

Interim STS Notification Template files for public securitisations (Version 3; Last update: 21/09/2020)

The templates included in this file have been updated following the publication of the COMMISSION DELEGATED REGULATION (EU) 2020/1226. Updates are highlighted in green. Pending the development of an ESMA IT register for hosting this information, the enclosed templates should be completed as part of the notification requirements to ESMA set out in Article 27 of the Securitisation Regulation (Regulation (EU) No 2017/2402).

Detailed instructions for submitting the interim STS notification template(s) to ESMA:

1. If you are providing an STS notification for a securitisation for a **public** securitisation, then you must follow all of the instructions below. NB: 'Public securitisations' are defined as those securitisations that are not falling under the scope of Article 7(1)(c) of the Securitisation Regulation (where a prospectus has not been drawn up in compliance with Directive 2003/71/EC of the European Parliament and of the Council). **Please note that failure to comply with these instructions may lead to either a rejection of the STS notification submission or delays in making it available on ESMA's website.**
2. Using the worksheets in the public securitisations STS notification template file (ANNEX_I, ANNEX_II, and/or ANNEX_III), select the appropriate template(s) to be completed, as per COMMISSION DELEGATED REGULATION (EU) 2020/1226 . Additional columns have been provided for background information.
3. Complete the template(s) in a manner that complies with COMMISSION DELEGATED REGULATION (EU) 2020/1226.
 - For ease of reference (but without prejudice to the obligations under the technical standards), fields that must always be completed have been highlighted in blue.
 - For ease of reference (but without prejudice to the obligations under the technical standards), conditional fields (i.e. those that must sometimes be completed depending on the type of instrument) have been highlighted in beige.
4. Once the STS notification template(s) has been completed, save this file, attach it in an email, and send the email to STSnotifications@esma.europa.eu, in adherence with the following modalities:
 - Please send only one email per securitisation. Where multiple STS notifications are being submitted (e.g. for two or more securitisations), please send one email per securitisation. For example, where a notification is being made for an ABCP securitisation that requires notification of both the transaction and programme compliance with the STS criteria, then Annex I in the public securitisations STS notification template file should be deleted and Annexes II and III should be completed, and this single saved file should be submitted in one email.
 - After sending your first communication to ESMA, your firm must consistently use the same email address to send any further STS notification files to ESMA. Failure to do so may lead to ESMA being unable to recognise your email address and the STS notification file being rejected.
 - Where a notification is being made for a non-ABCP securitisation, then Annex I should be completed and Annexes II and III deleted, and this completed file sent in one email.
 - Where a notification is being made for an ABCP Programme only, then Annexes I and II should be deleted and Annex III should be completed, and this file saved and sent in an email to ESMA.
 - If you are providing an updated STS notification, then you are invited to indicate what has changed since the previous STS notification, in the body of the email.
5. The email subject line must be written in the following manner: [SECU]: LEI - UNIQUE_IDENTIFIER - STATUS where:
 - LEI is the legal entity identifier of the report submitting entity and must match fields (STSS2, STSAT2, and/or STSAP2, as applicable),
 - UNIQUE_IDENTIFIER is the securitisation identifier assigned by the reporting entity and must conform to the identifier set out in Article 11 of the disclosures technical standards (https://eur-lex.europa.eu/legal-content/EN/TXT/?uri=uriserv:OJ.L_.2020.289.01.0001.01.ENG&toc=OJ:L:2020:289:TOC), and
 - STATUS is either "NEW", "UPDATE", or "CANCELLATION"

For example, a submission of a new STS notification for a public non-ABCP securitisation with a unique identifier of 5493000IBP32UQZ0KL24N201801 from a designated entity with LEI code 00987654321009876543, should have the following subject line in the email:

[SECU]_00987654321009876543_5493000IBP32UQZ0KL24N201801_NEW. An update to that STS notification for that same securitisation should be submitted using an email with the following subject line:

(SEC)_00987654321009876543_5493000IBP32UQZ0KL24N201801_UPDATE.

6. ESMA will then process the files and apply the validation rules set out in Annex 1 of the technical reporting instructions (https://www.esma.europa.eu/sites/default/files/library/esma33-128-585_sts_reporting_instructions.pdf).

7. In case of questions, please refer to Annex 2 in the technical reporting instructions and if this does not answer your question then please send an email to securitisation@esma.europa.eu. PLEASE DO NOT send any question emails to STSnotifications@esma.europa.eu (this address is reserved only for the processing of STS notifications).

ST520	True Sale (see opinion V.23 et seq. of the transaction legal opinion) Pursuant to Clause 3 (Sale of Receivables Portfolio) of the Receivables Sale Agreement, subject to certain conditions, the Originator sells and assigns from time to time credit cards to the Issuer. Such sale and assignment have the same legal effect as a true sale. Completion of the assignment of title takes place on the occurrence of certain specified events set out in Clause 4 (Completion of Sale and Purchase) of the Receivables Sale Agreement. Enforceability Under applicable law, and as reflected in opinions V.22, V.23 et seq. of the transaction legal opinion, the assignment of the Receivables under the Receivables Sale Agreement constitutes a valid and enforceable true sale of receivables made by the Originator to the Issuer. Schedule 2 (Originator's Representations and Warranties) of the Receivables Sale Agreement includes representations on enforceability, including paragraph 16 (Effects of Receivables Sale Agreement) of Part C (Originator's Receivables Representations and Warranties), which confirms the effectiveness, validity and binding effect of the assignment. Legal opinions Opinion V.23 et seq. of the transaction legal opinion confirms the true sale acquisition and enforceability. The transaction legal opinion confirms that the relevant opinion is accessible and made available to comply with applicable regulations Disclosure The Prospectus includes disclosure on the sale mechanics (see the section of the Prospectus entitled "Overview of certain Transaction Documents – Receivables Sale Agreement – Effectiveness of the Assignment"), perfection requirements (see the section of the Prospectus entitled "Selected Aspects of Portuguese Law, and Certain Aspects of Spanish Law Relating to Insolvency, Relevant to the Receivables and the Transfer of the Receivables – Assignment Formalities") and relevant representations and warranties (see the section of the Prospectus entitled "Overview of certain Transaction Documents – Receivables Sale Agreement – Representations and Warranties as to the Receivables").	Transfer of the underlying exposures by true sale or assignment	Concise Explanation	(ALPHANUM-10000)	Article 20(1)	The STS notification shall provide a concise explanation on how the transfer of the underlying exposures is made by means of true sale or transfer with the same legal effect in a manner that is enforceable against the seller or any third party.	Item 3.3 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST521	As stated in the transaction legal opinion, notably in opinions V.23 and V.26, under Portuguese law, the assignment of the Receivables for securitisation purposes may not be set aside for the benefit of the insolvent estate, save if the interested parties provide evidence that both the Originator and the Issuer acted in bad faith. Therefore, there are no severe clawback provisions as foreseen under Article 20(2) of the EU Securitisation Regulation under Portuguese law and Spanish Law.	No severe clawback	Concise Explanation	(ALPHANUM-10000)	Article 20(2)	The STS notification shall provide a concise explanation on whether any of the severe clawback provisions referred to in Article 20 (2) (a) or (b) of Regulation (EU) 2017/2402 are found in the securitisation, and state whether the provisions in Article 20 (3) of Regulation (EU) 2017/2402 apply.	Item 3.3 of Annex 19 of Commission Delegated Regulation (EU) 2019/981
ST522	Please see above (ST521)	Exemption for clawback provisions in national insolvency laws	Confirmation	(ALPHANUM-1000)	Article 20(3)	In conjunction with ST521, where appropriate, the STS notification shall confirm whether there are no circumstances that could give rise to clawback provisions in accordance with Article 20 (2) and (3) of Regulation (EU) 2017/2402.	Item 3.3 of Annex 19 of Commission Delegated Regulation (EU) 2019/982
ST523	N/A The Originator is the original Lender (Schedule 2 (Originator's Representations and Warranties) of the Receivables Sale Agreement includes representations on the originator of the Receivables, including paragraph 6 (Compliance with Lending Criteria) of Part C (Originator's Receivables Representations and Warranties). Also, Part A (Eligible Receivables) of Schedule 1 (Eligibility Criteria) of the Receivables Sale Agreement provides that "An 'Eligible Receivable' is a Receivable: (b) originated in the ordinary course of the Originator's business pursuant to underwriting standards in respect of the acceptance of credit cards that are no less stringent than those that the Originator applied at the time of origination to similar receivables that are not securitised"	Transfer where the seller is not the original lender	Confirmation	(ALPHANUM-1000)	Article 20(4)	Where the seller is not the original lender, the STS notification shall provide a statement confirming that the securitisation complies with Article 20(1) to 20(3) of Regulation (EU) 2017/2402.	Item 3.3 of Annex 19 of Commission Delegated Regulation (EU) 2019/983
ST524	Pursuant to the Receivables Sale Agreement, and as summarised in the Prospectus, the Originator sells and assigns to the Issuer the Initial Receivables Portfolio and will assign any Additional Receivables Portfolio, including, to the fullest extent possible under applicable law, the full benefit of and right, title and interest to each Receivable, all related security to each Receivable, and each Credit Card Agreement related to each Receivable, comprised in or arising out of the Initial Receivables Portfolio and each Additional Receivables Portfolio, and hence the full benefit of the Originator's right, title and interest to each Credit Card Agreement. The assignment of the Receivables as conducted under the Receivables Sale Agreement is valid and becomes effective between the parties and towards any creditor of the Originator immediately upon the execution of the Receivables Sale Agreement. Considering that the sale and assignment of the Receivables by the Originator is valid and enforceable upon the relevant Borrowers without knowledge, notification or consent from such Borrowers being required, and it becomes immediately valid and effective upon the Borrowers upon due execution of the Receivables Sale Agreement by and between the Issuer and the Originator, no notice from the Originator is required herein. Certain perfection actions must be carried out on the occurrence of a Notification Event, whose triggers include: (a) the delivery by the Common Representative of an Enforcement Notice to the Issuer in accordance with the Conditions; (b) the occurrence of an Insolvency Event in respect of the Originator; (c) the termination of the appointment of Wizink Bank as Servicer in accordance with the terms of the Receivables Servicing Agreement; and/ or (d) if the Originator is being required to deliver a Notification Event Notice by the laws of the Portuguese Republic (see the definition of "Notification Event" in the Master Framework Agreement and section of the Prospectus headed "Overview of certain Transaction Documents – Receivables Sale Agreement – Notification Event").	Transfer performed by means of an assignment and perfected at a later stage	Concise Explanation	(ALPHANUM-10000)	Article 20(5)	Where the transfer of the underlying exposures is performed by means of an assignment and perfected at a later stage than at the closing of the securitisation, the STS notification shall provide a concise explanation on how and whether that perfection is effected at least through the required minimum pre-determined event triggers as listed in Article 20(5) of Regulation (EU) 2017/2402. Where alternative mechanisms of transfer are used, the STS notification shall confirm that an insolvency of the originator would not prejudice or prevent the SPE from enforcing its rights.	Item 3.3 of Annex 19 of Commission Delegated Regulation (EU) 2019/984
ST525	All Receivables arising from Credit Card Agreements are transferred pursuant to the Receivables Sale Agreement on the same terms and conditions (Clause 3 (Sale of Receivables Portfolio)). The Prospectus includes disclosure on the relevant representations and warranties noted below (see the section of the Prospectus entitled "Overview of certain Transaction Documents – Receivables Sale Agreement – Representations and Warranties as to the Receivables"). The Receivables Sale Agreement includes the following representations and warranty on Part A (Eligible Receivables) of Schedule 1 (Eligibility Criteria): (G) "each Eligible Receivable is freely assignable pursuant to the terms of the relevant Credit Card Agreement; (H) is legally and beneficially solely owned by the Originator free from any adverse claims in favour of any person other than the Originator (including, without limitation, has not been, in part or in whole, pledged, charged, assigned, discounted, subrogated or seized or attached or transferred in any way and is otherwise free and clear of any liens or other encumbrances exercisable against the Originator or the Issuer by any party (including any shareholders' subsidiary and/or affiliate of the Originator)); (I) constitutes the legal, valid, binding and enforceable obligation of the related Eligible Borrower to pay all amounts due and payable or to become due and payable under such Receivable and that is not subject to any litigation, defence, dispute, set off or counterclaim or enforcement order, nor was it given as a collateral and that the Receivables are fully recourse against the Eligible Borrower. Additionally, the Receivables Sale Agreement also includes the following representations and warranties on Part C (Originator's Receivables Representations and Warranties) of Schedule 2 (Originator's Representations and Warranties): 8. Originator's title to Receivables ("The Originator is not aware of any circumstances which would make any of the Issuer Warranties above untrue or incorrect in any respect.") and 9. No Sale of Receivables ("The Originator has not, in whole or in part, assigned	Representations and warranties	Concise Explanation	(ALPHANUM-10000)	Article 20(6)	The STS notification shall provide a concise explanation on whether there are representations and warranties provided by the seller that the underlying exposures included in the securitisation are not encumbered or otherwise in a condition that can be foreseen to adversely affect the enforceability of the true sale or assignment or transfer with the same legal effect.	Item 2.2.8 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST526	Eligibility criteria. The Originator gives the relevant representations and warranties in respect of the requirements for a Receivable to be an Eligible Receivable under the Transaction in Part A (Eligible Receivables) of Schedule 1 (Eligibility Criteria) and Part C (Originator's Receivables Representations and Warranties) of Schedule 2 (Originator's Representation and Warranties) of the Receivables Sale Agreement. The Prospectus also sets out the warranties made by the Originator in respect of the Receivables (see the section of the Prospectus entitled "Overview of certain Transaction Documents – Receivables Sale Agreement – Representations and Warranties as to the Receivables"). In relation to Additional Receivables included in Additional Receivables Portfolios and Substitute Receivables, the same representations and warranties are given for those assets as are given for the initial portfolio of assets assigned to the Issuer at closing. This is clarified in the Prospectus. See specifically "Overview of certain Transaction Documents – Receivables Sale Agreement – Representations and Warranties as to the Receivables" Portfolio management. The Receivables Sale Agreement includes repurchase mechanics (which will be triggered by breach of the Originator's Representations and Warranties) (see Clause 12 (Re-assignment) of the Receivables Sale Agreement). Such ability to repurchase assets by the Originator should not constitute "active portfolio management" because such repurchases fall within the activities enumerated under items (a), (b), (c) and (f) of paragraph 16 of the EBA guidelines for non-ABCP STS securitisations and are otherwise outside the activities enumerated under items (a) and (b) of paragraph 15 of the EBA guidelines non-ABCP STS securitisations	Eligibility criteria which do not allow for active portfolio management of the underlying exposures on a discretionary basis	Concise Explanation	(ALPHANUM-10000)	Article 20(7)	The STS notification shall provide concise explanation that: - the underlying exposures transferred from, or assigned by, the seller to the SPE meet predetermined, clear and documented eligibility criteria which do not allow for active portfolio management of those exposures on a discretionary basis; - the selection and transfer of the underlying exposures in the securitisation is based on clear processes which facilitate the identification of which exposures are selected for or transferred into the securitisation and that they do not allow for their active portfolio management on a discretionary basis.	Section 2 of Annex 19 of Commission Delegated Regulation (EU) 2019/980

ST5527	Ordinary course. See ST5529 below.	Homogeneity of assets	Detailed Explanation	(ALPHANUM)	Article 20(8)	The STS notification shall provide a detailed explanation as to the homogeneity of the pool of underlying exposures backing the securitisation. For that purpose the originator and sponsor shall refer to the EBA RTS on homogeneity (Commission Delegated Regulation (EU) 2019/1851), and shall explain in detail how each of the conditions specified in the Article 1 of the Commission Delegated Regulation (EU) 2020/1226 are met.	Item 2.2.7 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5528	The portfolio is comprised of credit card agreements based on standard form documentation, and therefore does not include any securitisation positions [see section of Prospectus entitled "Overview of certain Transaction Documents – Receivables Sale Agreement – Representations and Warranties as to the Receivables" and "The Receivables Portfolio does not contain transferable securities as these are defined in Article 1(44) of MiFID II, derivative instruments or securitisation positions"]; as well as section entitled "Characteristics of the Receivables – Other Characteristics".	Underlying Exposure Obligations: no re securitisation	Confirmation	(ALPHANUM-1000)	Article 20(9)	The STS notification shall confirm that the underlying exposures do not include any securitisation positions and that the notified securitisation is therefore not a re-securitisation.	Item 2.2 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5529	Ordinary course: The representations set out in the Receivables Sale Agreement include that each credit card is originated by the Originator in the ordinary course of business [see Schedule 1 (Eligibility Criteria), Part A (Eligible Receivables), paragraph (b) of the Receivables Sale Agreement] ("Each Receivable was) originated in the ordinary course of the Originator's business pursuant to underwriting standards in respect of the acceptance of credit cards that are no less stringent than those that the Originator applied at the time of origination to similar receivables that are not securitised"). The methodology and system for selecting new credit cards in the portfolio is subject to underwriting standards that are no less stringent than those applied to similar exposures (in accordance with Clause 3.5 (Additional Sale Notice) and Schedule 1 (Eligibility Criteria), Part A (Eligible Receivables), paragraph (b) of the Receivables Sale Agreement) Disclosure of criteria: The Prospectus includes a summary of the current lending criteria (see the section of the Prospectus entitled "Originator's standard business practices, servicing and credit assessment"). See also the section of the Prospectus headed "Characteristics of the Receivables – Other characteristics" which confirms that "The Receivables are homogeneous for the purposes of Article 20(8) of the Securitisation Regulation, on the basis that all Receivables in the Initial Receivables Portfolio: (i) have been underwritten by the Originator in accordance with similar underwriting standards applying similar approaches with respect to the assessment of a potential Obligor's credit risk; (ii) are entered into substantially on the terms of similar standard documentation for personal loans; (iii) are serviced by the Servicer pursuant to the Receivables Servicing Agreement in accordance with the same servicing procedures with respect to monitoring, collections and administration of each receivable generated from the loans; and (iv) form one asset category, namely personal loans granted to Obligors with residence in Portugal." See also paragraph 10 (Disclosure of changes to Lending Criteria (STS)) of Part C (Originator's Receivables Covenants) of Schedule 3 (Originator's covenants) of the Receivables Sale Agreement under which the Originator declares that "After the Closing Date, any material change to the Lending Criteria will (to the extent such change affects the Receivables included in the Receivables Portfolio from time to time) be disclosed by the Originator (along with an explanation of the rationale for such changes being made) to the Noteholders without undue delay." Certification. See Receivables Sale Agreement The Originator will also make the following representations and warranties in relation to compliance with its Lending Criteria: "The representations set out in the Receivables Sale Agreement include that no loan is a self-certified loan [see paragraph 12 (Definition of Borrower's Month) of Part C (Originator's Receivables Representations and Warranties) of Schedule 4	Soundness of the underwriting standard	Detailed Explanation	(ALPHANUM)	Article 20(10)	The STS notification shall provide a detailed explanation: - as to whether the underlying exposures were originated in the lender's ordinary course of business and whether the applied underwriting standards were no less stringent than those applied at the same time of origination to exposures that were not securitised; - as to whether the underwriting standards and any material changes from prior underwriting standards have been or will be fully disclosed to potential investors without undue delay; - on how securitisations where the underlying exposures are residential loans, the pool of underlying exposures meet the requirement of the second paragraph of Article 20(10) of Regulation (EU) 2017/2402; - as to whether an assessment of the borrower's creditworthiness meets the requirements set out in Article 6 of Directive 2008/48/EC or paragraphs 1 to 4, point (a) of paragraph 5, and paragraph 6 of Article 18 of Directive 2014/17/EU or, where applicable, equivalent requirements in third countries.	Item 2.2.7 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5530	See ST529 above.B32	Originator/Lender Expertise	Detailed Explanation	(ALPHANUM)	Article 20(10)	The STS notification shall provide a detailed explanation as to whether the originator or original lender have expertise in originating exposures of a similar nature to those securitised.	Item 2.2.7 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5531	Transfer without undue delay. The preliminary pool of credit cards to be transferred is identified by the launch date and the initial pool of credit cards are transferred on the closing date pursuant to the Receivables Sale Agreement. The Initial Collateral Determination Date was [•] October 2024 and the Closing Date will be [•] October 2024. Exposures in default: The representations set out in the Receivables Sale Agreement include that no Receivable is subject to any delinquency or delay regarding the payment of any amounts (see Schedule 1 (Eligibility Criteria), Part A (Eligible Receivables), paragraph (D) ("Each Receivable) (D) has no instalment due but not paid for more than 30 (thirty) days after the relevant instalment Due Date at the Initial Collateral Determination Date and Additional Collateral Determination Date") and Schedule 1 (Eligibility Criteria), Part A (Eligible Receivables), paragraph (E) ("Each Receivable) (E) except in relation to the Further Utilisation Receivables, is not a Defaulted Receivable"). See also Schedule 1 (Eligibility Criteria), Part B (Eligible Borrower), paragraph (C) ("An Eligible Borrower shall be an Borrower) who has not been declared bankrupt or insolvent and against whom no proceedings are pending under any insolvency legislation, including, without limitation, the Portuguese insolvency code introduced by Decree Law 53/2004 of 18 March 2004 as amended and/or under Portuguese legislation governing the insolvency and recovery of individuals and, at the time of the offer, such Borrower is not in bankruptcy or insolvency nor has any trustee or similar officer been appointed over such Borrower's assets or revenues") and paragraph (D) ("An Eligible Borrower shall be an Borrower) (D) against whom no recovery proceedings or court actions have been commenced in connection with the relevant Credit Card Agreement") and paragraph (F) ("An Eligible Borrower shall be a Borrower) who is not an employee of the Originator or a credit impaired obligor within the meaning of Article 20(11) of the Securitisation Regulation at the time of the assignment of the Initial Receivables Portfolio or the New Credit Card Agreements"). Exposures to credit-impaired borrowers. The representations set out in the Receivables Sale Agreement include that to the best of the Originator's knowledge, no Borrower is an employee of the Originator or a credit impaired obligor within the meaning of Article 20(11) of the Securitisation Regulation at the time of the assignment of the Initial Receivables Portfolio or the Additional Receivables (see Schedule 1 (Eligibility Criteria), Part B (Eligible Borrower), paragraph (F) of the Receivables Sale Agreement).	Transferred underlying exposures without exposures in default	Detailed Explanation	(ALPHANUM)	Article 20(11)	The STS notification shall provide a detailed manner as to whether: - the transferred underlying exposures do not include, at the time of selection, defaulted exposures (or restructured exposures) as defined in Article 20(11) of the Regulation (EU) 2017/2402 as applicable; - the securitisation contains any credit-impairedness at the time of securitisation as specified in Article 20(11) (a) to (c) of Regulation (EU) 2017/2402; - the requirements referred to in Article 20 (11) (b) of Regulation (EU) 2017/2402 are met; - the requirements referred to in Article 20 (11) (c) of Regulation (EU) 2017/2402 are met.	Item 2.2.8 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5532	The representations set out in the Receivables Sale Agreement include that at least 1 (one) payment has been made in respect of the Receivables (see Schedule 1 (Eligibility Criteria), Part A (Eligible Receivables), paragraph (M) ("Each Receivable) in respect of which, the relevant Loan Agreement was entered into at least 30 (thirty) days prior to its assignment to the Issuer and in respect of which at least 1 (one) full instalment has been paid and will give rise of at least 1 (one) instalment after the applicable Purchase Date.")	At least one payment at the time of transfer	Confirmation	(ALPHANUM-1000)	Article 20(12)	The STS notification shall confirm whether, at the time of transfer of the exposures, the debtors have made at least one payment. The STS notification shall also confirm whether or not the exemption under Article 20(12) applies.	Item 3.3 and 3.4.6 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5533	No predominant dependence on the sale of assets. The portfolio is comprised of repayment credit card agreements where the obligor makes monthly payments of both interest and principal so that, when the loan matures, the full amount of the principal of the credit card will have been repaid. See section of the prospectus entitled "Characteristics of the Receivables".	Repayment of the holders shall not have been structured to depend predominantly on the sale of assets.	Detailed Explanation	(ALPHANUM)	Article 20(13)	The STS notification shall provide a detailed explanation of the degree of dependence of the repayments of the holders of the securitisation position on the sale of assets securing the underlying exposures.	Item 3.4.1 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5534	The Originator undertakes to comply with the EU risk retention requirements in Article 6 of the Securitisation Regulation. From the Closing Date, the Originator will retain, on an ongoing basis, a material net economic interest of not less than 5% (five per cent) of the nominal amount of the securitised exposures as required by Article 6(1) of the Securitisation Regulation. Such retention requirements shall be retained by the Originator retaining, in accordance with Article 6(3)(c) of the Securitisation Regulation, randomly selected exposures, equivalent to not less than 5% (five per cent) of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the securitisation, provided that the number of potentially securitised exposures is not less than 100 (one hundred) at origination until the Final Legal Maturity Date (see e.g. section of the Prospectus headed "Regulatory Disclosures – EU Risk Retention Requirements" and paragraph 12 (EU Retained Interest) of Part B (Transaction Documents Covenants of the Originator) of Schedule 3 (Originator's Covenants) of the Receivables Sale Agreement).	Compliance with risk retention requirements	Concise Explanation	(LIST)	Article 21(1)	The STS notification shall provide a concise explanation as to how the originator, sponsor or original lender of a non-ABCP securitisation comply with the risk retention requirement as provided for in Article 6 of Regulation (EU) 2017/2402. These explanations shall in particular indicate which entity retains the material net economic interest and which option is used for retaining the risk including: (1) vertical slice in accordance with Article 6(3)(a) of Regulation (EU) 2017/2402; (2) seller's share in accordance with Article 6(3)(b) of Regulation (EU) 2017/2402; (3) randomly-selected exposures kept on balance sheet, in accordance with Article 6(3)(c) (3) of Regulation (EU) 2017/2402; (4) first loss tranche in accordance with Article 6(3)(d) of Regulation (EU) 2017/2402; (5) first loss tranche in accordance with Article 6(3)(e) of Regulation (EU) 2017/2402.	Item 3.1 of Annex 9 and Item 3.4.3 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5535	Interest rate risks. Interest rate risks in respect of the Class A Notes, the Class B Notes, the Class C Notes, Class D Notes, Class E Notes and Class F Notes are mitigated through a Swap Agreement, and, upon termination of the Swap Agreement, through the entering into a replacement swap that may be entered into on less favourable terms to the Issuer which may mean reduced amounts available for distribution by the Issuer to the Transaction Creditors (including, inter alia, the Noteholders). If a replacement swap counterparty cannot be found, the funds available to the Issuer to pay interest on the Notes will be reduced if the interest revenues received by the Issuer as part of the Receivables are substantially lower than the rate of interest payable by it on the Notes. The swap hedges interest rate mismatches between the Issuer's assets in which the Obligors pay a fixed rate of interest and Issuer's liabilities with respect to interest under the Rated Notes which are based on a floating rate (EURIBOR). See the section of the Prospectus headed "Risk Factors – Risks relating to the Notes and the structure – Interest rate Risk". The Issuer and the Swap Counterparty will enter into the Swap Agreement, under which the Swap Counterparty will pay to the Issuer on each Swap Payment Date a swap floating amount, and the Issuer shall pay to the Swap Counterparty on each Swap Payment Date, the swap fixed amount. On each Swap Payment Date, a set off shall be made between the swap floating amount and the swap fixed amount. Speculation. The interest rate swap is intended by its terms to match cashflows from assets and liabilities, and not for speculative purposes. Documentation. The Swap Agreement is based on ISDA forms. The Swap Counterparty is disclosed in the prospectus and is a financial institution Appropriate risk mitigation. The measures, as well as the reasoning supporting the appropriateness of the mitigation of the interest rate risk through the file of the transaction are disclosed in the prospectus. See the sections of the prospectus entitled "Risk Factors – Risks relating to the Notes and the structure – Interest Rate Risk" and "Risk Factors – Risks relating to the Notes and the structure – Termination of the Swap Agreement may expose the Issuer to interest rate fluctuations or require additional costs in replacing the Swap Agreement". Other derivative contracts. The portfolio is comprised of credit card agreements based on standard form documentation, and therefore does not include derivatives [see Schedule 3 (Originator's Representations and Warranties), Part C (Originator's Receivables Representations and	Mitigation of Interest rates (IR) and currency risks (FX) Risks	Concise Explanation	(ALPHANUM-10000)	Article 21(2)	The STS notification shall provide a concise explanation as to whether the interest rates and currency risks are appropriately mitigated and that measures are taken to mitigate such risks and confirm that such measures are available to investors.	Item 3.4.2 and Item 3.8 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5536	The Master Framework Agreement contains Issuer Covenants under which the Issuer covenants that it will not "enter into any derivative contract, save as expressly permitted by article 21(2) of the Securitisation Regulation, permission which includes, for the avoidance of doubt, the Swap Agreement and any hedging agreements entered into in connection with other present or future securitisations of the Issuer" (see paragraph 10.8 of Part A (Corporate Covenants) of Schedule 4 (Issuer Covenants)).	Derivatives Purchased/Sold by SPE	Concise Explanation	(ALPHANUM-10000)		The STS notification shall explain in a concise manner that the SPE has not entered into derivative contracts except in the circumstances referred to in Articles 21(2) of Regulation (EU) 2017/2402.	Item 3.4.2 and Item 3.8 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5537	See ST5535 above.	Derivatives using common standards	Concise Explanation	(ALPHANUM-10000)		The STS notification shall provide a concise explanation on whether any hedging instruments used are underwritten and documented according to commonly accepted standards.	Item 3.4.2 and Item 3.8 of Annex 19 of Commission Delegated Regulation (EU) 2019/980
ST5538	The Receivables are fixed rate Receivables. See section of the Prospectus headed "Characteristics of the Receivables – Characteristics of the Initial Receivables Portfolio" and see paragraph (R) of Part A (Eligible Receivables) of Schedule 1 (Eligibility Criteria) of the Receivables Sale Agreement.	Referenced interest payments based on generally used interest rates	Concise Explanation	(ALPHANUM-10000)	Article 21(3)	The STS notification shall explain in a concise manner whether and how any referenced interest payments under the securitisation assets and liabilities are calculated by reference to generally used market interest rates or generally used sectoral rates reflective of the cost of funds.	Item 2.2.2 and Item 2.2.13 of Annex 19 of Commission Delegated Regulation (EU) 2019/980

STSS39	Following the delivery of an Enforcement Notice or the occurrence of an Optional Redemption Event, all monies held in the Payment Account and all monies received or recovered by the Issuer and/or the Common Representative in relation to the Transaction Assets shall be paid to the persons entitled to such monies and applied by the Transaction Manager or the Common Representative, as the case may be, in accordance with the Post-Enforcement Payment Priorities (see clause 17 (Post-Enforcement Payment Priorities) of the Common Representative Appointment Agreement and section of the Prospectus entitled "Overview of the Transaction – Post-Enforcement Payment Priorities"). In accordance with the Post-Enforcement Payment Priorities, principal receipts are passed to investors via sequential amortisation, as determined by the seniority of the Notes. Repayment of the Notes is not reversed in seniority as compared to the manner in which payments are made prior to an enforcement notice being served. No cash will be trapped in the SSPE beyond the what is necessary to ensure the operational functioning of the SSPE or the orderly repayment of investors in accordance with the contractual terms of the securitisation. There are no provisions requiring automatic liquidation of the underlying exposures at market value and this is confirmed in the Prospectus (see Condition 13.3 (Restrictions on disposal of Transaction Assets) under the section of the prospectus headed "Terms and Conditions of the Notes").	No trapping of cash following enforcement or an acceleration notice	Concise Explanation	(ALPHANUM-10000)	Article 21(4)	The STS notification shall explain concisely and in general terms that each of the requirements of Article 21(4) of Regulation (EU) 2017/2402 are met. Interim STS Notification Template files for private securitisations (Version 3; Last update:21/09/2021)

The templates included in this file have been updated following the publication of the COMMISSION DELEGATED REGULATION (EU) 2020/1226. Updates are highlighted in green. Pending the development of an ESMA IT register for hosting this information, the enclosed templates should be completed as part of the notification requirements to ESMA set out in Article 27 of the Securitisation Regulation (Regulation (EU) No 2017/2402).

Detailed instructions for submitting the interim STS notification template(s) to ESMA:

1. If you are providing an STS notification for a securitisation for a **private securitisation**, then you must follow all of the instructions below. NB: 'Private securitisations' are defined as those securitisations that are falling under the scope of Article 7(1)(c) of the Securitisation Regulation (where a prospectus has not been drawn up in compliance with Directive 2003/71/EC of the European Parliament and of the Council). Furthermore, 'public securitisations' are defined as those securitisations that are not falling under the scope of Article 7(1)(c) of the Securitisation Regulation (where a prospectus has not been drawn up in compliance with Directive 2003/71/EC of the European Parliament and of the Council). **Please note that failure to comply with these instructions may lead to either a rejection of the STS notification submission or delays in making it available on**

2. Using the worksheets in the **public** securitisations STS notification template file (ANNEX_I, ANNEX_II, and/or ANNEX_III), select the appropriate template(s) to be completed, as per COMMISSION DELEGATED REGULATION (EU) 2020/1226. Additional columns have been provided for background information.

3. Complete the template(s) in a manner that complies with COMMISSION DELEGATED REGULATION (EU) 2020/1226.

For ease of reference (but without prejudice to the obligations under the technical standards), fields that must always be completed have been highlighted in blue.

For ease of reference (but without prejudice to the obligations under the technical standards), conditional fields (i.e. those that must sometimes be completed depending on the type of instrument) have been highlighted in beige.

4. Follow steps 2 and 3 again using the worksheets in the **private** securitisations STS notification template file. This file contains limited information that will be published on ESMA's website. For further details, please see paragraphs 30-36 of ESMA's final report on STS notifications, as well as recital (6) and Article 1(3) in its draft Regulatory Technical Standards .

5. Once the STS notification template(s) in each file have been completed, save both files, attach **both the public and private template files** in a single email, and send this email to STSnotifications@esma.europa.eu, in adherence with the following modalities:

- Please send only one email per securitisation containing both files. Where multiple STS notifications are being submitted (e.g. for two or more securitisations), please send one email per securitisation. For example, where a notification is being made for an ABCP securitisation that requires notification of both the transaction and programme compliance with the STS criteria, then Annex I should be deleted and Annexes II and III should be completed. This should be performed for both the public securitisations STS notification file and the private securitisations STS notification file, and the two saved files should be submitted in one email.
- After sending your first communication to ESMA, your firm must consistently use the same email address to send any further STS notification files to ESMA. Failure to do so may lead to ESMA being unable to recognise your email address and the STS notification files being rejected.
- Where a notification is being made for a non-ABCP securitisation, then Annex I should be completed and Annexes II and III deleted for both the public securitisations STS notification file and the private securitisations STS notification file, and these two completed files should be saved and sent in one email.
- Where a notification is made for an ABCP Programme only, then Annexes I and II should be deleted and Annex III should be completed for both the public securitisations STS notification file and the private securitisations STS notification file, and these two completed files should be saved and sent in an email to ESMA.
- If you are providing an updated STS notification file, then you are invited to indicate what has changed since the previous STS notification file, in the body of the email.

6. The email subject line must be written in the following manner: [SECU]: LEI - UNIQUE_IDENTIFIER - STATUS where:

- LEI is the legal entity identifier of the report submitting entity and must match fields (STSS2, STSAT2, and/or STSAP2, as applicable),
- UNIQUE_IDENTIFIER is the securitisation identifier assigned by the reporting entity and must conform to the identifier set out in Article 11 of the disclosures technical standards (<https://www.esma.europa.eu/sites/default/files/library/esma33-128->
- STATUS is either "NEW", "UPDATE", or "CANCELLATION"

For example, a submission of a new STS notification for a public non-ABCP securitisation with a unique identifier of 5493000IBP32UQZ0KL24N201801 from a designated entity with LEI code 00987654321009876543, should have the following subject line in the email:

[SECU]_00987654321009876543_5493000IBP32UQZ0KL24N201801_NEW. An update to that STS notification for that same securitisation should be submitted using an email with the following subject line:

[SECU]_00987654321009876543_5493000IBP32UQZ0KL24N201801_UPDATE.

7. ESMA will then process the files and apply the validation rules set out in Annex 1 of the technical reporting instructions (https://www.esma.europa.eu/sites/default/files/library/esma33-128-585_sts_reporting_instructions.pdf).

8. In case of questions, please refer to Annex 2 in the technical reporting instructions and if this does not answer your question then please send an email to securitisation@esma.europa.eu. PLEASE DO NOT send any question emails to STSnotifications@esma.europa.eu (this address is reserved only for the processing of STS notifications).
