The Issuer is subject to the risk of insufficiency of funds on any Note Payment Date as a result of payments being made late by Funding Circle Borrowers after the end of the relevant Collection Period. This risk may adversely affect the Issuer’s ability to make payments on the Notes but is mitigated to some extent by the provision of liquidity from alternative sources as described in the section entitled “*Key Structural Features – Credit Enhancement and Liquidity Support*.” However, no assurance can be made as to the effectiveness of such alternative sources of liquidity, or that such alternative sources of liquidity will protect the Noteholders from all risk of loss.

Deferral of interest payments on the Notes

To the extent that, on any Note Payment Date, the Issuer does not have sufficient funds to pay in full interest on the Notes of any Class other than the Most Senior Class of Notes, this payment may be deferred. Any amounts of Deferred Interest will accrue Additional Interest described in the Conditions and payment of any Additional Interest will also be deferred. See Condition 6(c) (*Deferral of Interest*).

Payment of the shortfall representing Deferred Interest and Additional Interest will be deferred until the first Note Payment Date on which the Issuer has sufficient funds, **provided that** the payment of such shortfall shall not be deferred beyond the Final Maturity Date, as described in the Conditions. On such date, any amount which has not by then been paid in full shall become due and payable. For further details, see Condition 6(d) (*Payment of Deferred Interest and Additional Interest*”).

Calculation of Rate of Interest

If the Reference Screen or the relevant page is unavailable, in the manner described in Condition 6(e)(i) (*Rate of Interest*) there can be no guarantee that the Issuer (or the Cash Manager and Calculation Agent on its behalf) will be able to determine any Rate of Interest in respect of the Notes.

If the Reference Screen, or the relevant page is unavailable, and the Issuer (or the Cash Manager and Calculation Agent on its behalf) is unable to determine the relevant Rate of Interest in respect of such Note Payment Date, pursuant to Condition 6(e)(i)(C) (*Rate of Interest*), the relevant Rate of Interest in respect of such Note Payment Date shall be determined, pursuant to Condition 6(e)(i)(C) (*Rate of Interest*), (1) as at the last preceding Interest Determination Date or (2) if there is no such preceding Interest Determination Date, at the initial Rate of Interest which would have been applicable to such Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Relevant Margin applicable to the first Interest Period). To the extent interest amounts in respect of the Notes are determined by reference to a previously calculated rate, Noteholders may be adversely affected.

Basis risk

The Issuer is subject to:

- (a) the risk of a mismatch between the fixed rates of interest payable on the Loans and the interest rate payable in respect of the Rated Notes; and
- (b) the risk that any cash held by or on behalf of the Issuer may earn a rate of return below the rate of interest payable on the Notes, which risk is mitigated by the availability of excess Available Interest Proceeds, each of which are available to meet payments of interest due under the Notes and the other expenses of the Issuer.

The Issuer will enter into the Interest Rate Cap to hedge a part of its interest rate exposure in a notional amount from time to time as set out in an annex thereto. There will be some residual unhedged interest rate exposure given that the notional amount of the Interest Rate Cap shall be set by reference to the Principal Amount Outstanding of the Rated Notes as at the Closing Date, and this may adversely affect the position of the Class E Notes and/or the Class Z Notes. However, the Issuer will not enter into swap transactions to hedge such interest rate exposure in respect of each individual Purchased Loan Receivable.

The Issuer will depend upon the Interest Rate Cap Provider to perform its obligations under the Interest Rate Cap entered into to cover part of its interest rate exposure. If the Interest Rate Cap Provider defaults or becomes unable to perform due to insolvency or otherwise, or if the Interest Rate Cap is terminated as a result of certain termination events, the Issuer may not receive payments it would otherwise be entitled to from such Interest Rate Cap Provider to cover its interest rate exposure.

Although the Interest Rate Cap will be entered into to hedge a part of its interest rate exposure, losses may be incurred by the Noteholders in the event of a default or termination event under such Interest Rate Cap. For further details, see the section entitled “*Key Structural Features – Interest Rate Cap*”.

Average Life

The Final Maturity Date of the Notes is the Note Payment Date falling in March 2030 (subject to adjustment for non-Business Days); however, the principal of the Notes of each Class is expected to be repaid in full prior to the Final Maturity Date. Average life refers to the average amount of time that will elapse from the date of delivery of a Note until such Note is redeemed in full. The average lives of the Notes will be determined by the amount and frequency of principal payments, which are dependent upon, among other things, the amount of payments received at or in advance of the scheduled maturity of the Purchased Loan Receivables. The actual average lives and actual maturities of the Notes will be affected by the financial condition of the underlying Funding Circle Borrowers with respect to Purchased Loan Receivables and the characteristics of the Purchased Loan Receivables, including, among other things, the actual default rate, the actual level of recoveries on any Defaulted Loans and the timing of defaults and recoveries. Purchased Loan Receivables may be subject to optional prepayment by the Funding Circle Borrowers. The rate of and timing of future defaults and the amount and timing of any cash realisation from Defaulted Loans will also affect the maturity and average lives of the Notes.

Limited recourse and non-petition

The Notes will be limited recourse obligations of the Issuer.

Notwithstanding any of the Transaction Documents, each of the parties to the Transaction Documents (other than the Issuer) acknowledges and agrees that if the net proceeds of realisation of the security constituted by the Charge and Assignment are less than the aggregate amount payable by the Issuer to the Noteholders and any other Secured Creditors in respect of its debts, liabilities or obligations under the Transaction Documents (such negative amount being referred to as a “**shortfall**”), the amount payable by the Issuer to the Noteholders and each other Secured Creditor in respect of the Issuer’s debts, liabilities or obligations under such Transaction Documents shall be reduced to such amount of the net proceeds as shall be applied in accordance with the Charge and Assignment and the applicable Priority of Payments, and such parties shall not (directly or indirectly) be entitled to take any further steps against the Issuer to recover such shortfall, which shall be deemed to be automatically extinguished.

The parties to the Transaction Documents (other than the Issuer) acknowledge and agree that they (or any other party acting on their behalf) shall not be entitled at any time to institute against the Issuer, or join in any institution against the Issuer of, any bankruptcy, reorganisation, arrangement, insolvency, examinership or liquidation

proceedings, or other analogous proceedings under any applicable bankruptcy or similar law in connection with any debts, liabilities or obligations of the Issuer under the Transaction Documents, save for lodging a claim in the liquidation of the Issuer which is initiated by another party or taking proceedings to obtain a declaration or judgment as to the obligations of the Issuer in relation such Transaction Documents. For the avoidance of doubt, this shall not prevent the Trustee enforcing the security constituted by the Charge and Assignment in accordance with its terms, **provided that** in connection with any such enforcement neither the Trustee nor any Receiver appointed thereunder shall take any steps or proceedings to procure the winding up, examinership or liquidation of the Issuer.

Each Noteholder and each of the Transaction Parties (other than the Issuer) acknowledges and agrees that they (or any other party acting on their behalf) shall not be entitled at any time to institute against the Issuer, or join in any institution against the Issuer of, any bankruptcy, reorganisation, arrangement, insolvency, examination or liquidation proceedings, or other analogous proceedings under any applicable bankruptcy or similar law in connection with any debts, liabilities or obligations of the Issuer under the Notes or the Transaction Documents, save for lodging a claim in the liquidation of the Issuer which is initiated by another party or taking proceedings to obtain a declaration or judgment as to the obligations of the Issuer in relation to such Transaction Documents. For the avoidance of doubt, nothing in Condition 4 (*Limited Recourse; Non-petition; Corporate Obligations; Security Mandate*) shall prevent the Trustee enforcing the security constituted by the Charge and Assignment in accordance with its terms, **provided that** in connection with any such enforcement neither the Trustee nor any Receiver appointed thereunder shall take any steps or proceedings to procure the winding up or liquidation of the Issuer.

Each Secured Creditor (other than the Trustee) agrees that if any amount is received by it (including by way of set-off) in respect of any Secured Obligation owed to it other than in accordance with the provisions of the Charge and Assignment and the Trust Deed, then an amount equal to the difference between the amount so received by it and the amount that it would have received had it been paid in accordance with the provisions of the Charge and Assignment and the Trust Deed, as applicable, shall be received and held by it as trustee (except in the case of the Cash Manager and Calculation Agent, the Principal Paying Agent, the Registrar and the Issuer Account Bank which will hold such funds as banker and to the order of the Trustee) for the Trustee and shall be paid over to, or to the order of, the Trustee immediately upon receipt so that such amount can be applied in accordance with the provisions of the Charge and Assignment and the Trust Deed.

Prospective investors should be aware that there are a number of risks associated with the purchase of the Notes, including the risk that the Issuer may become subject to claims or other liabilities (whether in respect of the Notes or otherwise) which are not themselves subject to limited recourse or non-petition provisions.

Failure of Court to Enforce Non-Petition Obligations

As discussed in “*Limited Recourse and non-petition*” above, each Noteholder will agree, and each beneficial owner of Notes will be deemed to agree that it will be subject to non-petition covenants. If such provisions fail to be enforceable under applicable bankruptcy laws, and a winding-up (or similar) petition is presented in respect of the Issuer, then the presentation of such a petition could (subject to certain Conditions) result in one or more payments on the Notes made during the period prior to such presentation being deemed to be preferential transfers subject to avoidance by the bankruptcy trustee or similar official exercising authority with respect to the Issuer’s bankruptcy estate. It could also result in the bankruptcy court, trustee or receiver liquidating the assets of the Issuer without regard to any votes or directions required for such liquidation pursuant to the Trust Deed and could result in any payments under the Notes made during the period prior to such presentation being deemed to be a fraudulent or improper disposition of the Issuer’s assets.

Enforcement Rights

If an Event of Default occurs and is continuing, the Trustee may, at its discretion, and shall, if so requested by an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes deliver an Enforcement Notice and institute such proceedings as may be required in order to enforce the Security (subject, in each case to being indemnified and/or pre-funded and/or secured to its satisfaction).

The requirements described above could result in enforcement of the Security in circumstances where the proceeds of liquidation thereof would be insufficient to ensure payment in full of all amounts due and payable in respect of the Notes in accordance with the applicable Priority of Payments and/or at a time when enforcement thereof may be adverse to the interests to certain Classes of Notes.

Payment of interest and, following a Sequential Amortisation Trigger Event, principal, of the Classes of Notes is sequential.

Payments of interest on the Class A Notes will be made in priority to payments of interest on the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes and the Class Z Notes; payments of interest on the Class B Notes will be made in priority to payments of interest on the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes and the Class Z Notes; payments of interest on the Class C Notes will be made in priority to payments of interest on the Class D Notes, the Class E Notes, the Class X Notes and the Class Z Notes; payments of interest on the Class D Notes will be made in priority to payments of interest on the Class E Notes, the Class X Notes and the Class Z Notes; payments of interest on the Class E Notes will be made in priority to payments of interest on the Class X Notes and the Class Z Notes; and payments of interest on the Class X Notes will be made in priority to payments of interest on the Class Z Notes.

Following a Sequential Amortisation Trigger Event, payments of principal on the Class A Notes will be made in priority to payments of principal on the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, Class X Notes and the Class Z Notes; payments of principal on the Class B Notes will be made in priority to payments of principal on the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes and the Class Z Notes; payments of principal on the Class C Notes will be made in priority to payments of principal on the Class D Notes, the Class E Notes, the Class X Notes and the Class Z Notes; payments of principal on the Class D Notes will be made in priority to payments of principal on the Class E Notes, the Class X Notes and the Class Z Notes; payments of principal on the Class E Notes will be made in priority to payments of principal on the Class X Notes and Class Z Notes; and payments of principal on the Class X Notes will be made in priority to payments of principal on the Class Z Notes. For further details, see the section entitled “*Key Structural Features - Payment of interest on the Notes in Sequential Order and deferral of payments on the Notes*”.

There can be no assurance that these subordination provisions will protect the then current Most Senior Class of Notes from all risks of loss.

The Notes are subject to optional or mandatory redemption

On any Note Payment Date immediately following the Calculation Date on which the aggregate Principal Amount Outstanding of all the Notes (other than the Class X Notes) is equal to or less than 20 *per cent.* of the aggregate Principal Amount Outstanding of all such Notes on the Closing Date, the Issuer (a) may (or, for so long as any Class Z Notes remain outstanding, shall if so directed by the Class Z Noteholders acting by way of Ordinary Resolution) redeem all of the Notes upon the exercise of the Clean-Up Call; and (b) shall redeem all of the Notes (other than the Class Z Notes) upon the exercise of the Portfolio Option, in each case, subject to and in accordance with the Conditions. In addition, subject to the Conditions the Issuer may, on the occurrence of a Regulatory Event, and shall, on the occurrence of a Tax Event or an Illegality Event redeem all of the Notes. See Condition 8.2 (*Optional Redemption in whole – Clean-up call*), Condition 8.3 (*Mandatory Redemption pursuant to the exercise of the Portfolio Option*), Condition 8.4 (*Mandatory Redemption in whole following a Tax Event*), Condition 8.5 (*Mandatory Redemption in whole upon the occurrence of an Illegality Event*) and Condition 8.6 (*Optional Redemption in whole upon the occurrence of a Regulatory Event*) for further information.

If the Portfolio Option Holder exercises the Portfolio Option and the Notes (other than the Class Z Notes) are being redeemed pursuant to Condition 8.3 (*Mandatory Redemption pursuant to the exercise of the Portfolio Option*) there is no guarantee that the Class Z Noteholders at the time the Portfolio Option is exercised will receive payment in full in respect of the Class Z Notes. If all the Class Z Noteholders elect, following the exercise of the Portfolio Option by the Portfolio Option Holder, to provide their Cash Collateralisation Contribution Amount, then the Portfolio Option will be exercised by way of Cash Collateralisation, resulting in all the Notes (other than the Class Z Notes) being redeemed in full and the Class Z Notes remaining outstanding. Each Class Z Noteholder will be entitled to elect to contribute its Cash Collateralisation Contribution Amount at its discretion. However, if any Class Z Noteholder elects not to contribute its Cash Collateralisation Contribution Amount, the Portfolio Option Holder (being any holder or holders of a majority of the Class Z Notes) will be permitted to exercise the Portfolio Option by way of a sale of the Loan Portfolio to the Portfolio Option Holder or a third party, provided only that the Portfolio Sale Conditions are satisfied. The Portfolio Sale Conditions require that the Loan Portfolio is sold for a consideration at least equal to the fair value of the Portfolio, as determined in accordance with standard market practice by a third party and which will be at least equal to the amount required to redeem all Notes (other than the Class Z Notes) in full and meet the Issuer’s payment obligations of a higher priority under the Post-Acceleration Priority of Payments on the Portfolio Exercise Date. This could result in any Class Z Noteholders that hold a minority position in the Class Z Notes being prejudiced by the terms of the Portfolio Sale.

Early redemption of the Notes may adversely affect the yield on the Notes.

Ratings of the Notes

A rating is not a recommendation to buy, sell or hold securities and there is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any one or more of the Rating Agencies as a result of changes in or unavailability of information or if, in the judgement of the Rating Agencies, circumstances so warrant. At any time, a Rating Agency may revise its relevant rating methodology, with the result that any rating assigned to the Notes may be lowered or withdrawn. A qualification, downgrade or withdrawal of any of the ratings mentioned above may impact upon the value of the Notes. The Class E Notes, the Class X Notes and the Class Z Notes will not be rated by the Rating Agencies.

Agencies other than the Rating Agencies could seek to rate the Notes and if such “unsolicited ratings” are lower than the comparable ratings assigned to the Notes by the Rating Agencies, those unsolicited ratings could have an adverse effect on the value of the Notes. For the avoidance of doubt and unless the context otherwise requires, any reference to “**ratings**” or “**rating**” in this document is to the ratings assigned by the specified Rating Agencies only. For further information, see section entitled “*Credit Ratings*”.

Rating Agency Confirmation

Historically, many actions by issuers of asset-backed securities have been conditioned on receipt of confirmation from the applicable rating agencies that such action would not cause the ratings on the applicable securities to be reduced or withdrawn. Recently, certain rating agencies have changed the manner and the circumstances under which they are willing to provide such confirmation and have indicated reluctance to provide confirmation in the future, regardless of the requirements of the Trust Deed and the other Transaction Documents. If the Transaction Documents or the Conditions require that written confirmation from the Rating Agencies be obtained before certain actions may be taken and an applicable Rating Agency is unwilling to provide the required confirmation, it may not be possible to effect such action, which could result in losses being realised by the Issuer and, indirectly, by the Noteholders.

If a Rating Agency announces or informs the Trustee or the Issuer that confirmation from such Rating Agency is not required for a certain action or that its practice is to not give such confirmations for certain types of actions, the requirement for confirmation from such Rating Agency will not apply. There can be no assurance that a Rating Agency will provide such rating confirmations upon request, regardless of the terms agreed to among Transaction Parties, or not subsequently reduce, downgrade, qualify, suspend or withdraw the then current ratings of the Rated Notes. Such a downgrade, reduction, qualification, suspension or withdrawal to the then current ratings of the Rated Notes may have an adverse effect on the value of the Rated Notes.

Absence of a secondary market for the Notes

There can be no assurance that there is an active and liquid secondary market for the Notes and no assurance is **provided that** a secondary market for the Notes will develop or, if it does develop, that such market will provide Noteholders with liquidity of investment for the life of the Notes or that such market will subsequently continue to exist. Any investor in the Notes must be prepared to hold its Notes for an indefinite period of time or until the Final Maturity Date or alternatively such investor may only be able to sell its Notes at a discount to the original purchase price of those Notes.

The secondary market for asset-backed securities has in the past experienced significant disruptions resulting from reduced investor demand for such securities. This has resulted in the secondary market for asset-backed securities comparable to the Notes experiencing very limited liquidity during such severe disruptions. If limited liquidity were to occur in the secondary market it could have a material adverse effect on the market value of asset-backed securities including the Notes issued by the Issuer, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors. It is not known whether such market conditions will recur.

In addition, potential investors should be aware that global markets have recently been negatively impacted by the then prevailing global credit market conditions and reduced growth expectations for the Organisation for Economic Co-operation and Development economies and the COVID-19 pandemic, which could affect any secondary market for instruments similar to the Notes. Absence of a secondary market or lack of liquidity in the secondary market may adversely affect the market value of the Notes.

Eligibility for Central Bank Schemes

Whilst central bank schemes (such as the Bank of England's Discount Window Facility, the Indexed Long-Term Repo Facility and other schemes under its Sterling Monetary Framework, and the Eurosystem monetary policy framework for the European Central Bank), including emergency liquidity operations introduced by central banks in response to a financial crisis or a wide-spread health crisis (such as the COVID 19 pandemic), provide an important source of liquidity in respect of eligible securities, relevant eligibility criteria for collateral apply (and will apply in the future) under such schemes and liquidity operations. Investors should reach their own conclusions and seek their own advice with respect to whether or not the Notes constitute eligible collateral for the purposes of any of the central bank liquidity schemes, including whether and how such eligibility may be impacted by the UK withdrawal from the EU and the UK no longer being part of the EEA. No assurance is given that any Notes will be eligible for any specific central bank liquidity schemes and as at the Closing Date the Notes are not expected to be eligible securities for the purpose of the Eurosystem facilities.

Conflict between Noteholders

Except where expressly provided otherwise, where in the opinion of the Trustee there is a conflict of interest between or among the holders of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes and/or the Class Z Notes, the Trustee shall give priority to the interests of (a) the Class A Noteholders over the Class B Noteholders, the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class X Notes and the Class Z Noteholders, (b) the Class B Noteholders over the Class C Noteholders, the Class D Noteholders, the Class E Noteholders, the Class X Notes and the Class Z Noteholders, (c) the Class C Noteholders over the Class D Noteholders, the Class E Noteholders, the Class X Notes and the Class Z Noteholders, (d) the Class D Noteholders, the Class E Noteholders, the Class X Notes over the Class Z Noteholders, (e) the Class E Noteholders over the Class X Noteholders and the Class Z Noteholders and (f) the Class X Noteholders over the Class Z Noteholders. If the Trustee receives conflicting or inconsistent requests from two or more groups of holders of a Class given priority as described in this paragraph, each representing less than the majority by principal amount of Notes outstanding of such Class, the Trustee shall give priority to the group which holds the greater amount of Notes Outstanding of such Class. Except as expressly provided otherwise by the Trust Deed or any other Transaction Document, the Trustee will act in relation to the Trust Deed or any other Transaction Document upon the directions of the holders of the Most Senior Class of Notes acting by Extraordinary Resolution, subject to being indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which may be incurred by it in connection therewith, and shall not be obliged to consider the interests of and is exempted from any liability to the holders of any other Class of Notes. For further details, see the section entitled "*Overview - Overview of Rights of Noteholders and Relationship with other Secured Creditors*".

Investors should be aware that the Retention Holder will on the Closing Date purchase a material net economic interest of not less than 5% of each Class of the Notes issued by the Issuer in order to comply with EU risk retention requirements. The 5% required risk retention holdings in each Class of the Notes represent significant holdings. In addition, the Retention Holder will on the Closing Date purchase the remainder of the Class E Notes, Class X Notes and Class Z Notes. The Retention Holder and/or its affiliates are under no obligation to consider the interests of other Noteholders when exercising its rights under the Notes (with respect not only to the 5% required risk retention, but also to any other Notes which it may own) and may exercise or agree to exercise voting rights in respect of the Notes held by it in a manner that may be prejudicial to other Noteholders.

Conflict between Noteholders and other Secured Creditors

So long as any of the Notes of any Class remains Outstanding, the Trustee shall, as regards all the powers, trusts, authorities, duties and discretions vested in it by the Trust Deed except where expressly provided otherwise, have no regard to the interests of any Secured Creditor other than the Noteholders or, at any time, to the interests of any other person and no Secured Creditor shall have any claim against the Trustee for so doing.

Pursuant to the terms of the Trust Deed, the Notes held or controlled for or by the Issuer will not be taken into account by the Trustee for the purposes of: (i) the right to attend and vote at any meeting of the Noteholders of any Class or any written resolution, (ii) the determination of how many and which Notes are outstanding for the purposes of action, proceedings and indemnification by the Trustee, meetings of the Noteholders, Events of Default and enforcement, (iii) any right, discretion, power or authority which the Trustee is required to exercise by reference to the interests of the Noteholders of any Class and (iv) the determination by the Trustee of whether something is materially prejudicial to the interests of the Noteholders or any Class thereof except, in the case where the Issuer holds all of the relevant Class of Notes and there are no *pari passu* or junior Classes of Notes

which they do not also hold in their entirety. For further details, see the section entitled “*Overview - Overview of Rights of Noteholders and Relationship with other Secured Creditors*”.

Funding Circle, in its capacity as Servicing and Collection Agent provides certain reports relating to the Loan Receivables originated by Great Trinity and Glencar XXVI.

As a result, Funding Circle has, and the Retention Holder may have, access to information that is not generally available to the public, the Issuer or to other Noteholders.

Risks relating to negative consent of Noteholders in respect of amendments to the Transaction Documents as a result of a change in the criteria of the Rating Agencies

Subject to certain conditions, the Trustee shall be obliged, without any consent or sanction of the Noteholders, or (subject to the receipt of consent from any of the Secured Creditors party to the Transaction Document being modified or which, as a result of the relevant amendment, would be further contractually subordinated to any other Secured Creditor than would otherwise have been the case prior to such amendment) any of the other Secured Creditors, to concur with the Issuer in making any modification (other than in respect of a Basic Terms Modification) to the Conditions or any Transaction Document to which it is a party or in relation to which it holds security or enter into any new supplemental or additional documents that the Issuer considers necessary, for the purpose of complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time.

In relation to any such proposed amendment, the Issuer is required to give at least 30 calendar days’ notice to the Noteholders of each Class of the proposed modification in accordance with Condition 10 (*Notifications*) and by publication on Bloomberg on the “Company News” screen relating to the Notes. However, Noteholders should be aware that in relation to such amendments, if Noteholders representing at least 10 *per cent.* of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes have not contacted the Issuer or the Principal Paying Agent in writing (or otherwise in accordance with the then current practice of any applicable Clearing System through which such Notes may be held) within such notification period notifying the Issuer or the Principal Paying Agent that such Noteholders do not consent to the modification, the modification will be passed without Noteholder consent.

If Noteholders representing at least 10 *per cent.* of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes have notified the Issuer or the Principal Paying Agent in writing (or otherwise in accordance with the then current practice of any applicable Clearing System through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes is passed in favour of such modification in accordance with Condition 15 (*Meetings of Noteholders, Modification, Waiver and Substitution*).

The full requirements in relation to any modification for the purpose of complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time are set out in Condition 15.4 (*Additional Right of Modification*).

Risks relating to negative consent of Noteholders in respect of amendments to Reference Rate

As more particularly described in Condition 15.5 (*Additional Right of Modification in relation to Reference Rate*), in addition to the right of the Trustee to make certain modifications to the Transaction Documents without Noteholder consent described above, the Trustee shall, without any consent or sanction of the Noteholders or any of the other Secured Creditors, concur with the Issuer in making any modification to the Conditions and/ or any other Transaction Document in order to change the base rate in respect of the Notes from Compounded Daily SONIA to an alternative base rate (which may be another SONIA-linked rate) and make such other amendments as are necessary or advisable in the commercially reasonable judgment of the Issuer to facilitate such change. If the Issuer proposes a modification of such Transaction Document and/or Conditions, it shall promptly cause the Trustee and all Noteholders to be notified of the proposed modification in accordance with Condition 10 (*Notifications*) and by publication on Bloomberg on the “Company News” screen relating to the Notes. If, within 30 calendar days from the giving of such notice, Noteholders representing at least 10 per cent. of the Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have notified the Trustee in writing (or otherwise in accordance with the then current practice of any applicable Clearing System through which such Notes may be held) that such Noteholders do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes then outstanding

is passed in favour of such modification in accordance with Condition 15.2 (*Decisions and Meetings of Noteholders*). If, however, Noteholders representing at least 10 per cent. of the Principal Amount Outstanding of the Most Senior Class of Notes then outstanding fail to notify the Trustee in writing that they do not consent to such modification as set forth above, then all Noteholders will be deemed to have consented to such modification and the Trustee shall, subject to the requirements of Condition 15.5 (*Additional Right of Modification in relation to Reference Rate*), without seeking further consent or sanction of any of the Noteholders and irrespective of whether such modification is or may be materially prejudicial to the interest of the Noteholders of any Class, concur with the Issuer in making the proposed modification. Therefore, it is possible that a modification could be made without the vote of any Noteholders or even if holders holding less than 10 per cent. of the Principal Amount Outstanding of the Most Senior Class of Notes then outstanding objected to it. Again there is no guarantee that any changes made to the Transaction Documents and/or the Conditions pursuant to the obligations imposed on the Trustee, as described above, would not be prejudicial to the Noteholders.

Meetings of Noteholders, modification and waiver

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Trust Deed provides that, the Trustee may at any time and from time to time, without the consent or sanction of the Noteholders or any other Secured Creditors, concur with the Issuer and any other relevant parties in making:

- (a) any modification to the Trust Deed, the Conditions, the Notes or the other Transaction Documents in relation to which its consent is required (other than in respect of a Basic Terms Modification) which, in the opinion of the Trustee, will not be materially prejudicial to the interests of the Noteholders of the Most Senior Class of Notes then Outstanding; or
- (b) any modification to the Trust Deed, the Conditions, the Notes or the other Transaction Documents in relation to which its consent is required (including a Basic Terms Modification), if, in the opinion of the Trustee, such modification is of a formal, minor or technical nature or is made to correct a manifest error.

In addition, subject to certain conditions set out in the Trust Deed, the Trustee shall be obliged, without any consent or sanction of the Noteholders, or (subject to the receipt of consent from any of the Secured Creditors party to the Transaction Document being modified or which, as a result of the relevant amendment, would be further contractually subordinated to any other Secured Creditor than would otherwise have been the case prior to such amendment) any of the other Secured Creditors, to concur with the Issuer in making any modification (other than in respect of a Basic Terms Modification) to the Trust Deed, the Conditions or any other Transaction Document to which it is a party or in relation to which it holds security or enter into any new, supplemental or additional documents (following the Trustee's review thereof) that the Issuer certifies to the Trustee (upon which certificate the Trustee shall rely absolutely and without enquiry or liability) as being necessary for the purpose of complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time.

In addition, subject to certain conditions set out in the Trust Deed, the Trustee may at any time and from time to time in its sole discretion, without prejudice to its rights in respect of any subsequent breach, condition, event or act and without the consent or sanction of the Noteholders or any other Secured Creditor concur with the Issuer or any other relevant parties in authorising or waiving, on such terms and subject to such conditions (if any) as it may decide, any proposed breach or breach of the covenants or provisions contained in the Trust Deed and the Charge and Assignment, the Notes or any of the other Transaction Documents or determine that any Event of Default or Potential Event of Default shall not be treated as such for the purposes of the Trust Deed, the Charge and Assignment, the Notes or any other Transaction Document if, in the opinion of the Trustee, the interests of the Noteholders of the Most Senior Class of Notes then Outstanding will not be materially prejudiced by such waiver.

The Trustee may, without the consent of the Noteholders of any Class, or any other Secured Creditor, concur with the Issuer to the substitution in place of the Issuer (or of the previous substitute under the Trust Deed) as the principal debtor under the Trust Deed, the Notes of each Class and the other Transaction Documents of any other company (incorporated in any jurisdiction) (such substituted company being thereafter called the “**New Company**”) if required for taxation reasons and subject to certain conditions as set out in the Trust Deed. For further details, see the section entitled “*Overview - Overview of Rights of Noteholders and Relationship with other Secured Creditors*”.

Risks related to the Loans

The Loans are unsecured

The Purchased Loan Receivables are generally expected to be secured only by Personal Guarantees (where the Funding Circle Borrower is a company limited by shares incorporated in the United Kingdom) and not by security over physical assets or real estate. In the event of a default of a Purchased Loan Receivable, such security (where applicable) may not be sufficient to cover amounts due to the Issuer. The policy of Funding Circle regarding the taking of security, or the form such security may take, may be varied at Funding Circle's discretion, and so the security position of the Loan Portfolio may change over time. Each of the Issuer and Security Holders (and their agents or delegates) may be limited in their ability to collect on the Purchased Loan Receivables and, if a Funding Circle Borrower in respect of a Purchased Loan Receivable defaults on its obligations, the Issuer may be unlikely to collect all or any portion of such Purchased Loan Receivable. For further details, see the section entitled "*The Servicing and Collection Agent, Reporting Agent and the Funding Circle Platform*".

Risk of default even when loans are secured

Even in the event that any Purchased Loan Receivable is secured by specific collateral, there can be no assurance that the liquidation of such collateral would be sufficient to satisfy the relevant Funding Circle Borrower's obligation in the event of non-payment of such Purchased Loan Receivable. In addition, in the event of bankruptcy or insolvency of a Funding Circle Borrower of a Purchased Loan Receivable, the Issuer could experience delays or limitations with respect to its ability to realise the benefits of the collateral. Moreover, the Issuer's security interests may be unperfected for reasons including the failure to make required filings and, as a result, the Issuer may rank behind other creditors.

Credit risk

The Issuer is subject to the risk of default in payment by the Funding Circle Borrowers and upon such default in payment, the failure by the Servicing and Collection Agent or FCTL, on behalf of the Issuer, to realise or recover sufficient funds from the Funding Circle Borrowers under the arrears and default procedures in respect of the Purchased Loan Receivables in order to discharge all amounts due and owing by the relevant Funding Circle Borrowers under the Purchased Loan Receivables. This risk may adversely affect the Issuer's ability to make payments on the Notes but is mitigated to some extent by certain credit enhancement features which are described in the section entitled "*Overview - Credit Structure and Cashflow*." However, no assurance can be made as to the effectiveness of such credit enhancement features or that such alternative sources of liquidity will protect the Noteholders from all risk of loss.

The Loan Portfolio

This document does not contain any information regarding the individual Purchased Loan Receivables which form the Loan Portfolio, on which the Notes will be ultimately secured. None of the Issuer, the Arranger, the Joint Lead Managers or any other party is under any obligation to provide any information with respect to the Funding Circle Borrowers under individual Purchased Loan Receivables.

None of the Issuer, the Arranger or the Joint Lead Managers has made any investigation into the Funding Circle Borrowers of the Purchased Loan Receivables. The value of the Loan Portfolio may fluctuate from time to time. None of the Issuer, the Seller, the Trustee, the Arranger, the Joint Lead Managers or any other Transaction Party are under any obligation to maintain the value of the Purchased Loan Receivables at any particular level. None of the Issuer, the Seller, the Trustee, the Arranger, the Joint Lead Managers or any other Transaction Party has any liability to the Noteholders as to the amount or value of, or any decrease in the value of, the Purchased Loan Receivables from time to time.

Knowledge of matters represented in warranties

The Seller has had access to portfolio level loan information, audit rights and data rooms containing information in respect of, and received reports regarding, the Purchased Loan Receivables, and will give certain representations and warranties in respect of the Purchased Loan Receivables sold by it to the Issuer. However, the Seller was not the original underwriter of the Purchased Loan Receivables comprised in the Loan Portfolio and has acquired its interest in such Purchased Loan Receivables from the Original Sellers. The Loans have been

originated through the Funding Circle Platform but neither the Seller nor the Original Sellers had day-to-day oversight of the underwriting process for individual Loans carried out by Funding Circle. Accordingly, since neither the Seller nor the Original Sellers have direct knowledge as to matters relating to, amongst other things, the actual origination of each underlying Loan or whether such Loans were originated in accordance with the Funding Circle Lending Policies (including the Eligibility Criteria) at the time of origination, it may be difficult in practice for the Seller to detect a breach of the Eligibility Criteria in respect of the Purchased Loan Receivables sold by it to the Issuer and it is likely that the Seller will only detect a breach of the Eligibility Criteria if that is evident from the face of the Servicing Report or it otherwise becomes aware of a breach (e.g. following the taking of specific enforcement or other action with respect to a Loan Receivable). The Arranger and the Joint Lead Managers have not separately conducted any due diligence on the Purchased Loan Receivables for the purposes of the Transaction and there is no ongoing active involvement of the Arranger or the Joint Lead Managers to monitor or notify any defect in relation to the circumstances of the Purchased Loan Receivables.

Third Party Litigation; Limited Funds Available

The Issuer's acquisition of the Purchased Loan Receivables may subject it to the risks of becoming involved in litigation by third parties. This risk may be greater where the Issuer exercises control or significant influence over a company's direction. The expense of defending claims against the Issuer by third parties (including bankruptcy or insolvency proceedings) and paying any amounts pursuant to settlements or judgments would, except in the unlikely event that that Issuer is indemnified for such amounts, be borne by the Issuer and would reduce the funds available for distribution and the Issuer's net assets. The funds available to the Issuer to pay certain fees and expenses of the Trustee and for payment of the Issuer's other accrued and unpaid Administrative Expenses are limited to amounts available in accordance with the applicable Priority of Payments. If such funds are not sufficient to pay the expenses incurred by the Issuer, the ability of the Issuer to operate effectively may be impaired, and the Issuer may not be able to defend or prosecute legal proceedings that may be brought against it or that the Issuer might otherwise bring to protect its interests.

Selection of the Loan Portfolio

The information in the section entitled "*The Loan Portfolio – the Provisional Loan Portfolio*" has been extracted from the systems of Funding Circle as at the Provisional Loan Portfolio Cut-Off Date. The Provisional Loan Portfolio comprises of 4,040 Loan Receivables which have an Aggregate Collateral Principal Balance of £ 223,416,980.09 as at the Provisional Loan Portfolio Cut-Off Date. The characteristics of the Loan Portfolio as at the Closing Date will vary from those set out in the tables in this Prospectus as a result of, *inter alia*, the Loan Receivables comprising part of the Provisional Loan Portfolio ultimately not forming part of the Loan Portfolio as a result of (i) repayments and redemptions of the Loan Receivables comprising part of the Provisional Loan Portfolio prior to the Closing Date, (ii) if it becomes necessary to randomly select Loan Receivables for removal from the Provisional Loan Portfolio prior to the Closing Date, (iii) eligible loans that were originated between the Provisional Loan Portfolio Cut-Off Date and the Loan Portfolio Cut-Off Date comprising part of the Loan Portfolio as at the Closing Date, and (iv) Loan Receivables comprising part of the Provisional Loan Portfolio having become ineligible between the Provisional Loan Portfolio Cut-Off Date and the Closing Date.

To the extent that not all of the Loans held by the Seller that satisfy the Eligibility Criteria as at the Loan Portfolio Cut-Off Date are transferred to the Issuer on the Closing Date pursuant to the Receivables Sale and Assignment Agreement, the relevant Loans to be transferred will be selected by the Seller placing them in chronological order by reference to their origination date and selecting them in order (oldest first) until the required Aggregate Collateral Principal Balance has been reached.

Default Procedures

Pursuant to the Funding Circle Terms and Conditions for Investors, if a Funding Circle Borrower in respect of a Purchased Loan Receivable misses, fails to pay or only partially pays any monthly instalments, or if the Funding Circle Borrower is otherwise in breach of the loan conditions forming part of the relevant Loan Agreement, Funding Circle may place the Purchased Loan Receivable into default and may engage field agents to attempt to collect the outstanding balance of such Purchased Loan Receivable. If Funding Circle places a Purchased Loan Receivable into default, the Issuer will assign the Purchased Loan Receivable to FCTL (as Security Holder) to enable FCTL to (among other recovery options) commence legal proceedings against the Funding Circle Borrower and/or Guarantor for the full amount outstanding. Funding Circle, FCTL and any agent appointed by either of them in connection with the enforcement of a Purchased Defaulted Receivable and its Related Security is entitled to deduct amounts to reimburse the costs, fees, expenses and disbursements properly incurred by it in connection with the enforcement of such Purchased Defaulted Receivable from the proceeds of each Collection payment in

respect thereof, provided that: (i) the aggregate of all amounts so deducted shall be no more than 40 *per cent.* of each Collection payment in respect thereof; and (ii) the aggregate of all amounts deducted in respect of Collections Charges shall be no more than 20 *per cent.* of each Collection payment received, in each case since the date the Purchased Loan Receivable was initially declared defaulted by the Servicing and Collection Agent in accordance with the related Loan Receivable Documentation. For further details, see the section entitled “*The Servicing and Collection Agent, Reporting Agent and the Funding Circle Platform*”.

Title of the Issuer

Pursuant to the Receivables Sale and Assignment Agreement, the Issuer shall acquire the beneficial and, following notification as described below, legal title to each Purchased Loan Receivable on the Closing Date.

Pursuant to the Receivables Sale and Assignment Agreement, the Seller shall, or shall procure that Funding Circle (in its capacity as Servicing and Collection Agent) shall, notify each Funding Circle Borrower in respect of each Purchased Loan Receivable of the sale and assignment of such Purchased Loan Receivable pursuant to the Receivables Sale and Assignment Agreement and of the Issuer’s ownership of such Purchased Loan Receivables (identifying the Issuer as the Funding Circle Investor in respect of such Purchased Loan Receivable of such Funding Circle Borrowers), on the Closing Date, by e-mail to the Funding Circle Borrower’s registered e-mail address in accordance with the relevant Loan Agreements or by such other method as the Issuer, Funding Circle and the Trustee may agree.

Notwithstanding it is intended that the sale of the Purchased Loan Receivables be immediately notified to the relevant Funding Circle Borrower on the Closing Date by e-mail to the Funding Circle Borrower’s registered e-mail address in accordance with the relevant Loan Agreements or by such other method as the Issuer, Funding Circle and the Trustee may agree, prior to the Issuer obtaining legal title to the Purchased Loan Receivables (as described above), the rights of the Issuer may be or may become subject to equities (*e.g.* rights of set-off between the Funding Circle Borrowers and the Original Sellers or the Seller (as discussed below)) and to the interests of third parties who perfect a legal interest, namely, a bona fide purchaser from the Seller for value of any such Purchased Loan Receivable without notice of any interest of the Issuer, who may obtain a good title to the Purchased Loan Receivable free of any such interests. Such equities and third party rights may diminish or negate the value of the Issuer’s interest in the Purchased Loan Receivables and could acquire priority over the interests of the Issuer. If this occurred, then the Issuer would not have good title to the affected Purchased Loan Receivable and it would not be entitled to payments by a Funding Circle Borrower in respect of that Purchased Loan Receivable. For further details, see the section entitled “*Certain Transaction Documents – Receivables Sale and Assignment Agreement*”.

Set off risk may adversely affect the value of the Loan Portfolio or any part thereof

Under circumstances where a Funding Circle Borrower has a cross-claim against the Issuer there is a risk that this might result in an ability to set-off amounts owed in such a way as to result in a reduction or extinguishment of the Funding Circle Borrower’s repayment obligations. Under English law a right of set-off might arise in law (within the context of a litigation), in equity or in the event of the insolvency of either a Funding Circle Borrower or the Issuer.

As the Loan Receivables will be legally sold and assigned to the Issuer (with notice being given by e-mail), these risks are limited to circumstances where a Funding Circle Borrower had a cross-claim against the Issuer, however, if the assignment of a Loan Receivable was found to have been given without notice, a cross-claim between a Funding Circle Borrower and the relevant Original Seller or the Seller might also give rise to a set-off risk.

Legal set-off may arise where a Funding Circle Borrower and the Issuer were engaged in litigation and where both parties could prove that they had cross-claims which were liquidated or ascertainable with certainty at the commencement of the action. In order to establish a right of legal set-off there would be no need for such claims to arise as a result of the same transaction or closely connected transactions.

Equitable-set off may arise where in connection with a single transaction, a Funding Circle Borrower and the Issuer had cross-claims (both of which were due and payable). Under such circumstances, a Funding Circle Borrower might be entitled to deduct the amount of its mutual cross claim from its payment obligations under the relevant Loan.

Insolvency set-off will arise mandatorily. Where a Funding Circle Borrower goes into liquidation, administration or bankruptcy, an account must be taken of the mutual dealings between the Issuer and such Funding Circle

Borrower. Therefore the sums due from the Funding Circle Borrower would be set off against the sums due from the Issuer, except that sums due from the Funding Circle Borrower would not be taken into account if the Issuer had notice at the time they were incurred of:

- (a) a resolution or petition to wind-up; or
- (b) an application for an administration order or of notice of intention to appoint an administrator (if a company).

All claims, including future, contingent and liquidated sums, would need to be brought into account.

Pursuant to the Security Declaration of Trust and the Servicing Agreement, the Servicing and Collection Agent and the Security Holders agree to certain restrictions on their right to exercise any right to set-off or deduct an amount from the proceeds of enforcement in respect of Purchased Loan Receivables (see further the section entitled “*Certain Transaction Documents – Servicing Agreement*”).

The Purchased Loan Receivables

The Purchased Loan Receivables will be subject to credit, liquidity, interest rate risks, general economic conditions, operational risks, structural risks, the condition of financial markets, political events, developments or trends in any particular industry, changes in prevailing interest rates and periods of adverse performance which may have an adverse effect on the ability of Funding Circle Borrowers to make payments on the Purchased Loan Receivables and which, in turn, may adversely affect the payments on the Notes and the interests of the Noteholders.

Funding Circle Borrowers may default on their obligations under the Purchased Loan Receivables. Such defaults may occur for a variety of reasons. In addition to the financial conditions of the Funding Circle Borrowers, various other factors influence small and medium-sized enterprise loan delinquency rates, default rates, prepayment rates, the frequency with which security is enforced and the ultimate payment of interest and principal, such as changes in the national or international economic climate, regional economic conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies.

Purchased Loan Receivables included in the Loan Portfolio which complied with the Eligibility Criteria and satisfied the Funding Circle Warranties and the Seller Asset Warranty at the time when tested or given under the Receivables Sale and Assignment Agreement, but which subsequently cease to comply with the Eligibility Criteria or satisfy such Funding Circle Warranties or Seller Asset Warranty, as applicable, may, but are not required to be, removed from the Loan Portfolio.

In the case of Funding Circle Borrowers who are individuals, their ability to repay amounts owing under Purchased Loan Receivables may be adversely affected by their personal circumstances (for example, unemployment, illness, sudden death, divorce or other similar factors).

For further details, see the section entitled “*The Servicing and Collection Agent, Reporting Agent and the Funding Circle Platform*”.

Loan Receivable Documentation

The Purchased Loan Receivables are made using standardised Loan Receivable Documentation. Thus, many Funding Circle Borrowers may be similarly situated insofar as the provisions of their contractual obligations are concerned. Accordingly, certain allegations of violations of the provisions of Applicable Laws could potentially result in a large class of claimants asserting claims against the Issuer, the Servicing and Collection Agent, the Seller or any other relevant Transaction Party. The costs of defending or paying judgments in any such lawsuits could adversely affect the Servicing and Collection Agent’s, the Seller’s or other relevant Transaction Party’s business, or could reduce the Issuer’s funds available to make payments of principal of and interest on the Notes.

For further details, see the section entitled “*The Servicing and Collection Agent, Reporting Agent and the Funding Circle Platform*”.

Income and Principal Deficiency

On each Note Payment Date, the Issuer, or the Cash Manager and Calculation Agent on its behalf, will transfer all amounts standing to the credit of the Cash Reserve Account to the Issuer Transaction Account and apply such amounts as Available Interest Proceeds in accordance with the Pre-Acceleration Interest Priority of Payments.

If, on any Note Payment Date, as a result of shortfalls in amounts set out in paragraphs (a) to (d) of the definition of Available Interest Proceeds, there is a Senior Interest Deficiency, then, subject to certain conditions, the Issuer, or the Cash Manager and Calculation Agent on its behalf, may apply transfer amounts standing to the credit of the Liquidity Reserve Account to the Issuer Transaction Account and apply such amounts against such Senior Interest Deficiency.

If, on any Note Payment Date, as a result of shortfalls in amounts set out in paragraphs (a) to (e) of the definition of Available Interest Proceeds, there is a Remaining Senior Interest Deficiency, then, subject to certain conditions, the Issuer, or the Cash Manager and Calculation Agent on its behalf, may apply amounts otherwise constituting Available Principal Proceeds against such Remaining Senior Interest Deficiency. In this event, the consequences set out in the following paragraph may result.

Application, as described above, of any Available Principal Proceeds to meet any Remaining Senior Interest Deficiency (in addition to any Default Amounts in respect of the Purchased Loan Receivables to be recorded as debit entries on the Principal Deficiency Ledgers as described in “*Key Structural Features*”) will be recorded first, to the Class Z Principal Deficiency Ledger up to a maximum of the Principal Amount Outstanding of the Class Z Notes; second, to the Class E Principal Deficiency Ledger up to a maximum of the Principal Amount Outstanding of the Class E Notes; third, to the Class D Principal Deficiency Ledger up to a maximum of the Principal Amount Outstanding of the Class D Notes; fourth, to the Class C Principal Deficiency Ledger up to a maximum of the Principal Amount Outstanding of the Class C Notes; fifth, to the Class B Principal Deficiency Ledger up to a maximum of the Principal Amount Outstanding of the Class B Notes; and sixth, to the Class A Principal Deficiency Ledger up to a maximum of the Principal Amount Outstanding of the Class A Notes.

It is expected that during the course of the life of the Notes, principal deficiencies will be recouped from Available Interest Proceeds. Available Interest Proceeds will be applied, after meeting prior ranking obligations as set out under the Pre-Acceleration Interest Priority of Payments, to credit, first, the Class A Principal Deficiency Ledger to reduce the debit balance to zero, second, the Class B Principal Deficiency Ledger to reduce the debit balance to zero, third, the Class C Principal Deficiency Ledger to reduce the debit balance to zero, fourth, the Class D Principal Deficiency Ledger, fifth to reduce the debit balance to zero, the Class E Principal Deficiency Ledger to reduce the debit balance to zero and sixth, the Class Z Principal Deficiency Ledger to reduce the debit balance to zero.

If there are insufficient funds available as a result of such income or principal deficiencies, then one or more of the following consequences may ensue:

- (a) the interest and other net income of the Issuer may not be sufficient, after making the payments to be made in priority thereto, to pay, in full or at all, interest due on the Notes; and
- (b) there may be insufficient funds to repay the Notes on or prior to the Final Maturity Date of the Notes unless the other net income of the Issuer is sufficient, after making other payments to be made in priority thereto, to reduce to nil the balance on the Principal Deficiency Ledgers.

Related Security

Purchased Loan Receivables benefit (where the relevant Funding Circle Borrower is a company limited by shares incorporated in the United Kingdom) from a Personal Guarantee granted to one or more of the Security Holders by an owner or director of such Funding Circle Borrower, but are otherwise generally unsecured. In limited circumstances, a Purchased Loan Receivable may also benefit from one or more of the following Security Interests: (i) Security Interests that have been, or may be, provided by the relevant Funding Circle Borrower and/or the relevant Guarantor to or for the benefit of Funding Circle or FCTL (as a Security Holder) where it has experienced financial difficulty or which it has provided or may provide during any enforcement process in respect of such Purchased Loan Receivable, and (ii) Security Interests which have been or may be granted to FCTL (as a Security Holder) by the relevant Funding Circle Borrower and/or the relevant Guarantor or by the Courts of England and Wales in connection with another Loan Receivable of such Funding Circle Borrower and/or the relevant Guarantor and which secure (among other things) such Purchased Loan Receivable, in each case which will be held on trust pursuant to the Security Declaration of Trust by the relevant Security Holder for itself and

for the Funding Circle Investors entitled thereto (such Security Interests, together with any Personal Guarantee form part of the Related Security).

Pursuant to the Security Declaration of Trust, the Security Holders will (i) hold on trust the Related Security on behalf of all persons entitled thereto in accordance with the Funding Circle Terms and Conditions for Investors and (ii) declare a trust in respect of Purchased Defaulted Receivables and the proceeds of enforcement thereof for the benefit of the Issuer absolutely (less the costs of enforcement). Prospective investors should be aware that the Funding Circle Terms and Conditions for Investors may be amended from time to time and that the nature and extent of the Issuer's interest in any Related Security may be affected by such amendments.

Prospective investors should be aware that, due to the nature of the trust arrangement in respect of the Related Security pursuant to the Security Declaration of Trust, the Issuer will not have any direct interest in the Related Security Trust Property to which it is entitled. The Related Security Trust Property will not be assigned legally or equitably or otherwise transferred to the Issuer and the legal title to the Related Security Trust Property and the rights in respect of the Related Security Trust Property will remain with the Security Holders as trustee. The Issuer will rely on the Security Holders (acting as trustee under such Security Declaration of Trust) to take actions in respect of the Related Security Trust Property to which it is entitled (including, without limitation, actions in relation to release, enforcement or changes to the Related Security Trust Property) so as to maximize recoveries in respect of the Related Security Trust Property for the benefit of the beneficiaries entitled thereto. In circumstances where the Issuer is not the sole beneficiary of the trusts created pursuant to the Security Declaration of Trust, neither the Issuer nor the Trustee will on their own be able to give instructions to the Security Holders (acting as trustee under such Security Declaration of Trust).

None of the Issuer or the Trustee has any legal interest in the Related Security Trust Property and the Security Holders will not be, and will not be deemed to be, acting as the agent or trustee of the Issuer in connection with the exercise of, or the failure to exercise, any of its rights or powers arising under or in connection with its holding of any Related Security Trust Property (although the Security Holders will be the Trustees in respect of the Related Security Trust Property).

The Issuer will be dependent upon the Security Holders' performance of their obligations under the Security Declaration of Trust in order to receive any enforcement proceeds due from Funding Circle Borrowers and/or Guarantors under Related Security Trust Property to which it is entitled. Any such enforcement proceeds in relation to the Related Security Trust Property are held by the Security Holder (as trustee) in accordance with the Security Declaration of Trusts. In addition, due to the nature of the trust arrangement in respect of the Related Security Trust Property, any disposal of the Purchased Loan Receivables to a third party would be subject to the trust arrangement in respect of the Related Security Trust Property.

For further details, see the section entitled "*The Servicing and Collection Agent, Reporting Agent and the Funding Circle Platform*".

Market Value of Purchased Loan Receivables

The market value of the Purchased Loan Receivables will generally fluctuate with, among other things, changes in prevailing interest rates, general economic conditions, the condition of certain financial markets, international political events, developments or trends in any particular industry and the financial condition of the Funding Circle Borrowers or Guarantors, as the case may be, of the Purchased Loan Receivables. Typically, loans to small and medium-sized enterprises are not considered to be investment grade and that reflects a greater possibility that adverse changes in the financial condition of a Funding Circle Borrower or Guarantor or in general economic conditions or both may impair the ability of the relevant Funding Circle Borrower to make payments of principal or interest or the relevant Guarantor to make payments under its guarantee. Such investments may be speculative.

The financial markets periodically experience substantial fluctuations. No assurance can be given that the conditions giving rise to such price fluctuations and limited liquidity will not occur, subsist or become more acute following the Closing Date. A decrease in the market value of the Purchased Loan Receivables would adversely affect the proceeds of sale that could be obtained by the Issuer or the Trustee upon the sale of the Purchased Loan Receivables, which could affect the amount received by the Issuer in respect of the Purchased Loan Receivables and could ultimately affect the ability of the Issuer to pay in full or redeem the Notes.

Variation of terms of Purchased Loan Receivables

Under the Servicing Agreement, the Servicing and Collection Agent has agreed that, in respect of each Purchased Loan Receivable, it will not agree to any Loan Modification without the prior written consent of the Trustee,

- (a) except that the Servicing and Collection Agent may agree any Loan Modification that constitutes the agreement of a Payment Plan or is, in the Servicing and Collection Agent's reasonable discretion, necessary:
 - (i) to preserve the enforceability of any such Purchased Loan Receivable; or
 - (ii) to facilitate or ensure compliance with, or prevent any violation of, any applicable law; or
 - (iii) to preserve the transferability, registration or tax treatment of any Purchased Loan Receivable; or
 - (iv) such modification is of a formal, minor or technical nature or is made to correct a manifest error; and
- (b) that the Servicing and Collection Agent will not in any event agree to any Loan Modification in respect of a Purchased Loan Receivable (other than a Defaulted Loan) which would:
 - (i) reduce the Collateral Principal Balance of the Purchased Loan Receivable;
 - (ii) reduce the contractual interest payable by the Funding Circle Borrower in respect of that Purchased Loan Receivable; or
 - (iii) extend the final maturity of that Purchased Loan Receivable as at the date of its initial Advance, except pursuant to a Payment Plan.

If the Servicing and Collection Agent grants any Loan Modification in respect of any Purchased Loan Receivable on or after the Loan Portfolio Cut-Off Date other than as set forth above, it shall repurchase the relevant Purchased Loan Receivable. For further details, see the section entitled "*Certain Transaction Documents – Servicing Agreement*".

Noteholders should be aware that certain Purchased Loan Receivables have been subject to Loan Modifications other than as set forth above prior to their purchase by the Issuer. In particular, certain Purchased Loan Receivables that comprise COVID Adjusted Performing Loans were subject to recovery payment plans prior to the Loan Portfolio Cut-Off Date, which may have (among other things) extended the final maturity of the relevant Purchased Loan Receivable. For further details, see the section entitled "The Servicing and Collection Agent, Reporting Agent and the Funding Circle Platform – Arrears and Default – COVID Adjusted Performing Loans".

Concentration Risks

Although no significant concentration with respect to any particular Funding Circle Borrower is expected to exist at the Closing Date, the concentration of the Loan Portfolio in any one Funding Circle Borrower would subject the Notes to a greater degree of risk with respect to defaults by such Funding Circle Borrower, and the concentration of the Loan Portfolio in any one industry or region could subject the Notes to a greater degree of risk with respect to economic downturns relating to such industry or region. Prepayments of Purchased Loan Receivables may alter the concentration of the Loan Portfolio. See further the section entitled "*The Loan Portfolio*".

Funding Circle's credit scoring models may be inadequate

Funding Circle employs a comprehensive credit assessment process to evaluate loan applications, which involves automated processes as well as human input, assessment and analysis. This process is designed with multiple controls to minimise error, such as independent model validation, model user acceptance tests, model monitoring, data quality checks, independent review of manual credit decisions, portfolio performance monitoring and defaulted loans analysis, among other controls. Despite these controls, the credit assessment process may be ineffective and may not accurately assess actual creditworthiness of Funding Circle Borrowers for various reasons, including as a result of:

- (a) errors (whether human or otherwise) in constructing, interpreting or using the models and techniques used in the evaluation process;

- (b) the use of inaccurate data (including as a result of human error in data input, inaccurate data received from external data vendors (e.g., credit bureaux and public registries) and fraudulent data input by Funding Circle Borrowers, employees or third-party service providers). While Funding Circle seeks to cross-reference some of the information it receives from Funding Circle Borrowers against publicly available information (e.g., from credit bureaux and public registries), it does not undertake a comprehensive verification of information, and any such verification may be inaccurate or incomplete. Additionally, it is possible that, following the date of any credit information received, a Funding Circle Borrower may default on a pre-existing debt obligation, take on additional debt or sustain other adverse financial or life events, which, if known, might have resulted in the assignment of a different credit rating or a decision not to lend;
- (c) the creation and use of models based on incorrect assumptions or inadequate data. Although Funding Circle takes significant care to source data from a variety of sources, there can be no assurance that it will always be able to procure sufficient data, or that such data will not become more expensive to access (including as a result any of changes in privacy and data protection laws and regulations adversely affecting Funding Circle's or its external data vendors' ability to collect, use and transfer personal data), in order to adequately evaluate potential Funding Circle Borrowers;
- (d) incorrect judgment and decisions by Funding Circle's employees or third-party service providers, which could impact credit performance; and
- (e) errors in the current or future platforms, software and technology infrastructure supporting Funding Circle's risk models.

In addition, although these models and techniques attempt to take into account the external environment that might impact the Funding Circle Borrowers' ability to service their debts, such as macroeconomic, interest rate and political environments they may not accurately predict the actual credit risk for various reasons, including as a result of inaccurate assumptions or failure to update such assumptions appropriately or in a timely manner.

If any of these credit scoring models and other analytical techniques are ineffective or contain errors, or if the data provided by Funding Circle Borrowers or third parties is incorrect or stale, Funding Circle's loan pricing and assessment process could be negatively affected, resulting in mispriced or misclassified loans or incorrect approvals or denials of loans.

Funding Circle's risk rating classifications are intended to be informative only and reflect Funding Circle's view of the relative creditworthiness of the Funding Circle Borrower. There can be no guarantee of the creditworthiness of a Funding Circle Borrower.

While Funding Circle may update or amend at any time a Funding Circle Borrower's information or the risk rating classification, it accepts no obligation to do so (including between when the loan request is first made and when it is entered into, and during the term of any loan).

Because of these factors, the Issuer may invest (directly or indirectly) in Purchased Loan Receivables originated on the Funding Circle Platform based upon inaccurate Funding Circle Borrower credit information. Additionally, the interest rate for a Purchased Loan Receivable may not be reflective of its risk profile, which may result in lower returns than might be expected in relation to the actual credit risk which is borne by the Issuer. Consequently the Issuer may receive a lower or unpredictable level of income in respect of Purchased Loan Receivables. For further details, see the section entitled "*The Servicing and Collection Agent, Reporting Agent and the Funding Circle Platform*".

The Issuer's rights may rank behind those of other creditors

All Purchased Loan Receivables are credit obligations of (i) companies limited by shares incorporated in the United Kingdom or a limited liability partnership incorporated in the United Kingdom (as evidenced by a search at the Companies Registry, Cardiff), (ii) UK-resident individual sole traders, (iii) partnerships solely comprising UK-resident individual partners, or (iv) partnerships comprising both (A) a number of partners each of whom is an individual and (B) a number of partners each of which is a company limited by shares, where (1) each of the partners who is an individual is a UK resident and (2) each of the partners which is a company limited by shares is incorporated in the United Kingdom (as evidenced by a search conducted at the Companies Registry, Cardiff), and the Loan Agreements restrict the Funding Circle Borrower from incurring additional indebtedness above certain levels, without the prior written consent of Funding Circle (such consent not to be unreasonably withheld).

If a Funding Circle Borrower incurs additional debt (with or without Funding Circle's consent) after borrowing through the Funding Circle Platform, that additional debt may adversely affect the Funding Circle Borrower's creditworthiness generally, and could result in the financial distress, insolvency or bankruptcy of the Funding Circle Borrower. This could ultimately impair the ability of that Funding Circle Borrower to make payments on the Purchased Loan Receivable, which the Issuer expects to receive. To the extent Funding Circle Borrowers incur other indebtedness that is secured, such as a mortgage, in priority to the borrowing via the Funding Circle Platform, the ability of the secured creditors to exercise remedies against the assets of that Funding Circle Borrower may impair the Funding Circle Borrower's ability to meet its obligations to the Issuer or it may impair Funding Circle's ability to collect payments.

If a Funding Circle Borrower files for bankruptcy, insolvency or analogous proceedings, a stay may go into effect that will automatically put any pending collection actions on hold and prevent further collection action absent court approval. It is possible that the Funding Circle Borrower's personal liability will be discharged in bankruptcy. In most cases involving the bankruptcy of a Funding Circle Borrower, creditors, including the Issuer, will receive only a proportion of any amount outstanding, if anything.

Prospective investors should be aware that Funding Circle or its Affiliates may from time to time amend the Funding Circle Standard Documentation or give consent to Funding Circle Borrowers which will allow them to incur other Loans and grant security for them. Any such amendment or consent may enable a Funding Circle Borrower of a Purchased Loan Receivable to enter into additional Loan Receivables on terms that are more favourable to the Funding Circle Investors in respect thereof than the Issuer under the Purchased Loan Receivables of such Funding Circle Borrower. In particular, any such amendment or consent could permit a Funding Circle Borrower of an unsecured Purchased Loan Receivable to enter into additional secured Loan Receivables, which would be prioritized over such unsecured Purchased Loan Receivable in the event of a default of such Funding Circle Borrower and the subsequent enforcement of its Loans. For further details, see the section entitled "*Certain Transaction Documents – Servicing Agreement*".

Reliance on Funding Circle's current or future platforms, software and technology infrastructure to originate Loans and to facilitate and monitor Loans once acquired

Funding Circle has developed its own bespoke software and infrastructure and also utilises third party products and service providers in connection with the provision, operation and maintenance of current or future platforms, software and technology infrastructure. The Issuer is reliant on the functionality of such systems and services, including in respect of the origination and allocation of credit assets. The Issuer is also reliant on Funding Circle's systems and services to determine whether Loans comply with the Eligibility Criteria, the Funding Circle Warranties, the Seller Asset Warranty and for the ongoing loan monitoring and servicing of the Loan Portfolio.

Any failure of the current or future platforms, software and technology infrastructure and services developed, maintained or used by Funding Circle could have a material adverse effect on the ability of Funding Circle to perform these activities and therefore impact the Issuer's results. In addition, certain of Funding Circle's operations interface with, or depend on, current or future platforms, software and technology infrastructure operated by third parties who are outside the control of the Issuer, and Funding Circle may not be in a position to provide absolute assurance regarding the risks or reliability of such third-party systems.

The Issuer is reliant upon obtaining data feeds from Funding Circle. Any delays or failures could impact operational controls and the valuation of the Loan Portfolio. While Funding Circle monitors the performance of these current or future platforms, software and technology infrastructure, there can be no guarantee that issues will not arise, and any such issues may result in processing delays. To seek to mitigate this risk Funding Circle has defined processes in place to respond to disruption to IT services.

Any programs or systems used by Funding Circle (or on which Funding Circle is otherwise reliant) may be subject to certain defects, failures or interruptions, including those caused by computer "worms", viruses and power failures. Such failures could adversely affect the origination and processing of Loans to fail, lead to inaccurate accounting, recording or processing of transactions, and cause inaccurate reports, which may affect the monitoring of the Loan Portfolio.

Any such defect or failure could cause the Issuer to suffer financial loss, the disruption of its business, regulatory intervention or reputational damage.

Unpredictability of default rates

The default history for loans originated via lending platforms is limited and actual defaults may be greater than indicated by historical data and the timing of defaults may vary significantly from historical observations.

The methodology and assumptions used by Funding Circle to calculate the historical default experience may not be sufficiently accurate and accordingly may not accurately extrapolate the expected lifetime of loan defaults. As a result the Purchased Loan Receivables in the Loan Portfolio may have a higher risk of default than expected, which may result in increased losses to the Issuer.

Prepayment risk

Funding Circle Borrowers may decide to prepay all of the remaining principal amount due at any time without penalty. In the event of a prepayment of the entire remaining unpaid principal amount of a Purchased Loan Receivable acquired by the Issuer, the Issuer will receive such prepayment but further interest will not accrue after the date of the prepayment.

Fraud

Fraud is a risk affecting the lending industry in general. The value of the investments made by the Issuer may be affected by fraud, misrepresentation or omission on the part of Funding Circle Borrowers, by parties related to a Funding Circle Borrower or by other parties to the Loans (or related collateral and security arrangements), including the Funding Circle Platform. While Funding Circle has put in place systems, intended in most cases to verify information provided by borrowers to reduce the risk of fraud, misrepresentation or omission such systems may not be sufficient, in all cases, to prevent Loans being originated on the basis of fraud, misrepresentation or omission. Any such fraud, misrepresentation or omission may adversely affect the value of the security underlying the affected Purchased Loan Receivable(s) (in circumstances where security has been taken) or may adversely affect the Issuer's ability to enforce its contractual rights under such Purchased Loan Receivable(s) or for the Funding Circle Borrower to repay principal or interest on it or its other debts. In the event of fraud, misrepresentation or omission in respect of a Purchased Loan Receivable, Funding Circle may require a Funding Circle Borrower to make an early repayment of the amount outstanding under the related Loan.

Money laundering and proceeds of crime

Any material failure by the Funding Circle Platform or the Issuer to comply with anti-money laundering restrictions or in connection with any investigation relating thereto could result in fines or penalties. Such fines or penalties could have a material adverse effect on the Issuer directly, for amounts owed for fines or penalties, or indirectly, as a result of any adverse publicity which might in turn have an effect on the liquidity and value of the Loan Portfolio.

Competitive Environment

A number of competing businesses operate in the platform lending sector and the number of suitable lending opportunities is finite. The continued success of the Funding Circle Platform and the success of the business of Funding Circle is contingent on, among other things, Funding Circle being well run, maintaining and/or expanding its market share and avoiding adverse publicity or otherwise a loss of reputation. If Funding Circle were to encounter financial difficulties it is highly likely that this would impair its ability to perform its duties as Servicing and Collection Agent under the Servicing Agreement.

Counterparty risks

Issuer reliance on other third parties

The Issuer is also party to contracts with a number of other third parties who have agreed to perform services in relation to the Notes. In particular, but without limitation, the Corporate Services Provider has agreed to provide certain corporate administration services to the Issuer, the Issuer Account Bank has agreed to provide the Issuer Accounts to the Issuer, the Servicing and Collection Agent has agreed to service the Loan Portfolio, the Back-Up Servicing and Collection Agent has agreed to replace the Servicing and Collection Agent following the termination of the Servicing and Collection Agent's appointment as Servicing and Collection Agent, the Cash Manager and Calculation Agent has agreed to provide cash management services to the Issuer, the Principal Paying Agent and the Registrar have agreed to provide certain agency services to the Issuer in connection with

the Notes and the Reporting Agent has agreed to provide certain reporting services in connection with the transparency requirements of the EU Securitisation Regulation and the UK Securitisation Regulation. In some cases, the above parties are entitled to delegate the performance of the relevant services to third parties. In the event that any of the above parties or their delegates were to fail to perform their obligations under the respective agreements to which they are a party, payments on the Notes may be adversely affected. In the case of non-performance by a delegate of any of the above parties, the delegate may be a party with whom the Issuer does not have any direct contractual relationship and therefore the Issuer will not be able to directly enforce performance by that delegate.

Investors should also be aware that third parties on which the Issuer relies may be adversely impacted by the general economic climate. At the date of this Prospectus, global markets have recently been negatively impacted by the then prevailing global credit market conditions as further described above in “*Risks related to economic environment*”. If such conditions were to return, these factors affecting Transaction Parties specifically, as well as market conditions generally, could adversely affect the performance of the Notes. In addition, there can be no assurance that governmental or other actions would improve market conditions in the future should conditions deteriorate.

Furthermore, as a result of the stringent travel and other restrictions (including imposing restrictions on leaving home without reasonable cause and on public gatherings and requiring closures of certain businesses, such as non-essential shops and restaurants) imposed by governments in many countries (including the UK government) seeking to contain the COVID-19 pandemic (as to which, see further section “*Risk Factors — Risks related to the Receivables — The COVID-19 pandemic*”), many organisations (including courts, other government agencies and service providers) have either closed or implemented policies requiring their employees to work at home. Such remote working policies are dependent upon a number of factors to be successful, including communications, internet connectivity and the proper functioning of information technology systems, all of which can vary from organisation to organisation. As a result, such closures and remote working policies may lead to delays or disruptions in performing otherwise routine functions and an increase in operational errors, and pose higher risk of general IT system failure, security breaches or cyber-attacks.

In particular, the COVID-19 pandemic currently underway may cause disruption to the Servicing and Collection Agent's customers, suppliers and staff. The Servicing and Collection Agent's ability to administer the Loans in accordance with the Servicing Agreement may be adversely affected by disruptions to its infrastructure, business processes and technology services, resulting from the unavailability of staff due to illness or the failure of third parties to supply services. In addition, to the extent that courts and other government agencies are closed or operate on a limited basis, registration, enforcement and similar activities may not be processed in a timely manner, and may be further delayed as such offices and courts address any backlogs of such actions that accumulated during the period of closure, and the duration of such backlogs is impossible to predict at this time.

Reliance on third parties following the breach of a Funding Circle Warranty or the Seller Asset Warranty

Funding Circle will make certain representations and warranties to the Issuer and the Trustee (the “**Funding Circle Warranties**”) in respect of the Purchased Loan Receivables (including that each Purchased Loan Receivable satisfied the Eligibility Criteria as at the date on which the original funder entered into a binding commitment to fund such Loan (or at the time otherwise indicated)) (see “*Certain Transaction Documents - Receivables Sale and Assignment Agreement - Funding Circle Warranties and Purchase and Payment Obligations*” below for a summary of the Funding Circle Warranties). The sole remedy of the Issuer in respect of a breach of one or more of the Funding Circle Warranties shall be the requirement that Funding Circle purchases (or procures that another member of the Funding Circle Group purchases) the Purchased Loan Receivable in respect of which the breach has occurred in an amount equal to the relevant Remedy Amount or pays to the Issuer an amount equal to the Remedy Amount, in respect of such Purchased Loan Receivable when obliged to do so on a date falling not later than the Remedy Date. This shall not limit any other remedies available to the Issuer if Funding Circle fails to purchase a Purchased Loan Receivable when obliged to do so.

If any Purchased Loan Receivable did not satisfy the Eligibility Criteria as at its applicable Determination Date (or at the time otherwise indicated) and Funding Circle has not discharged the applicable Affected Loan Remedy in respect of such Purchased Loan Receivable by the applicable Remedy Date, then Glencar is required to deposit an amount equal to the relevant Remedy Amount in respect of the relevant Affected Loan in the Issuer Transaction Account on a date falling not later than the Remedy Date.

There can be no assurances that Funding Circle or Glencar, as the case may be, will have the financial resources to honour its obligations to purchase or make payments in respect of any Purchased Loan Receivable in respect of which a breach of Funding Circle Warranty has occurred.

In addition, the Seller will also make certain representations and warranties to the Issuer and the Trustee (the “**Seller Asset Warranty**”) in respect of the Purchased Loan Receivables (see “*Certain Transaction Documents - Receivables Sale and Assignment Agreement – Seller Asset Warranty*” below for a summary of the Seller Asset Warranty). The sole remedy of the Issuer in respect of a breach of the Seller Asset Warranty, as at the Loan Portfolio Cut-Off Date or the Closing Date, as applicable, shall be the requirement that the Seller pay a Deemed Collection in an amount equal to the relevant Remedy Amount in respect of the relevant Purchased Loan Receivable to the Issuer Transaction Account, in each case, on a date falling not later than the Remedy Date. This shall not limit any other remedies available to the Issuer if the Seller fails to pay a Deemed Collection to the Issuer in respect of a Purchased Loan Receivable when obliged to do so.

There can be no assurance that the Seller will have the financial resources to pay (i) a Deemed Collection to the Issuer in respect of any Purchased Loan Receivable in respect of which a breach of the Seller Asset Warranty has occurred or (ii) the relevant Remedy Amount if Funding Circle fails to discharge the applicable Affected Loan Remedy in respect of any Purchased Loan Receivable which did not satisfy the Eligibility Criteria as at its applicable Determination Date (or at the time otherwise indicated).

The number of purchases or Deemed Collections pursuant to the Receivables Sale and Assignment Agreement will affect the timing of principal amounts received by the Issuer and hence payments of principal and (in the event of a shortfall) interest on the Notes.

The Servicing and Collection Agent

The Servicing and Collection Agent will be appointed by the Issuer to service the Loan Portfolio. In case the appointment of the Servicing and Collection Agent as servicer is terminated in accordance with the provisions of the Servicing Agreement, the Back-Up Servicing and Collection Agent will be required to perform the services of the Servicing and Collection Agent in respect of the Loan Portfolio, excluding the obligation of Funding Circle to purchase or make a payment in respect of any Affected Loans pursuant to the Transaction Documents.

If the appointment of the Servicing and Collection Agent is terminated in accordance with the provisions of the Servicing Agreement and the performance of the Services is commenced by the Back-Up Servicing and Collection Agent in accordance with the terms of the Back-Up Servicing Agreement, the collection of payments on the Purchased Loan Receivables and the provision of the Services could be disrupted during the transitional period in which the performance of the Services is commenced by the Back-Up Servicing and Collection Agent. Any failure or delay in collection of payments on the relevant Purchased Loan Receivables resulting from a disruption in the servicing of the Purchased Loan Receivables could ultimately adversely affect payments of interest and principal on the Notes. A failure or delay in the performance of the Services, in particular reporting obligations, could affect the payments of interest and principal on the Notes. Such risk is mitigated by the provisions of the Back-Up Servicing Agreement pursuant to which the Back-Up Servicing and Collection Agent is required to receive from the Servicing and Collection Agent on a continuous basis servicing related information and to update and set up its systems to ensure that it can replace the Servicing and Collection Agent at short notice after the appointment of the Servicing and Collection Agent is terminated.

The Servicing and Collection Agent has no obligation itself to advance payments that Funding Circle Borrowers fail to make in a timely fashion.

For further details, see the section entitled “*Certain Transaction Documents – Servicing Agreement*”.

Funding Circle’s business

Because payments on the Notes are dependent on the performance of the Purchased Loan Receivables, the performance of the Notes will likely be adversely affected by adverse developments in Funding Circle’s business, particularly in its servicing business that affects the Purchased Loan Receivables. The Purchased Loan Receivables are serviced by Funding Circle in its capacity as Servicing and Collection Agent, and the Issuer will also rely exclusively on the collection and enforcement efforts of Funding Circle, the Security Holders or the applicable collection agencies engaged by Funding Circle for the collection of payments in respect of the Purchased Loan Receivables.

Funding Circle's policies

Funding Circle's servicing policies and procedures may change over time as a result of new data, new innovations and technology, and changes in the law or regulations. Funding Circle tests current and new servicing practices to develop and refine its practices. Areas tested may include different methods as well as intensity of contact at different stages in the collections. If a test shows that a new practice is an improvement over the existing practice, the new servicing and collection practice is applied to the entire portfolio going forward. Pursuant to the Servicing Agreement, Funding Circle will represent and warrant on the date thereof and each date thereafter until the Final Payout Date that no amendment to the Funding Circle Policies has been made since the Closing Date which would reasonably be expected to have a material adverse effect on (i) the rights or obligations of the Issuer under the Servicing Agreement, or (ii) the value or collectability of the Loan Portfolio, in each case without the prior written consent of the Issuer (but without the prior written consent of the Trustee being required).

Funding Circle conflicts of interest

Funding Circle acts in various capacities in the Transaction including as the Servicing and Collection Agent and as a Security Holder. Actual or potential conflicts may arise between the interests of such entities and the interests of the Issuer and the other Noteholders. Funding Circle will have only those duties and responsibilities expressly agreed by it in the Transaction Documents to which it is a party and will not, by virtue of its or any of its Affiliates acting in any other capacity, be deemed to have any other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided in such Transaction Documents. Funding Circle, in its various capacities in connection with the Transaction, may enter into business dealings from which it may derive revenues and profits without any duty to account therefore in connection with the Transaction. Given the nature of the platform lending industry and the potentially differing interests of the various stakeholders, including investors in loans, borrowers, third-party service providers, as well as the Funding Circle Group, actual or perceived conflicts of interest may arise. Conflicts can arise, for example, when there are competing interests between the Funding Circle Group on the one hand, and investors in loans or borrowers on the other, as well as between investors investing in loans or loan parts through Funding Circle's platform via different channels with differing contractual terms and conditions. While Funding Circle has put in place a conflicts of interest policy aimed at ensuring that investors in loans and borrowers are always treated fairly, there are inherent limitations in such policies, including the possibility that certain risks have not been identified or that such policies are not adhered to.

The Back-Up Servicing and Collection Agent

If the appointment of the Back-Up Servicing and Collection Agent is terminated or if the Back-Up Servicing and Collection Agent is unable to perform the Services following the giving of a Termination Notice, there can be no assurance that a replacement back-up servicing and collection agent with sufficient experience of administering loans similar to those in the Loan Portfolio would be found who would be willing and able to service the Purchased Loan Receivables. The ability of any entity acting as a back-up servicing and collection agent to fully perform the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a substitute back-up servicing and collection agent may affect payments on the Purchased Loan Receivables and hence the Issuer's ability to make payments when due on the Notes.

The failure of the Back-Up Servicing and Collection Agent to commence performance of the Services following the termination of the appointment of the Servicing and Collection Agent as servicer in accordance with the Servicing Agreement could result in the failure or delay in collection of payments on the relevant Purchased Loan Receivables and ultimately could adversely affect payments of interest and principal on the Notes. Similarly, if the Back-Up Servicing and Collection Agent assumes performance of the Services as Successor Servicing and Collection Agent, there can be no assurance that, if required, a replacement back-up servicing and collection agent could be found. The Back-Up Servicing and Collection Agent has no obligation itself to advance payments that Funding Circle Borrowers fail to make in a timely fashion.

For further details, see the section entitled "*Certain Transaction Documents – Back-Up Servicing Agreement*".

Risk inherent in the Servicing and Collection Agent's and Back-Up Servicing and Collection Agent's business

The Servicing and Collection Agent's, and the Back-Up Servicing and Collection Agent's business depends on the ability of the Servicing and Collection Agent or Back-Up Servicing and Collection Agent, as applicable, to process a large number of transactions efficiently and accurately. Losses can result from inadequate or failed internal control processes, and systems, human error, fraud or from external events that interrupt normal business

operations. In the event of a Servicing Termination Event or a Back-Up Servicing Termination Event, the Issuer may be required to appoint a replacement Servicing and Collection Agent or Back-Up Servicing and Collection Agent (as the case may be). Depending on market circumstances, it may be difficult to appoint a replacement Servicing and Collection Agent or Back-Up Servicing and Collection Agent in such circumstances and the fees charged by any replacement Servicing and Collection Agent or Back-Up Servicing and Collection Agent will be payable in priority to interest and principal in respect of the Notes.

Certain material interests

The Arranger, the Joint Lead Managers and their respective affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, Funding Circle, the Seller or the Retention Holder.

In addition, Funding Circle will act as Servicing and Collection Agent in respect of Loans in respect of which unrelated third parties will act as Funding Circle Investors.

Nothing in the Transaction Documents shall prevent any of the parties to the Transaction Documents from rendering services similar to those provided for in the Transaction Documents to other persons, firms or companies or from carrying on any business similar to or in competition with the business of any of the parties to the Transaction Documents.

Accordingly, conflicts of interest may exist or may arise as a result of parties to the Transaction:

- (a) having previously engaged or in the future engaging in transactions with other parties to the Transaction;
- (b) having multiple roles in the Transaction; and/or
- (c) carrying out roles in other transactions for third parties.

The Trustee is not obliged to act in certain circumstances

The Trustee may, at any time, at its discretion and without further notice, institute such steps, actions or proceedings as it thinks fit to enforce its rights under the Trust Deed in respect of the Notes of each Class (including these Conditions), the Charge and Assignment or under the other Transaction Documents or, following the delivery of an Enforcement Notice, to enforce the Security, but it shall not be bound to do so unless:

- (a) so requested in writing by the Noteholders of at least 25 *per cent.* in aggregate of the Principal Amount Outstanding of the Most Senior Class of Notes; or
- (b) so directed by Noteholders of the Most Senior Class of Notes acting by way of Extraordinary Resolution,

and in any such case, only if it shall have been indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which it may incur by so doing.

Change of counterparties

The Interest Rate Cap involves the Issuer entering into contracts with one or potentially more counterparties. Pursuant to such contracts, the counterparties agree to make payments to the Issuer under certain circumstances as described therein. The Issuer will be exposed to the credit risk of the counterparty with respect of any such payments. Counterparties in respect of the Interest Rate Cap are required to satisfy the applicable Rating Agency requirements, upon entry into the applicable contract or instrument.

If, following entry into an Interest Rate Cap, a counterparty is subject to a rating withdrawal or downgrade by the Rating Agencies to below the applicable Rating Agency requirement, there will be a termination event under the Interest Rate Cap unless the counterparty effects a specified cure within the applicable grace period following such rating withdrawal or downgrade as set out in the Interest Rate Cap. Such cures include a counterparty transferring its obligations under the Interest Rate Cap to a replacement counterparty that satisfies certain specified eligibility criteria (including the ratings requirement), obtaining a guarantee of its obligations by a guarantor that satisfies certain specified eligibility criteria (including the ratings requirements), collateralising its obligations in a manner satisfactory to the Rating Agencies or effecting some other such strategy which will not have an adverse effect on the Rated Notes.

Similarly, the Issuer will be exposed to the credit risk of the Issuer Account Bank to the extent of, respectively, all cash of the Issuer held in the Issuer Accounts and all Swap Collateral and Excess Swap Collateral of the Issuer held by the Issuer Account Bank as a custodian. If the Issuer Account Bank is no longer an Eligible Institution as set out in the Account Bank Agreement, the Issuer shall use its reasonable endeavours to procure the appointment of a replacement Issuer Account Bank or custodian, as the case may be, with the applicable Rating Agency requirements and within the time limits prescribed for such action in the applicable Transaction Documents.

Transactions with counterparties that are relevant institutions for the purposes of the BRRD may be subject to the exercise of the “bail-in” powers attributed to Resolution Authorities under the BRRD or similar resolution mechanisms provided for in Regulation (EU) No. 806-2014 (the “**SRM Regulation**”). See the section entitled “*Some Important Legal and Regulatory Considerations — EU Bank Recovery and Resolution Directive*”.

Risks related to economic environment

European Union and Eurozone Risk

Investors should carefully consider how changes to the Eurozone may affect their investment in the Notes. Since the global economic crisis, the deterioration of the sovereign debt of several countries, together with the risk of contagion to other, more stable, countries, has continued to pose risks. This situation has also raised uncertainties regarding the stability and overall standing of the European Economic and Monetary Union and may result in changes to the composition of the Eurozone.

As a confidence building measure, the European Commission created the European Financial Stability Facility (the “**EFSF**”) and the European Financial Stability Mechanism (the “**EFSM**”) to provide funding to Eurozone countries in financial difficulties that seek such support. Subsequently, the European Council agreed that Eurozone countries would establish a permanent stability mechanism, the European Stability Mechanism (the “**ESM**”), to assume the role of the EFSF and the EFSM in providing external financial assistance to Eurozone countries which has been active since July 2013.

Despite these measures, concerns persist regarding the growing risk that other Eurozone countries could be subject to an increase in borrowing costs and could face an economic crisis similar to that of Cyprus, Greece, Italy, Ireland, Spain and Portugal, together with the risk that some countries could leave the Eurozone (either voluntarily or involuntarily including as a result of an electoral decision to leave the European Union), and that the impact of these events on Europe and the global financial system could be severe which could have a negative impact on the Loan Portfolio.

Furthermore, concerns that the Eurozone sovereign debt crisis could worsen may lead to the reintroduction of national currencies in one or more Eurozone countries or, in more extreme circumstances, the possible dissolution of the Euro entirely. The departure or risk of departure from the Euro by one or more Eurozone countries and/or the abandonment of the Euro as a currency could have major negative effects on the Loan Portfolio, Issuer and the Notes. These potential developments, or market perceptions concerning these and related issues, could adversely affect the value of the Notes.

Brexit and applicability of EU law in the UK

The UK has ceased to be a member of the EU and is also no longer part of the EEA. A Trade and Cooperation Agreement (the “**Trade and Cooperation Agreement**”), to govern the future relations between the EU and the UK, has been in effect since 1 May 2021. The Trade and Cooperation Agreement is a new, unprecedented arrangement between the EU and the UK and there is some uncertainty as to its operation and the manner in which trading arrangements will be enforced by both the EU and the UK. It does not create a detailed framework to govern the cross-border provision of regulated financial services from the UK into the EU and from the EU into the UK. The Trade and Cooperation Agreement is only part of the overall package of agreements reached between the EU and the UK and other supplementing agreements have been reached which include a series of joint declarations on a range of important issues where further cooperation is foreseen, including in relation to financial services. It should be noted that even if equivalence arrangements for certain sectors of the financial services industry are agreed, market access is unlikely to be as comprehensive as the market access that the UK enjoyed through its EU membership.

Many EU laws have been transposed into UK law and these transposed laws will continue to apply until such time that they are repealed, replaced or amended. Over the years, UK law has been devised to function in conjunction with EU law (in particular, laws relating to financial markets, financial services, prudential and conduct regulation

of financial institutions, financial collateral, settlement finality and market infrastructure). UK law may over time change and differ from EU law, potentially, and it is impossible at this time to predict the consequences on the Loan Portfolio, the Loan Agreements, the Servicing and Collection Agent, or the Issuer's business, financial condition, results of operations or prospects or any potential investors. Such changes could be materially detrimental to Noteholders.

Any potential adverse economic conditions such as a recession in the UK, with lower growth and higher unemployment, may also affect the ability of the Obligor to make payments under the Purchased Loan Receivables and/or increased impairments which in turn may adversely affect the ability of the Issuer to pay interest and repay principal to the Noteholders.

In addition, following the UK's withdrawal from the EU, future UK political developments and/or any changes in government structure and policies, could affect the fiscal, monetary and regulatory landscape. For example, there is the possibility of continued political tension over the prospect of a Scottish independence referendum following a pro-independence majority in the Scottish parliamentary elections in May 2021. While the operational consequences of independence remain uncertain, it could (i) result in changes to the economic climate in Scotland and political and policy developments which could affect Obligor's ability to pay amounts when due on the Purchased Loan Receivables and which may adversely affect payments on the Notes, (ii) have an impact on Scots law, regulation accounting, or administrative practice in Scotland, and/or (iii) result in Scotland not continuing to use Sterling as its base currency, which may result in part of the Loan Portfolio being redenominated and therefore the Notes potentially being subject to currency risk. No assurance can be given that any of the matters outlined above would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value and/or the liquidity of the Notes in the secondary market.

Regulatory Risk

Under the EU single market directives, mutual access rights to markets and market infrastructure exist across the EEA and the mutual recognition of insolvency, bank recovery and resolution regimes applies. In addition, regulated entities licensed or authorised in one EEA jurisdiction may operate on a cross-border basis in other EEA countries without the need for a separate licence or authorisation (the "**passporting regime**"). As a result of the UK's withdrawal from the EU, the passporting regime ceased to apply with respect to the UK on 31 December 2020 and UK regulated entities may no longer operate on a cross-border basis in EEA countries without a local licence (subject to specific measures or exceptions that may be adopted by individual member states).

The UK authorities have put in place a temporary legislative regime to enable EEA firms, for a limited time period, to continue operating in the UK financial services sector upon loss of passporting rights and market infrastructure access. However, EU authorities, such as the European Commission, have not proposed similar regimes other than in some limited cases relating to market infrastructure. Some (but not all) national legislators and regulators have passed or proposed legislation which would enable a degree of continuity of access to clients in their jurisdiction. There is, however, little uniformity as to the scope and approach of such legislation, and the final position in many jurisdictions remains unclear.

The loss of passporting rights and mutual access rights to market infrastructure and recognition of insolvency, bank recovery and resolution regimes as well as the uncertainty as to the future relationship between the EU and the UK in the context of financial services could adversely impact the Issuer and, in particular, the ability of third parties to provide services to the Issuer, and could be materially detrimental to Noteholders.

Market Risk

Following the UK's withdrawal from the EU, the financial markets have experienced volatility and disruption. This volatility and disruption may continue or increase, and investors should consider the effect thereof on the market for securities such as the Notes and on the ability of Obligor to meet their obligations in respect of the Purchased Loan Portfolios.

Investors should be aware that the result of the UK's withdrawal from the EU, any ongoing negotiation between the UK and the EU with respect to their future trading relationship and any changes to legislation may introduce potentially significant new uncertainties and instabilities in the financial markets. These uncertainties and instabilities could have an adverse impact on the business, financial condition, results of operations and prospects of the Issuer, the Obligor, the Purchased Loan Receivables and the other Transaction Parties and could therefore also be materially detrimental to Noteholders.

Exposure to Counterparties

The Issuer will be exposed to a number of counterparties (including the Interest Rate Cap Provider and each of the Agents) throughout the life of the Notes. Investors should note that, following the UK's withdrawal from the EU and depending on the future development of the trading relationship between the UK and the EU, such counterparties may be unable to perform their obligations due to changes in regulation, including the loss of, or changes to, existing regulatory rights to do cross-border business in the UK or the costs of such transactions with such counterparties may increase. In addition, counterparties may be adversely affected by rating actions or volatile and illiquid markets (including currency markets and bank funding markets) arising from the result of the UK's exit from the EU, therefore increasing the risk that such counterparties may become unable to fulfil their obligations and that such parties may need to be replaced. Such inability could adversely impact the Issuer and could be materially detrimental to Noteholders. For further information on counterparties, see the section entitled "*Risk Factors — Counterparty Risks — Change of counterparties*" above.

Ratings actions

Following the result of the Referendum, S&P, Fitch and Moody's have each downgraded the UK's sovereign credit rating and each of S&P and Fitch has placed such rating on negative outlook, suggesting possible further negative rating action.

The credit rating of a country affects the ratings of entities operating in its territory, and in particular the ratings of financial institutions. Accordingly, the recent downgrades of the UK's sovereign credit rating and any further downgrade action may trigger downgrades in respect of parties to the Transaction Documents. If a counterparty no longer satisfies the relevant rating requirement, the Transaction Documents may require that such counterparty be replaced with an entity that satisfies the relevant rating requirement. If rating downgrades are widespread, it may become difficult or impossible to replace counterparties with entities that satisfy the relevant rating requirement.

While the extent and impact of these issues are unknown, investors should be aware that they could have an adverse impact on the Issuer, its service providers, the payment of interest and repayment of principal on the Notes and therefore, the Noteholders. For further information, see the section entitled "*Risk Factors — Counterparty risks — Change of counterparties*" above.

Currency exchange rates and exchange controls

Since the result of the Referendum there has been increased volatility in the currency exchange rates. Investors should note that all payments on the Notes will be denominated in Sterling. Investors who are investing in the Notes, but who consider their investment profile and return in another currency may incur a number of risks including those relating to changes in exchange rates (which may be significant). An appreciation in the value of the investor's currency relative to the Sterling would result in a decrease of (1) the investor's currency-equivalent yield on the Notes, (2) the investor's currency-equivalent value of the principal payable on the Notes and (3) the investor's currency-equivalent market value of the Notes.

The ongoing COVID-19 pandemic

The world is currently experiencing an outbreak of a novel coronavirus (known as "**COVID-19**") which is causing severe health and unpredictable economic effects across the world. On 11 March 2020, the World Health Organisation declared the current outbreak of COVID-19 to be a global pandemic. In an attempt to contain the outbreak, governments in many countries (including the UK government) have sought to contain the virus through imposing stringent travel and other restrictions (including imposing restrictions on leaving home without reasonable cause and on public gatherings and requiring closures of certain businesses, such as non-essential shops and restaurants) with a resultant significant effect on economic activity. It remains unclear how the COVID-19 pandemic will evolve through the remainder of 2021 and beyond, including whether there will be further waves of the COVID-19 pandemic, whether COVID-19 vaccines approved for use by regulatory authorities will be deployed successfully with desired results, whether further new strains of COVID-19 will emerge and whether additional restrictions will be re-imposed and/or existing restrictions extended.

Given the unpredictable effect the pandemic may have on the local, national or global economy and/or personal finances of any Obligor, no assurance can be given as to the impact of the pandemic and, in particular, no assurance can be given that the pandemic would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes. Prospective investors should consider what effect, if any, the COVID-19 pandemic, as well as any

resulting recession or economic downturn, may have on the ability of the Obligors to make timely payments, which in turn may have an adverse impact on the performance and market value of the Notes.

Macro-economic conditions

Over the past several years, European financial markets have experienced volatility and have been adversely affected by concerns over economic contraction in certain EU member states (the “**Member States**”) rising government debt levels, credit rating downgrades and risk of default or restructuring of government debt. These events could cause bond yields and credit spreads to increase.

Many European economies continue to suffer from high rates of unemployment or are subject to other more general concerns. This economic climate may have an adverse effect on the ability of consumers and businesses to repay or refinance their existing debt. For example, a severe deterioration in the economy for any reason (for example, such as may result from the COVID-19 pandemic) coupled with rising unemployment and Bank of England base rates could have a negative impact on the ability of consumers and businesses to repay or refinance their existing debt.

As discussed further in the section entitled “*European Union and Eurozone Risk*” above, it is possible that countries that have adopted the Euro could return to a national currency. The effect on a national economy as a result of it leaving the Euro is impossible to predict, but is likely to be negative. The exit of one or more countries from the Eurozone could have a destabilising effect on all European economies and possibly the global economy as well.

Significant risks for the Issuer and investors exist as a result of current economic conditions and these risks may affect the returns on the Notes to investors and/or the ability of investors to realise their investment in the Notes prior to the Final Maturity Date. These risks include, among others, the illiquidity of the Notes. These additional risks may affect the returns on the Notes to investors and/or the ability of investors to realise their investment in the Notes prior to their Final Maturity Date.

Difficult macro-economic conditions may adversely affect the performance and the realisation value of the Loan Receivables. It is also possible that the Loan Receivables will experience higher delinquency and default rates than anticipated and that performance will suffer.

Many financial institutions, including banks, continue to suffer from capitalisation issues. The bankruptcy or insolvency of a major financial institution may result in the disruption of payments to the Issuer. In addition, the bankruptcy or insolvency of one or more additional financial institutions may trigger additional crises in the global credit markets and overall economy which could have a significant adverse effect on the Issuer, the Loan Receivables and the Notes.

The result of the above is a significantly more restrictive regulatory environment including the implementation of new accounting and capital adequacy rules in addition to further regulation of derivative or securitised instruments. Such additional rules and regulations could, among other things, adversely affect Noteholders.

While it is possible that current conditions may improve for certain sectors of the global economy, there can be no assurance that structured finance markets will recover from an economic downturn at the same time or to the same degree as such other recovering sectors.

Supranational organisations

Certain national and supranational organisations have instituted programmes designed to encourage lending to SMEs in the United Kingdom and/or Europe. Notwithstanding such arrangements, the Notes will be limited recourse obligations solely of the Issuer and will not be guaranteed by, or be the responsibility of, any other entity. While Funding Circle, the Arranger, the Joint Lead Managers and other Transaction Parties are generally supportive of schemes such as these, no Transaction Party is required to support these programmes or to provide assistance to any person wishing to participate in or take advantage of such programmes.

Regulatory, taxation and legal risks

The Assets of the Issuer May Constitute “Plan Assets” for Purposes of ERISA

The Issuer expects that, on the Closing Date and during certain periods following the Closing Date, the assets of Glencar will, and the assets of the Issuer may, be considered “plan assets” for purposes of ERISA, and Waterfall will be considered an ERISA fiduciary with respect to any assets of Glencar and/or the Issuer that are considered “plan assets”. Certain potential investors that are considered to be related to Waterfall or to Benefit Plans whose “plan assets” are considered to be held by the Issuer will be prohibited from acquiring Notes even if such investors are not Benefit Plans. There is a risk that the so-called “ERISA QPAM Exemption”, which is discussed in detail in section “*ERISA considerations applicable to all investors whether or not they are Benefit Plans—ERISA “Plan Asset”’ Status of the Issuer*”, may not be available with respect to all potential investors in and transactions involving the Notes. Certain persons who are related to Waterfall or who are related to the employee benefit plans that have an interest in the Issuer during any periods when the assets of the Issuer are considered “plan assets” could, by investing in the Notes, engage in a non-exempt prohibited transaction under ERISA and the Code and could be liable for substantial excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary or fiduciaries of the employee benefit plans that engaged in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Code. Each potential investor that is not a Benefit Plan must obtain information from Waterfall on behalf of the Issuer relating to such prohibited investors and will be deemed or required to represent that it is not a prohibited investor. See “*ERISA Considerations Applicable to All Investors Whether or Not They Are Benefit Plans—ERISA Considerations Relating to Investments in Notes by Investors That Are Not Benefit Plans*”.

Preferred Creditors under Irish Law

Under Irish law, upon an insolvency of an Irish company such as the Issuer, when applying the proceeds of assets subject to fixed security which may have been realised in the course of a liquidation or receivership, the claims of a limited category of preferential creditors will take priority over the claims of creditors holding the relevant fixed security. These preferred claims include the remuneration, costs and expenses properly incurred by any examiner of the company (which may include any borrowings made by an examiner to fund the company’s requirements for the duration of his appointment) which have been approved by the Irish courts. See “*Examinership*” below.

The holder of a fixed security over the book debts of an Irish incorporated company (which would include the Issuer) may be required by the Irish Revenue Commissioners, by notice in writing from the Irish Revenue Commissioners, to pay to them sums equivalent to those which the holder received in payment of debts due to it by the company. Where the holder of the security has given notice to the Irish Revenue Commissioners of the creation of the security within 21 days of its creation, the holder’s liability is limited to the amount of certain outstanding Irish tax liabilities of the company (including liabilities in respect of VAT) arising after the issuance of the Irish Revenue Commissioners’ notice to the holder of fixed security.

The Irish Revenue Commissioners may also attach any debt due to an Irish tax resident company by another person in order to discharge any liabilities of the company in respect of outstanding tax whether the liabilities are due on its own account or as an agent or trustee. The scope of this right of the Irish Revenue Commissioners has not yet been considered by the Irish courts and it may override the rights of holders of security (whether fixed or floating) over the debt in question.

In relation to the disposal of assets of any Irish tax resident company which are subject to security, a person entitled to the benefit of the security may be liable out of the proceeds of such disposal for tax in relation to any capital gains made by the company on a disposal of those assets on exercise of the security.

Examinership

Examinership is a court procedure available under the Companies Act to facilitate the survival of Irish companies in financial difficulties.

The Issuer, the directors of the Issuer, a contingent, prospective or actual creditor of the Issuer, or shareholders of the Issuer holding, at the date of presentation of the petition, not less than one-tenth of the voting share capital of the Issuer are each entitled to petition the court for the appointment of an examiner. The examiner, once appointed, has the power to set aside contracts and arrangements entered into by the company after this appointment and, in certain circumstances, can avoid a negative pledge given by the company prior to this appointment. Furthermore, the examiner may sell assets, the subject of a fixed charge. However, if such power is exercised the examiner must

account to the holders of the fixed charge for the amount realised and discharge the amount due to the holders of the fixed charge out of the proceeds of the sale.

During the period of protection, the examiner will compile proposals for a compromise or scheme or arrangement to assist in the survival of the company or the whole or any part of its undertaking as a going concern. A scheme of arrangement may be approved by either the Irish Circuit Court or the Irish High Court (as applicable, and each, a “**relevant Irish Court**”) when at least one class of creditors has voted in favour of the proposals and the relevant Irish Court is satisfied that such proposals are fair and equitable in relation to any class of members or creditors who have not accepted the proposals and whose interests would be impaired by implementation of the scheme of arrangement.

In considering proposals by the examiner, it is likely that secured and unsecured creditors would form separate classes of creditors. In the case of the Issuer, if the Trustee represented the majority in number and value of claims within the secured creditor class (which would be likely given the restrictions agreed to by the Issuer in the Conditions), the Trustee would be in a position to reject any proposal not in favour of the Noteholders. The Trustee would also be entitled to argue at the relevant Irish Court hearing at which the proposed scheme of arrangement is considered that the proposals are unfair and inequitable in relation to the Noteholders, especially if such proposals included a writing down to the value of amounts due by the Issuer to the Noteholders or resulted in Noteholders receiving less than they would have if the Issuer was wound up. The primary risks to the holders of Notes if an examiner were appointed to the Issuer are as follows:

- (a) the potential for a scheme of arrangement being approved involving the writing down of the debt due by the Issuer to the Noteholders as secured pursuant to the Charge and Assignment;
- (b) the potential for the examiner to seek to set aside any negative pledge in the Notes prohibiting the creation of security or the incurring of borrowings by the Issuer to enable the examiner to borrow to fund the Issuer during the protection period; and
- (c) in the event that a scheme of arrangement is not approved and the Issuer subsequently goes into liquidation, the examiner’s remuneration and expenses (including certain borrowings incurred by the examiner on behalf of the Issuer and approved by the relevant Irish Court) will take priority over the amounts secured by the charges held for the benefit of the Noteholders and the other Secured Creditors under the Charge and Assignment.

Fixed Charges may take effect as Floating Charges

It is the essence of a fixed charge that the person creating the charge does not have liberty to deal with the assets which are the subject matter of the security. Dealing with the assets includes disposing of such assets or expending or appropriating the moneys or claims constituting such assets. Accordingly, if and to the extent that such liberty is given to the Issuer, any such fixed charge may instead operate as a floating charge.

In particular, the Irish courts have held that in order to create a fixed charge on receivables it is necessary to oblige the chargor to pay the proceeds of collection of the receivables into a designated bank account and to prohibit the chargor from withdrawing or otherwise dealing with the monies standing to the credit of such account without the consent of the chargee.

Depending upon the level of control actually exercised by the chargor, there is therefore a possibility that the fixed security purported to be created by the Charge and Assignment would be regarded by the Irish courts as a floating charge. Floating charges have certain weaknesses, including the following:

- (a) they have weak priority against purchasers (who are not on notice of any negative pledge contained in the floating charge) and chargees of the assets concerned and against lien holders, execution creditors and creditors with rights of set-off;
- (b) they rank after certain preferential creditors, such as claims of employees and certain taxes on winding-up even if crystallised prior to the commencement of the winding-up;
- (c) they rank after certain insolvency remuneration expenses and liabilities;
- (d) the examiner of a company has certain rights to deal with the property covered by the floating charge; and

- (e) they rank after fixed charges.

Qualifying as an STS Securitisation under the Securitisation Regulations

The Securitisation Regulations create a framework for simple, transparent and standardised securitisations (“**STS-securitisations**”). The Transaction is intended to qualify as an STS-securitisation within the meaning of Article 18 of the EU Securitisation Regulation and Article 18 of the UK Securitisation Regulation.

The Retention Holder, in its capacity as originator for the purposes of the EU Securitisation Regulation and the UK Securitisation Regulation, intends to submit, within 15 Business Days of the Closing Date, an EU STS Notification to ESMA in accordance with Article 27 of the EU Securitisation Regulation and a UK STS Notification to the FCA in accordance with Article 27 of the UK Securitisation Regulation, confirming that the relevant STS Requirements have been satisfied with respect to the Transaction. The STS Requirements may change over time and therefore no assurance can be given that the Transaction, if it meets the STS Requirements at the time the initial STS Notification is published by ESMA or the FCA, will remain compliant with the EU STS Requirements or the UK STS Requirements. The STS status of the Notes is not static and prospective investors should verify the current status of the Notes on the ESMA STS Register website and the FCA STS Register website. No assurance can be given on how competent authorities will interpret and apply the STS Requirements (and international or national regulatory guidance may change), and what is or will be required to demonstrate compliance to national regulators remains unclear.

In particular, the EU Securitisation Regulation requires that for a transaction to satisfy the requirements for STS status, the originator, sponsor and SSPE involved in the transaction shall be established in the European Union. Under the UK Securitisation Regulation, the originator and sponsor involved in a non-ABCP securitisation transaction that is intended to satisfy the requirements for STS status must be established in the United Kingdom, unless the related STS Notification was made to ESMA before the expiry of a period of two years of the date on which the United Kingdom exited the European Union. Accordingly, the fact that Glencar is not established in the United Kingdom, is not expected to prejudice the ability of the Notes to retain STS status under the UK Securitisation Regulation, provided that such notification is delivered within the applicable timeframe and the other STS Requirements as set out in the UK Securitisation Regulation are complied with, but there can be no guarantee that this will remain the case. In this regard we note that the Retention Holder has undertaken to make reasonable efforts to comply with the terms of the UK Securitisation Regulation following the Closing Date to the extent applicable to the Retention Holder, in order to preserve the STS treatment of the Notes pursuant to the UK Securitisation Regulation.

The Retention Holder has obtained an STS Verification from PCS. The involvement of an authorised verification agent is not mandatory and the responsibility for compliance with the Securitisation Regulations remains with the relevant institutional investors, originators, sponsors, funding entities and issuers, as applicable in each case. An STS Verification cannot be relied on to determine such compliance in the absence of such assessments by the relevant entities. Furthermore, an STS Verification is not an opinion on the creditworthiness of the Notes nor on the level of risk associated with an investment in the Notes. It is not an indication of the suitability of the Notes for any investor and/or a recommendation to buy, sell or hold Notes.

Institutional investors that are subject to the due diligence requirements of either of the Securitisation Regulations need to make their own independent assessment and may not solely rely on the STS Verification, the STS Notifications or other disclosed information. Non-compliance with the status of an STS-securitisation may result in higher capital requirements for investors, as well as in various administrative sanctions and/or remedial measures being imposed on the Issuer or the Retention Holder. Any of such administrative sanctions and/or remedial measures may affect the ability of the Issuer to fulfil its payment obligations under the Notes.

Risk Retention Obligation

The Securitisation Regulations impose a direct obligation on the originator, sponsor or original lender of a securitisation to retain on an ongoing basis a material net economic interest in the securitisation of not less than five per cent.

A failure by the Retention Holder to comply with the EU Securitisation Regulation direct retention requirements or any other direct obligations imposed upon it under the EU Securitisation Regulation may result in administrative and/or criminal sanctions being imposed on the Retention Holder.

The Retention Holder undertakes in favour of the Arranger and the Joint Lead Managers in the Subscription Agreement and the Issuer and the Trustee under the Master Framework Agreement that, for so long as any Notes remain outstanding it will, as an “originator” for the purposes of Article 2(3) of the Securitisation Regulations, retain, on an ongoing basis, the Minimum Retained Amount in accordance with the Securitisation Regulations.

With respect to the commitment of the Retention Holder to retain a material net economic interest in the securitisation, please see the statements set out in “*Certain Regulatory Disclosures*” below.

Interest rate benchmarks – including SONIA

Various interest rates and other indices which are deemed to be benchmarks (including SONIA) are the subject of recent national, international and other regulatory reforms and proposals for reform. Some of these reforms are already effective while others are still to be implemented including the Benchmarks Regulation.

As a national central bank, the Bank of England as administrator of SONIA is exempt under Article 2 of the EU Benchmarks Regulation and Article 2 of the UK Benchmarks Regulation but has issued a statement of compliance with the principles for financial benchmarks issued in 2013 by the International Organisation of Securities Commissions. As at the date of this document, EU and UK “supervised entities” (as defined in the EU Benchmarks Regulation and the UK Benchmarks Regulation, respectively) may use SONIA in accordance with the EU Benchmarks Regulation and the UK Benchmarks Regulation, respectively.

Any of the above changes, or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on the Notes.

In particular, investors should be aware that:

- (a) any of these reforms or pressures described above or any other changes to a relevant interest rate benchmark (including SONIA) could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be;
- (b) while
 - (i) an amendment may be made under Condition 15.5 (*Additional Right of Modification to the Reference Rate*) to change the SONIA-based rate on the Rated Notes, the Class E Notes and the Class X Notes to an alternative benchmark rate under certain circumstances broadly related to SONIA dysfunction or discontinuation and subject to certain conditions including objections to the proposed amendment being received by less than 10 per cent. of Noteholders of the Most Senior Class of Notes;
 - (ii) the Issuer is under an obligation to use reasonable endeavours to propose an Alternative Benchmark Rate in accordance with Condition 15.5 (*Additional Right of Modification to the Reference Rate*) under Condition 6(e)(i) (*Rate of Interest*); and
 - (iii) an amendment may be made under Condition 15.5 (*Additional Right of Modification to the Reference Rate*) to change the benchmark rate that then applies in respect of the Interest Rate Cap for the purpose of aligning the benchmark rate of the Interest Rate Cap to the benchmark rate of the Notes following a Benchmark Rate Modification,

there can be no assurance that any such amendments will be made or, if made, that they (x) will fully or effectively mitigate interest rate risks or result in an equivalent methodology for determining the interest rates on the Notes and the Interest Rate Cap or (y) will be made prior to any date on which any of the risks described in this risk factor may become relevant; and

- (c) if SONIA is discontinued, and whether or not an amendment is made under Condition 15.5 (*Additional Right of Modification to the Reference Rate*) to change the benchmark rate on the Notes as described in paragraph (b) above, if a proposal for an equivalent change to the benchmark rate on the Interest Rate Cap is not approved in accordance with Condition 15.5 (*Additional Right of Modification to the Reference Rate*), there can be no assurance that the Issuer and the Interest Cap Provider would agree to modify the benchmark floating interest rate used to determine payments under the Interest Rate Cap such that such rate corresponds to the rate used to determine interest payments under the Notes, or that any such amendment made under Condition 15.5 (*Additional Right of Modification to the Reference Rate*)

would allow the Interest Rate Cap to effectively mitigate interest rate risk on the Notes. As a result, and in such circumstances, the Issuer's obligation under the SONIA-linked Notes may be unhedged.

- (d) In addition, it should be noted that broadly divergent interest rate calculation methodologies may develop and apply as between the Notes and/or the Interest Rate Cap due to applicable fallback provisions or other matters and the effects of this are uncertain but could include a reduction in the amounts available to the Issuer to meet its payment obligations in respect of the Notes.
- (e) Investors should note the various circumstances under which a Benchmark Rate Modification may be made, which are specified in Condition 15.5 (*Additional Right of Modification in relation to the Reference Rate*). As noted above, these events broadly relate to SONIA's disruption or discontinuation, but also include, inter alia, any public statements by the SONIA administrator or its supervisor to that effect. A Benchmark Rate Modification may also be made if an alternative means of calculating a SONIA-based reference rate is introduced which becomes a standard means of calculating interest for similar transactions. Investors should also note the various options permitted as an Alternative Reference Rate as set out in Condition 15.5 (*Additional Right of Modification in relation to the Reference Rate*), which include, inter alia, a reference rate utilised in a publicly-listed asset-backed floating rate notes. Investors should also note the negative consent requirements in relation to a Benchmark Rate Modification.

When implementing any Benchmark Rate Modification, the Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person, and shall act and rely solely and without further investigation on any certificate (including, but not limited to, a "**Benchmark Rate Modification Certificate**") provided to them by the Issuer or the Servicing and Collection Agent, as the case may be, pursuant to Condition 15.5(a) (*Additional Right of Modification in relation to the Reference Rate*) and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person.

More generally, any of the above matters (including an amendment to change the SONIA-based rate as described in paragraph (c) above) or any other significant change to the setting or existence of SONIA could affect the ability of the Issuer to meet its obligations under the Notes and/or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes. Changes in the manner of administration of SONIA could result in amendments to the Conditions and the Interest Rate Cap, early redemption, delisting or other consequences in relation to the Notes. No assurance may be **provided that** relevant changes will or will not occur with respect to SONIA or any other relevant interest rate benchmark and/or that such benchmarks will continue to exist. In such circumstances, investors should be aware that either the Issuer or Interest Rate Cap Provider may terminate the Interest Rate Cap if the Interest Rate Cap Provider does not agree to an Interest Rate Cap Modification proposed by the Issuer in accordance with Condition 15.5 (*Additional Right of Modification to the Reference Rate*). Related termination payments may be payable by the Issuer and there can be no assurance that a replacement swap can be found. Investors should consider these matters when making their investment decision with respect to the Notes.

Investors should be aware that the market continues to develop in relation to SONIA as a benchmark in the capital markets and its adoption as an alternative to LIBOR. In particular, the FCA has announced that it will exercise its powers under the UK Benchmarks Regulation to compel the continued publication of a so-called "synthetic" rate of GBP LIBOR following 31 December 2021 using a revised methodology. The "synthetic" rate of GBP LIBOR will be based on term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA-based rate over a designated term) for settings of 1, 3 and 6 months plus the relevant credit adjustment spreads determined by Bloomberg on the basis of the historic five year median differential in the relevant rates as at 5 March 2021. Furthermore, the Critical Benchmarks (References and Administrators' Liability) Bill that is currently before Parliament provides that references to LIBOR (however described or formulated) in any contract or legally enforceable arrangement that is subject to any of the UK's laws will be automatically treated as referring to the corresponding "synthetic" rate of LIBOR, where one is published for that setting. If passed, the Critical Benchmarks (References and Administrators' Liability) Bill is expected to come into force before 31 December 2021. The market or a significant part thereof may adopt an application of a SONIA-based rate that differs significantly from that set out in the Conditions and used in relation to the Notes that reference a SONIA-based rate and as used in the Interest Rate Cap. Interest on Notes which reference a SONIA rate is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Note Payment Date. It may be difficult for investors in Notes which reference a SONIA rate to reliably estimate the amount of interest which will be payable on such Notes.

Taxation Position of the Issuer

The Issuer has been advised that it should fall within the Irish regime for the taxation of qualifying companies as set out in Section 110 of the Taxes Consolidation Act 1997 (as amended) (“Section 110”), and as such should be taxed only on the amount of its retained profit after deducting all amounts of interest and other revenue expenses due to be paid by the Issuer subject to the Issuer meeting all relevant conditions of Section 110. If, for any reason, the Issuer is not or ceases to be entitled to the benefits of Section 110, then profits or losses could arise in the Issuer which could have tax effects not contemplated in the cashflows connected with the Notes and as such could adversely affect the tax treatment of the Issuer and consequently the payments on the Notes. For further details, see the section entitled “*Taxation*”.

Withholding Tax on the Notes

So long as the Notes remain “Quoted Eurobonds” in accordance with Section 64 of the Taxes Consolidation Act 1997, no withholding tax would currently be imposed by Ireland on payments of interest on the Notes provided that the Notes are held in a recognised clearing system or interest on the Notes is paid by or through a foreign paying agent. However, there can be no assurance that the law will not change (please see the section entitled “*Taxation - Ireland*” in relation to Irish withholding tax). In addition, as described under Condition 12 (*Taxes*), the Issuer is authorised to withhold amounts otherwise distributable to a holder if the holder fails to provide the Issuer or its agents with any correct, complete and accurate information that may be required for the Issuer to comply with FATCA and to prevent the imposition of U.S. federal withholding tax under FATCA on payments to or for the benefit of the Issuer, or if the holder’s ownership of any Notes would otherwise cause the Issuer to be subject to tax under FATCA.

If any withholding tax or deduction for tax is imposed on payments of interest on the Notes, the holders of the Notes will not be entitled to receive grossed-up amounts to compensate for such withholding tax and no Event of Default shall occur as a result of any such withholding or deduction.

In the event of the occurrence of a Tax Event pursuant to which any payment on the Notes of any Class becomes properly subject to any withholding tax or deduction on account of tax, the Notes shall be redeemed in whole but not in part subject to certain conditions as set out in Condition 8.4 (*Mandatory Redemption in whole following a Tax Event*).

Irish Value Added Tax Treatment of the Intermediary Services Fees

The Issuer has been advised that under current Irish law, the Intermediary Services Fees should be exempt from value added tax in Ireland as consideration paid for collective portfolio management services provided to a “qualifying company” for the purposes of section 110 of the TCA. This is based upon Article 135(1)(g) of Council Directive 2006/112/EC on the Common System of Value Added Tax (the “**VAT Directive**”), which provides that EU member states shall exempt the management of “special investment funds” as defined by EU member states. The Value-Added Tax Consolidation Act 2010 of Ireland, in the provisions implementing Article 135(1)(g) of the Directive, specifically lists, in the categories of undertakings to whom supplies of management services are exempt from VAT, undertakings which are “qualifying companies” for the purposes of section 110 of the TCA. The Issuer has been advised that it will be such a “qualifying company”, therefore management services supplied to it are exempt from value added tax in Ireland under current law. On 9 December 2015 the European Court of Justice handed down its judgment in the case of *Staatssecretaris van Financiën v Fiscale Eenheid X NV cs Case C-595/13* which concerned Dutch law on value added tax, in particular the Dutch interpretation of the term “special investment fund” under the VAT Directive, and could suggest that the exemption had been enacted by some EU member states more broadly than is permitted by the VAT Directive. The Issuer is not, however, aware of any proposal to amend Irish domestic law to remove the exemption from value added tax on such fees for entities such as the Issuer.

Changes in laws or regulations affecting Funding Circle or the Issuer

The regulatory environment surrounding the platform lending industry is relatively new and susceptible to change and in certain respects requires clarifications or interpretive guidance in respect of existing laws and regulations. The body of law and regulation in respect of the platform lending industry is continuously evolving and, as currently drafted and applied by regulatory bodies, may result in technical requirements for market participants to hold certain permissions in relation to loans in smaller principal amounts, to certain entity types (*e.g.*, sole traders and small partnerships) or to SMEs located in certain jurisdictions, which are in excess of those required by the intended scope of legislation. Funding Circle is subject to laws and regulations enacted by national, state and local

governments (as applicable) and the Issuer is, or may be in future, affected by such laws and regulations. Any change in the law and regulation affecting the Issuer (or the Seller) or affecting Funding Circle (in its capacity as Servicing and Collection Agent), may have a material adverse effect on the ability of Funding Circle and/or the Issuer (or the Seller) to carry on their businesses.

Privacy and data security laws

Due to the personal and sensitive nature of the information that is collected from prospective borrowers and their primary business owner(s), it is imperative that platform operators comply with applicable laws and regulations governing the security of non-public personal information. Funding Circle has policies and procedures intended to maintain any non-public personal information it collects from borrowers and their primary business owner(s) securely and to ensure it is disposed of properly.

Through its participation in the Funding Circle Platform, the Issuer may obtain non-public personal information about loan applicants and their primary business owner(s) and intends to comply with applicable law in this regard. Any violations of data security or other applicable laws by the Issuer could subject it to fines, penalties, or other regulatory action, which, individually or in the aggregate, could be costly and would likely entail ongoing expense to ensure compliance. Likewise, violations by Funding Circle could adversely affect the operations of the Funding Circle Platform, and so affect the availability or performance of investments through this platform.

Regulation of platform operators in the UK

Lending platforms in the UK that carry out the regulated activity known as 'operating an electronic system in relation to lending' are subject to regulation by the FCA. Funding Circle (firm registration reference number 722513) is and has been fully authorised by the FCA since 24 May 2017. Funding Circle has regulatory permissions to undertake the regulated activities of credit broking, debt administration, debt-collecting and operating an electronic system in relation to lending. In addition to authorising lending platform operators by granting regulatory permissions, the FCA also introduced certain regulatory controls for such firms, including conduct of business rules (in particular, around disclosure and financial promotions), minimum capital requirements, client money protection rules, dispute resolution rules and a requirement for platform firms to have resolution plans in place to ensure existing loans continue to be administered and serviced if the firm were to go out of business.

In June 2019, the FCA published final rules following its post-implementation review of the regulation of the peer-to-peer lending sector (the "2019 Rules"). The 2019 Rules, which were implemented on 9 December 2019, include:

- enhanced requirements for platform governance arrangements including in relation to credit risk assessment, risk management and fair valuation practices;
- strengthening rules on wind-down planning in the event of platform failure;
- setting out the minimum information that a platform should provide to investors; and
- introducing a requirement to monitor the investors that can use a platform, including that platforms assess investors' knowledge and experience of platform lending. Firms are required to ensure that retail clients:
 - be certified/self-certified as 'sophisticated investors' or 'high net worth investors'; or
 - confirm before a promotion is made that they will receive regulated investment advice or investment management services from an authorised person; or
 - not invest more than 10% of their net investible assets in P2P agreements in the 12 months following certification.

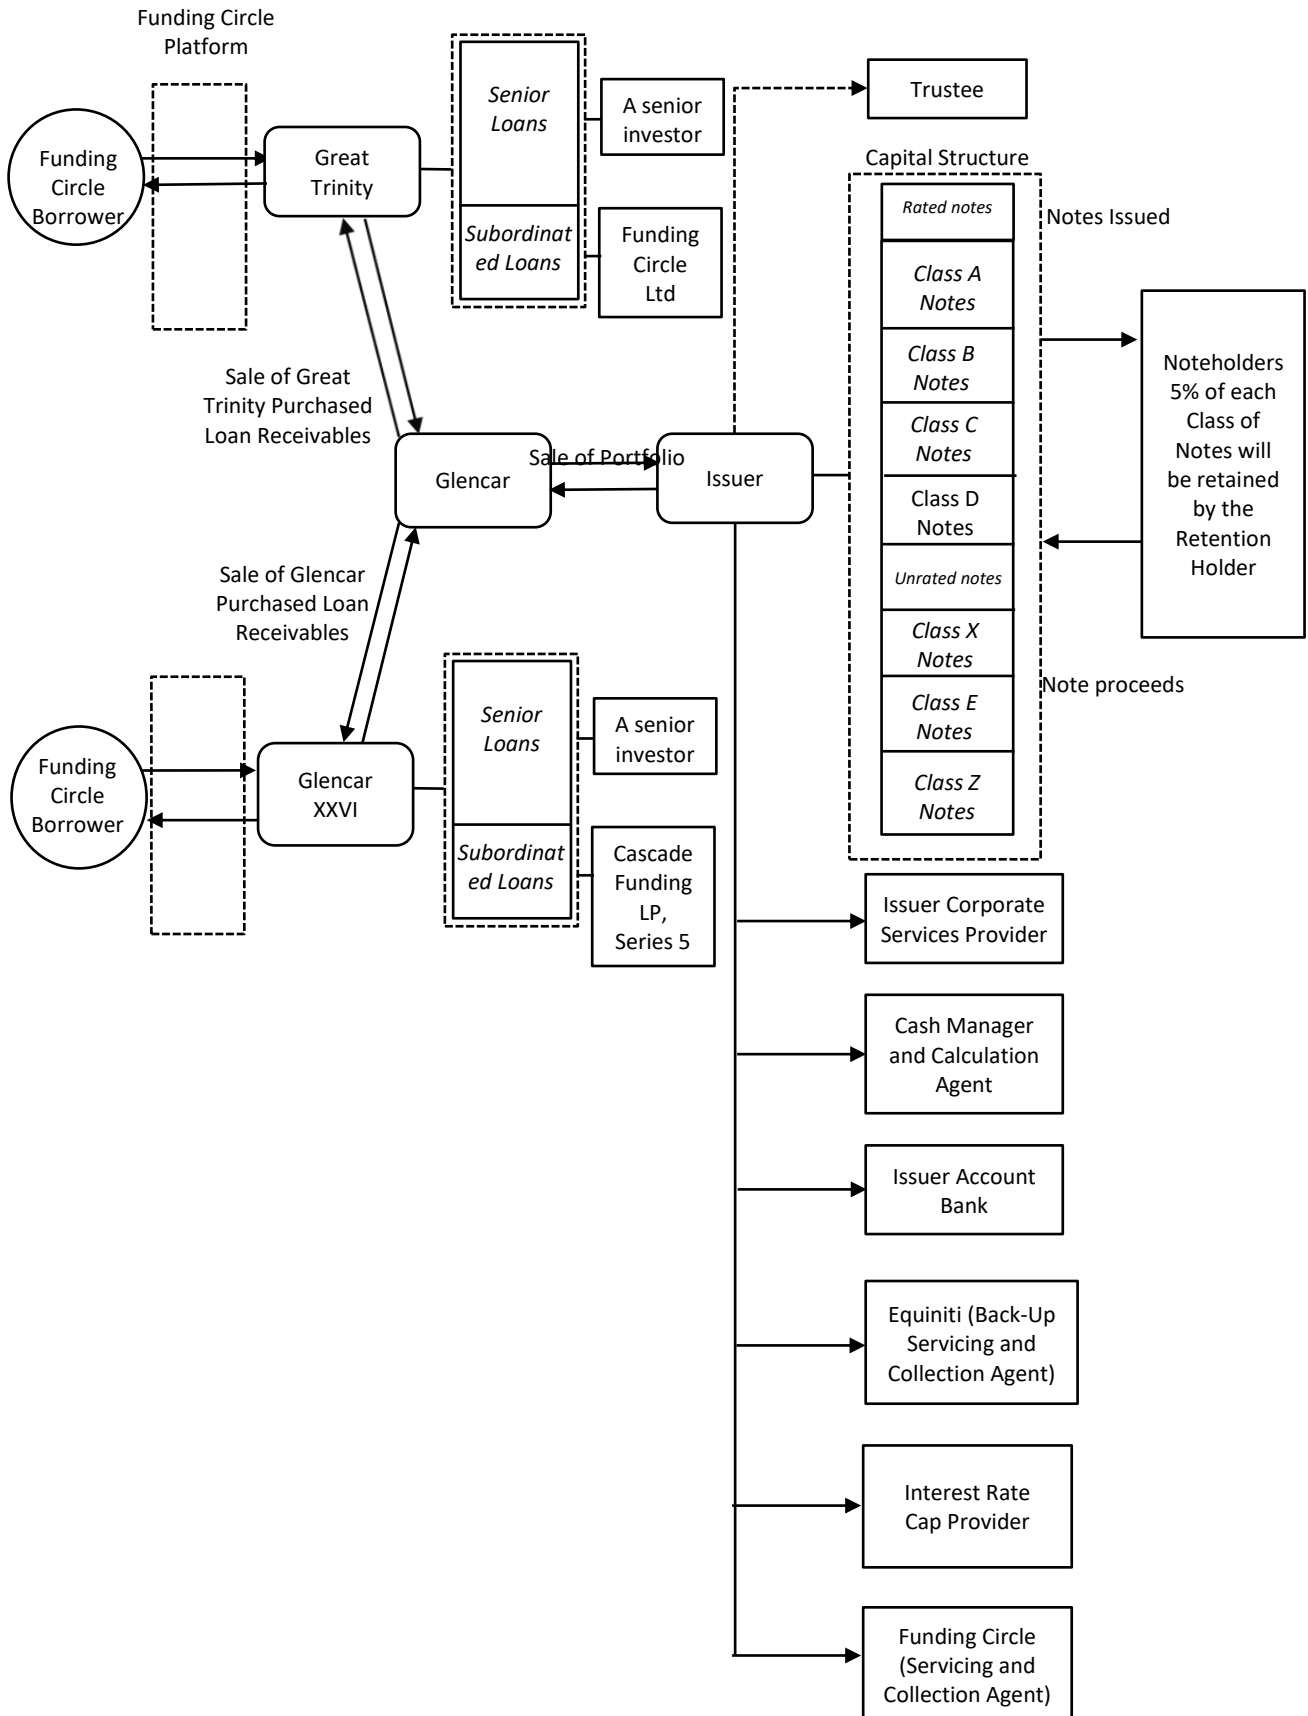

In addition to the FCA's review of the regulatory regime of peer-to-peer lending, there continues to be some Parliamentary and governmental interest into the UK SME finance sector. This has arisen in light of the FCA's publication of findings from a regulatory investigation conducted into historic mistreatment of certain SME distressed customers by a UK bank and, more recently, the impact of COVID-19 on UK SMEs and their ability to obtain financial support during this period. In October 2018, the government conducted an enquiry focused on the SME market, SMEs' access to finance, their ability to seek redress and the regulatory framework. The resulting

report drew a number of conclusions relating to regulation and oversight of lending in the SME market but there are currently no legislative proposals to implement any of the report's conclusions nor are there currently any other legislative proposals that would change the legislative framework of UK SME lending and impact Funding Circle. More recently, the FCA published a letter to Peer-to-Peer platforms on 25 May 2021 highlighting particular areas of potential harm for investors (including the secondary markets for loans; wind-down plans; disclosure of loan performance during periods of loan forbearance, and the use of contingency funds; and unclear platform fees) and encouraging platforms to ensure they are delivering fair outcomes for consumers.

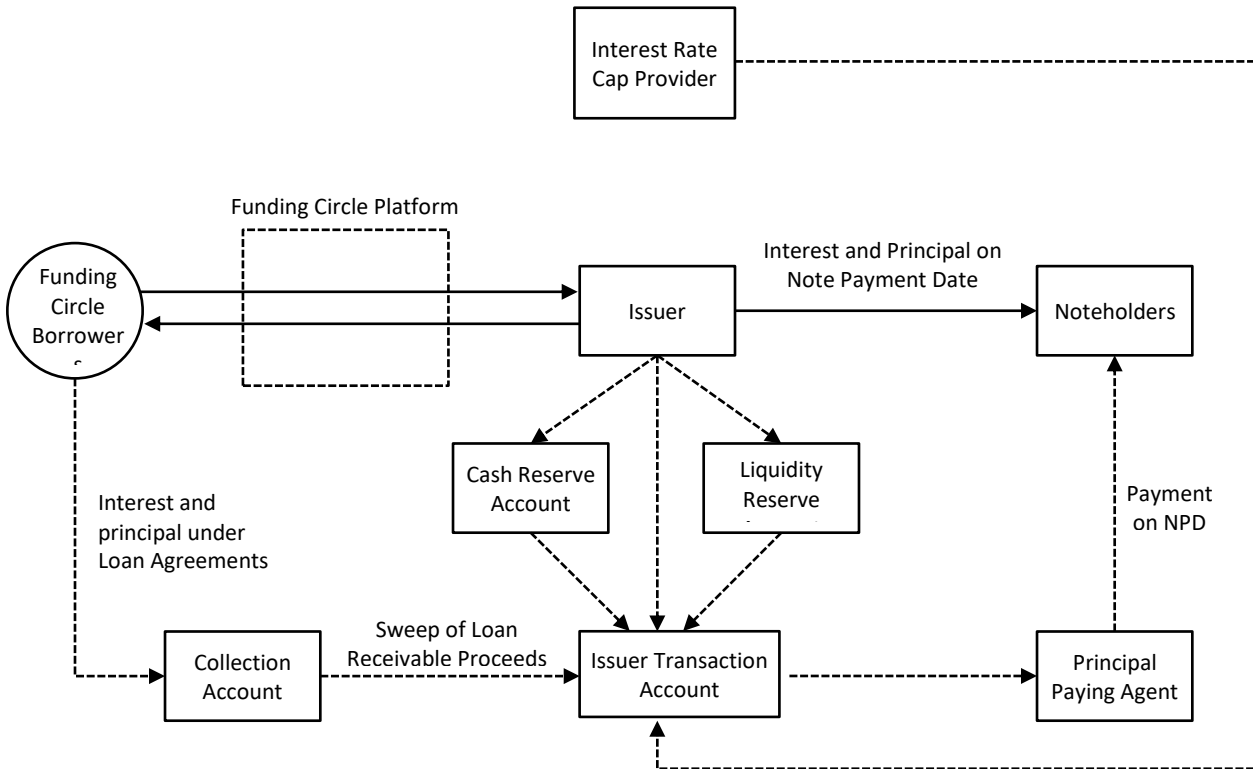

There can be no guarantee that ongoing legislative and regulatory scrutiny will not result in legislative or regulatory proposals in the future which could affect Funding Circle's business.

TRANSACTION OVERVIEW

This overview below highlights information contained elsewhere in this document and does not contain all of the information that prospective investors should consider before investing in the Notes. It should be read only as an introduction to this Prospectus and any decision to invest in the Notes should be based on a consideration of the Prospectus in its entirety.

The Issuer

Small Business Origination Loan Trust 2021-1 DAC is a designated activity company limited by shares, registered under Part 16 of the Companies Act and incorporated under the laws of Ireland having its registered office at 1-2 Victoria Buildings, Haddington Road, Dublin 4, Ireland.

The Issuer has been established as a special purpose vehicle for the purposes of issuing asset backed securities in the Transaction as more particularly described below.

The Transaction

The Issuer will issue the Notes on the Closing Date. The Issuer will apply the net proceeds from the issue of the Notes to pay the Purchase Price to the Seller in respect of the Loan Portfolio pursuant to the Receivables Sale and Assignment Agreement and the Payment Netting Agreement.

In addition, the Issuer will, on the Closing Date, make a drawing under the Subordinated Loan pursuant to the Subordinated Loan Agreement entered into with Glencar (in its capacity as a Subordinated Loan Provider). The Issuer will use the proceeds of the Subordinated Loan, among other items, as follows: (i) to make a deposit in an amount equal to the Cash Reserve Required Amount into the Cash Reserve Account; (ii) to make a deposit in an amount equal to the Liquidity Reserve Required Amount into the Liquidity Reserve Account; (iii) to purchase the Interest Rate Cap on the Closing Date; and (iv) to pay any amount of Purchase Price in respect of the Loan Portfolio not paid by the net proceeds from the issue of the Notes.

The Loan Portfolio will consist of Loans to (i) companies limited by shares incorporated in the United Kingdom, (ii) limited liability partnerships incorporated in the United Kingdom, (iii) partnerships comprising solely UK-resident individual partners, (iv) partnerships comprising both UK-resident individual partners and partners being companies limited by shares incorporated in the United Kingdom, and (v) UK-resident individual sole traders (including Related Security to which the Issuer will be entitled in accordance with the Funding Circle Mandate Letter and the Security Declaration of Trust). The Purchased Loan Receivables comprising the Loan Portfolio have been entered into between (i) Great Trinity and the related Funding Circle Borrower; and (ii) Glencar XXVI and the related Funding Circle Borrower, in each case, via the online lending platform operated by Funding Circle (the “**Funding Circle Platform**”) at the website www.fundingcircle.com, pursuant to (i) in the case of Great Trinity, the Great Trinity Origination Agreement and (ii) in the case of Glencar XXVI, the Glencar XXVI Origination Agreement. The Purchased Loan Receivables originated pursuant to the Glencar XXVI Origination Agreement will be sold by Glencar XXVI to Glencar pursuant to a forward sale agreement dated 4 October 2021 with an economic effective date of 31 July 2021 (the “**Glencar Forward Sale Agreement**”) on or prior to the Closing Date, and the Purchased Loan Receivables originated pursuant to the Great Trinity Origination Agreement will be sold by Great Trinity to Glencar pursuant to a forward sale agreement dated 18 October 2021 with an economic effective date as of 31 July 2021 (the “**Great Trinity Forward Sale Agreement**”). The Loan Portfolio will be sold to the Issuer by the Seller on the Closing Date pursuant to the Receivables Sale and Assignment Agreement. For further details, see the section “*The Loan Portfolio*”.

The Loan Portfolio represents a static pool of assets which will be purchased by the Issuer solely on the Closing Date, and there is no requirement for such Loan Portfolio to be managed. Loans originated through Funding Circle's platform from May 2020 to the present have been originated as part of a separate product (Coronavirus Business Interruption Loan Scheme (“**CBILS**”), Bounce Back Loan Scheme (“**BBLS**”) and Recovery Loan Scheme (“**RLS**”)) to Funding Circle's standard unsecured loans that predate May 2020. The Loans Receivables included in the SBOLT 2021-1 portfolio were originated between 14 June 2019 and 16 April 2020, these Loan Receivables are not covered by any Government-backed scheme (including CBILS, BBILS and RLS).

The Purchased Loan Receivables benefit (where the relevant Funding Circle Borrower is a company limited by shares incorporated in the United Kingdom) from a Personal Guarantee granted to one or more of the Security Holders by an owner or director of such Funding Circle Borrower, but are otherwise generally unsecured. In

limited circumstances, a Purchased Loan Receivable may also benefit from one or more of the following Security Interests: (i) Security Interests that have been, or may be, provided by the relevant Funding Circle Borrower and/or the relevant Guarantor to or for the benefit of Funding Circle and/or FCTL (as Security Holder) where it has experienced financial difficulty or which it has provided or may provide during any enforcement process in respect of such Purchased Loan Receivable, and (ii) Security Interests which have been or may be granted to or for the benefit of Funding Circle and/or FCTL (as Security Holder) by the relevant Funding Circle Borrower and/or the relevant Guarantor in connection with another Loan Receivable of such Funding Circle Borrower and/or the relevant Guarantor and which secure (among other things) such Purchased Loan Receivable, in each case which will be held on trust pursuant to the Security Declaration of Trust by the relevant Security Holder for itself and for the Funding Circle Investors entitled thereto (such Security Interests, together with any Personal Guarantee, form part of the Related Security).

The Security Holders hold the benefit of the Related Security in relation to each Purchased Loan Receivable for themselves and certain Funding Circle Investors in accordance with the Funding Circle Terms and Conditions for Investors (as may be amended from time to time). The Security Holders will declare a trust over all Related Security expressed to benefit any Purchased Loan Receivable or a Related Security Agreement relating to such Purchased Loan Receivable for the benefit of all persons entitled thereto in accordance with the Funding Circle Terms and Conditions for Investors.

Prospective investors should be aware that the Funding Circle Terms and Conditions for Investors may be amended from time to time and that the nature and extent of the Issuer's interest in any Related Security may be affected by such amendments.

The Issuer will use receipts of interest and principal in respect of the Purchased Loan Receivables (together with receipts allocated to it in relation to the enforcement of the Related Security to which the Issuer is entitled, if any), together with amounts available to it under the Interest Rate Cap, to make payments of, *inter alia*, interest and principal due in respect of the Notes. The obligations of the Issuer in respect of the Notes will rank below the obligations of the Issuer in respect of certain items set forth in the applicable Priority of Payments (see further the section entitled "*Overview – Overview of Credit Structure and Cashflow*"). The obligations of the Issuer under the Notes will not be obligations or responsibilities of, or guaranteed by, any other person or entity.

Under the Servicing Agreement, the Servicing and Collection Agent will provide services to the Issuer on a day-to-day basis in relation to the Purchased Loan Receivables, including, without limitation, the collection of payments of principal, interest and other amounts in respect of the Purchased Loan Receivables, taking (or instructing FCTL to take) any necessary enforcement action against the Obligors in respect of Purchased Loan Receivables, providing certain safe custody services in respect of the Records and the Loan Receivable Documentation and ensuring Loan Receivable Proceeds are paid into the Collection Account (see further the section entitled "*Overview – Overview of the Loan Portfolio and Servicing*").

Pursuant to the Interest Rate Cap, the Issuer will hedge a part of the interest rate risk it is exposed to due to the interest the Issuer receives under the Loan Portfolio being calculated by reference to a fixed rate of interest and the interest payments the Issuer is obliged to make under the Notes being calculated by reference to Compounded Daily SONIA (see further the section entitled "*Overview – Overview of Credit Structure and Cashflow*").

Security

The Notes and certain other liabilities of the Issuer will be secured by, *inter alia*, the fixed and floating charges created in favour of the Trustee for and on behalf of the Secured Creditors subject to and under the terms of the Charge and Assignment.

The Issuer will be the beneficiary of trusts established under the Security Declaration of Trust and Collection Account Declaration of Trust respectively. Under the terms of the Security Declaration of Trust, FCTL will hold all of its right, title and interest in the Purchased Defaulted Receivables and the proceeds of enforcement of Purchased Defaulted Receivables upon trust for the Issuer absolutely as beneficiary. Under the terms of the Collection Account Declaration of Trust, Funding Circle as Collection Account Holder will hold amounts standing to the credit of the Collection Account and any rights of the Collection Account Holder to such amounts upon trust absolutely for the Issuer as beneficiary.

Interest on the Notes

The Issuer shall determine (or shall cause the Cash Manager and Calculation Agent to determine) the Rate of Interest for each Class of Rated Notes and the Class E Notes and Class X Notes and calculate the amount of interest payable on each Class of Rated Notes, the Class X Notes and the Class E Notes for the relevant Interest Period by applying the relevant Rate of Interest to the Principal Amount Outstanding of each Class of Rated Notes and the Class E and Class X Notes respectively.

Each Class Z Note shall receive on a *pro-rata* basis, by way of interest its relative share of the amounts (if any) remaining after the payment of higher ranking items in the Pre-Acceleration Interest Priority of Payments or the Post-Acceleration Priority of Payments (as applicable) (see further the section entitled “*Overview – Overview of Credit Structure and Cashflow*”).

Redemption of the Notes

On the Final Maturity Date, the Notes are, unless previously redeemed and cancelled, required to be redeemed in full at their Principal Amount Outstanding together with accrued (and unpaid) interest up to but excluding the Final Maturity Date subject to Condition 4 (*Limited Recourse; Non-Petition; Corporate Obligations; Security Mandate*).

On each Note Payment Date prior to delivery of an Enforcement Notice, the Issuer shall apply the Available Principal Proceeds to redeem the Notes to the extent that there are such amounts available to do so in accordance with the Pre-Acceleration Principal Priority of Payments (see further the section entitled “*Overview – Overview of Credit Structure and Cashflow*”). If an Event of Default occurs and is continuing, the Trustee may at its discretion, and shall, if so directed by the Noteholders of the Most Senior Class of Notes acting by way of Extraordinary Resolution (subject, in each case, to the Trustee being indemnified and/or prefunded and/or secured to its satisfaction), deliver an Enforcement Notice to the Issuer, with a copy to each Agent (other than the Corporate Services Provider), the Seller and the Rating Agencies, and institute such proceedings and take any other steps as may be required in order to enforce the Security. Upon the delivery of an Enforcement Notice: (i) the Notes of each Class shall become immediately due and payable, without further action or formality, at their Principal Amount Outstanding together with any accrued and unpaid interest; (ii) the Security shall become immediately enforceable; and (iii) on each Note Payment Date (or other such date as the Trustee instructs in writing) following the delivery of an Enforcement Notice (or on such other date as the Trustee instructs the Cash Manager and Calculation Agent in writing in accordance with the Transaction Documents), the Cash Manager and Calculation Agent shall cause all amounts standing to the credit of the Issuer Transaction Account and all proceeds (other than amounts representing (A) any Excess Swap Collateral which shall be returned directly to an Interest Rate Cap Provider (and for the avoidance of doubt, such payment shall be without regard to the relevant Priority of Payments), (B) any Replacement Swap Premium (only to the extent it is applied directly to pay a Swap Termination Payment due and payable by the Issuer to the outgoing Interest Rate Cap Provider), (C) any Swap Tax Credits, which shall be applied directly to an Interest Rate Cap Provider in accordance with the Cash Management and Calculation Agency Agreement, and (D) prior to the designation of an early termination date under an Interest Rate Cap and the resulting application of the Swap Collateral by way of netting or set-off, all Swap Collateral provided by an Interest Rate Cap Provider to the Issuer pursuant to an Interest Rate Cap (and any interest or distributions in respect thereof)) from the enforcement of the Security or otherwise recovered by the Trustee (which shall be held by the Trustee on trust) to be applied in payment, in the amounts required, in accordance with the Post-Acceleration Priority of Payments.

The Issuer (a) may redeem the Notes in whole (but not in part) upon the occurrence of a Regulatory Event or (b) may (or, for so long as any Class Z Notes remain outstanding, shall if so directed by the Class Z Noteholders acting by way of Ordinary Resolution) redeem the Notes in whole (but not in part) on the exercise of the Clean-Up Call Option, in each case, subject to and in accordance with the Conditions. The Issuer shall redeem (a) the Notes in whole (but not in part) upon the occurrence of a Tax Event or an Illegality Event, and (b) the Notes (other than the Class Z Notes) in whole (but not in part) upon the exercise of the Portfolio Option, in each case, subject to and in accordance with the Conditions. Any such redemption in whole pursuant to Conditions 8.2 (*Optional Redemption in whole – Clean-up Call*), Conditions 8.3 (*Mandatory Redemption in whole upon the exercise of the Portfolio Option*), 8.4 (*Mandatory Redemption in whole following a Tax Event*), 8.5 (*Mandatory Redemption in whole upon the occurrence of an Illegality Event*) or 8.6 (*Optional Redemption in whole upon the occurrence of a Regulatory Event*) will be subject to certain conditions set out therein, including a certificate signed by two directors of the Issuer to the effect that it will have the funds on the relevant Note Payment Date, not subject to the interest of any other person, required to redeem the Notes and meet its payment obligations of a higher priority under the applicable Priority of Payments.

Listing

Application will be made to Euronext Dublin for the Notes to be admitted to the Official List and trading on its regulated market.

Rating

It is a condition to the issue of the Notes that, on the Closing Date:

- (a) the Class A Notes be assigned a credit rating of (i) Aa3 by Moody's and (ii) AA+ by S&P;
- (b) the Class B Notes be assigned a credit rating of (i) A3 by Moody's and (ii) AA+ by S&P;
- (c) the Class C Notes be assigned a credit rating of (i) Baa3 by Moody's and (ii) A by S&P; and
- (d) the Class D Notes be assigned a credit rating of (i) Ba3 by Moody's and (ii) BBB+ by S&P.

The Class E Notes, the Class X Notes and the Class Z Notes will not be rated.

Certain Risks

There are certain risks which prospective Noteholders should take into account. These risks are examined in detail in the Section entitled "*Risk Factors*" starting at page 1 of this document and relate to, *inter alia*, the Notes such as (but not limited to) the fact that the obligations of the Issuer under the Notes are limited recourse obligations whereby the ability of the Issuer to meet such obligations will be dependent on the receipt by it of funds under the Purchased Loan Receivables and the receipt by it of other funds (including but not limited to the receipt of payments under the Interest Rate Cap). Despite certain risk mitigating factors, there remain credit risks, liquidity risks, prepayment risks, maturity risks and interest rate risks relating to the Notes. Moreover, there are certain structural, legal, insolvency, tax and regulatory risks relating to the Purchased Loan Receivables and the Notes. Please see the section entitled "*Risk Factors*" for more information.

- (v) the Purchased Loan Receivable was originated by personnel located outside the US.

Funding Circle Purchase

Obligations Pursuant to the Receivables Sale and Assignment Agreement if any Funding Circle Warranty was breached in relation to a Purchased Loan Receivable as at the relevant Determination Date (or such other date as the relevant Funding Circle Warranty is given), Funding Circle shall purchase (or procure that another member of the Funding Circle Group purchases) the relevant Affected Loan for a purchase price equal to the relevant Remedy Amount or pay the Issuer an amount equal to the Remedy Amount, in each case, on a date falling not later than the Remedy Date.

Seller Asset Warranty Pursuant to the Receivables Sale and Assignment Agreement, Glencar shall represent and warrant that each such Purchased Loan Receivable:

- (a) as of the Loan Portfolio Cut-Off Date, is not a Delinquent Loan ;
 - (b) as of the Loan Portfolio Cut-Off Date, is not a Defaulted Loan; and
 - (c) as of the Closing Date, the related Funding Circle Borrower has made at least one scheduled monthly payment under the Loan,
- (such warranty, the “**Seller Asset Warranty**”).

Deemed Collections Pursuant to the Receivables Sale and Assignment Agreement, if:

- (a) any Purchased Loan Receivable did not satisfy the Eligibility Criteria as at its applicable Determination Date (or at the time otherwise indicated) and Funding Circle has not discharged the applicable Affected Loan Remedy in respect of such Purchased Loan Receivable by the applicable Remedy Date, or
- (b) the Seller Asset Warranty was not satisfied in relation to a Purchased Loan Receivable as at the Loan Portfolio Cut-Off Date or the Closing Date, as applicable,

then, Glencar shall deposit an amount equal to the relevant Remedy Amount in respect of the relevant Affected Loan in the Issuer Transaction Account (any such deposit made by Glencar, a “**Deemed Collection**”) in each case, on a date falling not later than the Remedy Date.

Deemed Collection Transfer Pursuant to the Receivables Sale and Assignment Agreement, in respect of any Purchased Loan Receivable in respect of which the Seller has made a Deemed Collection in full, the Seller may, but shall not be obliged to, request the Issuer, and following any such request the Issuer (or the Servicing and Collection Agent on its behalf) shall, transfer the Purchased Loan Receivable in respect of which such Deemed Collection was made to the Seller or otherwise as the Seller may direct for an amount equal to the Deemed Collection Transfer Price, **provided that**, any transferee of such Purchased Loan

Receivable (i) be a registered investor on the Funding Circle Platform, and (ii) shall have entered into a Transfer Certificate with the Issuer as transferor and such transferee as transferee.

Eligibility Criteria.....	<p>Each Purchased Loan Receivable is required to have satisfied the following, as at its relevant Determination Date, or at the time otherwise indicated:</p> <ul style="list-style-type: none"> (a) it is in a minimum amount of £5,000 (if the Funding Circle Borrower is a limited company) and is in a maximum amount of £1,000,000; (b) it has a term of not less than six (6) months and not more than sixty (60) months; (c) it is not: <ul style="list-style-type: none"> (i) a Property Finance Loan; (ii) a Property Development Loan; (iii) a Chattel Mortgage Loan; (iv) an Asset Finance Loan; (v) an All Assets Security Loan; or (vi) a Prohibited Industry loan; (d) it is an unsecured loan; (e) the Loan had a Risk Band of A+, A, B, C, D or E; and (f) the sum of the obligations owed by the Funding Circle Borrower in respect of the Purchased Loan Receivable did not exceed £1,000,000 when aggregated with the outstanding principal amount of other unsecured loans made to the same Funding Circle Borrower.
Remedy Amount.....	<p>In respect of any Affected Loan, the Remedy Amount to be paid by Funding Circle or the Seller to the Issuer shall be an amount equal to (i) the Collateral Principal Balance of such Affected Loan as at the Loan Portfolio Cut-Off Date, <i>less</i> (ii) any principal amounts received by the Issuer in respect of such Affected Loan since the Loan Portfolio Cut-Off Date, plus (iii) any accrued and unpaid interest on such Affected Loan as at the date on which the Remedy Amount is paid.</p>
Remedy Date	<p>In respect of an Affected Loan Event, an amount equal to the relevant Remedy Amount shall be payable on a date falling no later than 30 calendar days following the date on which Funding Circle or the Seller becomes aware of such Affected Loan Event.</p>
Purchased Defaulted Receivables.....	<p>Pursuant to the Funding Circle Terms and Conditions for Investors, Loan Receivables that are placed into default will be transferred to FCTL, as Security Holder, in order to enable the Servicing and Collection Agent, if necessary, to commence legal proceedings against the relevant Funding Circle Borrower and/or the relevant Guarantor for the Collateral Principal Balance outstanding and any due but unpaid interest. Any such transfer will be for no consideration, but any Purchased Loan Receivables that are so</p>

transferred, together with any proceeds of the enforcement thereof, will be held on trust absolutely for the Issuer pursuant to the terms of the Security Declaration of Trust. Pursuant to the Security Declaration of Trust, FCTL, as Security Holder, will use its reasonable endeavours to procure that the proceeds of such trust (“**Trust Proceeds**”) are paid directly to the Issuer Transaction Account, where they will be treated as Collections. If FCTL instead receives such proceeds in any account in its own name, it shall hold such proceeds on trust for the Issuer absolutely (unless or until such amounts are permitted to be deducted on account of enforcement costs or are beneficially due to another Funding Circle Investor, as set out below). Under the terms of the Security Declaration of Trust, FCTL shall transfer any Trust Proceeds to the Issuer Transaction Account before the close of business on the following Business Day, **provided that**, if and to the extent that the Security Holders reasonably believe that any such Trust Proceeds represent Trust Proceeds both in respect of Purchased Loan Receivables and in respect of a Loan made to the same Funding Circle Borrower and held by a Funding Circle Investor other than the Issuer, the Servicing and Collection Agent may retain such Trust Proceeds until such time as it has determined how much must be transferred to the Issuer Transaction Account (but no later than the close of business on the fifth Business Day after it receives such amounts (subject to limited exceptions, in accordance with the CASS Rules)). Pursuant to the Funding Circle Mandate Letter and the Servicing Agreement, the Servicing and Collection Agent, FCTL and any agent appointed by either of them in connection with the enforcement of any Purchased Defaulted Receivable and its Related Security is entitled to deduct any costs incurred by it in connection with the enforcement of such Purchased Defaulted Receivable from the proceeds of each Collection payment thereof, **provided that** (i) the aggregate of all amounts so deducted in relation to any Purchased Defaulted Receivable shall be no more than 40 *per cent.* of each Collection payment in respect thereof; and (ii) the aggregate of all amounts deducted in respect of Collections Charges shall be no more than 20 *per cent.* of each Collection payment received in respect of such Purchased Defaulted Receivable, in each case since the date the relevant Purchased Loan Receivable was initially declared defaulted by the Servicing and Collection Agent in accordance with the related Loan Receivable Documentation.

Optional Purchase..... On any Business Day following the Closing Date, Glencar may (but shall not be obliged to) by not less than 30 days’ prior notice to the Issuer (an “**Optional Purchase Notice**”), with a copy to the Trustee, the Retention Holder, the Servicing and Collection Agent and the Cash Manager and Calculation Agent, request that it (or an entity designated by it) purchase the Issuer’s interest in the trust declared over all Purchased Loan Receivables which have become Defaulted Loans (the “**Purchase Option Loans**”) pursuant to the Security Declaration of Trust. The Issuer may consent to such purchase provided that the following conditions are satisfied: (i) the purchase price is not less than 36.5 per cent. of the Aggregate Collateral Principal Balance of the Purchase Options Loans which are subject of such trust immediately prior to each of them becoming Defaulted Loans; (ii) an Optional Purchase Notice has not been delivered on more than one occasion prior to the Final Payout Date; (iii) such purchase shall not directly negatively affect the then current ratings ascribed to any of the Rated Notes; and (iv) the Seller has delivered a solvency certificate to the Issuer dated as of the date on which such purchase is expected to occur.

Servicing of the Loan

Receivables..... The Servicing and Collection Agent will be appointed by the Issuer (and, in certain circumstances, the Trustee) to service the Loan Portfolio on a day-to-day basis.

Payments by Funding Circle Borrowers in respect of amounts due under the Purchased Loan Receivables are required to be made into a segregated account held in the name of the Servicing and Collection Agent with the Collection Account Bank for the sole purpose of holding funds to which the Issuer is beneficially entitled (the “**Collection Account**”). The Servicing and Collection Agent has declared a trust over the Collection Account in favour of the Issuer under the Collection Account Declaration of Trust (the beneficial interest of which has been assigned to the Trustee). Subject to the Servicing and Collection Agent’s right to retain collections in the Collection Account for the purpose of reconciliation in certain circumstances, the Servicing and Collection Agent has directed the Collection Account Bank to transfer all amounts standing to the credit of the Collection Account no later than close of business (London time) on each Business Day (and in any case within two (2) Business Days) to an account in the name of the Issuer held with the Issuer Account Bank (the “**Issuer Transaction Account**”).

Servicing Termination Events If any one of certain events shall occur and be continuing (the “**Servicing Termination Events**”):

- (a) the Servicing and Collection Agent shall fail to make any payment or deposit required to be made by it under the Servicing Agreement when due and such failure remains unremedied for five Business Days;
- (b) the Servicing and Collection Agent shall fail to deliver any Servicing Report within five Business Days of the date when due;
- (c) any licence, registration or authorisation of the Servicing and Collection Agent required with respect to the Servicing Agreement and the Services to be performed by the Servicing and Collection Agent under the Servicing Agreement is revoked, restricted or made subject to any limitations;
- (d) other than as set forth in sub-clauses (a), (b) and (c), the Servicing and Collection Agent shall fail to observe or perform any term, covenant, undertaking or agreement under the Servicing Agreement in any material respect and such failure shall remain unremedied for 15 Business Days, in each case, after the Servicing and Collection Agent obtained knowledge or received notice thereof;
- (e) any representation, warranty, certification or statement made by the Servicing and Collection Agent in the Servicing Agreement (or in any report or other document delivered pursuant thereto) shall prove to have been incorrect in any material respect when made or deemed made and remains unremedied for 15 Business Days after the Servicing and Collection Agent obtained knowledge or received notice thereof;
- (f) except as otherwise expressly permitted by the Transaction Documents, the Servicing and Collection Agent shall repudiate the Servicing Agreement or any material provision therein or

assert in writing that the Servicing Agreement or any material provision therein is not in full force and effect;

- (g) proceedings are initiated against the Servicing and Collection Agent under any Insolvency Law (other than proceedings which have been made on frivolous or vexatious grounds or wholly unjustifiable grounds), or a Receiver is appointed in relation to the Servicing and Collection Agent or in relation to the whole or any substantial part of the undertaking or assets of the Servicing and Collection Agent; or the Servicing and Collection Agent is, or initiates or consents to judicial proceedings relating to itself under any applicable Insolvency Law, or seeks the appointment of a Receiver, or makes a conveyance or assignment for the benefit of its creditors generally or otherwise becomes subject to any reorganisation or amalgamation (other than on terms previously approved by the Issuer in writing), **provided, however**, with respect to any involuntary proceeding, any such petition is not dismissed within 14 days after presentment thereof;
- (h) a court judgment is entered against the Servicing and Collection Agent in an amount greater than £15,000,000 and such judgment remains unremedied for 15 calendar days;
- (i) following the occurrence of an Enforcement Event, Funding Circle does not give its consent for a proposed purchaser of Purchased Loan Receivables to become a member of the Funding Circle Platform; or
- (j) it is or becomes unlawful for the Servicing and Collection Agent to perform any of its material obligations under the Transaction Documents, and the Servicing and Collection Agent cannot reasonably amend or alter the manner in which it performs (or procures the performance of) its obligations such that they are lawful within 15 calendar days (to the satisfaction of the Trustee) (as instructed by an Extraordinary Resolution of the Noteholders),

then the Issuer (prior to the delivery of an Enforcement Notice) with the written consent of the Trustee, or the Trustee itself (following the delivery of an Enforcement Notice) may, and shall, promptly if so requested by an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes, give notice (a “**Termination Notice**”) to the Servicing and Collection Agent that the appointment of the Servicing and Collection Agent shall automatically terminate in accordance with the Servicing Agreement, **provided that** no such notice shall be required upon the occurrence of any Servicing Insolvency Event and the appointment of the Servicing and Collection Agent shall automatically terminate upon the appointment of a successor Servicing and Collection Agent in accordance with the Servicing Agreement. The Trustee shall, promptly upon becoming aware of the same, notify the Back-Up Servicing and Collection Agent (with a copy to the Issuer and the Cash Manager and Calculation Agent) of the occurrence of any Servicing Insolvency Event.

Funding Circle in its capacity as Servicing and Collection Agent may not resign from the obligations and liabilities imposed on it pursuant to the terms of the Servicing Agreement and under the other Servicing Transaction Documents unless it becomes unlawful for Funding Circle to act as Servicing and Collection Agent or otherwise

comply with its duties or obligations under the Servicing Agreement, **provided that:**

- (a) Funding Circle may, with the prior written consent of the Issuer, resign as Servicing and Collection Agent if:
 - (i) an Affiliate of Funding Circle has agreed to act as successor Servicing and Collection Agent substantially on the terms and conditions of the Servicing Agreement; and
 - (ii) such successor Servicing and Collection Agent has agreed to execute documentation in substantially the same form and substance as the Servicing Agreement to effect its appointment as, and the assumption of the rights and duties of, the Servicing and Collection Agent under the Servicing Agreement and under the Transaction Documents; and
- (b) no such resignation will be effective until such successor Servicing and Collection Agent has been appointed pursuant to such documentation and the Issuer has executed the power of attorney in favour of such Successor Servicing and Collection Agent.

The appointment of any Successor Servicing and Collection Agent other than Funding Circle or any of its Affiliates under the Servicing Agreement may be terminated upon the expiry of not less than 12 months' written notice of termination given by such Successor Servicing and Collection Agent to the Issuer and the Trustee (with a copy to the Cash Manager and Calculation Agent and the Rating Agencies), **provided that** no such resignation will be effective until a successor Servicing and Collection Agent has been appointed on substantially the terms and conditions of the Servicing Agreement.

In the absence of a Servicing Termination Event, Noteholders have no right to instruct the Trustee to terminate the appointment of the Servicing and Collection Agent.

Transition to Successor
Servicing and Collection Agent.....

Upon the service of a Termination Notice in respect of the Servicing and Collection Agent, or upon the occurrence of any Servicing Insolvency Event, the Issuer shall promptly arrange for the appointment of a successor Servicing and Collection Agent, which shall be the Back-Up Servicing and Collection Agent pursuant to the terms of the Back-Up Servicing Agreement unless such appointment has been terminated or has lapsed in accordance with the same.

Promptly following receipt of the Termination Notice, or upon the occurrence of any Servicing Insolvency Event, the Servicing and Collection Agent will be obliged to, among other things:

- (a) continue to perform all servicing functions under the Servicing Agreement until such time that the Successor Servicing and Collection Agent has assumed the duties of the Servicing and Collection Agent pursuant to the Back-Up Servicing Agreement;
- (b) reasonably cooperate with and assist the Successor Servicing and Collection Agent in the performance of its responsibilities as Successor Servicing and Collection Agent including, subject to Applicable Law, transferring to the Issuer or the Successor Servicing and Collection Agent (or to its order), all Records that

relate to the Purchased Loan Receivables; **provided that**, to the extent the Servicing and Collection Agent is prohibited by Applicable Law from transferring such Records, or if such Records relate to Related Security to which the Issuer is not solely entitled in accordance with the Security Declaration of Trust, the Servicing and Collection Agent shall (to the extent permitted by Applicable Law and subject to the restrictions contained in any licence with respect thereto), upon the reasonable request of the Issuer or the Successor Servicing and Collection Agent, provide a copy of such Records to the Successor Servicing and Collection Agent (or to its order), as applicable; and

- (c) to the extent not prohibited under any licensing or other agreements with third parties, use all commercially reasonable efforts to provide the Successor Servicing and Collection Agent with access to and use of all records (other than Seller Records), licences, servicing systems, equipment, personnel and other facilities necessary to collect the Purchased Loan Receivables.

Sub-Contracting or Delegation The Servicing and Collection Agent may from time to time and without notice to other parties to the Servicing Agreement subcontract or delegate its duties as Servicing and Collection Agent, **provided that, *inter alia*:**

- (a) the Servicing and Collection Agent may only subcontract or delegate its duties relating to custody of the Custody Files (i) at any time when Funding Circle is the Servicing and Collection Agent, to an Affiliate of Funding Circle, (ii) if such contracting or delegation is pursuant to a Permitted Debt Recovery Outsourcing or (iii) if it has obtained the prior written consent of the Issuer and the Trustee; and
- (b) notwithstanding any such subcontracting or delegation, the Servicing and Collection Agent shall continue to remain solely liable for the performance of duties and obligations under the Servicing Agreement (whether or not a Sub-Contracting Agent has agreed to perform such duty or obligation) and neither the Issuer nor the Trustee shall have any Liabilities payable to or incurred by such Sub-Contracting Agent or arising from the entering into, the continuance or the termination of any such arrangement, except for Deductions made in accordance with the Servicing Agreement.

Related Security..... Purchased Loan Receivables benefit (where the relevant Funding Circle Borrower is a company limited by shares incorporated in the United Kingdom) from a Personal Guarantee granted to one or more of the Security Holders by an owner or director of such Funding Circle Borrower, but are otherwise generally unsecured. In limited circumstances, a Purchased Loan Receivable may also benefit from one or more of the following Security Interests: (i) Security Interests that have been, or may be, provided by the relevant Funding Circle Borrower and/or the relevant Guarantor to or for the benefit of Funding Circle and/or FCTL (as Security Holder) where it has experienced financial difficulty or which it has provided or may provide during any enforcement process in respect of such Purchased Loan Receivable, and (ii) Security Interests which have been or may be granted to or for the benefit of Funding Circle and/or FCTL (as Security Holder) by the relevant Funding Circle Borrower and/or the relevant Guarantor in connection with another Loan Receivable of such Funding Circle Borrower and/or the relevant Guarantor and which secure (among other things) such Purchased Loan Receivable, in each case which will be held on trust pursuant to the Security Declaration of Trust by the relevant Security Holder for itself and for the Funding Circle Investors entitled thereto (such Security Interests, together with any Personal Guarantee form part of the Related Security).

Pursuant to the Security Declaration of Trust, the Security Holders will (i) hold on trust the Related Security on behalf of all persons entitled thereto in accordance with the Funding Circle Terms and Conditions for Investors (each as a beneficiary) and (ii) declare a trust in respect of Purchased Defaulted Receivables and the proceeds of enforcement thereof for the benefit of the Issuer absolutely (less the costs of enforcement). Prospective investors should be aware that the Funding Circle Terms and Conditions for Investors may be amended from time to time and that the nature and extent of the Issuer's interest in any Related Security may be affected by such amendments.

The Security Holders have entered into one or more security declarations of trust other than the Security Declaration of Trust containing substantially similar provisions.

Interest Provisions Each of the Notes shall bear interest on its Principal Amount Outstanding.

Interest on the Notes is payable in arrear and by reference to an Interest Period, and shall be payable on each Note Payment Date.

Each Interest Period will commence on (and include) a Note Payment Date and end on (but exclude) the next following Note Payment Date, except for the First Interest Period which will commence on (and include) the Closing Date and end on (but exclude) the First Note Payment Date.

Interest on the Notes (other than the Class Z Notes) will be calculated on the basis of the actual number of days elapsed in an Interest Period and a year of 365 days (or 366 days in the case of any leap year, beginning in 2024).

Interest on the Class Z Notes will be paid on each Note Payment Date in an aggregate amount equal to the residual amount of Available Interest Proceeds following payment of all other amounts due in accordance with the Pre-Acceleration Interest Priority of Payments on such Payment Date or the Post-Acceleration Priority of Payments (as applicable) (see Condition 6 (*Interest*) for further details).

Interest Deferral Interest due and payable on the Most Senior Class of Notes will not be deferred. Interest due and payable on a Class of Notes (other than the Most Senior Class of Notes) may be deferred in accordance with Condition 6(c) (*Deferral of Interest*).

Gross-up All payments of principal and interest by the Issuer in respect of the Notes will be made subject to any withholding or deduction for, or on account of, any applicable taxation without any additional payment in respect of such taxation. None of the Issuer or any Agent will be obliged to gross-up if there is any withholding or deduction in respect of the Notes on account of any taxes.

Redemption..... The Notes are subject to the following optional or mandatory redemption events:

- (a) mandatory redemption on any Note Payment Date commencing on the First Note Payment Date, from Available Principal Proceeds in accordance with the Pre-Acceleration Principal Priority of Payments (see Condition 8.1 (*Mandatory Repayment*));
- (b) optional redemption in whole, but not in part, on any Note Payment Date upon the exercise of the Clean-Up Call Option, subject to certain conditions (see Condition 8.2 (*Optional Redemption in whole – Clean-up Call*));
- (c) mandatory redemption in whole, but not in part, on any Note Payment Date of all Notes (other than the Class Z Notes) pursuant to the exercise of the Portfolio Option (see Condition 8.3 (*Mandatory Redemption pursuant to the exercise of the Portfolio Option*));
- (d) mandatory redemption in whole, but not in part, on any Note Payment Date upon the occurrence of a Tax Event, subject to certain conditions (see Condition 8.4 (*Mandatory Redemption in whole following a Tax Event*));
- (e) mandatory redemption in whole, but not in part, on any Note Payment Date if an Illegality Event has occurred, subject to certain conditions (see Condition 8.5 (*Mandatory Redemption upon the occurrence of an Illegality Event*));
- (f) optional redemption in whole, but not in part, on any Note Payment Date if a Regulatory Event has occurred, subject to certain conditions (and mandatory if requested by prescribed Noteholders) (see Condition 8.6 (*Optional Redemption in whole upon the occurrence of a Regulatory Event*)); and
- (g) mandatory redemption in whole, but not in part, on the Final Maturity Date (see Condition 8.7 (*Final Maturity Date*)).

Any Note redeemed pursuant to paragraphs (a) to (f) of the above redemption provisions will be redeemed at an amount equal to the Principal Amount Outstanding of the relevant Note to be redeemed together with accrued (and unpaid) interest on the Principal Amount Outstanding of the relevant Note up to (but excluding) the date of redemption.

Clean-Up Call Option..... The Issuer may (or, for so long as any Class Z Notes remain outstanding, shall if so directed by the Class Z Noteholders acting by way of Ordinary Resolution) redeem the Notes of each Class in whole (but not in part) at their Principal Amount Outstanding together with accrued (and unpaid) interest thereon up to but excluding the date of redemption on any Note Payment Date falling on or after the Optional Redemption Trigger Date (the “**Clean-Up Call Option**”), subject to the following:

- (a) no Event of Default has occurred;
- (b) that the Issuer has given not more than 60 nor less than 14 days’ prior written notice to the Trustee and the Noteholders in accordance with Condition 10 (*Notifications*) and the Registrar and the Principal Paying Agent of its intention to redeem all (but not some only) of the Notes in each Class;
- (c) that prior to giving any such notice, the Issuer has provided to the Trustee, a certificate signed by two directors of the Issuer to

the effect that the right to exercise the Clean-Up Call Option has arisen (upon which certificate the Trustee shall rely absolutely and without enquiry or liability); and

- (d) that prior to giving any such notice, the Issuer has provided to the Trustee, a certificate signed by two directors of the Issuer to the effect that it will have the funds on the relevant Note Payment Date, not subject to the interest of any other person, required to redeem all the Notes pursuant to this Condition (together with accrued and unpaid interest thereon) and to meet its payment obligations of a higher priority under the Post-Acceleration Priority of Payments (upon which certificate the Trustee shall rely absolutely and without enquiry or liability).

Portfolio Option..... The Issuer will, pursuant to the Deed Poll, grant to the Portfolio Option Holder an option (the “**Portfolio Option**”) to require the Issuer to mandatorily redeem the Notes (other than the Class Z Notes) using the proceeds of (a) a Cash Collateralisation; or (b) a Portfolio Sale in the circumstances described below and subject to the satisfaction of the Portfolio Sale Conditions.

The Portfolio Option may be exercised on any Note Payment Date falling on or after the Optional Redemption Trigger Date but prior to the delivery of an Enforcement Notice (the “**Portfolio Option Exercise Date**”) by the Portfolio Option Holder giving not more than 90 nor less than 60 days’ prior written notice to the Issuer with a copy to the Trustee and the Seller (with the Issuer promptly providing a copy of the notice to each other Class Z Noteholder).

Following receipt of the notice from the Portfolio Option Holder, the Issuer will give not more than 60 nor less than 14 days’ prior written notice to the Trustee and the Noteholders in accordance with Condition 10 (*Notifications*) and the Registrar and the Principal Paying Agent of its intention to redeem all (but not some only) of the Notes in each Class (other than the Class Z Notes).

Not less than 45 days’ prior to the Portfolio Option Exercise Date, each Class Z Noteholder will be required to notify the Issuer whether it agrees to contribute its relevant Cash Collateralisation Contribution Amount on the Portfolio Option Exercise Date.

If by the date falling 45 days’ prior to the Portfolio Option Exercise Date, Class Z Noteholders holding 100% of the Principal Amount Outstanding of the Class Z Notes have confirmed to the Issuer that they will contribute their Cash Contribution Collateralisation Amount on the Portfolio Option Exercise Date, then the exercise of the Portfolio Option will be by way of Cash Collateralisation and each Class Z Noteholder will pay its Cash Collateral Contribution Amount to the Issuer (for credit to the Issuer Transaction Account) no less than two (2) Business Days prior to the Portfolio Option Exercise Date and such Cash Collateral Contribution Amount will be applied in accordance with the Post-Acceleration Priority of Payments.

If by the date falling 45 days’ prior to the Portfolio Option Exercise Date, Class Z Noteholders holding 100% of the Principal Amount Outstanding of the Class Z Notes have not confirmed to the Issuer that they will contribute their Cash Contribution Collateralisation Amount on the Portfolio Option Exercise Date, then (subject to the satisfaction of the Portfolio Sale Conditions) the exercise of the Portfolio Option will be by way of Portfolio Sale with the Portfolio

Sale Purchase Price to be paid to the Issuer (and credited to the Issuer Transaction Account) no less than 2 Business Days prior to the Portfolio Option Exercise Date and such Portfolio Sale Purchase Price will be applied in accordance with the Post-Acceleration Priority of Payments.

In addition, in respect of a mandatory redemption by way of a Portfolio Sale, to the extent that there are any amounts remaining after the payment in full of all items ranking above payments to the Class Z Noteholders in the Post-Acceleration Priority of Payments, such amounts will be paid *pro rata* and *pari passu* to the Class Z Noteholders.

None of the Seller, the Trustee or any of their Affiliates will be required to provide any representations or warranties in relation to any Portfolio Sale in respect of the exercise of the Portfolio Option. The Issuer will provide limited representations in relation to its interest in the Portfolio only.

The Trustee will consent to any Portfolio Sale that satisfies the Portfolio Sale Condition provided that it has received confirmation that the Portfolio Sale Conditions have been satisfied in the notice provided by the Portfolio Option Holder.

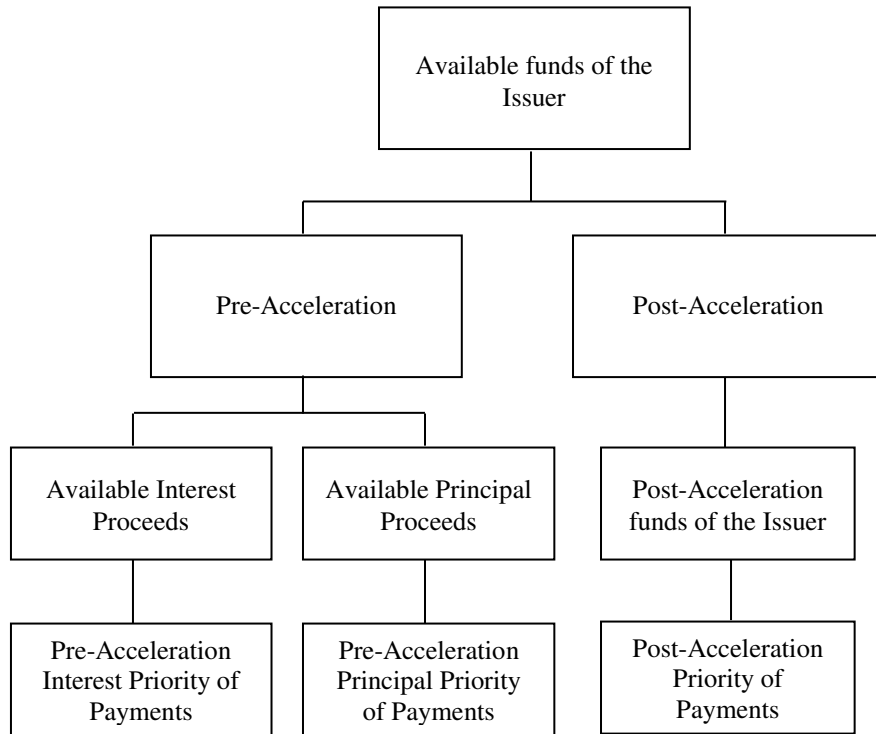

Event of Default.....	<p>Subject to any applicable grace period:</p> <ul style="list-style-type: none"> (a) the Issuer fails to pay any amount of principal in respect of the Most Senior Class of Notes within five (5) days following the due date for payment of such principal or fails to pay any amount of interest in respect of the Most Senior Class of Notes within five (5) days following the due date for payment of such interest (provided that, for the avoidance of doubt, a deferral of interest in respect of a Class of Notes (other than the Most Senior Class of Notes) in accordance with Condition 6(c) (<i>Deferral of Interest</i>) shall not constitute a default in the payment of such interest for the purposes of Condition 13 (<i>Events of Default</i>), and provided that it shall not constitute a default in the payment of any amount actually due and payable by the Issuer during the continuation of any Servicer Disruption if, during the continuation of any such Servicer Disruption, the Issuer continues to make all payments calculated to be payable by it by the Cash Manager and Calculation Agent); or (b) the occurrence of an Insolvency Event in respect of the Issuer; and (c) the Security is (except in accordance with the terms of the Transaction Documents), in whole or in part, terminated, released or otherwise ceases to be effective or be legally valid, binding and enforceable obligation of the Issuer.
Enforcement Event	<p>If an Event of Default occurs and is continuing, the Trustee may at its discretion, and shall, if so directed by the Noteholders of the Most Senior Class of Notes acting by way of Extraordinary Resolution, (subject, in each case, to the Trustee being indemnified and/or prefunded and/or secured to its satisfaction), deliver an Enforcement Notice to the Issuer, with a copy to each Agent (other than the Corporate Services Provider), the Seller and the Rating Agencies, and institute such proceedings or take any other steps as may be required in order to enforce the Security (the service of such Enforcement Notice, in accordance with the Conditions, shall</p>

constitute an “**Enforcement Event**”). Following receipt of such Enforcement Notice, the Issuer shall give notice, or shall procure that such notice is given, to all Noteholders without undue delay in compliance with Condition 10 (*Notifications*).

Listing and Admission to Trading	Application will be made to Euronext Dublin for the Notes to be admitted to the Official List and trading on its regulated market.
Limited Recourse.....	The Notes are limited recourse obligations of the Issuer, and, if not repaid in full, amounts outstanding are subject to a final write-off, which is described in more detail in the Conditions.
Non-petition.....	The parties to the Transaction Documents (other than the Issuer) acknowledge and agree that they (or any other party acting on their behalf) shall not be entitled at any time to institute against the Issuer, or join in any institution against the Issuer of, any bankruptcy, reorganisation, arrangement, insolvency, examinership or liquidation proceedings, or other analogous proceedings under any applicable bankruptcy or similar law in connection with any claims, debts or obligations of the Issuer under the Transaction Documents, save for lodging a claim in the liquidation of the Issuer which is initiated by another party or taking proceedings to obtain a declaration or judgment as to the obligations of the Issuer in relation such Transaction Document. For the avoidance of doubt, this shall not prevent the Trustee enforcing the security constituted by the Charge and Assignment in accordance with its terms, provided that in connection with any such enforcement neither the Trustee nor any Receiver appointed thereunder shall take any steps or proceedings to procure the winding up, examinership or liquidation of the Issuer.
Eurosystem eligibility	The Notes are intended upon issue to be held in a manner which will allow the European System of Central Banks (as the term is used in the Governing Council of the European Central Bank) (“ Eurosystem ”) eligibility. This means that the Notes are intended to be deposited with one of Euroclear and/or Clearstream, Luxembourg (each an “ ICSD ” and together the “ ICSDs ”) as common safekeeper and registered in the name of a nominee of one of the ICSDs acting as common safekeeper, and does not necessarily mean that any of the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the European Central Bank (the “ ECB ”) being satisfied that all Eurosystem eligibility has been met (and, for the avoidance of doubt, such Eurosystem eligibility is not, as at the Closing Date, expected to be satisfied by any Notes that give rise to rights to principal and/or interest that are subordinated to the rights of holders of any other Notes).
Governing Law	English law, except that Irish law shall govern the Corporate Services Agreement only.

General Credit Structure The general credit structure of the transaction includes, broadly speaking, the following elements:

(a) Credit Support:

- in respect of the Rated Notes, availability of the Cash Reserve Account, which will be initially funded on the Closing Date in an amount equal to the Cash Reserve Required Amount and will, prior to the occurrence of an Enforcement Event, be replenished from, and to the extent of, Available Interest Proceeds (subject to the Pre-Acceleration Interest Priority of Payments) up to the Cash Reserve Required Amount on each Note Payment Date. Amounts from the Cash Reserve Account, will be applied by the Issuer as Available Interest Proceeds on each Note Payment Date in accordance with the Pre-Acceleration Interest Priority of Payments;
- Following a Sequential Amortisation Trigger Event, repayments of principal in respect of junior Classes of Notes will be subordinated to repayment of principal in respect of more senior Classes of Notes, thereby ensuring that available funds are applied to repayment of principal in respect of the Most Senior Class of Notes in priority to repayment of principal in respect of more junior Classes of Notes; and
- Principal Deficiency Ledgers will be established for each Class of Notes (other than the Class X Notes) to record the Default Amounts corresponding to each Class of Notes in reverse Sequential Order and/or the application of Available Principal Proceeds to pay any Remaining Senior Interest Deficiency on a Note Payment Date. Available Interest Proceeds will be applied in accordance with the relevant Priority of Payments to make up the relevant Principal Deficiency Ledger in Sequential Order;

(b) Liquidity Support:

- in respect of the Most Senior Class of Notes (except the Class E Notes, Class X Notes or the Class Z Notes) only, availability of the Liquidity Reserve Account, which will initially be funded on the Closing Date in an amount equal

to the Liquidity Reserve Required Amount and will, prior to the occurrence of an Enforcement Event, be replenished from, and to the extent of, Available Interest Proceeds (subject to the Pre-Acceleration Interest Priority of Payments) up to the Liquidity Reserve Required Amount. Amounts from the Liquidity Reserve Account, may be used by the Issuer to cover any Senior Interest Deficiency pursuant to the Pre-Acceleration Interest Priority of Payments; and

- in respect of the Most Senior Class of Notes only, application of Available Principal Proceeds to pay any Remaining Senior Interest Deficiency on a Note Payment Date as set out below;

(c) Hedging:

- availability of an interest rate cap provided by the Interest Rate Cap Provider to hedge against the possible variance between the fixed rate of interest received by the Issuer on the Purchased Loan Receivables and the SONIA-based interest payable in respect of the Rated Notes, the Class E Notes and the Class X Notes.

Application of Available Principal Proceeds to Pay

Remaining Senior Interest Deficiency Prior to an Enforcement Event, Available Principal Proceeds may be applied on each Note Payment Date to make payments under the Pre-Acceleration Interest Priority of Payments in an amount equal to any Remaining Senior Interest Deficiency.

CERTAIN REGULATORY DISCLOSURES

Securitisation Regulations

The Retention Holder will, for the life of the Transaction, retain as “originator” (as defined in Article 2(3) of the EU Securitisation Regulation and Article 2(3) of the UK Securitisation Regulation), a material net economic interest of not less than five (5) per cent. in the securitisation in accordance with Article 6(1) of the EU Securitisation Regulation and Article 6(1) of the UK Securitisation Regulation. As at the Closing Date, such interest will be in the form specified in Article 6(3)(a) of the EU Securitisation Regulation and Article 6(3)(a) of the UK Securitisation Regulation and comprise the Retention Holder holding no less than five (5) per cent. of the nominal value of each Class of Notes sold or transferred to investors on the Closing Date (the “**Minimum Retained Amount**”).

The Retention Holder will undertake in favour of the Issuer and the Trustee (pursuant to the Master Framework Agreement) and the Arranger and the Joint Lead Managers (pursuant to the Subscription Agreement), that, for so long as any Note remains outstanding, it shall not:

- (a) sell, transfer or surrender all or any part of its rights, benefits or obligations arising from its economic interest in the Minimum Retained Amount;
- (b) allow its economic interest in the Minimum Retained Amount to become subject to any form of credit risk mitigation or hedging;
- (c) enter into a transaction synthetically effecting any of the actions referred to in paragraphs (a) to (b) above, or referencing its economic interest in the Minimum Retained Amount; or
- (d) take any other action which would reduce the Retention Holder’s aggregate exposure to the economic risk of the Minimum Retained Amount,

in each case, except to the extent permitted under the EU Securitisation Regulation and the UK Securitisation Regulation.

The Retention Holder will undertake to notify the Issuer, the Trustee, the Cash Manager and Calculation Agent, the Joint Lead Managers and the Arranger promptly if for any reason: (i) it ceases to hold the Minimum Retained Amount or (ii) it fails to comply with any of its other obligations in respect of the Securitisation Regulations.

The Retention Holder, will represent and warrant that the Loans sold to the Issuer pursuant to the Receivables Sale and Assignment Agreement have not been selected with the aim of rendering losses on such Loans, over the greater of (A) the life of the Transaction, and (B) the period of four (4) years from the date of their sale, higher than the losses over the same period on comparable Loans held on Glencar’s balance sheet.

The Retention Holder will represent and warrant that it has not been established and does not operate for the sole purpose of securitising exposures. Please refer to the section entitled “*The Retention Holder and Subordinated Loan Provider*” for further information regarding the Retention Holder.

In addition, the Retention Holder will undertake in favour of the Issuer, the Trustee, the Arranger and the Joint Lead Managers that, for so long as any Notes remain outstanding, it will disclose in each Investor Report (or it will procure that there will be disclosed therein): (i) any change in the manner in which the Minimum Retained Amount is held (if applicable) and (ii) such information (if any) as is required to be made available or disclosed by it under the EU Securitisation Regulation or the UK Securitisation Regulation (other than any information which the Issuer as reporting entity has undertaken to provide pursuant to Article 7 of the EU Securitisation Regulation and/or Article 7 of the UK Securitisation Regulation), and that it shall give notice of any such change and/or provide such information to the Cash Manager and Calculation Agent and the Reporting Agent no later than two (2) Business Days immediately preceding each Calculation Date in respect of any such applicable Investor Report.

Article 5 of the EU Securitisation Regulation and Article 5 of the UK Securitisation Regulation require an institutional investor to, amongst other things, be able to demonstrate that it has undertaken certain due diligence prior to holding each of its individual securitisation positions and that it has a comprehensive and thorough understanding of, and has implemented written policies and procedures appropriate to, its trading book and non-trading book which are commensurate with the risk profile of its investment in a securitised position.

Each prospective investor is required to independently assess and determine the sufficiency of the information described above and in this document generally for the purposes of complying with Article 5 of the EU Securitisation Regulation and Article 5 of the UK Securitisation Regulation and none of the Issuer, the Seller, Funding Circle, FCTL, the Retention Holder, the Reporting Agent, the Subordinated Loan Provider, the Trustee, the Arranger nor the Joint Lead Managers makes any representation that the information described above or in this document is sufficient in all circumstances for such purposes. In addition, each prospective Noteholder should ensure that they comply with the implementing provisions in respect of the Securitisation Regulations in their relevant jurisdiction. Investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction, should seek guidance from their regulator.

The Trustee shall have the benefit of certain protections contained in the Trust Deed in relation to the compliance of the Retention Holder with such undertakings. For further information please refer to the section entitled “*Risk Factors – Counterparty risks – The Trustee is not obliged to act in certain circumstances*”.

U.S. Credit Risk Retention

The transaction is not intended to involve the retention by a sponsor of at least five per cent. of the “credit risk” of the “securitized assets” (as such terms are defined in the U.S. Risk Retention Rules) for the purposes of compliance with the final rules promulgated under Section 15G of the Securities Exchange Act of 1934, as amended (the “**U.S. Risk Retention Rules**”). Instead, for these purposes, the intention is to rely on an exemption for certain non-U.S. transactions provided for in Section __ 20 of the U.S. Risk Retention Rules. Therefore, in order to ensure that the transaction falls within this exemption, the Notes offered and sold by the Issuer and the beneficial interests therein may not be purchased by, or for the account or benefit of, any “U.S. person” (as defined in the U.S. Risk Retention Rules) unless such persons have obtained a U.S. Risk Retention Waiver from the Retention Holder. See “*Some Important Legal and Regulatory Considerations – U.S. Risk Retention Rules*”.

Credit Rating Agency Regulation

Each of S&P and Moody’s is a credit rating agency established in the United Kingdom (the UK) and is registered in accordance with the UK CRA Regulation.

In general, European regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

The ratings that S&P is expected to assign to the Rated Notes on the Closing Date will be endorsed by S&P Global Ratings Europe Limited, which is established in the European Union and registered under the EU CRA Regulation. The ratings that Moody’s is expected to assign to the Rated Notes on the Closing Date will be endorsed by Moody’s Deutschland GmbH, which is established in the European Union and registered under the EU CRA Regulation.

WEIGHTED AVERAGE LIFE OF THE NOTES

The average lives of the Notes cannot be stated, as the actual rate of repayment of the Purchased Loan Receivables and a number of other relevant factors are unknown. However, calculations of the possible average lives of the Notes can be made based on certain assumptions. For example, based on the assumptions that:

- (a) the Purchased Loan Receivables are subject to a constant annual rate of prepayment (excluding scheduled principal redemptions) of between 0 and 25 per cent. per annum as shown on the table below;
- (b) no Enforcement Notice has been served on the Issuer and no Event of Default has occurred;
- (c) pro-rata amortisation of the notes up to the date on which the aggregate of the Net Principal Amount Outstanding of each Class of Notes (other than the Class X Notes) prior to payment being made on the immediately following Note Payment Date is equal to or less than 60 per cent. of the Principal Amount Outstanding of all of the Notes (other than the Class X Notes) as at the Closing Date
- (d) No other Sequential Amortisation Trigger Event being breached;
- (e) neither Funding Circle nor the Seller is required to purchase or make a payment with respect to any Affected Loan in accordance with the Receivables Sale and Assignment Agreement;
- (f) the Security is not enforced;
- (g) the Purchased Loan Receivables are fully performing;
- (h) the ratio of the Principal Amount Outstanding of:
 - (i) the Class A Notes to the Principal Amount Outstanding of the Notes as at the Closing Date is 62.00 per cent.;
 - (ii) the Class B Notes to the Principal Amount Outstanding of the Notes as at the Closing Date is 1.50 per cent.;
 - (iii) the Class C Notes to the Principal Amount Outstanding of the Notes as at the Closing Date is 11.00 per cent.;
 - (iv) the Class D Notes to the Principal Amount Outstanding of the Notes as at the Closing Date is 9.25 per cent.;
 - (v) the Class E Notes to the Principal Amount Outstanding of the Notes as at the Closing Date is 11.25 per cent.;
 - (vi) the Class X Notes to the Principal Amount Outstanding of the Notes as at the Closing Date is 5.00 per cent.; and
 - (vii) the Class Z Notes to the Principal Amount Outstanding of the Notes as at the Closing Date is 5.00 per cent.;
- (i) Compounded Daily SONIA remains at a rate of 0.051 per cent., in each case for so long as any Notes are outstanding;
- (j) the Notes are issued on or about 15 October 2021;
- (k) the weighted average life on the Notes is calculated using actual/365 day count convention;
- (l) amounts credited to the Issuer Accounts have a yield of 0 per cent; (k) the Principal Proceeds of the Provisional Loan Portfolio are calculated based on the individual amortisation schedule of each Loan, which takes into account the loan's repayment type, interest rate on the cut-off date and remaining term and by using actual/365 day count convention (or 366 days in the case of a leap year);
- (m) prior to the date on which the Clean Up Call is exercised, the Class X Notes have been redeemed in full through payments made via the Pre-Acceleration Interest Priority of Payments; and

The average lives of the Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and estimates above will prove in any way to be realistic (and in some cases are not true, for. e.g. the Notes were not issued on 15 October 2021). They must therefore be viewed with considerable caution. For more information in relation to the risks involved in the use of the average lives estimated above, see the section headed “*Risk Factors – Credit Structure – Yield and prepayment considerations*” above.

For more information regarding the role of Great Trinity in initially advancing the Great Trinity Purchased Loan Receivables, see *The Loan Portfolio – Origination – Funding Circle Platform* below.

The Transaction will be the sixth securitisation of Funding Circle loans the notes of which have been admitted to trading and listed on the Official List. .

Funding Circle operates lending platform focused on small businesses which allows accredited investors, government bodies, institutional investors and retail to lend directly to small businesses. Funding Circle also manages the ongoing loan monitoring and servicing for all loans originated through the Funding Circle Platform. Funding Circle is part of the Funding Circle Group, which is a global SME lending platform. A number of the board of directors of Funding Circle are also directors of **FCH**. The board of directors, alongside the Funding Circle Group’s global leadership team, provide relevant experience to enable Funding Circle to pursue its established business strategy. Funding Circle operates a “Three Lines of Defence” risk management model with the first line owning and managing risks, the second line (risk and compliance) providing oversight and challenge as well as compliance reviews and controls testing and the third line (internal audit function), which provides risk-based independent assurance over the governance, risk management and control environment across Funding Circle Group.

About Funding Circle

FCH (LSE: FCH) is a global SME loans platform, connecting SMEs who want to borrow with investors who want to lend in the UK, and the US. Since launching in 2010, Funding Circle has helped approximately 120,000 small businesses to access more than £13 billion in funding.

Funding Circle Ltd was incorporated as a private limited liability company in England and Wales on 21 July 2009 with registered number 06968588 and is authorised and regulated by the Financial Conduct Authority with firm registration number 722513. Funding Circle is not covered by the Financial Services Compensation Scheme. Its registered office is at 71 Queen Victoria Street, London, EC4V 4AY. Funding Circle is wholly owned by FCH.

Funding Circle has regulatory permission, among other things, to operate an electronic system in relation to lending, in respect of which see further the section “*Risk factors – Regulation of platform operators in the UK*”.

The Funding Circle Model

Funding Circle operates a lending platform focused on small businesses which allows accredited investors, government bodies, institutional investors and retail investors to lend directly to small businesses. Funding Circle also manages the ongoing loan monitoring and servicing for loans originated through the Funding Circle Platform.

Funding Circle uses direct channels and indirect or intermediary channels for loan originations. Direct marketing channels include digital marketing (such as paid search, social media and display); “above the line” marketing (including television and radio) advertising and promotion, as well as targeted e-mails and traditional direct mail campaigns. Funding Circle also uses, indirect or intermediary channels for loan origination, primarily comprising referral partners and brokers.

Funding Circle generates income in three primary ways: (i) a transaction fee typically ranging between one and six per cent. of the original principal balance of the loan, that is deducted from the loan proceeds paid to the Funding Circle Borrower, (ii) an ongoing servicing fee (typically one per cent. per annum), calculated monthly on each loan as a percentage of the outstanding principal balance of the loan, and (iii) investment income on SME loans that Funding Circle has invested in and are held on the Funding Circle Group’s balance sheet.

Funding Circle has been facilitating the origination of Loan Receivables of a similar nature to those securitised under this Transaction since 2010, and servicing loans since February 2014. Since its founding in 2010, Funding Circle has facilitated approximately £9,700,000,000 in loans to over 71,000 SMEs in the UK. Investors include banks, asset management companies, insurance companies, government-backed entities and funds, a number of UK county councils, retail investors, high net worth individuals and family offices.

Loans qualifying for inclusion on the marketplace after completion of Funding Circle’s credit process are allocated by Funding Circle between investors – weights between each are controlled by Funding Circle but the allocation is random on a loan by loan basis, using a fully automated model. Institutional investors may fund or acquire whole loans originated through the marketplace by entering into one of a variety of origination arrangements with Funding Circle. These arrangements are largely passive, such that an institutional investor will be obligated to acquire, on a future flow basis, whole loans which meet certain pre-agreed eligibility criteria and concentration limits.

The Funding Circle Platform – Origination and Credit Assessment

Credit Assessment Process

Potential borrowers are sourced by Funding Circle through a variety of channels, from direct methods such as traditional post or email, digital advertising and social media, to indirect methods such as referrals from partner banks or brokers. Methods and messaging are refined and monitored from time to time to ensure these initial interactions of potential borrowers with Funding Circle are relevant to borrowers’ needs and characteristics.

Funding Circle’s credit assessment processes comprise a combination of proprietary and automated, data-driven assessment, as well as manual assessment. Funding Circle’s credit models draw data from a range of different external sources covering tens of thousands of consumer and corporate raw and hybrid factors that cover areas such as firmographics, company credit history, company financials and directors’ and/or personal guarantors’ credit history. Some of this data is pulled automatically from credit bureau providers. Others come from specific information requested from potential borrowers. An application can be declined at any point in this process. The following is an overview of the steps involved.

Eligibility Check and First Model Application

Potential borrowers must first complete an online application, setting out information on the borrower, its business and the loan being requested. An initial check is made against publicly available information to ensure the company has a minimum trading history of two years and is actively trading. Should the eligibility criteria be met, additional data relating to the borrower is gathered and Funding Circle applies its credit scoring methodology to further evaluate the loan application. Analysis at this stage combines the relevant application information provided by the borrower as well as information obtained from Companies House, commercial and consumer credit bureaus, in addition to Funding Circle databases if the borrower is an existing Funding Circle customer. Certain specific factors that are taken into consideration by Funding Circle’s credit analysis are outlined under “Credit Evaluation Process” below. At this stage borrowers are either declined (based on their credit score or policy rules) or invited to continue with the application.

Review by Borrower Team

Applications which pass the initial model stage will then be allocated to Funding Circle’s borrower team, who will engage with the potential borrower and guide them through the next stages of the application process. At this stage, further data and documentation may be gathered and additional checks on eligibility made. There may not

be suitable publicly available information relating to prospective borrowers and their primary business owner(s) and, consequently, the role of the borrower team in obtaining non-public information from applicants and their primary business owner(s) is crucial to the application process.

Application of the Secondary Risk models and Risk Band Assignment

A series of secondary risk models will be run to determine the applicant's risk band and the nature and extent of the manual assessment required. These models may be supplemented by information captured earlier in the process by incorporating data from documents submitted by the borrower (such as latest financial information and bank statements) to make the final assessment of the borrower's credit risk and ability to service the loan. At this stage further applicants may be rejected based on their credit score.

Manual Assessment

Applications which have passed all of the previous stages will then undergo a manual assessment of each application as the final stage in the Funding Circle credit assessment process, including verification and final review to ensure adherence to Funding Circle's credit policy. At this stage, there may be further review and verification of information through requests for additional documentation from the borrower as well as validation of security taken in connection with the loan application, if any. This may result in a decision to reduce (or increase) the loan amount to be offered or to reject the application outright. The manual assessment will also apply certain additional criteria, including consideration of trading or operating history, the directorship's record at other companies and the sector in which the borrower operates (noting that Funding Circle may not or does not intermediate Loans to borrowers engaged in specific prohibited sectors).

Funding Circle's credit team assessors have delegated authority to approve loans up to certain loan size thresholds. Depending on the loan amount, those delegated authorities require counter-approval by another assessor.

Credit Evaluation Process

Funding Circle's credit models currently draw data from a variety of external sources that broadly cover the following key areas:

- (a) company firmographics;
- (b) company credit history;
- (c) directors' and/or personal guarantors' credit history;
- (d) financial ratios;
- (e) scores from credit bureaux; and
- (f) bank cash flow information.

In addition, specific policy decline rules are in place, including those relating to prior or active County Court Judgements and insolvencies in prior directorships.

Funding Circle operates using a balanced mix of statistical models, policy rules and manual credit assessments. Between June and July 2018, Funding Circle implemented a tightening of its credit evaluation process. This included a recalibration of credit models and the introduction of a new eligibility criteria based on the consumer bureau score of personal guarantors. In October 2018 a full new suite of models was introduced, including a model based on bank transaction data. There was also further tightening of cut-offs levels, resulting in an increase in the auto-decline population. In March 2019, Funding Circle paused origination of E band loans; however, Funding Circle accepted loan applications for E band loans occurring in March 2019 that were funded into April 2019. In October 2019, Funding Circle introduced a refreshed suite of models (Gen 8) which incorporate newly available CCDS data (when available) and leveraging its most recently available data enabling it to re-start originating E band loans. Going forward, Funding Circle models continue to be refined as the loan portfolio grows, enabling further segmentation of the borrower population.

The tightening of the credit evaluation process in June 2018 included the introduction of tighter gauge score on a business' guarantor; further evidence of the tightening of the credit evaluation process in June 2018 can be

observed in the below table which shows the reduction in the number of borrowers who have a maximum bureau credit score and companies which are less than 3 years old.

Both	0.8%	0.2%	0.0%	0.0%	0.0%	0.0%	0.0%	0.0%

In October 2018 a full new suite of models (Gen 7) was introduced, including a model based on bank transaction data. The risk bands were re-calibrated in line with the risk tightening actions, with previously-accepted high risk loans being rejected by the new model by October 2018 and April 2019 respectively. In October 2019, Funding Circle introduced a refreshed suite of models (Gen 8) leveraging its most recent data and taking advantage of the newly available CCDS data (bank transaction data), when available.

The percentages below show the distribution across the different risk bands of loans originated. The below analysis is based on loans booked since H1 2018.

Security

Personal Guarantees are generally required where the Funding Circle Borrower is a limited company but generally the Purchased Loan Receivables do not have the benefit of any other Security Interest unless the value of the relevant Purchased Loan Receivable exceeds certain thresholds. In addition, in certain limited circumstances Funding Circle may agree to release or substitute a Guarantor in respect of a Personal Guarantee, in accordance with the Funding Circle Policies.

“**Personal Guarantee**” means a guarantee of the obligations of a Funding Circle Borrower by an appropriate owner or director thereof in compliance with the Funding Circle Standard Documentation.

A Personal Guarantee entered into in respect of a Purchased Loan Receivable requires the relevant guarantor to irrevocably and unconditionally undertake and guarantee that whenever the relevant Funding Circle Borrower does not pay any amount when due in respect of the debt owed by it under such Purchased Loan Receivable, the guarantor will pay, immediately on demand, as if the guarantor was the principal obligor or borrower, such unpaid amount up to the limit, interest and expenses specified in such Personal Guarantee.

Funding Circle Lending Policy

Each Loan has been approved by Funding Circle in accordance with the Funding Circle Lending Policy applicable as at the time of approval. Under the Funding Circle Lending Policy, Funding Circle will allocate a Risk Band to each Funding Circle Borrower. Funding Circle relied on the Risk Band and certain other criteria and information when it determined whether the Eligibility Criteria were satisfied in respect of the Purchased Loan Receivables as at their respective Determination Dates or at the time otherwise indicated.

In accordance with the Funding Circle Warranties, the Loan Receivables to be sold to the Issuer on the Closing Date were required to be originated in all material respects in accordance with the Funding Circle Standard Documentation and the Funding Circle Lending Policy applicable at the time each relevant Loan was approved.

Risk Band

The Risk Band is a letter grade that represents an estimate of the level of default risk associated with a prospective Funding Circle Borrower as determined by an algorithmic process devised using logistic regression of multiple factors and the performance of previously accepted and rejected loans on the Funding Circle Platform.

Funding Circle Terms and Conditions

In order to participate on the Funding Circle Platform, either as borrower or investor, a person must agree to the applicable Funding Circle Terms and Conditions. The Issuer will agree to the Funding Circle Terms and Conditions for Investors, as modified by the Funding Circle Mandate Letter. Each Funding Circle Borrower has agreed to the Funding Circle Terms and Conditions for Borrowers.

Related Security

Purchased Loan Receivables benefit (where the relevant Funding Circle Borrower is a company limited by shares incorporated in the United Kingdom) from a Personal Guarantee granted to one or more of the Security Holders by an owner or director of such Funding Circle Borrower, but are otherwise generally unsecured. In limited circumstances, a Purchased Loan Receivable may also benefit from one or more of the following Security Interests: (i) Security Interests that have been, or may be, provided by the relevant Funding Circle Borrower and/or the relevant Guarantor to or for the benefit of Funding Circle or FCTL (as a Security Holder) where it has experienced financial difficulty or which it has provided or may provide during any enforcement process in respect of such Purchased Loan Receivable; and (ii) Security Interests which have been or may be granted to FCTL (as Security Holder) by the relevant Funding Circle Borrower and/or Guarantor or by the Courts of England and Wales in connection with another Loan Receivable of such Funding Circle Borrower, which secures (among other things) the Purchased Loan Receivable, in each case which will be held on trust pursuant to the Security Declaration of Trust by FCTL for itself and for the Funding Circle Investors entitled thereto (such Security Interests, together with any Personal Guarantee, form part of the Related Security).

The Security Holders hold the benefit of the Related Security granted in relation to each Purchased Loan Receivable for themselves and certain Funding Circle Investors to such Funding Circle Borrower in accordance with the Funding Circle Terms and Conditions for Investors (as may be amended from time to time). The Security Holders will declare a trust over all Related Security expressed to benefit any Purchased Loan Receivable or a Related Security Agreement relating to such Purchased Loan Receivable for the benefit of all persons entitled thereto in accordance with the Funding Circle Terms and Conditions for Investors.

Funding Circle Borrowers

Pursuant to the Funding Circle Terms and Conditions for Borrowers, each Funding Circle Borrower must meet certain criteria, including, *inter alia*:

- (a) the business must be actively trading (not dormant) as a business, and have actively traded (not been dormant at any time) for at least two years;
- (b) the business must have a valid UK bank or building society account to facilitate repayments to investors;
- (c) if the business trades through an LLP or a limited company it must be registered with Companies House and must have filed accounts at Companies House for the previous financial year;
- (d) if the business is a sole trader it must be resident in the UK (excluding the Channel Islands and Isle of Man);
- (e) if the business is a partnership or LLP it must, unless Funding Circle agrees otherwise, have a permanent place of business in the UK (excluding the Channel Islands and Isle of Man);
- (f) if the business is a partnership, LLP or limited company, unless Funding Circle agrees otherwise: (i) at least 50 *per cent.* of the shareholders or partners of the business must be permanent residents of the UK (excluding the Channel Islands and Isle of Man); and (ii) its centre of main interests must be in the UK (excluding the Channel Islands and Isle of Man);
- (g) the business, its directors, members, partners or proprietors must meet minimum credit and fraud risk criteria; and

- (h) the business must not have any county court judgments incurred within the prior twelve months, nor (i) with respect to Funding Circle Borrowers approved for loan applications by Funding Circle on the Funding Circle Platform prior to August 2017 any outstanding county court judgments of more than £250.00, or, (ii) with respect to Funding Circle Borrowers approved for loan applications by Funding Circle on the Funding Circle Platform in or after August 2017 the business must not have any outstanding county court judgments of more than £1,000.00; save that, Funding Circle reserves the right to list businesses as such borrowers from time to time and on a case by case basis if it considers it reasonable to do so, and subject to formal approval by the Global Head of Credit Quality UK Chief Risk Officer.

Arrears and Default Procedures

Funding Circle manages the ongoing loan monitoring and servicing for loans originated on the Funding Circle marketplace.

The Collections, Recoveries and Litigation (“**CRL**”) team deals with Funding Circle Borrowers who are in arrears and Funding Circle Borrowers and/or Guarantors who have defaulted and/or who have breached their loan conditions. The CRL team sits within Funding Circle Ltd and provides services to Funding Circle, FCTL and Funding Circle Property Finance Limited (“**FCPFL**” and, together with FCTL and FCPFL, the “**Security Holders**”).

The team is divided into four departments: (i) Business Support, (ii) Collections, (iii) Recoveries and (iv) Litigation. The Collections team is generally responsible for loans in arrears in the 0-90 day period, whilst the Recoveries and Litigation team are generally responsible for dealing with defaulted borrowers. The Litigation team also deals with delinquent borrowers who agree to provide security whilst they are in arrears.

Arrears

The CRL team uses a number of online and manual tools to track and monitor all late and defaulted loans and borrowers on a daily basis (excluding weekends). This helps them with assessments for work allocation, strategic planning, regulation of systems and controls, and for FCA compliance. Online tools and internal processes also enable the team to identify issues which may affect borrowers and their ability to repay a loan, to monitor loans for updating the trackers, and to help the team prepare for direct contact with the Funding Circle Borrower through telephone, SMS, email or letter. The CRL team also uses a number of external agents for support and assistance for insolvency related appointments, legal support, tracing and service of process and for court enforcement.

If any Funding Circle Borrower misses a payment or only partially pays, the CRL team (itself or through an agent acting on its behalf) will seek contact with the Funding Circle Borrower to inform it that the CRL team will re-attempt to collect the outstanding payment. If the shortfall is not collected within five working days after the payment was due, the Funding Circle Borrower’s account will be treated as an overdue account. Collections activity will normally continue at various intensities until the loan becomes 91 days overdue, at which point the loan will normally be placed into default (unless any exceptions pursuant to the Exceptions to Default Policy apply). During the COVID-19 pandemic the default period was extended for some Borrowers to over 180 days in arrears.

The CRL team gives borrowers notice before filing a default on a credit reference file and this is within the default notice.

Default

The CRL team will normally place a loan into default when it becomes over 90 days in arrears, but it may extend this in limited circumstances (e.g. to over 180 days during the COVID-19 pandemic) and subject to ratification at a meeting of the Exceptions to Default Committee, and these decisions are ratified by Funding Circle’s Credit Risk Management Committee. Also, a loan may be defaulted before it becomes 91 days overdue, if the CRL team believes it is necessary to protect the interests of investors or otherwise as required by the Funding Circle Policies.

A Funding Circle Borrower entering an insolvency process, such as administration or liquidation means that the loan will automatically be defaulted.

A defaulted loan will be assigned to one of the Security Holders and the loan will be terminated on the same day as the default notice is sent to the relevant Funding Circle Borrower. The relevant Security Holder will then investigate the amount of debt that is likely to be successfully recovered and will attempt to agree a recovery

payment plan with the relevant borrower and personal guarantor(s) (if applicable). If appropriate, the Recoveries and Litigation teams will commence court proceedings to recover the debt (with the assistance of external solicitors or counsel if required).

The Recoveries and Litigation teams may also use external third parties to assist with the debt collection process, including field agents, tracing agents, insolvency practitioners, turnaround experts, debt collection agencies and law firms.

Forbearance Options

For all loans originated prior to the Loan Portfolio Cut Off Date, Funding Circle operated two main forbearance options, commonly known as short term payment plans and medium term payment plans. Both of these options provided the relevant Funding Circle Borrower with a payment holiday of three to six months and required the Funding Circle Borrower to pay additional late payment interest, which accrued monthly and was required to be collected as a final payment on its loan.

As of the Loan Portfolio Cut-Off Date, the only forbearance measure offered by Funding Circle is a Payment Plan. Under a Payment Plan, the Funding Circle Borrower may defer payment of principal (but not interest) on its loan for up to six months (as agreed with Funding Circle), with the Funding Circle Borrower's scheduled repayment plan under the relevant loan contract being adjusted to recover the relevant payments across the remaining life of the loan (without any adjustment to the final payment date of such loan or where the original contractual term of such loan is extended by the length of the payment plan).

COVID Adjusted Performing Loans

A number of Funding Circle Borrowers experienced financial difficulties during the COVID-19 pandemic and requested short term payment plans or medium term payment plans in respect of their loans from Funding Circle during this time. Where requested by a Funding Circle Borrower, Funding Circle agreed not to collect payments under the loan of such Funding Circle Borrower for up to six months on the basis that, once the payment moratorium period ended, the relevant Funding Circle Borrower would be required to resume 100 per cent. of the payments on their loan and either (a) make overpayments to ensure that all interest and principal on the relevant loan was repaid in full during the remaining life of the loan or (b) if applicable, extend the maturity of their loan for up to six months to ensure that their loan was repaid in full over a longer agreed payment term (a "**Pandemic Payment Plan**").

Where the relevant loan was not Re-aged and payment is more than 30 days overdue, such loan is recorded on Funding Circle's system as being in arrears and falling within Funding Circle's delinquency buckets. Any loan which has been Re-aged and which is being repaid by the relevant Funding Circle Borrower in accordance with its adjusted payment schedule, will not be recorded on Funding Circle's system as being in arrears.

As of the Loan Portfolio Cut Off Date, there were included in the Provisional Loan Portfolio:

- (A) 208 loans (with an aggregate value of £14,291,369) subject to a Pandemic Payment Plan which were recorded as more than 30 days overdue in Funding Circle's systems; and
- (B) 491 loans (with an aggregate value of £34,750,467.44) subject to a Pandemic Payment Plan which have been Re-aged.

In order to be included in the Provisional Loan Portfolio, each of these loans (each being a "**COVID Adjusted Performing Loan**") was required to meet the following criteria: (a) the payment moratorium period in respect of such loan ended prior to the Loan Portfolio Cut Off Date, (b) the relevant loan was not a Delinquent Loan on 16 March 2020 (being the date on which the first UK lockdown commenced), and (c) since the end of the payment moratorium period in respect of such loan, the relevant Funding Circle Borrower has paid an amount under such loan on one or more payment dates, which in aggregate is at least equal to the amount that would have been payable by such Funding Circle Borrower under the terms of such loan from (but excluding) the final date of such payment moratorium period had it been required to make payments in accordance with the original payment schedule of the loan (excluding, in respect of any loan that has been Re-aged, any requirement in the original payment schedule to pay the full outstanding balance of such Loan on the original final maturity date of that loan). Loans that had been Re-aged as part of the relevant Pandemic Payment Plan and which were not paid in full on their adjusted final maturity date do not comprise COVID Adjusted Performing Loans and were not included in the Provisional Loan Portfolio.

Certain COVID Adjusted Performing Loans may be defaulted earlier than as described in limb (a) of the definition of Defaulted Loan.

Write-offs

Funding Circle will write-off outstanding interest and/or principal of a loan where formal insolvency or enforcement processes have been completed with less than full recovery; where it is bound to reduce a receivable under a voluntary arrangement or court order; or, in very exceptional circumstances (such as for certain vulnerable persons), or where Funding Circle reaches a commercially reasonable settlement with a Guarantor, subject always to approval by the Head of CRL.

FUNDING CIRCLE TRUSTEE LIMITED

FCTL was incorporated as a private limited liability company in England and Wales on 29 April 2010 with registered number 07239092. Its registered office is at 71 Queen Victoria Street, London, EC4V 4AY. FCTL is wholly owned by Funding Circle.

FCTL holds security as Security Holder on behalf of each Funding Circle Investor in respect of all secured Loans other than property finance loans. When a secured Loan defaults, it is assigned to FCTL, which (if necessary) will take steps to enforce the security in respect of such Loan. Similarly, when an unsecured Loan defaults, it is assigned to FCTL, which will take steps to seek recoveries in respect of such Loan including any litigation, enforcement and recovery action, and (where the Funding Circle Borrower is a company limited by shares incorporated in the United Kingdom) under any related Personal Guarantee. FCTL holds the legal interest in the Loan on trust on behalf of each Funding Circle Investor and the beneficial interest remains with the relevant Funding Circle Investor.

Pursuant to the Receivables Sale and Assignment Agreement, the Seller will assign all of its right, title, benefit and interest, in, to and under a portfolio of Loan Receivables as further described below in the section “*Certain Transaction Documents – Receivables Sale and Assignment Agreement – Sale of the Loan Portfolio*”.

On the Provisional Loan Portfolio Cut-Off Date the Provisional Loan Portfolio is expected to comprise of 4,040 Loan Receivables to 4,029 Funding Circle Borrowers and has an Aggregate Collateral Principal Balance of £223,416,980.09.

Origination – Funding Circle Platform

Great Trinity

On 7 May 2019, Funding Circle incorporated Great Trinity as an insolvency remote, special purpose vehicle for the sole purpose of advancing loans to Funding Circle Borrowers on the Funding Circle Platform.

Great Trinity is a designated activity company limited by shares, incorporated under the laws of Ireland with company registration number 649463. Its registered office is at 1-2 Victoria Buildings, Haddington Road, Dublin 4, Ireland.

To facilitate the origination of loans by Great Trinity, an agreement (the “**Great Trinity Origination Agreement**”) was entered into between, among others, Great Trinity and Funding Circle on 7 June 2019. Under the Great Trinity Origination Agreement:

- Funding Circle agreed to make available to Great Trinity (on a randomised basis) a specified portion of loan applications which have been approved by Funding Circle on the Funding Circle Platform; and
- upon such loan applications being allocated to Great Trinity by Funding Circle under the Great Trinity Origination Agreement, provided that Great Trinity held sufficient funds to make the relevant advance to the Funding Circle Borrower, Great Trinity and such Funding Circle Borrower would automatically enter into the relevant Loan Agreement in accordance with the applicable Funding Circle Terms and Conditions and Funding Circle would instruct the disbursement of the relevant amount of such loan from an account held in Funding Circle’s name on trust for Great Trinity.

Great Trinity is funded by (i) Funding Circle as subordinated lender, and (ii) an institutional investor as senior lender, in accordance with the terms of a facility agreement and related transaction documentation originally entered into on or around 7 June 2019 and as amended from time to time (the “**Great Trinity Warehouse Financing**”). The proceeds of the Great Trinity Warehouse Financing have been used by Great Trinity to fund advances to Funding Circle Borrowers, as described above.

The Great Trinity Purchased Loan Receivables were advanced prior to the Loan Portfolio Cut-Off Date in the ordinary course of Great Trinity’s business (in the sole opinion of Great Trinity) pursuant to underwriting standards which are no less stringent than those applied to Loan Receivables which will not be securitised.

On 18 October 2021, Great Trinity, acting as a seller, entered into a forward sale agreement (the “**Great Trinity Forward Sale Agreement**”) with, among others, Glencar as the purchaser. Pursuant to the Great Trinity Forward Sale Agreement, on the Closing Date, and immediately prior to their onward sale to the Issuer, the Great Trinity Purchased Loan Receivables will be sold by Great Trinity to Glencar with an economic effective date as of 31 July 2021.

On the Closing Date, Glencar will then sell the Great Trinity Purchased Loan Receivables to the Issuer in accordance with the Receivables Sale and Assignment Agreement (see the section “*Certain Transaction Documents – Receivables Sale and Assignment Agreement – Sale of the Loan Portfolio*”).

All of the Great Trinity Purchased Loan Receivables were initially advanced by Great Trinity, and not by any other Funding Circle Investor.

Glencar XXVI

On 2 November 2018 Waterfall incorporated Glencar XXVI as an insolvency remote, special purpose vehicle for the sole purpose of advancing loans to Funding Circle Borrowers on the Funding Circle Platform..

To facilitate the origination of loans by Glencar XXVI, an agreement (the “**Glencar XXVI Origination Agreement**”) was entered into between, among others, Glencar XXVI and Funding Circle on 6 December 2018. Under the Glencar XXVI Origination Agreement:

- Funding Circle agreed to make available to Glencar XXVI (on a randomised basis) a specified portion of loan applications which have been approved by Funding Circle on the Funding Circle Platform; and
- upon such loan applications being allocated to Glencar XXVI by Funding Circle under the Glencar XXVI Origination Agreement, provided that Glencar XXVI held sufficient funds to make the relevant advance to the Funding Circle Borrower, Glencar XXVI and such Funding Circle Borrower would automatically enter into the relevant Loan Agreement in accordance with the applicable Funding Circle Terms and Conditions and Funding Circle would instruct the disbursement of the relevant amount of such loan from an account held in Funding Circle’s name on trust for Glencar XXVI.

Glencar XXVI is funded (i) by Cascade Funding, LP – Series 5, a Delaware limited partnership that has entered into an investment management agreement with Waterfall or one of its affiliates, as subordinated lender and (ii) an institutional investor as senior lender, in accordance with the terms of a facility agreement and related transaction documentation originally entered into on or around 6 December 2018 and as amended from time to time (the “**Glencar XXVI Warehouse Financing**”). The proceeds of the Glencar XXVI Warehouse Financing have been used to fund advances to Funding Circle Borrowers, as described above.

The Glencar Purchased Loan Receivables were advanced, prior to the Loan Portfolio Cut-Off Date, in the ordinary course of Glencar XXVI’s business (in the sole opinion of Glencar XXVI) pursuant to underwriting standards which are no less stringent than those applied to Loan Receivables which will not be securitised.

On 4 October 2021, Glencar XXVI, acting as a seller, entered into a forward sale agreement (the “**Glencar XXVI Forward Sale Agreement**”) with, among others, Glencar as the purchaser. Pursuant to the Glencar XXVI Forward Sale Agreement, on the Closing Date, and immediately prior to their onward sale to the Issuer, the Glencar XXVI Purchased Loan Receivables will be sold by Glencar XXVI to Glencar with an economic effective date of 31 July 2021.

On the Closing Date, Glencar will then sell the Glencar XXVI Purchased Loan Receivables to the Issuer in accordance with the Receivables Sale and Assignment Agreement (see the section “*Certain Transaction Documents – Receivables Sale and Assignment Agreement – Sale of the Loan Portfolio*”).

All of the Glencar XXVI Purchased Loan Receivables were initially advanced by Glencar XXVI, and not by any other Funding Circle Investor.

Glencar XXVI is a designated activity company limited by shares incorporated under the laws of Ireland with company registration number 636934. Its registered office is at 32 Molesworth Street, Dublin 2, Dublin, Ireland. The shares in Glencar Investments XXVI DAC are held by Waterfall Delta Offshore Master Fund, L.P., Waterfall Victoria Master Fund, Ltd., Waterfall Eden Master Fund, Ltd., Waterfall Sandstone Fund, L.P. and Waterfall Rock Island, LLC. Waterfall Asset Management, LLC acts as investment manager to Glencar Investments XXVI DAC pursuant to an investment management agreement dated 6 December 2018.

Types of Repayment Terms

Each Purchased Loan Receivable is payable in monthly instalments and interest is payable monthly in arrears, with the aggregate of such amounts being equal from month to month. Each Purchased Loan Receivable has its original final maturity date not less than 6 months and not more than 60 months from the date of the original Advance. Prepayment of the whole Loan is permitted at any time without penalty.

Loan amount

Each Purchased Loan Receivable had a Collateral Principal Balance at the date of its Advance which was equal to or more than £5,000 (if the Funding Circle Borrower is a limited company) and less than or equal to £1,000,000.

Loan Portfolio Selection

On the Provisional Loan Portfolio Cut-Off Date, the Provisional Loan Portfolio was comprised of 4,040 Loans to 4,029 Funding Circle Borrowers and had an Aggregate Collateral Principal Balance of £ 223,416,980.09 . The Provisional Loan Portfolio was selected from a portfolio of Loan Receivables consisting of Loans to (i) companies limited by shares incorporated in the United Kingdom or a limited liability partnership incorporated in the United Kingdom (as evidenced by a search at the Companies Registry, Cardiff), (ii) UK-resident individual sole traders, (iii) partnerships solely comprising UK-resident individual partners, or (iv) partnerships comprising both (A) a number of partners each of whom is an individual and (B) a number of partners each of which is a company limited by shares, where (1) each of the partners who is an individual is a UK resident and (2) each of the partners which is a company limited by shares is incorporated in the United Kingdom (as evidenced by a search conducted at the Companies Registry, Cardiff).

The Loan Portfolio as at the Closing Date will comprise all Loans identified in Schedule 3 (*List of Loans*) of the Receivables Sale and Assignment Agreement. The characteristics of the Loan Portfolio as at the Closing Date will vary from those set out in the tables below as a result of *inter alia*, the Loan Receivables comprising part of the Provisional Loan Portfolio ultimately not forming part of the Loan Portfolio as a result of (i) repayments and redemptions of the Loan Receivables comprising part of the Provisional Loan Portfolio prior to the Closing Date, (ii) if it becomes necessary to randomly select Loan Receivables for removal from the Provisional Loan Portfolio, and (iii) Loan Receivables comprising part of the Provisional Loan Portfolio having become ineligible between the Provisional Loan Portfolio Cut-Off Date and the Closing Date. The Loan Portfolio is also expected to exclude Loans which are Delinquent Loans or Defaulted Loans as at the Loan Portfolio Cut-Off Date (noting that COVID Adjusted Performing Loans will not, by reason only of a payment plan described in the definition thereof, constitute either Delinquent Loans or Defaulted Loans) or which have not been subject to at least one scheduled monthly payment by the relevant Borrower by the Closing Date, in respect of which, please see the description of the Seller Asset Warranty (see “*Certain Transaction Documents – Receivables Sale and Assignment Agreement – Seller Asset Warranty*”).

The Purchased Loan Receivables comprised in the Loan Portfolio as at the Loan Portfolio Cut-Off Date are homogeneous for the purposes of Article 20(8) of the EU Securitisation Regulation and Article 20(8) of the UK Securitisation Regulation, on the basis that all such Purchased Loan Receivables: (i) have been underwritten by Funding Circle in accordance with similar underwriting standards applying similar approaches with respect to the assessment of a potential borrower’s credit risk; (ii) are loans entered into substantially on the terms of similar standard documentation for SME loans; (iii) are serviced by the Servicing and Collection Agent pursuant to the Servicing Agreement in accordance with the same servicing procedures; and (iv) form one asset category and have the same homogeneity factor, namely SME loans to micro-, small- and medium-sized enterprises.

Pursuant to the Receivables Sale and Assignment Agreement, each Purchased Loan Receivable is required to have satisfied (i) the Funding Circle Warranties as at its applicable Determination Date or at the time otherwise indicated and (ii) the Seller Asset Warranty as at the Loan Portfolio Cut-Off Date or the Closing Date, as applicable.

The Provisional Loan Portfolio

Certain characteristics of the Provisional Loan Portfolio set forth below refer to the composition of the Provisional Loan Portfolio as at the Provisional Loan Portfolio Cut-Off Date and not the Closing Date (unless otherwise specified in respect of the relevant information). The composition of the Provisional Loan Portfolio will vary over time due to, *inter alia*, repayment and prepayment under the relevant Loan Receivables and as a result, the characteristics of the Provisional Loan Portfolio set forth below are not necessarily indicative of the characteristics of the Provisional Loan Portfolio at any subsequent time. In particular, prospective investors should note that the characteristics of the Provisional Loan Portfolio at the Closing Date may have changed from those set out in the tables.

Verification of data

Funding Circle has caused the data set out in this section to be externally verified by an appropriate and independent third party.

Article 22(2) of the EU Securitisation Regulation and the UK Securitisation Regulation requires that a sample of the underlying exposures shall be subject to external verification prior to issuance of the securities resulting from the securitisation by an appropriate and independent party, including verification that the data disclosed in respect of the underlying exposures is accurate. On 12 December 2018 the European Banking Authority issued guidance on the STS criteria for non-ABCP securitisation stating that, for the purposes of complying with Article 22(2) of

the EU Securitisation Regulation, confirmation that this verification has occurred and that no adverse findings have been found should be disclosed. Certain loans selected from the Provisional Loan Portfolio have been subject to an agreed upon procedures review on a sample of loans selected from the Provisional Loan Portfolio conducted by a third-party prior to the Closing Date. This independent third party has also performed agreed upon procedures in order to verify that (i) the stratification tables disclosed in respect of the underlying exposures are accurate and (ii) the Provisional Loan Portfolio complies with the Eligibility Criteria (where applicable). The third party undertaking the review has reported the factual findings to the parties to the engagement letter. The Seller is of the view that no significant adverse findings have been found. The third party undertaking the review only accepts a duty of care to the parties to the engagement letters governing the performance of the agreed upon procedures and to the fullest extent permitted by law shall have no responsibility to anyone else in respect of the work it has performed or the reports it has produced save where terms are expressly agreed.

Funding Circle does not collect information relating to the environmental performance of the Loans in the Loan Portfolio.

In accordance with Article 243 of the CRR, as of the Loan Portfolio Cut-Off Date:

- (a) the aggregate net present value of the largest Funding Circle Borrower in the Loan Portfolio does not exceed 2% of the aggregate net present value of all Purchased Loan Receivables; and
- (b) the Purchased Loan Receivables meet the conditions for being assigned a risk weight equal to or smaller than 100% under the Standardised Approach on an individual Loan Receivable basis.

Information relating to Loans originated by Funding Circle

Static and dynamic historical performance data in relation to Loans originated by Funding Circle was made available prior to pricing on the Reporting Medium. Such information will cover the period from 2016 to 2021. The Loans which are included in such data are originated under and serviced in accordance with the same policies and procedures as the Loans comprising the Loan Portfolio and, as such, it is expected that the performance of such loans, over a period of five years, would not be significantly different to the performance of the Loans in the Loan Portfolio.

Historical Data

The illustrations below show the approximate total historic originations, loss and recovery experience for Funding Circle's UK lending platform portfolio. The illustrations include unsecured SME loans (excluding secured SME loans such as property finance loans, asset finance loans or loans guaranteed under the Coronavirus Business Interruption Loan Scheme ("CBILS"), Bounce Back Loan Scheme ("BBLs") or the Recovery Loan Scheme ("RLS")) that have been originated through the whole loan and partial loan marketplace that are serviced by Funding Circle.

Loans originated through Funding Circle's platform from May 2020 to the present have been originated as part of a separate product (CBILS, BBLs and RLS) to Funding Circle's standard unsecured loans that predate May 2020. The Loans Receivables included in the SBOLT 2021-1 portfolio were originated between 14 June 2019 and 16 April 2020, these Loan Receivables are not covered by any Government-backed scheme (including CBILS, BBLs and RLS).

Funding Circle UK Historical Originations

The figures shown below are for the total portfolio of unsecured SME loans intermediated on the Funding Circle UK lending platform from 2012 up until 30 June 2021. Funding Circle have expanded the types and terms of loan products offered through its lending platform over time, including the addition of a 'C' band in 2011, a 'D' band in 2013 and an 'E' band in 2015. In March 2019, Funding Circle paused origination of E band loans; however, Funding Circle accepted loan applications for E band loans occurring in March 2019 that were funded into April 2019. In October 2019, Funding Circle introduced a refreshed suite of models (Gen 8) which incorporate newly available CCDS data (when available) and leveraging its most recently available data enabling it to re-start originating E band loans. Going forward, Funding Circle models continue to be refined as the loan portfolio grows, enabling further segmentation of the borrower population.

The table below shows cumulative gross losses as a percentage, based on the total number of months since the date of origination for each annual cohort. The data is as at 30 September 2021. Loss experience may be influenced by a variety of economic, social, geographic and other factors beyond the control of Funding Circle. Loss experience also may be influenced by changes in Funding Circle’s origination and servicing policies. No assurance can be made that the loss experience of a particular pool of loans will be similar to the historical experience shown below or that any trends shown in the graphs will continue for any period. The loss experience for a particular pool of loans originated in any period would differ from the portfolio experience shown in the following tables.

Methodology:

- (1) Cohorts include loans origination within the identified date range (e.g. annual basis).
- (2) The age of each loan in a cohort is calculated by reference to the current date on which this calculation is carried out in respect of the loan book, as at that date.
- (3) The default date for all defaulted loans is determined in accordance with Funding Circle's origination and servicing policies.
- (4) A cumulative gross loss vector is calculated by summing the month-on-month default amounts since origination within a particular cohort divided by the total origination amounts in that particular cohort.

Funding Circle Historical Delinquency Performance

The table below shows the proportion of current balance outstanding that is delinquent (30+ days and 60+ days) for each half year cohort from 2017-H1 to 2018-H2. Defaulted loans are not included in current outstanding balance. The data is as at 30 September 2021.

Delinquencies may be influenced by a variety of economic, social, geographic and other factors beyond the control of Funding Circle. Delinquencies also may be influenced by changes in Funding Circle's origination and servicing policies. No assurance can be made that the delinquencies of a particular pool of loans will be similar to the historical experience shown below or that any trends shown in the graphs will continue for any period. The delinquencies for a particular pool of loans originated in any period would differ from the portfolio experience shown in the following tables.

Funding Circle Historical Prepayment Information

The figures below show the cumulative proportion of the original principal balance of all SME loans originated on the Funding Circle platform for the annual origination cohorts 2013 to 2021 that were prepaid in each such cohort. The data is as at the end of September 2021 and includes SME loans repaid in full prior to their contractual maturity date.

Loans originated through Funding Circle's platform from May 2020 to the present have been originated as part of a separate product (CBILS, BBLs and RLS) to Funding Circle's standard unsecured loans that predate May 2020. The Loans Receivables included in the SBOLT 2021-1 portfolio were originated between 14 June 2019 and 16 April 2020, these Loan Receivables are not covered by any Government-backed scheme (including CBILS, BBILS and RLS).

The rate of prepayment of SME loans is influenced by a wide variety of economic, social and other factors, including prevailing market interest rates, changes in tax laws, local and regional economic conditions and changes in borrower's behaviour. No guarantee can be given as to the level of prepayment that the Purchased Loan Receivables may experience.

KEY STRUCTURAL FEATURES

Credit Enhancement and Liquidity Support

The Notes are obligations of the Issuer only and will not be the obligations of, or the responsibility of, or guaranteed by, any other party. However, there are a number of features of the Transaction which enhance the likelihood of timely receipt of payments by the Noteholders as follows:

- The Loan Portfolio has characteristics that demonstrate the capacity to produce funds to service any payments due and payable on the Notes. Available Interest Proceeds are expected to exceed interest due and payable on the Rated Notes and Senior Expenses of the Issuer (including the Issuer Corporate Benefit).
- On each Note Payment Date all amounts standing to the credit of the Cash Reserve Account will be transferred to the Issuer Transaction Account for application as Available Interest Proceeds in accordance with the Pre-Acceleration Interest Priority of Payments, any Senior Interest Deficiency on any Note Payment Date may be funded by transferring amounts standing to the credit of the Liquidity Reserve Account to the Issuer Transaction Account for application to such Senior Interest Deficiency and, any Remaining Senior Interest Deficiency on any Note Payment Date may be funded by applying amounts otherwise constituting Available Principal Proceeds to such Remaining Senior Interest Deficiency.
- Payments of interest on each Class of Notes are made on a *pro rata* and *pari passu* basis up to their respective Interest Amount and may (other than in respect of the Most Senior Class of Notes and the Class Z Notes) be deferred where the Issuer has insufficient proceeds.
- Payments of principal of each Class of Notes are made (i) prior to the occurrence of a Sequential Amortisation Trigger Event, on a *pro rata* and *pari passu* basis up to their respective Repayment Amounts (except the Class X Notes), and (ii) at any time on or following a Sequential Amortisation Trigger Event, in Sequential Order until each respective Class of Notes is redeemed in full.
- Default Amounts in respect of Defaulted Loans together with payments of Available Principal Proceeds to cover Remaining Senior Interest Deficiencies are allocable to the Classes of Notes in reverse Sequential Order in the applicable Principal Deficiency Ledger, *first* to the Class Z Principal Deficiency Ledger, *second*, to the Class E Principal Deficiency Ledger *third*, to the Class D Principal Deficiency Ledger, *fourth*, to the Class C Principal Deficiency Ledger, *fifth*, to the Class B Principal Deficiency Ledger, and *sixth* to the Class A Principal Deficiency Ledger.
- The Issuer Accounts earn or charge interest at a rate agreed from time to time between the Issuer and the Issuer Account Bank (and where the Issuer and Issuer Account Bank fail to agree, at such rate of interest as is then offered or charged by the Issuer Account Bank on similar accounts).
- The Issuer will apply the net proceeds from the issue of the Notes to pay the Purchase Price to the Seller in respect of the Loan Portfolio pursuant to the Receivables Sale and Assignment Agreement. In addition, the Issuer will, on the Closing Date, make a drawing under the Subordinated Loan Agreement. The Issuer will apply the proceeds of the drawing under the Subordinated Loan Agreement, among other items, as follows: (i) to make a deposit in an amount equal to the Cash Reserve Required Amount into the Cash Reserve Account; (ii) to make a deposit in an amount equal to the Liquidity Reserve Required Amount into the Liquidity Reserve Account; (iii) to purchase the Interest Rate Cap on the Closing Date; and (iv) to pay any amount of Purchase Price in respect of the Loan Portfolio not paid by the net proceeds from the issue of the Notes.

Each of these factors is considered in more detail below.

Credit Support for the Notes provided by Available Interest Proceeds

It is expected that, during the life of the Notes, the interest payable by Funding Circle Borrowers on the Purchased Loan Receivables will, assuming that all of the Purchased Loan Receivables are fully performing, be sufficient so that the Available Interest Proceeds will be available to pay the amounts payable under items (a) to (v) of the Pre-Acceleration Interest Priority of Payments. The actual amount of any excess will vary during the life of the Notes. One of the key factors determining such variation is the performance of the Loan Portfolio.

Available Interest Proceeds may be applied (after making payments or provisions ranking higher in the Pre-Acceleration Interest Priority of Payments) on each Note Payment Date towards reducing any Principal Deficiency Ledger entries (which may arise from, among other things, (i) Default Amounts arising on the Loan Portfolio, or (ii) the application of Available Principal Proceeds to cover any previous Remaining Senior Interest Deficiency).

To the extent that the amount of Available Interest Proceeds on each Note Payment Date exceeds the aggregate of the payments and provisions required to be met in priority to items (a) to (m) of the Pre-Acceleration Interest Priority of Payments, such excess is available to replenish the Liquidity Reserve Account up to and including an amount equal to the Liquidity Reserve Required Amount.

To the extent that the amount of Available Interest Proceeds on each Note Payment Date exceeds the aggregate of the payments and provisions required to be met in priority to items (a) to (n) of the Pre-Acceleration Interest Priority of Payments, such excess is available to replenish and increase the Cash Reserve Account up to and including an amount equal to the Cash Reserve Required Amount.

Credit support provided by use of Cash Reserve Account

On the Closing Date, the Issuer will credit an amount equal to the Cash Reserve Required Amount to the Cash Reserve Account for the purpose of establishing a cash reserve. The Cash Reserve Required Amount on the Closing Date will be equal to 1.75 *per cent.* of the Aggregate Collateral Principal Balance of the Loan Portfolio as at the Loan Portfolio Cut-Off Date. The Cash Reserve Required Amount will subsequently increase (before amortising) and such increase will be funded through the trapping of Available Interest Proceeds in accordance with the Pre-Acceleration Interest Priority of Payments.

On each Note Payment Date occurring prior to delivery of an Enforcement Notice, all amounts standing to the credit of the Cash Reserve Account will be transferred to the Issuer Transaction Account for application as Available Interest Proceeds in accordance with the Pre-Acceleration Interest Priority of Payments.

Use of Liquidity Reserve Account to fund a Senior Interest Deficiency

On the Closing Date, the Issuer will credit an amount equal to the Liquidity Reserve Required Amount to the Liquidity Reserve Account for the purpose of establishing a liquidity reserve.

On or before each Calculation Date occurring prior to the earlier to occur of the delivery of an Enforcement Notice and the Final Rated Note Payment Date, the Cash Manager and Calculation Agent will determine based on the Servicing Report whether there is a Senior Interest Deficiency and if there is, then the Issuer shall pay or provide for that Senior Interest Deficiency by transferring amounts standing to the credit of the Liquidity Reserve Account (if any), in an amount equal to such Senior Interest Deficiency (or, if less, the total amount standing to the credit of the Liquidity Reserve Account), to the Issuer Transaction Account on each Note Payment Date and applying such amount as Available Interest Proceeds to cover the deficit on such Note Payment Date.

Use of Available Principal Proceeds to fund a Remaining Senior Interest Deficiency

On or before each Calculation Date occurring prior to the earlier to occur of the delivery of an Enforcement Notice and the Final Rated Note Payment Date, the Cash Manager and Calculation Agent will determine based on the Servicing Report whether there is a Remaining Senior Interest Deficiency and if there is, then the Issuer shall pay or provide for that Remaining Senior Interest Deficiency by applying an amount of Available Principal Proceeds equal to such Remaining Senior Interest Deficiency as Available Interest Proceeds to cover the deficit on the immediately succeeding Note Payment Date by transferring such amounts to the Issuer Transaction Account on such Note Payment Date (and the Cash Manager and Calculation Agent shall make a corresponding entry against the applicable Principal Deficiency Ledgers), **provided that** no Available Principal Proceeds may be applied in order to cure a Remaining Senior Interest Deficiency if and to the extent the debit balance of the Principal Deficiency Ledger of the then Most Senior Class of Notes is or would exceed 100 *per cent.* of the then aggregate Principal Amount Outstanding of the then Most Senior Class of Notes.

The applicable Principal Deficiency Ledgers will be debited on each Note Payment Date by an amount equal to the amount of any Available Principal Proceeds applied to fund a payment of a Remaining Senior Interest Deficiency arising on that Note Payment Date, as well as any Default Amounts for the related Collection Period, in reverse Sequential Order.

For more information about the application of Available Principal Proceeds as Available Interest Proceeds see the section entitled “*Cashflows and Cash Management*”.

Payment of interest on the Notes in Sequential Order and deferral of payments on the Notes

Payments of interest on the Classes of Notes will be paid in Sequential Order (so that payments of interest on the Class Z Notes will be subordinated to payments of interest on the Class X Notes, Class E Notes, the Class D Notes, the Class C Notes, the Class B Notes and the Class A Notes; payments of interest on the Class X Notes will be subordinated to payments of interest on the Class E Notes, the Class D Notes, the Class C Notes, the Class B Notes and the Class A Notes; payments of interest on the Class E Notes will be subordinated to payments of interest on the Class D Notes, the Class C Notes, the Class B Notes and the Class A Notes; payments of interest on the Class D Notes will be subordinated to payments of interest on the Class C Notes, the Class B Notes and the Class A Notes; payments of interest on the Class C Notes will be subordinated to payments of interest on the Class B Notes and the Class A Notes; and payments of interest on the Class B Notes will be subordinated to payments of interest on the Class A Notes) in accordance with the relevant Priority of Payments.

For so long as they are not the Most Senior Class of Notes, the Issuer shall only be obliged to, pay any Interest Amount payable in respect of the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes or the Class X Notes in full on any Note Payment Date or to pay the Class Z Interest Amount, in each case to the extent that there are Available Interest Proceeds for payment thereof in accordance with the Priority of Payments.

In accordance with Condition 6(c) (*Deferral of Interest*), for so long as they are not the Most Senior Class of Notes, any Interest Amount due on a Note Payment Date in respect of the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes or the Class X Notes will not be payable on such Note Payment Date, but will instead be deferred until the first Note Payment Date thereafter on which funds are available to the Issuer (after allowing for the Issuer’s liabilities of a higher priority and subject to and in accordance with the Conditions) to fund the payment of Deferred Interest to the extent of such available funds.

Such Deferred Interest will accrue Additional Interest at the rate of interest applicable to that Class in accordance with Condition 6(e) (*Interest on the Rated Notes, Class E Notes and Class X Notes*), and payment of any Additional Interest will also be deferred until the first Note Payment Date thereafter on which funds are available (subject to and in accordance with the Conditions) to the Issuer to pay such Additional Interest to the extent of such available funds.

For so long as they are not the Most Senior Class of Notes, failure to pay any Deferred Interest or Additional Interest to holders of the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes or the Class X Notes, as applicable, will not be an Event of Default until the Final Maturity Date or any earlier date of redemption in full of such Class of Notes and any such amount which has not then been paid in respect of the relevant Class of Notes will thereupon become due and payable in full.

It is not intended that any surplus will be accumulated by the Issuer, other than, for the avoidance of doubt, the Issuer Corporate Benefit and, until the Final Rated Note Payment Date, amounts standing to the credit of the Cash Reserve Account.

The Principal Deficiency Ledgers

Six Principal Deficiency Ledgers (one relating to each Class of Notes other than the Class X Notes) will be established on the Closing Date. On or before each Calculation Date, the Cash Manager and Calculation Agent will determine, among other things, the following amounts (based on information provided by the Servicing and Collection Agent with respect to the Loan Portfolio) and record them as debit entries on the Principal Deficiency Ledgers:

- (a) any Default Amounts on the Purchased Loan Receivables in the Loan Portfolio in the immediately preceding Collection Period; and
- (b) any Available Principal Proceeds to be applied to meet any Remaining Senior Interest Deficiency.

Without double counting, Default Amounts and the amount of any Available Principal Proceeds applied to fund a Remaining Senior Interest Deficiency recorded on the Class A Principal Deficiency Ledger shall be recorded in respect of the Class A Notes. Default Amounts and the amount of any Available Principal Proceeds applied to fund a Remaining Senior Interest Deficiency recorded on the Class B Principal Deficiency Ledger shall be

recorded in respect of the Class B Notes. Default Amounts and the amount of any Available Principal Proceeds applied to fund a Remaining Senior Interest Deficiency recorded on the Class C Principal Deficiency Ledger shall be recorded in respect of the Class C Notes. Default Amounts and the amount of any Available Principal Proceeds applied to fund a Remaining Senior Interest Deficiency recorded on the Class D Principal Deficiency Ledger shall be recorded in respect of the Class D Notes. Default Amounts and the amount of any Available Principal Proceeds applied to fund a Remaining Senior Interest Deficiency recorded on the Class E Principal Deficiency Ledger shall be recorded in respect of the Class E Notes. Default Amounts and the amount of any Available Principal Proceeds applied to fund a Remaining Senior Interest Deficiency recorded on the Class Z Principal Deficiency Ledger shall be recorded in respect of the Class Z Notes.

Default Amounts and the amount of any Available Principal Proceeds applied to fund a Remaining Senior Interest Deficiency will be recorded as a debit to the relevant Principal Deficiency Ledger as follows:

- (a) *first*, to the Class Z Principal Deficiency Ledger up to a maximum of the Class Z Principal Deficiency Limit;
- (b) *second*, to the Class E Principal Deficiency Ledger up to a maximum of the Class E Principal Deficiency Limit;
- (c) *third*, to the Class D Principal Deficiency Ledger up to a maximum of the Class D Principal Deficiency Limit;
- (d) *fourth*, to the Class C Principal Deficiency Ledger up to a maximum of the Class C Principal Deficiency Limit;
- (e) *fifth*, to the Class B Principal Deficiency Ledger up to a maximum of the Class B Principal Deficiency Limit; and
- (f) *sixth*, to the Class A Principal Deficiency Ledger up to a maximum of the Class A Principal Deficiency Limit.

Amounts debited to a Principal Deficiency Ledger shall be reduced to the extent of Available Interest Proceeds available for such purpose on each Note Payment Date in accordance with the Pre-Acceleration Interest Priority of Payments as follows:

- (a) *first*, to the Class A Principal Deficiency Ledger to reduce the debit balance to zero;
- (b) *second*, to the Class B Principal Deficiency Ledger to reduce the debit balance to zero;
- (c) *third*, to the Class C Principal Deficiency Ledger to reduce the debit balance to zero;
- (d) *fourth*, to the Class D Principal Deficiency Ledger to reduce the debit balance to zero;
- (e) *fifth*, to the Class E Principal Deficiency Ledger to reduce the debit balance to zero; and
- (f) *sixth*, to the Class Z Principal Deficiency Ledger to reduce the debit balance to zero.

On or before each Calculation Date, the Cash Manager and Calculation Agent will calculate the then current balance of each Principal Deficiency Ledger and will apply Available Interest Proceeds (to the extent available for such purpose) to cure any debit entries on the immediately following Note Payment Date in accordance with the Pre-Acceleration Interest Priority of Payments.

Interest Rate Cap

Availability of an Interest Rate Cap provided by the Interest Rate Cap Provider to hedge against the possible variance between the fixed rate of interest received by the Issuer on the Purchased Loan Receivables and the SONIA-based interest payable in respect of the Rated Notes, the Class E Notes and the Class X Notes. Payments made by the Interest Rate Cap Provider under the Interest Rate Cap will constitute the Available Interest Proceeds (other than as provided under paragraph (c) of the definition thereof) and be distributed by the Issuer in accordance with the applicable Priority of Payments.

Issuer Transaction Account

All monies held by the Issuer will be deposited in the Issuer Transaction Account in the first instance other than amounts to be credited to the Cash Reserve Account in respect of the Cash Reserve Required Amount, the Liquidity Reserve Account in respect of the Liquidity Reserve Required Amount, the Corporate Benefit Account and any Swap Collateral delivered pursuant to the Interest Rate Cap. On each Note Payment Date, monies held for application towards the applicable Priority of Payments will be transferred to the Issuer Transaction Account. On each Note Payment Date, subject to there being sufficiently cleared funds standing to the credit of the Issuer Transaction Account, the Cash Manager and Calculation Agent will instruct the Issuer Account Bank on the Issuer's behalf to transfer to the Principal Paying Agent out of the Issuer Transaction Account such amount as may be required to enable the Principal Paying Agent to pay all amounts in respect of the Notes due and payable on such date. Each Issuer Account and the Corporate Benefit Account is maintained with the Issuer Account Bank.

CASHFLOWS AND CASH MANAGEMENT

Cashflows

Application of Available Interest Proceeds prior to service of an Enforcement Notice

Cash Reserve Account

On the Closing Date, an account will be established by the Issuer called the Cash Reserve Account. The Cash Reserve Account will be funded on the Closing Date by way of a drawing under the Subordinated Loan in an amount equal to the Cash Reserve Required Amount.

The Cash Manager and Calculation Agent will maintain a Cash Reserve Ledger pursuant to the Cash Management and Calculation Agency Agreement to record the balance from time to time of the Cash Reserve Account.

After the Closing Date, the Cash Reserve Account will be replenished on each Note Payment Date occurring prior to delivery of an Enforcement Notice from Available Interest Proceeds in accordance with the provisions of the Pre-Acceleration Interest Priority of Payments up to the Cash Reserve Required Amount which shall be: (i) on the Closing Date £3,909,797.15 (being an amount equal to 1.75 *per cent.* of the Aggregate Collateral Principal Balance of the Loan Portfolio as at the Loan Portfolio Cut-Off Date); (ii) on each Note Payment Date thereafter prior to the Final Rated Note Payment Date, the lesser of (A) £6,143,966.95 (being an amount equal to 2.75 *per cent.* of the Aggregate Collateral Principal Balance of the Loan Portfolio as at the Loan Portfolio Cut-Off Date) and (B) an amount equal to 5.50 *per cent.* of the aggregate Principal Amount Outstanding of the Rated Notes prior to giving effect to any redemption of the Notes on such Note Payment Date; (iii) on and from the Final Rated Note Payment Date, zero; (iv) on the Note Payment Date on which the Clean-Up Call Option or the Portfolio Option is exercised, zero; and (v) immediately following the delivery of an Enforcement Notice, zero.

Following the earlier to occur of (i) delivery of an Enforcement Notice, and (ii) the Final Rated Note Payment Date, the Issuer will not be required to maintain the Cash Reserve Account and the Cash Reserve Required Amount will be zero, at which point, amounts standing to the credit of the Cash Reserve Account will be transferred to the Issuer Transaction Account and applied as Available Interest Proceeds in accordance with the applicable Priority of Payments.

Liquidity Reserve Account

On the Closing Date, an account will be established by the Issuer called the Liquidity Reserve Account. The Liquidity Reserve Account will be funded on the Closing Date by way of a drawing under the Subordinated Loan in an amount equal to the Liquidity Reserve Required Amount.

The Cash Manager and Calculation Agent will maintain a Liquidity Reserve Ledger pursuant to the Cash Management and Calculation Agency Agreement to record the balance from time to time of the Liquidity Reserve Account.

After the Closing Date, the Liquidity Reserve Account will be replenished on each Note Payment Date occurring prior to delivery of an Enforcement Notice from Available Interest Proceeds in accordance with the provisions of the Pre-Acceleration Interest Priority of Payments up to the Liquidity Reserve Required Amount which shall be: (i) on the Closing Date and on each Note Payment Date up to but excluding the Final Rated Note Payment Date, £558,542.45 (being an amount equal to 0.25 *per cent.* of the Aggregate Collateral Principal Balance of the Loan Portfolio as at the Loan Portfolio Cut-Off Date); (ii) on each Note Payment Date on and from the Final Rated Note Payment Date, zero; and (iii) on the Note Payment Date on which the Clean-Up Call Option or the Portfolio Option is exercised, zero.

Following the earlier to occur of (i) delivery of an Enforcement Notice, and (ii) the Final Rated Note Payment Date, the Issuer will not be required to maintain the Liquidity Reserve Account and the Liquidity Reserve Required Amount will be zero, at which point, amounts standing to the credit of the Liquidity Reserve Account will be transferred to the Issuer Transaction Account and applied as Available Interest Proceeds in accordance with the applicable Priority of Payments.

Application of Cash Reserve Account

On each Note Payment Date occurring prior to delivery of an Enforcement Notice and the Final Rated Note Payment Date, all amounts standing to the credit of the Cash Reserve Account will be transferred to the Issuer Transaction Account for application as Available Interest Proceeds in accordance with the Pre-Acceleration Interest Priority of Payments.

Application of Liquidity Reserve Account to cover Senior Interest Deficiencies

On or before each Calculation Date occurring prior to the earlier to occur of the delivery of an Enforcement Notice and the Final Rated Note Payment Date, the Cash Manager and Calculation Agent will determine based on the Servicing Report (subject to the Interest Rate Cap Provider providing the calculations of the amounts referred to in paragraph (c) of the definition of Available Interest Proceeds) whether Available Interest Proceeds (but ignoring any amounts referred to in paragraphs (e) to (h) of the definition of Available Interest Proceeds) will be sufficient to pay all items of the Pre-Acceleration Interest Priority of Payments up to and including all Interest Amounts then due and payable on the then Most Senior Class of Notes on the next Note Payment Date. If the Cash Manager and Calculation Agent determines that there is a deficiency in the amount of Available Interest Proceeds (but ignoring any amounts referred to in paragraphs (e) to (h) of the definition of Available Interest Proceeds) available to pay all such items of the Pre-Acceleration Interest Priority of Payments (the amount of the deficit being the “**Senior Interest Deficiency**”), then the Issuer shall pay or provide for that Senior Interest Deficiency by transferring amounts on or prior to each Note Payment Date standing to the credit of the Liquidity Reserve Account (if any), in an amount equal to such Senior Interest Deficiency (or, if less, the total amount standing to the credit of the Liquidity Reserve Account), to the Issuer Transaction Account and applying such amount as Available Interest Proceeds to cover the deficit on the immediately succeeding Note Payment Date.

Application of Available Principal Proceeds to cover Remaining Senior Interest Deficiencies

On or before each Calculation Date occurring prior to delivery of an Enforcement Notice, the Cash Manager and Calculation Agent will determine based on the Servicing Report whether Available Interest Proceeds (but ignoring any amounts referred to in paragraphs (f) to (g) of the definition of Available Interest Proceeds) will be sufficient to pay all items of the Pre-Acceleration Interest Priority of Payments up to and including all Interest Amounts then due and payable on the then Most Senior Class of Notes on the next Note Payment Date. If the Cash Manager and Calculation Agent determines that there is a deficiency in the amount of Available Interest Proceeds (but ignoring any amounts referred to in paragraphs (f) to (g) of the definition of Available Interest Proceeds) available to pay all such items of the Pre-Acceleration Interest Priority of Payments, **provided that** no Available Principal Proceeds may be applied in order to cure a Remaining Senior Interest Deficiency if and to the extent the debit balance of the Principal Deficiency Ledger of the then Most Senior Class of Notes is or would exceed 100 per cent. of the then aggregate Principal Amount Outstanding of the then Most Senior Class of Notes (the amount of the deficit being the “**Remaining Senior Interest Deficiency**”), then the Issuer shall pay or provide for that Remaining Senior Interest Deficiency by applying an amount of Available Principal Proceeds equal to such Remaining Senior Interest Deficiency as Available Interest Proceeds to cover the deficit on the immediately succeeding Note Payment Date by transferring such amount to the Issuer Transaction Account on or prior to each Note Payment Date (and the Cash Manager and Calculation Agent shall make a corresponding entry against the applicable Principal Deficiency Ledgers).

Application of Available Interest Proceeds prior to the occurrence of an Enforcement Event

On each Note Payment Date falling prior to the occurrence of an Enforcement Event, the Issuer shall, or shall cause the Cash Manager and Calculation Agent to, apply all Available Interest Proceeds in accordance with the Pre-Acceleration Interest Priority of Payments (in each case if and to the extent payments of a higher order of priority have been made in full and to the extent permitted by applicable law).

Application of Available Principal Proceeds prior to the occurrence of an Enforcement Event

On each Note Payment Date falling prior to the occurrence of an Enforcement Event, the Issuer shall, or shall cause the Cash Manager and Calculation Agent to, apply all Available Principal Proceeds in accordance with the Pre-Acceleration Principal Priority of Payments (in each case if and to the extent payments of a higher order of priority have been made in full and to the extent permitted by applicable law).

Application of all amounts standing to the credit of the Issuer Transaction Account and certain proceeds from the enforcement of the Security or otherwise recovered by the Trustee following the occurrence of an Enforcement Event

On each Note Payment Date (or on such other date as the Trustee instructs in writing in accordance with the Transaction Documents) following the delivery of an Enforcement Notice, the Cash Manager and Calculation Agent shall cause all amounts standing to the credit of the Issuer Transaction Account and all proceeds (other than amounts representing (i) any Excess Swap Collateral which shall be returned directly to an Interest Rate Cap Provider (and for the avoidance of doubt, such payment shall be without regard to the relevant Priority of Payments), (ii) any Replacement Swap Premium (only to the extent it is applied directly to pay a Swap Termination Payment due and payable by the Issuer to the outgoing Interest Rate Cap Provider), (iii) any Swap Tax Credits, which shall be applied directly to an Interest Rate Cap Provider in accordance with the Cash Management and Calculation Agency Agreement, and (iv) prior to the designation of an early termination date under an Interest Rate Cap and the resulting application of the Swap Collateral by way of netting or set-off, all Swap Collateral provided by an Interest Rate Cap Provider to the Issuer pursuant to an Interest Rate Cap (and any interest or distributions in respect thereof)) from the enforcement of the Security or otherwise recovered by the Trustee (which shall be held by the Trustee on trust) to be applied in payment, in the amounts required, in accordance with the Post-Acceleration Priority of Payments.

CERTAIN TRANSACTION DOCUMENTS

The following section contains an overview of the material terms of the principal Transaction Documents. The overview does not purport to be complete and is subject to the provisions of the applicable Transaction Documents.

The structure of the Transaction as described in this document and, inter alia, the issue of the Notes and the ratings which are to be assigned to the Rated Notes are based on the law and administrative practice in effect as at the date of this document as it affects the parties to the Transaction and the Loan Portfolio, and having regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to the impact of any possible change to such law (including any change in regulation which may occur without a change in primary legislation) and practice or tax treatment after the date of this document nor can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Notes.

Master Framework Agreement

The Transaction Parties will enter into a Master Framework Agreement on or before the Closing Date, pursuant to which they will agree that certain defined terms and other provisions will apply to and be incorporated into all or some of the Transaction Documents as set out therein.

Limited Recourse

Notwithstanding any of the provisions of the Conditions or any other Transaction Document, each Noteholder will by its subscription for, or purchase of, a Note, be deemed to have acknowledged and each of the Transaction Parties (other than the Issuer) will agree that if the net proceeds of realisation of the security constituted by the Charge and Assignment are less than the aggregate amount payable by the Issuer to the Noteholders and any other Secured Creditors in respect of its debts, liabilities or obligations under the Transaction Documents (such negative amount being referred to as a “shortfall”), the amount payable by the Issuer to the Noteholders and each other Secured Creditor in respect of the Issuer’s obligations under such Transaction Documents shall be reduced to such amount of the net proceeds as shall be applied in accordance with the Charge and Assignment and the Priority of Payments, and such parties shall not (directly or indirectly) be entitled to take any further steps against the Issuer to recover such shortfall, which shall be deemed to be automatically extinguished.

Non-Petition

Each Noteholder acknowledges and each of the Transaction Parties (other than the Issuer) agrees that they (or any other party acting on their behalf) shall not be entitled at any time to institute against the Issuer, or join in any institution against the Issuer of, any bankruptcy, reorganisation, arrangement, insolvency, examinership or liquidation proceedings, or other analogous proceedings under any applicable bankruptcy or similar law in connection with any claims, debts or obligations of the Issuer under the Notes or the Transaction Documents, save for lodging a claim in the liquidation of the Issuer which is initiated by another party or taking proceedings to obtain a declaration or judgment as to the obligations of the Issuer in relation to such Transaction Documents. For the avoidance of doubt, nothing in Condition 4 (*Limited Recourse; Non-Petition; Corporate Obligations; Security Mandate*) shall prevent the Trustee enforcing the security constituted by the Charge and Assignment in accordance with its terms, **provided that** in connection with any such enforcement neither the Trustee nor any Receiver appointed thereunder shall take any steps or proceedings to procure the winding up or liquidation of the Issuer.

Corporate Obligations

Each Noteholder acknowledges and each of the Transaction Parties (other than the Issuer) agrees that no recourse under any obligation, covenant, or agreement of the Issuer contained in any Transaction Document may be sought by it against any shareholder, officer, agent, employee or director of the Issuer, by the enforcement of any assessment or by any proceeding, by virtue of any statute or otherwise, it being expressly agreed and understood that the Transaction Documents are corporate obligations of the Issuer only. Each Noteholder acknowledges and each of the Transaction Parties (other than the Issuer) agrees that no personal liability shall attach to or be incurred by the shareholders, officers, agents, employees or directors of the Issuer, or any of them, under or by reason of any of the obligations, covenants or agreements of the Issuer contained in any Transaction Document, or implied therefrom, and any and all personal liability of every such shareholder, officer, agent, employee or director for breaches by the Issuer of any such obligations, covenants or agreements, either at law or by statute or constitution,

of every such shareholder, officer, agent, employee or director is hereby deemed expressly waived by the Noteholders and the Transaction Parties hereto.

Secured Obligations

Each Noteholder and each of the Transaction Parties (other than the Trustee) agrees that if any amount is received by it (including by way of set-off) in respect of any Secured Obligation owed to it other than in accordance with the provisions of the Charge and Assignment and the Trust Deed, then an amount equal to the difference between the amount so received by it and the amount that it would have received had it been paid in accordance with the provisions of the Charge and Assignment and the Trust Deed, as applicable, shall be received and held by it as trustee (except in the case of the Cash Manager and Calculation Agent, the Principal Paying Agent, the Registrar and the Issuer Account Bank which will hold such funds as banker and to the order of the Trustee) for the Trustee and shall be paid over to, or to the order of, the Trustee immediately upon receipt so that such amount can be applied in accordance with the provisions of the Charge and Assignment and the Trust Deed.

Governing Law

The Master Framework Agreement and any non-contractual obligations arising out of or in connection with the Master Framework Agreement, will be governed by and construed in accordance with English law.

Receivables Sale and Assignment Agreement

The Issuer, the Seller, the Trustee and the Servicing and Collection Agent will enter into the Receivables Sale and Assignment Agreement on or before the Closing Date.

Sale of the Loan Portfolio

Pursuant to the terms of the Receivables Sale and Assignment Agreement, and in accordance with the terms of the related Loan Agreements, the Seller will sell its right, title, benefit and interest in, to and under a portfolio of Loan Receivables held by it (collectively referred to herein as the “**Loan Portfolio**”) to the Issuer on the Closing Date. The Seller shall, or shall procure that the Servicing and Collection Agent shall, notify each Funding Circle Borrower in respect of each Purchased Loan Receivable which it has sold to the Issuer of the sale and assignment of such Purchased Loan Receivables pursuant to the Receivables Sale and Assignment Agreement and of the Issuer’s ownership of such Purchased Loan Receivable (identifying the Issuer as the Funding Circle Investor in respect of such Purchased Loan Receivable of such Funding Circle Borrower), on the Closing Date, by e-mail to the Funding Circle Borrower’s registered e-mail address in accordance with the relevant Loan Agreements or by such other method as the Issuer, Funding Circle and the Trustee may agree. The sale by the Seller to the Issuer of the Loan Receivables in the Loan Portfolio will be given effect to by sale and assignment. The Purchase Price in respect of the Loan Portfolio will be due to the Seller on the Closing Date. It is the intention of the parties that the purchase of the Purchased Loan Receivables will take economic effect as of the Loan Portfolio Cut-Off Date. The Seller will irrevocably undertake to hold on trust the Loan Receivable Proceeds received in respect of each Purchased Loan Receivable which it has sold from (but excluding) the Loan Portfolio Cut-Off Date up to and including the Closing Date for and to the order of the Issuer and transfer such Loan Receivable Proceeds net of an amount equal to the Intermediary Services Fee which has accrued between 1 October 2021 and 31 October 2021 to the Issuer after the Closing Date within 2 Business Days of identification.

No searches, enquiries or independent investigation of title of the types which a prudent purchaser or lender would normally be expected to carry out have been or will be made by the Issuer or the Trustee and the Issuer is relying entirely on the representations and warranties and purchase and payment obligations set out in the Receivables Sale and Assignment Agreement. Pursuant to the Receivables Sale and Assignment Agreement, each of the Servicing and Collection Agent, the Seller, the Issuer and the Trustee shall, as soon as they become aware thereof, give notice to each of the other such parties of any breach of a Funding Circle Warranty or a Seller Asset Warranty.

The Loan Portfolio does not contain transferrable securities as defined in point (44) of Article 4(1) of Directive 2014/65/EU, derivative instruments or securitisation positions.

As the Seller is a company incorporated under the laws of Ireland, the sale and assignment of the Purchased Loan Receivables may, in principle, be avoided or set aside following an insolvency of either Seller under Irish insolvency rules if such assignment was at an undervalue or created a preference in favour of certain creditors of the Seller. However, the risk of the assignment being characterised as an undervalue is mitigated by the purchase

price paid for the Purchased Loan Receivables being equal to the net present value of the Purchased Loan Receivables, calculated at a commercially reasonable discount rate.

Transfer Requirements

Pursuant to the relevant terms of the Loan Agreement with respect to the Purchased Loan Receivable, any Funding Circle Investor may transfer his or her right, title and interest in such Loan Agreement, and all of its associated rights and obligations, to any other registered investor on the Funding Circle Platform. Any such transfer shall be effected by the transferor and transferee entering into a transfer certificate in the form specified in such Loan Agreement.

The Issuer shall be accepted as a registered investor on the Funding Circle Platform on and subject to the terms of the Funding Circle Mandate Letter. Pursuant to the Receivables Sale and Assignment Agreement, on the Closing Date, the Seller and the Issuer shall enter into a Transfer Certificate in respect of the Purchased Loan Receivables which the Seller has sold in substantially the form set out in the Schedule thereto.

In the event that the Issuer is required to transfer any Purchased Loan Receivable following the occurrence of an Enforcement Event, it will constitute a Servicing Termination Event if Funding Circle does not give its consent for a proposed purchaser of Purchased Loan Receivables to become a member of the Funding Circle Platform.

Funding Circle Warranties and Purchase and Payment Obligations

Pursuant to the Receivables Sale and Assignment Agreement, on the Closing Date, Funding Circle will make the following representations and warranties to the Issuer and the Trustee (the “**Funding Circle Warranties**”) regarding the Purchased Loan Receivables as at the relevant Determination Date or as at such other date as may be stated below:

- (v) the Purchased Loan Receivable was originated by personnel located outside the US.

Pursuant to the Receivables Sale and Assignment Agreement, if any Funding Circle Warranty was breached in relation to a Purchased Loan Receivable as at the relevant Determination Date (or such other date as the relevant Funding Circle Warranty is given), then Funding Circle shall purchase (or procure that another member of the Funding Circle Group purchases) the relevant Affected Loan for a purchase price equal to the relevant Remedy Amount or pays the Issuer an amount equal to the Remedy Amount in each case on a date falling not later than the relevant Remedy Date.

Seller Payment Obligations

Pursuant to the Receivables Sale and Assignment Agreement if:

- (a) immediately prior to the sale of the Seller's right, title, benefit and interest to, in and under such Loan Receivables to the Issuer, the Seller was the owner of such Loan Receivable, free and clear of any Security Interest and to the best of its knowledge such Purchased Loan Receivables was not encumbered or otherwise in a condition that could be foreseen to adversely affect the enforceability of the true sale or assignment or transfer with the same legal effect;

Governing Law

The Receivables Sale and Assignment Agreement and any non-contractual obligations arising out of or in connection with the Receivables Sale and Assignment Agreement, are governed by English law.

Servicing Agreement

The Issuer, the Trustee, FCTL as the Security Holder, the Servicing and Collection Agent and the Cash Manager and Calculation Agent will enter into the Servicing Agreement on or before the Closing Date.

The Servicing and Collection Agent will undertake to comply with any directions and instructions that the Issuer (or any Transaction Party acting on behalf of the Issuer in

accordance with the Transaction Documents) or (following the delivery of an Enforcement Notice) the Trustee may from time to time give to it in connection with its duties under, and in accordance with the provisions of the Servicing Agreement. The Servicing and Collection Agent will be required to service the Purchased Loan Receivables in good faith and with the due care that would be exercised by a prudent manager of loans similar to the Purchased Loan Receivables held for its own account or that of others and, where it is a higher standard, with the equivalent diligence and level of care that it would exercise concerning other loans, similar to the Purchased Loan Receivables, originated on the Funding Circle Platform or held for its own account (as the case may be).

Servicing Procedures

Pursuant to the Servicing Agreement, the Servicing and Collection Agent shall (and it shall procure that each Sub-Contracting Agent shall) in performing the Services comply in all material respects with the Funding Circle Policies, **provided that**, the Servicing and Collection Agent may in relation to any Purchased Loan Receivable decide not to comply with all or any part of the Funding Circle Policies if the Servicing and Collection Agent is of the reasonable opinion that such non-compliance would be exercised by it, in the ordinary course of its business, in respect of any other Loan on the basis that such non-compliance would be in the best interests of any investor on the Funding Circle Platform. Notwithstanding any such non-compliance, the Servicing and Collection Agent shall continue to conduct its duties in accordance with the other provisions of the Servicing Agreement and in all material respects in compliance with all Applicable Laws.

Powers

The Servicing and Collection Agent will have the full power, authority and right, *inter alia*, to do or cause to be done any and all things which it reasonably considers necessary or advisable to the performance of its duties, subject to certain limitations set out in the Servicing Agreement, including, *inter alia*, that the Servicing and Collection Agent shall not be conferred any powers to enter into contracts in the name of the Issuer other than as provided in the power of attorney granted to Servicing and Collection Agent in accordance with the Servicing Agreement.

Undertakings by the Servicing and Collection Agent

Pursuant to the Servicing Agreement, the Servicing and Collection Agent will undertake, among other things, that:

- (a) It shall comply in all material respects with all Applicable Laws.
- (b) It shall not sell (or, if applicable, hold in trust), assign (by operation of Applicable Law or otherwise) or otherwise dispose of, or create or suffer to exist any Security Interest (except for a Security Interest created under or pursuant to a Transaction Document) upon or with respect to, the Purchased Loan Receivables except as otherwise expressly provided for in the Servicing Agreement or any other Transaction Documents to which it is a party.
- (c) It shall promptly obtain, comply in all material respects with the terms of and do all that is necessary and within its control to maintain in full force and effect all licenses, approvals, authorisations, consents, registrations and notifications (including, without limitation, authorisations, licences, registrations or notifications required pursuant to the FSMA and applicable Data Protection Laws) which are at any time required in connection with the performance of its duties and obligations under the Servicing Agreement or any other Servicing Transaction Document.
- (d) It agrees from time to time, at the Issuer's expense (unless such expense is related to the Servicing and Collection Agent's own obligations under the Servicing Agreement, in such case, at the Servicing and Collection Agent's own expense), to promptly execute and deliver all further instruments, documents and information, and to take all further actions, that may be reasonably necessary or desirable, or that the Issuer or the Trustee may reasonably request, to enable it to (i) prepare accounting or tax returns or financial statements of the Issuer (**provided that** responsibility for filing tax returns or preparing or producing financial statements on behalf of the Issuer shall not be the responsibility of the Servicing and Collection Agent), (ii) to confirm, perfect, protect or more fully evidence the Issuer's ownership of (or any of its or its assigns' interest in) the Purchased Loan Receivables or the Related Security to which the Issuer is entitled, or (iii) to enable the Issuer or its assigns to exercise and enforce their respective rights and remedies under the Servicing Agreement and the other Transaction Documents, **provided that** no

Revocation Notice pursuant to the Collection Account Declaration of Trust shall be delivered to the Collection Account Bank unless and until a Revocation Event has occurred.

- (e) It shall respond to a request by the Cash Manager and Calculation Agent for information in writing as soon as reasonably practicable, **provided that** such request relates to information actually in its control and is necessary for the production of the Investor Reports or the calculations related thereto. The Servicing and Collection Agent shall be entitled to redact any Personal Data that forms part of the information requested by the Cash Manager and Calculation Agent.
- (f) It shall deliver to the Back-Up Servicing and Collection Agent information in relation to the Purchased Loan Receivables pursuant to and in accordance with the terms of the Back-Up Servicing Agreement.
- (g) It shall notify the Issuer, the Trustee and the Back-Up Servicing and Collection Agent of any changes to the Servicing and Collection Agent's systems which could reasonably be expected to have a material impact on the Back-Up Servicing and Collection Agent's ability to perform its obligations under the Back-Up Servicing Agreement.
- (h) It shall, at the cost of the Issuer, provide each Rating Agency with such information as such Rating Agency may from time to time reasonably request (including any transfer of the Collection Account to another bank, the service of any Termination Notice, loan-by-loan data relating to the Loan Portfolio on a semi-annual basis and loan-by-loan data relating to Defaulted Loans on a quarterly basis) which is within the possession of the Servicing and Collection Agent, **provided that** such cost shall be deemed to constitute Administrative Expenses to be paid to the Servicing and Collection Agent only in accordance with the relevant Priority of Payments, and **provided further that**, the Servicing and Collection Agent shall be obliged to provide information irrespective of whether the Issuer has sufficient funds to pay such costs on any Note Payment Date, in which case payment of such costs shall be deferred until the next Note Payment Date on which sufficient funds are so available.
- (i) It will promptly give notice to the Trustee and the Issuer of any notice, correspondence or other communication received from or on behalf of any Official Body that any authorisations required for the due execution and delivery by it of the Servicing Agreement and the performance of the services it is required to provide hereunder may be terminated.

Duties

The duties of the Servicing and Collection Agent under the Servicing Agreement include:

- (a) performing the functions, duties and obligations of the Servicing and Collection Agent under the Servicing Agreement and the other Servicing Transaction Documents;
- (b) collecting all sums due in relation to the Purchased Loan Receivables and managing the transfer of the Loan Receivable Proceeds in accordance with the Receivables Sale and Assignment Agreement and the Servicing Agreement, including taking (or instructing FCTL to take) any necessary enforcement action against the Funding Circle Borrowers of the Purchased Loan Receivables;
- (c) maintaining for the benefit of the Issuer all Records, other than the Seller Records, relating to the Purchased Loan Receivables (subject, in the case of Records relating to the Related Security of any Purchased Loan Receivable, to the Security Declaration of Trust) in accordance with the Funding Circle Policies and the Servicing Agreement;
- (d) providing certain data administration services in relation to the Purchased Loan Receivables and reporting on the performance of the Purchased Loan Receivables in accordance with the Servicing Agreement;
- (e) providing certain safe custody services in respect of the Records, other than the Seller Records, and the Loan Receivable Documentation, in each case, relating to the Purchased Loan Receivables in accordance with the Servicing Agreement;
- (f) operating and managing the Collection Account in accordance with the Servicing Agreement and the Collection Account Declaration of Trust;

- (g) keeping Records relating to all Purchased Loan Receivables for all taxation purposes for as long as required by law in relation to such Records;
- (h) performing such other functions and obligations as are further set out in the Servicing Agreement and the other Servicing Transaction Documents; and
- (i) complying with any reasonable and proper directions and instructions that the Issuer (or any Transaction Party acting on behalf of the Issuer in accordance with the Transaction Documents) or (following the delivery of an Enforcement Notice) the Trustee may from time to time give to it in connection with its duties under, and in accordance with the provisions of the Servicing Agreement.

Right of Delegation by Servicing and Collection Agent

The Servicing and Collection Agent may from time to time and without notice to the other parties to the Servicing Agreement subcontract or delegate its duties as Servicing and Collection Agent under the Servicing Agreement to any other Person (each such Person, a “**Sub-Contracting Agent**”), **provided that:**

- (a) the Servicing and Collection Agent may only subcontract or delegate its duties relating to custody of the Custody Files (i) at any time when Funding Circle is the Servicing and Collection Agent, to an Affiliate of Funding Circle, (ii) if such contracting or delegation is pursuant to a Permitted Debt Recovery Outsourcing or (iii) if it has obtained the prior written consent of the Issuer and the Trustee;
- (b) such sub-contracting or delegation would not prevent the Servicing and Collection Agent or the Issuer from complying in all material respects with any Applicable Laws; and
- (c) the Servicing and Collection Agent shall take all reasonable steps, acting in good faith, to ensure that such sub-contracting or delegation shall not result in the Issuer being in a materially worse Tax position than would have been the case had such sub-contracting or delegation not occurred, it being agreed it would result in the Issuer being in a materially worse Tax position if, without limitation, the Sub-Contracting Agent were unable to make payments under the Servicing Transaction Documents to the Issuer without a Tax Deduction.

Notwithstanding any such subcontracting or delegation arrangement, the Servicing and Collection Agent shall continue to remain solely liable for the performance of its duties and obligations under the Servicing Agreement (whether or not a Sub-Contracting Agent has agreed to perform such duty or obligation) and neither the Issuer nor the Trustee shall have any Liabilities payable to or incurred by such Sub-Contracting Agent or arising from the entering into, the continuance or the termination of any such arrangement, except for Deductions made in accordance with the Servicing Agreement.

The Servicing and Collection Agent shall ensure that the terms of such subcontracting or delegation arrangement provide that the appointment of a Sub-Contracting Agent in respect of the Purchased Loan Receivables shall, be automatically terminated upon the termination of the Servicing and Collection Agent’s appointment under the Servicing Agreement.

Intermediary Services Fee

In consideration of the Services provided by the Servicing and Collection Agent under the Servicing Agreement and the other Servicing Transaction Documents, the Issuer and the Servicing and Collection Agent acknowledge and agree that the Servicing and Collection Agent shall be entitled to be paid a fee by the Issuer equal to 1 *per cent. per annum* on the Aggregate Collateral Principal Balance of all Purchased Loan Receivables which are Non-Defaulted Loans calculated on a daily basis (excluding any VAT) from 30 September 2021.

The Intermediary Services Fee (together with any VAT) will become payable on the first Note Payment Date following receipt by the Issuer of an invoice from the Servicing and Collection Agent. All Intermediary Service Fees shall be paid by the Issuer on each Note Payment Date in accordance with the applicable Priority of Payments.

The Intermediary Services Fee (together with any VAT) shall not be deducted from the Loan Receivable Proceeds or withdrawn from the Collection Account.

Collections

Under the Servicing Agreement, the Servicing and Collection Agent, on behalf of the Issuer, agrees to:

- (a) direct and instruct Obligors to pay Loan Receivable Proceeds and any other amounts in respect of the Purchased Loan Receivables (including all direct debits or card payments in respect of such amounts) directly into the Collection Account;
- (b) ensure that Loan Receivable Proceeds that have been received from Obligors into an account not specified in paragraph (a) above are transferred promptly (and in any case within two (2) Business Days (subject to limited exceptions, in accordance with the CASS Rules)) to the Collection Account; and
- (c) ensure that all amounts standing to the credit of the Collection Account on each Business Day are transferred no later than close of business (London time) on such Business Day (or in any case within two (2) Business Days (subject to limited exceptions, in accordance with the CASS Rules)) to the Issuer Transaction Account and deliver instructions to the Collection Account Bank to make such transfer automatically;

provided that, notwithstanding the foregoing:

- (i) if and to the extent that the Servicing and Collection Agent reasonably believes that any amount received by it represents both Loan Receivable Proceeds in respect of a Defaulted Loan or a Delinquent Loan and proceeds of a Loan made to the same Funding Circle Borrower and held by a Funding Circle Investor other than the Issuer, the Servicing and Collection Agent may retain such amount in the Collection Account until such time as it has determined (but no later than the close of business on the fifth Business Day after it receives such amounts) how much of the relevant amount represents such Loan Receivable Proceeds and, once it has done so, the Servicing and Collection Agent shall promptly (and, in any event within one Business Day) transfer the amount representing such Loan Receivable Proceeds to the Issuer Transaction Account; and
- (ii) if the Loan Receivable Proceeds held in the Collection Account consist of unscheduled payments of principal or interest in respect of a Purchased Loan Receivable, then such amounts shall be held in the Collection Account and constitute Trust Property, to the extent they remain unidentified as Loan Receivable Proceeds, until such time as such unscheduled payment is identified by the Servicing and Collection Agent and promptly transferred to the Issuer Transaction Account (such transfer to be on the same Business Day of such identification); and
- (iii) any amounts standing to the credit of the Collection Account received by the Servicing and Collection Agent in respect of an Affected Loan transferred to it pursuant to the Receivables Sale and Assignment Agreement from but excluding the date on which the Remedy Amount is paid in respect of such Loan shall not comprise Loan Receivable Proceeds and the Servicing and Collection Agent shall not be required to transfer such amounts to the Issuer Transaction Account,

and, in each case, any amounts conclusively determined by the Servicing and Collection Agent not to constitute Loan Receivable Proceeds shall, from the time of such determination, cease to constitute Trust Property under, and for the purposes of, the Collection Account Declaration of Trust and the Servicing and Collection Agent may transfer such amounts to such other account as it shall select.

Changes to the Collection Account

Under the Servicing Agreement, the Servicing and Collection Agent undertakes to the Issuer that it will procure that the Collection Account is maintained in its current form with the Collection Account Bank and the Servicing and Collection Agent undertakes that it will not make any changes to such account, in each case unless required by Law or otherwise agreed in writing between the parties to the Servicing Agreement. The Servicing and Collection Agent shall notify the Issuer and the Trustee of any change made to the Collection Account as required by Law (as opposed to as agreed by the parties hereto) that would adversely impact the operation of such account in accordance with the Servicing Agreement and the Collection Account Declaration of Trust. The Servicing and Collection Agent undertakes not to permit to arise or subsist any Security Interests or other rights over or in relation to the Collection Account save as permitted under the Collection Account Declaration of Trust. In case of the transfer of the Collection Account to another bank, the Servicing and Collection Agent will (a) procure that all direct debit payments made by borrowers under the Purchased Loan Receivables and all other moneys paid in respect of the Purchased Loan Receivables are made or paid into the new Collection Account and (b) will execute

a declaration of trust in the same terms (with consequential amendment, as necessary) as the Collection Account Declaration of Trust in respect of such new Collection Account.

Enforcement

Pursuant to the Funding Circle Mandate Letter, if a Purchased Loan Receivable is placed in default, such Purchased Loan Receivable will be assigned to FCTL to enable it to (among other recovery options) commence legal proceedings against the relevant Funding Circle Borrower and Guarantor for the full amount outstanding in respect thereof. FCTL will pay back to the relevant Funding Circle Investors, including the Issuer where appropriate, their proportionate share of any funds successfully recovered, less the costs of it, Funding Circle or any agent appointed by either of them in connection with the enforcement of the relevant Purchased Defaulted Receivable incurred during that recovery. Following the termination of Funding Circle's appointment in accordance with the terms of the Servicing Agreement, (i) Purchased Loan Receivables shall not be novated to FCTL upon being placed in default, and (ii) FCTL shall assign all Purchased Defaulted Receivables to the Issuer, or as the Issuer or an agent acting on its behalf shall direct.

Notwithstanding the above, pursuant to clause 6.2 (*Permitted Deductions from Loan Receivable Proceeds*) of the Servicing Agreement, the Servicing and Collection Agent agrees that no deductions may be made from Loan Receivable Proceeds ("**Deductions**") save that:

- (a) Deductions may only be made to reimburse the costs, fees, expenses, Collections Charges and disbursements properly incurred by the Servicing and Collection Agent or a Sub-Contracting Agent in connection with the collection of the Purchased Loan Receivable to which the Loan Receivable Proceeds relate; and
- (b) in relation to each such Purchased Loan Receivable: (i) the aggregate of all amounts so deducted shall be no more than 40 *per cent.* of each Collection payment in respect thereof; and (ii) the aggregate of all amounts deducted in respect of Collections Charges shall be no more than 20 *per cent.* of each Collection payment received, in each case since the date the Purchased Loan Receivable was initially declared defaulted by the Servicing and Collection Agent in accordance with the related Loan Receivable Documentation.

Custody

Under the Servicing Agreement, the Servicing and Collection Agent agrees to perform certain custodial duties on behalf of the Issuer, including that it shall, *inter alia*:

- (a) receive delivery of all Records and Loan Receivable Documentation, in each case, relating to the Purchased Loan Receivables and (to the extent the Issuer is entitled to in accordance with the Security Declaration of Trust), the Related Security related thereto (the "**Custody Files**"); and
- (b) maintain continuous custody of the Custody Files in secure facilities in accordance with customary standards for such custody and reflect in its records the interests of the appointing principal therein.

Variation of Funding Circle Policies and terms of Purchased Loan Receivables

Under the Servicing Agreement, the Servicing and Collection Agent has agreed that, in respect of each Purchased Loan Receivable, it will not agree to any Loan Modification without the prior written consent of the Trustee:

- (a) except that no such consent will be required for any Loan Modification that constitutes the agreement of a Payment Plan or is, in the Servicing and Collection Agent's reasonable discretion, necessary:
 - (i) to preserve the enforceability of any such Purchased Loan Receivable; or;
 - (ii) to facilitate or ensure compliance with, or prevent any violation of, any Applicable Law; or
 - (iii) to preserve the transferability, registration or tax treatment of any Purchased Loan Receivable; or
 - (iv) such modification is of a formal, minor or technical nature or is made to correct a manifest error; and

- (b) **provided that** notwithstanding the foregoing the Servicing and Collection Agent will not in any event agree to any Loan Modification in respect of a Purchased Loan Receivable (other than a Defaulted Loan) which would:
- (i) reduce the Collateral Principal Balance of the Purchased Loan Receivable;
 - (ii) reduce the contractual interest payable by the Funding Circle Borrower in respect of that Purchased Loan Receivable; or
 - (iii) extend the final maturity of that Purchased Loan Receivable as at the date of its initial Advance, except pursuant to a Payment Plan.

If the Servicing and Collection Agent grants any Loan Modification in respect of any Purchased Loan Receivable other than as set forth above, it shall repurchase the relevant Purchased Loan Receivable.

The Servicing and Collection Agent also represents and warrants that no amendment to the Funding Circle Policies has been made which would reasonably be expected to have a material adverse effect on (i) the rights or obligations of the Issuer under the Servicing Agreement, or (ii) the value or collectability of the Loan Portfolio, in each case without the prior written consent of the Issuer (but without the prior written consent of the Trustee being required).

Termination

If one or more of the following events shall occur and be continuing (each, a “**Servicing Termination Event**”):

- (a) the Servicing and Collection Agent shall fail to make any payment or deposit required to be made by it under the Servicing Agreement when due and such failure remains unremedied for five Business Days;
- (b) the Servicing and Collection Agent shall fail to deliver any Servicing Report within five Business Days of the date when due;
- (c) any licence, registration or authorisation of the Servicing and Collection Agent required with respect to the Servicing Agreement and the Services to be performed by the Servicing and Collection Agent under the Servicing Agreement is revoked, restricted or made subject to any limitations;
- (d) other than as set forth in sub-clauses (a), (b) and (c), the Servicing and Collection Agent shall fail to observe or perform any term, covenant, undertaking or agreement under the Servicing Agreement in any material respect and such failure shall remain unremedied for 15 Business Days, in each case, after the Servicing and Collection Agent obtained knowledge or received notice thereof;
- (e) any representation, warranty, certification or statement made by the Servicing and Collection Agent in the Servicing Agreement (or in any report or other document delivered pursuant thereto) shall prove to have been incorrect in any material respect when made or deemed made and remains unremedied for 15 Business Days after the Servicing and Collection Agent obtained knowledge or received notice thereof;
- (f) except as otherwise expressly permitted by the Transaction Documents, the Servicing and Collection Agent shall repudiate the Servicing Agreement or any material provision therein or assert in writing that the Servicing Agreement or any material provision therein is not in full force and effect;
- (g) proceedings are initiated against the Servicing and Collection Agent under any Insolvency Law (other than proceedings which have been made on frivolous or vexatious grounds or wholly unjustifiable grounds), or a Receiver is appointed in relation to the Servicing and Collection Agent or in relation to the whole or any substantial part of the undertaking or assets of the Servicing and Collection Agent; or the Servicing and Collection Agent is, or initiates or consents to judicial proceedings relating to itself under any applicable Insolvency Law, or seeks the appointment of a Receiver, or makes a conveyance or assignment for the benefit of its creditors generally or otherwise becomes subject to any reorganisation or amalgamation (other than on terms previously approved by the Issuer in writing), **provided, however**, with respect to any involuntary proceeding, any such petition is not dismissed within 14 days after presentment thereof;
- (h) a court judgment is entered against the Servicing and Collection Agent in an amount greater than £15,000,000 and such judgment remains unremedied for 15 calendar days;

- (i) following the occurrence of an Enforcement Event, Funding Circle does not give its consent for a proposed purchaser of Purchased Loan Receivables to become a member of the Funding Circle Platform; or
- (j) it is or becomes unlawful for the Servicing and Collection Agent to perform any of its material obligations under the Transaction Documents, and the Servicing and Collection Agent cannot reasonably amend or alter the manner in which it performs (or procures the performance of) its obligations such that they are lawful within 15 calendar days (to the satisfaction of the Trustee) (as instructed by an Extraordinary Resolution of the Noteholders),

then the Issuer (prior to the delivery of an Enforcement Notice) with the written consent of the Trustee, or the Trustee itself (following the delivery of an Enforcement Notice) may, and shall, promptly if so requested by an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes, give notice (a “**Termination Notice**”) to the Servicing and Collection Agent that the appointment of the Servicing and Collection Agent shall automatically terminate in accordance with Clause 8.4 (*Transition to Successor Servicing and Collection Agent*) of the Servicing Agreement, **provided that** no such notice shall be required upon the occurrence of any Servicing Insolvency Event and the appointment of the Servicing and Collection Agent shall automatically terminate upon the appointment of a successor Servicing and Collection Agent in accordance with Clause 8.4 (*Transition to Successor Servicing and Collection Agent*) of the Servicing Agreement. The Trustee shall, promptly upon becoming aware of the same, notify the Back-Up Servicing and Collection Agent (with a copy to the Issuer and the Cash Manager and Calculation Agent) of the occurrence of any Servicing Insolvency Event.

Upon the appointment of the Back-Up Servicing and Collection Agent as Successor Servicing and Collection Agent, the Back-Up Servicing and Collection Agent shall become bound and subject to the terms, duties and obligations set out in the Servicing Agreement only to the extent that such terms, rights, benefits, protections and powers (as the case may be) are required for the collection of the Purchased Loan Receivables until the Loan Portfolio has been realised, and excluding, for the avoidance of doubt, any obligation on Funding Circle to purchase or make a payment in respect of any Affected Loan pursuant to the Transaction Documents. The Servicing Agreement shall be deemed to be accordingly amended to only include such terms, duties, obligations, rights, benefits, protections and powers (as the case may be) as relate to the collection of the Purchased Loan Receivables.

The appointment of any Successor Servicing and Collection Agent other than Funding Circle or any of its Affiliates under the Servicing Agreement may be terminated upon the expiry of not less than 12 months’ written notice of termination given by such Successor Servicing and Collection Agent to the Issuer and the Trustee (with a copy to the Cash Manager and Calculation Agent and the Rating Agencies), **provided that** no such resignation will be effective until such successor Servicing and Collection Agent has been appointed on terms and conditions substantially the same as the Servicing Agreement.

Liability of the Servicing and Collection Agent

The Servicing and Collection Agent has agreed to indemnify each of the Issuer and the Trustee (each an “**Indemnified Party**”) on demand against any Liabilities (the “**Servicing and Collection Agent Indemnified Amounts**”) properly incurred by any Indemnified Party arising out of or resulting from any material breach of the Servicing Agreement by the Servicing and Collection Agent or the Servicing and Collection Agent’s negligence, wilful default or fraud in connection with the Servicing Agreement, excluding, however:

- (a) Servicing and Collection Agent Indemnified Amounts to the extent that such Servicing and Collection Agent Indemnified Amount was attributable to the negligence, wilful default or fraud on the part of such Indemnified Party (or their respective members, officers, directors, agents or employees);
- (b) recourse for uncollectable Purchased Loan Receivables;
- (c) any Excluded Taxes; and
- (d) any Servicing and Collection Agent Indemnified Amount to the extent the same has been fully and finally paid in cash to such Indemnified Party pursuant to any other provision of the Servicing Agreement or any other Transaction Document.

Limits on Liability

Without limiting any other rights that the Servicing and Collection Agent or the Issuer may have under or in connection with the Servicing Agreement or under any Applicable Law and except as expressly provided under clause 17 (*Indemnities*) of the Servicing Agreement, the Servicing and Collection Agent and the Issuer shall not be required to indemnify the other in respect of any Liability.

No claim shall be made against the Servicing and Collection Agent or its Affiliates or any of their respective directors, officers, shareholders, partners, members, agents or employees (each an “**FC Indemnified Person**”) in respect of, nor shall any such person have any Liability for:

- (a) the acts or omissions of any person retained or employed by the Issuer, including any person through whom transactions in investments are effected for the account of the Issuer, or any other party having custody, possession or control of any investments from time to time, or any clearance or settlement system; (except to the extent that such Liabilities result directly from (x) a material breach by any FC Indemnified Person of its obligations under the Servicing Agreement or (y) the fraud, negligence or wilful default of any FC Indemnified Person), in which case the Servicing and Collection Agent shall be liable therefor if the following conditions are satisfied:
 - (i) the amount of such Liability arising from any one such claim exceeds £5,000; and
 - (ii) the aggregate amount of all Liabilities arising from any claims for which the Servicing and Collection Agent is liable under Clause 17 (*Indemnities*) of the Servicing Agreement shall not exceed, in any calendar year, an aggregate amount equal to five times the aggregate fees received by the Servicing and Collection Agent pursuant to that document over the preceding 12 month period, or, in respect of the period prior to the first anniversary of the Servicing Agreement, two (2) times the aggregate fees received by the Servicing and Collection Agent pursuant to the Servicing Agreement prior to the point at which the relevant Liability arises; or
- (b) any (A) special, indirect or consequential loss or damage, which term shall include without limitation, consequential or indirect economic losses; (B) lost turnover; or (C) loss of profits or business, in each case arising out of or in connection with the performance or non-performance of its duties and obligations, or the exercise of its powers, under the Servicing Agreement; or
- (c) any failure to fulfil or delay in fulfilling its duties thereunder or for the loss of, or damage to, any documents in its possession or under its control if such failure, loss or damage is caused directly or indirectly by a Force Majeure Event (except to the extent that such Force Majeure Event results directly from the fraud, negligence or wilful default of any FC Indemnified Person) **provided that:**
 - (i) the Servicing and Collection Agent shall use reasonable endeavours to mitigate the effect of the Force Majeure Event to carry out its affected obligations under the Servicing Agreement in any way that is reasonably practicable, and in particular, shall (1) use reasonable endeavours to remedy any Force Majeure Event as soon as reasonably practicable, (2) use all reasonable endeavours to resume performance of its duties as soon as reasonably practicable, and (3) take all practicable steps to minimise any loss or disruption arising from any Force Majeure Event;
 - (ii) the Force Majeure Event shall (1) not limit the Servicing and Collection Agent’s liability if the Servicing and Collection Agent is (otherwise than by reason of that event) in breach of its obligations, and (2) be without prejudice to the right of the other parties to terminate the relevant agreement for non-performance; and
 - (iii) the Servicing and Collection Agent shall notify the other parties as soon as reasonably practicable after becoming aware of a Force Majeure Event by written notice containing reasonable details of the Force Majeure Event and its anticipated duration.

Subject always to clause 17 (*Indemnities*) of the Servicing Agreement, in no circumstances will any of the directors, officers, shareholders, partners, members, agents or employees of any party or its Affiliates have any liability to another party or any other person.

Furthermore, the Servicing and Collection Agent:

- (a) assumes no responsibility under the Servicing Agreement other than to render the services in accordance with the terms of the Servicing Agreement;

- (b) does not assume any fiduciary duty with regard to the Issuer (other than (A) as the trustee of the trusts declared under the Collection Account Declaration of Trust and the Security Declaration of Trust and (B) where it has custody of or otherwise holds the assets of the Issuer in its role as Servicing and Collection Agent);
- (c) does not guarantee or otherwise assume any responsibility for the performance by any other party to the Servicing Agreement;
- (d) does not warrant or guarantee the performance or profitability of the Issuer's portfolio (or any part of it); and
- (e) shall incur no liability to anyone in acting upon any signature, instrument, statement, notice, resolution, request, direction, consent, order, report, opinion, bond or other document or paper reasonably believed by it to be genuine and reasonably believed by it to be properly executed or signed by the proper party or parties.

Nothing in the Servicing Agreement shall exclude or restrict any liability on the part of any FC Indemnified Person for fraud, nor any non-derogable, mandatory duty or liability to the Issuer, which any FC Indemnified Person may have under any Applicable Law.

Governing law

The Servicing Agreement and any non-contractual obligations arising out of or in connection with the Servicing Agreement are governed by English law.

Back-Up Servicing Agreement

The Issuer and the Back-Up Servicing and Collection Agent, among others, will enter into the Back-Up Servicing Agreement on or before the Closing Date.

Appointment

The Issuer will appoint the Back-Up Servicing and Collection Agent to perform back-up services pursuant to the Back-Up Servicing Agreement entered into between the Issuer, the Servicing and Collection Agent, the Trustee and the Back-Up Servicing and Collection Agent dated on or prior to the Closing Date (the "**Back-Up Servicing Agreement**").

The Back-Up Servicing and Collection Agent will confirm pursuant to the Back-Up Servicing Agreement that it has undertaken a review of Funding Circle's computer hardware, software, processes and facilities employed in the performance of its obligations in relation to the servicing, administration, collection and management of the Purchased Loan Receivables and delivered to Funding Circle and the Issuer a copy of the Standby Solution Overview, including the Invocation Plan, setting out the basis on which it would assume its obligations as Successor Servicing and Collection Agent in accordance with the Back-Up Servicing Agreement if it is required to do so. Unless another person is appointed as Successor Servicing and Collection Agent, the Back-Up Servicing and Collection Agent will agree that upon receipt of:

- (a) a copy of the Termination Notice terminating the appointment of the Servicing and Collection Agent; or
- (b) notice confirming that the appointment of the Servicing and Collection Agent has been automatically terminated as a result of a Servicing Insolvency Event with respect to the Servicing and Collection Agent,

in each case in accordance with the Servicing Agreement, the Back-Up Servicing and Collection Agent shall be appointed as Successor Servicing and Collection Agent, such appointment to be effective within 30 days of such notice, and shall assume and perform the duties and obligations of the Servicing and Collection Agent under the Servicing Agreement as such duties and obligations are amended by the Back-Up Servicing Agreement.

Right of Delegation by Back-Up Servicing and Collection Agent

The Back-Up Servicing and Collection Agent may from time to time and without notice to the other parties to the Back-Up Servicing Agreement subcontract or delegate its duties as Back-Up Servicing and Collection Agent thereunder to any other Person (each such Person, a "**Back-Up Sub-Contracting Agent**"), **provided that:**

- (a) such sub-contracting or delegation would not prevent the Back-Up Servicing and Collection Agent, the Servicing and Collection Agent or the Issuer from complying with any Applicable Law; and
- (b) it shall take all reasonable steps, acting in good faith, to ensure that such sub-contracting or delegation shall not result in the Issuer being in a materially worse Tax position than would have been the case had such sub-contracting or delegation not occurred, it being agreed that each of following would result in the Issuer being in a materially worse Tax position:
 - (i) the Back-Up Sub-Contracting Agent being treated as the permanent establishment in the United Kingdom (as described in section 1141 of the Corporation Tax Act 2010) of the Issuer;
 - (ii) the Back-Up Sub-Contracting Agent being unable to make payments under the Servicing Transaction Documents to the Issuer without a Tax Deduction;
 - (iii) the Issuer being subject to any liability to, or to pay an amount in respect of, VAT in respect of any supplies made under the Back-up Servicing Agreement which would not have arisen had such sub-contracting or delegation not occurred; or
 - (iv) the Issuer being treated as having or acquiring a permanent establishment in the UK.

Notwithstanding any such subcontracting or delegation arrangement, the Back-Up Servicing and Collection Agent shall continue to remain solely liable for the performance of its duties and obligations under the Back-Up Servicing Agreement (whether or not a Back-Up Sub-Contracting Agent has agreed to perform such duty or obligation) and neither the Issuer nor the Trustee shall have any Liabilities (including in respect of any fees payable in accordance with the Back-Up Servicing Agreement) payable to or incurred by such Back-Up Sub-Contracting Agent or arising from the entering into, the continuance or the termination of any such arrangement.

The Back-Up Servicing and Collection Agent shall ensure that the terms of such subcontracting or delegation arrangement provide that the appointment of a Back-Up Sub-Contracting Agent in respect of the Purchased Loan Receivables shall, be automatically terminated upon the termination of the Back-Up Servicing and Collection Agent's appointment under the Back-Up Servicing Agreement.

Termination

Under the Back-Up Servicing Agreement, on the occurrence of a Back-Up Servicing Termination Event, no termination of the Back-Up Servicing and Collection Agent shall take effect, unless and until a person reasonably approved in writing by the Trustee shall have assumed the obligations and duties of the Back-Up Servicing and Collection Agent under the Back-Up Servicing Agreement or a back-up servicing agreement on substantially similar terms.

Governing law

The Back-Up Servicing Agreement and any non-contractual obligations arising out of or in connection with the Back-Up Servicing Agreement are governed by English law.

Trust Deed

On or before the Closing Date, the Issuer and the Trustee, among others, will enter into the Trust Deed pursuant to which the Issuer and the Trustee will agree that the Notes are subject to the provisions in the Trust Deed and the Charge and Assignment. The Conditions and the forms of the Notes are constituted by, and set out in, the Trust Deed.

The Trustee will agree to hold the benefit of, among other things, the Issuer's covenant to pay amounts due in respect of the Notes and the Issuer Covenants on trust for the Noteholders and (to the extent applicable) the other Secured Creditors according to their respective interests.

The Trust Deed also contains provisions that the Trustee shall not be bound to give notice to any person of the execution of the Trust Deed or any documents comprised or referred to in the Trust Deed or to take any steps to ascertain whether any Event of Default, Potential Event of Default, Tax Event, Illegality Event, Regulatory Event or other relevant event has happened or if the Issuer or any other party has breached any of its obligations under the Transaction Documents and, until it shall have written notice to the contrary, the Trustee shall be entitled to assume that no Event of Default, Potential Event of Default, Tax Event, Illegality Event, Regulatory Event or any

other relevant event which causes or may cause a right to become exercisable by the Issuer or the Trustee under the Trust Deed or any other Transaction Document has happened and that the Issuer and the other parties are observing and performing all their respective obligations under the Trust Deed, the Notes and the other Transaction Documents.

The Notes

The Notes of any Class will be constituted by the Trust Deed and will be represented upon issue by Global Certificates of each Class, in fully registered form without interest coupons or principal receipts, deposited with, and registered in the name of a nominee of, the Common Safekeeper for Euroclear and Clearstream, Luxembourg on or about the Closing Date.

Covenant to pay

Subject to the Conditions and in accordance with the Trust Deed, the Issuer will, on any date when the Notes or any of them become due to be redeemed (in whole or in part), unconditionally pay or procure to be paid to, or to the order of, or for the account of, the Trustee (and unless and until otherwise instructed by the Trustee, will make such payment to the Principal Paying Agent) in cleared, immediately available funds all amounts of principal payable in respect of the Notes becoming due for redemption (in whole or in part) on that date together with any applicable premium or other amounts payable upon redemption and shall (subject to the Conditions) until such payment (after as well as before any judgment or other order of a competent court) unconditionally pay to or to the order of or for the account of the Trustee as aforesaid, interest accrued on the Principal Amount Outstanding or otherwise payable in respect of the Notes together with any other amounts payable in respect of the Notes in accordance with (and to the extent provided for in) the Conditions thereof and on the dates provided for therein.

Priority of Payments

On each Note Payment Date prior to the delivery of an Enforcement Notice, the Issuer shall, or shall cause the Cash Manager and Calculation Agent to, apply all Available Interest Proceeds and Available Principal Proceeds as of the Reporting Cut-Off Date immediately preceding such Note Payment Date in accordance with the Pre-Acceleration Interest Priority of Payments and the Pre-Acceleration Principal Priority of Payments respectively (in each case if and to the extent payments of a higher order of priority have been made in full and to the extent permitted by Applicable Law).

On each Note Payment Date (or on such other date as the Trustee instructs in writing in accordance with the Transaction Documents) on or following the delivery of an Enforcement Notice, the Cash Manager and Calculation Agent shall cause all amounts standing to the credit of the Issuer Transaction Account and all proceeds (other than amounts representing (i) any Excess Swap Collateral which shall be returned directly to an Interest Rate Cap Provider (and for the avoidance of doubt, such payment shall be without regard to the relevant Priority of Payments), (ii) prior to the designation of an early termination date under an Interest Rate Cap and the resulting application of the Swap Collateral by way of netting or set-off, all Swap Collateral provided by an Interest Rate Cap Provider to the Issuer pursuant to an Interest Rate Cap (and any interest or distributions in respect thereof), (iii) any Replacement Swap Premium (only to the extent it is applied directly to pay a Swap Termination Payment due and payable by the Issuer to the outgoing Interest Rate Cap Provider), and (iv) any Swap Tax Credits which shall be applied directly to an Interest Rate Cap Provider in accordance with the Cash Management and Calculation Agency Agreement) from the enforcement of the Security or otherwise recovered by the Trustee (which shall be held by the Trustee on trust) to be applied in payment, in the amounts required in accordance with the Post-Acceleration Priority of Payments.

Meetings of Noteholders

The Issuer or the Trustee may at any time convene a meeting and, if it receives a written request by Noteholders holding not less than ten (10) *per cent.* of the Principal Amount Outstanding of the Notes Outstanding of a particular class of Notes for the time being subject to (i) certain conditions including minimum notice periods and (ii) the Trustee being indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which may be incurred by it in connection therewith, the Trustee shall convene a meeting of Noteholders. Every meeting will be held on a date and at a time and place approved by the Trustee. See further the section entitled “*Overview of Rights of Noteholders and Relationship with other Secured Creditors*”.

Actions and proceedings by the Trustee

Save as expressly otherwise provided in the Trust Deed, the Trustee shall have absolute and uncontrolled discretion as to the exercise of its trusts, powers, authorities and discretions vested in the Trustee under the Trust Deed or any other Transaction Document (the exercise of which as between the Trustee and the Noteholders of each Class and the other Secured Creditors shall be conclusive and binding on such Noteholders and the other Secured Creditors) and shall not be responsible for any Liability which may result from their exercise or non-exercise.

Unless otherwise provided in any Transaction Document, in relation to any discretion to be exercised or action to be taken by the Trustee under any Transaction Document, the Trustee may, at its discretion and without further notice or shall, if it has been so:

- (a) directed by an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes then Outstanding; or
- (b) requested in writing by the holders of not less than 25 *per cent.* in aggregate Principal Amount Outstanding of the Most Senior Class of Notes outstanding, but provided that no such request (i) shall affect any authorisation, waiver or determination previously given or made or (ii) shall authorise or waive any such proposed breach or breach relating to a Basic Terms Modification unless the holders of each Class of outstanding Notes have, by Extraordinary Resolution, so authorised its exercise,
- (c) exercise such discretion or take such action, **provided that**, in either case, the Trustee shall not be obliged to exercise such discretion or take such action unless it shall have been indemnified and/or, secured and/or prefunded to its satisfaction against all Liabilities and **provided that** subject to liability provisions in the Trust Deed, the Trustee shall not be held liable for the consequences of exercising its discretion or taking any such action and may do so without having regard to the effect of such action on individual Noteholders.

Trustee to view Noteholders as a Class

In connection with the exercise by it of any of its trusts, powers, duties, authorities and discretions under the Trust Deed or any other Transaction Document, the Trustee shall have regard to the interests of each Class of Noteholders as a Class and, shall not have regard to the consequences of such exercise for individual Noteholders of such Class and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders. For the purpose of determining whether or not any such exercise is materially prejudicial to the interests of the Noteholders of any Class of Notes, the Trustee shall be entitled to consider all such matters, information or any documentation delivered in respect thereof (whether addressed to the Trustee or otherwise) as the Trustee deems appropriate.

Amendments

Any authorisation, waiver, determination or modification referred to in Condition 15.3 (*Modification*), Condition 15.4 (*Additional Right of Modification*), Condition 15.5 (*Additional Right of Modification in relation to the Reference Rate*) or Condition 15.6 (*Waiver*) shall be binding on the Noteholders and the other Secured Creditors. The Issuer covenants with the Parties to the Trust Deed that it will not propose and agree to any modification to:

- (a) the Conditions or the Priority of Payments that would change, or have the effect of changing, the position of Funding Circle (in any of its capacities in which it is party to any Transaction Document except as Retention Holder), Glencar (in any of its capacities in which it is party to any Transaction Document except as Retention Holder), the Agents, any Successor Servicing and Collection Agent or the Interest Rate Cap Provider in any Priority of Payments unless the prior written consent of such party has been obtained; and
- (b) Clause 8 (*Interest Rate Cap*) or Schedule 2, paragraph 8 (*Application of Amounts in respect of Swap Collateral, Excess Swap Collateral, Swap Tax Credits and Replacement Swap Premium*) of the Cash Management and Calculation Agency Agreement and unless the prior written consent of the Interest Rate Cap Provider has been obtained.

Fees, duties and taxes

In accordance with the terms of the Trust Deed, in addition to its fees, the Issuer shall also pay or discharge all Liabilities incurred by the Trustee in relation to the preparation and execution of, the exercise of its powers and the performance of its duties under the Trust Deed, and in any other manner in relation to, the Trust Deed or any other Transaction Document, including but not limited to securities transaction charges and fees (including properly incurred legal fees), travelling expenses and any stamp, issue, registration, documentary and other similar taxes or duties paid or payable by the Trustee in connection with any action taken or contemplated by or on behalf of the Trustee for enforcing, or resolving any doubt concerning, or for any other purpose in relation to, the Trust Deed or any other Transaction Document.

Appointment and Retirement of Trustee

The power to appoint a new trustee of the Trust Deed shall be vested in the Issuer but no person shall be appointed who shall not previously have been approved by the Noteholders of the Most Senior Class of Notes (acting by way of Extraordinary Resolution). One or more persons may hold office as trustee or trustees of the Trust Deed but such trustee or trustees shall be or include a Trust Corporation. Whenever there shall be more than two trustees of the Trust Deed the majority of such trustees shall be competent to execute and exercise all the duties, powers, trusts, authorities and discretions vested in the Trustee by the Trust Deed provided that a Trust Corporation shall be included in such majority. Any appointment of a new trustee of the Trust Deed shall as soon as practicable thereafter be notified by the Issuer to the Noteholders (in accordance with Condition 10 (*Notifications*)), and each of the other Secured Creditors and, so long as any of the Notes rated by one or more Rating Agencies remains Outstanding, shall be subject to receipt by the Issuer of a Rating Agency Confirmation.

A trustee of the Trust Deed may retire at any time on giving not less than 60 days' prior written notice to the Issuer (and the Issuer shall, for so long as any of the Notes rated by one or more Rating Agencies remain Outstanding, provide a copy of such notice on receipt of such notice to each such Rating Agency) without giving any reason and without being responsible for any Liabilities incurred by reason of such retirement. The Issuer shall, if so directed by the Noteholders of the Most Senior Class of Notes (acting by way of Extraordinary Resolution), remove any trustee or trustees for the time being of the Trust Deed on not less than 60 days' prior written notice. The Issuer undertakes that in the event of the only trustee of the Trust Deed which is a Trust Corporation giving notice under the Trust Deed or being removed by Extraordinary Resolution (as aforesaid) it will use its best endeavours to procure that a new trustee of the Trust Deed, being a Trust Corporation, is appointed as soon as reasonably practicable thereafter subject to it notifying, so long as any of the Notes rated by one or more Rating Agencies remains Outstanding, each such Rating Agency of such appointment and receipt by it of a Rating Agency Confirmation in respect thereof. The retirement or removal of any such trustee shall not become effective until a successor trustee, being a Trust Corporation, is appointed. If in such circumstances, no appointment of such a new trustee has become effective within 30 days of the date of such notice or Extraordinary Resolution, the Trustee shall be entitled to appoint a Trust Corporation as trustee of the Trust Deed, but no such appointment shall take effect unless previously approved by the Noteholders of the Most Senior Class of Notes (acting by way of Extraordinary Resolution) and, for the avoidance of doubt, no Rating Agency Confirmation shall be required in such circumstances.

A trustee of the Trust Deed may be removed by the Issuer, and a replacement trustee of the Trust Deed procured as described in the paragraph above, at any time if so directed by the Noteholders of the Most Senior Class of Notes (acting by way of Extraordinary Resolution), for the time being of the Trust Deed on not less than 30 days' prior written notice, upon the occurrence of the following events:

- (a) if the Trustee of the Trust Deed has entered into administration under the Insolvency Act 1986;
- (b) if an order is made or an effective resolution is passed for the winding up of the Trustee of the Trust Deed under the Insolvency Act 1986; or
- (c) if any director or officer of the Trustee of the Trust Deed is convicted by non-appealable judgment of an English Court of an act of fraud relating exclusively to the carrying out of its functions under the Trust Deed.

Governing Law

The Trust Deed and any non-contractual obligations arising out of or in connection with it are governed by English law.

Charge and Assignment

The Issuer and the Trustee will enter into the Charge and Assignment on or before the Closing Date.

Security

The Notes are secured and will share the Security with the other Secured Obligations of the Issuer as set out in the Charge and Assignment described in the Conditions. The Issuer, with full title guarantee and as continuing security for the payment and discharge of the Secured Obligations, pursuant to the Charge and Assignment charges in favour of the Trustee (on behalf of each Secured Creditor) by way of:

- (a) first fixed security, to and in favour of the Trustee (on behalf of each Secured Creditor), all of its rights, title, interest and benefit, existing now or in the future, in, to, under or in respect of:
 - (i) the Transaction Documents (including the beneficial interests in the trusts created by the Collection Account Holder pursuant to the Collection Account Declaration of Trust and the Security Holders pursuant to the Security Declaration of Trust but excluding the Issuer's rights under the Corporate Services Agreement);
 - (ii) all Purchased Loan Receivables (where such rights are contractual rights other than contractual rights the assignment of which would require the consent of a third party and such consent has not been obtained, **provided that** the Issuer shall use reasonable endeavours to obtain such consent) and any Custody Files relating to the Purchased Loan Receivables; and
 - (iii) any Other Secured Contractual Rights of the Issuer,in each case other than the Corporate Benefit Account and any amounts standing to the credit thereto.
- (b) first fixed charge, to the extent not effectively assigned pursuant to clause 3.1 (*Assignments*) of the Charge and Assignment, all of its rights, title, interest and benefit, existing now or in the future, in, to, under or in respect of:
 - (i) the Transaction Documents (including the benefit of the trusts created by the Collection Account Holder pursuant to the Collection Account Declaration of Trust and the Security Holders pursuant to the Security Declaration of Trust but excluding the Issuer's rights under the Corporate Services Agreement);
 - (ii) all Purchased Loan Receivables; and
 - (iii) any Other Secured Contractual Rights of the Issuer,(in each case, other than any property or assets from time to time or for the time being effectively secured as set out in the preceding paragraph and other than the Corporate Benefit Account and any amounts standing to the credit thereto);
- (c) first fixed charge, and grants a first priority security interest (where the applicable assets are securities) over, or assigns by way of security (where the applicable rights are contractual obligations) all of its rights, title, interest and benefit, existing now or in the future, in, to, under or in respect of:
 - (i) each Issuer Account (other than any Swap Collateral Account) and all sums of moneys which may now be or hereafter are from time to time standing to the credit of each Issuer Account (other than any Swap Collateral Account) and any other bank account and any amounts standing to the credit thereto (other than the Corporate Benefit Account and any amounts standing to the credit thereto), or book debt in which the Issuer may at any time acquire any right, title, interest or benefit and each debt represented by these, including all interest accrued and other moneys received in respect thereof; and
 - (ii) each Swap Collateral Cash Account and all moneys from time to time standing to the credit of each Swap Collateral Cash Account and the debts represented thereby or, where applicable, all of its contractual rights thereto, **provided that** such security interest: (1) shall not extend to Excess Swap Collateral, and (2) is subject to the rights of any Interest Rate Cap Provider to the return of any Swap Collateral pursuant to the terms of the relevant Interest Rate Cap and the Conditions (for the avoidance of doubt, after any close out netting has taken place),

DESCRIPTION OF THE NOTES IN GLOBAL FORM

General

The Notes of each Class will be offered and sold outside the United States to non-U.S. persons in reliance on Regulation S and will be represented on issue by one or more Global Notes of such Class in fully registered form without interest coupons or principal receipts attached (each a “**Global Note**”). Beneficial interests in a Global Note may only be held through Euroclear or Clearstream, Luxembourg or their Participants at any time.

All capitalised terms not defined in this paragraph shall be as defined in the Conditions.

The Notes will be issued in registered form and are intended upon issue to be deposited with and registered in the name of a nominee of a common safekeeper on behalf of one of the ICSDs.

The records of such relevant Clearing System shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such relevant Clearing System at any time shall be conclusive evidence of the records of that relevant Clearing System at that time. The Trustee will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the Book-Entry Interests or for maintaining, supervising or reviewing any records relating to such Book-Entry Interests.

Book-Entry Interests in respect of Global Notes will be recorded in denominations of £100,000 (the “**Minimum Denomination**”) and, for so long as Euroclear or Clearstream, Luxembourg so permit integral multiples of £1,000 in excess thereof. Ownership of Book-Entry Interests is limited to persons that have accounts with Euroclear or Clearstream, Luxembourg (“**Participants**”) or persons that hold interests in the Book-Entry Interests through Participants (“**Indirect Participants**”), including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Indirect Participants shall also include persons that hold beneficial interests through such Indirect Participants. Book-Entry Interests will not be held in definitive form. Instead, Euroclear and Clearstream, Luxembourg, as applicable, will credit the Participants’ accounts with the respective Book-Entry Interests beneficially owned by such Participants on each of their respective book-entry registration and transfer systems. The accounts initially credited will be designated by (i) the Retention Holder in respect of the Notes held by the Retention Holder and (ii) the Arranger and the Joint Lead Managers in respect of the remaining Rated Notes. Ownership of Book-Entry Interests will be shown on, and transfers of Book-Entry Interests or the interests therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their Participants) and on the records of Participants or Indirect Participants (with respect to the interests of Indirect Participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge Book-Entry Interests.

So long as a nominee of the Common Safekeeper is the registered holder of the Global Notes underlying the Book-Entry Interests, the nominee of the Common Safekeeper will be considered the sole Noteholder of the Global Note for all purposes under the Trust Deed. Except as set forth under the paragraph entitled “*Issuance of Definitive Certificates*” below, Participants or Indirect Participants will not be entitled to have Notes registered in their names, will not receive or be entitled to receive physical delivery of Notes in definitive registered form and will not be considered the holders thereof under the Trust Deed. Accordingly, each person holding a Book-Entry Interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and Indirect Participants must rely on the procedures of the Participants or Indirect Participants through which such person owns its interest in the relevant Book-Entry Interests, to exercise any rights and obligations of a holder of Notes under the Trust Deed. See the paragraph entitled “*Action in Respect of the Global Note and the Book-Entry Interests*” below.

Unlike legal owners or holders of the Notes, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by the Issuer or consents or requests by the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg, as the case may be, and, if applicable, their Participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Global Notes, holders of Book-Entry Interests will be restricted to acting through Euroclear or Clearstream, Luxembourg unless and until Definitive Certificates are issued in accordance with the Conditions. There can be no assurance that the procedures to be

implemented by Euroclear or Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Unless and until Book-Entry Interests in the Global Notes are exchanged for Definitive Certificates, the Global Notes registered in the name of the Common Safekeeper may not be transferred except as a whole by the Common Safekeeper to a successor of the Common Safekeeper.

Purchasers of Book-Entry Interests in a Global Note will hold Book-Entry Interests in the Global Notes relating thereto. Investors may hold their Book-Entry Interests in respect of a Global Note directly through Euroclear or Clearstream, Luxembourg (in accordance with the provisions set forth under the paragraph entitled “*Transfers and Transfer Restrictions*” below), if they are account holders in such systems, or indirectly through organisations which are account holders in such systems. Euroclear and Clearstream, Luxembourg will hold Book-Entry Interests in each Global Note, as the case may be, on behalf of their account holders through securities accounts in the respective account holders’ names on Euroclear’s and Clearstream, Luxembourg’s respective book-entry registration and transfer systems.

Trading between Euroclear and/or Clearstream, Luxembourg participants

Secondary market sales of Book-Entry Interests in the Notes held through Euroclear or Clearstream, Luxembourg to purchasers of Book-Entry Interests in the Notes held through Euroclear or Clearstream, Luxembourg will be conducted in accordance with the normal rules and operating procedures of Euroclear and Clearstream, Luxembourg and will be settled using the procedures applicable to conventional Eurobonds and sterling denominated bonds.

Payments on the Global Notes

Payment of principal and interest on, and any other amount due in respect of, the Global Notes will be made in Sterling by or to the order of the Principal Paying Agent on behalf of the Issuer to the order of the Common Safekeeper or its nominee as the registered holder thereof with respect to the Global Notes. Each holder of Book-Entry Interests must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of any amounts paid by or on behalf of the Issuer to the Common Safekeeper or its nominees in respect of those Book-Entry Interests. All such payments will be distributed without deduction or withholding for or on account of any taxes, duties, assessments or other governmental charges of whatever nature except as may be required by law. If any such deduction or withholding is required to be made, then neither the Issuer, the Trustee, the Agents nor any other person will be obliged to pay additional amounts in respect thereof.

In accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, after receipt of any payment from the Principal Paying Agent to the order of the Common Safekeeper, the respective systems will promptly credit their Participants’ accounts with payments in amounts proportionate to their respective ownership of Book-Entry Interests as shown in the records of Euroclear or Clearstream, Luxembourg. On each record date, Euroclear and Clearstream, Luxembourg will determine the identity of the Noteholders for the purposes of making payments to the Noteholders. The record date, in respect of the Notes shall be one Clearing System Business Day prior to the relevant Note Payment Date where “**Clearing System Business Day**” means a day on which each Clearing System for which the Notes are being held is open for business. The Issuer expects that payments by Participants to owners of interests in Book-Entry Interests held through such Participants or Indirect Participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in “street name”, and will be the responsibility of such Participants or Indirect Participants. None of the Issuer, any agent of the Issuer, the Arranger, the Joint Lead Managers, the Cash Manager and Calculation Agent or the Trustee will have any responsibility or Liability for any aspect of the records relating to or payments made on account of a Participant’s ownership of Book-Entry Interests or for maintaining, supervising or reviewing any records relating to a Participant’s ownership of Book-Entry Interests.

Information Regarding Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each hold securities for their account holders and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders, thereby eliminating the need for physical movements of certificates and any risk from lack of simultaneous transfers of securities.

Euroclear and Clearstream, Luxembourg each provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg each also deal with domestic securities markets in several countries through established depository and custodial relationships. The respective systems of Euroclear and of Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective account holders may settle trades with each other.

Account holders in both Euroclear and Clearstream, Luxembourg are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to both Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

An account holder's overall contractual relations with either Euroclear or Clearstream, Luxembourg are governed by the respective rules and operating procedures of Euroclear or Clearstream, Luxembourg and any Applicable Laws. Both Euroclear and Clearstream, Luxembourg act under such rules and operating procedures only on behalf of their respective account holders, and have no record of or relationship with persons holding through their respective account holders.

The Issuer understands that under existing industry practices, if any of the Issuer or the Trustee requests any action of owners of Book-Entry Interests or if an owner of a Book-Entry Interest desires to give instructions or take any action that a holder is entitled to give or take under the Trust Deed or the Charge and Assignment, Euroclear or Clearstream, Luxembourg as the case may be, would authorise the Participants owning the relevant Book-Entry Interests to give instructions or take such action, and such Participants would authorise Indirect Participants to give or take such action or would otherwise act upon the instructions of such Indirect Participants.

Redemption

In the event that any Global Note (or portion thereof) is redeemed, the Principal Paying Agent will deliver all amounts received by it in respect of the redemption of such Global Note to the nominee of the Common Safekeeper and, upon final payment, will cancel such Global Note (or portion thereof). The redemption price payable in connection with the redemption of Book-Entry Interests will be equal to the amount received by the Principal Paying Agent in connection with the redemption of the Global Note (or portion thereof) relating thereto. For any redemptions of the Global Note in part, selection of the relevant Book-Entry Interest relating thereto to be redeemed will be made by Euroclear or Clearstream, Luxembourg, as the case may be, on a *pro rata* basis (or on such basis as Euroclear or Clearstream, Luxembourg, as the case may be, deems fair and appropriate).

Cancellation

All Notes redeemed in full will be cancelled forthwith by the Issuer and may not be reissued or resold.

Transfers and Transfer Restrictions

All transfers of Book-Entry Interests will be recorded with the book-entry systems maintained by Euroclear or Clearstream, Luxembourg, as applicable, pursuant to the customary procedures established by each respective system and its Participants.

Beneficial interests in the Global Notes may be held only through Euroclear and Clearstream, Luxembourg. Neither the Global Notes nor any beneficial interest therein may be transferred except in compliance with the transfer restrictions set forth in the legend appearing in the Global Notes.

Settlement and transfer of Notes

Subject to the rules and procedures of each applicable Clearing System, purchases of Notes held within a Clearing System must be made by or through Participants, which will receive a credit for such Notes on the Clearing System's records. The ownership interest of each actual purchaser of each such Note (the "**beneficial owner**") will in turn be recorded on the Participant's records. Beneficial owners will not receive written confirmation from any Clearing System of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct Participant and Indirect Participant through which such beneficial owner entered into the transaction. Transfers of ownership interests in Notes held within the Clearing System will be effected by entries made on the books of Participants acting on behalf of beneficial owners. **Beneficial owners will not receive individual Notes representing their**

ownership interests in such Notes unless use of the book-entry system for the Notes described in this section is discontinued.

No Clearing System has knowledge of the actual beneficial owners of the Notes held within such Clearing System and their records will reflect only the identity of the direct Participants to whose accounts such Notes are credited, which may or may not be the beneficial owners. Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by the Clearing Systems to direct Participants, by direct Participants to Indirect Participants, and by direct Participants and Indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

All transfers of Book-Entry Interests will be recorded in accordance with the book-entry systems maintained by Euroclear or Clearstream, Luxembourg, as applicable, pursuant to customary procedures established by each respective Clearing System and its Participants. See the paragraph entitled “*General*” above.

Issuance of Definitive Certificates

Holders of Book-Entry Interests in the Global Note will be entitled to receive certificates evidencing definitive Notes in registered form (“**Definitive Certificates**”) in exchange for their respective holdings of Book-Entry Interests if (a) both Euroclear and Clearstream, Luxembourg are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business and do so cease to do business and no alternative Clearing System is available or (b) as a result of any amendment to, or change in, the laws or regulations of Ireland (or of any political subdivision thereof) or of any authority therein or thereof having power to tax or in the interpretation or administration by a revenue authority or a court or in the administration of such laws or regulations which becomes effective on or after the Closing Date, the Issuer or the Principal Paying Agent is or will be required to make any deduction or withholding from any payment in respect of the Notes which would not be required were the Notes in definitive form.

Any Definitive Certificates issued in exchange for Book-Entry Interests in a Global Note will be registered by the Registrar in such name or names as the Issuer shall instruct the Principal Paying Agent based on the instructions of Euroclear or Clearstream, Luxembourg. It is expected that such instructions will be based upon directions received by Euroclear or Clearstream, Luxembourg from their Participants with respect to ownership of the relevant Book-Entry Interests. Holders of Definitive Certificates issued in exchange for Book-Entry Interests in a Global Note, as the case may be, will not be entitled to exchange such Definitive Certificate, for Book-Entry Interests in a Global Note. Any Notes issued in definitive form will be issued in registered form only and will be subject to the provisions set forth under the paragraph entitled “*Transfers and Transfer Restrictions*” above, **provided that** no transfer shall be registered for a period of 15 days immediately preceding any due date for payment in respect of the Note or, as the case may be, the due date for redemption. Definitive Certificates will not be issued in a denomination that is not an integral multiple of the Minimum Denomination or for any amount in excess thereof, in integral multiples of £1,000. As the Notes have a denomination consisting of the Minimum Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of £100,000 (or its equivalent) that are not integral multiples of £100,000 (or its equivalent). In such case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the Minimum Denomination may not receive a Definitive Certificate in respect of such holding (should Definitive Certificates be issued) and would need to purchase a principal amount of Notes such that its holding amounts to the Minimum Denomination.

Book-Entry Interests

Unless and until Definitive Certificates are issued in exchange for the Book-Entry Interests, holders and beneficial owners of Book-Entry Interests will not be considered the legal owners or holders of the Notes under the Trust Deed. After payment to the Principal Paying Agent, the Issuer will not have responsibility or liability for the payment of interest, principal or other amounts in respect of the Notes to Euroclear or Clearstream, Luxembourg or to holders or beneficial owners of Book-Entry Interests.

A nominee for the Common Safekeeper will be considered the registered holder of the Notes as shown in the records of Euroclear or Clearstream, Luxembourg and will be the sole legal holder of the Global Notes under the Trust Deed while the Notes are represented by the Global Notes. Accordingly, each person owning a Book-Entry Interest must rely on the relevant procedures of Euroclear and Clearstream, Luxembourg and, if such person is not a Participant in such entities, on the procedures of the Participant through which such person owns its interest, to exercise any right of a Noteholder under the Trust Deed.

Except as noted in the previous paragraph, payments of principal and interest on, and other amounts due in respect of, the Global Notes will be made by the Principal Paying Agent to a nominee of the Common Safekeeper for Euroclear and Clearstream, Luxembourg. Upon receipt of any payment from the Principal Paying Agent, Euroclear and Clearstream, Luxembourg, as applicable, will promptly credit Participants' accounts with payment in amounts proportionate to their respective ownership of Book-Entry Interests as shown on their records. The Issuer expects that payments by Participants or indirect payments to owners of Book-Entry Interests held through such Participants or Indirect Participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in "street name", and will be the responsibility of such Participants or Indirect Participants. None of the Issuer, the Trustee, the Cash Manager and Calculation Agent, the Principal Paying Agent, the Registrar or any other Transaction Party will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the Book-Entry Interests or for maintaining, supervising or reviewing any records relating to such Book-Entry Interests.

Unlike Noteholders, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by or on behalf of the Issuer for consents or requests by or on behalf of the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg (as the case may be) and, if applicable, their Participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Notes, holders of Book-Entry Interests will be restricted to acting through Euroclear and Clearstream, Luxembourg unless and until Definitive Certificates are issued in accordance with the relevant provisions described herein under "*Terms and Conditions of the Notes*". There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Trustee, any Paying Agent, the Registrar or any of their agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective Participants or account holders of their respective obligations under the rules and procedures governing their operations.

The lack of Notes in physical form could also make it difficult for a Noteholder to pledge such Notes if Notes in physical form are required by the party demanding the pledge and hinder the ability of the Noteholder to recall such Notes because some investors may be unwilling to buy Notes that are not in physical form.

Certain transfers of Notes or interests therein may only be effected in accordance with, and subject to, certain transfer restrictions and certification requirements and in accordance with the rules and regulations of any applicable Clearing System. In order for a Noteholder to effect a transfer of Notes to a potential purchaser, the Noteholder and the potential purchaser will need to comply with the applicable transfer restrictions (see "*Transfers and Transfer Restrictions*"). To the extent such transfer restrictions cannot be complied with, a Noteholder should be prepared to hold its Notes until the Final Maturity Date or until it can effect a transfer to a potential purchaser that complies with the requirements of the applicable transfer restrictions. In order to comply with any applicable laws and regulations in respect of such transfer, potential purchasers of Notes are advised to consult legal counsel prior to making any offer, resale, pledge or transfer of such securities offered.

Action in Respect of the Global Note and the Book-Entry Interests

Not later than 10 days after receipt by the Issuer of any notices in respect of the Global Notes or any notice of solicitation of consents or requests for a waiver or other action by the holder of the Global Notes, the Issuer will deliver to Euroclear and Clearstream, Luxembourg a notice containing (a) such information as is contained in such notice, (b) a statement that at the close of business on a specified record date Euroclear and Clearstream, Luxembourg will be entitled to instruct the Issuer as to the consent, waiver or other action, if any, pertaining to the Book-Entry Interests or the Global Notes and (c) a statement as to the manner in which such instructions may be given. Upon the written request of Euroclear and Clearstream, Luxembourg, as applicable, the Issuer shall endeavour insofar as practicable to take such action regarding the requested consent, waiver or other action in respect of the Book-Entry Interests or the Global Notes in accordance with any instructions set forth in such request. Euroclear or Clearstream, Luxembourg are expected to follow the procedures described under the paragraph entitled "*General*" above, with respect to soliciting instructions from their respective Participants. The

Registrar will not exercise any discretion in the granting of consents or waivers or the taking of any other action in respect of the Book-Entry Interests or the Global Notes.

Reports

The Issuer will send to Euroclear and Clearstream, Luxembourg a copy of any notices, reports and other communications received relating to the Issuer, the Global Note or the Book-Entry Interests. Any notice shall be deemed to have been duly given to the relevant Noteholders if sent to each of Euroclear and Clearstream, Luxembourg (the “**Clearing Systems**”) for communication by them to the holders of the relevant Notes and shall be deemed to be given on the date on which it was so sent and (so long as the relevant Notes are admitted to the Official List and trading on Euronext Dublin’s regulated market) any notice shall also be published in accordance with the relevant guidelines of Euronext Dublin by a notification in writing to the Company Announcements Office of Euronext Dublin. See also Condition 10 (*Notifications*).

Safekeeping structure

The Notes will be deposited with one of Euroclear and/or Clearstream, Luxembourg (each an “ICSD” and together the “ICSDs”) as common safekeeper and registered in the name of a nominee of one of the ICSDs acting as common safekeeper (the “**New Safekeeping Structure**”).

Issuer ICSD Agreement

Prior to the issuance of the Notes, the Issuer will enter into an Issuer ICSD agreement with the ICSDs in respect of the Notes (the “**Issuer ICSD Agreement**”). The Issuer ICSDs will, in respect of the Notes (while being held in the New Safekeeping Structure), maintain their respective portion of the outstanding issue amount through their records. The Issuer ICSD Agreement will be governed by English law.

No assurance can be given as to the impact of any possible change to such law (including any change in regulation which may occur without a change in primary legislation) and practice or tax treatment after the date of this document nor can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Notes.

(ii) Determination of Rate of Interest and Calculation of Interest Amounts

The Cash Manager and Calculation Agent will, as soon as practicable after 11.00 am (London time) on each Interest Determination Date, but in no event later than the Business Day after such date, determine the Class A Rate of Interest, the Class B Rate of Interest, the Class C Rate of Interest, the Class D Rate of Interest, the Class E Rate of Interest and the Class X Rate of Interest and calculate the interest amount payable in respect of Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class X Notes for the relevant Interest Period (each such amount, together with the Class Z Interest Amount, an “**Interest Amount**”). The Cash Manager and Calculation Agent will, as soon as practicable after 11.00 am (London time) on each Interest Determination Date, but in no event later than the Business Day after such date, determine the Class Z Interest Amount by calculating the interest excess amounts (if any) equal to the amounts applied as such in accordance with the applicable Priority of Payments.

If any of the Notes become due and payable under Condition 13 (*Events of Default*), interest shall nevertheless continue to be calculated as previously by the Cash Manager and Calculation Agent in accordance with this Condition 6 (*Interest*) but no publication of the applicable Interest Amounts shall be made unless the Trustee so determines.

Each Noteholder agrees that the Issuer, the Trustee, the Agents or their agents or representatives may (i) provide any information and documentation concerning its investment in its Notes to the Irish Revenue Commissioners, the U.S. Internal Revenue Service and any other relevant tax authority and (ii) take such other steps as they deem necessary or helpful to ensure that the Issuer complies with FATCA and/or the Common Reporting Standard.
- (d) Each Noteholder will timely furnish the Issuer and its agents with any tax forms or certifications (including IRS Form W-9 or an applicable IRS Form W-8 (together with appropriate attachments), or any successor forms) that the Issuer or its agents may reasonably request (A) to permit the Issuer or its agents to make payments to such Noteholder without, or at a reduced

rate of, deduction or withholding, (B) to enable the Issuer or its agents to qualify for a reduced rate of withholding or deduction in any jurisdiction from or through which the Issuer or its agents receive payments, and (C) to enable the Issuer or its agents to satisfy reporting and other obligations under the U.S. Internal Revenue Code of 1986, United States Department of the Treasury regulations, and any other Applicable Law, and will update or replace such forms or certifications as appropriate. The Noteholder acknowledges that the failure to provide, update or replace any such forms or certifications may result in the imposition of withholding or back-up withholding on payments to the Noteholder, or to the Issuer. Amounts withheld from payments to the Noteholder pursuant to applicable tax laws will be treated as having been paid to the Noteholder by the Issuer.

- (e) Each Noteholder agrees that the Issuer shall be entitled to require the Noteholder to provide the Issuer with any information regarding the Noteholders and, in certain circumstances, the Noteholder's controlling persons' tax status, identity or residence in order to satisfy any reporting requirements which may apply to the Issuer as a result of the Standard for Automatic Exchange of Financial Account Information in Tax Matters published by the OECD (including the Common Reporting Standard) and also Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation. Further, each Noteholder agrees that it shall be deemed, by its holding, to have authorised the automatic disclosure of such information by the Issuer (or any nominated service provider) or any other person to the Irish Revenue Commissioners.

13. Events of Default

13.1 Events of Default

Subject to the other provisions of this Condition, each of the following events, where relevant, subject to any applicable grace period shall be treated as an “**Event of Default**” in relation to the Notes:

- (a) the Issuer fails to pay any amount of principal in respect of the Most Senior Class of Notes within 5 days following the due date for payment of such principal or fails to pay any amount of interest in respect of the Most Senior Class of Notes within five (5) days following the due date for payment of such interest (**provided that**, for the avoidance of doubt, a deferral of interest in respect of a Class of Notes (other than the Most Senior Class of Notes) in accordance with Condition 6(c) (*Deferral of Interest*) shall not constitute a default in the payment of such interest for the purposes of this Condition 13 (*Events of Default*) and **provided that** it shall not constitute a default in the payment of any amount actually due and payable by the Issuer during the continuance of a Servicer Disruption if, during the continuation of any Servicer Disruption, the Issuer continues to make all payments calculated to be payable by it by the Cash Manager and Calculation Agent); or
- (b) an Insolvency Event in respect of the Issuer occurs; or
- (c) the Security is (except in accordance with the terms of the Transaction Documents), in whole or in part, terminated, released or otherwise ceases to be effective or be legally valid, binding and enforceable obligation of the Issuer.

13.2 Delivery of an Enforcement Notice

- (a) If an Event of Default occurs and is continuing, the Trustee may at its discretion and shall, if so directed by the Noteholders of the Most Senior Class of Notes acting by way of Extraordinary Resolution, deliver an Enforcement Notice to the Issuer, with a copy sent to each Agent (other than the Corporate Services Provider), the Seller and the Rating Agencies, and institute such proceedings and take any other steps as may be required in order to enforce the Security.
- (b) Following receipt of such Enforcement Notice, the Issuer shall give notice, or shall procure that such notice is given, to all Noteholders without undue delay in compliance with Condition 10 (*Notifications*).

13.3 Conditions to delivery of an Enforcement Notice

Notwithstanding Condition 13.2 (*Delivery of an Enforcement Notice*), the Trustee shall not be obliged to deliver an Enforcement Notice or take any other action unless it shall have been indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which it may incur by so doing.

13.4 Consequences of delivery of an Enforcement Notice

Upon the delivery of an Enforcement Notice, the Notes of each Class shall become immediately due and payable, without further action or formality, at their Principal Amount Outstanding together with any accrued (and unpaid) interest and the Security shall become immediately enforceable.

14. Enforcement

14.1 Proceedings

The Trustee may, at any time, at its discretion and without further notice, institute such steps, actions or proceedings as it thinks fit to enforce its rights under the Trust Deed in respect of the Notes of each Class (including these Conditions), the Charge and Assignment or under the other Transaction Documents or, following the delivery of an Enforcement Notice, to enforce the Security, but it shall not be bound to do so unless:

- (a) so requested in writing by the Noteholders of at least 25 *per cent.* in aggregate of the Principal Amount Outstanding of the Most Senior Class of Notes; or
- (b) so directed by Noteholders of the Most Senior Class of Notes acting by way of Extraordinary Resolution,

and in any such case, only if it shall have been indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which it may incur by so doing.

14.2 Directions to the Trustee

If the Trustee shall take any action, step or proceeding described in Condition 14.1 (*Proceedings*) it may take such action, step or proceeding without having regard to the effect of such action on individual Noteholders or any other Secured Creditor, **provided that** so long as any of the Most Senior Class of Notes are outstanding, the Trustee shall not, and shall not be bound to, act at the request or direction of the Noteholders of any other Class of Notes unless:

- (a) to do so would not, in its opinion, be materially prejudicial to the interests of the Noteholders of the Classes of Notes ranking senior to such other Class; or
- (b) (if the Trustee is not of that opinion) such action is sanctioned by an Extraordinary Resolution of the Noteholders of the Classes of Notes ranking senior to such other Class.

14.3 Restrictions on disposal of Issuer's assets

- (a) If an Enforcement Notice has been delivered by the Trustee other than by reason of non-payment of any amount due in respect of the Notes, the Trustee will not be entitled to dispose of the Charged Property or any part thereof unless the Trustee is of the opinion, which shall be binding on the Noteholders and the other Secured Creditors, reached solely in reliance upon the advice of an investment bank or other financial adviser selected by the Trustee (upon which advice the Trustee may rely absolutely and without enquiry or liability), at the cost of the Issuer, either:
 - (i) a sufficient amount would be realised to allow payment in full of all amounts owing to the Noteholders of each Class after payment of all other claims ranking in priority to the Notes in accordance with the Post-Acceleration Priority of Payments; or

- (ii) that the cashflow prospectively receivable by the Issuer will not (or that there is a significant risk that it will not) be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts due in respect of the Notes of each class after payment of all other claims ranking in priority to the Notes in accordance with the Post-Acceleration Priority of Payments.
- (b) The Trustee shall not be bound to make the determination, or seek the advice of an investment bank or other financial adviser, contained in Condition 14.3 (*Restrictions on Disposal of Issuer's Assets*) unless the Trustee shall have been indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which it may incur by so doing and shall have no Liability to anyone for not so doing.
- (c) The Trustee shall have no Liability to any person for the consequences of any such opinion reached in accordance with Condition 14.3 (*Restrictions on Disposal of Issuer's Assets*).

14.4 Third Party Rights

No person shall have any right to enforce any Condition or any provision of the Trust Deed or the Charge and Assignment under the Contracts (Rights of Third Parties) Act 1999.

15. Meetings of Noteholders, Modification, Waiver and Substitution

15.1 Provisions in Trust Deed

The Trust Deed contains provisions for convening meetings of the Noteholders of each Class (and for passing Written Resolutions) to consider matters affecting the interests of the Noteholders including, without limitation, modifying or waiving certain of the provisions of these Conditions and the substitution of the Issuer in certain circumstances. The provisions in this Condition 15 (*Meetings of Noteholders, Modification, Waiver and Substitution*) are descriptive of the detailed provisions of the Trust Deed.

15.2 Decisions and Meetings of Noteholders

(a) General

Decisions may be taken by Noteholders by way of Ordinary Resolution or Extraordinary Resolution, in each case, of the Most Senior Class of Notes (subject as provided in the next paragraph) or, to the extent specified in the Trust Deed any applicable Transaction Document or these Conditions, by a Class of Noteholders acting independently. Ordinary Resolutions and Extraordinary Resolutions can be effected either at a duly convened meeting of the applicable Noteholders or by the applicable Noteholders resolving in writing or electronically, in each case, in at least the minimum percentages specified in the table "**Minimum Percentage Voting Requirements**" in paragraph (c) (*Minimum Voting Rights*) below. Meetings of the Noteholders may be convened by the Issuer or the Trustee at any time and, the Trustee shall convene a meeting of the Noteholders if it receives a written request by Noteholders holding at least ten (10) *per cent.* in Principal Amount Outstanding of the Notes Outstanding of a particular Class for the time being subject to (i) certain conditions including minimum notice periods and (ii) the Trustee being indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which may be incurred by its in connection therewith. Where decisions are required to be taken by a Written Resolution of the Requisite Majority of a Class or Classes under the Trust Deed or these Conditions, such decision may only be made in accordance with Condition 15.2(d) (*Written Resolutions*) below.

The Trustee may, in its discretion, determine that any proposed Ordinary Resolution or Extraordinary Resolution affects the Noteholders of only one or more (but not all) Classes of Notes, in which event a meeting only of each affected Class will be required and the required quorum and minimum percentage voting requirements of such Ordinary Resolution or Extraordinary Resolution may be determined by reference only to the Noteholders of that Class or Classes of Notes and not the holders of any other Notes as set forth in the tables below.

Notice of any Resolution passed by the Noteholders will be given by the Issuer to each of the Rating Agencies.

(b) Quorum

The quorum required for any meeting convened to consider an Ordinary Resolution or Extraordinary Resolution, in each case, of all the Noteholders or of any Class or Classes of Noteholders, or at any adjourned meeting to consider such a Resolution, shall be as set out in the relevant column and row corresponding to the type of resolution in the table “**Quorum Requirements**” below.

Quorum Requirements

Type of Resolution	Any meeting other than a meeting adjourned for want of quorum	Meeting previously adjourned for want of quorum
Extraordinary Resolution of Noteholders	Two (2) or more persons holding or representing not less than 75 <i>per cent.</i> of the aggregate Principal Amount Outstanding of the Notes	Two (2) or more persons holding or representing not less than 25 <i>per cent.</i> of the aggregate Principal Amount Outstanding of Notes
Ordinary Resolution of Noteholders	Two (2) or more persons holding or representing more than 50 <i>per cent.</i> of the aggregate Principal Amount Outstanding of the Notes	Two (2) or more persons holding or representing not less than 25 <i>per cent.</i> of the aggregate Principal Amount Outstanding of Notes

The Trust Deed does not contain any provision for higher quorums in any circumstances.

(c) Minimum Voting Rights

Set out in the table “**Minimum Percentage Voting Requirements**” below are the minimum percentages required to pass the Resolutions specified in such table which, (A) in the event that such Resolution is being considered at a duly convened meeting of Noteholders, shall be determined by reference to the percentage which the aggregate Principal Amount Outstanding of Notes held or represented by any person or persons who vote in favour of such Resolution represents of the aggregate Principal Amount Outstanding of all applicable Notes which are represented at such meeting and are voted or, (B) in the case of any Written Resolution or Electronic Resolution, shall be determined by reference to the percentage which the aggregate Principal Amount Outstanding of Notes entitled to be voted in respect of such Written Resolution or Electronic Resolution and which are voted in favour thereof represent of the aggregate Principal Amount Outstanding of all the Notes entitled to vote in respect of such Written Resolution or Electronic Resolution.

Minimum Percentage Voting Requirements

Type of Resolution	Per cent.
Extraordinary Resolution of Noteholders	Not less than 75 <i>per cent.</i>
Ordinary Resolution of Noteholders	More than 50 <i>per cent.</i>

(d) Written Resolutions

(i) Any Written Resolution may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the relevant Noteholders and the date of such Written Resolution shall be the date on which the latest such document is signed. Any Extraordinary Resolution or Ordinary Resolution may be passed by way of a Written Resolution.

(ii) Any decision or resolution which is required to be taken by a Written Resolution of the Requisite Majority of a Class or Classes under the Trust Deed or these Conditions may only be taken by a Written Resolution of the Requisite Majority of such Class or Classes of Notes.

- (e) Electronic Resolutions
 - (i) The Trust Deed provides that any Extraordinary Resolution or Ordinary Resolution may be passed by way of consent given by way of Electronic Resolution through the relevant Clearing System(s) (in a form satisfactory to the Trustee) by or on behalf of the relevant number of required Noteholders for such Extraordinary Resolution or Ordinary Resolution (as applicable).
 - (ii) Any decision or resolution which is required to be taken by an Electronic Resolution of the Requisite Majority of a Class or Classes under the Trust Deed or these Conditions may only be taken by an Electronic Resolution of the Requisite Majority of such Class or Classes of Notes.
- (f) Extraordinary Resolution
 - (i) Any Resolution to sanction any of the following items (each a “**Basic Terms Modification**”) will be required to be passed by an Extraordinary Resolution of each Class of Noteholders (in each case, subject to anything else contemplated in the Trust Deed or the relevant Transaction Document, as applicable):
 - (A) the exchange or substitution for the Notes of a Class, or the conversion of the Notes of a Class into, shares, bonds or other obligations or securities of the Issuer or any other entity;
 - (B) the modification of any provision relating to the timing and/or circumstances of the payment of interest (other than pursuant to and in accordance with Condition 15.5 (*Additional Right of Modification in relation to the Reference Rate*)) or redemption of the Notes of a Class at maturity or otherwise (including the circumstances in which the maturity of such Notes may be accelerated);
 - (C) the modification of any of the provisions of the Trust Deed or the Conditions which would directly and adversely affect the calculation of the amount of any payment of interest (other than pursuant to and in accordance with Condition 15.5 (*Additional Right of Modification in relation to the Reference Rate*)) or principal on any Note;
 - (D) the adjustment of the outstanding Principal Amount Outstanding of the Notes of a relevant Class of Notes;
 - (E) a change in the currency of payment of the Notes of a Class;
 - (F) any change in any Priority of Payments or of any payment items in any Priority of Payments;

 - (H) any modification of any Transaction Document having a material adverse effect on the security over the Charged Property constituted by the Charge and Assignment;
 - (I) any item requiring approval by Extraordinary Resolution pursuant to these Conditions or any Transaction Document; and
 - (J) any modification that amends or has the effect of amending the definition of “**Basic Terms Modification**”.

- (ii) For the avoidance of doubt, the approval of a Basic Terms Modification may only be made by Extraordinary Resolution and no Extraordinary Resolution involving a Basic Terms Modification that is passed by Noteholders of one Class of Notes shall be effective unless it is sanctioned by an Extraordinary Resolution of each of the other Classes of Notes.

(g) Ordinary Resolution

Any meeting of the Noteholders shall, subject to these Conditions and the Trust Deed, have power by Ordinary Resolution to approve any other matter relating to the Notes not referred to in paragraph (f) (*Extraordinary Resolution*) above.

(h) Matters affecting a certain Class of Notes

Without prejudice to the second paragraph of Condition 15.2(a) (*General*) above, matters affecting the interests of only one Class (in the opinion of the Trustee) shall only be considered by and voted upon at a meeting of Noteholders of that relevant Class or by Written Resolution of the holders of that relevant Class.

15.3 Modification

The Trustee may at any time and from time to time, without the consent or sanction of the Noteholders or any other Secured Creditors, concur with the Issuer and any other relevant parties in making:

- (a) any modification to the Trust Deed, the Conditions, the Notes or the other Transaction Documents in relation to which its consent is required (other than in respect of a Basic Terms Modification or any provisions of the Trust Deed or Charge and Assignment referred to in the definition of a Basic Terms Modification) which, in the opinion of the Trustee, will not be materially prejudicial to the interest of the Noteholders of the Most Senior Class of Notes then Outstanding; or
- (b) any modification to the Trust Deed, the Conditions, the Notes or the other Transaction Documents in relation to which its consent is required (including a Basic Terms Modification), if, in the opinion of the Trustee, such modification is of a formal, minor or technical nature or is made to correct a manifest error;

provided that, any such modification shall be notified by or on behalf of the Issuer as soon as reasonably practicable to, so long as any of the Notes rated by the Rating Agencies remains outstanding, each Rating Agency.

15.4 Additional Right of Modification

- (a) Notwithstanding the provisions of Condition 15.3 (*Modification*), the Trustee shall be obliged, without any consent or sanction of the Noteholders, or (subject to the receipt of consent from any of the Secured Creditors party to the Transaction Document being modified or which, as a result of the relevant amendment, would be further contractually subordinated to any other Secured Creditor than would otherwise have been the case prior to such amendment) any of the other Secured Creditors, to concur with the Issuer in making any modification (other than in respect of a Basic Terms Modification) to the Trust Deed, the Conditions or any other Transaction Document to which it is a party or in relation to which it holds security or enter into any new, supplemental or additional documents (following the Trustee's review thereof) that the Issuer certifies to the Trustee (upon which certificate the Trustee shall rely absolutely and without enquiry or liability) as being necessary for the purpose of complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time, **provided that** in relation to any amendment under this Condition 15.4 (*Additional Right of Modification*):

- (i) the Issuer certifies in writing to the Trustee (upon which certificate the Trustee shall rely absolutely and without enquiry or liability) that such modification is necessary to comply with such criteria or, as the case may be, is solely to implement and reflect such change to such criteria; and

- (ii) in the case of any modification to a Transaction Document proposed by the Interest Rate Cap Provider in order (x) to remain eligible to perform its role in such capacity in conformity with such criteria and/or (y) to avoid taking action which it would otherwise be required to take to enable it to continue performing such role (including, without limitation, posting collateral or advancing funds):
- (A) the Interest Rate Cap Provider certifies in writing to the Issuer and the Trustee that such modification is necessary for the purposes described in paragraph (ii)(x) and/or (y) above (and in the case of a certification provided to the Issuer, the Issuer shall certify to the Trustee that it has received the same from the Interest Rate Cap Provider (upon which certificate the Trustee shall rely absolutely and without enquiry or Liability));
- (B) either:
- (1) the Rating Agencies provide a Rating Agency Confirmation and a copy of each such confirmation is provided to the Issuer and the Trustee; or
- (2) the Issuer (or the Servicing and Collection Agent on its behalf) certifies in writing to the Trustee (upon which certificate the Trustee shall rely absolutely and without enquiry or liability) that a Rating Agency Confirmation cannot be obtained (in circumstances set out within the definition of “Rating Agency Confirmation”); and
- (C) the Interest Rate Cap Provider (where applicable) pays all fees, costs and expenses, (including legal fees) incurred by the Issuer and the Trustee or any other Transaction Party in connection with such modification (the certificate to be provided by the Issuer and/or the Interest Rate Cap Provider pursuant to paragraphs (i), (iii)(A) and (iii)(B)(2) above being a “**Modification Certificate**”), **provided that:**
- (1) at least 30 calendar days’ prior written notice of any such proposed modification has been given to the Trustee;
- (2) the Modification Certificate in relation to such modification shall be provided to the Trustee both at the time the Trustee is notified of the proposed modification and on the date that such modification takes effect;
- (3) the consent of each Secured Creditor which is party to the relevant Transaction Document being modified or which, as a result of the relevant amendment, would be further contractually subordinated to any other Secured Creditor than would otherwise have been the case prior to such amendment has been obtained; and
- (4) the Issuer certifies in writing to the Trustee (upon which certificate the Trustee shall rely absolutely and without prior enquiry or liability) which certification may be in the Modification Certificate that the Issuer has provided at least 30 calendar days’ notice to the Noteholders of each Class of the proposed modification in accordance with Condition 10 (*Notifications*) and by publication on Bloomberg on the “Company News” screen relating to the Notes, and Noteholders representing at least 10 *per cent.* of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes have not contacted the Issuer or Principal Paying Agent in writing (or otherwise in accordance with the then current practice of any applicable Clearing System through which such Notes may be held) within such notification period notifying the Issuer or Principal Paying Agent that such Noteholders do not consent to the modification.

If Noteholders representing at least 10 *per cent.* of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes have notified the Principal Paying Agent or the Issuer in writing (or otherwise in accordance with the then current practice of any applicable Clearing System through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes is passed in favour of such modification in accordance with this Condition 15.4 (*Additional Right of Modification*).

Objections made in writing other than through the applicable Clearing System must be accompanied by evidence to the Issuer or Principal Paying Agent's satisfaction (as appropriate) of the relevant Noteholder's holding of the Notes.

- (b) Notwithstanding the provisions of Condition 15.3 (*Modification*), the Trustee shall be obliged, without any consent or sanction of the Noteholders, or (subject to the receipt of consent from any of the Secured Creditors party to the Transaction Document being modified or which, as a result of the relevant amendment, would be further contractually subordinated to any other Secured Creditor than would otherwise have been the case prior to such amendment) any of the other Secured Creditors, to concur with the Issuer in making any modification (other than in respect of a Basic Terms Modification) to the Trust Deed, the Conditions or any other Transaction Document to which it is a party or in relation to which it holds security or enter into any new, supplemental or additional documents (following the Trustee's review thereof) that the Issuer certifies to the Trustee (upon which certificate the Trustee shall rely absolutely and without enquiry or liability) as being necessary for the purpose of enabling the Transaction to comply with the requirements of the EU Securitisation Regulation or UK Securitisation Regulation, including relating to the treatment of the Notes as a simple, transparent and standardised securitisation for the purposes of the EU Securitisation Regulation and the UK Securitisation Regulation, and any related regulatory technical standards authorised under the EU Securitisation Regulation or UK Securitisation Regulation provided that the Issuer certifies to the Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (c) Notwithstanding anything to the contrary in this Condition 15.4 (*Additional Right of Modification*) or any Transaction Document:
 - (i) when implementing any modification pursuant to this Condition 15.4 (*Additional Right of Modification*) (save to the extent the Trustee considers that the proposed modification would constitute a Basic Terms Modification), the Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or Liability or investigation, on any certificate (including any Modification Certificates) or evidence provided to it by the Issuer or the relevant Transaction Party, as the case may be, pursuant to this Condition 15.4 (*Additional Right of Modification*) and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and
 - (ii) the Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Trustee would have the effect of (A) exposing the Trustee to any Liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights, powers, discretions, authorisations, indemnities or protection, of the Trustee in the Transaction Documents and/or these Conditions.
- (d) Any such modification shall be binding on all Noteholders and shall be notified by or on behalf of the Issuer as soon as reasonably practicable to:

- (i) so long as any of the Notes rated by the Rating Agencies remains outstanding, each Rating Agency;
- (ii) the Secured Creditors; and
- (iii) the Noteholders in accordance with Condition 10 (*Notifications*).

15.5 Additional Right of Modification in relation to the Reference Rate

Notwithstanding the foregoing provisions, the Trustee shall be obliged, without any consent or sanction of the Noteholders or, subject to paragraph (b)(iv) below, any of the other Secured Creditors, to concur with the Issuer in making any modification (other than any Basic Terms Modification) to the Trust Deed, the Conditions and/or any other Transaction Document to which it is a party or in relation to which it holds security to enter into any new, supplemental or additional documents that the Issuer considers necessary in order to

- (a) change the Reference Rate or the benchmark rate that then applies in respect of the Rated Notes or the Class X Notes to an alternative benchmark rate (any such rate, an “**Alternative Benchmark Rate**”) and make such other related or consequential amendments as are necessary or advisable in the reasonable judgment of the Issuer to facilitate such change (a “**Benchmark Rate Modification**”), **provided that** the Issuer (or the Servicing and Collection Agent on its behalf), certifies to the Trustee in writing (such certificate, a “**Benchmark Rate Modification Certificate**”) that:
 - (i) such Benchmark Rate Modification is being undertaken as result of a Benchmark Rate Disruption;
 - (ii) such Alternative Benchmark Rate satisfies the Benchmark Rate Eligibility Requirement; and
 - (iii) the modifications proposed in the context of the Benchmark Rate Modification are required solely for the purpose of applying the Alternative Benchmark Rate and making consequential modifications to the Conditions or any Transaction Document which are, as determined by the Issuer in its commercially reasonable judgement, necessary or advisable, and the modifications have been drafted solely to such effect; or
- (b) change the benchmark rate that then applies in respect of the Interest Rate Cap to an Alternative Benchmark Rate solely as a consequence of a Benchmark Rate Modification and solely for the purpose of aligning the benchmark rate of the Interest Rate Cap to the benchmark rate of the Notes following such Benchmark Rate Modification (an “**Interest Rate Cap Rate Modification**”) **provided that**:
 - (i) the Interest Rate Cap Provider provides its prior written consent to such Interest Rate Cap Rate Modification; and
 - (ii) the Issuer (or the Servicing and Collection Agent on its behalf) certifies to the Trustee in writing that such modification is required solely for such purpose and it has been drafted solely to such effect (such certificate being an “**Interest Rate Cap Rate Modification Certificate**”);

provided that, in the case of any modification made pursuant to a Benchmark Rate Modification and/or an Interest Rate Cap Rate Modification above (as applicable):

- (i) at least 30 days’ prior written notice of any such proposed modification has been given to the Trustee **provided that** this notice must be delivered prior to publication of any Benchmark Modification Noteholder Notice (as defined below);
- (ii) the details of and the rationale for any Note Rate Maintenance Adjustment proposed in accordance with Condition 15.5(b)(vii)(D) are as set out in the Benchmark Modification Noteholder Notice published in accordance with Condition 15.5(b)(vii) below;

- (iii) the applicable Benchmark Rate Modification Certificate or the Interest Rate Cap Rate Modification Certificate, as applicable, in relation to such modification is provided to the Trustee both at the time the Trustee is notified of the proposed modification, five Business Days prior to the publication of the Benchmark Rate Modification Noteholder Notice and on the date that such modification takes effect;
- (iv) the consent of each Secured Creditor which is a party to any relevant Transaction Document being amended has been obtained;
- (v) either:
 - (A) the Rating Agencies provide a Rating Agency Confirmation and a copy of each such confirmation is provided to the Issuer and the Trustee; or
 - (B) the Issuer (or the Servicing and Collection Agent on its behalf) certifies in writing to the Trustee (upon which certificate the Trustee shall rely absolutely and without enquiry or liability) that a Rating Agency Confirmation cannot be obtained (in circumstances set out within the definition of “Rating Agency Confirmation”);
- (vi) in respect of a Benchmark Rate Modification only, by no later than the date on which the proposed Benchmark Rate Modification becomes effective, the Issuer has agreed the corresponding Interest Rate Cap Rate Modification, other than if the Rating Agency provides a Rating Agency Confirmation to the Issuer that the Benchmark Rate Modification would not result in a downgrade, withdrawal or suspension of the then current ratings assigned to the Rated Notes by such Rating Agency if there is no corresponding Interest Rate Cap Rate Modification;
- (vii) the Issuer has provided at least 30 days’ notice to the Noteholders of each Class of the proposed modification in accordance with Condition 10 (*Notifications*) and by publication on Bloomberg on the “Company News” screen relating to the Notes, (such notice, the “**Benchmark Modification Noteholder Notice**”) notifying the following:
 - (A) the period during which Noteholders of the Most Senior Class of Notes on the date specified to be the Benchmark Rate Modification Record Date (which shall be five Business Days from and excluding the date of publication of the Benchmark Modification Noteholder Notice (the “**Benchmark Rate Modification Record Date**”)), may object to the proposed Benchmark Rate Modification and the method by which they may object;
 - (B) the Benchmark Rate Disruption on the basis of which the Benchmark Rate Modification and/or Interest Rate Cap Rate Modification is being proposed;
 - (C) the Benchmark Rate Eligibility Requirement satisfied by the Alternative Benchmark Rate and, if paragraph (d) of the definition of Benchmark Rate Eligibility Requirement is being applied, the Issuer’s rationale for choosing the Alternative Benchmark Rate;
 - (D) details of the adjustment which the Issuer proposes to make (if any) to the margin payable on each Class of Notes which are the subject of the Benchmark Rate Modification in order to, so far as reasonably and commercially practicable, preserve what would have (been the expected Rate of Interest applicable to each such Class of Notes had no such Benchmark Rate Modification been effected which, for the avoidance of doubt, may effect an increase or a decrease to the Relevant Margin or may be set at zero (the “**Note Rate Maintenance Adjustment**”), **provided that:**
 - (1) in the event that the Bank of England, the Financial Conduct Authority or the Prudential Regulation Authority or any relevant committee or other body established, sponsored or approved by any of the foregoing, including the Working Group on Sterling Risk-Free Reference Rates has published, endorsed, approved or recognised a

- note rate maintenance adjustment mechanism which could be used in the context of a transition from a SONIA-based rate to the Alternative Benchmark Rate, then the Issuer shall propose that note rate maintenance adjustment mechanism as the Note Rate Maintenance Adjustment, or otherwise the Issuer shall set out in the Benchmark Modification Noteholder Notice the rationale for concluding that this is not a commercial and reasonable approach in relation to the Notes and the proposed Benchmark Rate Modification;
- (2) in the event that it has become generally accepted market practice in the publicly listed asset backed floating rate notes to use a particular note rate maintenance adjustment mechanism in the context of a transition from a SONIA-based rate to the Alternative Benchmark Rate, then the Issuer shall propose that note rate maintenance adjustment mechanism as the Note Rate Maintenance Adjustment, or otherwise the Issuer shall set out in the Benchmark Modification Noteholder Notice the rationale for concluding that this is not a commercial and reasonable approach in relation to the Notes and the proposed Benchmark Rate Modification;
- (3) in the event that neither (1) nor (2) above apply, the Issuer shall use reasonable endeavours to propose an alternative Note Rate Maintenance Adjustment as reasonably determined by the Issuer and shall set out the rationale for the proposal or otherwise the Issuer shall set out in the Benchmark Modification Noteholder Notice the rationale for concluding that this is not a commercial and reasonable approach in relation to the Notes and the proposed Benchmark Rate Modification; and
- (4) if any Note Rate Maintenance Adjustment is proposed, the Note Rate Maintenance Adjustment applicable to each Class of Notes other than the Most Senior Class of Notes shall be at least equal to that applicable to the Most Senior Class of Notes. In circumstances where the Issuer proposes a lower Note Rate Maintenance Adjustment on any Class of Notes other than the Most Senior Class than that which is proposed for the Most Senior Class of Notes or another Class of Notes which ranks senior to the Class of Notes to which the lower Note Rate Maintenance Adjustment is proposed to be made, the Benchmark Rate Modification will not be made unless an Extraordinary Resolution is passed in favour of such modification in accordance with Condition 15 (*Meetings of Noteholders; Modification; Waiver and Substitution*) by the Noteholders of each Class of Notes then outstanding to which the lower Note Rate Maintenance Adjustment is proposed to be made;
- (E) details of (i) other amendments which the Issuer proposes to make (if any) to these Conditions or any other Transaction Document and (ii) any new, supplemental or additional documents into which the Issuer proposes to enter to facilitate the changes envisaged pursuant to Benchmark Rate Modification and/or Interest Rate Cap Rate Modification;
- (viii) Noteholders representing at least 10 per cent. of the Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have not contacted the Trustee or the Issuer in writing (or otherwise in accordance with the then current practice of any applicable Clearing System through which such Notes may be held) within the relevant notification period notifying the Trustee or the Issuer (as appropriate) that such Noteholders do not consent to the Benchmark Rate Modification and/or Interest Rate Cap Rate Modification; and

- (ix) the Issuer pays all costs and expenses (including legal fees) incurred by the Issuer, the Agents and the Trustee in connection with such modification.

If Noteholders representing at least 10 per cent. of the Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have notified the Trustee or the Issuer in writing (or otherwise in accordance with the then current practice of any applicable Clearing System through which such Notes may be held) within such notification period that such Noteholders do not consent to the modification, then any subsequent proposal by the Issuer in respect of a Benchmark Rate Modification or an Interest Rate Cap Rate Modification (as the case may be) must be sanctioned by an Extraordinary Resolution of the Noteholders of the Most Senior Class then outstanding passed in favour of such modification in accordance with Condition 15.1 (*Provisions in the Trust Deed*) and 15.2 (*Decisions and Meetings of Noteholders*), **provided that** in circumstances where the Issuer proposes a lower Note Rate Maintenance Adjustment on any Class of Notes other than the Most Senior Class than that which is proposed for the Most Senior Class of Notes or another Class of Notes which ranks senior to the Class of Notes to which the lower Note Rate Maintenance Adjustment is proposed to be made, such Extraordinary Resolution shall be passed by the Noteholders of the Most Senior Class of Notes then outstanding and by the Noteholders of each Class of Notes then outstanding to which the lower Note Rate Maintenance Adjustment is proposed to be made.

Objections made in writing other than through the applicable Clearing System must be accompanied by evidence to the Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes.

Any such modifications permitted by this Condition 15.3 shall be binding on the Noteholders and other Secured Creditors and, unless the Trustee otherwise agrees, the Issuer shall cause such modification to be notified to the Noteholders as soon as practicable thereafter in accordance with Condition 10 (*Notifications*). So long as the Rated Notes, or any of them, are rated by the Rating Agencies the Issuer shall notify each of the Rating Agencies of any modification made by it in accordance with this Condition 15.5 as soon as reasonably practicable thereafter.

Notwithstanding anything to the contrary in this Condition 15.5 (*Additional Right of Modification in relation to the Reference Rate*) or any Transaction Document:

- (a) when implementing any modification, pursuant to this Condition 15.5 (*Additional Right of Modification in relation to the Reference Rate*) to the Conditions, and/or any other Transaction Documents to which it is a party or in relation to which it holds security to or enters into any new, supplemental or additional documents, (save to the extent the Trustee considers that the proposed modification would constitute a Basic Terms Modification), the Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate (including any Benchmark Rate Modification Certificate or Interest Rate Cap Rate Modification Certificate (as applicable)) or evidence provided to it by the Issuer, as the case may be, pursuant to this Condition 15.5 (*Additional Right of Modification in relation to the Reference Rate*) and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and
- (b) the Trustee shall not be obliged to agree to any modification of the Trust Deed, the Conditions or any other Transaction Document which (in the sole opinion of the Trustee) would have the effect of: (x) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction; or (y) increasing the obligations or duties, or decreasing the rights or protections of the Trustee in the Transaction Documents and/or the Conditions.

For the avoidance of doubt, the Issuer may propose an Alternative Benchmark Rate on more than one occasion **provided that** the conditions set out in this Condition 15.5 are satisfied.

15.6 Waiver

- (a) In addition, the Trustee may at any time and from time to time in its sole discretion, without prejudice to its rights in respect of any subsequent breach, condition, event or act and without

the consent or sanction of the Noteholders or any other Secured Creditor concur with the Issuer or any other relevant parties in authorising or waiving, on such terms and subject to such conditions (if any) as it may decide, any proposed breach or breach of the covenants or provisions contained in the Trust Deed and the Charge and Assignment, the Notes or any of the other Transaction Documents or determine that any Event of Default or Potential Event of Default shall not be treated as such for the purposes of the Trust Deed, the Charge and Assignment, the Notes or any other Transaction Document if, in the opinion of the Trustee, the interests of the Noteholders of the Most Senior Class of Notes then Outstanding will not be materially prejudiced by such waiver.

- (b) The Trustee shall not exercise any powers conferred upon it by Condition 15.6 (*Waiver*) in contravention of any express direction by an Extraordinary Resolution of the holders of the Most Senior Class of Notes outstanding or of a request or direction in writing made by the holders of not less than 25 *per cent.* in aggregate Principal Amount Outstanding of the Most Senior Class of Notes outstanding, but so that no such direction or request (i) shall affect any authorisation, waiver or determination previously given or made or (ii) shall authorise or waive any such proposed breach or breach relating to a Basic Terms Modification unless the holders of each Class of outstanding Notes have, by Extraordinary Resolution, so authorised its exercise.

15.7 Notification

Unless the Trustee otherwise agrees, the Issuer shall cause any such authorisation, waiver, modification or determination to be notified to the Noteholders and the other Secured Creditors in accordance with Condition 10 (*Notifications*) and the Transaction Documents, as soon as practicable after it has been made.

15.8 Binding Nature

Any authorisation, waiver, determination or modification referred to in Condition 15.3 (*Modification*), Condition 15.4 (*Additional Right of Modification*), Condition 15.5 (*Additional Right of Modification in relation to the Reference Rate*) or Condition 15.6 (*Waiver*) shall be binding on the Noteholders and the other Secured Creditors. The Issuer covenants with the parties to the Master Framework Agreement that it will not propose and agree to any modification to:

- (a) the Conditions or the Priority of Payments that would change, or have the effect of changing, the position of Funding Circle (in any of its capacities in which it is party to any Transaction Document), Glencar (in any of its capacities in which it is party to any Transaction Documents except as Retention Holder), the Agents or the Interest Rate Cap Provider in any Priority of Payments unless the prior written consent of such party has been obtained; and
- (b) Clause 8 (*Interest Rate Cap*) and Schedule 2, paragraph 8 (*Application of Amounts in respect of Swap Collateral, Excess Swap Collateral, Swap Tax Credits and Replacement Swap Premium*) of the Cash Management and Calculation Agency Agreement unless the prior written consent of the Interest Rate Cap Provider has been obtained.

16. Substitution of Issuer

16.1 Substitution of Issuer

Subject to the conditions of substitution pursuant to the Trust Deed, the Trustee may, without the consent of the Noteholders of any Class, or any other Secured Creditor, concur with the Issuer, to the substitution in place of the Issuer (or of the previous substitute under the Trust Deed) as the principal debtor under the Trust Deed, the Notes of each Class and of any other company (incorporated in any jurisdiction) (such substituted company being hereinafter called the “**New Company**”) if required for taxation reasons and subject to certain conditions as set out in the Trust Deed, including the requirement to obtain a Rating Agency Confirmation.

16.2 Notice of Substitution of Issuer

Any substitution agreed by the Trustee pursuant to the Trust Deed shall be binding on the Noteholders, and the Issuer shall procure that such substitution shall be notified to the

Noteholders and the other Secured Creditors in accordance with Condition 10 (*Notifications*) as soon as practicable.

16.3 Change of Law

In the case of a substitution pursuant to this Condition, the Trustee may in its absolute discretion agree, without the consent of the Noteholders or the other Secured Creditors to a change of the law governing the Notes and/or any of the Transaction Documents, **provided that** such change would not, in the opinion of the Trustee, be materially prejudicial to the interests of the holders of the Most Senior Class of Notes outstanding, **provided further that** the Rating Agencies are notified by the Issuer. For the avoidance of doubt, a Transaction Document cannot be amended without the agreement in writing of all the parties thereto.

16.4 No indemnity

No Noteholder shall, in connection with any such substitution, be entitled to claim from the Issuer or the Trustee any indemnification or payment in respect of any tax consequence of any such substitution upon individual Noteholders.

17. Ratings Agency Confirmation

- (a) In respect of the exercise of any right, power, duty, trust, authority or discretion as contemplated hereunder or in relation to the Notes and any of the Transaction Documents, the Trustee shall be entitled but not obliged to take into account any Rating Agency Confirmation.
- (b) If a Rating Agency Confirmation or other response by a Rating Agency is a condition to any action or step under any Transaction Document, the Issuer shall deliver a written request (with a copy to the Trustee) for such Rating Agency Confirmation to each Rating Agency.

18. Miscellaneous

18.1 Trustee's right to indemnity

Without prejudice to the right of indemnity by law given to Trustees, the Issuer shall indemnify the Trustee and every Appointee and Receiver and keep it or him indemnified against all Liabilities to which it or he may be or become subject or which may be incurred by it or him in the negotiation, preparation and execution of the Trust Deed and the other Transaction Documents, and the execution or purported execution or exercise of any of its trusts, powers, authorities, duties, rights and discretions under the Trust Deed or any other Transaction Document or its or his functions under any such appointment or in respect of any other matter or thing done or omitted in any way relating to the Trust Deed or any other Transaction Document or the Charged Property or any such appointment (including, without limitation, Liabilities incurred in disputing or defending any of the foregoing). In particular, and without limitation, the Trustee and every Appointee and Receiver appointed by the Trustee hereunder shall be entitled to be indemnified out of the Charged Property in respect of all Liabilities properly incurred by them or him in the execution or purported execution of the trusts hereof or of any powers, authorities or discretions vested in them or him pursuant to the Trust Deed, these Conditions or any other Transaction Document and against all Liabilities in respect of any matter or things done or omitted in any way relating to the Charged Property, and the Trustee may retain any part of any moneys in its hands arising from the trusts of the Trust Deed all sums necessary to effect such indemnity and also the remuneration of the Trustee provided and the Trustee shall have a lien on the Charged Property for all moneys payable to it under the Trust Deed or otherwise howsoever. Notwithstanding anything to the contrary herein, the Trustee shall not be indemnified for any Liabilities incurred as a result of the Trustee's gross negligence, willful default or fraud.

18.2 No responsibility for loss or for monitoring

The Trustee shall not be bound to give notice to any person of the execution of any documents comprised or referred to in the Trust Deed or to take any steps to ascertain whether any Event of Default, Potential Event of Default, Tax Event, Illegality Event, Regulatory Event or other relevant event has happened or if the Issuer or any other party has breached any of its obligations

under the Transaction Documents and, until it shall have written notice to the contrary, the Trustee shall be entitled to assume that no Event of Default, Potential Event of Default, Tax Event, Illegality Event, Regulatory Event or any other relevant event which causes or may cause a right to become exercisable by the Issuer or the Trustee under the Trust Deed or any other Transaction Document has happened and that the Issuer and the other parties are observing and performing all their respective obligations under the Trust Deed, the Notes and the other Transaction Documents.

18.3 Regard to Noteholders

In connection with the exercise by it of any of its trusts, powers, duties, authorities and discretions under the Trust Deed or any other Transaction Document, the Trustee shall have regard to the interests of each Class of Noteholders as a Class and, shall not have regard to the consequences of such exercise for individual Noteholders of such Class and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders. For the purpose of determining whether or not any such exercise is materially prejudicial to the interests of the Noteholders of any Class of Notes, the Trustee shall be entitled to consider all such matters, information or any documentation delivered in respect thereof (whether addressed to the Trustee or otherwise) as the Trustee deems appropriate).

18.4 Prescription

In respect of the Notes, claims for (i) principal shall become void where application for payment is made more than ten (10) years; and (ii) interest shall become void where application for payment is made more than five (5) years, in each case, after the due date therefor.

18.5 Replacement of Notes

If any Note is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the registered office of the Registrar subject to all Applicable Laws and Euronext Dublin requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity, pre-funding and otherwise as the Issuer or the Registrar may reasonably require. Mutilated or defaced Notes must be surrendered before replacements will be issued.

18.6 Agent for service of process

The Issuer (a) shall appoint Law Debenture Corporate Services Limited (having an office, at the date hereof, at Fifth Floor, 100 Wood Street, London, EC2V 7EX as its agent for service of process in respect of any proceedings before the courts of England arising out of or in connection with the Notes on the terms set forth in a separate process agent letter and (b) undertakes that in the event of Law Debenture Corporate Services Limited ceasing so to act it will appoint another person with a registered office in London as its agent for service of process.

18.7 Notice of transfer of Class Z Notes

Each Class Z Noteholder agrees to notify the Issuer and, prior to the occurrence of a Servicing Termination Event, Funding Circle of any transfer or exchange by it of its beneficial interest in any Global Note or any Definitive Certificate in respect of the Class Z Notes.

19. Governing Law and Jurisdiction

19.1 Governing law

The Trust Deed and the Notes and all non-contractual obligations arising from or connected with them are governed by and construed in accordance with English law.

19.2 Jurisdiction

The courts of England and Wales are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Transaction Documents and the Notes (including a dispute relating to non-contractual obligations or a dispute regarding the existence, validity or termination of any of the such documents or the consequences of their nullity) and accordingly any legal action or proceedings arising out of or in connection with the Transaction Documents or the Notes may be brought in such courts. The Issuer has in each of the Transaction Documents to which it is a party irrevocably submitted to the jurisdiction of such courts.

SOME IMPORTANT LEGAL AND REGULATORY CONSIDERATIONS

Business and Regulatory Risks for Vehicles such as the Issuer

Legal, tax and regulatory changes could occur over the course of the life of the Notes that may adversely affect the Issuer. The regulatory environment for vehicles of the nature of the Issuer is evolving, and changes in regulation may adversely affect the Issuer. In addition, the securities and derivatives markets are subject to comprehensive statutory, regulatory and margin requirements. Certain regulators and self-regulatory organisations and exchanges are authorised to take extraordinary actions in the event of market emergencies. The regulation of transactions of a type similar to the Transaction and derivative transactions and vehicles that engage in such transactions is an evolving area of law and is subject to modification by government and judicial action. The effect of any future regulatory change on the Issuer could be substantial and adverse.

Centre of Main Interests

The Issuer has its registered office in Ireland. As a result there is a rebuttable presumption that its centre of main interest (“**COMI**”) is in Ireland and consequently that any main insolvency proceedings applicable to it would be governed by Irish law. In the decision by the Court of Justice of the European Union (“**CJEU**”) in relation to Eurofood IFSC Limited, the CJEU restated the presumption in the European Insolvency Regulation 2015/848, that the place of a company’s registered office is presumed to be the company’s COMI and stated that the presumption can only be rebutted if “factors which are both objective and ascertainable by third parties enable it to be established that an actual situation exists which is different from that which locating it at the registered office is deemed to reflect”. As the Issuer has its registered office in Ireland, has Irish directors, is registered for tax in Ireland and has an Irish corporate services provider, the Issuer does not believe that factors exist that would rebut this presumption, although this would ultimately be a matter for the relevant court to decide, based on the circumstances existing at the time when it was asked to make that decision. If the Issuer’s COMI is not located in Ireland, and is held to be in a different jurisdiction within the European Union, main insolvency proceedings may not be opened in Ireland and could, instead, be opened in a different jurisdiction.

Regulatory Initiatives

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of banks, financial institutions, “shadow banking entities” and the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold or trade asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer nor the Trustee nor any of their respective affiliates makes any representation to any prospective investor or purchaser of the Notes regarding the impact of such regulation on investors or the regulatory capital treatment of their investment in the Notes on the Closing Date or at any time in the future.

This uncertainty is further compounded by the numerous regulatory efforts underway in Europe, the U.S. and globally. Certain of these efforts overlap. In addition, even where these regulatory efforts overlap, they generally have not been undertaken on a coordinated basis. Areas where divergence between regulation exists or has begun to develop (whether with respect to scope, interpretation, timing, approach or otherwise) include trading, clearing and reporting requirements for derivatives transactions, higher capital and margin requirements relating to uncleared derivatives transactions, and capital and liquidity requirements that may result in mandatory “ring-fencing” of capital or liquidity in certain jurisdictions, among others. Investors should be aware that those risks are material and that the Issuer and, consequently, an investment in the Notes could be materially and adversely affected thereby.

None of the Issuer, the Arranger, the Joint Lead Managers, the Trustee, the Agents, Funding Circle, the Retention Holder nor any of their respective Affiliates makes any representation as to the proper characterisation of the Notes for legal investment, financial institution regulatory, financial reporting or other purposes, as to the ability of particular investors to invest in the Notes under applicable legal investment or other restrictions or as to the consequences of an investment in the Notes for such purposes or under such restrictions. All prospective investors in the Notes whose investment activities are subject to legal investment laws and regulations, regulatory capital requirements, or review by regulatory authorities should consult with their own legal, accounting and other advisors in determining whether, and to what extent, the Notes will constitute legal investments for them or are subject to investment or other regulatory restrictions, unfavourable accounting treatment, capital charges, reserve requirements or other consequences.

Basel III

The Basel Committee on Banking Supervision (the “**Basel Committee**”) has approved significant changes to the Basel II Framework (such changes being commonly referred to as “**Basel III**”), including new capital and liquidity requirements intended to reinforce capital standards and to establish minimum liquidity standards for credit institutions. In particular, the changes refer to, amongst other things, new requirements for the capital base, measures to strengthen the capital requirements for counterparty credit exposures arising from certain transactions and the introduction of a leverage ratio as well as short-term and longer-term standards for funding liquidity (referred to as the “**Liquidity Coverage Ratio**” and the “**Net Stable Funding Ratio**”). Basel Committee member countries agreed to implement the initial phase of the Basel III reforms from 1 January 2013 and the second phase from 1 January 2022, subject to transitional and phase-in arrangements for certain requirements. The changes approved by the Basel Committee, subject to any EU regional or national implementation and amendments (including those discussed below), may have an impact on the capital requirements in respect of the notes and/or on incentives to hold the notes for investors that are subject to requirements that follow the revised framework and, as a result, they may affect the liquidity and/or price of the notes.

The Basel III reforms have been implemented in the European Economic Area (“**EEA**”) through the Capital Requirements Regulation and the Capital Requirements Directive (together “**CRD IV**”). CRD IV became effective in the UK and EU member states on 1 January 2014. CRD IV permits a transitional period for certain of the enhanced capital requirements and certain other measures and the final timeline remains subject to agreement.

On 13 July 2018 the European Commission adopted revisions to Delegated Regulation (EU) 2015/61 for the Liquidity Coverage Ratio. The adopted revisions were published in the Official Journal of the European Union on 30 October 2018. They apply from eighteen months after publication, that is April 2020. If the revisions remain in their currently adopted format, certain securitisations which would currently be designated as high quality liquid assets (“**HQLA**”) for the purposes of the Liquidity Coverage Ratio would likely cease to be HQLA following the application date of the revised delegated regulations unless they are at such time classified as STS securitisations under the EU Securitisation Regulation (as defined below). No assurance can be given that the Transaction does qualify as an STS securitisation as at the date of this Prospectus or will continue to qualify at any time in the future. There is a risk that if the Transaction is not an STS securitisation as at the application date of the revised delegated regulations, it will not be eligible as HQLA for the purposes of the Liquidity Coverage Ratio from such date.

On 23 November 2016 the European Commission published an extensive package of reforms to prudential standards proposing amendments to the framework applicable to financial groups (the “**Banking Reform Package**”). The Banking Reform Package implements Basel III in part. The Banking Reform Package was published in the Official Journal of the EU on 7 June 2019 and entered into force twenty (20) days after publication (i.e. 27 June 2019). Requirements set out in the Banking Reform Package include the introduction of a binding leverage ratio and the Net Stable Funding Ratio which will generally apply from June 2021. In December 2017 a further set of proposals intended to complete the Basel III proposals was agreed (sometimes referred to as “**Basel IV**” or “**Basel 3.1**”). These are generally to be implemented by January 2023 (with some not being implemented fully until 2028). As this is after the end of the transition period, these elements will not automatically apply in the UK.

EU CRA 3

Regulation (EU) 462/2013 of the European Parliament and of the European Council amending Regulation EC 1060/2009 on credit rating agencies (“**EU CRA3**”) came into force on 20 June 2013. CRA3 has subsequently been supplemented by Delegated Regulation (EU) 2015/3 of 30 September 2014 (the “**EU CRA3 RTS**”).

Article 8(c) of EU CRA3 introduced a requirement that where an issuer or a related third party intends to solicit a credit rating of a structured finance instrument, it shall obtain two independent ratings for such instruments. Article 8(d) of EU CRA3 has introduced a requirement that where an issuer or a related third party intends to appoint at least two credit rating agencies to rate the same instrument, the issuer or a related third party shall consider appointing at least one rating agency having less than a 10 *per cent.* market share among agencies capable of rating that instrument. The Issuer intends to have two rating agencies appointed, but does not make any representation as to market share of either agency, and any consequences for the Issuer, related third parties and investors if an agency does not have a less than 10 *per cent.* market share are not specified. Investors should consult their legal advisors as to the applicability of EU CRA3 and any consequence of non-compliance in respect of their investment in the Notes.

The Securitisation Regulations, the CRR Amendment Regulations and other applicable regulations

A regulation (Regulation (EU) 2017/2401) to amend the CRR (together with any regulatory and implementing technical standards supplementing such regulation from time to time, the “**EU CRR Amendment Regulation**”) and a regulation (Regulation (EU) 2017/2402) aiming to create a general European framework for securitisation and a specific framework for “simple, transparent and standardised” securitisation were published in the Official Journal of the European Union on 28 December 2017 and entered into force on 17 January 2018 (together with any regulatory and implementing technical standards supplementing such regulation from time to time and official guidance related thereto, the “**EU Securitisation Regulation**”). The EU Securitisation Regulation applies to securitisations the securities of which are issued on or after 1 January 2019. The EU Securitisation Regulation has been retained under the domestic law of the UK as “retained EU law”, by operation of the European Union (Withdrawal) Act 2018, and as amended by the Securitisation (Amendment) (EU Exit) Regulations 2019 (and as may be further amended, supplemented or replaced, from time to time) (the “**UK Securitisation Regulation**”).

Investors should be aware of the risk retention, due diligence and transparency requirements set out in the Securitisation Regulations and of the requirements of the CRR Amendment Regulations (and of any corresponding implementing rules of their regulator), in addition to any other regulatory requirements that are (or may become) applicable to them and/or with respect to their investment in the Notes. Each investor should consult with its own legal, tax, business, accounting, regulatory and other advisors and/or its regulator before committing to acquire any Notes to determine whether, and to what extent, the information set out in this Prospectus and in any Quarterly Investor Reports or Quarterly Loan-by-Loan Reports provided in relation to the transaction is sufficient for the purpose of satisfying such requirements.

None of the Issuer, the Arranger, the Joint Lead Managers, the Trustee, the Agents, Funding Circle or the Retention Holder, their respective Affiliates or any other person makes any representation, warranty or guarantee that any such information is sufficient for such purposes or any other purpose or that the structure of the Notes and the transactions described herein are compliant with the requirements under the Securitisation Regulations or the CRR Amendment Regulation or any other applicable legal, regulatory or other requirements. No such person shall have any liability to any prospective investor with respect to any deficiency in such information or any failure of the transactions contemplated hereby to comply with or otherwise satisfy such requirements.

Due Diligence Requirements for Institutional Investors

Article 5 of the EU Securitisation Regulation contains due diligence requirements (the “**EU Due Diligence Requirements**”) that apply to “institutional investors” as defined in Article 2(12) of the EU Securitisation Regulation (“**EU Institutional Investors**”). EU Institutional Investors include institutions for occupational retirement provision, credit institutions as defined in the EU CRR (together with certain consolidated affiliates thereof), alternative investment fund managers that manage and/or market alternative investment funds in the EU, investment firms as defined in the EU CRR (together with certain consolidated affiliates thereof), insurance and reinsurance undertakings, and management companies of UCITS funds (or internally managed UCITS).

The EU Due Diligence Requirements restrict EU Institutional Investors from investing in securitisations unless such investors have verified (among other things) that: (i) the originator, sponsor or original lender will retain, on an ongoing basis, a material net economic interest of not less than five *per cent.* in the securitisation in accordance with the EU Securitisation Regulation and the risk retention is disclosed to the EU Institutional Investor in accordance with Article 7 of the EU Securitisation Regulation; (ii) the originator, sponsor or securitisation special purpose entity (“**SSPE**”) has, where applicable, made available the information required by Article 7 of the relevant Securitisation Regulation (as to which see “*Transparency Requirements*” below) in accordance with the frequency and modalities provided for in that Article; and (iii) where the originator or original lender is established in the EU (as in the case of the Transaction), and is not a credit institution or an investment firm, the originator or original lender grants all the credits giving rise to the underlying exposures on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes in accordance with Article 9(1) of the EU Securitisation Regulation. The EU Due Diligence Requirements also require EU Institutional Investors to conduct initial and ongoing due diligence with respect to a securitisation, their securitisation positions and the underlying exposures.

Article 5 of the UK Securitisation Regulation contains due diligence requirements (the “**UK Due Diligence Requirements**”) and, together with the EU Due Diligence Requirements, the “**Due Diligence Requirements**”) that apply to “institutional investors” as defined in Article 2(12) of the UK Securitisation Regulation (“**UK Institutional Investors**”) and, together with EU Institutional Investors, “**Institutional Investors**”). UK

Institutional Investors include occupational pension schemes, CRR firms (together with certain consolidated affiliates thereof), alternative investment fund managers that manage and/or market alternative investment funds in the UK, insurance and reinsurance undertakings, and management companies of UCITS funds and UCITS.

The UK Due Diligence Requirements restrict UK Institutional Investors from investing in securitisations unless such investors have verified (among other things) that: (i) if established in a third country (as in the case of the Transaction), the originator, sponsor or original lender will retain, on an ongoing basis, a material net economic interest which, in any event, shall not be less than five *per cent.* in the securitisation, determined in accordance with the UK Securitisation Regulation, and the risk retention is disclosed to UK Institutional Investors; (ii) if established in a third country (as in the case of the Transaction), the originator, sponsor or SSPE has, where applicable, made available information which is substantially the same as that which it would have made available in accordance with Article 7 of the UK Securitisation Regulation if it had been established in the UK (as to which see “*Transparency Requirements*” below) and has done so with such frequency and modalities as are substantially the same as those with which it would have made information available in accordance with that Article if it had been so established; and (iii) where the originator or original lender is established in a third country (as in the case of the Transaction), the originator or original lender grants all the credits giving rise to the underlying exposures on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes to ensure that credit-granting is based on a thorough assessment of the obligor’s creditworthiness. The UK Due Diligence Requirements also require UK Institutional Investors to conduct initial and ongoing due diligence with respect to a securitisation, their securitisation positions and the underlying exposures.

Failure to comply with one or more of the requirements may result in various penalties including, in the case of those Institutional Investors subject to regulatory capital requirements, the imposition of a punitive capital charge on the Notes acquired by the relevant investor.

Transparency Requirements

The originator, sponsor and SSPE (*i.e.* the Issuer) of a securitisation are required to designate amongst themselves one entity (the “**reporting entity**”) to fulfil the reporting requirements in Article 7(1) of the EU Securitisation Regulation (the “**EU Transparency Requirements**”) and in Article 7(1) of the UK Securitisation Regulation (the “**UK Transparency Requirements**”), and together with the EU Transparency Requirements, the “**Transparency Requirements**”). The reporting entity must make certain prescribed information available to holders of a securitisation position, to the relevant competent authorities and, upon request, to potential investors in the securitisation. The parties have agreed to provide certain undertakings in respect of the both the UK Transparency Requirements and the EU Transparency Requirements notwithstanding the fact that it is not expected that the Retention Holder or the Issuer will be directly subject to the UK Transparency Requirements. The Retention Holder and the Issuer will designate the Issuer as reporting entity to fulfil the Transparency Requirements applicable to the transaction on or prior to the Closing Date.

Under Article 7(1)(b) of the EU Securitisation Regulation and Article 7(1)(b) of the UK Securitisation Regulation, certain transaction documents and the prospectus are required to be made available before pricing. It is not possible to make final documentation available before pricing and, therefore, draft documentation will be made available prior to pricing in substantially final form and the final Transaction Documents and prospectus will be available on and after the Closing Date on the relevant Reporting Medium or as are permitted (and selected by the Issuer) from time to time by the EU Securitisation Regulation and the UK Securitisation Regulation.

The Transparency Requirements also include ongoing reporting obligations which include the publication of quarterly portfolio level information reports and quarterly investor reports (together the “**Regulatory Reports**”); any inside information relating to the securitisation that the reporting entity is obliged to make public under the Market Abuse Regulation (Regulation (EU) No 596/2014) (in the case of the UK Securitisation Regulation, as it forms part of the domestic law of the UK by virtue of the EUWA) (“**Inside Information**”); and, where applicable, information on “significant events” (“**Significant Events**”). Disclosures relating to any Inside Information and, to the extent applicable, Significant Events are required to be made available “without delay”. It is intended that these requirements will be satisfied by the Issuer as the reporting entity, procuring the publication of (i) the Quarterly Loan-by Loan Reports and the Quarterly Investor Reports on a quarterly basis, and (ii) any Inside Information and any required information relating to Significant Events without delay.

Commission Delegated Regulation (EU) 2020/1224 and Commission Implementing Regulation (EU) 2020/1225 (together, the “**EU Article 7 Technical Standards**”), specifying the information to be made available for the

purposes of the obligations set out in Article 7(1)(a) and 7(1)(e) of the EU Securitisation Regulation by originators, sponsors and/or SSPEs, and including standardised templates, entered into force on 23 September 2020.

The EU Article 7 Technical Standards form part of the domestic law of the UK by virtue of the EUWA as amended by the Technical Standards (Specifying the Information and the details of a Securitisation to be made available by the Originator, Sponsor and SPPE) (EU Exit) Instrument 2020 (FCA 2020/80). In addition, pursuant to transitional directions issued on 22 December 2020 and which apply until 31 March 2022, originators, sponsors and SSPE established in the UK may, during such transitional period, continue to use the disclosure templates set out in the EU Article 7 Technical Standards, as in effect prior to 11 pm on 31 December 2020 for the purposes of fulfilling their obligations under Article 7(1)(a) and Article 7(1)(e) of the UK Securitisation Regulation.

It should be noted that any failure by the Issuer, as the reporting entity (or any party acting on behalf of the reporting entity) to fulfil the Transparency Requirements applicable to the Issuer may cause the transaction to be non-compliant with the Securitisation Regulations.

Securitisation Regulations – STS

At the Closing Date the Transaction is intended to qualify as a STS securitisation within the meaning of Article 18 of the EU Securitisation Regulation and Article 18 of the UK Securitisation Regulation. The Retention Holder has used the services of PCS, as a verification agent authorised under Article 28 of the EU Securitisation Regulation in connection with the STS Verification. It is expected that the STS Verification prepared by PCS will be available on the PCS Verification Website together with a detailed explanation of its scope at the PCS Disclaimer Website. For the avoidance of doubt, the PCS websites and the contents thereof do not form part of this Prospectus. No assurance can be provided that the Transaction will qualify as an STS securitisation under the EU Securitisation Regulation or under the UK Securitisation Regulation on the Closing Date, nor that it will continue to qualify as an STS securitisation under the Securitisation Regulations at any point in time in the future. None of the Issuer, the Seller, the Retention Holder, the Arranger, the Joint Lead Managers or any other party to the Transaction Documents makes any representation or accepts any liability for the Securitisation to qualify as an STS securitisation under the EU Securitisation Regulation or under the UK Securitisation Regulation on the Closing Date nor that it will continue to qualify as an STS securitisation under the Securitisation Regulations at any point in time in the future.

Within 15 Business Days of the Closing Date, it is intended that the Retention Holder, as originator, will submit the EU STS Notification to ESMA, in accordance with Article 27 of the EU Securitisation Regulation and the UK STS Notification to the FCA in accordance with Article 27 of the UK Securitisation Regulation confirming that the EU STS Requirements and the UK STS Requirements, as applicable, have been satisfied with respect to the Transaction.

Glencar has (prior to pricing) made available to the holders of the Notes (on the relevant Reporting Medium) a cashflow model, either directly or indirectly through one or more entities which provide such cashflow models to investors generally. Glencar (in its capacity as the originator) shall procure that such cashflow model (i) precisely represents the contractual relationship between the Loans and the payments flowing between the originators, investors in the Notes, other third parties and the Issuer, and (ii) is made available (on a relevant Reporting Medium) to investors in the Notes on an ongoing basis and to potential investors in the Notes upon request.

Recourse and Security

The Purchased Loan Receivables constitute unsecured obligations of the relevant Funding Circle Borrower. In the event of a default by a Funding Circle Borrower, the Issuer would rank alongside, and with full right of recourse to the assets of such Funding Circle Borrower, as its other general, unsecured creditors. The Issuer would, however, have fewer rights than secured creditors of such Funding Circle Borrower.

Personal Guarantees are always required where the Funding Circle Borrower is a limited company, creating a secondary payment obligation to support the primary obligation of the Funding Circle Borrower. In the event of the default of a Funding Circle Borrower that is a limited company, FTCL on behalf of the Issuer would have an unfettered right to claim with full recourse against the Guarantor.

Credit Assessment Process

The Purchased Loan Receivables were originated in the ordinary course of the Retention Holder's business (in the sole opinion of the Retention Holder) pursuant to underwriting standards which are no less stringent than those

applied to Loan Receivables which will not be securitised. Each Loan has been approved in accordance with principles and processes set out in the Funding Circle Lending Policy applicable as at the time of approval, including, among others:

- (a) assessment of the potential borrower's creditworthiness, prior to concluding a Loan Agreement, on the basis of information obtained both from the applicant and relevant databases and which takes appropriate account of factors relevant to verifying the prospect of the applicant's meeting its obligations under the Loan Agreement;
- (b) Loan Agreements do not envisage and include the ability to significantly increase the amount of credit after conclusion of a Loan Agreement and a request by an existing Funding Circle Borrower to increase the total amount of credit after the conclusion of the Loan Agreement would therefore be treated as a new application, requiring reassessment of the borrower's creditworthiness and financial information;
- (c) the procedures and information on which the assessment is based are documented and maintained in the Funding Circle's records systems;
- (d) there is no option for the Funding Circle Investor to cancel or alter the Loan Agreement once concluded to the detriment of the Funding Circle Borrower, on the grounds that the assessment of creditworthiness was incorrectly conducted;
- (e) applications for credit should be approved only where the result of the creditworthiness assessment indicates that the obligations resulting from the Loan Agreement are likely to be met in the manner required under that agreement.

Loan Portfolio Selection

As of the Loan Portfolio Cut-Off Date, to the best of the knowledge of the Retention Holder:

- (a) no Purchased Loan Receivable should be considered to be an exposure in default within the meaning of Article 178(1) of the EU CRR or the UK CRR; and
- (b) at least one of the Obligors in relation to a Purchased Loan Receivable should not be regarded as credit-impaired within the meaning of Article 20(11)(a), (b) or (c) of the EU Securitisation Regulation and the UK Securitisation Regulation,

in each case, as such requirements are interpreted in the published guidelines of the European Banking Authority of 12 December 2018 on the STS criteria for non-ABCP securitisation.

Arrears and Default Procedures

Funding Circle has well documented and adequate policies, procedures and risk management controls pursuant to which it manages the ongoing loan monitoring and servicing for loans originated on the Funding Circle Platform, subject to and in accordance with the Master Framework Agreement, the Servicing Transaction Documents and the Collection Policy, which contain the relevant definitions, remedies and actions relating to the procedures and policies of Funding Circle for addressing delinquency and default of debtors, debt restructuring, debt forgiveness, forbearance, payment holidays, losses, charge offs, recoveries and other asset performance remedies.

Loans to SMEs

As at the Closing Date, at least 80% of the Loan Portfolio has been originated to a small and medium sized-enterprise (as such term is defined in the Commission Recommendation 2003/361/EC of 6 May 2003 concerning the definition of micro, small and medium-sized enterprises).

Uncertainties in the Scope of the Requirements of the Securitisation Regulations

Aspects of the detail and effect of the Securitisation Regulations and what is, or will be, required to demonstrate compliance to Competent Authorities remain unclear. The EU and the UK authorities have published only limited binding guidance relating to the satisfaction of the requirements of the Securitisation Regulations by an entity similar to the Retention Holder. Furthermore, any relevant regulator's views with regard to the Securitisation Regulations may not be based exclusively on technical standards, guidance or other information known at this time.

If a Competent Authority determines that the transaction or an Institutional Investor's investment in such transaction did not comply or is no longer in compliance with the relevant Securitisation Regulation, then: (i) investors may be subject to regulatory sanctions and, where relevant, be required by their regulator to set aside additional capital against their investment in the Notes or take other remedial measures in respect of their investment in the Notes; and (ii) the Retention Holder and/or the Issuer may be subject to administrative and/or criminal sanctions. Any such sanctions levied on the Retention Holder and/or Issuer may materially adversely affect their ability to perform their obligations under the Transaction Documents and, in the case of the Issuer, the Notes which may have a negative impact on the price and liquidity of the Notes in the secondary market.

Any changes in the law or regulation, the interpretation or application of any law or regulation or changes in the regulatory capital treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, may have a negative impact on the price and liquidity of the Notes in the secondary market.

No assurance can be given that the EU Securitisation Regulation or the UK Securitisation Regulation, or the interpretation or application thereof, will not change, and, if any such change is effected, whether such change would affect the regulatory position of current or future investors in the Notes. The Retention Holder does not have an obligation to change the quantum or nature of its holding of the Retention Notes due to any future changes in the Securitisation Regulations or in the interpretation thereof.

Relevant investors are required to independently assess and determine the sufficiency of the information described herein for the purposes of complying with any relevant requirements. None of the Arranger, the Joint Lead Managers, the Issuer, the Reporting Agent, the Retention Holder, Funding Circle, the Trustee, the Principal Paying Agent, the Cash Manager and Calculation Agent, any other Agent, their respective Affiliates or any other Person makes any representation, warranty or guarantee that any information described herein is sufficient in all circumstances for such purposes or any other purpose or that the structure of the Notes, the Retention Holder (including their holding of the Retention Notes) and the transactions described herein are compliant with the Securitisation Regulations, the Due Diligence Requirements or any other applicable legal or regulatory or other requirements and no such person shall have any liability to any prospective investor or investor with respect to any deficiency in such information or any failure of the transactions or structure contemplated hereby to comply with or otherwise satisfy such requirements.

U.S. Risk Retention Rules

Section 941 of the Dodd-Frank Act amended the Exchange Act to generally require the "securitizer" of a "securitization transaction" to retain at least 5 per cent. of the "credit risk" of "securitized assets", as such terms are defined for purposes of that statute, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. Final rules implementing the statute (the "**U.S. Risk Retention Rules**") came into effect on 24 December 2016 with respect to non-RMBS securitizations. The U.S. Risk Retention Rules provide that the securitizer of an asset backed securitization is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The transaction described herein is not structured to comply with the U.S. Risk Retention Rules, and no party to the transaction intends to retain at least 5 per cent. of the credit risk of the securitized assets for purposes of compliance with the U.S. Risk Retention Rules. Instead, the Retention Holder intends to rely on an exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as Risk Retention U.S. Persons); (3) neither the sponsor nor the issuer is organized under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the assets that collateralize the "ABS interests" (as defined in the U.S. Risk Retention Rules) was acquired, directly or indirectly, from a majority-owned affiliate or branch of the sponsor or issuer organized or located in the United States.

The Retention Holder has advised the Issuer that it has not acquired more than 25 per cent. of the Loan Receivables sold to the Issuer from any of their affiliates or branches or any affiliates or branches of the Issuer that are organized or located in the United States.

Prospective investors should note that the definition of “U.S. person” in the U.S. Risk Retention Rules (referred to as Risk Retention U.S. Persons for the purposes of this Prospectus) is substantially similar to, but not identical to, the definition of “U.S. person” under Regulation S and that persons who are not “U.S. persons” under Regulation S may be “U.S. persons” under the U.S. Risk Retention Rules. The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, “U.S. person” means any of the following:

- (a) any natural person resident in the United States;
- (b) any partnership, corporation, limited liability company, or other organization or entity organized or incorporated under the laws of any State or of the United States;
- (c) any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) any agency or branch of a foreign entity located in the United States;
- (f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- (g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organized, incorporated, or (if an individual) resident in the United States; and
- (h) any partnership, corporation, limited liability company, or other organization or entity if:
 - (i) organized or incorporated under the laws of any foreign jurisdiction; and
 - (ii) formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act.

Each holder of a Note or a beneficial interest acquired in the initial distribution of the Notes, by its acquisition of a Note or a beneficial interest in a Note, will be deemed to represent to the Issuer, the Retention Holder, the Arranger and the Joint Lead Managers that (1) either (a) it is not a Risk Retention U.S. Person or (b) it has obtained a U.S. Risk Retention Waiver, (2) it is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) it is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

The Retention Holder advised the Issuer that it will not provide a U.S. Risk Retention Waiver to any investor if such investor’s purchase would result in more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of “ABS interests” (as defined in the U.S. Risk Retention Rules) being sold or transferred to Risk Retention U.S. Persons on the Closing Date.

The Retention Holder, the Issuer, the Arranger and the Joint Lead Managers are relying on the deemed representations made by purchasers of the Notes and may not be able to determine the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in Section __.20 of the U.S. Risk Retention Rules, and neither the Arranger, the Joint Lead Managers nor any person who controls it or any director, officer, employee, agent or Affiliate of the Arranger or the Joint Lead Managers accepts any liability or responsibility whatsoever for any such determination or characterisation.

There can be no assurance that the requirement for investors to give their prior confirmation to the Retention Holder that it is not a Risk Retention U.S. Person will be complied with, or that the exemption provided for in Section __ 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available.

None of the Arranger, the Joint Lead Managers, the Issuer or any other transaction party or any of their affiliates makes any representation to any prospective investor or purchaser of the Notes and/or the Certificates as to

whether the transactions described in this Prospectus comply as a matter of fact with the U.S. Risk Retention Rules on the Closing Date or at any time in the future. Investors should consult their own advisers as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

European Market Infrastructure Regulation

The European Market Infrastructure Regulation EU 648/2012, as amended by Regulation EU 2019/834 (“**EMIR**”) and its various delegated regulations and technical standards impose a range of obligations on parties to “over-the-counter” (“**OTC**”) derivative contracts according to whether they are “financial counterparties” such as investment firms, alternative investment funds (see “*Alternative Investment Fund Managers Directive*”) below, credit institutions and insurance companies, or other entities which are “non-financial counterparties” (or third country entities equivalent to “financial counterparties” or “non-financial counterparties”). The Issuer is, at the current time, a non-financial counterparty.

Financial counterparties (as defined in EMIR) above the clearing threshold (being when the gross notional value of all OTC derivative contracts entered into by the financial counterparty and other entities within its “group” including hedging transactions, exceeds certain thresholds (set per asset class of OTC derivatives)) will be subject to a general obligation to clear through a duly authorised or recognised central counterparty (the “**clearing obligation**”) all “eligible” OTC derivative contracts entered into with other counterparties subject to the clearing obligation.

All financial counterparties must also report the details of all derivative contracts to a trade repository (the “**reporting obligation**”), and undertake certain risk-mitigation techniques in respect of OTC derivative contracts which are not cleared by a central counterparty such as timely confirmation of terms, portfolio reconciliation and compression and the implementation of dispute resolution procedures (the “**risk mitigation obligations**”). Non-cleared OTC derivatives entered into by financial counterparties must also be marked to market and collateral must be exchanged (the “**margin requirement**”). At the current time, the Issuer is not a financial counterparty but should this change, this may lead to a termination of the Interest Rate Cap or the restricting of its terms.

Non-financial counterparties (as defined in EMIR) are exempted from the clearing obligation and certain additional risk mitigation obligations (such as the posting of collateral) provided the gross notional value of all OTC derivative contracts entered into by the non-financial counterparty and other non-financial counterparties within its “group”, excluding eligible hedging transactions, does not exceed certain thresholds (set per asset class of OTC derivatives). If the Issuer is considered to be a member of a “group” (as defined in EMIR) (which may, for example, potentially be the case if the Issuer is consolidated by a Noteholder as a result of such Noteholder’s holding of a significant proportion of the Class Z Notes) and if the aggregate notional value of OTC derivative contracts entered into by the Issuer and any non-financial entities within such group exceeds the applicable thresholds, the Issuer would be subject to the clearing obligation, or if the relevant contract is not a type required to be cleared, to the risk mitigation obligations, including the margin requirement. Non-financial counterparties are also subject to the reporting obligations and other risk mitigation obligations.

Key details in respect of the clearing obligation and the margin requirement and their applicability to certain classes of OTC derivative contracts are to be provided through corresponding regulatory technical standards. Whilst regulatory technical standards have largely been published in respect of certain classes of OTC derivative contracts, others may be proposed.

It should also be noted that the EU Securitisation Regulation (which applied in general from 1 January 2019), among other things, makes provisions for the development of technical standards in connection with the EMIR regime specifying (i) an exemption from clearing obligations and (ii) a partial exemption from the collateral exchange obligations for non-cleared OTC derivatives, in each case for “simple, transparent and standardised” (“**STS**”) securitisation swaps (subject to the satisfaction of the relevant conditions). The final draft technical standards have been prepared by the European Supervisory Authorities and submitted to the European Commission in December 2018 and these are now subject to the EU political negotiation process. As a result, the time of entry into force and the date of application of the new technical standards is unknown at this point.

Within 15 Business Days of the Closing Date, the Retention Holder intends to submit the STS Notifications. However, until the final new technical standards referred to above are in force, no assurance can be given that the Issuer will meet the applicable exemption criteria provided therein. Notwithstanding the STS designation and the ability, as a result, to rely on the exemptions from clearing and collateral exchange obligations under the EMIR regime, the expectation is that the Issuer should not be required to comply with the EMIR collateral exchange

obligations and clearing requirements for the reasons outlined above (as the Issuer is expected to be a non-financial counterparty below the “clearing threshold”). The STS designation and the related forthcoming exemptions from collateral exchange obligations and clearing requirements are only likely to become relevant should the status under the EMIR of the Issuer change from non-financial counterparty below the “clearing threshold” to non-financial counterparty above the “clearing threshold” or financial counterparty and, if applicable, should the Issuer be regarded as a type that is subject to EMIR clearing requirement.

Clearing obligation

To date, three sets of regulatory technical standards governing the mandatory clearing obligation for certain classes of OTC derivative contracts have been published introducing clearing obligations with effect from various dates depending on different categorisations of the parties involved and the relevant class of OTC derivatives contracts.

Margin requirements

On 4 October 2016, the European Commission adopted regulatory technical standards on risk-mitigation techniques for OTC derivative contracts not cleared by a central clearing counterparty to the European Commission (the “RTS”). The RTS were published in the Official Journal on 15 December 2016 and entered into force on 4 January 2017.

The RTS margin requirements in respect of non-cleared OTC derivatives as well as specify the criteria regarding intragroup exemptions and provide that (a) initial margin requirement will take effect on dates ranging originally from one (1) month after the RTS entered into force (for certain entities with a non-cleared OTC derivative portfolio above €3 trillion) to 1 September 2020 (for certain entities with a non-cleared OTC derivative portfolio above €8 billion) although it is expected that this date may be extended to 1 September 2021, and (b) variation margin requirements take effect either from one (1) month after the RTS entered into force (for certain entities with a non-cleared OTC derivative portfolio above €3 trillion), or from 1 March 2017 for all other in-scope counterparties. The margin requirements apply to financial counterparties and non-financial counterparties above the clearing threshold and, depending on the counterparty, will require collection and posting of variation margin and, for the largest counterparties/groups, initial margin.

If the Issuer becomes subject to the clearing obligation or to the margin requirement, it is unlikely that it would be able to comply with such requirements, which would adversely affect the Issuer’s ability to enter into or continue the Interest Rate Cap or significantly increase the cost thereof, negatively affecting the Issuer’s ability to hedge its interest rate risk. As a result of such increased costs, additional regulatory requirements and limitations on ability of the Issuer to hedge interest rate and currency risk, the amounts payable to Noteholders may be negatively affected.

The Interest Rate Cap may also contain early termination events which are based on the application of EMIR and which may allow the relevant counterparty to terminate the Interest Rate Cap upon the occurrence of an adverse EMIR-related event. The termination of the Interest Rate Cap in these circumstances may result in a termination payment being payable by the Issuer.

Prospective investors should be aware that the regulatory changes arising from EMIR may in due course significantly increase the cost of entering into derivative contracts (including the potential for non-financial counterparties such as the Issuer to become subject to marking to market and collateral posting requirements in respect of non-cleared OTC derivatives such as the Interest Rate Cap). These changes may adversely affect the Issuer’s ability to manage interest rate risk. As a result of such increased costs and/or additional regulatory requirements, investors may receive significantly less or no interest or return, as the case may be. Investors should consult their own independent advisers and make their own assessment about the potential risks posed by EMIR in making any investment decision in respect of the Notes.

Alternative Investment Fund Managers Directive

EU Directive 2011/61/EU on Alternative Investment Fund Managers (“AIFMD”) and the UK Alternative Investment Fund Managers Regulations 2013 (as amended, the “UK AIFMR”) provide that alternative investment funds (“AIFs”) in the EEA and the UK, respectively, must have a designated alternative investment fund manager (an “AIFM”) with responsibility for portfolio and risk management and compliance with AIFMD or UK AIFMR, as applicable. Although the portfolio and risk management provisions of AIFMD apply only to EEA AIFMs and the portfolio and risk management provisions of UK AIFMR apply only to UK AIFMs, in each

case when managing any AIF, the disclosure and transparency requirements of AIFMD apply to any non-EEA AIFs which are to be marketed in the EEA and the disclosure and transparency requirements of UK AIFMR apply to any non-UK AIFs which are to be marketed in the UK. If considered to be an AIF, the Issuer would also be classified as a “financial counterparty” under EMIR, unless it is categorised as a “securitisation special purpose entity” as referred to in point (g) of Article 2(3) of AIFMD or under the definition of AIF in the UK AIFMR (the “**SSPE Exemption**”), and may be required to comply with clearing obligations with respect to the Interest Rate Hedge Agreement and obligations to post margin to any central clearing counterparty or market counterparty. See also “*European Market Infrastructure Regulation*” above.

ESMA has not yet given any formal guidance on the application of the SSPE Exemption or whether a vehicle such as the Issuer would fall within it. Similarly, the FCA has not yet given any formal guidance on the application of the SSPE Exemption in relation to the UK AIFMR or whether a vehicle such as the Issuer would fall within it. However, as regards the position in Ireland, the Central Bank has confirmed that pending such further clarification from ESMA, (i) “registered financial vehicle corporations” with the meaning of Article 1(2) of Regulation (EU) No 1075/2013 of the European Central Bank, or (ii) financial vehicles engaged solely in activities where economic participation is by way of debt or other corresponding instruments which do not provide ownership rights in the financial vehicle as are provided by the sale of units or shares, such as the Issuer, do not need to seek authorisation as an AIF or appoint an AIFM unless the Central Bank issues further guidance advising them to do so.

Retention Financing

The Retention Holder may in the future enter into financing arrangements in respect of its assets, which may include the Retention Notes held by it (any such financing entered into in respect of the Retention Notes being a “**Retention Financing Arrangement**”) and may either grant security over, or transfer title to, such Notes in connection with such financing. If the collateral arrangements in respect of any Retention Financing Arrangements are by way of title transfer, the Retention Holder would retain the economic risk in such Notes but not legal ownership of them. None of the Retention Holder, any Agent, the Issuer, the Trustee, the Arranger, the Joint Lead Managers or any of their respective Affiliates makes any representation, warranty or guarantee that any Retention Financing Arrangements will comply with the EU Securitisation Regulation or the UK Securitisation Regulation. In particular, should the Retention Holder default in the performance of its obligations under Retention Financing Arrangements, the lender or lenders thereunder would have the right to enforce the security granted by the Retention Holder, including effecting the sale or appropriation of some or all of such Notes or, if the collateral arrangements in respect of such Retention Financing Arrangements are by way of title transfer, the Retention Holder would not be entitled to have such Notes (or equivalent securities) returned to it. In exercising its rights pursuant to any Retention Financing Arrangements, any lender would not be required to have regard to the EU Securitisation Regulation and the UK Securitisation Regulation and any such sale or appropriation may therefore cause the transaction described in this document to be non-compliant with the EU Securitisation Regulation and the UK Securitisation Regulation.

The term of any Retention Financing Arrangements may be considerably shorter than the effective term of the Notes, and separately, or as a result of other terms of the Retention Financing Arrangements may require the Retention Holder to repay or refinance the Retention Financing Arrangements whilst some or all Classes of Notes are Outstanding. If refinancing opportunities were limited at such time and the Retention Holder was unable to repay the retention financing from its own resources, the Retention Holder could be forced to sell some or all of the Notes held by it in order to obtain funds to repay the retention financing without regard to the EU Securitisation Regulation and the UK Securitisation Regulation, and such sales may therefore cause the transaction described in this document to be non-compliant with the EU Securitisation Regulation and/or the UK Securitisation Regulation.

Anti-Money Laundering, Anti-Terrorism, Anti-Corruption, Bribery and Similar Laws May Require Certain Actions or Disclosures

Many jurisdictions have adopted wide-ranging anti-money laundering, economic and trade sanctions, and anti-corruption and anti-bribery laws, and regulations (collectively, the “**AML Requirements**”). Any of the Issuer, the Agents or the Trustee could be requested or required to obtain certain assurances from prospective investors intending to purchase Notes and to retain such information or to disclose information pertaining to them to governmental, regulatory or other authorities or to financial intermediaries or engage in due diligence or take other related actions in the future. It is expected that the Issuer, the Agents and the Trustee will comply with AML Requirements to which they are or may become subject and to interpret such AML Requirements broadly in favour of disclosure. In addition, it is expected that each of the Issuer, the Agents and the Trustee intends to comply with applicable anti-money laundering and anti-terrorism, economic and trade sanctions, and anti-corruption or anti-bribery laws, and regulations of the United States and other countries, and will disclose any information required

or requested by authorities in connection therewith. A Noteholder may also be obliged to provide information they may have previously identified or regarded as confidential to satisfy the Issuer AML Requirements.

Legal considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor of the Notes should consult its legal advisers to determine whether and to what extent (1) the Notes are legal investments for it, (2) the Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

The Common Reporting Standard

The common reporting standard framework was first released by the Organisation for Economic Co-operation and Development (“**OECD**”) in February 2014 as a result of the G20 members endorsing a global model of automatic exchange of information in order to increase international tax transparency. On 21 July 2014, the Standard for Automatic Exchange of Financial Account Information in Tax Matters was published by the OECD and this includes the Common Reporting Standard (the “**CRS**”). The goal of the CRS is to provide for the annual automatic exchange between governments of financial account information reported to them by local reporting financial institutions (as defined) (“**FIs**”) relating to account holders who are tax resident in other participating jurisdictions.

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation (“**DAC II**”) implements the CRS in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis commencing in 2017 in respect of the 2016 calendar year (or from 2018 in the case of Austria).

Regulated Banking Activity

While non-bank lending is currently being promoted within the EU, in many jurisdictions, especially in continental Europe, engaging in lending activities “**in**” certain jurisdictions particularly via the original extension of credit granting a loan and in some cases including purchases of receivables, discounting of invoices, guarantee transactions or otherwise (collectively, “**Regulated Banking Activities**”) is generally considered a regulated financial activity and, accordingly, must be conducted in compliance with applicable local banking laws (or the AIFMD, in the case of European long-term investment funds). Although a number of jurisdictions have consulted and published guidance on non-bank lending, in many such jurisdictions, there is comparatively little statutory, regulatory or interpretive guidance issued by the competent authorities or other authoritative guidance as to what constitutes the conduct of Regulated Banking Activities in such jurisdictions.

As such, if any Funding Circle Borrower after the date on which the Purchased Loan Receivable was advanced, is no longer a UK resident the Purchased Loan Receivable may be subject to these local law requirements. Moreover, these regulatory considerations may differ depending on the country in which each Funding Circle Borrower is located or domiciled, on the type of Funding Circle Borrower and other considerations. Therefore, at the time when the Purchased Loan Receivables are acquired by the Issuer, there can be no assurance that, as a result of the application of regulatory law, rule or regulation or interpretation thereof by the relevant governmental body or agency, or change in such application or interpretation thereof by such governmental body or agency, payments on the Purchased Loan Receivables might not in the future be adversely affected as a result of such application of regulatory law or that the Issuer might become subject to proceedings or action by the relevant governmental body or agency, which if determined adversely to the Issuer, may adversely affect its ability to make payments in respect of the Notes.

EU Bank Recovery and Resolution Directive

The EU Bank Recovery and Resolution Directive (2014/59/EU) and amending Directive (EU) 2019/879 (collectively with secondary and implementing EU rules, and national implementing legislation, the “**BRRD**”) equips national authorities in Member States (the “**Resolution Authorities**”) with tools and powers for preparatory and preventive measures, early supervisory intervention and resolution of credit institutions and significant investment firms (collectively, “**relevant institutions**”). If a relevant institution enters into an arrangement with the Issuer and is deemed likely to fail in the circumstances identified in the BRRD, the relevant Resolution Authority may employ such tools and powers in order to intervene in the relevant institution’s failure

(including in the case of derivatives transactions, powers to close-out such transactions or suspend any rights to close-out such transactions). In particular, liabilities of relevant institutions arising out of the Transaction Documents not otherwise subject to an exception, could be subject to the exercise of “bail-in” powers of the relevant Resolution Authorities. It should be noted that certain secured liabilities of relevant institutions are excepted. If the relevant Resolution Authority decides to “bail-in” the liabilities of a relevant institution, then subject to certain exceptions set out in the BRRD, the liabilities of such relevant institution could, among other things, be reduced, converted or extinguished in full. As a result, the Issuer and ultimately, the Noteholders may not be able to recover any liabilities owed by such an entity to the Issuer. In addition, a relevant Resolution Authority may exercise its discretions in a manner that produces different outcomes amongst institutions resolved in different EU Member States. It should also be noted that similar powers and provisions are being considered in the context of financial institutions of other jurisdictions.

The European Commission adopted a set of draft regulatory technical standards in respect of the valuation of derivatives for the purposes of the BRRD on 23 May 2016. They were published in the Official Journal on 8 July 2016 and entered into force on 28 July 2016 and provide, among other things, that the relevant Resolution Authorities will have the power to terminate swap agreements (as part of the bail-in process) and to value the position thereunder. This will therefore limit any control the Issuer or the Trustee may have in respect of the valuation process, which may be detrimental to the Issuer and consequently, the Noteholders.

Resolution Authorities also have the right to amend certain agreements, under applicable laws, regulations and guidance (“**Stay Regulations**”), to ensure stays or overrides of certain termination rights. Such special resolution regimes (“**SRRs**”) vary from jurisdiction to jurisdiction, including differences in their respective implementation dates. The foregoing risks also apply in a substantially similar manner with respect to arrangements entered into between a relevant UK institution and the Issuer in the event of that UK institution’s failure or potential failure. Without prejudice to the generality of the foregoing, the Prudential Regulation Authority (“**PRA**”) has implemented rules (Appendix 1 to the PRA’s policy statement 25/15) which requires relevant institutions to ensure that the discretion of the PRA to temporarily suspend termination and security interests under the relevant SRR is respected by counterparties. Any applicable Stay Regulations may result in the Issuer not being able to immediately enforce liabilities owed by relevant institutions that are subject to “stays” under SRRs.

The resolution mechanisms under the BRRD correspond closely to those available to the Single Resolution Board (the “**SRB**”) and the European Commission under the single resolution mechanism provided for in Regulation (EU) No 806/2014 (the “**SRM Regulation**”). The SRM Regulation applies to participating Member States (including Member States outside the Eurozone that voluntarily participate through a close co-operation agreement). In such jurisdictions, the SRB will take on many of the functions that would otherwise be assigned to national Resolution Authorities by the BRRD. If a Member State outside the Eurozone has chosen not to participate in the bank single supervisory mechanism, relevant institutions established in such Member State will not be subject to the SRM Regulation, but to the application of the BRRD by the Resolution Authorities. It is possible, on the specific facts of a case, that resolution plans and resolution decisions made by the SRB may differ from the resolution schemes that would have been applied by the Resolution Authorities. Therefore, the way in which a relevant institution is resolved and ultimately, the effect of any such resolution on the Issuer and the Noteholders may vary depending on the authority applying the resolution framework.

The BRRD II Directive ((EU) 2019/879) (“**BRRD II**”) and the SRM II Regulation ((EU) 2019/877) (“**SRM II**”) have amended the BRRD and the SRM Regulation, respectively. Member States were expected to adopt and publish the measures necessary to comply with the BRRD II by 28 December 2020 and to apply those measures from the same date, with the exception of certain measures listed in article 3. The SRM II applies from 28 December 2020.

The UK Bank Recovery and Resolution (Amendment) (EU Exit) Regulations 2020 (SI 2020/1350) have transposed the BRRD II in the UK. The UK also implemented the BRRD through a mixture of legislative provisions.

Volcker Rule

Section 619 of the Dodd-Frank Act and the corresponding implementing rules (collectively, as amended and as existing on the date hereof, the “**Volcker Rule**”) prevents “banking entities” (a term which includes affiliates of U.S. banks, bank holding companies and foreign banking organisations, together with their respective subsidiaries and other affiliates, regardless where such affiliates are located) from (i) engaging in proprietary trading in financial instruments, (ii) acquiring or retaining any “ownership interest” in, or in “sponsoring”, a “covered fund”, and (iii) entering into certain relationships with such funds, subject to certain exemptions.

An “ownership interest” is defined widely and may arise through a holder’s exposure to the profits and losses of the “covered fund”, as well as through certain rights of the holder to participate in the selection or removal of an investment advisor, investment manager, or general partner, trustee, or member of the board of directors of the “covered fund”. A “covered fund” is defined widely, and includes any issuer which would be an investment company under the Investment Company Act of 1940 (the “ICA”) but is exempt from registration solely in reliance on section 3(c)(1) or 3(c)(7) of that Act, subject to certain exemptions found in the Volcker Rule’s implementing regulations.

If the Issuer is deemed to be a “covered fund”, the provisions of the Volcker Rule and its related regulatory provisions, will severely limit the ability of “banking entities” to hold an “ownership interest” in the Issuer or enter into certain credit related financial transactions with the Issuer. “The Class E Notes, Class X Notes and the Class Z Notes would likely be characterised as ownership interests in the Issuer for this purpose and it is uncertain whether any of the Rated Notes may be similarly characterised as ownership interests.

The Volcker Rule’s prohibitions and limited interpretive guidance may restrict the ability of relevant individual prospective purchasers to invest in the Notes and could negatively impact the liquidity and value of the Notes. Any entity that is a “banking entity” as defined under the Volcker Rule and is considering an investment in “ownership interests” of the Issuer should consult its own legal advisors and consider the potential impact of the Volcker Rule in respect of such investment and on its portfolio generally. Each investor must determine for itself whether it is a “banking entity” subject to regulation under the Volcker Rule. If investment by “banking entities” in the Notes of any Class is prohibited or restricted by the Volcker Rule, this could impair the marketability and liquidity of such Notes. None of the Issuer, the Arranger, the Joint Lead Managers or the Trustee makes any representation regarding (i) the status of the Issuer under the Volcker Rule or (ii) the ability of any purchaser to acquire or hold the Notes, now or at any time in the future.

TAXATION

Taxation – General

FATCA

Under FATCA, the Issuer may be subject to a 30 per cent. withholding tax on certain income, maturity, or other disposition of certain of its assets. Under an intergovernmental agreement entered into between the United States and Ireland, the Issuer will not be subject to withholding under FATCA if it complies with Irish implementing regulations that require the Issuer to provide the name, address and taxpayer identification number of, and certain other information with respect to, certain holders of Notes to the Revenue Commissioners, which would then provide this information to the IRS. The Issuer shall use reasonable best efforts to comply with the intergovernmental agreement and these regulations; however, there can be no assurance that the Issuer will be able to do so. Moreover, the intergovernmental agreement or the Irish implementing regulations could be amended to require the Issuer to withhold on “passthru” payments to Noteholders that fail to provide certain information to the Issuer or are certain “foreign financial institutions” that do not comply with FATCA.

If a Noteholder fails to provide the Issuer or its agents with any correct, complete and accurate information or documentation that may be required for the Issuer to comply with FATCA and to prevent the imposition of tax under FATCA on payments to or for the benefit of the Issuer, or if the Noteholder’s ownership of any Notes would otherwise cause the Issuer to be subject to tax under FATCA, the Issuer is authorised to withhold amounts otherwise distributable to the Noteholder, to compel the Noteholder to sell its Notes, and, if the Noteholder does not sell its Notes within 10 Business Days after notice from the Issuer, to sell the Noteholder’s Notes on behalf of the Noteholder.

Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them.

Evolution of international fiscal and taxation policy and Action Plan on Base Erosion and Profit Shifting

At a meeting in Paris on 29 May 2013, the Organisation for Economic Co-operation and Development (“**OECD**”) Council at Ministerial Level adopted a declaration on base erosion and profit shifting urging the OECD’s Committee on Fiscal Affairs to develop an action plan to address base erosion and profit shifting in a comprehensive manner. In July 2013, the OECD launched an Action Plan on Base Erosion and Profit Shifting (“**BEPS**”), identifying fifteen specific actions to achieve this. Subsequently, the OECD published discussion papers and held public consultations in relation to those actions, also publishing interim reports, analyses and sets of recommendations in September 2014 for seven of the actions. On 5 October 2015, the OECD published final reports, analyses and sets of recommendations for all of the fifteen actions it identified as part of its Action Plan, which G20 finance ministers then endorsed during a meeting on 8 October 2015 in Lima, Peru (the “Final Report”). The Final Report was endorsed by G20 Leaders during their annual summit on 15-16 November 2015 in Antalya, Turkey.

The focus of one of the actions (Action 6) is the prevention of treaty abuse by developing model treaty provisions to prevent the granting of treaty benefits in inappropriate circumstances. The Final Report recommends, as a minimum, that countries should include in their tax treaties: (i) an express statement that the common intention of each contracting state which is party to such treaties is to eliminate double taxation without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance; and one, or both, of (ii) a “limitation-on-benefits” (“**LOB**”) rule; and (iii) a “principal purposes test” (“**PPT**”) rule.

The PPT rule could deny a treaty benefit (such as a reduced rate of withholding tax) if it is reasonable to conclude, having regard to all facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in those circumstances would be in accordance with the object and purpose of the relevant provisions of the treaty.

On 24 November 2016, the OECD published the text and explanatory statement of the “Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting”, developed by an ad hoc group of 99 countries which included Ireland and the UK (the “**Multilateral Instrument**”). The Multilateral Instrument is to be applied alongside existing tax treaties (rather than amending them directly), modifying the application of those existing treaties in order to implement BEPS measures.

The United Kingdom and Ireland signed the Multilateral Instrument with both countries indicating that the double tax treaty entered into between the United Kingdom and Ireland is to be designated as a Covered Tax Agreement (“CTA”), being a tax treaty that is to be modified by the Multilateral Instrument. The United Kingdom deposited its instrument of ratification with the OECD on 29 June 2018 and therefore the Multilateral Instrument came into force in respect of the United Kingdom on 1 October 2018. Ireland deposited its instrument of ratification with the OECD on 29 January 2019 and therefore the Multilateral Instrument came into force in respect of Ireland on 1 May 2019. The modifications made by the Multilateral Instrument are effective in respect of withholding tax from 1 January 2020.

Upon ratifying the multilateral convention the United Kingdom and Ireland each deposited a non-provisional list of reservations and notifications to be made pursuant to it. Based on the information contained in these documents and the multilateral convention Action 6 would be implemented into the double tax treaties Ireland has entered into with the United Kingdom and other jurisdictions by the inclusion of a principal purpose test (“PPT”).

A change in the application or interpretation of these double tax treaties (as a result of the adoption of the recommendations of the Final Report by way of the Multilateral Instrument or otherwise) might result in the Issuer being treated as having a taxable permanent establishment outside of Ireland, in denying the Issuer the benefit of Ireland’s network of double tax treaties or in other tax consequences for the Issuer. In each case, this could have a material adverse effect on the Issuer’s business, tax and financial position.

It is also possible that Ireland will negotiate other bespoke amendments to its double tax treaties on a bilateral basis in the future which may affect the ability of the Issuer to obtain the benefits of those treaties.

Investors should note that other action points which form part of the OECD BEPS project (such as Action 4, which can deny deductions for financing costs (see “EU Anti-Tax Avoidance Directive and EU Anti-Tax Avoidance Directive 2”)) may be implemented in a manner which affects the tax position of the Issuer.

Diverted Profits Tax

The Finance Act 2015 introduced a new tax in the United Kingdom known as the “diverted profits tax” and generally charged at 25 per cent. of any “taxable diverted profits” (though the rate of diverted profits tax applicable differs in certain sectors). The tax has effect from 1 April 2015 and may apply in circumstances including where arrangements are designed to ensure that a non-UK resident company does not carry on a trade in the United Kingdom through a permanent establishment, the non-resident company supplies goods, services or other property in the course of that non-resident company’s trade and it is reasonable to assume that arrangements are in place the main purpose or one of the main purposes of which is to avoid United Kingdom corporation tax.

The basis upon which HM Revenue & Customs will apply the diverted profits tax in practice remains uncertain although it should be noted that there is a general exemption where the activities of the non-UK resident company in the United Kingdom are carried out by an agent of independent status which is not connected to such non-UK resident company.

Financial Transaction Tax

In February 2013 the European Commission published a proposal for a Council Directive implementing enhanced cooperation for a financial transaction tax (“FTT”) requested by Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain (the “Participating Member States”). However, on 16 March 2016, Estonia completed the formalities required to cease participation in the enhanced cooperation on FTT.

Under the Commission proposal, the proposed FTT would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State, or the financial instrument in which the parties are dealing is issued in a Participating Member State. The FTT will apply to both parties where one of these circumstances applies. The FTT may also apply to dealings in the Charged Property to the extent the Charged Property constitutes financial instruments within its scope, such as bonds. In such circumstances, it is not possible to predict with certainty what effect the proposal FTT might have on the business of the Issuer, there will be no gross-up by any party to the Transaction and amounts due to Noteholders may be adversely affected.

Certain aspects of the Commission proposal are controversial and while the Commission Proposal initially identified the date of introduction of the FTT across the Participating Member States as being 1 January 2014,

this anticipated introduction date has been extended on several occasions due to disagreement among the Participating Member States regarding a number of key issues concerning the scope and application of the FTT.

On 10 October 2016, following a meeting of the Finance Ministers of the ten remaining Participating Member States, it was reported that an agreement in principle had been reached on certain key aspects of the FTT and that the EU Commission had consequently been asked to prepare draft FTT legislation on the basis of that agreement. However, the details of the FTT remain to be agreed. A written answer given by Pierre Moscovici in the European Parliament, speaking on behalf of the Commission on 28 April 2017, confirmed that negotiations between Participating Member States on the Commission's proposal are continuing with a number of key areas still open for discussion, although the Commission's intention was to assist Participating Member States reaching a compromise agreement during the course of 2017. Accordingly, the date of implementation of the FTT remains uncertain.

Additional Member States may also decide to participate in the FTT. Prospective holders of the Notes are advised to seek their own professional advice in relation to any FTT and its potential impact on their dealings in the Notes before investing.

EU Anti-Tax Avoidance Directive and EU Anti-Tax Avoidance Directive 2

As part of its anti-tax avoidance package the EU Commission published a draft Anti-Tax Avoidance Directive on 28 January 2016, which was formally adopted by the EC Council on 12 July 2016 in Council Directive (EU) 2016/1164 (the "**Anti-Tax Avoidance Directive**"). Broadly, the Anti-Tax Avoidance Directive was due to be implemented by each Member State by 2019, subject to derogations for Member States which have equivalent measures in their domestic law. Amongst the measures contained in the Anti-Tax Avoidance Directive is an interest deductibility limitation rule similar to the recommendation contained in the BEPS Action 4 proposals. The Anti-Tax Avoidance Directive provides that interest costs in excess of the sum of (a) EUR 3,000,000 and (b) 30 per cent. of an entity's earnings before interest, tax, depreciation and amortisation will not be deductible in the year in which they are incurred but would remain available for carry forward. However, the restriction on interest deductibility would only be in respect of the amount by which the borrowing costs exceed "interest revenues and other equivalent taxable revenues from financial assets". Accordingly, as the Issuer will generally fund interest payments it makes under the Notes from interest payments to which it is entitled under the Purchased Loan Receivables (that is such that the Issuer pays limited or no net interest), the restriction may be of limited relevance to the Issuer even if the Anti-Tax Avoidance Directive were implemented as originally published.

The Irish Department of Finance is undertaking a two-part consultation process during the course of 2021, with the final legislation to be introduced in Finance Bill 2021, to take effect from 1 January 2022. Until the manner of implementation of the interest deductibility limitation rule is known, it is not possible to provide detailed guidance on the impact of the rule on the Issuer's Irish tax position.

On 21 February 2017, the Economic and Financial Affairs Council of the European Union agreed an amendment to the Anti-Tax Avoidance Directive to provide for minimum standards for counteracting hybrid mismatches involving EU Member States and third countries ("**Anti-Tax Avoidance Directive 2**"). Anti-Tax Avoidance Directive 2 requires EU Member States to either delay deduction of payments, expenses or losses or include payments as taxable income, in case of hybrid mismatches. Anti-Tax Avoidance Directive 2 needed to be implemented in the EU Member States' national laws and regulations by 31 December 2019 and had to apply as of 1 January 2020, except for the provision on reverse hybrid mismatches for which implementation can be postponed to 31 December 2021, and will apply as of 1 January 2022.

Anti-Tax Avoidance Directive 2 has been implemented in Ireland by way of Finance Act 2019 with the provisions effective from 1 January 2020 (other than with respect to reverse hybrids).

Anti-Tax Avoidance Directive 2 covers hybrid mismatches arising between (i) associated enterprises, (ii) head offices and permanent establishments and (iii) permanent establishments of the same entity or (iv) under structured arrangements. The forms of hybrid mismatch that are most like to be relevant to an entity such as the Issuer relate to financial instrument mismatches and hybrid entity mismatches.

In very broad terms, if a hybrid mismatch results from differences in the characterisation of a financial instrument, the EU member state where the payment is sourced shall deny the deduction, unless another territory has already done so. Financial instrument is very broadly defined to include any instrument that gives rise to a financing or equity return that is taxed under the rules for taxing debt, equity or derivatives under the law of either jurisdiction involved. The rules in relation to financial instrument mismatches could impact financing arrangements such as

preferred or convertible equity certificates, but also debt instruments which are "stapled" with an equity instrument or which are treated as debt in one jurisdiction and as equity in another jurisdiction.

The anti-hybrid rules also deal with so-called hybrid entities where an entity or arrangement is regarded as a taxable entity in one jurisdiction and whose income or expenditure is treated as income or expenditure of one or more persons in another jurisdiction. These provisions could impact entities which "check the box" for US tax purposes and are treated as transparent.

The Issuer's tax position may be impacted by the implementation of the Anti-Tax Avoidance Directive 2 in other EU jurisdictions. The Issuer's Irish tax position may be impacted by Ireland's implementation of the anti-hybrid legislation which occurred as part of Finance Act 2019.

To the extent the Issuer is deemed to be associated with any of its Noteholders, or is engaged in certain transactions which have, as their purpose, the exploitation of hybrid mismatches, these Irish anti-hybrid rules may impact the deductibility of payments of interest by the Issuer to certain Noteholders. Associated for Irish tax purposes in this context includes direct and indirect participation in terms of voting rights or capital ownership of 25% or more or an entitlement to receive 25 % or more (50% in certain circumstances) of the profits of that entity as well as entities that are part of the same consolidated group for financial accounting purposes or enterprises that have a significant influence in the management of the taxpayer.

Noteholders are not currently anticipated to be persons who would be considered associated with the Issuer, merely by reason of holding Notes.

Taxation – Ireland

The following is a summary based on the laws and practices currently in force in Ireland regarding the tax position of investors beneficially owning their Notes and should be treated with appropriate caution. Particular rules may apply to certain classes of taxpayers holding Notes. The summary does not constitute tax or legal advice and the comments below are of a general nature only. Prospective investors in the Notes should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Notes and the receipt of interest thereon under the laws of their country of residence, citizenship or domicile.

Withholding Tax

In general, tax at the standard rate of income tax (currently 20 per cent), is required to be withheld from payments of Irish source interest. However, an exemption from withholding on interest payments exists under Section 64 of the Taxes Consolidation Act, 1997 (the "1997 Act") for certain interest bearing securities issued by a body corporate (such as the Issuer) which are quoted on a recognised stock exchange (which would include Euronext Dublin) ("**quoted Eurobonds**").

Any interest paid on such quoted Eurobonds can be paid free of withholding tax provided:

- (a) the person by or through whom the payment is made is not in Ireland; or
- (b) the payment is made by or through a person in Ireland;

and either:

- (i) the quoted Eurobond is held in a clearing system recognised by the Irish Revenue Commissioners (*e.g.* Euroclear, Clearstream Banking S.A. and Clearstream Banking AG), or
- (ii) the person who is the beneficial owner of the quoted Eurobond and who is beneficially entitled to the interest is not resident in Ireland and has made a declaration to the person by or through whom the payment is made in the prescribed form.

So long as the Notes are quoted on a recognised stock exchange and are held in a recognised clearing system such as Euroclear, Clearstream Banking S.A. or Clearstream Banking AG (or, if not so held, payments on the Notes are made through a paying agent not in Ireland), interest on the Notes can be paid by the Issuer and any paying agent acting on behalf of the Issuer without any withholding or deduction for or on account of Irish income tax.

If, for any reason, the quoted Eurobond exemption referred to above does not or ceases to apply, the Issuer can still pay interest on the Notes free of withholding tax provided it is a qualifying company within the meaning of Section 110 of the 1997 Act (a “**Qualifying Company**”) and provided the interest is paid to a person resident in either (i) a member state of the European Union (other than Ireland) or (ii) a country with which Ireland has signed a comprehensive double taxation agreement (such a country mentioned in either (i) or (ii) being a “**Relevant Territory**”). For this purpose, residence is determined by reference to the law of the country in which the recipient claims to be resident. This exemption from withholding tax will not apply, however, if the interest is paid to a company in connection with a trade or business carried on by it through a branch or agency located in Ireland.

In certain limited circumstances a payment of interest by the Issuer which is considered dependent on the results of the Issuer’s business or which represents more than a reasonable commercial return can be re-characterised as a distribution subject to dividend withholding tax.

A payment of profit dependent or excessive interest on the Notes will not be re-characterised as a distribution to which dividend withholding tax could apply where, broadly, the Noteholder is either

- (a) an Irish tax resident person;
- (b) a person who in respect of the interest, is subject under the laws of a Relevant Territory to tax which generally applies to profits, income or gains received from sources outside that territory, without any reduction computed by reference to the amount of the interest payment;
- (c) for so long as the Notes remain quoted Eurobonds, neither a person which is a company which directly or indirectly controls the Issuer or which is controlled by a third company which directly or indirectly controls the Issuer nor is a person (including any connected person) (a) from whom the Issuer has acquired assets, (b) to whom the Issuer has made loans or advances, or (c) with whom the Issuer has entered into a return agreement (as defined in section 110(1) of the 1997 Act) where the aggregate value of such assets, loans, advances or agreements represents 75% or more of the assets of the Issuer (such a person falling within this category of person being a “**Specified Person**”); or
- (d) an exempt pension fund, government body or other resident in a Relevant Territory person (which is not a Specified Person).

A person will have control of the Issuer in this context if they have the ability to secure, through shares, voting power or the constitutional documents, that the affairs of the Issuer are conducted in accordance with their wishes. A person will also have control of the Issuer if they:

- (a) have an ability to participate in the financial and operating decisions of the Issuer (a "significant influence");
- (b) hold more than 20% of any of (i) the share capital of the Issuer, (ii) the principal value of any securities which carry a right to interest or distributions which are to any extent dependent on the results of the Issuer's business or exceed a reasonable commercial rate (iii) the right to more than 20% of the interest payable on securities described at (ii).

Encashment Tax

In certain circumstances, Irish tax will be required to be withheld at a rate of 25% from interest on any quoted Eurobond, where such interest is collected by a bank or other agent in Ireland on behalf of any Noteholder.

Encashment Tax does not apply where the Noteholder is not resident in Ireland and has made a declaration in the prescribed form to the encashment agent or bank.

Taxation of Noteholders

Notwithstanding that a Noteholder may receive interest on the Notes free of withholding tax, the Noteholder may still be liable to pay Irish income tax. Interest paid on the Notes may have an Irish source and therefore be within the charge to Irish income tax, PRSI and the universal social charge. Ireland operates a self-assessment system in respect of income tax and any person, including a person who is neither resident nor ordinarily resident in Ireland, with Irish source income comes within its scope.

However, interest on the Notes will be exempt from Irish income tax if the recipient of the interest is resident in a Relevant Territory provided either (i) the Notes are quoted Eurobonds and are exempt from withholding tax as set out above and the recipient is not a resident of Ireland (ii) in the event of the Notes not being or ceasing to be quoted Eurobonds exempt from withholding tax, if the Issuer is a Qualifying Company, or (iii) if the Issuer has ceased to be a Qualifying Company, the recipient of the interest is a company and the jurisdiction concerned imposes a tax that generally applies to interest receivable in that jurisdiction by companies from sources outside that jurisdiction.

In addition, **provided that** the Notes are quoted Eurobonds and are exempt from withholding tax as set out above, the interest on the Notes will be exempt from Irish income tax if the recipient of the interest is (i) a company under the control, directly or indirectly, of persons who by virtue of the law of a relevant territory are resident in that country and that person or persons are not themselves under the control whether directly or indirectly of a person who is not resident in such a country, or (ii) a company, the principal class of shares of such company, or another company of which the recipient company is a 75% subsidiary, is substantially and regularly traded on one or more recognised stock exchanges in Ireland or a relevant territory or a stock exchange approved by the Irish Minister for Finance.

Notwithstanding these exemptions from income tax, a corporate recipient that carries on a trade in Ireland through a branch or agency in respect of which the Notes are held or attributed, may have a liability to Irish corporation tax on the interest.

Noteholders receiving interest on the Notes which does not fall within any of the above exemptions may be liable to Irish income tax and the universal social charge on such interest.

Capital Gains Tax

A holder of Notes will not be subject to Irish tax on capital gains on a disposal of Notes unless such holder is resident or ordinarily resident in Ireland or carries on a trade in Ireland through a branch or agency in respect of which the Notes are used or held.

Capital Acquisitions Tax

A gift or inheritance comprising of Notes will be within the charge to capital acquisitions tax if either (i) the disponer or the donee/successor in relation to the gift or inheritance is resident or ordinarily resident in Ireland (or, in certain circumstances, if the disponer is domiciled in Ireland irrespective of his residence or that of the donee/successor) or (ii) if the Notes are regarded as property situate in Ireland.

Bearer Notes are generally regarded as situated where they are physically located at any particular time. Registered Notes are generally regarded as situated where the principal register of Noteholders is maintained or is required to be maintained, but the Notes may be regarded as situated in Ireland regardless of their physical location or the location of the register as they secure a debt due by an Irish resident debtor and they may be secured over Irish property. Accordingly, if such Notes are comprised in a gift or inheritance, the gift or inheritance may be within the charge to tax regardless of the residence status of the disponer or the donee/successor.

Stamp Duty

Provided the Issuer remains a Qualifying Company no stamp duty or similar tax is imposed in Ireland on the issue, transfer or redemption of the Notes provided the money raised on the issue of the Notes is used in the course of the Issuer's business.

FATCA in Ireland

FATCA, may impose a 30 *per cent.* US withholding tax on certain 'withholdable payments' made on or after 1 July 2014 unless the payee enters into and complies with an agreement with the IRS to collect and provide to the IRS substantial information regarding direct and indirect owners and account holders.

On 21 December 2012 Ireland signed an Intergovernmental Agreement the ("IGA") with the United States to Improve International Tax Compliance and to Implement FATCA. Under this agreement Ireland agreed to implement legislation to collect certain information in connection with FATCA and the Irish and U.S. tax authorities have agreed to automatically exchange this information. The IGA provides for the annual automatic

exchange of information in relation to accounts and investments held by certain U.S. persons in a broad category of Irish financial institutions and vice versa.

Under the IGA and the Financial Accounts Reporting (United States of America) Regulations 2014 as amended (which came into operation on 1 July 2014) (the “**Irish Regulations**”) implementing the information disclosure obligations Irish reporting financial institutions are required to report certain information with respect to U.S. account holders to the Irish Revenue Commissioners. The Irish Revenue Commissioners will automatically provide that information annually to the IRS. To the extent the Issuer is an Irish reporting financial institution it will need to obtain the necessary information from Noteholders required to satisfy the reporting requirements whether under the IGA, the Irish Regulations or any other applicable legislation published in connection with FATCA and such information may be sought from each Noteholder and beneficial owner of the Notes. It should be noted that the Irish Regulations require the collection of information and filing of returns with the Irish Revenue Commissioners regardless as to whether the Issuer holds any U.S. assets or has any U.S. investors. Noteholders should obtain independent tax advice in relation to the potential impact of FATCA before investing.

Common Reporting Standard (CRS)

The CRS framework was first released by the OECD in February 2014. To date, more than 90 jurisdictions have publically committed to implementation, many of which are early adopter countries, including Ireland. On 21 July 2014, the Standard for Automatic Exchange of Financial Account Information in Tax Matters (the “**Standard**”) was published, involving the use of two main elements, the Competent Authority Agreement (the “**CAA**”) and the CRS.

The goal of the Standard is to provide for the annual automatic exchange between governments of financial account information reported to them by local Financial Institutions (“**FIs**”) relating to account holders tax resident in other participating countries to assist in the efficient collection of tax. The OECD, in developing the CAA and CRS, have used FATCA concepts and as such the Standard is broadly similar to the FATCA requirements, albeit with numerous alterations. It will result in a significantly higher number of reportable persons due to the increased instances of potentially in-scope accounts and the inclusion of multiple jurisdictions to which accounts must be reported.

Ireland is a signatory jurisdiction to the Multilateral Competent Authority Agreement on Automatic Exchange of Financial Account Information, which was entered into by Ireland in its capacity as a signatory to the Convention on Mutual Administrative Assistance in Tax Matters and which relates to the automatic exchange of financial account information in respect of CRS, while sections 891F and 891G of the 1997 Act and regulations made thereunder contain measures necessary to implement the CRS internationally and across the European Union, respectively. Regulations, the Returns of Certain Information by Reporting Financial Institutions Regulations 2015 (the “**CRS Regulations**”), gave effect to the CRS from 1 January 2016.

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation (“**DAC II**”) implements CRS in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis commencing in 2017 in respect of the 2016 calendar year. The Irish Finance Act 2015 contained measures necessary to implement the DAC II. Regulations, the Mandatory Automatic Exchange of Information in the Field of Taxation Regulations 2015 (together with the CRS Regulations, the “**Regulations**”), gave effect to DAC II from 1 January 2016.

Under the Regulations, reporting financial institutions are required to collect certain information on accountholders and on certain Controlling Persons (as defined in the Regulations) in the case of the accountholder(s) being an Entity, as defined for CRS purposes, (e.g. name, address, jurisdiction of residence, TIN, date and place of birth (as appropriate), the account number and the account balance or value at the end of each calendar year) to identify accounts which are reportable to the Irish tax authorities. The Irish tax authorities shall in turn exchange such information with their counterparts in participating jurisdictions. Further information in relation to CRS and DAC II can be found on the Automatic Exchange of Information webpage on www.revenue.ie.

Increased Tax in the Issuer

In certain circumstances, there may be restrictions on the tax deductibility of interest, funding expenses or other expenses paid or payable by the Issuer. Such restrictions or changes could increase the amount of Irish or other tax payable by the Issuer.

Firstly, restrictions on deductibility of interest or funding expenses could arise due to the provisions of Anti-Tax Avoidance Directive I or Anti-Tax Avoidance Directive II, or the Irish legislation enacting such directives as described previously.

Secondly, under Irish tax law, restrictions on deductibility of interest could arise if the Issuer acquires assets related to Irish land. These restrictions apply to qualifying companies which carry on a business of holding, managing or both holding and managing of assets described as "specified mortgages". Specified mortgages broadly includes loans secured on and deriving their value from Irish real estate, units in an Irish Real Estate Fund or shares that derive their value, or the greater part of their value from Irish land. These restrictions should not apply where the Issuer is engaged in a transaction which qualifies as a "CLO transaction". A CLO transaction is defined as a securitisation transaction carried out in conformity with a prospectus, within the meaning of the EU Prospectus Regulation. In addition, based on the prospectus and the activities of the qualifying company, it must be reasonable to consider that the acquisition of specified mortgages was not the main purpose, or one of the main purposes, of the qualifying company. As such, the restrictions on deductibility should not apply if either: (a) the Issuer does not hold or manage specified mortgages; or (b) the Issuer's activities fall within the definition of a CLO transaction. If these conditions are not satisfied, the Issuer's ability to deduct its financing costs may be impacted.

Thirdly, section 110 provides that certain results dependent or excessive interest payments to a "specified person" may not be deductible unless, broadly, those payments are subject to tax in an EU member state or a jurisdiction with which Ireland has signed a double taxation agreement.

A person will be a specified person if they control the Issuer, or are under common control with the Issuer. In broad terms, a person will have control in this context if they have the ability to secure, through shares, voting power or the constitutional documents of the Issuer, that the affairs of the Issuer are conducted in accordance with their wishes. Finance Act 2019 has extended the concept of specified person to mean that a person will control the Issuer (and therefore be a specified person), if they:

- (A) have an ability to participate in the financial and operating decisions of the Issuer ("significant influence");
- (B) hold more than 20% of any of (i) the share capital of the Issuer, (ii) the principal value of any securities which carry a right to interest or distributions which are to any extent dependent on the results of the Issuer's business or exceed a reasonable commercial rate (iii) the right to more than 20% of the interest payable on securities described at (ii).

These latter provisions are only likely to be relevant to holders of the Subordinated Loan or Class Z Notes who are entitled to more than 20% of the participations described above and who have significant influence over the Issuer. Significant influence is a new concept in Irish law and is defined as the ability to participate in the financial and operating decisions of the Issuer. There is currently no Revenue guidance published on the concept. The current holders of the Subordinated Loan and Class Z Notes are either resident in Ireland or subject to tax in an EU or double tax treaty jurisdiction and, as such, this restriction should not impact the Issuer.

If any payment was made by the Issuer to a specified person where such payment is not subject to tax in the manner noted above, the Issuer may not be entitled to take a deduction for such payment for tax purposes and the Issuer would be subject to tax on any profits which are treated as arising for Irish tax purposes. In addition, withholding tax may be required to be levied on the payment to the Noteholder.

Fourthly, deductibility may be restricted where the interest or other distribution paid, or the security to which the payment relates forms part of any arrangement or scheme of which the main purpose, or one of the main purposes, is the avoidance of Irish tax or which could not reasonably be considered to have been undertaken for bona fide commercial purposes.

Finally, it is possible that in the future there may be other changes in Irish or non-Irish tax law, regulations, interpretation, treaties or other measures which could give rise to increased Irish tax liabilities of the Issuer.

ERISA Considerations Relating to Investments in Notes by Investors That are Benefit Plans

The following is a summary of certain considerations associated with the purchase and holding of Rated Notes (or any interest therein) by an employee benefit plan (as defined in Section 3(3) of Title I of the Employee Retirement Income Security Act of 1974, as amended (“**ERISA**”) that is subject to Title I of ERISA, any plan (as defined in Section 4975(e)(1) of the Code) that is subject to Section 4975 of the Code or any entity deemed to hold plan assets of any of the foregoing by virtue of such employee benefit plan’s or plan’s investment in the entity (each, a “**Benefit Plan**”).

This discussion is based on current provisions of ERISA and the Code, existing and currently proposed regulations under ERISA and the Code, the legislative history of ERISA and the Code, existing administrative rulings of the United States Department of Labor (the “**DOL**”) and reported judicial decisions. No assurance can be given that legislative, judicial, or administrative changes will not affect the accuracy of any statements herein with respect to transactions entered into or contemplated prior to the effective date of such changes. This discussion does not purport to deal with all aspects of ERISA or the Code or, to the extent not preempted, any state laws that may be relevant to Plans.

Section 406 of ERISA and Section 4975 of the Code prohibit a Benefit Plan from engaging in certain transactions with persons that are "parties-in-interest" under ERISA or “disqualified persons” under the Code with respect to the Benefit Plan unless an exemption is available. A violation of these "prohibited transaction" rules may result in an excise tax or other penalties and liabilities under ERISA or the Code for such person or fiduciary of the Benefit Plan. In addition, a fiduciary of a Benefit Plan subject to Title I of ERISA is subject to certain standards for investing plan assets, including that investments are prudent, diversified and made in accordance with the governing plan documents. Any fiduciary of a Benefit Plan subject to Title I of ERISA that proposes to cause such Benefit Plan to purchase Rated Notes should determine whether, under the general fiduciary standards of ERISA, an investment in such Notes is appropriate for such Benefit Plan. In determining whether a particular investment is appropriate for a plan, DOL regulations provide that the fiduciaries of such a plan must give appropriate consideration to, among other things, the role that the investment plays in the plan's portfolio, taking into consideration whether the investment is designed reasonably to further the plan's purposes, an examination of the risk and return factors, the portfolio's composition with regard to diversification, the liquidity and current return of the total portfolio relative to the anticipated cash flow needs of the plan and the projected return of the total portfolio relative to the plan's funding objectives. Before investing the assets of such plan in any investment vehicle, a fiduciary should determine whether such an investment is consistent with the foregoing regulations and its fiduciary responsibilities, including any specific restrictions to which such fiduciary may be subject.

Employee benefit plans that are governmental, non-U.S. or church plans (as defined under ERISA) generally are not subject to the requirements of Title I of ERISA or Section 4975 of the Code; *provided, however*, such plans may be subject to federal, state, local or other laws which are substantially similar to the foregoing provisions of ERISA or the Code (“**Similar Law**”) that affect their ability to acquire and hold Rated Notes.

Certain transactions involving the Issuer might be deemed to constitute prohibited transactions under ERISA and the Code with respect to a Benefit Plan that purchased (or whose assets were used to purchase) Rated Notes if assets of the Issuer were deemed to be assets of the Benefit Plan. Under a regulation issued by the DOL, as modified by Section 3(42) of ERISA (the “**Plan Assets Regulations**”), the assets of the Issuer would be treated as "plan assets" of a Benefit Plan for the purposes of ERISA and the Code only if the Benefit Plan acquired an “equity interest” in the Issuer and none of the exceptions contained in the regulation were applicable. The term “equity interest” is defined in the Plan Assets Regulations as any interest in an entity other than an instrument that is treated as indebtedness under "applicable local law" and which has no “substantial equity features”. Although there is little guidance on the subject, assuming that the Rated Notes may be treated as “debt” for purposes of applicable local law, it is expected that, at the time of their issuance, the Rated Notes should not be treated as equity interests of the Issuer for purposes of the Plan Assets Regulations. This determination is based on the traditional debt features of such Notes, including the reasonable expectation by purchasers of such Notes that they will be repaid when due, as well as the absence of conversion rights, warrants and other typical equity features. The debt treatment of the Rated Notes for purposes of the Plan Assets Regulations could change if the Issuer incurs losses. Based upon the foregoing and other considerations, subject to the considerations described below, the Rated Notes may be purchased by, on behalf of, or with assets of, a Benefit Plan. The treatment the Unrated Notes for purposes of the Plan Assets Regulations is less clear. Accordingly, the Unrated Notes may not be purchased or held by or on behalf of or with assets of a Benefit Plan (other than Glencar and its affiliates).

Without regard to whether any of the Rated Notes constitute “equity interests” for purposes of the Plan Assets Regulations, the acquisition or holding of any Rated Notes by, or on behalf of, a Benefit Plan could trigger a prohibited transaction if the Issuer, Glencar, Waterfall, Funding Circle, the Arranger, the Joint Lead Managers or other parties performing services for or receiving compensation from the Issuer, such as the Principal Paying Agent, the Cash Manager and Calculation Agent, the Registrar, FCTL, the Reporting Agent or the Trustee (collectively, the “**ERISA Transaction Parties**”) or any of their respective affiliates is or becomes a party in interest or a disqualified person with respect to such Benefit Plan. Certain exemptions from these prohibited transaction rules may be available, including: Prohibited Transaction Class Exemption (“**PTCE**”) 84-14 (relating to transactions effected by a “qualified professional asset manager”); PTCE 90-1 (relating to transactions involving insurance company pooled separate accounts); PTCE 91-38 (relating to transactions involving bank collective investment funds); PTCE 95-60 (relating to transactions involving insurance company general accounts); and PTCE 96-23 (relating to transactions effected by an “in-house asset manager”) (each, an “**Investor-Based Class Exemption**”). In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) provide a statutory exemption for prohibited transactions between a Benefit Plan and a person that is a party in interest or a disqualified person (other than a fiduciary or an affiliate of a fiduciary that has or exercises discretionary authority or control or renders investment advice with respect to the assets involved in the transaction) solely by reason of providing services to the Benefit Plan; provided there is adequate consideration for the transaction (the “**Statutory Exemption**”). Even if the conditions specified in one or more of these exemptions are met, the scope of the relief provided may or may not cover all acts that could be construed as prohibited transactions. There can be no assurance that these exemptions, or any other exemption, will be available with respect to any particular transaction involving Rated Notes and prospective purchasers that are, or are acting on behalf of, or using assets of, Benefit Plans should consult with their advisors regarding the applicability of any such exemption.

By acquiring a Rated Note or any interest therein, each purchaser or transferee of a Rated Note or any interest therein will be deemed to represent and warrant that, for so long as it holds such Note or any interest therein, either (i) it is not, and is not acting on behalf of, or using assets of, a Benefit Plan or a governmental, non-U.S. or church plan that is subject to Similar Law or (ii) its acquisition, transfer and holding of such Note or any interest therein will not constitute or otherwise result in a non-exempt prohibited transaction in violation of Section 406 of ERISA or Section 4975 of the Code because its acquisition, transfer and holding of such Note or any interest therein qualifies for relief under one of the Investor-Based Class Exemptions or the Statutory Exemption or, in the case of a governmental, non-U.S. or church plan subject to Similar Law, the acquisition, transfer and holding of such Note or any interest therein will not result in a non-exempt violation of such Similar Law.

In addition, each purchaser or holder of a Rated Note or any interest therein that is a Benefit Plan will be deemed to have represented and warranted that (1) none of the ERISA Transaction Parties will be making an investment recommendation or providing investment advice on which the Benefit Plan or the fiduciary or other person with investment responsibilities over the assets of the Benefit Plan (the “**Plan Fiduciary**”) considering an investment in a Rated Note or any interest therein will rely in connection with the decision to acquire such Rated Note or interest therein, and none of the ERISA Transaction Parties is acting as a fiduciary (within the meaning of Section 3(21) of ERISA or Section 4975(e)(3) of the Code) to such Benefit Plan in connection with the Benefit Plan’s acquisition of the Rated Note or interest therein (unless an applicable prohibited transaction exemption is available to cover the purchase or holding of such Rated Note or interest therein, or the transaction is not otherwise prohibited), and (2) the Plan Fiduciary is exercising its own independent judgment in evaluating the investment in the Rated Note or beneficial interest therein.

An Unrated Note may not be acquired or held by a Benefit Plan, a governmental, non-U.S. or church plan that is subject to Similar Law or any Person acting on behalf of or using assets of, a Benefit Plan or a governmental, non-U.S. or church plan that is subject to Similar Law (other than Glencar and its affiliates). Any investor acquiring such an Unrated Note or any interest therein (other than Glencar or its affiliates) will be required to represent and warrant that for so long as it holds such Unrated Note or interest therein it is not, and is not acting on behalf of, or using assets of, a Benefit Plan or a governmental, non-U.S. or church plan that is subject to Similar Law.

Due to the complexity of the applicable rules described above, it is important that potential plan purchasers consult with their legal advisors regarding the impact of ERISA, the Code or other applicable law, the application of the Plan Assets Regulations, the applicability of any Investor-Based Class Exemption or the Statutory Exemption and the potential consequences in their specific circumstances, before their acquisition and ownership of any of the Rated Notes.

The sale or transfer of any Note or interest therein to a plan or a person acting on behalf of, or using assets of, a plan is in no way a representation by any Transaction Party that the acquisition and holding of such Note or any

interest therein meets all the legal requirements for investments and acquisitions by plans generally or any particular plan or that the investment or acquisition is appropriate for plans generally or any particular plan.

ERISA Considerations Relating to Investments in Notes by Investors That Are Not Benefit Plans

Section 406 of ERISA and Section 4975 of the Code prohibit a Benefit Plan from engaging in certain transactions with persons that are Parties in Interest with respect to such Benefit Plan. A violation of these “prohibited transaction” rules may result in an excise tax or other penalties and liabilities under ERISA and the Code for such persons or the fiduciaries of such Benefit Plan. In addition, Title I of ERISA requires fiduciaries of a Benefit Plan Investor subject to ERISA to make investments that are prudent, diversified and in accordance with the governing plan documents.

Certain transactions involving the Issuer might be deemed to constitute prohibited transactions under ERISA and the Code if the assets of the Issuer were deemed to be the "plan assets" of any Benefit Plan invested in any Notes, whether or not such Notes are offered hereunder. Under the Plan Assets Regulation, the assets of an entity such as the Issuer are treated as the “plan assets” of a Benefit Plan if equity participation in the entity is “significant” and none of the other exceptions under the Plan Assets Regulation applies. For purposes of the Plan Assets Regulation, Benefit Plan participation is significant if 25% or more of the value of any class of equity interest in the entity is held by Benefit Plans. For purposes of making the 25% determination, the value of any equity interests held by a person (other than a Benefit Plan) that has discretionary authority or control with respect to the assets of the entity or any person who provides investment advice for a fee (direct or indirect) with respect to such assets, or any affiliate of such a person (each such person, a “**Controlling Person**”), shall be disregarded. Under the Plan Assets Regulation, an "affiliate" of a person includes any person, directly or indirectly through one or more intermediaries, controlling, controlled by or under common control with the person, and "control" with respect to a person, other than an individual, means the power to exercise a controlling influence over the management or policies of such person.

ERISA “Plan Asset” Status of the Issuer

Glencar will hold at least 2.45% of each class of the Unrated Notes (i.e. the Class E Notes, Class X Notes and Class Z Notes). Glencar and certain other entities which are affiliates of Glencar or with respect to which Waterfall could be considered an ERISA fiduciary or a Controlling Person (the “**Glencar ERISA Affiliates**”) may hold on the Closing Date and possibly in the future 97.55% of the Class E Notes, Class X Notes and Class Z Notes. The Issuer believes that the Class E Notes, Class X Notes and Class Z Notes may be considered under the Plan Assets Regulation as equity or as debt having substantial equity features. The Issuer expects that, on the Closing Date and during certain periods following the Closing Date, Waterfall Victoria Master Fund Ltd., and Glencar will be considered Benefit Plans under the Plan Assets Regulation. Similarly, the Issuer expects that, on the Closing Date and during certain periods following the Closing Date, the Glencar ERISA Affiliates will be considered Benefit Plans under the Plan Assets Regulation. As a result of the ownership of the Unrated Notes by Glencar and/or the Glencar ERISA Affiliates, the assets of the Issuer may, during certain periods following the Closing Date, be considered the “plan assets” of those Benefit Plans which are in turn invested in Waterfall Victoria Master Fund Ltd. (and indirectly in Glencar and/or the Glencar ERISA Affiliates) (the “**ERISA Plan Investors**”). The Issuer does not intend to permit any Benefit Plan, other than Waterfall Victoria Master Fund Ltd., Glencar or any Glencar ERISA Affiliate (or any Benefit Plan that is directly or indirectly invested in Waterfall Victoria Master Fund Ltd., and, thus, Glencar or a Glencar ERISA Affiliate), to acquire any Unrated Notes. The Retention Note Subscription Agreement will provide that the initial holder of the Unrated Notes on the Closing Date may not transfer any Unrated Notes to a Benefit Plan or any party acting on behalf of or using any assets of a Benefit Plan (other than Glencar or the Glencar ERISA Affiliates), and each transferee of the Unrated Notes after the Closing Date (other than Glencar and the Glencar ERISA Affiliates) will be required (or deemed, as applicable) to represent that it is not a Benefit Plan. Waterfall will be considered an ERISA fiduciary with respect to any assets of the Issuer that are considered "plan assets" of those Benefit Plans which are invested in Waterfall Victoria Master Fund Ltd.

A sale of property, the provision of services or an extension of credit between a Benefit Plan and a Party in Interest to such Benefit Plan are included as transactions that are generally “prohibited transactions” under ERISA and Section 4975 of the Code. Accordingly, another consequence of the assets of the Issuer, from time to time, being deemed to be “plan assets” for purposes of the Plan Assets Regulation is that the prohibited transaction provisions of ERISA and Section 4975 of the Code are expected to apply to transactions between the Issuer and any acquirer of a Rated Note that is not a Benefit Plan if such holder is a Party in Interest with respect to a Benefit Plan directly or indirectly invested in the Issuer, as such acquirer of a Rated Note would be deemed to have indirectly entered in to a sale or exchange of property with, and an extension of credit to, such Benefit Plan investor. In addition, if the assets of the Issuer are deemed to be “plan assets” with respect to a Benefit Plan investor in Waterfall Victoria

Master Fund Ltd., a prohibited transaction may arise from the acquisition and holding of a Loan for which the obligor, or the disposition of a Loan to a person that, is in either case a Party in Interest with respect to such Benefit Plan. In the case of indebtedness, the prohibited transaction provisions apply throughout the term of such indebtedness (and not only on the date of the initial borrowing). As described below, certain exemptions from the prohibited transaction rules of ERISA and the Code may be applicable to transactions involving the assets of the Issuer during any such period it is deemed to hold "plan assets".

Waterfall, in rendering its services to and engaging in transactions for Waterfall Victoria Master Fund, Ltd., is expected at all relevant times to qualify as a "qualified professional asset manager" (a "**QPAM**") within the meaning of Part VI(a) of United States Department of Labor PTCE 84-14 (as amended, the "**QPAM Exemption**"). The QPAM Exemption generally exempts transactions involving Parties in Interest that would otherwise be "prohibited transactions," provided that (i) the Party in Interest is not "related" to the QPAM as described below (a "**QPAM Related Party in Interest**") and (ii) the Party in Interest does not have any authority or control over the appointment or termination of the QPAM (or authority to negotiate with the QPAM with respect to the terms relating to such appointment) on behalf of any Benefit Plan whose assets are invested in Waterfall Victoria Master Fund Ltd. (and indirectly in Glencar or the Glencar ERISA Affiliates), when combined with the assets of other employee benefit plans established or maintained by the same employer (or certain "affiliates" thereof) or by the same employee organization, and invested in Waterfall Victoria Master Fund Ltd. (and indirectly in Glencar or the Glencar ERISA Affiliates), represent ten percent (10%) or more of the assets of Waterfall Victoria Master Fund Ltd. (a "**10% Plan**" and such Party in Interest and its affiliates within the meaning of the QPAM Exemption, an "**Excluded Party in Interest**"). In the case where the fiduciaries of a Benefit Plan whose assets are invested in Waterfall Victoria Master Fund Ltd. are comprised of individuals constituting the members of a Board of Trustees, or similar entity, a Party in Interest would be deemed an Excluded Party in Interest if any of such individuals were to be officers or directors of the Party in Interest or the Party in Interest itself. Notwithstanding the foregoing, the QPAM Exemption will generally provide relief for transactions of the Issuer with a Party in Interest with respect to such a Benefit Plan if (x) two or more unrelated Benefit Plans have an interest in Waterfall Victoria Master Fund Ltd., (y) the assets of the Benefit Plan invested in Waterfall Victoria Master Fund Ltd., when combined with the assets of other employee benefit plans established or maintained by the same employer (or certain "affiliates" thereof) or by the same employee organization, and invested in Waterfall Victoria Master Fund Ltd., represent less than ten percent (10%) of the assets of the Waterfall Victoria Master Fund Ltd., and (z) the other requirements of the QPAM Exemption are satisfied, including that the Party in Interest is not a QPAM Related Party in Interest.

As stated above, the QPAM Exemption does not provide relief for transactions involving the QPAM itself, such as Waterfall, or QPAM Related Parties in Interest referred to above, which are those parties that are "related" to the QPAM (as determined under the QPAM Exemption). A Party in Interest is "related" to the QPAM if (i) the QPAM owns a ten percent (10%) or more interest in such person; (ii) such person owns a ten percent (10%) or more interest in the QPAM; (iii) a person controlling, or controlled by, the QPAM owns a twenty percent (20%) or more interest in such person or (iv) a person controlling, or controlled by, the Party in Interest owns a twenty percent (20%) or more interest in the QPAM. A Party in Interest is also "related" to the QPAM if (x) a person controlling, or controlled by, the Party in Interest has an ownership interest in the QPAM that is less than twenty percent (20%) but greater than ten percent (10%), and such person exercises control over the management or policies of the QPAM by reason of such ownership interest or (ii) a person controlling, or controlled by, the QPAM has an ownership interest that is less than twenty percent (20%) but greater than ten percent (10%) in the Party in Interest and such person exercises control over the management or policies of the Party in Interest by reason of such ownership interest.

Another exemption that may be applicable to transactions involving the Issuer is the statutory exemption under Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code (the "**Service Provider Exemption**"). The Service Provider Exemption applies to transactions involving the assets of a Benefit Plan and persons who are Parties in Interest solely by reason of providing services to such Benefit Plan (or being affiliated with such a service provider) where such Party in Interest is not acting as a fiduciary to the Benefit Plan in connection with the transaction. In order to be exempt under the Service Provider Exemption, the Benefit Plan must pay no more than (and receive no less than) adequate consideration in the transaction in question. For example, the acquisition of an interest in a Note by a Party in Interest to a Benefit Plan invested in Waterfall Victoria Master Fund Ltd. may be exempt from the prohibited transaction rules if the Party in Interest is a service provider to such Benefit Plan (and not a fiduciary with respect to the "plan assets" deemed held by the Issuer) and if the other conditions of the Service Provider Exemption are satisfied.

Each potential initial investor that is not a Benefit Plan (each a "**Non-Benefit Plan**") acquiring a Note will be provided information identifying: (i) if applicable, the persons "related" to Waterfall as a QPAM (as determined

under the QPAM Exemption) and (ii) the identity of any 10% Plans that are then invested in Waterfall Victoria Master Fund Ltd. and sufficient information for such Non-Benefit Plan to ascertain the identity of the fiduciaries of such 10% Plans (if any). **In reliance on the accuracy of such information, and without any duty of further inquiry or diligence, each potential initial Non-Benefit Plan that is acquiring a Note will be required to represent or will be deemed to represent to the Issuer that it is not a QPAM Related Party in Interest and it is not an Excluded Party in Interest. No Non-Benefit Plan that is a QPAM Related Party in Interest or an Excluded Party in Interest will be permitted to acquire Notes and any acquisition of such Notes in violation of such representations and procedures will render the acquisition of the Notes by such acquirer void *ab initio*. Waterfall will maintain a list, as constituted from time to time, of QPAM Related Parties in Interest and Excluded Parties in Interest to the Benefit Plan investors in Waterfall Victoria Master Fund Ltd. and provide such list to the Issuer upon request to the General Counsel and Chief Operating Officer, Waterfall Asset Management, LLC at 1251 Avenue of the Americas, 50th Floor, New York, New York 10020; or by telephone at (212) 257-4600. Notwithstanding any such representations and procedures, if it is determined that any transaction of the Issuer constitutes a non-exempt “prohibited transaction”, such transaction may have to be rescinded which could, depending on the circumstances, result in a loss to the Issuer and all Noteholders.**

Subject to the exceptions noted above for transactions with Excluded Parties in Interest or QPAM Related Parties in Interest, the Issuer believes, in light of Waterfall's expectation to qualify as a QPAM, that the QPAM Exemption may be available for investments (on the Closing Date and in the secondary market) in the Notes, by Non-Benefit Plans such that an investment in the Notes by a Party in Interest to any Benefit Plan invested in Waterfall Victoria Master Fund Ltd. should not be considered a sale or exchange of property or a prohibited extension of credit between such Party in Interest and any such Benefit Plan (and indirectly in the Sponsor or the Depositor). The Issuer also believes that the Service Provider Exemption may be available with respect to investments in the Notes by non-fiduciary service provider Parties in Interest to Benefit Plans invested in Waterfall Victoria Master Fund Ltd. (and indirectly in Glencar or the Glencar ERISA Affiliates), whether acquired on the Closing Date or in the secondary market. However, it is not entirely clear how the QPAM Exemption should apply with respect to secondary market transactions in the Notes. Each Non-Benefit Plan purchaser or transferee of an interest in the Notes should make its own determination with respect to potential prohibited transactions under ERISA and the Code and the applicability of the QPAM Exemption or the Service Provider Exemption (or another exemption) to its investment in the Notes.

Investment in the Notes by Parties in Interest to any Benefit Plan invested in Waterfall Victoria Master Fund Ltd. could give rise to a “prohibited transaction” unless an exemption were applicable thereto. The QPAM Exemption may be available to investors other than the Excluded Parties in Interest and QPAM Related Parties in Interest and/or the Service Provider Exemption may be available to non-fiduciary “service provider” Parties in Interest, although there can be no assurance in either regard. In the event that a prohibited transaction were considered to occur by reason of a Party in Interest's investment in Notes, and if no prohibited transaction exemption were applicable, then such investor (i) could be subject to excise taxes or other penalties and (ii) could be required to dispose of its interest in the Notes when it would otherwise not wish to do so.

EACH BENEFIT PLAN AND GOVERNMENTAL, NON-U.S. OR CHURCH PLAN SUBJECT TO SIMILAR LAW SHOULD CONSULT WITH ITS FIDUCIARIES AND LEGAL ADVISORS CONCERNING THE POTENTIAL CONSEQUENCES OF THE ACQUISITION AND HOLDING OF THE NOTES (OR ANY INTEREST THEREIN) UNDER ERISA, THE CODE AND/OR SIMILAR LAW.

SUBSCRIPTION AND SALE

The Arranger and the Joint Lead Managers have, pursuant to the Subscription Agreement, agreed with the Issuer (subject to certain conditions) to procure subscriptions and payments for or subscribe and pay for a portion of each of the Class A Notes at the issue price of 100 *per cent.* of the aggregate principal amount of the Class A Notes to be acquired, the Class B Notes at the issue price of 100 *per cent.* of the aggregate principal amount of the Class B Notes to be acquired, the Class C Notes at the issue price of 100 *per cent.* of the aggregate principal amount of the Class C Notes to be acquired and the Class D Notes at the issue price of 100 *per cent.* of the aggregate principal amount of the Class D Notes to be acquired.

In addition, the Retention Holder has also agreed with the Issuer pursuant to the Retention Note Subscription Agreement (subject to certain conditions and on a several basis) to subscribe and pay for the remaining Class E Notes at the issue price of 100 *per cent.* of the aggregate principal amount of the Class E Notes being acquired, the remaining Class X Notes at the issue price of 100 *per cent.* of the aggregate principal amount of the Class X Notes being acquired and the remaining Class Z Notes at the issue price of 100 *per cent.* of the aggregate principal amount of the Class Z Notes being acquired.

The Retention Holder undertakes in favour of the Arranger and the Joint Lead Managers in the Subscription Agreement that, for so long as any Notes remain outstanding it will, as an “originator” for the purposes of Article 2(3) of the EU Securitisation Regulation and Article 2(3) of the UK Securitisation Regulation, retain, on an ongoing basis the Minimum Retained Amount in accordance with the EU Securitisation Regulation and the UK Securitisation Regulation as described in the section entitled “*Certain Regulatory Disclosures*” above.

Pursuant to the Subscription Agreement, the Issuer will provide a solvency certificate as of the Closing Date. The Issuer has agreed to indemnify the Retention Holder, the Arranger and the Joint Lead Managers against certain liabilities and to pay certain costs and expenses in connection with the issue of the Notes.

This document does not constitute, and may not be used for the purpose of, an offer or a solicitation by anyone to subscribe for or purchase any of the Notes in or from any country or jurisdiction where such an offer or solicitation is not authorised or is unlawful.

- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the UK.

In addition, until 40 days after the commencement of the offering of any Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

This Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States to non-U.S. persons in accordance with Regulation S.
