

## Interim STS Notification Template files for public securitisations (Version 1; Last update: 07/11/2018)

The templates included in this file are identical to those set out in *Commission Delegated Regulation (EU) .../... [include full reference to the STS notification ITS]*. Pending the development of a stable register for hosting this information, the enclosed templates must be completed as part of the notification requirements to ESMA set out in Article 27 of the Securitisation Regulation (Regulation (EU) No 2017/2402).

### Detailed instructions for submitting the interim STS notification template(s) to ESMA:

1. If you are providing an STS notification for a securitisation for a public securitisation, then you must follow all of the instructions below. NB: 'Public securitisations' are defined as those securitisations that are not falling under the scope of Article 7(1)(c) of the Securitisation Regulation (where a prospectus has not been drawn up in compliance with Directive 2003/71/EC of the European Parliament and of the Council). **Please note that failure to comply with these instructions may lead to either a rejection of the STS notification submission or delays in making it available on ESMA's website.**

2. Using the worksheets in the public securitisations STS notification template file (ANNEX\_I, ANNEX\_II, and/or ANNEX\_III), select the appropriate template(s) to be completed, as per *Commission Delegated Regulation (EU) .../... [include reference to [include full reference to the STS notification ITS]*. Additional columns have been provided for background information.

3. Complete the template(s) in a manner that complies with *Commission Delegated Regulation (EU) .../... [include full reference to the STS notification ITS]*.

For ease of reference (but without prejudice to the obligations under the technical standards), fields that must always be completed have been highlighted in blue.

For ease of reference (but without prejudice to the obligations under the technical standards), conditional fields (i.e. those that must sometimes be completed depending on the type of instrument) have been highlighted in beige.

4. Once the STS notification template(s) has been completed, save this file, attach it in an email, and send the email to [STSnotifications@esma.europa.eu](mailto:STSnotifications@esma.europa.eu), in adherence with the following modalities:

- Please send only one email per securitisation. Where multiple STS notifications are being submitted (e.g. for two or more securitisations), please send one email per securitisation. For example, where a notification is being made for an ABCP securitisation that requires notification of both the transaction and programme compliance with the STS criteria, then Annex I in the public securitisations STS notification template file should be deleted and Annexes II and III should be completed, and this single saved file should be submitted in one email.
- After sending your first communication to ESMA, your firm must consistently use the same email address to send any further STS notification files to ESMA. Failure to do so may lead to ESMA being unable to recognise your email address and the STS notification file being rejected.
- Where a notification is being made for a non-ABCP securitisation, then Annex I should be completed and Annexes II and III deleted, and this completed file sent in one email.
- Where a notification is being made for an ABCP Programme only, then Annexes I and II should be deleted and Annex III should be completed, and this file saved and sent in an email to ESMA.
- If you are providing an updated STS notification, then you are invited to indicate what has changed since the previous STS notification, in the body of the email.

5. The email subject line must be written in the following manner: [SECU]: LEI - UNIQUE\_IDENTIFIER - STATUS where:

- LEI is the legal entity identifier of the report submitting entity and must match fields (STSS2, STSAT2, and/or STSAP2, as applicable),
- UNIQUE\_IDENTIFIER is the securitisation identifier assigned by the reporting entity and must conform to the identifier set out in Article 11 of the disclosures technical standards (see pages 71-72 here: [https://www.esma.europa.eu/sites/default/files/library/esma33-128-474\\_final\\_report\\_securitisation\\_disclosure\\_technical\\_standards.pdf](https://www.esma.europa.eu/sites/default/files/library/esma33-128-474_final_report_securitisation_disclosure_technical_standards.pdf)), and
- STATUS is either "NEW", "UPDATE", or "CANCELLATION"

For example, a submission of a new STS notification for a securitisation with a unique identifier of 5493000IBP32UQZ0KL24N201801 from a reporting entity with LEI code 5493000IBP32UQZ0KL24, should have the following subject line in the email: [SECU]: 5493000IBP32UQZ0KL24 - 5493000IBP32UQZ0KL24N201801 - NEW. An update to that STS notification for that same securitisation at a later stage should be submitted using an email with the following subject line: [SECU]: 5493000IBP32UQZ0KL24 - 5493000IBP32UQZ0KL24N201801 - UPDATE.

6. ESMA will then process the files and apply the validation rules set out in Annex 1 of the technical reporting instructions (see ESMA's securitisation policy activities webpage).

7. In case of questions, please refer to Annex 2 in the technical reporting instructions and if this does not answer your question then please send an email to [securitisation@esma.europa.eu](mailto:securitisation@esma.europa.eu). PLEASE DO NOT send any question emails to [STSnotifications@esma.europa.eu](mailto:STSnotifications@esma.europa.eu) (this address is reserved only for the processing of STS notifications).

| ST5519       | Credit-granting as referred to in Article 27(3)(a) of Regulation (EU) 2017/2402 is subject to supervision by the Financial Conduct Authority under the regulatory framework for consumer credit in the UK.  | Confirmation that the credit granting is subject to supervision             | N/A (General Information)  | (ALPHANUM-1000)                      | Article 27(3)  | If the answer to field ST5517 is "No", the originator's or original lender's shall provide confirmation that the credit-granting as referred to in Article 27(3)(a) of Regulation (EU) 2017/2402 is subject to supervision.   | N/A   |
| ST5520       | Title to the receivables are acquired from the Seller by the Issuer by means of an equitable assignment with the same legal effect as a true sale and in a manner that is enforceable against the seller or any third party, subject to any applicable bankruptcy laws or similar laws affecting the rights of creditors as set forth in the legal opinions of Ashurst LLP (as to English law) and CMS Cameron McKenna (as to Scots law). Perfection of the assignment of title occurs on the occurrence of certain specified events set out in the receivables sale and purchase agreement. The opinions of Ashurst LLP (as to English law) and CMS Cameron McKenna (as to Scots law) confirm the true sale acquisition and enforceability. The opinions of Ashurst LLP (as to English law) and CMS Cameron McKenna (as to Scots law) confirm that the relevant opinion is accessible and made available to any relevant third party verifying STS compliance and any relevant competent authority.  | Transfer of the underlying exposures by true sale or assignment             | Concise Explanation  | (ALPHANUM-1000)                      | Article 20(1)  | The STS notification shall provide a concise explanation that the transfer of the underlying exposures is made by means of true sale or transfer with the same legal effect in a manner that is enforceable against the seller or any third party.  | Item 3.3 of Annex VII.  |
| ST5521       | Under applicable insolvency laws in the United Kingdom (the originator's jurisdiction), assignment of the receivables by the seller to the issuer is not subject to severe clawback provisions in the event of the seller's insolvency as UK insolvency laws do not include 'severe clawback provisions'. The opinions of Ashurst LLP (as to English law) and CMS Cameron McKenna LLP (as to Scots law) analyse the applicable clawback provisions, none of which constitute "severe clawback provisions".  | No severe clawback  | Concise Explanation  | (ALPHANUM-1000)                      | Article 20(2)  | The STS notification shall provide a concise explanation on whether any of the severe clawback provisions referred to in Article 20 (2) (a) or (b) of Regulation (EU) 2017/2402 are found in the securitisation, and state whether the provisions in Article 20 (3) of Regulation (EU) 2017/2402 apply.   | Item 3.3 of Annex VII.  |
| ST5522       | See above ST521   | Exemption for clawback provisions in national insolvency laws               | Confirmation   | (ALPHANUM-1000)                      | Article 20(3)  | In conjunction with ST5521, where appropriate, the STS notification shall confirm whether there are no circumstances that could give rise to clawback provisions in accordance with Article 20 (1) and (2) of Regulation (EU) 2017/2402.  | Item 3.3 of Annex VII.  |
| ST5523       | N/A   | Transfer where the seller is not the original lender                        | Confirmation   | (ALPHANUM-1000)                      | Article 20(4)  | Where the seller is not the original lender, the STS notification shall provide a statement confirming that the securitisation complies with Article 20(1) to 20(3) of Regulation (EU) 2017/2402.   | Item 3.3 of Annex VII.  |
| ST5524       | Pursuant to the receivables sale and purchase agreement, the seller sells receivables to the Issuer by means of an equitable assignment, and perfection of the assignment of title occurs on the occurrence of certain specified notification events and summarised in the prospectus (see the section of the prospectus entitled "Summary of Principal Transaction Documents-Receivables Sale and Purchase Agreement"). Notification Event includes events with respect to severe deterioration in the seller credit quality standing (see limb (d) of the definition of Notification Event) and insolvency of the seller (see limb (b) of the definition of Notification Event which refers to an "Insolvency Event" of the Seller) and unremedied breaches of contractual obligations by the seller, including the seller's default (see limb (a) of the definition of Notification Event).  | Transfer performed by means of an assignment and perfected at a later stage | Concise Explanation  | (ALPHANUM-1000)                      | Article 20(5)  | Where the transfer of the underlying exposures is performed by means of an assignment and perfected at a later stage than at the closing of the securitisation, the STS notification shall provide a concise explanation on how and whether that perfection is effected at least through the required minimum pre-determined event triggers as listed in Article 20(5) of Regulation (EU) 2017/2402.<br><br>Where alternative mechanisms of transfer are used, the STS notification shall confirm that an insolvency of the originator would not prejudice or prevent the SSPE from enforcing its rights. | Item 3.3 of Annex VII.  |
| ST5525       | All receivables are transferred pursuant to the receivables sale and purchase agreement on the same terms and conditions. The prospectus includes disclosure on the relevant representations and warranties (see the section of the prospectus entitled "Summary of the Principal Transaction Documents - Receivables Sale and Purchase Agreement-Warranties and Representations for the Sale of the Purchased Receivables"), which include representations that each related loan contract constitutes legal, valid, binding and enforceable agreements; the relevant purchased receivables are free of defences, whether pre-emptory or otherwise for the agreed term the relevant contract, as well as free from rights of third parties and that the underlying borrowers have not exercised any set-off claim; the receivables and the relevant vehicles are not subject to any other encumbrance, lien or security interest; and the status and enforceability of the Purchased Receivables is not impaired due to warranty claims or set-off rights or any other rights of the Obligor, in each case subject to certain exceptions and provisos as set out in the relevant representation. | Representations and warranties  | Concise Explanation  | (ALPHANUM-1000)                      | Article 20(6)  | The STS notification shall provide a concise explanation on whether there are representations and warranties provided by the seller that the underlying exposures included in the securitisation are not encumbered or otherwise in a condition that can be foreseen to adversely affect the enforceability of the true sale or assignment or transfer with the same legal effect.  | Item 2.2.8 of Annex VII.  |

| ST5526 | <p>[A] Eligibility criteria. All receivables must satisfy the eligibility criteria set out in the receivables sale and purchase agreement. The prospectus also sets out the eligibility criteria applicable to receivables (see the section of the prospectus entitled "Summary of Principal Transaction Documents - Receivables Purchase Agreement - Warranties and Representations for the Sale of the Purchased Receivables").</p> <p>[B] Portfolio Management. The receivables sale and purchase agreement includes repurchase mechanics exercisable at the seller's discretion and such mechanics are also summarised in the prospectus. The seller's rights and obligations to sell receivables to the issuer and/or repurchase receivables from the issuer pursuant to the receivables sale and purchase agreement do not constitute active portfolio management because such repurchases fall within the activities enumerated under items (a) and (b) of paragraph 16 of the EBA guidelines and are otherwise outside the activities enumerated under items (a) and (b) of paragraph 15 of the EBA guidelines. The prospectus includes an affirmative statement that the sale/ repurchase rights of the seller do not constitute active portfolio management (see the prospectus section "Regulatory Requirements").</p>   | Eligibility criteria which do not allow for active portfolio management of the underlying exposures on a discretionary basis | Concise Explanation  | [ALPHANUM-10000] | Article 20(7)  | <p>The STS notification shall provide concise explanation that:</p> <ul style="list-style-type: none"> <li>- the underlying exposures transferred from, or assigned by, the seller to the SPE meet predetermined, clear and documented eligibility criteria which do not allow for active portfolio management of those exposures on a discretionary basis;</li> <li>- the selection and transfer of the underlying exposures in the securitisation is based on clear processes which facilitate the identification of which exposures are selected for or transferred into the securitisation and that they do not allow for their active portfolio management on a discretionary basis.</li> </ul>   | Item 2.2.2 and 2.2.13 of Annex VIII.             |
| ST5527 | <p>[A] Homogeneity. The prospectus describes the loans/portfolio (see the prospectus section "Description of the Purchased Receivables"), eligibility criteria and payment terms (see the prospectus section "Summary of principal transaction documents - Warranties and representations for the Sale of the Purchased Receivables"). [B] One asset type. The portfolio is comprised of auto loans (see para (b) of schedule 3 to the Receivables Purchase Agreement) originated by MotoNovo Finance Limited (See para (f)) of schedule 3 of the Receivables Purchase Agreement) in the UK. [C] Contractually binding. The loans are contractually binding and enforceable, with full recourse to borrowers. The representations set out in the Receivables Purchase Agreement include that each loan is entered into on standard documentation (para (ff)) and is legal, valid, binding and enforceable (para (g)). The auto loans are full recourse to the relevant borrowers (see also the prospectus section "Description of Purchased Receivables"). [D] Periodic payment streams. The receivables are (i) HP Contracts which provide for fixed monthly payments and, at the end of the contract term, either (x) the payment of a final payment amount (which is larger than the preceding monthly instalments) and any option to purchase fee or (y) the return of the underlying vehicle to the Seller in lieu of payment of such final payment amount (see the section of the Prospectus "Description of the Purchased Receivables") and therefore have defined periodic payment streams. [E] Transferable securities. The portfolio is comprised of auto loans based on standard form documentation, and therefore does not include any transferable securities (see the prospectus section "Description of the Purchased Receivables").</p>   | Homogeneity of assets  | Detailed Explanation | [ALPHANUM]       | Article 20(8)  | <p>The STS notification shall provide a detailed explanation as to the homogeneity of the pool of underlying exposures backing the securitisation. For that purpose the originator and sponsor shall refer to the EBA RTS on homogeneity (Commission Delegated Regulation (EU) [...]), and shall explain in detail how each of the conditions specified in the Article 1 of the RTS are met.</p>   | Item 2.2.7 of Annex VIII.                        |
| ST5528 | <p>The portfolio is comprised of auto loan contracts based on standard form documentation, and therefore does not include any securitisation position. See the section of the prospectus entitled "Description of the Purchased Receivables".</p>   | Underlying Exposure Obligations: no re securitisation  | Confirmation         | [ALPHANUM-1000]  | Article 20(9)  | <p>The STS notification shall confirm that the underlying exposures do not include any securitisation positions and that the notified securitisation is therefore not a re-securitisation.</p>   | Item 2.2.2 and 2.2.13 of Annex VIII.             |
| ST5529 | <p>[A] Ordinary course. The representations set out in the receivables sale and purchase agreement include that, in respect of a relevant purchased receivable, the relevant loan contract is originated in the UK by MotoNovo Finance Limited, in the ordinary course of its business in accordance with the seller's credit and collection procedures that are no less stringent than those that MotoNovo Finance Limited applied at the time of origination to similar exposures that are not included in the portfolio (see para (gg) of schedule 3 to the Receivables Purchase Agreement).</p> <p>[B] Disclosure of criteria. The prospectus includes a summary of the current underwriting policies and lending criteria (see the section of the prospectus entitled "The Seller and Servicer"). In addition, as set out in the prospectus, any material changes from the seller's prior underwriting policies and lending criteria shall be disclosed without undue delay to the extent required under Article 20(10) of the Securitisation Regulation.</p> <p>[C] Creditworthiness. The prospectus also includes disclosure confirming that the assessment of a potential borrower's creditworthiness is conducted in accordance with the eligibility criteria and, where appropriate, shall meet the requirements set out in Article 8 of Directive 2008/48/EC or paragraphs 1 to 4, point (a) of paragraph 5, and paragraph 6 of Article 18 of Directive 2014/17/EU or, where applicable, equivalent requirements in third countries.</p>   | Soundness of the underwriting standard   | Detailed Explanation | [ALPHANUM]       | Article 20(10) | <p>The STS notification shall provide a detailed explanation:</p> <ul style="list-style-type: none"> <li>- as to whether the underlying exposures were originated in the lender's ordinary course of business and whether the applied underwriting standards were no less stringent than those applied at the same time of origination to exposures that were not securitised;</li> <li>- as to whether the underwriting standards and any material changes from prior underwriting standards have been or will be fully disclosed to potential investors without undue delay;</li> <li>- on how securitisations where the underlying exposures are residential loans, the pool of underlying exposures meet the requirement of the second paragraph of Article 20(10) of Regulation (EU) 2017/2402;</li> <li>- as to whether an assessment of the borrower's creditworthiness meets the requirements set out in Article 8 of Directive 2008/48/EC or paragraphs 1 to 4, point (a) of paragraph 5, and paragraph 6 of Article 18 of Directive 2014/17/EU or, where applicable, equivalent requirements in third countries.</li> </ul>  | Item 2.2.7 of Annex VIII.                        |
| ST5530 | <p>The MotoNovo business has operated for more than the required five year period (see Prospectus section "The Seller and Servicer"). The MotoNovo business has significantly more than five years' experience in the origination, underwriting and servicing of auto receivable loans similar to those included in the portfolio.</p>  | Originator/Lender Expertise  | Detailed Explanation | [ALPHANUM]       | Article 20(10) | <p>The STS notification shall provide a detailed explanation as to whether the originator or original lender have expertise in originating exposures of a similar nature to those securitised.</p>   | Item 2.2.7 of Annex VIII.                        |
| ST5531 | <p>[A] Transfer without undue delay. The receivables comprised in the provisional portfolio as at each cut-off date will be transferred to the issuer after selection for inclusion in the portfolio without undue delay</p> <p>[B] Exposures in default. As set out in the prospectus, the loan contracts comprised in the provisional portfolio as at the relevant cut-off date do not include, at the time of selection for inclusion in the provisional portfolio, any exposures in default within the meaning of Article 17B(1) of Regulation (EU) No 575/2013 or exposures to credit-impaired debtors (see prospectus section "Business procedures of MNB").</p> <p>[C] Exposures to credit-impaired borrowers. | ST5535 | <p>[A] Interest rate risks. All amounts of interest payable under or in respect of the loan contracts comprising the issuer assets will be calculated by reference to a fixed rate of interest, whilst the notes will bear interest by reference to SONIA. As a result, in respect of the notes, in the event that SONIA were to exceed a certain level, the issuer could have insufficient funds available to make payment of interest on the notes in full in accordance with the interest priority of payments. In order to reduce this interest rate risk, the issuer will enter into one or more hedging arrangement under the interest rate swap agreement on the closing date and potentially an additional swap transaction on each further purchase date. The portfolio is comprised of auto loans based on standard form documentation, and therefore does not include derivatives (see the prospectus section "Description of the Purchased Receivables"). [B] Speculation. The swaps are entered by their terms to match cashflows from assets and liabilities, and not for speculative purposes. [C] Documentation. The swap agreement is based on ISDA forms. [D] Swap counterparties. The swap provider is J.P. Morgan AG and is disclosed in the prospectus. Part 6 of the swap agreement provides for the event of the loss of sufficient creditworthiness of the counterparty below a certain level, that the counterparty is subject to collateralisation requirements and, in the event of the loss of sufficient creditworthiness of the counterparty below a further level, and where the counterparty is not a public body, that such party makes reasonable effort for its replacement or guarantee by another counterparty. [E] Appropriate risk mitigant. The measures, as well as the reasoning supporting the appropriateness of the mitigation of the interest rate risks through the life of the transaction are disclosed in the prospectus. | ST5539 | Following the service of an enforcement notice all amounts standing to the credit of the issuer's bank accounts and all other amounts received by the issuer are applied in accordance with the post-enforcement priority of payments (other than certain amounts in respect of the issuer's swaps, which are paid directly to the relevant swap provider). The only amounts retained in the issuer following service of an enforcement notice is an amount in respect of issuer profit, which is a de minimis amount retained only after all investors have been repaid in full and is necessary for the operational functioning of the issuer. The post enforcement priority of payments provides that issuer funds are applied in sequential amortisation of the securitisation positions, as determined by the seniority of the securitisation position and that repayment of the securitisation positions are not reversed with regard to their seniority. There are no provisions requiring automatic liquidation of the underlying exposures at market value, and in particular, no provision of the deed of charge requires automatic liquidation upon default of the issuer (see clause 20 of the Deed of charge).   | No trapping of cash following enforcement or an acceleration notice   | Concise Explanation  | (ALPHANUM-10000) | Article 21(4)    | The STS notification shall explain concisely and in general terms that each of the requirements of Article 21(4) of Regulation (EU) 2017/2402 are met.   | Item 3.4.5 of Annex VIII.                                  |

| ST5543 | See ST5539 above.   | (d) no provisions shall require automatic liquidation of the underlying exposures at market value   | Confirmation         | (ALPHANUM-10000) |                  | The STS notification shall confirm that not any provisions require automatic liquidation of the underlying exposures at market value.  | Item 3.4.5 of Annex VIII.                                  |
| ST5544 | The structure only contemplates sequential payments of notes (see prospectus section "Credit structure and cashflows").   | Securitisations featuring non-sequential priority of payments   | Confirmation         | (ALPHANUM-10000) | Article 21(5)    | The STS notification shall confirm that transaction featuring non-sequential priority of payments include triggers relating to the performance of the underlying exposures resulting in the priority of payment reverting to sequential payments in order of seniority. The STS notification shall also confirm that such triggers include at least the deterioration in the credit quality of the underlying exposures below a predetermined threshold. | Item 3.4.5 of Annex VIII.                                  |
| ST5545 | The transaction includes triggers which terminate the revolving period and which trigger pass through amortisation of the notes. The occurrence of any of the following events will constitute a revolving period termination event: a) the occurrence of an Event of Default or Termination Event under the Interest Rate Swap Agreement (in each case as defined in the Interest Rate Swap Agreement); b) the occurrence of an Enforcement Event which is continuing; c) on any Calculation Date, the Delinquency Ratio exceeds 2.5%; d) on any Calculation Date, the Cumulative Net Loss Ratio exceeds 2.5%; e) on any Payment Date, the Cash Reserve Account is not funded up to the Specified Cash Reserve Account Required Balance; f) the occurrence of any of the events specified in the definition of "Notification Event" (which includes limb (a) (Insolvency Event of the Seller) and limb (d) (Severe Deterioration Event)); g) on any two consecutive Payment Dates, the balance of the Replenishment Ledger as at the Calculation Date immediately preceding the relevant Payment Date is greater than 10 per cent of the Aggregate Initial Cut-Off Date Principal Balance; or h) an amount is recorded as a debit on the Principal Deficiency Ledger as at the Calculation Date immediately preceding the relevant Payment Date and the Principal Deficiency Ledger remains in debit after the application of Available Revenue Receipts in accordance with the relevant Priority of Payments on the Payment Date immediately following such Payment Date. See the section of the prospectus entitled "Glossary of Defined Terms".   | Revolving securitisation with early amortisation events for termination of revolving period based on prescribed triggers                              | Concise Explanation  | (ALPHANUM-10000) | Article 21(6)    | The STS notification shall explain in a concise manner, where applicable, how the provisions or triggers in Art 21(6)(a) are included in the transaction documentation.  | Item 3.1 of Annex VII and Items 2.3 and 2.4 of Annex VIII. |

| ST5550 | (A) Service providers. The service providers are: (i) the servicer, who is appointed under the Servicing Agreement (ii) the Corporate Services Provider, who is appointed under the Corporate Services Agreement (iii) the Cash Manager, who is appointed under the Cash Management Agreement (iv) the Paying Agents, Agent Bank and Registrar, who are appointed under the Agency Agreement (v) the Account Bank who is appointed under the Account Agreement (vi) the Trustee, who is appointed under the Trust Deed and the Deed of Charge (vii) the Interest Rate Swap Provider, who is appointed under the Interest Rate Swap Agreement (see the prospectus section "The Interest Rate Swap Agreement"). The contractual obligations of the service providers are specified in the relevant agreements and, as identified above with respect to certain providers, summarised in the prospectus. See the section "Summary of Principal Transaction Documents" of the prospectus. (B) Servicer. Clause 6 of the Servicing Agreement contains provisions providing for the termination of the servicer and provisions anticipating the appointment of a replacement servicer by the Issuer and/or the Trustee. (C) Swap counterparties. There is an Interest Rate Swap Agreement which has provisions requiring replacement of the Interest Rate Swap Provider in the event of its default or insolvency (see Part 6 of the Schedule to the Interest Rate Swap Agreement and in the Credit Support Annex entered into in respect of the Interest Rate Swap Agreement), which requires the Interest Rate Swap Provider to take certain remedial actions as necessary to avoid a negative impact on the ratings of the notes. (D) Account bank. There are bank accounts established by the Issuer, each of which are subject to provisions requiring the replacement of the account bank in the event that it fails to maintain the requisite minimum rating (see Clause 12 of the Account Agreement). The contractual arrangements with the service providers, servicer, swap counterparties and account bank are summarised in the prospectus. | (a) Information regarding contractual obligations of the servicer and trustee   | Confirmation         | (ALPHANUM-10000) | Article 21(7)(a) | The STS notification shall confirm that the transaction documentation specifies all of the requirements under Article 21(7) (a) of Regulation (EU) 2017/2402.  | Item 3.7 of Annex VIII.                                    |

| ST5559 | The originator has caused a sample of the loan contracts (including the data disclosed in respect of those loan contracts) to be externally verified by one or more appropriate and independent third parties. Such loan contracts have been subject to an agreed upon procedures review of a representative sample of loan contracts selected from the provisional portfolio in existence as of 31 July 2020 (as well as an agreed upon procedures review, amongst other things, of the conformity of the loan contracts in the provisional portfolio with certain of the eligibility criteria (where applicable)) conducted by a third party and completed on or about 21 September 2020. No adverse findings arose from such review. This independent third party has also performed agreed upon procedures in order to verify that the stratification tables disclosed in respect of the underlying exposures are accurate. The third party undertaking the review only has obligations to the parties to the engagement letters governing the performance of the agreed upon procedures subject to the limitations and exclusions contained therein. See the prospectus section "The Provisional Portfolio — Verification of data".  | Sample of the underlying exposures subject to external verifications   | Confirmation        | [ALPHANUM-1000]  | Article 22 (2)  | The STS notification shall confirm that a sample of the underlying exposures was subject to external verification prior to the issuance of the securities by an appropriate and independent party.  | N/A   |
| ST5560 | The prospectus confirms that a liability cashflow model is made available to investors in accordance with the regulatory requirements and guidelines. The seller shall procure that such cash flow model precisely represents the contractual relationship between the loan contracts and the payments flowing between the seller, investors in the notes, other third parties and the issuer. The cash flow model shall be made available (i) prior to pricing of the notes to potential investors and (ii) on an ongoing basis to investors in the notes and potential investors upon request. See prospectus section "Regulatory Requirements".  | Availability of a liability cash flow model to potential investors   | Confirmation        | [ALPHANUM-1000]  | Article 22 (3)  | The STS notification shall confirm that a liability cash flow model is available to potential investors prior to pricing and state clearly where this information is available.
